#### R&B Comes To R&R

Next week in R&R the new Black section will make its debut. We call it "Crossover" and it's name describes, in part, what the section is about, getting Black product played on Black and general market radio, and helping the new wave of Black radio gain acceptance in the general market radio community.

Beginning next week, we will provide you with news of what's happening in Black radio and in Black music. We will compile a Top 30 playlist. We'll also show New & Active records, most requested records, and the most popular album cuts. We'll be discussing radio programming theory to provide a service to both large and small markets. We'll be keeping you abreast of changes in the industry, both actual and attitudinal, and attempt to show you how you are likely to be affected by those changes. We will

#### Arbitron On Dallas Book

The following Client Service Bulletin was sent by Arbitron to R&R this week, regarding the October/November 1975 Arbitron Dallas-Ft. Worth Market Report:

Recent correspondence suggests Arbitron and KLIF are working together to produce a different set of audience estimates that should be used in lieu of the published October/November 1975 Dallas-Ft, Worth Report.

Arbitron Radio's official position is that the Arbitron October/November 1975 survey for Dallas-Ft. Worth, conducted during the period of October 23 through November 12, 1975, is a valid report and can and should be used for selling and buying radio time. Technical difficulties experienced by KLIF during the survey, which may or may not have affected audience levels, are described on page five of the report.

While Arbitron is producing a special tabulation for KLIF, this special tabulation is for the use of KLIF at its' discretion and is not being produced by Arbitron as a substitute for the published Dallas-Ft. Worth Report.

#### FCC Denies Colorado Renewal

KWSR/Rifle, Colorado has been denied license renewal by a Federal Communications Commission administrative law judge. The denial of license cited logging infractions and other misrepresentations. Emergency action notification tests were not held at the station for more than a year, and a "turkey shoot" contest was allegedly rigged by station owner Charles Price.

#### FCC'S WILEY ASKS FOR HIGHER FINES

During a Senate Communications subcommittee hearing last week, FCC Chairman Richard Wiley asked Congress to double the current fines for Commission rule violators, and expand the number of people and companies that are subject to those fines. Wiley stated that current fines were "unrealistic and totally inade-quate to be an effective deterrent to violations by large communications businesses."

#### FCC TO STUDY NETWORK REGS

Radio network regulations will be studied again by the Federal Communications Commission, with possible new regs set up. The FCC will take into consideration whether audio services should be controlled by the same rules as networks. The Commission has taken a neutral stand on the possibility of changing the regulations of radio networks.

#### TAFT BROADCASTING HEAD TO RESIGN

Lawrence H. Rogers, president of Taft Broadcasting will retire from active duties effective April 1, according to the company. Taft also announced that they plan to elect executive VP of the amusement park group Dudley S. Taft, to the position effective the same date. Rogers stressed that the parting will be an amiable one.

#### GRAND JURY INDICTS DISCOUNT RECORD CO

Mail fraud and conspiracy to commit mail fraud were handed down by a federal grand jury against Audio Marketing Service Corp. and its three operators. Jack Fine, Lawrence Anthony and Noel Dean Land. The grand jury cited the company after a 10 month study into the operations of the recording industry. The jury alleges that the company bought records and tapes on credit, and then proceeded to charge less-than-cost prices for the merchandise. Among the companies allegedly defrauded are Capitol Records, Phonogram Inc., RCA Records.

#### LABOR RELATIONS BOARD ON ILLEGAL FIRINGS

The National Labor Relations Board has reminded one company that firing employees for airing their grievances is illegal. The case appears to be a fairly typical one, with employees complaining to the company's owner that he showed favoritism toward his son. The owner told the employees to leave if they didn't like it, and if they walked out they should not come back. The NLRB ruled that such firing was unlawful.

#### STAX RECORDS FOLDS

Stax Records has been officially closed by a Memphis bankruptcy court. A local bank has argued that the company could not pay a \$10.5 million sum in overdue loans, and that the company is operating at great loss. The final say in the future of Stax will be a jury trial, which has not yet been scheduled, to decide whether the organization is bankruot.

#### STAR LOSES LICENSE APPEAL

A U.S. Court of Appeals in Washington has denied Donald Burden, owner of Ster Broedcasting Inc., a reversal of the FCC's denial of license for Star's stations in Indianapolis, Vancouver and Omaha. Burdense of the FCC's denial of license for Star's stations in Indianaments.

den now intends to take his cas to the Supreme Court.

#### BIG BUDGET FOR TV ADS ON RADIO

Nearly \$120,000 has been alloted for radio buys for KABC-TV/Los Angeles' news shows advertising. Newspaper insertions will back up the radio buys that tout the station's "Eyewitness News."

#### POSTAL SERVICE EXPECTS GREAT LOSS

The U.S. Postal Service is pessimitic about their operations in 1976, estimating a \$1.5 billion loss despite recent rate increases. More rate increases, and cutting of some post

office services may be in the offing. President Ford's recent budget announcement didn't shed any bright light on the Service's needs, with federal subisidies cut by one tenth of a billion dollars.

#### WINE PEGGED TO OVERTAKE HARD LIQUOR

At a New York beverage seminar held recently, industry leaders concluded that the massive, growing wine market would overtake the hard liquor sales ranking within the next few years. The rise in volume of sales of white wine was noted as one major factor, along with increased sales of wines in food

stores, which are fast becoming the major outlet for wine sales.

#### NABBANSTV FIREWORKS ADS

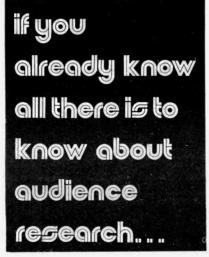

Advertising for fireworks were banned by the National Association of Broadcasters in a Florida meeting recently, but the Association did not spread the ban to radio buys. The TV ban is effective February 1. Radio buys were left open in states where these products are deemed legal.

#### CONSUMER PRICES SLOW DOWN

Consumer prices for the month of December, 1975 slowed down to a 6% increase. This compares with previous 2 month's consumer price increases of 8.4%. The yearly inflation rate dropped from 1974's 11% to 9.1% for 1975. The government seems to be cheered by these figures, with no expectations of furtherrises in 1976.

#### VOLVOINTO LUXURY CARS

This year, the Swedish Volvo auto makers are intorducing a new 260 series of luxury cars, base prices starting at \$8,450. Volvo of America Corp. says that reaction to the new line is "favorable," while some executives and dealers of Volvo look at the possible problem of overemphasizing the luxury line.

## Mike Harrison

Well, fellow boppers, this is the year that they say Rock and Roll is celebrating its 20th anniversary. That original "beat music" that was the teenage rage of the fifties and appropriately titled by the legendary Alan Freed seems to be fulfilling the old Danny and the Juniors prophesy: "Rock and Roll Will Never Die" in spite of early adult sceptism.

Of course, that prophesy is a relative statement.In terms of being a one or two year fad, Rock and Roll proved to be immortal. However, in terms of the entire scope of time and its effect on history, Rock and Roll will probably eventually fade and be replaced by something else. It has become, nonetheless, so much a part of our lives that is lifespan will probably outlive most people who are alive as of this writing.

Perhaps the most historically significant thing to evolve from good of Rock and Roll is the emergence of Rock. Future observers of the history of music will probably look back upon the time of our lives as The Rock Era. It is my opinion that all Rock and Roll is "Rock" but not all Rock is "Rock and Roll."

Time changes perspective. The boundaries that seem so cut and dry at first begin to dissolve and opposite fragments and movements simply become the varying dimensions of slow-to-become apparent whole.

The dimensions of this projected Rock Era include Jazz, Black, Folk, Country, Pop, and, of course, Rock and Roll. Some of it is loud. Some of it is mellow. Some of it is simple, some abstract. Can't the same be said of, say, The Classical Era?

In my column last week, I theorized that most of the individually different people that make up the "masses" are each into more than one type of music. That does not mean that they are not Rock enthusiasts. Being a Rock enthusiast means having a universality of taste, because that's what the Rock Era offers on its menu.

The complications that people in the broadcasting industry run into in dealing with this 'forest from within' is the proper application of the varying aspects of The Rock Era for commercial purposes. Some play it safe and cater exclusively to the fragments and are satisfied to accumulate the audience that solely subscribes to those fragments. Others are more daring and attempt to "mix 'em and match'em" and hopefully garner what I believe are the true

Whether or not they succeed, I think, is dependent upon how they execute this hypothesis, rather than how true the hypothesis really is.

To say thay you are going after a target audience and then work on the premise that any one age or sex group is into any one particular form of Rock is an oversimplified approach to this business.

It is my opinion that we should be careful not to confuse Rock with Rock and Roll, or any other fragment that we are particularly into and look upon the other forms with blurred vision. With the proper application of balance you may find that you can grab your chunk of the commercial spoils of The Rock Era rather than merely garnering a portion of one of its chunks.

# Suggested Albums

#### **BAD COMPANY**

One of the world's leading manufacturers of havy duty, straight shad Rock and Roll have outdone themselves this time around. A killer album and a major programming event Recorded in France, the production is hot and Rogers' vocals are as unique and powerful as ever. A mean whallop packet "Live for the Music" "Honey Child" "Young Blood" "Sweet Lil" Sister' (Swen Song!

#### JOURNEY

This is the album that's going to break this fine group of musicians from the bay erea. They developed a large following and industry respect with their first collection. This album shows a health evolution and development, containing many selections that "acund good on the radio." It's All Too Much' is fabulous. Others are "On A Saturday Night" and "Look loan The Educations."

#### LYNYRDSKYNYRD

They have become the most popular group in the South and one of the top nationally. There is no "Freebit" here, however, this may prove to be their best overall collection. Strong dirty guitar work prevails. This is to pright girtzle. "Give Me Back My Bullest" "Every Mother's Son" "Same Off Bluest "Dobler Trouble" and "Searchin" are good. "Trust" sounds like "Guest More Alberna" "MAG Alberna

#### AMERICANTEARS

Very impressive debut album that's receiving favorable initial reaction from the AORs already on it. One of our correspondents described them as a Pop ELP. They use the three man "key board" oriented format very well. Side 2 some choice easy to program material. "Tee Gas""Frankiand the Midget" (Coll

#### **PHOEBESNOW**

Her long awaited second album. This is a perfect setting for her now unmistakable style. Her full throated voice is like a muscal instrument weaving and floating its way through a collection of bluesy, sensuous material. "Two Fisted Lovers" "Inspired Insanity" all Overs' "Instit It A Shame" "Going Down For The Third Time" (Cot)

#### NICKEY BARCLAY

She played keyboards with Fanny and is now doing it for her own act. Mickey has a pleasing, bright, raspy voice that jumps out of the speakers. The material on this album is varied from sweet tunes to good time. Bourncy cookers. She's becked by The Good News Band and they shire. "Diamond in A Junkyard" "Mountains Of Madness" and "Didn't I" are among many good cuiz, flarela!

#### JERRY GARCIA

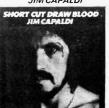

Superb singin' and pickin' from the legendary leader of The Grateful Dead. The entire group play on about half the album. Superb instrumentation and vocals throughout a potpourri of funky, bluesy, and toe tapping material. "Cattish John" "Tore Up Over You" "Comes A Time" (Round dist UA)

#### HOWARD WERTH

The former lead singer of Audience makes his solo debut in a sensational, Gus Dudgeon produced album. The trecks are solid and you'll probably recognize his fine voice. Not to be overlooked, "Midnight Flyer" stands out IMCAl

#### JIM CAPALDI

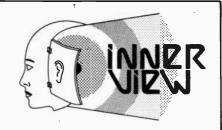

One of the classic names of Rock has come through with a major musical contribution. He surrounds himself on many cuts with full strings and biting accoustical guitar work. As strong as the music are the lyrics. There's an interesting version of Lovey burs's Chacke out "Short On A Marrie" (Islands).

#### DAVID POMERANZ

Important new belladeer. This is a savoury, lush listening album that really begins to grow on you after a few listenings. His voice is strong and clear and the material he writes has proveative depth. "Greyhound Mary" "It's in Everyone Of Us" "If You Walked Away" "High Togother" (Insteal)

CONVENTION REGISTRATION COUPON

See page 4

R&R COUNTRY HOTLINE: (213) 466-0954

# COUNTRY

JIM DUNCAN/Editor

# Direct From Duncan

The final details of the R&R Convention 76 in Atlanta are shaping up.I sincerelly hope you have made your plans to attend.From the registrations so far, there is no doubt that this will far and away be the biggest and best radio programming conference ever. This is your chance to sharpen up your programming tools. I can guarantee you will come away from this convention knowing that you have been with the best in our industry today. If you haven't done so yet, please do not delay, as the registration deadline is drawing near. Remember, the hotel rates go up after January 31.

Another new Country station in Fort Worth, KXQL, a 5000 Watt station will officially go Country the first of February. TOM WAYNE of KBUC, San Antone, Texas will handle the programming chores. Needless to say any old or new product would be appreciated...Our congratulations to BOB FULLER, MD of WSLR, Akron and his lovely lady JESSICA on the news of their itentions to give birth to their first child sometime in August (Keep UP the good work Fuller.)

I would like to thank the legendary CLIFFIE STONE for having me as his guest on KLAC for the new Hometown Jamboree. Cliffie, as of the first of the year, gave new life to the popular Jamboree and is finding the response fremendous. We spent the evening on-the-air talking about the R&R Top 75 of 1975 and where we felt Country music was going in 1976. (An air check and an autographed 8X10 glossy available free to members of the JIM DUNCAN FAN CLUB & LAWN BOWLING TEAM.)

If you are ever in need of records shucks (ah, shucks)] ED SALAMON of WHN, New York, told me of a fellow in Pittsburgh that has about anything you could want, including different colored record shucks, as well as the clear plastic shucks. RECORD-RAMA, attention: PAUL MAWHINNEY, 625 Butler Street, Pittsburgh, Pa 15223 (412) 781-2155. By the way, a representative from RECORD-RAMA will have a display at the R&R Convention next month.

BOB HOOPER, WESC, Greenville, S.C. reports his station has just moved and this is the new number: (803) 24-24-660. He will be available Wednesdays for calls from 10am to 12 noon. RON BARLOW of WMNI invites artists to be on their weekly live show, "Country Cavalcade," featured every Saturday night. For information call Columbus, Ohio (614):221-1354...

Changes: BOB RALEIGH, formerly of WAME, Charlotte, North Carolina, has joined KEED, the new Country station in Eugene, Oregon... TOM LANG has been appointed Music Director of KRZY, Albuquerque, and is available for music calls...FRANK TERRY, formerly of KFRC, and KNBR, San Francisco has joined the KNEW, Oakland staff as weekender and Production director.

PROMOTIONS: WMC, Memphis has put together a "convoy" for the benefit of the St. Jude's Hospital. Two bucks a carload and it features a show with Cledus "White Knight" Maggard. WNRJ, Gaines-ville, Georgia has instituted a Lovers Weekend contest. A free weekend in Nashville. Listeners register at various sponsors for the grand drawing... KSSS, Colorado Springs, Colorado has a new promotion called "KSSS Wants To Make Yoû Happy." The promotion, which is a year-round event, will be giving away quantities of money, prizes, gifts and special opportunities. Hourly call-ins, as well as a hourly "cash call" out with a jackpot of money, will highlight this contest...WDDD, Marion. Ill. has completed the works of their upcoming Valentine contest. Listeners send in Valentine cards to their favorite DJ. The jock with the most cards gets to make a drawing for a free dinner with that listener and a friend...WAME, Charlotte, has just installed a 23-channel CB base station in its control room for taking request and getting traffic.reports...MIKE HOYER, KBUL Wichita did something I know many of you have tried and, as I did, failed. He got a taped interview with Country great JOHNNY CASH. Cash is sometimes one of the hardest persons to reach. Hoyer was very proud of his accomplishment...MIKE BURGER came up with a clever idea for drop-ins. He went to some of the local shopping centers and asked people what they think of the Bicentennial. The quick reactions make good fillers...KLAC just held a Golden Eliminator Weekend. A battle of the hits contest. The two biggest winners were MARILYN SELLERS "One Day At A Time" and FREDDIE HART's "Easy Loving." This is a good research gauge for oldies in your market.

JIM WALTON, Program Director of WITL Lansing, Michigan has made a very interesting point about the C.B. craze. He said he has talked with many CB owners who claim when they turn their CB unit on, they listen to it exclusively. Walton said. "It seems like you are giving away your competition or at least promoting CB for in carfurduc use." Your comments are welcomed. Let's hear your opinion: R&R, 6430 Sunset BNd. Suite 1221, Hollywood 90028.

Advice to the exhausted: When wine, women and song become too much for you, give up singing.

Some saves rewest Country music, both traditional sounding and the more moderniatic country-rock. The best cut on the IP is "Lord, Whet A Women" and should be a single. Other strong material would include: "Easy People." featuring some excellent pickin' and "In Some Room Above The Street." Also very good a funky-country errangement featured on "If You've Got The Money I've Got The Timel." the 'LEFTY FRIZZELL classic.

R.T. Simpson, Program Director of KERE. Denver sent R&R a copy of their music survey which features a humorous sketch of himself. Of course, Simpson is "flying high" in Denver because of the latest ARB results that show his station as the top Country station in the market and close to being the top station in that area. Besides being station PD, Simpson handles the morningdrive. At last report, R.T. was look ing for a phone booth.

40 CY COLEMAN/Chloe(RCA)

The Big Apple's powerful morning man, John Gambling, found himself doing a little listening for a change this past Monday evening. The Saints & Sinners Club of New Jersey honored Gambling as their current "fall guy" during the traditional "roast and rib" dinner in Newark. The fun revolved around a vaudeville type dinner with comments ranging from the ribald to the none too-gentle. For this special occasion the hotel agreed to replace their "No Gambling" sings with ones welcoming John.

#### KFI-LOS ANGELES

A few changes occurred lat last week at the 50,000 watt outlet. Jack Angel resigned his 14pm slot and is replaced by a team of night club entertainers Charlie Brill & Mitzi McCall. Also leaving the station is fill-in and week-end man DaveHull.
