Staab To Program KIIS/LA

Rochelle Staab has resigned the VP/Programming position at Bartell to join Combined Communications' KIIS/Los Angeles as Program Director of both KISS AM and FM.

Ed Boyd, GM of KIIS, told R&R, "Rochelle comes to us with outstanding credentials and has done a superb job for Bartell. We anticipate nothing less than what she's done in the past, which will make us a strong force in the market."

Staab had other good news this week when **WDRQ**, the Bartell station in Detroit, which was directly under her guidance in the October/November Arbitron, popped up for the first time as the number one Rocker in the market in the just released book. With the many pro-

gramming changes happening in the last two weeks, the Los Angeles

market is about to become the most competitively active it's ever been.

Convention Update

We have received many calls this week noting that when calling the national phone numbers for our two overflow hotels, the Sheraton and Dupont Plaza, callers were told that the hotels were sold out. At this time, the only hotel sold out is the Fairmont. We suggest you call the Sheraton direct in Dallas at (214) 748-6211, and identify yourself as being with the R&R Convention. The same goes for reservations at the Dupont Plaza (214) 748-8161. Both hotels are holding a large block of rooms for R&R, but they must be booked direct. We also urge you to make your reservations before January 28. After that date all remaining rooms being held will be released and you will be subject to rooms on a first come basis.

February 4th. All checks received after that date will be returned. Late registrants will be able to register at the Convention for the same \$100 price, although no checks will be accepted, only cash.

L.A. Jock Goes International

KMPC/Los Angeles all-night personality **Sonny Melendrez** is one of the subjects of a 30 minute television special to be aired in Japan. Melendrez was the only disc jockey in the U.S. chosen for a segment of an eight part series entitled "Earth Is Music." Film crews captured everything Melendrez did on the air at KMPC, and also were at the home of a regular all night show listener, drove with a truck driver who was listening to Sonny, showed up at a restaurant where the cook had KMPC on, and later at breakfast with Melendrez and another listener who had won a contest on his show.

KRNT/Des Moines morning man **Ray Dennis** "gets some tail" from the Pink Panther. In a week long promotion, the station gave away more than \$600 worth of tickets for the movie "The Pink Panther Strikes Again." Listeners were given times and locations where they could find the Pink Panther in the Des Moines area and simply ask for the free tickets.

Cash Clearance

WDAK/Columbus, Georgia held one of their biggest cash giveaways during the Christmas holidays. The "Cash Clearance" promotion featured hourly winners of \$10 to \$100 bills for nearly three weeks. To top off the cash offerings, the station has also offered hourly giveaways of hit albums each and every weekend.

KHJ Charities

The second annual KHJ/Los Angeles Christmas Cavalcade of Stars charity concert raised \$180,000 for the California Hospital Medical Center and two other organizations. Over 18,000 KHJ listeners packed the L.A. Forum to see **Chicago, Tony Orlando & Dawn, The Sylvers, Sonny & Cher, Engelbert Humperdinck, Gabe Kaplan, TV's "Wonder Woman," Lynda Carter** and **Ringo Starr**, who made a special appearance as Santa Claus. California Governor **Jerry Brown** made a surprise visit to the show to personally congratulate KHJ and all the celebrities who made the concert possible.

KHJ has also announced plans for another charity drive, the March of Dimes Superwalk, to be held this month. Walkathon Chairman is KHJ's **Dr. John**, who will lead listeners along the 20 mile walk. The **Sylvers** and **Donny & Marie Osmond** will officially start the walk with a ribbon cutting ceremony.

"Smashed" On The Air

To remind listeners to be careful of their drinking during the holidays, several stations performed "on air drinking sprees." **WDRQ/Detroit** afternoon man **Tom Jeffries** consumed nearly two pints of scotch while on the air before Christmas, a feat which made a feature story in the "Detroit Free Press." A Michigan State police Sgt. was on hand during the drinking, as well as a member of the Auto Club of Michigan. Both tested Jeffries periodically, and finally pronounced him drunk enough to be considered to be a driving hazard.

At **WGUY/Bangor**, both **Jay Michaels** and **Mike O'Hara** sacrificed themselves by drinking as much as they could, while being monitored by a registered nurse, who took their blood pressure and performed other tests to measure their degree of drunkenness. Local police officers were also in the studio to remind listeners of the dangers of drinking before driving.

Other Promotions

WRNR/Martinsburg gave away 10 \$100 bills to brighten their listeners' Christmas, as well as offering a complete stereo system and cassettes of the year's biggest hits to call in listeners. The station is planning a Jamaican trip giveaway in the near future.

WJON/St. Cloud's current car sticker campaign is called "Radio 12 Bump." Listeners who display stickers on their autos win 8-packs of Coca Cola. All winners of the Coke qualify for weekly drawings for 3 minute "record runs" in local record stores.

"Superbowl Of Rock & Roll"

WPGA/Savannah tied in with last weekend's football Superbowl with their "Superbowl of Rock & Roll" contest. Listeners called in to vote for their favorite of two records, with the winning hit challenging another record the next hour. The afternoon of the Superbowl, the top 10 challenge winners battled against each other, with the final hit declared the "Superbowl winner."

"Kiss" Promotions

WFIL/Philadelphia's "Kissmass Concert" raised \$21,000 for **WFIL Charities Inc.**, benefiting several local charitable organizations. **Kiss** and **Bob Seger** headlined the sold out show.

KSLY/San Luis Obispo gave away Kiss albums and posters during their "Kissmass" celebration.

WSAR/Fall River had two weeks of promotion leading up to Kiss' Providence concert. The group's "Rock & Roll Over" albums, posters, stickers and special edition albums were given away.

Rochester Format Change

Dan Clayton, President and General Manager of **WBBF/WNWX-FM/Rochester** has announced plans to change format of **WNWX** to an "adult album" format effective February 1st. **WNWX** has filed for new call letters, **WJMQ**, known as "Magic 92" on the air. **WBBF PD Bob Savage** announced the appointment of **Al Peterson** as Program Director of **WNWX**, with additional programming input provided by **Savage**.

No, this is not a still shot from the movie "King Kong," but rather one of the contestants in **WKBW/Buffalo's** recent King Kong Look-A-Like contest. Ten winners shared over \$9000 in cash and prizes. All entrants made their own costumes and posed for pictures in front of the New York skyline.

Limits On Non-Commercial FM's

The National Association of Broadcasters has told the FCC that non-commercial FM stations need more technical regulations. The NAB says that the first priority should be to prevent these signals from interfering with television signals. Also mentioned by the Association was the need for limitations on power, and transmitter location of these stations.

November Complaints Up

The FCC had a flood of complaints during November, up to 3,976, an increase of 1080 over October. Comments and inquiries increased by 388, and the Commission sent 1222 letters in reply to the public's questions.

ABKCO/Beatles Settle For \$5 Million

The ABKCO/Apple/Beatles group of companies have settled their long-term disputes, with the announcement that Apple will pay ABKCO slightly over \$5 million. All litigation in U.S. and English courts has been dropped. ABKCO Industries President Allen Klein was quoted "This agreement would not have been realized without the tireless efforts and Kissinger-like negotiating brilliance of Yoko Ono Lennon."

RIAA Goes For Upper Demo Buyers

The Recording Industry Association of America has outlined plans to increase record sales to the over 30 age bracket. A research operation is planned to examine consumer motivation and the industry's current functions. Interviews with radio people, wholesalers, record company execs, retailers and the press will be held, and an independent research firm will conduct talks with consumer groups. The study program will also enable the RIAA to determine how they can keep hold on current record buyers, as well as expand to older age groups.

Carter Asked To Investigate Racism

Several groups and civic leaders, including the Coalition Against Racism and Sexism and the Group for Advertising Progress, have asked the incoming Carter administration and other agencies to investigate possible discrimination against minority groups and women in the advertising and communications fields. The groups feel that there is an absence of these people in decision making capacities in broadcasting, print media and in advertising agencies. In a more direct move, the Coalition is calling for a boycott of products sponsoring the "Tonight Show," claiming that Johnny Carson regularly uses language offensive to Blacks and women.

Fawcett Sale To CBS Goes Through

Fawcett Publications Inc., publishers of *Woman's Day*, *Mechanics Illustrated* and *Rudder* magazines, has been sold to CBS Inc. for \$50 million cash. Fawcett also owns paperback book rights, a printing company and book and magazine distribution company.

RCA Closes Studios

RCA has announced that it will close down its Nashville and Hollywood recording studios. The Nashville outlet was scheduled to close down today (14), and the Hollywood studios on January 21. The National Association of Broadcast Employees and Technicians voiced their complaints on the closing, which would put close to 80 engineers under NABET contracts out of work.

Broadcast Management Changes

King Broadcasting Co. has appointed Jim Kime to the newly created post of Director of Operations and Development, moving from the Station Manager position at KING/Seattle. Kime's replacement at KING is former KGW/Portland Manager Keith Lollis.

Frank Celebre is the new General Manager at WDAE-WAVV/Tampa, replacing Jerry Norman, who left that position to go into his own advertising business. Celebre was the former Sales Manager for the Tampa stations.

Frank N. Magid Associates has named Bill Moyes as Vice President of the company. Moyes retains his Director of Radio Services title, and will take on the responsibilities of supervision of all radio accounts.

NBC Settles Part Of Copyright Music Suit

A class action anti-trust suit brought by the Composers and Lyricists Guild of America has been partially settled with the NBC network. NBC agreed to return copyright ownership of music composed directly for that network to the writer. The settlement stipulates that copyright can be returned to composers retroactive to 1968 if a formal demand is made. Although NBC made an out-of-court settlement, the original suit also named the other two major networks and the Association of Motion Picture & TV Producers, none of which agreed with the NBC proposal. The trial for the remainder of the suit is still pending in U.S. District Court in New York.

The FCC

[So You Can Understand It]

FCC SUSPENDS COLLECTION OF ANY AND ALL FEES FROM EVERYONE

As an immediate FCC follow-up to those recently-announced Court of Appeals (D.C.) Decisions that reversed the FCC's past and present Fee Schedules and returned the entire matter for FCC consideration, including possible refunds of past Fee payments to all parties wherever indicated, the FCC has now taken the extraordinary step of suspending its collection of all Fees for whatever purpose, and by all parties. The suspension became effective on January 1, 1977.

In the absence of some Congressional action authorizing the FCC's later collection of any Fees based upon some rational standards, it is now problematic whether FCC will ever reverse this suspension, and begin again to charge Fees from most parties before it and for a variety of applications or licenses as it has on various bases since its first Fee Schedule back in 1970.

The FCC's just-announced reaction goes much further than that to suspend all Fees of every kind starting in 1977. Moreover, it admits that without some appropriate Legislative authorization and guidance, it would "now be extremely difficult to adopt a fee schedule that will successfully withstand judicial scrutiny." This seems to mean that absent some such explicit Congressional actions, that FCC will not hereinafter seek to collect any Fees, from anyone, for any purpose. Whether Congress will so act remains to be seen.

The FCC Notice goes on to announce its immediate undertaking of

TV News

CBS TOP NETWORK FOR THE WEEK

CBS scored a 20.7 average in the Nielsen's to take top place for the week ending January 2. Season-to-date leader ABC held down second place, with a close 20.4. NBC trailed with 15.7. Top ten shows for the week were: "Happy Days," ABC movie "W.W. and the Dixie Danckings," "Laverne & Shirley," CBS special "The Secret Life of John Chapman," "Six Million Dollar Man," "MASH," "Maude," CBS movie "Smile," "Welcome Back Kötter," and "Starsky & Hutch."

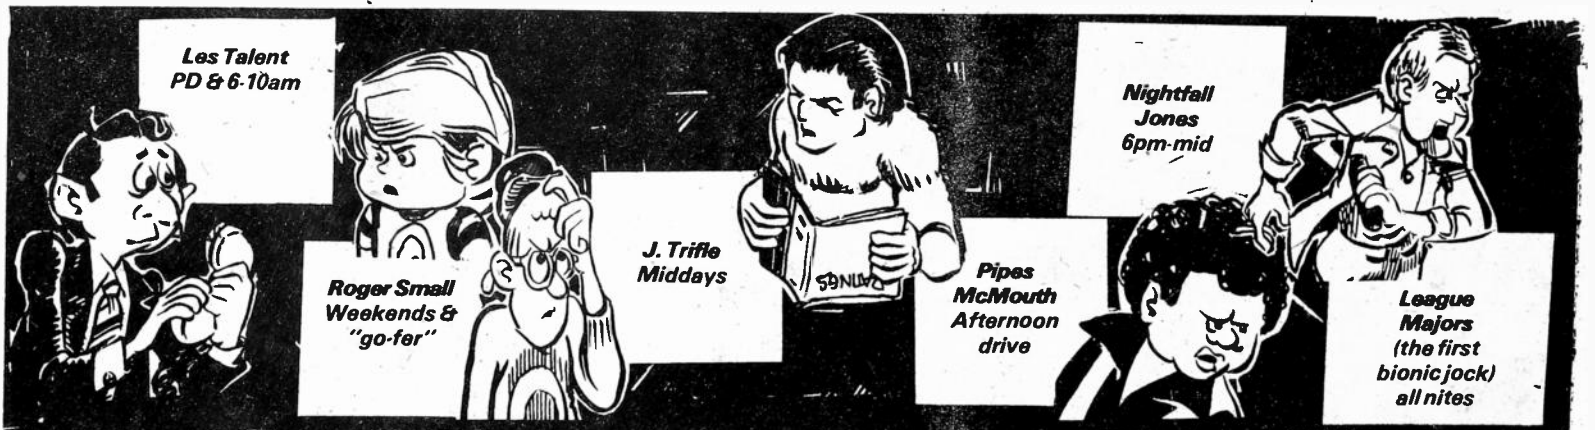

FCC Chairman Richard Wiley has called for a complete investigation of the big three TV networks. Wiley said that he will present the proposal to the full Commission this week and ask for public comments. The investigation would focus on network-affiliated station relationships. The network probe was recently requested by Westinghouse Broadcasting, which feels that the networks exert a great deal of control over their affiliate stations. The Department of Justice has also supported Westinghouse's request.

Street Talk

by J.J. Jordan

What major market programmer has lured away the secretary of a major record promotion executive for a Rock 'N Roll romance that may reach the top ten on the East coast?

As predicted last week, KDEO/San Diego trying for KMSK, has gone Top 40 with new PD Kevin Metheney getting ready to make some changes.

The ARB's are coming out and it looks as if the AM Rockers lost some ground to the FM Rockers. The January-February ARB began last Thursday and some majors hadn't received their Fall book as of Thursday. How can any PD program through a rating period not knowing how he did the last rating period?

KRTH, Los Angeles, still searching for a new PD to program RKO's oldie format.

Street talk is that two highly respected secondary programmers are in the running for the PD job at KAKC, Tulsa.

How does one get to a major market? The guy to ask is Captain Ken Curtis who one year ago was programming 98Q in Vidalia, Georgia, and is now taking over at 99X in the Big Apple.

Bobby Rich, PD at B100, San Diego, is coming off the air at sister station KFMB-AM, to devote his full efforts to B100, which people tell me sounds great.

Mark Driscoll is hanging out in Tulsa, where his family resides, looking to get back into programming in the very near future.

The jocks at WIFE, Indianapolis, have come up with their own record entitled "Harry & Barbra" which reportedly will be distributed by Private Stock.

A possible format change coming up at WKCI, New Haven, from a Beautiful Music to a Mellow Rock format.

WKBW, MD, Jim Quinn, is looking to sell his airplane. If interested call Jim at the station in Buffalo. Knowing Jim, he takes American Express.

Dickie Goodman called to let me know he is back in action with a new gimmick record entitled "Kong," to be released any day.

WBBO, Augusta, is reportedly putting the emphasis on their FM. The AM is now automated from 7pm til 6am while the FM is live and Rockin' during those hours.

Congratulations to the entire crew at Warner Brothers Records for putting together a highly successful convention last week in Acapulco, Mexico. I had the pleasure of attending and participating on a panel of trade publication people, which was just one of many meetings that took place during the week long meet. I really enjoyed hanging out with some of the radio people who were attending and taking part in the sessions. Just some of the Top 40 programmers attending were, Kent Burkhardt, Jim Quinn, Michael St. John, and his lovely wife, Lisa, along with Jim Collins, Clay Gish and Charlie Lake, who never took off his Pittsburgh Pirates baseball cap during the entire convention... Maybe bed, but I even doubt that. The WB awards presentation was super with the playing of every Warner song that reached the top twenty

RADIO & RECORDS

with the station's logo that broke the song nationally. I counted six for WRKO, but who's counting. A special note of congratulations to Warner's Miami promo man and ex-super radio jock, Chuck Browning who won "Rookie of the Year." Chuck probably won for drinking

the most tequila.

Note: Don't forget to get me those slides of your station's facilities so we can show them during the upcoming R&R Convention in Dallas. They should be color slides and they must be sent to me no later than February 7.

The winner of KCMO/Kansas City's "Breaker On Eight-One" contest is pictured here during the presentation of the \$5000 cash grand prize. In addition to two separate cash prizes, 90 CB radios were given away and the station has yet to give away a third big prize, a 1977 Pacer Wagon. Left to right are; 2-6pm man Dan Donovan, 6-10pm jock Batt Johnson, the winning couple, 10pm-2am Chris Kaye and sister station KLEZ-FM Operations Director Larry Dunbar.

WAVZ/New Haven PD Mike West (left) accepts a gold record for the Brothers Johnson's "I'll Be Good To You" from A&M Promotion Person Linda King, while former PD Chuck Martin (right) looks on.

Donna Summer was recently presented with two gold albums for "A Love Trilogy" and "Love To Love You Baby" in a reception in Montreal. On hand for the occasion were CKGM's Music Director Greg Stewart and his wife, and Music Librarian Sandy Rochester.

Beau Matthews, Program Director at WAYS/Charlotte, received four gold records within 48 hours. Matthews was thanked for his help on last year's hits by Parliament, Elvin Bishop, Candi Staton and KC & The Sunshine Band. Pictured are (left to right) Capricorn's Bill Davis, Matthews, and Dave Dannheisser of Warner Brothers.

Marine Corps representatives and a San Bernardino Superior Court Judge congratulate KMEN Program Director Mike Matthews (center) for gathering over \$35,000 in toys during the area's Toys For Tots drive. KMEN's Radio-Thon for the charity featured a live broadcast from a local shopping center.

KSFX/San Francisco and Epic Records artists Labelle held the Bay Area's "Day On The Cement" chameleon race (tying in with Labelle's "Chameleon" album) at Banana Records in Oakland. The chameleons were in training at San Francisco's reptile house previous to the race, and were awarded to KSFX listeners after the competition. Chameleon coaches included jocks Tom Saunders, Barbara Harrison, Ron Samuels and Eileen Fields with guest coaches from local TV and newspapers. Labelle announced the winner of "Day On The Cement" and appeared the same evening at the Paramount theater in Oakland singing selections from their album.

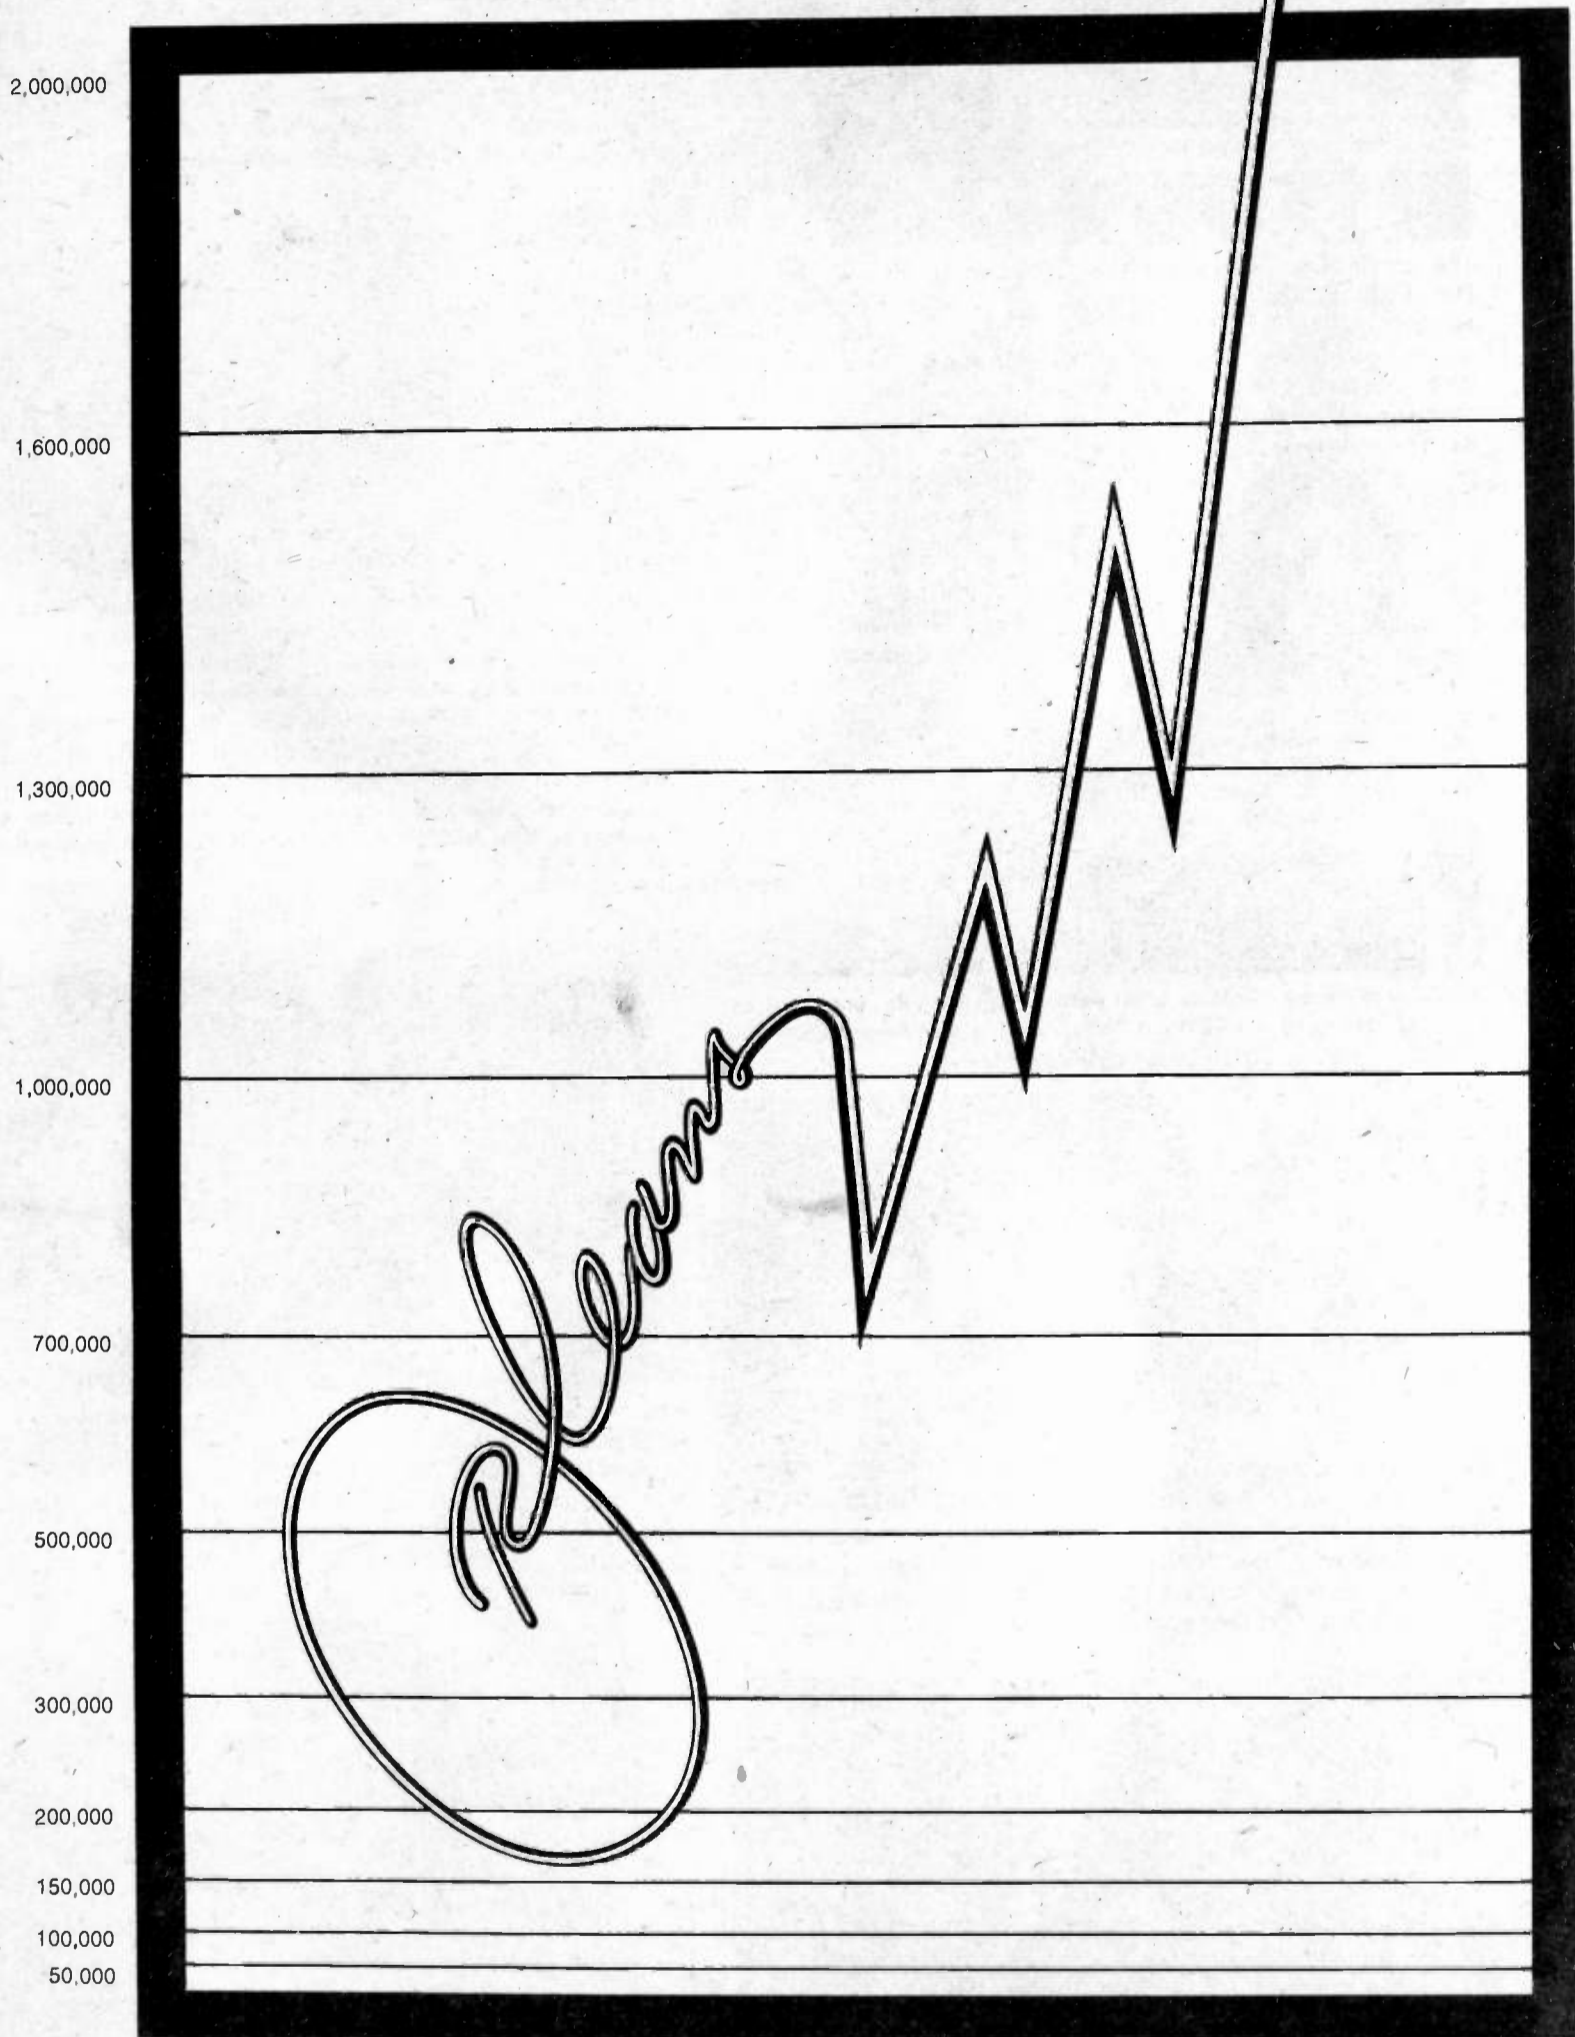

KWIZ/Santa Ana awarded \$500 to two Southern California women in the KWIZ Music Clock contest. The happy presenter is Station Manager Pat Michaels. The winners had to guess the correct time showing on the KWIZ music clock from clues given each hour. The game involved two people, one winner was the correct number caller and she then had to get a friend to call back within ten minutes to take a guess at the correct time.

Barry Manilow made a surprise appearance at KHJ/Los Angeles and wound up a guest jock on the Bobby Ocean show. Seated are Rosie Guevera, KHJ Music Director; and Bobby Ocean.

REACH

REACH (E-45375). A single from the album "Waking and Dreaming."
On Asylum Records. Produced by Charles Plotkin.

CKGM/Montreal's night personality Marc Denis (right) visited with Burton Cummings just prior to his appearance with the Bee Gees recently.

Bernie Thompson (right) President and GM of WKLO/Louisville, is shown presenting this couple with the grand prize in the "Keep It On KLO" Money Man promotion. Jocks would stop cars, go to homes and local businesses looking for radio dials set on WKLO, awarding \$20, \$50 and \$100 bills and a chance to win the 1976 Oldsmobile grand prize.

Two San Bernardino stations were recently involved in King Kong promotions. The winners of KMEN's King Kong Christmas Card contest are pictured here with the custom-designed "King Kong 6' 2" Banana" built by the station. The winners and their families were picked up in the station's Kong sized chauffeured limo and whisked away to a gorilla-sized dinner. Then the whole crew took the huge banana to the San Diego premiere of the movie and presented it onstage to the gorillas of the San Diego Zoo and the theater manager. KCBQ's Charlie & Harrigan were also on hand for the show, along with KMEN's morning man Jim Zippo (in safari hat). KFXM/San Bernardino was visited by Kong, who bodily removed the station's morning man Doug DeRoo. Accompanying Kong was Bobby Pickett, who currently has a King Kong record out. Pickett and friends finished Doug's show, doing at least 10 different voices, and auditioning ladies over the phone for the part played by Fay Raye.

98Q/Vidalia held their first annual Radio versus Records football game to benefit the local Animal Protection Society. With the help of some "stringers" on both teams, the game helped raise a great deal of money for the charity. The Record team is pictured at left, (kneeling, left to right); Butch Lowery of Lowery Publishing; Tony Muscolo of Anti/Muscolo Promotions; local all-state footballer Greg Hamrick; (standing); Chris Morgan of 20th Century; Charley Walker of Janus Records; and Steve Davis, Assistant MD of WRFC/Athens. Columbia's Eddie Esserman and Epic's Mike Waggoner also played for the team, but are absent from this shot. The 98Q team consisted of; (kneeling); three stringers along with PD John Shomby (in hat) (standing); Curtis Smiley, Big Dave O'Brien, MD Scott Kerr, Gary Michaels, Butch Jackson and George Holcomb.

KTAC/Tacoma sponsored a Swine Flue shot clinic at a local mall. Hundreds of listeners turned out for their dose. Morning man Don Wade is pictured waiting patiently for his shot.

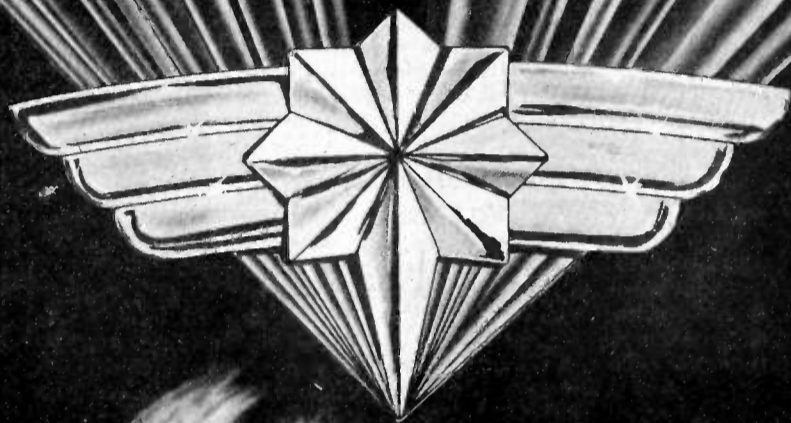

ABC Records' artist Gene Cotton (second from right) is shown here visiting WSM-FM/Nashville to give station personnel a sneak preview of his new album "Rain On." Pictured with Cotton are (standing, left to right) his producer Steve Gibson, WSM-FM Assistant MD Liza Reynolds, ABC Promo Exec Bill Poindexter, and (seated) air personality John Young.

a "study of the legal and administrative implications of refunding fees in order to determine the extent and nature of any refunds that might be necessary." It asserts that all proper refunds will be made as soon as practicable within the limitations of its Staff and resources. It makes no mention, however, of pending Court cases to recover these and/or other Fees.

In other words, the FCC's Notice appears to announce a flat and unqualified suspension of all Fee collection for the indeterminate future, while promising to review the matter of possible, if not likely, refunds of past Fees paid to be reimbursed as soon as it can. This is, needless to say, an even greater victory for the entire Communications Industry over the FCC, than had initially appeared to be the case. Not only is there a question as to whether any more FCC Fees will ever be collected, absent some proper Congressional action. But some refunds, perhaps substantial, may well be due to almost every licensee or other regulated entity that has paid Fees for doing FCC business over the past 6 years.

Mutual Strike Threat Over

Negotiations have successfully ended a strike threat at the **Mutual Radio Network**, according to **AFTRA** spokesmen. No contract has been drawn up as yet, but union officials said they were confident that the agreement will become effective as soon as possible. No terms of the settlement were announced.

Chicago Broadcasters Elect Officials

WMAQ-WKQX/Chicago General Manager Charles Warner has been elected President of the Greater Chicago Radio Broadcasters Association for the second year. **WLAQ** GM Norm Feuer was named VP and Lois Gredell, GM of **WBBM-FM** was elected Secretary-Treasurer of the organization.

Legal Fringe Benefits Not Taxable

A new tax law enables employees to take part in plans which would cover legal expenses, tax free. Employers can cover all or part of such expenses only if the plan is funded through an insurance company, similar to medical plans offered to workers. The employer cannot reimburse the worker directly.

RIAA Against Promo Packages

RIAA President Stanley Gortikov has said that "promotional only" records distributed to radio stations could increase bootlegging of material not available to the public. Gortikov noted some recent releases of live-for-airplay-only albums that could fall into the wrong hands and be pirated to the public. On the other side of the spectrum, many record execs feel that releases such as the ones the RIAA is questioning can in fact restrict other lower-quality records from getting on the bootleg market.

First Artists Records Introduced

The newly created First Artists Records has signed a manufacturing and distribution pact with **Phonogram/Mercury**. The label plans to release product in Rock, Country and various other fields. One of parent company First Artists Production's chief investor is **Barbra Streisand**.

Cosell To Pitch For GE

Howard Cosell will be the pitchman for **General Electric's** audio electronics products' new 40 channel CB radios. Network radio will be used for the CB campaign, themed, "GE...That's more than you can say about any other CB."

200 Market Push For A&W

A \$6 million ad budget has been slated for **A&W Family Restaurants** during 1977. Spots will run in a total of 200 markets, with three campaigns scheduled to run simultaneously in all. Other campaigns can be run in individual market groups. The \$6 million figure represents an increase of nearly \$2 million compared to **A&W's** ad budget last year.

Radio Promotion For Kenwood

Kenwood Electronics' "Key City" promotion is scheduled to run on spot radio in 20 markets. A \$1500 stereo system is the sweepstakes prize offered to station listeners, with commercials urging them to drop in at dealers to fill in entry blanks.

The winners of **KDAY/Los Angeles'** "Gold Giveaway" promotion are pictured with PD **Jim Maddox** (left). Among the prizes that were awarded were a solid gold bar valued at \$1427, a gold colored **Pontiac Grand Prix**, and two more 10 ounce gold bars.

Honest Mr. Eastwood, I've been following format! **KHJ/Los Angeles** afternoon drive man **Machine Gun Kelly** is known as **M.G. Kelly** in the movie world, with two feature roles already under his belt. This pic from "The Enforcer" shows Kelly playing the part of a priest who has been forced into taking "confession" from star **Clint Eastwood**. Kelly also appears in a major role in the **Barbra Streisand/Kris Kristofferson**-starring "A Star Is Born."

KWIZ/Santa Ana Station Manager **Pat Michaels** and Public Affairs Director **Sandy Reynolds** survey Christmas gifts donated by listeners for an orphanage in **Baja California**. More than \$2000 in gifts and food were collected at the station studios and transported by volunteers to the children's home.

WGUY/Bangor's **Mark Laurence** received his first gold record for **Steve Miller's** "Rock 'N Me." Pictured left to right; **Capitol Sales Representative Jack Dougherty**, **Laurence**, **WGUY** morning man **Jay Michaels**, and **Capitol Boston Promo Man Dennis O'Malley**.

AOR

Mike Harrison

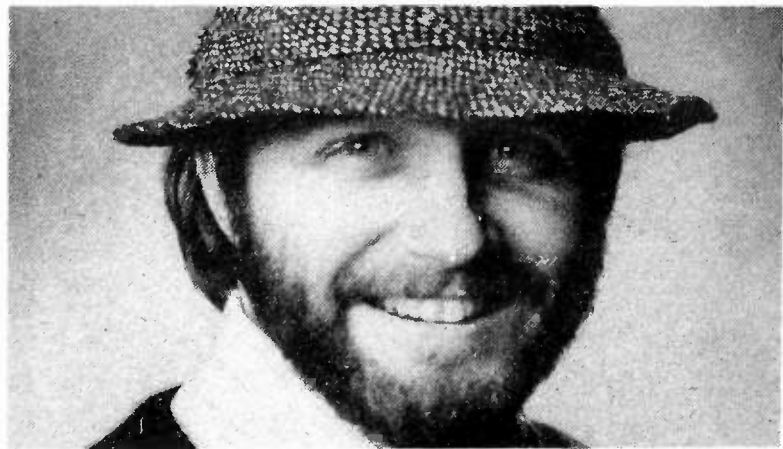

Warner Bros. Records Cooked (literally and figuratively) under the hot sun of Acapulco last week. The Southern Mexico resort city was the scene of the company's national gathering which included people from just about every department along with artists, radio programmers and trade publication representatives. In addition to a successful product presentation, awards dinner, and some stimulating hallway philosophy sessions, there were meaningful and productive industry panel conferences.

I had the pleasure of sharing the panel of the AOR session with Lee Abrams of Burkhart/Abrams and Bob Burch, National Program Director for Century Broadcasting (WABX/Detroit, KSHE/St. Louis, KWST/Los Angeles). Among the topics discussed were the individuality of AOR radio stations, the effects of record advertising on AOR radio, AOR radio and the trades, record giveaways, and promotions in general. Among the key statements were Abrams' mentioning that his particular service works best in "soft, vulnerable" markets where a competitive AOR radio scene has yet to develop; Burch indicating that even though he personally encourages record advertising on his stations, he discourages record companies from advertising records that are not being played; and my pointing out that one of the major mistakes Promotion People can make in promoting AOR stations is to assume that they are, in fact, all similar in methodology, philosophy, taste, and goals. In the case of AOR, it's just as important to be educated to the details of each station contacted as it is to know about the genre as a whole. Although the session bore little in the revelation department, it was interesting and well moderated by WB National Director of AOR Promotion, John Montgomery.

Radio & Records' Publisher Bob Wilson shared the trade publication panel with our Top 40 Editor J.J. Jordan, Record World's VP Spence Berland, and Billboard's Bill Wardlow and Nat Freedland. Each described the basic methods used in putting together their respective charts. The topics of "picks" and reviews (of which R&R has none) was covered and each representative fielded questions from the audience. The panel was moderated by WB Vice President of Promotion, Russ Thyret.

Everyone had a good time and seemed to enjoy the opportunity to get together in such a pleasant environment. Chairman of the Board Mo Ostin was an extremely cordial host and displayed a marvelous rapport with the individual members of his company. Congratulations to Warner Bros. for a tremendously successful gathering.

Good Point: WEBN/Cincinnati General Manager Frank Wood told me that in spite of the station's strong showings in recent Arbitrons, they do not use the book (or any other rating service) to sell locally. The reason for this, according to Wood, is that a station should be able to sell locally based on image and concept. "I can understand a busy agency buyer out of town having to rely upon ratings to have an idea of what's going on out there in radio, but locally, it is foolish to educate the buying market to the ratings because all that can accomplish is to create a situation in which radio is totally at their mercy on that level too." Here you have a case of somebody resisting the old "this industry creates its own monsters" syndrome.

Mike Pilot moves up. The former Columbia Records Associate Director of Album Promotion has been promoted to the position of Director of Album Promotion and Special Projects, according to Stan Monteiro, Vice President of Promotion for the label.

A new AOR station in Pittsburgh? Word is that a 50,000 watt station in this market is secretly planning to go AOR any minute now. In the words of the station's PD, "We are being very secretive about the whole thing because we want to 'spring' ourselves upon the market." I hope for their sake that they don't keep it so secretive that even the listeners don't know about them.

Radio & Records Convention & Expo '77 is taking shape. Next week we'll begin to announce the line-up of AOR "speakers." The convention will be a bit different this year in as much as we'll be dropping the

LRS-102/Louisville recently held a \$1.02 concert for its listeners, featuring Mercury recording artist Graham Parker. Pictured backstage (l-r) Mike Greene; Louisa Henson, GM WLRS; Lee Masters, PD WLRS; Parker; and Mike Rizk, Mercury Promotion.

standard Panel/Moderator/Audience format for the individual radio format meetings in favor of scheduled "living room" type encounter sessions. It has become apparent that broadcasters enjoy the freedom of informal one to one encounters as evidenced by meetings such as the recent "Great Debate" and the many other spontaneous cerebral gymnastic workshops that seem to spring up and last until late night hours whenever and wherever AOR programmers have the opportunity to run into each other. Of course, there will be formal panel sessions at the convention but they will be general in nature and address themselves to topics of concern to broadcasters of all formats. By the way, don't forget to send me slides of your control room, production room, library, etc. We'll show them at the convention.

WKDF/Nashville Production Director and afternoon drive jock Carl Mayfield and his wife Becky are the proud new parents of a baby girl, Jennifer Lee...Debbie Carlton is the new MD of WRPL/Charlotte...Jim White is now doing the music at WNOE-FM/New Orleans...Lori Holder has finally been officially named Music Director of OK102 1/2/Seattle...Mike Lyons and Ken Stevens of WDIZ/Orlando are now programming sister station WEZX/Scranton which has just gone AOR...WIXX/Green Bay is going automated the first week in February. Staffers Mike Tinnes Winston Smith, Dana Erlandsen, and Steve Bidwell are all available and can be reached at (414) 435-3771...Jeannie Lum is the new Public Service Director of KSAN/San Francisco. KSAN air personalities Bob McClay and Richard Gossett have switched time slots with each other. Richard is now doing 2-6pm and Bob's got 6-10pm...Jim Ballard has been appointed Program Director of WROQ/Charlotte.

On the move. Eddie Kritzer and his entourage of Rock Around the Worlders are abandoning the snows of Boston for the smog of Hollywood. The company which started out as a weekly syndicated radio "import" show has expanded to a major national music influence and consumer oriented music publication...Speaking of syndication, former AOR broadcaster Dave Forman (KYMS, KEZY-FM, KNAC, WBAB) has kicked off a venture called TAAM (Trans American Audio News) which basically consists of capsule interviews Dave holds with notable people. Dave can be reached at (714) 557-5583...The National Association of Radio Broadcasters has moved its headquarters from New York City to 1705 DeSales St. N.W. in Washington D.C.

Frozen Modulation. KGOT/Anchorage has been on a big campaign to increase the amount of FM listenership in the great Northland. They're tying in with a local record store to sell car radio converters and have been averaging about six per day...FM103/Ann Arbor has given away a \$900 stereo system to the winner of their station logo designing contest. We'll all probably get a chance to see the masterpiece in R&R soon...Live Goodies: KSAN/San Francisco kicked off their "The Best of the KSAN Live Tapes" series which will run until January 30th at 9pm each night...WXRT/Chicago aired "A New Look At The Old Grateful Dead"...WBAB/Long Island Music Director Bernie Bernard told me that the station couldn't have pulled off their Bat McGrath concert without the help of WKTU/New York...WAAL/Binghamton is giving away a complete Beatle solo career catalogue in conjunction with their airing of the BBC Beatles special...WCAS/Cambridge is running their second annual "Month of Concerts," which is a radio concert a day for 31 days...KWST/Los Angeles interviewed Al Stewart...KOME/San Jose interviewed Lynyrd Skynyrd.

KZEW/Dallas' very own Charlie Kendall and Mark Christopher co-hosted a local TV special featuring the movie "What's Up Tiger Lily" along with video tapes of Ted Nugent, Michael Murphey, Wings, and 1965 vintage Kingsman...As mentioned last week, KROQ/Los Angeles covered the Rose Bowl Parade hosted by Phil Austin and David Ossman of the Firesign Theatre. According to the show's producer Kevin McKeown, the program was so successful that they are looking to expand it to a national radio network for next year. Interested stations should contact Kevin at (213) 578-1068.

The 112 page fourth edition of the "FM Atlas and Station Directory" is now available. The reference work by Dr. Bruce F. Elving supposedly contains more information about FM stations around the country along with information of particular interest to FM broadcasters than just about any other collection of its kind. For information, contact FM Atlas, PO Box 24, Adolph, Minnesota 55701.

Dick Kaiser of the Acuff-Rose Publishers' Promotion Department reported Jim Powell, Music Director of KHAK, Cedar Rapids, Iowa, said he could not play one of the records Kaiser was promoting because it was too "short." Wrapping up the Christmas Promotions: KLIX, Twin Falls, Idaho, released a Christmas record which was produced and performed by the air staff. POP/ADULT NOTES

MIKE KASABO

Congratulations to Chuck Buell who has been appointed Music Director at KULF. Buell most recently was afternoon drive personality at KFRC. In addition to his new music position, he will, of course, continue to do his air shift at KULF. He replaces one of our key reporters over the past three years, Jim Heath, who has moved into the sales department at the station. I always knew Heath was a money grabber.

Stephen Bishop's "Save It For A Rainy Day" jumps 40-29 on this weeks Pop/Adult 40. It was also added at WNBC, WJNO, WCBM, WLW and KUKI.

The new Glen Campbell went right on WIP and WBT. It's called "Southern Nights."

After being absent from the charts for what seems like years, Cher appears to have her best start in recent memory with her latest "Pirate." Early airplay action already at KXLY, WSAV, WGY, KWAV, KRKK, WSM, KUKI and others.

Vic Dana's "Lay Me Down And Roll Me Out To Sea" picked up some heavy new play at WIP, WLW and WSIX.

Dr. Buzzard hits number one at WATR, jumps 30-22 at K149 and reports hot at KCRA, WTMJ, KNBR.

Another real hot entry is the David Dundas record "Jeans On." Solid action reported from WJNO, KEX, WKBC-FM, WBEN, WGY, KAKE, WCHV, K149, KSD, KUKI, KXLY, KOFM, WGY and others.

The Heart record "Dreamboat Annie" is showing that it's not too hard, as many originally felt, with key adds at WIP, WSB, KSD, WIND, WNHC and WCBM.

And the chicks just keep on cluckin'...Ray Stevens and his fabulous barnyard biggie "In The Mood" (known under the name of Henhouse Five Plus Too) continues to pick up play early in the new year. Check New & Active for station play.

Tom Jones looking better all the time... "Say You'll Stay Until Tomorrow" already reporting hot at KRMG 19-9, WBEN 25-19 and in hot rotation at WIP, WSIX and WJNO.

The new Steve Lawrence went right on WLW, KXLY and WBAL.

Both Love Unlimited Orchestra and Roger Williams showing very strong early airplay for the "Theme From King Kong."
