And let the record show that BRE's Conference '85 -- "Transmitting the Message" -- will be remembered by all as the most successful ever. From the opening salvos of Dick Gregory's keynote to the presentation of the final Drummer Award, nearly two thousand people shared experiences that can only strengthen our bonds as communicators.

I would now like to take this opportunity to extend a very special thanks to those who had the power -- and utilized it -- to make this one a super accomplishment.

I make specific reference to our supporters, a super group whom I'll make a risky (but at least alphabetical) attempt to name here: Tony Anderson, Milton Allen, Jerry Boulding, Henry Brown, Zola Burse, Jheryl Busby, Hank Caldwell and his "A-Team," Don Cornelius, Sherri Culpepper, Tom Draper, George "Boogaloo" Frazier, Joanne Geffen, Cornelius Grant, Forrest Hamilton, Jackson's Limousine Service, Ronnie Jones, Step Johnson, Varnell Johnson, Mike Kidd, Chuck Morrison, Paula Pete, Ruth Robinson, Reggie Rutherford, Lonnie Simmons, Ernie Singleton, Vernon Slaughter, John Smith,

Vaughn Thomas, T.U. Inomkins, Jim Thompson and James Watson...with sincere apologies to all who equally deserve recognition, but are not named...those well known ETC's! (And I will no longer have a magazine if I fail to include the BRE staff, whose tireless efforts transmitted a real message of commitment.)

In the aftermath of such generous support of the Conference, there is a temptation to overlook a few premeditated snags. But one of them was just too blatant to ignore. (See telegram below.)

It was interesting and

gratifying to learn, however, that most of the people who attended the "snag" event (with the possible exception of the Conference Chairman) later confided that they would not have participated had they been fully aware of the circumstances -- and implications -- surrounding the event.

As we begin now to plan for our landmark Tenth Anniversary BRE Conference next year, we are wiser...but undismayed. The power in the unity of black radio will prevail...as it always has...and always will.

See you in 1986!

**BLACK RADIO RESPONDS TO THOMPKINS OUSTER**

**New York City:** The sudden announcement this week of the dismissal of T.C. Thompkins as head of Epic's national black music promotion staff sent shock waves through the radio and record industries. What initially appeared to be just another product of the industry's rampant rumor mills was confirmed to BRE at press time by both Thompkins and CBS officials.

The widespread disbelief was fueled in part by the popular record executive's triumphant promotional coup in launching Epic's phenomenally successful "Sade" album (see RIAA item) on black radio. The magnitude of this accomplishment was acknow-

ledged by his peers during BRE's Awards night when Sade, whose appearance at the conference was arranged by T.C. Thompkins, accepted her BRE Drummer Award as "New Artist of the Year" from Stevie Wonder.

As the dust settled on the Thompkins ouster, the direct cause of the CBS action could still not be clearly ascertained. Vague hints of "complaints from the black community" were said to have been cited by one company official. But a preliminary telephone survey conducted by BRE publisher Sidney Miller could establish no basis for this claim.

This finding--as well as the concern of black radio about apparent inequities in the handling of the matter--prompted the forwarding of the telegram below to Don Dempsey, Thompkins' immediate superior. If it is determined that T.C. Thompkins has been unfairly treated, all indications are that black radio will mobilize all of its resources to insure that justice prevails for one of its own. Stay tuned...

**AL JEFFERSON RETIREMENT TRIBUTE SLATED**

**Washington, D.C.:** Radio and record industry veteran Al Jefferson will be honored at a Testimonial Dinner upon the occasion of his retire-

ment after 35 years of service in the industry. The black tie dinner and reception will be held on July 19th at the Hyatt Regency Capitol Hill in Washington.

Jefferson's long and successful career in radio included positions at stations in Atlantic City (WMID and WLDB), Washington (WOOK and WUST) and Baltimore (WWIN). His impact on east coast radio was seen both in programming and in bringing an impressive array of young air talent into the industry.

When Al Jefferson left radio nearly a decade ago to start an independent record promotion company, he provided services to top companies such as Atlantic, Capitol, CBS, Montage, MCA, WMOT, and most recently, Island Records.

A large industry-wide turnout is expected for the tribute to this widely respected radio and record industry professional, whose retirement is attributed to his desire to devote his total attention to his wife during her illness.

For more information, contact representatives of the Al Jefferson Testimonial Committee: Delores Gonzalez at (212) 477-7131 or Vita Smith at (202) 338-5600.

**SBA LOANS NEEDED FOR BROADCASTERS**

**Washington, DC:** The National Association of Broadcasters has asked the Small Business Administration to halt its proposal to repeal the broadcasting exception to its rule prohibiting financial assistance to media applicants. NAB said the SBA has erroneously concluded that broadcasting has been

deregulated and is therefore ineligible for financial assistance under the terms of the exemption.

NAB noted that those receiving SBA loans are generally new to the broadcasting business or are small market broadcasters - most of whom are minorities with neither adequate funds nor the contacts to obtain funds. Since loan amounts are usually under \$500,000, large financial institutions often will not lend monies to these small businessmen. This NAB effort affects all broadcasters across the country - especially black radio.

**RIAA CROWNS ARTISTS WITH GOLD AND PLATINUM**

**New York:** Recently, some of the most bankable recording artists were awarded gold or platinum albums by the Recording Industry Association of America, Inc. (RIAA). Sade received their first award in the gold album category for Diamond Life (which also earned a platinum.) Fat Boys received their first gold award as well for their self-titled album.

The Commodores earned their fifth gold album award for Nightshift. Another veteran winner, Luther Vandross, earned his fourth gold award for The Night I Fell In Love; the album also marked Vandross's third platinum album. Rhythm of the Night by DeBarge is now a gold album three times over. And the beat goes on...

**COOPER JOINS A&M A&R STAFF**

**New York:** Jordan Harris, Vice President of A&R at A&M Records has been named to the position of East Coast Associate Director of Black Music/A&R.

Cooper joins A&M's New York offices after six years as a music journalist. She has written reviews and features for the Village Voice, The Face, Musician, The Record and Us Magazine, among others.

**BMI CITES 'KOOL' AND COOKE**

**Los Angeles:** Kool and the Gang recently received BMI's prestigious "Most Performed Song of the Year" award for "Joanna." In its victory, the group edged ahead of such fellow BMI affiliates as Michael Jackson, Billy Joel, Huey Lewis, Sting and Daryl Hall.

This star-studded annual affair, held at the Beverly Wilshire Hotel in Beverly Hills, also honored James Ingram and Michael Jackson with two citations in the top writer category. Jackson's "Say Say Say" (Mijac Musci) was honored, as well, for the second successive year.

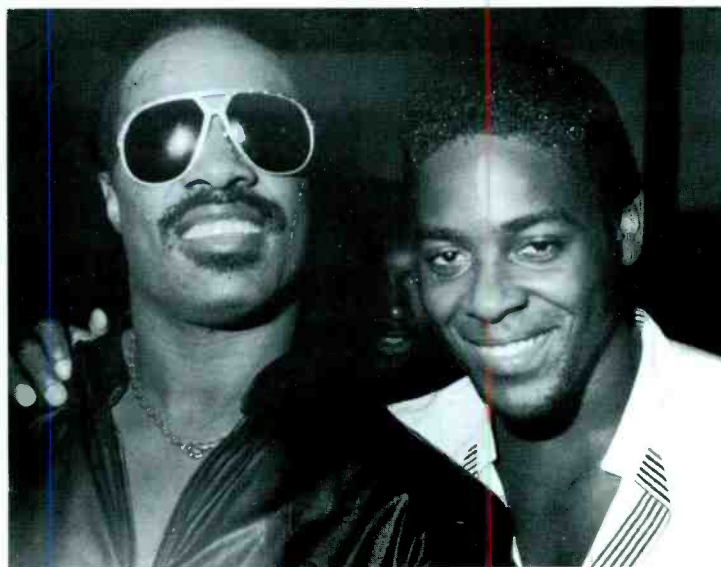

A special honor was bestowed on the late Sam Cooke at the ceremony. BMI awarded him two citations of achievement to commemorate his works. His widow, Mrs. Barbara Cooke (above), accepted the award on his behalf.

# GRADY HARRELL: A FIRST-CLASS TICKET TO STARDOM

by Ron Young

## STEVIE AND GRADY SHARE A MOMENT TOGETHER

Superstar Wonder and Rising Star Harrell celebrate a new friendship and collaboration at the recent BRE Conference.

The measure of success is not merely accomplishments: it is the outlook, spirit, and motivation which ultimately spark one's accomplishments. By this yardstick, Grady Harrell is successful - very successful.

Since the age of 14, Grady Harrell has been developing and preparing himself for stardom in the music industry. His determination to get a "singing job or nothing else!" kept him going even when his own mother was becoming disillusioned. Evelyn Harrell, an original member of The Friends of Distinction, knew the hardships of the business - as well as the sweet taste of success. But even her consistent enthusiasm for her son was wearing thin. Then it happened.

### The Golden Touch

Grady Harrell's strong belief in Grady Harrell attracted the financial endorsement of what is said to be part of a billion-dollar international conglomerate. Now he and his family have been afforded the rare opportunity to enjoy an affluent lifestyle before Grady has actually attained commercial success as a recording artist. He has the wardrobe, bank account, fine imported cars, and a fully-staffed, luxurious West Hollywood home - all of which spell "star trappings" by any standard.

So Grady has indeed made a phenomenal leap from dancing on "Soul Train" to launching a recording career in first-class style and comfort. While he generates an aura of success based upon his and his backers' belief in his potential, this young man with the "golden touch" is keenly aware of the fact that his unique situation makes him an obvious target of conjecture and speculation in the industry.

"It really freaks people out that I came into this money," says Harrell. "What happened to me was a dream come true. I can't explain why it happened to me, Grady Harrell; it just happened. I make no excuses for it. I've earned what I have. I simply signed a contract with some people who really believed in me and my talents. They wanted to make sure that my family and I were comfortable, and that there was enough money behind me to create, promote and market my album."

"No one criticized a Magic Johnson," he continues, "for signing a multimillion-dollar deal to play basketball on speculation that he'll sell out games and win championships. But in the record industry, let someone like me sign the kind of contract I have and people want to knock you and attack your credibility."

### A Cut Above

Grady Harrell recorded his first album with Fred Wesley and found a buyer in Dick Griffey for Constellation. But his debut album on the label, *Mwana*, went virtually unnoticed by the industry after its release last year. "I think what turned people off for the most part were

the African rhythms," Harrell explains. "We were taking chances, looking for a new direction. I stand by the album."

Ray Harris, President of Constellation, believes Grady is a bankable recording artist, although he had reservations about the album. "We really didn't have too much to pull from as far as singles are concerned," says Harris. "But we didn't sign Grady Harrell because of that album; we signed him because we believe in his great talents as an artist."

In an effort to re-establish Harrell's music image and position him for the marketing of his second LP, Harris - nearly five months after the album's release - paired Grady with the label's own stellar producer/

writer, Chuck Jackson. Jackson's own special recipe for transforming the cut into a "cut above" included adding new strings, background vocals, drums, synthesizers, a bass bottom, and another lead track from Harrell. In essence, Jackson has turned a sleeper into an eye-opener.

"Somewhere," says Harrell, "is the kind of song I love to sing - a love song with a simple melody. I think people will love it; it's a great summer romance record."

### In Good Company

Enter Stevie Wonder. At the recent BRE Conference '85, Grady and Stevie met through a mutual friend and, again, the wand of good fortune touched Grady. Stevie will be contributing two of his songs to Grady's next album.

"We're both Taurus, so we got along great when we met. Andrae Cleveland, a close buddy of mine and a friend of Stevie's, kept promising to introduce us. He kept telling us how much Stevie and I were alike. Well, he was right. We hit it off right away. We sat down at this piano and it was great - really great!"

And while his vocal style is often compared to Stevie's, as well as Michael Jackson's, Harrell insists he is "not out here trying to sound like anybody. One of the things we'll be doing on the new album is to bring out more of Grady Harrell's own vocal identity. When people are listening to me, I want them to know that they're listening to Grady Harrell."

### Destination Stardom

The man is a mover and a shaker - propelled by strong beliefs in himself and his talent. This straightforward approach has spearheaded Grady Harrell into the limelight before he has even placed one single on the charts. That's success.

"I've earned what I have. I will earn much more, including a lot of gold and platinum albums. You don't give up on the things you've worked hard for and believe in. I believe in Grady Harrell and what he's doing. Somewhere, someday, I will lead the way."

And no doubt continue his journey to the top with a first-class ticket.

EU presented Oates with a copy of their new TTED Records' 12" single. Pictured (l-r): Johnny Mercer, general council for TTED Records; Sugar Bear, leader of EU; John Oates; Ivan Goff of EU; Vern Goff of TTED Records.

"Madonna--Four Clips" and "The Doors (Dance on Fire)" led the music entries certified gold and platinum by RIAA/VIDEO, the video division of the Recording Industry Assn. of America (RIAA).

Madonna received both gold and platinum during May for her music vid compilation package, released by Sire/Warner Music Video.

MCA Home Video copped an award for its release of "The Doors (Dance On Fire)" video.

The big winners during May, however, were the children's video releases. Among the most popular according to the certification list were the Strawberry Cake series and the Care Bear entries.

A surprise gold went to the video version of the controversial, provocative

"The Day After" TV special which aired earlier this year.

In addition to Madonna's video, other tapes certified platinum included "Raquel's Total Beauty and Fitness," Thorn EMI/HBO Video; "Strawberry Shortcake in the Big Apple City," "Care Bears Battle the Freeze Machine" and "Care Bears in the Land Without Feelings," all on International Video Entertainment, Inc.

**Blue Note Home Video** is debuting in a big way with release of "One Night With Blue Note," two one hour concert videos featuring artists from the Blue Note Label, jazz division of Bruce Lundvall-led Manhattan Records.

Held at New York City's Town Hall February 22, a

four volume limited edition album box is also currently in release.

The video, available in VHS Hi Fi, Beta Hi Fi and laser disc, is set at a suggested list of \$29.95 per one hour tape.

The video footage was filmed by five 16mm cameras under the direction of John Jopson.

Volume one of the video is a six tune program featuring eclectic musician Herbie Hancock (also serving as emcee) and music by Bobby Hutcherson, Art Blakey, Bennie Wallace and new guitar sensation Stanley Jordan.

Music by Grover Washington and Kenny Burrell on "Summertime;" McCoy Tyner's solo on "Sweet and Lovely;" Charles Lloyd's "Tone Poem;" a galvanizing performance by Cecil Taylor on piano and

Lou Donaldson's alto work on the ballad "I'm Gettin' Sentimental Over You" are featured on the second one hour video.

**Keep your ears and eyes open** for "Krush Groove," a film by director Michael Shultz

("Last Dragon"), which will star some of rap music's most galvanizing stars. Run D.M.C., Fat Boys, and Kurtis Blow lead the list, along with Shelia E. who is featured as an actress as well.

During the recent BRE conference in Los Angeles, uncut segments of the film were previewed and their considerable music energy is already evident.

Sheila E.'s "Hollyrock" tune may serve to be some of the performer's best concert footage yet.

### B.B. KING, BOBBY "BLUE" BLAND, ALBERT KING AT THE BEVERLY THEATER

If you needed some blues to soothe your troubled soul, the geographically unlikely spot of a theatre in Beverly Hills was the place to be last weekend. Three blues legends gathered to deliver all the diverse shadings of this art form to an eager and grateful audience in the long sold-out Beverly Theatre. Whether the crowd wanted their blues mean or sweet, mellow or rough, low-down or uplifting, they got just what they needed somewhere in the three-hour show from B.B. King, Bobby "Blue" Bland, and Albert King.

Bobby Bland is simply the blues-singingest blues singer in the world today. He knows every pain you've ever known and he reaches down inside you when he explains, "you know you got to moan sometime..." When ne's through, your burden's lighter and you know you've heard the blues - full of pain and promise.

When Albert King strolls on stage with his pipe clenched between his teeth and hat clamped firmly in place, you feel like somebody ought to be delivering an order of ribs to your table any minute. His blues are smokey and mellow. Albert doesn't use a pick - those massive fingers pluck that left-handed guitar, easing out the notes that accompany that soft voice as

he delivers his promised "I'll Sing the Blues for You."

The only place "The Thrill Is Gone" for B.B. King is "Into the Night" and into the big time. He's bigger than life now, but still down to earth. He can still talk about Caldonia's big, hard head, slip in those double entendres so basic in the blues and bend the notes around some uptown classics.

All in all, the night was a treat and the audience so enthusiastic and generous with their standing ovations, it's almost easy to forget there was a time when some folks were 'shamed to say they listened to the blues, bought blues records or eased out into the night to hear someone sing the blues.

There was a time in the early 30's when the blues got all cleaned-up and sent out to the masses of record buyers in America and was acceptable. Of course, those early blues recordings came right out of Tin Pan Alley and not out of those cotton fields back home.

The real blues hung in, and later, in the 60's, all those English boys discovered Muddy Waters and Howlin' Wolf and all the rest and oh, didn't it get downright respectable...

There are performers who toiled through it all. See, they were born to sing the

blues and pay little attention to the fickle waves of public affection. Those three men at the Beverly

Theatre are that breed: they belong to the blues and happily for us, share them from time to time.

## Chicago Gets a PolyGram

PolyGram Records held a black music promotion in Chicago recently and invited area ma-and-pa record stores. It was also an occasion for PolyGram to introduce to the Chicago record industry its new head of promotion, Leroy Little. Those attending the function included PolyGram's Rowena Harris, Deke Atkins, and Joe Louis. On the artist side, James Alexander of the Barkays was there and Danny Sims from the group Cameo - he represented management as well. Most of the area record stores were represented, with Barney's, Fletcher's, Colorite, Sound Track and Metro Music being among the most prominent. PolyGram raffled off a compact disc player, which was won by Val's Variety. The only person there on behalf of radio was Lee Michaels, PD of WBMX-FM & AM.

### Brought to You By...

A day before I departed

Chicago for the BRE Conference, I had decided that I needed some type of entertainment on the flight to LA. Rushed for time, I couldn't tape my favorite songs on cassette. My only alternative was to tape music from the radio. I tried taping the popular radio stations BMX, JPC & GCI but I found, in a test of the tape, that I was listening to more commercials than music. By chance, I was getting my hair cut at a barber shop where station WBEE-AM was being played. BEE plays nothing but jazz. I noticed that the music was pleasing with little or no commercial interruption. On my way back to the office, I recorded 120 minutes of that station. The result? I had the best flight ever, listening to the music of DJ Robert Thunderbird.

Thanks Thunderbird. So nice, I had to play it more than twice.

### Let's Get Together...

One of the big controversies of the conference was whether or not Motown Records should be censored for having a luncheon at the same time that WEA held its luncheon. This is not the first time this has happened at a BRE Conference and other such affairs. Other companies have been guilty

of this same practice in the past. I don't think it was done to undermine the efforts of BRE. The affair hurt both BRE and Motown. It hurt BRE because it deprived a Conference affair sponsor of the attendance of a number of industry personnel. It hurt Motown because they were not able to invite everyone. Many persons I talked with felt slighted that they were not important enough to be a part of the select group that attended the luncheon. At the Motown luncheon were Berry Gordy, Vanity, Lionel Richie and a host of other Motown dignitaries and artists.

In the future, there should be dialogue between all persons involved in any conferences or conventions. If this is allowed to prevail, it will cause the erosion of all future conventions and conferences where there are sponsored affairs. Think about it: BMA, Jack the Rapper, JBPC, NAM, NABOB, NARAS. There is so little precious time at these affairs that we have no time for division. Let's put this behind us and move on toward the future.

### Midwest Radio and Music Conference

The Midwest Radio and Music Conference, scheduled for November 7-9, 1985, was officially announced at the BRE Conference. I am very

pleased at the initial support I received. The conference is to be a teaching affair. We will show you how to make more money doing what you do best, as well as how to prepare yourself for the day when you might find yourself without a job. Details to follow in July.

We will kick off the conference with "Hero's Day." This day will be for the Chicago area kids who have excelled in their academic studies. I have asked many entertainers to donate their time to come to Chicago for a few hours to talk with these young adults. This will be a reward for what they have achieved and inspire them to continue growing. The project will be announced to the students as they enter the fall term. Those with the highest grade average at the end of October will be selected. The students will be selected from area high schools. This will be one of the biggest and hippest rap sessions ever held.

Currently, we are mapping out a way to expand on this idea - perhaps selecting a week in which all prominent people in the country will revisit their high school alma mater. What a positive effect this would have on students from all walks of life. We all benefit when we pass on what we know to the young folks.

## Northeast Report

by Ralph Brown

### THE BIGGEST AND BEST EVER...

was the general consensus of the NE region contingent who attended BRE's 9th Annual Conference June 12-16 in LA at the Sheraton Premiere and Universal hotels.

Responses from major and indy record manufacturer owners, executives, promotion-marketing reps and broadcasters from across the country unanimously caroled BRE's conference site, the excellent seminar presentations, the awards program and entertainment in one

breath as "top notch."

From a personal standpoint, it was great to see many of you whom I only see once a year due to geography. And of course, it's always great to see those of you I've known over the years who continue to develop and contribute to the success of black music, black radio and BRE.

### DR PERRI JOHNSON

former Phillytown radio personality for WDAS-FM, WCAU-FM and more recently, WXTU-FM, is heading for those golden hills of L.A. Reason: Johnson is scheduled to do the 12 midnight - 6 am air shift for KGFJ-AM in two weeks. Of course, the good DR was elated over his new assignment and position to the point that he almost forgot his other blessing. Wardell Piper, an artist he manages, recently signed

with Panorama Records - the new indy label out of NJ whose roster includes Ray, Goodman and Brown.

Former Polygram publicist **Cynthia Badie**, who now heads up her own PR firm, is scheduled to have a shower reception June 26th in NY. One look at the gorgeous rock on her left hand spells marriage for Ms. "B."

Rumors have it that Motown's Southeast region promotion manager **Linda Penn** plans to tie the knot soon. When I broached this rumor to Linda recently at BRE's conference, after a ten-second pause, she smiled and said, "You know, I heard the same thing - you never know!"

### LOST AND FOUND DEPARTMENT

Former WDAS-FM radio personality **A.J. Kemp** has emerged in San Francisco with his own promotion com-

pany. According to his colleagues, Kemp was fired from his last radio position, reportedly due to the fact that the g.m. of his station spotted him having lunch with the p.d. of a competitive station, at a restaurant where many of Phillytown's broadcasters eat regularly! Getting so you gotta be careful where you eat and whom you are seen eating with these days to keep a job!

Arista's national promotion director, **Tony Anderson**, is a man who wastes no time in making the most of his time! The day after I returned from BRE's conference, I was sitting in his office in NY, listening to Aretha Franklin's new album, "Who's Zooming Who?" The title cut is a smoker in every sense of the word. Aretha did a remake of her old Atlantic hit, "Sweet Bitter Love."

*ON BEHALF OF THE STAFF AT TAURUS PRODUCTIONS,  
WE ARE HONORED AND PRIVILEGED TO BE THE  
RECIPIENT OF THIS YEAR'S BRE CONCERT  
PROMOTION AWARD.*

*WE WOULD LIKE TO THANK PRINCE, SHEILA E.,  
LUTHER VANDROSS AND STEVIE WONDER  
FOR MAKING THIS AWARD POSSIBLE.*

*A SPECIAL THANKS TO ALL OF THE PROGRAMMERS,  
MUSIC DIRECTORS AND ON-AIR PERSONALITIES

*MANY THANKS,*

## POWER PICK SINGLE

**KLYMAXX**  
"I Miss You"  
Constellation

Transcending the dance genre with this beautifully arranged ballad, Klymaxx offers a mature and completely developed sound that should keep them in the charts for a while. Penned and co-produced by Lynn Malsby, here's yet another sizzler from the "Meeting In The Ladies Room" LP.

**Explanation:** This week's strongest potential radio single based on its having the widest demographic spread, getting good initial response, from radio, proven research and testing, and in many cases, producing significant chart gains. Primary demographics indicated.

**ARETHA FRANKLIN**  
WHO'S ZOOMIN' WHO?

## POWER PICK ALBUM

**ARETHA FRANKLIN**

"Who's Zoomin' Who?" Arista Let there be no mistake, this is a killer new LP from the "queen of soul" featuring the already runaway hit "Freeway of Love." But that's just the start, "Push" is the meanest upbeat funk we've heard in some time with Peter Wolf on synths and blazing guitar from Santana. "Another Night" grooves under the watchful eye of producer Narada Michael Walden.

**Explanation:** This week's strongest potential radio album based on our information regarding its demographic appeal, retail acceptance, listeners response, requests and significant chart gains. Primary cuts and demographics indicated.

## DICK GREGORY: Humanitarian Award

SIDNEY MILLER GREETES DICK GREGORY AFTER OPENING SPEECH.

LYNN GREGORY ACCEPTS AWARD FOR HER FATHER.

The Publisher's first BRE Humanitarian Award was presented to Dick Gregory in recognition of the lifetime contributions of the author-activist-nutritionist toward enhancing the quality of life at the national and international levels. Gregory's recent success in creating a special diet food that will be used to feed starving people worldwide for less than 50 cents a day was cited in this connection. The Award likewise acknowledges Dick Gregory's continuing efforts to encourage more effective use of the power of the broadcast media to transmit messages that increase awareness and promote socially-conscious action in local communities.

ALONZO MILLER RECEIVES AWARD FROM SIDNEY MILLER.

## ALONZO MILLER: Publisher's Award

While others succumbed to the frustration of black/urban radio over the lack of respect from major record companies, a program director in Los Angeles—with the full support of his station's management and ownership—spearheaded an unprecedented citywide suspension of airplay of a company's product and that set a new standard for the relationship between black radio and the recording industry. Alonzo Miller's bold action merited the 1985 BRE Publisher's Award.

## NEW YORK BAND WINS HENNESSY JAZZ SEARCH '85, OPEN SUNDAY AT PLAYBOY JAZZ FESTIVAL AT THE HOLLYWOOD BOWL

by Michael Martinez

From 400 entries came one winner. And like the early days, the best band came from New York City.

As it turned out, Gotham's Timothy Horner Quintet only had to beat out one of the two other finalist in this inaugural competition.

Joining Horner's group in the final competition held June 12 at the Playboy Club in Los Angeles were the Ken Gueno Quintet from Chicago and 7th Avenue, the Los Angeles entry.

As it turns out, 7th Avenue was unable to compete because a member of their band was trapped in New York and couldn't get back to the city in time for the finals competition. Was it a conspiracy?

No, because even with an able replacement, 7th Avenue seemed clearly the least able of the three bands. They were asked to perform because they had already come so far.

Described as a group offering "contemporary jazz originals with electrifying post-bop acoustics," 7th Avenue, a quintet, with trumpeter Walt Fowler replacing Bob Ojeda on trumpet, lacked a verve that competition brings out in the best.

Fowler seemed tenuous with band members Mike Stephans, leader/drummer; Tom Garvin, piano; John Patiucci, bass; and Bob Shepard, saxophone.

They opened the evening amid sound and pacing problems, which would have undoubtedly plagued them with the entire band in tow.

Chicago's Ken Gueno Quintet lived up to their billing as "high energy jazz with a taste of salsa beats and Latin influence."

Percussionist Gueno led Miller Pertum, vibes; Duane Harris, drums/timbales; Chuck Webb, bass; and Kenneth Clark, reeds, through a melange of post-fusion jazz. Clarke's alto sax vamps were strongly reinforced by Webb's bass solo work. Both displayed articulate facility.

And except for a pair of enthusiastic solos, Gueno himself appeared uninterested in hysterical flurries on his array of percussive instruments.

Pertum's vibe work was an exemplary example of textural control throughout this generally up set.

Horner and company exuded a certain confidence on stage that had been absent during the two previous sets.

The centerpiece of this band's sound is the vibe work and compositions supplied by Joe Locke.

"A straight-ahead style incorporating a twist of mainstream jazz" accurately described the music performed by this aggregation.

Charles Davis distinguished himself on alto sax, especially in open field playing where his improvisational skill was given room to operate.

Peter Macken's piano and Ed Howard's bass work supplied pulse for this set.

As an ensemble, Horner and company propelled rhythm to polysyllabic dimension.

Opening the Sunday set at the Playboy Jazz Fest, the Timothy Horner Quintet wowed the early arrivals at the show and earned healthy response.

While the Playboy performance concluded the competition, undoubtedly, Horner's band received the much needed national attention needed for a band to attract recording offers.

If they do get a contract, then the Hennessy Jazz Search '85 will have been a rousing success.

It's often amazing how generous performers can be. I'm especially proud of those talented people who came out to share the podium and the stage at the BRE Awards. There was Don Cornelius who simply didn't feel well enough to be there, but since he had promised, he came - flu and all. Sharing presenter duties with model Teal Marchande surely aided that decision. Kim Fields is such a professional - not surprising since she's been in this business since about age three - but when her time constraints dictated she leave early, she was thrown an entirely new script to master in two minutes - no problem, and no flaws from her or her "Dreamgirls" co-presenter Arnetia Walker.

Taking a look at Tim Reid's script, there was a lot of copy written in - no he didn't want to change what had been written for him to say - he wanted to mention just how much he appreciated Sidney Miller.

Paul Williams had only one request - not to pair him with a big guy - it was an old joke and he wanted a beautiful woman to present with... he got one, the wonderful Roxie Roker.

If the ad-libbing between Ernest Thomas and Ann-Marie Johnson is an indicator of what we can expect in their starring roles in the newly reactivated "What's Happening Now," we ought to be in for a treat this fall TV season.

One of the biggest shocks was just how grown up the little girl from "Archie Bunker's Place," Danielle Brisebois, is now. Her co-presenter was a cast mate, Pat Peterson, from the TV series "Knots Landing."

There were a group of talented youngsters from the music side who were new to this awards-presenting business. They were diligently reading scripts, memorizing the lines like song lyrics. Included in that

number are Greg Phillinganes, Penny Ford, Steve Arrington, Mic Murphy.

Mitchell Laurance, who spoofs the news in the cable hit, "Not Necessarily the News," took presenting the award to the real news makers very seriously.

It was terrific to see two big guys like Raymond St. Jacques and Bo Svenson walk up to the podium together.

Figuring out a way for Willie Tyler to hold the Drummer in one hand and his pal Lester in the other was a bit of a trick, but Lester worked it all out.

There were two civilians among the presenters - Irving Azoff, who discarded his prewritten script entirely to the delight of the industryites, and Dick Griffey, who was conscripted at the last moment to present with Stevie.

Actor Albert Popwell welcomed the 'exercise for the eyes' provided by his sexy co-presenter BernNadette Stanis.

Doing double duties as performers and presenters were two sets of twins: Dwayne & Darryl Mooney and Andre & Sandra Crouch along with Paul Mooney.

In addition to being television stars, Brian Mitchell and Nia Peeples proved to be down-to-earth, truly talented and deserving of all the success that has come to them.

Despite what seemed like 100 script changes on the spot, our own Jerry Boulding never flubbed a line.

QUESTION OF THE WEEK: Will the BRE Awards be televised next year?

dancers. Demos: Young adults.
