### **Baptism By Fire: New PDs Survive** First Spring Book . . . And Beyond

by Jeff Silberman

In 1988, Clarke Ingram took the PD post at KRQQ Tucson, Ariz., and prepared for his first spring book. "The station had an 11.2 [share], and we weren't happy with it," he recalls, chuckling. "Yes, those were heady days." Ingram, who now programs WPXY Rochester, N.Y., led the station to a 15.8 that spring, on its way to a peak of 22.4, for one of the best first books ever.

For a new PD, the first spring book is a baptism of fire. It's not as simple as devising a great strategy and setting the cruise control. Here are the perspectives of a couple of first-time PDs, as well as the recollections of those who survived and prospered through their first spring books.

Not only is this Joey Arbagey's first spring book as PD of KMEL San Francisco, it's his first official Arbitron quarterly, period. "There's a tremendous amount of pressure to create ratings," he admits. "There are a lot of ways to do that; we have a lot of strategies planned. But it's more important to stay focused on what we're doing now-and try to plan strategically for the future. I don't let trends change my focus; that's the No. 1 rule that I never want to break.

Even though Arbagey's initial trends as PD have been encouraging, things aren't improving fast enough for him. "We're trending up—just not as much and as fast as we'd like. Everything's there—the music and promotions are great. Our goal is to get out of the stigma we're in. The last Mixmaster test found that the same people still listen to KMEL, but we have to convert more P2s to P1s

#### Dick Clark To Host Radio Awards Show

Radio icon Dick Clark will join the Billboard/Airplay Monitor Radio Seminar and Awards as host of the closing-night awards din-

ner and show. The seminar is to be held Sept. 17-19 at the Pointe Hilton Resort at Tapatio Cliffs in Phoenix.

Clark, one of the world's best-known entertainment personalities, comes to the program with a rich history as a radio innovator, TV host, and business execu-

tive. He hosts two nationally syndicated radio shows, "Dick Clark's Rock, Roll And Remember" and "Dick Clark's U.S. Music Survey," and the live "Good Ol' Rock'n'Roll" show.

He has written several books, including "Rock, Roll And Remember" and, with Billboard's Fred Bronson, "Dick Clark's American Bandstand," a coffee-table book that follows his role as host of the long-running "American Bandstand" (1952-89), which maintains the record as TV's longest-running music/variety program. It is also the winner of two Emmy Awards.

Clark's recent honors include induction into the Rock And Roll Hall of Fame and the Distinguished Service Award from the National Assn. of Broadcasters, along with a total of seven Emmys—three as host of his "\$20,000 Pyramid" and \$25,000 Pyramid" game shows—a special Emmy Lifetime Achievement Award, and a Grammy Award. He also won the 1991 Bill-board Radio Award for his syndicated "Countdown America." Clark has the unique distinction of being the only personality to host series on all three networks and in syndication at the same time.

He is chairman/CEO of publicly owned dick clark productions and hosts TV's annual "Dick Clark New Year's Rockin' Eve" specials, "Bloopers" series and specials, and numerous retrospectives centered on "American Bandstand," which now airs on VH1. He also produces the annual American Music Awards.

Clark began his career at the age of 17 at WRUN Utica, N.Y.

ith the top two stations in Los Angeles broadcasting *en español*, it's hardly surprising to hear that Chancellor and Capstar have just sunk approximately \$25 million into a 20% piece of the Z Spanish Media Corp. Chancellor is teaming with the investment firm TSG Capital Group in an effort to bring Spanish stations into the Hicks, Muse conglomerate. Z Spanish Media currently owns 22 Hispanic stations in California, Texas, Arizona, and Illinois. The partnership's statement promises that the alliance (which also includes Lin Television) will "capitalize on investment opportunities in broadcasting entities across a broad spectrum of ethnic ownership."

#### Sister Hazel Stays In Running For Record

t 61 weeks on the adult top 40 chart, Sister Hazel's "All For You" (Universal) has tied Duncan Sheik's "Barely Breathing" (Atlantic) for the most weeks on that chart. If Sister Hazel manages to stay above No. 20 next week, the song will be the longest-running adult top 40 hit on the chart. The other longstanding hits on that chart: The Wallflowers' "One Headlight" (Interscope) lasted 55 weeks; Hootie & the Blowfish's "I Go Blind" (Reprise) and Goo Goo Dolls' "Name" (A&M) are tied with 52 weeks; and Tonic's "If You Could

Only See" (A&M), which moves to reccurent this week, spent 51 weeks on the adult top 40 list.

Last week, the Spin shed some light on why **Green Day's** "Time Of Your Life (Good Riddance)" (Reprise) was turning around at radio. This issue, Green Day narrowly averts slipping into reccurent status on the adult top 40 chart because of a 16% improvement in spins that lands the track at No. 19. Titles below No. 20 move to recurrent after 26 weeks. Again, the 20-week rule that a song on the chart for more than 20 weeks will not receive a bullet even if it registers an increase in detections has been waived. Meanwhile, on the top 40 mainstream chart the song moves 38-35 in its 20th week

Two songs are re-entering the charts after a four-week absence. **Hi Town DJ's** "Ding-A-Ling" (Restless) re-enters rhythmic top 40 at No. 37. The song spent five weeks in its first chart run, peaking at No. 29. **Eric Clapton's** "My Father's Eyes" (Reprise) rebounds at modern adult to No. 29 after a four-week absence. Its first chart run lasted 13 weeks, and it peaked at No. 21.

NEW ADDITIONS: Effective this issue, the following stations join the AC panel: WRSN Raleigh, N.C. (PD: Bob Bronson, MD: Jim Kelly, 919-877-0939); WMJJ Birmingham, Ala. (PD/MD: John Stuart, 205-942-9600); and WTVR Richmond, Va. (PD/MD: Tony Florentino, 804-355-9600). New to the adult top 40 and modern adult charts is WPNT Milwaukee (Interim MD: Lisa Greene, 414-454-0800). Exiting the rhythmic top 40 chart due to a format change is KPTY Phoenix.

MUSICAL CHAIRS: Sources say that **Doug Morris'** ascension to the crown of the combined PolyGram/Universal Music Group operation is imminent and that PolyGram president/CEO **Alain Levy** will exit at that time.

Curb VP of promotion Ric Lippencott will join Maverick as head of promotion, replacing Terry Anzaldo June 22 . . . Trauma picks up Levitation Entertainment's Ted Taylor for national alternative promo duties, replacing the departed Kim White. As of July I, Dallas regional promotion rep Mary Dew will move to Los Angeles as national rock promotion director. Job seekers should note that Craig Lambert is looking to fill Dew's Dallas shoes with a promo professional.

KFMB-FM (Star 100.7) San Diego is following last year's heavily publicized roller-coaster marathon with Whirl 'Til You Hurl II June 30. #### **Even Now: New Stations To Be Excited About**

don't know how it still happens. I try to spend more time outside the office and away from airchecking these days. When I listen to radio, it's as often from Europe as the U.S. And with consolidation allegedly exacting its toll on radio programming, there shouldn't be much shaking on the programming side. But I keep finding new radio stations that fascinate me.

Some I've found on the Internet. Some I've found in recent travels, even though I no longer drive 300 miles just to hear radio stations. In the past, I could've offered you airchecks of most of these. Since I'm no longer driving with one hand and airchecking with the other (particularly since the passage of tough new "guys who drive with one hand and aircheck with the other" laws in many states), I could use tapes of most of them myself.

This list doesn't include some of my perennials (KHFI Austin, Texas; WKXJ Chattanooga, Tenn.; WFLZ Tampa, Fla.; WKSE Buffalo, N.Y.; WKQI [Q95.5] Detroit). It also doesn't include some stations that look good to me on paper but that I haven't heard lately (WSNX Grand Rapids, Mich; WFBC-FM Greenville, S.C.) and a couple of new stations that I'm eager to hear (WLLD Tampa, Fla.; KISV Bakersfield, Calif.). It also doesn't include any country outlets, now that the current-based, uptempo country stations of the early '90s are almost extinct. In alphabetical order, here's what I've enjoyed lately:

• **KCMG** (Mega 100) Los Angeles: A breakthrough station for the R&B oldies format. Poppier and better-produced than many of the others, it's already inspired at least one copycat, with probably more to come.

• KHTS (Channel 933) San Diego: It's nearly 2 years old, but it's on the Internet now, so I'm hearing KHTS regularly (www.channel 933.com). With heritage top 40 sister KKLQ (Q106) scheduled to go Spanish soon, it's starting to work in more Fastball and Marcy Playground (a rhythmic remix!), meaning that I finally get to hear those records on the same station as Mase, Public Enemy, and Pras Michel. And that's not so different from what Q106 did in its late-'80s heyday.

• KXME (Xtreme Radio) Honolulu: Then there's Jerry Clifton's flagship top 40, which mixes Da Real One with Sublime album cuts. Ironically, the success of Clifton's late-'80s churban outlets convinced many PDs that this sort of mix would never work again. Now, both Clifton's KPTY Phoenix and client WXYV Baltimore are using a variant on this formula.

• WBLS New York (www.wbls.com): New PD Vinny Brown has recast this long-suffering R&B outlet in the spirit of his WRKS circa the late '80s: a mainstream R&B station that targets 25-44 and plays rap but dayparts it carefully. If it doesn't have the momentum of Emmis' younger-end rival WOHT (Hot 97) yet,

it's still the most coherent WBLS in years. And it's not that far from the formula Emmis is using successfully at WTLC-FM Indianapolis (www.broadcast.com/radio/urban/wtlc).

• WINX Rockville, Md.: Profiled here recently, '70s-style high-energy top 40, with lots of unusual '80s oldies, on a suburban AM.

• WJET Erie, Pa. (www.jet102.com): Another recent Internet debut. One of the few smallmarket top 40s I've heard that sounds truly comfortable being in the format. And given that WJET is the No. 2 top 40, behind WRTS (Star 104), Erie must be a great top 40 battle.

• WKSS Hartford, Conn. (www.kiss957. com): First it lost its morning man. Then an R&B AM debuted and took several shares just because WKSS was no longer covering that position. But WKSS has successfully reinvented itself as a rhythmic outlet and rebounded. And even as rhythmic outlets elsewhere struggle for direction, Kiss proves that there is indeed a position somewhere between a pop/rock-driven top 40 and an R&B outlet. (The new WXXP Long Island, N.Y., sounds very different but is working a lot of the same turf and is equally intriguing.)

• WMVX (Mix 106.5) Cleveland: Also profiled recently. This Jacor adult top 40 takes WPLJ New York's successful early-'90s formula to the next level, playing Kiss, Def Leppard, and AC/DC because it is, after all, Cleveland. It's not on the Internet, but WERO Greenville, N.C., has been doing a slightly lower-decibel version of the same format since segueing back from classic hits, and it is (www.933wero.com).

• WMXR Hanover, N.H. (www.magic94fm. com): Even if all the other stations that tried to play '70s oldies were still here, the best one would still be this small-market outlet that sounds a lot bigger. Enough variety that an industry person can listen to it for fun; not so much variety that you wonder if the programming folks know what they're doing.

• WNRQ Nashville (www.broadcast.com/radio/classic\_rock/wlacfin): The former WLAC-FM is exploding at the same speed as a WHTZ (Z100) or WKTU New York did at their inception—No. 2 in the market in just a few months. Its positioner, "Classic rock that really rocks," is already being copied nationwide. Its real contribution, however, may be tapping into early-'80s rock (the Benatar/Petty years) in a way that few other stations have. If that era gave us "kickass AOR," this is "kickass oldies."

• WZZP (Fun 107) Atlantic City, N.J.: Several months ago, it signed on with rhythmic top 40 as a stopgap measure until new owners could close. The top 40 format probably won't survive, and so far, it's only sweepers, no jocks, and less than 100 titles. But the music is great, making it the best "stunt that should really be a radio station" since Guy Zapoleon's KNRJ (Alternative 96.5) Houston in the early '90s.

faster in a market where too many stations are going after our audience.

"I'd love to rock the boat as soon as possible and make the changes all at once," he continues. "In fact, we're planning major summerbook corrections starting in the first week of July." Why not now? "A tremendous amount of information needs to be processed, dissected, and analyzed before we put it into action. We've got the music; now it's a matter of marketing and promotion."

Through all this, Arbagey can count on some top-drawer support. "I'm learning a tremendous amount every day from peers and mentors such as Jim de Castro, John Madison, Steve Rivers, and Dave Lebow. They make me feel very comfortable in making the right moves."

However, there are times when changes have to be made in the final weeks of a book. "In a perfect world, you make all the tweaks and adjustments before the spring and fall books hit," notes recently arrived WKRQ (Q102) Cincinnati OM Mike Marino. "But at the same time, you have to be flexible enough to make quick adjustments. In fact, we just made some music changes here. The station had gone too far in one particular direction and wasn't mass-appeal enough for the marketplace."

#### QUICK FIXES, LONG-TERM GOALS

Jacque Gonzales James couldn't wait to make changes, either. She started her first PD gig at KPSI-FM Palm Springs, Calif., June 1, giving her a mere 30 days to contribute to the spring effort

"I'm jumping right into everything and trying to make the proper adjustments that need to be done immediately to have some impact on the last four weeks of the book," she says. "I started on the music—the formatics and clocks—by adjusting flow and rotation, increasing power rotations to play what listeners want."

The fastest way to find that out? "Going out on streets, visiting businesses, and talking to listeners to find out what they expect from the station that they haven't received."

Another way to create instant top-of-mind awareness: a station concert, booked for June 22. "It gives us two weeks of good promos to nume the show" she says

pump the show," she says.

Through it all, James has experienced a crash course in PD time management. "I haven't done all I wanted to do, being barraged with calls and meeting the jocks and listeners. Welcome to the PD world: You'll never get as many things done during the week as you want until you learn to shut your door. But even when the goals are difficult to do all at once, I've eventually met them.

"To accomplish my original goals, I've got to make immediate adjustments, then get more attuned and focused in the summer to be ready for the full."

#### SECOND TIME AROUND

John Thomas is programming his second spring book at WSNX Grand Rapids, Mich.—and the differences are striking. Last year, he had just settled on a rhythmic lean, and, complemented by a big spring promotion, WSNX rose two points in the spring book. This year, with the station No. 2 in the market, the sound's the same, even with a new high-rolling competitor that's hoping to impede WSNX's ability to control the top 40 and R&B franchises simultaneously.

Mainstream top 40 rival WVTI (196) "has spent a lot on TV and bigger-than-life promotions," he says. "And they have made an impact in our numbers. We could've looked at them and got sidetracked, but we stayed true to what we do. Sure, there will be some sampling, but we can't touch the essence of our station. We stayed on our game plan and didn't flinch. By doing that, WSNX is still growing."

Ingram experienced similar pressure when a new modern rocker signed on. "In the spring of '95, [WNVE] the Nerve came into being," he recalls. "Certainly, we tightened up and de-

fended our core, but having said that, we still stayed the course. If you're properly researched and focused, you realize that every new station will enjoy a honeymoon period of three to six months, then things will settle down. The danger is to not overreact; you let them prove themselves."

The only noticeable change comes from Thomas himself. "I'm a much better manager now," he asserts. "Last spring, I would get upset at sales or something and fought battles that didn't really matter. Now it's focus, focus, focus. In the past 18 months, I've learned to understand what the important things are and to focus on them totally."

#### THIRD TIME'S A CHARM

Nikki Nite is "celebrating" her third spring book as PD of WWXM (Mix 97.7) Myrtle Beach, S.C.; her biggest change since year one is that she now oversees two other stations. But that hasn't altered her programming strategy. "We want to keep WWXM as top of mind as possible," she says. "So we do at least one promotion to generate a lot of talk. Last year, we said we'd be playing 'our last three songs.' People thought we were going off the air. It turned out to be a contest where listeners who named the last three songs we played won \$1.000.

"This year, we circulated winning dollar bills on the [Myrtle Beach] Grand Strand. Whoever had the serial number of the winning bill could win \$97,000. Retailers called us to complain about people coming in just to cash their big bills for singles."

Musically, while Nite believes in "staying the course" regardless of what the competition does, she isn't above using her cume to take advantage of the hits. "When a modern rocker came on, we cherry-picked their big hits, which turned out to be big hits for us, too. They didn't own anything mass-appeal; that's one of the advantages to being a top 40."

WNCI Columbus, Ohio, PD John Dimick seconds Nite's use of cume as a weapon to ward off competition. "Cuming about 27% of the market, we usually try to lead the way," he explains. "But once in a while, if the competition gets off a lucky shot, we're right there. The winner in confusion is always the station with the most cume. People assume that if they hear about it on WNCI, they heard it here first. We've used cume to effectively squash competitors' promotions and even their signons."

#### CONTRADICTION IN TERMS?

If there's one thing all these programmers came away with from their first spring book, it's the importance of devising a detailed game plan and sticking to it—yet at the same time being flexible enough to tweak if the situation warrants. "You defend your turf in a way that doesn't dramatically change your station," Ingram suggests.

However, Marino takes a slightly different tack. "I never change based on the competition," he says. "We may adjust, but we're always proactive rather than reactive. If you let your competition control what you do, you'll take your eye off the ball and fumble everywhere."

As important as the spring book is to their stations' sales departments, first-time PDs like Arbagey and Gonzales James already realize that to truly succeed, the strategy doesn't end June 30. "I pretty much program what I program, 24-7, 365 days a year," Marino says. "I don't program against my competitors or against Arbitron. I make adjustments based on music supply; I'd much rather program to an audience based on research and intuition than to things Leng't control."

On that point, Dimick heartily agrees. "I'm a big believer in constant corrections," he says. "We listen to the radio each day and figure out what to do better tomorrow, then listen to the changes we make. There may be more pressure to win in the spring and fall books, but we succeed by programming the station to win every day . . . and the books will find themselves."

# **MONITOR PROFILE**

### Tommy Austin Enjoys Programming On The Top 40 Playground At Portland's KKRZ

orking for programming aces like Dan Kieley and Ken Benson gave Tommy Austin ample knowledge with which to take the helm of heritage top 40 KKRZ (Z100) Portland, Ore. Still, Austin admits, "the pressure is enormous. Probably the biggest difference in being PD is that the big-picture stuff is minute compared with the day-to-day things you've got to do to maintain the station's momentum."

Austin grew up in South Dakota; his first gig was at the age of 13, working for Kieley. He eventually reunited with Kieley at KDWB Minneapolis, where he moved up the ladder until the KKRZ APD/MD gig opened up. "It was tough to leave home, but I knew that going from AMD to MD/APD at KKRZ was a huge move. Plus. I always wanted to work for Jacor."

Over the next two years, Austin worked under PD Benson, who himself was at the center of many a job-opening rumor. "A lot of people wanted to hire Ken because he's so talented, but he was always waiting for the perfect opportunity," Austin notes. "He was pretty straightforward in letting me know what was going on."

Tommy Austin Program Director KKRZ Portland, Ore. 'There's no
reason to be
ashamed of what
top 40 is—its
flavor is mostly
playground'

Once Benson was lured away to MTV, Austin became the natural choice. "Philosophically, Ken and I were on the same page—there was nothing I was salivating to change. I didn't want to do anything too complex. I wanted the station to stay at the same level of play [at which] it has always been. So I let everyone do their jobs and not micro-manage—just go with the flow and not rough the waters.

"I had little desire to put my personal stamp on the station," Austin continues. "I didn't want to veer to the right or left musically. I just wanted to keep the mother mass-appeal."

As it was in Minneapolis, mass-appeal in Portland is mainstream pop hits but with a definite rhythmic lean. "Top 40 has always leaned rhythmic," Austin asserts. "There's no reason to be ashamed of what top 40 is—its flavor is mostly playground."

Here's a typical hour on Z100: Paula Cole, "I Don't Want To Wait"; Brandy & Monica, "The Boy Is Mine"; Savage Garden, "Truly Madly Deeply"; Next, "Too Close"; Alanis Morissette, "Uninvited"; 'N Sync, "I Want You Back"; Celine Dion, "To Love You More"; Notorious B.I.G., "Mo Money Mo Problems"; Third Eye Blind, "How's It Going To Be"; Destiny's Child, "No, No, No"; Shania Twain, "You're Still The One"; Sugar Ray, "Fly"; and Brian McKnight, "Anytime."

Austin isn't afraid that the younger-appealing rhythmic tracks will alienate his adult audience. "I think adults like those records, too. They're not just for kids. Obviously, a larger amount of teens like rhythmic music, yet a substantial amount of adults will listen to a smaller amount of it."

When he first became APD/MD, KKRZ was facing a stiff challenge from new modern AC KBBT (the Beat), so its music stance was more adult. "Even so, we still leaned rhythmic," he claims. "Certainly, when the Beat came on, we

didn't change anything. We made subtle format adjustments and played more mass-appeal modern AC records. To be honest, they played—and continue to play—a lot of records that we won't touch. However, we do go out and own the ones we play, such as Alanis Morissette's 'Uninvited,' Goo Goo Dolls' 'Iris,' and Third Eye Blind's 'How's It Going To Be.'

"We rotate these records more often and do music promos that image them to us. We center weekend promotions around them. For our Lilith Fair weekend, someone wins free tickets and a limo trip to the fair every hour. That way, even though we may not play Sarah McLachlan as much as the Beat, this promotion gives the perception that we do."

Austin is blessed to have a veteran air staff who accepted the PD transition gracefully, recognizing Austin's segue from peer to leader. "There's a slight respect difference," he admits. "Yet while I'm a different person than Ken, I always took my job seriously as APD. Everyone knows I don't settle for anything less than 100%. That respect has been maintained to the point where I want to keep everybody intact. They're a big part of our success; every piece of the puzzle here is perfect."

Mornings is hosted by John Murphy, a market celebrity who has been at the station, on and off, since the mid-'80s. He is complemented by Valerie Ring, Dan Clark, and Nelson. "John's the anchor, but everyone else is in it together," Austin says. "There are no lesser roles. They have a great chemistry."

The rest of the lineup features middayer Stacy Lynn, recent KKLQ (Q106) San Diego recruit Dr. Doug in afternoons, MD Lara in nights ("the epitome of pop culture," Austin notes),

and DJ Erickson in late nights.

Promotionally, Austin is a firm believer in latching onto the top water-cooler topic of the day and creating something larger than life around it. Case in point: the station's "Titanic" promotion, which asked listeners to pick up clues throughout the day on where in the world the Heart of the Ocean necklace was hidden. The winner was flown to Halifax, Nova Scotia, to board a research vessel that went out to the actual Titanic site. The winning listener then dove in a submersible to see the wreckage.

"It was easy to throw a 'Seinfeld' party, but we took it to the next level," he adds. "We rented out a great theater, made big 'Seinfeld' character heads, and gave away tickets in high-traffic, easy-access areas to make it sound larger than life. We created a sense of urgency about the event."

Keeping a close eye on all the particulars helps Austin keep KKRZ on the edge and top of mind. "There's a big danger of running the station on cruise control, so we continuously reinvent ourselves," he says. "But we only do stuff that makes sense. If it means freshening the testimonial sweepers or coming up with innovative promos, those little things mean a lot

lot.
"I'm fortunate to have a lot of creative people here and at Jacor to help me image the station. Now I talk to B.J. Harris, Tom Owens, and Jack Evans. They're all amazing pros; there's an amazing mind structure at this company. They all get it."

Austin, whom we spoke to several days before classic hits KKRH returned to hot AC as Rosie 105, was already looking out for future competition. "I absolutely think about it. When there's new rivals, that's when you rely on and showcase your heritage. Obviously, you tighten up a bit, but there's not a whole lot you can do without messing up your strengths. That's when it becomes more of a record-to-record battle."

#### **Cash And Carey**

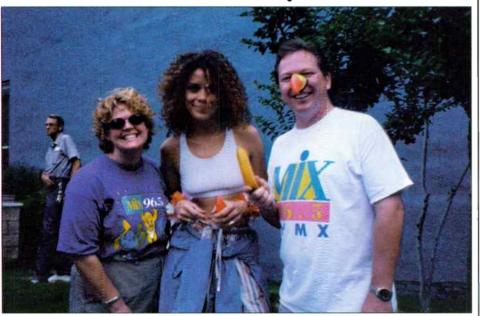

At KHKS (Kiss 106.1) Dallas' recent listener concert, Columbia Records artist Mariah Carey, left, pondered simultaneous marriage proposals from morning host Kidd Kraddick, kneeling, and Dallas Mayor Ron Kirk, standing. Left out: Derek Jeter.

#### The Sword And The Stoned

Re-enacting the climactic scene from the tale of King Arthur, WBBO (B98.5) Monmouth/Ocean, N.J., staffers celebrate the station's birthday. Unfortunately failing to remove the knife, from left, are PD Neil Sullivan, promotion director Teddy Louis, and APD/MD Rick Fox.

#### Guess Which One's The Wacky DJ

Elektra artist Rebekah, center, finds KHMX (Mix 96.5) Houston air personality Larry "What Nose?" Moon's choice of microphone rather appealing, while air personality Schelby Sweeney, left, auditions for a toothpaste commercial.

Records showing an increase in detections over the previous week, regardless of chart movement. A record which has been on the chart for more than 20 weeks will not receive a bullet, even if it registers an increase in detections. Airpower awarded to those records which attain 900 detections for the first time. If two records are tied in number of plays, the record being played on more stations is placed first. Records below the top 20 are removed from the chart after 26 weeks. © 1998, Billboard/BPI Communications.

## MODERN ADULT AIRPLAY

Monitor

For Week Ending June 14, 1998

		7	The chart and Power Playlists are based on a national sample of data compiled by Broadcast Data Systems' Radio Track service. 45 stations from adult top 40, mainstream top 40, triple-A and modern rock are electronically monitored 24 hours a day, 7 days a week. Songs are ranked by number of detections in monitored week. All stations continue to report to their primary format. Power playlists for top 40/mainstream panelists will still be found in the main-

Records showing an increase in detections over the previous week, regardless of chart movement. A record which has been on the chart for more than 20 weeks will not receive a bullet, even if it registers an increase in detections. Airpower is awarded to those records which attain 500 detections for the first time. If two records are tied in number of plays, the record being played on more stations is placed first. @1998, Billboard/BPI Communications.

Records showing an increase in detections over the previous week, regardless of chart movement. A record which has been on the chart for more than 20 weeks will not receive a bullet, even if it registers an increase in detections. Airpower awarded to those records which attain 1,100 detections for the first time. If two records are tied in number of plays, the record being played on more stations is placed first, @1998, Billboard/BPI Communications.

Records showing an increase in detections over the previous week, regardless of chart movement. A record which has been on either chart for more than 20 weeks will not receive a bullet, even if it registers an increase in detections. Airpower awarded to those records which attain 1500 detections (mainstream) or 500 detections (rhythm) for the first time. If two records are tied in number of plays, the record being played on more stations is placed first. Records below the top 20 are removed from the chart after 26 weeks.
