McLAUGHLIN

SUCCESSOR TO LOCKLEAR

Changing Planes While Hanging Head-Downward

UPSIDE-DOWN

Positively the Most Sensational and Thrilling Aviation Feat Ever Performed

At the Wisconsin State Fair on Saturday, September 6th (McLaughlin Day), McLAUGHLIN, following a great aviation act which played all week, scored the most sensational hit ever registered in the outdoor show world.

If you are interested in knowing just how great McLAUGHLIN is a wire to Secretary Oliver E. Kenney will bring a response that will give you the facts.

There may be many plane changers, but there is only ONE McLAUGHLIN who does the all-but-impossible tricks and changes planes in a manner impossible of performance by any other person in the whole world.

Get a glimpse of McLAUGHLIN at the Nebraska State Fair, the New York State Fair, the Maryland 7th State Fair, the Trenton Inter-State Fair, the Arkansas State Fair, the Mississippi State Fair, the Texas State Fair, the Arizona State Fair and at a few other high-class expositions. (And something tells us that when the ingenious gentleman at the helm of the Wisconsin State Fair learn of McLAUGHLIN'S latest thriller they will draft him to risk from the closing day at Wisconsin on Friday for the closing day at Missouri on Saturday. For Missouri never scores its previous walk a year to see a great NEW act developed after they made their original bookings.)

For information about a few open days between the above Fairs communicate with

WM. H. PICKENS, Stratford Hotel, Chicago.

Here comes McLaughlin's machine upside down, with pilot in head down, while hanging in the air. McLaughlin's airplane, built on the same principle as the airplane which was used in the famous stunt performed by the late, lamented, aviator, is the only one of its kind ever built. It is the only one of its kind ever built. It is the only one of its kind ever built.

EQUITY VOTES UNANIMOUSLY IN FAVOR OF "EQUITY SHOP"

Question Now Goes to Referendum of Membership

Vote Will Be Taken Soon, Is the Expectation

Ballots To Be Mailed to Every Member of Equity

New York, Sept. 6.—The Actors' Equity Association held a meeting last evening (Friday) afternoon, when the question of adopting the "Equity Shop" in all companies controlled by members other than members of the A. M. U. was discussed. This was the only business before the meeting and a resolution directing the Executive Council to obtain a referendum vote on the question and putting it into effect as far as possible was passed unanimously. By the resolution the Council has determined to let what managers and actors the "Equity Shop" shall be applied to.

The meeting was called to order by President Emerson after the Equity Shop was read. He stated that the meeting was called to discuss a referendum voting for the immediate implementation of the "Equity Shop" in all companies under the management of members other than members of the Executive Council of the Producing Managers' Association, which was declared out of order by him at a previous meeting. The Executive Council and Equity members then discussed a petition calling for this referendum to discuss the question.

Before the meeting discussed the meeting Mr. Emerson said he would like to introduce a resolution regarding the use of the word "Equity" at the meeting. He explained that the Equity Executive Council was the primary governing body of the organization and it was not right to call it "Equity" in writing which led to a discussion as to how the word should be handled. He stated that it would be unfair if a company of men whose name was allowed to include as a member that affected a much larger number of the membership and favored a referendum of the A. M. U. He said that the "Equity Shop" could not their say advancements could not be

SCREEN COMEDIAN SUED

New York, Sept. 6.—A dispatch from Los Angeles printed today states that Larry Semon, the screen comedian, is being sued by Albert E. Smith, president of the Vitaphone Company of America, for \$42,228 damages. It is alleged that Semon induced the state of his production for an unworkable figure, with the aim of forcing the Vitaphone Company to release him from his contract, which called for twelve two-reel comedies per year for three years. Of these only five have been delivered, and it is claimed that it will be impossible for Semon to deliver more than seven in the year. In the case of one picture it is claimed that \$22,000 when the actual cost was considered. Of the cost of damages allowed, \$20,000 is for the value of the five pictures that the company says it will not receive in the first year. It also demands that Semon remain in its employ.

WAVE OF THE TICKET CADGING EVIL SWEEPING THE COUNTRY

Is Unprecedented in History of Show Business

The Billboard Is Literally Flooded With Complaints

Outdoor Shows Are Feeling Abuse More Than Others

BEWARE of the ticket cadger! Never before in the history of the show business has there been such a wave of the ticket cadging evil as that which has swept the country this past few weeks.

From 25 per cent of the country The Billboard has literally been flooded with complaints of this nature. Every kind of situation is suffered from this abuse, but the shows playing out of doors in particular.

The complaints are in the majority against people who labor under the guise of performers and whose aim is nothing more than to prey upon the management for money in

NEW ORLEANS CRAFTS WIN IN WAGE SCALE CONTROVERSY

Ben Flamm, of Orpheum, First To Sign Agreement

Seager Amusement Co. Expected To Fall in Line

New Orleans To Be Practically 100 Per Cent Town

New Orleans, Sept. 6.—The threatened strike of the allied theatrical craft unions in a perfect and Thursday morning with all theaters and night shows with the exception of the downtown "Carnegie" signed the scale presented. Maurice Starr, supervisor of the Seager Company, which is operating on the approval of E. V. Richards, who is sure on his way home from Europe, and who has announced by wireless that his company will make peace with the various unions and then preserve industrial harmony in this city for another year at least.

On Monday morning the situation looked dark, but by noon Ben Flamm, manager of the United Theatrical Managers' Protective Association, which representative had been named for the "general protection" of the various theaters in the city, received a wire from the executive headquarters in New York instructing him to sign the conditions presented. The contract was signed at 10 a.m. and 2 p.m. the Orpheum opened with a full crop of new stage bands, residences and operators.

Other theaters, with the exception of the Loew interests, was not to sign, followed by Colonel Campbell, of the Telasco who had written from New York on the morning of that day. During the afternoon various other managers signed and by midnight the last day of August New Orleans showed up as the labor map of great industry in town, and it was an interesting fact that the manager, who has always been friendly at heart, will never get control on the arrival of Mr. Richards, who at once in the past has expressed himself as friendly to the theatrical workers and their various houses by the street.

The enterprises in the Strand and the Liberty are one of the fewest

COMMONWEALTH OPERA SEASON IS POSTPONED

New York, Sept. 6.—The National Commonwealth English Opera Company, which was to have opened a season of grand opera at the Lexington Opera House, New York, to-morrow night, issued a statement last night that owing to labor troubles, further complicated by some political and storm, it has been decided to postpone its opening until September 12.

There has been some friction with the company as to whether the Grand Opera Chorus Alliance of the street branch of Equity had the jurisdiction, and it was settled that the shareholders come under the jurisdiction of the Opera Chorus Alliance.

CHAUTAQUA DEPARTMENT

By FRED HIGH

WOODBINE CHAUTAUQUA

The Great Rural Activity That Is Attracting National Attention—A Community Affair That Is More Than a Theory

With the world in a common grip from every direction this season, it was to be expected that the following days will see nothing but a general strike for a general cause. You are hearing here now from Woodbine that will have their strike, but they are fundamental in their belief in the utility of this movement.

Woodbine Park Chautauqua is purely a rural affair. It is run by the people who live at Woodbine. It is the only one of its kind in the world. It is the only one of its kind in the world. It is the only one of its kind in the world.

This is the week-end of something that has had such wide publicity is a matter of paper and magazine that it has attracted the attention of a great many students of the human mind. Last week Mrs. Hanna represented the Woodbine office in Woodbine, N. C. and she came back for a second visit. She brought with her the Chautauqua Department, and she brought with her the Chautauqua Department, and she brought with her the Chautauqua Department.

Woodbine is a rural affair. It is run by the people who live at Woodbine. It is the only one of its kind in the world. It is the only one of its kind in the world. It is the only one of its kind in the world.

On the day the people were a little over the 1000 mark. Single children for two days. There is a lot of people. The time is very short. It will continue as it now is.

Woodbine is a rural affair. It is run by the people who live at Woodbine. It is the only one of its kind in the world. It is the only one of its kind in the world. It is the only one of its kind in the world.

The big crowd was the big affair. Woodbine is a rural affair. It is run by the people who live at Woodbine. It is the only one of its kind in the world. It is the only one of its kind in the world. It is the only one of its kind in the world.

Left is Mrs. A. A. Beckett with a Water Snake, E. W. Fox, Joe the Fish, Guy and Marie Bell, E. Bell and Her Two Other Fish Boys.

Woodbine is a rural affair. It is run by the people who live at Woodbine. It is the only one of its kind in the world. It is the only one of its kind in the world. It is the only one of its kind in the world.

The T. M. C. A. had a few more for lunch. They asked the people, and one of the girls came back for a second visit. They brought with her the Chautauqua Department, and she brought with her the Chautauqua Department.

TEACHING THE INDIVIDUAL

National Community Enterprises, Inc., Covers Great Field

The greatest growth in the entertainment field during the past few years has been the development of activities to be enjoyed by a great number of people, usually of groups or clubs, clubs, packs, etc.

Would you rather play golf or watch a ball game? Rather play music or attend a musical concert or watch an orchestra? In all these and in other amusements, National Community Enterprises, Inc., covers a great field. It is in these and in other amusements that the individual is being taught to enjoy the life he leads, and to enjoy it with others.

It is in this policy of amusements that the individual is being taught to enjoy the life he leads, and to enjoy it with others. The individual is being taught to enjoy the life he leads, and to enjoy it with others.

GREAT VALUE OF HOME TOWN BAND

Failures of Chautauque to Capitalize Local Bands—Essentials of Band Building—Results Obtained

By CLAY SMITH

Music is, and has been for ages, the greatest step-ladder to the attainment of higher civilization. The advance nations have used their music to lead their people to the heights of civilization and to the heights of material progress. The lower nations have used their music to lead their people to the heights of material progress.

The writer was born in a little country village in Indiana of less than one hundred people. All the ages of his life he has been surrounded by an expert choir, and some excellent instrumentalists, who have helped him to attain the heights of civilization and to the heights of material progress.

Having had a rather extensive education in the past twenty-five years I have not had occasion to mention to anyone but my friends and family that I have had such a good education. I have mentioned to my friends and family that I have had such a good education.

After the above account I believe the general reader will admit that I should have received a good education. I have mentioned to my friends and family that I have had such a good education.

After the above account I believe the general reader will admit that I should have received a good education. I have mentioned to my friends and family that I have had such a good education.

Have you noticed that the Safford Staff?

DR. F. EMORY LYON

All eyes in the profession, twenty years a member of the Safford Staff, Dr. F. Emory Lyon, has been elected to the position of President of the American Music Association. Dr. Lyon has been a member of the Safford Staff for twenty years, and has been a member of the American Music Association for twenty years.

NEW AND EASY WAY TO LEARN MUSIC

Learn To Play and Sing in Spare Time at Home—Every Step Made Simple as A B C by Print-and-Picture Lessons That You Can't Go Wrong On.

TRY IT ON APPROVAL

Entire Cost Only a Few Cents a Lesson—and Nothing Whatever To Pay Unless You Are Satisfied.

How often have you wished that you knew how to play the violin or piano—or whatever your favorite instrument may be—or that you could take part in singing?

How many an evening's pleasure has been utterly spoiled and ruined by the admission "I can't sing," or "No, I am sorry, but I can't play."

At all social gatherings, someone is sooner or later sure to suggest music. When the others gather around for the fun, the one who can take no part feels hopelessly out of it—a wall flower—a mere listener and looker on!

Or those long and lonesome evenings at home, when minutes seem like hours—how quickly the time would pass if you could spend it at the piano or organ—or in making a violin "talk," or in enjoying some other instrument.

And now—at last—this pleasure and satisfaction that you have so often wished for can easily be added to your daily life.

No need to join a class or pin yourself down to certain hours for lessons or practice. No need to pay a dollar or more per lesson to a private teacher. Neither the question of time nor expense is any longer a bar—everyone of the obstacles that have been confining your enjoyment to mere listening have now been removed.

My method of teaching music—in your spare time at home, with no strings attached to embarrass you—makes it amazingly easy to learn to sing by note or to play any instrument.

You don't need to know the first thing about music to begin—don't need to know one note from another. My method takes out all the hard part—overcomes all the difficulties—makes your progress easy, rapid and sure.

Whether for an advanced pupil or a beginner, my method is a revolutionary improvement over the old method used by private teachers. The lessons I send you explain every point and show every step in simple Print-and-Picture form that you can't go wrong on—every step is made as clear as A-B-C. My method makes each step so easy to understand and practice that even children only 7 to 10 years old have quickly become accomplished players or singers under my direction by mail. Also thousands of men and women 50 to 70 years old—including many who have never before tried to play any instrument or

taken a lesson of any kind—have found my method equally easy. My method is as thorough as it is easy. I teach you the only right way—teach you to play or sing by note. No "trick" music, no "stumpers," no makeshifts of any kind.

I call my method "new"—simply because it is so radically different from the old and hard-to-understand ways of teaching music. But my method is thoroughly time tried and proven. Over 25,000 successful pupils—in all parts of the world, and including all ages from boys and girls of 7 to 8 to men and women of 70—are the proof. Read the enthusiastic letters from some of them, which you will find printed at the left—samples of the kind of letters I am receiving in practically every mail. My file contains thousands of such letters. Largely through the recommendations of satisfied pupils, I have built up the largest school of music in the world.

But I don't ask you to judge my methods by

what others say or by what I myself say. You can take any course on trial—sing or any instrument you prefer—and judge entirely by your own progress. If for any reason you are not satisfied with the course, or with what you learn from it, then

it won't cost you a single penny. I guarantee satisfaction. On the other hand, if you are pleased with the course the total cost amounts to only a few cents a lesson, with your music and everything included.

When learning to play or sing is so easy, why continue to confine your enjoyment of music to mere listening? Why not at least let me send you my free book that tells you all about my methods? I know you will find this book absorbingly interesting, simply because it shows you how easy it is to turn your wish to play or sing into an actual fact. Just now I am making a special short-time offer that cuts the cost per lesson to two—send your name now, before this special offer is withdrawn. No obligation—simply use the coupon, or send your name and address in a letter or on a postcard. Instruments supplied when needed, each or credit.

Mr. David F. Kemp, President U. S. School of Music, 2050 Brunswick Bldg., New York City.

Please send me your free book, "Music Lessons as in Your Own Home" and particulars of your Special Offer of five lessons on any instrument.

The Billboard Committee Reports

There Is No Doubt But That These Reports as Received From the Committees Who Buy the Attractions and Who Do the Work That Makes the Chautauques Possible Will Be Studied as No Other Question Is Studied That Will Come Before the Convention

There are many problems involved in a great variety and as these reports have shown as to how they are really being worked in these countries. It will take time to answer the questions, they are in the working and will have to be done. The report that has been the one so far will be the working paper that will be given to the committee. It will be the first step.

There is no one to say any more in particular. The work that is to be done in the future will be to see that the work is done in the best way possible. It will be the first step in the work that is to be done.

A word to the wise is sufficient to understand. They have been working on this for some time and will be able to do so in the future. It will be the first step in the work that is to be done.

It is not possible to say any more in particular. The work that is to be done in the future will be to see that the work is done in the best way possible. It will be the first step in the work that is to be done.

THE FRED NALL SKATES

l Cioni

he Fred Nall
skate the most

skate made."

Cioni

HERE at last is a modern skate, designed and built to meet the demands of modern skaters and modern rinks. The old standards of skate construction no longer measure up to the new standards established in the skating business. And for that very reason the FRED NALL TWIN PLATE SKATE—an entirely new idea in skate design, a radical departure in skate engineering—has been placed on the market.

Edmund Cioni, the greatest piece of skating machinery that the world has ever known, was convinced by his first glance of the superiority of this new skate. But his endorsement, printed in this announcement, was given only after most rigid tests. "I consider the Fred Nall Twin Plate Skate the most scientifically constructed and fastest skate made." These are the words of the great Cioni.

The three features of the Fred Nall Twin Plate Skate that will impress you first are its beauty of design, its light weight and its extreme simplicity of construction. Here are just a few of the outstanding points of distinction: The double truss extending from heel to toe which prevents any possibility of the sole plate bending—the superior two-point bearing rollers—the adjustable knurled cone with large flange for lock washer, eliminating the use of "dust caps"—the large adjustable rubber cushions—the ball or socket joint, allowing practically a universal movement.

It is not possible to go into complete technical detail concerning the superiority of the Fred Nall Twin Plate Skate in this announcement. Write to the manufacturer—"America's Master Skate Builders"—for further information.

About This Season's New York Productions

WAGENALLS & KEMPER CO. Presents

"THE BAT"

By Mary Roberts Rinehart and Avery Hopwood

Considered as a bit of mystery writing and stage writing "The Bat" is a great success. From the first to the final curtain, the play is a continuous and gripping story. The plot is a masterpiece of mystery writing, and the acting is superb. The play is a masterpiece of mystery writing, and the acting is superb.

Profits are what you want
and profits are what you get with the wonderful Butter-Kist Popcorn and Peanut Machine that manufactures, advertises and sells famous, tasty Butter-Kist Popcorn and sells hot roasted peanuts and salted peanuts.

Read the letter written by Mr. Carey of the Famous Broadway Shows. He says, "Carey has a big bonus for this machine—always have been. If any country or state were to come up with about 10,000 there to write me."

The Butter-Kist machines will pay you the handsome profits that it is giving other countries men, their money and strength. \$6000 to \$50000 a year extra profit is what this machine pays, and you have the time and leisure to prove it.

Picture of Mr. Carey's successful Butter-Kist machine in his store.

The Butter-Kist Machine is a wonderful paper in the United States, London, Paris, Rome, Berlin, Moscow, St. Petersburg, Vienna, and in the Department Store, Drug Store, Ice Cream Store, Big Store, Restaurant, Hotel, and all the best stores, etc.

BUTTER-KIST POPCORN AND PEANUT MACHINE

Draws the crowd— Gets the money

Everybody loves popcorn, especially the Butter-Kist kind. Sell the machine that gives the people just what they want. Its fascinating operation attracts attention—the amazing fragrance of the popping corn draws trade for blocks—and the distinct Butter-Kist flavor brings them back for more. People don't get this really flavored popcorn. They add other machines. It's the only popcorn advertised nationally. The only popcorn with a country-wide reputation.

Free Book

Mail the coupon now

The Butter-Kist Popcorn and Peanut Machine is described fully in the "Free Book" America's Best Business. The book is 16 pages long. It shows some of the highest rated, paid for public opinion. It tells you how to get the machine, how to operate it, and how to sell it. A small amount more than the Butter-Kist Popcorn and Peanut Machine is made. You can get the "Free Book" by filling out the coupon, or by sending a check for \$1.00. The book is yours for the asking.

SUMMIT BEACH

Has Millions in Amusements

Popular Akron Park Has Shown Wonderful Growth in the Four Years of Its Existence

AKRON, O., Sept. 15.—(Special.) Beach Park, which extends to an almost three-mile stretch on the shore of Lake Erie, has been the scene of the most rapid and steady increase in popularity in the history of any beach in the world. Beach Park's expansion has been planned and carried out by the Board of Park Commissioners, headed by Mayor James A. Sherman in 1929. The Board's responsibility and long-continued efforts have resulted in the development of what is now known as the "Big Beach" of Akron.

In the first year of the season, a massive structure of amusements, known as the "Big Beach" building, was erected. This building, which is now the largest of its kind in the world, contains a variety of amusements, including a roller coaster, a merry-go-round, a Ferris wheel, and a variety of other amusements. The building is now the largest of its kind in the world, and is a major attraction of the beach.

One of the most striking features of the beach is the "Big Beach" building, which is now the largest of its kind in the world. The building is a masterpiece of modern architecture, and is a major attraction of the beach.

Dear Reader: Each is doing his with all his might and his strength.

More important to mention. Keep in the picture, it's the best for the good.

And just who has made up his mind to work against, "Moral" (Moral) system, how far are we heading? For in that direction, "Moral"?

Comprehension, that's the system, because the picture before you, and that the first one in business, more in the picture.

Working here it that thing, because here we have the first thing, and we have an advertisement in the picture.

That's the first thing in the picture, and we have an advertisement in the picture.

It was recently reported that the Guy, A. B. C. of the picture, and we have an advertisement in the picture.

for Medicine Men

OUR advertising department has uncovered a "treasure" of men who should be worth real money to medicine advertisers—those who work their drug store demonstrations. The dealer will be given to those who write. But quick action is necessary! Our advertising department will help you get it over, but as they can take care of only a limited few, it's "first come, first served", so make it snappy.

LITTLEJOHN FAIR SHOWS ARE HEAVILY DAMAGED BY FLOOD

**Cloudburst at Carlisle, Ky., Sweeps Everything
From the Midway But the Rides—Local Me-
chanics and Members Busy Rebuilding
For Dates To Follow**

Carlisle, Ky., Sept. 14.—The Littlejohn fair, which opened on the afternoon of Friday last and was the largest of the fair season—fairly speaking, big and well attended—was almost completely washed away by a wall of water that struck the midway at 10 o'clock on the morning of Saturday. The water, which was about 10 feet deep, swept away the midway and left the fair grounds a desolate scene.

"Does it pay? I'll say it does!"

Here's the money-maker for your American Box Ball. LESS per unit per year paid. Many representatives make \$1000 a week from just two days. Write us for the proof.

This Ball is 2 cents per player per game. Everybody has the price to play. And everybody wants to play this Ball. More sport than ordinary bowling. Shows excitement. Wins for the game as much as work. A crowd is always present.

Every feature automatic

Pins are reset and balls returned automatically. Electric-lighted scoreboard also operates automatically. These features make a big hit with the public. And they add to your profit. Automatic setting of pins and returning of balls speeds the game. No time is lost.

Take your time to pay

We help you start. Try this out in your own place. No money down. Balance from your profits. Learn what others have done. Write today for more exciting literature and full description of the equipment. **AMERICAN BOX BALL CO.** 303 Van Buren St., Indianapolis, Ind.

Let it rain pitchforks!

The audience will let the bits fly to the show if they know they will not get soaked by rain leaking through the "Big Top". Shows all year round and perfect treated with Preservo. And then, let it rain pitchforks—let it be your show. Preservo will do your circus a world of good. It will keep the outside dry and concealed in the wettest rain. Write for your requirements.

GUM MACHINE

SALESMEN OR JOBBERS! The Sanichu Trade Booster will make more money than any ten penny machines that you can operate.

Ten of these machines operated will yield you a net income of \$300.00 per month.

BALL CHEWING GUM

The best made—Manufactured by The Shelby Supply Co., Shelby, Ohio.

Single cases, \$30.00 — 5-Case lots, \$29.50 — 10-Case lots and up, \$29.00

FREIGHT CHARGES PREPAID

SANICHU PENNY GUM MACHINES

Right in size—Right in weight—Right mechanically—Last a life-time—Never out of order—95% slip-proof—Guaranteed to give perfect satisfaction—Highly ornamental—Always deliver the goods—Cannot be tampered with by children—Can be placed outside with safety—Not affected by rain, heat or cold.

The great trouble with all machines is their acceptance of slugs and, while slugs do not always work a machine, they make it necessary to take it apart to remove slugs. The Sanichu Machine not only does not work with slugs, but in 95 cases out of a 100 machines will throw the slug back to the player, thereby permitting the next player to play machine as usual. We have experimented with every make of machine manufactured and this is the "Machine Perfect," embodying all the good points and eliminating all the bad points of all other makes.

We guarantee perfect satisfaction with this machine in every particular.

SANICHU NUT VENDORS—PENNY OR NICKEL PLAY

The Sanichu Nut Vendor is the most attractive machine made and has the simplest mechanism possible. All parts made of aluminum and will not rust or corrode on account of contact with salt. A simple turn of a screw will adjust the price paid anywhere from 25c to \$2.50 per pound. The Sanichu is the only machine that has this adjustment feature and, with the high cost of nuts, you cannot afford to use any other.

For reading volumes, pamphlets, file-books, etc. The Sanichu file machine is the only satisfactory machine on account of flexible price yield.

SANICHU NUT MIXERS—The highest grade salted almonds, pecans and peanuts. It is the quality you want never buy any brand but Sanichu. Sanichu brand is the best in flavor—Lasts longer—and sells faster than any brand of nuts ever put on the market.

M. P. OPERATORS WILL NOT GO ON STRIKE

Amicable Settlement Is Reached With Vaudeville and Motion Picture Interests—Thirty-Three to Fifty Per Cent Increase

New York, Sept. 14.—There will be no strike of motion picture exhibitors, according to an American Association of Motion Picture Distributors' Press Release.

"The M. P. will stay in its holes," said R. H. Stone, president of the National Association of Theatre Owners. "You may say all that the men are doing here is to show jobs in an exhibition business." There have been several conferences between the exhibitors and the local motion picture associations, and the result is an amicable agreement. The men go back on Sept. 22 to the general session in Indianapolis. There will be no strike. The exhibitors will receive 25 and 35 per cent increase. The exhibitors will receive 25 and 35 per cent increase.

AEROPLANE CIRCLE SWING AND FROLIC

The Superior Shows received, at Wausau, Wis., the Frolic we shipped to them recently. We told them we could get a car promptly in which to ship it, and we did.

Two more Frolics are ready for immediate delivery.

Park men are placing orders now for Spring delivery of Frolics. They have found it doing a good business in parks this past summer.

Our Biplane Aeroplane Cars are a huge success. They double receipts of Circle Swings. We are improving the Biplanes for Fall and Spring delivery.

While we have been successful with the Frolic we do not neglect the Aeroplane Circle Swing, which is our specialty.

We have patent protection on both CIRCLE SWING and FROLIC, and trade mark on Frolic.

Carnival Men and Park Men receive the same prompt attention.

WRIGHT

PROCLAIMED

"KING OF THE AIR"

BY NOTED AIRMEN AND SHOWMEN AT AIR TOURNAMENT IN MEMPHIS, TENN., AUGUST 29, AND AS A RESULT IS FEATURED AT THE

TRI-STATE FAIR, MEMPHIS, TENNESSEE

ALSO AT FLORIDA STATE FAIR, SOUTH FLORIDA FAIR AT TAMPA, MOBILE FAIR AND MANY OTHERS, AS WELL AS TWENTY SOLID WINTER WEEKS IN CUBA AND SOUTH AMERICA.

WRIGHT changes either from top to bottom plane or from bottom to top plane.

WRIGHT walks entirely across the top wing while in mid-air.

WRIGHT stands upright on top wing while pilot loops the loop.

WRIGHT stands on his head on top wing with arms and legs extended.

WRIGHT winds up this marvelous act to wing skid with the aid of a small wire cable.

WRIGHT has startled the aeronautical world with his phenomenal trapeze work—ankle and toe-drops, tests, holds, etc.

WRIGHT winds up this marvelous and astounding performance by making from one to six consecutive parachute cutaways. (WRIGHT holds the world's record for twelve consecutive parachute cutaways.)

Famous stunt pilots accompany WRIGHT in this act—C. Eugene (Jazz) Johnson, George Haldeman and John Pricer.

Get busy, Mr. Fair Secretary. This is the best front gate drawing card in America today. There are a few open dates. Write, wire or phone.

AN AUTOMATIC FISHPOND
This is a new and improved fishpond... Price, \$15.00. Free catalog on request.

STRANGE as it may seem, the theatrical and circus concession business, altho operated by some of the shrewdest hustlers in the country, had not advanced one step from the methods in vogue at its inception until the advent of the famous "Frozen Sweets."

The method of doing business up to that time was the same as that pursued by concessionaires when pink lemonade was first invented.

The concession business is an isolated instance of a nation-wide business that has no conventions, no trade journals peculiar to its kind or other method of co-operation that tends to the upbuilding of a particular line of business.

It is natural therefore that it has lagged behind. Having no leadership, no method of assimilating ideas, it has waited these many years for the big idea—The Idea, the big Wallop.

It came.

In the "Frozen Sweets" the concessionaire finds a package of candy that appeals to every human instinct. The desire of something for nothing, the spirit of chance, and a delicious confection satisfying in quality and quantity.

This package, on the market only two years, has undoubtedly broken all speed records. Now producing over four million packages per month. This production sold exclusively in theatres and tent shows thruout the United States and Canada.

The "Frozen Sweets" are shipped by express, prepaid to any part of the United States.

Price, \$55.00 per thousand packages, shipped 250 packages to carton.

A deposit of \$10.00 required for each thousand packages ordered.

The "Frozen Sweets" are sold in multiples of 250 packages, but the most convenient method for purchaser is to order in units of 2,500, which contain 9 cases of regular stock and 1 case of "Ballys" or "Flash."

A sample carton of 100 packages shipped prepaid upon receipt of \$5.50.

We send full instructions for the sale of these goods.

To be successful you must follow these instructions.
