“Tony Bennett---A

“This ABC-TV telecast literally didn’t have a flaw in it, beginning to end. The pace was fast and without soft spots . . . Bennett has said his ambition is to do ‘just one special a year’. If they’re all as good as this one, we’ll be happy to wait.”

—*Chicago Tribune*

“The finest program of its type yet to appear this young season. . . . This show will be up for honors.”

—*Cleveland Press*

“This was Tony’s first special and it ought to be an annual event!”

—*Boston Traveler*

“What else can you say, after the lump clears your throat, about Tony Bennett pouring himself into a song. The special stands alone as the triumph of this season . . . It was television in its finest hour.”

—*Memphis Commercial Appeal*

“It came over as a top hour of first-rate popular music.”

—*New York Daily News*

“Belonged in the same lofty league as the much-acclaimed Sinatra and Streisand solo TV stints . . . For Bennett, singer’s singer, it was a triumphal hour.”

—*Philadelphia Inquirer*

“Mr. Bennett soared in his first solo-vocal flight on TV.”

—*New York Post*

“A gem . . . the musical blockbuster of the season, the Tony Bennett Show simply picked up all the marbles. In short, a winner. A bow to the musicians who backed him under Ralph Burns’ wing—to Buddy Rich, Milt Jackson, Paul Horn, Bobby Hackett, Candido, Tommy Flanagan and the rest—and a bow to Dwight Hemion for his staging. Dust off that Emmy. A gang of them.”

—*San Diego Union*

“His solo should be made an annual affair.”

—*Chicago Sun Times*

“Like wow! NBC had its Frank Sinatra special, CBS its Barbra Streisand hours. Now it’s ABC’s turn and the network had a real beauty in the Tony Bennett hour show . . . Tony Bennett is a first-rate artist . . . a member of that small, rare group that includes Sinatra, Streisand, Fitzgerald, Lee, Horne.”

RECORD MAN OF THE YEAR

The Billboard annual Record Man of the Year Award represents the collective opinion of the editorial staff.

"If imitation is the sincerest form of flattery—then Herb Alpert is the most flattered man in the United States today."

These words, delivered by William B. Williams, WNEW air personality when he introduced Herb Alpert & the Tijuana Brass at Forest Hills, sum up the attitude of the record industry toward the man whose imprint on contemporary American music may be felt for years to come.

Herb Alpert's accomplishments during 1966 cannot be summed up by chart performance alone—impressive as this performance is. He has demonstrated that contemporary music is not the exclusive province of the teen-ager (the Brass appeals to the young, middle-aged and the elderly), and he has also demonstrated that inventiveness pays off in the "easy listening" area.

Herb Alpert & the Tijuana Brass have dominated the 1966 album charts as no artist has ever before done in history. During the first 10 months of the year, the Brass sold more than twice the number of LP's as the Beatles and more than all the soundtracks combined.

The Nov. 5 issue of Billboard showed six Herb Alpert albums in the Top 100, five of them in the Top 50. And Alpert's latest release, "Mame," will certainly add a seventh to the list by the time this appears in print.

But Billboard's citation as Record Man of the Year is based not only as Alpert's performance as a recording artist, but on his achievements as a record executive. And the financial figures are as impressive as the chart information—with A & M Records (owned jointly by Alpert and Jerry Moss) grossing an estimated \$32,000,000 from record sales, concerts and television appearances during the year. The volume represents an 800 per cent increase over 1965 and nearly 120 times the company's earnings the previous year.

It all started in 1962, when Los Angeles-born Alpert was 25. He had been first trumpeter with the San Francisco Orchestra, and a bugler in the U. S. Army for two years. He had a year as an a&r man with Keen Records, did Jan and Dean's first recording session, and wrote "Wonderful World," which was recorded by the late Sam Cooke, and sat in on soundtrack sessions at the film studios.

Alpert and a young promotion man, Jerry Moss, scraped up a couple of hundred dollars, hired some sidemen and recorded "Twinkle Star," which they later retitled "The Lonely Bull." They backed it with "Acapulco 1922."

Alpert felt the finished product was good, but not good enough to compete with the 200-odd records which disk jockeys get every week.

So he took a sound engineer to the Tijuana bull fights and taped two hours of the band sounds, crowd noises, and "oles," dubbing some of these sounds on "The Lonely Bull." The result was an overnight success.

As the spiritual origin of the sound was Tijuana, and as Alpert didn't want the band to be tabbed as a Latin group, the name "Tijuana Brass" seemed to incorporate the elements of the group.

In December, the Tijuana Brass had its first album, named for the hit single. It was this album that served as the bridge between the teen and adult markets, with wide appeal to both.

During 1963 and 1964, the Tijuana Brass was strictly a recording group, with only one major personal appearance during the two-year stretch. It wasn't until 1965 that the Brass began its concert kick, with sellout crowds in such top stadia as the Hollywood Bowl and personal appearances on such top television showcases as "The Ed Sullivan Show."

One of the factors that make the Brass one of the most imitated sounds in contemporary music—and also one of the factors that make the group so difficult to imitate—is the fact that the sound is never static.

"Taste of Honey," for example, is completely different from "Zorba the Greek," and it's difficult to anticipate exactly what the Brass will be up to next.

Here's how Alpert views his art:

"It's a wild, happy sound, like the Mariachis. It's good-natured and full of humor. It's not a protest and not a put-down. I think people were bugged with hearing music which had an undercurrent of unhappiness and anger, even sadism. But our music you can get with in a hurry, tap your feet and hum along.

"I've never thought of the horn as a mechanical thing, an instrument. I've always been aware of the horn as an extension of my body, a part of me. It's another voice."

Herb Alpert & the Tijuana Brass have demonstrated the universality of contemporary music—among people of all lands and among men and women of all ages. They have demonstrated that there need be no distinction between commercial music and good music. And they have enriched the lives of millions. For these accomplishments, Billboard salutes Herb Alpert as the Record Man of the Year.

FRANK SINATRA

To arrive at the 100 top-selling album artists for 1966, Billboard's research department tabulated total sales of more than 4,000 albums from Jan. 1 through Oct. 8. Soundtrack albums and original cast albums were not figured in the totals. Had they been, the former would have been No. 2 and the latter No. 4. When two artists shared billing on the album, the points were assigned to both.

The International Influence of Billboard

GROWS and GROWS

The Music Trades Say:
WE MADE A BIG SCENE
...and we did

In 1966 (according to the trade charts) we wrapped up the total music publishing scene with the liveliest line-up of hit songs ever offered! There isn't enough space to list all of our great product but we can point out some of the notable highlights. We covered the TEEN SCENE with top recordings of **HAPPENINGS TEN YEARS TIME AGO – LOOK THROUGH ANY WINDOW – OVER UNDER SIDEWAYS DOWN** and **EBB TIDE**. The INTERNATIONAL SCENE with **YOU DON'T HAVE TO SAY YOU LOVE ME – TAR AND CEMENT – CAN I TRUST YOU** and **IN MY ROOM**. The BIG BALLAD SCENE with **SOMEWHERE MY LOVE – GAMES THAT LOVERS PLAY** and **DOMMAGE DOMMAGE**. The R & B SCENE with **TRY A LITTLE TENDERNESS – HURT** and **WITHOUT A SONG**. The BLOCKBUSTER INSTRUMENTAL SCENE with **LARA'S THEME – ZORBA THE GREEK** and **THEME FROM THE BIBLE**. The OLDIE SCENE with **GEORGIA ROSE**. And even the BATMAN SCENE with **BATMAN THEME** of course!

Now, watch us in '67 'cause we plan to make another big scene!

Because of the methodology, some of the producers whose records have a greater cumulative sales appear lower in the listing than they would have had the list been compiled on the basis of total sales.

The flavor of the year in talent has been captured pictorially in the pages of Billboard. The pictures on the following pages are not meant to be a chronology of the year, nor are they meant to evaluate the news events. They are meant, however, to give a broad impression of what sort of year it was for recording talent.

RCA VICTOR'S EDDY ARNOLD unabashedly displays his emotions upon being named to Country Music's Hall of Fame at the annual CMA banquet. The plaque that will reside in the Hall of Fame is at the right.

“The Chieftones”[®]

CANADA'S ALL INDIAN BAND

The New Smooth and Different Sound

The Chieftones[®]

Deliver a
Refreshing Sound
Designed to entertain the
young and old alike.

Management:
CHIEFTONES ENTERTAINMENT
ENTERPRISES, LTD.
SUITE 400, GAY BLDG.
MADISON, WISCONSIN 53703

Their outstanding display of showmanship, good musical styling, and remarkable freshness and charm won over the crowds wherever they performed. What they achieved, unbelievably, was their very intent and fond hope: to promote better Indian-non-Indian relations.

The Chieftones sing and play Rhythm and Blues, Folk, Western, Rock 'N Roll, Old Standards and even Religious types of music. It is soft and sweet in a Chieftones' Beat!

From a recording studio or a rehearsal or concert hall—from the musical theater—from television and radio—the sound of music written and performed by talented people can be heard everywhere today. *B* BMI in a little over a quarter of a century has developed an organization through which more than 10,000 writers and 7,000 publishers have chosen to license their music for public performance. And their number is in-

creased every day. *Through* BMI new talents have found an audience. New music has been able to gain a hearing. New vitality has been brought to traditional forms of music. The result has been an enrichment of the store of music to which music users and the public have access

No other music-trade publication gives its advertisers the global exposure, strength of editorial backing and proof of circulation claims that Billboard offers.

The nearly 70 years of international respect for Billboard's quality of journalism, scientific methods of research and high standards of business practice provide advertisers with an unmatched setting of prestige for their message.

With a world-wide circulation twice that of any other music-trade publication, only Billboard offers advertisers incontrovertible proof of circulation figures by opening its files twice every year for audit by the rigid and exacting Audit Bureau of Circulations (ABC).

Their reports detail for every Billboard advertiser just where his message goes throughout the world . . . who receives it . . . and how many receive it.

Basic Information That Every Advertiser Should Not Only Expect—But Demand!

9500 miles from Danang, Americans are fighting another enemy.

Inflation is a threat to every family's paycheck . . . to the strength of our nation itself. And while other Americans are engaged in the fight for freedom half way around the world, we must be increasingly alert to the dangers of inflation here at home.

American businessmen can help maintain a stable economy and curtail inflationary pressures through the Payroll Savings Plan for United States Savings Bonds. Money invested in Savings Bonds is actually an investment in the United States. It results in more effective

management of the public debt, maintains the value of the dollar and provides a firm base for family security.

In your plant or office, you can initiate and promote this program for systematic savings. Complete information is available from your State Savings Bonds Director or by writing the Treasury Department, United States Savings Bonds Division, Washington, D.C. 20226.

in your plant . . . promote the PAYROLL SAVINGS PLAN for U.S. Savings Bonds

The U.S. Government does not pay for this advertisement. It is presented as a public service in cooperation with the Treasury Department and The Advertising Council.

ON TOP SINCE 1894 IN CIRCULATION IN REPUTATION IN PENETRATION

No other music-trade publication gives its advertisers the global exposure, strength of editorial backing and proof of circulation claims that Billboard offers.

The nearly 70 years of international respect for Billboard's quality of journalism, scientific methods of research and high standards of business practice provide advertisers with an unmatched setting of prestige for their message.

With a world-wide circulation twice that of any other music-trade publication, only Billboard offers advertisers incontrovertible proof of circulation figures by opening its files twice every year for audit by the rigid and exacting Audit Bureau of Circulations (ABC).

Their reports detail for every Billboard advertiser just where his message goes throughout the world . . . who receives it . . . and how many receive it.

Basic Information That Every Advertiser Should Not Only Expect—But Demand!

ON TOP SINCE 1894 IN CIRCULATION IN REPUTATION IN PENETRATION

No other music-trade publication gives its advertisers the global exposure, strength of editorial backing and proof of circulation claims that Billboard offers.

The nearly 70 years of international respect for Billboard's quality of journalism, scientific methods of research and high standards of business practice provide advertisers with an unmatched setting of prestige for their message.

With a world-wide circulation twice that of any other music-trade publication, only Billboard offers advertisers incontrovertible proof of circulation figures by opening its files twice every year for audit by the rigid and exacting Audit Bureau of Circulations (ABC).

Their reports detail for every Billboard advertiser just where his message goes throughout the world . . . who receives it . . . and how many receive it.

“It’s good business to help colleges”

“Business has a direct and pressing need for colleges of high calibre. Carnation recognizes that its success tomorrow depends in large part upon the quality of the college graduates it hires today. We also benefit from the continuing stream of ideas and information which college researchers provide.

“Colleges are faced by the continuing pressure of higher costs due in large part to the demands of a more complex technology. To maintain their standards and to fulfill their crucial role, they need increased support by business.

“Carnation now provides voluntary financial aid to more than 125 colleges and feels that this is one of its best investments for the future.”

H. E. Olson, President
Carnation Company

A major problem in the education of students is rising costs. If companies wish to insure the availability of college talent, they must help support colleges with financial aid.

SPECIAL TO CORPORATE OFFICERS—A new booklet of particular interest if your company has not yet established an aid-to-education program. Write for: “How to Aid Education—and Yourself”, Box 36, Times Square Station, New York, N. Y. 10036

DENMARK

POLYPHON NORDISK
presents:

THE HITMAKERS

Came into being in 1962. Best achievement up to now: in 1965 when being nominated "The Danish Pop Group of 1966", which distinction they acknowledged with this year's greatest Danish hit on single, "Traed an ved makronerne" (Fall n at the macaroons), a slight parody of artists of topical success in June 1966 with their version of Beatles-tune "Michelle".
Members: Bjarne de la Motte, Steen Bergstrom, Torben Sardorf, and Jørgen Krabbenhoff. Perform in English and Danish.

THE SCARLETS

Came into being in 1963 as accompanists to Danish teenage singer Johnny Reimar, but played as a solo group as well.
Was extended in 1965 to include 2 girls, which gave the group a more glittering vocal touch.
Greatest hit in 1966: "She taught me how to yodel".
Latest single: "A little lovin' somethin'".
Members: John Fris, Leif Larsen, Steen Larsen, Jan Fettersen, Leticia and Lucienne.
Perform in English and Danish.

Label me Miss POLAR!
 POLAR has been one of the most successful labels in the local field in Scandinavia in the past 3 years. From now on we would like to take over rep. also for foreign labels. I'm sure we will be as successful in this field, and if we are, POLAR will buy me a whole dress. Wouldn't that be nice?

“It’s good business to help colleges”

“The greatness of America stems importantly from our many fine educational institutions, and industry is critically dependent on their graduates.

“The du Pont Company hires a large number of college graduates each year. As these employees gain business knowledge and experience, they supply tomorrow’s need for managers and leaders of our Company.

“In 1966 we will grant \$2,200,000 to 213 colleges and universities in all parts of the nation to help them educate leaders of the future. This represents the largest grant in the 48-year history of the du Pont Company’s Aid-to-Education program.”

Lammot du Pont Copeland, President,
E. I. du Pont de Nemours & Co. (Inc.)

A major problem in the education of students is rising costs. If companies wish to insure the availability of college talent, they must help support colleges with financial aid.

SPECIAL TO CORPORATE OFFICERS — A new booklet of particular interest if your company has not yet established an aid-to-education program. Write for: “How to Aid Education—and Yourself”, Box 36, Times Square Station, New York, N. Y. 10036

some folks have all the fun

But when their love of fun and folk music begins to take a serious turn, they usually turn to Gibson. Because a guitar is just a guitar . . . unless it's a Gibson.

A Gibson guitar is an incredibly exciting musical instrument, with a warm, sensuous tone and beautifully responsive touch—flawlessly constructed, crafted like a fine violin.

Gibson tenor and 5 string banjos, 6 string and 12 string flat top guitars and the handsome Gibson classics are for folk whose love of music has become a serious affair.

Gibson—choice of professional artists and acknowledged world leader in fine fretted instruments.

Gibson Instruments are products of CMI, Lincolnwood, Illinois.
