 Record club sales: 20% of LP's.

 Type of distribution: Opus and Supraphon own a chain of specialized retail shops. Pantan also sells through these. This accounts for 75% of total sales. The remainder is done through the manufacturer-to-wholesaler-to-retailer system, with the importance of manufacturers' wholesale departments growing.  
 Type of promotion: Government-controlled radio plays an important role in the promotion of pop records. Supraphon Record Club, which also sells Opus and Pantan records, is important in the sale of classical and some jazz and rock records. Supraphon's monthly magazine "G" and the company's advertising in cinemas are notable means of promotion.  
 Jukeboxes: 2,500.

## TAPE:

Market: There still is a lively interest in cassettes, but local production is low due to insufficient production capacities, and there is little importing. Both 8-track cartridge and pre-recorded video tapes are practically unknown.  
 Pre-recorded tape sold domestically including imports (retail value): Cassette 1978—250,000 units, \$3,047,500; 1977—286,000 units, \$3,540,680. Open reel 1977—7,700 units, \$170,170.  
 Average retail price per tape: Cassette—\$12.19.

## RADIO STATIONS:

No. of stations: 1 AM, 3 FM.  
 Comment: One radio station programs pop music almost exclusively, another is devoted to classical music. Almost 50% of broadcast music derives from records, mostly of domestic production. Regional programs may serve as talent scouts for new pop talent.

## TELEVISION STATIONS:

No. of channels: 2 government, 50% color (SECAM).  
 Comment: Easy listening and middle-of-the-road music predominates, with some emphasis also placed on local brass band music. Jazz and rock are featured in rare special youth programs. Most programs are of local production, some imported from other Socialist countries.

## IMPORT/EXPORT REGULATIONS:

Both license contracts and export/import deals are made with Socialist countries; importing of records from the West on a commercial basis is non-existent except for a minor amount of imports from India based on a governmental bilateral clearing agreement.

## MARKET ANALYSIS:

The demand for records and cassettes is growing faster than the supply from local production. Efforts are being made to increase the production capacities, but this will take some time. A more immediate solution is increasing imports and custom pressing from other Socialist countries.  
 Classical music forms the backbone of exports to the West. Cooperation with Nippon Columbia allows for some digital recordings. In pop music, the middle-of-the-road (MOR) orientation is moving toward more contemporary sounds. There also is an active interest in disco music. Nevertheless, the best selling items are still MOR-styled recordings by Karel Gott (a local phenomenon: 11 years the "number one" artist without any serious competition) or popular brass bands. Both types are successfully exported to Germany. However, export deals are more frequently done on a license basis rather than on a finished product basis.

Billboard 1979-1980 International Buyer's Guide

Average retail price per record: Full-priced LP's—\$9.95; EP's—\$3.75; singles—\$2.50.

Stereo sales: 99% of total.

Quadraphonic sales: .1% of total.

Record club sales: 10% of total.

Discounting: Frequent. The Aeaenilevytuottajat (IFPI) suggested retail prices were dropped on Jan. 1, 1977.

Type of distribution: Manufacturer-to-wholesaler-to-retailer system is becoming popular again with Finnscand, EMI Finland, Discophon and Polarvox as leading distributors. Aeaenilevytuottajat ry (The Finnish Group of IFPI) accounts for some 60 to 65 per cent of the total record and pre-recorded tape sales in Finland. Rackjobbers are responsible for 40 per cent of retail sales inside Aeaenilevytuottajat. Some 30 to 40 per cent of Aeaenilevytuottajat sales are through conventional record retail outlets. Direct imports, dumping and pirate sales are major problems.

Type of promotion: Government-controlled radio and TV networks are most important. Jukeboxes and discotheques (nearly 200) are other useful outlets. Radio Luxembourg with its good medium wave reception is quite popular among teenagers. Three summer rock and pop festivals feature many international acts. Three well established pop magazines: Musa, Soundi and Suosikki with a total circulation of 225,000 monthly copies give good coverage on both international and local artists. Television advertising is rather popular, though very expensive. There is no radio advertising. Newspaper and magazine advertisements are used regularly.

Jukeboxes: 3,500.

### TAPE:

Market: The sales ratio between records and pre-recorded tapes is 52 to 48 in favor of records. 8-track and open reel are now virtually non-existent. There are currently some 1,300,000 cassette recorder/players in consumer use. Most of these units are owned by teenagers, taxi drivers and other people on the move. Gasoline service stations are important retail outlets. Video is still on a small scale. Some 4 million blank loaded cassettes, mainly C-60, were sold in 1978.

Pre-recorded tape sold domestically (IFPI; retail, including tax): Cassette 1978—1,830,500 units, \$15,573,500; 1977—2,214,672 units, \$17,762,000.

Pre-recorded tape imported from USA (factory value, CIF): 1978—\$106,390; 1977—\$179,000.

Pre-recorded tape exported to USA (factory value, FOB): 1978—\$1,435; 1977—\$2,350.

Pre-recorded tape imported from countries other than USA (factory value, CIF): 1978—\$1,915,000; 1977—\$1,763,000.

Pre-recorded tape exported to countries other than USA (factory value, FOB): 1978—\$247,000; 1977—\$243,300.

Average retail price per tape: Full-priced cassette—\$10.50.

### RADIO STATIONS:

No. of government 3.

Comment: Program 1 is mainly spoken word, plays & topical shows. Program 2 is mostly popular, classical and jazz music with news and sports. Program 3 is Swedish language programming, available in coastal areas only. The share of music in the two Finnish language networks is about 60%, of which 30% is of domestic origin. Most musical programs, nonstop or with a DJ, are recorded. Live pop and rock concerts are rare.

### TELEVISION STATIONS:

No. of channels: 2 government; 80% color (PAL).

Comment: Oy Yleisradio AB, the parliamentary controlled broadcaster, is working on two channels nationwide. Television 1 is solely on VHF, while television 2 operates on both VHF and UHF. A private commercial company, Oy Mainos-TV-Reklam AB, buys time and sells it to advertisers (maximum 15% per hour). Programming is diversified and usually of high quality, though good musical shows are rarities. Private CATV broadcasting companies are operating here and there.

### IMPORT / EXPORT REGULATIONS:

There are no custom duties on imports from EFTA, United Kingdom, Denmark and the USSR. All imports, without regard to country of origin, bear an additional 2% surcharge. No licenses are needed, except for trading with Socialist Block countries. Exports are duty free.

### MARKET ANALYSIS

1978 was a big disappointment for the Finnish industry. Demand for domestic product declined badly, resulting in a 15% drop in IFPI group sales. Two IFPI members, both greatly dependent upon domestic material, encountered serious financial troubles, with one eventually going bankrupt. All this seemed to be closely connected to the recession.

Nevertheless, last year also saw the beginning of several independent record companies, with most being modestly run "workshops" that specialized in Sex Pistols-influenced new wave artists or talent despised by major companies. New firms making their chart debut in 1978 included Levytuottajat, Poko Records and Pekani Musiikki.

Television advertising of records and pre-recorded tapes hit high gear as a result of the launching of K-tel Int'l (Finland) Oy in January. Dealing with foreign material only, the company reportedly sold over 300,000 units by the end of 1978. Finnlevy and Scandia Musiikki, two pioneers of local television marketing, accepted the challenge by releasing many domestically compiled "foreign" tv-albums.

The first local tape pirate was caught last fall and will soon hear his sentence. Pirating is a serious problem and has prompted the music licensing organization TEOSTO and the local IFPI to begin an extensive search. It is estimated that one out of every ten pre-recorded cassettes sold in Finland is by some means dubious. Home taping is widespread and TEOSTO claims that composers and

artists are losing \$7.5 to \$10 million per year. Because local pressing plants can be easily controlled, however, record pirating is impossible. Kari Helopaltio.

# Why magazines are

The tangible values of magazine advertising don't change from year to year. But times change. And whenever they do, the values take on a sense of importance that no advertiser can ignore.

## Price

Magazines aren't impulse items. The average magazine costs more than a dollar per copy.

## Readership

Magazines aren't easily ignored. Starch INRA Hooper finds that the increase in advertising pages has had no effect on the level of advertising readership. It's as high as ever.

## Recall

Magazines aren't easily forgotten. Gallup Robinson finds that magazine advertising recall is on the increase.

## Response

Magazines aren't passive. Opinion Research Corporation finds that the prime prospects for most products are more likely to respond to a magazine ad than to a television commercial.

## Depth

Magazines aren't limited by a stopwatch. A magazine ad can deliver its selling points, in depth, in as many words as it takes.

## Believability

Magazines aren't easily dismissed. In a recent Opinion Research Corporation study, no less than 60 percent of those surveyed rated magazine advertising believable. And less than 40 percent rated television advertising believable.

## Usefulness

Magazines aren't trivial. They satisfy the need to know—in depth. And they cater to special personal interests like no other medium.

## Tangibility

Magazines don't disappear before your eyes. A magazine ad can put a message, a coupon, an offer, a recipe right in a prospect's hands to be reread, saved, clipped, mailed, acted on.

## Long-Term

Magazines aren't short-lived. Direct-response advertisers have proved that a magazine ad can produce results six months, and even a year, after publication.

## Short-Term

Magazines don't work slowly. For instance, one of the most immediate and effective media weapons in a sluggish sales climate is a multi-page magazine effort that coincides with specific promotion dates.

# Magazines. The

# tough to put down.

## Efficiency

Magazines don't cost the earth. They've held their advertising rates below the Cost of Living Index and the Wholesale Price Index. And in the past five years, their CPMs have increased at about *half* the rate of television's.

## Selectivity

Magazines don't reach for the world. And when it comes to zeroing in on prime prospects who are in the market for specific products, they're the number-one medium.

## Compatibility

Magazines don't have to fight for attention in a constantly changing environment. They create environments of their own. As a result, the advertiser purchases a frame of mind as well as a frame of reference for his ads.

## Portability

Magazines aren't stationary. They're take-alongs that fit into briefcases and tote bags for the beach, the boat, the train, the plane.

## Accessibility

Magazines aren't relegated to easily missed time slots. They wait for their readers to turn to them in their own good time.

## Segmentation

Magazines aren't inflexible. Almost one out of every five magazine ads runs in either a regional or demographic edition.

## Relevance

Magazines aren't passing whims. They're considered purchases. And the relevance of every issue must pass the supreme test: repeat sales.

And magazines have nothing to hide. That's why the MPA invites you to re-evaluate the balance of power between television and magazines in your media planning. And that's why we offer you an IMS computer run based on the Media Imperatives<sup>®</sup> and your prospects, your data, your dollars.

**RECORDS:**

Total records & pre-recorded tape sold at the retail level: 1978—5,000,000 units \$32,400,000.  
 Records imported: 1978—\$1,344,573; 1977—\$617,937.  
 Records imported from USA: 1978—\$177,642; 1977—\$49,375.  
 Records exported: 1978—\$1,276,602; 1977—\$1,256,160.  
 Records exported to USA: 1978—\$164,483; 1977—\$128,887.  
 Average retail price per record: LP's \$5 13-\$7 83; max: singles \$3.24; singles \$1.62-\$1.75.  
 Stereo sales: 100% of LP's.  
 Discounting: Frequent.  
 Type of distribution: Manufacturer-to-retailer predominates, with manufacturer-to-one-stop a second favorite. All the major record companies have their own branch offices in Thessaloniki, the second largest market after Athens.  
 Type of promotion: Television and radio are considered the best media for boosting sales. Greek artists and popular international singers such as Raffaella Carrà, Joe Dassin, Julio Iglesias, among others, have seen an impressive rise of their record sales after appearing on local television to promote their new recordings. Very much desired from both television channels are film clips of international acts which are given on loan by the seven major record companies. The two radio networks allot 15 to 30 minutes of daily airtime to each company for playing and advertising their new local and international releases. Although considered very expensive, airtime is a must for its daily repetition of records. ERT's Second Program, from 5-8 P.M. on Saturday, has a large audience, with one major record company after another having their commercial shows. Pirate radio stations run by students in cities such as Athens and Thessaloniki are very popular, with their continuous music (rock, disco and local music) having proved influential in record sales. The number one radio show in Greece is "Pop Club," broadcast every afternoon by ERT's First Program. Of the magazines that feature music news, "Pop & Rock" is first in sales, followed by "Ehos," "Mousiki" and "18." The Greek Song Festival, held every September during the International Fair of Thessaloniki, is another important means of promoting new songs and artists. Some popular singers and composers have found national tours, which have become frequent in the past two years, to be most prosperous.  
 Jukeboxes: 6,000.

**TAPE:**

Market: Cassettes now command 98% of the local tape market while 8-track has the remaining 2%. Open reel is used only by recording studios, radio stations and a few audio enthusiasts. Most pre-recorded cassettes are bought for automobile playback equipment. During the past few years more people have been buying expensive playback equipment for their homes. Since most consumers prefer to record their own choice of music, blank cassettes are popular with the home models. Tape piracy has become the most important problem for record companies and artists.  
 Pre-recorded tape imported: 1978—\$153,229; 1977—\$87,083.  
 Pre-recorded tape imported from USA: 1977—\$5,209.  
 Pre-recorded tape exported: 1978—\$6,529,871; 1977—\$5,142,127.  
 Pre-recorded tape exported to USA: 1978—\$953,504; 1977—\$49,393.  
 Average retail price per tape: 8-tr. \$4.72-\$6.48; cassette—\$4.72-\$6.75.

**RADIO STATIONS:**

No. of government 22. No. of AM 22; No. of FM 3.  
 Comment: Seventy percent of all programs feature recorded music, although during the past three years more programs of live music are being broadcast. There are two networks: ERT (Greek Radio and Television) and YENED (Armed Forces Radio & Television Service) which have their main studios in Athens and smaller studios in other cities. These branches carry most of the Athens broadcast programs interspersed with local news, music & commercials. Three ERT stations broadcast simultaneously on AM and FM, and are heard nationwide.

**TELEVISION STATIONS:**

No. of channels: 2 government, 50% color (PAL & SECAM).  
 Comment: Programs now include Greek, American and British serials, cartoons, talk show, sports, news, educational lessons, etc., with frequent links to Eurovision for the televising of such events as the Eurovision Song Contest, the San Remo Song Festival, among others.

**MARKET ANALYSIS:**

Tape piracy, with an annual loss exceeding \$54,000,000 and mounting, is the main problem of the Greek market. Record companies, with the help of police and private detectives, have taken more severe measures by raiding illegal tape factories and depots, seizing thousands of unauthorized copies. Meanwhile, P. Mikrelis, a manager of AEPI (Societe Hellenique Pour La Protection de la Propriete Intellectuelle SA) is being held in prison, accused of receiving large amounts of money from tape pirates. Still under consideration is a new law that would prohibit tape piracy and provide stiff penalties for conviction, which the current 40-year-old law does not provide.  
 In 1978, the "Saturday Night Fever" soundtrack was the first international double album to sell over 50,000 copies, and "Grease" followed closely behind. "Lemon Popsicle," an Israeli film with two dozen hits of the late 1950's and early 1960's, gave CBS the best seller of the first half of 1979. Boney M., Abba, La Bionda, the Bee Gees, and Julio Iglesias also were winners in a market which is now dominated by disco product. The num-

ber of discos doubled in the last year, while in Athens, Thessaloniki, and the Aegean Sea Islands, records played by disk jockeys include almost the entire Billboard disco chart. An old trend, now gaining momentum, is the Greek version of international hits by artists such as Yiannis Parios, Yiannis Pouloupoulos, Antonis Kaloyiannis, among others. **Lefty Konglides**

**TELEVISION STATIONS:**

**Comment:** Many serials are of German (both the Federal and Democratic Republics), British and French origin. News, commentary, politics, and specials are presented. In addition, many sports are offered, with football (soccer) being the most preferred.

**IMPORT / EXPORT REGULATIONS:**

Records and pre-recorded cassettes can be exported and imported only by Kultura—Hungarian Foreign Trading Co., which has exclusive rights.

**MARKET ANALYSIS**

Since Hungaroton has its own factory / galvanoplast, printing plant, printing shop, etc., the demand for records has been increasing. A new development during the past year has been the receiving of royalties by performing artists for records sold.  
 Tourists traveling to Hungary can import five LP's per person. When sending records as a gift, one LP can be sent duty free; for two records the duty is \$7.50 (150 florints), and for the maximum of five that can be sent, the duty is \$15 (300 florints).

### RADIO & TELEVISION STATIONS:

There is only one government-operated commercial radio

and television station, but there are many pirate radio

stations which continue on the air because of legal loop-  
holes.

### IMPORT/EXPORT REGULATIONS:

There is a 40% VAT rate, payable at the point of import on

the CIF value (30% of which is irrecoverable). For non-

members of the EEC there is an additional duty of 10%

which is levied before VAT and on which VAT is also pay-  
able.

### RECORDS:

Records: sold domestically including imports (retail value): LP's 1978—18,000,000 units; 1977—16,000,000 units. Singles 1978—25,000,000 units; 1977—21,000,000 units

Average retail price per record (including 14% AVT): LP's—\$5.99, Singles—\$1.53

Stereo sales: 96% of total

Record club sales: 1% of total

Discounting: Frequent

Type of distribution: The manufacturer-to-retailer system predominates. There is no rack jobbing. Wholesalers account for about 30% of the market. About 800 of the nearly 1,500 to 2,000 specialist shops are seen as being fully reliable by the industry

Type of promotion: Radio and television are the most important promotion channels, tours and live appearances by the artists are also highly effective. A few consumer newspapers (one of them a weekly magazine) prove influential.

Jukeboxes: 20,000

### TAPE:

Market: 8-track is virtually disappearing. Open reel and videotape data are unavailable but sales appear to be growing. Cassettes dominate the market, with hardware sales constantly increasing. In addition to the figures reported below, at least eight million more units were sold in 1978 as pirated or counterfeited product, currently amounting to nearly \$33 million. In 1978, the share of the cassette market going to illegal manufacturers was estimated to be 50-55%. (The 1977 estimated data included pirated product.)

Pre-recorded tape sold domestically including imports: 8-tr 1978—800,000 units, 1977—1,000,000 units. Cassette 1978—8,000,000 units, 1977—13,500,000 units

Average retail price per tape: 8-tr & Cassette—\$5.89

### RADIO STATIONS:

No. of commercial 2,000, no. of government 3

Comment: Local radio stations mostly FM have established themselves through wide but fractionated audiences. A few are seen by the industry as powerful promotion channels. National radio stations (RAI) are more into talk shows.

### TELEVISION STATIONS:

No. of commercial 300; no. of government 2 (80% PAL color)

Comment: National television stations (RAI) program music shows with wide promotional impact. Local stations, mostly UHF, are a recent innovation and they rely on movie films for programming. Music, however, is gaining some time with them.

### IMPORT/EXPORT REGULATIONS:

No customs are charged to members of the European Economic Community, but a 14% VAT must be paid on imports from all countries.

### MARKET ANALYSIS:

1978 proved to be an important year in the recent history of the Italian record industry as it meant expansion for most of the leading companies, with an overall growth between 13% and 20%, which indicates the market is overcoming the previous years' slump. Greater interest in disco music and the success of the "Saturday Night Fever" and "Grease" films and relevant soundtracks contributed much to the sales increase, but in general, the demand for all kinds of music increased, and the trend continued during the early months of 1979.

Italian artists, producers and composers found wider acceptance abroad than ever before, both in the conventional melody song-easy listening field and in the latest music business development—Italian-made disco music. This helped to bring in foreign currency, with companies such as CGD, CBS, Baby, Goody Music, Ariston, and R-Fi especially taking advantage.

The industry had to face stronger competition from record importers who secured a 10% share of the record market that is destined to grow to nearly 20% in 1979. Major record companies are particularly hard hit by the importers' action, as they also see their profits being eroded by piracy that represents a limited percentage of the record market but heavily affects the pre-recorded tape market. During the last months of 1978 and in early 1979 the industry was hindered by strikes concerning the renewal of the workers' national contract, which was eventually signed in the summer of 1979. The Italian consumers showed they are open to various types of music, from classical to rock to jazz, and this diversification of tastes is intensifying in 1979.

 LP's 1978—96,767,000 units, \$620,000,000; 1977—95,685,000 units, \$601,000,000. Singles 1978—103,028,000 units, \$196,000,000; 1977—91,614,000 units, \$173,000,000.

**Records imported from USA (factory value, CIF):** 1978—3,870,909 units, \$14,483,000; 1977—3,248,226 units, \$13,033,000.

**Records exported to USA (factory value, FOB):** 1978—752,000 units, \$2,280,000; 1977—349,000 units, \$1,140,000.

**Average retail price per record:** LPs—\$11.62. Singles—\$2.79

**Stereo sales:** 90% of total  
**Record club sales:** 10% of total.  
**Discounting:** Rare

**Type of distribution:** Manufacturer-to-retailer. "Contracted stores," record retailers who are directly connected with record manufacturers, constitute the core of the distribution system. This distribution system is supplemented by wholesalers who have their own distribution route made up of "non-contractors." Major mass merchandise discount chains and students' cooperative stores also handle records. Some retailers specialize in handling imported records.

**Type of promotion:** Radio and discotheques for international music and TV for domestic music are the most important means of promotion. There are several fan magazines which cover both the domestic and international music scenes extensively.

## TAPE:

**Market:** Music tapes are posting broad-based value gains. In 1978, for instance, they recorded a 24% advance over 1977, and prospects for the future are bright. One factor behind the high-flying sales is the growth of cassette tapes. 8-tracks appear headed for a downswing, partly because of their steady replacement by cassettes in car stereos. Cassettes now account for as much as 75% of the total tape output in Japan.

**Pre-recorded tape sold domestically including imports (retail value):** 8-tr 1978—11,699,000 units, \$56,000,000; 1977—9,055,000 units, \$53,286,000. Cassette 1978—34,855,000 units, \$285,000,000; 1977—25,612,000 units, \$166,257,000. Open reel 1978—6,000 units, \$84,000; 1977—15,000 units, \$156,000.  
**Average retail price per tape:** 8-tr.—\$13.02-13.95. Cassette—\$11.62-13.02; open reel—\$13.95-18.60.

## MARKET ANALYSIS:

Japan's record production has been making a small increase, but the momentum of music tape sales has been much more impressive. Because of the effects of the yen appreciation, sales of Western records have been slow. One of the important problems of Japan's record industry is the taping of broadcasts, tapes and records by individual consumers. The government is moving to debate the issue of resale price maintenance, which has been in effect among distributors for many years.

# Pop Music? Yamaha has it.

*exciting new sounds,  
the pacesetters of the '80s.*

And what better way to hear and be captivated by the latest and the best in pop music than right where the action is at the annual World Popular Song Festival in Tokyo, in November.

Since its inception in 1970, the Festival has steadily grown in scope and scale. With added significance. The 3-day Festival gives you full exposure to the best that pop music's got to offer. We planned it that way.

It's all yours—a galaxy of inspiring, new and original songs composed and presented by songwriters and artists of international renown . . . Young and upcoming musicians from the world over, the birth of new songs and the launching of new artists into stardom. You'll hear *tomorrow's* sounds today—songs that will set the stage for popstardom in the '80s. Songs you'll cherish for the rest of your life.

**Share with others the fun and excitement  
of the once-a-year musical spectacle! The YAMAHA-way.**

# VICTOR/JVC

## We can connect you with Japan in three big ways.

### Way #1: Jazz from Japan—It's catching on!

Some of the most far-out jazz today originates in Japan under our labels. Sadao Watanabe on alto sax, soprano, flute. Lee Ritenour on electric and acoustic guitars. Ryusuke Seto on synthesizer. Tadao Hayashi on the harp. These and other well-known artists may be, we think, on the verge of taking off in the U.S.A.

### Way #2: Marketing your music in Japan.

We are very strong in terms of existing retail outlets. Victor records and tapes are carried in over eight thousand record shops throughout Japan. This year as in the past 52 years, we will make and sell more records in Japan than anyone else.

### Way #3: Powerful promotion into Japan for independent creative talent.

Besides the marketing strength just mentioned, we can undertake every facet of music promotion. From comprehensive planning thru recording, mastering, pressing to sales promotion. In recording your unique sounds, our technical level, at every stage, is the state of the recording art as it now stands.

**Stereo sales:** 99.99%.

**Discounting:** Frequent.

**Type of distribution:** The manufacturer-to-retailer system predominates with 80% of sales. Privately owned retail outlets account for the bulk of the retail business, with manufacturer-owned outlets having about 12%, and the rest going to mail order and direct imports.

**Type of promotion:** Newspaper and magazine reviews are the most used form, with advertising in these media also being popular. Television and radio stations allot 50% of music programming to MOR material. Videotape screenings are becoming popular. Stage shows by local artists also are boosters.

### TAPE:

**Pre-recorded tape sold domestically including imports:** 8-tr. 1978—700,000 units; 1977—640,000 units. Cassette 1978—2,800,000 units; 1977—2,200,000 units.

**Market:** While the 8-track market was slowly declining, the cassette market showed a 25% gain in 1978. Cassette equipment is readily available, with prices generally moderate. Having controlled the equipment market five years ago, 8-track units are now less popular.

**Average retail price per tape:** 8-tr.—\$15.50; cassette—\$14.00.

### RADIO STATIONS

No. of government 1 (AM/FM).

**Comment:** Music accounts for about three-fourths of the airtime and is subject to government scrutiny. News, sports commentaries and documentaries make up the remainder of the airtime. FM, which is restricted to the Kuala Lumpur area, is 100% music. Popular music predominates, but classical and jazz are gaining. Live shows are sparse.

### TELEVISION STATIONS:

No. of government channels 2 (2% PAL color)

**Comment:** Over two-fifths of the programs are locally produced, including news, documentaries, sports and plays. Imported music shows are limited to the MOR format.

### IMPORT/EXPORT REGULATIONS:

All imports and exports are subject to tax duties of 10% + 5% + 5%. Although this is relatively high, both have shown yearly increases. **Christie Leo**

**Stereo sales:** 95% of total.

**Quadraphonic sales:** 0.1% of total.

**Record club sales:** 8% of total.

**Discounting:** Frequent.

**Type of promotion:** There are a few light programs on TV which are important to the promotion of records. The most important of these is the pop show Toppop, which plays the top 30 records weekly. Radio station Hilversum 3 is also important in promoting pop records.

**Jukeboxes:** 11,000.

### TAPE:

**Pre-recorded tape sold domestically including imports (retail value):** Cassette 1977—4,500,000 units, \$35,000,000; 1978—5,500,000 units, \$40,000,000.

**Market:** Cassette sales continue to grow and cassettes are far more popular than 8-tr. cartridges.

**Average retail price per tape:** Cassette—\$7.75.

### RADIO STATIONS:

No. of government 4.  
**Comment:** Mi Amigo and Delmare operate offshore, outside Dutch territorial waters. Hilversum 1 has cultural programs & information; Hilversum 2, family-oriented programs; Hilversum 3, light & pop music; Hilversum 4, classical music only.

### TELEVISION STATIONS:

No. of channels: 2 government, 95% color.  
**Comment:** TV time is divided among 8 broadcasting companies with religious and cultural programming. Veronica, a former off-shore pop station, is the latest and smallest. The size of a company depends on the number of subscribing members.

### MARKET ANALYSIS:

In terms of total sales, the industry in the Netherlands looks fine, with a 10 per cent growth over 1978. The problems lie in other areas, such as price stabilization and, of course, piracy, counterfeiting, and bootlegging—estimated to account for between 5 and 10 per cent of the overall turnover. Neither of the conventions of Rome and Geneva has been ratified, but STEMRA and NVPI, the Dutch branch of IFPI, conduct an impressive campaign to combat piracy, clean up the shops, and to bring as many cases to court as possible. We foresee a slight decrease in classical music sales, now around 12 per cent of the total, and an increase in sales of popular music from abroad—England, France, Germany, and the United States. It is becoming more and more difficult to produce, promote and sell local artists.

**Type of promotion:** Television is the most important medium, followed by radio (one channel each). Most of Norway's 160 newspapers have album reviews, and some have a weekly music page. #### RADIO STATIONS:

No of government 1

**Comment:** Programming is a mixture of cultural, political, educational, entertainment, news and sports features. About 60% of the music programming is pre-recorded & 40% is broadcast live. The ratio of classical music to popular is approximately 44/56

#### TELEVISION STATIONS:

No of channels 1 government, 85% color

**Comment:** Norwegian television programming is similar to that for radio except for less music

#### MARKET ANALYSIS:

Three 1978 releases broke the historic barrier of selling more than 200,000 albums each (including cassettes) "Abba The Album" by Abba, the soundtrack from "Grease" (double album), and "I Smurfeland" by Geir Boerresen (the local version of Father Abraham). There is a trend showing a minor increase for singles in 1979 after years of marked decreases

### MARKET ANALYSIS:

Portuguese sales for 1978 were influenced by the movies "Saturday Night Fever" and "The Last Waltz," the latter a showcase of the golden days of American folk rock music and their stars, including The Band, Neil Young, Joni Mitchell, Bob Dylan, Van Morrison, etc. The Bee Gees music in "Saturday Night Fever" made thousand of fans who find the disco sound easy to dance to even though "culture" might be absent.  
 Brazilian television series boosted the sales of South America's top sellers, including Gal Costa, Hermes Aquino, Chico Buarque, Elis Regina, Maria Bethania, Milton Nascimento, and Clara Nunes. The national tour of Orfeu artist Sergio Godinho and his "social" song was a good test for more initiative of this kind. Top Portuguese acts Jose Afonso, Trovante, Shila, Fausto, Arte & Oficio, Tantra, Gabriela Schaaf and Banda do Casaco may follow the steps of the crowd-pulling Godinho. The big winners in the Portuguese chart survey for 1978 were the Bee Gees, Boney M., Queen, and Kate Bush, the last being nominated the best female singer.  
 A positive aspect of the Portuguese industry in 1978 was the start of the attack against cassette piracy, which is said to involve ninety percent of the national market. News of forty pirates in court restrained piracy and figures are estimated to be down to about 65%.  
 With the low costs of good workmanship, relative to other European countries, there exists a strong possibility of a major international record company establishing a Portuguese factory plant for exportation.

Two independent publications—"Music Maker" and "Film & Entertainment"—cover the record scene, and some newspapers have regular supplements on all aspects of the entertainment industry. Springbok Radio and the record industry combine to organize an annual contest to find the top South African artists and songwriters of the year. Winners are awarded gold SARIE trophies at a theater presentation, which is broadcast on radio and TV.

**TELEVISION STATIONS:**

No. of channels: 1 commercial, 100% color (PAL).  
 Comment: The single channel national color service was inaugurated four years ago and introduced spot advertising on January 1, 1978. Program content covers popular and classical music, opera, ballet, drama, variety shows, detective, fiction, topical events, sports and shows for children.

**IMPORT/EXPORT REGULATIONS:**

Import permit is required for records. Custom duty is 10% on FOB and 20% excise duty. Import permit is not required for pre-recorded tapes. Custom duty is 20% on FOB, 20% excise duty and 7½% surcharge. Exporters arrange for irrevocable documentary credit to be opened in their favor by the importers' bankers for the amounts to be paid by draft payable at sight or at a future date. Usual shipping documents are required. Export credit insurance and forward exchange cover are available.

**MARKET ANALYSIS:**

Highlights in the South African record industry have included the great success of the movies "Saturday Night Fever" and "Grease" and the substantial sales of the films' albums. Other artists featured in the top of the album charts through many weeks are Abba, Soul Brothers, Disco Rock Machine, Gerry Rafferty, Commodores, Boney M and "Sgt. Pepper's Lonely Hearts Club Band" (Bee Gees and Peter Frampton).

Disco product continues to get stronger and many more discotheques have been established in the major centers. There is an upswing in the appreciation of jazz, particularly by the black population. Black artists, both local and international, are gaining popularity with all sections of the population.

Television and the somewhat low level of economic growth have had a restrictive effect on the record and entertainment industries in the past four years. The initial impact of television is now over and, with a mild improvement in the economic outlook, there is hope of a revival in the industry—barring unfavorable international events. Sales over the 1978 Christmas season showed an upward trend compared with 1977.

Home copying of records continues to be a major problem. A new copyright law came into effect on January 1, 1979 and makes provision for the appointment of a standing advisory committee and sub-committee on sound recordings, cinematography and broadcasting. The advisory committee may, from time to time, make recommendations to the government for amendments to the law.

The record industry will try, through the committees, to obtain some form of royalty on the sale of blank tapes and hardware to compensate for the loss of sales of pre-recorded tapes and disk records. Representation will also be made in respect of broadcasting rights in records and pre-recorded tapes.

## RECORDS

Records sold domestically: LP's 1978—16,000,000 units,  
\$127,220,000; 1977—16,100,000 units,  
\$114,780,000. Singles 1978—1,600,000 units,  
\$4,000,000; 1977—1,400,000 units, \$3,040,000.  
Average retail price per record: LP's—\$7.80, singles—  
\$2.50.

Stereo sales: 100% of total.  
Record club sales: 10% of total.  
Discounting: Frequent.  
Type of distribution: Manufacturer-to-retailer system pre-  
dominates. There are two major rack jobbers: Grammo-  
rack, which is owned by the industry and Playmusic AB,  
which together comprise about 20% of the market. Direct  
importing is frequent.  
Type of promotion: Government-controlled and non-com-  
mercial radio and TV are the prime media for the promo-  
tion of records. The major daily evening newspapers are  
important for advertisements and reviews. Discotheques  
are also significant, as are in-store video presentations.  
Jukeboxes: 1,000.

## TAPE:

Market: Cassette sales have now stagnated, with 1978 sales  
somewhat lower than those of 1977. About 14 million  
blanks were sold in 1978, a factor influencing the cas-  
sette sales decline. A large number of playback equip-  
ment in use points to frequent home duplication which  
affects the pre-recorded LP and tape market.

Pre-recorded tape sold domestically: Cassette 1978—  
2,900,000 units, \$25,450,000; 1977—3,300,000  
units, \$26,520,000.

Average retail price per tape: Cassette—\$8.60.

## RADIO STATIONS

No. of government 4.  
Comment: One channel plays primarily recorded music 24  
hours daily, although the percentage has lowered in the  
last year. 24 local radio stations are now in operation.

## TELEVISION STATIONS:

No. of channels 2 (government).  
Comment: There are few programs featuring pop music.  
Most of the shows are imported from the USA. The two  
non-commercial channels each transmit about 40 hours  
per week.

## RECORDS:

Record production: 1978—204,000,000 units (65,000,000 flexibles).

Records imported from Eastern Europe & Cuba: 1978—700,000 units.

Average retail price per record: Pop & jazz stereo LP's—\$3.25 & \$4.50, classical stereo LP—\$2.19, mono & stereo singles (with 3 or 4 songs)—\$1.28, flexible mono singles—\$0.90

Stereo sales: 40-45% of total pop sales, 100% of classical sales

Record club sales: None.

Discounting: Rare, although clearance sales at extremely low prices have been recently effected by some outlets

Type of distribution: Manufacturer-to-wholesaler-to-retailer is the major form of distribution. Wholesaler-to-customer distribution exists only in the form of mail order service. Nationwide retailing through newsstands has been in effect since 1969. There is no rack jobbing or one stopping in the usual form.

Need for specialized record shops (retail outlets) operated by Melodiya is apparent. Until now all retail outlets have been operated by Ministry of Trade organ zations. Certain quantities of records are retained by Soyuzpech (press distribution agency) through its newsstands.

Type of promotion: The government controls all airways, and there are no charts of best-selling records. However, Melodiya promotes new recordings through handbills and through a program broadcast weekly by Mayak Radio on long and medium wavelengths. It also will publish a special record/tape monthly magazine, with a catalog-bulletin format, aimed at the general record collector and buyer. New releases are also advertised in "Soviet Culture," "in the bi-weekly "Musical Life," and in some local newspapers and periodicals. Radio and television programs featuring recorded music are also a valuable means of promotion, as are sales exhibitions held periodically by East European companies in the major cities. "Muzykalny Kiosk" ("Musical Newsstand"), a weekly 30 minute program on the Central TV, which promotes mainly new classical releases and some pop, jazz, easy listening and folk. There are also various radio & TV programs in Estonia, Latvia and Tbilisi: dealing with promotion and record reviewing. Klub, national bi-weekly magazine, runs "New Disks" column, in which most of the new Melodiya releases (classical, pop, jazz, folk, literature) are reviewed by music critics and journalists, with some cover-sleeves reproduced.

Jukeboxes: 15,000-20,000.

## TAPE:

Market: Since the pre-recorded cassette was introduced in 1971, it has become the dominant configuration, with almost no industrial production of pre-recorded open reel and no production of 8-track cartridge. The playback equipment market is steadily developing with a trend toward introducing more sophisticated, up-to-date quality products with a stronger emphasis on cassette units. The first high quality cassette unit is due on the market soon.

Average retail price per tape: Cassette—\$6.81

## RADIO STATIONS:

No. of government 222.

Comment: All radio stations are government owned. Most cities have access to cable broadcasting. There are over 30 FM stations. Radio Leningrad transmits for about 40 hours each week in FM stereo, programming classical (20 hours), pop and easy listening (12-13 hours) and literature. The news and music format of Mayak Radio is widely listened to. There is a trend toward the launching of more FM stations with a large percentage of stereo broadcasting as the national companies introduce more stereo tuners and radios.

## TELEVISION STATIONS:

Comment: All television stations are government owned. Moscow has four channels, one of which is Central (nationwide). Most cities have their own stations, and the Central program is received everywhere, thus there is two-channel television in most of the USSR. The Central channel is fully color, other channels are partially color. SECAM type of color system is used. Both classical and easy listening music are utilized by television stations nationally. In 1978, up to 83% of the overall population in the USSR could see national television programs.

## IMPORT/EXPORT REGULATIONS:

All import/export of records is controlled through Mezhdunarodnaya Kniga in Moscow. The quota for records received privately from abroad, excepting East European nations, is one unit. A customs duty of 5 rubles is charged for each additional unit enclosed. The same regulation applies to promotion copies mailed to private persons.

## MARKET ANALYSIS:

In 1978, Melodiya Records reached its highest yearly output level—204 million units, including over 60 million flexible mono singles featuring national and international pop songs. Melodiya officials believe that in several years its production of flexibles will be finished (with the exception of study, promotional and advertising disks). The company has also expanded its line of licensed LP's, having released 45 licensed LP's (23 classical and 22 pop and jazz) in 1978 from licensees CBS, EMI, Polydor, Hispavox, ABC, among others.

Melodiya has considerably improved the quality of its releases, including cover sleeves, art design, comments on the material, and the A&R presentation. Last year it established a new facility—the Gramzapis pressing plant, which is involved with experimental and research problems in the development of recording studio equipment, the new technology of recording and pressing processes, the improvement of software quality, and the development of quadradisks and videodisks. Melodiya's three major pressing factories in Aprelevka (Moscow), Leningrad and Tashkent are being reconstructed and modernized.

There are plans to build a giant record production complex in Moscow. Upon completion, it will be the largest and most powerful record manufacturing enterprise in the world. Construction reportedly will begin in 1980, soon after the Olympic games are over. Meanwhile, the forging and pressing equipment enterprise in Odessa is completing the designing of the first Russia-made record pressing equipment. The pilot presses were tested in April and May of 1979.

The tape market is steadily developing but is far behind the record market. Melodiya produces fewer than three million cassettes.

### RECORDS:

**Records sold domestically including imports:** LP's 1978—477,363 units, \$2,443,791; 1977—523,520 units, \$2,042,040. Classical LP's 1978—16,571 units, \$93,390; 1977—39,181 units, \$167,473. Singles & EP's 1978—57,707 units, \$84,950; 1977—66,270 units, \$84,056.  
**Average retail price per record:** Pop LP's—\$5.12. Classical LP's—\$5.63; singles & EP's—\$1.47.  
**Discounting:** Frequent.  
**Type of distribution:** Manufacturer-to-retailer, with a 30% mark-up. Large manufacturers own retail shops, which sell product from all companies. The month of June has many specialty promoted discount sales, and many retailers also keep a permanent discount desk.  
**Type of promotion:** Manufacturers send free sample records to radio and TV stations and newspapers as well as large Montevideo discoteques. They also advertise in a free monthly magazine ("Hit"), which has commentaries on artists and new releases. TV keeps gaining in importance as a medium for advertising records, followed by radio, although publicity prices are relatively high, considering the dimensions and tendencies of the market.

### TAPE:

**Pre-recorded tape sold domestically including imports:** Cassette 1978—92,461 units, \$571,039; 1977—42,638 units, \$211,918.  
**Market:** 1979 cassette sales showed a dramatic increase of 108% over 1977 sales. Most of the best selling product is released initially as both records and cassettes, but the cassette market is still somewhat different from the album market. Another important pre-recorded tape product is instrumental music, including light classics and folk.  
**Average retail price per tape:** Cassette—\$5.00.

### RADIO STATIONS:

No. of commercial 88: no. of government 5; 89 AM, 4 FM.  
**Comment:** International pop music, mainly sung in Spanish, predominates on commercial stations. Some of these, located in Montevideo, promote almost exclusively English-sung songs, in most cases through imported product. The "Tropical Music" fad has a few specialized programs on secondary stations. Local and Latin-American folk song programs are increasing in importance.

### TELEVISION STATIONS:

No. of channels 17: 16 commercial, 1 government, no color.  
**Comment:** TV stations keep a daily eight-hour programming schedule. Almost all programs are foreign-produced films and serials, mainly from Argentina and the US. International pop music, through films, and local folk and "tropical," have gained programming time.

### IMPORT/EXPORT REGULATIONS:

Prohibitive taxes make importing impractical. Nevertheless, in 1978 APSA imported Red Seal titles from the United States, with some response. This attempt was made considering the recent development of a social sector with important acquisitive power, and followed a trend of high-priced software imports.

### MARKET ANALYSIS:

As almost everywhere in the Occident, 1978 in Uruguay was a "Saturday Night Fever" year. The soundtrack album was not only the overall best seller for the year, but also in many years. It attained the number one spot on the album charts almost within a week of its release even though the film was premiered after the end of the football (soccer) World Championship held in Argentina in June. Tied in with the phenomenon, which included dancing competitions and much promotion on almost all media, were the big hits of John Travolta, Olivia Newton-John, the "Grease" and "Sgt. Pepper" soundtracks, and Andy Gibb, not to mention all the Bee Gees' discography. As a fad that involved mainly dancers, the "Tropical" music market weakened a little in both club attendance and record sales, though it still can be considered strong.  
 Television promotion was supplied by a new company, Renvar, which has links with Montecarlo Channel 4, with significant responses to many of its titles. Other companies tried campaigns on certain records, but record sales in general declined, with the sole exception of pre-recorded cassettes.  
 General trends in record sales showed few changes, espe-

cially in Montevideo with about one-half the market. Sales were divided almost equally between Spanish and English product. Best selling albums included "various artists" albums, mostly locally produced with foreign product. The greatest sales decline was in the classical musical area.  
 Local folk music, including "new" folk, "pop" folk, and folk-rock, increased in importance on shows and on records. Many new young artists joined the names known from the earlier years of the "seventies generation," which follows the tradition of the 1968 folk boom. Shows were often presented in small theaters, and they also were held in large sports gymnasiums and stadiums, thus attracting, for the first time in many years, thousands of fans.

# We can't afford to run out of ideas.

How many ideas do you suppose it took to develop human communications from smoke signals that covered a few miles to satellites and laser beams that reach from here to the moon? Most of those ideas came from college-trained minds and college-based laboratories. Now these vital sources of ideas are threatened — by shortages of money that are forcing colleges to curtail programs, reduce faculty, limit laboratory work, cut down on book purchases for libraries. We must not let this deterioration continue. We can't afford to run out of ideas. Or we may all be back to smoke signals again before we realize it.

**Make America smarter.  
Give to the college of your choice.**

Jerry Jeff Walker  
A Man Must Carry On

Recorded live, in Luckenbach, Texas and other locations across the U.S. This two record set is filled with Jerry Jeff classics like "Mr. Bojangles," "Up Against The Wall, Redneck," "L.A. Freeway" and many others. This album is a tribute to the late, great "mayor" of Luckenbach, Hondo Crouch, who passed on, but with friends like Jerry Jeff, his legend will live on forever.

# An open letter to Tom T. Hall...

Andrew M. Wickham  
Executive of Country Music

May 6th, 1977

Tom T. Hall,  
Fox Hollow,  
Brentwood,  
Tennessee.

Dear Tom,

It's been almost two years since Mo and I visited you at your digs in Fox Hollow. At that time you advised us to put up a neon sign since nobody knew we were in town. We took your advice and now everybody knows!

Thank you.

Sincerely,

ANDREW M. WICKHAM

# Our Reputation Is Also Our Motto... "Quality Not Quantity"

Our reputation, like our motto, didn't just happen. We planned it. We believe the cornerstone for a business foundation is honesty, ethics and a hard day's labor for a fair price. More importantly, we believe in people. You might say we are a people company since we work on a "person to person" basis. We don't let big business stand in the way of helping our clients. We are selective, sure, but it all goes back to our motto and our reputation.

## **AMERICAN RADIO IS BMI TERRITORY**

In 1976, BMI, the largest music licensing organization in the world once again provided American radio with most of the music it programs. In fact, nearly 60% of the music Americans listen to was written and published by many of the 47,000 writers and publishers who have entrusted their performing rights to BMI.

The American broadcasting industry first gained access to the broad variety of

music it programs today when BMI was formed in 1940. Because BMI recognized long neglected creators of popular, country and western, rhythm and blues, jazz, concert, Latin, and gospel, Americans can turn their dials to all kinds of music.

Today, and for most of its 37 year-long past, BMI writers and publishers provide America with most of its hits, and radio with most of its music.

# At ASCAP You Don't Have To Make a Special Deal To Get What You Deserve

ASCAP makes no distinction between writers on top and those on their way up. You don't have to be a superstar to get a "super" deal. At ASCAP everyone gets the same deal — from novice to old hand.

Perhaps that's why ASCAP's rate of growth on the country charts has been the talk of the trade.

It pays to be a country writer. Especially if you belong to ASCAP.

Artist Biographies

**REX ALLEN JR.—Warner Brothers**

Rex Allen Sr. set a precedent in country that his son, Rex Allen Jr., has adeptly followed. Through his recordings of such songs as "Streets Of Loreda" and "Can You Hear Those Pioneers," Allen has "put the western back in the country sound."

**THE AMAZING RHYTHM ACES—ABC**

Its first album, "Stacked Deck," contained two hits for the group, a pop smash "Third Rate Romance" and a country hit "Amazing Grace (Used To Be Her Favorite Song)." "Too Stuffed To Jump" is the second album effort for the Memphis musicians.

**BILL ANDERSON—MCA**

By the close of 1975, Bill Anderson had won 49 BMI awards as a writer and 14 trade paper awards involving 43 hit singles and 32 albums. Anderson has performed duets with Jan Howard and Mary Lou Turner. A few of his popular hits include "Where Have All Our Heroes Gone," "Po' Folks" and "Liars One, Believers Zero."

**BILL ANDERSON AND MARY LOU TURNER—MCA**

Their first duet effort in early 1976 produced the top 10 single "That's What Made Me Love You." Anderson and Turner immediately followed up with the No. 1 song "Sometimes." Turner tours with Anderson in his cross country jaunts.

**LYNN ANDERSON—Columbia**

It's hard to decide whether music or horses come first in Lynn Anderson's life. She is as proud of the five national titles won by three of her horses as she is the awards she received for her million seller "I Never Promised You A Rose Garden." Having cut back on her public performances to spend more time with her family and her horses, it would seem that the horses have a slight edge.

**EDDY ARNOLD—RCA**

Eddy Arnold was elected to the Country Music Hall of Fame in 1966 and the following year was named CMA's entertainer of the year. In 1970 RCA awarded him for selling more than 60 million records, a total which has since topped 70 million. Some of his memorable recordings include "Make The World Go Away," "Misty Blue" and "Just A Little Lovin'."

**TOM BRESH—Farr**

Merle Travis taught Tom Bresh to play the guitar. Bresh took his knowledge and turned it into a top 10 hit with "Home Made Love." Before professionally pursuing music, Bresh worked as a stuntman falling off buildings and down stair ways. Now he climbs the charts.

**ASLEEP AT THE WHEEL—Capitol**

Revitalizing western swing, Asleep At The Wheel has carved a niche for itself in country music. The 10 member group has generated two hits with "The Letter That Johnny Walker Read" and "Bump Bounce Boogie."

**MOE BANDY—Columbia**

His mother played piano, his father picked guitar and his family had a score of Jimmie Rodgers and Hank Williams records. With that background what else could Moe Bandy do but pursue country music. The truth is he tried the rodeo for awhile and decided that music was better for his health, so Bandy put out his first hit on GRG "I Just Started Hatin' Cheatin' Songs Today." He now records for Columbia.

**ED BRUCE—United Artists**

As a songwriter Ed Bruce has penned several hits for other artists—"The Man That Turned My Momma On" by Tanya Tucker and "Restless" by Crystal Gayle. Bruce also does many commercials for television and radio and is representing the state as "The Tennessee" promoting Tennessee's industrial development nationwide.

**BOBBY BARE—RCA**

With Bobby Bare performing is a family affair. His wife, Jeannie, and his two sons, Bobby Jr. and Shannon, frequently join him on stage and on record. His big hit with Bobby Jr. was "Daddy What If?" Another hit on the charts for six months was "Marie Laveau."

**GLEN CAMPBELL—Capitol**

Glen Campbell has starred in three movies, hosted his own television show and accumulated 13 gold records. "By The Time I Get To Phoenix," "Gentle On My Mind" and "Wichita Lineman" are a few of his earlier hits and in 1975 Campbell struck gold again with "Rhinstone Cowboy."

**RANDY BARLOW—Gazelle**  
A Mercury recording contract and numerous concert bookings gave Randy Barlow his musical start. In 1974 he began to appear on the charts with "Nobody Likes To See A Big Man Cry" and "Throw Away The Pages" for Capitol. On the Gazelle label Barlow brought home a big hit with "Good Night My Love."

**BOBBY BORCHERS—Playboy**  
Bobby Borchers' favorite pastime is writing songs. Having penned tunes like "Brass Buckles," "The Devil Is A Woman" and "I'm The Only Hell My Mama Ever Raised," Borchers landed a recording deal. "Whispers" rose to the number 12 spot on the charts.

**JIM ED BROWN AND HELEN CORNELIUS—RCA**

Their first duet "I Don't Want To Have To Marry You" was No. 1 on the national charts. Helen Cornelius is a featured performer on the Jim Ed Brown Show and "Nashville On The Road" television show. Their second effort together "Saying Hello, Saying I Love You, Saying Goodbye" also rose to the top spot on the charts. Brown and Cornelius are accomplished solo artists.

# 10 Artists

**JOHNNY CARVER—ABC/Dot**  
Spending six years with other labels, Johnny Carver frequently had songs on the national charts. But it wasn't until "Yellow Ribbon" in 1973 that Carver had a No. 1 hit. "Tonight Someone's Falling in Love" reached the top five. His album "Afternoon Delight" bore the hit of the same name.

**JOHNNY CASH—Columbia**  
In the late '50s and early '60s, Johnny Cash was a country star, but success was hard to cope with and his reliance on pills was to be his ultimate failure. However, June Carter and Dr. Nat Winston helped Cash out of his dive. His autobiography, *Man In Black*, relates his experiences. Cash's big hits include "A Boy Named Sue," "Sunday Morning Coming Down" and "I Walk The Line."

**ROY CLARK—ABC/Dot**  
Pickin' and Grinnin'—The two things Roy Clark does best. His incredible sense of humor and musical virtuosity won him three entertainer of the year awards in 1973. His recording of "Yes Today When I Was Young" crossed over to MOR, taking Clark's appeal to audiences beyond country.

**DAVID ALLEN COE—Columbia**  
Twenty years of Coe's life were spent in prison, where his experiences spawned a singer/songwriter whose songs have been recorded by some of the biggest names in the business and whose albums receive national attention, both pop and country. Some of his charting records are "You Never Even Call Me By My Name," "Longhaired Redneck" and "Lately I've Been Thinking Too Much Lately."

**JESSI COLTER—Capitol**  
Born and raised in Phoenix, Jessi Colter got an early taste of music by playing piano and accordion at church. She married Duane Eddy and pursued a recording career. Both failed. Then she met Waylon Jennings, who married her and co-produced her records. "I'm Not Lisa" was a major pop/country crossover written by the lady herself.

**RANDY CORNOR—ABC/Dot**  
At age 13 Randy Cornor landed a job as guitarist for Gene Watson. During his four years with Watson, Cornor mastered the pedal steel, banjo, fiddle and harmonica. Moving into the studios as a session musician, he soon got a recording contract of his own and generated heavy response to his initial ABC/Dot single "Sometimes I Talk in My Sleep."

**BILLY "CRASH" CRADDOCK—ABC/Dot**  
Unsatisfied with his pop music career, Billy "Crash" Craddock returned to North Carolina and the construction business. But his desire to play for the "Grand Ole Opry" brought him to Nashville and country music. "Knock Three Times" was his first single and quickly became No. 1. At age 11 he played a broomstick for chickens and pigs in a barn. Today it's a guitar, auditoriums and satisfied fans.

**DAVE & SUGAR—RCA**  
One Dave, two Sugars and plenty of harmony. Starting with "Queen Of The Silver Dollar," Dave, Vickie and Sue quickly followed up with two No. 1 singles and No. 1 album. They tour the world with Charley Pride, offering audiences their "delightfully different approach" to country.

**MAC DAVIS—Columbia**  
Glen Campbell, Bobby Goldsboro, Sammy Davis Jr. and many others have recorded Mac Davis' songs. After an appearance with Nancy Sinatra, her father, Frank, came up to Davis, kissed him and said, "You killed me, country boy!" Davis has had several big hits including "Baby, Don't Get Hooked On Me" and has won several writer's awards. He was named 1975 entertainer of the year by the Academy of Country Music.

**JOHN DENVER—RCA**  
John Denver's music appeals to a vast audience—country, pop and easy listening. He has had several television specials, nine gold records and his platinum album, "Greatest Hits," is one of the biggest selling albums in history. Denver's tunes "Rocky Mountain High," "Take Me Home Country Roads" and "Back Home Again" helped to place him at the top of the international music scene.

**DAVE DUDLEY—United Artists**  
When an arm injury forced Dave Dudley from professional baseball, music was the next alternative. Working as a disk jockey and part-time singer, Dudley soon gave up radio to hit the road full time. He started his own record company and sank everything into his million selling record "Six Days On The Road."

**JOHNNY DUNCAN—Columbia**  
His mother, Minnie, showed him how to play the guitar, and at age 12 Johnny Duncan knew that country music was his calling. Working as a disk jockey and brick-layer sustained him while he wrote songs. A Columbia executive saw Duncan performing on a Nashville television show and signed him to a record contract. Now Duncan's hits, like "Stranger," are climbing the charts.

**BARBARA FAIRCHILD—Columbia**  
In 1972 an Atlanta disk jockey played a cut from Barbara Fairchild's "A Sweeter Love" album. The song generated requests and the deejay reported it. As a result "Teddy Bear Song" was released as a single and promptly became No. 1 on the country charts and crossed to pop. Fairchild has co-written many of her own hits and songs for other artists as well.

**DONNA FARGO—Warner Brothers**  
Music didn't really become a force in Donna Fargo's life until a couple of years after college graduation. Stan Silver entered her life, taught her to play the guitar, criticized her songwriting and eventually produced her records. In 1972 "Happiest Girl In The Whole U.S.A." crossed the pop-country line to give Fargo a platinum album.

**MARVEL FELTS—ABC/Dot**  
Blending soulful Memphis blues and Nashville country is Marvel Felts specialty. Beginning in 1959 with "Honey Love," Felts put out several top ten songs for Cinnamon records. His first release on ABC/Dot, "Reconsider Me," leaped to No. 1 and won Billboard's Record of the Year for 1975.

**FREDDY FENDER—ABC/Dot**  
Baldemar Huerta worked 20 years (three of those in jail) to become an overnight success as Freddy Fender with "Before The Next Teardrop Falls" in 1975. He followed that with "Wasted Days and Wasted Nights" and captured an assorted array of awards and honors in the industry. Freddy continues to expand his blossoming career by working on a movie about prison life, "Small Eyes."

**LARRY GATLIN—Monument**  
His roots are country and gospel; his talents are songwriting and singing. Larry Gatlin's extraordinary abilities are coming to the forefront as he has won a songwriting award from the Nashville Songwriters Assn. International and a Grammy for country song of the year 1976 "Broken Lady." His single "Statues Without Hearts," hit a new peak for Gatlin.

# 10 Artists

**CRYSTAL GAYLE—United Artist**

She grew up in music and most of her family is in music: Jay Lee Webb, Peggy Sue and Loretta Lynn are Crystal Gayle's brother and sisters. But Gayle has made it in her own right with many top charting songs such as her No. 1 record, "I'll Get Over You," and "You Never Miss A Real Good Thing." She won the 1975 Academy of Country Music award for most promising female vocalist.

**DON GIBSON—ABC/Hickory**  
As a writer, Don Gibson has penned such standards as "I Can't Stop Loving You" and "Oh Lonesome Me." As a recording artist, he has topped the charts with "Sensuous Woman," "Touch The Morning" and "One Day At A Time." Pulling himself free of the all-too-typical trap of drugs and liquor, Gibson has come back to producing the full, creative music people have come to expect from him.

**MICKY GILLEY—Playboy**  
Mickey Gilley's early music career is filled with clubs and locally successful recordings. In 1974, however, the piano player found national success as "Room Full Of Roses" rose to No. 1 on the charts. Things keep happening for Gilley, as the Academy of Country Music showered him with five awards, including entertainer of the year, for his 1976 performances.

**RAY GRIFF—Capitol**  
Over 450 of Ray Griff's songs have been recorded by other artists, including "After the Laughter" by Wayne Newton, "Better Move It On Home" by Porter and Dolly and "Morning After Baby Let Me Down" by Griff himself. Entertaining is in Griff's blood; it's his first love and he intends to actively pursue his recording and performing interests.

**MERLE HAGGARD—MCA**  
Merle Haggard could have very well stepped out of Steinbeck's "Grapes of Wrath." His early life was plagued with hard times, but it set the stage for a songwriter and performer who can really "tell it like it is." Haggard's impressive string of hits like "Okie From Muskogee" have garnered him a special place in country music.

**TOM T. HALL—Mercury**  
Starting off as a songwriter, Tom T. Hall did very well for himself with songs like "D.J. For A Day" and "Hello Vietnam." The next step was recording his own material, but he still wrote for others, producing one chart-topping song after another. One was "Harper Valley P.T.A.," a Jeannie C. Riley smash. Now Hall himself sings his songs to the top of the charts.

**EMMYLOU HARRIS—Reprise**  
She played clubs, assisted Gram Parsons on his albums, even put out an album of her own on Jubilee in 1970, but Emmylou Harris had to wait until 1974 when she teamed with producer Brian Ahern and turned out the No. 1 album, "Pieces Of The Sky," before national recognition would come her way. Her next two albums, "Elite Hotel" and "Luxury Liner," have further entrenched the lady in the realms of contemporary country.

**FREDDIE HART—Capitol**  
His wandering began at age 13 and didn't end until he met Hank Williams in Nashville in 1949. From then on Freddie Hart recorded for several labels and finally settled with Capitol. Hart has produced many hits including the million seller, "Easy Loving."

**ROY HEAD—ABC/Dot**  
In 1958 Roy Head experienced rock 'n' roll success with "Treat Her Right," which sold 3.5 million copies. More hits followed, but his band refused to continue the hectic tour schedule. Head played small clubs and eventually went back to the music he grew up with—country. "The Door I Used To Close" was a top 10 single.

**DAVID HOUSTON—Gusto/Starday**  
In 1962 David Houston had his first No. 1 with "Mountain of Love." Four years later "Almost Persuaded" escorted Houston to the top of the national charts in the U.S. and in Europe, and provided him with two Grammys. Since that time Houston has racked up 16 major hits including "You Mean The World To Me" and "Already It's Heaven."

**SONNY JAMES—Columbia**  
"The Southern Gentleman" had 27 No. 1 hits in a row and a multi-million selling single, "Young Love." His album, "200 Years Of Country Music," is the culmination of months of research and recording, recreating the history of country music. Sonny James works on writing, publishing, touring and producing, having produced three Marie Osmond albums including her single, "Paper Roses."

**WAYLON JENNINGS—RCA**  
An "outlaw" by trade, Waylon Jennings successfully mixed rock and country and found an incredible audience just waiting to hear it. Starting as a deejay then moving to Buddy Holly's band, Jennings and his band the Waylors have created a place for themselves in country and pop. "Good Hearted Woman" (with Willie Nelson) and "Are You Ready For The Country So Good Woman" have kept Jennings at the top of the charts.

**GEORGE JONES—Epic**  
Some of the biggest artists in the country music field cite George Jones as their favorite. Having recorded over 90 albums, Jones' contribution to country is undisputed. A few of his best known tunes include "White Lightning," "A Girl I Used To Know" and "Her Name Is..."

**LA COSTA—Capitol**  
No longer known as "the sister of Tanya Tucker," La Costa has made it in her own right, establishing her talents in hit singles like "Get On My Love Train," "He Took Me For A Ride" and "Western Man." Her third album, "Lovin' Somebody," features her single "Lovin' Somebody On A Rainy Night."

**WAYLON JENNINGS AND WILLIE NELSON—RCA**  
"Wanted: The Outlaws" was a platinum success for four progressive country performers. Waylon Jennings and Willie Nelson's release, "Good Hearted Woman," stayed in the top spot on the country charts for three weeks and spilled over onto the pop chart as well.

**GEORGE JONES AND TAMMY WYNETTE—Epic**  
This lucrative duet has produced several No. 1 hits like "The Ceremony," "Take Me" and "We're Not The Jet Set." Another combined effort produced a No. 1 album, "Golden Ring," and two No. 1 singles, "Golden Ring" and "Near You."

**DICKEY LEE—RCA**  
Dickey Lee was the welter weight boxing champion of Memphis, and a writer, guitarist and singer as well. In the 1960s he had a million seller with "Patches." He has also had a No. 1 country single with "Never Ending Song Of Love." Lee's music talent blossomed early as he had a local hit on Sun Records while in high school.

**JOHNNY LEE—GRT**  
Working at Gilley's Club in Pasadena, Tex., gave Johnny Lee the musical break he needed. A locally recorded song called "Sometimes" got heavy air play and was picked up by ABC-Dot. Later, disappointments sent Lee back to Gilley's Club where GRT found him and started the ball rolling again with "Red Sails In The Sunset."

**JONI LEE—MCA**

Joni achieved recognition as a recording artist upon the release of the duet, "Don't Cry Joni," with her father, Conway Twitty. Her followup single, "I'm Sorry Charlie," became a hit and established her in music. Recently married, Joni and her husband, Chris, divide their time between touring and their Hendersonville home.

**JERRY LEE LEWIS—Mercury**  
In June of 1957, Jerry Lee Lewis was earning \$100 a night. Then "Whole Lot Of Shakin' Going On" was released and Lewis began earning over \$10,000 a night. "Shakin'" and "Great Balls Of Fire" both hit No. 1 on the country, pop and r&b charts simultaneously. In 1968 the Killer came back with "Another Place, Another Time," his first country hit since 1961.

**MIKE LUNSFORD—Starday**

With a business administration degree under his belt, Mike Lunsford moved to Nashville and began playing clubs. In a couple of years, he was signed to record for Gusto Records. Lunsford has entered the charts with such songs as "While The Feeling's Good" and "Honey Hungry."

**LORETTA LYNN—MCA**  
"Coal Miner's Daughter"—a song, a book, a real experience for Loretta Lynn. She and husband, Mooney, began promoting her record "Honky Tonk Girl" while moving from the West Coast to Nashville. It became a hit and landed Loretta a contract with Decca (now MCA). Songs like "One's On The Way" and "You Ain't Woman Enough To Take My Man" created a highly successful career for Lynn and made her one of America's most admired women.

**CLEDUS MAGGARD—Mercury**  
While working for an ad agency, Cledus Maggard, aka Jay Hugueley, came up with the idea for "The White Knight," a huge country and pop hit. Hugueley has directed plays, taught acting, comedy, voice and fencing; played the title role in Hamlet and written, produced and voiced over 200 radio and television commercials.

**BARBARA MANDRELL—ABC/Dot**  
Her ability to play steel guitar, barijo, saxophone and electric bass in her stage show convinces audiences of Barbara Mandrell's wide range of talents. She toured with Joe Maphis in the beginning and entertained thoughts of leaving the business. But they quickly disappeared with the aid of a major record contract and consistent hits like "Midnight Oil."

**C.W. McCALL—Polydor**

An advertiser was looking for a new way to sell bread, and C. W. McCall was born; along with a recording career. "The Old Home Filler Up An' Keep-On-A-Truckin' Cafe" single was followed by other hits in McCall's "walkin'-talkin'-singin'" style. "Convoy," his platinum, world-renown single, is now the topic of a film and of course McCall is doing the soundtrack.

**RONNIE MILSAP—RCA**

In spite of his blindness, Ronnie Milsap has managed to pursue his interests not only in music, but in law and electronics as well. His music career exploded in 1973 with "(All Together Now) Let's Fall Apart." Milsap's varied musical background comes through in his music, and he plans to bring in new musical elements and expand with the growing country field.

**ANNE MURRAY—Capitol**

Television has played an important part in the making of Anne Murray's career. Spending summers working on various tv shows and winters teaching, Murray landed a recording contract and turned out hits like "Snowbird," "Danny's Song" and "Love Song." Her hits spawned more tv appearances with Glen Campbell, Perry Como and her own special.

**WILLIE NELSON—Columbia/Lone Star**

A high quality songwriter for 20 years, Willie Nelson's songs have been recorded by pop and country artists. But Nelson refused to give up the desire to sing the songs himself. His recognition came with "Phases and Stages" and "Red Headed Stranger." Now Nelson crosses over the pop country line, appealing to a vast audience of progressive country fans and living up to his "outlaw" title.

**OLIVIA NEWTON-JOHN—MCA**  
Olivia Newton John's career bubbled under the surface in England for a few years, bursting forth in 1971 with "If Not For You." She ducked back under for two years until her 1973 Grammy winner (best country female vocalist) "Let Me Be There" brought her back to stay.

**TOMMY OVERSTREET—ABC/Dot**  
Tommy Overstreet recalls, "One day I came home and told my wife to sell the house, we were moving to Nashville." He's got the drive and talent that it takes to make it musically. In 1970 he gained national attention with "If You Are Looking For A Fool" and hit No. 1 with "Gwen, Congratulations."

**VERNON OXFORD—RCA**

Since the mid sixties Vernon Oxford had tried to make a living out of country music. But it wasn't until a tune called "Redneck" reached the top 20 in 1976 that he was able to succeed. His success is due to the country fans of Britain and Sweden who pressured RCA into releasing a double album of Oxford's past recordings. This led to his being re-signed with the label.

**DOLLY PARTON—RCA**

Dolly Parton first appeared on the "Grand Ole Opry" at age 12. Together Parton and Porter Wagoner became one of the most successful duets in Country. In 1974 Parton left Wagoner to strike out on her own and through her hit records and successful television show has proven that there is a vast potential audience waiting to discover her talents. Her songs "Jolene," "I Will Always Love You" and "Love Is Like A Butterfly" hit No. 1 and crossed to pop.

**JOHN AUSTIN PAYCHECK—Epic**

Sidetracked by drugs and drink, John Austin Paycheck eventually freed himself from it and began his comeback to country music. The "new" Paycheck has returned in style with tunes like "She's All I Got," "11 Months and 29 Days" and his most recent to date "Slide Off Of Your Satin Sheets."

**ELVIS PRESLEY—RCA**

Elvis Presley's impact on the music world is undeniable. In the late '50s he entered the scene and to date has rarely failed to produce a smash. One of his most recent entries in country music was "Moody Blue: She Thinks I Still Care."

# 10 Artists

### JOHNNY RODRIGUEZ—Mercury

From a guitarist in Tom T. Hall's Storytellers band, Johnny Rodriguez became a country music sex symbol. He has had consistent No. 1 singles. Whether singing his own compositions, "Ridin' My Thumbs To Mexico," or someone else's, like "I Just Can't Get Her Out Of My Mind," it all seems to come together for Rodriguez, who adds Latin flavor to country.

### MARGO SMITH—Warner Brothers

After college Margo Smith taught kindergarten, and her teaching was done by singing. If there wasn't a song appropriate for the children, she would write her own. Professionally, she started with 20th Century Records and found success, then moved to Warner Brothers in early '76 releasing her hit song, "Save Your Kisses For Me."

### RAY PRICE—ABC/Dot

Ray Price joined the Opry in 1952 and has given country music many musical memories since. Starting with "Talk To Your Heart" and continuing with "Release Me," "I'll Be There," "Heartaches By The Number" and "Make The World Go Away," Price consistently reached the top of the charts. His album, "For The Good Times," remained on the charts for two years.

### KENNY ROGERS—United Artists

Kenny Rogers has been working with groups all his life. In high school his group, The Scholars, had a hit with "Crazy Feeling." After a stint with the New Christy Minstrels, Rogers formed another group, The First Edition, and churned out hits like "Reuben James," "Something's Burnin'" and "Just Dropped In To See What Condition My Condition Was In." Now Rogers is on his own.

### SAMMI SMITH—Elektra

Following the progressive vein of Kristofferson, Nelson and Newbury, Sammi Smith found that traditional country was not her style. She enjoyed a pop country smash with Kristofferson's "Help Me Make It Through The Night." Smith has also proven herself to be an accomplished songwriter.

### CHARLEY PRIDE—RCA

The first black performer to be recognized as a major country talent, Charley Pride has put out 25 albums, 11 of which are gold, and a long line of top charting singles including the million seller, "Kiss An Angel Good Mornin'." His musical awards are numerous. And to think he almost made baseball his career.

### LINDA RONSTADT—Asylum

The distinctive country flavor of Linda Ronstadt's recordings has given her music wide appeal with pop and country audiences alike. Putting out three LPs with a group, The Stone Poneys, Ronstadt embarked on a solo career that has earned her three platinum albums thus far.

### RED SOVINE—Starday

Red Sovine's first big hit was in 1965. It was a truck driving song called "Giddy Up, Go" which was No. 1 for eight weeks. Eleven years later, in 1976, he released another "trucker" song, "Teddy Bear," that raced to the No. 1 position in five weeks. This feat won him Billboard's 1976 Artist Reemergence of the Year award.

### BILLIE JO SPEARS—United Artists

Her first record at age 13, "Too Old For Toys, Too Young For Boys," was shared with Bugs Bunny on the flip side. A strange beginning, but after meeting Jack Rhodes, she came to Nashville and had a country hit "Easy To Be Evil." In 1974 she teamed with UA's Larry Butler and has since had a stream of hits including "Blanket On The Ground" and "I'm Not Easy."

### EDDIE RABBITT—Elektra

A proven songwriter—"Kentucky Rain" by Elvis Presley, "Pure Love" by Ronnie Milsap and countless other songs, has placed Eddie Rabbitt in the forefront of country writing. In 1973 he began recording himself and landed his Elektra contract in '74. His recordings, "Drinking My Baby (Off My Mind)"—a No. 1, and "Two Dollars In The Juicebox" have proven Rabbitt a country performer as well.

### T. G. SHEPPARD—Hitsville

For 10 years T. G. Sheppard recorded and toured with various country groups, then moved into the business side of things with his own independent production and promotion company. He ran across a tune, "Devil In The Bottle," that no one else wanted, so Sheppard recorded it himself for Melodyland Records. He continues to put out such product as "Solitary Man" for the same record company now known as Hitsville.

### JOE STAMPLEY—Epic

After experiencing some mild success in rock music, the Louisiana boy came back home to country. Joe Stampley now experiences the sweet success of making the top 10 country charts. Stampley's vinyl lineup includes a couple of No. 1 hits, "Soul Song" and "Roll On, Big Mama."

### CONNIE SMITH—Monument

After Connie Smith met Bill Anderson, the wheels of fate began to turn and events came, leaving her with an RCA record contract. Her first release, "Once A Day," went to the No. 1 spot and stayed on the charts for 2½ months. Gospel music is now as much a part of Smith's singing career as country. She has also recorded for the Columbia record label.

### MARTY ROBBINS—Columbia

Inspired by Gene Autry, Marty Robbins began to concentrate on developing his music career. While working on radio and television shows, Columbia Records discovered and signed him. Since that time Marty has turned out some major hits such as "El Paso" and "My Woman, My Woman, My Wife" both of which garnered him a Grammy.

### CAL SMITH—MCA

For several years Cal Smith traveled as emcee and featured vocalist with Ernest Tubb and the Texas Troubadour Band. Smith went out on his own with Kapp Records (now MCA) and in 1974 won CMA's single of the year award for "Country Bunkin'."

### CHARLIE RICH—Epic

It took 20 years and six record labels, but the Silver Fox finally came shining forth in fine fashion with "Behind Closed Doors" and "The Most Beautiful Girl" in 1973. Charlie Rich collected nearly a dozen awards in less than two years. After 20 years of struggle, it's finally coming easy.

### KENNY STARR—MCA

Kenny Starr appeared on a show with Loretta Lynn and since then Lynn has offered Starr her assistance in securing his MCA contract and putting him on her road show. Starr's musical efforts to date include a No. 1 country single with "Blind Man In The Bleachers" and another single, "Me and the Elephant."

**STATLER BROTHERS—Mercury**  
For years the Statlers have won awards as best country vocal group, and since its start professionally in 1963, have compiled a long list of hits including "Flowers On The Wall" and "Thank God, I've Got You." The group has managed to add three Grammys to its award collection.

**RED STEAGALL—ABC/Dot**  
Red Steagall's music exemplifies the Texas swing of Bob Wills in the '30s and '40s. Playing mandolin and guitar was the therapy Steagall used to recuperate from polio at age 15. He has stepped into the top 10 with "Lone Star Beer" and "Bob Wills Music."

**RAY STEVENS—Warner Brothers**  
Whether it be songwriting, performing, producing or recording, Ray Stevens has proven himself equally adept in all areas of the music profession. Diverse hits like "Everything Is Beautiful," "The Streak," "Mr. Businessman" and "Ahab The Arab" attest to his range of talent.

**GARY STEWART—RCA**  
Songwriting seemed to be Gary Stewart's main interest, with performing treated as an afterthought. His songs were recorded by numerous country stars. Stewart's performing talent could not be hidden, however, and an RCA record contract became his, with "Out Of Hand" and "Drinkin' Thing" taking him to the top of the charts.

**WYNN STEWART—Playboy**  
One of the first hillbillies to come out of the west coast, Wynn Stewart has proved himself as a writer with "Sing A Sad Song" and as a recording artist with "It's Such A Pretty World Today," his No. 1 single on Capitol. His Playboy release, "After The Storm" climbed to the top 10.

**MEL STREET—Polydor**  
A native of Virginia, Mel Street wrote his first hit on GRT—"Borrowed Angel." He has followed it with other big country tunes like "Levin' On Back Streets," "Smokey Mountain Memories" and "Devil In Your Kisses."

**NAT STUCKEY—MCA**  
Nat Stuckey's beginning was in radio where he worked as a disk jockey for several years, then joined the cast of "Louisiana Hayride." Several of his compositions were made popular by other artists. Stuckey's recording career has produced a couple of hits with "Sweet Thang" in 1966 and "Plastic Saddle" in 1968.

**CARMOL TAYLOR—Elektra**  
Teaming with such notables as Billy Sherrill, George Richey and Norro Wilson, Carmol Taylor has co-written songs like "My Man" by Tammy Wynette, "Get On My Love Train" by LaCosta and "Grand Tour," a George Jones No. 1 record. Taylor's own recordings of "Who Will I Be Loving Now" and "I Really Had A Ball Last Night" have placed him on the charts.

**MEL TILLIS—MCA**  
Mel Tillis, CMA's 1976 entertainer of the year, stutters except when it comes to writing and singing hit songs. Tillis has appeared on many major television shows and in the movie, "W.W. Dixie and the Dance Kings." He has written several smash hits "Ruby, Don't Take Your Love To Town" and "Detroit City." Tillis is also well-known for his unique style of comedy.

**TANYA TUCKER—MCA**  
At age nine Tanya Tucker knew she wanted to be a singer and began working on it. Her work produced a cameo role in the movie "Jeremiah Johnson," and a demo tape that put her in touch with Billy Sherrill. She released "Delta Dawn" that went to No. 1. Tucker continued to work hard recording and touring with all of her albums reaching top 10.

**CONWAY TWITTY—MCA**  
Harold Lloyd Jenkins learned to play guitar on his father's ferryboat. Moving from preaching to rock'n'roll to promoting Twitty burgers, he finally settled with what he knows best—country. His career has yielded such hits as "Hello Darlin'" and several duets with Loretta Lynn.

**BILLY WALKER—RCA**  
While working with the Big D Jamboree, Billy Walker was known as "The Traveling Texan, Masked Singer of Country Songs." The "mask" gimmick worked and in 1951 Walker signed with a major label. His first No. 1 was "Charlie's Shoes" followed by "Funny How Time Slips Away" and "A Million and One."

**GENE WATSON—Capitol**  
Country music has always been a part of Gene Watson's life. He did body work on cars during the day and played clubs at night before making the decision to go into music full time. Not a bad decision as his first hit, "Love In The Afternoon" will testify.

**MACK WHITE—Commercial**  
Mack White has written over 200 songs and sings, plays piano, bass, drums and guitar on his records. His start in music came with backing major artists and a three year "entertainment tour" on a Norwegian Caribbean ship line. He has had eight straight charting singles to date.

**DON WILLIAMS—ABC/Dot**  
The Pozo Seco Singers was Don Williams' three-member vocal group, singing pop, folk and country. Eventually Williams moved on into writing country songs in Nashville. Encouraged to record some of his own material, he has consistently found his way to the top of the country charts. His recognition in England is developing Williams into an international country personality.

**TAMMY WYNETTE—Epic**  
When Tammy Wynette and Billy Sherrill get together, it's hit time. "I Don't Want To Play House," "D-I-V-O-R-C-E" and "Stand By Your Man" are only three of the long list of Wynette's popular recordings. She was the first country female to receive a gold record for her "Greatest Hits" album. She has won three Grammy and four CMA top female vocalist awards.

**FARON YOUNG—Mercury**  
Faron Young has been recording for 25 years, during which time he has had 36 top 10 country songs. He has aided in the careers of such artists as Roger Miller, Willie Nelson and Kris Kristofferson. Young also owns the publication, Music City News. His album "The Best Of Faron Young, Volume II" contains his hit single, "The Worst You Ever Gave Me Was The Best I Ever Had."

# How would you like to sign the work you do?

It's a shame that most of us don't get to sign our work. Because we'd probably do it better. Just out of pride. And that could mean better products and services for everybody. So, even if you don't have to sign your work, do the kind of work you'd be proud to put your name on.

## America. It only works as well as we do.

Dec. 15, 1891-Nov. 7, 1960

**MAYBELLE CARTER**

May 10, 1909

**SARA CARTER**

July 21, 1899

A.P. Carter, his wife, Sara and his sister-in-law, Maybelle, played in one of the first commercial recording sessions at Bristol, Tenn. For two decades they performed as an unbeatable team. Their songs became country standards, and some of A.P.'s original compositions are among the all-time greats. They are regarded by many as the epitome of country greatness and originators of a much copied style.

JIMMIE H. DAVIS

CHET ATKINS

**JIMMIE H. DAVIS**

Sept. 11, 1902

Performing artist, songwriter, public servant . . . from his roots in rural Louisiana he gained an early love of music. "The warm living songs of the cowboys and farmers and country folks." Obtained a masters degree from Louisiana State Univ. Twice elected governor of Louisiana. Best known for "You Are My Sunshine." His humility, deep-felt responsibility to his audience, and winning way with a song has brought much "sunshine" to gospel and country music.

(Elected 1972)

**CHET ATKINS**

June 20, 1924

Born Chester Burton Atkins in Tennessee, he is the epitome of success . . . from an Appalachian farm boy to international acclaim as musician, composer, arranger, producer, executive, and sportsman. Long hours with his guitar resulted in a distinctive style—much copied, but unduplicated. A musician's musician, a gentleman's gentleman, his helping hand is

ready to boost struggling unknowns and those less fortunate. Teacher, innovator, humanitarian, this guitarist's excellence stands as a challenge for generations to come.

PATSY CLINE

OWEN BRADLEY

**PATSY CLINE**

Sept. 8, 1932-March 5, 1963

Born Virginia Patterson Hensley in Virginia, Patsy will live in country music annals as one of its outstanding vocalists. Tragically, her career was cut short in its prime when she was killed in a plane crash. Her heritage of recordings is testimony to her artistic capacity . . . biggest hit, "I Fall To Pieces," which has become a standard. Catapulted to fame by an Arthur Godfrey Talent Scouts appearance in 1957. Joined Grand Ole Opry 1960 . . . realization of a lifelong ambition.

(Elected 1973)

**OWEN BRADLEY**

Oct. 21, 1915

Renowned as a pianist and Nashville bandleader, revered as a music executive, he achieved national recognition in his roles as head of the Nashville office of Decca (now MCA) records and producer for such artists as Ernest Tubb, Red Foley, Patsy Cline, Brenda Lee, and Loretta Lynn. His honesty and integrity in business affairs secured the respect of his associates and his influence encouraged the establishment of Nashville recording studios and spurred the development of the "Music Row" area.

(Elected 1974)

FRANK "PEE WEE" KING

MINNIE PEARL

**FRANK "PEE WEE" KING**

Feb. 18, 1914

Wisconsinite, accordionist, bandleader, acclaimed for his recordings, movie appearances, radio and tv performances. Nationally recognized as a singer and co-

writer of "Bonaparte's Retreat," "Slow Poke," "Tennessee Waltz" and others. Winner of gold records, successful as a music publisher, promoter, and manager. Applauded for his assistance to other artists who have become significant country music performers.

(Elected 1974)

**MINNIE PEARL**

Oct. 25, 1912

Humor is the least recorded, but certainly one of the most important aspects of live country music. No one exemplifies the values of pure country comedy more than Minnie Pearl. Born Sarah Ophelia Colley, Centerville, Tenn. Educated at fashionable Ward-Belmont College. Joined the Grand Ole Opry in 1940. Her trademarks, the dimstore hat with dangling price tag and shrill "How-dee! I'm just so proud to be here," made her the first country humorist to be known and loved worldwide.

(Elected 1975)

KITTY WELLS

PAUL COHEN

**KITTY WELLS**

Aug. 30, 1919

Born Muriel Deason in Nashville, her stage name was inspired by the folk song, "Kitty Wells." She began as a radio performer in 1936 and as a recording artist in 1949. In true country music tradition, her sincere vocal stylings convey the real feeling of the songs, be they happy or sad. Her million seller, "It Wasn't God Who Made Honky Tonk Angels" was the first of many award-winning hits resulting in her being acclaimed the "Queen Of Country Music."

(Elected 1976)

**PAUL COHEN**

Nov. 10, 1908-April 1, 1971

Selling records and scouting talent in the Midwest and New York during his long association with Decca records, Paul Cohen was the first to recognize the potential of Nashville as a recording center. The disk careers of Patsy Cline, Red Foley, Webb Pierce, Red Sovine, Ernest Tubb, Kitty Wells and others were the result of his vision; also producer Owen Bradley, who gratefully acknowledges that "Paul was my teacher." He was president of the Country Music Association the year the Hall of Fame was dedicated.
