COMMENT

Demand for machines and merchandise of varied types continues to grow daily. It is therefore in keeping with our former predictions and warnings - buy now - be assured of as much equipment as you will need for the duration.

Reports in this week that F. P. games in many sections have shown a decided pick-up. Same was noticeable in music. Arcades, on the average, continue to lead the field. Many Arcade spots that opened have since closed - but a greater majority have found the business a really profitable investment. There is no doubt anymore that the number of Arcades now in operation is greater than at anytime in the history of this business - and continuing to grow daily.

Keen demand for good guns now apparent thruout the market. Many old guns being re-vamped and some turning out extremely good. In general, buyers prefer the latest types. Such guns as Bally Convoy and Mutoscope Sky Fighter still command very fine prices and are at premium. Gun operation reports are truly amazing. Public has gone very big for these in many sections of the country. Take is steady once correctly located. Play builds up at first - then comes down to a normal level.

Music ops were somewhat upset this past week by report that record manufacturers would have to apply for shellac. Yet, reports insist that manufacturers have plenty of records for many months to come on hand. "La Affaire Petrillo" isn't worrying ops as much as it did on first announcements. Department of Justice seems to have taken vigorous action in his case and belief is general, that even tho he won out in many Federal fights previously, that this time he really stepped into a hornet's nest. Music ops should remember that record manufacturers have large research laboratories with plenty of fine chemists and engineers. Their ingenuity will now come to fore and belief is that they will present something of synthetic nature that will work perfectly for the phonos. Worry about new songs is not upsetting average ops. Right now play is toward older tunes. No really new tunes have been introduced that have run away with the market. Once "L'Affaire Petrillo" is settled - there will be plenty of music for all.

One of the biggest problems facing larger ops is mechanics. So many of these youngsters being taken into the armed forces that the need grows greater each day. Yet, in certain parts of the East there is an overabundance of mechanical help. Some of the larger men here would like to get rid of a few men. Southerners and some of the Midwesterners complaining because of lack of help. Most complaints coming in from small town areas.

Newest, legal-type machine to hit the market is called "Keep Punching". This machine was not openly introduced as is expected at this time. It is a really fine machine. Beautiful cabinet. Fine scoring system with pay starting after 36,000 scored. Hit by hand rubber balls bounces up and falls into chutes along lines of former machines of this type. Machine sized perfectly to fit into average operator's sedan - putting base in back and top inside car. Sells for \$159.50 and worth the money. Production capacity very small. Plenty of orders on hand. A natural for arcades, too.

Consoles and slots are still enjoying a pick-up in business. Demand continues for Bally Turf Kings and Buckley Daily Double Track Odds, Mills Four Bells and also some of the others. Many Paces Races moved this past week as well as Jumbo Parades. Half dollar slots again in demand. Can also use all other types at reasonable prices, buyers report. South continues to lead in this division of the industry.

Many Pennsylvania operators much heartened this past week and perhaps something may happen for their benefit. Many are holding onto merchandise to see what will result.

Demand for the better type phonos grows greater. Wurlitzer 750E, 850, Seeburg 8800, 9800, etc. in greatest demand. Also demand now noticeable for wall and Bar boxes.

(OVER)

COMMENT

Page 2

Many writing about country asking for new boxes at this time. Exceptionally fine demand for Packard Boxes noticeable. Anything in music, of later types, sure to get fine sale if priced to please. Older equipment now being reshuffled by many on the market. Lot of 412s have been offered for sale. Also some very fine Steel cabinets featuring Twin-12 mechanisms - all set to locate. Speakers and other accessories in demand, too.

"The Cash Box" has reports on all new Army, Navy and Marine bases now being built or just completed. Spots about these should do good. If you want the information write to "The Cash Box" immediately.

Big cities thruout the country continue to be hardest hit. Smaller towns running in most cases. Phono and legal equipment all that can be found in the big towns but in many cases these are doing exceptionally well tho, of course, the action isn't as speedy as it formerly was with pins, consoles, pay tables, counters and other equipment going good.

The counter game men looking forward eagerly to the \$10.00 per year licensing. This has a very good chance of coming thru. Suggest you make contact to get this thru for sure will prove tremendously profitable with counter games paying only \$10.00 and not the present \$50.00.

More subscribers being added to "The Cash Box" daily. Leaders all back of the idea to have a medium which will arrange for a confidential interchange between them without letting the rest of the world know what is going on. Subscribers are now also entitled to a free Wanted to Buy Ad in each weekly issue without charge except that their subscription be paid. Send in your ads if you are a subscriber and be sure that they reach The Cash Box by Friday - 5:00 P.M. "The Cash Box" is mailed on Monday and reaches you on Tuesday morning. All issues mailed First Class or Air Mail where necessary to subscribers only.
