

Announcing

THE WURLITZER ORGATRON

The Orgatron Joins the Wurlitzer Family of Musical Instruments

WE ARE PLEASED to announce the purchase of the entire Orgatron business of the Everett Piano Company. Henceforth this instrument will be manufactured and sold as the WURLITZER ORGATRON by our North Tonawanda, New York Division.

Wurlitzer has long been an outstanding name in the organ field. Over a period of many years, Wurlitzer manufactured and sold thousands of "Mighty Wurlitzer" pipe organs which were distributed all over the world. Production of these instruments was discontinued when Wurlitzer

factories were entirely converted to war work.

Manufacture of the WURLITZER ORGATRON for use wherever the finest organ music is desired, will begin as soon as the government no longer needs our facilities for war production.

Acquisition of the ORGATRON by Wurlitzer will broaden even further the public's association of the Wurlitzer name with fine music instruments to the benefit of every Wurlitzer Music Merchant. The Rudolph Wurlitzer Company, North Tonawanda, N. Y.

BUCKLEY DEPENDABILITY

HOLDS THEM TRUE
TO THEIR COURSE

Did you ever stop to think of what happens to the eye of a ship—its COMPASS—in the height of battle—in a turbulent sea — with shells bursting, bombs falling, and even battleships tossing about like corks?

America's Navy and Merchant Marine are now being equipped with new eyes!

ONE of the World's most Intricate Mechanisms—The Gyro Compass overcomes all the fluctuations caused by Battle and Storm Conditions. No matter what happens . . . The Gyro Compass Needle ALWAYS points North! . . . A great contribution to the safety and efficiency of American Ships. Buckley is proud both for itself and for the Coin Machines Industry of which it is a part, of its work in developing and manufacturing the generator gyro drive power plant for this remarkable Compass . . . and after the war this same Buckley Precision Craftsmanship will be working for YOU!

FAITHFUL SERVICE

THE CASH BOX

3rd

ANNIVERSARY ISSUE

Just three years ago there came into being a most unique publication in this coin operated machines industry Devoted to a sincere belief that this industry desired a true, honest and fearless medium it could exclusively call its own Conceived with the purpose of meeting the problems of this industry during this tragic war period to help make strong and solid a nucleus of men to act as a base for greater growth and future development in the postwar era Dedicated to bringing to the fore constructive ideas and better business methods and generally aiding, thru intelligent effort, the greater growth of this business.

Those past three years have been truly eventful. The trade knows today of the great acceptance and phenomenal growth of The Cash Box. This is solely attributed to the wholehearted and intelligent support which the subscribers to this medium have put forth to solidly establish a publication which would work for this business—and this business exclusively—quietly, confidentially and fearlessly.

TH 9087-1P

"The Coin Machines Merry-Go-Round"
by Bill Gersh

THIRD ANNIVERSARY

Three years fly hurriedly by. Even tho these past three years have been somewhat discolored, as far as normal business conditions are concerned, by the greatest war this nation has ever fought, and is still fighting, they have opened an entirely new vista as to the greatness and permanence of this coin operated machines industry.

Few believed, at the inception of this weekly medium, that this industry would outlast the war. There were some who had arranged plans to close out their businesses. Others who felt that the demands of this war would force every man in this trade either into the armed services or into essential war industry. The fact that this business outlasted these dour predictions, is alone proof of its greatness and its place in the American way of life.

It is the belief of The Cash Box, therefore, that its many predictions have been proved true. Each of these was openly reported to the trade. The Cash Box has continued to have faith in this industry and hasn't wavered from this faith for a moment. It believes that all the great things which this industry has already seen will seem but picayune to what greatness will accrue to it after this war is over and the post-war years are well under way.

This industry faces its greatest future - tomorrow. It has learned to respect itself because of its dynamic earning power. It has come to realize its importance as an entertainment factor. It now knows its value as a merchandising force. It is certain it can continue to offer service equipment of such new cast and variety that all industry will look up to it with great respect. Its music has become a byword thruout the nation. Everywhere in the country the words "juke box" are well accepted. And gradually these words are assuming the important status to be included in the dictionaries of the future. Much growth, and progress, and greatness faces this industry for tomorrow - but only for those who will continue to have faith in it.

A great and noticeable change has come over the same people in this trade who formerly believed that this industry had seen its best days. These are the very men who are already planning for, and predicting, the greatness of its future. Some of these are men, who disappeared from the ranks of this trade when the demands of war became so great that it seemed very few, if any businesses would outlive it. But today these men look forth upon a field where the possibilities are practically limitless.

It is well known to those men who remained at their posts, and who have been more than pleased with this choice, that The Cash Box came into being because it foresaw that a new type of medium was needed by this trade, especially while the war was in progress, to keep the members of this industry completely informed.

The Cash Box was created as a confidential and speedy weekly medium using First Class mailing. It allows the men of this field a complete interchange of news and ideas. Just what was needed in every sector of the nation. Not only has this worked out to true fulfillment, but the very fact that this medium has grown to its present proportions, definitely indicates that this business has always wanted a true, fearless and confidential trade medium of its own, exclusively devoted to its own best interests.

The Cash Box has worked hard in a sincere endeavor to help bring greatness to this industry. It has made many suggestions which have met with the approval of all the trade. For example: the proposal that a "National Board of Trade" be created. Such a board to include all the various elements of this industry. And thereby arrange for a common meeting ground for every division of this business. A place where all could meet and discuss the general needs of the field. This has met with complete approval of all the members of this industry who are interested in seeing greater progress result for this business, and who know that such progress is dependant upon the most complete cooperation of all elements of this field.

"The Coin Machines Merry-Go-Round"

A "School for Coin Machine Mechanics" was also proposed, and met with complete and instant approval of the trade. Many manufacturers are planning such schools right in their own factories in the post-war era. They realize that their equipment is more sure of better acceptance thruout the trade if mechanics have complete knowledge of this equipment. This is certainly a lot better than just sending out equipment helter-skelter and allowing it to be judged in some haphazard manner by men who little understand it. All this is today considered one of the resultants of the terrific and constant battle which this medium made to help benefit the future of this great industry. It continues to urge that this highly specialized trade create a "School for Coin Machine Mechanics" for its own future welfare.

A "National Tax Council" was proposed because such a council is of outstanding necessity to this business. All in this trade now realize this to be one of the very greatest needs. Every day, somewhere in the nation, some community is inequitably taxing coin operated equipment by discriminatory license fees. Not only are the local coinmen hurt by such actions, but the whole industry suffers, for such news rapidly spreads among politicians and the result is that taxation continues to grow with leaps and bounds. It hurts everyone engaged in this business. A "National Tax Council" is of utmost necessity. The Cash Box will continue to urge that such a council be created until one of good value does come into being.

Then there was the proposal that this industry arrange for a "National Credit Bureau". This is now very important. When the new equipment comes into being there will be a great need for new credit arrangements thruout the trade. Men who would be sure of operating or wholesaling success may be held down to low ebb unless some sort of credit organization can vouch for them. This "National Credit Bureau" is therefore needed by this trade for more than one reason. The number of finance firms now catering to this business is enough reason in itself that such an organization come into being as rapidly as possible. The present coinman must be protected and must also be assured an era of continued prosperity.

All these, and the many other proposals by The Cash Box urged upon this industry in the past three years, are only equalled by the work which has already been accomplished by this medium. For example: The Cash Box first brought to light the fact that automatic phonos could operate after the midnight curfew hour. This met with great and instant acclaim. Thousands of reprints of the letter from WMC Chairman Paul V. McNutt, which first appeared in The Cash Box, were mailed all over the nation by enthusiastic coinmen and manufacturers.

This has only been eclipsed by the work which The Cash Box has done quietly and confidentially with the Office of Price Administration. The report that this industry would be removed from MPR-429 and would again be placed completely under the GMPR was first printed here. In due time, it is the belief of The Cash Box, coin controlled equipment will be completely exempted from further price control. (The coin machine has always had the best automatic price control - the coin chute. Officials of OPA are today well acquainted with this fact.)

The fight to gain more equitable record distribution to the automatic music machine men is still being carried on fearlessly and courageously by The Cash Box, regardless of the loss of advertising revenue which this entails. The Cash Box made it a policy right from its very inception not to be subsidized. It will never be subsidized. It would much rather bow its head if this trade is willing to allow for subsidization to rule it, instead of catering to the truth. This medium will continue to present the truth with the same sort of fearlessness with which our forefathers pioneered this nation.

This record battle will continue. It will go on until an equitable distribution plan is evolved by the outstanding record manufacturers to assure the music machines division of this industry that it will be able to continue the great progress it made when the war brought this growth to a temporary halt, by giving it the number of records it needs on the basis it deserves.

The Cash Box will continue to fight against open-to-the public publication of the prices of the equipment of this trade. This has been known to knock out one good operator after another from locations he could ill afford to lose. This must stop. This industry's prices for equipment, and its inner workings, must be kept as much a trade secret as the inner working of other businesses. The men who sell directly to locations must be eliminated. Otherwise this business will be forced to stop its growth right where it is at this moment. All must join in this work. All realize how important this is to their future welfare. All know that only The Cash Box has made it its policy to keep the inner workings of this industry extremely confidential.

This industry must also eliminate from its ranks the "deposit-grabber". And the type of individual who enters into this business to make a quick gain and then leave

"The Coin Machines Merry-Go-Round"

as fast as he can run. These are the kind of persons who bring black eyes to this trade. And these black-eyes are hard to eradicate. The Cash Box fearlessly came to the front in the case of the "deposit-grabber" (a designation of its own) and also in the case of the lewd and filthy film user, brought about by the new peek machines, to crash these men off the map of this industry. It still believes that a few exist here and there, but that the majority have been frightened back into their rat holes.

The Cash Box does not, and never will, set itself up as a crusader. It feels that this trade needs and wants an exclusive medium of its own. It will continue its fight to give this trade the sort of fearless and confidential medium that it wants and needs. To do so it will continue to offer constructive criticism and propose cures for whatever evils may exist, or suddenly appear, in the trade. It will continue to help guide the men in this industry to the best of its ability. It will fight for what is right, for what is true, for what will bring progress and recognition and respect, and let the chips fall where they may.

The manufacturers, at their last meet in Chicago, were most completely supported by The Cash Box. This medium realizes that these leaders getting together into a single and solid unit will be of tremendous benefit to this industry. Such a unit could more rapidly bring about the culmination of a great many constructive ideas. They could arrange for plans which would take years for others to complete and place into execution.

The Cash Box pulled off its front "Cointoon", and dedicated this page to the manufacturers who had so progressively come together for so outstanding a purpose. In fact, it devoted most of its editorial section to this great plan for complete union of all the manufacturing elements of this industry. It eagerly waits to hear further from the manufacturers that this union is at last a completed and long desired fact.

The fact that The Cash Box is better read than any other medium that ever existed in this trade is simply because it dares to tell the truth. It is one medium that is sincere in its purpose. It wants to help make coin operated amusements the most outstanding division of the great American entertainment industries. It looks forth to automatic music becoming the greatest and most respected network of music in the world. It wants to help bring to the merchandise machine men the credit and acclaim they deserve. This medium believes that eventually all the nation will become automatic merchandising conscious. Such merchandising is the culmination of forceful, true and great efficiency.

Correct analyzation of every report that is made to this industry is also one of the outstanding credits due to The Cash Box. This medium unscared the scare that came to this trade with the first OPA news flashes. It called meeting at its own expense. It analyzed the entire situation to such completeness that even OPA has used this analyzation time and time again in its own work with this industry.

It helped this industry to better understand the revocation of the L-21 limitation order by the War Production Board. It brought out the fact that tho the revoking of this order meant that machines could be manufactured, materials for such manufacture were still restricted. It stopped an avalanche of cut prices and prevented many from tremendous business losses by not understanding the complete meaning of this revoke order.

It has continued to analyze one important situation after another, and many of these analyses are still adorning the bulletin boards of firms thruout the trade. Many will also recall, almost three years ago, the analysis The Cash Box made in regard to the gas and tire rationing. These statements came true to the very last word, proving that this medium is carefully and logically thinking out whatever problems occur, as well as getting exclusive news beats.

The year that now opens before The Cash Box, its fourth year, will probably be more exciting and more thrilling than the three that have already passed. Once again this medium will continue its fearless and confidential work for this industry. As always - it will tell the TRUTH.

And in this coming fourth year, a great many surprises are due the trade. The Cash Box now starts on its post-war path. Covers will appear each week. A new digested, concentrated news service from cities all over the nation will become one of its outstanding news features. Photos will be rushed here from everywhere in the nation. A new style and a new type of interesting editorial will slowly come into being. A great many features will be presented which have never before been known to this trade. But, as all these, and many more, come into being - The Cash Box will, as it always has, continue to fight fearlessly to make this one of the greatest industries in the nation.

"TALKING OUT LOUD"

ARE YOU GETTING MORE RECORDS?

Perhaps the most outstanding, most irksome and most irritating problem to the music machine division of this industry is its constant battle to obtain a sufficient number of records. This problem was supposed to have bettered itself after open publication of all the facts in this medium.

For a short time some music men report, after The Cash Box openly publicized letters of vigorous complaint from various music machine men thruout the nation regarding the troubles they were having obtaining records, the situation did better itself.

The old, old story of the necessity for music machine operators to buy records anywhere they can in the nation, and pay top consumer's prices for these records (and sometimes even more than these prices) is again coming to the fore. Long ago the fact was reported from a survey conducted by The Cash Box: that from 75% to 90% of the records purchased by music machine operators were from retail sources, usually miles from their own territories, and at full consumer's list price.

Operators have had to cater to the record distributor in divers ways to get what records they could. One coinman reported that he had to purchase over 2,000 of one firm's needles to get records. He even offered these needles right back to the manufacturer at a cut price, 4c below the market price, to get rid of them. Others have been forced to purchase lamps, lumiline bulbs and various other supplies to get the records they need.

The problem continues. And as it goes on, The Cash Box will continue to fight for some sort of solution from the "big three" record manufacturers, namely: Victor, Columbia and Decca. They should be more than happy to bring about more equitable record distribution to the juke box industry. This is the trade that hoisted them to the exalted business position they occupy today. This is the industry that is helping to make them more popular and more powerful each day. They should stop biting the hand that has been and that is, feeding them.

This problem goes beyond just the juke box operator. It enters the precincts of the jobbers, distributors and manufacturers of music equipment, too. In fact, it even enters into the realm of the finance firms who are today placing many thousands of dollars into financing music machines. Why? Simply because if the operators of music equipment cannot obtain the quantity of records they need to continue in business and to assure their collections remaining at a high peak point, then this business will find its sales slowly falling down, and serious loss is then bound to occur for all concerned with the juke box industry.

In some parts of the nation there is already a movement afoot by some juke box men to ask the music machine manufacturers to build 12 record machines once again. They do not believe that they are going to get the number of records they need to be able to fully and correctly service 20 and 24 record machines. These men, thru The Cash Box, have asked the music

machine manufacturers to intercede for them with the "big three" recording firms. They have asked for this cooperation so that they can continue to progress. The time has come when such cooperation is vitally needed by the music machine operators.

The Cash Box proposed that these record manufacturers, who claim that they are shipping their distribution outlets the regular quota of records they can allot, to have their record labels changed to a different color so that the records bearing such colored labels will become known as "coin machine recordings". Then these record manufacturers, if they mean what they say, will be able to trace any record diversion, especially if they find these colored labels appearing in any but a juke box outlet. Every leading juke box man in the nation has arisen to acclaim this plan. All, but the record manufacturers themselves.

It is a well known fact that the record manufacturers are playing up to the possibility that the home phono market will be the greatest in this nation's history, some years after the war is over. They want to completely capture this market. It is high time, then, that they advise the juke box trade what they intend to do about future distribution to this industry.

Many claim that after the war with Japan is over there will be plenty of record manufacturers popping up everywhere in the nation. To such an extent that they will be able to supply whatever demand will ensue. But, will these new (and some of them will be "fly-by-night") manufacturers of recordings be able to also provide the stars that are needed to keep juke box earning at top peak? Only by such top earning capacity will the machine distributors, manufacturers and finance firms be able to continue doing top business.

The "big three" record manufacturers still remain the "big three". These are the firms whose policies act as a guide for the smaller organizations. These will be the firms who must either make or break further progress with the juke box industry. If an agreement can't be reached with the "big three" it will mean that the juke box men will have to start all over again from scratch helping to popularize bands, vocalists and instrumentalists. Either this, or the cooperation of the "big three" to give them the number of records they need on the basis they deserve.

There is no doubt that new stars will arise on the recording firmament. Many of these will be from among returned servicemen. But will these be enough to take care of the demand of the coin operated machine industry? Will they be placed in the "star" category in sufficient number, and in quick enough time, to make possible their extensive use? Eventually there is no doubt that these new stars will bring about a new type of post-war music and, therefore, a new type of recording. But the problem that exists—exists today—and what will come tomorrow is up to the men of the industry who are engaged in the operation, sales, manufacture and financing of juke boxes now.

Certain juke box manufacturers have openly stated that the operator will have to again come back to the \$4 and \$5 gross weekly take. He will have to operate his music machine business as he would any other "legitimate" business. The average music machine operator is willing to accept such "normalized" conditions, and is willing to earn a net of \$2 or \$3 per music machine. But, he won't even be able to earn that much if he doesn't get the records he needs to continue to attract the public to play his instruments.

The question today is: How to come to some sort of agreement with the record manufacturers which will result in more equitable distribution of records to the juke box industry? The trade is eager and willing to work out any logical agreement with the recording firms. The trade wants and needs new records, in larger and larger quantity.

There are a few in the industry who answer all questions with a shrug of their shoulders and the statement that, "When the war is over the trade will get all the records it needs." But these men do not take into consideration the fact that almost every radio manufacturer has today arranged a high powered sales campaign for home phonos, and that these will be purchased in ever larger quantity by the public, thereby necessitating that the public require more and still more of the records manufactured.

It is high time that this industry went to bat to obtain what is rightfully its own. It asks no favors. It simply wants some sort of assurance from the present "big three" record manufacturers that its needs will be as

completely filled as is humanly possible, and that the distribution outlets of the "big three" will be told to take care of the needs of this trade.

Regardless of the fact that many record distributors claim that they are not setting up any more "dealer" outlets since the war, the Classified Red Books in each city disprove them. These Red Books show increases of over 250% in new record retail outlets in many cities.

The large number of complaints The Cash Box has already received was a grand surprise. There are dozens upon dozens of juke box operators who frankly admitted to The Cash Box that they were afraid to, "stick their necks out", for they feared that if their names appeared in print, complaining about the inequitable distribution methods of the record manufacturers, they wouldn't get even what they were getting at present; which is little enough.

It is well for this industry to remember that the juke box, regardless of how well built or how beautifully designed, is simply a medium for a music expression which has always been popular with this nation. Even if a juke box should be sold for \$10,000.00 it would mean no more to the public than the records it plays. In short, it isn't the outer shell—it's the inner kernel—the meat of the situation—the records which are important.

And, therefore, it is up to him, the juke box operator, so that he may be assured continued prosperity, to do something about this record situation. And do something quick—before the music machine manufacturers begin to produce new equipment.

WPB GIVES MFRS. NO PRIORITIES

INDUSTRY ADVISORY COMMITTEE MEET WITH WAR PRODUCTION BOARD RESULTS IN GO AHEAD SIGNAL — BUT NO PRIORITIES TO OBTAIN MATERIALS AND MACHINERY GRANTED. ALL FREEZE ORDERS WITH EXCEPTION OF ELECTRONIC EQUIPMENT REMOVED WAR WORK SCHEDULES MUST BE MAINTAINED. CAN ONLY PURCHASE FOR 60 DAYS IN ADVANCE. MOST MFRS CLAIM THIS MEANS NO REAL PRODUCTION POSSIBLE THIS YEAR. SAMPLES, MAYBE

WASHINGTON, D. C.—This Industry's Advisory Committees met with the War Production Board this past Friday (June 8) as first made known to all the trade by The Cash Box, and the result of this meet of all the various divisions of the trade with WPB was to get the go ahead signal, but in such fashion that the manufacturers who were present do not believe that it is anything to get excited about.

One of the things which did please certain of the manufacturers who were present, was the fact that WPB made no distinction between the various groups that were represented. They considered this industry as one group regardless of whether the phono, vending or service machine manufacturers may have thought that they would be handled differently than the slot and amusement games makers.

Most of the manufacturers present had hoped that WPB would also grant them, as in the case of 70 other industries, an AA3 priority, so that they could obtain the machinery and material they needed to reconvert to former products production. WPB would not grant this industry any priority.

WPB advised the manufacturers that they could go ahead, where they could obtain materials, labor and machinery, without in any fashion whatsoever hurting the war effort or causing any stoppage of their own war work. The old law regarding purchasing only enough material for 60 days in advance applies even here where the manufacturers are told to obtain materials without priorities.

At present all freeze orders, with the exception of electronic equipment, have been revoked. This electronic equipment order includes tubes. This is one of the vital parts for phonographs. Therefore, this creates a great difficulty for the phono manufacturers to be able to get into production without being able to obtain tubes. Especially in view of the fact that WPB has not given them, and will not give them, a priority to obtain tubes. At the same time, electric motors are also one of the bottlenecks for the phono manufacturers.

Most of the manufacturers present stated that this would mean, since they will not be given any priority, that there will be no production to speak of this year. There may be some samples manufactured from inventory on hand. But that's all, according to these manufacturers who are somewhat sorely disappointed over the fact that they have the "go ahead" signal and yet have no priorities with which to make that signal mean something to the trade.

FRANK Q. DOYLE HAS ROCKOLA LINE FOR FLA. & SO. GA.

MIAMI, FLA.—Frank Q. Doyle reports that his new firm, Frank Q. Doyle Associates, will represent the Rockola Manufacturing Corp. throughout the state of Florida and also in South Georgia.

Mr. Doyle reported, "We believe that our new showrooms and offices will prove to be one of the 'attraction centers' for the trade."

"In addition to the Rockola phonograph of tomorrow, we are also going to handle the products of leading manufacturers and will feature all types of machines."

SAILOR TO ENTER PIN BIZ WITH \$300.

NEW YORK—Jimmy Jemal, "The Inquiring Photographer" of the Daily News, this city, questioning servicemen as to what they intend to do with their \$300 discharge pay, reported this item of Seaman First Class Lawrence D. Hagberg in this past Sunday's News. "I'm planning to go into the pinball business in Massachusetts and \$300 will give me a good start. From there I'll go into the juke box business. I've put a lot of nickels in those machines and I'll try to get some back."

It is expected, tho, that some manufacturers of smaller equipment, which does not require many parts, may produce a few machines during this year. But even if such production is started, manufacturers claim, it will be of such insignificant quantity as to have very little effect on the general market.

One manufacturer stated, "Just tell the boys to keep right on going with their used machines. It's going to be a long time before they'll see new equipment."

SHIPPING CRATES BOTTLENECK Wood Boxes And Fibre Containers Becoming Scarcer Every Day

CHICAGO—Reports from wood box and fibre shipping container manufacturers are to the effect that these items are getting scarcer every day as far as domestic manufacturers are concerned.

Regardless of the fact that some civilian production is already under way in certain industries, these manufacturers cannot obtain shipping containers due to the fact that they are being taken up by the war, lend-lease and other high priority users.

The general belief is that this condition will grow even more critical as the re-shipment of equipment from European centers to the Pacific gets under way and as high priority manufacturers demand boxes and containers for shipment to the war front.

Even used boxes and containers are also becoming scarce. Manufacturers who have some civilian production under way are using whatever they can obtain to ship merchandise, but anxiously look forth to extremely critical shortage very soon, even in the used shipping container field.

ROCK-OLA GIVEN SAFETY AWARD BY U. S. DEPT. OF LABOR

CHICAGO—J. A. (Art) Weinand, Safety Engineer for the Rockola Manufacturing Corp., this city, proudly displayed the award which this firm was granted by the U. S. Department of Labor for reducing accident frequency in their plant.

In a letter from the Office of the Secretary of the Department of Labor, there is contained the following, addressed to the Rock-Ola Mfg. Corp., "I have the honor and pleasure of informing you that your company has qualified for a Certificate of Safety Achievement, by reducing accident frequency in the period July through December, 1944 to the extent of more than 40 percent in comparison with the last six months of 1943."

Mr. Weinand has made a deep study of accident prevention and has constantly installed many new ideas and plans which have been responsible for reducing many usual plant accidents.

DAN MALLETTE NOW BUYER FOR AMERICAN AMUSE.

CHICAGO — Dan Mallette, well known coinman is now buyer for American Amusement Co., this city. Announcement of this position was made by Harry Brown and Dave Yaras of this firm.

"At the same time", they stated, "Mallette has been responsible for some very fine engineering features found in our rebuilt machines. He's an all around man. But will devote most of his time to buying for us around the country."

JENNINGS PRESENTS POST-WAR FOLDERS

CHICAGO—Carroll E. Vetterick of O. D. Jennings & Co., this city, is presenting the firm's new post-war folders. These are exceptionally beautiful, modernistically conceived, and speak the language of the post-war era.

Featured in these new folders are the Jennings Beverage Vender, their plastic lighted front slots, and the Jennings Dairy Drink Dispenser.

These are the first post-war product circulars which have been presented to the trade.

THRU THE COIN CHUTE

CHICAGO - Ted Rubenstein of Marvel Mfg. Co. shopping all over the nation for more and more games and getting ready to soon pop with another revamp, which Ted claims, "Will be sensational".....Dave Gottlieb buzzing all over his plant while talking with visiting coinmen at the same time. Drafting tables are piled up with blue prints of the new Gottlieb games to come.....And Nate Gottlieb is leaving the factory early these days to get another look at his brand new baby daughter before Mrs. Gottlieb tucks her to bed.....Harold Baker leaves town for a few days and rumors are to the effect that this concern has some very, very big post-war plans that Harold is cooking up.

Harry Williams who is working counting hours per day and has just taken on still another war contract reports that he has already completed plans for some outstanding surprises in the way of new games which are awaiting the word "go".....Al Sebring and Harry Salat of Boll Products Co. have been kept plenty busy since the announcement of their removal sale. Many an out of town visitor dropping in to grab some of those scarce parts for his stockroom.....Carr 11 Vetterick's wide acquaintance with coinmen keeping him hopping all day long over at the Jennings factory - as more and more visitors call around to find out what's new with Jennings for the post-war rush.

E. W. Pace (Pace Mfg Co) reports that he's feeling somewhat better after his illness and now manages to get down to the plant every afternoon.....Al Douglis and Dave Helfenbein (formerly Daval Mfg Co) are planning to get back into the coin biz and are now seeking for a factory location.....Red Zogg and Harold Baker are talking over the good old days. By the way, Zogg goes on record as stating that he took the marriage vows at the tender age of 15 and is still happily married to the same little gal.....O. D. Jennings returns from his Mississippi plantation and immediately plunges into post-war plans.

Bally again does it up brown. This time a party at the Sherman for all the firm's employees who have served one year and more with this grand organization. Entertainment, dancing and refreshments galore, in the usual Ray Moloney manner. And Bert Perkins, Personnel Mgr. makes the main address and gives out Service Emblem Awards. Ray Moloney says a few words. Roy Guilfoyle, Executive Vice-President and General Manager tells the boys and girls what he thinks. Herb Jones, Vice-President and Works Manager also makes a speech to the gathering. All present are loud in their praise that this affair will be long remembered.

J. A. (Art) Weinand of Rock-Ola Mfg Corp still proudly showing that Safety Achievement Certificate sent to him by Secretary of Labor Frances Perkins and telling all and sundry how the Rock-Ola plant achieved it.....Speaking of safety brings to mind that very clever little booklet by Grant Shay of Mills Industries called "Safety-Ology" and printed by the Dartnell Corp.....George Ulcigan of the Soundies films off to New York on business.....Ed Heath of Heath Distributing Co., Macon, Ga., in town and making the rounds of the manufacturers.

Bill Alberg, Charley Aronson and Teddy Blatt in town and asking "what's what" as they make the rounds of the various manufacturers talking about their new combination.....Ken Wilson of Amalgamated Distributing Co. back from N.Y.C. and reporting that he may pop with a real surprise announcement very, very soon as a result of that trip.....Jack (Central Mfg. Co.) Simon getting ready to move into larger quarters in preparation for post-war business he plans.....Aero Needle Co move their offices to 619 N. Michigan.....Joe Schwartz of National Coin Machine Exchange clearing away all obstacles to make room for that load of new games he just purchased.

Gene Bates of H. C. Evans & Co. busiest man in the Evans plant these days since he took charge of the parts department for their Paces Races machine, which the firm bought last year.....Sam May claims his new quarters better and larger than any he has had before.....Sam Wolberg and Sam Gensburg of Chicago Coin report that they are still deep as ever in war work but are eagerly looking forward to the day when they can start producing games again.....Jack Nelson changes his eastern trip at the last second and jumps down to Texas to visit with coinmen there. And from Texas on to Virginia and the east coast.....Low London is reported to have been in town this past week, tho very quietly.

Manufacturers who attended War Production Board Industry Advisory Committee meeting discussing the pros and cons of this meet & awaiting receipt of the minutes. Belief is that games are still a long way off even tho some samples may be seen this year.

THRU THE COIN CHUTE

CHICAGO - (Contd) Bill Frey (Bill Frey, Inc., Miami, Fla.) and Frank Hernandez of Key West, Fla. in town on biz for a few days.....Also Eddie Corrison of Palisades Specialties Co., Cliffside Park, N.J., and Leo Dentino, operator from Peoria, Ill.....Mack Postel leaving for a two week buying tour thru the East, and has big plans for the post-war period which he will talk over with Eastern Distributors.....Al Stern glued to the long distance phone 20 hours a day buying, selling and what not - while making plans for his own establishment.

Jimmy (Globe) Johnson tells of a recent experience about which he is extremely proud - an arcade owner from Dayton, O. called to look over suitable equipment for his arcade and spotted a Keeney Anti-Aircraft gun which had just been overhauled, rebuilt and tagged for sale. Upon learning the price, the man offered ten dollars more, saying it was worth more because of the very excellent workmanship.....Nate Foinstein (Atlas Novelty Co.) back from his short vacation and greeted with a desk piled high with work.....Herb Jones of Bally Mfg. Co. says there aren't enough hours in the day to cope with the avalanche of work (and no wonder, with all the new and extensive plans under way, about which the trade will be hearing very soon.)

Jack Rosenfelt (All States Dist. Co.) soon ready with an important announcementMurray Rosenthal (Coinex) greatly expands his place and has added a department featuring large stock of all types of tubes.

U-NEED-A VENDORS, INC. TO MANUFACTURE CIGARETTE AND CANDY MERCHANDISERS

UNION CITY, N. J. - U-Need-A-Vendors, Inc. opened their offices and factory at 2715 Summit Ave., this city, and shall manufacture the well known U-Need-A-Pak cigarette and candy vendors. The concern has acquired the patent rights, tools and dies used in the manufacture of the original U-Need-A-Pak Cigarette and Candy Machines.

Headed by Leo Willens, formerly of U-Need-A-Pak Corp., Jack Breidt and Bill Moore, well known cigarette machine operators, U-Need-A Vendors, Inc. is preparing to bring out its first model cigarette machine, which they have named "Monarch". Jim Evans, also formerly connected with the original U-Need-A-Pak Corp., is the head engineer.

EASTERN CHATTER - Charley Katz and Leon Berman of Metro Distributing Co., New York, open a branch office at 301 Sherman Avenue, Newark, N. J.

William Faulkner has been appointed manager, and the office will handle a complete line of all types of equipment.....Sammy Stern, Scott-Crosse Co., Phila. all excited over the arrival of a son, born June 12 at the Jewish Hospital. Sammy is now the proud father of two boys.....Charley Wertheimer of Boston, Mass. visits the city, and as usual takes Mike Munves over at their favorite pastime, pinochle. Charley is all trimmed down to the sylph-like form of a chorus girl by a strict diet.

Ben Becker (Palisades Specialties Co.) Cliffside Park, N.J. waiting for Eddie Corrison to return from Chicago so that he can go on the road again.....Joe Fishman, formerly pin game association head, now operating music.....Charley Polgaar, R & Y Novelties, Newark, N.J. leaves for a fishing trip to Cape Charles, Va.....Nat Cohn, Modern Music Sales Co., running a "Victor Borge" concert night at the Carnegie Hall in October for his Belle Harbor B'nai B'rith Lodge.....Hymie Rosenberg gets ready for a road trip.....Harry Berger, West Side Distributing Co. buying and selling plenty of music.

Walter Dunphy placed in full charge of the repair department of Ed and Al Ravroby's Associated Amusement, Inc., Boston, Mass. Walter, honorably discharged from the Army was formerly employed by the Ravrobys prior to entering the service.....Mike Spector, Spector Distributing Co., Phila. doing a lot of golfing these days.....Moe Luber, phono motor repair expert, rushed with requests to repair electric fan motors when the weather turns hot suddenly, but Moe too busy on the phono motors for operators thruout the country.

Art Sauve of A.P. Sauve Co., Detroit, Mich. phones long distance to advise he's getting active in the biz again.....Another phone from Detroit from I. Edelman who would like to come into New York, but as he cannot at this time, wants us to come to see him.....Harry Steinberg and Dave "Quincy" Lieberman, H & S Amusement Co., Newark, N.J. working at top speed with their many enterprises.....Joe Kochansky and Harry Friar, F. P. & K. Distributing Co. introduce their new skee ball with the revolving barrel.

THRU THE COIN CHUTE

EASTERN CHATTER - (Contd) Charley Katz (Metro Dist. Co.) returns from a trip thru New England where he visited Bill Hamel of Concord, N.H., and Leon Borman in the meanwhile, was entertaining Ross Garris of Cresco, Pa.....Ed Ravreby's Playland gets some top publicity when one of New York's columnists writes he saw Broadwayites playing the machines.....Some out of town coinmen were also seen with Ed among those, Herman Murray of Adirondack Amusement Co., Lake George, N.Y., Dick Hornbock of Kingston Novolty Co., Kingston, N.Y. and Mac Leshnick of Baltimore Musical Sales Co., Baltimore, Md.

Some Philadelphia Notes: Charley Hannum, manager of the Phonograph Operators Assn of Pa. blushes at the slightest provocation.....Bert Sheward and Harold Reese of A.M. I. will probably cause a shortage of fish along the Eastern seaboard by the end of this summer, as they will be spending every week-end from now until Sept. at Wildwood, N.J. in their boat.....Frank Hammond, former business manager of the Philadelphia Music Operators Assn., is on his way home France with his discharge. Frank has been in service since the very beginning.....Dave Rosen will be spending his week-ends in Atlantic City with his family this summer.....Meyer Cowan has been keeping the fender man busy trying to keep his fender straightened out. Last Wednesday he got mad and tore one in half.....Mrs. Minnie Schmid of B. & S. Music Co. comes home from the hospital and feeling much better.

When Associated Amusements, Boston, Mass. opened about a week ago, quite a few visitors from New England dropped in to visit with Ed and Al Ravreby. Among those seen were: Joe Lazar of Lazar Music Co., Manchester, N.H.; Lou Toby, Manchester Music Co., Manchester, N.H.; Ray Hefner of Panoram Bristel Co., Middleboro, Mass.; Ralph Meultroup, Island Pond Music Co., Island Pond, Vt.; Frank Ward of Fairlee, Vt.; and "Sully" Sullivan of New England Exhibit Co., Boston, Mass.

OWL MINT TO FEATURE DEPT. STORE LAYOUT FOR POST-WAR

BOSTON, MASS. - Jack Ravreby of Owl Mint Machine Co., this city, reports that his firm is planning on adopting the same type quarters as now featured by department stores. This will be the first time in this industry that any such change has been noted in distributor quarters.

According to Jack "We are at present revamping and rebuilding our entire quarters on the same blueprint plan as a department store. We will not only feature merchandise in individual sections, giving certain types its own section, but we shall even have a bargain basement for used equipment that will allow the operators to pick out what they want, on a self-service basis, and buy it right then and there."

It will prove interesting to the trade to see how coin machines can be arranged in department store fashion, coinmen here report.

100,000,000 POUNDS OF ALUMINUM FREED

WASHINGTON - The War Production Board officially announced this past week the "open-ending" of the CMP (Controlled Materials Plan) as it relates to aluminum. Only Aluminum extrusions will be exempted from the release which permits the acceptance and delivery of civilian orders for upward of 100,000,000 pounds of aluminum per quarter.

This action precedes by almost three weeks the July 1 date set for the general "open-ending" of CMP, which would also include steel and copper. A similar step was taken for brass mill products last month. The action is accomplished with Amendment 4 to CMP Regulation 1.

This sudden release of aluminum, it is believed, will start many electrical appliance manufacturers to use this material instead of others in a return to civilian production. At the same time wide use of aluminum in the coin machine field is forecast.

PIANO MFRS PROTEST TO OPA ON PRICING METHODS

NEW YORK - The National Piano Manufacturers Association, in a meeting at the Waldorf Astoria, this city, this past week, protested that present pricing policies of OPA adversely affect the reconversion of their industry, according to a resolution adopted by those present.

THRU THE COIN CHUTE

JENNINGS WINS SECOND ARMY & NAVY "E" AWARD - PRAISED BY WAR DEPT.

CHICAGO - Officials of the O. D. Jennings & Company, noted coin machine manufacturers, this city, were greatly elated this past week on receipt of a letter from Robert P. Patterson, Under Secretary of War, that they had won, for the second time, the Army and Navy Production Award for meritorious service on the production front.

Mr. Patterson wrote to the "men and women of O. D. Jennings & Company"; "You have continued to maintain the high standard you set for yourselves and which won you distinction more than six months ago. You may well be proud of your achievement.

"The White Star, which the renewal adds to your Army-Navy Production Award flag is the symbol of appreciation from our Armed Forces for your continued and determined effort and patriotism."

FOUR JERSEY COINMEN COMBINE - OPEN N.Y. OFFICES

ELIZABETH, N.J. - Harry Pearl, Everett Masterson, Tom Burke and Dave Stern, noted coinmen of this city, have just combined to form the following two corporations: East Coast Sales & Distributing Co., Inc., and East Coast Distributing Co., Inc.

The latter firm will maintain offices at their present address, 409 N. Broad St., this city, where they have large storage facilities, service and parts departments as well as outstanding showrooms.

The East Coast Sales & Distributing Co., Inc., will open new offices at 625-27 Tenth Ave. in New York City, right in the heart of "Coinrow", where they will maintain sales offices and showrooms.

Members of these firms report that they intend to present the trade with outstanding post-war products. They will also feature new and used machines for the industry nationally. Repair work and reconditioning will be continued in their Elizabeth plant, where they have fine facilities for such work.

WPB'S "SPOT AUTHORIZATION" PROGRAM VIRTUALLY ENDED

WASHINGTON - The "spot authorization procedure", a key regulation in the Government's program to aid industrial reconversion, was brought virtually to an end today by the War Production Board. WPB disclosed that it had instructed field offices to deny further preference ratings and allotments of materials beyond July 1 to those applying under normal provisions of the ruling.

The action is in preparation for an amendment to the "spot" order, PR-25, which will officially eliminate priorities or material assistance at the end of this month. WPB field offices will not authorize production schedules for the rest of this year, except for highly essential civilian products listed in Directive 1 to PR-25.

LONGER DELAY SEEN ON RECONVERSION BECAUSE OF STEEL MILLS NEEDS

NEW YORK - Longer than expected delays in conversion of war industry to peacetime production are seen in the survey just completed by the National Industrial Conference Board. A major setback will be encountered in steel mills and other rolling mills and foundries. Previously it had been expected that reconversion here would be a minor task.

It is now reported, the study brought out, that the steel industry will spend over \$200,000,000 on their conversion job, much of it to change mills back to plate.

WLB WILL POLICE INDUSTRIES ON WAGE CUTS DURING RECONVERSION

WASHINGTON - Theodore W. Kheel, executive director of the War Labor Board reported that the same watchful policing which was in effect to prevent industries from hiking salaries of employees during wartime will be in effect when conversion sets in to see to it that no industrialists cut salaries.

Manufacturers switching from war output to peacetime production will very likely be unable to seek wage adjustments under the war prosecution clause, Mr. Kheel stated. However, some companies returning to civilian production may find themselves in a difficult competitive position and can appeal for wage adjustments under the plea of "gross inequities".

SAVANNAH COINMEN ORGANIZING - MUSIC MEN AGREE ON 30% COMMISSION BASIS

SAVANNAH, GA. - Regardless of the fact that this city will, in all likelihood, ban one-balls and pinballs, the coinmen have, as a result of this drive, come together and put up \$1,000.00 each, thereby creating a unique and strong organization of operators. At the same time one of the most prominent attorneys in this city has been hired by the coinmen to act as "commissioner" of their industry, in the same capacity, and with the same power, as does the commissioner of baseball.

The music machino operators also came together and one of their first moves was to agree on a 70%-30% commission basis. From now on locations here will receive but 30% commission from music equipment. Leading coinmen here have been urging the adoption of this commission basis for sometime. Now that it is an accomplished fact, and an organization created with each man putting up \$1,000.00 to abide by all the rules and regulations which will be voted on, placed into effect and executed by the "appointed commissioner", everyone here is much happier than ever before.

Leading Savannah coinmen are of the opinion that tho it took a crusade against their business to get them together, it was well worthwhilo from the standpoint that they now have created an organization which everyone here has wanted for a long time. The 70%-30% commission basis will go into effect immediately. Coinmen also report that there is a chance to keep their pinballs in operation. They are putting up a stiff fight to win this point.

COINMEN'S VICTORY LODGE PREVIEWS "RHAPSODY IN BLUE"

NEW YORK - Coinmen members here of the Victory Lodge, B'nai Brith, previewed the new Warner Bros. picture, "Rhapsody in Blue" this past Tuesday evening (June 12) at the Warner Brothers' Preview Theatre. This picture is based on the life of George Gershwin, Victory Lodge instituted the Gershwin Memorial Concerts this past year and have attracted national attention. Serge Koussevitsky and Paul Whiteman as well as Leonard Bernstein, the young conductor and Osear Levant are now acting on the committee.

The next George Gershwin Memorial Concert will be hold in Carnegie Hall here on March 16, 1946, Coinmen are already making arrangements to purchase large blocks of tickets. It is understood that Warnor Bros. has already taken a block for their executives.

FRIDAYS AT 5 PM - CLOSING

NEW YORK - If the editorial material and the advertisement you sent do not appear in this issue you can be assured that they reached The Cash Box after 5 PM Friday.

THRU THE COIN CHUTE

MINNEAPOLIS, MINN.

- Surprise visitor in town this week was Harry Kaplan of South-Western Vending Machine Co., Los Angeles, Calif. Harry visited his relatives in Winnipeg, Canada, and then stopped off in the Twin Cities, combining business with pleasure.....Coinmen here wondering if the weather is as bad elsewhere as it is here.....Ralph Moberg, operator from Bemidji, Minn. claims he is the only person in the country who has a private seaplane base. Ralph has several seaplanes and does a thriving business during the summer months flying parties into the far North for fishing. Moberg invites coinmen who really want to do some real fishing to contact him.

Don Brunington of Onamia was in town with Mrs. Bruington. Don tells us that he has just bought a 30 foot cabin cruiser and expects to spend most of his time from now on taking life easy. Don looks so healthy now, we're wondering what a life of ease will do for him.....Milo Whisman of Hibbing, Minn. has opened a record shop, and in addition carries radio parts, accessories, and model airplane parts. Milo's son, who was recently discharged from the Army, is with his dad and taking complete charge.

The coin machine industry of Minneapolis wishes to extend its thanks to Henry H. Greenstein of Hy-G Amusement Co. and Doc Baranson of the Minnesota Machine Co. for their splendid job in making the Minneapolis Jewish Federation drive an extraordinary success. Greenstein and Baranson gave up many hours of time from their businesses seeing that the operators, jobbers and distributors of the Twin Cities contributed substantially to reach their goal. Their efforts were more than repaid when their goal was over-subscribed.

Mrs. Elizabeth A. Rockenbrandt, Minneapolis, suffered a fractured right arm, brain concussion and other injuries when she tripped over a weighing scale near a booth in a tavern owned by Niles D. Camfield, and filed a suit for \$20,000. James D. Leary and Dorothy Leary, co-partners of Automatic Sales Co., Minneapolis, are named as defendants, as they had placed the scale on location. Operators here are interested in the final outcome of this case.....Coincidentally, there's another case of similar nature pending in court, at this time. Charlie Swan, operator in Minneapolis, is being sued by a woman who tripped over a scale and fell down some stairs at the Oak Bar. As yet, there's been no verdict.

The following operators were seen in town: Andy Benna of Ironwood, Mich. just looking around.....Tom Packman of Hayfield and Paul Hayes visiting their friends..... J. A. Rooney and William Welch, both from Chippewa Falls, Wis.....Ted Heil of Gaylord, Minn.....and Van Middlemass of North Dakota brought his nephew in for a few days, and then flew to Chicago.

NEW ORLEANS, LA.

- F.P.Clesi back in town from a fishing trip....Tho S. Catanese recently sold his route, he just can't keep out of the phono biz, and is back operating again.....Bon Shear's (Soundios) daughter is recovering from a recent illness....H. B. Brown, who operated in Greenville, Miss., in town on biz..... F. A. Blalock in Nola for a short stay.

Henry Fox, from ol' Missip, here "wheeling and dealing" as usual.....Every Crescent City op asking distributors the \$64. question - "When will I be able to get new machines?.....Communications Service Co. doing a swell job on service and maintenance for Soundios, being experts on repairing wall boxes, speakers, etc.

LOUISVILLE, KY.

- E. N. Mims, formerly of Amusement Games Co., sold out his interest in the company, and is devoting his time to the manufacture and distribution of circulating fans. A former mechanic, Roy Luker, has taken over all the assets of the Amusement Games Co., including the name.....W.B. Williams, phono operator from the Western part of Kentucky, visited the jobbers and distributors.

Lester Fleck, manager of the Cincinnati office of Ohio Specialty Co., and Charlie Rosen, formerly of the Louisville office of the same firm and now in the Navy spent some time in town recently making big plans for post-war activity.....The local newspapers carrying stories of "slot" raids on taverns, and a conviction on a "punchboard" case.

DISC-HITS BOX SCORE

In Order of Popularity based on Weekly National Survey
Compiled by

JACK "ONE-SPOT" TUNNIS

Box Score tabulation compiled on the average individual purchase on the basis of 1000 records — listed in order of popularity, including name of song, record number, artists, and recording on reverse side. Code: (CA) Capitol; (DE) Decca; (HI) Hit; (VI) Victor; (CO) Columbia; (BB) Bluebird.

C. M. I. BLUE BOOK

The "Coin Machine Industry Blue Book" for new and used coin operated equipment is issued every week. It is a review and digest of all selling prices based upon the market quotations for the week. Copyrighted 1945 by The Cash Box, 381 Fourth Avenue, New York 16, N. Y.

FOREWORD

Many times, wide differences appear in the high and low prices of certain equipment. Like any true reporter The C.M.I. Blue Book can only feature the market prices as they are quoted. The C.M.I. Blue Book acts exactly the same as the market quotation board at the Stock Exchange—posting the prices exactly as they are quoted for the past week, regardless of how much they may seem to be out of line. Some machine prices do not change for months. The C.M.I. Blue Book, rather than show no price, retains the last known quotations for such equipment so that the subscriber at least has the last known quoted prices as a basis to work with. Prices continue to be very widely divergent these days. Someone on the West Coast may feel a certain machine worth \$150.00 whereas someone on the East Coast may think it worth but \$75.00. Of course, condition, serial, appearance, demand, territory, quantity, etc., must all be taken into consideration. The C.M.I. Blue Book reports each quotation exactly as it is made and depend on the subscriber to make average price adjustment to fit the peculiarities of his own territory.

METHOD

The C.M.I. Blue Book is to be read as follows: First price listed is lowest price for the week; Second price listed is highest price for the past week. Where only one price appears this should be considered lowest price.

CODE

CHECK THIS CODE CAREFULLY. BECOME ACQUAINTED WITH EACH ONE OF THE CODE NUMBERS AND WHAT THEY SIGNIFY. THESE CODE NUMBERS APPEAR IN FRONT OF THE NAME OF EACH MACHINE.

1. MEANS PRICE WENT UP.
2. MEANS PRICE WENT DOWN.
3. MEANS MACHINE JUST ADDED TO LIST.
4. MEANS PRICES WENT UP AND DOWN DURING THE PAST WEEK
5. MEANS PRICES REMAINED SAME AS IN LAST PRICE LISTS.
6. MEANS NO PRICES QUOTED FOR PAST TWO WEEKS
7. MEANS NO PRICES QUOTED FOR PAST THREE WEEKS
8. MEANS NO PRICES QUOTED FOR PAST FOUR WEEKS OR LONGER

IMPORTANT

Machines underlined mean these were most active in trading the past week.

NOTICE! March, 1942. Market Prices for Wholesalers as per GMPR of OPA appeared in September 7, 1943 issue. Reprints are available.

Copyrighted 1945 by The Cash Box, 381 Fourth Ave., New York 16, N. Y. Production in whole or part forbidden without written permission from the publishers.

Factory Rebuilt by American

The Gold Chrome Bell is Mills latest machine rebuilt in American Amusement Company's modern plant by factory trained mechanics. The New Light Cabinet, Front and Top castings, Drill Proof Lining and Plated Mechanism are all exclusive features, Engineered by American and found only in American Rebuilt Machines. The Gold Chrome 2/5 or 3/5 play represents the best value on today's market, and is requested by the best locations everywhere. If you want a machine with the biggest player appeal—the machine that makes more money GET AMERICAN REBUILT GOLD CHROMES.

MAKING MONEY FROM COAST TO COAST

In the past year American Amusement Co. has sold more Gold Chromes than anybody in the business. Reports and repeat orders from the biggest users show that the Gold Chrome has top player appeal plus the ability to take it no matter how heavy the play.

CONGRATULATIONS TO

"THE CASH BOX"

ON ITS THIRD BIRTHDAY

AUTOMATIC MUSIC OPERATORS ASSN, INC.

NEW YORK CITY

Look To The GENERAL For LEADERSHIP

THE HUMAN TOUCH

A coin machine can be dressed up like a Christmas tree and have all the sound effects of a radio station. But nothing stirs until a hand sets it in motion.

It's the GENERAL'S idea that a distributor needs more than spacious buildings, fine equipment and an adequate service department. He must have an understanding attitude toward his customers . . . a personal interest in every operator's problem . . . the human touch!

A Pioneer

50 YEARS

Ago

A Leader Today!

50 years ago we started building **QUALITY** into Mutoscope equipment. That policy has proved its worth to you over and over again—especially during these war years when new equipment was not produced and only machines that were **BUILT TO LAST** have been able to stand up and continue earning money for you.

ATTENTION!

CIGARETTE MACHINE OPERATORS

You've waited a long time — but the news we have is good news for you.

We have acquired all the patent rights, tools and dies used in the manufacture of the original U-Need-A-Pak Cigarette and Candy machines.

Our engineering department has certified various startling changes; and, as soon as war conditions permit, we will resume production immediately.

Our new cigarette vendor, the "Monarch," retains all the simplicity in operation with which the name 'U-Need-A' has always been associated — and, we've added many new features.

Plan your Post-War operation now! Inquire today about the new U-Need-A "Monarch" — the proven cigarette merchandiser designed strictly for your profit!

Congratulations to you

Bill Gersh

and your able staff

on your Third Anniversary.

It is a credit to the industry to have a man who had your foresightedness to be able to get out "The Cash Box." I for one can say it has been a great help to me and I was able to profit from it. Many more happy and successful anniversaries to all of you.

"THUNDERBOLT"

SENSATIONAL NEW AIRPLANE SHOOTING GAME
A MUST IN EVERY ARCADE
THE FIRST POST-WAR ARCADE
MACHINE NOW READY!

NEW—DIFFERENT—STANDS OUT IN YOUR ARCADE LIKE A BRIGHT LIGHT IN A BLACKOUT. TAKES IN MORE NICKELS THAN 3 OTHER MACHINES COMBINED.

Player actually has the sensation of flying a fighter plane. He grips a RUDDER STICK with his hand, sights the moving enemy planes, and then presses the MACHINE GUN BUTTON on the RUDDER STICK — scoring hits.

Machine Guns in the wings of the plane flash tracers . . . shots rat-tat-tat . . . flak bursts . . . and a bell rings when scoring.

NOTHING LIKE IT EVER PRODUCED BEFORE

ONLY \$395⁰⁰

Bally

IS IN THE FIGHT TO THE FINISH!

The Bally Organization is working day and night, 'round the clock, producing vital war matériel for our fighters. And Bally will continue to be in the "thick" of it until final victory is won, and attention can be again directed to peacetime pursuits and the manufacture of famous Bally games and venders.
