WAKE UP!

By *Bill Gersh*

WAKE UP! THIS IS 1947!!

This is NOT the time to GIVE IN to PESSIMISTIC RUMORS. This is NOT the time to WEAKEN! This is the year for BOLDNESS, COURAGE, FAITH!!

In 1929, '30, '31, '32, and for some years afterwards, when the worst depression in all American business history was in progress (and getting worse all the time) THE COIN MACHINE INDUSTRY DROVE ON AHEAD — RAPIDLY — BOLDLY — COURAGEOUSLY — TO BECOME "BIG BUSINESS"!! THIS IS THE YEAR TO ONCE AGAIN DRIVE AHEAD — WITH BOLDNESS — WITH FAITH — WITH COURAGE — AND WITH COMPLETE CONVICTION IN THE FACT THAT THE COIN MACHINE INDUSTRY OF 1947 — WILL CONTINUE TO GO ON AHEAD—TO EVER GREATER ACHIEVEMENTS — TO EVER GREATER SUCCESS!

If you want to QUIT this business — that's up to you. BUT REMEMBER — YOU WON'T FIND ANY OTHER FIELD THAT OFFERS HALF THE PROMISE — ONE QUARTER THE OPPORTUNITIES — NOR ONE-TENTH THE PROFIT POSSIBILITIES FOR SIMILAR MODEST INVESTMENT THESE DAYS as does the coin machinery industry of 1947.

THIS BUSINESS IS JUST GETTING STARTED. It took this recession period to AWAKEN it to a great many pertinent facts. It realizes NOW why **The Cash Box**, for almost five years, HAS BEEN URGING AND PLEADING WITH THE TRADE TO ARRANGE FOR A BETTER COMMISSION BASIS!

It also now agrees that PRICES and GENERAL OVERHEAD will remain HIGH and, in some cases, GO EVEN HIGHER! It also now KNOWS that it MUST CHANGE its business methods. In fact, it must rearrange its complete set-up to MEET THE NEW CONDITIONS OF THIS NEW ERA. The coin machine industry is NOW undergoing its ADJUSTMENT PERIOD in one shocking and bewildering SMASH which it could have gradually and smoothly glided into if its members wouldn't have been blinded by the big wartime boom profits and therefore didn't care to listen to those few voices who urged it to prepare itself for this period.

WAKE UP! You're in a GOOD BUSINESS! People need, want and like entertainment. They'll especially want and need entertainment to carry them thru this recession period. They'll play your equipment because it's economical — stimulating — uplifting — relaxing.

WAKE UP! Go on AHEAD! Regardless of whatever any pessimist tells you — REMEMBER — PEOPLE

HAVEN'T CHANGED TO THE EXTENT WHERE THEY NO LONGER WANT TO HEAR MUSIC — TO PLAY GAMES — TO BUY MERCHANDISE!!

WAKE UP! It's now UP TO YOU to STIMULATE the greater playing of your games — more listening to your music — bigger buying of your merchandise — by making it EASIER, MORE ATTRACTIVE, BETTER!

YOU CAN DO IT — IF — YOU'LL WAKE UP — and get right in there and — THINK — ACT — FIGHT — WORK — WORK — WORK — LIKE YOU WORKED ONCE BEFORE TO GET YOUR BUSINESS STARTED! WORK THAT LAZY RING OF FAT OFF YOUR STOMACH — WAKE UP!

GET BACK IN ACTION! Help bring on the BIG BOOM you KNOW is coming. Get out among your locations YOURSELF. Call on your customers YOURSELF. DON'T LET ANYONE ELSE DO IT FOR YOU — NOT NOW!

THIS IS 1947! THIS IS THE TIME TO GET OUT AND WORK — THINK — ACT — FIGHT — AND ONCE AGAIN DO IT YOURSELF — just like you did in 1929, '30, '31, '32 . . . WAKE UP . . . THE NEW YEAR HAS STARTED!!

BIG MUSIC OPS URGE CO-OP RECORD BUYING TO GET BETTER DISCOUNTS

**Claim Will Use Many More Records.
Say That Savings Will Help to Cover
Good Share of Increased Overhead
and Will Make Operating More Profitable.**

NEW YORK — Large music ops here have been contacting each other as well as other ops thruout the nation in an effort to form a consolidation for cooperative purchasing of records.

These men claim that by such coop buying they can obtain their former discounts and that the savings so effected will help them to overcome, in great part, their present increased overhead expense.

There are some operators in this group who state, "If we can get records at the discount now being obtained by some of the large department stores and other retail outlets throughout the country we believe

that we can continue to go on ahead faster than we are doing today."

Most important to the trade in the formation of a cooperative these men claim, of this nature, is that it will bring one of the most outstanding necessities to the juke box operators at a lower price. There is bound to be created a large formation of music operators who will benefit directly from such a cooperative, they report, and also say that certain record makers are ready to listen to them.

As one noted large New York operator stated, "Of what use is even the finest built and most beautiful juke box in the world if it hasn't records? Furthermore, what good is the present set-up if our overhead

continues to go up because parts and supplies, especially records, increase in price. If the operators get together in a cooperative buying group there is no doubt that the record manufacturers will be happy to work with us for we will be able to buy many, many more records and will, in the long run, only be spending what we do now for lesser quantities.

"This will also give us a chance to change our records more often to help stimulate more play. All around a cooperative of this nature is of tremendous importance to the whole music machine industry. We hope that by convention time all music machine operators will come together to help make a record buying cooperative a reality."

JOBBER'S SAY WILL SET UP OWN NAT'L ASSN IF NOT INVITED IN DISTRIBS' GROUP

Claim They Are "Most Necessary" to Sales Success. Are Closest to Ops, They State, Take All Trade-Ins and Biggest Share of Credit Risk While Selling Major Quantity of Used Equip't. Feel Distribs Are Ignoring Them. Invite All Jobbers to Offer Suggestions.

NEW YORK—Since publication of the fact that the nation's leading distributors are planning to get together into a national group, at the forthcoming 1947 convention, many jobbers who have heard that they will not be invited into such a formation are angrily decrying this fact and state that they will form an organization of their own to "protect" themselves.

"After all", one noted eastern jobber writes *The Cash Box*, "if the distributors believe that they should have an exclusive organization of their own which would only include direct factory distributors then we, the jobbers, are without any voice regarding the sale of the very equipment they want us to sell for them."

He also writes, "If this is the case and they don't invite us to their planned meeting in Chicago—we will go on ahead and form an association of the nation's jobbers to protect ourselves from any set deals the distributors may attempt to make us.

We know that at the present time we are doing the lion's share of the

work. Not only are we the ones who are in direct contact with the operators and must take in their trades and also advance credit to them, but, we are the ones who really suffer when a flop machine is sold to us.

"If we don't take the bad ones along with the good ones the distributors don't want to give us anything. Therefore we, too, need some protection and consideration and if the distributors plan not to include us in their organization I suggest that we, the jobbers of America, set up our own group and work with those distributors who will work with us."

Other jobbers are just as upset, it seems, over the formation of a national distributors' organization without giving them any voice in such a gathering. They also feel that the CMI (Coin Machine Industries, Inc.) should insist that any meetings which go on in the Chicago convention be, as one jobber writes, "completely democratic in every way".

He says, "This is not being democratic. We are part of the wholesal-

ing picture of this industry and, in my estimation, an extremely important part of it. If the distributors feel that they should not include us they are not being fair and especially not being democratic. If Coin Machine Industries, Inc. allows them to hold such a meeting, then it should allow us jobbers, too, to hold a similar kind of meeting."

Though as yet no action has been openly taken by the distributors who are planning the formation of a national group. It is believed, though, that contact has already been made among certain leaders in the distributor's field and that these men are planning to invite all others by personal card at the convention and that the first meet will be held in a private room somewhere in one of the Chicago hotels. Neither the Hotel Sherman nor any other hotel has at present been designated for the meeting, it is reliably reported. Which hotel will be chosen, will probably be decided at the convention. The meeting is expected to take place sometime during the third day of the big show in Chicago.

COMBO MUSIC AND VENDER OPS NOT ACCEPTABLE AS N.A.M.A. MEMBERS

Urge Formation of Own Assn. Claim Spots Being Jumped. Want Meeting at Convention.

NEW YORK—Certain noted combination music and cigarette machine operators here claim that their membership is not acceptable to the NAMA (National Automatic Merchandising Association).

One very well known operator in this category stated this past week, "The NAMA will not accept a cigarette machine operator who also operates music machines as a member. If a cigarette machine operator also operates scales he is acceptable. But, because we operate music machines, which is considered by NAMA 'entertainment equipment', we cannot become members."

He also added, "This doesn't hurt us in any way. But, we have noted that since the NAMA convention in Chicago, and since the fact that they will not accept operators like myself

in this association, things seem to have become tough for us with other merchandise machine operators.

"For example", he continues, "many of our spots are being jumped by association members. These men are supposedly 'pure' merchandise machine ops. They don't operate anything else but vending machines and possibly some sort of service machines. Already in New York fabulous offers are again being made to locations for the spots. These offers are in cash. Another thing, we find that some of our best locations are being solicited and when we complain we get no redress in the matter. It simply can't go on and many of the boys are planning to sell off their cigarette machines.

"But", he says, "I'm against selling my cigarette machines and I

know other operators like myself who feel the same way. We feel that since we are operating mixed routes and since the NAMA will not accept us as members that, to protect ourselves, we should come together into an association of our own. We need protection. If we all stick together and any members of another group try to jump our spots—we'll go after their locations with just as strong competition as they go after us.

"We should meet at the Chicago convention", he continued, "because there are going to be more vending machine routes present there than were at the NAMA convention and, what's more, most of these will be routes of operators who also operate other types of machines, too. I say—let's get together into our own association."

FORESEE MANY BIZ MEETS AT '47 CMI SHOW

Believe '47 Convention Will See More Real Biz Meetings Than Any Other in History. All Factions Want Problems Answered. Many Look to Great Results from Show.

NEW YORK—As has been gathered by the trade, especially during the past few weeks, there will probably be more real business meetings called at the 1947 convention than at any convention ever before held.

The reason seems to be that most of the coinmen feel that, while all are together, the opportunity is ripe for an open discussion of all problems.

They also believe that the time has come when more business meetings should be the feature of the big show.

As one noted coinman stated, "The time has come, because most of us have such large capital invested in our businesses, when we should forget about just having fun at a convention and take some of the fun time for serious discussions of our business.

"After all", he continues, "by open discussion we can learn some things

which would prove of tremendous value to us. We may hear from others who get up to speak on a problem and how they have cured it in their territory which will be just what we need in our area to cure this same problem.

"Maybe some of the boys will think I'm too serious", he says, "but I'm just as much for a lot of good fun as anyone else is. Yet, I know that we are up against some tough times and I feel that there are many coin machine men going to be present at the big show who will have solved a great many things which are hurting me down here in my territory. These men, if they will speak out in a meeting, are sure to help a lot of other coin machine men around the country."

This coinman and others hope that CMI will make arrangements to allot time for the music operators and operators of all other types of equipment to get together for a "general

discussion period" of their business interests.

Many of the coinmen who have written to **The Cash Box** in past weeks are of the belief that this is one of the most important reasons for coming to a convention. They claim that when they know they will be given good ideas to help themselves — they will be more eager to be present at each day of the meet than they otherwise would be.

In a poll of some of the members of CMI, **The Cash Box** learned that these men are more than favorable to having business meetings at the big show and are, in fact, planning to make such arrangements as any group desires who will write to them and advise them just when and where they would like to meet.

Sometime ago CMI notified all the trade that meeting time would be allowed to all groups who would contact them.

A Lifesaver for Operators!

It doesn't take a mathematician to figure the arithmetic of operating phonographs today. Higher costs on one side—lower returns on the other. And the operator right in the middle.

Are you content to *stay* there?

"3 for 25¢—1 for 10¢" play offers you the way out.

Here's what Wurlitzer is doing to pave the way with location owners and location patrons for the new basis of play.

FIRST—Wurlitzer is promoting a continuous "reason why" publicity campaign in hundreds of newspapers and over hundreds of radio stations, coast to coast, to make the public *receptive to the price change*.

SECOND—Wurlitzer, through its Distributors, is making available conversion kits for every major make and model of phonograph and wall box on location, at the small cost of 75¢ per unit.

THIRD—Wurlitzer has placed in the hands of every Wurlitzer Music Merchant and, through its Distributors, makes available to all operators of all makes of phonographs a 40-page booklet giving the **FACTS** behind the new basis of play.

FOURTH—Wurlitzer is also making available a 16-page booklet explaining how location owners and their employees can support quarter-dime play.

FIFTH—Wurlitzer Music Merchants are being supplied with a series of letters to be mailed to location owners, preparing them for the conversion and assisting them to promote it with patrons after it is made.

Backed by the weight and force of this powerful promotional program, operators everywhere are proving quarter-dime play both workable and profitable. The Rudolph Wurlitzer Company, North Tonawanda, New York.

FOR SURE-FIRE PAY... QUARTER-DIME PLAY

WURLITZER HAS PREPARED THE PUBLIC FOR THE NEW BASIS OF PLAY....

NEW YORK *Juke, Son Newark* *The New York*

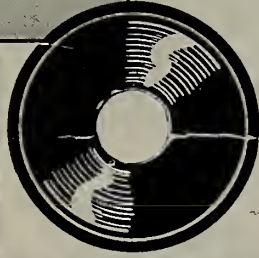

From now on it's going to cost you a dime to hear your favorite record—and that's no joke. It's a "platter" or what some call a "quarter." The conversion of the old 5-cent tunes into effecting 5-cent tunes is well on its way. Juke boxes are coming. Before long they will be no use for nickels except that as well as the new 5-cent tunes.

INDIANAPOLIS *Star-Ledger* *Will Be 10* *Juke Boxes to Hit* *High "Do Re Mi"*

Blanking increased costs, the Brandt Distribution Company, of Indianapolis, has announced a changeover to dime slots on its juke machines in Indiana. There'll be a cost of juke-box play.

NORTH TONAWANDA, N.Y. *Journal* *America* *"America's Favorite Nickel's / Worth of Fun" to Cost Dim*

NORTH TONAWANDA, Nov. 25 Vice President H. M. Hamm (AP)—The cost of juke-box play is going to double soon. A spokesman for the Rudolph Wurlitzer company predicted today that rising costs of record and equipment will force the changeover of Wurlitzer juke boxes to quarter-dime play.

THE CASH BOX**Record Reviews****"Bagel and Lox"****"Rogue River Valley"****THE CHARIOTEERS****(Columbia 37193)**

• Here's The Charioteers with a brand new novelty number that might click with ops who's trade like—"bagels and lox." It's cute, and of course, The Charioteers make the ditty sound bright, frisky and mellow. On the backing with "Rogue River Valley," essentially a western tune, the combo steps up again to spin a pleasant version of something quiet. If your spots need dependables, this pair won't do any harm.

"So Round, So Firm, So Fully Packed"**"Sweet Temptation"****MERLE TRAVIS****(Capitol 349)**

• A new western that's bound to click anywhere they go for them cowboy style, is Merle Travis' latest, "So Round, So Firm, So Fully Packed." It's got something else besides that run-of-the-mill hillbilly beat — it's got zing, lyrics that are good, and bounce. The backing with "Sweet Temptation" is strictly stock. Look for the topside tune to net you coin play.

"I Get A Kick Out of You"**"In The Still of The Night"****RUSS CASE ORCH.****(Vic 20-2074)**

• A pair of standards done up in the sweet and mild manner, from the current flicker "Night & Day" are offered here by the Russ Case Ork. Both sides should be familiar to all ops, since they date way back. Russ and his crew come through for ops that can use this sort of stuff — where they like to reminisce.

"I'm Gonna Move To The Outskirts of Town"**"Hard Hearted Baby"****BIG BILL & CHICAGO FIVE****(Columbia 37196)**

• This number, tops for so many years with ops who have hot race spots, knocks around again and comes up by Big Bill. "I'm Gonna Move To The Outskirts" was done about five years ago and caught plenty of coin then — and there is a possibility that it might get some action now. Big Bill does it up brown — but not enough to compare to the galaxy of stars who've also made the ditty. The backing "Hard-Hearted Women" is strictly stock race stuff, and doesn't get off the track to possibly be termed "good race." Look for the topside tune.

DISK O'THE WEEK**"This Is The Night"****FRANK SINATRA****(Columbia 37193)****FRANK SINATRA**

• We can hear the sighs and screams of the bobby-soxers, once they bend their ears to Frank Sinatra and "This Is The Night." A beautiful romantic ballad as it stands, Frank answers the frenzied cry for the possible real big disk. Selected in this spot several months ago, when it was done by Teddy Walters (Musicraft) we forewarned music ops of the tune and its tremendous possibilities. Alex Stordahl lends Frank that sweeping background which blossoms the song into something that's destined for big things. The backing with "Hush-A-Bye Island" is more Sinatra and it's effective in its fashion. Look for plenty of coin action with the topside tune; it's gonna create a mild storm.

"Zip-A-Dee-Doo-Dah"**"Too Many Times"****CONNIE BOSWELL****(Decca 23748)**

• Capable Connie Boswell adds her own well known styling to a well known, well plugged song in this interpretation of "Zip-A-Dee-Doo-Dah," the hit novelty from the Walt Disney flicker "Song Of The South." With the Bob Crosby ork providing the instrumental backing to Connie's effort, the side comes up as an attraction for the trade where there is a calling for Boswell. It's well known, however, that the demand for her talents is limited, so far as the phonos are concerned. On the flip, with "Too Many Times," Connie and the boys soup up the tempo, and come up with a novelty that has "sleeper" possibilities.

"Make Me Know It"**"You Can't See The Sun When You're Crying"****THE PIED PIPERS****(Capitol 344)**

• The Pied Pipers chirp here in a setting of plush sentiment with "Make Me Know It." Coupled with the Paul Weston ork, they do the number to good advantage. It's light stuff and the starry-eyed crowd should go for it. The backing, titled "You Can't See The Sun When You're Crying" has more measure to it, and altho not dance material, will make you tap your toes. If you need fillers, this pair will help you.

"It's Dreamtime"**"In The Wee Small Hours of The Morning"****GEORGE PAXTON ORCH.****(Majestic 7208)**

• George Paxton offers his latest pair here, titled "It's Dreamtime," and "In The Wee Small Hours of The Morning." Topside tune features vocal refrains of Dick Merrick in a tune that's everything the title implies. He does it up nice, but it's nothing to shout about. On the backside with a blue, torchy number that tries to squeeze the tick from your heart, Rosemary Calvin chirps her way through the waxing. If you have a call for the brand of music that Georgie puts out, you won't go wrong with this pair.

"I Ain't Mad At You"**"I'm The Drummer Man"****JESSE PRICE ORCH.****(Capitol 348)**

• "I Ain't Mad At You" as offered here by Jesse Price, comes up as a parody on "Wynonie Blues." It's done in a slow tempo with Jesse doing the warbling all the way through. Flipped we find, "I'm The Drummer Man," where Jesse finds time drummer boy can do. Both sides are strictly for race spots — and ops that have a call for Jesse might do well to listen to this pair.

"They Can't Convince Me"**"And So To Bed"****ARTIE SHAW ORCHESTRA****(Musicraft)**

• Ops seeking a pair of really worthwhile support items might do well to examine this latest pair of sides by the Artie Shaw Orchestra tabbed "They Can't Convince Me" and "And So To Bed." Of course, it's Artie's famed horn that paves the way, and it's a horn with lots of brilliance. But the laddie who really sells the platter to the public is a chap named Mel Torme, who contributes the vocal for both numbers. Place the platter in the spots where the boys and girls gather to hold hands or just eye each other. It might be added that the instrumental arrangements are great.

THE CASH BOX**Record Reviews****"It's Lovin' Time"
"Everything's Movin'
Too Fast"****PEGGY LEE
(Capitol 343)**

• Hey, Mister! Got spots where the lights are low, where romancers gather, where they like 'em sweet and low? Then, mister, get hold o' this platter. Tabbed, "It's Lovin' Time," the side, as done by Peggy Lee, has just about all the qualities of a sleeper ready to explode into a pot of coin once it hits the phonos. Not for the quick-step dance trade, the instrumental, which appears to be little more than a hushed rhythm section, sets a cloud-like stage for Peggy's intimate warbling style — and what comes out nets the side the position it has on this page. Hear it and place it. And we believe you'll do right. On the flipover, Peg does "Everything's Movin' Too Fast," in the style she's better known for. Effective as it is, however, our spotlight points to the "Lovin' Time" deck.

**"That's The Beginning
Of The End"****"Mama's Gone Goodbye"
CASS DALEY
(Decca 23758)**

• Surprise of the week is this platter just released by Cass Daley. Known for her comedy work in the flickers, she has really come thru on wax with a first class vocal job on this interpretation of "That's The Beginning Of The End." It's a blue romantic ballad, especially paced for the spots where they want their melody for listening rather than dancing, and to that audience Cass projects her style. Flipped, with "Mama's Gone Goodbye," Cass steps it up to come with a lively bit of novelty that she handles better than adequately. Ops might best remember Cass. She really shows it on this platter. In case you forgot, her last effort was with "Put The Blame On Mame."

**"The Whiffenpoof Song"
"If That Phone Ever Rings"
ART KASSEL ORCHESTRA
(Vogue 770)**

• A hunk of nostalgic melody is the "Whiffenpoof Song" and that's the way it emerges from the instruments of the Art Kassel Ork and the warbling of Jimmie Featherstone. It's a side worthy of consideration from the trade, since the melody is both pleasing and demanded; taverns where the boys meet every now and then for a session are ready locations for the platter. Place it there, and it'll make moola. Flipped, the Kassel crew, and their Jimmie, offer, "If That Phone Ever Rings." It's little better than adequate romantic fare.

**SLEEPER
OF THE WEEK****"My Melancholy Baby"****JACK CARROLL
(National 9022)****JACK CARROLL**

• Here's one for the money for all ops who can use a top standard done in a top manner. The platter is "My Melancholy Baby" and it's performed here by Jack Carroll, a lad who can really sell a song. What with all the folks around who have a tender spot in their memories for the big click of years ago, this version, considering how well it's done, should show heavy action on location. Flipped, Jack changes the mood from the blue romantic to the novelty side with "Oh Gee, Oh Gosh." Not "great" as a song, the side gets lots of appeal, nonetheless, thanks to the interpretation by Carroll, and for that reason it'll stand up as a support item for after "Melancholy" has been worn white.

**"All By Myself"
"Sniffle Song"****FRANKIE MASTERS
(Vogue 772)**

• A bit of worthy gaiety in melody is this offering by the Frankie Masters ork entitled "The Sniffle Song." It's a first rate novelty done up right for dancing or listening 'round. Vocal is contributed by a wherever the younger set crowd combo including the maestro, Frankie, and a quartet of mixed voices; their performance is better than effective. On the mate, the crew offers "All By Myself," another romantic ballad cut from the usual pattern with little distinction earned by the crew or by songstress Phyllis Myles. Toward end of platter, the beat changes from a slow paced mood to something that smacks of light jive, a changeover that makes many dancers grit their teeth.

**"You Can't See The Sun
When You're Crying"
"And So To Bed"****VAUGHN MONROE ORCHESTRA
(RCA-Victor)**

• Most ops are well acquainted with "You Can't See The Sun," and, as it's offered here by the Vaughn Monroe Orchestra it gets treatment as an old-fashioned melody. Considering that "old fashioned" styling is currently getting heavy attention, the side has merit on that count. As usual, it's Vaughn Monroe and the Moon Maids in chorus who provide the lyric for this deck and its mate, which is tabbed "And So To Bed." If your spots can use Monroe and you don't require a disk to be unusually danceable, give the platter a listening. Both sides are in for heavy plugging.

"Mi Vida"**"Another Night Like This"
DESI ARNAZ ORCHESTRA
(RCA-Victor 20-2052)**

• Due for heavy plugging thanks to their inclusion in the forthcoming flicker "Carnival in Costa Rica" is this latest pair of sides by the Desi Arnaz Orchestra. The sides, "Mi Vida" and "Another Night Like This," are both done in Latin tempo and ops with spots where they want to shake a hip to the wax on the phono should give the platter due consideration. Both sides carry a romantic vocal refrain by Jane Harvey, who can sell a song, so the disk should find a wide audience. Peg the platter as an item to showcase at the same time the flicker breaks in your territory. You'll get best results from it at that time.

"Bless You"**"Peg O' My Heart"
CLARK DENNIS
(Capitol 346)**

• Members of the trade should hark an attentive ear to this waxing tabbed "Bless You." As done here by Clark Dennis, a newcomer to the wax circle, it emerges as one of the better things to be heard thru this past month. Another interesting sidelight: The melody was penned by Eddie Lane, and Eddie has a brother named Bert who is one of the industry's better known phono distributors. But despite all that, this is a top tune done by an artist of top promise, so get to it. (The number was chosen recently as a "Sleeper Of The Week.") Flipped, Clark des "Peg O' My Heart," which shuld prove a good side to have around once the top deck has whirled itself out. This disk is excellent romantic fare; use it as such.

BYRDE'S EYEVUE
'ROUND THE WAX CIRCLE
 by
Byrde Gore

The official announcement broke this week (tho the trade has known it for some weeks past): Peter Hilton has tendered his resignation as President of Musicraft Records, Inc. He'll re-enter the advertising business. Lots o' luck for the New Year, Pete! . . . Irving M. Felt, prexy of the parent firm, Musicraft Recording Corporation, takes over for the time being. And good luck to you, Irving! . . . From Jane Bundy's department of interesting statistics we learn that Exclusive Records' Herb Jeffries has the amazing vocal range of 41 notes, or, roughly three and a half octaves . . . We don't know if that means anything to the music ops, Jean, but we're putting it in because you said so. By the way, Jean mentions that the discovery was made by Buddy Baker.

* * *

Here's a record tip: This one from Irv Fink of Brooklyn Amusement Machine Co., one of Gotham's largest operating firms. The disk is tabbed "If I Had My Life To Live Over" (20th Century). Irv was the first to report it a click, and since then practically all of New York's ops report it a top item for tavern locations.

* * *

Many were the Christmas parties held this past week by the platteries . . . Over at Sonora, Ben Benjamin, Marie Reubens and Monroe Postrel played host to all the visiting disk artists and firemen, and the hint was dropped that there may be a new West Coast distrib appointment made in the next few weeks for their single record catalogue. If any Los Angeleno is interested, now's the time to contact Ben! . . . Over at Capitol Records' New York distributing branch, John Scalise and John Coveney took time out from their avalanching orders to stage a gala holiday party for the eager band of sales, office and shipping personnel. And everybody was hoppy! . . . By-the-by, get next to your Capitol distrib for a listening to Peggy Lee's "It's Lovin' Time." It's a coin catcher!

* * *

Johnny Halonka and Gloria Friedman were a busy pair at the Christmas Party tendered this past week by Runyon Sales Co. of N. Y. With a guest list that included ops from near and far, Johnny and Gloria did themselves proud. A swell guy and a swell gal, sez an awful lot of people; and that includes us . . . Harry Bank, new prexy of the new Cardinal Records, elated over the big reaction he's netting from his first release, "Cherokee" backed by "The New Redskin Rumba," and Charlie Barnet is the artist who waxed 'em! Happy and Successful New Year, Harry . . . James McDonald, who captains Decca's local distributing branch, is beating the tom-toms over the forthcoming "Anniversary Song" by the Guy Lombardo ork.

Music World To Take Big Role At CMI Show In Chicago, February 3-6, 1947

Liaison With Artists And Music Publishers Grows Stronger As Combined Interests With This Industry Are Outlined

CHICAGO — All branches of the music world are expected to play an outstanding role at the coming CMI Show to be held at the Hotel Sherman in this city on February 3, 4, 5, 6, 1947. In addition, a check of hotel space reservations lists indicate an unusually heavy roster of top name talent who have signified intentions of being present at what is shaping up to be the greatest conclave of coinmen ever held in the history of this industry.

Interest on the part of the recording artists is unusually significant. It appears to music trade leaders that the performer has now become conscious as never before of the activities of the music operating business. Well known to the disk manufacturers with genuine experience is the influence of the phono operators as plug mediums for disks, but it is only recently that word has leaked out along Broadway and Tin Pan Alley of the tremendous value to individual performers and music publishers that the operators in this country represent.

Of the performers it can be said that a name on a title strip and a recorded sample of the artist's ability is almost as important in a popularity sense as a personal appearance. The performer is well aware that these appearances, and even a radio audience, have their limits in selling his name and reputation to the greatest mass of John Q. Publics. Hence the convergence upon this industry and its members who can, unlike any other medium, present an artist to every territory in the nation at any and all times.

As for the interest currently being exhibited in the juke box on the part of the music publishers, it is pointed out that (1) a record on a phono sells records to the home, and the publishers a royalty on every piece of wax that carries their songs. (2) the appearance of a record on a phono or sold across the counter in turn helps the publishers to net their richest harvest in the sale of sheet music.

From this, the music op can see that his connection with the outer music world

is an important one, valuable and sought after.

But, in turn, the value of such an association is not one sided.

The creation of a strong liaison with performers and publishers can and is now working to the advantage of all concerned.

C.M.I. BLUE BOOK

FOREWORD Many times, wide differences appear in the high and low prices of certain equipment. Like any true reporter The C.M.I. Blue Book can only feature the market prices as they are quoted. The C.M.I. Blue Book acts exactly the same as the market quotation board at the Stock Exchange—posting the prices as they are quoted for the past week, regardless of how much they may seem to be out of line. Some prices do not change for months. The C.M.I. Blue Book, rather than show no price, retains the last known quotations for such equipment so that the subscriber at least has the last known prices as a basis to work with. Prices continue to be very widely divergent these days. Someone on the West Coast may feel a certain machine worth \$150.00 whereas someone on the East Coast may think it worth but \$75.00. Of course, condition, serial, appearance, demand, territory, quantity, etc., must all be taken into consideration. The C.M.I. Blue Book reports each quotation exactly as it is made and depends on the subscriber to make average price adjustment to fit the peculiarities of his own territory.

METHOD The C.M.I. Blue Book should be read as follows: First price listed is lowest price for the week; Second price listed is highest price. Where only one price appears this should be considered lowest price.

IMPORTANT Machines underlined mean these were most active in trading the past week.

CODE Check this code carefully. Become acquainted with each one of the code numbers and what they signify. These code numbers appear in front of the name of each machine.

IMPORTANT NOTICE

Many times, wide differences appear in the high and low prices of certain equipment. Like any true reporter The C.M.L. Blue Book can only feature the market prices as they are quoted. The C.M.L. Blue Book acts exactly the same as the market quotation board at the Stock Exchange — posting the prices as they are quoted for the past week, regardless of how much they may seem to be out of line. Some prices do not change for months. The C.M.L. Blue Book, rather than show no price, retains the last known quotations for such equipment so that the subscriber at least has the last known prices as a basis to work with. Prices continue to be very widely divergent these days. Someone on the West Coast may feel a certain machine worth \$150.00 whereas someone on the East Coast may think it worth but \$75.00. Of course, condition, serial, appearance, demand, territory, quantity, etc., must all be taken into consideration.

THE C.M.I. BLUE BOOK REPORTS EACH QUOTATION EXACTLY AS IT IS MADE AND DEPENDS ON THE SUBSCRIBER TO MAKE AVERAGE PRICE ADJUSTMENT TO FIT THE CONDITIONS IN HIS OWN TERRITORY.

Bally Announces DeLuxe Draw Bell

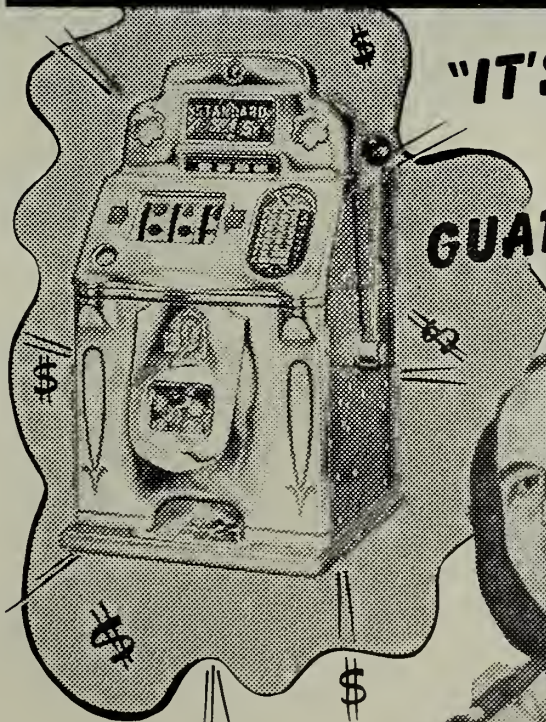

CHICAGO — Announcing the first 1947 Bally game, "De Luxe Draw Bell, George Jenkins, general sales manager of Bally Manufacturing Co., stated that the console was designed to conform to specific demands of operators.

"The profit-logic of our two console hits," Jenkins said, "pointed the way to 'De Luxe Draw Bell.' Operator after operator told us that actual operating experience proved the hold-and-draw feature of 'Draw Bell' and the big 1,000 Super Special Award of 'Triple Bell' to be the strongest repeat-play stimulators ever built into console equipment. They said, 'Carry that draw principle to the logical conclusion. Give the player an opportunity to draw, not once, but twice, three, four or five times. And add the 1,000 Super Special.'

"'De Luxe Draw Bell' is Bally's answer. The three-reel, bell-fruit play appeal is continued. But the idea is played up. A flashing star in the glass remains lit at mystery intervals and, as long as the star is lit, the player can continue to draw. Balancing the flashing star is a flashing bell, which also remains lit at mystery intervals and, when the bell is lit, three bars score, 1,000 Super-Special in addition to the regular Special Award."

"In addition to the new play-stimulating features, we have added numerous refinements and improvements to the mechanism and have glorified the cabinet and glass to the utmost."

Invents New Device That Stops Phono Noise

WALTHAM, MASS. — Great interest is being shown in the invention of Hermon H. Scott, president of the Technology Instruments Corp., this city, who has a simple electronic device comprising only a handful of equipment which gives promise of completely banishing for all time objectionable needle scratch from new and old phono records.

Even such records as the voice of Caruso, which are almost worn out from use, it is reported, sounded almost new when played on a phono using this new device which is technically known as the "dynamic noise suppressor." Even new phono records were remarkably improved in musical quality.

Heretofore, it is reported, reduction of phono noise was dependent on reducing the width of the channel by turning down a tone-control knob. The "dynamic noise suppressor" automatically and instantaneously adapts the channel to conform with the requirements of the musical range.

The device operates like a rapid electronic gate to admit the music and only a small amount of inaudible noise.

Fisher Radio of New York and Scott Radio Laboratories of Chicago are reported to already have arranged for installation in their equipment.

L. A. Music Ops Listen to Unions

JAY BULLOCK

LOS ANGELES, CAL. — The Southern California Music Operators Assn., with Jay Bullock, managing director, presiding, held one of their largest meetings at the Teamster's Hall here this past week so that members and non-members of this organization could listen to union agents representing the International Brotherhood of Electrical Workers and the Teamster's Union speak to them on why there should be a union affiliation with this association.

Bullock spoke frankly and openly and explained the aims and purposes of the association, stressing the fact that without a strong association very few of the music ops can survive. He spoke of falling receipts, chiseling and unfair competition which is still rife here.

Worley De Montreville, representing IBEW, spoke to the gathering and stressed the necessity of joining his union. He explained the benefits which he believed would be derived from such an affiliation.

Following him, Frank J. Matula, Jr., representing the Teamster's Union here, gave a short talk and pointed out that the music ops were constantly at the whim and mercy of the location owners. He urged them to enter the union for their own salvation and protection.

Philly Phono Ops Elect Officers

RAY C. BERNHARDT

PHILADELPHIA, PA. — James L. (Jim) O'Brien, managing director of the Phonograph Operators Assn. of Eastern Pennsylvania and New Jersey, advised this past week that the annual election of officers took place on December 19.

Ray C. Bernhardt was reelected president for the third time. Harry Stern remained as vice-president, Louis Klein is now secretary-treasurer and Elsie W. Zercher retained her former position of recording secretary.

The Board of Directors is now composed of: Philip Frank, William L. King, Herman Scott, George Workman, Charles Wolf, Louis Sussman and Frank Fromowitz.

O'Brien reports that the organization have a great many plans under way for the New Year and that they

believe this will prove one of the most interesting association years they have ever yet enjoyed.

At the next meeting the forthcoming convention is expected to be discussed and, as usual, a large delegation of phono ops from the organization are expected to board a special train for the big show.

Philosophy at CMI Convention

CHICAGO — James T. Mangan, Director of CMI Public Relations Bureau, today announced that one of the philosophical big shots at the Philosophical Forum entitled "How To Live" to be held Monday, February 3, in the Sherman Hotel, is Woolf Solomon, of Central Ohio Coin Machine Exchange.

Solomon, like other coin men, has worked day and night at his duties but, in the passing of the years, has found time to delve into the thinking and writing of all the great philosophers of the world. Solomon, in a few minutes, is reported to be able to give capsuled thinking of great men like Aristotle, Plato, Socrates, Epictetus, Thomas Aquinas, Schopenhauer, Spinoza, Berkeley, Hume, Locke, Descartes, Dewey, et al.

This forum will be of immense interest to everybody in the business, since the subject, "How To Live" concerns everybody and will pose the age-old problem or contest that exists between the philosopher and the man of business.

Others to participate in the forum will be DeWitt "Doc" Eaton, Vice-President of A.M.I.; Bill Gersh, Publisher of The Cash Box; Dick Schreiber, coin machine editor of Billboard; Samuel "Curley" Robinson, Managing Director of Associated Operators of Los Angeles County; Walter Tratsch, President of A.B.T. Mfg. Corp.; Harvey Carr, Editor, Coin Machine Journal; and many other prominent men in the industry.

Pennsy & N. Y. Central to Run Trains to Show for Eastern Coinmen

NEW YORK — Eastern coinmen will have the services of the two leading railroads in their trek to the "Big Show" in Chicago, February 3, 4, 5, 6, 1947.

Frank McAuliffe, well known to all coinmen, is already preparing special cars on the Commodore Vanderbilt which will leave here at 4:45 PM on Saturday, February 1, and will stop at Albany, Utica, Syracuse, Buffalo and other intermediate points, arriving in Chicago early Sunday morning, giving coinmen a full day prior to the opening of the convention doors on Monday morning, February 3.

The Pennsylvania Railroad is also arranging for special cars for coinmen all the way from New York thru Newark, N. J., Philadelphia, Harrisburg and Pittsburgh, Pa., Baltimore and Washington, D. C., and all other points to Chicago. Trains will be scheduled to leave here on Saturday afternoon and will also arrive in Chicago at the Union Station early Sunday morning.

For the Pennsylvania Railroad, coinmen who want to arrange accommodations should get in touch with Earl W. Biddle, special passenger agent for this industry at the Pennsylvania Station in New York.

In Philadelphia, Pa.—T. J. Costello, passenger representative is in charge for coinmen. In Washington, D. C., Lem Miller is in charge and in Baltimore, Md., B. A. J. Howard is in charge of coin machine travel. Other passenger representatives in Harrisburg and Pittsburgh have also been advised to give coinmen traveling to the convention special attention.

Coinmen are asked to phone their regular passenger representatives of the New York Central and Pennsylvania Railroads in their own towns and they will be given full information regarding trains and time of leaving.

Statistics from CMI Public Relations Bureau

CHICAGO — In a very interesting story issued by James T. Mangan, director of the CMI Public Relations Bureau, the following statistics were given.

"2,000,000 people are now employed in 24,000 separate coin machine busi-

nesses, while 26,000 additional individuals combine coin machines with other enterprises. 600 distributors and jobbers thruout the country complete this sturdy network of manufacture, merchandising and service channels."

The Dates of the "BIG SHOW" Are February 3-4-5-6, 1947

"The Show of Shows"

By John Chrest
Chairman, Show Committee

These alone make it so interesting that no operator or jobber can afford to miss attending the show this year. This includes the latest in vending machines, phonographs, etc.

Besides the many new manufacturers with new lines that will be exhibited there will be thousands of new operators and distributors that will be in attendance. This will offer all operators and distributors an opportunity to interchange ideas on the various problems confronting the industry at this time.

There is no question but what it will be well worth the price to any operator to attend this year's show no matter whether they happen to be in close vicinity or a great distance from Chicago. The opportunity gained from mingling and discussing with various operators matters of great importance, from which they can learn much along the lines of operating successfully, will be tremendous.

A new innovation that has been added this year is a thoroughly organized information department that will be located in the main lobby of the Sherman Hotel. Here any person desiring to learn the room number of any individual operator or distributor whether located in the Sherman Hotel or any other can be accommodated. This will not only save considerable time for visitors but will be a great convenience as well. This will be of vital importance this year as it will certainly assist in handling the tremendous crowds that will attend.

All indications are that the coming Coin Machine Show, to be held February 3rd, 4th, 5th and 6th at the Sherman Hotel, will be the "show of shows" and it will not only be the largest, but also the most interesting of any ever held.

That it will attract the largest attendance of distributors and operators is based on the reservations that have already been made for accommodations at all of the hotels in Chicago.

The number of exhibitors will be the largest ever seen at any show, too, and this in spite of the fact that the management was compelled to cut out a lot of advantageous booths and spaces due to new fire regulations brought on by the disastrous fire at the La Salle Hotel. Additional spaces, however, have been added in other sections of the Exhibit Hall to make up for these losses.

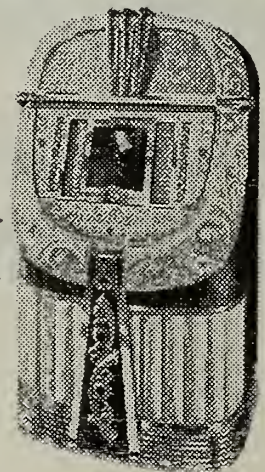

Among the exhibits there will be quite a large number of new concerns and manufacturers of new lines who have never exhibited before.

 Get Juke Tax Cut**

GEORGE A. MILLER

SACRAMENTO, CAL. — Speaking before the Sacramento County Board of Supervisors, George A. Miller, president of CAMOA (California Music Operators Assn.) was able to have the \$40 blanket annual license for each juke box op cut down to a license fee of \$2 per machine.

Miller explained to the Board that collections had fallen off and that machines had jumped tremendously in price. He also explained that the ops were forced to increase their commission percentage to just remain in business. He also told the County Board that records had jumped in price and all supplies and general overhead had gone up so much that

music ops were in a very bad way to earn profits.

After listening to Miller, the Sacramento County Board of Supervisors instructed John B. Heinrich, supervising deputy district attorney, to draft an ordinance levying the \$2 license fee instead of the \$40 blanket charge.

Miller explained, "We used to split the take 50-50 but business has fallen

off to such an extent it is now on a basis of one-third to the establishment in which the machine is located and two-thirds for the operator."

This new ordinance, it is reported, will include a \$1 annual license fee for cigaret, candy, peanut and other vending machines as well as a \$12 yearly fee for washing machines.

Music in the News

ALBION, MICH. — The college student council here held their first "bust-out" of the year after the Albion-Alma game with the highlight being dancing to juke box music. Students here reported this to be the most successful juke box dance ever held.

CHICAGO—Mayor Kelly wants to know what became of the new juke box ordinance licensing the machines here at \$25 per year. Kelly stated that the city badly needs this revenue from the 8,000 juke boxes in this city.

BRONX, N. Y.—The Bronx Home News in its column "As The Bronx Sees It" questioned five citizens of this community on "What do you think of the juke box?" First man answered that the kids get a lot of fun out of the juke box. The second lady stated she was not too in-

terested because she had no ear for music. Third man stated he enjoyed watching the kids listening and dancing to the juke box music. The fourth man, a storekeeper, claimed the juke box to be "a general nuisance" and "creates rowdyism in places where young people gather". The fifth lady simply stated, "I like the juke box".

MANCHESTER, N. H.—In an effort to tap revenue sources for the city Alder-

man David F. Lindahl introduced an ordinance at the aldermen's meeting which would place a \$10 annual fee on juke boxes in local restaurants and clubs. Lindahl estimated that there are about 100 of the jukes in operation here.

PERTH AMBOY, N. J.—The CYO here sponsored a "juke box dance" at the Columbia Hall which pulled one of the biggest crowds this organization ever yet gathered together.

Mills Sales Names Big Delegation to Attend CMI Show

A. H. (ART) BOUTERIOUS

OAKLAND, CALIF. — A. H. (Art) Bouterious of Mills Sales Company, Ltd., this city, advised that the firm will have a complete delegation from their headquarters here as well as from their offices in Los Angeles and Portland, Ore. to attend the coin machine convention in Chicago, February 3, 4, 5, 6, 1947.

Announcement of the fact that all the firm's representatives would attend was made at one of the most gala Xmas parties the firm has ever run in their offices here on Friday, December 20,

Bouterious reports that all representatives of the firm eagerly look forward to the trip and especially are interested in seeing the new Mills phono which has created so much interest in this area.

THOUGHTS for THIS WEEK

FROM A FAMOUS CHRISTMAS SERMON
To be honest, to be kind — to earn a little and spend a little less, to make upon the whole a family happier for his presence, to renounce when that shall be necessary and not to be embittered, to keep a few friends, but these without capitulation—above all, on the same grim conditions, to keep friends with himself—here is a task for all that a man has of fortitude. —ROBERT LOUIS STEVENSON

THRU THE COIN CHUTE

CHICAGO CHATTER

This was the week when Chicago's coin machine industry went all the way—all out—to celebrate the merriest Merry Christmas and the happiest Happy New Year. It seems to me that every factory ran a tremendous party for their employees, executives and friends. Some of these parties started very early and just went on and on and on. It seemed like they would never come to an end. In addition, a great many of the executives of the firms involved took the balance of the week off and didn't show up for work after Christmas Day. This will be one Christmas that will long be remembered.

* * * *

With very, very few, if any, visitors in town, this week's column will probably be cut short. But, after that grand Xmas—we just don't care . . . Anyway, here goes . . . Tony Gasparro is leaving for a quick and short visit to his Little Old New York and will have something with him which is sure to get plenty of good attention from the New York boys who, I'm told, have their tongues hanging out for something to run which will bring in the shekels once again. Looks to me like Tony's got it . . . That was a funny item most of us Chicagoans read the other day about the Evanston police headquarters getting a phone call that "slots" were being sold by one of the stores in their very, very bluish community. The answer to it was to chase some of the bluecoats down there who found that these were toys. And, one of the cops liked the toy slots so much, that he reported to his sergeant he had just bought some as Xmas gifts for his kiddies.

* * * *

The AMI execs all trekked home for the holidays. "Doc" Eaton went to St. Paul, Paul Beck left for Fond Du Lac, Henry Boston headed for Boston, Jim Hyde dashed down to New Orleans and Monty West headed for Winnipeg. Jim Hurley of the AMI sales dept. came back just in time to enjoy his Xmas holidays here after attending the meeting of the So. Dakota phono ops association held in Mobridge, S. D. Hurley reported that he gave several instructional talks on AMI's 40 selection mechanism . . . That was a peach of a story that Jimmy Mangan (CMI's Public Relations Director) sent out to Ted Kruse, Vince Connor and Bill Burdick of Amusematic Corp. The three were described as "a yachtsman, a Justice of the Peace and an 'idea man'" who formed a successful combine. It sure was interesting reading and we do hope that CMI will continue giving us some of this biographical info from time to time.

* * * *

Once again we want to call attention to the fact that the one and only and the best way we know for some of our sleepy-headed coin machine friends to now get hotel reservations is to write direct to the Hotel Sherman and see what the Sherman can do for them. We have tried and tried until the girls at the Sherman switchboard just won't even connect us anymore. Execs here are getting it hot and heavy from everyone. But, there is nothing that can be done except for you guys and gals who didn't make your reservations in time to appeal to someone who may have extra rooms or to the Sherman Hotel who will do their level best for you.

* * * *

We see where "Tide" magazine, which is the adman's medium, published a big story all about Henry T. Roberts and Clarence Bayne and their U. S. Vending Corp., naming all the officers of the firm and also their connection with the Bath Iron Works in Bath, Me. Everything that was stated therein was mighty nice reading and made us feel swell that so old and sedate an outfit as the Bath people had decided to enter into the vending field. (By the way, Henry, that was a naughty word you used in describing phonos) . . . I like the way John Chrest tells ops that they will find the show one of the best things that ever happened to them because they will be able to "talk things over with other ops from all over the nation"—and—brother—believe you me—there's more truth than poetry in that statement. I remember some of the old timers in this biz telling me that one of the best things

about the show was that they were able to talk it over with other coinmen.

* * * *

Never have seen a busier guy in my life than Harry H. Brown of American Amusement. He's here, there and everywhere—and, it seems, — all at one and the same time. Since that big factory went up—Harry is putting in 20 out of every 24 hours getting things going at top speed . . . Over at Daval they had plenty to celebrate this Xmas with that new game of theirs—it's a cutie if I ever saw one—and features a competitive play and angle that is thrilling. It should get plenty of coin on the counters of stores all over the country . . . And here comes Williams with Amber—a new pinball—and a gorgeous one as per usual . . . Many coinmen are dashing over to the Jennings' factory to see something that seems to leave them with great big smiles and rubbing their hands gleefully together.

* * * *

That great big Rock-Ola plant is all spruced up and will have something to show all visitors to the forthcoming convention with their great big "open house" on February 3, 4, 5, 6, 1947 — the four days of the convention. Plenty of surprises, too. And all the Rock-Ola distribs will be standing by to greet all their operator friends at the "open house" days— . . . Bally presents DeLuxe Draw Bell this week to all the trade and, as usual all coinmen are dashing over to Ben Coven's place here to look it over while out of town men dash for the big Bally factory to see it in action. And that keeps Georgie Jenkins pahlenty busy these days showing and playing with all the boys that call around . . . I'm still waiting for Billy DeSelm to send me in some of the pics he took with his brand new Graflex camera over at United Mfg. Co. . . . Gil Kitt of Empire Coin continues to be busier than ever—now that he is getting set to clear up his new quarters and make these the most impressive showrooms and offices in the Windy City.

* * * *

Marvel is going great with their "Pop-Up" counter game and it seems that the ops all over the nation were looking for something like this little machine to grab some of those loose coins that are being dropped on counters everywhere in the country due to the sales taxes . . . Gordon Sutton over at Illinois Simplex Distrib. Co. (Wurlitzer) reports having enjoyed a really merry Merry Xmas and looks to the New Year to be one of the greatest in his career in the coinbiz . . . Larry Frankel of Frankel Distrib. Co. is doing a grand job we hear and believes that he is going to do an even better job this coming 1947. Larry is representing the top mfrs and is planning a marvelous program for '47 . . . Dave Gottlieb, along with his factory to keep in top speed production, now has the show on his shoulders, too. Being President of CMI is quite a job when coupled with being one of the nation's outstanding manufacturers and having distribs howling for more and more of those Gottlieb games and zillions of guys asking info about the show—also for rooms—and for a million other things. Whew—what a job Dave has as the Big Show gets closer and closer.

* * * *

Harlich Mfg. Co. are going to hold "open house" at the Hotel Continental on Feb. 3, 4, 5 and 6 for all coinmen from everywhere in the nation. From what we hear this is going to be one of the top spots to visit when you arrive in Chi. Harlich have plenty of grand surprises . . . Plenty of noted music ops have been in town of late calling over at Mills Industries and asking all about that new Mills phono which has everyone guessing. Some of those boys tell me that their first port of call, when they arrive here for the Big Show, will be at the Mills display . . . If you're a music operator answer the card enclosed with each issue giving us your top ten tunes—this will help you get what you want from the record mfrs as they watch this column and can then follow the line of music you need. Also—be sure to fill out the songs "coming up" in your area. This is really important to you.

THRU THE COIN CHUTE

EASTERN FLASHES

This holiday was a series of parties. Business in most cases was forgotten for a few days, and employees, employers, and customers concentrated on having themselves a good time. We attended as many of them as was physically possible, and to those friends who invited us, and to whom we did not get—we wish the best of everything, and hope to make it next year.

Charley Wertheimer, of the Boston Wertheimers, in town for a wedding, and took the opportunity to visit his friends. Charley has some very definite, intelligent views on operating, and was expounding them to a large group of coinmen . . . Earl Winters, Modern Music Sales Co., goes home to Baltimore for the holidays, and Nat Cohn stays in his office greeting his many friends who drop in to pass along the "Season's Greetings" . . . Sam Schneider, Apollo Records, on a diet . . . Jack Semel, vising on coinrow, looking as young as ever.

So you think the automatic phono is a modern instrument? In a short story published in 1902 in England, one of the characters sits down in a restaurant, inserts 6 shillings in a coin slot, puts an earpiece to his ear, and listens to a musical recording . . . Arthur Lutman, a neighbor of "Senator" Al Bodkin, the Forest Hills impresario, running a farewell party for him the day before he leaves for Florida. Sidney H. Levine, Bill Alberg, Nat Cohn and many other coinmen will be on hand . . . Dave Stern and Jules Myers, Seacoast Distributors (Rock-Ola distributors) rush home to their Jersey offices, after a long day of celebrating with their many customers. The Elizabeth Seacoast hosts were Harry Pearl, Tom Burke and Everett Masterson. And in Newark, Irv Orenstein was the Seacoast well-wisher.

The entire staff of Runyon Sales Company was on hand to see that everyone who visited their New York offices had a good time. Abe Green and Barney (Shugy) Sugerman, from the New Jersey offices, spent the entire day in the city, joining Mike Munves, their other associate. Jack Mitnick brought his grandson down to be viewed by the bunch. And was Jack beaming! Gloria Friedman and Johnny Holenka of the record department, kept the party lively with special selection of records. Mac Perlman and "Kempy" Kemper, salesmen, had themselves a time. "Kempy" dancing with the pretty girls, and Mac handling the liquid department—altho a casual observer would never note any difference. Mrs. Sugarman brought her two boys with her, and they are really handsome boys.

George Ponser and Irving Kaye, Amusement

Enterprises, Inc., entertained their employees and customers at their plant in Brooklyn, N. Y. This was one of the top parties of the week . . . Dave Lowy had to run home early Christmas Eve as one of his kids wasn't well. However, "Pop" Lowy, and Teddy Seidel held down the fort for Dave . . . Over at Atlantic New York, Bert Lane, Harry Rosen, and Meyer Parkoff called a halt to business early Tuesday morning, and spent the rest of the day relaxing with their customers who kept dropping in to spread the holiday cheer. Over at Newark, Joe Fishman and Sandy Warner kept the holiday spirit moving. And in Hartford, George Hurwich was the host.

Aided by the effervescent Joe Panzier, Leo Knebel of Manhattan Phonograph Company (Aireon distributors) and his staff had an enjoyable time. Knebel is particularly enthusiastic about Leon Dixon's recovery from his arm injury . . . As Christmas Eve approached, and coinmen gathered, one of the most interesting groups seen together comprised Abe Green, Barney Sugerman, Mike Munves, Dave Stern, Herman Perin, Charley Wertheimer, Jack Semel, Jack Mitnick, Jack Fitzgibbons, Eddie Pecora, Teddy Blatt and Bill Gersh . . . Another big party was held by Murray Goldberg and Jack Firestone of Firestone Enterprises in Brooklyn . . . Over at Joe Eisen & Sons (Packard distributors) Buddy Eisen, Sid Mittleman and Phil Mason did the entertaining.

Apollo records ran two parties—one Friday for their staff and professional groups, and another on Tuesday at their Tenth Avenue location for the music machine operators . . . Holiday or no, Ed Hartman and Joe Henkle of Allied Electronics Co., Inc., Brooklyn, N. Y., kept so busy with their volume leveller unit and their new wired program reproducer for small type locations, they almost forgot it was a day for celebrating . . . The New York Central Railroad and the Pennsylvania Railroad getting up special Convention trains for local coinmen. A detailed story appears elsewhere in this issue.

With 1947 here, all coinmen are looking toward the CMI Show in February. THE CASH BOX CONVENTION ISSUE WILL COMBINE THE JANUARY 27 AND THE FEBRUARY 3 ISSUE INTO ONE BIG ISSUE. THIS SENSATIONAL ISSUE WILL BE CIRCULATED A WEEK PRIOR TO THE SHOW — AND ALSO WILL BE DISTRIBUTED AT THE CONVENTION.

DON'T FORGET TO SEND IN YOUR AD RIGHT NOW!

THRU THE COIN CHUTE

CALIFORNIA CLIPPINGS

Lots and lots of holiday celebrations along coin row, with most of the distribbers dispensing the old good cheer. Here's hoping that all the boys got home ok . . . The California sunshine came down in a good steady drizzle to somewhat dampen things a bit, with the promise of the weather man that the rain would continue thru the holiday season.

Bill Wolf and Al Silberman of the M. S. Wolf Distrib. Co., talking over plans to get the new Williams games out to the ops along the Coast. The firm has just received a big shipment of new equipment and is shipping them out to all their offices for immediate delivery. Bill plans a trip to his San Francisco office this week end, but will be back for the New Year's Eve doings.

Jack Gutshall closed up his offices and showrooms at noon the day before Christmas to give his help an opportunity to get in some last minute shopping before the holiday. Jack has been keeping the boys in his place pretty busy between filling the big demand for his line of independent records and taking orders for the new Packard Hideaway and Packard phono. He has the new machines on display in his showrooms, and informs me that the music ops are showing great interest in them.

Bill Happel, Jr. of Badger Sales has been receiving many compliments from the great number of ops who have been calling on him in his new building. The boys feel that Bill has done a lot for the industry by turning out one of the most attractive and glamorous places ever seen in the coin industry. It will be worth your while to pay him a visit. Bill plans on a grand opening and open house about January 15th, 1947.

Lots of plans being formulated by the record manufacturers for 1947. Leon Rene of Exclusive Records has a large number of new tunes ready for recording and for early release to the trade . . . Leo and Eddie Mesner of Aladdin Records, who produced "the best race records of 1946" are planning on repeating in 1947 with a number of new platters which they are now in the process of cutting . . . Capitol Records with their terrific array of top artists and top song writers are planning on copping most of the top honors in next year's *Cash Box* poll and are making their plans along those lines early . . . Otis Rene of Excelsior Records has just signed up a new band with lots of promises and plans on cutting a number of sides within the next few weeks. He'll make the announcement of his new releases

Attended a very interesting meeting of the A.O.L.A.C. this past week, and much was brought out about the present local situation. A lot of work is necessary to keep things going here, and Samuel "Curley" Robinson, managing director of the association minced no words in his report to the members. The meeting was one of the best attended of the year . . . According to information received, the new music ops assn has signed agreements with the electrical workers union and the local teamsters union. A code of ethics is to be presented to the members for approval and adoption.

Paul and Lucille Laymon really gave their employees handsome Christmas bonuses for their loyalty and devotion to duty thru this past year. The

Laymons plan on spending a quiet holiday, with big doings planned for New Year's eve. Paul has some big plans for 1947, intended to be of great benefit to the local ops . . . Leonard Baskfield, Vice Pres. of E. T. Mape, down visiting from the firm's headquarters in the Bay City and in a huddle with Ray Powers, manager of the Los Angeles office and showrooms. Ray tells us that the sales of the new Aireon are increasing weekly, with many more satisfied customers being added.

That new building, which will house the Gold Coast Coin Machine Exchange, Fred Reilly and the A.O.L.A.C., should be ready for occupancy any day now. There is no doubt that the boys will be in their new place by the first of the year. I know that I have written about this place being ready from week to week during the past few months, but honest, fellas, I really thought so. And if you have done any building lately I guess you know what I mean by an unexpected delay. I hope Sol Gottlieb of the Gottlieb factory of Chicago can stay just a little longer to see the grand opening. He has been staying on here for more than a month and wants to go home. (I'm kiddin', Sol, I know you love it here and are hoping for another dented fender to stay longer) . . . Len Micon of Pacific Coast distribbers has his shop and storage rooms loaded with new "Bangtails" and Evans "Dominoes" and can fill orders for any amount. Len urges ops to come in and get them while they are still available. He has something big cooking according to some important huddles we have seen him in lately, but, for the time being, Len won't talk.

George Ehrgott of Mills Sales ran up to Oakland to spend a week in the Bay City and is due back shortly. He told me that the new Mills phono is "terrific" and will be the machine of 1947. George plans on attending the big show in Chicago in February. The Mills held a big party for all hands before Christmas and, according to all reports, it was a wing ding . . . Nels Nelson had a lot of Aireon phonos in his showrooms last week and a brief visit this week to the same place revealed that most of the machines had "Sold" tickets on them and were awaiting the trucker to pick them up and deliver them to the music ops. Nels is one of the many distribbers planning on the trek to the windy city.

Aubrey Stemler did some yeoman service for many of the distribbers and ops here by arranging to get their round trip reservations to the Coin Machine Convention next February. According to early reports the West Coast should have a terrific delegation attending the doings along the wintry shores of Lake Michigan in the vicinity of the Sherman Hotel . . . Charlie Robinson, just back from a fast trip to Milwaukee and Chicago, reports lots of activity in the Midwest . . . H. M. De Govia of Dee's Service has been taking lots of orders for the new Wayne Volume Equalizer . . . Morrie Wiczer of Wico Parts has been stocking up with lots of the hard to get merchandise and is calling on all distribbers to replenish their parts departments . . . Bud Parr of Solotone is about ready to go with the announcement of his new music equipment and plans on an important statement in mid January.

THRU THE COIN CHUTE

ST. LOUIS

Christmas Week wound up one of the most hectic seven day periods ops here in the 49th State can remember. Although oldtimers like Abe Jeffers and Lou Morris predicted a gloomy outlook for business, at least a dozen firms were renting phonographs for holiday parties, producing the machines out of nowhere. We noted a few drugstores sans phonographs about the same time. 'Nuf said! Rentals hit an all time high, up to \$20 per day in some instances.

Distributors who vowed no Christmas cards, calendars, etc., would flow through the mails this year, went back on their word, and ops received the customary deluge of envelopes from all coin machines dealers. Pencils, key cases and memo notebooks were on hand everywhere.

Over at Olive Novelty Company, Ben Axelrod and Al Haneklau held forth with a party for the employes, winding up in a handsome gift for each "to express the personality" . . . Ideal Novelty's genial mentor, Ed Randolph, reports that Carl Trippe played Santa Claus with a week's pay bonus for every employe of the organization. Ideal was among the leading purveyors of rented music this Christmas, putting out 25 boxes of varying vintages.

John LaBan played host to many at his headquarters . . . Visitors who came bearing gifts at various distributor's counters included Walter Bowman, Earl Lee, Harry Siegel, Abe Jeffers, Jimmy Carmody, Lou Morris, Paul Kranzberg and others. Kranzberg's daughter, Patty, flew in from a girl's school in Havana to surprise the old man . . . Bill Weinischke and Bill, Jr. journeyed into the hills to cut their own Christmas tree but returned empty handed.

Dozens of service calls on phonograph routes are keeping everybody busy. Evidently the boxes aren't getting time to cool. More play is a surprise to ops who expected everybody to stay close to the fireside—but nobody did . . . Ted Key was up from Farmington, Missouri, telling everybody "I won't be back until next year!"

MINNEAPOLIS

Paul Hayes of Rochester, Minnesota took a little trip down South . . . Sam Karter, Star Sales Company passing out presents . . .
