VOLUME 12, NUMBER 23

MARCH 3, 1951

Jimmy Grissom is singing and well he might with his great hit "Once There Lived A Fool" riding high all over the country. Lending an appreciative ear to Jimmy's warbling is John Dolphin, headman of the Recorded In Hollywood label, for which Jimmy waxes exclusively, and owner of one of the biggest, busiest record shops in the blues and rhythm field on the west coast. The occasion is the opening of Dolphin's new store in Los Angeles, where Jimmy was mobbed by his admiring fans. With several more promising releases due to be issued shortly, it looks as though Jimmy will have a lot more to sing about.

ALL-TIME BEAUTY WINNER

"The new 48-Selection, All-Speed Wurlitzer is the smartest looking phonograph in the history of the industry. It's landing locations on its beauty alone. Once in action, that same beauty makes it the center of all eyes. Everybody buys its music."

SARKES STEPHEN

Stephen Amusement Company, Kenmore, New York

ALL THE SELECTIONS YOU NEED - 48

"Last year some locations asked for phonos that play more than 48 selections. Now it's different. They learned 75% of the play is on 8 or 10 top tunes—that more than 48 selections causes confusion—delays selection. They are enthusiastic over the new 48-Selection, All-Speed Wurlitzers."

SAMUEL GRILLE

Royal Amusement Company, Westerly, Rhode Island

ALL SPEEDS ON ONE PHONOGRAPH

Why buy two when ONE will do?

The smart new Wurlitzer Fourteen Hundred is the only phonograph which can be converted in 30 seconds from 78 to 45 or 33 $\frac{1}{3}$ RPM records.

No obsolescence of your 78 RPM records. No headaches no matter what happens to record supplies, record sizes or record trends.

The most beautiful, versatile, tuneful, flexible phonograph ever built—and they are proving it on the only proving ground that counts—America's top locations.

Busy Days Ahead...

There are busy days ahead for all engaged in the industry.

Operators will have many, many changes to make before they can settle down to a definite method of operation for the duration of this emergency.

Distributors will have much work ahead to take care of their customers and to assure those customers continuing on in business as profitably as they possibly can.

Whatever manufacturers will remain engaged in production of equipment which will not use critical materials, will be busier than ever trying to meet the demand and taking care of the needs of the field.

As operators, jobbers, distributors, mechanics, servicemen, agents, salesmen, and others leave the trade, to enter the armed forces, to go into defense industry, to change over to other businesses, busy days will continue, and will follow a pattern like that of World War II.

Sales of all types of equipment will continue. Machines that can't go in one territory will be a boon in another. Parts and supplies will become ever more difficult to obtain and substitutes will be required. These substitutes will come into being, just as they did during War II, when the more ingenious members of the field originated, discovered and rebuilt such items.

Conversions will become ever more important.

Games die for lack of interest after some months have passed. The public just can't be made to eat grapefruit every single day in the year.

The converters will be the men who will change the games over sufficiently to regain public interest in their unique play action.

Busy days are ahead of the men in this industry who think along the lines of all the work that has to be done to keep an industry moving at all times.

During War II, operators who had never handled a screw driver or repaired any one of the machines they had on locations, suddenly became skilled mechanics.

In fact, even girls and women hired for such work, proved exceptionally skillful and outdid many of the men whose jobs they took over.

Trading, buying, selling will again become the most important business of the industry.

Operators will suddenly blossom forth as sellers. This also happened during War II.

Distributors and their salesmen will travel the highways and byways of the nation contacting operators and helping them to continue on in business.

Ideas will blossom forth by the dozens, as they did during War II. A great many of them will remain for the duration of the emergency.

Products will also come into being few believed they would ever use. Others will suddenly switch into sales who never before sold.

There are many, many busy days ahead for the man who thinks. The man upon whom this industry will build when this emergency is over.

Those men, the nucleus who will remain in the industry, will be the men who will make this a far better, bigger and more prosperous industry—when this emergency is over.

Busy days are ahead.

THE CASH BOX covers the coin operated machines
industry, and all allied to this industry in any fashion
whatsoever, throughout the United States, Canada,
Central and South America, Africa, Japan, Hawaii,
Philippine Islands, and other Asiatic and Pacific coun-
tries, as well as certain European nations. The Cash
Box is on hand at various American consular offices
throughout the world. This coverage includes operators,
jobbers, distributors and manufacturers and all allied
to:—automatic coin operated music equipment; auto-
matic coin operated vending and service machines;
as well as coin operated amusement equipment; in all
divisions. The music and record fields, recording
artists, publishers of music, disc jockeys, radio sta-
tions, and all others in any fashion identified with, or
allied to, the coin operated music machines industry
are completely covered. Manufacturers and distributors

of various merchandise, parts, supplies, components and
all materials used in the coin operated vending, music
and amusement fields are covered by *The Cash Box*.
Banks, finance firms, loan organizations and other
financial institutions, expressly interested in the financ-
ing of coin operated machines of all types, are covered
by *The Cash Box*.

THE CASH BOX IS RECOGNIZED by various asso-
ciations of coin machine operators throughout the
United States as their "official" weekly magazine.

"THE CONFIDENTIAL PRICE LISTS"

"The Confidential Price Lists" are the one and only
officially recognized price guide of all new and used
machines in the United States. "The Confidential Price
Lists" are an exclusive, copyrighted feature of *The Cash
Box*. "The Confidential Price Lists" report each week's
low and high prices for all new and used coin operated
machines, regardless of age, listing all market changes,
and continually adding on all the new equipment as this
equipment is announced to the industry. "The Confid-
ential Price Lists" are recognized by many cities and
states throughout the country as the "official price book
of the coin operated machines industry". They are an
integral part of *The Cash Box* and appear in each
week's issue. "The Confidential Price Lists" are offi-
cially used in the settlement of estates, for buying, sell-
ing and trading of all coin operated equipment, and are
also officially recognized for taxation purposes. "The
Confidential Price Lists" are used by finance firms,
factors, loan companies, bankers and other financial
institutions to guide them in making loans to members
of the coin operated machines industry. They have been
legally recognized in courts throughout the United States
and Canada. "The Confidential Price Lists" have been
acclaimed by the coin operated machines industry. En-
tire business transactions and legal cases are based
upon the quotations appearing in "The Confidential
Price Lists".

OPERATING GRABS SPOTLIGHT

Nation's Ops Find Themselves in Unique Position as New Equipment Fades.

As new equipment fades from the coin machine picture, there is no doubt any longer that *The Cash Box* prediction of months back, is now proving itself true.

Last Fall, as the talk of war grew louder, this publication predicted that operating would be most important and would keep the industry alive, regardless of whatever conditions resulted from the preparedness effort, which was then just barely getting under way.

This publication also urged all who wanted to continue on in this business to insure themselves for the future with concentrated routes of equipment so that, regardless of what happened, they would still be in business.

Many took the advice of this publication and bought or created routes of equipment. These men will, without any doubt, unless unforeseen events come to pass, remain in this industry.

These will be the men on whom this business will once again build for the future. They will remain as the solid nucleus of this industry, just as many operators did during World War II.

This time, of course, the going will be much rougher. In the first place, no arrangements have been made for continued manufacturing of parts and of many necessary supplies.

Bans being imposed on metals and minerals at this time are very absolute. They are simply cut off. And that's that. Therefore, the problem of continuing on in business will be much more difficult to solve for a great many who are not ingenious as to creating, converting and maintaining their equipment.

At the same time it will also be a problem for those who did not heed the warnings of this publication, and who did not sufficiently stock up with new machines, as well as parts and supplies, to continue on, especially in face of competition which did take this advice.

The fact remains that the lack of new equipment, regardless that many ops believe this will be to their advantage, will hamper the continued growth of the industry. No equipment, regardless of the complaints from ops that continual purchasing eliminates all profit possibilities,

is the answer to what the public wants and, therefore, what the operators need.

It will be up to the individual operator from now on to retain interest in his equipment by his own ingenuity. He will have to convert. He will have to be able to gain interest by changing about his machines. He will have to use many stimulating methods to insure continued play.

All this regardless of the fact that there will be a working force of over 65,000,000 people and a military force of over 3,500,000 when 1952 gets going.

The average American just simply will not eat grapefruit every morning. People love change. They love something new. Something different, unique, interesting.

This publication urged every distributor in the country to prepared himself with a machine shop which would allow him to convert old equipment into new and more interesting machines.

The reason for this is, regardless of how long the operator keeps a machine on location, because there are no longer any new games, he will soon find his take dropping downward, and will simply have to change about to re-interest the public in the play of his machines.

The average man and woman in this industry realizes these facts. Most of them believe that they are "completely prepared" for any eventuality. But, this belief may fade as conditions become ever more strenuous, and older machines are gradually torn apart, to keep newer machines operating.

This happened last time (during World War II) even with parts still being manufactured. This time there are no parts being manufactured. It means that every old machine is a potential play upholder as long as parts from that machine last.

At the same time supplies will become ever more difficult to obtain. Already some tubes, like the 2050, 2051 and the 6L6, are being quoted at 100% and 200% and even more, above the former normal figure. Even at that, these are still difficult to obtain. Those sellers who have some stock on hand are doling these tubes out very, very slowly and very carefully and, as one distrib stated, "to only my best customers".

But, regardless of all the problems, and whether gas and tire rationing and whatever other rationing and restrictions come into being, regardless of new and higher taxes, operating now takes the spotlight, just as was predicted it would by this publication many months ago.

What's more, whoever has an operation going, even if it isn't considered among the "best" in the area, will find that collections will place it far up and above whatever was formerly the highest peak reached.

This is bound to happen as over 65,000,000 workers and 3,500,000 members of the armed forces seek economical relaxation. What's more the people will be jingling more coin in their collective pocket than ever before, regardless of higher taxes. The average man and woman will find very little to purchase what he or she really wants.

In addition, spending seems to go along with war. It always has. People begin to think in such terms. Inflation abounds in wartime. This is only history. As people spend, coin operated entertainment will get its share.

Therefore, from every standpoint, operating has taken the spotlight. The operator is now in a rather unique position. A position which can be likened to that he enjoyed during World War II.

Yet, he will have many, many problems. He will find cost of parts and supplies tremendously inflated. He will also soon learn that his increased license fees and higher taxes will bite deeply into his take. He will also suddenly discover that new equipment is very essential to continued peak operating.

It can only be sincerely hoped that the average distributor has so well prepared himself that he can help his customers to carry on for a long, long time to come and, at the same time, that he has a staff of ingenious mechanics who will be able to convert equipment, as time goes by, so that the average operator is assured of continuing on ahead, remaining the sound and solid nucleus on which this industry will build when the time comes for this field to again be able to open its production lines.

Record Reviews

Only Records Considered Best Suited To The Requirements Of The Trade Are Reviewed On These Pages.

"YEAH, YEAH, YEAH" (2:10)

"ROCK ME TO SLEEP" (2:10)

PEGGY LEE
(Capitol 1428; F-1428)

● Peggy Lee has a couple of sides here which could really go places. The upper half is a driving number with a lot of potential which gets another push from Peggy's jivy rendition. The lower half too has a good beat and some excellent backing coming thru. This one will do fine in the boxes.

"WHAT HAPPENED TO OUR ROMANCE" (2:38)

"BATIO" (2:54)

THE CLEF CLAN
(Orbit 522)

● A very pleasant ballad is offered on the top deck by Karen O'Hara, The Clef Clan and the Marvin Wright Combo. With a good arrangement and listenable voices, this group comes through with a strong side. Second side is a South Sea islandish number with Harry Wilcox joining in for the vocal. Upper half gets our nod.

"THE LEGEND OF THE GLASS MOUNTAIN" (3:12)

"TENDERLY" (3:23)

THE THREE SUNS & LARRY GREEN
(RCA Victor 20-4064; 47-4064)

● The Three Suns team up with Larry Green on this platter to assure ops of some excellent musicianship. Both ends are instrumentals of listenable pieces with the piano playing of Larry Green standing out. The Three Suns make themselves felt too and together they turn out a disk which is definitely worth an op's while.

"YOU'RE ALWAYS IN MY DREAMS" (2:30)

"GOTTA FIND MY BABY" (2:42)

THE RAVENS
(Columbia 39194)

● The Ravens take a ballad on the upper level and a rhythm number on the lower and turn out a good disk. First side is a slow thing, very dreamy and shows the boys' brand of harmony off to good advantage. Second half is done in the style of a vocal solo with the group chiming in. Ops will do ok with these.

"SO DEEP MY LOVE" (3:11)

"CHANTE MOI" (2:48)

TONI ARDEN
(Columbia 39208)

● Toni Arden puts her lovely voice to work on a soft ballad and makes this side a strong contender. With Paul Weston's orchestra backing her up, Toni pours a lot of feeling into this. The second side is another ballad with a French aire. Paul Weston provides the musical setting on this one also. Upper half looks like the big one.

"TOO YOUNG" (2:59)

"I LOVE THE WAY YOU SAY GOODNIGHT" (2:54)

DENNY VAUGHAN
(Coral 60393)

● An easy going ballad is offered on this platter by Denny Vaughan. Displaying a very pleasant voice, Denny slides through this one in an assured manner and gives the tune a lot of possibilities. The second side is a current novelty again getting a good interpretation from Denny and the boys in the band. Ops oughta tune in.

DISK OF THE WEEK

"MOCKIN' BIRD HILL" (2:46)

"I LOVE YOU BECAUSE" (2:57)

PATTI PAGE

(Mercury 5595; 5595 x 45)

PATTI PAGE

● Patti Page continues her dueting with herself and turns out another smash side. In the same manner as "Tennessee Waltz," Patti takes off on "Mockin' Bird

Hill" and assures herself and ops a disk that's gonna bring the dough in. Done in a very easy going manner this song offers an infectious melody which keeps you humming it for a long time. And Patti's singing of it, of course, adds to the appeal that the tune has. Jimmy Carroll provides an unobtrusive musical setting and the entire affect is one of pleasant, easy listening. The flip is a faster little item with a hillbilly touch which Patti does all by herself without her other voice. It too is good listening with the Jack Rael Quintette adding to the music. Ops know what a Patti Page record can do for their receipts and here's one that's gonna do it.

"MAGGIE IS MY SWEETHEART" (2:54)

"MY LITTLE DOLL" (2:49)

MICHAEL CARRON
(Thrillwood 107)

● The tune to which "The Thing" was written gets another ride here with a different set of lyrics. Although this can't have the popularity the former song had, Michael Carron gives it a good vocal and it sounds real cute. Lower half is a novelty again getting a good vocal. Ops oughta listen to this themselves to decide.

"CHARLIE IS MY DARLING" (2:25)

"BEAUTIFUL BROWN EYES" (2:44)

LISA KIRK
(RCA Victor 20-4062; 47-4062)

● Lisa Kirk has a happy sounding side here which makes for joyous listening. With lots of voices to accompany her, Lisa runs through this one with zest and bangs out the cute lyrics in an appealing way. The lower half is a current pop hit which originated in the west. It gets one of its best renditions from Liza who makes it sound real good. Ops will get a play on these sides.

"JUST TO KNOW THAT YOU'RE AROUND" (2:09)

"THE KIND OF GIRL I'VE DREAMED OF" (2:10)

THE SMITH BROS.
(London 974)

● The Smith Brothers turn out the kind of harmony that makes these two sides grand to hear. Upper deck is an easy going ballad complete with a recitation in the middle. The lower end is another good number on which the boys switch half way through to a rhythmic approach. Both ends make for excellent listening.

"STELLA" (2:13)

"THE BRIDAL WALTZ" (2:33)

TONY MANGO
(Abbey 15039)

● A familiar old melody gets a new set of lyrics on the upper deck, a big production and a good vocal and comes out with a lot of potential. Tony Mango breaks through with some grand vocalizing which could easily make this a big one. The second half has a cute idea done pleasantly by Tony and the rest of the group. It too is worthy of ops' attention. Top deck is very potent.

"GOIN' BACK TO MEMPHIS" (2:32)

"YOU'RE GONNA LOVE SOMEBODY - SOMEDAY" (2:59)

DOROTHY ANN
(Abbey 15038)

● A jumpy number is taken for a ride here by Dorothy Ann. With the help of Jerry Shard's orchestra, Dorothy makes this sound cute. The lower end is a ballad on the sad song style, which Dorothy does in a beautiful manner. Again getting some help from Jerry Shard, she sends this one into the must class for ops.

"SONNY, THE BUNNY" (2:38)

"BUNNY ROUND-UP TIME" (2:28)

GENE AUTRY
(Columbia 39217)

● A couple of Easter novelties with special appeal for kids is offered by Gene Autry. On both ends he gets some good backing from Carl Cotner's orchestra which helps sustain the pleasant atmosphere. Gene's singing on either side is of the direct, simple type that is so appealing. This should be a big one in the next few months.

"I CAN'T BELIEVE THAT YOU'RE IN LOVE WITH ME" (2:15)

"THE VERY THOUGHT OF YOU" (2:46)

BILL SNYDER
(London 971)

● Two oldies get a grand going over here from Bill Snyder and his orchestra. Featuring the wonderful piano playing of Bill, these two sides bring out all the charm of the tunes and make it easy to listen to them over and over again. Both ends are perfect for the quiet spots.

"THE MERRY WIDOW WALTZ" (2:49)

"VILIA" (2:46)

BOB DEWEY ORCH.
(RCA Victor 20-4063; 47-4063)

● Two oldies get a smooth going over from Bob Dewey and the orchestra. The top deck features the duo pianos of Frank Vigneau and Billy Rowland and they really give those ivories a ride. The second side boasts a nice soprano vocal from Sally Sweetland and an easy instrumental from the boys in the band. Ops oughta listen in.

"WE'RE GONNA HAVE SOME FUN TONIGHT" (2:59)

"BARBARA POLKA" (2:50)

JIMMY DORSEY ORCH.
(Columbia 39164)

● A couple of polkas are turned up here by Jimmy Dorsey and his crew. Both ends are happy sounding items with the upper half getting a cute duet from Pat O'Conner and Kenny Martin while the lower end is a straight instrumental. These sides are right for dancing and in the proper locations should do very well.

"ABA DABA HONEYMOON" (2:38)

"BEAUTIFUL MADNESS" (2:54)

FREDDY MARTIN ORCH.
(RCA Victor 20-4065; 47-4065)

● A current hit is this 50 year old tune which gets another going over here from Freddy Martin and his boys. With the Martin Men doing the vocal, this ditty has another push on its way to the top. The lower half is a very heavy sounding ballad done by Merv Griffin in a great big voice. Ops oughta hear these sides for themselves.

BEST BETS

In the opinion of The Cash Box music staff, records listed below, in addition to the "Disk" and "Sleeper" Of The Week, are those most likely to achieve popularity.

- ★ "THEN YOU'VE NEVER BEEN BLUE" ... Bing Crosby & Tommy Dorsey
Decca 27461; 9-27461
- ★ "SO DEEP MY LOVE" ... Toni Arden ... Columbia 39208
- ★ "STELLA" ... Tony Mango ... Abbey 15039
- ★ "SONNY, THE BUNNY" ... Gene Autry ... Columbia 39217

Record Reviews

Only Records Considered Best Suited To The Requirements Of The Trade Are Reviewed On These Pages.

"THE VALENTINO TANGO" (2:30)
"BEAUTIFUL MADNESS" (2:40)

TONY BENNETT
(Columbia 39209)

● A very sultry tango gets a good vocal from Tony Bennett and comes out as a dramatic offering. Marty Manning's orchestra provides the musical setting for this slow number and gives it that definite Latin beat. On the bottom half, Tony goes to work on a plushy ballad and does it in his big powerful manner. This oughta do ok in the machines.

"THE SHEIK OF ARABY" (2:54)
"VAMPIN'" (2:47)

RAY NOBLE ORCH.
(Columbia 39195)

● Two standards are twirled around by Ray Noble and his orchestra on this disk. The top deck is a rhythmic instrumental which makes this tune sound new again. The lower end is also done in a light manner with the Mellomen coming through on the vocal. For some pleasant listening ops should get with this.

"WHEN HEARTS ARE YOUNG"
(2:45)

"SILVER MOON" (2:54)

DENNIS DAY
(RCA Victor 20-4052; 47-4052)

● In its singers series, Victor has come up with some of the standards which never die. Here Dennis Day offers two of them in his good voice with Henri Rene providing the backing. Both ends are ballads which will get more than an occasional play. Ops oughta get aboard.

"I WONDER WHERE MY BABY IS TONIGHT?" (2:43)

"MY ISLE OF GOLDEN DREAMS"
(2:47)

DINAH SHORE
(RCA Victor 20-4047; 47-4047)

● Two more standards show up this time with Dinah Shore doing them. The upper deck is a lovely soft ballad just right for Dinah's style of singing while the flip is a South Sea islandish item with some nice choral backing. Henri Rene's orchestra does the music on both ends. Dinah's fans will love these.

"S'WONDERFUL" (2:36)

"OUT OF NOWHERE" (2:24)

PAUL SMITH QUARTET
(Discovery 137)

● A small instrumental group take a couple of oldies and makes them worth while hearing again. The Paul Smith Quartet shows a terrific amount of talent on these sides. Some excellent arrangements help to show off their ability and makes them a young group to watch.

SLEEPER OF THE WEEK

"ALWAYS YOU" (2:55)

"DESTINATION MOON" (2:41)

NAT "KING" COLE

(Capitol 1401; F-1401)

KING COLE

● A beautiful Tchaikowsky melody is turned into a first rate pop number and done in a very mellow style here by Nat "King" Cole. Nat has a disk that looks as though it's gonna break wide open with this

song called "Always You." Ops who get it into their machines fast are gonna have a break also. They'll be counting the coin for some time to come. Backed up with a chorus under the direction of Les Baxter who gives this side a big production, Nat has some terrific material to work with. He comes through in a very subdued, easy manner and lends a lot of charm to natural appeal that the tune has. This is a side which shows tremendous possibilities. The flip is a cute novelty which he does in familiar style with Neal Hefti's orchestra backing him up. It too should get a play in the machines. But the end that looks great is the first one. No op should miss it.

"OVER THE RAINBOW" (2:47)

"WANDERING" (2:24)

PAUL SMITH QUARTET

(Discovery 138)

● Two more sides by the Paul Smith Quartet are shown here. Both are oldies which get new dimensions from the boys' playing. A good piano is the feature of these sides and the arrangement of the tunes makes them extra exciting. Ops oughta give this group a listen.

"YOU'RE A SWEETHEART" (2:45)

"EXACTLY LIKE YOU" (2:43)

LISA KIRK

(RCA Victor 20-4032; 47-4032)

● Lisa Kirk joins the Victor singer series with two oldies that should hold up in the machines. Both get a pleasant enough vocal from Lisa and the interest in the series should carry them along a little further. Ops might take a listen to these sides themselves.

"LET A SMILE BE YOUR UMBRELLA" (2:46)

"WEDDING BELLS" (2:45)

DON CORNELL

(RCA Victor 20-4042; 47-4042)

● Don Cornell contributes to the Victor singers series with a couple of tunes that will always sound great. The upper half is a happy item which can't fail to offer a lift while the lower end is a nostalgic piece which makes for especially good listening as done here by Don and a choral backing. Ops should certainly get with these sides.

"JUST YOU" (2:55)

"YOUR THE ONE I ADORE" (2:50)

JOE PRINCIE

(Decca 45127; 9-45127)

● Joe Princie and his orchestra offer a couple of cute items on this platter. Playing the accordion, Joe makes the musical end come out right while Tommy Gaylord and Jack Buchan go to town on the vocal end doing them in duet. For two pleasant sides, ops oughta tune in here.

"THEN YOU'VE NEVER BEEN BLUE" (2:48)

"YOU GOTTA SHOW ME" (2:47)

BING CROSBY & TOMMY DORSEY ORCH.

(Decca 27461; 9-27461)

● Bing Crosby teams up with Tommy Dorsey and his orchestra to come through with a wonderful old standard done in excellent style. Bing is in fine voice for this appealing tune and Tommy does right by him on the backing. The flip finds them together on another number which sounds right. Ops are advised not to miss the top deck.

"JUST A MEMORY" (2:45)

"THANK YOUR FATHER" (2:35)

MINDY CARSON

(RCA Victor 20-4040; 47-4040)

● Mindy Carson's entry in the Victor singers series sends her to the head of the class with a lovely ballad which she does perfectly. With Andrew Ackers providing the music, this one has a great chance again. The lower end is a cute oldie done nicely by Mindy. Top deck gets our nod.

"THE UNBIRTHDAY SONG" (2:37)

"THE LITTLE WHITE DUCK"
(2:42)

GUY LOMBARDO

(Decca 27464; 9-27464)

● A novelty from Walt Disney's film "Alice In Wonderland" gets worked over here by the Guy Lombardo aggregation. Kenny Gardner and the Trio do the vocal and make it sound as though it has possibilities. The flip is the cute item which has been getting a lot of play and this one stands up well with the others. Ops won't go wrong with this.

"FURY SAMBA" (2:40)

"THE JITTERBUG WALTZ" (2:46)

ROY ROSS

(Coral 60394)

● A couple of instrumentals by Roy Ross and the orchestra come through as pleasant listening and dancing music. The first side is a samba with Roy's organ music standing out while the second side is a waltz done with a little beat. Ops oughta hear these sides.

"YOU'RE GETTING TO BE A HABIT WITH ME" (3:03)

"SAILIN' AWAY ON THE HENRY CLAY" (2:32)

MEL TORME

(Capitol 1402; F-1402)

● Mel Torme gets on the oldie bandwagon with a tune that's wonderful to hear again. The way Mel does it with Sonny Burke's orchestra makes this one a great contender once more. Second side is a rhythmic item, a little fast, on which Mel gets a good assist from Pete Rugolo and the band. Ops oughta get going with this.

"FATE" (2:34)

"MY DESIRE" (2:43)

BUD BRES

(Pavilion 782)

● A couple of excellent sides are turned out on this disk by Bud Brees. Singing in his strong good voice he puts a lot of stuff into them and makes them stand out. Each end gets a fine arrangement by Allan Small's orchestra which helps make this a worthwhile platter for ops to look into. Don't miss the top deck.

"WHAT AM I TO DO?" (2:34)

"LIVE, LIVE, LIVE" (2:57)

THE RHYTHMAIDS

(Pavilion 783)

● The Rhythmmaids have a samba to sing to on the top deck and do it to the accompaniment of Allan Small's orchestra. On the lower end, they have a novelty which doesn't seem to have too much commercial appeal. Although these won't stop traffic, ops might tune in to decide for themselves.

ROUND THE WAX CIRCLE

NEW YORK:

The music trade was shocked last week at the news that Joe Delaney had left London. His open door policy whereby he saw all the music pubs endeared him to the boys on the street. Joe's working hours were an amazing thing to everyone who knew about them for they often lasted all day and night.

EDDIE FISHER

Needless to say he has the best wishes of almost every body in the trade. . . . Cosnat takes over the Regal line for N. Y. distribution. Regal has a new label called RFD which will carry country and novelty tunes. . . . Progressive Amusement Machine Co. reported that in a bowling alley spot in Springfield Gardens, L. I., "Red Hot Mama" by Lawrence "Piano Roll" Cook was played 146 times in a day. . . . Maypole Music happy over getting a rack order for "Bring Back The Thrill." Don Cherry has just recorded "Thrill," resuming the rivalry he and Eddie Fisher started with "Thinking Of You." Fisher's current engagement at the N. Y. Paramount will be his last before entering the army on March 10. . . . Jimmy Wakely was booked into the Last Frontier, Las Vegas, for two weeks opening April 6. He gets \$3000 per week for his single as compared with \$1,650 when he played the Thunderbird

with his band five years ago. . . . Laurel Music acquired the new Ruth Robbins, Gene Pillar, Bill Katz tune "Here We Go Again" which will be featured by Harvey Stone as a follow up to his "G. I. Lament." . . . Joe Carlton on the west coast to record a host of tunes with Vic Damone. . . . Hugh Cherry, ace dj in Nashville, will switch from WKDA in that city to WMPS in Memphis on March 1. . . . Guy Lombardo sent a letter to the folks in the trade this week plugging Freddy Martin's opening at the Statler in N. Y. . . . Doris Day marries Marty Melcher in April. . . . Buddy Basch Associates has been named to handle press and public relation for Gale Robbins during the young singing movie star's first New York theater appearance at the Roxy. . . . Abbey Records made a change in distribution. Douglas-Bruce will handle dealer sales and Abbey will handle operator sales. Belmont Sales are to distribute the line in New Jersey.

CHICAGO:

Song pluggers here point out the importance of this midwest market to all pubberies. A delegation visited us and advised that the midwestern market is best for sheet sales. Also stated that as far as radio shots and, especially, juke box promotion, nothing like the midwest in the nation, with the Windy City leading this tremendously big and important industrial and agricultural area. Need for more song pluggers was voiced. Pubberies should make more intensive study of this big market. . . . Connie Russell stepped in to take over for Louis Prima at the Chicago Theatre. As advised in last week's issue, when we called on the "Preem" he was on the couch in his dressing room all bundled up with blankets, overcoats, etc. A victim to what many visiting artists call, "Chicago throat." But, it seems the "Preem" had much more than "Chicago throat." That same evening he was in bed in his suite at the Sherman with 104 fever. And the next day was rushed out of town. Connie Russell stepped in to take over. In addition to her radio shows, her Garroway TV shot, doing five-a-day at the Chicago. A grand gorgeous trouper, who proves that there is that certain something in show people hard to find anywhere else. . . . Art Morton drops in to say "so long." Art on his way to New York to open in a new Terrace Room show. . . . Cee Davidson and Nev Simon advise that their new tune, "I'd Love To Be The One," getting plenty applause at the Chez Paree. Artists visiting the Chez advise they are setting aside session time to cut this cute tune. . . . Jimmy Martin throws a cocktail party at the Steak House for Teresa Brewer with leading juke box ops and deejays present. Among the deejays, Marty Hogan, Jim Lounsberry, Howard Miller and Fran Weigle. Jack Teter, of "Johnson Rag" fame, also present. A grand time had by all. . . . Billy Bishop and his sweet music continues to win more fans among the dancers at the Trianon. . . . Nat "King" Cole clicking (as we predicted) at the Regal with Helen Humes doing the vocalizing. . . . Art Talmadge of Mercury just back from Acapulco, Mexico.

TERESA BREWER

LOS ANGELES:

Just back from a Northern trip with a report that business is but good all over was Swingtime sales manager Franklin Kort, who tell us it couldn't be anything but good with 11 hits riding on the blues and rhythm label. . . . Top items among the batch are Ray Charles' "Baby, Let Me Hold Your Hand," ol' reliable Lowell Fulson's "Back Home Blues" and Lloyd Glen's "Jungletown Jubilee." . . . We also learned that it's Lloyd Glen, Swingtime's music director, who should be credited for his ivory work on "Old Time Shuffle," and here we'd been listing it to Fulson, who's doing well enough on his own. . . . Yet another fast moving new artist on the Swingtime label is Jimmy McCracklin with his "Lookin' for a Woman." . . . War Perkins, a local manufacturer a few years back and at times a stormy figure in the record business, has found peace in the Philippines along with a shortlived prosperity. . . . Perkins, who struck a bonanza in record production in the islands as soon as he set up shop a year back, passed away a few weeks ago from causes unknown over on this side at present.

TINY BRADSHAW

June Barton, the gal who sounds like Kay Starr only more so, has been doing fine at Jerry Wald's Studio Club, corner Sunset and Vine, and is also off to a flying start via Joe Greene's tune, "Just Like Two Drops of Water," on the Modern label. . . . The Studio Club is drawing a nice late crowd these days, thanks in large measure to the presence of the out-laters' favorite deejay, George Jay, who moved his show over from the Kings restaurant—and a few customers with it. . . . Just back at his Discovery executive desk from an extended New York trip is prexy Albert Marx. . . . We gather his label has another big novelty due to break, and we'll venture the thought that Marx, veepee Dick Bock and staff won't let any first flush of popularity influence their pressing too strongly. . . . Al Sherman of King has another live one on his hands in "Walk That Mess," Tiny Bradshaw's quaintly titled platter.

"HONOR ROLL"

✓ **IT IS NO SECRET (What God Can Do)** (Duchess) - Still coming up strong, this tune stepped into Billboard's "Honor Roll," chiefly on the popularity of Bill Kenny and Song Spinners (Dec. 27326), a superlative platter.

* * * * *

BEST SELLER

✓ **THE RHUMBA BOOGIE** (Hill & Range) - High on the list of RCA Victor's best sellers is this new platter by Hank Snow (Vic. 21-0431). All-around reaction indicates it will break fast.

* * * * *

SHAPING UP

✓ **CHARLIE IS MY DARLING** (Hollis) - Lisa Kirk with Hugo Winterhalter's orchestra backing (Vic. 20-4062) has turned out a disk that is shaping up as a likely comer. An oldie that everyone will be whistling again.

* * * * *

STRONG TUNE

✓ **YOU ARE THE ONE** (Hill & Range) - Strong line-up of forthcoming releases will assure this tune's success. Monica Lewis (MGM 10925) and Vaughn Monroe (Vic. 20-4074) versions are already available, with Margaret Whiting (Cap.) and Percy Faith (Col.) soon to be ready. (Non-exclusive B.M.I.)

* * * * *

HITTING WELL

✓ **JACKIE MY DARLING** (Tri-Boro) - Johnny Parker (Cap. 1369) seems to be hitting well on this, his newest release. The young singer has a world of vocal talent, and this may well be his vehicle to stardom.

"The Cash Box" Will Once Again Display At The MOA Convention On March 19, 20 & 21 In Room 716 Of The Palmer House In Chicago

Joe Delaney Resigns As Head Of A & R At London Records

NEW YORK—Joe Delaney, head of A & R at London Records, resigned on Tuesday, February 20 following a difference of opinion with president E. R. Lewis. Harry Kruse, vice president in charge of sales made the announcement in behalf of London.

In Delaney's wake, Evelyn Savage, his secretary, Jack Pleis, musical director, and Bill Simon, newly appointed promotion head also left.

Kruse announced that Tawny Neilson would take over Delaney's duties in A & R. Miss Nielson has been with London for 2 years and had formerly been associated with B.B.C. in England as dance band director. Prior to that she did a stint with English Decca.

It is assumed that with Miss Nielson's elevation to the top spot in A & R, London's policy will be more firmly orientated towards English releases.

Delaney, who said that his separation from London was on amicable terms, now plans to take several weeks

of rest and will then be getting back into the record business.

Delaney left Coral about 6 months ago to take over A & R at London as well as sales and for the first 4 months worked around the clock filling all those duties. In recognition for his work Delaney was named vice president in charge of A & R at the same time that Kruse was made vp in charge of sales.

He has been responsible for many firsts since he began his reign including "Get Out Those Old Records," "My Heart Cries For You," "Let Me In," "Sentimental Music" and others. Recently he brought Bobby Wayne to the forefront with "Let Me In" and "Always You" and has another hit in Teresa Brewer's "If You Want Some Lovin'."

Miss Savage, who has been with London for several years, was formerly secretary to Tutti Camarata and served in that same capacity with Delaney.

Jack Pleis originally was A & R head and later served as assistant to Delaney as well as musical director.

“OTHER LIPS, OTHER ARMS” (2:34)
 “THE DEACON MOVES IN” (2:42)

LITTLE ESTHER
 (Federal 12016)

LITTLE ESTHER

● Little Esther smashes through with her first disk on the Federal label. Giving it all she has, Esther takes a tune called “Other Lips, Other Arms” and builds it into a terrific offering. Ops who go along

with it will have something to offer their customers too, a platter which will delight them and bring in the coins. Esther handles this ballad in a very slow, sultry manner mouthing the lyrics very deliberately. With Earle Warren’s orchestra backing her up, the musical setting is just right. This one should get a tremendous play in the boxes. The second side called “The Deacon Moves In” is an interesting one also in that it unites Esther and the Dominoes. This side on occasion rises to terrific heights with Esther and the boys turning in first rate vocals. Ops who want a sure money maker, better get this one into their machines.

“YOU’RE SPENDING MY MONEY TOO FAST” (2:45)

“ONE NOTE” (2:45)

JOHNNY FELTON
 (Abbey 3022)

● A novelty with one of the cleverest set of lyrics we’ve heard in a long while is offered here by Johnny Felton and his band. Singing out the words himself, Johnny makes this a dish you can hear over and over again. The second side is a driving instrumental piece which has a lot of interest in itself. These two ends are perfect for the machines.

“I’M GOIN’ AROUND IN CIRCLES” (2:46)

“YOU CAN’T KISS A DREAM GOODNIGHT” (2:57)

JIMMY WITHERSPOON
 (Modern 20-806)

● Jimmy Witherspoon runs through a shouting blues number on the top deck in very slow fashion. Jimmy pours his well known voice into this item which tells a very sad story. Lower end is a ballad done straight this time. Ops will want to hear this disk.

“BLUES IN THE BACK ROOM” (2:55)

“ALL ALONE” (2:19)

DOLES DICKENS
 (Decca 48199)

● Doles Dickens and his quintet go to town on a slow number on the upper level and make it sound real good. Doing this instrumental in good style, the boys give it a definite beat. Second half is an oldie with a vocal by Doles which makes it very appealing. Ops oughta tune in.

“KEEP YOUR HANDS ON YOUR HEART” (2:54)

“LET’S BE SWEETHEARTS AGAIN” (2:48)

HADDA BROOKS TRIO
 (Modern 20-804)

● Hadda Brooks turns in two grand vocals here while her trio brings up the instrumental support. She does the tune on the upper level in a very subdued manner and makes it easy to take. The bottom half gets an almost broken vocal which once more shines through. Ops oughtn’t to miss this.

“OH WHAT A FACE” (2:27)

“YOU GOTTA HAVE SOMETHING ON THE BALL” (2:48)

STICKS MCGHEE
 (London 978)

● A current novelty that’s trying to break through gets a further push from Sticks McGhee. Going to town on this number, Sticks gives it a strong possibility. Lower end is a cute item with a driving piano accompaniment. Ops should hear this for themselves.

“HEY EVERYBODY” (2:25)

“WHAT’S GOOD FOR ONE’S GOOD FOR ALL” (2:50)

CHARLES NORRIS
 (Mercury 8215)

● Charles Norris goes through a guitar workout on the top deck interrupting himself for an occasional spurt of lyrics. The affect is a very good one and makes for a fascinating side. Flip is a slow blues number with good lyrics and of course the excellent guitar work. Ops won’t go wrong with these two sides.

“DOLPHIN STREET BOOGIE” (2:58)

“POINCIANA” (2:47)

RED CALLENDER SEXTETTE
 (Recorded In Hollywood 141)

● A wonderful small instrumental group, the Red Callender Sextette, come up with a couple of winning ends. The first half features some excellent solos on an original number while the second half revives a grand oldie with a Latin American touch. Ops will want this one.

“BARBER JIM” (2:18)

“OH YES HE DOES” (2:15)

JEWYL LANG
 (Abbey 3023)

● Jewyl Lang has a couple of interesting sides here. Upper half gets an almost talky vocal from Jewyl with Johnny Felton’s orchestra backing her up. Flip is a faster tune with a cute set of lyrics to go along. This one will hold up in the boxes.

Wurlitzer Unveiling In L. A.

LOS ANGELES, CAL.—A host of recording stars were present in the offices of Paul Laymon, Wurlitzer distributor in this city, when the new Wurlitzer automatic phonograph was unveiled for the first time. Giving the machine a fine send off, the artists wanted to take a peek at the vehicle through which their disks would be heard all over the land. Left to right (more or less) are Mr. and Mrs. Paul A. Laymon, Mr. and Mrs. Joe Matthews, who handles publicity for the firm, Paul Featherstone, vice president, Voyle Gilmore, branch manager, The Four Freshmen, Peggy Lee, Dottie O’Brien, Les Paul, Mary Ford, Tex Williams and Mel Torme.

Permo Point Plans MOA Meet Exhibit

CHICAGO—The rush to reserve space at the Music Operators of America convention to be held at the Palmer House in this city on March 19, 20 and 21 continues unabated.

The latest firm to make plans to attend is Permo Point.

Sherman E. Pate, Executive Vice President of the firm last week wrote the following letter to George A. Miller, National Chairman of MOA:

"We are happy to know, George, that there will be a Music Operators of America Convention during 1951. We want you to know that Permo will do everything it can to make the meeting this year an outstanding success.

"Art Olson's interest in and friendship for Music Operators stems from his long and happy association with the industry during the last twenty-two years. His aim is to express his thanks to his friends in the industry by manufacturing the finest coin phonograph needles that can be made and by supporting them in their common efforts to improve their position in the market.

"The 1950 MOA Convention gave everyone who attended and participated in the excellent programs and discussions something to take home with them. The good that has stemmed from that meeting can only be measured by the high interest that has already developed regarding the 1951 Convention.

"We of Permo look forward to meeting you and all other Music Operators at the Palmer House at Chicago, March 19th to 21st, 1951."

Evangelist Singer Shea Signed To Victor Contract

NEW YORK — George Beverly Shea, soloist with the Billy Graham Evangelistic Team and known as one of America's most beloved gospel singers, has been signed to an exclusive RCA Victor recording contract, Paul A. Barkmeier, Vice President and General Manager, RCA Victor Record Department, has announced.

Shea, whose father was a minister, studied for opera before turning to gospel singing, where his rich voice met with a tremendous response among Evangelistic audiences. He will record first for Victor his own composition, "I'd Rather Have Jesus Than Anything" and Stuart Hamblen's new song, "The King of All Kings."

Shea was born in Canada, now lives in the Chicago suburbs when not touring with Billy Graham. He makes weekly network radio appearances on Graham's ABC network "The Hour of Decision", where his stirring renditions of famous hymns have won him one of the most devoted followings among all the gospel singers.

He already has a wide audience on records, having recorded for small religious labels, and now Victor will make his deeply-felt sacred renditions interpretations available to all the many followers who have acclaimed him in evangelistic meetings and on the airwaves.

Borden Appointed Abbey Sales Manager

NEW YORK—Stanley Borden has been appointed general sales manager of Abbey Records, Pete Dorain, president, announced this week. Dorain who formerly handled those duties in addition to A & R will now confine himself exclusively to the latter.

Borden will shortly leave on a trip during which he will visit all the distributors around the country.

New Music Director, New Hits

BALTIMORE, MD.—Al Ross (center), disk jockey, emcee and announcer for WBAL and WBAL-TV in this city, has been appointed director of popular music for both radio and television at that station. Long an outstanding favorite in Baltimore, Al has gained considerable prestige as a shrewd judge in anticipating ever changing trends in popular music. Here he is pictured with Bob Green (left), disk jockey representative, and Arnold Klein, sales manager of the record department of Jos. M. Zamoiski Co., distributors for Columbia Records. Al is very enthusiastic about Columbia's two new potent entries, "Sparrow In The Tree Top" by Guy Mitchell and "Beautiful Brown Eyes" by Rosemary Clooney.

**Mercury Sponsors
Tagline Contest For
Billy Daniels**

CHICAGO, ILL.—Coincident with the release of the first record on the Mercury label by Billy Daniels, the Mercury firm is launching a nationwide contest, open to all disc-jockeys, to choose a new and appropriate tagline for the singer.

Art Talmadge, executive vice-president of the Mercury firm, announced this week that a cash prize of \$500 will be awarded to the disc-jockey who submit the best tagline for Daniels.

Many disc-jockeys throughout the country already have asked members of their listening audience to offer suggestions after hearing Billy's first Mercury recording on which he gives his own inimitable treatment to two great standard songs, "I Get A Kick Out Of You" and "Too Marvelous For Words." One platter-spinner even offered to split his prize with any listener who sent in the tagline that would win the contest.

The taglines that have been and are being used for Billy include "The Voice You See," "The Dramatist Of Song," and "America's Most Dynamic Singing Voice."

"Solitude" and "Sunrise"

CHICAGO—In view of the fact that the quarter page advertisement of Chess Record Company (Page 15, February 24, 1951 issue) was phoned into publication offices of *The Cash Box* at the very last minute a correction is being made here for the benefit of all who recall this ad.

Instead of "Sunrise" for Al Hibbler and His Orchestra, this should have appeared as the famed tune, "Solitude," along with Al Hibbler's just as famous recording, "Trees." Both are today considered standards in their field.

Leonard and Phil Chess purchased the Al Hibbler masters from the "Sunrise Record Co." Over the phone the New York ad taker mistotok this to mean "Sunrise" in stead of "Solitude."

**Music Trade Takes To
The Brush**

NEW YORK—Have you always wanted to be a painter (not of houses that is)? Well if you're in the music trade, here's your big chance.

Dave Dreyer is collecting paintings now of everyone in the trade who wants to submit them, in preparation for an exhibition to be held shortly.

His office at 1650 Broadway, at the present time looks more like a painting gallery than a music publishers hangout. It's walls are splattered not only with Dave's own paintings but with those of disk jockeys and representatives of various record companies.

In the near future, Dave expects to be sporting the works of Frank Sinatra, Patti Page, Bill Simon, Herb Abramson, Jock McGuffert, Earl Pudney, Johnny Loeb, Tommy Valando, Alex Kramer and Joan Whitney among others.

So if you should see some guys in the music trade splattered with paint these days, ask no questions. They're creating.

Stevens Exits DJ For TV

SCHENECTADY, N. Y.—Garry Stevens, who until this week was doing a disk jockey stint on WGY in this city, has relinquished those duties to devote himself exclusively to TV.

Stevens, who does a singing MC spot on the TV show over station WRGB, used to sing with Charlie Spivak before the war and is best remembered for his disking of "White Christmas" with him. After the war, he did a turn with the Tex Beneke crew.

Liggins Signs New Pact

HOLLYWOOD—Joe Liggins, whose "Pink Champagne" turned into a top money making blues and rhythm disk of 1950, just signed a new 3-year pact with Specialty Records, reported prexy Art Rupe.

The new pact gives Liggins a sizeable yearly guarantee and a hefty royalty rate which should put him in the highest recording brackets.

First platter to be cut after the inking is "That's The One For Me" backed by "Bob Is My Guy."

"Folk" and "Western" Record Reviews

"SHORT BUT SWEET" (2:28)

"TOO MANY IRONS IN THE FIRE" (2:29)

MOON MULLICAN
(King 931)

MOON MULLICAN

● Moon Mullican has a couple of sides here which should prove to be winners. They're labeled "Short But Sweet" and "Too Many Irons

In The Fire" and both of these tunes are gonna draw in the coins. Ops who get it into their machines will have a double barreled winner. The top deck is a novelty with a very bouncy feeling which Moon delivers in a straight forward assured manner. He gets some fine accompaniment from the string band and in particular a good piano stands out. The lower half is a ballad which Moon does equally as well and which should also get its share of play. Either end could break through and ops will be doing themselves a favor to get going now.

"SHACKLES AND CHAINS" (2:34)

"GET AWAY FROM IT ALL" (2:25)

RILEY CRABTREE
(Columbia 20778)

● Riley Crabtree takes two different types of tunes and does a creditable job on both of them. The top deck is a ballad done slowly by Riley with a good guitar accompaniment. The flip is a novelty on which he again does ok by himself. Ops oughta tune in.

"NOAH WAS THE MAN" (2:48)

"WASHBOARD BOOGIE" (2:54)

STUBBY AND THE BUCCANEERS
(Decca 27448; 9-27448)

● Two good novelties are put forth here by Stubby and the Buccaneers. The upper half is a fast item with a vocal that is almost a tongue twister. The second side is a good arrangement of a ditty that makes for interesting listening. Ops will do fine with these two sides.

"WAITING TO HEAR YOU CALL ME DARLING" (2:48)

"COME BACK DARLING" (2:26)

LESTER FLATT, EARL SCRUGGS
(Columbia 20777)

● Two good hillbilly sides turn up here with lots of fiddles and guitars mixing it up. Lester Flatt, Earl Scruggs and the Foggy Mountain Boys really hit it up on two numbers that have a lot of appeal. They should do very well in the machines.

"DOLL DANCE" (2:35)

"SENTIMENTAL JOURNEY" (2:43)

HANK "SUGARFOOT" GARLAND
(Decca 27426; 9-27426)

● A couple of oldies are taken for a guitar ride here by Hank "Sugarfoot" Garland. With organ music to back him up, Hank does a fine job on both ends, which are all instrumental. Each side makes for interesting listening in itself and ops will do well to listen in.

"YOU'LL BE CRAWLIN' HOME TO ME" (2:45)

"THE SHADOW OF YOUR LOVE" (2:38)

JIMMIE DOLAN
(Modern 20-798)

● Jimmie Dolan has a couple of ballads on this platter which he does in competent style. Both sides get Jimmie's full voiced treatment and some interesting guitar accompaniment. Ops who are looking for good filler material oughta look into this.

"PETER COTTONTAIL" (2:12)

"SHATTERED DREAMS" (3:00)

JOHNNIE LEE WILLS
(Bullet 700)

● In time for the Easter season, Johnnie Lee Wills comes through with last year's big holiday hit and does a very good job with it. Getting some good backing from the boys in the band, Johnnie displays a voice that's quite appealing. Lower end is a ballad again showing Johnnie off at his best. Ops shouldn't miss this.

"PORTIGUE GAL" (2:45)

"TWO SHADOWS ON A WINDOW" (2:50)

CALVIN TUBB
(Bullet 730)

● Two very slow ballads are dished upon this disk by Calvin Tubb. Doing each of them in an ultra slow manner, Calvin pours his fluid voice into them and finds himself with some fine guitar work in the background. Ops should hear this one for themselves.

"GEORGIA WALTZ" (2:40)

"I DON'T CARE WHAT YOU USED TO BE" (2:40)

BUD MESSNER ORCH.
(Abbey 15025)

● Bud Messner provides the music while Molly Darr teams up with a different partner on each side of this platter. Upper half finds her doing a duet with Bill Franklin while on the second side she goes into a duet with Bud Messner. Both ends should hold their own in the machines.

"Tennessee Waltz" Souvenir

NASHVILLE, TENN. — Governor Gordon Browning of Tennessee is shown receiving a brief case commemorating his recording of the "Tennessee Waltz" from Redd Stewart, Fred Rose and Pee Wee King. Red Stewart and Pee Wee King wrote the tune while Fred Rose is a member of Acuff-Rose, the firm that published it. Governor Browning waxed "Tennessee Waltz" one midnight in Nashville for Mercury Records and the disk is expected to be distributed in his home state backed by Patti Page's version.

REP. SCOTT AGAIN INTRODUCES BILL IN CONGRESS TO MAKE JUKE BOX OPS PAY ROYALTIES ON MUSIC

"The Cash Box" Alerts Execs Of MOA Who Advise Trade They Will Oppose Legislation

It Was Due To This Legislation Battle In 1947 That "The Cash Box" Brought About Creation Of MOA In Chicago Suite

NEW YORK—Again, just as he did in 1947, Rep. Hugh Scott, Jr., former Republican national chairman, introduced two bills to amend the Copyright Act. One is aimed at the interpretation of music being copyrighted which, in 1947, was battled out between the song writers and music publishers.

But, the one most important bill as far as the entire juke box industry is concerned, is the bill, exactly similar to the one which Rep. Scott introduced in 1947, which will bring an amendment to the Copyright Act of 1909, so that juke boxes will be forced to pay royalties to music publishers and all others who own copyrighted music.

The Copyright Act of 1909 excepts coin operated phonographs from paying royalties to the owners of copyrighted music.

Hearings went on for days in 1947 before a Special Subcommittee of the Committee of the Judiciary, House of Representatives.

Present in 1947 were only a handful of juke box men, who fought so valiantly behind Sidney H. Levine of New York, who acted as the attorney, that they defeated the bill in Subcommittee.

It is now four years since this bill has again been brought before the House of Representatives. As is understood this bill is favored by the music publishers. It means that every record playing a copyrighted song in any juke box will force that juke box owner to pay royalty to the owner of the copyrighted song.

For a long time now, ASCAP (American Society of Composers, Artists and Publishers) has been fighting to get royalty from the juke box business. Fred Waring and other greats like Irving Berlin appeared in open hearing before the House Judiciary Subcommittee in 1947 and talked in favor of getting juke boxes to pay royalties to the owners of copyrighted songs.

It was because of this battle by only a handful of coin operated music men, with *The Cash Box* in the very midst

of the fight, helping to marshal the forces together at that time, that *The Cash Box* urged and created the MOA in a meeting in its suite at the Bismarck Hotel in Chicago.

In the few years since MOA (Music Operators of America) has been in existence it has gained both strength and prestige among the nation's juke box operators.

Today MOA, headed by George A. Miller of Oakland, Calif., National Chairman of the Board of Directors, is alert to this reintroduction of the Scott bill and is also ready to appear before the Special Subcommittee of the House of Representatives Committee of the Judiciary when, and if, public hearings are again held.

The hearings that were held in 1947 were conclusive in their evidence that the Copyright Act of 1909 should not be changed to force juke boxes to pay royalties to the owners of copyrighted music.

Since then there have been many changes in the House Judiciary Committee. There are entirely new members. This may create much new work on the part of the juke box industry to again explain the reasons why this business cannot, and should not, pay royalties to the owners of copyrighted music.

It is again expected that ASCAP will lead the battle with a big array of legal talent, with noted musicians and song writers and publishers present to give their views why juke boxes should pay royalties all over again.

Upon the introduction of the new Scott Bill (H. R. 2464, introduced February 7, 1951) *The Cash Box* immediately alerted top executives of MOA, advising them to take immediate action to once again present evidence to the Judiciary Committee that this bill is not in the interest of the general public welfare.

Hirsh de LaVie, executive committee member, who operates his business in Washington, D. C., immediately investigated. "I had a long talk with one of Washington's leading figures" Hirsh explained over the long distance phone, "and he advised the Juke Box

Food, Drink, Merchandise Vendors Hope To Obtain Priority Rating

industry not to go to sleep on this. That's exactly what they want us to do. He claims that they will try to slip this thru without any fanfare. We should keep our eyes open and advise the Judiciary Committee that we want to be heard. He suggested that a committee be formed by MOA and have just this group represent the music industry, and also to get the Manufacturers' Association to go along with our committee. This is most important—all phono ops should be at the MOA convention in Chicago on March 19, 20 and 21, where they can hear all about what's happening and take part."

George Miller, national chairman of MOA, wired *The Cash Box* "MOA will oppose Scott Bill H. R. 2464. Much discussion about this bill will come up at the MOA Convention and every operator should be on hand to know just how serious this problem is."

(Editor's Note: Once again the automatic music industry of America can give thanks to The Cash Box for its creation of MOA, Music Operators Of America. It will be up to this national organization, and all its member associations, to be on hand and present logical and conclusive reasons why the juke box business should not pay royalties for the music it plays because it is not, most definitely not, commercializing that music. It was The Cash Box with its editorials, its phone calls, wires, letters and outstanding personal effort, which will be recalled by all who were engaged in the automatic music industry in 1947, that helped to squash this attempt to force the juke box field to pay tribute, in the form of royalties, to organizations that owned copyrighted music. Immediately afterwards, The Cash Box arranged a meeting in its suite at the Bismarck Hotel, calling together all automatic music leaders who were in Chicago at the time to attend a convention, and brought about the creation of MOA. This is the organization in which the entire juke box industry now places its faith and confidence to win for it again in Washington.)

CHICAGO—Reports are current here that vending machine manufacturers look forward to priorities being granted them for the continued manufacture of food, drink and merchandise vendors.

Belief here is that the vendors, which may be given priority rating for continued manufacture, will be milk dispensing machines, hot coffee vendors, sandwich, and other food vending machines and, perhaps, some merchandise vendors, which will vend items necessary to the consumer.

The hope among the manufacturers here is that all types of drink dispensers, including the soft drink machines, as well as machines vending nylon hosiery and other such merchandise, will also be given a priority rating.

Regardless of the priority which may, or may not, be granted, according to rumors current here, few are of the belief that anywhere near normal production will be allowed.

WASHINGTON—Copper is allowed to be used in coin operated vending machines and drink dispensers for current conduction. In the drink dispensers this will allow copper for cooling and carbonation. The amendment to NPA Order M-12 states that copper cannot be used in coin operated vending machines "except (for) necessary operational parts and current carrying parts."

Al Silberman Sets New High Sales Mark For Popcorn Vendors

LOS ANGELES, CAL.—Albert A. Silberman who heads the vending machines division of Badger Sales Company, this city, this past week set a new high sales mark for self-popping popcorn vendors.

Silberman is reported to have sold the Old Fashion Products Co., this city, operators of "Foster's Frozen Custard Stores," approximately 170 of the automatic popcorn vendors in a single order which involved close to \$75,000.00.

NPA CUTS COPPER, STEEL & ALUMINUM

Game Mfrs Can Continue After Mar. 1, But Must Redouble Efforts To Obtain War Work. Relief Is Only Temporary.

Regardless Of Temporary Relief Production Continues To Fall Due To Lack Of Materials And New NPA Metal Cuts.

CHICAGO—The game manufacturers were reported to have been given "temporary relief" this past week by NPA (National Production Authority) in an effort to avoid severe unemployment at the factories here, this relief is only of short duration.

NPA wants the manufacturers to redouble their efforts to obtain war work. The moment the factories have war work they will no longer be able to continue to manufacture amusement machines.

Manufacturers were cut down even further this past week by new metal cut orders from NPA. Steel was cut 20 per cent to begin on April 1. This, with lack of steel at present, is a very severe cut to all factories.

Aluminum cut was the deepest, 35 per cent. This cut stands for the month of March. Further cuts are indicated with continued cuts thru June.

In fact, NPA has already announced that steel will be cut 30 per cent more on July 1.

Deepest and most severe of all the cuts was in copper. This metal was cut 25 per cent. This is about 5 per cent more than was expected. Further copper cuts will continue, NPA officials indicated.

With all these metal cuts, and with the further fact that quotas are between the January and June, 1950 period, factories here see production

continuing its downward trend. Games will continue scarce.

As soon as factories obtain war work they will have to stop regular business. With a drive under way to obtain war work by all factories, in view of the fact that the relief granted is only very temporary, and can be taken away at any moment, production of equipment will continue to be in the very lowest of volume.

Manufacturers were thankful for even this very temporary relief which has been granted to them for, at least they can continue to employ their key people as well as the majority of their workers. This temporary relief eliminates the great unemployment which would have resulted. It also gives factory procurement officials the needed time to obtain war work for their firms.

It is generally believed thruout this city that continued production of amusement games is only a matter of weeks. Manufacturers are driving hard to obtain war work contracts and the factories will all be in war work within a very short time.

The amended order on coin operated games reads that copper cannot be used in "Coin-operated game and gambling machines (except (for) tumblers for locks and current carrying parts)."

Angott's Grand Rapids Wurlitzer Showing Brings Big Crowds

CARL ANGOTT

GRAND RAPIDS, MICH.—Angott Distributing Company, held the most successful showing in the firm's history in this city this past week at the Hotel Pantlind.

Clear weather brought biggest western Michigan crowds to see the new Wurlitzers 1400 and 1450 models, Sunday and Monday, February 18 and 19.

Mr. and Mrs. Carl J. Angott acted as host and hostess for this big showing and offered all who attended refreshments every kind.

In addition to Mr. and Mrs. Angott, there were present from the Angott firm: Ted Parker, sales manager; John Bailey, special representative; Andrew Nazelli, chief mechanic and Miss Madeleine Gorman, secretary of the firm.

Angott reported, "The reaction to the new Wurlitzer models 1400 and 1450 was the best yet.

"The operators, as well as their wives and even their children, were tremendously pleased and enthusiastic over these new models," Angott said, "and the orders which we received were far and beyond even our fondest hopes.

The "Thing" Clix For Chicago Coin

CHICAGO—Ed Levin and Sam Lewis of Chicago Coin Machine Company, this city, were very jubilant this past week because of the way orders have been rolling in for the firm's new pinball game, the "Thing."

Both men were on long distance phones constantly last week listening to much praise for the game from their distributors.

First shipment orders were doubled and tripled in many cases after samples arrived and were tested by distributors of the firm.

Ed Levin reported, "This is one of the greatest games we've yet built. It looks to us like it will upset the earning power of all former great games built by our firm.

"There is no doubt," Ed continued, "that the game has already reached top demand from the way those long distance phone calls are coming into the office from our distributors everywhere in the country."

Sam Lewis has a great deal of fun with the game in the firm's showrooms here. When callers come around, he suggests that they first play the game, before they make any comment.

Usually after the first few balls are played, the player is in a smiling and happy mood and gets into the spirit of the "Thing" with real zest.

"This is one of the best games we've ever yet built," Sam Lewis said, "where the players get such great fun playing the game.

"It seems to us," Lewis continued, "that this game will go on and on for many, many months, even years, with players most thoroly enjoying themselves with the play action.

"We wouldn't be surprised," Lewis concluded, "if the majority of ops change over to 10c play for the 'Thing.'"

"This was," he continued, "the most successful showing our firm has ever held for the western Michigan operators.

"We want to thank each and everyone of these operators for attending our showing, and also especially thank them for the orders which they placed for the new Wurlitzers. We'll try our best to get these orders filled as fast as we can."

Indianapolis Office Of Southern Aut. Music Co. Moves Into Its Own New Building

INDIANAPOLIS, IND. — Sam Weinberger, head of the Southern Automatic Music Company office, this city, announced this week that the firm is now established in its new beautiful, spacious building at 129 W. North Street.

Southern has been located in Indianapolis for the past twenty years, and during that time have moved on five different occasions, each move being dictated by increased volume of business. The new building has been under construction for the past six months, but according to Sam was well worth waiting for. He states "I won't be overstating a fact if I claim it's the most beautiful and complete coin machine distributing building in the entire country."

The building gives Southern more than 10,000 square feet of space to house its offices, showrooms, repair departments, and shipping offices. The Parts and Supplies department is well stocked and perfectly layed out. The service department is large, modern, and composed of mechanical experts. Another feature of the new location is its facility to handle the parking problem. Parking facilities are provided for both in front and back of the building.

The Indianapolis office acts as distributors for music and amusement machines, and reports that at present they are very active both selling and buying used equipment of all kinds.

Coven Stocks Up Parts & Supplies

BEN COVEN

CHICAGO—Ben Coven of Coven Distributing Company, Inc., reported this past week that his firm has been

extremely fortunate in obtaining a most complete stock of "hard-to-get parts and supplies."

Coven said, "We have been very fortunate in obtaining a very large stock of hard-to-get parts and supplies and can satisfy the needs of operators, jobbers and distributors."

"This is the time," Coven said, "when we recommend that every coin machine man get in touch with us as quickly as he possibly can. We have the stock on hand and can satisfy his needs."

The Coven firm enlarged its parts and supplies department some time ago.

Ben Coven also reported, "In addition to enlarging our parts and supplies department we have also added more space to our premium quarters."

"We believe," he continued, "that we are today carrying the finest premiums for play stimulation in the entire nation."

"Operators who want the best in premiums at a right price," he said, "should write us today."

MIAMI MURMURS

Mr. and Mrs. Charley Aronson and Mr. and Mrs. "Senator" Al Bodkin at the London House, and really enjoying every minute of the sunshine. Both guys admit that Miami's "the thing" for anyone from the north country. . . . Plenty of coinguy at the big Variety Club shindig on the 13th. Walter Winchell was emcee. Such stars as Patti Page, Fran Warren, Benny Fields, The Vagabonds, Rose Marie, Jackie Miles, Buddy Lester, Gracie Barrie, Georgie Price, John Boles and many, many others on the program. . . . Well, Bert Lane went and done it. He purchased a building here in Miami. Intends to remain and operate here. Understand that Bert has been trying to get Harry Pearl of Elizabeth, N. J. (his man Friday) to come down here and work with him. . . . Many of the old timers will feel older when they read this. Roy Tashman, son of Jack Tashman of Brooklyn, down here with his wife and young son to enjoy the sunshine. Child has rheumatic fever and doctors advised Roy to bring the little boy here to save his life. . . . There's plenty of rushing about here to get more and more equipment, now that machines are so tough to obtain. Funny how Miami's ops just won't believe anything—until it happens. Distributors here have more orders on hand than they'll be able to fill for a long time to come.

Bill OKaying Music And Other Equip. Signed By Colorado Gov.

Governor Thornton has signed into Colorado law (Feb. 14) a bill revising the state liquor code to permit operation of certain non-gambling devices in restaurants, taverns and clubs where liquor is dispensed.

Effect of the measure will be to legalize the use of juke boxes, cigarette dispensing machines and entertainment devices in such places.

Former State Attorney General John W. Metzger, before leaving office, had ruled that the Colorado liquor code prohibited sale of everything except food, liquor and tobacco in licensed liquor establishments.

Advance Aut. Sales Co. Distrib. For "Bowl-O-Matic"

NEW YORK—Nat Cohn, head of the Bowl-O-Matic Company, this city, reported that a deal was completed this week with Lou Wolcher, Advance Automatic Sales Company, San Francisco, Calif., who will distribute the "Bowl-O-Matic" game in the states of Washington, Oregon and California.

Lou, who was visiting here, told Cohn, "I saw the machine while in Chicago, and I think it's the greatest bowling amusement machine ever built."

Cohn stated deliveries will be going out to Advance starting immediately.

Bill To Give Baltimore Special Taxing Powers

A bill extending the authority of the city of Baltimore to impose special local taxes on utilities, tobacco products, alcoholic beverages, pinball and similar machines and buses was given final approval by the Maryland Legislature (Feb. 16) and sent to the governor for signature.

The local taxing powers are extended indefinitely by the bill except in the case of liquor. The right to tax liquor must come up for renewal at the end of 1953.

Used Equipment Prices Moving Up

Higher Bids For Used Machines Reflect General Market Conditions, Selling And Buying Speeds Up

CHICAGO—A nationwide survey just completed by this publication resulted in the information that used equipment prices have jumped in every category and in every territory.

Higher bids among operators themselves, it is claimed, first caused the price hikes in the used machines market. (This is similar to what happened during World War II.)

Since then distributors have also joined in the rising market. Prices are gradually inching up to new highs in the used machines field.

General belief is to the effect, everywhere in the country, that by October, '51 prices will be greatly advanced above current quotations.

Most impressive rise has been in consoles, bells and one-balls. The latter are far up and above what was ever before quoted. At the present time the one-ball market is considered the most active.

Pinballs, shuffles, rebounds and phonos are in the slowest rising group. This is attributed to the larger numbers of these machines on the market, as well as the fact that new units in this category are as yet obtainable.

This doesn't mean that pinball games, shuffle and rebound machines and phonos haven't risen in price. They have continued to go up, but, much slower than some of the other fields. At the present time it is believed that there hasn't been more than a 20% overall price rise in these fields.

Of course, as some report, when new equipment in these fields are no longer available, prices may suddenly zoom, and continue upward.

Much greater activity was expected in the arcade field. So far, and probably due to the fact that no new arcades can be constructed, the field hasn't shown too much activity. A few products have gradually risen but, in general, this market remains static, except in the East, where sales are reported very good.

There is some very good activity in local circles with automatics, it is reported. But, due to the fact that these are, as yet, held within each state's boundaries, a national overall picture cannot be clearly ascertained.

In the main, and as a national overall view of the used machines market, prices have risen approximately 20 to 30 per cent.

Bill Introduced To Slice Tenn. Vending Tax

Tennessee's House of Representatives passed (Feb. 13) and sent to the State Senate a bill to reduce state privilege taxes on vending machines in Memphis and Shelby County factories and business houses from \$7.50 to \$3 a year.

The cut in taxes would apply to vending machines that handle articles of a value in excess of 1 cent and which are located "in factories, industrial plants or other establishments at places not frequented by the general public, and situated primarily for the benefit of the employes of such factories, industries and establishments."

Since 1947 vending machines located in such places have been taxed \$7.50 in Shelby County and \$3 elsewhere in the state. Cities and counties customarily levy separate privilege taxes equal to the state tax. Thus, in Memphis and Shelby County, the overall reduction will be from \$22.50 a year to \$9.

CALIFORNIA CLIPPINGS

Things were hopping along the L. A. Row, with the end of the railroad strike turning loose a fairly steady stream of new games and music that had been eagerly awaited from the East by distributors and operators. . . . Paul Laymon's staff were expecting a large shipment of Wurlitzers in any day and Paul's music customers were right on hand to receive them. This also applied to Bally one-balls at the Laymon emporium. . . . Phil Robinson was out reassuring his many prospects that the Chicago Coin game would be in for immediate delivery. . . . The same promise of action applied to the Keeney bowlers at Badger Sales and to Lyn Brown. . . . Lyn is still taking orders on United's Shuffle-Cade" and "5-Player Shuffle-Alley" at a fast pace and figures to make up for a few of the leaner months. . . . Fred Gaunt reckons the Rock-Olas will be coming in fast enough now to catch up with back orders at General Music Company and Jack Simon, just back from another run-up North after equipment, reports that Sicking still has one of the largest and most varied stocks in town when it comes to late 5 balls and bowlers.

Every once in awhile, the best of men find time and need for some amusement as only provided by a coin machine. And with practically no such animal available to the public in this town these days, we've learned that it's quite a thrill for one of our friends to accompany us on the rounds and try his hand on them. Happened this week, and just when we were pressed for time too, that a business associate of ours was along for the ride, and did we have a tough time prying him loose from several games. Amazing thing was the guy claimed never to have gone in for 5-balls when they were around, but for an amateur he did all right on Gottlieb's "Knock-out" at the Sicking establishment. Really the first time we worked the game over—or tried any of them for awhile—and we realized the improvements made by the manufacturers with every new product. Maybe being a fight fan from way back has something to do with it, but we found the lively, stepped up slam bang action of "Knock Out" the closest thing to a pair of ringsides.

Local lads are starting to show interest in the coming MOA Convention in Chicago (March 19, 20 and 21) and indications are that a number of them will attend, if business lets them get away. . . . Speaking of lively games, United "Shuffle-Cade" would seem to be the answer to ops who've been dreaming for some time of a game combining action of a bowler with the manual skill of skee-ball. It's this pairing of appeals that can be credited with its quick success, according to the several ops we talked with about the game.

Chatted with Paul Silverman of J. Peskin & Co. over music collections, also Johnny Hawley and Bob Bard. . . . All the boys agree that, in addition to general business conditions and all the others factors usually credited or blamed for phonograph grosses, the fact there happen to be such fine hits as Patti Page's "Tennessee Waltz" and Guy Mitchell's "My Heart Cries for You" out these days accounts for a steady flow of nickels. . . . Among out-of-town ops on the Row: S. L. Griffin of Pomona. . . . Pete Pellegrino of Southgate. . . . Riverside's G. F. Cooper. . . . Al Anderson from Shafter. . . . Lawrence Raya of Colton. . . . Ventura's Perry Irwin.

ST. PAUL, MINN.

It must be that most operators are suffering this week from spring fever. Traffic into the town of St. Paul has been light this week, but the weather has been just about perfect. The snow has just about seen its last days, and the streets and highways are free from ice and snow. Among the operators who took time out and visited this week were: Bill Gilles, Osage, Iowa; Walt Thorn, Staples, Minn. (who is breaking in his son-in-law to take over his route, while Mr. and Mrs. Thorn are vacationing). Nels Nelson, Alexandria, and Jim Lucking, Benson, Minnesota, who drove in to pick up supplies and records.

Arnold Brevik, Watertown, S. D., came to the Twin Cities to trade his old car in for a very beautiful new Packard, which he proudly drove home to Watertown. Congratulations to Bob Lund, employee of Automatic Games, whose wife gave birth to a baby girl last week. Bob's family were all happy about this especially since his other three children are all boys.

MINNEAPOLIS, MINN.

With a break in the weather and the snow melting and roads opening up, there are quite a few more operators coming into the Twin Cities and it seems as though the operators are starting to get their routes lined up a little earlier this year in anticipation of any shortages in pin balls and phonographs. It seems that the operators coming into town have been taking more machines back with them than ever before. In town was Joe Engel from Pine City; Glen Rackliff from Superior, Wis.; Ray and Don Kohner of Winona lining up some merchandise for their routes. . . . Jack Harrison and his wife of Crosby, were in town picking up supplies for their route. . . . Leo Hennesey of Rochester, also was in town, as was Pete Wornson of Kasota.

Arnold K. Brevik of Watertown, S. D., and a party of friends were in town to see the finals in the Golden Glove Boxing tournament at the Minneapolis Auditorium. . . . Up from Winona was Don Ehman who is an officer in the Minnesota State Operators Association. . . . We received word from Paul Felling that he sold his North route to Harlan Beach of Alexandria. Harlan was complaining that he did not have enough spots to take care of and he bought the route for that reason.

Curtis Anderson of Fosston, added several machines to his route. . . . Floyd Carloug of St. Cloud, made a quick trip into the Twin Cities and left the same day. . . . There was quite a contingent of Wisconsin operators including Frank Davidson of Spooners; Harold and Bud Havenor of Eleve; Fred Bolier and Don of Baldwin; Esther Colyar of Eau Claire and John McMahon of Eau Claire. . . . Jim Stansfield of Winona made a quick trip into town to pick up supplies for his route. Ted Bush of the Bush Distributing Company of Miami, Florida, came up to the Twin Cities to spend a few days before going back to Miami. . . . Word has been received that Bill Cohen of the Silent Sales Company is sunning himself in Tucson, Arizona and really enjoying the weather down there.

"There is no substitute for Quality!"

Exhibit Builds New Gun To Outlast Emergency

"Not Just Location Tested, But, Location Proven" States Frank Mencuri. Assures Ops "Gun Patrol" Will Outlast Emergency

FRANK MENCURI

CHICAGO—Executives of Exhibit Supply Company have created a brand new product which is certain to outlast the emergency.

It's new "Gun Patrol" is probably the most ingenious machine of its

kind ever presented to the industry. It is so realistic in action and in its scenic effects, that those who have already seen it, pronounce it, "The greatest gun ever yet built in the industry".

"Gun Patrol" incorporates the great ticket vending feature with a special "Marksman Award" ticket being vended for high scores.

"The new 'Gun Patrol'", Frank Mencuri reported, "is not just location tested, but, location-proven."

He reminds that the thousands of Exhibit guns which have received so many hundreds of thousands of plays, everywhere in the country, have proved themselves the finest precision built products ever yet produced in the industry.

"These thousands of our guns everywhere in the nation", Mencuri said, "are sufficient proof to all the nation's operators that we have built them a really lifetime product."

"This is a product that will outlast the present national emergency," he continued, "and will prove the finest profit producer for today, as well as for all the tomorrows yet to come."

"Gun patrol," he said, "is without any doubt the kind of product that comes along but once in a blue moon to assure the nation's operators of continued profit for years and years to come."

"Gun Patrol" has so many unique features that only by seeing it and shooting it will the trade appreciate the great precision craftsmanship which has gone into its construction and design.

Battle scenes are realistic in every regard. Every hit scores against the invader. Fast moving mechanized convoy is featured. Tanks. Jeeps. Half-tracks. In short, real front-line action, is the essence of "Gun Patrol."

In addition, Exhibit has made this brand new "Gun Patrol" available in either 5c or 10c play. There are many convertible features. Optional scoring feature is one that every operator will approve. "Marksmanship Awards" in the form of tickets for skill scores is sure to please all players.

"In short," as Mencuri stated, "this is likely to be our last new product

Selective Phono by Chicago Coin
"45"
"LARGER" than miniatures
"More ATTRACTIVE" than jumbos
"SMALL ENOUGH" to fit any and all locations

for the duration of the emergency and we believe," he says, "that we have built not only a lifetime product, but one that is so truly realistic and so outstanding beautiful in design that it will be appreciated by everyone everywhere for years to come."

EASTERN FLASHES

A slump seems to have hit the trade, both on the operating and the wholesaling end. Operators have been stating that their collections have dropped, and the reasons offered are many. All believe, however, that a run of good weather will pep things up. While the sale of used games was slack, new music machines are in great demand. There isn't a distributor on the street who isn't oversold.

Joe Young and his staff of Young Distributing hosted the music operators of the Westchester County Association on Wednesday, February 21, at the Rogers Smith Hotel, White Plains, N. Y. Quite a number of ops from Fairfield County, Conn., also were on hand. The association held a short meeting, after which they joined Young, who was displaying the new Wurlitzer phonos. A buffet was set up so that ops attending at 5:30 P. M. could grab a bite before the association business took place. Abe Lipsky, sales manager, reported that despite the bad weather, a large turnout of operators took place. "We were mighty pleased with the results of the showing" stated Young, "taking plenty of orders." Sales among local ops is exceptional, Young said, with phonos going out as quickly as they are delivered by the factory. . . . Dave Lowy, Dave Lowy & Company, spending the week in Chicago, visiting the factories he represents. . . . With Harry Koeppel home, bedded with the flu, Hymie knocks himself out completely. Shipments of used phonos, as well as plastics, continue brisk, Hymie reported, and another batch of used machines is on the way to them. . . . Lou Wolcher of Advance Automatic Sales Company, San Francisco, Calif., in town. Lou and Nat Cohn of Bowl-O-Matic complete a deal, with Advance taking exclusive distribution of "Bowl-O-Matic" for the states of Washington, Oregon and California.

Barney (Shugy) Sugerman of Runyon Sales Company tells us "I've always had the greatest respect and opinion of John Haddock, president of AMI, but as I see and hear more of him, my regard for him grows greater and greater. I think he's one of the most intelligent executives the coin machine business has ever had, not only for his brilliant business acumen, but also for his friendliness toward the individuals with whom he is contacting." . . . Hirsh de LaViez, Hirsh Coin Machine Company, Washington, D. C., celebrated a birthday on Monday, February 19, hitting the midway mark. His spirit and youthful approach to all problems belies the years he has passed by. Good Luck to you, my bomb-bastic friend. . . . Harry Rosenberg, Double-U-Sales Corp., Baltimore, Md., assures us that "prior experience was not the reason for the good presentations that were made. It was the intimacy of the crowd and the friendly feeling that has always existed among us, those representatives of the industry, and city officials in this market." (Ed. Comment: Harry refers to our mention in a recent report of the Baltimore Association Banquet, in which he acted as toastmaster, and which we commended him for his fine job.)

Al Simon, Albert Simon, Inc., the recipient of many strange queries since his factory, Chicago Coin, announced its new five ball game "Thing." "Operators are rigging up all sorts of gags" stated Simon, with me in the middle. However, it's resulting in the continuous mention of the game, which by the way, has every indication of being a terrific hit." . . . The forthcoming Runyon-Permo party on February 27 (Tuesday night) at the Essex House, Newark, N. J., will bring out double the number originally expected, reported Barney (Shugy) Sugerman. We more than welcome those music operators and their collectors and mechanics, and we've planned on giving them an evening they will long remember, he said. About twenty of the Runyon staff, in addition to Sugerman and Abe Green, will be on hand to greet their guests. Gail Carter, vice president, and Bert Davidson, sales manager, of Permo, Inc., will represent the needle company that evening. . . . We understand that "Senator" Al Bodkin, who is vacationing at Miami Beach, Fla., is really showing both the natives and other visitors how to have a good time. . . . Perry Wachtel, head of De Perri Advertising, who handles a number of coin machine accounts, mourning the death of his mother-in-law, who died Wednesday morning.

DALLAS, TEXAS

We have a farmer among us and didn't know it. Monk Kaiser has turned his route over to his boys and taken to the farm. We've been promised a load of watermelon and a bale of cotton if the crop's good. That's good enough for us Monk, but do come back to see us. . . . Saul and Jules Bihari hurrying through Houston enroute to Florida and a much needed vacation. . . . Wild Bill McWhorter returned to Dallas (from California) for a few days, enroute to Mexico. . . . Tommy Chatten's at it again. Traveling I mean, this time in West Texas. . . . Commercial Music Company has been host for several days to Ed Wurgler of the Wurlitzer Company. . . . B. H. Williams, definitely not in the pink, after a seige of the virus. . . . Well, we've had "The Thing" in the form of song, now we have "The Thing" in the form of Chicago Coin's Five-Ball game. If you haven't seen this game, rush to your nearest Chicago Coin distributor. I've been told that this is a plenty hot item. . . . Incidentally, have you heard Cactus Pryors' recording of "I Married the Thing?" Believe me, it's the total end.

My square dancing podners E. A. Smiley and R. L. Fennel from Paducah showed up for Macy's open house and so did several hundred more. Among them: Mr. and Mrs. Sam Ayo, J. L. Eaton, Garland De Lamar, Mr. and Mrs. Mack Duce, Lester Woods, Buddy Clem, Buna Carr, Mr. and Mrs. Stan Lewis of Shreveport, Pete Todd, W. W. Brown, W. D. Wiggins and Mr. and Mrs. Joseph Zimmerman of Houston. . . . George and Susan Gribben returned from a snow bound vacation in New Orleans. . . . May we say that we are mighty proud of the person or persons responsible for the cover of the February 17th issue of The Cash Box. Many, many operators have commented on the "confidential format" of The Cash Box and ask that I express their thanks to the editor and staff of the coin machine men's magazine. . . . Chatted with George Wrenn who was in conference but took time out to note that Fred Barber remains in bed for ten more days. . . . Lou Sebastian of Rock-Ola paying Walbox Sales a visit. . . . J. V. Smith and Bob Cowan of Fort Worth on the Row.

CHICAGO CHATTER

This week's issue with coded "Confidential Price Lists" starts a new era for this industry. With conditions what they are this publication continues to believe that "quiet" is the watchword for all engaged in the field. Since the tabloid paper, The Billboard, decided to list prices of equipment which any storekeeper, or official can purchase on a newsstand for 25c (and even tho all have praised The Cash Box because of this, stating, 'Imitation is the sincerest form of flattery') it is a sad and serious thing for the people engaged in this business to realize that their location owners now know as much about the prices of their machines as they do. The change to the coded "Confidential Price Lists" is the one means which was available to The Cash Box to once and for all time attempt to bring about "quiet" as well as to gain the understanding of one and all in this industry.

Ben Coven's charming B.W., Trudy Coven, pulled a surprise birthday party on Ben at their gorgeous Highland Park home, which still has Ben wondering how it all happened. But, Ben won't tell what year he reached. "Just say I'm 21," is the way Ben put it. . . . Frank Mencuri returned to Exhibit's plant here from his stay at the Florida State Fair in Tampa and instantly got into action with the announcement of a really great gun, "Gun Patrol." Great product. Great name. Credit for the name goes to Ford Sebastian of the firm, we're told. This is the product that Joe Batten smiled about when he said, "We've got the greatest product you've ever seen." . . . The Scott Bill in the House of Representatives Judiciary Committee is the very same that Rep. Hugh Scott, Jr. introduced in 1947. It wants all juke boxes to pay royalties for playing copyrighted music. This Bill was defeated by only a handful of coinmen in 1947 during some of the hottest Washington days. Now MOA is here to take care of such national legislation. In the meantime, all juke box ops should watch out for anything which would commercialize their machines. Any commercial jingle puts the juke box in the "commercialized music" category. Tho many promoters have tried to get ops to commmercialize their phonos in this fashion, so far music ops have steered clear of this type of promotion.

Henry Strong of Jennings on the ball when it comes to coin events, even tho the firm is wholly engaged in war work. . . . H. F. (Denny) Dennison dropped up to advise that he's out of the ladder biz. Now seeks scarce items. . . . Hymie Rosenberg may still open up as a distrib here in town. . . . Bob Buckley phones us from New Orleans to advise, "I'm ready to buy any and all types of amusement and music equipment." . . . Gil Kitt off to Florida. Will return sometime in March. Ralph Sheffield on the job. . . . Charley Pieri of Keeney advises that firm is going right ahead with their ciggy, candy and sandwich vendors. Grant Shay, in the meantime, devoting himself to the Keeney TV receiver. . . . Roy McGinnis left for his Miami home. . . . Rumors of a priority for food, milk and coffee dispensers grow louder. . . . Lotte Berman of Sicking's Indianapolis offices in town. Advises biz going right ahead. But, that Lotte would like to have much more equip't.

Marty Bromley in town all the way from Honolulu. Creates much comment with his Cadillac convertible featuring Hawaiian license plates. . . . Sherman Pate, exec veepee of Permo Products, wholeheartedly cooperating with MOA for their forthcoming convention, March 19, 20 and 21 at the Palmer House. Looks like this will be one big and crowded meet. . . . Dave Lowy of New York in town to visit around. . . . Harry Pearl pulls into town and advises that he may yet end up in Miami with Bert Lane. . . . Al Wertheimer with Seeburg men at the Belden-Stratford. . . . Leo Dixon of Youngstown phones in to advise that his firm doing a very fine biz with Rock-Ola '51-50 phonos. . . . Jackie Fields, former welterweight champ of the world, introduced in ring before Robinson-LaMotta battle. This fight drew dozens of coinmen from everywhere.

Our personal and sincerest thanks to Paul A. Laymon of L. A. when he reads this issue. . . . Like someone said the other day, "Even the turtle can't go anywhere without sticking his neck out." . . . Les Rieck of H. C. Evans advises that firm is working hard and fast as possible to deliver Constellation phonos. . . . Ernie Dowsett of Ottawa, Can. one of the very first music ops to block off 5c chutes and work on 2 plays 10c, 5 plays 25c. . . . Salesmen are becoming expeditors and materials procurers. . . . Nice letter from Harry Williams. (Thanks, Harry, you're echoing our sentiments). . . . Ben Friedman of George Sylvan Elec. Corp. phones us from Cleveland to advise us about more and more of those hot dog machine setups. . . . Al Bergman of Alfred Sales on to Hot Springs, but, before leaving hands us a job that will take a long time to complete. (Happy to do it for you, Al). . . . Gordon Sutton interested in new products development. . . . Al Siegel of Toronto phones to advise he'll be down in Miami for a week or so.

Compliments to Herb Jones, editor of the firm's house organ, "Bally-Who," for the Bally game history which he printed. Lots of guys recalled pleasant old memories when they read the item. . . . Ben Coven phones to advise he's now distrib for Permo Needles. . . . Barney Sugerman and Abe Green of Runyon Sales, NY and Newark, invite us to a Runyon-Permo party at the Essex House in Newark, Feb. 27, which we hope will be able to make. . . . Steel cut 20% April 1. Aluminum cut 35% for March and same for June. Copper cut 25%. All types of equipment that can continue will be hard hit by these materials cuts. . . . Ray Moloney flies down to Miami. . . . Sam Lewis of Chicago Coin phones to advise that the firm was overordered their very first week for their newest pinball, the "Thing." . . . Henry Nelson of St. Ignace, Mich., 'way up north, in town buying equip't for "summer biz."

Jack Nelson of Bally tells me that two newest distrib for the firm, Jake Friedman of Atlanta and Bishop of Raleigh, "doing very great." . . . Tom Callaghan advises, "I'll get more rest here in Chicago." Tom hasn't yet started for Florida's sunny clime. . . . Last minute important news is that game mfrs have been granted "temporary relief." Copper can be taken away from them any minute. They can only use it for "electrical conduction." Only available until they get war work. In meantime cuts of 25% on copper, 20% on steel and 35% on aluminum placed, in effect for all manufacture of coin operated equipment. . . . Sam Stern reports that the firm's newest pinball game, "Shoo Shoo," very well accepted. . . . Ed Levin talking Florida where Mrs. Levin is going for a sunny stay.

FIRST CODED PRICE LISTS THIS ISSUE

After Eight Years "The Confidential Price Lists" Appear in Code for the Benefit of "The Cash Box" Subscribers

NEW YORK—For the first time in the history of the coin machine industry, beginning with this March 3, 1951 issue of *The Cash Box*, the internationally famous, officially accepted, "Confidential Price Lists," which are almost twelve and one-half years old, having been born about four years before *The Cash Box* itself, appear completely coded for the exclusive and confidential benefit of subscribers to this publication only.

Those who are reading this can, if they so desire at this moment, turn to "The Confidential Price Lists" and note that the code method used is such that it cannot be read or understood by anyone but those who are subscribers to *The Cash Box*.

This is being done to once and for all time eliminate the possibility of anyone, except a bonafide coin machine man, from knowing the prices of the equipment of this industry.

For years *The Cash Box* continued, thru much controversy, the publication of "The Confidential Price Lists." These lists of practically every single machine ever manufactured in the industry have proven themselves invaluable to all engaged in the field.

The proof of their greatness and their need by the industry is best noted by the feeble and insipid imitation which *The Billboard* has just started.

Like coinmen from coast to coast

have reported, "Imitation is the sincerest form of flattery." This tabloid paper's poor imitation of the used machine prices has won tremendously great honor and respect for *The Cash Box*.

But, *The Cash Box*, noting that such imitation was also damaging to the field, for anyone with a quarter could buy *The Billboard* at a newsstand and learn about the prices of this industry's equipment, decided that the time had now arrived when a new method must be originated which would allow only those bonafide coin machine firms (the subscribers to *The Cash Box*) to know what the prices were.

To do this *The Cash Box* turned to an idea which it has held in abeyance since 1944. It was during that year when an outstanding coin machine distributor suggested that *The Cash Box* "code" its "Confidential Price Lists."

During 1944 there was no reason for such coding. *The Cash Box* has always purposely remained off the newsstands, tho it had been approached time and time again by leading newsstand distributing services to get on the newsstands.

The Cash Box has remained a strictly "confidential" weekly publication for the benefit of this entire industry to which it is exclusive, completely and solely devoted.

Now the time has, at long last, arrived when *The Cash Box*, because of the action of *The Billboard*, has turned to "code." This was necessary so that the true used machine prices which are presented by the leaders of the field to *The Cash Box* each week would remain "confidential," and not just something that was "advertised" weeks ago.

"The Confidential Price Lists," as they appear in each week's issue of *The Cash Box* are the true prices of the used equipment of this field and have been the prices for the years (over twelve and a half years) which they have been published.

"The Confidential Price Lists" first appeared in special sheets for the clients of the publisher of this magazine. This went on for over four years. Then, when World War II came on, they appeared in bound form known as "The Cash Box." They have continued in this magazine form now for over eight years.

Beginning with this issue, "The Confidential Price Lists," appear in special code. Only subscribers know the code. Only subscribers can understand and read the prices.

The code will be changed from time to time. Codes will also be switched about at regular intervals. It is important to every subscriber to keep the code confidential for his own benefit.
