# The Months Ahead

Well, the party's over. The gang's gone home.

But, there'll be lots of hard thinking. And much discussion. Especially among those who attended the convention in Chicago.

There'll be those who'll call it "a flop". And just as many who will call it "a success".

But, that's good. That's the grand American privilege to be able to state your case, your opinion, openly, and without fear.

The months ahead are going to see many, many changes.

Some of the men who attended the convention will recall prophetic statements made to them which will prove true.

All in all, there will be days of worry. There will be days of happiness.

There will be days when everything'll look black enough to make a man want to give up. Just quit.

Election year or not, Uncle Sam can't wait. He's got to have strong sinews. He's got to have the guns and the ammunition and the planes and the millions of myriad other items it takes to prepare for modern warfare.

People will find themselves out of jobs as small factories and small businesses are hard hit by the surge to defense. These small businessmen will find they can't get defense work as speedily as they thought they would be able to and, at the same time, can't get sufficient materials to keep themselves going in their own fields.

This is one lucky, lucky, lucky industry.

The men engaged in this business have a portable entertainment that can be placed here, there and everywhere. They can move with the labor tide. They can set up wherever the mass accumulates.

They can, because they offer the most satisfying economical entertainment in all the history of the world's entertainments industries, be assured a definite share of whatever monies the public will spend for relaxation and escape.

The steel balls will continue to zoom up the playing fields, and come down again with buzzes, clicks, clacks, rings and satisfying appeal.

Pucks will be zipped along highly polished, wax covered surfaces with a zing and a ring and a ding, ding, ding, and scores will go up, and men and women will smile, and feel happy again.

Coins will be dropped into juke boxes. The lights will flash on. Turntables will start turning. The music will go 'round and 'round and 'round again and again and again. People will dance. People will tap their feet. Others will jig. Some will just listen and smile.

Here, there, everywhere thruout the world, coins will drop into chutes and candy, gum, cigarettes, soft drinks, hot drinks, sandwiches, and almost anything and everything vendable will be vended.

Fat men and women, skinny men and women, will still step on scales. Still polish their shoes. Still buy insurance. Still do a myriad other things offered by the service equipment of the industry.

So, regardless of what lies ahead in the months to come, this industry is assured that it will continue on, just as strong, if not stronger and greater and more progressively, than ever before.

In these days, when a course in almost anything you can think of is taught in our nation's colleges, it is not surprising—as a matter of fact it is quite heartening—to find that Farleigh Dickenson College in New Jersey is now giving instruction in the music programming aspect of broadcasting.

What is even more interesting to us here at *The Cash Box*, something which confirms what we've been saying all along—that this magazine is one of the most important aids which the disk jockey and program director can possibly have—is pointed up by that fact that it is used in the course as an example of the way in which a trade magazine can keep this nation's radio stations aware of musical trends.

Harvey Humphrey, the instructor, who is also a practicing disk jockey over station WPAT in Paterson, New Jersey, explains that *The Cash Box* is used as a "reliable and accurate barometer of public preference in popular music."

In order that the students in the course may have first hand knowledge of the magazine, copies of *The Cash Box* are distributed to all members and they are instructed to examine them carefully.

Mr. Humphrey points out to the class that through *The Cash Box*, the disk jockey and program director have a most effective tool for keeping abreast of the times, musically speaking. The listings of the nation's top 50 best selling records together with the indication of which artist's version is most popular are pointed up as an invaluable aid in creating well balanced programs. It is also shown how a number of succeeding issues of *The Cash Box* can indicate a definite trend in certain types of music.

Moreover, says Mr. Humphrey "Through the reading of the advertisements, the disk jockey can determine the major promotion items in the catalogs of the music publishers and recording companies and through the many lively items concerning the doings of bands and singers can add to the fund of ready knowledge that he should have in order to give timeliness and interest to his program.

We at *The Cash Box* take pride in the fact that our magazine is used in this course—yet we also know that it is logical and right that it should be used. For, over the last several years, *The Cash Box* has built its reputation on the fact that it is of definite, important and vital use to its subscribers.

We have made certain that we report reliable facts, not hearsay or rumor. Our charts have universally been accepted as the most accurate in the industry. Our editorials are written not to show how clever we can be or how we can twist words and thoughts around to make them seem what they are not, but rather they are written to be of help to those who make their living in this business.

The one purpose of *The Cash Box* is to help its subscribers for quite obviously we help ourselves by helping our readers.

Once more we say we are proud that *The Cash Box* is used in Mr. Humphrey's course at Farleigh Dickenson College. And we know along with Mr. Humphrey—and the great majority of other disk jockeys in this country—that it is the most "reliable and accurate barometer of public preference in popular music".

We at *The Cash Box* are dedicated to the goal of keeping it so and in the years to come of strengthening it and improving it in every way possible.

Only Records Considered Best Suited To The Requirements Of The Trade Are Reviewed On These Pages.

"WARM HEARTED WOMAN" (3:16)  
 "MARSHMALLOW MOON" (3:05)  
**DINAH SHORE**  
 (RCA Victor 20-4493; 47-4493)

● Dinah Shore proves her versatility by handling a slow blues number on the upper siding in a better than average manner. The Henri Rene orchestra does the musical mood setting. Flip is a slow, soft tune that Dinah helps carry to a listenable end. The first side has more to offer.

"YOU'RE NOT WORTH MY TEARS" (3:04)

"THERE'S A BLUE SKY WAY OUT YONDER" (2:03)

**JACK RICHARDS & THE MARKSMEN**  
 (King 15161)

● The top end offers a slow pretty tune that Jack Richards and the Marksmen dole out with much ease. Their warm treatment makes this a likely half. The second dish is a western sounding thing that the same artists dish out easily. This half needs the proper spots to be effective. Top deck could be a sleeper.

"BABY DOLL" (3:13)

"WITH NO ONE TO LOVE TONIGHT" (3:09)

**TOMMY TUCKER ORCHESTRA**  
 (MGM 11162; K11162)

● Karen Rich, backed by the Tommy Tucker crew and vocal ensemble, offers a slow, soft version of a simple sounding number. On the lower side the orchestra supplies the setting for Peter Hanley as he wends his way through a pleasant ballad. Ops have fair juke box material here.

"AM I LOVE?" (2:39)

"BAREFOOT DAYS" (2:46)

**THE KEYS**  
 (MGM 11168; K11168)

● Two similar ends are turned out by the harmonizing Keys. Both decks are jump items that are propelled by the boys in an interesting fashion. The lead vocalist carries the major portion of the melody while the group and instrumental backing offer able assistance. Ops might look in.

"CINDY LOU" (2:54)

"THE KING" (2:46)

**SONNY CALELLO**  
 (King 15158)

● A fast moving ditty with a light aire is belted out on the upper portion by Sonny Calello. The Don Costa orchestra offers a top flight backing with French horns and all and makes this a listenable half. The flip end is a dynamic number that Sonny handles royally. Ops oughta get with it.

"ONLY FOOLS" (2:55)

"I'LL SING TO YOU" (2:32)

**JIMMY YOUNG**  
 (Commodore 10000)

● A pretty ballad, recorded in England, is taken for a pleasant ride by Jimmy Young and the Ron Goodwin orchestra. Again on the under end both orchestra and vocalist give feelingful treatments to a dramatic ballad that comes out strong. Both decks offer fine listening and ops oughta check.

## DISK OF THE WEEK

"JUMP THROUGH THE RING" (2:39)

"MY FUNNY VALENTINE" (2:40)

**VIC DAMONE**  
 (Mercury 5785; 5785x45)

VIC DAMONE

● Here's a new Vic Damone specialty that has what it takes to step out high, wide and handsome. It's one of Vic's more likely tunes in quite awhile and he takes advantage of the good material at hand.

Labeled "Jump Through The Ring," this ballad is a slow and soft number that's sent soaring with a pretty melody and Vic's heartfelt vocalizing. The George Siravo orchestra gives the singer an added boost with a fine job of setting the side up musically. Vic is a favorite and this tune is sure to be received royally by his following. The under level is another slow ballad that Vic has an easy time with, bringing it in soothingly. Here too the orchestra under the baton of Siravo presents a winning backdrop for Vic's feelingful singing. This end might prove to be a contender but the half to watch is the top one. Our advice is to jump aboard the bandwagon and enjoy the ring of coin that the disk is gonna bring.

"GOODBYE MARIA" (2:32)

"AM I BLUE" (2:26)

**VINCE MONDI**  
 (Jubilee 6000)

● Vince Mondie the one man band takes a tune out of the western field and gives it a bouncy arrangement via pop style. The homey number comes out ok. The lower deck is a similar tune in which Vince displays all his musical talents. Ops with the right spots might take a peek.

"THE SWEETHEART SERENADE" (3:05)

"HONEY LIPS" (2:26)

**FREDDY MARTIN ORCHESTRA**  
 (RCA Victor 20-4362; 47-4362)

● Freddy Martin, his sax, orchestra, Martin Men and featured vocalist Merv Griffin spins through a flowing number that comes out as fair listening. The lower dish carries a nice bounce and the same boys work their way through the lyrics in a more appealing manner. Ops should take a gander.

"YOU'RE MY EVERYTHING" (2:56)

"YOU ARE MY SUNSHINE" (2:40)

**LES BROWN ORCHESTRA**  
 (Coral 60605; 9-60605)

● The Les Brown orchestra has a coupling of grand instrumentals on this new release. The first one is a slow jump number that displays the entire band to fine advantage. The bottom dish is a fast moving arrangement of an oldie and again the boys have listenable material. Ops should check here.

"MY LEI-EE-YANA" (2:30)

"YOU KNOW YOU BELONG TO SOMEBODY ELSE" (2:45)

**SAMMY KAYE ORCHESTRA**  
 (Columbia 39633; 4-39633)

● The Sammy Kaye orchestra and the Kaydets offer a different sounding ditty on the upper lid. The tune has an oriental flavor and the group does an effortless job in bringing it home. The flip side is a change of pace number with both fast and slow sections and Don Rogers is featured here with the lyrics. Ops might take a peek.

"GOODBYE SWEETHEART" (2:41)

"WISHIN'" (2:38)

**CINDY LORD**  
 (MGM 11173; K11173)

● Cindy Lord makes good use of the multiple voice trick and works her way through a lovely number that's destined to kick off. The LeRoy Holmes orchestra supplies the backing just as they do in the lower portion which is another pretty tune that Cindy does well. Ops oughta watch both lids.

"BRIGHT EYES" (2:51)

"I LOVE YOU OH! SO! MUCH!" (2:36)

**THE KNIGHTINGALES & DICK BALDWIN**  
 (Skylark 532)

● The Knightingales and Dick Baldwin, featuring Les Helsdon and the Dick Taylor orchestra work their way through a happy sounding thing that's complete with bells and a hurdy gurdy effect. The second level is a simple ballad that comes out ok. The top dish carries appeal and ops oughta act accordingly.

"I WANNA LOVE YOU" (2:45)

"I'LL ALWAYS BE FOLLOWING YOU" (2:52)

**SONNY BURKE ORCHESTRA**  
 (Decca 27970; 9-27970)

● The Sonny Burke orchestra, featuring Jo Ann Greer and Hub and Hubbie, jumps through a current comer in an interesting manner. Both orchestra and vocalist do top flight jobs. The under siding is a slow number that the same artists handle easily. Ops oughta take a look.

"THE BLACKSMITH BLUES" (3:17)

"ANY TIME" (3:14)

**SY OLIVER ORCHESTRA AND TRUDY RICHARDS**  
 (Decca 27972; 9-27972)

● A strong tune is given a grand going over by the Sy Oliver orchestra and chirp Trudy Richards. This number is done with a blues rendition and carries an infectious beat. The lower half is a current biggie that's treated to a jump version and the result is a listenable half. The first lid may share in the coin.

"POOR WHIP-POOR-WILL" (3:07)

"WONDERING" (2:54)

**ANDREW SISTERS**  
 (Decca 27979; 9-27979)

● A slow, easy going tune is worked over in a fine fashion by the Andrew Sisters on the first half. The Richard Gail orchestra helps immeasurably in bringing this pretty tune in. The lower level is another slow ditty that lacks the appeal of the first deck. Our nod goes to the top dish.

"WISHIN'" (2:54)

"GOODBYE SWEETHEART" (2:47)

**RUSS MORGAN ORCHESTRA**  
 (Decca 27975; 9-27975)

● A pair of strong tunes that are sure to make lots of noise are given thorough treatments by the Russ Morgan group. Russ handles the lyrics on both levels with the help of the Morganaires and does an adequate job. With the orchestra offering proper backings both halves should prove interesting.

## CHICAGO:

Nicest thing that happened to us this crowded convention week was the marvelous invitation extended to us by that very wonderful vocalovely, Connee Boswell, to come on down and visit with her at the Oriental Theatre where she's just pleasin' the crowds every performance. . . . And the Ames Brothers, Ed, Joe, Vic (Gene was absent enjoying an old fashioned borsht dinner that just knocked them right on their ears. They still can't get over it. And, as Vic said, "It'll linger on and on and on." Then to top the evening off, someone turned on TV and the boys watched an "imitation of the Ames Bros. doing 'Rag Mop.'" . . . Eddie and Jackie Hubbard have our most sincere thanks and appreciation for that very swell plug for The Cash Box on their grand show from Shangri-La when they explained to their great listening audience how important The Cash Box is to the music biz. . . . Leonard Chess just back from his southern trip advises that he just "loves the South." Len should. The south's been awful good to Chess Records (by the thousands). . . . With all the many events here in the music biz, biggest topic of conversation was the Bryson Bill in Washington and, as those who still meet and greet on Chi's Rialto asked, "What's doing in Washington?" From last reports the juke box ops presented a strong case to the listening committee and, regardless of the statements made by Sen. Estes Kefauver, the committee realized that they had been much, much misinformed regarding the automatic music industry. . . . Cee Davidson visiting about the convention at the Sherman Hotel and being warmly greeted by many, many of the boys. Cee's a favorite with the coin machine business. And that causes us to still wonder why his grand ork isn't being highly touted with great disks?

## LOS ANGELES:

Further indication of Capitol's long range plans for Dean Martin comes with his signing of a new long term contract. Although Dean and partner Jerry Lewis have never recorded together on the Capitol label, plans call for several sides by the pair. Martin has recently been teamed with Margaret Whiting and Helen O'Connell. . . . Call from Franklin Kort of Swingtime informs us that this label is about to release its first LP album via Lloyd Glenn on 'All Time Favorites.' . . . Kort tells us they've got two hot running single discs in Ray Charles' "Kissa Me Baby" and Lowell Fulson's "Let's Live Right."

ROBERT Q. LEWIS

Received us a little note from Danny Kessler, who now bears the title of Director Rhythm & Blues for Columbia Records and who rightfully is credited by the boys in the trade with having "discovered" the fabulously successful Johnnie Ray. Danny notes that he's due out for another visit to the coast in a few weeks and hopes to split a bagel and lox with us. . . . Had us a call from Morris Diamond, top record promotion man from New York who gave us a personal regards from Bob Austin and Sid Parnes. Diamond has been doing a fine job with Robert Q. Lewis and signed the Andrews Sisters and Martha Tilton to deals while out here. He's a real hustling lad and has been making the rounds like mad of the local dee-jays, most of whom he commends as being most cooperative. Morrie's been plugging Abbey Records' "Goodbye Sweetheart," with vocal by June Ward.

Over at Modern distribs, Mike Kurlan tells us what we already know: That Lawrence Welk, thanks to his TV show from the Aragon Ballroom at Ocean Park, is now the hottest band in this area. He brought five thousand people into the Sears store in Long Beach to have them autograph his latest Coral record, "Swingin' Down The Lane" and "You're Somebody's Sweetheart." . . . Mike has several more big ones, also on Coral, in Eileen Barton's "Wishin'"; Teresa Brewer's "Lovin' Machine," Pearl Bailey's "Birth Of The Blues," Jimmy Scott's "Wheel Of Fortune" and the Ames Bros. in their follow-up to "Undecided," "I Wanna Love You" and "I'll Still Love You."

# Record Reviews

Only Records Considered Best Suited To The Requirements Of The Trade Are Reviewed On These Pages.

"OH TO BE YOUNG AGAIN" (2:40)

"WHAT'S THE REASON" (2:06)

MARY MAYO  
(Capitol 1950; F-1950)

● A lovely ballad is given an outstanding vocal by rising thrush Mary Mayo. The backing on this disk, provided by Al Ham, blends in beautifully with the vocalizing and makes for a first rate side. Bottom half is a slow jump number and here too the vocalist and orchestra do justice to the material. The upper half is the striking side.

"TAKE ME BACK" (2:12)

"WHERE WAS I" (2:58)

THE CONTINENTAL  
(Capitol 1951; F-1951)

● A deep suggestive voice and a whispering French accent make up the equipment of the Continental. The first level finds the artist doing a soft reading of the lyrics to a pop ballad. The lower dish is a narration where he talks love and more love to the girls. The disk carries little juke box wise.

"WHEEL OF FORTUNE" (2:44)

"GOODBYE SWEETHEART" (2:54)

SAMMY KAYE ORCHESTRA  
(Columbia 39667; 4-39667)

● A current comer is given ok coverage by the Sammy Kaye orchestra and chorus. Sammy has a pleasant arrangement but he's a bit late. The second lid falls into the same grouping and again the ensemble delivers a strong version. Ops should watch it, it may share some coin.

"UNFORGETTABLE" (2:51)

"MY LOVE FOR YOU" (2:37)

DICK JAMES  
(London 1139)

● Dick James handles the lyrics to a current biggie in a convincing manner and makes for some good listening. The deck is backed up solidly by the Monia Litter orchestra. Flip shows Dick to fine advantage as he does a strong job in selling the lyrics to a ballad. This end presents the Stanley Black group with the musical setting.

"BABALU" (2:35)

"MORE THAN LOVE" (2:55)

XAVIER SUGAT & RICHARD HAYES  
(Mercury 5780; 5780x45)

● A two sided threat is waxed here by Richard Hayes and the Xavier Cugat orchestra. The first side is a rousing treatment of a wonderful Latin oldie that Hayes does in English. The second end is a dynamic tango that contains a lovely melody and again the vocalist and orchestra hit home powerfully. This is a double sider.

## SLEEPER OF THE WEEK

"WISHIN'" (2:00)

"WHEN YOU'RE NEAR ME" 2:54)

EILEEN BARTON  
(Coral 60651; 9-60651)

EILEEN BARTON

● Eileen Barton has one of her more likely sides in some time working on the top lid. This artist has proven ability and on this new waxing she also has the material that can give her her biggest disk since "Bake A Cake." The new

ditty is titled "Wishin'" and it contains the necessary ingredients of a top seller. A bouncy beat, a pretty melody and a snappy arrangement go into the makings of the tune. Eileen delivers it with plenty of zest and feeling and makes a happy sounding tune sound even happier. Further credits must be given to Paul Neilson who provides the level with a solid musical backing. The lower deck is a slow ballad that comes out as a pleasant half as done by Eileen and the orchestra. The top end is the side that's gonna go and ops who wanna be counting lots of loot will find that "Wishin'" makes it so.

Ops are also advised not to overlook the strong possibilities of the Teddy Phillips version of "Wishin'."

"A LOVER'S WALTZ" (2:57)

"MY BUICK, MY LOVE AND I" (2:01)

GISELE MacKENZIE & GORDON MacRAE  
(Capitol 1959; F-1959)

● A sweet sounding tune and some pleasant harmony as dished up by Gisele MacKenzie and Gordon MacRae, add up to a delightful side. The same combo blend again on the other half and show what they can do with a bouncy number. Bill Loose makes both halves complete with his musical backdrop.

"THAT'S ALL FOLKS!" (2:32)

"WON'T YOU EVER GET TOGETHER WITH ME" (2:52)

MEL BLANC  
(Capitol 1948; F-1948)

● Mel Blanc does his "Porkie the Pig" on the top level together with Bonnie Baker and the Bill May orchestra and winds up with a cute level. The under siding finds Mel doing a duet with himself and making use of a couple of his character portrayals. Both lids fall under the novelty heading and ops might be interested.

"CALL ME A DREAMER" (2:39)

"I WAS LUCKY" (2:39)

NORMAN KAYE  
(Capitol 1945; F-1945)

● A pretty new ballad receives the soft touch of a Norman Kaye vocal and the smooth backing of the Sid Feller orchestra. The result is good listening. The under siding is a simple ballad that's handled tastefully by both vocalist and orchestra. Here is a pair ops should latch on to.

"MAGGIE" (2:10)

"TELE-VEE-SHUN" (3:08)

STAN FREBERG  
(Capitol 1962; F-1962)

● Stan Freberg has another pair of interesting novelties. The first one is a take off on an oldie in which Stan makes comical use of the hiccup. The second side is an exciting tune with calypso beat and clever lyrics that Stan sends home stylishly. Ops oughta check in here.

"WISHIN'" (2:50)

"GOODBYE SWEETHEART" (2:36)

GISELE MacKENZIE  
(Capitol 1983; F-1983)

● A current sleeper is given another whirl around the wax by Gisele MacKenzie. With Buddy Cole and the orchestra and the Male Trio offering support the lid comes out satisfactorily. The second dish has already made some noise and Gisele and the group help send it on its way. Ops have a couple of big songs here.

"ALL FOR A PIZZA PIE" (2:25)

"DON'T KNOW ITS NAME" (2:45)

MONTE CEASAR & TRIO  
(Pyramid 400)

● Two novelty items get an airing here. The first side presents Monte Caesar and Trio with a rousing thing that carries an Italian flavor. The under siding is more subdued as the artists work their way through a slow and pleasant number. Ops might find some play in either deck.

"NOODLIN' RAG" (2:26)

"BUNDLE OF SOUTHERN SUNSHINE" (2:54)

GUY LOMBARDO ORCHESTRA  
(Decca 27971; 9-27971)

● The Guy Lombardo group, featuring Kenny Gardner with the vocal, spins through a bouncy number that has the qualities of kickin' up a fuss. The lower level is a snappy version of a western ditty that's given the distinctive Lombardo touch. Ops have a good pair with the accent on the first lid.

"WOULD YOU" (2:44)

"IF I FORGET YOU" (2:56)

LEROY HOLMES  
(MGM 11169; K11169)

● An ok tune is given a flowing rendition by the LeRoy Holmes orchestra on the top end. The vocal group blends in with the instrumental arrangement to make this a pleasurable half. The under siding is an oldie that's done slowly and handsomely by the entire crew. Ops should take a peek.

"SWING LOW, SWEET CLARINET" (2:33)

"WILL YOU STILL BE MINE" (2:39)

BUDDY DE FRANCO  
(MGM 11164; K11164)

● The Dave Lambert Singers present a soft vocal backing for the clarinet exhibition of Buddy De Franco. Again on the lower dish Buddy is featured with his clarinet as he jumps through an ok tune in a pleasant style. The orchestra shows up strongly on this instrumental. Ops can choose from either lid.

"INVITATION" (2:45)

"LYGIA" (2:42)

JOHNNY GREEN ORCHESTRA  
(MGM 30526; K30526)

● An appealing instrumental arrangement is concocted on the first deck by the Johnny Green orchestra. This mystic sounding tune makes for unusual listening. The flip dish is some music from "Quo Vadis." Ops might wanna take a peek.

"IT'S A LONESOME OLD TOWN" (2:22)

"I WANNA GO ROUND ON A MERRY GO ROUND" (2:12)

JIMMY PALMER ORCHESTRA  
(Mercury 5778; 5778x45)

● The Jimmy Palmer orchestra together with Ray Cura spin through a light tune on the top level. The vocal and instrumental treatment make this a pleasant half. The lower lid finds the vocal ensemble riding delightfully through a happy sounding ditty. Ops should check both halves.

# OPS SHOW ASCAP BILL WOULD REDUCE AUTHORS' & PUBS' INCOMES BY DESTROYING JUKE BOX INDUSTRY

WASHINGTON, D. C.—A Congressional Subcommittee headed by Representative Joseph Bryson last week heard a clearly effective argument against the proposed ASCAP bill from music operators and juke box manufacturers. For the first time, the committee received a factual picture of juke box operation which set right many of the misconceptions it had had about the industry and how it works.

The operators' Opposition to the bill was based on the following points:

## PERFORMANCE RIGHTS

No one denies that authors should be paid for their works or that publishers should be compensated for their part in the music business. The juke box industry, which last year purchased 50,000,000 records paid directly to the authors and publishers \$2,000,000 in royalties, a four cent royalty on every record. It is a complete misstatement of fact to say that juke boxes pay nothing for the use of records. The money which most authors and publishers receive from record royalties and the sale of sheet music, which records stimulate, is for the most part the greater percentage of their incomes. Diminish the sale of records in any way, and no matter what ASCAP might distribute, the amount could never make up the difference.

A perfect example of this is Bob Merrill's testimony before the committee when proponents of the bill were being heard. He claimed that for the past two years, he received from ASCAP \$439.07. This was the only figure he saw fit to supply the committee with. Yet no rational person could accept the fact that after writing such hits as "Sparrow In The Tree Top," "My Truly, Truly Fair," "Belle, Belle, My Liberty Belle" and other smashes, Bob Merrill made only \$439.07. If that were so, why would anyone ever want to go into the song business. But of course it isn't so because on royalties from records alone Mr. Merrill made tens of thousands of dollars which he obviously thought best not to mention to the committee. It would seem clear from these figures that the juke box operators who bought Mr. Merrill's records gave him directly a much greater amount of money than his own performance rights agency ASCAP.

## UNWORKABILITY OF BILL

A survey conducted by Price Waterhouse & Co., one of the oldest and most respected accounting firms in the country, revealed the following facts: 64% of the nation's 10,000 juke box operators own 50 machines or less. 1.4% own more than 300. The average income on a machine is less than \$1 a day. After all expenses are deducted an average operator who owns about 50 machines has approximately \$3,000 left for his own salary and return on his investment.

These figures were corroborated by operator after operator who appeared before the committee.

A typical operator's income figures were those of Samuel Penner who operates 60 machines in Brooklyn. Mr. Penner's sworn tax return for 1951 showed that his juke boxes in 1950 gave him a net income of \$3,798. Yet it was demonstrated that under the terms of the proposed law, the costs to Mr. Penner would be at the very minimum \$4,437.28. Obviously with the passage this bill here are sixty machines that would no longer consume any records. And this is not just an unusual case. This same situation exists for almost every operator in the country.

The bookkeeping involved in the bill is so complicated that even ASCAP has suggested that instead of having each operator go through the ordeal, ASCAP would work it on a licensing basis. However it was made bluntly clear by several Representatives on the committee that this bill gave no sanction for licensing and that in fact it would be a violation to operate that way.

But supposing, that despite this, a licensing procedure were worked out and each operator, that could survive, paid ASCAP a yearly fee. In this case the result would be disastrous to all but top ASCAP writers and publishers. For if the object of the licensing was to relieve an operator of all the bookkeeping involved in the bill, he would have to restrict himself completely to ASCAP songs or else he would still have to keep records on BMI and all the independent authors and still be subject to heavy fines if he made any mistake at all.

A further result of this procedure would be to keep only sure fire hits in the machines for no operator could possibly afford to take a chance on an unproven record when he would be paying so dearly for it whether it was being played or not.

The record companies well recognize the truth of this argument. They also confirm the fact that record sales would be materially reduced not only to juke box operators but to the general public for whom juke boxes act as a showcase where they hear the tunes they eventually buy. Because of this the major record companies have gone on record as unequivocally opposed to the bill.

## ASCAP'S DEMANDS

What ASCAP is asking here is one cent per side per week for every record in a machine. This seems like a small amount when it's put that way but added up it comes to more than \$12,000,000 a year. *This approximates the total amount which ASCAP is currently receiving from all its sources including the radio industry, the television industry, night clubs, theaters, restaurants, wired music and the entire huge motion picture indus-*

*try.* Doesn't it seem strange that ASCAP should ask the juke box industry to pay \$12,000,000 on top of the \$2,000,000 it already pays authors and publishers when at the same time it asks the great motion picture industry to pay a mere \$800,000?

It's been pointed out that ASCAP charges Radio City Music Hall \$100 a month. This theater's gross receipts are more than \$100,000 a week. Yet ASCAP would charge the average juke box operator whose total receipts don't come to \$100,000 in years, much less in a week, more than Radio City Music Hall.

## ORIGINAL COPYRIGHT ACT

ASCAP has claimed over and over again that when Congress enacted the present law which exempts juke boxes, it had in mind a very small industry which made machines which could only be heard by one person at a time with earphones.

These contentions are completely wrong.

The juke box industry was a flourishing one long before 1909 when the current bill was passed. There were thousands of machines located throughout the country and they could be heard at great distances. Machines with loud speakers were prevalent in the same kind of public places where they are located today and a great number of companies were manufacturing them.

Trade magazines of the day show numerous ads for music machines, some of them surprisingly up to date.

The overwhelming evidence is that contrary to ASCAP's claims the nickel-in-the-slot music machine was widespread in 1909 and that the industry was a substantial one.

## GANGSTERISM

One of the supposed purposes which ASCAP has advanced for the passage of this bill is that it would "clean up the juke box industry." This seems somewhat strange coming from an organization which has had rather steady dealings with the Department of Justice, but leaving that issue aside, let us examine what truth there is to the charge of gangsterism control of the juke box industry.

These charges made by Senator Ke-fauver and ASCAP have been offered without any proof whatsoever. Rather the burden of disproving them is turned over to the juke box operators. And they have disproven them to the Congressional committee with testimony by operators from all over the country. One op after another—leaders in their communities and respected men—came before the committee to protest the blanketing of the juke box industry as gangster controlled without the least bit of evidence in fact. These men and their families have to deal with their friends and neighbors and the sweeping accusations made

against them is as unfair and unwarranted as any accusation against a whole group of people can be.

99% of the juke box operators in this country are honest, hardworking small businessmen. Sidney H. Levine, attorney for the N. Y. Automatic Music Operators' Assoc. testified as follows "I have represented this association since its inception, some 15 years ago. It boasts the largest membership of any similar organization in the nation with an enrollment of upwards of 170 members. During this entire 15 year period, there has not been one arrest, let alone a conviction, of any member of this association arising out of the operation and conduct of his juke box business. I challenge any other trade association, organization or industry across the length and breadth of this land to present a better, cleaner record."

The charges of gangster control, it must be repeated, have been totally unfounded. They have been made on the basis of the occasional person who goes wrong—and that happens in every walk of life in the world—and then applied wildly to an entire industry.

Moreover it has been pointed out that if an industry is being run by gangsters, you send the police in, you don't tax it in favor of a private organization.

But one of the reasons why this is not a gangster controlled industry is that there isn't enough money in it for gangsters—as was forefully brought out by the Price Waterhouse survey. This industry is made up of small business men, honest men, hardworking men—men who are going to have no business at all if this bill is passed. And the ruin of their business is going to reflect disastrously upon the rest of the music business.

## IN SUMMATION

The clearest summation of this bill is that it would accomplish exactly the opposite of what it purports to do. It seeks to increase the revenue for song writers and publishers and yet by its passage it would decrease materially the record business on which the entire music business now depends. Income for both writers and publishers, without record royalties, would be substantially diminished and the effects on all but top ASCAP members would be ruinous. If this bill were law, an operator—and there would be mighty few of them, operating a fraction of the total number of machines they now have—would for his own protection have to restrict himself to ASCAP tunes and limit his records to smash hits, thus leaving out in the cold the newer writer, the younger publishing firm, the aspiring creative artists.

The bill would be a disaster not only for the juke box business but in turn for the record and music businesses as we know them today.

## World's Largest Juke Box Op

CHICAGO, ILL.—Tom Sherfick, the world's largest juke box operator, is pictured in The Cash Box booth at the CMI show in Chicago last week with his wife. Sherfick has 1300 machines located throughout the state of Indiana.

## Mitch Miller Supports Juke Box Ops' Stand With Statement At Hearings

WASHINGTON, D. C.—Mitch Miller, Director of A & R at Columbia Records, supported the juke box operators in their fight against the ASCAP bill by sending a statement to the Subcommittee hearings last week.

Miller said in part:

"Music publishers and writers all recognize the importance of the phonograph record to them. It brings them royalties which are paid by the record manufacturer on each record and are then by common practice divided evenly between the publisher and writer. Perhaps even more important financially to them, record sales boost the sales of sheet music, from which both composer and publisher reap large benefits if the sale is at all sizeable. The composers get at least 3c a copy on sheet music sales, and in some cases the share of the composer may go up to 5c or 6c a copy. Publishers do not go around trumpeting how much they make on sheet music—obviously, the writers would be out for a bigger cut if they had accurate figures—but a publisher's sheet music revenue is generally accepted as anywhere from 6c to 10c or 11c per copy.

"Without record sales publishers and composers can expect only small sheet music sales. A good illustration of this is found in the songs from two immensely successful Broadway musical shows, 'The King and I' and 'Guys and Dolls.' The songs from these shows have not caught on well on individual records. And in spite of the success of the shows themselves and the size of the audiences that nightly hear them, these songs, taken individually, are not what could be called big sellers on sheet music.

"The writers also recognize that without the phonograph record they cannot hope to make any money from their music. Many popular music writers, including some of the most successful, do not even go to a publisher with their songs at first. They begin their efforts to place their music by going to the record companies. They know that if they can obtain a recording commitment, then any publisher will take their song, and they can also demand a bigger advance from the publisher.

"There are two principal ways of promoting the sale of phonograph

records: through the coin machines and through the disk jockeys, who play records on the radio. As to whether the coin machines are more effective than the disk jockeys in promoting the sale of records, or vice versa, no one can say. We know that both are important, and we do know that there are songs whose development has come entirely from the coin machine.

"Music publishers themselves recognize the importance of the coin machine in the exploitation of songs. Many of the large publishers buy a certain number of records and either give them to selected machine operators or sell to them at reduced prices in order to obtain promotion for their songs and create a demand for records by other machine operators.

"There is a striking illustration of the power of the coin machine in selling phonograph records and putting over a song in the history of 'Because of You.' The Columbia recording of this song, arranged by Columbia for Tony Bennett, one of its artists who until then was relatively unknown and unheralded, was one of the foremost hits of 1951, and to the very best of our knowledge at Columbia, this song reached the top entirely through the promotion it got from the coin machines.

"I have taken 'Because of You' as an illustration simply because this is a song where it is possible to single out the promotional power of the coin machine. But there are other songs which have been promoted chiefly by the machines. The Pee Wee King recording of 'Slow Poke,' which was put out by one of our competitors, became a big seller only after it went over on the machines. 'Sin' is another such song, and so is 'Down Yonder.'

"The coin machine is important both as a purchaser of phonograph records and as a promoter of the sale of the phonograph records and of the sale of sheet music. I can think of no other single group which purchases as many records as the machine operators. And for every record they buy, both the publisher and the composer are paid a royalty by the record manufacturer."

# The HALE You Say

by natt hale

Like any normal mortal, we find our ego being constantly inflated when we note that the weekly mailbag seems to increase each seven-day period, with comments, pro and con, regarding this epitome.

These reflections and reactions run the gamut from complimentary and overpraise to scathing repudiation.

Still, all in all, the Lord High Editor has yet to add the formal footnote: "The opinions expressed in 'The HALE You Say' are purely the opinions of the author and do not reflect the official views of THE CASH BOX."

So we've been taking it for granted that we can still walk through dark alleys in the dead of night without fear of a record industry Mafia testing (always testing) a vendetta.

One letter in last week's mail did cause us to contemplate a bit.

The epistle arrived via Special Delivery-Airmail and was Registered!

Knowing, therefore, that the writer would be given "proof of delivery," we made haste to digest the context.

(Actually, we were really curious to learn who, of our acquaintanceship, could possibly afford forty-two cents to send a letter!).

Taking note of the signature (that same ego mentioned heretofore) took another leap some 2000 points, when we recognized the name of one of the country's foremost recording artists and show business personalities. The tome read, in part:

"While I appreciate the fact that you are writing a satirical and humorous series on the record business in general, you still appear to be quite biased and prejudiced in favor of your own career and avocation in the industry.

"Nowhere in your articles have I found where you, and others of your ilk, have been held up to the ridicule and scorn which you have now placed artists, publishers, A. & R. directors, disc jockeys, song writers, etc.

"Can it be that you can find no fault whatsoever with promotion men, flacks, record contact men, etc.?"

"Please think it over, Natt, and see if you don't come to the conclusion that some of us can lead a pretty woe-begone existence, merely because the hundreds of Natt Hales are so much on the beam that everything else in

our lives must, of necessity, take second place.

"I'm sure you can come up with an article where you can look at yourself in retrospect and point out the trials and tribulations (to borrow one of your own pet phrases) to which people like I am subjected because of people like you."

Our initial reaction to this flagrant fragrance was one of what we assumed was righteous indignation.

After all, who were we beating our brains and brawn out for, if not for these very artistes to make their disciples grow into legion?

Then we figured that it might have been an expression of inner jealousy. After all, what did this performer ever accomplish? Other than having made six or seven records which hit the million mark?

After pondering over the issue we came to the conclusion that the gripe was well-founded. And could make for an interesting and controversial dissertation.

Besides, we were finding it increasingly difficult to come up with a new source of contemplation each week, anyway.

Hence, we have been preparing a well-manicured finger of scorn to appear in this space next week. Wherein we can take an uninhibited looksee at the operations of the flack. The record promotion man. The unsung hero of the typewriter. The essence of diplomacy.

That stalwart, tactful, blend of personality, tact and friendliness, whose completion of a self-appointed task drives him on to the accomplishment of an objective so vast that he derives his just pleasure merely by reviewing his successful attainment, and reflecting on a job well done.

But—this will be a fair and square analysis, with no holds barred.

Can't you see it now?

Watch for next week's column of "THE HALE You Say!" to read Natt Hale's treatise on 'Record Promotion Men.'

NATT HALE

### Hill & Range Acquire Rights To New Tune From Kanner

### Frankie Laine Recording Set

NEW YORK—Jerry (Doc) Kanner, veteran music man and president of Top Music Publishers, Inc., consummated a deal this week with Jean Aberbach of Hill and Range Songs whereby Hill and Range becomes the sole agents of the new tune "Snow In Lover's Lane." The deal was set through Hill and Range's attorney Ben Starr with the copyright remaining in Top Music control.

The tune was written last October by Fred Kelly, brother of motion picture star Gene Kelly, and Jerry Kanner. It made the rounds of the recording companies and Mitch Miller saw its possibilities. He took it out to the coast a few weeks ago and had it recorded by Frankie Laine, with its release due shortly.

Hill and Range has high hopes for the tune as attested to by the substantial advance given Top Music.

It is reported that besides the Frankie Laine recording, other top artists are set to do it.

"... 'OH SEBASTIAN' should be the first big wax hit of 1952."

# Best Selling Records

COMPILED BY JACK "ONE SPOT" TUNNIS

• Tunes are listed below in order of their popularity based on a continuing weekly national survey of thousands of record dealers by Jack "One Spot" Tunnis. Each listing includes the name of the song, record number, artists, and tune on the reserve side.

• The number underneath the title indicates the actual sale per 1000 records made for the week. If the figure is 67.4, it means that for every 1000 records sold that week, 67.4 were of the tune indicated—a combination of all the records on which it was available.

## Columbia & Armstrong Win Court Action To Stop Pirating

NEW YORK — Columbia Records and Louis Armstrong have obtained a sweeping injunction from the New York Supreme Court stopping the pirating of records by Paradox Industries and its president, Dante Bolletino, owners of the Jolly Roger label, according to an announcement by James B. Conkling, President of Columbia.

The judgment, issued by consent, contains a perpetual injunction against the "dubbing" or duplication of any Armstrong records or records made by any other artist for the Columbia label or any label now owned by Columbia. It also prohibits the advertising and sale of the pirated records and awards Armstrong damages of \$1,000.

"We hope this judgment will serve notice to all those engaged in pirating Columbia's records that the company intends to put a stop to the practice," Conkling stated. "If the company is obliged to bring any further actions of this kind, we will insist on damages for Columbia Records as well as the performing artist."

Conkling declared today that Columbia had waived its claim to damages because this was the first case which had been brought and the defendants immediately admitted their wrongdoing, agreeing to a sweeping injunction. In addition to restraining all duplication of Armstrong and Columbia recordings in the future, the judgment requires Paradox Industries, Inc. and its president Dante Bolletino to surrender to Columbia for destruction all the records which they have on hand, as well as all the masters and tapes from which further records could be made. More than 6,000 pirated records were due to be delivered to Columbia to be scrapped.

The judgment also prohibits the use of Armstrong's name and picture in connection with the sale of any phonograph records made without his authority.

Mr. Justice Thomas L. J. Corcoran of the New York Supreme Court signed the judgment which was submitted by Ambrose Doskow, a member of the law firm of Rosenman Goldmark Colin & Kaye, attorneys for Columbia and Armstrong.

The Columbia-Armstrong Complaint, the recording industry's first major court action to stop pirating, was based on proof that six Jolly Roger records were taken from recordings made by Armstrong between 1925 and 1932. In their Complaint filed last week, Columbia and Armstrong had served notice that they would ask the court for a temporary injunction pending trial. The defendants, however, consented to an immediate final judgment.

# Kickin' The Blues Around

with Sam Evans

James Martin, Chi distributor of MGM and Atlantic, is rumored to be getting the hot Specialty line for the Midwest. Label has some of the best in Blues. What with Roy Milton to mention only one. Camille Howard, long a Specialty product, is another steady seller on the company's roster of top artists. With Martin doing the selling and promotion Art Rupe can expect new profits heading his way; profits which will be needed now that there is a "Mrs." in the company. . . . Talk in the Windy City concerns nothing other than the huge 1952 International Coin Machine Exhibition held at the Hotel Sherman last week. Many operators from coast to coast came by train, plane and car. The exhibits were well placed and planned. The Cash Box had one of the most popular booths at the show. Marian Jones of New Orleans on hand with a big welcome and friendly smile at The Cash Box exhibit. Bill Gersh, Publisher and Joe Orleck, Editor and Advertising Director of The Cash Box were busy most of the time glad handing old friends and directing visiting firemen this way and that. . . . Leonard and Phil Chess at the convention and busy as two beavers with orders on the new Tab Smith and Lynn Hope sides, titled "Love" b/w "Soft and Easy" for Tab. And "Star Dust" b/w "More Bounce To The Ounce." . . . Pete Doraine, of Abbey Record Co., stepping into the Hotel Sherman for a visit. Pete all smiles with the response to his "You're My Baby You," by Elaine Brent.

A very personable and great guy named Vernon Winslow, deserted these shores some years back to try his hand in New Orleans. Aided by some clever people at a major advertising agency, Vernon was soon being known thruout the gulf area as Dr. Daddy-O. Today, commanding a major segment of the New Orleans Jazz audience, Vernon is branching onto two new shows in the Crescent City. As a deejay he owes his popularity to his real sincerity in producing and announcing his shows. An audience is a funny thing. You can't see them and they can't see you (we're talking about radio) but they have a way of sensing out your true intent and purpose. For Vernon, his wife Iris and their two little children, it's paying off with additional shows.

Another entry in the fast growing trend toward broadcasting from store windows is being done by Bill Green in Fort Worth (I think that's in Texas). Bill has a three hour shot six days a week and from the mail count its a great way to sell records and draw a crowd into your store. . . . A major record manufacturer, recently returned from a trip thru the South says: "Hy Davis, of WJXN in Jackson, Miss., is sizzling hot. The boy has a dual personality and doesn't depend on requests to make up his show."

Our hand was called a few days ago because we seemingly have overlooked some of our Chicago deejays. This is farthest from our mind. There is not enough space to even begin to mention half of the boys working here in the Big Windy. A few who come to mind (and we will cover the whole field) include McKie Fitzhugh and Al Benson on WGES. Then there is that old lazy lover of brew and soft bluesy tunes called Bill Wells, he's on WBBM right after this writer goes off the air. Eddie Hubbard spins like mad on WIND, with the hit tunes right out of the pages of The Cash Box. Fred Reynolds, of WGN, is a classic type deejay, he does not go in for new tunes, but rather for the true jazz classics of all times. His show is a great favorite.

On WENR, there is a youngster named Peter Lucas, who thinks nothing of mixing a Gershwin with a Lionel Hampton. And this is to good effect for Peter is really showing off two good musicians. At WIND, Larry Berrill is sending pop music onto the ether waves all night long; and is now on edge about his pending move to the sunny part of California. Bob McKee and Del Ward, take turns at WGN from midnite til 6 in the A.M. with both pop's and country music. On a recent nite they tallied over 200 phone calls from out of town. Oregon on the West and Maine on the East. Bill Oliver, a WGN mainstay, doing many of the top assignments, plus a beautiful "man on the street" five nites a week for a big chair, couch and bed man. Jim Lounsbury, at WIND, a former allniter, now doing his chores in much sought after morning hours. Now that Dave Garroway comes this way on TV in the early morning, nothing is sacred anymore.

(Sam Evans is the Jazz and Rhythm expert heard nitely on WGN, Chicago's Mutual outlet and on WBKB-TV.)

The great popularity of his "Flamingo" should be a stimulous for Earl to get real well soon and start turning out some more of these terrific sides. . . . Wini Brown has just inked a contract with Mercury. . . . The Little Ester-Johnny Otis troupe along with singers Mel Walker and Redd Lyte, appearing now at the Club Alabam in Los Angeles. . . . Joe Turner back in N. Y. last week for the first time since "Chains Of Love" made such a noise. He reports he played 126 one-nighters in 1951's last 150 days—a new record for this record hit maker.

Trash Gordon has resigned as dj over WOV in New York in a dispute with the radio station. He objected to having two complete 15 minute segments in his show which were all commercial. Since he only had an hour and a half show, taking one half hour of it all for commercials without any music would, he felt, lose his listeners and in the long run lose the station advertisers. . . . Willis Jackson moves into Birdland on February 26 for two weeks. This ton sax player, who hails from Miami, Florida, is often packaged with Ruth Brown.

Ella Fitzgerald, who penned her latest Decca release "Rough Ridin'" herself, opens a two week date at the Bandbox in Chicago, February 15. . . . Derby Records whose disking of "Wheel Of Fortune" with Sunny Gale and Eddie Wilcox, has taken the charts by storm, has consummated a deal with Gordon V. Thompson, for producing the record in Canada. . . . "Piano Parade" starring Art Tatum, Errol Garner, Meade Lux Lewis and Pete Johnson hits the concert halls for a three month tour starting in April. . . . Did you know that Jimmy Ricks, leader and bass singer of the Ravens, is an accomplished composer?

Plans for Atlantic's gospel subsidiary are going full steam. Forthcoming gospel disks will appear on a special label and already inked to contracts are the Rosettes and the Gospel Harmonaires of Richmond. Atlantic is currently negotiating with some of gospeldom's more important names to add to the roster. . . . The Billy Eckstine-Count Basie tour gets started in Oklahoma City on February 8. It will last for 40 to 50 days. . . . Cootie Williams, former featured trumpet player with Benny Goodman, is currently touring with Dinah Washington. . . . James Moody recently returned from a European tour.

**JUKE BOX OPS AT SCREENING**

NEW YORK—Juke box operators and their guests attended a screening of RKO's "The Las Vegas Story" recently, which features Hoagy Carmichael singing "My Resistance Is Low." Three hundred copies of the Decca recording were given out as prizes to the operators. In addition "I Get Along Without You Very Well" and "The Monkey Song" are featured in the film.

**Washington Disk Jockeys Go Out  
for All Night TV Shows**

WASHINGTON, D. C.—The question of whether or not disk jockeys can make the late hour transition from radio to television has been successfully answered in the nation's capitol. There, two of the most popular platter whirlers are spinning disks at hours when their contemporaries are either sleepily doing all-nite shows from their studios or commenting on every conceivable subject with just an occasional break for music from the bistro belt. Willis Conover and Gene Klavan, in TV shows that start at 11:30 p.m. and end at two in the morning are playing records to listeners and watchers at the same time. They show action pictures of the artists, clown themselves, pretend to sing or do any of a hundred other gimmicks to keep audience attention in the hours when TV in the Metropolitan area is all on film.

And it works!

Both Conover and Klavan enjoy big followings and have amazed everyone, including themselves, with the strength of their shows. Conover is formal, does his show while seated and is pretty much on the reserved side. His psychology seems to be one of plenty of soothing music and talk so as not to jar the tender nerves of the insomnia set catching the show.

Klavan is a madcap character with an "anything goes" approach and a

Garroway-like zaniness that pays off in a big plus for him and for the records that he spins. Klavan follows no format and usually kids his records and commercials with grimaces, cavoring and insane comments on the wax he whirls.

Paul Dixon's afternoon TV show in which he plays records in conjunction with a pantomime or freehand sketch of the action described in the lyric was picked up from Cincinnati and beamed Coast-to-Coast. While the Dixon show contains a great deal more "video" than either of these programs it is to be remembered that he is on at an earlier time. However, both Conover and Klavan are sponsored and are major music plugs in and around the Washington area.

Klavan, in particular, is a great natural talent. With Paul Brenner doing a marvelous job on WATV, Newark, in the evening and disk jockeys all over the country scoring heavily on local television stations it looks as though the fears that video would hurt the music business from the standpoint of cutting into the jockey are unfounded. As Klavan and Conover are proving in Washington and Dave Garroway is demonstrating in New York on his "Today" show: the disk jockey has a definite place in television all around the clock just as he does in radio.

**Columbia Issues "Girl Crazy"**

NEW YORK, N. Y.—Columbia Records has revived George Gershwin's "Girl Crazy" on records. Featuring such popular Gershwin classics as "I Got Rhythm," "Bidin' My Time," "Embraceable You," and "Not For Me" the album stars Mary Martin and features Louise Carlyle and Eddie Chappell with the orchestra and chorus under the direction of Lehman Engel.

"Girl Crazy" was produced by Goddard Lieberson.

**Day on RCA TV Show**

NEW YORK—Dennis Day joined the weekly RCA Victor TV show on February 8. He will alternate each Friday with Ezio Pinza.

The half hour program is carried from 8 to 8:30 by 47 stations of the NBC television network.

The commercial time on the show is devoted to the full run of RCA Victor consumer products which includes phonograph instruments and records.

**Rainbow Gets Active**

NEW YORK, N. Y.—Eddie Heller, head of Rainbow Records, has burst out into a rash of activity.

Heller this week announced the signing of the Piano Twins to an exclusive contract. He's also bought the master to "Why Do I Worry" which is sung by Art Treat.

Another recent acquisition is the pacting of Evelyn Brooks.

# THE CASH BOX FOLK and WESTERN ROUNDUP

WNPT, a Tuscaloosa, Alabama independent, is using 90% of its air time for country music. J. A. Thomson, Jr., who is program director, reports top area attention to the live and record shows on WNPT which features country music.

Mercury has recently acquired rights to masters cut by Boots Woodall of WAGA-TV in Atlanta. Two of the sides are already being pressed for immediate release.

Don Law, Columbia's country and western top man, spending a week in Nashville with sessions set with Columbia's Nashville artists.

Seen around Nashville during last week end were Jimmie Davis, (Decca) and Leonard Joy of New York.

Mercury is shopping for a country and western promotion man for the southern area following the format of other label's operations. Several experienced men are being mulled and a final decision is expected within a few days.

Jim Lipsey is carrying the country record chores at KNCM in Moberly, Missouri. KNCM is a full time independent and reports more reaction from their country music shows than any other on stations.

KMOX in St. Louis is back on the all-night country record spinning after having tried the pop biscuits for a month. Larry Caruthers is the man back at the mike doing his usual fine job.

Fred Rose, vet country song writer and publisher, spending ten days vacation in the San Antonio area with friends.

Dee Kilpatrick, Mercury's country topper, taking a recording and promo tour of D. C., the Carolinas, and Georgia as soon as duties in Nashville can be cleared. Kilpatrick recently took over at Mercury and now has several of the top waxings in the country field riding.

Contrary to recent reports, The Carlisles (Mercury) are not negotiating a non-travel place with WSM in Nashville. Negotiations now look as if The Carlisles will be a full time and full activity act at WSM in the near future. Their second release is setting them as one of the top writing and recording names in the business. WSM deal also includes Martha Carson (Capitol) who has been working with the Carlisle group at WNOX in Knoxville for over two years.

M-G-M recently cut sides with two KMBC artists in Kansas City. Early releases are expected on Allan Vaughn and Tiny Tillman of contractual complications can be cleared.

Mrs. Nell Seely, western song writer and enthusiast, lost her husband on January 21st in Lebanon, Oregon, where they have made their home for several years. Our sincere sympathy to Mrs. Seely who is very familiar to numbers of country and western artists throughout the country.

# THE CASH BOX "Folk" and "Western" Record Reviews

**"MILK BUCKET BOOGIE" (2:40)**  
**"SALTY DOG RAG" (2:51)**

**RED FOLEY**  
 (Decca 27981; 9-27981)

RED FOLEY

● Red Foley tosses his latest disk into the juke box derby and comes up with a winner that should catch its share of coins. This latest recording should take its place along-

side the other top numbers which Red consistently turns out. "Milk Bucket Boogie," a novelty that has been kicking up a rumpus, is given the usual excellent Red Foley treatment. A bouncy, tuneful number, it's set off effectively by solid instrumental backing. Milk in the bucket sound effects set up the proper mood. While the top deck may take off first, flip could also break into the active circle. "Salty Dog Rag" has all the necessary essentials. Listenable lyrics, a melodious rag time tune, and Red's fine vocalizing add up to a sock waxing. Ops should look in at these sides. They're potential clicks.

**"THE RABBIT WITH THE TWO BUCK TEETH" (2:26)**  
**"EBERT THE EASTER EGG" (3:06)**  
**MERVIN SHINER**  
 (Decca 27977; 9-27977)

● With the Easter season just around the corner Mervin Shiner comes to the wire with two cute novelties. The upper level is a catchy ditty with Mervin carrying the vocal and Jimmy Carrol handling the sound effects. The combo makes it an ok disk. The lower deck is a similar number delivered by the same artists effectively. The kiddies may go for these sides.

**"JUKE BOX CANNON BALL" (2:13)**  
**"SUNDOWN BOOGIE" (2:15)**  
**BILLY HALEY & THE SADDLEMEN**  
 (Holiday 113)

● Bill Haley belts out a fast moving, infectious ditty. Train effects help set the mood while the Saddlemen turn in a creditable supporting role. The results are good to listen to. Lower deck is a boogie beat that the artists drive home in a winning style. Ops might be interested in the top deck.

**"WHEN YOU WANT A LITTLE LOVIN'" (2:53)**  
**"LOVE SWEET LOVE" (2:20)**  
**YORK BROTHERS**  
 (King 1042)

● A tuneful rhumba treatment of a familiar number is given a polished reading by the vocalizing York Brothers. With the support of a strong guitar and engaging lyrics this waxing is brought home convincingly. Flip is a slow jump item which the Yorks sell in their stylish manner. Ops should look in.

**"YOU'RE A LOVIN' WOMAN" (2:38)**  
**"BOOGER BLUES" (2:28)**  
**LEON CHAPPEL**  
 (Capitol 1954; F-1954)

● Leon Chappel turns in an interesting platter by presenting a western tune in blues style. Leon's sincere vocalizing of this slow number makes this a likely item. Flip is a tuneful number also presented in a blues manner with the piano featured in the arrangement. Ops might like the lower lid.

**"LOVE ME OR LEAVE ME" (2:32)**  
**"IT'S ME WHO HAS TO SUFFER" (2:24)**  
**JIMMIE OSBORNE**  
 (King 1012)

● Jimmie Osborne takes hold of a catchy tune and delivers a first rate rendition on the initial end. The bouncy beat and rhythmic accompaniment make this a cute item. The lower half is in a more serious vein and here too Jimmie manages a listenable half. Our advice is to look in.

**"TWINKLE STAR" (2:22)**  
**"I CAN'T STAND THIS LONELINESS" (2:26)**  
**BOB WILLS**  
 (MGM 11163; K-11163)

● A wild, fast moving western item is dished up by Bob Wills in a spirited manner. This novelty number receives strong support from the Texas Playboys and the combo turns in a pleasurable side. The lower half features a jumpy beat wherein the same artists get together on a better than average waxing. Ops should look at both sides.

**"WITHIN THIS BROKEN HEART OF MINE" (2:55)**  
**"BESIDE THE ALAMO" (2:25)**  
**JIMMY COLLETT & THE ARIZONA RAMBLERS**  
 (Arcade 101)

● Jimmy Collett and Helen Kennedy chant a country weeper as they sail through a slow ballad. The Arizona Ramblers back the duo in solid style and bring in a sock dish. Flip is a beaty item with Jimmy warbling pleasantly. The Ramblers again supply able support. We like the top lid.

**"BUDED ROSES" (2:27)**  
**"I'LL BE LOVIN' YOU THEN" (2:31)**  
**RED RIVER DAVE**  
 (MGM 11166; K-11166)

● Red River Dave warbles a romantic ballad pleasantly. The Texas Cowboys team up with Dave and provide a capable backing resulting in a listenable waxing. The lower lid is a melodious tune that Dave and the boys handle in their usual strong style. Ops should take a peek.

# CMI SHOW SURPRISES

**Industry Surprised At Numbers Who Attended. It Was Not Old Time Jammed Convention, But Better Than Has Been Seen In Long Time. Many Horses Shown. Very Fine Games Pleased Ops. New Phono Gets Much Attention. Factories Visited By Many, Majority Of Exhibitors Pleased.**

CHICAGO — Because of the terrible weather Sunday few showed up at the Sherman Hotel and this caused many who were already on hand to believe that the CMI Convention would prove a dismal flop.

But, as the weather cleared late Sunday evening, and planes and trains began to come thru, by Monday noon the convention began to perk up.

By late afternoon Monday, with lines still waiting for rooms and others just registering, the exhibit floor became crowded and business began to flow all about the booths at the show.

Many scoffers were much surprised at the crowd. They are still surprised. What surprised others was that the scoffers themselves attended and that they even brought friends along with them.

It was not an old time convention, like those held in the early '40's with thousands registering the first day and hundreds continuing to register almost right to the last minute, jamming the hotels and the exhibits, but, it was one of the best crowds that has been seen by leaders in the field in a long time.

It certainly brought together a lot more coinmen than anyone ever expected. The result was that the greater majority of the exhibitors were plenty pleased with the business they did and the future leads which they received.

The trade having become accustomed to small conventions of a highly specialized nature, this sudden wide open show, was a surprise to all concerned.

Factories not showing at the Sherman stated that they were very well visited and that they enjoyed the traffic thru their showrooms, offices and entertainment centers.

There were many booths of horses and these garnered the major share of attention from all who were present.

But regardless of the large number of horses being shown there were very fine games of all kinds. These did a very fine business at the show.

The new phono being shown by H. C. Evans & Company at the Morrison Hotel also pulled big crowds beginning Sunday and continuing right thru the three official days of the convention.

Coverage of the majority of exhibitors revealed that they were very well pleased with the business they had received and also the many, many leads they had for their sales forces.

Some exhibitors claimed that it was the best business they had done so far this year. Others stated that tho they didn't do as much actual business as they had hoped to do they did receive a great number of leads which were sure to result in good business thruout the rest of the year.

The premium men were out in force and showed their wares right and left. Even distribs displaying games came thru with exhibits of premiums and this business kept going at a merry clip all thru the show.

The jokes regarding "the stock show of '52", and "this should have been held out at the stockyards International Ampitheatre where they really judge the horses" and "who's gonna judge the mares" and "where can we get the rights to the hay and the shovels" and "we're selling scratch sheets showing the best of the best", etc., etc., ad infinitum, brought a humorous touch to the show which, in the long run, helped carry the fun out to the surrounding factories and into the nighttime suites.

All in all it proved that if all the various organizations would get together on *The Cash Box*' suggestion of "All Shows Same Week" that the industry would, most definitely, see the largest crowds in all history in this city for the BIG SHOW.

# Music Machine Industry Presents Strong Case At Bryson Bill Hearings

## OPS STRONGLY URGED TO CONTINUE TO WRITE CONGRESSMEN

WASHINGTON, D. C.—The nation's music operators and juke box manufacturers converged upon Washington last week to explain to the Subcommittee on the Judiciary how destructive to the industry the proposed Bryson Bill would be and to correct the erroneous impressions about juke box operation which the Subcommittee had.

Under the leadership of Hammond E. Chaffetz, attorney for the manufacturers, and Sidney H. Levine, counsel for the Music Operators of America, a forceful, effective and clear case was put forth in opposition to the bill.

Answering Senator Kefauver, who testified at the opening of the hearings—since he was out of town when proponents of the bill were being heard—that the industry was controlled by gangsters, Chaffetz said that such hearsay testimony without any facts was a terrible wrong to impose upon the 99% of honest, hard working small businessmen who compose this industry. He pointed out that these men and their families live in communities where they have to deal with their neighbors and friends and to characterize them as gangsters without any evidence in fact is placing a most unfair and unwarranted burden upon them. In refutation of this accusation, one music operator after another—all respected and highly thought of men in their communities—appeared before the Congressmen to impress upon them the ridiculousness of the charge.

The operators then took up the impracticality of the bill in relation to their income and when all the figures were in, Congressman Bryson publicly said that he was amazed since he and the rest of the Subcommittee had been under the impression that an entirely different situation existed.

Most effective in the operators' cause was a survey made by Price Waterhouse and Co., one of the oldest certified public accounting firms in the country, which showed that the average operator with about fifty machines had an income after all expenses of about \$3,000—this both salary to himself and return on his in-

vestment.

It was clearly demonstrated moreover that the costs involved in the proposed bill would completely destroy the industry and at the same time accomplish just the opposite of what it intends to do—increase the income of the songwriter.

Samuel Penner, a Brooklyn operator, who has 60 machines, testified that in 1950 his sworn net income from his route was \$3,798. The cost to him for one year under the bill would be \$1,801.23 for royalties, at least \$2,600.00 for a bookkeeper and at the minimum \$36 for mailing. This is a total of \$4,437.28. Since as he reported he made \$3,798 last year, obviously the passage of this bill would put him out of business.

Operators from all over the nation, such men as J. V. Stone of Dallas, Texas; Earle P. Gore of New Orleans; George Herdon of North Carolina; Al Denver of New York; George Miller of California; C. S. Pierce of Brodhead, Wis.; and numerous other operators testified that the passage of this bill would destroy the juke box industry.

The manufacturers, too, were strongly represented. Such leaders in the field as R. C. Rolphing, President of Wurlitzer, David Rockola, President of Rock-Ola Manufacturing and C. T. McKelvey of Seeburg, spoke against the bill.

At the end of the hearings it was generally agreed that the operators and manufacturers had made a strong impression upon the Congressmen both in the sincerity of their argument and in its logic.

In summation, the operators' case consists of the following arguments:

1) Authors, composers and publishers are now being paid \$2,000,000 a year directly from the sale of records to operators, for it is estimated that 50,000,000 records are bought for juke boxes alone and a royalty of four cents is paid on everyone of them.

2) Compliance with the bookkeeping aspects of the proposed bill would be so costly and time consuming that its effect would be to put the operator

out of business, thus severely diminishing the sale of the 50,000,000 records which operators buy. The end result of this would be to considerably decrease songwriters' incomes rather than increase them as the bill purports to do.

3) The allegation that this bill would control a gangster ridden industry is completely without foundation since first of all this industry, far from being composed of gangsters, consists of hardworking small businessmen trying desperately to make a living in the face of rising costs and fixed charges, and second of all even if the industry were gangster ridden, the way to control it would not be to tax it in favor of another private organization.

4) The argument which ASCAP has been trying to foster that when the original copyright law was passed, which specifically exempted juke boxes from royalty payments, there were practically no machines and those that did exist were of the earphone type is totally erroneous for it has been

shown that the juke box industry was flourishing way before 1909 and that it was exempted from the original copyright law after due and deliberate consideration.

These arguments, which are as logical as any can be, were presented to the Congressmen for the first time at the hearings last week. They are now in a position to understand why operators have been fighting a life and death fight against the bill.

But now it is important that every single operator in this country follow up the excellent work which his representatives started at the Washington hearings. It is absolutely necessary to write to the members of the committee, let them know how this bill affects you, let them know how destructive and unfair it is.

When the whole truth is known, it is inconceivable that any elected representative of a free people would deliberately pass a bill to put about 10,000 honest hardworking, small businessmen out of business.

**THESE ARE THE CONGRESSMEN who are the members of the Subcommittee No. 3 of the Committee of The Judiciary who conducted the hearings on February 4:**

**These are the members of the Full Committee of the Judiciary, who will hear the findings of the Sub-Committee:**

**Emanuel Celler, N. Y., Chairman.**

**Francis E. Walter, Pa.; William T. Bryne, N. Y.; Thomas J. Lane, Mass.; Michael A. Feighan, O.; Frank L. Chelf, Ky.; J. Frank Wilson, Tex.; Peter W. Rodino, Jr., N. J.; Woodrow W. Jones, N. C.; Thomas Pickett, Tex.; Harold D. Donahue, Mass.; Lewis E. Graham, Pa.; Clifford P. Case, N. J.; William M. McCulloch, O.; Angier L. Goodwin, Mass.; Edgar A. Jonas, Ill.; Ruth Thompson, Mich.; Patrick J. Hillings, Calif.; and William E. Miller, N. Y.**

# Wurlitzer Consolidated Operations Net \$253,710.31 for 3rd Quarter

## Production of Civilian Items Cut As Defense Contracts Keep Increasing.

### Now Have Over \$18,000,000 on Defense

CHICAGO—R. C. Roling, president of The Rudolph Wurlitzer Company, released a financial report from the Chicago office showing that consolidated operations of the firm for the third quarter (October, November and December) resulted in a net profit of \$25,710.31, or 30c per share, after all reserves and provision for taxes as provided in the Revenue Act of 1951, as compared with a profit of \$301,229.40 for the same period last year.

Sales for the third quarter were \$8,692,780.32 as compared with \$7,983,169.61 for the same period a year ago.

"The production of pianos, accordions, electronic organs and coin-operated phonographs has been drastically reduced since last fall," stated Roling, "because of government limitation orders. To date we have experienced no difficulty in selling all of the civilian products we are permitted to make, and we expect no such difficulty in the foreseeable future. Also, there is no indication that the Government will permit us to increase production schedules this year."

Roling stated that production of defense items increased very substantially during January and indications

are that there will be a steady increase in production each and every month during the balance of 1952. Unfilled orders for defense items at the end of January were in excess of \$18,000,000. He expects to receive additional defense orders amounting to several million dollars during the next few months.

## Baltimore Ops Ass'n Receives Thanks for Christmas Baskets

BALTIMORE, MD.—One of the public relation moves by the Amusement Machine Operators Association of Greater Baltimore is the distribution of baskets to the needy at Christmas thru the local police department.

Irvin Goldner, president of the association, received a letter of thanks from Lieutenant William L. Hartung, who heads the Police Boys' Club.

The letter expressed the deepest gratitude of all concerned and the sincerest thanks and appreciation which was made possible to distribute baskets to 130 needy families. "I assure you," wrote Hartung, "the recipients of the baskets were really in dire circumstances and it is heartwarming to know that the Christmas Holiday was made brighter for these folks through your cooperation and thoughtfulness."

## Atlas Seeburg Service School Set for Feb. 14

DES MOINES, IA.—Atlas Music Company, this city, will have its Seeburg service school for all juke box ops in this territory on February 14 at the Ft. Des Moines Hotel here.

Phil Moss who heads the firm here reported that the school will start promptly at 9:30 A.M. on February 14.

He therefore, urges all ops and service and repair men to make certain that they set this date aside.

"Luncheon will be served," Moss stated, "right after the morning session."

"We believe that the information regarding our Seeburg Selectomatic Model B, which we have ready," he continued, "will prove extremely valuable to every Seeburg operator."

FINDINGS OF FACT AND CONCLUSIONS OF LAW FINDINGS OF FACT

- 1. On April 17, 1950, the Port Arthur Novelty Company of Port Arhtur, Texas, a partnership, composed of Earl Cooper, G. B. McAlphine and A. B. Hamilton, was purchased by George E. Clark and H. M. Rosen for the sum of Fifty (\$50,000.00) Thousand Dollars. The sale provided for the sale of the business composed of all merchandise, parts, slot machines, marble tables, pinball machines, automobiles, fixtures and equipment used in the business of the Port Arthur Novelty Company, located at 424 Proctor Street, Port Arthur, Texas, and provided for the use of the trade name Port Arthur Novelty Company. 2. On April 11, 1951, Mr. Clark, the managing owner of Port Arthur Novelty Company was made aware of the fact that the operation of slot machines in the State of Texas was to be banned by the Legislature. 3. The Port Arthur Novelty Company, during the period April 17, 1950 until April 11, 1951, sold no slot machines, marble tables or pinball machines at all. 4. Prior to its purchase by Mr. Clark, the predecessor operators and owner of the Port Arthur Novelty Company had been engaged in the same type of business as the Port Arthur Novelty Company continued to be engaged in after Mr. Clark's purchase. 5. The Port Arthur Novelty Company was engaged up until April 11 or thereabouts in the year 1951 exclusively in the operation of coin machine devices. These devices were on location at various points outside of the offices of the Port Arthur Novelty Company. 6. The total revenue received during the first year of operation of the Port Arthur Novelty Company under Mr. Clark's supervision was a gross of \$192,249.45, of which \$93,977.20 was received from slot machines, and of which \$98,972.25 was received from marble machines. 7. There was no other revenue received by the Port Arthur Novelty Company during its first year of operation by Mr. Clark which covered the period April 17, 1950 to March 31, 1951. 8. On April 11, 1951, on which date Mr. Clark became aware of the probability of the Legislature of the State of Texas banning slot machines, he decided after conference with his manager and others to liquidate the affairs of the Port Arthur Novelty Company. 9. From April 11 until August 29, 1951, at which time the Port Arthur Novelty Company had disposed of its last piece of gaming equipment, Mr. Clark was constantly in the process of liquidating the entire business known as Port Arthur Novelty Company. 10. The gaming devices, slot machines and other coin machine devices were

the property of the Port Arthur Novelty Company. They constituted the fixed assets of the Port Arthur Novelty Company and from April 11 until August 29, 1951 the Port Arthur Novelty Company was in the process of realizing upon these fixed assets.

11. At no time during the period when Mr. Clark was the managing owner of the Port Arthur Novelty Company, nor at any time when his predecessors operated the Port Arthur Novelty Company was that company engaged in the business of buying slot machines or other gaming devices for the purpose of reselling them in the ordinary course of business.

12. All of the transactions engaged in by the Port Arthur Novelty Company while that company was operated by Mr. Clark are contained in the stipulation filed in the record herein.

13. Since the slot machines, marble tables and other coin devices owned by the Port Arthur Novelty Company were not held for sale to customers in the ordinary course and trade of their business, the machines represented the fixed assets of the company and as such the Bureau of Internal Revenue had approved depreciation claimed on those fixed assets.

### CONCLUSIONS OF LAW

On September 10, 1951, U. S. Government Agents served a seizure warrant on Mr. M. E. Webre, United Fruit Company Whard, Poydras Street and the River in the City of New Orleans. Custody and control of these machines were maintained by the Government Agents until the 200 slot machines, which was the property seized, were delivered on September 11 to the Dupuy Warehouse. This seizure is predicated pursuant to the provisions of Public Law 906 of the 81 Congress, 64 Statutes 1134 and the sole cause to be determined by this Court is whether or not the Port Arthur Novelty Company, owner of these 200 slot machines, was a manufacturer of or dealer in gambling devices as set forth in Section 3 of Public Law 906 of the 81st Congress, which reads, as follows:

*"upon first engaging in business, and thereafter on or before, the 1st day of July each year, every manufacturer of and dealer in gambling devices shall register with the Attorney General his name or trade name, the address of his principal place of business, and the addresses of his places of business in such district. On or before the last day of each month every manufacturer of and dealer in gambling devices shall file with the Attorney General an inventory and record of all sales and deliveries of gambling devices as of the close of the preceding calendar month for the place or places of business in the district. The monthly record of sales and deliveries of such*

*gambling devices shall show the mark and number identifying each article together with the name and address of the buyer or consignee thereof and the name and address of the carrier. Duplicate bills or invoices, if complete in the foregoing respects, may be used in filing the record of sales and deliveries. For the purposes of this Act, every manufacturer or dealer shall mark and number each gambling device so that it is individually identifiable. In cases of sale, delivery, or shipment of gambling devices in unassembled form, the manufacturer or dealer shall separately mark and number the components of each gambling device with a common mark and number as if it were an assembled gambling device. It shall be unlawful for any manufacturer or dealer to sell, deliver, or ship any gambling device which is not marked and numbered for identification as herein provided; and it shall be unlawful for any manufacturer or dealer to manufacture, re-condition, repair, sell, deliver, or ship any gambling device without having registered as required by this section, or without filing monthly the required inventories and records of sales and deliveries."*

To this Court obviously the Port Arthur Novelty Company was not engaged in the manufacture of any devices described in Public Law 906. In addition, the Port Arthur Novelty Company was not a dealer in any of the devices defined in Public Law 906. To this Court the term "dealer" has a well defined and commonly understood meaning. A dealer, in the common acceptance, and, therefore, in the legal meaning of the word, is not one who buys to keep or makes to sell, but one who buys to sell again; one who buys the PRODUCT in quantities and parcels it out by sale in lesser amounts. The fixed assets, that is, the coin machine devices owned by the Port Arthur Novelty Company were not the products of that company. They were the fixed assets of that company. A dealer is also, in the eyes of this Court, a person who buys and sells for the purpose of gain and profit or who buys to sell to others at a profit and although a man commences to be a dealer from the moment when he buys the article WITH AN INTENTION TO SELL IT AGAIN, the term implies a habitual course of dealing and considered from this viewpoint has been defined as meaning one who habitually and constantly, as a business, deals in and sells any given commodity.

This Court is of the opinion that the business carried on by the Port Arthur Novelty Company does not fall within any prohibition of Public Law 906 and the Court is further of the specific opinion that the Port Arthur Novelty Company was not a manufacturer of dealer in gambling devices.

# THRU THE COIN CHUTE

## EASTERN FLASHES

We're back from the Chicago CMI Convention, and as noted in the feature story in this issue, the attendance, while not approaching that of the "old days," was surprisingly good. We make that statement as we intend to list the names of many of our friends we were most happy to meet up with once again, and if thru an oversight we omit any, we apologize right from the start.

We were in good company from the time we left LaGuardia Airfield until we returned home. On the plane leaving, the Convention bound coinmen included Abe Green, Runyon Sales Company; Jack Mitnick, AMI regional representative; Dave Stern and Tom Burke of Seacoast Distributors; "Senator" Al Bodkin; and Bob Luttmann. . . . All engaged in several contests of skills, and altho Dave Stern tried hard, he failed to score. . . . Al Simon, ChiCoin's representative, who had a flight out at 4 P.M., tried to get on the plane with those mentioned above, but didn't make it. He just had to wait for the next plane. . . . Air travel to Chicago was badly disrupted due to the fog in Chicago, which at times was ceiling zero. Coinmen coming in from all over the country, as well as Canada, were either cancelled out, or were landed hundreds of miles away. This condition brought many in around noon on Monday, whereas they should have been in Chicago on Sunday afternoon. The Philadelphia bunch were among those who arrived on Monday by train. . . . On our flight home, were lucky to be accompanied by Barney (Shugy) Sugerman, Si Redd of Boston, and Phil Greitzer. While at the show, we were told that many coinmen would have been in attendance, but they were in Washington, D. C. for the Bryson Bill hearings.

Many Eastern firms had equipment on display. . . . International Muto-scope Corp. displayed its Photomat and Shooting Gallery, with Bill Rabkin and Herb Klein on hand. In addition, Ed Denistor of the Crosman Arms Co., Rochester, N. Y., spoke with interested ops. . . . Sam Grossman and Leo Willens of Capitol Projector Corp. and Capitol-Electro-Pony Corp., were exceptionally busy with their mechanical horse "Bright Eyes" and movie machines. . . . Beauty Horse Sales Company, River Edge, N. J., a new firm in the biz introduced its horse "Beauty" and on hand to talk with the ops were Fred Rafinola, Bill Stayback and Henry Levitt. . . . The Blocks of Block Marble Co., had a wonderful display of parts and supplies. . . . Nat Cohn of Conat Sales, had his mechanical horse on display. . . . Eastern Electric, Inc., must have done well as their booth was always filled—due no doubt to the popularity of its representatives, Bill Bye, George Young, and Jimmie Martin. . . . Merry-Go-Round Sales, Inc., (Roc-A-Ride Sales, national distributors), represented by Sam Kohn had one of the most active exhibits of all. Plenty of interest in his horse "Thunderbolt," as well as many questions about the "Lun-A-Ride" "Rocket Patrol." . . . Mike Munves' booth was another booth where ops gathered and displayed considerable interest. Joe Munves tells he did exceptionally well with their new basketball game "Set Shot." As a matter of fact, Mike reported that he considered this CMI show the most profitable of any convention in which he had ever exhibited. . . . Harry Berger, West Side Distributing Co., displayed a line of premium merchandise, and was well satisfied with the business done.

Moe Fine, Roxy Specialty Co., Montreal, Canada, expects to leave for California from the show to visit with his sister. He's watching his diet now—on instructions from the medico. . . . Said hello to two vending machine men from New York—Moe Mandel and Jack Schoenbach. . . . Had a nice chat with several Canadian coinmen, among them Romeo Laniel, and Vince Barrie—also Art Lipton, mgr of Al Siegel's Toronto office, and Sam Schwartz, of the Siegel Montreal office. . . . Kibitzed some with Ed Wurgler, sales manager of The Rudolph Wurlitzer Company, who visited around the hall with his assistants Bob Bear and Gary Sinclair. . . . I. H. Rothstein and Al Rodstein, Banner Specialty Company, take an hour walking thru the Lobby of the Sherman, just greeting old friends. . . . Willie (Little Napoleon) Blatt, Miami, Fla., scared the daylight out of the crowd with those brilliant sports shirts. Willie spent a great deal of time visiting at the factories. . . . Another healthy Floridian with his usual big smile was Ted Bush. . . . Ozzie Truppman in for the show also. . . . Sam Taran, from Miami and Ted Gorman, from Jacksonville, were extremely active every day of the show. . . . The "Gold-Dust Twins" Max and Harry Hurvich of Birmingham, Ala., drop by and say "hello." . . . From upper New York State, we noted Al Bergman, Buffalo; Johnny Bilotta, Syracuse and Albany; Rex Daggert, Syracuse; Jimmy Bilotta, Newark; and Roger Sheppard, Watertown. . . . Baltimore was well represented with Horace Biederman; Sol Silverstein; Irv Blumenfeld; Harry Hoffman; Irv Goldner; Sam Weisman, and Moe Kaminsky. . . . Jerry Kertman, Rochester, N. Y., comes in from Miami for the show, and then back home. . . . Many of our friends from Philly—hope we don't miss any: Dave Rosen; Joe Ash; Sam Kohn; Lenny Schneller; Sal Groeteman; Abe Witsen; and Max Brown (brother Lyn of Los Angeles came along with Max after visiting his mother in Philly. Lyn tells us of his son Philip who's appearing in his 8th movie, "Mother" starring Loretta Young).

John Stewart and Bill FitzGerald of Ami, Inc., comes in from Grand Rapids, Mich. It gives them the opportunity to meet up with their distribs from all over the country. . . . Leo Weinberger, Southern Automatic Music, on hand to see what's what. . . . Our good friend Bob Buckley of New Orleans comes in, but Sam Tridico, the other half of the firm, stays at home. . . . Irving Morris, Newark, N. J. distrib, tells us that part of the airplane that crashed in Elizabeth some weeks ago landed in his back yard. He saw the crack up thru his back window. . . . One of the nicest couples, Mr. and Mrs. Tom Sherfick of Shoals, Ind., spends some time with us at our booth. . . . Harry Pearl on a diet—took off some 15 or 20 pounds. . . . Bert Lane, sporting a real Miami Beach tan, gets around. With him is brother Eddie, who's developed into quite an operator. . . . Dave Lowy hard to catch—here, there and everywhere. . . . Milty Green and Harry Berger get their pictures taken. . . . Sid Mittleman tells of his experiences in Switzerland some years ago. . . . Ed Ponder, Lakeland, Fla., ties up the H. C. Evans' phonos for his territory. . . . Pete Pieters, Kalamazoo, Mich., tells us he and the missus will be in New York in a few weeks—to visit his daughter, who's studying here.

Ben Becker, Bally's special representative, greets his numerous friends in the "Bally Suite." . . . Jack Nelson, Bally's sales manager, acts as host in their suite. . . . Sam Rabinowitz in action on the floor. . . . Harry Rosen and Meyer Parkoff, Atlantic New York Corp., hustle around. Harry intends to

# STOP ME IF I'M WRONG

By Willie (Little Napoleon) Blatt

The way I see it, the coin machine industry began with games of chance. Even tho they were accepted by the public they were eventually barred from most locations due to a combination of politics and greed.

The next step in the evolution of novelty coin machines was the introduction of penny machines. They lasted for a while and to a certain extent are being used today.

Next came the pinball machine. For a number of years they continued to amuse the public. However, they had to be rotated from time to time in order to keep the player interested.

Later on the One Ball appeared on the horizon. The game gave the player a chance to get free plays for certain scores. This kept the average player happy for some time. Then free plays were outlawed by many states.

About two years ago the coin machine industry produced a new game; shuffle alley. Like all types of entertainment such as movies, shows and songs, the novelty wears off very quickly. If you can't follow with something new stagnation eventually sets in.

That brings us to the present time and this article. After giving the situation a lot of thought I came to the conclusion that if you can't give the player a payout or free play, or switch machines around to keep his interest alive, there is only one thing left. That is competition amongst players. Therein lies the reason for the success shuffleboards and shuffle alleys have had in the past two years.

I then went a step further. I rea-

soned that if a player likes a game where he competes with five or six others, such as the present six player shuffle alley, why not design a game where up to four or six compete simultaneously. Eight months ago I designed such a game where up to six players can compete. The first player to bring his game to a climax is the winner. That automatically shuts off the current and ends the game.

Chicago Coin, the builder of the game, "4-Player Derby," showed it at the CMI Convention. I hope the game is a success as, outside the competitive angle, I believe there aren't too many ideas left on which to base a game.

If the idea clicks it might well start a new trend in the novelty coin machine business, using competitive and multiple play games as a basis. At the same time it will give the operator a chance to take in six coins in ninety seconds; the time consumed to play one game.

I also have a game with Williams and another gadget with A.B.T. Keep your fingers crossed as I might make some money at last.

*(Editorial Comment: The writer of this article has in mind equipment primarily suitable for individual locations (altho they may be used in arcades and amusement centers). Actually, to our knowledge, the first coin operated machine in history was in operation during the old Greek toga-wearing days. It was a water dispensing unit. The buyer would place a coin into an opening, which would release a catch holding a jar of water. He could then tip the jar and fill a cup with water.)*

## Monroe Coin Machine Exchange Named Distributors For Chicago Coin

CHICAGO—Ed Levin, sales manager of Chicago Coin Machine Company, this city, named Monroe Coin Machine Exchange, Inc., Cleveland, Ohio, the firm's distributors for the Cleveland area, opening day of the CMI convention (Monday, February 4, '52).

Both George George and Roy Monroe of Monroe Coin, were present at the time and were tremendously elated to hear of their appointment.

The four products which ChiCoin showed at the convention, "4 Player Derby", "King Pin", "6 Player Bowling Alley" and "Band Box", have al-

ready been shipped to their headquarters in Cleveland, O.

Both Geo. George and Roy Monroe stated, "We believe that one of the most outstanding lines in the industry is that of Chicago Coin Machine Company and, naturally, we are very proud to have been appointed exclusive distributors in the Cleveland area by this manufacturer."

Both Roy and George also stated that, "We are getting into immediate action and have notified our offices to instantly mail announcement of this appointment to all in our area."

Ed Levin, ChiCoin's salesmanager flanked by (l.) Geo. George and (r.) Roy Monroe of Monroe Coin Machine Exchange, all smiling happily as they announce the deal consummated a short while previous. The men are leaning against the factory's new game "4 Player Derby."

## THRU THE COIN CHUTE CALIFORNIA CLIPPINGS

This town, Los Angeles that is, is really going to the horses, or so it would seem from all the conversation generated along Coin Row by the showing of a dozen or so mechanical nags at the show in Chicago. . . . Among those traveling East were Jack Simon and Abe Chapman, who were interested, of course, in letting ops from coast to coast know what a thorobred they have in "Buccaroo". . . . Phil Robinson of Chicago Coin also made the trip with wife. . . . The head folks of Royal "Mustang" showed their horse in Chicago. . . . Lyn Brown, who's done a fine job as Exhibit's local distributor and who has made the whole town horse conscious, also made the show after visiting his brother in Philadelphia. Lyn told us he wasn't going back to see what the L. A. horse breeders were doing, that he could view right on Pico Blvd. But he was curious about all the rumors of new horses entering the race wearing colors of other national manufacturers.

Speaking of "Buccaroo," over at Jack Simon's, right hand gal Cele Padua says local ops are really looking it over with great interest and she's found that its a great ride, even side saddle. . . . With so many other jobbers concentrating on the horses, Al Bettelman reports that business is good at C. A. Robinson's, where the United "6" Player is still going strong and other games are also commanding their share of interests. . . . Fred Gaunt, who moved over there this week from Bud Parr's General Music brought a load of his good friends and customers with him. . . . Music Collections are also reported as holding up pretty well, with sales steady on Wurlitzer's at Paul Laymon's Rock-Olas at Dan Stewart's and the AMI at Nick Carter's Nickabob.

At Paul Laymon's, where floor space is being reserved for the winning horse as reported out of the Chicago show, new and used music are coming merrily along, as is Bally's "Spot-Lite." . . . The several 5-balls currently drawing op interest are Williams' "Horseshoes," Chicago Coin's "King Pin," which stacks up as a combination 5-ball and bowling game, and Genco's "Double Action". . . . Big news at Laymon's is the remodeling of their Palisades home by Paul and Lucille, featuring a glassed in lanai-patio overlooking the Pacific Ocean. . . . Charley Daniels reports he's trying to keep pace with the folks by knocking out a couple of walls from an outside room of his home and putting in sliding glass doors, so that in a clear day he can have a good view of the empty lot across the road.

Back from Mexico City, Acapulco and assorted beauty spots were Mr. and Mrs. Otis Anderson who stopped off with the Laymons for a day before returning to Portland. They were loaded down with a handsome tan and trophies of their hunting and fishing. . . . Left up Mexico way for another week of sunning and funning were Mr. and Mrs. Al Sleight, who made the trip with the Andersons. . . . On the Row: A. G. Pendergast of Ontario. . . . G. M. Buckman and Walt Schinkel of San Diego . . . Oceanside's Lloyd Dindinger . . . Roy Smith and Cece Ellison from Lancaster . . . Frank Johnson of Lynwood . . . Ingelwood's Gunder Olson and Bob Reck of Palm Springs. . . . Interesting news received here was that Ernie and Bob Shelton, music ops in Bishop and ham ops on the side, for one week were the only communication for their entire city via their own ham and police short wave during the big snow storm that isolated the town. Ernie and Bob won the gratitude of their fellow citizens by radioing out for necessary medical supplies and food.

## THRU THE COIN CHUTE MINNESOTA MUSINGS

Things were very quiet in the Twin Cities now that the coin machine show is in progress in Chicago. Some of those who left for the Coin Machine Show were Kelly Dietrich of Chaska; Arnie Tessmer of St. Paul and his wife; Herman Paster of Paster Distributing Company in St. Paul; Harold Lieberman, Jonas Bessler, and Lew Rubin of the Lieberman Music Co.; Bob Wenzel of the Automatic Games in St. Paul; Art La Beau of the La Beau Novelty in St. Paul, and no doubt many others.

Some of the operators who were seen in the Twin Cities the past week were Jeff Kost of St. Cloud; Leo DeMars of Ashland, Wis.; Lester York of Mitchell, S. D.; Gladys Potter of Fairmont; Kenny Anderson of Austin; and the Sieg Brothers from Augusta, Wis. . . . Percy Villa of Minneapolis left for the sunny shores of California, and will have a short vacation. . . . Some of the operators who were picking up records and supplies and equipment for their routes were Jack Harrison of Crosby; John Galep of Menominie, Wis.; Gordon Dunn of Moose Lake; Howard Schlecht of Duluth; Don Bolier of Baldwin, Wis.; Williams Hunder of Wheaton; and B. F. Kragtorp of Tracy. . . . In town and then out again were Andy Benna who made the long trip from Ironwood, Mich.; Jim Donatell of Spooner, Wis., and Charles Sersen of St. Cloud. Also seen in town was Mike Graves and his charming wife from Prior Lake. . . . Ed and Millie Birkemeyer of Litchfield are vacationing in Excelsior Springs, Missouri. . . . One route change consists of Frank George of Minneapolis selling his route to the Apex Amusement Company captained by Charlie Swahn.

## CHICAGO CHATTER

The pictures tell the story of the CMI convention. Tho the old time crowds weren't present, over 65% of the exhibitors claim that they did a great deal of business. And anyone with anything that looked good was in for plenty of business. All in all the show can be termed "successful from a business standpoint," if not from an attendance standpoint. Which, once again, causes this publication to urge the three organizations now current in the coin-biz to get together on "ALL SHOWS SAME WEEK" and really enjoy big, old time crowds, all over again. . . . Here we can only present a few highlights of what happened around the Sherman, the Chez Paree, in various suites and rooms, and here and there at the big factories about town. . . . Understand that United's plant was pahlently busy with Herb Oettinger, Bill DeSelm, Johnny (Beanbag) Casola, Ray Riehl.

Over at Bally the action was just as big. Not only at the factory but also at the Bally suite at the Sherman. Jack Nelson, Bill O'Donnell, George Jenkins, Tom Callaghan, George Huesman, Ben Becker, and that one grand guy who can charm anything living to love him, Ray Moloney, in action all during the show. . . . Dick Hood, Dick Hood, Jr., Les Rieck, Fred Morris and the other guys from Evans, busier than busy bees over at the Morrison Hotel, which was, at one time, even more crowded than the convention, showing their new 100 and 40 selection phonos and taking fistfulls of casheroo deposits. . . . The kind of thing we like to hear told to us by Harold Scott of the S. D. phono ops assn. Teddy Salvesson of Huron, S. D., is probably the youngest op in the northwest. Started to operate when he wasn't yet 18. Then just a short while ago, Uncle Sam drafted him into the armed forces. But, Teddy had never been to a convention. So he went up to his officer and asked for leave and got it.

Wonder if Joe Cohen will ever hear those wedding bells in Appleton, Wis. ? . . . Roy Monroe and Geo. George of Monroe C. M. Exch., Cleveland, two very happy men when they were named ChiCoin's distribs during the show. . . . Judge J. M. Braude noted Chicago jurist at the ChiCoin booths playing 4 Player Derby. . . . Ed Podner still talkin' that Tampa talk. . . . Art Lipton in from Toronto. (There were simply so many of our good Canadian friends present it would be impossible to list them all.) Art introduced us to dozens. . . . Irv Blumenfeld and Harry Hoffman of Baltimore on their way back home with zillions of sales of Evans' phonos dancing in their minds. . . . E. L. Fischer of Tipton, Mo., and Juan Garcia of Mexico City climaxed a deal for those pool tables that was reahly somethin'. . . . Harry Pearl of Elizabeth, N. J., just over the gout telling Stanley Allen of Buford, Ga., that sittin' in those Bona-Allen saddles made him feel like a million. . . . Herman Paster and Harold Lieberman, both of the Twin Cities, in a tense conversation.

Sam Schwartz of Montreal fell head over heels (almost) for horse riding. . . . Izz Edelman of Edelco and Moe A. Fine of Montreal in one of the big deals of the show. With Moe Fine of the belief (like many others were) that Izz Edelman has kicked up a winner in his bingo rolldown game. . . . T. S. Diehm of the Formica Co. beaming all over the place as he looked over the Formica boards. . . . Sam Rabinowitz throwing his arms about both Harry and Max Hurvich, "the Goldust twins" from Buhmin'ham. . . . Mr. and Mrs. Culp of Tulsa a marvelous couple. . . . Sweetest two couples (proving marriage does pay): Avron and Nancy Gensburg and Charlotte and Sam Lewis. . . . Mr. and Mrs. Myer Gensburg a handsome couple at the show. . . . Howard Pretzel and Harry Binnie of Ft. Wayne in deep conversation.

I. H. Rothstein with Lucy DeSelm and Murie! Casola and I. H. tells us, "Our new slogan from now on is: 'We Endorse Only The VERY BEST.'" I. H. and Al Rodstein caught hurry-up looks at the show while being greeted by one and all as they walked down the line. . . . Marvelous folks: Mr. and Mrs. Ralph Sheffield. . . . Looking like a zillion: Wally Finke with Joe (Skinny) Kline now looking like his shadow. And Mal Finke proving himself one of the really top, top premium salesmen. . . . Harold Saul and Carl Christensen looking it all over and being greeted from left to right. . . . Ben Coven and his charming missus, Trudy, entertaining Ray Haimbaugh, Gary Sinclair and Bob Bear at the Shangri-La. . . . Ed Wurgler, Rosey Rosenberg, Gary Sinclair and a dozen other Wurlitzer guys talking it over at the Bismarck. . . . Mr. and Mrs. Thomas Sherfick of Shoals, Ind., top phono ops of the midwest. . . . Vince Shay and Gil Kitt greeting Dick Hood and all three beaming from ear to ear.

S. M. Sparks of Soperton, Ga., showing pool tables. . . . Al Bergman happier than ever relaxing. . . . Jackie Cohen of Atlantic City, Abe Green of Newark, Barnet (Shugy) Sugerma of Newark, Willie (Little Napo'leon) Blatt of Miami, Lou L. Singer, Jimmy Martin, Leo Willens, Sid Mittelman, Alvin, Sol, Morrie, Dave, Nate Gottlieb, Samuel Wolberg, Hal Shifrin, Bob Shaeffer, Joe Abraham, Stanley Levin, and dozens and dozens of others just floating thru our minds right now. But some sweet items connected with em all. We'll tell you next week. . . . Frank Mencuri and Ford Sebastian looking over the first day's order for "Big Bronco" and smiling from ear to ear. . . . Harry Berger and Milty Green. . . . Ed Dennistor and Herb Klein. . . . And those two really old timers of the arcade field, Bill Rabkin and Mike Munves strolling arm in arm. . . . Bill Ryan, Sam Stern, Ted Bush, Ozzie Truppman, Irwin Margold, Irv Sandler and his bedroom scene, Sammy Kahn and his shlep-a-long cowboy suit, Clarence Camp and Sherman Hayes' dotter, Stephanie, Tommy Reid and Marian Jones, Dan Stewart, Phil Robinson and Al Simon, Abe Chapman and Jack Simon, Phil Moses and that gal on his lap. . . . And dozens of others.

Joe Brilliant and the very charming Mrs. Brilliant. . . . Ben Friedman and his bar bq sandwiches. . . . Dale Sauve and Joe Auton with J. R. Pieters in the background. . . . Bill Davis now in the jewelry biz. Used to be oldtime coinman. . . . Seymour Golden simply surrounded by guys who wanna sell him. . . . Vic Weiss and his Dad. . . . Billy Knapp and his wife. . . . Bill Fitzgerald, Jim Mangan, Everett Eckland, Jack Mitnick, Mike Spagnola and others from AMI. . . . The Ames Brothers in to say hello. . . . Cee Davidson from the Chez Paree. . . . Bert Davidson and Miss Photoflash. . . . Andy Oomens, Bob Gnarro, Andy Hesch, Bob Lindelof, Phil Levin, other Chi ops here, there and everywhere. . . . Irvin Weiler and Carl Hoe'zel inviting everyone to Kansas City for Feb. 17 and 18 to enjoy Uni-Con's big party. . . . Harry Lowenthal selling his Time clock. . . . Al Stern, Len Micon, Monty West and a gang at World Wide's big and attractive booths. . . . That pre-convention dinner for Williams' distribs. . . . Dave Stern. . . . Tom Burke. . . . Joe Mangone. . . . Arnold Hankin. . . . Bob Cronk, Joe Munves, Larry Ascher, Lyn and Max Brown. . . . Nat Cohn and Dave Simon. . . . Jake Friedman and Jimmy Martin. . . . Herb Perkins and Arlene Joyce. . . . Herb Gorman and Sam Taran. . . . Joe Elum, Chas. Robertson, G. H. MacFarlane, Wm. H. Fellmeth. . . . And so many, many, many others. We apologize because we just haven't the room to mention 'em all here. But, lest we forget—Lou Casola has become a rumba dancer par excellence. . . . Charles Sherman, Jim Hartley, G. M. Harrison, Si Walsky, R. E. Smith, Dave Goldstein, Gerald Allen. . . . Oh brother, let's halt!

# THRU THE COIN CHUTE

## DALLAS DOINGS

The fever for raising the price of music in coin machines is reaching a peak in Dallas. More and more operators are beginning to realize that with advance costs in other commodities it is becoming increasingly necessary to convert to ten cent play in the coin machines throughout this area. . . . The first really constructive move will be made Monday (Feb. 11) when Dallas' juke box operators will have a meeting to discuss the matter at Sammy's Restaurant. . . . Instrumental in geeting the group together are E. L. Cerwain and Mr. Guion of Guion Music Company. They have invited Gerald Yates of Wichita Novelty Company in Wichita Falls and Guy Kincannon of Waco to tell the Dallas boys how converting to dime play on their machines has improved business. . . . Distributors of coin machines will be in on the meeting to give operators the benefit of their ideas.

Says B. H. Williams of Commercial Music Company, "Since the war, the price of playing a record is the only item that hasn't doubled or tripled. Today the operator is paying 56 cents for a record instead of the 20 cents he paid before the war. His machine that used to cost \$300 now costs \$1,000. The cost of labor is four times as high as it was before the war. A truck to haul the machine around in and to make service calls costs three times as much as it did before the war." He points out that the cost of converting the coin slot on a juke box is only \$1. "Wurlitzer makes a kit that can be used on any type of machine," he says. . . . E. L. Certain and Gene Williams expressed the hope that after Monday night's meeting a majority of the operators would vote to convert their machines immediately. . . . The record distributors, too, are in favor of this conversion. They say that with the increased revenue the operators will derive they can buy more records and keep well stocked on all the latest hits. Business will be better for everyone. . . . As for the locations—it will mean better service, newer machines and newer musical selections. Looks like everyone will win. . . . Mr. Certain hopes to have each of Dallas' 65 coin machine operators at the meeting. "They should all be back from Chicago by then."

**Here's How You Can Get 40 Classified Ads Absolutely FREE!**

If you plan to use but one classified ad every so often. Let's say only one classified ad per month. Just 12 ads during the entire year. Each ad of 40 words. (40 words has been found to be the size of the average classified ad) These 12 classified ads would cost you \$48.

Each classified ad of 40 words, at the regular rate of 10c per word, would cost you \$4.00. Multiply the \$4.00 by 12 such ads during the year, and you arrive at the total of \$48.00.

For this very same \$48 you can get an additional 40 classified ads, also of 40 words each, absolutely FREE.

In short, by taking immediate advantage today of *The Cash Box* "Special Classified Advertising Subscription" you can get 52 ads of 40 words each (one ad for each week's issue of *The Cash Box* for the full year of 52 weeks' issues) for the very same price of \$48. You are actually getting a \$223.00 value for only \$48. A tremendous savings to you of \$175.00 if you act quick.

Here's how you save that \$175.00: You get 52 classified ads of 40 words each (actual cost of each ad is \$4.00 at regular rate of 10c per word.) This gives you a 40 word ad each week during the full year of 52 weeks' issues (52 times \$4.00) that is worth \$208.00. But, that isn't all, you also get a complete issue of *The Cash Box* each week (not just a tear sheet or a proof showing your ad only) which is worth \$15.00, the regular full year's subscription rate. A grand total value of \$223.00—All for only \$48.

You save \$175.00 and, at the same time, you get 40 more classified ads of 40 words each absolutely FREE—all for the same \$48 that only 12 ads would cost you at regular rate. Take advantage of *The Cash Box* "Special Classified Advertising Subscription" today! (Remember: *The Cash Box* publishes more classified ads each week than all the other magazines in the industry combined print in a month.)

Think! As materials grow shorter in supply. As merchandise and machines grow more and more scarce. You will want to buy merchandise and equipment you will need to continue profitably in business. Likewise, you will want to turn dead merchandise that is gathering dirt, dust and rust into cash. *The Cash Box* "Special Classified Advertising Subscription" gives you the opportunity to both buy and sell each and every week for the full year of 52 weeks' issues.

\* Enclose your first 40 word classified ad with your check for \$48 and mail right now to:

**THE CASH BOX**

**THIS WEEK'S USED MACHINE QUOTATIONS**

**How To Use "The Confidential Price Lists"**

**FOREWORD:** Many times, wide differences appear in the high and low prices of certain equipment. Like any true reporter "The Confidential Price Lists" can only feature the market prices as they are quoted. "The Confidential Price Lists" acts exactly the same as the market quotation board at the Stock Exchange—posting the prices as they are quoted for the past week, regardless of how much they may seem to be out of line. Some prices do not change for months. "The Confidential Price Lists," rather than show no price, retain the last known quotations for such equipment so that the subscriber at least has the last known prices as a basis to work with. Prices may be very widely divergent. Someone on the West Coast may feel a certain machine worth \$150.00 whereas someone on the East Coast may think it worth but \$75.00. Of course, serial, appearance, demand, territory, quantity, and condition of equipment must be taken into consideration. (Some equipment offered by outstanding firms, having a reputation for shipping completely reconditioned machines, will be offered at higher prices than others, due to the added costs of reconditioning.) "The Confidential Price Lists" reports each quotation exactly as it is made and depends on the subscriber to make average price adjustments to fit the peculiarities of his territory.

**METHOD:** "The Confidential Price Lists" should be read as follows: First price listed is lowest price for the week; Second price listed is highest price.

**EXPLANATION**

- 1. Prices UP
- 2. Prices DOWN
- 3. Prices UP and DOWN
- 4. No change from Last Week
- 5. No quotations Last 2 to 4 Weeks
- 6. No quotations 4 Weeks or Longer
- 7. Machines Just Added
- \* Great Activity

**This Week's Used Market**

Greater activity and higher quotations were noticeable features of this week's trading in the used machine market. All divisions enjoyed this increase and it seems likely that the trend will continue in the future. Now that inventory clearances have reached the diminishing point, prices are going to rise accordingly. Another factor that should continue this pattern is the shortage of newer games and a resulting demand for the used equipment.

The pin games showed marked increases in price over last week with activity remaining at a quite constant level. The popular pieces and the newer items proved to be strong again. The older and more dormant machines were surprisingly strong this week after the decline of the previous week's trading.

Music has been the big surprise during the last few weeks with activity reaching a point where it has almost tripled the

activity of last year. The important feature here is the fact that it is the newer post war games that have shared the greatest portion of the increase. As has been the case in the past, a great many machines have remained inactive but it has been the previously mentioned machines that have carried this division along. This week's bartering showed a continuation of this pattern of trading with nearly all pieces either holding their own or rising slightly in price.

The shuffle games remained a big contributor to the week's activity with all items drawing lots of activity. This heavy action was supplemented by increasing prices and it appears that the division will present an active market in the future too. Arcade equipment moved along at a steady clip with the entire division reacting similarly to the general condition created by all the sections of the used machine market.

The following was the most active equipment in this week's used market:
