Interest in Automatic Music Grows as Mfrs Present New Phonos. Leaders Liken Present Period to '34 - '35 Years.

FORESEE MILLION LOCATIONS IN FOUR OR FIVE YEARS

With the ease in the materials situation, and with the elimination of much other equipment from the coin operated entertainments picture, the automatic music manufacturers delved deep into their storehouse of ideas and creations and have been bringing forth some of the most outstanding juke boxes ever seen in the history of the music industry.

As one manufacturer after the other presents his newest line of machines and accessories, interest continues to grow and, at this time, the consensus is that music leads by far and wide in all manufacture of all types of coin operated entertainments.

Not only are the recognized automatic phonograph manufacturers receiving much interest from all the trade, but, some new ones are also expected to enter the field. One big deal is reported to be closed whereby a well known manufacturer, formerly never engaged in the automatic music business is expected to present a new type automatic phonograph.

All this causes leaders in the automatic music industry to believe that a new era has dawned upon the field. They liken this era to those early years of 1934 and 1935 when the present, modern automatic phono came into being, because of automatic amplification and a long play needle.

They point to 1934 and 1935 (in agreement with what *The Cash Box* has formerly printed) as the years when radio became extremely popular and practically forced a closing of the record manufacturing business.

It was highly illogical, as all those who knew the music business in those '34 and '35 years, to believe that, if the public wouldn't buy records for home use anymore, because radio had replaced the home phonograph of those days, surely they wouldn't invest a nickel in listening to just one tune emanating from a juke box.

The record manufacturers in those days, when approached by the writer, pointed out the complete illogicality of the public spending nickels to listen to a tune in a juke box when, for just a few nickels, they

could buy the record itself.

Certainly it sounded unreasonable to these people so thickly and stickily deep in the recording business. As they further explained, radio was the reason why they were going out of business. Because the public, they said, could now hear the music for nothing—no cost. Not even a nickel.

But what these music men had overlooked was the fact that radio built new stars. Like Bing Crosby, the late Russ Columbo, and many, many others, who zoomed to tremendous popularity almost overnight when their voices were heard over the radio receiving sets the public was enjoying in those days.

The public wanted to hear these new "radio stars" again and again, and still again. Only the juke box could logically satisfy this need. The juke box was substantially and basically sound. It allowed the public to play what they wanted to hear for as long as they wanted to hear it.

Again this illogicality of logic comes into being in 1952. This is the year when FCC opened wide the construction of over 2,000 more TV telecasting stations. And once again the juke box boom is under way.

Because this time the operators are looking far ahead. They realize that TV will, like radio, create new stars and new voices and new tunes and that, once again, the public will want to hear these new voices and tunes over and over again.

The juke box will play the truly perfect music of these new TV voices. The juke box will again offer the public the advantage of playing the songs of the new stars as long as it cares to listen to them.

The juke box business, therefore, looks toward a million locations within the next four or five years as the new TV stations get going.

This means double the number of juke boxes now on locations everywhere in this nation.

It also means sales of thousands of more juke boxes to every foreign country.

It will, without doubt, and within four or five years, prove the juke box industry the greatest musical network ever dreamed of by man.

THE NEW TUNES
THE NEW STARS
OVER 2000 TV STATIONS
THE NEW ERA
FOR THE JUKE BOX INDUSTRY

The tremendous growth and progress of the juke box business over the past 18 years, from no modern automatic phonographs on location anywhere in the nation beginning 1934, to over 550,000 juke boxes now on locations in 1952, is expected to be eclipsed many times over in the next four or five years.

By the end of 1953, all the 2,053 new TV telecasting stations for which FCC has granted construction rights, are expected to be in full operation. This will mean, in addition to the 186 TV telecasting stations now operating, approximately 22,000 telecasting hours daily.

The staggering number of over 8,000,000 hours of telecast time yearly.

Those 8,000,000 hours are bound to produce new stars, new tunes, new musical appreciation. That means, like with the start of radio's big years beginning in 1934, the public will want to hear the new stars and the new tunes over and over again—and again.

These future TV stars will learn, just as the present music stars did, that the most perfect rendition of their voice, their music and their favorite tunes, will be via recordings.

That's where the juke box, once again, like in the early days of radio, definitely fits into the big, overall musical picture.

It will surely mean, leaders of the juke box industry agree, possibly 1,000,000 juke boxes of all types (and without doubt many new types of juke boxes perhaps synchronizing the features and singing stances of the new stars with their recordings) on locations everywhere in this nation.

Even if taken from the standpoint of present day figures, there are currently over 5,000,000 retail establishments in the nation. At the present time the juke box industry enjoys about 10 percent coverage.

Four or five years from now juke box leaders believe that they will enjoy about 20 percent coverage. That

means about 1,000,000 automatic phonographs playing the new tunes and the new voices of the new stars which the over 8,000,000 yearly hours of telecasting are bound to create.

The most conservative estimates in the juke box industry point to a 50 percent location increase within four or five years. Even the more staid individuals engaged in the juke box industry estimate that this number will be reached if only because new type juke boxes are sure to appear on the market offering picture synchronization.

This means that the greatest era is yet to come for the tunesmiths, the publishers, and for all others engaged in the business of purveying music in its divers forms.

Therefore, those who have somewhat cringed at the future outlook for the music industry can take heart, if they will but think of the possibilities which logically confront them.

"It's illogical," leading executives in the recording industry stated back in 1934, when their business was down to its last ebb, "that the public will pay 5c. to hear a tune when radio is giving the public all the music it wants absolutely free and, further, it's silly to think that the public will pay a nickel a tune when, for a few nickels, they can buy the record itself."

Illogicality of pure logic was the reasoning of those executives eighteen years ago.

Now TV comes into the picture. It is already doing (and has actually surpassed) what radio did way back there.

But, now TV is starting to grow, as FCC's construction ruling indicates. That, once again, means growth for the juke box industry.

This is the new era.

This is the time for those who can see further than the tips of their noses to begin to plan ahead.

The future is brighter! Bigger! Greater! More outstanding than ever before in all music history.

Plunge in! Get going! Now!!

Sid Dickler (WHOD & WMCK-Pittsburgh) did his "Revue In Rhythm" shows from Pittsburgh's Hunt Armory during the week of May 6-11th inclusive. Marion Morgan, Don Cornell, Freddy Stewart and Ray Barber, appearing at local niteries; and Richard Hayes playing the local Loew's Penn with Les Paul and Mary Ford, dropped in on the "Mustache" for brief chats. The Pittsburgh newspapers grabbed a flock of photos which gave all loads of publicity. Dickler ran all sorts of gimmicks. Free passes, record albums, pictures, and promoted a couple of firms to give out with good prizes. . . . Jimmie Bell (KMAC-San Antonio, Texas) working about 18 hours a day—seven days a week. With his regular deejay shows, Jimmie has a Mutual Network hill-billy show on Saturdays and a remote singing and announcing job with a local pop band. . . . George Avakian was interviewed on the Bix Biederbeck story by Al "Jazzbo" Collins, WNEW-New York. Incidentally, "Jazzbo" will present his "Caravan of Stars" on May 20 at Carnegie Hall. Among the stars who will entertain are: Woody Herman, Dinah Washington, Tommy Edwards, The Mills Brothers and Herkie Styles. . . . Bill Silbert, formerly of WWJ, Detroit, starts a new three hour show on Dumont in New York. His first guest star will be Stuart Foster. . . . Ralph Richards (WLOW-Norfolk) will be married on June 8 to Mindy Chovitz of Portsmouth, Va.

ART FORD
(WNEW—New York, N. Y.)

Art Ford (WNEW-New York) happy about the response to his 11 PM Saturday shows. That's the show on which Ford uses the "Top Ten Tunes In The New York Area" compiled especially for him by The Cash Box . . . Dan Curtiz (WIP-Philadelphia) announced the station's 1st Annual Showmanship awards on his "C'Mon 'N Dance" show. The gals came in as follows: Patti Page, June Christy and Doris Day. The fellows: Buddy Greco, Eddie Fisher and Johnnie Ray. The bands: Stan Kenton, Billy May and Les Brown. Benedict Gimbel, Jr., prexy and general manager of the station will award trophies to the winners. . . . Gene Nelson has just come to Sacramento's KGMS from KPOJ-Portland. He will deejay a daily afternoon show. . . . Dottie Checchi, librarian WMEX-Boston, Mass., wants all her friends to know she has taken a leave of absence from the station for a few

months to recuperate from her recent operation. Dottie apologizes to her many friends for not having the time and the energy to write each a personal letter. . . . Bill Hickock (WXXW-Albany) has taken a liking to Burl Ives' waxings of "Wild Side Of Life" and "One Hour Ahead Of The Posse." Bill gave the two sides many spins one right after another and asked his listeners to send in their comments. One wrote suggesting Hickock get a rope and hang himself to get into the spirit of the thing. Another wrote "I was asleep. When does the posse go by again." As a result of Bill's efforts supplemented by Paul Flanagan's (WTKY-Troy) airings, the two tunes are stepping out in the Albany area.

Bud Wilson (WKBR-Manchester, N. H.) recently received an unusual but heartwarming request. A GI at the Korean front asked Bud to play a specified song for his mother and girl back home, with a dedication. Wilson was only too happy to convey this message from the other side of the world. . . . Wally Nelskog (KRSC-Seattle, Wash.) writes that "If You Would Only Be Mine," which he lists in his top ten, was written by western deejay Jack Rivers. Wally's spinning of the etching brought in quite a bit of mail, and now several major labels are picking it up. . . . Vinni De Campo did a few of the local New York jockey shows last week, including Jack Lacy, Paul Brenner and Don Russell. . . . Pete Ward (WARE-Mass.) writes "Every Friday from 5 to 6 PM I play the top ten from your lists, and tag each introduction with 'from Cash Box'."

THE CASH BOX DISK OF THE WEEK

"RUTZA RUTZA" (2:43)

"I'M SORRY" (2:48)

BOBBY WAYNE & JAN AUGUST

(Mercury 5857; 5857x45)

BOBBY WAYNE

● Vocalist Bobby Wayne and piano virtuoso Jan August team up on the top level to turn out an exciting piece of wax. The material

is based on a Hebrew chant that's reminiscent of "Tzena Tzena." This new tune is labeled "Rutza Rutza" and it moves along at a fast and lively pace. Bobby handles the lyrics in a stirring manner, backed with a choral group, and Jan August comes in with some wonderful piano runs. The total effect is a happy sounding side that begs for one hearing after another. The second dish features Bobby alone as he works his way through a new romantic ballad. The vocal rendition and the fine melody add up to another potent end that could easily score big. We look for the top lid to break and ops who wanna enjoy a deluge of coin oughta get with the dinking real soon.

JUDY LYNN

(Coral 60737; 9-60737)

- B+** "RIVERBOAT RAG" (2:50) Judy Lynn comes up with a spirited vocal to a jumpy novelty and with the Norman Leyden ork winds up with a strong end.
- C+** "BLOW OUT THE CANDLE" (2:35) Judy chirps merrily on the second level as she belts out another cute item. The Ray Charles Quartet lends added assistance here.

DOLORES GRAY

(Decca 28178; 9-28178)

- B** "TATTERED AND TORN" (2:37) Dolores Gray delivers a warm reading of a spright waltz tempo ditty that's folk flavored.
- B** "THE WORLD HAS A PROMISE" (2:57) A similar sounding tune is presented on the flip side and here too ops have a potent half.

OWEN BRADLEY ORCHESTRA

(Coral 60735; 9-60735)

- C+** "PLINK, PLANK, PLUNK" (2:38) The Owen Bradley orchestra turns out a pleasant rendition of an Anderson composition.
- C+** "THE PENNY - WHISTLE SONG" (2:29) A cute ditty is worked over engagingly by the ork resulting in a pleasing disk.

HUGO WINTERHALTER ORCHESTRA

(RCA Victor 20-4691; 47-4691)

- B** "SOMEWHERE ALONG THE WAY" (3:10) A lush orking by Hugo Winterhalter, a lovely ballad and the sincere chanting of Johnny Parker add up to a good lid.
- B+** "VANESSA" (3:20) The ork delivers a lively instrumental that flows smoothly. Composition and arrangement result in strong juke fare.

MILES EDWARDS & DAN BELLOC ORCHESTRA
(Jeb 3021)

- C+** "OPEN UP YOUR ARMS" (2:15) A slow, romantic ballad is chanted strongly by Miles Edwards and supported by the Dan Belloc group. OK for the waxes.
- C+** "SHADRACH" (2:20) A spiritual classic is handled dynamically by Edwards and here too he has a listenable side.

DANNY DAVIS
(MGM 11244; K11244)

- B** "ALMOST" (2:41) Danny Davis projects warmly on a slow and attractive ballad. The LeRoy Holmes ork backs fittingly.
- C+** "DO YOU EVER THINK OF ME" (2:46) Another ballad given top treatment by the same artists. More appeal on the first deck.

THE DINNING SISTERS
(Capitol 2082; F-2082)

- C** "I'M LOST" (2:25) The Dinning Sisters dole out some slow harmony to a plain sounding number. Eddie Ballantine sets the end up musically.
- C** "LOVE ME SWEET AND LOVE ME LONG" (2:22) A similar slow siding offering the harmony efforts of the girls.

BUNK JOHNSON JAZZ BAND
(Jazz Time 63)

- C** "CARELESS LOVE" (2:50) A small combo, the Bunk Johnson Jazz band, belts out an old time jazz rendition. Right locations needed here.
- C** "DOWN BY THE RIVERSIDE" (2:46) Flip is a similar sounding level that also needs proper placement.

LARRY FOTINE ORCHESTRA
(King 15177)

- C+** "STUMBLIN'" (2:30) An ok bouncer is sold stylishly by the Larry Fotine ork and vocalist Cathy Cordovan.
- C** "YOU CAN'T PICK ALL THE ROSES" (2:37) A country sounding ditty is offered vocally by Slim Hayes with an appropriate backing set up by the Fotine crew.

TOMMY FURTADO
(MGM 11245; K11245)

- B** "WONDER" (2:44) An attractive ballad is given an expressive reading by Tommy Furtado. George Russell presents the accompaniment and makes the disk good juke fare.
- C+** "YOU" (2:48) A wonderful ballad based on "La Boheme" is projected feelingfully by Tommy. If lid happens, this platter could get a piece of the loot.

'ROUND THE WAX CIRCLE

NEW YORK:

Some of the nicest guys in the business are connected with the "Songs For Sale" show. We guested on it last week and found it a well planned and entertaining hour and a half. Singing on the show that night were Tony Bennett, Sunny Gale and Larry Douglas. To give you an idea of Tony's interest in the underdog, he said to us before we went on "You know if you don't like the songs these people write, why don't you be kind about it and say something like, 'I'd love to love this tune but I can't or something else that won't hurt their feelings'". . . . The Grammercy label which seems to be zooming out of nowhere, already has 16 distrib. Cosnat is handling it for New York and New Jersey. . . . Sandy Sacks, who used to do disk promotion for Times-Columbia, now with British Overseas Airlines. Hugo Winterhalter back from a dj tour of Pittsburgh, Cleveland and Detroit for his new record "Vanessa".

TONY BENNETT

. . . Among those at the Westchester Operators Dinner last week who were seen having a grand time were Bill Hill of RCA Victor and Mac Clark of King Records. . . . Pinky Roller has acquired The Four Lads and Grammercy Records for disk promotion. . . . Coming up fast is Trudy Richards' record of "I Don't Mind". Trudy's one of the most promising newcomers to the recording field. Only she's not so much a newcomer that she doesn't remember back to her Horn and Hardart Kiddie Shows. . . . A great bet for a recording contract is Buddy Hall, former vocalist with Wayne King, who has one of the most attractive voices we've heard in a long while. . . . Artie Shaw's new book "The Trouble With Cinderella" should be of interest to almost everyone in the music business. . . . Vinni De Campo winning new friends among the N.Y. disk jockeys, he's been visiting this week.

CHICAGO:

A good time was had by all at Decca's cocktail party held at Linn Burton's Steak House in honor of Dolores Gray who is in town appearing at the Great Northern Theatre in "Two On The Aisle". Among those present were disk jockeys Marty Hogan, Hal Tate, Fred Reynolds, Bill O'Connor and Del Ward, Decca artist Bill (Lonely Wine) Snyder, columnist Nate Gross and Allan Jones of "Guys and Dolls". Dolores's latest for Decca is "Tattered and Torn" b/w "The World Has A Promise". By the way she has received rave notices from the critics here for her performance in "Aisles". . . . Percy Haid, the composer who was held prisoner at Dachau during the war, has had his latest, "I Remember When" recorded on RCA Victor by Eddie Fisher. The tune, done in waltz tempo, looks like another hit for all concerned. . . . Champ Butler, in town for a day or so, dropped by to say hello and told us he's heading for the West Coast where he will play Las Vegas first. . . . Johnny Holiday brought us a cut of his latest, "My Tears", a great recording. This boy really sings from the heart. . . . Barclay Allen the pianist who suffered a broken neck and had his spine severed in two places when his car went over a cliff some two years ago, is well enough to return to the record biz and has now cut two sides for Victor, "Cherokee" and "After You've Gone." Glad to have him off of the sick list once again. . . . Johnny Desmond's newest for Coral, "How Much Will I Miss You", which he composed as well, is really starting to move. Looks like this might just be the one Johnny has hoped for and deserved for so long. . . . Believe the hottest tune in this town is "Here In My Heart" which looks like it's heading for the number one spot, especially with practically every label coming out with it. . . . Ray Shaw, understudy to Allan Jones in "Guys and Dolls" was recently signed with Mercury, has cut his first side, and a mighty fine one, too, "I'm Yours", with Ralph Marterie and his Orchestra.

JOHNNY DESMOND

LOS ANGELES:

Les Sill, one of the best liked record distributing men in this town, going out of the business to concentrate on concert promotion, his first venture being the Earl Bostic clambake at the Shrine on May 26. Les' principal line, Remington out of Norbert Sales, now goes over to Gordon Wolf of Sunland Music, with the LP label pretty well established thanks to a good job by Les and his sales crew. . . . Dave Crawford, formerly with Norbert, will now be western states rep for the new Plymouth LP label, just launched by Jack Myerson out of New York. . . . Ran into Phil Harris (not the orkster) who tells us the new music store opened by him and Sammie Ricklin of California Music is going great guns at 416 So. Broadway. . . . Harriet Kay, Les Sill's right-hand gal, is moving over to California Music as jukebox record gal. . . . Harry Bloom of Mercury Distribs tells us his crew is really hopping these days with Georgia Gibbs' "Kiss of Fire" and Richard Hayes' "Junco Partner" taking off like a house afire too.

BETTE McLAURIN

Over at California Record Distribs, hardly recognized Jackie Haddad, several pounds heavier in the right places since we last saw her. . . . Must be that Jack Lewark is nice guy to work for. . . . They're busy enough, what with 21 lively labels, including the new Discovery out of Jack Bergman's Tempo setup in New York. . . . Jack tells us, and Mary Solle at Leuenhagen's bears him out, that there is plenty local demand for Art Morton's "So Exciting" on the new Harmony label, even with all the fine "Kiss of Fire" recordings now on the market. . . . Irv Gwartz of Lariat off on mid-west distrib and d-j tour. . . . Sorry to hear that Sammy Lane of International label just went through some major surgery and his wife had a bad household accident.

Irving Shorten of Allied Music tells us he has three selling pop as well as blues and rhythm in "Hope, Skip and Jump" by Lynn Hope on Aladdin, Derby's Bette MacLaurin on "I May Hate Myself in the Morning" and "The Five Keys on Aladdin "Mistakes." . . . He and the Mesner Bros. expect some real actio non their first Intro release of Doodles Weaver, titled "The Presidential Handicap". . . . Off to a flying start with Billy Eckstine headlining was the new Crescendo Club on the Sunset Strip. . . . Fran Warren and everyone else in music biz living or passing through this town first-nighted. . . . Mike Kurlan loves Don Cornell, and it's no secret, what with the Coral find knocking off two simultaneous big sellers, "I'll Walk Alone" and "I'm Yours."

RECORD REVIEWS

A DISK & SLEEPER

G GOOD

B EXCELLENT

C FAIR

B VERY GOOD

D MEDIOCRE

HENRY JEROME ORCHESTRA

(MGM 11240; K11240)

C+ "BOO-HOO" (2:35) A cute oldie is taken for a stylized ride by the Henry Jerome orchestra. Ray DeMeno handles vocal chores.

C "WHISTLE MY LOVE" (2:41) A light sounding ditty is dished up pleasantly by chanter and ork.

CINDY LORD

(MGM 11238; K11238)

C+ "AFTER GRADUATION DAY" (2:39) A slow and tuneful ballad chirped impressively by Cindy Lord. Appropriate with summer graduation around the corner.

B "SO DEEP MY LOVE" (2:46) A very pretty and melodic tune is delivered in an ingratiating manner by the thrush and backed by the Holmes ork. A good bet.

DICK BROWN

(King 15182)

C+ "GOTTA GO WEEDIN'" (2:41) A folk tainted number is dished up adequately by chanter Dick Brown while supported by the Sid Feller orchestra.

B "WHISTLE MY LOVE" (2:05) A delightful ditty is covered cutely by Dick Brown and ork. If tune builds this platter could happen.

KITTY CRAWFORD

(Angelique 1001)

B "EVERYTIME I LIGHT A CIGARETTE" (3:10) Soft voiced Kitty Crawford wends her way through a slow, pleasant number in grand style. Allison Singers help set mood.

C+ "LOVE BY CHANCE" (2:03) Another slow item dished up attractively by the artist. Ork is conducted by Jack Mason.

MANTOVANI ORCHESTRA

(London 1173; 45-1173)

B "LOVE HERE IS MY HEART" (2:51) A pleasurable instrumental is turned out by the Mantovani orchestra. Lots of strings add to this slow number.

B "MY MOONLIGHT MADONNA" (2:43) Another half of orchestral good listening. The lovely sound should go well.

THE CASH BOX SLEEPER OF THE WEEK

"HOOTIN' BLUES" (2:40)
"DANGEROUS WOMAN" (2:45)

SONNY TERRY TRIO

(Gramercy 1060)

● Here's a platter from way out in left field that should find its way to the top in a hurry. The Sonny Terry Trio, comprised of harmonica, guitar and maracas, offers a novelty that's truly different. The tune is tagged "Hootin' Blues" and the presentation easily explains the title. The small group, featuring the harmonica, comes up with a big sound while in the background some strange vocal hootin' is con-

stantly injected. This fast moving ditty is out of the ordinary, but carries lots of juke appeal that should catch on real quick. Our advice to ops is to get with it fast in order to take full advantage of the success the lid is gonna have. The under portion is a slow but forceful item that's delivered in a low down blues style. But it's the first one which should make all the noise in the boxes.

VINNI DE CAMPO

(Coral 60740; 9-60740)

B "RAINDROPS" (2:05) A wonderful tune with a pretty melody is given an expressive reading by Vinni De Campo and the Richard Maltby ork. A strong waxing.

B+ "I UNDERSTAND" (2:55) A lovely old ballad that's getting a revival is belted out sincerely by Vinni. If the number goes this should be there with the best.

ELLA FITZGERALD

(Decca 28181; 9-28181)

B+ "I HADN'T ANYONE TILL YOU" (2:59) Ella Fitzgerald comes up with one of her better efforts to date in the form of a grand old ballad. The artist makes it new again.

B "GEE, BUT I'M GLAD TO KNOW YOU LOVE ME" (3:08) Ella carries the second side. It's a slow tune that comes out as a pleasant half.

JIMMY DORSEY ORCHESTRA

(Columbia 39728; 4-39728)

C+ "TELL ME TRUE" (2:48) Pat O'Connor and Sandy Evans collaborate on a cute bouncer while the Jimmy Dorsey orchestra lends able assistance.

C "THE NIGHT IS FILLED WITH ECHOS" (3:10) The ork goes through a slow simple tune that's made to sound different via the echo recitation by Betty Cox.

TOMMY DORSEY ORCHESTRA

(Decca 28152; 9-28152)

B "HOMING PIGEON" (1:58) Tommy Dorsey and his crew come up with a novel treatment of a cute bouncy ditty. Francis Irvin and Charlie Shavers handle the vocal chores.

C+ "I GOT BIG EYES" (2:57) An effortless bounce is carried through listenably by the ork and vocalists.

DICK HAYMES & ANDREW SISTERS

(Decca 28213; 9-28213)

B "HERE IN MY HEART" (2:50) A big new ballad that's causing lots of excitement is given good coverage by Dick Haymes and the Andrew Sisters. Nelson Riddle orking adds to the lid.

C+ "I'M SORRY" (2:47) Another current ballad is treated to fine renditions by the vocal artists and ork.

BILL SNYDER

(Decca 28192; 9-28192)

C "MY MELANCHOLY BABY" (2:50) A grand oldie is given a stylish treatment by the piano playing Bill Snyder. Bill offers some pleasant mood music.

C "LONELY WINE" (2:55) Another half that features the deft piano work of Snyder. An ok dishing.

DANNY SUTTON

(Federal 14003)

B "IS IT TRUE" (2:18) Danny Sutton, new chanter, makes his offering a winning one. He handles a slow ballad in top fashion.

C+ "JOHANNA" (2:45) Danny again turns in a good vocal performance as he takes a slow number for a spin. Choral backing helps.

JOHNNIE RAY

(Columbia 39750; 4-39750)

A "WALKIN' MY BABY BACK HOME" (2:34) One of the better sides in the Ray album turns up as a strong single. Johnnie's stylized treatment of this oldie should click big.

B "GIVE ME TIME" (2:40) A slow oldie is given the Ray going over. The artist is hot and the lid should move.

THE MILLS BROTHERS

(Decca 28180; 9-28180)

B "WHEN YOU COME BACK TO ME" (2:42) A slow, mellow number is given the stylized going over of the Mills Brothers. The boys always make for good listening.

B "PRETTY AS A PICTURE" The group once again projects its warmth on a slow tune. The treatment should garner coin for the level.

GEORGIES' TAVERN BAND

(Decca 28167; 9-28167)

C "CLANCY'S CAFE" (2:29) A bar room number is done in waltz tempo by Georgies' Tavern band. Proper placement is necessary for exploitation of the disk.

C "I CAN'T SPELL SCHENECTADY" (2:20) Another bouncer is carried vocally by Lee Sweetland. This novelty also needs the right location to be effective.

TRUDY RICHARDS & ARTIE SHAW ORCHESTRA

(Decca 28190; 9-28190)

B "I MAY HATE MYSELF IN THE MORNING" (2:35) Trudy Richards works her way through a delightful Benjamin and Weiss tune. Her forceful delivery makes this a striking disk.

B+ "I WAITED A LITTLE TOO LONG" (3:00) A bright new tune is handled warmly. Should the tune happen, this rendition-is gonna grab lots of loot.

Four Hit Voices Make Four Busy Arms

TORONTO—When the Four Lads made a recent record store appearance in Toronto, Ontario, to autograph copies of "Turn Back," their Okeh release, the turnout was spectacular. The four youngsters are the harmonizing group that assisted so beautifully on the Johnnie Ray hits, and as a result rose to stardom on their own. The boys also joined with Dolores Hawkins to wax the popular "Heavenly Father."

The HALE You Say

by natt hale

While this reporter has included almost every facet of the recording industry in this weekly resume of heraldry, it has been brought to our attention that one solitary figure has been made conspicuous by our apparent neglect. By and large, the general lot of these unsung heroes of the business is obviously a thankless and unenviable one; save for the fact that the loot, (viz) the lush green seems to roll in like the veritable waves.

He is: The Artist Manager. . . .

Time after time, we have found it within our realm of responsibility to play host to one and another of these indefatigable gentlemen (and ladies) who feel it within their domain to bear the brunt of abuse, scorn and trials of their undertaking, all for a paltry 10, 15 or as little as 25 percent of some weekly stipend, thus depriving them of some 90, 85 or 75 percent of what should rightfully be considered theirs.

NATT HALE

Included in the multitude of duties surrounding the mentor of an artiste are such as: Bookings, travel arrangements, billing, selection of accompanying personnel, selection of surrounding acts, publicity, selection of recording material (Oh, yessss!), promotional tie-ins ("Darken Hansome says: I smoke "Weed" cigarettes because—"), selection of wardrobe, etc. etc.

Not the least of which is the angle of tying-in with the local rep of the record company for publicity, promotion and exploitation. ("How about picture 'breaks'?")

Naturally, there are all types of managers—just as there are all types of artistes. . . . One idol craves to satisfy the fans' demands for autographs, while another gives the teenagers the "Fuller" invariably. One hero welcomes the press interviews at any time, while the other doesn't like to be bothered—"See my manager. He handles all the small details. . . ." The real biggie makes it a point to keep in touch with the deejays and juke-box ops wherever he goes; the temporary star believes that his recordings are a Godsent gift of talent, for which the deejays and affiliated helpmates should pay warranted homage.

Be it as it may, lurking dismally or fortuitously (as the case may be) in the background is the Manager.

The Artiste Manager must be constantly on guard to protect his "property" from the sins and arrows of public acclaim, be they pointed darts or sprinkled with nectar. Toward him are directed the slurs cast by the jealous, the envious and the talent-lackers. To the star go the embellishments of the worship, the adulation and the fame. To say nothing of that undue 90 percent!

From our personal observation, there are more managers who prefer to remain silently behind the throne of the kingpin. As long as the job is being done, they appear to be genuinely content merely to observe the glory in which their client basks, all the time keeping a wary eye on the "take" at the box office. Incidentally, that's another important function, they tell me.

How long most performers last is, of course, a matter of conjecture. It varies, naturally, with the individual acceptance of the artiste by the public. Once his stock begins to fall, it can be ascribed to one, and only one character. His stinkin' manager!

When this happens, a hurried conference is called between the artiste, the manager, the agency principals, all of their respective counsellors and, usually, the parents of the artiste. (Sometimes the parents of the manager get the opportunity to have their say-so too. . . .)

The outcome is pretty obvious. Since the association has now become an unhappy one, a financial settlement is made and the "partnership" is severed. Both contestants wish each other luck (muttering under their respective breaths: "And I hope it's all bad. . ."), and trend their separate ways.

The artiste gets himself a new boy who swears undying devotion to his managerial charge and who will be perfectly satisfied with 7½ percent.

The manager discovers a "great, new sound" in the voice of a young Adonis who is found in a little dive just off East 54th Street, and prepares to face the onslaughts anew. A new partnership is formed, and the forthcoming singing sensation agrees that his new-found mentor is certainly entitled to 40 percent.

All the world prepares to hail the conquering hero. . . .

So you still want to be an Artist Manager?

Well—that's how it goes!

The Sunny Girl

NEW YORK—Sunny Gale (center), The "Wheel of Fortune" gal, is pictured here with Arthur and Katharine Murray following her appearance on the "Arthur Murray Party" over A. B. C. Television. Sunny opened at the N. Y. Paramount May 14 and her Derby record of "A Lasting Thing" backed with "I Just Can't Stand being Lonely" is already showing up on the best-seller charts.

Columbia Couples Johnnie Ray's "Walking My Baby Back Home" With "Give Me Time"

NEW YORK—Columbia last week released two sides from the new Johnnie Ray album back to back. There was some confusion for ops since the sides were switched at the last moment.

At first the two sides were to be "Walking My Baby Back Home" and "All Of Me" but afterwards the latter was changed to "Give Me Time."

"Give me Time" was considered to be a more commercial side in that it would get more disk jockey and public acceptance.

Therefore, the single disk from the Album which will be available to ops is "Walking My Baby Back Home" and "Give Me Time," Columbia No. 39750.

New System Of Reviewing Disks Started By "The Cash Box"

NEW YORK—Ops will be able to tell at a glance the commercial possibilities of new records with the inauguration of The Cash Box's new method of reviewing.

Beginning this week each record will be rated according to its coin drawing potential in the boxes.

The system used is based on an alphabetical measuring scale. A represents the Disk of the Week and Sleeper of the Week. B+ is excellent. B is very good. C+ is good. C is fair. And D is mediocre.

The editors of The Cash Box feel that the new method will help ops know immediately just what each new disk is about.

And the change in reviewing method is just one more evidence of the expansion of service which The Cash Box is constantly planning and executing for its readers.

Mercury Records Vic Damone's "Here In My Heart" In Europe With 40 Piece Band

NEW YORK—Mercury Records this week rushed out the new Vic Damone recording of "Here In My Heart" after receiving the tape from Europe.

When the race began on the fast breaking song, each company sought for the best artist it had to do it.

However at Mercury, the most likely artist was at the moment engaged by the U. S. Army as a soldier in Germany. Notwithstanding, an arrangement of the tune was made in New York, flown to Vic in Europe and a recording session set.

Backing him is a 40 piece orchestra composed of some of the top musicians on the continent.

The tape was received in New York on Thursday (May 15) and dubs were immediately made and released.

Liza Morrow Pacted by RGM

NEW YORK—Liza Morrow, King Records newest singer, has been signed by RGM Associates, Inc., to a personal management contract. Ray Muscarella and Sidney Ascher pacted Liza with the deal covering publicity and promotion in addition to management. Paul Brown, RGM's director of promotion will go on a ten day flying trip to the East and Mid-West to promote Liza's first King release due on May 26th.

The DJ And The Crooners

BOSTON, Mass.—Norm Prescott, WORL, Boston, dj is pictured above with singers Bobby Wayne (left) and Buddy Greco (right). Bobby has a strong contender in his Mercury disk "Rutza Rutza" while Buddy is making plenty of noise with "It's A Sin To Tell A Lie" on Coral.

MGM's New York Distrib Launches "Singing In The Rain" Contest For Ops

NEW YORK—Dick Cowitt, Sales Manager of Sanford Record Distributors, Inc., distributor for M-G-M Records, this week announced the release of its "Singin' In The Rain" album in singles for juke box play. To stimulate interest in the releases, Sanford will give operators a chance to win free MGM records, and will also supply free title strips.

Operators will be able to pick from such hits as "Singin' In The Rain," "You Were Meant For Me," "Make Em Laugh," "Moses," "Fit As A Fiddle," "All I Do Is Dream Of You" and "Good Morning." The disks will be packed in units containing equal quantities of all records in the album, in as small or large a quantity as the operator desires.

With each sub-unit of records, there will be a specially designed plastic sticker. This sticker is self adhesive and can be placed either on the inside or outside of the juke box dome. The operator who uses the greatest amount of these plastic displays and supplies a list of the locations that they are available in, will receive a free package of fifty records. Second prize will be 25, and third, fourth and fifth will be 10 records each. So that each operator may have an equal chance, he must list the total amount of the juke boxes he runs. A percentage figure will determine the winner.

Records will be available on either 78 or 45 RPM.

Atlantic Records this week issued a flyer on its hot money maker, singer Ruth Brown, with pictures and blurbs reproduced from Ebony, Jet and Cash Box Magazines. The spectacular and dramatic story of the young miss who rose from a choir singer in Emmanuel A.M.E. Church in Portsmouth, Va. to the star who is earning about \$200,000. at the age of 22, makes exciting reading. Her first recording, "So Long," made while she was still wearing braces as the result of an accident which broke both her legs, was an instantaneous hit and sold over a million copies. Two years later she made "Tear Drops In My Eyes" which has already passed the 1,500,000 mark. At the present time she has "5-10-15 Hours" and "Be Anything, But Be Mine," both high in the "Hot" charts all over the country.

Lew Simpkins, president of United Records, proudly announced the introduction of States Record Co. as a subsidiary to United Records. In nine months United has risen to one of the nation's hottest R and B labels. Twenty six distributors have been appointed to handle the new label. The first releases scheduled for May 18th, feature Paul Bascomb; a sensational new singing team, The Guy Brothers; and a gospel group called the Caravans. . . . Amos Milburn will be at the Ebony Club in Cleveland, July 14th. . . . Illinois Jacquet into the Birdland, New York, on May 15th. . . . Irv Marcus, sales manager of Peacock Records, will tour the east coast on his way to Florida. He will be back in New York for the NAMA Convention in July.

Mildred Bailey's classic recording of "Rockin' Chair," one of the great jazz interpretations of all time, has been reissued by Columbia. Mildred, had been identified with the Hoagy Carmichael melody throughout her singing career and earned national fame as the "Rockin' Chair Lady." . . . Looks as though the Dominoes have come up with another click. Their "Have Mercy Baby," on the Federal label, which we reported in last week's column, had got off to a fast start, has hit the 10,000 mark in the combined west coast and Baltimore areas in its first two weeks. This is even a faster beginning than that of their fabulous "Sixty Minute Man" which made them one of the top vocal groups of 1951.

Ralph Bass, in charge of the west coast for Federal Records, was in New York last week. On his way back home he stopped in Cincinnati for a recording session with the Royals. . . . Errol Garner starts at the Storyville Club, Boston on May 15th. His nimble fingers will entertain the clientele for two weeks. . . . The Clovers and the Roscoe Gordon team up for a tour of one nighters through Texas.

VARETTA DILLARD
(Savoy 847)

VARETTA DILLARD

● Varetta Dillard comes up with a driving jump and she belts it out with a spirit and gusto that should

shoot this waxing into the big time. Titled, "Easy, Easy, Baby," Varetta has a fast moving, rhythmic ditty that gives full scope to her vocal abilities. The thrush gives out with an expressive chant that's loaded with personality. Miss Dillard's cute delivery is given strong support by the ork which handles the exciting arrangement in sprightly fashion. The boys set up handclapping in the background that emphasizes the stirring beat. Varetta's sock chirping, a stimulating melody, fetching lyrics and contagious orking add up to a hot number. Flip, "A Letter In Blue," is a slow blues with a sentimental story that the talented vocalist does well by. We look for the upper lid to break big.

THE ORIGINAL GOSPEL HARMONETTES

(RCA Victor 20-4696; 47-4696)

ⓐ "NO, NO, NOTHING CAN CHANGE ME" (2:10) The Original Gospel Harmonettes drive out a fast moving spiritual in real jubilee style.

ⓑ "ONLY A LOOK" (3:05) Under siding is a change of page. The Harmonettes blend their voices on a slow inspirational number. Organ provides proper setting.

CLARA WARD

(Savoy 4036)

ⓐ "I WILL TRUST IN THE LORD" (2:44) Clara Ward sings a slow religious number in strong clear voice. Organ provides the musical backdrop.

ⓑ "I KNOW WHAT HE'S DONE FOR ME" (2:47) Second side is a similar item. Vocalist handles the slow gospel tune potently.

MARION McPARTLAND

(Savoy 846)

ⓐ "STRIKE UP THE BAND" (2:39) Marion McPartland gives an exciting performance on the keyboard. The pianist handles a fast moving piece adroitly as she skims the keys with amazing runs.

ⓑ "LOVE IS HERE TO STAY" (2:41) The chord sweeper uses a slow oldie to showcase her fancy fingering.

PETE McKINLEY

(Fidelity 3008)

ⓐ "CRYIN' FOR MY BABY" (2:15) Pete McKinley sobs out a slow blues item. Using racking "sobs" as novelty noises Pete comes through with a fair side.

ⓑ "MEAN BLACK SNAKE" (2:37) McKinley has another low down blues number that he sells with feeling. The chanter has a better disk on this side.

SLEEPER OF THE WEEK

"BIG BOY" (Part 1 — 2:41)
"BIG BOY" (Part 2 — 2:37)

JIM GIUFFRE
(Skylark 538)

● The Lighthouse All Stars, featuring Jim Giuffre on the tenor sax, belt out a wildish waxing that sounds as if the recording was made at a jam session. Titled, "Big Boy," the number is done in two parts. The All Stars, with Giuffre on the sax, and a combination of trumpet, trombone, piano, drums and bass to assist him, drive through an exciting arrangement that will have the jazz adherents jumpin'. The treat-

ment, which gives each member of the group a chance to shine, spotlights the real gone saxing of Giuffre who blows out the notes with a contagious fever. Shouts and screams in the background give the right touch to the spirit of the music. The boys go out in a blaze of glory amidst a bit of wild driving saxing and shouting. This disk is hot and ops should lose no time in putting them into their locations.

JOE MEDLIN

(Decca 28185; 9-28185)

ⓑ "I'LL ALWAYS BE WITH YOU" (3:10) Joe Medlin pipes a slow tune easily and expressively. Joe's top flight handling of the romantic lyrics is strongly backed by solid orking. This one has strong potential.

ⓒ "I'LL LIVE TO BE TRUE TO YOU" (2:51) Joe gives a slow ballad a soft and sexy reading that puts the lovely melody over. Another good side.

JOHNNY HODGES

(Mercury 8977)

ⓑ "BELOW THE AZORES" (3:00) The Johnny Hodges group belts a driving item with an exciting beat. The boys beat out a dynamic arrangement as Johnny gets off sock runs on the sax.

ⓒ "WHO'S EXCITED?" (3:03) Hodges and his instrumentalists turn out a pleasurable and danceable end with a smooth interpretation of a moderate beat.

BUDDY JOHNSON ORK

(Decca 28165)

ⓑ "I DON'T KNOW WHAT'S TROUBLIN' YOUR MIND" (3:12) Buddy Johnson and his ork give an impressive rendition of a slow fox trot with Ella Johnson doing a dramatic job on the vocal. This side should get spins.

ⓒ "MY ACHING HEART" (2:58) The boys run through another slow fox trot with style. Arthur Prysock is the vocalist and does a great job.

JOHN GREER

(RCA Victor 20-4685; 47-4685)

ⓑ "LONESOME AND BLUE" (2:40) John Greer and Damita Jo combine voices for a top flight job on a current plug favorite. The lush duet is supported by the Rhythm Rockers.

ⓑ "I NEED YOU" (2:28) Greer chants a strong voiced reading of a lilting melody in happy fashion. John's powerhouse selling of the cute lyrics helps make this a solid etching.

STASH CARTER

(Mercury 5845)

ⓒ "5-10-15" (2:48) A moderate bounce is given a solid vocal effort by Stash Carter. Stash's stirring delivery is softly backed by the instrumentalists.

ⓒ "I DIDN'T GO TO YOUR WEDDING" (2:54) Carter lends his appealing voice to a slow mellow ballad with sad lyrics. Effort comes off a good side.

LITTLE BILLY BIG

(Tempo 1260)

ⓒ "SLOW AND EASY" (2:25) Little Billy Big gives a soft mellow item an easy spin. Billy's deep voiced vocal is backed softly by his trio.

ⓒ "SO WHAT" (2:10) A similar number is given the same style treatment by the group.

GEORGE JAMES

(RCA Victor 20-4697)

ⓒ "SLOW AND EASY" (2:25) A slow instrumental is given a solid arrangement that features the saxing of George James. An enjoyable end.

ⓑ "FORGIVE ME" (2:44). The sax artist uses the current slow pop favorite as a showcase for his talented saxing and he brings in a pleasurable side.

CLARENCE LONDON

(Fidelity 3009)

ⓒ "GOIN' BACK TO MAMA" (3:00) Clarence London dishes out a slow blues dramatically. Clarence's low down delivery is given a string backing.

ⓒ "ONE RAINY MORNING" (3:00) London pipes another slow blues with feeling. Arrangement and backing are similar to top deck.

JOE TURNER

(Fidelity 3007)

ⓒ "JUST A TRAVELIN' MAN" (2:12) Joe Turner sings a moderate beat bounce potently. The ork backs the vocalist solidly as the arrangement features the brass section.

ⓒ "AFTER 'WHILE YOU'LL BE SORRY" Flip is a slow piece that Joe sells with a low down treatment. Vocal is good and full ork backing helps make this a contender.

PHYLLIS BRANCH

(Tuxedo 882)

ⓒ "THINK OF ME IN YOUR SPARE TIME" (2:30) Phyllis sings a slow ballad in sweet voice. Don Donaldson supplies a light subdued piano backing.

ⓒ "SMOKE GETS IN YOUR EYES" (2:30) Miss Branch does a smooth voiced vocal on the Jerome Kern oldie. Donaldson again provides stylized piano support.

Kickin' The Blues Around

with Sam Evans

Jubilee has a good bid for a hit in "I'm A Sentimental Fool" by the Marylanders. . . . A fine treatment of "Lonesome And Blue" is given by Big John Greer on RCA. . . . Sunny Gale pens from NYC about her coming engagement at The Paramount and her latest release "This Is My Last Affair"; and it won't be if it's anything like her "Wheel." . . . Mahalia Jackson, Illinois Jacquet, The Moon Mist Trio, Jack L. Cooper and yours truly were only a small part of the big line-up on Irv Kupcinet's all nite tele-marathon, for Cerebral Palsey victims, this past Saturday over WBKB-TV. . . . "Slow Caboose" has a weird type of sound that is attracting coin in the chute. . . . A fast riser on the charts will be "Moody Mood For Love." Its starting in the east and will catch across country, we believe.

Have been asked to review some King releases, but can't; we get no service. . . . The African Methodist Episcopalian General Conference, which meets once every 4 years, holding forth at Chi's big Coliseum. Delegates in from all over the world. Singers and groups rendering some of the greatest religious music ever heard. . . . Eddie Hubbard, WIND deejay in Chi., has parlayed "I May Hate Myself etc." into a top spot in record sales, which makes Derby happy. . . . Lucky Milinder spends most of the 5 min. on a long distance phone call to this desk raving about his pride and joy, a man child. The picture which came later by mail bears out his reasons for chest thumping.

A suggestion to promoters of dances, concerts and general appearances is: Include in your contract with the original booking agency, a clause providing for a certain number of disk-jockey interviews for the talent. Said interviews will definitely build interest in the affair and show up later in The Box of Cash. The reason for including it in your contract is due to the rash of laryngitis and sudden cases of tiredness suffered by too many acts, after the contracts are signed. . . . Virginia Wicks, who could be in movies, is busy with public relating for some of the top names in the biz. Right now she types notes on Ella Fitzgerald's "Goody Goody," plus "The Tisket-a-Tasket" gal being at Chi's Regal.

Frank Holsfien, owner and greeter at The Blue Note, not being satisfied with the headaches of running a nite-club, now is publishing a sheet called The Blue Note News. First edition is now in the mails to a patrons list of some 18,000. . . . Dr. Sigmund Spaeth, an authority on American Music, lecturing in the mid-west, plus having written the lyrics on "Down South," out on RCA by Spike Jones. . . . Jimmy Cairns, BMI wheel, is passing out the big Coronas. It's a girl named Christine. . . . Barney Fields, Paramount and famous song plugger, knocked for a loop, unconscious and loss of blood, as the result of a baseball game played in a St. Louis studio. Guys were horsing around using a broom stick as a bat, when the make shift bat slipped from the hands of a certain popular deejay and sailed across the room smack onto the tender nose of Barney. It was all an accident.

This battered Borsalino (pre-war) is doffed to Herbert C. Abramson of Atlantic label for his editorial contained in Vol. 1, No. 14 of News From Atlantic. Every record mft. in the nation could use this tribute to free enterprise and to the ultimate success that comes from a good healthy industry. . . . McKie Fitzhugh playing Louis Jordan on 5/25, at The Pershing in Chi. . . . McKie starting a new nite show from WGES, at 10 P.M. has chosen the Eddie Johnson version of "This Love of Mine," on Chess, as his theme. . . . Tom Merclin, of WTMJ Milwaukee, is presenting Duke Ellington, 5/25 at The Appleton Hotel in Appleton, Wis. Plus the dance and concert there will be a Jass Record Collectors Convention.

SAM EVANS is the Jass and Blues expert heard nitely on WGN, Chicago's Mutual outlet and on WBKB-TV.

Here's A Candidate For A Muscle Building School

NEW YORK—King Records, Cincinnati, decided to send its New York office a piano, and no sooner decided than it was done. About ten days ago, the delivery company notified Miss Morgan, secretary to Dewey Bergman, that the piano was downstairs. Neither

pleading, arguments, nor threats could convince the burly truck drivers to bring the piano up to the third floor.

Miss Morgan, a hulking 92 pounder, took a long look at the piano, sighed, shrugged her shoulders and walked away. Latest report has it that the piano is still downstairs.

Ban Lifted On "Junco Partner"

NEW YORK—The ban on Mercury's recording of "Junco Partner" by Richard Hayes was lifted last week almost as soon as it was imposed by the radio networks.

The ban came about because some prankster brought a completely different version of the lyrics to the network heads—one that wasn't used in the song.

The situation was cleared up when it was explained that the lyrics made no reference at all to dope, as it was supposed when the tune was banned, but rather that "Junco Partner" meant worthless man in Cajun.

The tune was originally cut on the Sittin' In label for the rhythm and blues market and sung by James Waynes.

Concert Given By Art Tatum In 1949 Heard In Full On New Release

NEW YORK—A brilliant one-hour concert by jazz piano virtuoso Art Tatum is heard on a new Columbia release. The Tatum recital, complete with enthusiastic audience applause, was recorded at the Shrine Auditorium in Los Angeles in May 1949. Gene Norman, West Coast disc jockey presented the concert.

Tatum's program ranges from jazz specialties and show tunes to semi-classics. From the Gershwin repertoire Tatum selects "Someone to Watch Over Me" and "The Man I Love." "Yesterdays," from Jerome Kern's score for "Roberta," gets deluxe

Tatum treatment. The spritely "I Know That You Know" by Vincent Youmans, is a vehicle for Art's celebrated variations.

His deft semi-classic touch is demonstrated in Dvorak's "Humoresque" and Molloy's "The Kerry Dance."

"How High The Moon," widely played jazzmen's anthem, is contrasted with a slower, special Tatum favorite, "Willow Weep For Me." Concluding the concert is "Tatum-Pole Boogie," a series of original variations on boogie woogie themes.

Tatum has been playing professionally since 1928, when he got his first job in Toledo, Ohio. It wasn't until the early 40's, however, that Art, after extensive vaudeville touring throughout this country and Europe, finally began to receive wide attention. By 1942, he had formed a trio and had made dozens of recordings, becoming one of the most discussed pianists in the country. After appearing at almost every jazz spot in the night club circuit, Tatum made his recital debut, bringing his intimate style to concert auditoriums in 1946. Since that time, he has been in constant demand for concerts.

TAX PROBLEMS THAT AFFECT YOU

by

Herman Jaffe, C.P.A.

Actors, artists, lawyers, accountants, engineers and other professional men have at last decided that it is high time that they too should be covered by some form of pension, annuity or security plan.

Representatives of these and other groups appeared before the House Ways and Means Committee last Tuesday, at a one-day hearing on bills to provide such an incentive for self-employed persons and others not covered by corporation pension plans, to set aside part of their earnings for their old age.

The KEOUGH and REED bills now pending would exempt from current taxes limited amounts of income paid into certain types of retirement funds and present taxes would be waived on such funds, up to \$7500 a year or 10% of annual earned income, whichever is less. When the person paying the money into such a fund reached the age of 60, he could either withdraw this money in a lump sum or as an annuity, and the money would then be taxed.

Another plan is the DAVIS bill, now in Committee. This plan would give taxpayers the right to invest up to \$10,000 a year, or 15% of their earned income, whichever is less, in a special type of U. S. Government bond which could neither be assigned, nor redeemed for at least five years and which would bear interest at 2% annually.

Testimony further revealed the fact that the taxpayers interested in these plans are not covered by Government Social Security nor by any private company pension plan, and that present high taxes prevent these people from putting money away for their old age.

I hold forth no optimism for the enactment of either of these bills at this session of Congress due to the fact that the Treasury Department is expected to oppose such legislation because of the loss of present tax revenue. However, the mere fact that even hearings have been allowed is a healthy sign that some legislation along these lines will eventually be passed.

Columbia Goes All Out On New 3 Speed Player Attachment Promotion

NEW YORK—Columbia Records last week introduced its new \$12.95 three-speed record playing attachment with an extensive promotion campaign set up by Irving Townsend, Advertising Sales Promotion Manager.

The new player was demonstrated for the first time on the Columbia-sponsored "Doug Edwards and the News" television program. Special tie-in promotions are being set by Columbia distributors and dealers in the 18 major markets reached by the TV network. First shipments of the player are being rushed to the TV markets.

Local advertising will be emphasized in the campaign, with Columbia joining distributors and dealers in extensive cooperative newspaper advertising. Theme of the player advertising and promotion copy will be "A 3-speed player at a 1-speed price."

Columbia has prepared a series of ad mats for local use, highlighting the "Never before" low cost for the player, which can be used with any radio or TV set.

With each player Columbia is packaging an 11-page catalog with nearly 300 suggestions for a record collection, listing items in specific categories such as opera, ballet, show music, symphonies, and concerti.

A promotion mailing piece has been prepared for dealer use, containing information about the player as well as suggestions for a basic record library.

The new \$12.95 player will be featured in all Columbia's national advertising during the coming months.

A Disk Promotion Man's Dream Letter!

NEW YORK—The following letter was received by *The Cash Box* music staff this week from Elliot Horne, who does such things for Columbia Records.

We think this must be a disk promotion man's dream—not to say nightmare:

Because of You, I can't go outside and walk in the bright sun. (So, *Please, Mr. Sun*, shine through my window anyway, huh?) I'd rather *Be Anything* than a typist at this moment. Or anywhere for that matter; even *Pittsburgh, Pennsylvania* would do. It seems *I'm Yours* each Friday about this time. Can't stroll *Ay-Round the Corner* for a brew or two, and if I sneaked out, I'd most likely feel guilty and *Cry* in 'em. (A most *Delicado* situation indeed.) During my lunch hour, I'll walk down 5th Ave. and *Hear a Rhapsody* of happy voices, but, I'll not be a part of it all. *Three Bells* will chime in my noggen; back to the machine, back to the machine, aah *What's the Use?*, *That's How It Goes*. *You*, its all because of you. If only you thought about me *Half As Much* as I did about you. *It's A Lovely, Lovely World*, and *Here In My Heart* is the urge to get out into it but I'm anchored to a Royal noiseless. You and your *Cold, Cold Heart*. All you say is, "*Give Me More, More, More.*" *Me and My Broken*

Heart mean zero to you. *You're a Little Doll*, and I love you but you're *Almost* too much. *So Help Me, Give Me Time* to romp a bit. For cryin' out Ray, *Who, Who, Who* the heck do you think you are? *Are You Teasing Me?*

Sammy Kaye Show Helps Voice of America

NEW YORK—As a result of having participated on "The Sammy Kaye Show," Saturdays, CBS-TV, 7 P.M., 18 year-old Bhinda Malla of Nepal, an independent nation north of India, became a broadcaster for Voice of America.

Bhinda visited this country in March and was selected from the studio audience to participate in Kaye's "So You Want To Lead a Band" contest. She won, and, at the same time, was spotted by an executive of Voice of America. As the State Department had planned to broadcast shows in the Nepali language, it was seeking a suitable person who could speak the language. Miss Malla was immediately signed to the chore of broadcasting to her native land.

Four shows were necessary to take care of all admissions sold.

Don Lapan conducts a one hour amateur country talent show on Modesto, Calif's KTRB each Friday night. There is plenty of talent available and voting is running high from listeners.

Shel Horton, m.c. of country shows for WVAM in Altoona, Pa. is working on plans for organization and first meeting of the proposed country d.j. association. Dates and plans are not yet set but ideas are for a three day meeting in a central location with all spinners of country records invited.

BULLSEYE of the WEEK

"JUST A LITTLE LOVIN'" (2:36)
"MY DADDY IS ONLY A PICTURE" (3:02)
EDDY ARNOLD
 (RCA Victor 20-3013; 47-3013)

artist uses his bag of vocal tricks and runs through the light bounce with happy spirit. The upper deck is titled "Just A Little Lovin'." Eddy gives the soft number a reading that puts it over in strong style. His stylized warbling, enhanced with an easy yodel, sends the song soaring and lifts it to the heights of his numerous successes. Arnold sets up his own musical backdrop with the accomplished guitar playing that has become a trademark of his. Ops who have had experience with Arnold releases will latch on to this one fast. The under portion is a slow country weeper that is treated to the soft voice and guitar of the chanter. The top plate is a must for the boxes.

EDDY ARNOLD

• Eddy Arnold comes up with another strong contender in a moderate beat ditty with a lilting tune and romantic lyrics. The western

EDDIE DEAN

- (Capitol 2086; F-2086)
- "COLD YELLOW GOLD" (2:27) Eddie warbles a moderate beat item with a sad set of lyrics and is assisted with a choral chant by the band.
 - "POOR LITTLE SWALLOW" (2:38) Flip is a slow sentimental thing that Dean sings with feeling. A soft, pretty melody and Eddie's vocal make this a good side.

CECIL LUNA

- (Coral 64131; 9-64131)
- "LOOK WHAT I'VE STEPPED IN" (2:41) Cecil Luna chants a rhythmic novelty number happily with the backing of a guitar and the steady beat of the drum.
 - "YOU'RE GONNA MAKE ME CRY" (2:39) The under portion is a slow weeper that Cecil sings soulfully employing his vocal tricks and nasal voice.

CURLY DAULTON

- (Columbia 20933; 4-20933)
- "ALL MY LIFE I'VE DREAMED" (3:07) Curly, assisted by Johnny Daulton's Western Swing Kings, turns out a strong side as he handles the slow sentimental ballad in an easy manner.
 - "BETWEEN MIDNIGHT AND DAWN" (2:59) Daulton warbles another slow and easy lament in polished style.

JACK RHODES

- (Columbia 20932; 4-20932)
- "I'VE LIVED A LOT IN MY TIME" (2:29) Jack Rhodes and his Lone Star Buddies belt out a bouncy religious piece that has a definite country tang. Jimmie Johnson is the lead vocalist.
 - "ETERNITY" (2:41) The group, with Jimmie Johnson again handling the vocal, drive a fast gospel number with zest for an ok side.

ELTON BRITT

- (RCA Victor 20-4694; 47-4694)
- "A RED RED ROSE" (2:51) Elton treats a slow sweet ballad to smooth and soft vocal effort. Britt's appealing warbling of the romantic lines receive a subdued musical backdrop and the total effect is excellent. Can't miss.
 - "ONE DRINK MAKES ME HAPPY" (2:20) A change of pace gets a solid ride. Britt sings the bouncy novelty infectiously.

CHET ATKINS

- (RCA Victor 20-4684; 47-4684)
- "SPANISH FANDANGO" (2:35) Chet Atkins gives a top flight exhibition of some fancy guitar playing as he races through a Latin number.
 - "YOUR MEAN LITTLE HEART" (2:30) Chet is aided by the Beasley Singers who blend their voices nicely on this slow mellow side. The Atkins' guitar is featured.

ROSALIE ALLEN

- (RCA Victor 20-4683; 47-4683)
- "TOMBOY" (2:15) A lilting piece with a cute set of words is given a saucy reading by thrush Allen. The band sets her up nicely and helps out with the lyrics.
 - "HILLS OF PRIDE" (2:45) Rosalie does a turn about and sings a soft, sweet tune warmly. Her chanting of the slow piece makes this a potent end.

JIMMY BOYD

- (Columbia 39733; 4-39733)
- "NEEDLE IN - NEEDLE OUT" (2:21) A merry bounce is waxed by the boyish voice of Jimmy Boyd. The fast moving novelty should appeal to the kids. Jimmy is accompanied by the Norman Luboff Choir.
 - "LITTLE TRAIN A-CHUGGIN' IN MY HEART" (2:04) Jimmy, again backed by the Luboff singers, runs through another happy novelty.

BIG DAYS AHEAD FOR COINBIZ

Music and Entertainment Equip't Drives Ahead. New Blood Keeps Entering Biz. Mfrs Trying Hard to Produce Newer and Finer Products. Vendor Biz in Boom. Continued Growth of All Divisions of Coinbiz a Certainty as Nat'l Collection Averages Continue to Go Up Because of Dime Play. Operating Efficiency Improves. Banks and Finance Firms Loosening Up With Cash Again. Leaders Predict Summer of '52 Will be Greatest in Coinhistory.

CHICAGO—Never before in all the history of the coin operated machines business has there been as much optimism prevalent.

Everyone believes that the Summer of 1952 may prove the greatest and most progressive in all coinhistory.

The reason? Because music has continued to go ahead faster and more furiously than anyone in this industry can remember.

In addition, entertainments of a nature and price never before known to the field, are bringing in new blood. And bringing in more and more new blood daily.

The vending machine business is enjoying a real boom. This is partially due to the army camps, naval installations and airforce bases.

But, in the main, it is due to the fact that the trade recognizes the need for more modernized vendors.

And also because, with other equipment out of the way, new vendors of all kinds are being called for at this time.

Biggest reason for all the optimism in the field is the fact that national collection averages are going up. And continuing upwards. Because of the installation of 10c play thruout the nation.

To the point where operators in every territory are now clamoring for dime play. And are even appealing to their local O.P.S. offices to prove that dime play is an absolute necessity if the operator is to survive.

Creeping into the picture are the words of leading distributors who state that their banks and many finance firms have, once again, approached them. And advised them that they are again interested in taking over "loans on sales of equipment."

This loosening up of the finance organizations about the nation, these distributors state:

"Means that we are getting right into the heart of a boom that is only and completely dependant on the manufacturers, and the products they give us to sell, while we have this sort of financial backing all over again."

There is also no longer any doubt that the trade is progressing, after a short stalemate, brought on by the lack of materials to produce equipment which would bring into being new blood, as well as better times for the operator.

In fact, as many oldtimers have already stated:

"The average operator should consider himself very lucky that the new products are so much higher in price.

"This means that he is being protected from having his locations knocked off by new blood were the prices lower."

Rock-Ola Ships Direct To Belgium From Chicago Entirely By Water

J. A. (ART) WEINAND

CHICAGO — Proving that Chicago, too, is today an ocean harbor, Rock-Ola Manufacturing Corporation, this city, helped arrange for shipment of a quantity of its new phonos this past week direct to Belgium, entirely by water.

The Norwegian ocean going freighter, S.S. Makefjell, accepted the phonographs here in Chicago at the foot of the Chicago River docks.

This ship will carry the new Rock-Ola juke boxes thru the Great Lakes, into the Welland Canal, via the St. Lawrence River, out to the ocean, and across to Belgium, where they are being awaited by one of the leading operators of Brussels, Belgium.

Full arrangements for the shipment was made by R. H. Belham Co. of New York, well known exporters, who handle the business for the Belgium operating firm.

"There is no doubt", J. A. (Art) Weinand, vice-president and general sales manager of Rock-Ola Manufacturing Corporation, stated, "that this will prove a thrill for all Chicagoans and, especially, for all juke box people thruout the country to learn that the European market is buying the latest model automatic phonographs in quantity."

Chicagoans, especially, are tremendously interested because, for a long time, leaders of this city have been attempting to arrange a waterway route to Europe.

Tho there are Holland, Norwegian and German ships, with specially built keels, coming into Chicago today, there is every reason to believe that the larger ocean going liners would also be happy to call here if there was a deeper waterway connecting this city to the Atlantic Ocean.

Direct shipment of the new Rock-Ola phonos, by the factory delivering them just a few miles from its plant to the Chicago River docks, where the Norwegian ship took them on as ocean going freight to Belgium, has enthused many here who foresee this as the beginning of direct-by-water shipping to Europe from Chicago.

Wurlitzer Reports Profit of \$1,059,884 For Year

CINCINNATI, O.—At a meeting of the Board of Directors of The Rudolph Wurlitzer Company held in Cincinnati, Ohio, on May 8, R. C. Roling, President reported the following results of operations for the fiscal year ended March 31, 1952—

1. Consolidated net sales were \$30,013,542.70 or 4.3% greater than the preceding year.

2. Consolidated net profit, after all reserves, state and federal income and excess profits taxes, was \$1,059,884.88, or \$1.27 per share of common stock. This compares with \$1,533,338.86 or \$1.84 per share for the preceding year.

At the May 8 meeting the Board of Directors declared a dividend of 20 cents per share payable June 2, 1952 to shareholders of record at the close of business May 15, 1952.

Production of civilian products, including pianos, accordions, electronic organs and coin-operated phonographs, was reduced last year on account of government limitation orders. There has been some relaxation of these orders recently which will permit slightly greater production this year, provided sales warrant such an increase.

Production of defense items increased steadily during last year and it is expected that production of these items will continue to increase during the current fiscal year. Unfilled orders for defense items total approximately \$20,000,000.00 at the present time.

Miami Ops Not Only Donate Juke Boxes—They Maintain & Service Them

W. M. BLATT

MIAMI, FLA.—The Automatic Machine Operators Association of Miami has found that its policy of donating used juke boxes to various teen-age clubs, churches, Jewish centers, homes, hospitals, youth centers, etc., serves a two-fold purpose.

Willie (Little Napoleon) Blatt, president, states, "Not only does the association and all engaged in the music machine business gain from the favorable publicity and good will gained in our community, but it offers the industry an opportunity to dispose of used phonographs which in no way conflict with the actual business of operating."

"Before any of the machines we donate are given away, the coin slots and cash boxes are removed so that they cannot be used for coin operation. The most important part of our donation is that when a machine is given away, an operator is assigned to maintain it and change records weekly just as if that was one of his regular locations. We have acknowledged that if the machine goes out of order and there isn't anybody to call to repair it, or change the records, the entire deed is made worthless, and it would be much better if we didn't donate any machines at all."

Blatt suggests that associations, and even individual operators, undertake a similar practice. "Gain the good will of your community at very small expense" pleads Blatt, "and at the same time the industry will be able to dispose of obsolete, used music machines."

NO UPHEAVALS!

NO BOMBSHELLS!

The AMI record changer *quietly* puts an end to many of the operator's service troubles. A sturdy stalwart, it advocates only the overthrow of overhead. Never radically changed for change's sake, this dependable mechanism is constantly improved; with all the old good kept and the new good steadily added.

The "D" is available in 80 and 40 selections, blond or mahogany cabinets.

L. A. OPS PUSH DIME PLAY

George A. Miller Advises "The Cash Box" That California Music Guild Is Taking The Lead In Efforts To Achieve That End

GEORGE A. MILLER

OAKLAND, CALIF. — Following the appearance of the story "L. A. Wants Dime Play" in the May 10 issue of *The Cash Box*, a communication from George A. Miller, president of California Music Guild (also MOA president), further enlightens the matter.

"We are in the process of setting up a Los Angeles Division of the California Music Guild under my jurisdiction at the present time" states Miller. "We and our attorneys are representing this group regarding ten cent play. It is my opinion and the opinion of our entire legal staff that the automatic phonograph business should never have been under controls as long as other types of entertainment were decontrolled. We further contend that the operators are not in violation of the OPS Act, and that it never was the intent of the Congress

to control a non-essential industry such as the Automatic Phonograph Business. Practically all other types of entertainment have been decontrolled, and here is an industry which receives its income on a voluntary basis and the OPS is attacking it. There is nothing about the automatic phonograph business that interferes with war industry or contributes to the high cost of living standards. The operators in California are prepared to go to court for the answer to this problem.

"The California Music Guild is now also representing the San Diego group on ten cent play, having just initiated a new association here under local autonomy affiliated with the California Music Guild, a state organization. There are four attorneys representing the operators which are associated with the California Music Guild at the present time regarding the OPS dispute. Harrison W. Call is the chief counselor. As is known, Call has been the chief counselor for the California Music Guild for the past fifteen years. Associated with him is Attorney Mack of San Diego; Attorney Rosenthal of Los Angeles and Attorney Leonard Dieden of San Francisco."

Officers elected to serve the San Diego Division in southern California are: Morris Sarver, president; Noble Craver, vice president; Stan Conant, secretary; and Tom Farrell, treasurer.

Miller also refers to the story appearing in the May issue of *The Cash Box* about the operators of Madera, who still are assessed a \$40 license fee, and have entered a plea with the city fathers for relief. "I am happy to have been able to assist these operators," states Miller, "and they have left this matter in the hands of myself and the California Music Guild. We have entered the plea for a reduction, and will handle it in the same manner as we do on all other such licenses."

Williams Introduces New 5-Ball "Olympics"

SAM STERN

CHICAGO—Taking advantage of the tremendous amount of publicity which is being given to the forthcoming Olympic Games being held this summer, Williams Manufacturing Company, this city, this past week started shipping its newest five-ball "Olympics" to its distributors throughout the country.

"The 1952 Olympic Games is front page copy, and will remain so for many months," stated Sam Stern, executive vice president and general manager of Williams Manufacturing Co. "This fact will give our new game 'Olympics' added value to operators, whose players in the large majority are sports minded. However, 'Olympics' in addition, has been designed to give the player many thrills in his playing of the game. Foremost feature is the opportunity to score replays in eight ways. There are four 'trap holes' which score 1 replay when the ball rests in each 'trap hole'; four full 'trap holes' light up the Thumper Bumpers to advance the gorgeously illustrated diver across and up out of the pool for 1 replay; three roll-over buttons advance the 'Bonus' and 2 become 'special' when lit and score replays; two flippers bounce the balls back into play; and one roll-over lane at the bottom of the game is good for 1 'special' when lit, or for 5 'extra special' when lit. In addition, the player can spell out the word 'Olympics' and shoot for high score, which is registered on the backboard glass in millions."

Stern further advised that "Olympics," after the most satisfactory of locations tests, are now available at all of its distributors throughout the country.

Examining the Works

BUFFALO, N. Y.—Several operators are pictured above giving the new Wurlitzer 1500 a thorough going over at Century Music, this city's Wurlitzer distributor. Left to right, they are: Bob Scott of North Tonawanda; Micky Anderson of Erie, Pa.; Dick McCann, Service Manager of Century Music; Bill Nesbit, Buffalo, N. Y.; and Charles Duggan of Century.

TV's "MARTIN KANE" POINTS "DOPEY" FINGER AT VEND BIZ

NBC Shows Great Private Eye "Martin (Lloyd Nolan) Kane" Beat Up By Dope Selling Subway Vendor Operating Outfit That Also Operates Pinball Games(?)

Sponsor Is U. S. Tobacco Co. Who Sells "Sano" and "Encore" Ciggies, "Old Briar" and "Dill's Best" Tobaccos. Anyway, Everything Is "Coincidental"

CHICAGO — This past week (Thurs., May 8) "Martin Kane," noted "private eye" on TV over National Broadcasting Company network, pointed a "dopey" finger at the vending machine business.

It seems that dope is now being vended thru machines by use of a very intricate slug which dope users purchase from some individual and when this slug is inserted into the machine, releases the packet of dope.

The scene of the vendor is placed in the subway. The vending machine operator is not only operating these vending machines in the subway but also operates pinball games.

If the writer for this show would have investigated he would have learned that the subways have their own vending machine units which are part and parcel of the subway systems.

He would also have learned that pinball games are absolutely not be-

ing operated in the subways.

He would further have learned that no such thing as an "unusual or intricate slug" could work but one part of the machine whereas all the other columns would remain inoperable.

The story itself is, by its very lack of investigation into the facts, just as dopey as the dope story it pretends to convey to the viewers.

It is certainly sad that a cigarette manufacturer, like U. S. Tobacco Company, makers of "Sano" and "Encore" cigarettes, should use this means for portraying dope peddling.

The firm also manufactures, among their many well known products, such outstanding pipe tobaccos as "Dill's Best" and "Old Briar."

Perhaps U. S. Tobacco Co. doesn't like vendors to vend their ciggies or their tobaccos.

But, as the windup shot on this "Martin Kane" show discloses, all is "coincidental."

Worst Winter In Years Causes Heavy Damage To Dakota Ops' Equipment

MOBRIDGE, N. D.—In one of the worst winters the Dakotas ever had,

operators throughout the entire area suffered considerable damage loss.

With major highways blocked for weeks by the snow, drifts became too high for plows to go through and traffic at times was paralyzed. The snow not only prevented servicing of machines but in some cases caused damage to their parts.

Among those who have reported losses are: Glenn Addington of Bismark, N. D. who had 3 phonos and 4 games ruined; Harold Scott of Mobridge, S. D. who had one phono and one game spoiled; Gordon Stout Company of Pierre and Ft. Pierre, S. D. which still has locations closed and had to move equipment to higher ground; and Mike Imig of Yankton, S. D. who had 3 phonos and some miscellaneous items ruined.

Chicagoland Ops Go All Out To Help Curb Juvenile Delinquency

Press and Disk Jockeys Back Up Donations of Phonos and Games To All Worthy Institutions For Teenagers

CHICAGO—With the first phone call from Robert E. Gnarro of A. B. C. Music Service Corporation, this city, which originated the latest effort on the part of the juke box operators here to donate old phonos to worthwhile charitable institutions in an attempt to help eliminate juvenile delinquency, the campaign has been growing in force and is, today, proving itself one of the most outstanding gestures made by Chicago's operators.

Howard Miller, noted disc jockey of Radio Station WIND, advised his listeners on one of his night time programs that the juke box ops here would give phonos free wherever it would help to curb juvenile delinquency.

Teenager groups, charitable organizations, churches, temples, and others, immediately wrote advising how necessary it was for them to have a juke box to continue their teen age clubs.

Following that, both Irv (Kup) Kupcinet of the Chicago Sun-Times and Tony Weitzel of the Chicago Daily News, made announcements thru their noted columns. More organizations phoned and wrote asking that juke boxes be donated to them.

Investigations have been made of the organizations requesting free juke boxes for their teen age groups and many have already been donated.

For example a letter from Steve Antonik of the Marshall Square Boys Club, 2628 W. Cermak Road, to Howard Miller of radio station WIND,

reads, in part:

"We wrote (after hearing Howard Miller's announcement on Sunday regarding the fact that the Chicago juke box industry would give free juke boxes to worthwhile organizations) the very next day and sat on the edges of our seats for the next few days.

"We learned that we were to receive the first juke box to be given away.

"Bob Gnarro is really doing a wonderful job keeping kids off the streets."

Others receiving free juke boxes are Monsiegnur Mulcahy's Maryville Academy in Des Plaines, Ill. The Association House of Chicago. The Olivet Institute. The Deborah Boy's Club of the Young Men's Jewish Council. St. Basil's Catholic Church in E. Chicago, Ind.

Many, many others are being given away with more and more requests pouring in for the old boxes.

Such outstanding operators as Bob Gnarro, Ray Cunliffe, Bob Lindelof, Jerry Schuman, and many others, are not only eager and willing to give juke boxes completely filled with records free to these worthwhile institutions and clubs to help eliminate juvenile delinquency, but plan to continue to service the phonos.

Bill Gersh, publisher of *The Cash Box*, was appointed by Chicago's juke box operators to arrange for the donating of the juke boxes and to handle all matters connected with this grand work.

Surprise!

NAT COHN

NEW YORK—Nat Cohn, president of Conat, Inc., this city, was tendered a surprise party by his wife, Lillie, this past Sunday, May 11, in celebration of his 50th birthday.

Not until the guests started to arrive at his home on Long Island did Nat know about the birthday party. "It was one of the most thrilling surprises of my life" grinned Nat.

In addition to his family and close friends, many of his long time business friends were on hand to join the festivities.

Marvel Thanks Ops For Waiting

CHICAGO—Ted Rubenstein of Marvel Manufacturing Company, this city, advised *The Cash Box* this past week that:

"I would most sincerely appreciate it if *The Cash Box* would advise everyone of the operators who are waiting for our shuffleboard scoreboards that we want to thank them for their patience."

Rubenstein explains that, due to the fire which the firm had a few months ago, it is still difficult for them to get into full speed production.

"Everytime we think we are getting under way," he reports, "we find something else wrong. Either it's the power lines, the wiring, or some of the new machinery.

"In addition," he states, "because of the fire we had we fell far behind with our suppliers and now, when we need all the materials we can get, we find ourselves up against it trying to obtain what we most need to complete the orders we have on hand.

"I will state," he continued, "that the operators have been extremely patient with us. We want to most sincerely thank them thru your great publication for the many courtesies which they have shown us."

Production started well under way this past week and Ted Rubenstein hopes that it will continue on ahead and even speed up.

Willie Blatt Calls For Greater Cooperation Among Various Divisions of Coin Machine Industry

MIAMI, FLA. — Recently a representative of NAMA, Pete Malay, headed up a regional meeting in this city.

Major point of discussion was closer cooperation among the operators of merchandise machines. One manufacturer who was in attendance, addressed the gathering and complained that he wasn't getting any cooperation from the Miami merchandise machine operators. It was explained to this manufacturer by one of the city's leading operators, that unlike the amusement machine operator, the man that operates merchandise vendors doesn't like to operate too many types of machines because: 1) it is easier and much more economical to stay with as few types of machines as possible; 2) it takes time to train his staff to repair and maintain a new type of machine; 3) he has to carry an additional stock of parts for repairs; and 4) he already knows the good and bad points of the equipment he is using at the present time.

This operator explained further that before the merchandise machine operator, therefore, can accept a new make of vendor, the machine must prove itself in every possible way, because unlike a novelty machine, it almost never becomes obsolete and takes much longer to amortize the equipment.

Receiving as much attention was the subject of lack of cooperation among the associations, whose members operate different types of coin operated equipment. It was pointed out that it could easily be understood why NAMA couldn't be associated with an association whose members

operated bell machines, or any equipment designated as illegal by authorities in that community.

However, Willie Blatt pointed out to the operators present that he could be compared to an average old time operator. "During the past quarter of a century" Blatt told them, "I have operated every conceivable type of coin operated machine. I now operate cigarette machines, Sunshine Cookie Vendors, Juke Boxes, and a few Shuffleboards and shuffle alleys, and I don't believe that I have undergone any physical or moral changes during the course of my 25 years in the business. My former friends are still my present friends, and I haven't that holier than thou feeling toward the people who operate only novelty equipment."

"I am of the opinion that due to certain changes in public opinion towards novelty equipment, more and more present day operators, like myself, will eventually have to add merchandise machines to their operations and it is poor sportsmanship and a detriment to the entire industry to continue this lack of cooperation. I fail to see what harm would befall our industry if the manufacturers of merchandise machines, juke boxes, novelty machines and arcade equipment would cooperate to the extent of holding their conventions in the same city and at the same time, so that operators such as myself, can spend one fare and stay away one week. Various exhibits can be held in different hotels, and the operators can visit any or all of them if he wants to and see all his friends—and all at one expense."

THRU THE COIN CHUTE
MOUNTAIN MISCELLANY

Old Mother Nature is making life pretty difficult for the good Salt Laker's these days. A very accurate description right now would be "Water, water, everywhere and not a drop to drink." One casualty of the flood was Ned Wightman, Spanish Fork, Utah, who was stuck for twelve hours in Spanish Fork Canyon, due to mud slides. It wouldn't have been such a casualty, according to Ned, if he hadn't been alone. Tsh. Tsh. . . Mr. and Mrs. Jimmy Allison, Bozeman, Montana, were the proud parents of a new baby girl, born Mother's Day at 6:00 P.M. weighing 7½ lbs. Henry Berg, Great Falls, Montana, spending a lot of time in the Glacier Park area, getting his equipment ready for the tourist business and also getting his cabin in shape to spend a lot of week ends there with his family during the summer months. Ernie Bronner, co-partner with Dick Gies, in the Flathead Music Company, Kalispell, Montana, installing a new two-way radio in his red convertible. These boys really take care of their service calls promptly when their office can report to them any place in the area within a few minutes time. Ernie and Dick are looking forward to a big increase in business this year with the new Aluminum Plant being built in the area along with one of the largest dams in the country being built at Hungry Horse. Al Nowels, local A.M.I. distributor is traveling through South Idaho again. What do you do Al? Live with those operators in that territory. . . The showing of the new "Golden Anniversary Seeburg" at the R. F. Jones Company on May 11th, reported a huge turnout. R. F. Jones was in town from the San Francisco office greeting his many friends from the Salt Lake area. Dropped in the Dan Stewart Company and found Bob Bever holding down the Salt Lake City office while Dan was at the Los Angeles Branch. Bob reports Rock-Ola's moving at a lively pace and that Big Bronco's and United 6-Way Bowlers are still moving out in quantity. Speaking of music understand from the W. H. Bintz Company, distributors of Columbia Records that little ten year old artist Jimmy Boyd has made a terrific hit with his recording of "Owl Lullaby" both on the Juke Boxes and with the retail dealers. Was quite a surprise and they were caught short on supplying same. The other side, "God's Little Candles" is very good too. From the Standard Supply Company, we hear that Coral's recordings of Don Cornell's "I'll Walk Alone" and "I'm Yours"; MGM's "Kiss Of Fire"—Billy Eckstine and "Half As Much" with Hank Williams; London recording "Dancing With Tears In My Eyes," Mantovani; and MGM's "Singing in the Rain" album are the top tunes this week. We're wishing Paul Spears good luck in his new location. He has just moved his Coin Machine Service Company from San Francisco to Santa Rosa, California.—Seen along the row this week were Ray Samuelson, Cliff Krantz and Max Horton from Salt Lake City; Mel Gardiner and Bud Chambers, Ogden, Utah; Cliff Beardall, Provo, Utah; Dave Lowry, Manti, Utah; Bud Gurley, Twin Falls, Idaho; M. C. Edwards, Boise, Idaho; and Don Chipps, Rock Springs, Wyoming.

Please mention THE CASH BOX when answering ads—it proves you're a real coin machine man!

THRU THE COIN CHUTE
EASTERN FLASHES

Shore and resort areas have been running into considerable hard luck these past week-ends. We've had an unusual amount of rain and it seems to fall on these week-end days which is the time coinmen and arcade owners are hoping to get off to a head start on the regular spring season. This condition, naturally, has reflected against business along coinrow. Sales of music and games to operators in resort areas has slipped, but wholesalers are optimistic that a few sunshiney week-ends will pep sales up considerably. Sales of new equipment, both music and games, however, continues exceptionally brisk.

The busiest wholesaler on coinrow, as we've mentioned in previous issues, is Mike Munves. Business this spring is sure to create an all-time record, according to Mike. He's particularly happy over the great acceptance of Exhibit's "Twin-Rotation," which he tells us are shipped out immediately upon arrival from the factory. . . Joe Young, Young Distributing, smiling cheerfully again—must have had some good word from the factory on shipments of the new Wurlitzer 1500 phono. Meanwhile Joe and Abe Lipsky make the rounds of the operators in their various areas. . . Dave Lowy, Dave Lowy & Company, who returned from a two week stay in Chicago, now busy seeing games operators in both New York and New Jersey. . . Teddy Seidel, American Vending Co. coinrow manager, spends an evening dancing to the music of Guy Lombardo at the Roosevelt Hotel, and has himself quite a time. . . Al Simon, Albert Simon, Inc., reports operators going for ChiCoin's new "6-Player Deluxe Bowling Alley." . . Max Schiffman, who's partner had been hospitalized for the past number of weeks, tells us he's back on the job, giving him an opportunity to slow up a bit. . . Looks like Hymie Koepfel, Koepfel Distributing Co., is taking the doctor's advice to "take it easy." Hymie is around, but is only doing the work of one man, instead of the two or three he's been doing for years. Meanwhile, the burden falls on brother Harry, who has had to step up his activities to take care of the orders for plastics and used phonos. Don't overdo it, Harry!

Lillie Cohn threw a surprise birthday party for hubby Nat this past Sunday, May 11, that absolutely floored him. Nat was sent out of the house on some errand that took several hours, and when he returned he found his house filled with about one hundred guests—family, neighbors and business friends. Food was served by the famous Long Island caterer, Genadeen, and the celebrating ran into the small hours of the next morning. Why a special party? Nat had hit the "half-century" mark! "I can't believe I've reached this age," remarked Nat, "I feel like a college freshman." Cohn, by the way, has spent the major portion of his life in the coin machine business. We wonder how many remember his first effort in the wholesale division—when he had national distribution for a pool table, and his office was in the Williamsburg section of Brooklyn? And then was a distributor for "Gyro" amusement game? Later, in association with Irv Sommer and Harry Rosen, conducted the Modern Vending Co., which was reputed to be the largest distributing firm in the business. Since that early start, Cohn has been absent from the business only a couple of years (1949, '50 and '51 we think). He's back in the distributing biz now, conducting the Conat Distributing Corp. Once a coinman, always a coinman, we say.

Barney (Shugy) Sugerman, Runyon Sales Co., relishes the idea that operators in his area look to him for advice and counsel, even on matters not pertaining to the coin machine business. Shugy spends many hours of the day with these men, but states "I'm only too happy if I'm able to help my friends." . . . Jack Mitnick, AMI's regional representative, who thinks he's a judge of a good record, will give us that "I told you so" when he notes that The Cash Box music department has picked "Hootin' Blues" as a "Sleeper" in this issue.

DALLAS DOINGS

J. A. Bigby of Italy says that the rain out his way has certainly improved business. He was in town this week over at Commercial Music Company buying shuffle alleys. . . Also buying shuffle alleys was Speedy "Judas" Walker of Waco. He says that business is good for him. . . W. B. Walton of Mineral Wells was in town this week looking over the new Wurlitzer, Model 1500. . . Horace Young is just back from a fishing trip. He has bought a new camp at Possum Kingdom. . . And speaking of fishing, Tommy Chatten and his two buddies Dutch Thornton and John Gacke, all of Dallas, have been fishing at Lake Texoma. They always get their limit. . . Vincent Lopez of Fort Worth says that business is good for him. . . Jim Powers of Grand Prairie was in town this week. He says that his business is improving every day. . . Also in town was E. E. Cole of Amarillo. . . We are sorry to hear that W. A. Groom of Jacksonville has been ill. . . Fred Ellis of Waco is stocking up on shuffle alleys. . . Maurice DeOliver of Brenham has recovered from a recent illness. Abe Sussman and Audrey Hunter over at State Music Distributors can't get enough AMI "D's" and Keeney Super De Luxe League Bowlers to satisfy the demand of the Texas operators. . . Mr. and Mrs. D. W. Cox of Waco stopped over in Dallas for a while. They were enroute to Denton where they were to see their son, who is a student at North Texas State College, play football. . . Saw Johnny Caldwell of Paris in town last week. . . Fred Borden of Dallas has been doing his fishing at Buchanan Lake. . . F. M. Sachse is also getting his share of fishing these fine spring days. . . Over at Commercial Music there is a blonde running the snack bar. Her name is Virginia Brock. Last week for the snack bar they flew in watermelons from South America and one day last week they even served pheasant. Fancy, eh? . . . Fred Barber over at Walbox Sales Company says that business is looking up—both the shuffle alley business and the phonograph business. In his place last week we saw the boys from Johnny's Music in Hillsboro, the folks from Underwood Music in Itasca and Winston Ward of Mount Pleasant.

THRU THE COIN CHUTE CHICAGO CHATTER

All glory (and great, grand, big orchids) to Chicago's juke box operators who are donating phonographs and records to so many, many needy institutions here. In an effort to curb juvenile delinquency, Bob Gnarro, Ray Cunliffe, Bob Lindelof and Moses Proffit, the first four to go out of their way to place an old juke box in perfect mechanical condition, completely polish and clean it, fill it with records, and send the phono over to some of the most worthwhile institutions in this city. The letters which have since been received from these charitable organizations are absolutely magnificent in their praise of these men and the entire juke box industry. It is simply grand to know that the Very Reverend Monsignor Mulcahy was so thrilled when Bob Lindelof delivered a juke box absolutely free to this noted Maryville Academy in Des Plaines, Ill. When Bob Gnarro delivered free juke boxes to the Old Town Chicago Boys Club, to the Marshall Square Boys Club, the Deborah Boys Club, the Association House, and to many other places. Ray Cunliffe is sending boxes to noted spots "back of the yards." As well as to Hazel Crest and Hegewisch. Moses Proffit is sending them out. His first to the Valentine Boys Club, 3400 So. Emerald.

These fine gentlemen are calling on all of Chicago's juke box ops to join in this great work lifting the status of the entire automatic music industry here to new and greater heights of honor and character. . . . Jack Nelson and Art Garvey in Cleveland working away on horses, horses and more horses and Jack advising, via longdistance, how great the Bally "Champion" horse is going. . . . Joe Abraham of Cleveland's Lake City Amuse. Co. is reported to be taking riding lessons now. . . . Bill DeSelm, Herb Oettinger and Joe Ash in a "gin" game. Over at United's plant. Winner unknown. . . . Which reminds. Bill DeSelm left his "phonitis" desk to dash downtown. And help one of the boys who had received a very tough traffic ticket. Bill to testify in the guy's behalf. . . . Herman Paster bouncing about town. Covering the noted mfrs. . . . Nate Gottlieb telling how impressed he is at their distrib meetings. The level of the industry going up higher and higher all of the time.

Johnny (Beanbag) Casola watching those Six Player production lines speeding up each day. Now becomes lonesome for the road. . . . Wally Finke and Joe Kline coming off the presses with an 80 page premium catalog. . . . Grant Shay is now ad mgr. for one of the large jewelry firms here in town. Gave up his advtsg agcy. . . . Paul Huebsch of J. H. Keeney & Co. eager to "get out on the road." Just waiting for Roy McGinnis to get back from Florida. Paul rightfully advising, "Much can be learned on the road." . . . Ted Rubenstein of Marvel Mfg. Co. very grateful to ops all over the country for their patience waiting for Marvel's shuffleboard scoreboard which are held back from speedy production due to the fire the firm had which practically razed the spot. . . . Harry Salat formerly with Al Sebring has now joined up with Paul Golden of LaRu Novelty. . . . The Chinese characters you see here spell: "Cash Box." They were written for us in Los Angeles by good friend Benson Fong. (Ah Fong's Restaurant at 8000 Sunset Blvd.) Benson was "Number One Son" in Charley Chan pics. One really swell guy.

Oldtimers claim: "The higher the price the better, unless you want to get your spots knocked off by new blood." Few, who have been in the coinbiz for any length of time, can dispute it. . . . Ted Bush of sunny Miami writes to advise, "If I had about a thousand Wurlitzers right now I still wouldn't be able to fill the sample orders we have." . . . Dave Bender at Ben Coven's advises, "We're as near to you as your telephone." Dave also adds with a twinkle, "If you're phoning to buy equipment we'll pay the phone charges." . . . Harry Katz of Streamliner going ahead with 24 hour servicing for all ops in this area. . . . Ben and Trudy Coven are moving into one of Chi's hotels. While scooting around trying to find a suitable apartment. If you know of one phone Ben quick. . . . Art Weinand of Rock-Ola gleeful over the fact that European boats are now docking in Chicago. Rock-Ola shipped direct to Belgium. By simply delivering its new phonos to the Chicago River docks.

Seems like many, many of the boys got a big kick out of our reminiscing column of a few weeks back. Especially the old timers in the coinbiz. A phone call last week reminded us of the time when Jimmy Johnson built a trailer for his salesman, Sammy May. Who went out on the road with it. Trailer was complete, with bar and full display of latest games. Anyway Jimmy pretty soon got tired of the waste of money this involved. He was anxious to sell. One bright day Sam walked into the Factory (coming off a long trip) and advised Jimmy that, "The trailer's sold. I got \$500 for it." Jimmy was amazed. Said he to Sammy, "You must be a terrific salesman. That's more than we paid for it." So they had a few drinks at the noted Western Equip't factory bar. Then Sam reminded himself. "Oh, by the way," he said to Jimmy, "I forgot to tell you, the trailer was also full of our new machines." (Last seen was Jimmy chasing a cloud of dust down North Ave. which was Sammy May running for all he was worth. And Sam yelling at the top of his voice: "Help.") . . . Harry Mabs who came up with the flipper and bumper and also the pinball's light box, so he tells us, believes we should write about the boys "buried" in the experimental and production depts. Without whom, he advises, there'd be no coinbiz. . . . Funniest TV show we've seen in years about the coinbiz was U. S. Tobacco Co's "Martin Kane" program. The show pointed a "dopey" finger at vending machines. According to the script writer (who probably doesn't know one thing about vending in subways) the kids could buy packages of dope from vending machines located in the subways by use of a special slug. So funny. . . . Since subways operate their own machines! And, furthermore, even though "Martin (Lloyd Nolan) Kane" shows pinballs, too, on location in subways, never were sech animules in subway operations. Wonder how the subway operating companies feel about U. S. Tobacco Company's show? They sell "Encore" and "Sano" ciggies as well as "Dill's Best" and "Old Briar" tobaccos, and some others. . . . Though we mentioned how

CHICAGO CHATTER (continued)

bootleggers are bootlegging on the bootleggers. And how some distribs are now bootlegging their own equip't on the West Coast. Seems like conditions here absolutely ain't no better from what the distribs tell us.

According to Webster, logic is reason. But, in the case of juke boxes, even logic can be illogical. For example. 'Way back in '35, when record business was lower than a snake's belly, some boys went to record mfrs. and urged direct sales to juke box ops at wholesale prices. Record men luffed. Claimed: "Who the hell would put a nickel in a coin machine to hear a tune when they can buy the whole record for only a few cents more?" They also said, "Furthermore, people now get all the music they want from radio, and for nothing. That's why," they argued, "we are being put out of business." So what happen? Record business bigger than ever in its history. Because radio made new stars and new tunes. And people could only hear these new stars for as long as they wanted to hear them on juke boxes. When over 2,000 new TV stations get going, watch juke box biz zoom to even greater heights. "Maybe million spots in few years," leaders claim. . . . Maybe reading this in one of the editorials in The Cash Box is what caused one of the leading mfrs here to decide to get into phono biz.

Frank Mencuri road-happy these days. Frank decided, at the very last second, "May as well get up to Cleveland." Even though this desk absolutely jammed with work. . . . Ralph Sheffield of Sheffield Sales is selling premiums at prices that match what ops want to pay. Word to the wise, etc. . . . Nice note from Harold Scott, Sect'y-Treas. of S. D. Phono Ops Assn., who reports on the number of phonos which were destroyed during the floods and the tough winter the state endured. . . . Note that H. F. (Denny) Dennison now has himself the Whistle Stop Corp. which is an idea for a series of restaurants based on the "train" theme. "Whistle Stop No. 1" in Albany Park. . . . Some distribs are gonna lose their best lines. All over the country. Mfrs. disturbed of lack of salesmanship and cooperation. The Cash Box is celebrating its 10th Anniversary with its June 21 (first day of Summer) issue. This will be an issue that everyone will hold onto for months and months and months and months. It will feature all the information everyone needs to go ahead in the industry. If you haven't as yet sent in your ad—DO IT NOW!

Please mention THE CASH BOX when answering ads—it proves you're a real coin machine man!

10th Anniversary Issue Starts On Presses

First Ads, Editorials and Features Being Printed For Most Outstanding Historical Issue In Trade's History. Complete Listings Of Mfrs, Distribs, Sources Of Supplies To Make 10th Anniversary Issue A Most Treasured Copy. All Are Urged To Rush Ads. Immediately For Best Position.

NEW YORK—The Cash Box' "Tenth Anniversary Issue" has started to press and will continue to be printed as advertisements and editorials arrive for the entire month up to the last minute closing day, June 11, 1952.

It is believed that the Tenth Anniversary Issue will prove the most outstanding ever to appear in the history of the entire industry.

This is the statement made by the industry's leaders who have already seen the format and plans of this imposing and historical issue.

It will actually prove an encyclopaedia of the industry.

Not only will jobbers, distributors, manufacturers and sources of supplies be listed, but, there will be a complete chronological review of the past ten years of the industry with illustrations and complete stories of decisions, and other important data.

"This is an issue that will be treasured for a long, long time to come," as noted leaders have stated, "in view of

the fact that it will contain information which is invaluable to all in the industry."

In short, as another leader reports, "Someone is going to be looking up something in your 'Tenth Anniversary Issue' every minute of the day somewhere in the country."

Advertisements in this Tenth Anniversary Issue will "stay put," as leaders predict for as the trade seeks

information which will be contained in that one imposing encyclopaedic issue, these ads will be read time and time again and over again.

The trade is urged to rush ads to The Cash Box immediately.

The ads that arrive now are given best possible position. The earlier they arrive, the better the position is assured the ads.

Each day sees new ads and new editorials and articles going to press.

The fact remains, as one noted writer who was called in stated, this is an issue the likes of which only very few industries have brought forth.

BIG

10th

Anniversary Issue

Lots of interest among music ops throughout the state as to fact, rumor, for-sures and maybes regarding the new phonographs. . . . The Wurlitzer 104-selection 1500 series is anxiously awaited in quantity by music men. . . . One thing proved by all activity here is that there's definitely a strong market for new phonographs. . . . Bearing this out was a visit to Nick Carter's Nickabob, where the new AMI machine was fresh out and Nick already had the next shipment sold. . . . Over at Dan Stewart's, righthand gal Jo Ann Lewis tells us the only new Rock-Ola in the place almost had to be bolted down to keep it on hand as a floor sample.

Several games that are also in short supply at present are really in long demand. . . . Among them are Bally's "Atlantic City" and Chicago Coin's Six Player Shuffle. . . . Paul and Lucille Laymon tell us they are getting a steady stream of "Atlantic City" in but not as fast as they're moving out. . . . And on the Chicago Coin machine, it's quite a routine now everytime the folks ask Phil Robinson when the next batch is due and he answers, "Monday." . . . It's finally happened. The same operators who didn't too seriously view this magazine's reports of pending war production shortages some time ago now are convinced the manufacturers are hard pressed to keep up with demand by the coin machine trade. . . . An example of this is further offered by Bally's "Champion" horse. . . . What with some of the over-cautious lads already writing the horse off as an outmoded animal, along comes this new version, and the Laymons would be even more cheerful than their usual selves if they could only get half as many as they're able to sell right now.

Phil Robinson hopped up North for a few days to let his many friends and clients know that Chicago Coin will have a few new items of interest out their way soon. . . . Over at Jack Simon's, Abe Chapman noted that their "Buccaroo" horse is holding its pace, with production starting to approach demand, which he aptly described as a better race than when either one is far outstepping the other. . . . With Larry Atkinson things are admittedly on the quiet side at his Coin Machine Exchange, as long as he sits there waiting for the action to come to him, but once he hits the road for the out-of-town boys, Larry reports there's plenty doing. . . . Just missed bumping into Fran Warren at Leuenhagen's, where she dropped in unexpected like, and escorted by ace record promotion man Jerry Johnson, to say howdy to Bill, Mary, Kay and the cash customers. . . . Understand that Bill and Mary are now working up a nice arrangement, whereby they'll be able to inform music ops and their friends a week or two in advance as to which big name recording artist will be on hand the following Mondays.

Speaking of records, Lucille Laymon would like to thank Bill Gersh for mentioning to Spike Jones that he was one of her favorites. . . . The very next day there was an autographed album of Spike's latest RCA-Victor releases on Lucille's desk. . . . On the Row: G. F. Cooper of Riverside, just back from a trip to Nebraska, and in town with son Dale and Jack Neal. . . . Johnny Winn of Phoenix, who it so happens used to be a member of Spike Jones' band, no kidding, or can that be said about a member of Spike's band. . . . Others in shopping were Laguna's Bob Chacon. . . . Jack Spencer from Big Bear. . . . Long Beach's Carl Honeyman, Sheridan and Gary Thompson. . . . Al Cicero of Santa Maria. . . . Dick Grey from San Bernardino and Mel Heiman of Crestline.

Now that we have warmer weather and the fishing season is opening up, quite a few of the operators are coming out of their "winter hibernation" and taking a trip into the Twin Cities to see what is new in coin operated equipment and to get "lined up" for some of their spots.

Among those who were seen around town and who have not been in the Twin Cities for sometime were Andrew Markfelder of Staples, Minn.; Dennis Holsman of Big Fork, Minn.; Walt Hennes of Bemidji, Minn. and Harland Beach of Alexandria, Minn. Ike Pearson of Mitchell, S. D. who usually flies into the Twin Cities decided to make a leisurely trip out of and drive in.

J. H. Porter of Woodward, Oklahoma who formerly operated a route in Northern Minnesota is looking after some other business interests here and also checking up on the coin machine business.

In town picking up supplies and equipment for their routes were August Quade of Rochester, Minn.; Frank Mager of Grand Rapids, Minn.; Lyle Kesting of Bellingham, Minn.; John Howe of Foley, Minn., and Jim Donatell of Spooner, Wis.

We deeply regret to report the passing of Berwyn Jones, 4 year old son of Wally Jones, who is chief mechanic for the Lieberman Music Company.

Stan Woznak of Little Falls, Minn. was in town picking up records and supplies that he wanted to get lined up so that he can really start doing some fishing come opening day on May 17th.

Tom Kady of Grand Forks, N. D. was a welcome visitor. . . . Seen here and there at the record supply houses and distributors were Cap Kiester of Frontenac, Minn.; Glen Martin of Neilsville, Minn.; George Plummer of St. Ansgar, Iowa; Chet Le Due of Virginia, Minn.; Gordon Dunn of Moose Lake, Minn.; Kelly Diedrick of Chaska, Minn.; Ken Anderson of Austin, Minn.; Bill Arndt of Longville, Minn.; Ben Jahnke of Hutchinson, Minn. and Ed La Page of International Falls, Minn.

How To Use "The Confidential Price Lists"

[Also Known As the "C. M. I. (Coin Machine Industry) BLUE BOOK"]

FOREWORD: Many times, wide differences appear in the high and low prices of certain equipment. Like any true reporter "The Confidential Price Lists" can only feature the market prices as they are quoted. "The Confidential Price Lists" acts exactly the same as the market quotation board at the Stock Exchange—posting the prices as they are quoted for the past week, regardless of how much they may seem to be out of line. Some prices do not change for months. "The Confidential Price Lists," rather than show no price, retain the last known quotations for such equipment so that the subscriber at least has the last known prices as a basis to work with. Prices may be very widely divergent. Someone on the West Coast may feel a certain machine worth \$150.00 whereas someone on the East Coast may think it worth but \$75.00. Of course, serial, appearance, demand, territory, quantity, and condition of equipment must be taken into consideration. (Some equipment offered by outstanding firms, having a reputation for shipping completely reconditioned machines, will be offered at higher prices than others, due to the added costs of reconditioning.) "The Confidential Price Lists" reports each quotation exactly as it is made and depends on the subscriber to make average price adjustments to fit the peculiarities of his territory.

METHOD: "The Confidential Price Lists" should be read as follows: First price listed is lowest price for the week; Second price listed is highest price.

This Week's Used Market

No appreciable changes were recorded in this week's trading in the used machine market. The action that was created during the past few weeks continued as operators maintained their Spring buying. No section of the market came up with outstanding fluctuations, either in price or activity.

The pin division moved along at a constant pace with the usual big items showing just as strongly this week. The recent entries into the used machine market maintained its active pattern of behavior. Prices, as was the case last week, slipped

slightly, but not to any alarming degree.

Music pieces held a status quo condition as quotations remained quite steady and no noticeable difference in askings was visible. This section had recently enjoyed some heavy action, but the past couple of weeks have tended to level this action off.

Shuffle and arcade games reacted as a representative group. Here too there were negligible fluctuations in price and action with the askings that have been established during the recent splurge continuing this week too.

The following was the most active equipment in this week's used market:
