## Our Industry's Duty On The Anti-Piracy Bill

The hard sought anti-piracy act is nearing its first major hurdle en route to a much hoped for enactment. Known in Congress as S. 646, the bill last Tuesday received unanimous approval by the Senate Judiciary Committee and now faces voting for final approval by the full Senate and House of Representatives.

The effect of this bill will extend current copyright coverage to include sound recordings, thus outlawing unauthorized duplication under Federal Law. Passage will also amend the 1909 Copyright Revision Act making criminal penalties apply to mechanical infringements of copyrighted music.

To bring the bill this far along the road to enactment took a major effort on the part of industry organizations. Through their work, the government was made aware of the estimated \$100-millions annually lost in revenues to recording companies, tape duplicators, publishers and artists.

But the final test still lies ahead when the bill reaches the floor of both houses in Congress. It is imperative that the act be recognized as monumental to everyone in the industry, for piracy does touch each worker directly on an economic basis.

For nearly the last half-year, trade and consumer papers have followed

the progress of S. 646 and related laws on state levels. They have also dealt fully with the devastating effects that bootlegging, piracy and counterfeiting have had on the recording industry. So that, by now, each of us is familiar with its impact on our particular operation.

It would seem obvious that the Senate is well acquainted with the importance of this legislation. However, few of the representatives and senators could possibly be truly and totally involved in this 646th bill proposed for consideration this session.

It is the duty, therefore, of anyone concerned with recorded music to alert his senator, by personal letter and contact where possible, of the importance this bill has.

We urge all to write their own Senators by name at the:

Senate Office Building  
Washington, D.C. 20510

Urge passage of the bill, describe the effects of piracy on your end of the business, explain any details. Make clear the absolute need for this legislation.

For, with all the work that has gone into this bill, it hasn't yet been passed into law. And it mustn't fall short in its final stage.

# Ebonys, Jensen, Gamble and Huff: Your introduction to the label that needs no introduction.

The label is Philadelphia International Records.

And it's owned by a couple of people you already know: Kenny Gamble and Leon Huff. The guys who wrote and produced hits for people like Wilson Pickett, The Delphonics, The Intruders, Nancy Wilson, Dusty Springfield and Jerry Butler.

Now Gamble and Huff have written and produced the label's first two releases: The Ebonys' "You're The Reason Why" and Dick Jensen's "Going Up On The Mountain."

So you'll recognize the easy-flowing Gamble and Huff "Philadelphia Sound" on The Ebonys' single. And their harder-driving rock

and soul on the song by Dick Jensen: a performer *The New York Times*, UPI and the trades called an outstanding musical talent when he headlined at the Copa last year.

Philadelphia International Records. You might say it's the label you knew about long before it became a label.

## Bell Into 5-Year Production Deal With Cook And Greenaway

LONDON—Larry Uttal, president of Bell Records last week completed signing of a five-year, world-wide exclusive record production contract with the British producer/song writer team Roger Cook and Roger Greenaway.

Commenting, Uttal who is currently on a two week tour of Bell offices and licensees in Europe, said "we are thrilled to have the top British team of record producers join Bell Rec-

ords—not only for the hits that they will give us but also for the fact that they now secure our position as a viable factor in the British record business."

Cook and Greenaway began writing music together in 1966 and their first success "You've Got Your Troubles" by the Fortunes launched a string of over twenty world-wide hits by such Artists as Gene Pitney, Cilla Black, Cliff Richard, Englebert Humperdinck, Andy Williams, Blue Mink, White Plains, Johnny Johnson & His Bandwagon and the Fantastics.

The first single to be produced for Bell under the new agreement will be "Way Up There" written and performed by Young & Renshaw and scheduled for release on April 23rd.

Greenaway, Cook & Uttal with Dick Leahy (standing), European director.

## England To Handelman

HOLLYWOOD—Don England is joining the Handelman Co. in Detroit as chief of the firm's marketing division, Cash Box has learned. England was formerly head of marketing at Capitol Records before leaving the firm earlier this year.

## FRONT COVER:

Down in Australia, the term "Three Dog Night" means extreme cold. In America, "Three Dog Night" means extremely hot—as far as selling records is concerned. The ABC/Dunhill group who base their sound on fine lead and background vocals is enjoying its most successful chart fling since the group's inception some three years ago.

The group's current number one single, "Joy To The World," was recently awarded a gold record by the RIAA. To date, the record has sold well over 2 million single units, and is still selling at an average of 100,000 copies per day. It is expected to become the biggest selling single in the label's history.

## Bhaskar Menon:

# Capitol's New President Maps Process Of 'Familiarization'

HOLLYWOOD—The process of greater familiarization with the American recording market is the first order of business for Bhaskar Menon, newly elected president of Capitol Records.

Menon, a major international exec for EMI before, said word of this appointment came rather "suddenly". He had been serving as a managing director of EMI international services with Capitol's parent company. In addition to his post as Capitol Records president, Menon has also been named an exec vp of CI, reporting to Stan Gortikov, president of

Capitol Industries. Gortikov had served as interim president of Capitol Industries. Gortikov had served as interim president of Capitol Records following the departure of Sal Iannucci as president of the label last Jan.

## Major Market Tour

Before setting any "tasks and goals" for the label, Menon told Cash Box in an exclusive interview, he would take "the earliest possible opportunity", to visit Capitol's operations in major U.S. markets—particularly on the east coast. Menon sees Capitol's position on the world market as "a strong one," a major asset because of Menon's assessment of the world market as "more competitive than it's ever been."

## Retailers Hit By New Suits In Anti-Bootlegging Action

### Ampex Tackles 9 Stores In LA

LOS ANGELES—Ampex Corp. last week filed suit in Los Angeles superior court against 9 Los Angeles-area retailers charging them with selling bootleg tape recordings of performances to which Ampex has tape manufacturing and marketing rights. Ampex has been joined in the suit by six record labels that license Ampex to manufacture and market recorded tapes.

In the action, Ampex seeks money damages and an injunction prohibiting the 9 firms from selling bootleg recordings.

The firms named in the action are: Auto Stereo Center, 18425 Hawthorne, Redondo Beach, and Nicholas and Helen Kryiakides; California Discount Tape Center, 850 West Arrow Highway, Covina; California Radio Distributors, 1547 East Walnut, Pasadena, and Sidney and Mar Jo Weisblat; Campus Outlet, 1535 East Colorado, Pasadena; Covina Auto Center, 4666 North Grand, Covina; Joe's Stereo Shack, 6424 Van Nuys Blvd., Van Nuys, and Joseph Troy; Lil Audie's Stereo Center, Inc., 16141 Nordhoff, Sepulveda; Muntz Mobile Stereo Pak, 553F North Glendale Ave, Glendale; Stereo Happy, 5202 Vineland, North Hollywood.

Joining Ampex as co-plaintiffs were the following record companies: Atlantic, Bell, Buddah, Galaxy/Fantasy, London, and Warner Bros.

John P. Buchan, Ampex executive vice president, said the suit is one of a number of actions the company is taking against the growing trade in bootleg and counterfeit recordings.

"As a leader, it is essential that Ampex take strong action against this growing illegal trade.

"It has been estimated that sales of bootleg or counterfeit recordings may total as much as 100,000,000 in the U.S. this year—or approximately 20 percent of the industry's legitimate sales.

Buchan said that Ampex has notified all wholesalers to which it sells recorded tapes that Ampex will stop selling its product to any wholesaler known to be trading in bootleg or counterfeit product.

## Lee Mendell Rejoins U.A.

HOLLYWOOD—Lee Mendell, former vp with the Liberty-UA complex, has rejoined the firm, C.B. learned this past week. His new title will be as director of the international sales division, the position Mendell vacated nine months back when he resigned to join Saul Zaentz's Fantasy-Galaxy labels in Oakland (and later, Berkeley). During Mendell's eight year tenure with Liberty-UA, he also served as west coast district manager, director of Liberty's branches, national sales manager and gm, heading the label's tape operations and public and consumer relations.

### 4 Oil Companies And 14 Outlets Sued By Fox Agy.

WICHITA—Four major oil companies have been sued here to establish their legal liability for bootleg musical recordings sold in their service stations.

Action was brought against Texaco Inc., Skelly Oil, Derby Refining & Champlain Petroleum in the U.S. District Court of Kansas by The Harry Fox Agency, Inc. on behalf of 59 music publishers across the country. The Harry Fox Agency represents the publishers in connection with the mechanical reproduction of their copyrighted compositions and the collection of their royalties.

Albert Berman, managing director of the Fox Agency, said, "We are continuing to widen the net of responsibility. Our intention is to hold the oil companies liable for record sales at all their service stations through the country. This is another major step in our battle against tape and record piracy. We are attempting to restrict the use of bootleg recordings as a traffic stimulant designed to enhance the operations of legitimate businesses."

Industry estimates are that at least one-third of all recordings now sold are illegal, and that the retail value of the business runs into the hundreds of millions of dollars. Bootleggers pay no royalties and, since they undercut regular prices by as much as 50 percent, legitimate dealers are constantly being forced out of business.

"The continued manufacture and sale of the bootleg products can only result in further irreparable damage to the composers, lyricists, music publishers and all the other legitimate interests in the entire music industry," Mr. Berman said.

In addition to the four gasoline stations connected with the oil companies, eight other retail outlets in Wichita and the surrounding area were sued as well as two dealers—Spaceage Enterprises Inc. and Spaceage Sound Devices—who were also named as wholesalers distributors.

At issue are 77 songs representing current popular favorites as well as many traditional ballads and songs going back as far as 1935, such as "Winter Wonderland."

The retailers sued in this action are: Spaceage Enterprises Inc., Wichita; Spaceage Sound Devices Inc., Wichita; Audio Aid Inc., Wichita; Gooch and Sons Skelly Service Station, Wichita; McNett Texaco Service, Wichita; Derby Retail Station No. 9190, Wichita; Champlain Express Service Station, Wichita; ABC Rentals Company Inc., Wichita; Tape City Stereo Center, Salina; Dave's Stereo Center, Emporia; Lytton's of Augusta Inc.; Gibson Products of Pratt Inc.; Gibson Products of Great Bend Inc.; Gibson Products Company of Junction City Inc.

## Noonan Exits Metromedia

NEW YORK—Tommy Noonan has resigned from his post as head of Metromedia Records, effective April 20.

The parting was called amicable and was the result of policy difference between Noonan and management as to the course the label should follow.

All at once.**

For the very good reason that Paul has two audiences.

The first is from the early days.

When, at fourteen, Paul was a child star with a huge following. And needless to say, good memories have kept a lot of his original fans loyal.

The second audience is the young people of today who're just now discovering Paul's talents. And who're picking up on him in the same way the previous generation did.

The result is that Paul gets airplay on Good Music stations *and* on Top 40. Which certainly isn't going to hurt his sales any.

## CBS First Quarter Figures Are Down But Records Div. Has Highest Sales

NEW YORK — Columbia Broadcasting System has issued its statement for the first quarter of 1971. It estimates first quarter net income at \$6.5 million on an estimated net sales of 281.9 million, compared to 1970 first quarter net income of \$13.2 million on net sales of \$305.3 million. However, CBS Records Division enjoyed the highest first quarter sales in its history—this, despite the fact that during the first quarter of 1970, the company released Simon & Garfunkel's LP, "Bridge Over Troubled Water," one of their most successful albums. The current chart lists three Columbia albums in the top ten.

The CBS Broadcast Group encountered first quarter sales difficulties, particularly in the television network division and the CBS tv stations division. The radio division reported first quarter sales approximately equal to those in the corresponding quarter of last year, with total sales increasing for the seven CBS owned AM radio stations.

The CBS International Division had higher first quarter sales than in 1970, while the Columbia House Division dropped off slightly, despite an increase in membership in the record and tape clubs.

Among the divisions of the CBS/Education & Publishing Group, Holt, Rinehart and Winston had significantly higher first quarter sales while W. B. Saunders' sales were at the 1970 first quarter level. BFA Educational Media Division, which distributes films to schools, industry and government reported a marked increase in sales.

## Peer Southern Forms Spark Label; Distrib To Be Through UA

NEW YORK—United Artists Records' distributing organization, UDC, will take on national distribution of Spark Records, newly-formed by the Peer-Southern Organization.

According to Mike Lipton, vice president-marketing for UA, and Ralph Peer II, vice president of the Peer-Southern Organization. Spark has scheduled twelve singles and twelve albums for issue during the coming year.

Initial release on the label is the single, "I'll Give You The Earth," performed by Keith Mitchell, already on the British charts. Mitchell is currently starring in "Abelard and Heloise" on Broadway. He earlier captured several major British television awards for his performances on the BBC series "The Six Wives Of Henry VIII" which CBS-TV has acquired for prime time showing in the United States.

## Fire Forces Delay In 'Shrink' Contest

NEW YORK—Last week's raging, six-alarm conflagration which leveled the vast Flo & Reba Motor Court luxury resort of southwestern Pennsylvania, has forced postponement of Janus' national "Supershrink" Contest. The spa had earlier been named as the place in which the first prize winner of the contest would spend a weekend.

The label and sponsors are now seeking a suitable replacement as first prize.

Frank Stanton said, "When we reported our 1970 results, we said that the severe cost-price squeeze affecting business generally, coupled with the unprecedented loss of cigarette advertising would have a substantial negative impact on first quarter earnings. This has proven true.

"Yet despite the depressed first quarter results, there are encouraging signs for ensuing quarters. In March there was a rather dramatic surge of business in our television operations; and our recording, education and publishing activities all noted steadily improving results.

"The momentum is gathering force in the second quarter, although we do not believe this quarter will equal the second quarter of 1970. This momentum gives promise of a significant recovery for the second half of the year, and if it is realized, earnings for the year should approximate 1970 earnings."

## UA Takes Over Mediarts

## MCA Signs Osibisa; To Intro 'Afro-Rock'

NEW YORK—MCA Records, Inc. has staked out a claim on what the firm feels will be an important new sound for the 70's, "Afro-rock." As its first representative, Osibisa was signed to MCA in London for worldwide release.

President Mike Maitland, in announcing the pact, said he felt these contracts with the group could become one of the most important artistic agreements he has participated in since joining the company a little over a year ago.

"Osibisa has become one of the most 'in' music groups in Europe in the last few months," he said. "They had been coterie favorites and are just now gaining recognition by a broader public." Maitland added, "their emergence hasn't exactly been a secret, and we entered into spirited bidding with a great many labels. I'm happy to say that we won."

Their product will be released on Decca in this country.

Maitland said that the original negotiations were initiated under the auspices of MCA Records, Ltd., the company's newly formed British label, and that Osibisa product would be the first developed by the U.K. company for simultaneous worldwide release.

Maitland said that "we and others in Europe are convinced that Afro-rock sounds from the group are the harbinger of important things to come in music during this decade."

"We expect to release first product in the United States late this summer," Maitland said, "to be followed by concert tour of the country in early fall. The main emphasis of the tour will be the college campus because we think that audience is the most amenable to a new musical phenomenon."

Osibisa is currently also recording their first MCA album in London under the supervision of producer Tony Visconti and MCA's A&R head David Howells. Lillian and Gerry Bron, one of London's top management teams, have recently taken Osibisa over and are working out the itinerary of the U.S. tour with the William Morris Agency, which also recently signed them.

Development of these firms will be coordinated by Blue Thumb's executive and Famous publishing chief Marvin Cane. Famous Music Publishing will administer these firms.

## New Capitol Pres. Maps 'Familiarization'

(Cont'd from p. 7)

came only 48 hours after being named by the Capitol Industries board to helm the label.

As chairman of the Gramophone Company of India, a member like Capitol of the E M I group, Menon, who continues in this post, had first hand knowledge of the impact of Capitol artists, particularly such contemporary acts as Grand Funk Railroad Band, Glen Campbell and Bobbie Gentry. The company is also the licensee in the area for a number of other American labels. It is Menon who is credited with bringing the sound of Ravi Shankar to Capitol Records as a follow-up to the employment of an Indian music influence on the rock scene several years ago. As to his own involvement in A&R and/or artist signings, Menon said he might play a role on a selective basis since he sees Capitol's present A&R dept., headed by A&R vp Artie Mogull, as a "wonderful team of specialists." In the area of marketing, Menon is assisted by Brown Meggs, former international vp and now marketing vp, and a veteran member of the Capitol exec staff. Meggs noted during the Menon interview that a Shankar LP with Yehudi Menuhin, "East Meets West," is a six figure seller and is Capitol's second best-selling classical LP in history (the first: the Soviet Army Chorus).

In announcing the Menon post; Gortikov stated: "Capitol is exceptionally fortunate to obtain the services of an EMI senior executive of Bhaskar Menon's qualifications and experience. The addition of Menon to Capitol's management will, in my opinion, significantly contribute, both in speed and depth of accomplishment, to the timely improvement of our company in all aspects of its operations." Gortikov said he felt "confident that Menon would continue his track-record of success and achievement here at Capitol."

As managing director of EMI International Services, Menon has been responsible for EMI group operations in Scandinavia, Greece, Turkey and other Middle East territories, as well as in Africa, Asia and Latin America.

Menon was educated at Doon Public School, Dehra Dun, and took a B.A. Honours degree in economics at the Univ. of Delhi in 1953. He completed his education in England at Oxford Univ., where in 1956 he gained his M.A. degree. He joined EMI in London as a management trainee, where he studied the group's electronics and record operations.

"Our plan," said Manuel, "is to have Lord Olivier and the company guide the viewer through the Bible stories and poetry performed as plays."

The visual approach to the series will be derived principally from related great works of art in their various disciplines augmented by materials from several fields of visual art forms.

The Bible to be used for the series is the New English Bible, published jointly by the university presses of Oxford and Cambridge, from whom Manuel obtained the world-wide audio-visual rights shortly after its publication in its completed form early last year.

Manuel is an ex-Metropolitan Opera executive who co-managed the Metropolitan Opera National Company with Rise Stevens. He leaves twenty years of theatre work in prestigious opera and ballet creative and

administrative positions, recently forming Manuel Video Productions in order to develop properties for the new video-cassette industry.

He revealed that the voice track of "The Creation", the first production of the series, was recently completed in London, and added that he anticipated the entire giant project, which is to be shot on video-tape, will take approximately three years to complete.

"The use of electronic photography for this landmark series, which we believe will be the most important illustrative expression of the Bible ever to be undertaken", he said, "was indicated by its intended use in the electronic media of television and the video-cassette. Of course, high quality 16mm. film transfers will also be available for certain markets."

## New Sports Programs To Cartrivision Shows

NEW YORK — A large new group of sports instructional programs featuring the stars in professional and college football, baseball, and basketball, and Davis Cup tennis, has been acquired for the Avco Cartrivision system.

Programs for Cartrivision will demonstrate the particular playing skill and technique for viewers to study at their own learning pace. The viewer will be able to stop, reverse and review particular sequences until he has mastered the sport, formation, serve or play.

In the football instructional series, strategic plays are demonstrated by six leading college grid teams. Advanced skills are covered by a group of programs with NFL player-instructors Billy Ray Smith, Mick Tinglehoff, Pete Case, Gale Sayers, Bob Hayes, Maxie Baughan, Merlin Olsen, Pete Retzlaff and Sonny Randle.

Also signed for the Cartrivision sports instructional series are a group of basketball programs covering both individual and group skills, with NBA players Elvin Hayes, Keith Erickson, Gail Goodrich, Len Wilkens, Wes Unseld, Billy Cunningham, Oscar Robertson and several other stars. Girls instructional programs were filmed with the Des Moines, Iowa championship girls basketball team.

The Cartrivision baseball instructional programs include presentations on hitting, pitching, and infield and outfield play from Hank Aaron, Bob Gibson, Tommie Agee, Jim Perry and Brooks Robinson and eight other stars.

## FCC Clarifies Stand On Drug Song Lyrics

WASHINGTON — The Federal Communications Commission has attempted to clarify its controversial statement on drug-oriented song lyrics by issuing a second statement disclaiming any intention of banning the airing of any records. The FCC cited what it termed "erroneous" press reports in commenting on the uproar raised by the initial notice.

The Commission emphasized that it is the responsibility of broadcasters to screen lyrics and it does not have the legal power to review or condemn stations' judgments, except in cases where there is a "clear and present danger of serious substantive evil that rises far above public convenience, annoyance or unrest."

As in the case, of the first statement, Commissioner Nicholas Johnson was the lone dissenter.

DRUM ROLE — Host Jim McKenna, left, of the "Like Young" tv show and Skip VanWinkle of Westbound's Teegarden & VanWinkle, relax during a recent taping of the program in Montreal. Distributed by Dick Clark Enterprises, "Like Young" is now seen in 67 U.S. markets and 5 Canadian.

## Sweep Productions Bows

MEMPHIS — Sweep Productions, Inc., a music company which will produce custom musical concepts for advertisers and broadcasters, has begun operations here. Sweep has leased the facilities of Sounds of Memphis Studio and is equipped to range from one instrument production to symphonic arrangements. Company is headed by Bill Heffernan, late of WMC; Ernie Bernhardt will serve as vice president and musical director.

## Mockingbird Takes Wing

HOLLYWOOD — Mockingbird Corporation, a firm to produce and market a programming service designed expressly for each tv station or cable system and its own market, has been formed here, with offices at 10301 Magnolia. Service features "Telecord," a video recording in color, approximately 3½ minutes in length, or the live performance of an artist. Company will also produce and distribute records under their own label.

## Warners Radio Show LP Shipped To Stations

NEW YORK — Warner/Reprise has inaugurated a "radio show LP" designed to call attention to new artists and albums on the two labels. The company plans to create new versions of the show each month. LP's are produced by ZBS Media.

The first package was shipped to college and commercial FM stations this week. It features Ohio Knox, Pearls Before Swine, T. Rex, Mother Earth, Faces, Crazy Horse and others. Along with excerpts from the albums, there are interviews with the artists. The company name is mentioned twice, and all "sell" is done on the liner.

"It's getting harder and harder to break new artists," said creative services director Stan Cornyn. "We feel this is a novel but legitimate aid."

VERRRRY IAN-TERESTING—WNEW-FM program director Scott Muni, right, discusses "Aqualung," the new album by Jethro Tull on Reprise, with Ian Anderson, the group's flutist and composer, on Muni's show. Anderson, whose laryngitis forced cancellation of the group's Fillmore East dates recently, has recovered and Tull has resumed touring. They will headline at the Fillmore on May 4 and 5.

INTEROFFICE MEMORANDUM • Universal City  
FORM 2022

DATE	▶ April 23, 1971
TO	▶ MCA Records District, Branch & Promotion Managers and Salesmen
FROM	▶ J. K. Maitland
SUBJECT	▶ <u>"JESUS CHRIST/SUPERSTAR"</u>
COPIES	▶ MCA Records/Decca Records Staff

I've been in this incredible industry many years (I guess I'd better underscore 'many') and I suppose I've witnessed just about every type of excitement this business generates...or so I thought until "JESUS CHRIST/SUPERSTAR."

Gentlemen, I haven't as yet had a chance to meet you all personally, so I'm, therefore, using this note to publicly and sincerely thank you. "SUPERSTAR" is a phenomenon. It is probably one of the most important packages in the history of the record industry. In a matter of weeks after its release, it skyrocketed to number one in the trades, never going lower than number four and actually nudging back up.

And now, it's happened again: number one in Cash Box, number one in Billboard and number one in Record World. We haven't had a chance to research the trades to see if it's a first for an album to not only return to the number one spot in all three magazines but also to do it simultaneously. We think it is a first. Incidentally, as of this writing, we have passed the one and a half million mark (that's three million LP's!), and there doesn't seem to be an end in sight.

I have a favor to ask. On your daily rounds to outlets and stations, I'd appreciate it if you'd pass my feelings and thanks on to your contacts. They are, of course, such a vital part of this story.

Again, I thank you.

Regards,

*Mike Maitland*

## NEW YORK-HOWDY DOODY REVIVAL: FROM THE PAST-TOMORROW

Memories. Vague recollections of past occurrences. The Good Old Days. A time to remember. The past. How quickly it left us. And all that remains is a fleeting glimpse of something long gone. A feeling. A sensation. A fond reminiscence.

We were children once—and somewhere, lodged deep in our memories, are visions of sandmen and fairies. The good fairy and the bad fairy. The witch and the angel. An we believed. We were children, and we believed. We had our favorites. Our heroes. Our villains. Our supermen. Our cowboy friends. Puppets, cartoons, and still we believed. Yet, somewhere within the realms of childish memorabilia lived the hero's hero, the man who could do no wrong. Preacher of goodness and love. Friend to man and beast alike. Singer of songs, teller of tales. Had he lived today, they would call him Messiah, but during his 13 year reign on TV, he was known simply as **Howdy Doody**.

no! those days are gone away,  
and their hours are old and gray,  
and their minutes buried all  
under the down trodden pall  
of the leaves of many years . . .

To those who idolized this character for the duration of his TV career, **Howdy Doody** was not a puppet. He was real. He sang songs, he laughed, and he taught right from wrong, good from evil. Together with his side kick **Buffalo Bob Smith**, and a host of other Doodyville characters such as **Finias T. Bluster**, **Clarabell**, **Chief Thunderhud**, **Flub A Dub**, **Dilly Dally**, **Princess Summerfallwinterspring**, **Mr. Cobb**, and **Captain Scuttlebutt**—**Howdy Doody** in actuality acted as a teacher and parent to both the children at home and to those in the peanut gallery.

1960. Some 2500 shows later. Clarabell spoke his first and final word—a simple 'good-bye,' and the **Howdy Doody Show** was no more. The network felt it would do better by replacing the 'kiddie' show with a family series. And so, Doodyville was stricken from the map. The sets were destroyed, the songs forgotten, and the hero who ran for president of all the kids was no longer to be seen.

we learnt good songs  
that came out new  
but now are old  
among the young  
and, after we are gone, but few  
will know the songs  
that we have sung . . .

The years passed. 1949. We've all grown up. We're much wiser now. 1954. As we recall our childhood, we think of all the foolish fantasies we believed in. 1960. And we laugh. They were good years. 1965. But gone are the days. 1971. **Howdy Doody**—rubbish! But some of us never forgot. Some of us still believe. Many recalled the famous theme song and longed for its return. Others laughed. It's all in the past—like the nickel bus fare or the two cent glass of seltzer. What's past is all behind us—sometimes!

Without fanfare, and almost accidentally, a couple of college kids decided that rather than book another rock group for one of their semester get togethers, they'd like to do something special. Something everyone would remember. And so they did. With best wishes from NBC-TV, a **Howdy Doody Revival** film session was set. But what's **Howdy Doody** without **Bob Smith**? A phone call. A few laughs. An agreement. And now **Buffalo Bob Smith** would appear, too.

So great was the response to the revival, that a cross country tour was necessary. Necessary only because the boys and girls from the peanut gallery had remembered. Necessary because they recalled the good times they shared with **Bob** and **Howdy**. And so, after an 11 year absence from the stage, **Buffalo Bob**

## HOLLYWOOD—SATURDAY NIGHT, THERE'S A NEW GAL IN TOWN

At an age when most of his fading peers are content to rest on their ASCAPs, basked in the affluent warmth of that dreadnought class once known as double A; retired to Palm Springs, submerged with the oysters at Balboa or joined to a foursome at the Wilshire Country Club, lyricist **Mack David** remains a juvenescent bigamist in Paradise.

Paradise, to David, is a chart record. The romance has extended through four decades with no signs of abatement. From the tin pan alley nonsense songs ("Bibbidi-Bobbidi-Boo," "Chi-Baba, Chi-Baba"), the classical adaptation craze ("Moon Love," "Isle of May"), the big band era ("Sweet Eloise," "Candy," "La Vie En Rose"), the war years ("Lili Marlene," "A Summer Kissed an Angel"), the post-war rise of TV ("Hawaian Eye," "77 Sunset Strip"), flicks ("Bibbidi," "Hanging Tree," "Mad Mad Mad Mad World," "Hush Hush Sweet Charlotte," "Walk on the Wild Side," "Cat Ballou," "Bachelor in Paradise" and "Wishing Doll" accounted for eight Academy nominations) right through to a current top twentydisk. The newest ("Chick A Boom" by **Daddy Drew Drop**), wasn't composed by David. But he's no less involved. Just this past year his "Baby, It's You" (co-composed with **Burt Bacharach**) got a third time around hearing via a **Smith** smash on Dunhill, backing up the **Shirelles'** original in '61 and the **Beatles'** reprise in '64. A few years back he reportedly settled (out of court) for a warm \$275,000 on one of his more ancient copyrights ("Sunflower") which, to many, was a rose by another name, sounding mighty like the title tune to "Hello Dolly." And 7 months ago he entered into a partnership with MGM president **Mike Curb**; a record label and production firm (Sunflower Enterprises). You might expect that, by now, David would be a man of means by all means. True. And maybe content to sit on the peripheral edges of our industry, watching the quadruple Mad world go by. False.

"It's so easy to drop out," says David, "and the temptation is always there—

**“BACK TO THE ROOTS” IS DEDICATED TO ALL THE MUSICIANS WHO PLAYED ON IT AND HELPED CREATE IT AND TO THOSE MUSICIANS WHO COULDN’T PLAY ON IT BUT HELPED INSPIRE IT.**

“The initial idea was to gather all the major musicians who have played in the bands throughout my career. But, many of the so-called graduates of the ‘Mayall School’ were either working in distant countries on tour or else were impossible to track down. On the positive side just look down and see who we got here. During all the sessions I’m sure I wasn’t the only one who felt a sense of history being revisited.”

## Picks of the Week

### THE PARTRIDGE FAMILY (Bell 996)

I'll Meet You Halfway (3:26) (Screen Gems-Col; BMI-Farrell, Coffin)

Pulled from their chart topping "Up To Date" LP, this new tune featuring vocals by David Cassidy appears to be the Partridge Family's strongest single to date. Instant top 40 and MOR airplay is guaranteed. Flip: "Morning Rider On The Road" (3:01) (Screen Gems-Col; BMI-T. Romeo)

### JANIS JOPLIN (Columbia 4-45379)

Cry Baby (3:55) (Mellin/Rittenhouse, BMI—Ragovoy, Berns)

The classic Jerry Ragovoy-Bert Berns "Cry Baby," is rendered in powerful style by the late Janis. Culled from her last, highly-acclaimed LP "Pearl," the cut rolls along pushed by Janis' feeling vocals and Full Tilt Boogie's fine music. Song is a reworking of the Garnet Mimms hit of awile back. Flip: "Mercedes Benz" (1:45) (Strong Arm, ASCAP—Joplin, McClure)

### CHICAGO (Columbia 4-45370)

Lowdown (3:34) (Aurelia, ASCAP—Cetera, Seraphine)

Biting vocals, guitar and organ begin this new Chicago deck that moves tightly from first note to last, interrupted only momentarily by some fiery instrumental licks. Should put another hit in the success belt of the group. Flip: no info.

### THE SUPREMES (Motown 1182)

Nathan Jones (2:56) (Jobete, BMI—Wakefield, Caston)

The story of Nathan Jones unfolds via this latest dynamic outing by the Supremes. Record is already receiving instant chart action that should carry it into the top 10. Flip: no information available.

### CHAIRMEN OF THE BOARD (Invictus 9089)

Hanging On (To) A Memory (2:28) (Gold Forever, BMI—Dunbar, Wayne, Dumas)

The "Chairman" having been retired from the charts after a fine run, the Chairmen now turn their considerable energies to the highly infectious "Hanging On (To) A Memory." Single moves like there's no tomorrow pivoting around the commercial hook line. And there's a powerful instrumental break towards the end. Flip: "Tricked & Trapped" (3:05) (Same—Dunbar, Wayne)

### JACKIE MOORE (Atlantic 2798)

Sometimes It's Got To Rain (In Your Love Life) (3:08) (Cotillion BMI/Walden, ASCAP-Crawford, Martin & Moore)

Jackie Moore bounces back from her top tenner "Precious, Precious" in sparkling fashion with "Sometimes It's Got To Rain." Backed up, vocally by the Dixie Flyers, and instrumentally by an excellent rhythm section, Jackie sings this song with great gusto. A sure winner in pop and R&B outlets. Flip: no info.

### THE PRESIDENTS (Sussex 217)

The Sweetest Thing This Side Of Heaven (2:56) (Blackwood Music, BMI—Van McCoy)

Reminiscent of the Temptations classic "My Girl," the Presidents deliver their most impressive effort to date. Single should soar to the top of R&B and pop charts, and is likely to become their biggest ever. Flip: "It's All Over Now" (2:25) (Interior/Van McCoy Music, BMI—Boyd, Powell)

### THE FLAMING EMBER (Hot Wax 7103)

Sunshine (2:55) (Gold Forever Music, BMI—Weatherspoon-Miner)

From the album of the same name comes this bright medium tempo ballad geared for top 40 and R&B playlists. Record opens with a brief narration in prayer like fashion, which leads into a totally refreshing performance both musically and vocally. Flip: "1200 Miles" (2:46) (Gold Forever Music, BMI—Johnson, Perry)

### FRANK SINATRA (Reprise 1011)

I'm Not Afraid (3:40) (Hill & Range—BMI)

This is the kind of ballad which Sinatra makes his own. Written by Jacques Brel and Rod McKuen, it is a poignant and reflective opus which builds in exciting chanson fashion. Flip, "Life's A Trippy Thing," (2:41) (Screen Gems—Columbia—BMI) is a charming duet with daughter Nancy.

### SAMMI SMITH (Mega 615-0026)

Then You Walk In (3:12) (100 Oaks, BMI—Malloy, Wilson)

Having made it through the night in highly successful fashion, Sammi Smith returns to the ballad trail with this newest entry which should find no difficulty in repeating the success. "Then You Walk In" is an emotionally building song that will begin Country and spread rapidly up the pop charts. Flip: "Willie" (3:02) (Baron, BMI—Smith)

### ARCHIE BELL & THE DRELLS (Atlantic 2793)

I Just Want To Fall In Love (3:40) (Cotillion-Muscle Shoals, BMI—Mitchell)

Nicely paced ballad could propel Archie and his cohorts back into the chart limelight. Super harmony work and a winning arrangement are the hallmarks of this entry which builds solidly to a neat close-out. Should stir R&B action and has the power to garner Top 40 play too. Flip: no info.

### CAT STEVENS (Deram 7505)

Matthew And Son (2:46) (Cat Music, ASCAP—Stevens)

After several years in the underground, Cat Stevens has emerged as a full-fledged pop star. From one of his early albums comes this hard driving side which takes a sardonic look at working class woes. "Wild World" established Stevens as a Top 40 force to be reckoned with, and this reissue could profit to follow in its footsteps. Flip: "Granny" (3:08) (Same credits)

### BOBBY VINTON (Epic 10736)

And I Love You So (2:25) (Mayday/Yahweh, BMI—McLean)

An especially fine ballad gives Bobby Vinton extraordinary fare for across-the-board action. Tastefully delivered and brightly produced, the side provides one more push from Vinton's teen-idol visage toward a seriously thought of adult image. Flip: no info.

### THE MOMENTS (Stang 5024)

That's How It Feels (3:44) (Gambi, BMI—Edmonds, Robinson)

A marvel of a blues ballad offers the Moments one of the strongest singles from the team since its first hits came along. Superior lead performance matches the material point-for-point to set this side off to a powerful sales run. Flip: no info.

### THE MOB (Colossus 144)

Where You Lead (2:21) (Screen Gems/Columbia, BMI—Stern, King)

An electrifying production gives immediate sparkle to this latest from the Mob. Fast-paced dance song is heightened by a good rhythm track and lead vocal tailor made for top forty listeners. Should fare extremely well. Flip: no information.

### THE HAPPENINGS (Jubilee 5712)

Lullaby in the Rain (2:45) (Pocket Full/M.R.C., BMI—Levine, Knight)

Rambling over the melody line of "Beautiful Dreamer," the Happenings give life to the Stephen Foster song which should ignite sales reactions from top forty outlets. Brisk pacing, driving production and a fine piece of teen-summer work add up to a sales chart rider on the rain. Flip: no info.

### CAROLE KING (Ode 70 66015)

I Feel The Earth Move (2:57) (Screen Gems, BMI—King)

It's Too Late (3:51) (Same credits)

Known chiefly as a songwriter for a number of years, Carole King recently blossomed into a powerhouse performer. Double dynamite here as her forceful "earthquake song" is coupled with a sensitive ballad with a strong rock under-beat. Stations are already picking up on both sides.

### JOSE FELICIANO (RCA 0476)

I Only Want To Say (4:37) (Leeds Music, ASCAP—Webber-Rice)

Feliciano turns to the rock opera, "Jesus Christ—Superstar" to come up with an eloquent offering perfectly suited to his distinctive vocal style. Side starts slowly and switches gears throughout, with the artist's skillful guitar work enlivening the softer passages. Could be gigantic. Flip: "Watch It With My Heart" (3:52) (J&H, ASCAP—Feliciano)

### BOBBY BLOOM (MGM 14246)

We're All Goin' Home (3:03) (Heiress Music, BMI—Barry Bloom-Goldberg)

Interesting percussion intro sets the stage for Bobby's commentary on peace and brotherhood. Record has all the ingredients necessary for top 40 appeal. Flip: "Careful Not To Break The Spell" (5:30) (Unart/Cheezeburger Music, BMI—Barry-Bloom)

## Newcomer Picks

### JAKE JONES (Kapp 2138)

Mirrored Door (2:02) (Ashland/Sonkay, BMI—Sabatino)

The soft, slow opening seconds might throw a curve in making an initial curve in listening to this side; but the song picks up quickly enough to assure notice from AM and FM teen-casters. Group hits with the impact of C, S, N & Y on material with more top forty direction. Flip: "Feather Bed" (3:00) (Same pubs, BMI—Krenski)

### BEVERLY BREMERS (Scepter 12315)

Don't Say You Don't Remember (3:13) (Sunbeam, BMI—Miller, Levitt)

One of the applauded "Me Nobody Knows" performers, Beverly Bremers makes an unusual debut for a from-Broadway performer. The offering is particularly top-forty aimed, and done with a commercial sparkle bound to satisfy hit needs. Flip: no information.

### GERRY ROBINSON (MGM 14251)

Cari (2:48) (Leo Feist/Colgems, ASCAP—Robinson, Keller)

Blending of the caribbean and rock styles that made "Montego Bay" gives a material luster to this premiere by composer Gerry Robinson. Track moves softly, but potently into a feeling that should tempt solid top forty support in getting the side into chart competition. Flip: "What's Your Name" (2:58) (Same credits)

### STONE & MEATLOAF (Rare Earth 5027)

What You See is What You Get (2:21) (Jobete, BMI—Jerome, Valvano)

That motion magic that makes up the Motown sound gives a strong opening spark to this offering by Stoney & Meatloaf. Unlike the duo's name, though, there is no rumor in the energy and excitement that is packed into this teen-forty and blues outing. Ready to burst. Flip: no info.

### CYMARRON (Entrance 7500)

Rings (2:45) (Unart, BMI—Reeves, Harvey)

This famous pair of AM/FM writers have given Cymarron a song to make people remember the group's name. Lustrous material, especially fine for summertime programming, and a stunning performance should have this track heading up playlists in every pop format. Flip: "Like Children" Entrance Records distributed through Columbia Customs.

**“Redeye Blues”**  
**Two minutes and forty-five seconds of feelin’ good**

PE 10006

Recently Redeye had a smash hit with “Games”. Now they’ve got “Redeye Blues” (PE 206) from their new album “Another Man’s Poison” (PE 10006). It’s the second hit of the young year for one of the hottest new groups around.

“Redeye Blues” is simply two minutes and forty-five seconds of feelin’ good. And that ain’t bad.

## Tim Hardin-Karen Beth

**GASLIGHT AU GO GO, NYC**—Paired at the Gaslight now, Tim Hardin and Karen Beth present an interesting contrast in positives.

Hardin, in his first New York appearance for a long while, stresses melodic subtleties, the strength of his material and a wealth of deeply felt emotions to make his emphasis. Miss Beth, in her first NYC engagement, presses instead for turns of phrase, her eye for detail to make lyrical meat and a professional cleverness that Hardin leaves essentially to his keyboard accompanist.

As a result, Hardin comes off a rather gruff and earthy performer with intensity, and the lady displays instead a tidy set which talks of sorrow and loneliness in a cool, almost detached manner.

At first, Hardin seemed to have returned with the air of calamity that devastated his last appearances, but this was quickly dismissed once the sound system was put aright. Four numbers into his set, Hardin stopped competing with his single musical collaborator and turned the guitar/piano support into a magical spider web of counterpoints that crammed solo takeoffs by both instruments into either ear.

Relying basically on his best known songs, the Columbia singer/composer easily hauled the show from a disasterous brink to the heights of accomplishment.

Before him, Karen Beth offered tastes of the material on her two Decca albums in a performance accompanied only by herself on 6- and 12-string guitar and piano. Everything about her set was admirable from a material standpoint. However, the detachment with which she sang of the blues always left them a shade too pale to become really convincing in spite of her ability to write potentially overwhelming tales.

## 'Tommy'—The Ballet

**CITY CENTER, NYC** — By now, the Who's "Tommy" has become a crowning achievement as the work which turned concept LP's into rock opera. It is already, perhaps, so familiar that listeners needn't refer to a libretto to determine which of the dozen-plus characters is being represented by the two singers who bear the entire vocal weight of "Tommy."

But the opus, even with familiarity, never gained the visual solidity of a true opera work—until now.

Last week Les Grands Ballets Canadiens arrived with their dance staging of "Tommy" following a successful run in their native country.

The troupe's planning showed a keen sense of audience anticipation. For, all elements of their staging were played toward viewers who knew the double-LP opera and were coming to see "Tommy" rather than a ballet.

In this, the group eliminated all ballet trappings that might bore or disturb an audience unused to the dance and instituted extras for the "Tommy" generation via film clips, some with light-show elements, and even a volume level only slightly lower than the Who's (though the clarity achieved was far superior to that of the Met in the last live performance in New York).

The music itself was a tape of the complete Who album and not an orchestration of the work.

In all, the production had everything that could appeal to an audience entranced by the total experience of "Tommy"—and ballet too, though not of a nature to mar the other effects.

The dance itself, where it was good, was outstanding.

Impish expressions and gestures from Uncle Ernie as he fiddles about with Tommy or the cambers; the Hawker extolling his Acid Queen, the

## Mylon with Holy Smoke T. Rex

**FILLMORE EAST, NYC**—This is rather a first for me, but then Mylon is a first for the music business. I mean it's the first time I've separated reviews of one show. But it was a necessity in this case. Mylon earned it.

I remember the first time we met. It was at the Capitol Theater in Port Chester. Mountain was Topping the bill and it was Mylon's first gig. His band, then without a name, had been together only a few days. Just before he was scheduled to go on, he came down from the dressing rooms on the second floor. The band was already on stage tuning up. He came over to where I was talking with Felix Pappalardi. Tall and impossibly slender he wore a black leather suit with white stitching and white crosses on the back and around the cuffs of sleeves and pants. He carried a jug, asking us to drink with him the sweet pure apple cider it contained. When we had finished he said "Pray for me." Then he turned and walked on stage to begin his first set.

But you see that's the beautiful thing about Mylon: he's so honest. Born into the LeFevre family, possibly the most famous touring gospel family, Mylon is from Georgia. He traveled and sang with his family for years until he felt other things calling him.

If Elvis had taken other paths and gone 'native,' sort of freaked out in a nice way, he would have ended up looking like Mylon: a face dark and brooding with those smoky intense peculiarly Southern eyes. Over this year I've seen Mylon grow; as an artist and as a person. The band, now called Holy Smoke, has jelled into a happy, musically tight unit that is,

girl herself; the narrator for "Pinball Wizard," all were superb in grace, sensuousness or humor. Also fine were Cousin Kevin and several lesser dancers.

Tommy, himself, did an admirable job for a somewhat mismanaged role. Tommy's dance part was almost entirely lodged in the early numbers. Once "Free" or on the path to becoming the messianic figure of the closing half-hour, the character is a zero. Here, where one should expect Tommy's part to become overpowering, the character is off-stage. He is not seen in "Sally Simpson," and only glimpsed as a Shiva-figure on a pedestal during "Holiday Camp" and "We're Not Gonna Take It." So, Tommy remains a magnificent caterpillar who, we are told, becomes a godlike butterfly. But there is no climax in dance.

Had the earlier effort been less capable, this letdown might not have come so hard. But, the particularly notable staging of many numbers raised higher hopes.

Filmed still photos shown during the "Overture" neatly set the stage as a tie-in between the Who, ballet and the entire generation by crossing from one to the other during the instrumental track. A number of inventive touches graced "Pinball Wizard" with flashes of slides blaring "tilt," "free game" or scores in neon above the mime machine players; Uncle Ernie's scene stealing gestures and facial expressions among other things gave a vitality and attraction to the early half. But, these only showed the distance between inventiveness and the somewhat obscure rise of Tommy to heroic stature. It also contrasted to the inaccurate dances in which Captain Walker kills his wife's lover (Tommy being separated from the sight by some half dozen people), or where Cousin Kevin ("on our own cousin/all alone cousin") tortures Tommy with two acrobats somersaulting upstage.

ultimately, wholly responsive to Mylon's moods. His writing, too, has improved, although it began at such a high level (as witness his first Cotillion LP "Mylon").

The songs, new and old, are a delight. They have that peculiar quality of staying fresh over a long period of time. "Sunday School Blues," "Sweet Peace Within," "Searching For Reality," "Hitch Hike," the closing "Old Gospel Ship," and the incredible "Peace Begins Within," are all vehicles for Mylon to express himself. The sentiments are so obviously real, that from the first moment you see Mylon on stage you know you're in the presence of a true phenomenon. And his time is just about here.

Opening the four nights (Apr. 12-15) at the Fillmore was Marc Bolan's T.Rex. Some years ago Marc was leader of what must have been England's first true Underground group, way before the term was coined. They played a strange form of hard rock that was way ahead of its time. Marc left the group and formed the purely acoustic Tyrannosaurus Rex with Steve Peregrin-Took. LP's and two hit singles ("Deborah" and "One Inch Rock") followed. Then Steve left to be replaced by Micky Finn, and the group became T.Rex. Meanwhile the music was changing, becoming more and more electrified. Until now, at the Fillmore, it seemed to me that Marc had come full circle and it was like he had never left John's Children. Because Marc played flashy electric guitar on lengthy numbers through two stereo speakers set up on either side of the stage. He was joined by Mickey, a fine hand drummer, Steve Currie on bass and, occasionally Bill Fifield on more conventional drums. I rather enjoyed that raucous freaky rock they played except for the fact that Marc's strange beautiful melodies, especially on "Hot Love," their new single, seemed rather buried. At times the group created a veritable cacaphony of sound but beneath it all I couldn't help thinking there were some extremely interesting musical ideas going on. Now if only we could get to them.

## Johnny Winter And Little Feat

**SANTA MONICA CIVIC, L.A.**—The natives were really restless the other night, and for good reasons. To kick off a week of rock events, Concert Associates presented a two-night, sold-out stand with Johnny Winter. And Watching Winter is far from being a rational experience (maniacal is putting it mildly) and after he struts out on stage (all sixty five pounds of him) and screams at the audience for about five minutes, he launches himself into some of the fastest rock and roll this side of Church (nee Charles) Berry.

With pink scarf flying, he stormed and stomped and wailed his way through "Good Morning Little School Girl," and then switched to slide guitar for such a magnificently sleazy rendition of "Rollin' and Tumblin'" that it would have made Ry Cooder's mouth water. One of the more interesting aspects of Johnny's instrumental abilities is the way that his streaming, flowing guitar licks always seem to know where they're going. The only time I really got uncomfortable with the show was during some of the protracted rave-ups that overindulged some of Winter's manifest abilities. Primary offender was a twenty minute version of "Whole Lotta' Shakin'." Winter's ultra-high visual and musical aura has been considerably enhanced by his new group, especially former McCoy Rick Derringer (nee Zerringer) who's lead and rhythm guitar work augments and bolsters that of his leader. Another former McCoy, Randy Hobbs, chimes in with some excellent bass, and the drummer (who's often identified as a third for-

## Carol Hall

**TROUBADOUR, L. A.** — The room was dark, with a luminescence spot lighting a thin, sensitive songstress with rounded angelic face, and a halo of curls. She sang of loneliness, and love, and of all of her friends, and of things that truly mean something to her; and, she spoke of the absurdity of talking to all of us in the audience when she couldn't even see us. Reminding us that we do this all the time in life. Yes, indeed, Carol Hall impressed me with her sincerity and her directness. I was equally impressed with her voice with its deep, scratchy, crackling quality which recalls the early Joplin, and even the popular Laura Nyro. Certainly an unusual voice of good quality.

Yet, clad in her red floor-length free-flowing finery, Carol seemed to hide from the very audience that she had come to entertain. Did I say entertain? The show became a mere recitation of songs which tended to melt into one another with regard to melody, emphasis, poignancy, and emotion. Carol's opening number "If I Be Your Lady" (which is also the title of her new Elektra album) was done well, and was well received. Yet, the simplicity of her self-accompaniment on the grand piano (behind which she hid) seemed unenthusiastic, and uncertain. This was the case for most of her presentation. Carol's rendition of "Jenny Rebecca", a song she had written several years ago which was previously recorded by several artists (including Barbara Streisand), was unique, poignant, and direct. One could certainly feel the sincerity behind the performance of this song, and of the entire evening's offering. Yet sincerity in all of its heart-felt desires, was not enough to raise us from our seats.

## Pearls Before Swine

**THE THIRD PHASE**—The nucleus of Pearls Before Swine, Tom Rapp, returned to New York with his new band and appeared for three nights at this recently opened club in the environs of Columbia University. It's been more than two years since pearls performed in New York and the time has been well spent, since during that period Rapp has composed many of his more memorable songs.

The Reprise group opened their first set with a nod to Bob Dylan via "You Ain't Goin' Nowhere," following it up with Rapp's own "If You Don't Want To, (I Don't Mind)" and "Another Time," the song from their first ESP album which has become their most requested item. Tom's comfortable guitar work and unique vocal approach were nicely complimented by the deft bass lines of Gordon Hayes, and the strong contributions of Mike Krawitz on piano and Jon Tooker on guitar.

Rapp and cohorts relied on acoustical maneuvers during the second set, due to a blow-out of the amp system. It turned out to be a fortunate mishap, since it brought an already attentive audience even closer to the proceedings. "Rocket Man," based on a Ray Bradbury story, and "The Jeweler" were rendered with exceptional precision, as was a Rapp solo on Leonard Cohen's portrait of "Suzanne," which closed out the evening.

## Kenton Hires Steiner As In-House Booker

LOS ANGELES — On heels of inking Tommy Vig as the first outside artist on his Creative World Records, Stan Kenton has taken still another step toward augmenting his L.A.-based music complex. He has severed long-standing ties with Associated Booking Corp. (effective May 1) and has hired former ABC agent Bob Steiner to book the 19-piece Kenton band in the western part of the U.S. Steiner has already excited ABC's Chicago office and has assumed new Kentonia, Inc. post here.

Because of his increasing involvement in music education, Kenton felt his band needed a "specialized and controlled" kind of handling. He also theorized that the western portion of the U.S., particularly the west coast, "has been the most neglected part of the country as far as the selling of big bands is concerned."

To this end the Kenton orchestra has just been booked to its first major L.A.-area appearance in several seasons—Disneyland, May 28, 29 and 30.

## Carmen Lombardo Dead of Cancer

FLORIDA — Carmen Lombardo, lead singer and saxophonist for his brother's band, The Royal Canadians, died Saturday (17) in his winter home in North Miami Beach. Lombardo, who was 67 years old, died of cancer.

Apart from being musical director of The Royal Canadians, Lombardo also composed songs for many musicals including "Mardi Gras," "Arabian Nights," and "Paradise Island." Many of his songs such as "Powder Your Face With Sunshine," "Teeny Weenie Genie," "Seems Like Old Times," "Sweethearts On Parade," "Jungle Drums," and "Snuggled On Your Shoulder," became classics during the big band era, and are still performed today.

In addition to Guy, Carmen Lombardo is survived by two other brothers in the band, and a sister.

Thomas will retain an interest in both the Curton label and publishing divisions.

Thomas was instrumental in developing the careers of Curtis Mayfield and the Impressions, becoming their personal manager in the late 50s. He negotiated their recording contract with ABC Records which over a ten year period saw such hits as "People Get Ready", "Amen", "Keep On Pushin", "Woman's Got Soul", "We're A Winner" and many others.

Thomas was the first black national promotion representative appointed by ABC Records, where he worked closely with such artists as Ray Charles, B. B. King, Lloyd Price, Fats Domino, Maxine Brown and many others, in addition to the Impressions.

In 1968 Thomas formed Curton Records with Curtis Mayfield and secured a distribution agreement with the Buddah/Kama Sutra Group. He also helped develop the Curton publishing companies.

## Aldrich Arrives In Twin Piano Showing

NEW YORK — A special demonstration showing how Ronnie Aldrich superimposes twin pianos against an orchestral backdrop was staged by London Records last week at the Essex House in this city. The demonstration was held in conjunction with London's release of Aldrich's new two disk LP titled "Love Story," on London's Phase 4 label.

Before members of the trade press, radio stations and dealers, Aldrich played one piano track on top of a pre-recorded track of the London Festival Orchestra, then while the track was re-played placed the third track (left hand piano as he called it) for the finished product.

Aldrich has become London's best selling Phase 4 artist and the label still sells product he recorded ten years ago. Butch Banister, Aldrich's engineer who produces the artist's LP's operated the tapes for the demonstration.

Following the show, Aldrich moved on to Los Angeles and San Francisco for additional promo interviews and radio and television appearances. He was also scheduled to be in Chicago at the Continental Plaza for a reception Monday (26) and for a similar presentation in Atlanta, Wednesday (28). Later, he'll visit Miami briefly before returning to England on May 1.

## 'Tasteful Soul' LP Spawns Ingredient's "Spinning Around"

NEW YORK — "Tasteful Soul," the latest album by The Main Ingredient on RCA Records, has spawned another single hit for the group. Following "I'm So Proud," disk jockeys went back into the album and pulled out "Spinning Around." Play became a factor for RCA to rush it into single release.

In a maximum merchandising effort, RCA Records is re-packaging the "Tasteful Soul" album and retitling it "Spinning Around." In addition, an extensive promotion tour is also in the works for the trio.

## Pop Picks

### MUD SLIDE SLIM AND THE BLUE HORIZON—James Taylor—Warner Bros. 2561

Those who caught up with James Taylor during his most recent concert tour will be familiar with a good deal of the material on this, his second LP for Warner Bros. "Hey, Mister, That's Me Up On The Jukebox," "Love Has Brought Me Around" and "Riding On A Railroad" were introduced to us then. Now they join some equally fine Taylor originals, as well as a song by Danny Kortchmar ("Machine Gun Kelly") and Carole King's "You've Got A Friend" to comprise a record which is pure pleasure. Success seems to have relaxed Taylor to the point where he is now really hitting his stride. An eagerly awaited set which lives up to expectations.

### SKY'S THE LIMIT—The Temptations—Gordy GS 957

It's always a pleasure to welcome the new Temptations release, so here it is. The sky really does seem to be the limit for these guys since they keep coming up with hits. Two of their biggest, "Just My Imagination," and "Ungena Za Ulimwengu (Unite The World)" are among the eight tracks herein. Of special note: a twelve minute long gem entitled "Smiling Face Sometimes." But they're all first rate and after all isn't that what we have come to expect from the Temptations? Yep.

### BROKEN BARRICADES—Procol Harum—A&M SP-4294

Overall this is a new Procol: hence the title. Main writers Gary Brooker and Keith Reid's works are now less moody and more riff oriented. The instrumentation now leans more towards Robin Trower's excellent American-influenced guitars. The highlights are really strong, as witness the lead-off "Simple Sister," very powerful and driving, the clever "Power Failure," "Poor Mohammed," and the title cut. Only disappointing moment is "Memorial Drive" which sounds peculiarly like Free's "All Right Now." In all a really commercial release from Procol.

### BERT SOMMER—Buddah 5082

Anyone who hasn't discovered Bert Sommer by this time is only missing the music of one of the most free spirits extant. His sheer zest and reverence for life are reflected in every track. Much of his new material is in the same gentle vein as his previous efforts and that is good. "Stick Together" is a mover somewhat reminiscent of "We're All Playing In The Same Band." "Back On The Bag" is a moving song of friends lost and strung out, and the Rascals' hit "People Got To Be Free" gets a marvelous reading. Bert's recent single hit, "Battle Of New Orleans" rounds out the set.

### WINGS—Michel Colombier—A&M SPX 4281

French composer/arranger Michel Colombier's beautiful pop suite "Wings" is sure to find instant response from those masses of listeners who freaked for "Superstar." Yet "Wings" musical base is broader, taking an almost pure classical tone at times, and the text is non-religious. A quintet of singer, Bill Medley, Herb Alpert, Lani Hall, and Vametya Royster, and lyricist Paul Williams, sing the songs superbly. It's a consistently interesting LP that holds up under repeated listening. Herb Alpert has done a fine production job, as well.

### WAKE UP AMERICA—"C" Company Featuring Terry Nelson—Plantation PLP-15

With their hymn of Lt. Calley currently riding up the singles chart, "C" Company marches in with flags a flying. Not since Sgt. Barry Sadler has there been such an outpouring of patriotic anthems. Not one of America's wars is left out as the boys pay tribute to our nation's fighting men. The songs are all here, even "Yankee Doodle Dandy." Plus, of course, "The Battle Hymn Of Lt. Calley." Could explode into a big item on the album front, by jingo.

## Pop Best Bets

### IF I WERE YOUR WOMAN—Gladys Knight And The Pips—Soul SS 731

No newcomers to the pop charts, Gladys and her girls are currently at a new peak thanks to their hit single, "If I Were Your Woman." That number serves to kick off an album of strong R&B fare which includes "Everybody Is A Star," "One Less Bell To Answer," "Feelin' Alright" and "Let It Be." "Here I Am Again" and "Your Love's Been Good For Me" are two other standouts. Should generate lots of action.

### THE GOSPEL TRUTH—Brook Benton—Cotillion SD 058

The truth is that this collection of gospel songs is a joyful listening experience. Brook does traditional pieces, such as "Doing The Best I Can," "Precious Lord" and "I Dreamed Of A City Called Heaven" as well as the more recent "Oh Happy Day" and "Heaven Help Us All." Some excellent vocal backgrounds by Cissy Houston and others add to the impact. This is a sincere and entertaining set by an artist of stature.

### BLUE MEMPHIS—Memphis Slim—Warner Bros. 1899

This is the blues, plain and simple and what else could it be when this legendary musician sits down to play? Slim knows the blues because he has lived them and in "Blue Memphis Suite," which makes up side one, he tells his story. Side two takes a stance on contemporary events ("Chicago Seven") and pays respect to the late Otis Spann and Earl Hooker. Helping out as sidemen are a roster of British rockers, including Peter Green, John Paul Jones and Duster Bennett. Blues, blues, blues, and all of it great.

### LOVE STORY—Ronnie Aldrich—London Phase 4 ASPB 22

There's something for everyone on this two record set, everyone that is who likes the classics and lush pop music. Aldrich and his two pianos team up with the London Festival Orchestra for works by Bach, Rachmaninoff, Mozart and Schubert, then update things for a go at "My Sweet Lord," "Rose Garden," "Mr. Bojangles," "I Think I Love You," "Candida," etc. Very listenable fare, both on the classical and MOR fronts.

### EXPRESSIONS—Turley Richards—Warner Bros. 1918

Second release from this talented young singer features ten tunes, seven of which were written by the artist himself. King-Goffin's "Child Of Mine" and Dylan's "It's All Over Now Baby Blue" come in for Turley's forceful treatment, but best of all is "My World Is Empty Without You," turned around from Supremes style to a reflective tour de force. Lots of excitement too on "Beautiful Country" and "Nightmare." A really strong offering.

### SHILOH—Amos—AAS7015

Produced by Kenny Rogers, Shiloh is a five piece band that relies largely on original material for their sound. Debut album is filled with potential hit singles, "Simple Little Down Home Rock & Roll Love Song For Rosie," "Swamp River Country," "Railroad Song," just to name a few. Group projects a country flavored sound and makes use of the steel guitar for added effects. A fine LP that is worthy of your listening attention.

NEW YORK (cont'd from page 16)

**Smith**, a trifle older, came running out on the stage and exclaimed—"say kids, what time is it?" . . . and sure enough, the adult, mature and fully grown group replied . . . "it's Howdy Doody time!"

**Bob Smith** and his Howdy Doody Revival toured dozens of colleges and sold out each and every show. Though the show consisted only of Bob, a Howdy Doody 10th anniversary show on film, a piano, and a million memories, the response was overwhelming. So overwhelming, that several networks are currently negotiating to bring back a new Howdy Doody Show.

The Howdy Doody Revival has also sparked considerable interest in the recording business, and as a result, **Les Harsten**, after countless hours of editing, will be producing the first Howdy Doody album to be released on the Leslee Label, dist. by Pip Entitled "The World: Original Cast." The LP will mix two distinctive viewpoints: It will depict the entire era during which the show ran, and will also include the actual voices of the prominent personalities of the times. "The World: Original Cast" LP is more than a revival of Howdy and his gang. It is an historical documentation that will live long after we have forgotten. The album spans the years between 1948-1960, and beautifully entwines history and fiction. **Sir Winston Churchill, Harry Truman, Albert Einstein, David Ben-Gurion, Douglas MacArthur, Dwight D. Eisenhower, Richard Nixon**, and a cast of thousands are all a part of the Howdy Doody Show at the same time that Howdy is a part of history.

Harsten has created an album filled with facts rather than political involvement. "Howdy Doody for President" runs simultaneously with a voice track of Eisenhower's inauguration ceremony, and "The Pop Corn Song" is heard in the background of a Douglas MacArthur speech relating to war. It might interest you to learn that way back in the 1940's, Howdy Doody was one of the first to advocate lowering the voting age. He was also one of the first anti war protesters. Surprised? Well, you shouldn't be. It can all be documented by the contents of the album. An album that should be inserted into history books. At the age of 5 or 6, Howdy Doody was as important to us as Churchill or MacArthur were to our parents. And this album makes that point frightfully clear.

Congratulations are in order for Les Harsten who, by a stroke of genius has come up with an album that indeed brings back the good old days. Factually and fictionally. At long last we can sit back and listen as we move from the past—tomorrow.

**NEWS OF THE WEEK IN PREVIEW**—Mighty Mountain was the subject of what turned out to be a surprisingly intelligent two-part document on NBC's Evening News last week. Despite the fact (incredible though it may seem) that Channel 4's commentator **Jack Paxton** had not heard Mountain live (which might be understandable) or bothered to listen to their recorded music before his assignment (which is not), the segments reached the tube in fine form. First segment showed Mountain at their sound check just before the first of four SRO Fillmore shows (Apr. 12-15) running through "The Animal Trainer And The Toad." The next night featured the band in concert and a beautiful mini-interview with **Felix**. "All this talk of classical music being 'serious music,' I don't go for that at all. My band plays serious music," he said, in a voice both softly commanding and supremely confident. America's (and with it, the media's) desperate need to categorize everything led Paxton to continually refer to Mountain's music as 'Power Rock' (whatever that is, it wasn't defined for the viewers) even though several times during the interview taping (and edited out for the broadcast) Felix asked him to lay off that term. "I don't know where you got it," Felix said. "We don't play 'power rock,' we play music."

Notables who dropped by the Fillmore last week to listen to Mountain music and chat with them back stage were **Procol's Gary Brooker, Steve Marriott, Jerry Shirley, Greg Ridley, and Peter Frampton of Humble Pie** . . . **Jackie Lomax**, who's new WB LP, "Home Is In My Head," is released this week and already causing a dazzling array of reaction, will be appearing May 21 at the Warehouse, Binghamton, NY; May 22 at the Warehouse in Ithaca NY; and May 27 at **Agora's**, Columbus Ohio. More info on the LP appeared in last week's Insights and if you missed that, for shame! Remember where you heard it first! . . . That bristling Briton **David Frost** begins a US nightclub tour May 14-16 at NY's Westbury. With him will be **Barbara McNair** and **Tiny Tim**, May 31-June 5 Frost will headline **O'Keefe Centre** in Toronto, Canada . . . **Palisades**, ever on the move begins the "Miss Coolest Hot Pants" contest inspired by **Gladys Shelley's** tune "The Coolest Hot Pants" recorded by **Jimmy Clanton**. Single girls (17-25) write to: Miss Coolest Hot Pants Contest Palisades Amusement Park, Palisade, NJ 07024 . . . Ah! Due to popular demand the **Cash Box** baseball team took the field last week for the opening game of the **Anti-Hype League** season. Due to superior physique (collective) and showmanship (not to mention pluckiness), the guys soundly trounced **Mills Music** by the score of 8-1. CB's ace hurler, **Mike Martucci** (who has grown his left arm an extra four inches to increase the power of his pitches) allowed Mills' team only six hits all game. During the seven inning contest, both teams played fundamentally strong ball: errors were few, base hits maintained constant movement on the offense and outstanding fielding from both sides achieved four double-plays and held the score close until midway in the game. All scoring was one run at a clip, except in the bottom of the fourth when the **CB Bullets** blasted a bases-loaded triple to ice the victory. Mills' lone tally came on the game's only home-run in the fifth:

Mills	000	010	1
C.B.	110	411	8

All other teams seeking Central Park competition are invited to contact CB at (212) 586-2640 . . . Currently the most talked about Underground group in England is **Stray**, whose second LP, "Suicide," was just released there on the Transatlantic label. There've been many changes in the group since their first album, principally **Del Bromham** (who does most of the group's writing) now plays not only fiery guitar but also a large array of keyboards from piano to mellotron. And he knows the use of each within the contexts of the songs. Group's sound is moderately 'heavy' but not overpowering so. Moreover they know how to use the hard sound so that it comes out sounding different on each track . . . Two albums that seem to have been rather passed over when they were released some months ago: **Mylon** on **Cotillion**, and **Cowboy** on **Capricorn**. Both contain superior and very commercial music. For more info on **Mylon** and his **Holy Smoke** group as a live act, see this week's **Talent On Stage**.

HOLLYWOOD (cont'd from page 16)

to sit back and say I've had a career and it was lovely. But, for me, it would be a living death. Functioning within the framework of the music trade is breathing—it's the blood coursing through my veins."

Many of the guys who grew up with David in the business still are punching away at rhythm and rhymes. But few with the clean cut consistency that David exhibits. David dissents, contending that these writers are still creating songs that are as good as ever. Why aren't they being heard? "Perhaps, though they still communicate on a musical level, they cannot on a personal one with the decision makers in our industry . . ." "God, they can write," says David. "I hear things that they sit down and play for me which are just magnificent . . . but they're not getting an opportunity to be heard."

"Still, perhaps they can compensate in other ways. Perhaps I need it more for my emotional well being. And they may be better off."

David started writing back at Cornell U. for shows like the Spring Day Review, earning bed & board reciting poetry at the Village Vanguard in the late twenties. His first professional song, with **Johnny Green**, was published in '32. He joined ASCAP in '34, had his first #1 Hit Parade tune ("Moonlove") in '39. He has composed songs for 80 motion pictures and more than triple that figure for TV productions. Sunflower, his current pet project, was begun seven months ago with **Rick Sidoti** (general manager) and **Ellen Burney** (administrative Ass't), partnered with MGM. The label has released just seven singles and two albums since its start—including "Vintage Dead," (a live **Grateful Dead** purchase master) which has topped the 100,000 sales mark and "Chick A Boom" which has sold 800,000 singles and is still building.

Fod David, who also composed songs like "I'm Just a Lucky So and So" (with **Duke Ellington**), "Blue and Sentimental" (with **Count Basie**), "It Must Be Him" (with **Gilbert Beaud**) and dozens of standards with **Jerry Livingston**, there's a desperate need to constantly surround himself with youth. "But not necessarily youth in age. Youth, to me, is not a chronological thing—it's that which is creative and vital and alive—that which constantly seeks new horizons." And like the words to a vintage '43 lyric (composed by David to **Joan Whitney** and **Alex Kramer's** "It's Love Love Love"), David's heart goes "bumpety bump" and his throat "comes up with a lump" each time he feels a new hit coming on. "For me," David rhapsodizes, "the industry is a rejuvenating love potion. It's Saturday night—and there's a new gal in town."

**SOUND TRACKS**—L.A.'s Ash Grove, a 13 year old coffee house haven on Melrose for all forms of traditional American music, is instituting a programming policy which will be presenting its artists in a setting reflecting the social and political struggles out of which the music emerged. The new programming perspective, the brain wave of owner **Ed Pearl**, started last week with the music of the early mine and mill labor struggles with **Ramblin' Jack Elliot**, the **Morris Bros.** (members of an Appalachian mining family) and **George Tucker** (30 year mine veteran). Next week—**Mike Seegar** (an exponent of mountain music), and **Sarah Ogan Gunning** (a veteran of the mine battles of the 20's and 30's). And on May 4 thru 9 **Earl Scruggs** headlines with **Hazel Dickens** and **Alice Foster** (members of the younger generation of mining community radicals and musicians) also on the bill. On nights when the club is ordinarily dark, a program of feature films will be shown and discussion groups have been arranged relating to contemporary labor problems. Pearl, who views folk music as a bridge between the working people in our nation, from the Appalachians to the auto assembly lines in L.A., plans several programs in the series—next—devoted to the farmworker's strike which originated in the California grape fields.

**Frank Leffel**, Mercury's west coast promo manager, reports **Patti Page's** first single since returning to the label ("Give Him Love") was among the firm's top selling records in March. Latest ("Make Me Your Kind of Woman" b/w "I Wish I Was a Boy Again") is getting strong c-w action here . . . A couple of weeks back we touted **Pet Clark's** "I Don't Know How to Love Him/Jesus Christ Superstar" cut from her forthcoming **Warners** lp, suggesting it could be a chart side—**Warners** has rush-released it. . . Newest group on RCA, **Mome Rath** (borrowed from "Alice in Wonderland") has two powerful entries in "Show Me How to Love You" (A side) and "My Life is My Own" (composed by **Jimmy Barden** and **Ben Raleigh**). **Denny Randall** arranged and **Ron Budnik** produced . . . Six acts have been signed for the May 1st Free Clinic Benefit concerts at the Bowl—**Association**, **Joan Baez** (signing with A&M?) and **David Harris**, **Joy of Cooking**, **Redeye** and **Jackie DeShannon**. **Jack Nicholson** is honorary chairman of the event scheduled to run from 2-6 PM and 7-11 PM. **Garewga Prod.** running the affair and tickets will range from \$2 to \$8.50 . . . **Jackie Mills**, president of **Wednesday's Child Prod.**, has signed **Don Sargent** to an exclusive writers contract—Mills will be cutting **Davey Jones** this week for the Bell label . . . Grammy winner **Jimmie Haskell** has just completed the string arrangement for **Joe Cocker's** newest A&M single ("Black Eyed Blues"). Haskell, who also conducted the side, worked under **Denny Cordell** who produced the basic session as **Muscle Shoals Sound** and the string session at A&M, Hollywood, Tune, penned by Cocker.

**CHICAGO**—Alltapes, Inc. recently expanded its space at 2623 N. Pulaski Road to house its entire Chicago operation (including the Royal Disc distributing arm) under one roof. Firm, which is helmed by **Ed Yalowitz** and **Kent Beauchamp**, also has outlets in Dallas, Los Angeles and Detroit. Among the lines on the Royal Disc roster are **ABC, Dunhill, Mercury, Phillips, Fontana, Limelight, MGM, Impulse, Bluesways, Polydor, Verve** and others . . . **Tower Of Power** made their first Chicago appearance at **Beavers** last week. Group records for **San Francisco Records** and has an LP tagged "Easy Bay Grease" from which a single "Sparkling In The Sand" was recently released . . . Gary, Indiana-based **Canterbury Record Productions** announced the signing of **Frankie Ford** to a recording pact. Ford had a big hit in 1961 called "Sea Cruise". His first single for **Canterbury** will be a tune from the early '60's (recorded then by **The Spaniels**) titled "Peace Of Mind" . . . British group **Uriah Heep** were feted by **Mercury Records** (19) at a press party at **Beavers** . . . Following an upcoming command performance at the White House for President Nixon and King Husan of Morocco, **Coral's Pete Fountain** will embark on an extensive tour which will include several college dates; an appearance at the **New Orleans Jazzfest**, a 5/25-6/10 engagement at the **Tropicana** in Vegas and appearances at the **Montana, Oregon** and **So. Carolina** county fairs. Tour was arranged by **John Shoup** of **Exposure Inc.**, here . . . **Ed Yalowitz, Kent Beauchamp** and **Rich Kudolla** of Alltapes were among ringiders at **Lily Tomlin's** opening in **Mister Kelly's** (19). Miss Tomlin's **Polydor** album "This Is A Recording" is among the top sellers across the country . . . **Sig Sakowicz** got the good word (upon his return from covering the Oscars on the West Coast) that his **Channel 44 TV** show has been extended to one hour!

## Country Artist of the Week: ROY CLARK

**ONE MAN BAND**—Take a lively banjo, add the fullness of a twelve-string guitar and blend in the sweetness of a classic guitar. Mix well with an accordion, piano, violin, trumpet, trombone, and drums and you've got the makings of a great all-around band. Add a top-notch vocalist with a high caliber wit and you've got a sure-fire formula for all-around success.

Multi-talented Roy Clark does it all. He's all those talents rolled into one and he's worked the Glen Campbell Show, The Johnny Cash Show, Hollywood Palace, The Jackie Gleason Show, The Tonight Show, The Merv Griffin Show, The Beverly Hillbillies, Shindig, Dick Clark's American Bandstand, plus others like The Tom Jones Show, a Jim Nabors Special, Flip Wilson Show, Kraft Music Hall, John Wayne Special, Andy Williams Show, Joey Bishop Show, and the Bing Crosby Christmas Special. Add his co-hosting status on CBS-TV's Hee-Haw, and that's an outstanding pickin' and grinnin' record for one whose teachers said he would "never amount to anything because he doesn't take anything seriously".

This "one-man variety show" was born in Meherrin, Virginia, and migrated to Nashville and the Grand Ole Opry on the strength of twice winning a banjo contest.

Following a three-year stint as a regular on Jimmy Dean's show and a spell of co-hosting his own show, Roy's endless talents took in a new dimension when he played the dual role of "Cousin Roy" and "Mother Myrtle" on The Beverly Hillbillies. Now his weekly co-hosting job on Hee Haw allows Roy the opportunity to apply his variety of "country corn to master instrumentalist" abilities.

On signing a long term contract with Dot Records, Roy recorded a beautiful ballad entitled "Yesterday When I Was Young", followed by various instrumental and vocal singles such as "September Song", "I Never Picked Cotton", "Thank God And Greyhound". His latest release on Dot Records is "A Simple Thing As Love".

Roy's records are produced by inde producer, Joe Allison, with management by the Jim Halsey Company.

## Atlanta Braves Set Bill Anderson Day

**NEW YORK** — Bill Anderson will be honored by the Atlanta Braves baseball club with a "Bill Anderson Day" at the Atlanta Stadium on Friday, May 14. Atlanta Mayor Samuel Massey will participate in day-long ceremonies paying tribute to Anderson, a former Atlantan now living in Nashville, Tenn.

Anderson, who grew up in the Atlanta suburb of Decatur, will throw out the first ball at the game between the Braves and the Philadelphia Phillies, following a performance by the Bill Anderson Show, featuring Jan Howard and the Po' Boys.

A former sportswriter for the Atlanta Constitution and a one-time disk jockey, Anderson is currently scoring with his Decca Records hits, "Always Remember" and "Where Have All Our Heroes Gone."

## Haggard Sets Tour

**HOLLYWOOD** — Merle Haggard has embarked on a 12-date concert tour, his first appearances since winning "Entertainer of the Year" honors for a second consecutive year from the Academy of Country and Western Music.

The series began with dates at Charleston, W. Va., and Detroit, and picks up Thursday (22) at the Civic Arena in Bismark, North Dakota.

Other dates are April 24, Civic Arena, Huron, South Dakota; 25, Arena Auditorium, Duluth, Minn.; 27, McElroy Auditorium, Waterloo, Iowa; 28, Coliseum, Sioux Falls, South Dakota; 29, Memorial Auditorium, Sioux City, Iowa; 30, Shrine Auditorium, Springfield, Mo.; May 1, Memorial Auditorium, Salina, Kansas; 2, KRNT Theater, Des Moines, Iowa.

## Pope, Chancey, Morris Cartwheel Success Story

**NASHVILLE** — Three relative newcomers to the music business have taken Cartwheel's second single release to the top of the country charts. Responsible for the label's success are president Lonnie Pope, vice president of production Ron Chancey, and marketing vice president Dale Morris.

After an initial recording "experience" in Music City, Lonnie Pope, a CPA, returned to his native Gainesville to regroup for a new assault on the music scene. After a thorough study and reevaluation, Cartwheel Records was formed and Ron Chancey, a Nashville native and manager of Buck Owens Blue Book Music branch, was offered the position of executive vice president in charge of production, followed by the appointment of Dale Morris, a retired (at 33) drug salesman as vice president in charge of marketing and promotion. Morris, who says, "a man can either complain or work", chose to work, setting up a complete independent distribution system for the new label. A former district manager of marketing for a major drug wholesaler, Morris is thoroughly versed in the marketing field, plus a very capable writer, having numerous recorded tunes to his credit. Chancey, a well known figure on the music scene, again has proven his ability in producing the label's top hit, "Knock Three Times", with artist, Billy "Crash" Craddock.

The company also owns two publishing houses, Poperee (BMI) and

Wheel (ASCAP), but seeks outside material for its artists. According to Chancey, "We're looking for commercial songs that will help our artists sell records. We didn't go into the record business to have an outlet for our publishing company — we maintain an open door policy."

Cartwheel has had two releases in the national charts, "Knock Three Times" by Billy "Crash" Craddock and "I've Got To Sing" by Duane Dee.

Cartwheel is a stock corporation registered in the State of Georgia with Angus Alberson of Albany, Georgia serving as chairman of the board.

## Tulsa Community To Honor Clark

**TULSA**—Entertainer Roy Clark will be honored here on Thursday, April 29, at a special luncheon hosted by the Utica Square Bank, but the event isn't designed to acknowledge his prominence as a major performer.

Rather, the star of television's "Hee Haw" series and undisputed "clown prince of country comedy," will be recognized for his growing eminence as a member of the Tulsa business community.

Already the owner of several apartment house complexes in the Tulsa area, Clark and his business partners recently acquired the 2,450-acre Parker cattle ranch 22 miles south of the city.

The group's plans for development of the property, previously owned by Pacer Oil Company president Kenneth Parker, will be revealed during the bank-hosted luncheon for Clark. Clark is on the board of directors of the Tulsa-based Environment Dynamics Incorporated, a publicly-held (over the counter) corporation active in the fields of computer service and education.

Through EDC, Clark is an owner of Hills Business University of Tulsa, a 64 year old institution specializing in business education, and Tulsa Technical College, formed in 1956 to train students in technical skills.

Halsey is a partner in several of the ventures, as is another of his clients, entertainer Hank Thompson, both of whom were in Tulsa for the Clark luncheon.

The three were joined in the Parker ranch purchase by Ed Rife, Rife Petroleum; David M. Cunningham; Wayne Creasy, Tulsa insurance executive; and Jim Hackert.

Clark, arriving in Tulsa on Wednesday (28) for a board meeting of Environmental Dynamics, recently concluded a three-week, headline engagement at the Landmark Hotel in Las Vegas.

## Mega Releases New Sammi Smith Single

**NASHVILLE** — Mega Records has just released "Then You Walk In" by Sammi Smith as a follow-up to her million-seller, "Help Me Make It Through The Night".

"Then You Walk In" is a modern country effort penned by producer Jim Malloy's son, David, and Johnny Wilson. The latter collaborated on several songs in Sammi's hit album, "Help Me Make It Through The Night". The single is backed by "Willie", a country original written by Sammi herself.

"Help Me Make It Through The Night" was recently certified as a million seller (with over 1,100,000 in actual sales) by the RIAA. The hit album has also been picked up by RCA and Columbia's record clubs.

## Epic Designates May David Houston Month

**NASHVILLE** — Epic Records has designated May as David Houston Month. The campaign will be spearheaded by the release of David's new album, "A Woman Always Knows", titled from his current hit single. David's entire catalog will receive new promotion, particularly "Wonders Of The Wine", "The World Of David Houston", "Baby Baby", "Greatest Hits", and "Almost Persuaded".

As an added special, a soon to be released single, "I Love You, I Love You", will be featured, hopefully the 15th of David's long list of consecutive number one hits. This, a second duet recording with Barbara Mandrell, is a beautiful ballad.

Country disk jockeys will receive, in time for the promotion, two specially packaged artist interview LPs, prepared by Frank Jones. The first will contain open-end interviews, for which scripts will be enclosed, and the second will consist of artist interviews with Frank. David will be included in the package, and it is expected this recorded interview will be used extensively.

Other promotional tools will include national radio and trade paper advertising, local radio spots, newspaper supplements, in-store autograph parties, radio station giveaways, and store displays.

## Picks of the Week

### SAMMI SMITH (Mega 615-0026)

**Then You Walk In** (3:12) (100 Oaks Music, BMI—Malloy, Wilson)

Nobody ever expected Sammi Smith to have a top 10 record in the pop charts, least of all Sammi. But it happened—and deservedly so. Sammi's follow up to the great Kristofferson classic is a soft, smooth ballad with a beautiful chorus. This time, we'll predict instant country success, and another top 10 song on the pop charts. Flip: "Willie" (3:02) (Baron Music, BMI—S. Smith)

### THE HAGERS (Capitol 3101)

**Motherhood, Apple Pie & The Flag** (2:30) (Blue Book, BMI—D. Knutson)

Finally a record comes along that deals with just the facts, and it took the Hagers to do it. Song tells it like it is without the least bit of pretention, and is almost certain of becoming one of the biggest records this year. Flip: "White Line Fever" (2:49) (Blue Book, BMI—Haggard)

### DAVE PEEL (Chart 787)

**My Baby** (2:02) (Sue Mirl Music, ASCAP—G. King)

Following "Move Two Mountains," this new release looks as if it's destined to become one of Dave's biggest records to date. Medium tempo tune is delivered expertly by one of the finest country vocalists around today. Flip: "Day" (don't try to cheer me) (2:25) (Yonah Music, BMI—J. Ferguson)

### DOTTIE WEST (RCA 9982)

**Lonely Is** (2:22) (Jack & Bill, ASCAP—Foster, Rice)

Lonely is lots of different things to lots of different people. To Dottie West, it's a beautiful tune, and her next hit record. This soft ballad will waste no time in climbing the country charts. Flip: "Cancel Tomorrow" (2:07) (Tree, BMI—West Lane)

### LYNN ANDERSON (Chart 5125)

**Strangers** (2:33) (Yonah Music, BMI—Liz Anderson)

**Jim Dandy** (1:58) (Raleigh, Progressive Music—L. Chase)

Either side of this Lynn Anderson record could take off based on her tremendous success with the Columbia recording of "Rose Garden." Both sides are done in traditional country fashion and are sparked by Lynn's fine vocal performance.

### JAN HOWARD (Decca 32822)

**Dallas You've won** (3:25) (Return Music, BMI—B. J. Shaver)

Pretty tune will serve to increase Jan's chart success and prove once again that she is one of the finest female vocalists in country music today. Flip: "Love Is A Sometimes Thing" (2:53) (Stallion Music, BMI—J. Howard)

### STONEWALL JACKSON (Columbia 45381)

**Me And You And A Dog Named Boo** (2:36) (Kaiser—Famous Music, ASCAP—K. Lavoie)

Covering the pop version of the same record, Stonewall Jackson will have a giant size hit to his credit. Record now has plenty of country appeal, and is assured instant airplay based on its pop success. Flip: no information available

### NORMA JEAN (RCA 9983)

**That Song Writin Man** (has wrote my mind) (2:08) (Blue Crest, BMI—Frazier)

From the "Norma Jean" album comes this familiar tale of a record that relates a message that we sometimes are afraid to relate. Simply put, let the record do the talking! A fine outing by Norma. Flip: "Back To His/Hers" (2:36) (Tree, BMI—Cochran-Kirby)

### DON GIBSON (Hickory 1598)

**(I Heard That) Lonesome Whistle** (3:17) (Peer Int; BMI—Davis-Williams)

This marks Don's fifth single release for the Hickory label, and with each one, he has gathered more and more momentum. This remake of the Jimmie Davis-Hank Williams tune should give Don his first big Hickory hit record. Flip: "Window Shopping" (2:14) (Acuff-Rose, BMI—M. Joseph)

### COMPTON BROTHERS (Dot 17378)

**Pine Grove** (2:47) (Brothers Two, ASCAP—H. Compton)

Written by one half of the Compton Brothers, record deals with the goings on at Pine Grove. Up tempo bouncy number has all the makings of a hit. Flip: "Old Memories" (1:46) (Brothers Two, ASCAP—B. Compton)

### BILLY CRASH CRADDOCK (Chart 5126)

**Go On Home Girl** (2:25) (Yonah—Seeus Music, BMI—Scoggins)

Delving into his previous works at Chart, the label has chosen this medium paced number to represent the artist who currently holds down the number one position on the country charts. Record could click based on Billy's recent success. Flip: "Whipping Boy" (2:25) (Yonah Music, BMI—L. Anderson)

## Best Bets

### LARRY EADES (Trace 001)

**I Feel The Wind** (2:32) (Purple Rooster, BMI—D. Hall) Strings furnish the necessary ingredients needed to make this new release a memorable one for Larry. Make sure to give this one some careful attention. Flip: "What Else Can You Expect Of Me" (2:35) (Same Credits)

### LAMAR MORRIS (MGM 14236)

**If You Love Me** (2:13) (Duchess Music, BMI—Monnot-Piaf-Parsons) Remake of a great classic tune is handled expertly by Lamar who should put this one on the country charts with no trouble at all. Flip: "Pour The Wine" (2:20) (Fred Rose Music, BMI—Keith, Morris)

### THE ANONYMOUS SOLDIER (Peace 101)

**The Coward (?) Of My Lai** (3:06) (Buzz Cason, ASCAP—Lewis-Cason) "To give this hero freedom is what the people want to see, but if conscience is a prison, then he'll never go free" according to the Anonymous Soldier depicting the other side of the My Lai Massacre. Flip: no information available

### ROGER WAYNE SOVINE (Barnaby 2030)

**Kinda Down On My Luck** (2:25) (Cedarwood, BMI—R. W. Sovine) If this record is going to break, it will be because of the strange but interesting phrasing. Single captures your attention almost immediately, and keeps sounding better with each listen. Flip: "Overnight Success" (3:01) (Berwill, BMI—Whitney)

**RED BRIGHAM** (Volunteer 0006)  
**Lyin' Again** (2:48) (Tarheel, BMI—Holmes) Beautiful ballad portrayal by Red should help to increase his popularity amongst country music lovers. Record is strong and should be making lots of noise in the weeks to come. Flip: "The Less I Think I Do" (2:28) (Starday, BMI—Stock)

### RUNNING BEAR & GOLDSTEIN (Amos 160)

**Rings** (3:10) (Unart Music, BMI—Harvey-Reeves) Blending country and pop material, this team with a strange name could come up with a left field hit. Record deserves a few extra spins. Flip: "Loretta" (2:59) (Pencil Music, BMI—Settle)

### WELTON LANE (Epic 10719)

**I Just Got Tired Of Being Poor** (2:22) (Blue Crest Music, BMI—Frazier) Medium tempo country tune delivered in excellent fashion by a great vocalist. Record could click and serve to establish Welton in the eyes and ears of country music lovers. Flip: no information available.

### CECIL NULL (K-ARK 1071)

**Plastic Soldier** (3:20) (Cedarwood, BMI—Null-Bullard) Without ever mentioning names, Cecil Null relates the story of the plastic soldier. Record should get lots of immediate airplay based on the current trend of military releases. Flip: no information available.

### A WOMAN ALWAYS KNOWS—David Houston—Epic—E30657

If you look at any country and western poll for best vocalists of the year, you're sure to find David Houston's name right there at the top. Titled after his latest hit single, this new album contains 11 magnificently performed selections including "Baby Mine," "I Guess I'll Live," "If You Were Never Here," "Let's Build A World Together," and "The Rest Of My Life." Look for this LP to top the charts in the weeks to come.

### ONE MORE TIME—Ferlin Husky—Capitol—ST 768

"One More Time," "Sweet Misery," "For The Good Times," "Snowbird," and "Side-walks of Chicago" are just a sampling of the selections to be found on this latest LP offering from one of the legendary country vocalists of our time. Ferlin Husky has always recorded the finest country material available, and he has done so this time around, too. Always a delight to listen to, Husky treats these selections with special care. Another great album from a great performer.

### CASH COUNTRY — Tommy Cash — Epic — E30556

While Johnny has already established himself as one of the most important country artists ever, brother Tommy is constantly adding to his already large following by releasing hit record after hit record. This album is no exception. With tracks like "Lovenworth," "Workin' Man Blues," "Deep In The Heart Of Ann," "The Only Place For Me," and the latest Cash hit single, "So This Is Love," it's more than likely that Tommy's following will increase greatly as will his string of hit records!

### PATCHWORK — Bobbie Gentry — Capitol — ST494

Those who have been taking Bobbie Gentry lightly must now stop and reconsider. "Patchwork," her latest album is a masterpiece. It is a finely woven collection of tunes written and produced by Bobbie. It is a perfect album in every respect. A concept album. The selections are beautifully performed and include interludes which were also written by Bobbie. LP stands a good chance of winning album of the year awards.

### THE BUCKAROOS PLAY THE HITS—Capitol—ST 767

The Buckaroos need no introduction. Nor do the selections that are performed on their latest LP. When the Buckaroos play the hits, you can be sure that they mean hits. "Tall Dark Stranger," "Ring Of Fire," "El Paso," "Last Date," "Gentle On My Mind," "Orange Blossom Special," and the list goes on and on. As usual, Don Rich and Jim Shaw—the newest Buckaroo excell on a variety of instruments. A greatly pleasing album.

### FREIGHT TRAIN—Jim And Jesse—Capitol—ST 770

"Freight Train," and "San Quentin Quail," the latest two single releases by Jim And Jesse are included in this new package of country material. There is a certain excitement that echoes through each track of the LP—an excitement that is synonymous with the sound and style of Jim And Jesse. Also included are "Fifteen Years Ago," "The Promised Land," "Snowbird," "Knock Three Times," and four other impressive performances.

## Religion, Music Format Sparks 'Crossroads' Show

FORT WORTH — "Country Crossroads", co-hosted by Leroy Van Dyke and Bill Mack and featuring a different country-western guest star each month, is now heard the length and breadth of the nation. Carried by more than 300 stations, including most of the C&W pace-setters.

First released to a relative handful of stations, in September, 1969, the half-hour weekly broadcast steadily pulls more than 1,000 fan letters a week. The incentive to write is an offer of a free scrapbook sheet containing a story and pictures of the featured guest. The mail count zooms toward 5,000 a month when the special guest is one of the top names in the field such as Loretta Lynn, Connie Smith, Minnie Pearl, Bill Anderson, Lynn Anderson, Roy Drusky, Jan Howard, Mother Maybelle Carter, Arthur Smith, Billy Grammer, Carl Perkins, or Johnny Cash.

The sweeping popularity of Country Crossroads may be all the more surprising to some because of the fact it is an openly and frankly religious program.

Produced by the Southern Baptists' Radio and Television Commission, headquartered in Fort Worth, Texas, the show has as its motto "Taking the Cross of Christ to the Crossroads of the World".

Though it entertains with top hits from the latest C&W charts, its main focus is on the life stories and Christian testimonies of the guest stars.

The 300 stations of the American Forces Radio Network give the program global coverage plus the Canadian Forces Network airing the show in Western Europe.

Leroy Van Dyke, himself one of the top personalities in country-western entertainment, has told his own life story on the program and revealed the importance of the role of

the church and religious influences in his upbringing.

Bill Mack, voted the No. 1 country disk jockey at last fall's country-western DJ convention, is a Baptist layman.

Host of his own top-rated c&w show on WBAP, Fort Worth, Mack has been instrumental in landing Country Crossroads on that powerful station in the prime time, 6:30-7:00 PM Sunday evening slot.

Also contributing to the program's success is the historic tie between the country church and country music. Many of today's stars got their early experience singing gospel songs in rural church services and revival meetings.

IN THIS CORNER — Johnny Cash surrounded by awards delivered by Columbia's Gene Ferguson, national country promotion director. Small "hat" trophy was received as "TV Personality of the Year" from the Academy of Country and Western Music.

Miss Mampe and Steinberg indicated that much discussion will concern the heightened consumer interest in Philips classical releases since adopting a policy of direct import of finished product in the Fall of 1969. The exploration and planning of future import product in response to U.S. reaction will be a key agenda item.

A new music complex to be known as Scotia Songs Ltd. has been set up by Scotia Investments in conjunction with record producer Shel Talmy. The new venture will be the music division for Scotia Investments, which already has an extensive stake in other areas of the leisure industry. Scotia Songs will be active in music publishing, management and agency for artists, and will have its own recording studio and labels. Directors are Talmy (managing), John Bishop, Ron Scott and Benny Fisz. The disk sector of the company will comprise two labels initially, namely **Smoke and Fire**, with Smoke handling contemporary product and Fire concentrating on general pop repertoire. Both labels will utilise indie producers, and Talmy plans a third later this year as a vehicle for light music and movie soundtrack charts. He is currently completing negotiations for pressing and distribution in the UK with a disk major, and is also talking with several European companies with regard to the release of Scotia product in their territories. Scotia Songs has acquired Mike Collier's Mother Mistro Music, and Collier will head the music publishing division of the new enterprise. Scotia Management/Agency will be run by Johnny Toogood and Julia Creasey, and will handle certain artists signed to record for Smoke and Fire. phony Orchestra and including the National Youth Brass Band, plus £1,000 per annum covenant to assist the British Music Information Center to continue its operations on a more permanent basis. The PRS is a non-profit-making organisation, and the UK equivalent of ASCAP and BMI, with the royalties it collects from public performance and broadcasts of its composer, author and publisher members' copyrights being distributed to them, but its Articles of Association permit it to use a small proportion of its revenue "for any purpose conducive to the improvement or advancement of the composition, teaching or performance of music." The largest grants this year as before go to the Composers' and Songwriters' Guilds and the British Council Recording Scheme.

In line with the expansion, new staffers at Evolution are promotional manager Pat White, formerly with RCA, and Miss Danuta Gugala, special assistant to the director. The label is arranging a window display campaign for 200 dealers throughout the country to push its album product in conjunction with RCA, which distributes Evolution.

The soundtrack chart was composed by Armando Trovajoli with English lyrics by Robert Mellin, who is also publishing. Mellin has formed a joint company with Peter Hauke of the German Popo Management organisation to be called Popo Music, and is planning another with indie producer Andy Black.

MCA UK has signed a new Danish group, **Rainbow Band**, to a five-year pact for the UK and the world excluding Europe following negotiations between MCA A&R chief David Howells and Walter Klaebel of the Danish Music Center. # Germany

There are several topics of conversation for the German branch in this weeks. One of it is that the record firm "Cornet" in Cologne got beside Heinz Gietz and Guenter Ilgner, new owners. Cornet-share were taken over by Electrola and the music publisher Dr. Hans Gerig. This is an interesting basis for further work. Cornet will expand its activities, take over new labels and perhaps it will get soon its own distribution organization.

Also very interesting is the new organization by BASF music production. The leading was taken over by Klaus Laubrunn, who was until now responsible for the medium record and radio by the magazine combine Gruner & Jahr. There is no doubt about that there will be in future a strong cooperative work between Gruner & Jahr and BASF. Reimer Timm, till now with Ariola, was engaged as manager for the copyright- and marketing-fields and Hans Falkenberg of Radio Maritim will be responsible for the technical recording fields.

The Bertelsmann group could increase their turnover of 11 percent to 712 million DM (about 200 million dollars). The shares of this volume are book- and record-clubs with 38%, the publishing group with 9%, music, film and TV with 21%, the graphic trade together with the record fabrication with 25%. Ariola-Eurodisc, which belongs to Bertelsmann, take up with a market share of 20% one of the first places in the German record industry. In German speaking countries Ariola has the catalogues of A & M and Pye at their disposal.

Deutsche Austrophon has taken over the distribution of the firm "Flower Records" in Bonn. To the start program also belongs the Dutch pop group Clover Leaf.

More than 160 managing directors and marketing managers of the Deutsche Grammophon Gesellschaft from 38 countries of the whole world will come from the 28th till 30th of April to Munich. During this 3-day meeting named "Springboard," the Deutsche Grammophon will discuss with personages of their subsidiary companies about the perspectives in the future. The directors will report about Public Relations, Rack-Jobbing, MusiCassetts and about the last business year. All reports will be held in English language. During a press conference the leading directors of the Deutsche Grammophon headquarters will talk about the development of their house. Director Kurt Kuenkele said: In our company the planning is one of the most important things. There exists plans not only for the next years, we have also a ten-year philosophy. We recon there with that the turnover will change in favor of the MusiCassetts business. Furthermore, it is planned to treble in this decade the total turnover.

# Spain

Easter was dominated record-wise by three trends: "Love Story" in every possible national and international version; the Eurovision Song Contest participating tunes; pop recordings on religious themes. Several of the Eurovision songs were even recorded in Spanish, like the German one released by Hispavox with the title "Este Mundo" and the Portuguese one, called "Nina."

RCA has launched "Jack In The Box," the English entry. Actually, these three tunes, together with the Spanish one, "En un Mundo Nuevo," released by Hispavox, were favorites with the Spanish public, or maybe the fine foursome made by Katja Ebstein, Tonicha, Clodagh Rodgers and Karina (who was classified second, as known) was favorite. On the religious front, Movieplay has released both a double album and a single with "Jesus Christ Superstar."

RCA launched a single by Xuntanza, entitled "Su Nombre Era Jesus" (His Name Was Jesus) and RCA another one by Roberto Carlos called "Jesucristo," also in Spanish. By the way, RCA has promoted this record sending photocopies of the "nihil obstat" issued by the Archbishop of Madrid, and Movieplay announced, on the authority of Vatican sources, that "Jesus Christ's Superstar" could be played and broadcast even on Holy Week.

The so-called "camp music" is still selling well: RCA has released "It's Impossible," by Perry Como, and Belter is promoting a "camp album" by Luc Barreto. CBS has released a single by his second national artist. He is Francisco Valladares, well-known as an actor but who makes his debut as a singer. Though summer is still far away, the race for the "Summer Song" has already started. There are already two candidates: "Un, dos, tres, al escondite ingles," recorded by Martes 13 (Ekipo) and "Oho, Aha" by Los Angeles (Hispavox).

## Space Laser Success Moves Leisure-Tron To New Mich. HQ

ANN ARBOR, MICHIGAN—Leisure-Tron Corp., a new games factory which made its entrance at last October's MOA Exposition in Chicago with the 'Space Laser' machine, has been steadily turning out these games ever since. Success with the unit has required them to move into new and larger quarters at 105 Enterprise Drive in this city.

The sales and production staff, according to firm president David Raybin, now numbers 40, and they are daily filling orders on the Laser for domestic as well as foreign distributors.

"Our product is unique in that it includes a real laser light beam which dances back and forth from a flying saucer to target and is both a one or two player game," Raybin stated.

"It has earned very good and continuing play for operators who have installed it on location," he added.

Raybin also revealed last week that a new game, now being developed by Leisure-Tron, is progressing on schedule and as he says, "will be another unique contribution to the industry."

SYDNEY — Summering citizens and tourists have discovered the play-excitement of Chicago Coin's driving games, Motorcycle and Speedway.

Gordon Toohey of Golden Coin Machine Centre, Australian representatives of Chicago Coin products) said these units have caught on with the public and "operators report exciting collections during the vacation period."

We now await the arrival of "Night Bomber". If it's half as good as the two previous machines, Chi-Coin's stocks will be reaching a new high in this remote part of the globe.

## Musicanza Bows New Desmond Disk

NEW YORK — Al Rubin, president of Musicanza Records, has followed up his 'Red, Red Roses' disk with a second Johnny Desmond entry entitled 'Absence Makes My Heart Grow Fonder'. The 'Red, Red Roses' side found great favor with operators, and in fact, made most of its sales to that group. Rubin is hoping that the industry will give the new Desmond the same consideration. Flip side of the new disk, as a matter of fact, is an instrumental version of 'Red, Red Roses' by a group called the Schlunk-A-Dickers.

## EDITORIAL:

### The Industry's Watchdogs

Since most people outside the industry normally act at the expense of, rather than for the benefit of, the music and games business, nobody is going to protect that industry's interests except its own members. It is particularly sad that what the public refers to as "jukebox" people never seem to have a natural friend anywhere. When a threat to the industry's welfare pops up, operators must start at ground zero and work their way up.

This is especially true when it comes to matters of local legislation. We don't suppose there'd be a single assemblyman, state senator, mayor, alderman or whatever, who would be of a mind to stick up for the interests of the jukebox trade had it not been for the efforts of certain of those jukebox people who made their presence and ideas known to them. Everybody in this industry can name the few operators in their area who have taken on the role of "political watchdog". Everybody pats them on the back, everybody congratulates them when they manage to knock down an anti-industry bill, but few if any would ever step into that watchdog's shoes if he or she stepped down.

We were reminded of this situation when news of New York State's proposed increase in the cigarette excise tax came thru last week and we heard the knowledgeable voice of Morris Weintraub on the radio newscast calmly, accurately and intelligently explaining the situation of tobacco sellers and the enormous threat to their livelihood posed by cigarette bootleggers, who only benefit every time the price of smokes goes up.

Weintraub is one of our trade's better known watchdogs. Likewise, most know of Millie McCarthy and all she's done for her State. How about Lou Casola of Illinois and Bill Cannon of New Jersey. And going back, how about Sidney Levine and Al Denver doing their thing in Washington. There are more but not that many. These people who have the capacity and the desire to fight for the industry's interests are laudable.

On the grass roots level, everyone knows of the operator who's plugged into what goes on in town or village government. He's always the one the rest of the operators count on to squash this crazy measure or that, and he's usually successful. We recently heard of a rural operator many of you know, who learned from a friend on his town council that a new per-machine tax measure would come up for a vote at the next meeting. Well, our operator made it his business to be there, in plain sight of the councilmen, most of whom knew him. The idea was roundly defeated.

So it pays off for all when there's a guy who establishes himself in his community and more importantly with that community's government. Likewise it's the same for operators in big cities and for those who like to tackle the state house. We've got MOA in Washington sure, but it again pays for operators to get close to their congressmen and senators. This is public relations where it really counts but it takes work. More than that, it takes a sincere belief that one's cause is just.

## Prestige Puck Bowler To Chi Coin Distribs; Has Compact Cabinet

CHI COIN 'PRESTIGE'

CHICAGO — "Prestige" is the name of the game. It's the new 6 player puck bowler from Chicago Coin.

"Sleek cabinet styling and an average game time of less than a minute makes this game an up-front winner," said Mort Secore sales manager of Chicago Coin.

This compact 'prestige' swinger is 72" high, 102" long and 30" wide. The scoring drums are brilliantly lit and the score box is easier to read in this lower cabinet. Along with the streamlined cabinet; it also features wider formica rails. A larger cash box and triple coin slots with lighted coin denomination windows are provided in a stainless steel front. Targets highlight the sides of the cabinet in a completely new color scheme.

"No waiting" for the second shot creates plenty of fast-paced action. An average game takes less than a minute. However, play incentive is not overlooked, a player continues to shoot as long as he keeps striking! A strike scores 90 and a spare scores 60. When the player chooses the super frame game, bonus scores are given when strikes are achieved in the three, six and nine frames.

Regulation, and regulation with beer bonus in the fifth frame, plus dual-flash and flash-O-matic should make "Prestige" "one of the top location attractions with full-size action," said Mort.

Operators can see this exciting puck bowler at their local Chicago Coin distributors now.

## Promotion On For German Coin Show

BERLIN — Walter Mallin, information officer for Germany's International Coin Machine Exhibition Committee, has issued an invitation to all music and games factories to exhibit their products at the Sept. 7-9 show, to take place in the Congress Hall in this city. The mailing included exhibition fees and all particulars concerning the arrangement for booths, plus a promotion on the show itself.

In addition to the factories on his list, Mallin has also solicited the attendance and exhibition of a number of internationally reknown distribution and service firms.

## Canadian Vending MFR Markets Paint Process

ONTARIO, CANADA—A new paint spray process which increases the metal finish life of vending machines at no increase in cost to the buyer has been installed by Ideal Venders in Deseronto, Ontario.

"The process consists of a chemical wash and pre-paint treatment that improves paint adhesion and results in a better finished product," said General Manager Charles Gray, and the "new system has the added advantage of increasing efficiency within the plant. It eliminates the former procedure of hand washing and drip drying, which required 24 hours," he further stated.

Washing and phosphatizing take one-and-a-half minutes, using a caustic cleaning solution mixed with an iron phosphate coating. Parts are sprayed under high pressure at temperatures of up to 160 degrees F. The chemical wash removes oil and fingerprints and the phosphate coating provides an excellent base for paint adhesion.

The new step is a one-minute fresh water rinse, again at temperatures of up to 160 degrees F. The rinsed parts then pass through a dry-off oven for three minutes at 300 degrees F. The 30-foot tunnel is heated by propane gas.

Primer paint and the finished coat are then applied. Application of the finished coat takes 22 minutes in the baking oven at 350 degrees F.

## NYS Legislature May Hike Cig Excise 6¢

ALBANY, N.Y. — In a move to restore some of the budget cuts in State aid to New York's big cities, leaders in both houses of the Albany Legislature began a drive last Wed. (21) to add an additional 6¢ per pack excise tax onto the price of cigarettes.

The legislators, composed mostly of "big city Republicans", declared that an additional \$75 million could be raised in this way. The hike, which is being pushed to take effect July 1st, would bring the total cigarette excise tax in the State to 18¢, which when added to the existing 9¢ federal excise and the 4¢ sales tax (as in New York City), would bring the total tax bite per pack to an alarming 31¢ in many areas of the state.

At press time, news from Albany advised that "sufficient votes from both parties in the Legislature" were being counted on by the leaders, or as they put it, "more than enough to pass the bill."

Morris Weintraub and other cigarette association leaders on the state and local level, are expected to fight the proposal.

Ideal Venders, a division of Eddy Match Company Limited, is the largest manufacturer in Canada of soft drink vending machines. The company also manufactures milk coolers and bread vending machines.

## Wurlitzer Winds Up School Program

NORTH TONAWANDA, NEW YORK—Two-day seminars conducted by Harry Gregg and Hank Peteet brought to a close this year's Wurlitzer Service School Program. The seminars, held in Columbia, South Carolina and Erie, Pennsylvania were the last stops in an extensive fifteen week campaign initiated by C. B. Ross, Wurlitzer Service Manager, and carried out by Field Service Engineers Gregg, Peteet, Karel Johnson, Leonard Hicks, and Robert Harding.

"The success of this year's service school program has been outstanding," notes Ross, citing the good work of the Field Service Engineers. "Our men worked diligently to reach

more service personnel than ever before. And we carried news about the Zodiac mechanism to an unprecedented number of cities throughout the U.S." Ross estimates that approximately 500 servicemen, operators and distributors' representatives attended the Wurlitzer service schools this year. It was the first time Wurlitzer worked with a schedule of two-day seminars.

Most of the Wurlitzer service schools accommodated a maximum of twelve to fifteen men. The format consisted of two full-day sessions of instruction on the Zodiac's mechanical components and schematics, its service features, and preventive maintenance procedures. In most

B. Ross, Leonard Hicks, and Karel Johnson.

cases, attending servicemen were treated to luncheons, dinner, and overnight accommodations when circumstances required.

"I know that the servicemen we talked to this year were pleased with our program," says Ross. "Naturally, we would like to spend more time with each service school, and maybe next year we can accomplish this aim. But the great demand for top service engineers like the men we have at Wurlitzer makes it difficult to be luxurious with their time. The fact that most of the people attending service schools are experienced with our mechanism makes it a little easier to get things done in two days. The Wurlitzer people in the field are real pros." The five Field Service Engineers total over eighty years of Wurlitzer experience.

The simple serviceability of the Zodiac phonograph and the cooperation of Wurlitzer distributors in setting up the seminars were two other important reasons for the program's success, according to Ross. Wurlitzer believes the Service School Program provides valuable sales assistance by clearly demonstrating their phonograph's best features to a knowledgeable audience of music industry representatives.

The lists of attendance at the Columbia and Erie service seminars follows.

At the Service Seminar conducted by Harry D. Gregg at the Wurlitzer Distributing Corporation in Columbia, S.C. on March 9th thru 11th: Harold Lassiter and William F. Santana, Wurlitzer Dist. **IT'S GETTING CLOSER:** The big May 14-16 week end convention is just two weeks away. Reservations are running on the heavy side for this spring **MONY** outing. Representatives from the record company's and also the juke and game people are planning to attend. So, if you have not taken care of that reservation please get it into the MONY office fast. This year's outing, which will be attended by members and families from MONY, the Westchester Guild and the New York State Operators Guild, is being held at Granit II in the Catskills.

**ON THE AVENUE—Lou Wolberg** at Runyon Sales Co reports that there has been plenty of action at the tenth avenue facilities. Rowe-AMI field representative **Lou Di Palma** recently conducted a service school on the presidential series the AMI MM5 model phone. The session was held Thursday evening April 22 at the Runyon showroom and was well attended. Key operating and service pointers are covered at these sessions, explained Di Palma. Refreshments topped off the instructive night. . .

**Orestes Basulto** of Orestes Coin says that the used machine business has been somewhat quiet the past few weeks. But, this doesn't mean that Orestes isn't busy. The used equipment demand keeps the shop in a state of continual preparedness, says Orestes. . .

**Murray Kaye** (Atlantic New York Corp) is expecting a big spring. Murray reports that the first week in May they will have, what should be a hot item, from Gottlieb their latest called "Extra Inning." Can vendors are on the move. The music tempo is increasing on Seeburg's 'Bandshell.' Operators are aware that spring is here. Good news after a relatively quiet winter season. All in all, it's a happy scene at Atlantic with plenty of activity in all areas.

Getting enough equipment seems to be one of the big problems at Albert Simon. **Al D'Inzillo** reports that the William's plant has produced a couple of hot items and orders are running ahead of the supply. William's rifle game "Sniper" has made a big hit with the operators, says Al. The tempo at Albert Simon seems to be strictly upbeat.

**VISITORS:** Mickey Greenman of ACA and his charming wife Midge hosted Michigan operator **Bud Leonard** and his wife Donna to an extended week end in New York which included a little night clubbing and a lot of golf.

**HERE AND THERE—Harold Kaufman** Musical Distributors prexy says that the new Rogers avenue plant is shaping up beautifully. Lester 'Red' Reisig deserves much credit for his contributions in designing and setting up the parts dept. and his own service and repair shop. Red is a recognized whiz when it comes to the real sticky service problems on jukes and games. Chicago Coin's "Apollo 14" is setting a good sales pattern and on top of that Chicago Coin's new shuffle the "Prestige" is in the process of being unwrapped for viewing. All in all, Harold reports that he is kept quite busy.

**NEW JERSEY JOTTINGS—**We received the following information from the Automatic Merchandising Council of New Jersey. This year's annual meeting will be held May 21-22 at the Holiday Inn, Atlantic City, New Jersey. This year's program will include a special report on the Council's legislative activities along with an address by N A M A president, G. Richard Schreiber. The meeting will have a concise program designed to inform the membership and keep it abreast of the Council's activities.

The highlight of the week end will be the Champagne Dinner Dance, with continuous music and dancing until ??? A cocktail party is also scheduled for Friday night, with plenty of opportunity to meet and talk with friends.

**FROM THE SUNSHINE STATE—**The following newsletter is from **Wes Lawson** president of the Florida Amusement Music Association: In some areas of our sunshine state, business has been generally glum. We have had a couple of freezes, hurting the citrus and other crops. A slow winter tourist season has added fuel to the fire, but things seem to be looking up—a little.

"We, as operators, are hit from many angles. Equipment prices, cost of labor, parts, etc. keep going up. Longer records, an increase of 45 seconds in the past five years, also cut down on the profits. As I see it, our only hope is to increase our prices to 2 plays for 25¢. This is a must and as soon as all operators realize this, the better off our industry will be.

I know the increased price isn't the solution to all our problems, but it certainly is a good start. Those of us that have changed to 2 plays for 2 bits, have enjoyed increased revenue with less service calls."

The recently held semi-annual MOA board of directors meeting in Washington, D.C., in addition to discussing the ASCAP copyright problem, produced two items of particular interest to operators. It adopted both a unified accounting plan and a continuing education plan. The MOA unified accounting plan is designed to simplify bookkeeping procedures for operators and save them money. Operators will send certain information regularly to the computer center, the data will be computerized, and the operators will be furnished with regular statements of their up-to-date accounts. This has been developed by MOA president Les Montooth and all operators will shortly receive more information about this project.

The MOA continuing education program will initially consist of a series of regional two-day seminars, the first of which is to be held at Notre Dame University in Indiana this fall. The two-day program, organized and promoted by the faculty of Notre Dame University, will discuss modern operating problems and modern business techniques.

## MILWAUKEE MENTIONS

Last Monday coin people from the area were still recuperating from one heck of a weekend during which the Wisconsin-Illinois area coin-operated 8-ball pool tournament playoffs took place at the Convention Hall of the Lake Geneva Play-boy Club. Spectators were lined six deep in the seating section to watch the big event. We'd like to congratulate first place winner **Richard Dahlgren** of Bob's Sheridan Inn in Kenosha (operator is North Shore Novelty) who's \$1,000.00 richer and all of the other tournament champs! In view of the success of this one, another is on the planning board for next season.

## CHICAGO CHATTER

A very distinguished visitor from England, **Mr. John Whitehead** of Redefusion Reditime, was in Chicago last week. Mr. Whitehead is interested in entering the juke box field so one of his first stops in town was at the local MOA office where **Bonnie York** (in Fred Granger's absence) was happy to assist him. In the course of their conversation the industry's image problem was brought up and the revelation that a similar situation exists in England! At any rate, Bonnie supplied Mr. Whitehead with various public relations material on hand and a copy of the juke box story. Inasmuch as his concern is in the operation and programming of phonographs, a meeting was set up with board member **Wayne Hesch** of A & H Entertainers in Arlington Heights. We trust Mr. Whitehead will return home with all the information he needs.

Talked to **Joe Kline** at Atlas Music Co. and got the word that the distrib is planning another service school on the Rowe MM5 phonograph for sometime in May. Session will be held in the Atlas showrooms and invitations will be in the mail just as soon as a date is confirmed.

What's new at Williams Electronics Inc.? Where do we begin? **Bill DeSelm** says samples of "Action Baseball" are being shipped as of now and early reports indicate it'll be a terrific seller! Also in the fore out there are "Sniper" gun, "Times Square" and "Doodle Bug".

Among visitors at the Rock-Ola Mfg. Corp. plant this past week was **Edoardo Valentin**, top service technician at Nova in Germany. Mr. Valentin spent several days at the factory. Later in the week Nova's **Mr. Adickes** came in for a brief stay. We learned from **George Hincker** that Mr. Adickes will be celebrating his 65th birthday on April 28 and his 45th anniversary in the coin machine business. We extend congratulations on both counts! . . . Plenty of activity at both the Bally and Midway factories these days. **Ross Scheer** tells us a new arcade game will be coming forth from Bally in the near future. In the offing at Midway is a new gun called "Wild Kingdom" (featuring Jungle Charlie)! Meanwhile, of course, the Schiller Park factory has its hands full keeping up with the demand for "Stunt Pilot".

A reminder: the fifth annual meeting of the Illinois Automatic Merchandising Council will be held at Lake Lawn Lodge April 29 thru May 2 . . . Received word from **Fred Gain** that the ICMOA meeting originally scheduled for April 16 was postponed until April 30 at the Holiday Inn East in Springfield.

"Prestige" the newly released shuffle alley from Chicago Dynamic Industries is obviously going over very well—and **Mort Secore** has the re-orders to prove it!

Empire Dist.'s **Murph Gordon** is enjoying the happy effects of a job well done, following the success of the recent Wisconsin-Illinois 8-ball pool tournament which Empire sponsored and on which **Murph** really worked like a beaver, along with **Bob Vihon** (co-ordinator) and the participating operators. He says there's talk of another tournament next season.

## GP Goes Jukebox

NEW YORK — GP Records of New York has launched an all-out promotional push at the one stop level to expose a delightful new instrumental single 'Nickleodeon Rag' to jukebox operators. Rather like a rinky tink piano number with "violin class", the tune was performed by Fred Norman and His Orchestra and according to Ben Arrigo of the label, has already been added to the playlists of 35 radio stations (mostly, middle of the road).

Arrigo stated that within the two weeks since the disk hit the market, an unusually large number of orders appeared from one stop origin. "We did a little checking and found that some of your one stops like Eastern in Philadelphia were recommending it to music operators," Arrigo said. "While we've never discounted the jukebox market as a factor in the industry, we were rather surprised to find our record to be a most natural item for the music operator's more adult locations. That's why we're spreading the word thru our distributors, and by letters and calls to key one stops, to get on it."

The flip side, entitled 'Heather Hill', is another delightful adult arrangement in the same vein. Both sides have been pressed in stereo.

# Wurlitzer Satellite Speakers

Boost the Take  
in Multi-Room Locations

at  $\frac{1}{3}$  the Price  
of a new phonograph

A Wurlitzer Satellite is the practical equivalent of a second 200 selection Wurlitzer phonograph in multi-room locations. Because there is no mechanism, the Satellite never needs a service call, never requires a record inventory—yet almost always approaches a full phonograph "take." And at one-third the new phonograph price! The Satellite can be set for any play combination on its own Playrak, needs but a

stepper to work, has six big speakers, and looks, sounds, and responds to patron selection like the 200 selection Wurlitzer phonograph standing in an adjacent room. Look over your route right now. Count up the locations where many customers don't make it to the phonograph. Rush down to the Wurlitzer Distributor and buy the handsome Satellite Speaker. A great value. A great earner. No delivery delays.
