## CHAIN REACTION CONTINUED

### BILLY SQUIER, "EMOTIONS IN MOTION", CAPITOL

Any forward momentum inside the top 10 is noteworthy, so Billy's 7-2 Prime Move spells power plus. Up 3-2 Metro, 8-3 Sebastian, 9-4 Pollack, 7-4 Superstars, 7-3 Doubleday--hike! Play increases: WPLJ, WRIF, WMMS, WNEW-FM, WMMS, WLLZ, KZOK, WABX, KRQR, KLOL, KAZY, WLRS, WDIZ (any heavies?). Debuts #12 Retail Index... "Everybody Wants You" jumps 7-5 on the Request Chart, 15-8 Song Index, "Emotions In Motion" 48-40, "Learn How To Live" #64, and "It Keeps You Rockin'" 83-75.

### URIAH HEEP, "ABOMINO", MERCURY

The double Prime Move, 26-21 Index and 26-20 Metro, underscores radio's enthusiasm for the reformed Heep. 12 more stations jump in to take their add count over 100, and insure continued serious chart growth. "That's The Way That It Is" moves 21-13 on the Song Index as "On The Rebound" debuts at #92... Doubleday moves it 15-11 and Sebastian takes it to #10 from #13. Play increases: WEBN, WRIF, WPYX, WBAB, WRAS, and KEZY.

### ELVIS COSTELLO, "IMPERIAL BEDROOM", COLUMBIA

Debuts across the board. #47 Index, #46 Metro, as "Man Out Of Time" comes in at #99. Ups: WCOZ, WXRT, WABX, KILO, WRAS, WBRU... On over 50 FMQB stations.

### WARREN ZEVON, "THE ENVOY", ELEKTRA/ASYLUM

CHEZ-FM and KWFm were the week's only adds, but we did come up with a #45 Index showing. The title track leads. Great quote from KSMB's Scott Seagraves, "Warren Zevon makes this week's first round draft choice for the sick puppy hall of fame."

### SHOOTING STAR, "III WISHES", VIRGIN/EPIC

This Consultant's Choice continues to build nicely. #19 Pollack, 15-12 Sebastian, Debuts at #20 Superstars, and #10 Doubleday... Ups: KZOK, WEBN, KRQR, WLPX, WABX, KEZY, and WDHA... "Are You Ready" drops back 41-45 as "Where You Gonna Run" builds 84-65.

### "ONLY SOLUTIONS"/"TRON" SOUNDTRACK (JOURNEY), CRS

The week's biggest Chart mover on all fronts. 50-41 Index and 47-40 Metro. 14 additional adds take the four-week total to 65 stations. New calls: KLOS, KRQR, WLPX, and WYFE. The movie soundtrack/music biz connection won't hurt. A Song Index power play 69-36. Doubleday jumps it 19-17.

### GO GO'S, "VACATION", IRS

Number 7 Most Added with 12 brings the total to 79 stations, and that pretty much completes the conversion from the single. Dual debuts, #36 Index and #41 Metro, are only the beginning of chart activity that will certainly be stimulated by retail activity as indicated by the debut at #8 on the Retail Index. "Vacation" is #48, "Cool Jerk" and "He's So Strange" are also in contention.

### TORONTO, "GET IT ON CREDIT", NETWORK

Last week's Metro debut at #39 set the stage for this week's Index jump 42-35. KEZY and KILO upped play... New on KSRR, WKLS, KROQ, KATT, KDKB, WKDF, KWXL, KYTX, WXP, WIMZ, and WCKO, for a total of 79 FMQB reporters to date... 17-15 Sebastian... "Your Daddy Don't Know" is 61-44 on the Song Index.

### MARSHALL CRENSHAW, WARNER BROTHERS

Again, the Checklist doesn't lie--20 maintaining, 7 dropping, and 35 building: WMMS, WMMR, WKLS, WYSP, KYYS, DC101, WLWQ, KQRS, WIOT, WNEW-FM, KDKB, WLPX, WZXR, WKDF, WPYX and KPRI. Up 29-27 Index, but killing in the major markets, 36-30. Up: WYSP, WMMR, WLLZ, WKLS, WSKS, WIMZ, KSMB, KATT, and WRXL. "Someday, Someway" gains 46-30-24.

### "WORDS", MISSING PERSONS, CAPITOL

Another Checklist crusher--16 maintaining, 1 dropping (KROQ--and they've been on it about 2 years), and 23 building: WMMS, WMMR, WHJY, WHCN, WYSP, KQRS, WLAV-FM, KDKB, WBCN, WFYV, and WMYK (and more)... New: WKLS, WIYY, WSKS, WDHA, WRKI, KICT, and WCKO... "Words" is up 60-49-38... Lp moves 43-42, #47 Metro... WFYV's Rad Messick responds, "Good first week for Missing Persons with an amazing #12 sales debut and great calls."

### "SHE SHEILA", PRODUCERS, PORTRAIT

The add totals continue to build consistently. New on WFYV, KSRR, WKQQ, WMYK, WRNO, and 6 more, for a total of 45 reporters. Comments: Bill Simmons, WMYK, "We're believers now in the Producers. 'Sheila' definitely has hit single potential"... Dave Krusenklous, WKQQ, "'She Sheila' is the strongest track I've ever heard from the Producers. The tune really grows on you, and I'm interested to see what the video is like"... Bob Bailey, WKLS, "Good initial sales on Producers--#9."

### KIM WILDE, "KIDS IN AMERICA", EMI

Top 40's continue to lead the way, but we noticed three significant album adds we wanted to spotlight: WCOZ, WYSP, and WHJY. Better go back for a second look.

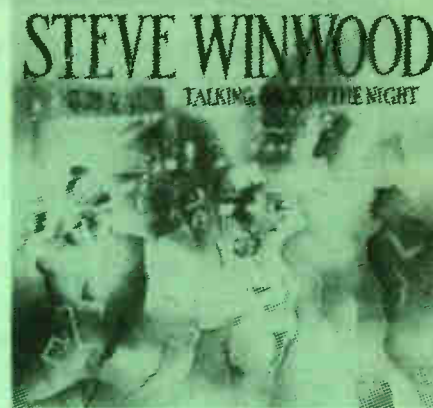

### "HOLDIN' ON", TANE CAIN, RCA

Just out on 12" and causing some talk. New on KAZY, KBPI, KBLE, WSKS, WDEK, WCPZ, and KQRS... Comments: Doug Clifton, KAZY, "It's a tasty song, and with the help from Journey, it should get airplay across-the-board"... Dave Krusenklous, WKQQ, "Move over Heart. Tane Cain's 12" sounds like a hit"... Bruce Bond, WZZO, "The Tane Cain 12" tested very well with our listener advisory board, and I definitely think that album rock should pick upon it before Top 40"... Chris Geisen, WSKS, "Be sure to listen to the Tane Cain, I think you'll enjoy."

# STEVE WINWOOD

**"Still In The Game"**  
**jumps 17-10 on the Song Index**

More raves...

Gloria Johnson, KGON: "Steve Winwood's album is a masterpiece. The synthesizer has a lot more punch to it this time around, and his voice has always been one of the best in rock and roll."

J. David Holmes, KDKB: "I'm going to go put the headphones on, and get completely involved with this wonderful new Winwood record."

Lisa Richards, WMMR: "A very valuable, consistent follow up to 'Arc of a Diver'."

Kid Leo, WMMS: "Steve Winwood exudes class."

Ron Nenni, WPYX: "This album is wonderful. 'Valerie' and 'Help Me Angel' are top shelf songs."

Bruce Bond, WZZO: "Steve Winwood seems to get better with age."

David Filipov, WBRU: "Like the single, the album is breezy, atmospheric yet interesting and engaging."

Ilyse Gottlieb, WRXL: "'Talking Back To The Night' puts him right back into the spotlight with 'Still In The Game'. When I think of Winwood, I think of an artist who has earned the respect of radio, records, and the public."

Bob Walton, WQDR: "The new Steve Winwood is a masterpiece. I didn't think he could top 'Arc Of A Diver' but he did. We painstakingly narrowed ourselves down to three cuts and the response has been instantly positive."

Ron Sorenson, KBLE: "Certainly our favorite of the week. Without a doubt, the perfect upper demo record destined to camp in heavy rotation for the next several months."

Key cuts: "Valerie", "Help Me Angel"

and the title track, "Talking Back To The Night"

'Jealousy' and 'Darkness Of The Heart' deserve a chance. Don't forget Randy was an ex-Eagle long before it was fashionable."

**The Doctor, WYFE:** "Picking up some good phone reaction. Looks like this track could be happening for any format. Good crossover potential."

**Chris Geisen, WSKS:** "Good phones on Meisner. 'Never Been In Love' and 'Jealousy' are getting good response."

CAMP NEUMUSIK

AUGUST 9, 1982

Dear Mom and Dad,

Thankz for the cookies, the underwear, and the mosquito repellent. Summer camp is a lot better than I ever thought it could be. It's rained cats and dogs every day, so our camp counselor, Uncle Jimmy SOTET, has been playing some of his favorite music for us until the weather clears. So far I've heard some really good stuff there's this IRISH guy named PAUL BRADY. He has an album out called "HARD STATION" and it's really good. I really like "CRAZY DREAMS" and "NOTHING BUT THE SAME OLD STORY" by JOHNNY VAN ZANT and "It's You" by URIAH HEEP (remember them?). The music is great specialy "THAT'S THE WAY THAT IT IS" and that album cover W O W!

Oh guess what, a real doctor, Dr. Jaffe, is coming to visit - but, this guy is no medic doctor. He's into Rock and Roll, really. Uncle Jimmy told us if we're real good Dr. Jaffe has copies of the new ABC, BANANARAMA, and some other surprises for us.

Well, I gotta go - Uncle Drew Murray, our sports coach, wants us to hear CONEY HATCH. They're from Canada and they really rock. They shood, I mean? RUSH comes from Canada, don't they?

I'll write soon. Tell Linda and Fran I said "Hi" and please send batteries for my Walkman.

LOVE,  
Your SON, SETH

P.S. Guess what, remember JOHN COUGAR, the guy I met last year? Hees not hear this year cause he's on the road opening for HEART, and hees got 2 Hit records. Maybe I'll learn to play gee tar after all.

Don't Forget to feed my tertle.

JOHN COUGAR

Bye

FEATURING the killer

"Kiss Quick Say Goodnight"

An FMQB Tip, July 9: "There is movement, excitement, and drama. The combination of street vocals and dynamic production makes 'Kiss Quick Say Goodnight' our left-field winner of the week."

"Willie Phoenix is just a damn good album." Buck McWilliams, WIOT

"It's phenomenal." Joanne Peterson, WAPI-FM

**#6 Most Added, FMQB**

THESE PROGRAMMERS BELIEVE:

Kid Leo, WMMS: "Lords Of The New Church may add a lot of new converts, but it sounds like an old rite to me. They're right now. We've seen revivals of a lot of sounds and it's about time the psychedelic punk a la Nuggets comes back, and they've got it."

Dave Kane, WCMF: "Play this record! It could be just what you and your audience are looking for. 'Open Your Eyes' is great and don't miss 'Livin' On A Livin'" or 'Russian Roulette'."

Art Phillips, KILO: "Sounds great on the air and segues well with the Doors. The jocks are playing it as often as they can get away with it."

Ralph Tortora, WBAB: "It wasn't until a few days ago that Lords Of The New Church hit me smack between the eyes. Whatever it is, 'Open Your Eyes' could go all the way."

Jack Snyder, KMET: "One of those that the first time you hear it, you just know it should be on the radio."

Look for their U.S. tour beginning in August!

KEY CUTS: "Open Your Eyes", "Question Of Temperature", "Russian Roulette", "Livin' On Livin'"

## FMQB Interview...

### Jeff Pollack

BILL: Why the low profile?

JEFF: Making sure you're in the trades every week can be quite time consuming; and although I feel it's important to discuss programming philosophies, my first priority is spending time with our client stations. We don't feel that we should always be in the spotlight. I think that our program directors who have successful radio stations deserve the attention more than we do. In our role as consultants, as advisors, as people who recommend and suggest, yes, we're an important part of the team. But I think that you can end up taking away a lot of the limelight from the people who really deserve it; the P.D.'s, the general managers, the promotion directors, and the on-line parties who work hard every day and who really are chiefly responsible for the success of their stations.

BILL: In keeping with that mystery man image, why do you have more confidential clients than the other consultants?

JEFF: From the beginning, we've tried to be a flexible organization. If somebody comes to us and says, "I prefer that this not get out" or "I would prefer, from a competitive situation, that you come in here and do some market studies, but let's keep it between the two of us." I say, "Of course." It's important people realize that they can come to us, and we do our best to keep our consultation agreement under wraps.

POLLACK CONTINUED

BILL: Do you feel your competitors over-emphasize music selection, and tend to let the peripheral consultation slide?

JEFF: I think their major priority is on music. That's fine in the beginning, but there have to be other reasons to make someone listen. You can be unique for awhile, if the station across the street is playing the wrong music; but once they've cleaned up their act, you have to respond to the other challenges that make a radio station full service. We believe there have to be many incentives to listen to a station, and feel our stations' sound reflects that. I'm proud of the fact that we don't get out-promoted by our competitors. We consider promotion as important a tool as research. With the competitive situation in most of the major markets getting increasingly difficult, promotion, marketing, and advertising are critical areas in a station's overall appeal to a potential listener. Top of mind visibility and community involvement are often overlooked in the quest for ratings.

BILL: Contrast your regionalism with the other consultants.

JEFF: The first thing we do is to thoroughly listen to the market. That may sound rather obvious, but we do not take what we do everywhere and place it in a new client's competitive situation without analyzing the market. Some bases are already covered; unless we adjust what we do accordingly, we're going to have problems. It's much easier to take what you do and just hope the sequence sheets or the master music library can be used everywhere. Sorry, guys, that just cannot be done. You need to sit with the general manager, the P.D., M.D., and promotion director for extended strategy sessions. We analyze the strengths and weaknesses of the competitive situation, and find the areas of opportunity. That's why we have to adjust what we do musically, formatically, and promotionally, as well as with on-air presentation. Then we determine how we want to position the station in advertising and marketing to make sure the people realize that we have something very exciting that we want them to try.

BILL: In John Sebastian's comments of a few months back, he alleged that his competitors have pretty much cloned him, that he's finding in most head-to-head situations, competitors are skipping a lot of the research and just going right to the results as they perceive them from the Sebastian airwaves. How would you deal with that comment?

JEFF: Well, I found that a rather interesting comment because I think that if you went into any of the markets that we're competing against Sebastian, Abrams, Doubleday, or Mike Joseph, our client stations would sound a lot different. We don't believe that just playing a lot of the similar music is going to make you sound like your competitors...Let's talk about Rochester, where we've topped WMJQ for 3 out of 4 books. WCMF and WMJQ sound very different. They play a lot of the same music, but I think WCMF has a lot more character, is much more involved in the community, has excellent promotion and very good air talent. This is not to say that MJQ is not a good sounding station. They are. But I think WCMF has many more incentives to listen. I think that is, in a nutshell, one of the major differences between us and the other consultants. We believe that there have to be many reasons to listen to a radio station.

BILL: Let's talk callout. Is there any substantial difference in callout methodology systems that you use compared to Sebastian and Hamilton?

JEFF: Generally speaking, callout methodology is generic. I think it's wrong to believe that anyone invented callout in the last few years. It's been done in various formats since the late 60's and early 70's. The major difference in how we do it and how Doubleday and Sebastian do it is in the demos we select to interview. We're more interested in getting response from 25-34's. In the past, their major emphasis has been 12-24. Another major difference is that we don't believe you can get an accurate test on new songs unless they've been on the air in a substantial rotation for at least a few weeks.

BILL: How about the differences in how you interpret the results?

JEFF: We encourage our stations to utilize callout research to back up their own natural programming instincts. A song like "Eleanor Rigby" may test as well or better than "In The Air Tonight" by Phil Collins, but we feel to play them both in the same rotation without taking other factors into account is a mistake. The combination of reliable research and good strong programming common sense in interpreting the research results is the best way to determine the playlist and music rotations.

BILL: In addition to local station research, are you subcontracting any other regional or national lifestyle research.

JEFF: Obviously, there's more to doing research than just doing callout, so we do work with several outside organizations; most notably, The Research Group in Menlo Park, FMR Associates in Tucson, Stations Research Systems in Dallas, Hiber & Hart and Surrey Communications in San Diego. Many of our stations like to do focus groups and/or field studies, or they commission one of these companies to go out and determine some other kinds of non-music related information about the market, about how they are perceived, and the strengths and vulnerabilities of themselves and their competitors. We find this kind of information very useful.

BILL: We're starting to feel an impending sense of core library burnout. I know Doubleday and Sebastian have upped their current music quotient, and there is a growing fear the format is getting stale. Does your old adage of "when in doubt, play Led Zep" still hold water, or are you moving more current too?

JEFF: That was really a tongue-in-cheek remark. Led Zeppelin tests incredibly well among certain demos, which is why the callout stations play them so much. Obviously, core burnout can happen if several stations are playing the same songs. If you're in a market like Detroit, Philly or L.A., with three or four stations playing a lot of the same music, absolutely there can be a burnout. I'm looking forward to a time when we're less reliant on older material. I sense we're in a shift right now. There seems to be a lot of good new bands, and if that trend continues, I think we're gonna be in a position where we will be less reliant on our gold categories. Frankly, it's been a little stale lately, and I'm looking forward to freshening it up.

BILL: Would you relate what's happening now to the musical revolution of the early 60's?

JEFF: It's early. So, let's just say that there's a lot of new stuff getting played and it sounds good. It may just be the tip of the iceberg.

BILL: Lee Abrams recently stirred up some noise with that "new music medley" suggestion. What do you think of the idea?

JEFF: I don't feel the idea is at all workable. What we suggest to many of our stations is a new music show. We might feature several albums with 3 or 4 cuts, and I think that encourages a more natural listener reaction.

BILL: Are you aware of Doubleday's all-night progressive show?

JEFF: I think it's smoke. Playing progressive music in the overnight really doesn't mean they're stepping out.

BILL: Speaking of Doubleday, what sort of ratings impact do you expect WAPP to have in New York?

JEFF: I think they'll come out ahead in their very first book.

BILL: How do you compete against Doubleday's bag of tricks?

JEFF: There is no way of preempting a station that will spend 1.7 million dollars on promotion, goes commercial free for 103 days, and has a good product. If WAPP doesn't get at least a 3 share first time out, they may have to retire. I think WPLJ has done an excellent job of preparing for WAPP. There are very few vulnerabilities of the station. Nevertheless, WAPP will probably make a big impact because Doubleday does things very well. However, what happens two or three books down the road is more important.

BILL: Will it help WNEW-FM's numbers?

JEFF: I don't think it's going to effect them very much. There is obviously going to be some coming from the WNEW folks, but they're definitely in a 25-34 posture at this point, and I'm not sure that the standard Doubleday format which is 12-24 oriented will affect WNEW's numbers very much.

BILL: Let's talk about KROQ. Now that Rick Carroll has announced that he's formed a consultancy based on the success of KROQ and will be taking the show on the road, do you think he has a realistic chance of spreading that format nationally?

JEFF: Having had the opportunity to live in a lot of other parts of the country, I perceive L.A. to be a very, very different market from most of the country. I think Rick's done a fine job at KROQ, but I wonder whether the format will have a lot of potential audience in Houston or Detroit. I suspect KROQ is a uniquely L.A. sounding radio station.

BILL: Has a tight rotation new music approach with real formatics ever been tried, to the best of your knowledge?

JEFF: I'm not sure what kind of rotation WPIX used in their currents, but I do know that they tried to appeal to the modern music audience and, for whatever reason, were not successful.

BILL: A few weeks ago, John Sebastian alleged that if KLOS and KMET had been doing their homework, KROQ could never have happened. Comments?

JEFF: First of all, you don't prevent a station from happening. You can do your best to preempt their position if they're after the same target. KROQ is #1 in teens with nearly double KMET's teens. KLOS needs a wider demo profile and has to have some solid 25-34's listening. So if we were after 12-24's, we could have adjusted accordingly, but we are interested in that wider profile. KLOS and KROQ are very different stations with different objectives.

BILL: In terms of preempting the KROQ positioning by integrating a lot of the KROQ product, do you risk jeopardizing your core audience? Does the sort of stuff KROQ has in power rotation irritate your average 18-24 listener?

JEFF: It depends on the marketplace. You want to play the best music available. What I question is the amount of new music. I don't believe that there is a lot of staying power to a format that relies so heavily on their currents. Also, when you're going for a younger audience, they are much more fickle and more easily drawn away.

BILL: How can you research when you're playing too much new music, or not enough?

JEFF: It goes in cycles. You can't get into the position where you sound stale. You have to have a nice flavoring of current music, but I still think you want to bet on a horse that's gonna win. Rather than play a dozen new groups, you should play the four or five best ones that you're reasonably certain people are gonna like. That's the main reason I'm not sure what KROQ is doing will translate into other markets.

BILL: Are you currently working on a KROQ-type new music format? A la Lee Abrams newly announced involvement with WLIR or WBRU?

JEFF: If I thought the format was viable nationally, I'd work on it.

BILL: You were the first consultant to place the Motels on your chart in the Sheet, also the first with the Plimsouls. Does L.A. have a strong influence on your national music policies?

JEFF: Obviously, since I live here it has quite an effect, but the local P.D. really makes the decision when it comes to adding music. I lived in Philly, and it certainly is a very different market from L.A. We don't think it makes sense for us to spread our personal preferences around. Our client stations sound quite different from one another, so our adds stay quite varied. The P.D.'s are there every day, going to clubs and concerts, and listening to various formats in the markets. They really are in a better position to have the final say on what happens.

BILL: Ratings time. You're having a great sweep, up in 10 out of 12 markets including putting KZEW back on top after the management shakeup, and you're third out of fourth win in Rochester at WCMF and a #1 book at KISS...One of your toughest battles is in Philadelphia, where you are indirectly competing against the image and machine you built there in '78-'80 at WMMR. To what do you attribute your drop in 12+ numbers?

JEFF: There is no question that WMMR is a very solid station with a tremendous amount of street feel and history in the market. WYSP is still suffering from image problems caused by a long parade of program directors and formats the past few years, culminating in that disastrous classic rock campaign. A listener in Philadelphia may still be confused as to what kind of station WYSP is from that very inconsistent history. They now sound very good. Michael Picozzi's doing a fine job of rebuilding the station's image and consistency, and it's not a two book job. I feel confident of our being able to exploit the vulnerability of WMMR as well as WCAU-FM. Another significant factor in Philadelphia is that when we got started about 6 months ago, WCAU-FM was already well into a roll. Now they seem to be cooling off, which is good for us.

BILL: You're thinking quick burn for "Hot Hits"?

JEFF: It's a good format. I enjoy listening to it, but, yes, I think we're gonna find it has a pretty quick burn.

BILL: Are you having a hard time finding great jocks?

JEFF: I think people have always had a problem in locating top-of-the-line talent. I think that every P.D. I've ever talked to has always been looking for the ultimate morning person or that great 6-10PM jock. I think we need to search more in the smaller markets. We need to encourage new talent to knock on doors and tell us that they're there. Some of the best people I know came out of small markets, and aggressively worked their way up.

BILL: Could it be that the consultants research budgets and big bucks in general have drained the dollar pool for P.D.'s and M.D.'s, and especially put the bite on Jocks' salaries?

JEFF: I think an investment in the right consultant is money well spent. It gives management access to a second informed opinion. That's so important to radio executives who have difficult decisions to make daily in areas of music research, promotion, air talent acquisition, jock presentation, news and public affairs, advertising, and marketing. It's a very close competitive battle, and a good consultant can make the difference. A lot of people realize that, and as I have said before, P.D.'s can't be experts in every single aspect. He or she may be terrific in half a dozen of the important things and need some assistance or a second opinion in other areas. I think that people enjoy having the opportunity of discussing things with a person that they feel has a wide over-view on those critical decisions.

BILL: Tell us about your recent trip to Australia.

JEFF: We signed FM104 in Brisbane and 2WS in Sydney, and we'll be announcing several more Australian clients shortly. Commercial FM is only two years old there, and they've made incredible progress. The 7 commercial FM stations are garnering between 9 and 14% of the total audience. FM penetration is about 85% in homes, but only 26% in cars. It's all very exciting. The people in FM all know each other and consider themselves sort of pioneers, and have a real fun energy about them.

BILL: Music aside, is there anything weird about formatting an Australian rocker, i.e. Canadian content?

JEFF: The Australian content rule is 20%. But there is so much good music there, it's not a problem. Another difference is that Australian ad agencies don't like 60-second spots, so most FM's generally run sixteen 30-second units an hour, which is a lot of clutter to work around.

BILL: If you had to pick three Australian bands destined for U.S. crossover success...

JEFF: Specifically, I'd say Australian Crawl, Men At Work, and Cold Chisel. But in general, we'll be hearing a lot from Down Under in the 80's.

## Radio Action

WRKK, BIRMINGHAM, AL P.D.-DAN BRENNAN: "Since WRKK is being sold, this will be my final report. I would like to express my appreciation for all of the cooperation and help to all the people in record and music promotion. We at K99 appreciate the loyal support of our listeners over the past 5½ years, and still have a lot of confidence in album radio and in the kind of approach to programming and emphasis on music that we've concentrated on."

DOUBLEDAY/WAPP, NEW YORK, NY P.D.-DAVE HAMILTON: "WAPP received its first Birch July, 1982. We went from a .8 to a 9.0 12+. It's #1 in the market. WPLJ went from 8.7 to 5.1. In 18-34 men, WAPP has a 21.6 to WPLJ's 7.0, and that's in three weeks."

WKLS, ATLANTA, GA M.D.-BOB BAILEY: "Good initial sales on: Producers #9, Billy Squier #10, and Go Go's #11...Survivor, 'Rocky III', and 38 Special starting to slip...Fleetwood Mac and John Cougar are almost neck and neck #1 and #2...Steady growth on: A Flock Of Seagulls, #15 this week... Alan Parsons Project still in a holding pattern...Best Phones: John Cougar, Robert Plant, Billy Squier, and Steve Miller (Miller is mostly younger teens)...Also good calls on: Men At Work, Uriah Heep, and Judas Priest...Still wondering what's happening with the Go Go's (no phones at all), and REO Speedwagon (no phones and sales dropping like a rock)...Adds: 'Fast Times At Ridgemont High' Soundtrack; Steve Winwood; Santana; Jon Anderson; George Thorogood; Toronto; and, Missing Persons... 'Fast Times', Winwood, and Santana are obvious...We're hoping the Jon Anderson cult can carry this one thru...The Thorogood song is mediocre (Sorry, Sky, I wasn't in a band in high school.). But it has tested well...Toronto also tested well as track of the week, so it goes in full-time this week...Still skeptical of Missing Persons, but its performance in the Top 40 has been good so far, so it gets a shot...Don Henley and Johnny Van Zant both look good for next week. 'Nobody's Business' from the Henley Lp is far superior to anything on any of the other solo Lps or even any Eagles Lps since 'Hotel California'. Johnny Van Zant has many of 38 Special's songwriting qualities. It sounds very similar...Sight can make your face turn blue too! Mike Bone holding hands with the first runner-up in the Miss Heavy Metal/Krokus promotion, only to find out she's a transexual...Due to our recent success, as reflected in the Spring Arbitron 8.9 - 6.2 12+, WKLS will be adopting an all-recipe format...Personal to Thom O'Hair: Huh??"

WMMS, CLEVELAND, OH M.D.-KID LEO: "The 'Fast Times At Ridgemont High' package, to me, is a little on the quieter side of rock, yet there's a lot of hoopla surrounding the entire package, movie and album. We have a giant promotion going on which may give the movie a start and the soundtrack hope for sustained life...Steve Winwood exudes class...'Rollin' By The Record Machine' by the Rockets is one of those songs that used to get the buttons worn out on the juke box in bars, waterholes, and fine emporiums everywhere. I think it deserves to have a few copies worn out on radio play. It's a throwback to days when the Rockets were members of the Detroit Wheels...Speaking of throwbacks, 'Johnny Can't Read' is Happy Organ revisited. It's a fun sound, a fun song with a somber message. Like it lots...Santana's coming off the strongest album in a decade, and 'Nowhere To Run' seems to be an indication that they'll be rolling onward and upward...The Fixx is another of the electronic, techno-rock English rocks (for lack of a better word) ala the Human League, etc. These groups only need one strong radio song to make it. They can stand or fall on one song. For The Fixx, the song is 'Stand Or Fall'."

WEBN, CINCINNATI, OH M.D.-CURT GARY: "It seems that all signs point for 1982 to be a year for quirky pop songs. Both Soft Cell and Men At Work prove my point, and I'm sure we'll see more come down the pike. In a way, it's quite refreshing from the day in, day out formula rock onslaught of Midwestern schlock. Not that I'd want to listen to it every day. You can't deny that good solid rock and roll like Eddie Money, John Waite, Scorpions, and Axe still are the bulwark of our radio programming. It's not that I'm bored with music today, it's just that I wake up hoping that someone would discover a new electronic device that would send us all clamoring for the new sounds. End of Dream, Part I...Many thanks to: Kenny Laguna, Steve Leeds, Joan Jett And The Blackhearts. I've been behind them all the way and thank them graciously for the platinum album. Best of luck on their trip to Germany. Ich Liebe Rock And Roll...Watch for a band called the Ravyns on the 'Fast Times At Ridgemont High' Soundtrack. A really nice radio song. Also on that record, Joe Walsh offers us another one of his humorous rock tunes...Step back, George Thorogood, I'll wait for the album."

**RADIO ACTION CONTINUED**

**WCOZ, BOSTON, MA M.D.-TED EDWARDS:** "Real quick comments this week. As always, I've got too much to do and it was due an hour ago. So let's get going...We put on the Kim Wilde album this week. 'Kids In America' is a smash. Sounds wonderful on the radio...Also went with: Steve Winwood, a personal fave and certainly a tremendous record. We'll start with the single, but I'm sure that won't be the last of the record on the radio here in Boston...Also this week: John Waite. We had considered 'Change' since the record's release, and we're kind of skeptical about its potential. But as we got deeper into the record and noted other programmers' comments about 'Mr. Wonderful', we decided that was the cut to go with, and it's on the air...That's all, folks."

**WDVE, PITTSBURGH, PA P.D.-HOWIE CASTLE:** "Only one time have I been to an event where more people showed up and that was the Indy 500. On Sunday, August 1st, during the annual Three Rivers Regatta, approximately 280,000 partied and watched the first Grand Prix Formula One Powerboat Race in the U.S. sponsored by WDVE and Champion Spark Plugs. The weather was perfect and the whole thing came off without a hitch. We're already looking forward to next year...Onto music...The 'Fast Times At Ridgemont High' Soundtrack has a lot of great material on it. So much, it's real hard to fit more than a couple of them in this week. We went with: Joe Walsh (love the lyrics) and Sammy Hagar...Finally started to see some retail on 805...Pete Townshend can't seem to crack the Top 10 here. Disappointing... The Clash concert coming up is selling great. That, coupled with persistent retail, has caused us to add 'Rock The Casbah'...John Cougar resurged with the release of 'Jack & Diane'."

**KQRS, MINNEAPOLIS, MN P.D.-DOUG SORENSON:** "I'd like to formally announce that Joe Folger, former PD at--what's the name of that radio station? Oh well, Joe will be joining us as Midday announcer and Music Director effective August 15th. Now I don't have to make these silly comments anymore. But seriously, in listening to new music, 'Fast Times At Ridgemont High' is loaded with great material... The Jon Anderson album, I must admit, I overlooked. But luckily, I listened to the cut 'All In A Matter Of Time'...Incidentally, I listened to a cassette of the Hughes/Thrall Band. There's a couple of guys there from Pat Travers Band and one ex from Deep Purple. In one listen, I like the track 'The Look In Your Eyes'...It's been a very busy week, as you can tell...Other than that, I certainly want to acknowledge Wally Walker for taking on afternoon drive here at KQRS. He's a good guy... I'm gonna go to sleep. Good night."

**KLOL, HOUSTON, TX ASST. P.D.-MICHELE ROBINSON SAYRE:** "Lots of good music out. I've listened to most of it by now. I want to start with an as-yet-unreleased record: The Hughes/Thrall Band. I've been eagerly awaiting news on this band. Glenn Hughes' credits as a musician are impressive. And Pat Thrall! He and Pat Travers on stage were at one time my favorite band. Wait till you hear this stuff. 'I've Got Your Number' is great. 'Beg, Borrow, or Steal' is even better. And, Jon Scott says there are even more great cuts on the album. Watch for it... 'Fast Times At Ridgemont High' is going to be Elektra's album of the year, if anything can beat Richard Simmons. The Ravyns' 'Raised On The Radio' is my favorite song so far, followed closely by: Don Felder, Joe Walsh, Sammy Hagar, Jackson Browne, and Louise Goffin. The best song, though, is something that we can't play. Timothy B.Smith's 'So Much In Love' is a killer. What a voice--What a face!...Santana--this time it's commercial city. I love both songs on the 12", but don't know about them for us...The Go Go's 'Vacation'. MTV is doing gang busters with the song. It sounds like a big, big hit. My first favorite pop music song is: 'He Could Be The One' by Josie Cotton. They're both fun pop, let's-have-a-good-time songs. I like Josie's the best, though...Congratulations to Bill on the change of look of station reports. They are much easier to read. Thank you...I'm experimenting with something new for awhile--an on-air test of some records we like but aren't sure of. We'll give it airplay (just as an add), along with phone research tests for several weeks. If it tests well, it converts to a full-time add. This week's tests are: George Thorogood and Frank Marino...Finally, don't forget Joe Jackson's 'Steppin Out', and bravo to KLOS for adding it."

**KSRR, HOUSTON, TX M.D.-ALAN SNEED:** "This Week's Adds: 'Fast Times At Ridgemont High' Soundtrack. Personal faves: Sammy Hagar and Ravyns cuts...Steve Winwood is a bit soft, but very tasty and nice 25+...The Producers. After much heat, we added 'You Make The Heat'. 'She Sheila' is a great record; but, as I have said many times before, not the cut that 'What's He Got' or 'What She Does To Me' were from the first album. Epic sawed off the limb I was out on on the first record. Let's see some follow through on this one. The band definitely has hit potential...Toronto is another add. We went with the single...And B.E.Taylor Group, the shot of the week. Rick Lambert's personal favorite cut: 'Never Hold Back'...We love the Billy Squier. It's getting great phones. 'Everybody Wants You' is our power cut...Asia still hangs on to #1 retail, Fleetwood Mac is pushing hard, followed closely by Robert Plant."

**WLLZ, DETROIT, MI M.D.-DOUG PODELL:** "More evidence that Detroit is alive and rockin'. John Waite rolled through the Motor City and played to a soldout show at Traxx, one of the premier clubs in town. Just an excellent show. I'd like to thank: Chuck and Dennis for all their support. 'Change' continues to build...Just an impressive new single from Santana. A great sound from one of the masters. We're going with: 'Nowhere To Run'...First time on the turntable, I knew we had something with the Johnny Van Zant 12". Good Summertime rock and roll...Hot On The Phones: Judas Priest, Billy Squier, Taxi, and Rockets...Looking forward to more from the Hughes/Thrall Band. From what I've heard so far, a double whoa!"

**WMMR, PHILADELPHIA, PA M.D.-LISA RICHARDS:** "Since I didn't do comments last week, I guess I'll just have to take up as much space as Steve Feinstein (no, just kidding)...Favorite Record: 'Fast Times At Ridgmont High' Soundtrack. What a smorgasboard! My experience has been that very few soundtracks are programmable, and if they are, they don't last long. But I expect we'll live with this one for quite some time. While we're on the obvious Joe Walsh, Nicks and Squier songs, we're also going for the Donna Summer cut. It could open up new avenues and help broaden the narrow tunnel of artists album radio tends to play. Also love: Oingo Boingo, 'Goodbye, Goodbye'...The Steve Winwood is very valuable. A nice consistent followup to 'Arc Of A Diver'...My pick of the week: Billy Thorpe 12", 'I Can't Stand It'. I've added every record this guy's come out with, and I'd love to see this one come home. It's perfect, slow, steady, building, bursting rock and roll...The Clash is #1 phones here. They can't seem to get enough of these guys...Also seeing great phones on: Judas Priest, Go Go's, and Marshall Crenshaw (who's made it Top 20 retail). Warner Bros. simply will not give up on this one...Let's not ignore the Stray Cats, who are continuing their climb up the retail charts (#5 in Philadelphia, in front of Robert Plant), and who also drew 1,600 people per night on a weekend promotion we did at the EastSideClub. In conjunction with the Cats, we're giving away a mean-lean '57 Chevy like the one on the front cover. The response has been phenomenal. Special thanks to: Rich Tamburro, EMI. We couldn't have done it without you, Plush...FLASH! Speaking of Richie, he just brought in the new Kim Carnes 12". Boy, has this lady gone through some changes. From sugar to rock and roll--and now, 'The Voyeur'. I think it's going to go across-the-board...Finally, the most amazing promotion I've seen in some time happened last week. The Phillies played the Cubs at the Vet and won. After the game, we had fireworks and local band soon-to-be-national superstars Robert Hazard And The Heroes played in front of 50,000 cheering fans (according to Vet security). We even had Michael Tearson and the Phillie Phanatic do live commentaries in a hot air balloon. All of us were blown away!"

**KZOK, SEATTLE, WA M.D.-CRAIG MARTIN:** "Only one add this week, as we go deeper on some of the great albums we're already playing, but the add is a quality one. Men At Work and their infectious 'Who Can It Be Now'. I've been bouncing around to this song at home a lot lately, and I'm really pleased to be putting it on the air. The boozey vocals and paranoia-inspired lyrics remind me of Ray Davies around 1970, and the music is simply irresistible...The albums we're getting deeper on include: Billy Squier, Robert Plant, Asia (Yes, there's still more on this album. Try: 'Time Again' and 'Here Comes The Feeling'); John Waite, 'Mr. Wonderful'; and, John Cougar with his All-American song 'Jack & Diane'...Judas Priest is coming on like gangbusters...A Flock Of Seagulls, after many months of hanging in there, has broken into a hot rotation."

**WNEW-FM, NEW YORK, NY M.D.-JIM MONAGHAN:** "It looks like there's good news at last for the 25+ album station. If you look around, you'll see some wonderfully crafted adult rock and roll albums: Fleetwood Mac, Warren Zevon, Paul Carrack, and Paul Brady, to name but a few. Don't get fooled, just because we get older, it doesn't mean that we still can't rock and roll. And the same goes for your listeners, as well...NBC has cancelled a 23 year-old American TV institution, 'Rocky And Bullwinkle'. Moose and Flying Squirrel must be on TV, even Scott Muni says so. Send your postcards to me, c/o the station. Save Bullwinkle!...Personals: Hello, Mr. Wolmark...Bill Hard, Arthur Fields thinks you're a great guy...John Scher: Keep your pitching arm in shape. We need you."

**WLPX, MILWAUKEE, WI M.D.-BOBBIN BEAM:** "Fast Times At Ridgmont High' Soundtrack has all sorts of accessible material. Of course, we're going with the obvious ones: Stevie Nicks, Joe Walsh, and Sammy Hagar. We're gonna give it another week or so and see what kind of response we get via sales and/or requests, and see what happens with some other tracks on there. We're also looking at: 'Raised On The Radio' by the Ravyns, mainly because of the lyrics, the positive nature of the song, and because it sounds good too. Good rock and roll...The Clash has been selling here ever since it came out, and I was rather relieved to see something happening with it in other parts of the country. We decided to finally be better-late-than-never on The Clash. As a matter of fact, the first time I heard 'Should I Stay Or Should I Go' on the FMQB Album Sampler, I liked it. I'm glad we're finally able to add it now...The X 'Hungry Wolf' reminds me of the Doors a little bit. The different harmonies also intrigue me. We're also gonna go with that one. X pulled in 600 people at Tom's, which is a local nightclub in Milwaukee. That should tell us that something's happening with that, so we're reacting...Marshall Crenshaw's another sleeper that we decided to be better-late-than-never on... We're getting lots of calls on: Uriah Heep--people wondering what they sound like, and requests for it from people who knew them from a long time back. They seem to be accepting it very well... Starting to see some positive reaction to: Men At Work, through some of our research among radio listeners."

**KDKB, PHOENIX, AZ M.D.-J. DAVID HOLMES:** "John Cougar opened for Heart last night, and he blew the roof off of the Phoenix Veteran's Memorial Coliseum. Yes, Jeff Laufer and Don Zucker, you were right. The boy is for real and ahappenin'. Tell Mellenkamp he can bring the great Midwest back to the great Southwest anytime...But enough for concert critiques and on to all the hot new music... Jackson Browne's superb single is only one great tune from 'Fast Times At Ridgmont High'. Equally satisfying are: Joe Walsh's weird 'Waffle Stomp', Poco, The Ravyns, Quarterflash, and Don Henley's beautiful song 'Love Rules'...Speaking of Henley, his solo single sounds even better on the air than it does on the home unit. The lyrics are so striking on first listen that we've already had some listeners calling to ask, 'Is that song about the guy that shot Reagan?' Listen to the reference to the new kid in town. I've heard the rest of the Lp, and it sounds consistent...Judas Priest is still rocking hard, but the song 'You've Got Another Thing Coming' is the most accessible to date...And if you're thinking of engraving Elton John's name of the comeback of the year award, you better wait. Uriah Heep deserves it for 'That's The Way That It Is'. A real fine tune from the Heep...Joe Jackson's new Lp is a true labor of love. The man's intimacy and urgency pours out of every track. 'Steppin Out' is getting very good early phone response. Also on that album, 'Real Men' stands out as one of the year's best compositions. I hope the album sells like crazy...I've got to go put the headphones on and be completely involved with this wonderful new Winwood record...Bye for now."

**KGON, PORTLAND, OR ASST. P.D.-GLORIA JOHNSON:** "Requests: #1 Survivor, 'Eye Of The Tiger'; #2 John Cougar, 'Jack & Diane'; #3 Men At Work; #4 Taxxi; #5 Billy Squier; and, we have a tie for #6 between Robert Plant and Frank Marino! So, we thought we'd give those rockers what they want--Marino's 'Midnight Highway' went on today...Sales: #1 Scorpions, back on top; #2 Asia; #3 Fleetwood Mac; #4 Billy Squier; #5 Survivor; #10 Men At Work; and, #11 Judas Priest...Sales beginning to show on Roxy Music, so it gave us the excuse we needed to add a record we've loved from the beginning. We're starting with 'More Than This', so Greg Lee of Warner Bros. won't have to commit hara-kiri... Sammy Hagar's title will do for 'Fast Times' what heavy metal did for that soundtrack. Jackson Browne's tune is growing on me. But other than those two, the rest sounds like filler...Steve Winwood's album is a masterpiece. The synthesizer has a lot more punch to it this time around, and his voice has always been one of the best in rock and roll. Besides the single, we love: 'Valerie' and 'Help Me Angel'...The Men At Work success story continues to amaze and delight me...George Thorogood's 12" or the single 'Nobody But Me' is one of the most fun, good-time type rock and roll songs I've heard in a long time. Looking forward to the album 'cause I understand there are some real bone-crushers on that...To Robin Wren: Thanks for turning me on to 'Who Can It Be Now' in the first place. Catch you on the flip-flop, good buddy."

## RADIO ACTION CONTINUED

KRQR, SAN FRANCISCO, CA M.D.-JON RUSSELL: "I want to thank: Nancy Wilson for the Heart massage on the air last week. And to the whole band--that's one group of people who have a real professional attitude about seeing thru promotions that their management gets them involved with. Our two listeners who went backstage were ecstatic about the fact that they were treated to a warm reception and a good conversation with Ann Wilson. Plus, Denny Carmassi is an excellent addition to the group... Onto new records...Bus Boys. Bill lists 'Last Forever' and 'Falling In Love' as key tracks, but for just a damn fun rock and roll song, try on their 'New Shoes'...Glad to see Taxi is picking up some legitimate fare...My fave from 'Fast Times At Ridgemont High' Soundtrack is the Joe Walsh tickler, 'Waffle Stomp'. Heavy on humor and light syrup. The name Joe Walsh in swalgei means, 'If you look funny, you better be funny, or no one will take you seriously'...And don't pass by Frank Marino's new one. Sounds great on the radio. We're using: 'Strange Dreams'...Fresh ground rumors from the mill: Will KMPX get the call letters, and who cares?...Also, beautiful music KFOG is rumored to be going rock by September 15th...Film at 11:00."

KSJO, SAN JOSE, CA M.D.-NIKKI STEVENS: "Our morning man Mr. Bill is no longer with the station. Our afternoon jock Trevor Ley is taking over mornings, and I'm taking over afternoons. Steven Dunwoody is doing 8-Midnight, and Jim Seagull is now on Mid-6AM...Our latest Arbitron showed KSJO to be #1, 12+ once again...We've supported Santana for awhile. After all, they are a local band--and--we love the new single (both sides)."

KAZY, DENVER, CO M.D.-DOUG CLIFTON: "Spent a lot of time with the 'Fast Times At Ridgemont High' Soundtrack this past weekend. We're starting off with: 'Never Surrender' from Don Felder and 'Waffle Stomp' from Joe Walsh. 'Somebody's Baby' is already developing into a strong cut for us, and I anticipate using several other cuts from this one before it's all over. Other highlights on the Soundtrack are cuts from: Don Henley, Stevie Nicks, Ravyns, Louise Goffen, and a surprise sound from Jimmy Buffett...Axe goes on this week. Okay, Sean, it's now or never...Also, the Steve Winwood converts to an Lp add...A single add on: Tane Cain. It's a tasty song; and, with the help from Journey, it should get airplay across-the-board...Congratulations to: Our Production Director Lee Corey and his wife, Leslie, who are now the proud parents of a baby boy."

WYSP, PHILADELPHIA, PA M.D.-STEVE FEINSTEIN: "Great sales story this week: The Clash is #2, right behind Asia. Stray Cats and A Flock Of Seagulls are in the Top 10. Judas Priest, Haircut One Hundred, and Marshall Crenshaw are in the Top 20. Stray Cats and Marshall Crenshaw take a much deserved move upwards...A belated, almost sheepish, add for: Kim Wilde. Jon Scott: You were right from the outset...Thanks to: Judy Libow for arranging for a call from Jon Anderson...It's encouraging to see attention being paid to Paul Brady. 'Crazy Dreams' is ideal for upper demo album radio. You might want to check out his earlier imported work with Planxty, an Irish traditional group, and a superb duet album with Andy Irvine...Potentially the most witty team in radio is John Brody and Sean Coakley. Get these guys on the air immediately...Look for a Who Rarities album from New Zealand featuring hard to find B-sides...Joe Cocker has been glued to my turntable recently (the turntable looks lovely wearing Joe's tie-dyed shirt). His interpretations of 'Talking Back To The Night' and Randy Newman's 'Marie' are exquisite. Sly and Robbie's impeccable work should be required listening for all rhythm sections. By the way, ex-Proco Harum drummer B.J. Wilson is Cocker's live band...Phones are happening for: Judas Priest, 'You've Got Another Thing Coming'. This could eclipse 'Living After Midnight'. Its appeal extends well beyond the metalheads...Paul Carrack's 'Suburban Voodoo' is one of the few records of late that I'd fork over \$9.00 for. There's nary a bad song on it...What a week for Ray White. WLIR takes a smart step into the future...NRBQ is officially signed to Bearsville...We're doing a co-promote on the Doobies' farewell appearance Friday night."

WIOT, TOLEDO, OH M.D.-BUCK McWILLIAMS: "The correct version of last week's joke was: Vic Morrow's new split screen movie is called, 'With Six You Get Headroll'...With that out of the way, I remember when I was told a while back that the quality of a station is measured by the quality of the adds. I've seen other stations ridiculed at times by questionable adds, although there's usually a reason behind every one. Therefore, I feel the need to justify some of this week's adds. It's not necessarily my job to add the record company's priorities, when there might be what I believe to be a better product for us to play and remain on top our market. So, in the better-late-than-never category, we add: Duran Duran's 'Hungry Like A Wolf'. I got into this record last week, heard it on WMMS over the weekend, and I'm convinced it has its place. Every station has esoteric listeners who don't care how strange a group's name is, just how good the music sounds. A few years back, daring music directors took chances with Genesis and look how long it took for the rest of the world to catch up with that band. The Thomas Dolby add fits into the same category. Not mainstream, but slick enough to appeal to those who crave quality new music. They both have their place on our playlist and will most likely remain in light. But damn, I feel good about playing them, and I think that's what it's all about...So how many tracks are there on the 'Fast Times At Ridgemont High' Soundtrack? I'm running out of fingers...I'm still in awe of Santana. After so many years, the band is still as contemporary and butt-kickin' as always. So just when I think I have my adds for the week, P.D. Lee 'Vacation At Lamberts' Randall comes back and says he's heard this band The Kind being played all over Chicago and we got to break it here. If he's wrong, his punishment is another dinner with Eric Heckman. By the way, Eric, 'You're Welcome' for the Randy Meisner and Shooting Star adds this week. Lee says you've got the cutest Sheila doll he's ever seen...And from the Terry Meiners School Of Joke-Telling: Did you hear that they've quit using bookmarks at the Congressional Library? Now they just bend over the pages."

WHCN, HARTFORD, CT M.D.-BOB BITTENS: "While I was on vacation, I saw Kenny Rogers do an interview on one of those daytime TV talk shows. He made the statement that consistency is the key to longevity in the music biz. Now Kenny is not necessarily the leading authority on the subject, but his comments are right on the money when applied to Steve Winwood. Winwood is one of a handfull of contemporary musicians who has managed to make consistently high-quality music for close to 15 years. I have a tremendous amount of respect for both his songwriting and his instrumental abilities... Let's hope Ralph Tortora is wrong about radio missing the Paul Brady album. Ralph, you're not alone. I enjoyed the old Van Morrison and love the new Paul Brady. Hey, Bill, this is another one of those mid-tempo, upper-demo artists that could be of great value as relief from the Priest's, Plant's, and Squier's...If the movie is half as good as the soundtrack, 'Fast Times At Ridgemont High' should be a box-office hit. Let's hope it is because the soundtracks have a tendency to disappear if the movie turns out to be disappointing. Incidentally, if you're looking for a fun book that brings back a lot of memories, read the Cameron and Crowe novel that got this whole thing started... Speaking of nostalgia, WHCN presented the first show of the Crosby, Stills & Nash tour in Hartford this past Saturday night. 17,000 ecstatic fans gave them a five-minute standing ovation before they even had a chance to play a note. The three-hour show included most of the CSN classics. And Joe Walsh even joined Steve Stills and the band for a truly awesome version of 'Rocky Mountain Way'. Even the acoustic songs went over well. I know of no other group that can get people standing on their feet screaming and then get them to listen quietly to a song like 'Guinevere' two minutes later. The show is absolutely magical."

**RADIO ACTION CONTINUED**

WBRU, PROVIDENCE, RI M.D.-DAVID FILIPOV: "The new Steve Winwood sounds just fine to these ears. Like the single, the album is breezy, atmospheric yet interesting and engaging. Aside from the single, another standout is the title cut...What I really want to talk about this week is The Fixx. I was first turned on to this by Roman, and I've simply gone crazy over 'Lost Planes'. Sounds like U2 in production quality, and early Police in song structure. Whoopee! 'Stand Or Fall' seems to be the consensus cut, but 'Lost Planes' really grabs me. Try it out. Thanks again, Roman...But that's not all. Paul Carrack goes in this week on the strength of a nice popper in 'Always Better With You'... Paul Brady gets an add. 'Crazy Dream' sounds like vintage Van Morrison...As David Johansen's appearance approaches, 'Live It Up' goes into heavy as we've added: 'Reach Out' and 'Funky'. Check 'em out, if the 'Animals Medley' is getting a little well done...Thanks, Andy, for a great Crosby, Stills & Nash show."

WQMF, LOUISVILLE, KY M.D.-DUKE MEYER: "Adds: Rick Springfield; Balance; Billy Thorpe; and, 'Fast Times At Ridgemont High' Soundtrack...I would like to start off by saying that the Tane Cain 12" is excellent. I understand that she's as beautiful as her voice. Now watch Jonathan Cain come and kill me. There's a feeling in these old Lebanese bones that the CHR's or Top 40's are going to leave these album rockers in the dust on this one if we don't do something with it...I have to agree with B.H. on the Steve Winwood album. Winwood is a great upper demo artist, but beyond that, the album is an absolute joy to listen to. We're on the single, but 'Talking Back To The Night' and 'Help Me Angel' aren't far behind...There are some goodies on the Randy Meisner album, with 'Jealousy' as my fave and 'Darkness Of The Heart' a close second...There's also some real tasty tunes on the 'Fast Times At Ridgemont High' Soundtrack. Billy Squier's tune is real slick. Donna Summer's song was a very pleasant surprise. The Stevie Nicks, Glenn Frey, and Quarterflash tunes also peaked some interest."

WAQX, SYRACUSE, NY P.D.-ED LEVINE: "It makes me very proud to say that the album that has knocked off the Stones in Syracuse at #1 is 'Stand In Line' from 805. We're now into a third cut, 'Defense', and the reaction couldn't be better. Local band or no local band, to be the top-selling album in a city that has been called as typically American as any is big news...This week, we'll be doing the area screening of 'Fast Times At Ridgemont High'. Even without that fact, we'd be real excited about the soundtrack. The cuts we're going with initially are: The hilarious Joe Walsh, 'Waffle Stomp'; and, the Billy 'I-couldn't-be-hotter' Squier track 'Fast Times'...The Steve Winwood album is very comparable to the Pete Townshend super upper-demo image. Consistent record all the way through, but a top track? I don't know, we'll have to wait and see...Outside of Florida, Syracuse is probably the biggest market for Johnny Van Zant. Both his albums have sold very well here, and we couldn't be more pleased with the A and B side of the new 12". It goes into medium immediately...Songs we've finally given their just do: 'Mega Force' by 707; 'Partytown' by Glenn Frey. Both have been on the verge of exploding for several weeks now, and I've decided it's time to push them over...The David Johansen is something that we've wanted to put on for a couple of weeks, but with the superstars out, it's been tough. The 'Animals Medley' could be real hot...Other records starting to pick up significant calls: Axe, 'Rock And Roll Party' (I hate to see Yeskel's long distance bills this month); and, the Stray Cats, 'Rock This Town' and 'Stray Cat Strut'. Again, I'm amazed at the lack of response this album has received. At least in this town, it's got a real following...It was a pleasure to speak with Mr. Thorogood the other day. We're looking forward to his album, despite the fact that he's a hardcore Mets fan."

WSKS, CINCINNATI, OH M.D.-CHRIS GEISEN: "The Captain is back. We'd like to welcome Jeffrey Nimmo back into Cincinnati. He'll be doing the 4-8PM shift...We've been noticing lately the amount of female artists that we've been adding and playing. Just goes to show that there are as many good girl acts as there are guys. I don't mean to sound prejudiced...Give a listen for sure to Joe Walsh's 'Waffle Stomp'--it's typical Joe Walsh and it's crazy...Good sales on: Billy Squier, Robert Plant, and Judas Priest...Be sure to listen to the Tane Cain, I think you'll enjoy...Good phones: Randy Meisner. 'Never Been In Love' and 'Jealousy' are getting good response."

WLIR, LONG ISLAND, NY M.D.-RAY WHITE: "Our 'new music' format is a mere two days old and sounds hot as hell. The buzz from the street has been way beyond our expectations. A big thanks to all in the NY record community for your help and advice. For me personally, this is one of the high points of my career, and the entire staff is charged--unlike anything I've seen at any radio station... For the third week in a row, the Stray Cats have the #1 record here. The record is deep, their show is hot, and the video is catchy. So what are you waiting for?...Speaking of video, MTV has finally arrived here in Nassau County. It'll be interesting to measure their impact on Long Island, especially in respect to the new music bands...MCA's The Fixx is one of the finest releases of the year. It's right in the U2/Flock Of Seagulls groove, yet original and distinctive. A tip of the hat to: Rupert Hine for the great production...Can't wait for the Bananarama record. The 'Shi-Boy' import is pulling lots of requests...Thanks to: George Thorogood for the interview. He's crazy as ever, and EMI seems ready to put him over the top...I'm off to the Premiere of Floyd's 'The Wall'... More next week."

WKDF, NASHVILLE, TN M.D.-DAVID HALL: "We had three big rock shows last week here in Music City. Van Halen sold out the Auditorium, as usual. Toto played our new Performing Arts Center; and, Rainbow/Krokus wrapped up the week at the Auditorium. Fernando Van Ard gave me the guitar he smashed up on stage, and I gave it to a lucky Krokus fan the next day on my show. Thanks to: Mike Bone for his help arranging that...I also had a chance to talk to Roger Glover and Joe Lynn Turner until the early morning hours. A most enjoyable visit. Joe reminded me that he was in Fandango, whose debut album I played back in the Fort Campbell days...Thanks to: Dale Bozzio of Missing Persons for the phone call this week...Eddie Money made it to the hot rotation this week. Great record from a great guy. I'm glad to see him going all the way with this one...Sammy Hagar's title cut gets the nod for our rocker on 'Ridgemont High'. Was Sammy listening to 'The Stroke' when he wrote this one? Sounds more like Billy than Billy does...As for the Squier album, 'Everybody Wants You' is edging out the title cut as the top track. Phones asking for that specifically already...The KDF Men At Work hardhats look great. Thanks to: Tommy Chaltas. I tossed the first one into the crowd at the Rainbow concert...All of Nashville is in awe of the 30 foot tall Miller Beer bottles we have hidden in strategic locations around town. A big \$2,000 shopping spree awaits the winner of that contest... The best new song on the radio is Steve Winwood's 'Still In The Game'. It sounds better every time... I enjoyed last month's week off so much, I'm taking another one this month. So, I'll talk to you again in two weeks."

WDIZ, ORLANDO, FL M.D.-MIKE LYONS: "Total daypart adds this week with: Steve Winwood and Jon Anderson for the adults; and, Billy Thorpe and 'Fast Times At Ridgemont High' Soundtrack for the kids... Records that need help include: REO Speedwagon, Crosby, Stills & Nash, and Pete Townshend...Tops are: Fleetwood Mac and Robert Plant; with the revival of John Cougar on the air, as he's coming to town with Fleetwood Mac and Loverboy over Labor Day Weekend just before Mac goes to CA to play US... Gary Van Allen joins us as Production Director from WIZD in West Palm Beach."

WPLR, NEW HAVEN, CT P.D.-RICK ALLISON: "In an effort to keep blood pulsing through my veins and in perhaps a futile effort to keep my days down to 15 hours apiece, Michael Kirven has been named Music Director. If you can't talk to me, talk to him...Congratulations to: Mark Kaplowe, former afternoon drive jock and okay sort of guy, on his new Program Director job at Y106, Orlando."

**WPYX, ALBANY, NY M.D.-RON NENNI:** "Song of the week: 'Nowhere To Run' from Santana. Instant phones. This is definitely Santana country...Obvious album of the week: 'Fast Times At Ridgemont High' Soundtrack. Inside the multitude of material, Hagar's title song stands out. It's not the 'Eye Of The Tiger' and the movie may not be 'Rocky III', but it should do well. Don Felder's 'Never Surrender' jumps right out there, and Joe Walsh's song sounds like something the band would do nowadays--good tune...Steve Winwood's album is wonderful. 'Valerie' and 'Help Me Angel' are top-shelf songs...Shanghai sounds promising, another great Ballard song 'S.O.S.'--looking at that for the future... I just had a taste of the new Novo Combo record--Wow! Can't wait to hear more of that...Something I think a lot of us are overlooking is: 'Eyes Of A Stranger' from the Payola\$. It's a strong song, and it could be a sleeper. I understand it just went gold in Canada...805 is maintaining as a hot item here at the radio station...Billy Squier is doing incredibly well. Outside of 'Everybody Wants You', we're also playing: 'Learn How To Live' and 'Keeps You Rockin'...There's increasing interest in Frank Marino every day...Balance's 'In For The Count' is still doing well and moving up... Congratulations to: Phil Q. at A&M--Happy Marriage...Also to: Mike Godin, A&M Canada. A 9 1/2 lb. boy--Wow! Kid drove home!...'It's You' from the Johnny Van Zant band has mucho potential. Real close to what makes 38 Special happen. We're looking at that for the future, too...In local sales: Survivor's up top at #1; 805 #4 for four weeks in a row; John Cougar #6; Crosby, Stills & Nash holding steady at #7; Warren Zevon debuted at #22; hanging in there at #16 is A Flock Of Seagulls; and, Men At Work #17."

**WNCK, FLINT, MI P.D./M.D.-MARK MILLER:** "The new Santana is superb. Both sides are great. The Russ Ballard song, 'Nowhere To Run', literally explodes out of the airwaves. It amazes me that the man hasn't developed more of a solo career. He's written tremendous songs for just about everybody. The softer side of the 12" is just so intense in its own way. It should receive just as much airplay. Santana truly fits the old adage of being legends in their own time. They're just as fresh now as they were at Woodstock...Just a quick reminder to Dave Logan that you're only tied for the #1 spot in Michigan. Congratulations anyway, Dave."

**WFYV, JACKSONVILLE, FL P.D./M.D.-RAD MESSICK:** "Steve Winwood is becoming one of my favorite albums to play at home, just as strong as last year's 'Arc Of A Diver', with 3 songs that definitely merit play on the radio: 'Still In The Game', 'Help Me Angel', and my favorite is, 'Talking Back To The Night'. Should be a real big upper demo record...'Fast Times At Ridgemont High' Soundtrack is a pretty much drop-the-needle anywhere situation. We're starting with the Jackson Browne and Sammy Hagar songs. Looking towards Billy Squier's song, Joe Walsh, and Don Felder...Jon Anderson's getting good calls and real strong first week sales. As our tracking started this, we added the record. Sorry we didn't start playing it sooner... Also good first week for Missing Persons, with an amazing #12 sales debut and great calls...Men At Work is building with the same pattern...Thomas Dolby. (I'm turning into a fanatic over, 'Sorry I missed it the first time around.') He's got the feel of David Bowie, the class of Roxy Music, and takes it one step beyond all of that. We're starting out with 'Europa', although my favorite is 'Airwaves'...Johnny Van Zant's new one will hopefully get him out of the Southern rock mold. Good rock and roll on 'The Last Of The Wild One's'; and a real good shot at a single with 'It's You'...Speaking of wild ones, bring on the Buckhead Blitz as Intellivision baseball gets a new franchise in Jacksonville."

**WMJQ, ROCHESTER, NY M.D.-ROBERTA HABER:** "I wasn't much of a fan of the first Bus Boys Lp and, on first listen, the new one didn't knock me over either. But, I'd like to exercise that infamous woman's prerogative and change my mind. Suddenly, on the second listen, I saw the light. This band rocks hard, but knows how to have a good time. The Bus Boys have a new fan...The movie looks a bit tacky, but the 'Fast Times At Ridgemont High' Soundtrack is a hit. I'm glad to see so many of you are not letting your Top 40's beat you on the Jackson Browne single. That tune is a smash. There are at least 4 or 5 other songs that will follow. I especially love the Stevie Nicks (better than any of her stuff on Mirage); the bizarro Joe Walsh song; 'Raised On The Radio' by the Rayvn's (who?); and that lovely Don Henley ballad. Even Jimmy Buffett sounds hot, with more energy in that one cut than his last two albums put together... To everybody's great surprise, the air staff's current favorite is Randy Meisner's 'Never Been In Love'. It sounds spectacular on the airwaves, positively exhilarating. There's depth to this album. 'Jealousy' and 'Darkness Of The Heart' deserve a chance. And don't forget, Randy Meisner was an ex-Eagle long before it was fashionable...It hurts me to say this, but I was disappointed by the new Steve Winwood. Sure it's a good album, but it doesn't touch 'Arc Of A Diver'...My major complaint with the Go Go's is that they seem only to be willing to play one style of music. Their songs all sort of sound alike, ya know? There are a few stand-outs on 'Vacation'; the playful interpretation of 'Cool Jerk'; 'Get Up And Go' with it's catchy Diddley's beat; and the strong melody and '60ish guitar of 'I Think It's Me'...How can such a grim looking fellow like Paul Carrack write such good time rock and roll? I guess you can't judge an artist by his cover. 'I Need You' is a great tune, sort of like 'Tempted' meets 'My Girl'...I still don't understand why Spider felt the need to change their name to Shanghai. Whoever they are, they do a good job with 'X-Ray Vision', and 'Only A Rebel' is the kind of dramatic rocker that made Pat Benatar a star."

**WMYK, ELIZABETH/NORFOLK, VA P.D./M.D.-BILL SIMMONS:** "'Fast Times At Ridgemont High' is a quantum leap ahead of its predecessor 'Heavy Metal'. There are at least 6 or 7 album-rock oriented hit singles on this Lp. I'm wondering if the movie could possibly be as good as the soundtrack...Another great album this week is from Steve Winwood. This is also superior to his previous effort. We'll go with 'Still In The Game' and 'Talking Back To The Night' to start...We're believers now in the Producers' 'Sheila'. It definitely has hit single potential...If you're in the Southeast, don't overlook 'Defiance' on the new album from Snuff. The Lp is currently #1 retail in this market...The other retail of note goes to A Flock Of Seagulls."

**WZZO, BETHLEHEM/ALLENTOWN, PA M.D.-BRUCE BOND:** "Not much going on this week. I agree that the Billy Squier album is a killer!...And, our copy writer found a great song on the Warren Zevon Lp. 'Let Nothing Come Between You' should be the single...Steve Winwood seems to get better with age...The 'Fast Times At Ridgemont High' Soundtrack is loaded with quality music...Don't miss out on the Johnny Van Zant 12" 'It's You'. Comes through just like 38 Special did...In sales, I'm happy to report that; The Clash, Seagulls, Haircut 100, Stray Cats, Judas Priest, CS&N, and Fleetwood Mac are all increasing...Thank you very much Bill McGathy for all the stories before the 805 show...Congratulations to Bob Catania on Bryan...And, thanks to George Silva for the backstage pass to the Doobie Brothers show...If any record companies have any decent groups in the Philly/New York area around September 11th, please call me immediately at (215)-694-0511. We are planning a gigantic birthday celebration, and we are looking for headliners...The Tane Cain 12" tested very well with our listener advisory board, and I definitely think that album rock should pick up on it before Top 40...The Paul Carrack also tested very well."

**WHJY, PROVIDENCE, RI M.D.-ROB LIPSHUTZ:** "Beginning August 10th, I'll be the new Music Director at WAAF. I'm joining my pal, Barnett, in Worcester, Mass.--the world's next rock and roll capitol (not to mention the Paris of the 80's). Meanwhile, back at WHJY, which is destined to loom as large as WAAF and should get a 15 share book, Jeff Riccio becomes Acting Music Director and you'll hear from him next week...I guess this week's most added album will be 'Fast Times At Ridgemont High', and deservedly so. Lots of superstars and great cuts to choose from. We'll start with Joe Walsh and Sammy Hagar, in addition to the Jackson Browne, with The Ravyns and Stevie Nicks in the wings. There could be more on this record...The other night in concert, Crosby, Stills & Nash drew heavy response to 'Southern Cross'. It's one of Stills best songs, and one that deserves more play than it is currently getting...MCA has a very interesting track by The Fixx called 'Red Skies'. It's got the driving, mysterious sounds of 'I Ran', only even more psychedelic... Sales: Go Go's debut at #2...Finally, rest in peace, to our night time jock, Rob Perry."

**RADIO ACTION CONTINUED**

WCMF, ROCHESTER, NY M.D.-DAVE KANE: "WCMF Adds This Week: Go Go's; George Thorogood; 'Fast Times At Ridgemont High' Soundtrack; Steve Winwood; and, Santana 12"...Bill is right on about the 'Fast Times' movie. The flick may be gone in a week, but there's plenty of music from the soundtrack to keep things moving on your playlists. We're using the tracks by: Jackson Browne, Sammy Hagar, and Billy Squier. Eventually, we'll be using Don Felder and Joe Walsh, too...Airplay Moves: Nazareth, A Flock Of Seagulls, Glenn Frey move into heavy; The Clash and Jon Anderson both move to medium. Both have shown increased retail, and The Clash have been hot on the phones lately and increased airplay can only help boost it along...Some neat promotions going on here. This week, we're sending 40 listeners on our World Tour Bus to Toronto to see the Police, Joan Jett, and A Flock Of Seagulls. We're also having the Premiere of 'Fast Times At Ridgemont High', and we're giving away tickets, soundtrack albums, books, and posters...Personal to Doug at Could Be Wild: You're a real spur of the moment guy, congrats!...Finally, I'll be on vacation this week and will return on the 16th, much later."

WLAV-FM, GRAND RAPIDS, MI P.D.-DAVE LOGAN: "Lots of great music this week and only so many slots, so we're going with the ones that sound best. That includes this delightful Paul Carrack album, Kid Leo did all the talking for it last week, so I'll just say I agree...We also give a high mark to Steve Winwood, which seems to be as enjoyable as 'Arc Of A Diver'. If anything, it's more diverse and direct...Nothing but raves from us on the 'Fast Times' Soundtrack. I think Irving Azoff enjoys playing God on these albums, gathering the faithful before the masses to bless us with bountiful harvest...Sales: John Cougar #1, fifth straight week with no signs of letting up. Robert Plant #2. If anybody can catch Cougar, this is the one. The Go Go's debuted at #3, which freaked me out totally...Plenty of requests from teens for whatever MTV is running, particularly Cheap Trick's 'She's Tight'...One of the best concerts I've seen all year had to be Rick Springfield last week. If anyone ever had it all, he's the one. It left me thoroughly impressed and sorry I was so late in coming around...On a final note: Thanks to Joe Carroll and Frank Shiveley for the speed tour today. Joe, name the tyke David, and we'll put Shooting Star right into heavy."

WBAB, LONG ISLAND, NY M.D.-RALPH TORTORA: "Steve Winwood has put together another record that I know will end up on my list of Top 10 Albums of 1982. 'Valerie', 'Big Girls Walk Away', 'And I Go', Side 2, bing, bing, bing the Lp doesn't let up. I was curious as to how he would do 'Talking Back To The Night'-it's great. I love the single, and I now love the album. The sad part is, he's one of the few rock veterans who will get the album radio recognition they deserve...Cheetah is a new band from Australia. A friend of mine turned me on to their import picture disk, and it was okay. The Lp is a lot better. A track some of you might miss is the last one on side one, 'Scars Of Love'. I like that one and 'Bang Bang'. The production is basic, which tends to enhance the overall sound. This Lp has balls. No offense ladies... It wasn't until a few days ago that Lords Of The New Church hit me smack between the eyes. Whatever it is, 'Open Your Eyes' could go all the way...Other records that I really like this week are the Paul Carrack and Shanghai (which will probably be added next week)...Something I haven't heard in a long time is a kick-ass instrumental. The last one was probably 'The Water Song' by Hot Tuna. Well, Freddie Salem has come up with one and it's called 'Monica'. Why he choose to hide it as the last track on side 2, I'll never know...The Bus Boys tune 'New Shoes' has got to be one of the best up-tempo boogieing tunes I've heard in a long time. Everytime I hear it, I can almost imagine Lynyrd Skynyrd doing it. You'd never know these guys are black."

WLRS, LOUISVILLE, KY M.D.-TERRY MEINERS: "I'd be lying if I said that it's great to be back from vacation. It's always great being ON vacation. The bronx love god has seen some sights: Niagara Falls, Boston, Plymouth, Newport, Cape Cod, New York, Cape May, and Cherry Hill. The hour-long stop in Cherry Hill was one incredible experience. I met a guy named Bill Hard who has an enviable situation. He and his friend, George Meier, sit around in an office with three beautiful women (Susan, Judy, and Sharon) talking about rock and roll records and answering the phones. Hey, it's tuff all over. Good to meet all of you folks... We're premiering new music, ala the controversial Abrams memo, and the audience is responding rather favorably. This week's Lab rats: Headpins, George Thorogood, and Lords Of The New Church. Next week we're gonna take a crack at Donna Summer's 'Livin' In America'...Buzz Knight: Thanks for the lodging. Tell your wife thanks for tucking me in for over an hour and a half. You're really a generous guy. Boy, when you say whatever I have is yours, you mean it...Wynn Jackson: The girl with the Oysters Rockefeller has been calling here for you...Mike Bone: Thanks for the yuks. It's true, you're the first lobotomy case to land a national promotion position. Keep the Porsche shit, I'll play Huang Chung before Christmas for sure...Dave Krusenklous: The jury is in. The promotion people have voted me, 'Most likely to be in a meeting when I call'. Sorry pal, you fall into a distant second place...Whoops, gotta run, there's a big meeting starting in 2 minutes."

WRXL, RICHMOND, VA P.D.-ILYSE GOTTLIEB: "Steve Winwood's 'Talking Back To The Night' puts him right back into the spotlight with 'Still In The Game'. When I think of Winwood, I think of an artist who has earned the respect of radio, records, and the public...Michael McDonald's single mixes the production perfection that the Doobie Bros. have always been famous for, with the sensitivity of Dan Fogelberg, and comes up with this Summer's warmest record...In spite of their Richmond show being cancelled at the last minute, the Producers are being met favorably on-the-air and in the stores. 'Sheila' is an air staff favorite...Phil Garland's album, 'Dreams Of A Boy', could really give Springsteen a run for his money. I love 'You Are The One' and 'Nothing Like A Woman In Love'. Besides the obvious Springsteen parallels, Phil Garland is a talent in his own right...The 'Fast Times' Soundtrack is rock's answer to 'Urban Cowboy'. With the premier of the movie next week, the Soundtrack is sure to take off. We're using the Ravyns, Jackson Browne, and Don Felder, but my personal favorites are Stevie Nicks and Jimmy Buffett...Joe Jackson's 'Steppin' Out' finally caught on after several listens. It may take more than one or two listens, but it is worth it...Roxy Music still impresses me. 'Take A Chance' is on after a few late night features proved the single is a reaction getter...Retail action is very strong on: The Go Go's, Snuff, and Billy Squier...The Snuff story continues, building strength locally. The Lp debuts on our retail chart at #7, following 2 incredible shows at a local club. Although Elektra hasn't serviced the Lp to album radio yet (they're working Country and AC on the single 'Happy Hour'), watch for it in 3 or 4 weeks. When it gets to you, don't miss: 'Defiance', 'Boys In Oklahoma', and 'Jokers'...Personal to Paul Yeskel: Sorry, Uncle Pauley, the guys on your label just don't stack up to Michael Johnson!...Finally, to everyone who's tried fruitlessly to reach me lately, please accept my apologies. In an effort to use my time more efficiently, and hopefully cut down my hours, I've decided to take music calls only on Tuesday afternoons from 2:00 to 6:00 PM Eastern Time. The adds will still be ready at 4:00 PM on Wednesday."

WRAS, ATLANTA, GA M.D.-GARY McCAULEY: "New wave music is hot and in demand at WRAS. Commercial stations are doing us a big favor by holding off on new wave music in their formats. Jermaine Jackson's initials are J.J. not G.J. FMQB. My favorite songs are Steve Winwood 'Talking Back To The Night', Shanghai 'All Of My Tears', Oingo Boingo's 'Let's Take The Whole Day Off'; the Members 'Radio'; and the Bus Boys' 'American Worker'...Paul Brady, Shanghai, Vendetta and Lords Of The New Church sound great on our radio stations, how about yours?...Blessed is everyone that feareth the Lord that walketh in his ways. Later."

KTIM, SAN RAFAEL, CA M.D.-TRISH ROBBINS: "My comments this week are about new records. I'm pushing Paul Carrack & Paul Brady. And those of you considering Roxy Music, Joe Jackson, Warren Zevon and Elvis Costello, not to mention Marshall Crenshaw (why aren't you playing Marshall Crenshaw yet?), would not be disappointed if you were to get on all of these records. People need to hear this stuff, and it's good."

**WAAF, WORCESTER, MA P.D.-ROB BARNETT:** "Rob Lipshutz is our new Music Director. He'll be here by the time you read this. Rob's experience in New England radio makes him incredibly qualified to tackle Wornmtown. You know him well so I won't do a song and dance here. He'll be full-time with a shift on the weekend...Worcester Centrum will be open for business on Sept. 2nd, when Frank Sinatra christens the 30,000 seat arena. We'll be rockin' two weeks later with a great line up of bands, the hall is 10 feet from our front door...Records that come to mind include the greatness of the new Steve Winwood. I like 'Help Me Angel' and the single...We finally came to the party on Marshall Crenshaw, a record I didn't hear for the station, but an undeniable success story...After spending a while on 'Olympia' from the new Jon Anderson record we've just added 'All In A Matter of Time'...The 'Ridgemont High' soundtrack is a bit of a disappointment, but there are a few good tracks on it--Don Felder, Stevie Nicks, and obviously Jackson Browne, whose single is doing great...Hungry for more Thorogood...Judas Priest is a huge Worcester record. We've moved onto the 'Allion/Electric Eye' segue in addition to 'You've Got Another Thing Coming'... Eddie Money beginning to sell...Surprised at the success of the CSN album...Towshend?...Robert Plant won't quit."

**KILO, COLORADO SPRINGS, CO M.D.-ART PHILLIPS:** "Congratulations to Mama and Papa Hawk on their new baby girl, Che|sea! She was born August 3rd, around 8pm. Mom and baby doing just fine. Rich has been walking around with his head in the clouds and we're all pretty proud of the boy...New studios, a 19.3, and a new baby in the family. Not a bad summer for KILO...How could you not be pleased with 'Fast Times at Ridgement High'. Browne, Hagar, and Walsh leading with Felder and Buffett right behind...Favorite new record is the Paul Carrack. Lowe and Carrack are like fish and chips. Perfect combination and chemistry, with 'Lesson In Love' the stand out track...Rock and roll radio listeners have known Steve Winwood since the days of Spencer Davis and Traffic. Combine that familiar voice with Steve's modern dance beat and you've got a thoroughly current record. 'Valerie' is by far our favorite and the single has been working well...The Rockets are a band that have been trying to prove themselves to radio since they covered 'Oh Well'...Tane Cain looks good for next week...Special thanks to CBS for their all out effort and Southern hospitality last weekend at the Elvis Costello show in Dallas. Kevin Knee thanks for putting the wheels in motion...Jon Kirksey, great tour and you have found the best Mexican food in the world...Ed Climie, I've taken up permanent residence at the Granada, call me sometime...Drake Hall: Great to meet you and now you know how we get these great books...Ronnie Raphael, can I get Texas barbeque to go?...We love Lords Of The New Church, sounds great on the air and segues well with the Doors. The jocks are playing it as often as they can get away with it...The Billy Thorpe album has one really stand out track, that is 'East of Eden's Gate'."

**KKRQ, IOWA CITY, IA ASST. P.D.-TED BURTON JACOBSEN:** "Adds: Jon Anderson 12", Quarterflash 45", 'Tron', Santana 12" 'Hold On', Steve Winwood Lp, Randy Meisner Lp, 'Fast Times' Soundtrack, Rockets Lp, Queen (re-add), Huey Lewis (re-add), Kansas (re-add), Toto (re-add)...Jon Anderson's voice comes through like gangbusters upper-demo smash-'All In A Matter Of Time! This is the right move for Jon and for Atlantic...The rest of Steve Winwood's album is great--'Valerie' is a gem...With every Eagle and their mother on it, the 'Fast Times' soundtrack could maybe just be titled the next Eagles album. Oh, that's right, that group broke up! But the Hard one is right, this puppy has legs...The h-o-t track on the Go Go's album is 'Get Up And Go'. It's a catchy unit...It was nice of Warner Brothers to include Talk Talk on the 'Night Shift' soundtrack. It shows some foresight and we're going with the Quarterflash title tune. Great timing on the Kansas single release--they played a concert here Sunday night and introduced 'Right Away' as their new, four day old, hit song...One final note. I don't remember who said it, but let me echo my admiration for Lisa Hartman--I've been digging her action for 7 full years! Love ya, Lisa. Send me your home number!"

**WKQQ, LEXINGTON, KY ASST. P.D.-DAVE KRUSENKLAUS:** "What would the Summer be without another two record soundtrack full of new superstar material? 'Fast Times At Ridgement High' is bound to rack up huge airplay. My favorites are the 'Waffle Stomp' from Walsh, Squire's 'Fast Times', and the Jackson Browne single. Also, the Don Felder tune is nice...Not disappointed whatsoever in the Steve Winwood album. It sounds good and I think it's deeper than the last record. My follow-up airplay tune to the single is 'Valerie'...The Jon Anderson record has the world closing in on it now and for good reason. 'All In A Matter Of Time' has the ingredients of an old Yes tune while still sounding fresh for today. Good adult rock...'She Sheila' is the strongest track I've ever heard from the Producers. The tune really grows on you and I'm interested to see what the video is like...New records of interest: Cheetah sounds like core audience rock and roll to me with good hooks. I like 'Bang Bang' and 'Spend The Night'. Move over Heart... Tane Cain's 12", sounds like a hit...In the Marshall Crenshaw vein, fun pop-rock, Paul Carrack has my interest. Top track: 'Lesson In Love'...Also considering the Santana single and Willie Phoenix...Men At Work is doing overtime on the phones! Sales are developing nicely for one of the best records on the air. It's a mistake to avoid this record...Alan Parsons is picking up retail and requests...Judas Priest is a home run!...Still waiting for noticeable movement in Nazareth, Shooting Star and 805, although I must add that all these records sound excellent on the air."

**WYFE, ROCKFORD, IL M.D.-THE DOCTOR:** "The latest Asia Ep sounded so good we couldn't help re-adding this fantastic plastic...We have also seen (or more precisely, heard) the light on Marshall Crenshaw and are adding his Lp...Journey's latest from 'Tron' is the 'Only Solution' for our playlist this week--another incredible masterpiece from rock's heavy hitters...Randy Meisner is also picking up some good phone reaction. Looks like this track could be happening for any format. Good cross over potential."

**KSMB, LAFAYETTE, LA P.D.-SCOTT SEGRAVES:** "Warren Zevon is this week's first round draft choice for the sick puppy hall of fame...Luds of the Nude Church make me want to turn in my gonzo frabidarian sanctified certificate of lay ministry...And we finally had a leap of faith on the Jon Anderson... Also flipped Joan Jett, with that and looking at more from the Go Go's, Bonnie Hayes, and Josie Cotton I now wonder if February's hoser O.D. may turn into the Summer of leather jacket Leslie Gore."

**WBLM, LEWISTON/PORTLAND, ME M.D.-JOSE DIAZ:** "The soundtrack 'Fast Times At Ridgement High' is chock full of songs for radio. I agree with our Editor that the longevity of the film doesn't matter, this album will be selling right through Christmas. Initial favorites would be the Jackson Browne song, also the Walsh cut and the Ravyn's 'Raised On The Radio' is an awfully good cut for a new band... The promise shown on the Winwood single has been realized with the release of the album. Standouts include 'Talking Back To The Night' and 'Help Me Angel'...One of the more exciting pieces of music we added this week is the Randy Meisner album. We think the single will go all the way and the cut 'Jealousy' has potential also...The Jon Anderson album is performing very well around here. Congratulations to Atlantic for sticking with this project since it is paying off...One of the most played Lp's at home would have to be the Paul Carrack. We are probably a couple of weeks away from playing it on the radio. The songwriting by Mr. Carrack is definitely the forte of the record."

**CHEZ-FM, OTTOWA, CANADA M.D.-GREG TORRINGTON:** "Adds: Steve Winwood, Uriah Heep, Tom Robinson, Spys, Warren Zevon, George Thorogood 45...Everything almost seems anticlimatic after the Winwood album. I've been plugged into it all weekend. Unbelievable song-writing, melodies, rhythm, sounds and songs. We're 3 deep off-the-bat: 'Valerie', the title track, and 'Still In The Game'. In our market, judging from the success of 'Arc Of The Diver' which was the #1 album of '81 in Ottawa, and given the incredible sales of the Roxy Music album (riveted to #1 for 7 weeks), the upper demos are calling the shots. 'Talking Back To The Night' sounds like a classic--that's a word I seldom use...Calls are still very heavy for Haircut One Hundred and the Payola\$, with corresponding sales to keep them both in our Top 10... Next week in Ottawa it's concert saturation with Jon Anderson, Coney Hatch, Elvis Costello, A Flock Of Seagulls and the Mama And The Papas, that's respectively Monday thru Friday so don't call before 10AM!"

**RADIO ACTION CONTINUED**

**WHFS, BETHESDA, MD M.D.-DAVID EINSTEIN:** "Paul Carrack's 'Out Of Touch', 'Lesson In Love', and 'Always Better' all sound like good places to break into a fine solo effort. Love this all-star line up, too...It's good to see records you believed in for some time come through, i.e., Missing Persons, Billy Idol, Marshall Crenshaw... Speaking of records to believe in, check out Yazoo's single 'Situation', another two-person unit from England a la Soft Cell... 'Open Your Eyes' by Lords Of The New Church and Huang Chung are also being well received and it's back to the beach with the Tom Tom Club 'Under The Boardwalk' and four very fine compilations from Rhino, 'The Challenger' and 'The Surf Anthology' volume I, II, and III for all the surfers out there."

**KNAC, LONG BEACH, CA M.D.-MARY GODGES:** "KNAC presents Surf Punks at the Roxy August 10th...We had interviews with Bonnie Hayes, Translator, and the Blasters...We had a drawing for the Yamaha 50 Special and the winner is Marshall Arnwine...We have a new show Sunday night which is presented by Dancing Waters. It's called The Hour of Madness from 10-11PM...There's a search for the Playgirl centerfold every Monday night at Michael-angelos. The winner drives away in a Porsche...Also, KNAC is having a contest to have your VW painted just like the KNAC bumper sticker, which means a black car with pink KNAC's on the door and trunk. Sylvia Aimerito's VW (10-2PM) is on the street."

**WQBK, ALBANY, NY M.D.-LIN BREHMER:** "When Fear Of Strangers opened for the Police a few years ago at a local night club, the Police were impressed enough to try and get them to open for part of their tour. At the time there wasn't much enthusiasm for an unsigned band to be included on a Police tour. But it was through the Police that Miles Copeland became interested in the band. The debut album from Fear Of Strangers on Faulty Product is new music with soul. 11 original songs and no filler. We watched Fear of Strangers blow national recording acts off the stage for years now. It's poetic justice that we finally get to hear an entire lp. We've believed in this band since we started playing their demo tapes 2½ years ago. Give 'Shopping For A Dog' a listen. Ron Nenni has already directed your attention to 'I Need To Be Told'. And for those of your who have doubts about our involvement in El Salvador, check out 'Gorilla War'...Paul Carrack's solo lp is pure brilliance. I was expecting good things from this guy but he has exceeded my expectations. We love 'Lesson', and 'I Need You'...Steve Winwood's last album was hot out-of-the-box here and we have the same faith in 'Talking Back To The Night.' Whoever thought a musical genius could be so much fun. 'Help me Angel' is my first favorite."

**KBLE, DES MOINES, IA P.D./M.D.-RON SORENSON:** "And the glut continues; Steve Winwood, Randy Meisner, Paul Carrack, Thorpe, Santana, The 'Fast Times' Soundtrack, (alone it has more good songs than many stations add in a month.) It'll be interesting to see what kinds of changes this continuing product flow causes at the more tight listed outlets. It seems to me that this great abundance must force less concentrated play on a increased number of selections, a direction I would like to see. The Winwood is certainly our favorite of the week. With out a doubt the perfect upper demo record, destined to camp in heavy rotation for the next several months...Paul Carrack finally gets some well deserved recognition. I'm not squeezing your leg when I say he comes up aces with us. Our top tracks are 'Always Better With You', 'Lesson In Love' and 'I Need You'. Adds: Steve Winwood, 'Fast Times', Randy Meisner, Paul Carrack, Juice Newton, Arlan Day, 'Summer Lovers' Soundtrack, 'Night Shift' Soundtrack, Shanghai, The Fixx, Billy Thorpe, Tane Cain, Kim Carnes, Johnny Van Zant, Santana."

**WRCN, LONG ISLAND, NY P.D.-BARRY GRANT:** "Had a chance to listen to a number of stations I've been familiar with for years, during a trip last week. What a let down! They all sounded pretty much the same, but that consistency wasn't the problem. It was boring! Not boring because I'm in the business-- just downright bland radio! Almost everyone was selling the same message--fewer interruptions, less commercials, etc. There was almost a complete absence of emotion or communication. Listeners were being played by what sounded like 'fake'-all-request-weekends by jocks who didn't even sell that concept. While spending several perfect Summer days on the beach with thousands of people, I never got the feeling that the stations I heard were taking advantage of the mood. Only one station of the 6 markets involved had any imagination. I realize that the easy way is to get a consultant with a closely watched music list and reduce talents to indistinguishable blobs. It just seems that someone with an ear for and a knack of developing talent, coupled with imagination, could make a killing in most markets. I guess I'm not greedy enough to try. Life is too comfortable!"

**WMAD, MADISON, WI M.D.-DALE WOLTER:** "Adds: Regarding the media soundtrack, 'Fast Times At Ridgemont High'--the only tunes that really stood out for us were the Jackson Browne (of course) plus the Don Felder, and a typically great song from Stevie Nicks...I won't say anything about Steve Winwood, cause it will probably be said a million times throughout this issue. We're keying in on 'Valerie', 'Talking Back To The Night', and 'Still In The Game'...In sales: Fleetwood Mac reigns for the fifth week in a row. Elsewhere, John Cougar, Robert Plant, Men At Work and Alan Parsons make up the Top 5 with, believe it or not, Haircut 100 and the Motels following very closely behind. The reason for the Motels' resurgence has everything to do with the fact that they put on an astronomical show last week in the mad city. Thanks to Martha for the interview, and to Kevin from Capitol for helping us through...While we're on the subject of Capitol, congrats for signing one of my all-time heroes, none other than Tonio K. Good luck, my man, though you shouldn't need it!"

**WKLC, CHARLESTON/HUNTINGTON, WV P.D.-NEIL LASHER:** "Adds: Joan Jett 12", Jon Anderson, Marshall Crenshaw, 'Fast Times At Ridgemont High' Soundtrack, Steve Winwood, Phil Garland, Bus Boys, Willie Phoenix, Randy Meisner...The Speedwagon blew through Charleston Saturday night with the force of a typhoon. With an incredible opening act like Survivor, how could it go wrong? FM105 welcomed both groups and the Charleston Civic Center was sold out! 12,500 screaming REO and Survivor fans who never once sat down! This was only the second date of their tour but you'd never know it. Both groups were incredibly tight, energetic and without a doubt layed their asses off for a most appreciative crowd. Thanks to Kevin Cronin for the interview and, of course, the great Epic crew: Tom Genetti, Joe Carroll, and Eric Heckman. The party afterwards, well forget about the party...FM105 got the Spring numbers back. We are the #1 station in men 18-54 from 10AM onwith a 30 share in both dayparts. We worked hard and we are very proud. The overall 12+ picture, we went from a 9.8 to an 11.7. It's good to be in album radio in double digit heaven...Regardless of how it works for other stations, we love, and our audience reflects its love for, the new music preview. All callers, whether or not they like a particular jam, unanimously like the idea of the preview...Top 10 retail: Survivor 1-1 (6th week), Steve Miller 7-2, Zappa 14-3, Fleetwood Mac 2-4, Cougar 4-5, CSN 8-6, REO 3-7, Robert Plant 5-8, Alan Parsons 9-9, and Glenn Frey 20-10."

**WTPA, HARRISBURG, PA P.D.-JEFF KAUFMAN:** "Thorogood and his Destroyers are the country's number one cover band. It's great to have him back on the tracks! Since his stop here in Harrisburg, on his 50-50 tour, we've gone through two sets of his first three Lps. And from initial response, we'll need an immediate three record backup of 'Bad To The Bone'...And, speaking of triumphant returns--Winwood's done it again! Although we have the dubious distinction of having been the last station in America to add 'Arc Of A Diver' (source: George Silva), we are true believers in 'Talking Back To The Night'. At 34, Winwood has got to be one of the most experienced songwriters on vinyl, with no limit to creativity in sight...Thanks to Mike Lessner for helping to make our Billy Squire Listening Party a success and belated congratulations to Papa Catania...The adds this week: Producers, 'Tron', 805, George Thorogood, Jon Anderson and converting to the Winwood and the 'Ridgemont High' Lps."

**KTYD, SANTA BARBARA, CA M.D.-RICK WILLIAMS:** "Adds: 'Fast Times', Steve Winwood, 'Night Shift', Trees, HiFi, 'Tron', Santana 12", Psychedelic Furs single...Susan Christol was married last week to Jim Deacon. Our congratulations go to her. When Susan returns from her honeymoon in three weeks, she will become Acting Program Director and James Lull is taking a world cruise until December. As a result of the change I will be doing music through the end of the year. It's great to be here at a great station in the best possible part of the world...Musically, it is the Summer of the Soundtracks!"

WWV, CHARLOTTESVILLE, VA P.D./M.D.-JAY LOPEZ: "Adds: 'Fast Times At Ridgemont High': 'Somebody's Baby', 'Waffle Stomp', 'Love Rules', 'Raised On The Radio', 'Don't Be Lonely', 'Never Surrender', 'Love Is The Reason', 'I'll Leave It Up To You', and 'Sleeping Angel'; Santana 12" 'Hold On'; Steve Winwood; Johnny Van Zant 12"; Paul Carrack; Willie Phoenix; Randy Meisner...Went one cut deeper on 38 Special with 'You Keep Runnin Away' and one cut deeper on Chicago with 'Hard To Say I'm Sorry' ...Top local record sales: Fleetwood Mac, Robert Plant, Steve Miller band, Survivor, Genesis... Increased record sales: Clash, Elvis Costello, Billy Idol, Men At Work...We love the 'Fast Times' soundtrack. It was great to be able to sit down and have such a selection of great artists with fantastic songs. Personally, we have our favorites but we have more than one!...The Steve Winwood sounds excellent...We're really happy with 'Hold On' from Santana. This week it was definitely a pleasure to listen."

WQDR, RALEIGH, NC M.D.-BOB WALTON: "I finally made my pilgrimage to Atlanta to see the mighty Atlanta Braves! They proceeded to lose four straight to the Dodgers. I've been asked not to return until sometime in late January...Thanks to Chris Hensley and Dave Danneheisser and Wynn and Al. Next time I come, the Intellivision League will have expanded...I must echo Bob Bailey's comments from last week: REO Speedwagon is becoming the epitome of massive passive. We're getting virtually no requests, very few sales, but their show very nearly sold out...In a post response to last week's Question Of The Week about Eps, someone said they liked it when record company guided album radio's picking track. I just want to go on record as saying I don't like anybody picking my tracks. That's my job!!!...Radio is fun these days. This is probably the first time in album radio history we've been able to consider records like Michael McDonald and Santana and Lords Of The New Church on an equal basis. Maybe we're not as stereo-typical as we once were. My one caution is for the record industry not to expect us to add everything. It simply cannot be done! We have to play the records we must play before we add the records we want to play...Speaking of must plays, the new Steve Winwood is a masterpiece. I didn't think he could top 'Arc Of A Diver', but he did! We painstakingly narrowed ourselves down to three cuts and the response has been instantly positive...Ditto with the 'Fast Times' soundtrack. Our lead cut will be 'Waffle Stomp'. Seems like a good way to end the Summer...I'm curious to see; however, if the tracks on this album will be as good as the tracks on the performer's upcoming albums...If and when your friendly Elektra rep hands you a copy of Snuff, please take it home and listen to it. It's not typical album rock material but it is very, very good."

WRNW, BRIARCLIFF MANOR, NY M.D.-PAT PRINCIPATE: "Adds: Santana 12", Randy Meisner, Stanley Clarke, Robbie Patton, Phil Garland, Depeche Mode, Steve Winwood, Frank Marino, Grassroots, Steve Crooper, Howard, Seth and Franklin 45, Uriah Heep 12", Billy Thorpe, 'Fast Times At Ridgemont High', Shoes 12", Pete Shelley, Axe (re-add)...For our Jazz Show we added: Carmen McCrey, Clark Terry, Tony Dagradi, Peter Leitch."

WWCT, PEORIA, IL P.D.-RICK PETERSON: "Adds: 'Fast Times', Randy Meisner, Lords Of The New Church, B.E. Taylor Group and Santana 12"...Request lines remain red hot for 'Rock And Roll Party In The Streets' from Axe...We're seeing new sales action on Billy Squier, the Go Go's and Warren Zevon...For next week, we're looking at the Headpins and the Producers...Peoria is still winding down from the Genesis concert on August 1st. This was the first rock and roll show at our new Civic Center. The concert was excellent! Special thanks to Rick Sudakoff from Atlantic records and to Cindy Tollin who arranged for Genesis to be at our studios for a special edition of 'ROCKLINE'. We enjoyed every minute of it!"

WDHA, NORTH JERSEY, NJ P.D.-MARK CHERNOFF: "My two favorites this week are Paul Carrack and Steve Winwood. It's hard to believe that before Epic had the Carrack album, other companies passed on it. I like 'Lesson In Love' and 'Always Better With You'...Steve Winwood has another masterpiece with 'Talking Back To The Night'. Besides the single, try 'Valerie' and the title...We've also re-added Jon Anderson--we were an early believer but the record did little in the 7 weeks we played it. However, Atlantic's continuing commitment to the record and some increased sales means we'll give it another shot...Also, considering the Phil Garland album. He's a New Jersey boy who's paid his dues. We're using 'You Are The One' and 'Just One Kiss'...Also, chalk one up for new music as we've added Missing Persons and Duran Duran...Thanks this week for visits from Arthur Field, Steve Leeds and Howard Lesnick and I hope I don't see another hornet in my life!"

WYMX, AUGUSTA, GA M.D.-OWEN HOLMES: "Since Mary has decided to desert me, I shall be talking with you this week and next. It seems as though she enjoys the mountains more than working in radio. That I can't figure out!...Music. Invasion of the film soundtracks. Last night's music meeting was like reviewing films and not selecting music. 'Fast Times At Ridgemont High' gets the most airplay since there's a plethora of super star material. Cuts we're playing: the Jackson Browne, Stevie Nicks, Billy Squier and Don Henley...The only other add was Quarterflash from the 'Night Shift' soundtrack. I'm very surprised that Burt Bacharach did such a good job in writing a song...Thanks to Beth for the maturity lecture. And to Ed for the advice. Till next week...Adds: Randy Meisner, Steve Winwood, 'Fast Times', 'Night Shift' soundtrack and Santana."

KWXL, ALBUQUERQUE, NM M.D.-DOUG DAVIS: "I really enjoy the Musicvision calls. It's very informative and interesting to hear the many varying opinions from different M.D.'s. I just heard the advance cassette on Hughes/Thrall Band, sent to me by Deb at Musicvision. I think it's a great rock and roll sound, my lead cut being 'The Look In Your Eyes'. I'm looking forward to receiving the Hughes/Thrall 12" and Lp...'Can't Find A Way' by Avalon on Capitol sounds great on the air and is picking up phones...'She Sheila' by the Producers is a hit as far as this M.D. is concerned. The song has hooks up the ying-yang...Paul Carrack 'I Need You' is a great record. We just added that and can't wait to see how this does on the air...Check out 'Talk Talk' by Talk Talk. It sounds real good to me...Muchos gracias to Larry Douglas, Larry Hamby, and Joe Bravo for helping correct our CBS service...Please RSVP for the 94ROCK first annual Record Rep Roundup. I'm looking forward, once and for all, to finding out if the promotion reps from Denver are truly the party animals they claim to be...Late tip: The Payola\$ on A&M. Dear Kenny, I still think 'Romance' is the lead cut!"

KZEL, EUGENE, OR M.D.-KEN MARTIN: "Friday, July 30th, KZEL let our 'Rock And Roll Party Animal' out of its cage. Vince Mertz did his entire evening show live from an indoor courtyard outside one of Eugene's favorite pubs! Several hundred listeners were treated to a free birthday bash with Vince! Everyone had a great time. In fact, some of us are still recovering, especially Vince Mertz...Get your rock videos to us as soon as possible for this year's KZEL Rock Video Show at the Lane County Fair, August 16th through 22nd. We need rock video cassettes, any format, and we'll be happy to send them back at the end of the month."

WRKI, BRIDGEPORT, CT M.D.-BRUCE GOLDSSEN: "Adds: Go Go's, Lords Of The New Church, 'Fast Times', Santana 12", Randy Meisner, Missing Persons, Billy Squier and Steve Winwood...Thanks to Messrs. Brody, Bronstein, Gelb and Wasley for making my brief stay in L.A. so 'cool man'. Thanks to KROQ. It was a lot of fun to listen to--in small doses. We'll see if WLIR becomes its East Coast equal...On other fronts, Goldgood and Co. have indeed moved to a much roomier custom built facility a few miles up the road. Consult Buzz's comments from last week for new UPS street address. Between coming back from vacation and the move, there are 75 records sitting by my home turntable waiting to be listened to. I'm trying!...The Winwood sounds as good as the first--a necessary relief record...Thanks to Jim Koplik for the Santana and CSN shows. CSN was incredible! They opened their tour in Hartford. Their harmonies are still great and Joe Walsh came on stage and they all sang 'Rocky Mountain Way'! My only hope is they work out some sound problems as they tour."

**WGIR-FM, MANCHESTER, NH M.D.-KAREN ANDERSEN:** "Adds: Huey Lewis Ep, David Johansen...Well, here's the carryover from last week. The Huey Lewis Ep is h-o-t. I like the Lp version of 'Workin' For A Living' but the live version with those horns gives it new punch! It captures the group live performance, precise but not calculated and pure fun...David Johansen is due to come to New Hampshire and I'm looking forward to that show. We'll give the 'Animals Medley' a whirl. His Eric Burden-like vocals make the medley work without sounding like a pure imitation...David can also stamp his own identity on those classics...In retail we're seeing hard times for REO Speedwagon's 'Good Trouble'. People are just not running out to buy the album like they did for 'Hi Infidelity'. We've hardly seen any phone interest in it either...However, the Flock Of Seagulls Lp is keeping up steady retail movement. That's another band due here in New Hampshire in the near future...Since last week our 'Eye Of The Tiger' requests have slowed down a lot! And, John Cougar's 'Jack & Diane' is huge. Now we can make that two in a row for Cougar...Also, the Clash and Men At Work are pulling phones."

**WDEK, DEKALB, IL M.D.-BRIAN LEONARD:** "Adds: Willie Phoenix, Translator, Go Go's, Robert Gordon, Paul Carrack, Camel, Huang Chung, Randy Meisner, Steve Winwood, and singles from: George Thorogood, Michael McDonald, Quarterflash, Santana, and Tane Cain...Paul Carrack, pure pop that's here now, people. 'I Need You' and 'Lesson In Love' are such nifty little works that, by golly, I get stomach palpitations listening...Steve Winwood has come back with an Lp that disappoints no one. Strange thing for those who are afraid of programming new music, listen to 'Still In The Game' from Winwood-- then listen to 'Hold Back The Tears' from Huang Chung. It's a question of style as opposed to substance. If your audience can accept Winwood, they can accept music like Huang Chung...Flock Of Seagulls sounded real good on 'ROCKLINE' and the party in Peoria was a great idea. Hope more 'ROCKLINE' like that are coming in the future...Walking out of the stores at the local outlets are: Men At Work, Robert Plant, Flock Of Seagulls and Fleetwood Mac...This weeks hots: Roxy Music, Fleetwood Mac, Joe Jackson, Pete Townshend, Flock Of Seagulls, Joe Cocker, Marshall Crenshaw, Men At Work, Steve Miller, CSN, Alan Parsons, the Clash, Gary U.S. Bonds, 805, Dave Grusin, and Warren Zevon."

**KLAQ, EL PASO, TX M.D.-ROB ROMAN:** " 'Fast Times' is chuck full of great new tunes. This album should rival 'Urban Cowboy's success...Santana and Steve Winwood sound fine and Winwood's album definitely holds up to 'Arc Of A Diver'. Steve is 'Still In The Game' and he's 'Winning'...Great response to Billy Squier. Glad to see success for that guy. He's been at it so long...Been listening to an advance cassette from Billy Thorpe. This boy's put together a fine new album with at least three great tracks...Large scale jumps this week for Plant, Squier, and Eddie Money...New revival for Pete Townshend. This album seems to be building with time...Top 5 sales: REO, Fleetwood Mac, Robert Plant, Judas Priest and April Wine."

**KEZO, OMAHA, NB P.D.-GREG GILLISPIE:** "Adds: Steve Winwood, 'Fast Times At Ridgmont High', Axe, Shooting Star, Randy Meisner Lp and Santana 12"...The Steve Winwood is a great follow-up to one of my favorite albums of last year. I particularly like 'Valerie', the title track (which could be a modern masterpiece), and 'Help Me Angel'. With the immediate reaction that we got to the single, this album should do quite well right off the bat...How Irving Azoff manages to put together soundtrack albums with superstar performers is beyond me, but he certainly has worked his magic on the 'Fast Times' soundtrack. Don Felder could have the best song on the album, after Jackson Browne's. Sammy Hagar sets the pace with yet another title track and Joe Walsh shows that he is still the clown prince of rock and roll with 'Waffle Stomp'. I'm not looking for big album sales, but do expect big phones... After weeks and weeks and weeks of Paul Yeskel telling me how firmly he believes in Axe, I put 'Rock And Roll Party' on our Consumer Guide and it got 72% positive response. That's good enough for an add. We'll see if it has the power to hang in there...Much the same goes for Shooting Star. Epic is very committed to this band, especially here in the great Midwest. Personally, I think their music is good --but not great. 'Are You Ready' got 69% positive response on the Consumer Guide so we'll see if that one has staying power as well...'Hold On' from Santana is more pop than anything on the last album. But, 'No Where To Run' comes through with that searing guitar that Carlos is known for...Randy Meisner is a hometown boy and therefore deserves some airplay. We feel that 'Jealousy' has the best shot for our station...Other records that are sounding good right now are: The Rockets, 'Rolling By The Record Machine' and 'Born In Detroit'; Paul Carrack's 'Lesson In Love'; and the new Billy Thorpe. 'East Of Eden' sounds like 'Children Of The Sun Part II'. The only thing I have against it is that it takes so long to get going. 'Hold On To Your Dream' may have a good shot at being a hit single...More and more response has moved a Flock Of Seagulls to h-o-t rotation this week. After 12 weeks, the response continues to grow...Men At Work is following much the same pattern and stays in h-o-t for a second week...The Uriah Heep album seems to have lost its immediate punch and has slowed down quite a bit in the last two weeks...This week on our Consumer Guide we'll be using Thomas Dolby and The Lords Of The New Church."

**WPDH, POUGHKEEPSIE, NY M.D.-STEW SCHANTZ:** "The new Steve Winwood record is better than I expected. 'Valerie' is a nice short tune to play from the record and it is definitely Winwood. Also, don't miss 'Talk Back To The Night'...'Fast Times At Ridgmont High'--what can I say about this record? Heavy Metal Part II? Every song on this is strong. Even the Donna Summer tune. And, don't miss the Ravyns ...Paul Carrack has been writing good tunes for the likes of Squeeze and Ace over the years, and his writing ability shines through on his first solo effort 'Suburban Voodoo'. We like 'Lesson In Love'; and, as a second track, 'From Now On'. Randy Meisner's record is well produced and should do well for him...Buried on the Robert Gordon record are two new songs written by Mr. Crenshaw, which are as good --if not better--than Crenshaw's album itself...Billy Squier, Steve Miller and King Crimson have made huge gains in sales, as well as the WPDH Rock and Roll Album, Vol. II. If anyone would like a copy, drop me a line...Till next time."

See them listed below...We've added five hot videos this week: Tane Cain is the daughter of Doug McClure (remember Travis and the Virginian?) The video was produced by Mullaney, Grant, Mallet, Mulcahey...As is a-happenin' with many bands (Split Enz, The Swingers, and Huey Lewis, for instance), Thomas Dolby was directly involved in the concept, creation, and production of 'radio silence', a truly bizarre piece about the effects of Arbitron...Hall & Oates' 'Your Imagination' was another MTV World Premier last weekend. The clip was taped at the Bronz Psychiatric Clinic...Ball & Chain" features XTC in a concept video which presents the group in an entirely different perspective... 'From Small Things' was recorded at Dave Edmunds' show in New Jersey's Capitol Theater last May...Welcome to Neal Mirsky who just joined us from WSHE in Miami. Neal will be MTV's Coordination Producer... Friday the 13th, Phantom of the Paradise; Saturday the 14th, 38 Special Concert; Sunday the 15th, Volunteer Jam Concert featuring CDB, The Allman Brothers, and 38 Special; Friday the 20th, 'This Is The Army' starring Ronald Reagan and Kate Smith; and Sunday the 22nd, The Police in Monserrat. ## Syndicators

JAY GOLDMAN, CLAYTON WEBSTER CORPORATION (314-726-0906): "Featured this week on 'Rarities' is the Who performing the theme from Batman. 'Green Manholeeshi,' one of the few non-album tracks from Fleetwood Mac whose album is currently climbing the chart, 'Easy On My Soul' from Bad Company, a nice segue into their new album, 'Stepping Out', a rare Clapton/Steve Winwood track, and on Friday the 13th--'Superstition' a live rave-up from Beck, Bogart and Appice...This week 'Retrorock' presents Deep Purple in a combination concert from 1969 recorded in London England at the Roundhouse and 1972, recorded also in London. This Retrorock features such songs as 'Hush', 'Black Night', 'Child In Time', 'Highway Star', 'Never Before' and more...Interviews with major league rookies Chilly Davis of the San Francisco Giants, Steve Sacks of the Los Angeles Dodgers, Ed Vanderburg of the Seattle Mariners, are featured this week on the Sporting News Report, together with Oakland A's players Steve McCanty, Michael Norris, and Dwayne Murphy."

CINDY TOLLIN, GLOBAL SATELLITE NETWORK (213-344-5651): "Just got back from Peoria (great show with Genesis on 'ROCKLINE' and much thanks to Perry Cooper and Judy Libow), and New York where we had April Wine and A Flock Of Seagulls at WPLJ taking calls from around the country on 'ROCKLINE'. Thanks to everyone who helped to make my trip such a success. It was great to see all my New York friends...Strollin' to Minneapolis for Van Halen on 'ROCKLINE' this Monday. More later."

JOSEPH MIRABELLA, STARFLEET/BLAIR (212-752-0400): "Westwood One couldn't have said it better regarding the most listened to programs on national radio. The reasons are simple: caliber of stations, quality of production, timing and promotion. However, the Source/Starfleet Elton John Live (that ain't tape Norm) Network achieved its 15.9 share of adults 18-24 with only 53 stations. Just for the record live is live, tape simply is not. End of subject. Westwood One can't claim the same for 'In Concert' or 'Off The Record'. It simply takes a lot more stations to reach that many people on tape."

## Record Action

MICHAEL PLEN, I.R.S. (212-980-6874): "I'll start off with other records, Translator and Adrian Belew. I guess I'm already reaping the rewards of WLIR's new music format, since they turned me on to both of these groups. Translator sounds like a cross between Echo & The Bunnymen, and Neil Young, while 'Adidas In Heat' by Adrian, is just a killer. See what you're missing out on by not having a station that is music conscious...The Go Go's. Thousands of great comments about this record and, of course, some negative comments about how the record doesn't stand up to the first. The funny part about that is that it's the same old geeks who are saying it this time that were saying it last time. Remember, it took 8 months to break the first Go Go's Lp, so why should you turkeys be convinced any earlier this time. 'Our Lips Are Sealed' and 'We Got The Beat' sounded no less accessible to you then then the way 'Vacation' sounds to you now. Your attempt to try and bury this Go Go's album will just result in us burying you as we're so accustomed to doing. For good taste, listen to the trax 'He's So Strange', 'This Old Feeling' and 'Cool Jerk'. A tour starts August 11th. If you're not convinced about the Lp, you will be when they tour. These girls are for real...Lords Of The New Church is exploding very quickly. The Dallas market is closed! First week out, both Top 40 and album radio-wise...We also went heavier into the L.A. market, Cleveland, Boston, New York, and a dozen other markets. 'Open Your Eyes' will be a top 10 Song Index tune. Further than that, try 'Russian Roulette', 'Livin' On Livin'' and 'Question Of Temperature'. The band from England and Cleveland lives on...Oingo Boingo and Payola\$ should be reckoned with. 'Eyes Of A Stranger' by Payola\$ is a top 5 single in Canada. They usually lead the way in discovering bands before America does. 'Private Life' and 'Whole Day Off' by O.B. are great, too. They've sold close to 50,000 in L.A. alone. Think how many bands are breaking out of L.A. now...Tom Robinson. Play 'Martin's Gone' and watch for the Wall Of Voodoo 12" 'Mexican Radio'. If you're into progressive rock like A Flock Of Seagulls, and Human League, Wall Of Voodoo will suit you fine...Any more requests for the SUSAN COSTELLO HEISS FAN CLUB? Susan's already collected over \$250.00 in advance club memberships. That means we've had at least 500 members, according to her deal. This girl is hot, so sign up now and mail in your buck...VEJUR QUOTE: Destroy!...To Bob Bailey: Since the Go Go's, as you've stated, are selling well locally, nationally, and is a hit at top 40, and you're still receiving no phone calls, it probably means that the listener is intelligent enough to know that they're not going to hear bands like the Go Go's on the radio enough to want to tune in, so they do the only logical thing. Buy the record. If the record wasn't selling, your perspective might have some validity."

## RECORD ACTION CONTINUED

**ROBYN KRAVITZ, ARISTA (212-489-7400):** "Personal reply to Ed Levine: I actually intended 'no shot', as you called it at the Axe record. Nor did I 'state a negative opinion about my comrade's record'. As a matter of fact, 'my comrade' called me thanking me for even mentioning the record!! Secondly, you missed my point entirely. So for anyone else who might have also misinterpreted my intentions, I reiterate my stand that we should differentiate between 'new music' and 'new releases'. The earthdogs at night that enjoy an Axe test, and will call up with favorable comments at 2AM, might not enjoy in this time period a 'Love Plus One' by Haircut One Hundred compared to this Axe record. This did happen at an Abrams station in a key market, and since the music director is so in tune with different types of music, he could see it wasn't a nighttime record. When they played and retested this tune in the morning and daytime, it was extremely successful, and thus added it full time. Sales are still resulting and the happy story still has an ending. Finally, Ed, I am very pleased whether Loverboy, Go Go's, ABC, A Flock Of Seagulls, Haircut One Hundred, Fashion, The Members, Huang Chung, or the Bus Boys break through. It sounds idealistic for all of our acts to do this, but at least, with some of these, there will be and are successes. With new music commitments at WLIR, the success of new music in a regular rotation at WPLR, KROQ, and KJET, etc., we look like we're in a right and new direction."

**BETH ROSENGARD, B.R.A.S.H. (213-462-4204):** "Two 12" are on your desks this week heralding the release of records by one old friend and one new one. Billy Thorpe has created a great album called 'East Of Eden's Gate' with the help of some very talented friends like master producer Spencer Proffer and guitarist Earl Slick. 'Hold On To Your Dream' is the single, and it's a wonderfully positive statement that is needed during these depressed and depressing times. But if you're a fan of Billy's darker side, flip the 12" and listen to 'I Can't Stand It' and then look for even more great sounds on the album in about a week...While her name may take some getting used to, her music will hook in less time than it takes to listen to the 12" version of her single 'Holdin' On'. Tane (pronounced 'Taw-nee') Cain, is a name that's here to stay!...Since we're on the subject of women rockers, let's talk about two more that stand above the crowd. Headpins' lead singer, Darby Mills, is a bundle of vocal energy and the album, produced by members of Chilliwack, is loaded with dynamite. Try 'Don't It Make Ya Feel' and 'Turn It Loud' for starters...On the other side of the coin, the 'Good Clean Fun' of Bonnie Hayes is not to be denied. The phones are ringing for Bonnie in markets as diverse as San Diego, Tucson, New Haven, and Amarillo, while the cash register is ringing in San Francisco, Scranton, New Haven, and Hartford. The cuts are 'Joy Ride', and 'Shelly's Boyfriend'...If you're wavering on Balance, your playlist is out of kilter, but you can stabilize it by playing 'In For The Count' or 'Slow Motion' (the single's out this week)...Axe is offering a lesson in longevity. It's stronger than ever on the basis of continued play on 'Rock And Roll Party' and new play on the single 'Now Or Never'...Meanwhile, Judas Priest keeps getting stronger with quickly increasing rotations and greater depth of airplay. Every week more stations go deeper on this album, and it won't be long before everyone's on two or three cuts...New records sounding great to my ears include: Paul Brady and the Bus Boys...Finally, a quick word for Senor Bond--ole!"

**BONNIE SIMMONS, BILL GRAHAM MANAGEMENT (415-864-0815):** "I hope everyone is enjoying the new Santana 12". You should have the album August 12th. Along with the two cuts on the 12", I particularly like 'The Nile' and a cut written by Paul Brady (I notice some people talking about Paul's American release last week in the Sheet) 'Night Hunting Time'. It has a nice mysterious Ry Cooder sound...Also, we should have the Santana video finished in a couple of days, produced by Mark Robinson who did the Eddie Money video; Tommy Tutone, and the Pretenders, among others. Santana is playing the East Coast right now. If you're at the Concord Resort Hotel you'll be able to see them this weekend (I know it's a little unlikely that you'll be there, but keep in mind this is Santana playing the hotel where Bill Graham started as a waiter). You can also catch them if you're in Albany, Buffalo, Pittsburgh, Atlanta, Tampa or Fort Lauderdale. They they'll be off for a week or so to return with more dates...On the Eddie Money front, Eddie's also starting dates this week. He'll be doing two dates here in San Francisco at the Kabuki Theater, many other California dates through August, then he'll be playing U.S. Festival in San Bernadino and from there moving to the Midwest. I'll keep you posted on dates as they come up...Hope you got a chance to hear Eddie on 'ROCKLINE'. Unfortunately I didn't 'cause no one in San Francisco carries the show, but I understand it was quite fun...I'm also working on the Us Festival. Jackson Browne, The English Beat, Oingo Boingo, and Jerry Jeff Walker have all been added to the bill--three days of music, about 20 acts in all, a huge technology fair, camping facilities--all of this on Labor Day weekend. Should be quite something. Please call if you'd like information...Favorite records in the car: I'm relistening to the Paul Brady album which I've had for quite some time as an import, and I'm in love with the Paul Carrack album. I also like a new group out of England called ABC...Well, I suppose this weekend at Bill's house calls for a lot of 'can you canoe' jokes. I'm gonna make a good try at being there. I'm not sure I can pull it off, but I'll try."

**ALAN WOLMARK, ATLANTIC (212-484-6017):** "The easy rider mountain man has returned from the hills with the warning: 'America, lock up your sons! Cheetah is out!' The debut album from Australia's Cheetah is out and garnering lots of clear cut positive interest. Check it out. Cheetah is beautiful, powerful, musical, and perfect album rock music!...Nugent is powerhousing his way through the Summer with a killer tour and an album which continues to grow. The cuts are 'Bound And Gagged' and 'No, No, No'...Jon Anderson is absolutely unstoppable. You can't keep a good record down, and now Jon's airplay is just about across the board. A classic case of 'If you're not on it now, you're late!' Thanks for all the support...Don't forget Genesis, Townshend, Plant, CSN, Stones, and lots to come...Genesis' tour has just begun to incredible reviews and now a new studio cut from the same Lp is surfacing as a fave rave. Check out 'You Might Recall'--it's a classic Genesis sleeper...Also on the road is CSN. Still one of the most exciting and meaningful live performances you can ever see. Both Genesis and CSN will be touring all Summer long, as well as Nugent and Jon Anderson...Also out is the debut album from Phil Garland. Some great street rock...Well, it's great to be back and already with heavy rotation at home: Lords Of The New Church, Go Go's, Townshend, Zevon, Genesis, and Plant...Congratulations and kudos to WLIR-FM for having the guts to institute a truly great and exciting format."

**JOEL WEBBER, INDEPENDENT (212-255-7408):** "All the best and cheers to WLIR on the advent of their new sound. A station like WLIR is only about five years overdue in New York. It's about time. With all the talk and activity surrounding the new music format, it feels like the beginning of a new era in rock and roll radio. I hope you dinosaurs are prepared...I sincerely hope everyone has now heard 'Flaming Desire' by Bill Nelson. The fact that it is on an independent label shouldn't dissuade anyone from the thought that Nelson is a major heavyweight contender. Use those fleshy protrusions on each side of your head while playing the record, it helps...Webber's import pick of the week: 'Don't Go' by Yazoo. The album is being released domestically soon...Some names to watch the next few months, and remember where you heard them first: Dance Class, Afraid of Mice, Neeva...Congrats to Rob Lipshutz, new MD at WAAF, moving on up to that de-e-e-e-eluxe apartment in the sky."

SEAN COAKLEY, ATCO (212-484-6400): "A champagne toast to the early supporters of Headpins: KISW, KMET, KQRS, KEZY, WMMR, and WCCC, to name a few. Ms. Darby Mills has a set of pipes that can make the deaf hear. Yes, there's hope after all for some MD's out there. Just kidding friends. The lead cut is 'Don't It Make Ya Feel'. Please put your ears to that one...As Paul Yeskel declared last week, we're sticking with Axe cause it's a hit record. The sales are directly commensurate with the rotation. If you play 'Rock And Roll Party' or 'Now Or Never' in legitimate rotation, you will discover retail movement, and what's more, you'll be helping to break another Axe...We've a special on Pete Townshend in which he describes the inspiration behind each track on 'Chinese Eyes'. It's called 'Pete Listening Time'. It's pressed on vinyl with a very humorous cover, and it's free for the asking. Call us...'Burning Down One Side' is the first single from Robert Plant...Great seeing Doug Clifton, Mike Schmidt, and Phil Strider in Denver last week. I love your listeners, Phil don't clam up...I also had the pleasure of visiting radio in Dallas and Houston. Thanks Drake and Tom for making the Axe concert a smash. Also, Chris and Michele: hugs and kisses for helping us in a pinch...Personally speaking: This Paul Brady record is a wonderful surprise. You shouldn't fear playing it on the radio. It's melodically rich, lyrically intelligent, and most importantly, it's human. Aren't these the same qualities that cause most of your listeners to stand in line for hours to see 'E.T.' for the third time? Give this Irishman a shot."

BURT STEIN/LARRY BRAVERMAN, ELEKTRA RECORDS (212-355-7610): "Thank you to everyone who added 'Fast Times At Ridgemont High' out-of-the-box. Jackson Browne, Walsh, Squier, Ravyn's, and Hagar are the early lead tracks. Due to this record's amazing depth, we are more than happy to hear you rant and rave about the tracks that are happening in your market, too...Personal to all PD's and MD's who attended the New Music Seminar: You came, you saw, you listened! X is number one on Rockpool's progressive radio chart. 'America needs to hear this album!'--Rolling Stone, August 19th. Program now, 'Under The Big Black Sun', 'Hungry Wolf' and 'Blue Spark'...If you are not playing Warren Zevon, ask yourself why you are looking for the next best thing. This is Zevon at his best. Just listen to 'The Envoy' and 'The Overdraft'...Once again a Canadian band is showing Americans how to rock and roll...Toronto's 'Your Daddy Don't Know' is a hit. Closed...Queen is on tour and 'Calling All Girls'. The band did a New York in-store appearance with over 10,000 of their fans showing up...The Rockets, 'Rocket Roll' is their best yet. Please make sure to listen to 'Rollin' By The Record Machine'...The Cotton club continues to grow as the infectious 'He Could Be The One' goes on more and more stations...Remember, the Shoes fit--any format. Key tracks: 'Under The Gun', 'The Tube', and 'Mayday'...We know we have a ton of records, but we feel that Elektra has the best records out now that we have ever had out at one time. Thank you for your continued support and help...'Johnny Can't Read', Don Henley's new single (if you don't have it please call) will be released on August 13th."

MIKE BONE, ARISTA (212-489-7400): "The Alan Parsons Project 'Eye In The Sky' album is 22\*\* in BB. I realize this doesn't come close to some of the other records you are pounding (tongue-in-cheek), so let's just say the 'Sirius/Eye In The Sky' combination is the song that separates the leaders from the followers...A Flock Of Seagulls album is 27\*\* in BB and is kicking ass with or without an unusual name. Sales on the album approach 50,000 units last week. 'ROCKLINE' Monday night was a killer! Thank you Kritzer, Tollin, and Coburn...The Bus Boys are on four majors this week (see Chain Reaction). The West Coast and Northeast is filling in beautifully. 'Last Forever' is the lead track so far with 'Falling In Love' a close second. The Electrifying Mojo in Detroit (check his rating, 17.8 12+) is pounding 'Yellow Light'. (My favorite track)...Huang Chung is on in Chicago and Los Angeles. 'Hold Back The Tears' and 'China' lead. I SINCERELY BELIEVE THIS ALBUM COULD BE ONE OF THE BEST WE HAVE RELEASED THIS YEAR!...New stuff: The Members Ep 'Radio' and the Fashion Ep of 'Move On' and 'Street Player'. Check it out...Personals: Punk rock, new wave, new romantic, techno-pop, skinny-tie, modern rock, modern music, new music, WHEW! This week's entry into the category race is: 'NEW NAME' acts. These are acts with a sound that is not much of a departure, but they have a strange name, like Men At Work and Huang Chung. So this week's new category 'NEW NAME' acts. (Thanks to Sky Daniels for his constant inspiration)...Bill Hard: What's the idea of putting the Bus Boys and Willie Phoenix at the rear of Chain Reaction? I thought we resolved all that 'colored to the rear' bullshit in Birmingham, AL in the 60's. I'm sending Reverend Jesse Jackson your new home address. Expect pickets at your party...Thom O'Hair: I'll pay cash if you comment weekly. You are in a position to be able to say what a lot of people are thinking without the political repercussions...Interesting story of the week: While in Atlanta last week, we held a Miss Atlanta Heavy Metal contest. The winner, needless to say, was a real Georgia peach. The interesting part of the story is that the runner-up was a transsexual. Pictures are on the way soon. Call if you can't wait to see them in print."

KEN BENSON, EMI (800-421-4155): "Spys, Thorogood, Wilde, Stray Cats, Talk Talk. Coming soon: Kim Carnes and Michael Stanley. Summer's here and the time is right for rocking in the streets."

JIM SELLERS, CHRYSALIS (212-935-8750): "Thanks to the tremendous response of radio, and their commitment to airplay, the John Waite Lp is now on the threshold of becoming the major breakthrough debut Lp it deserves to be. It's by no means a small stroke of fate. We've believed in this artist since day one (almost six years). And now audiences across the country are getting a shot of 'live' John Waite. Descriptions from 'incredible' to 'devastating' pour in from the Camelot Convention to Detroit and Chicago. He's hooked up with 38 Special for the first leg of their tour in Ohio, Illinois, Philly, and New Jersey. This album's been a new child for us, and with patience and guidance, it's growing into the hit Lp we know it to be. 'Mr. Wonderful' is surfacing as a killer second cut...Billy Idol's 'live' shows are causing crowds to go nuts! Their second show ever (in D.C.) blew the second show jinx myth into another dimension. Billy knows his craft. The band knows their music. This show is non-stop energy! 'Hot In The City' is the anthem of your listeners. Great positive comments every week. You can play now or play it later, but you will wind up playing it!...Shanghai is on your desk and by now should be in your ear. There are already many early believers. This Lp has everything album radio's been looking for. Go three cuts deep on side one and you're locked. By the time you've flipped it over, you've flipped out! By the time you've listened through once, you know you've been Shanghai-d!...Don't forget about the Huey Lewis 12" 'Workin' For A Livin''. Good Morning America is doing a month-long series on unemployment. One of their first interviewees said that what bothered him most was asking friends and family for help ('hitting up my buddies got me feeling like a jerk'). This song is the American people. Huey has capped the essence of our feelings. Play it. You won't believe the response...Until we meet again."

EVAN DAVIES, STIFF RECORDS (212-431-1600): "Well, Jimmy Mack has departed for San Francisco leaving me to man the Stiff ship. Jimmy will be sorely missed, so to speak, but he will be back! I've been calling most of you to say hello; if I haven't reached you, please give me a call, so we can get acquainted...In the meantime, Girlschool is continuing to storm across the country. This week they hit Indianapolis, Cleveland, Columbus and Toledo. Next week they'll be screaming blue murder in Memphis, Beaumont, Corpus Christi, Austin, and Houston. Don't go late--even if they're third on the bill, they're #1 with a growing number of fans, and you must catch the show that everyone is talking about...The Undead Ep is generating interest on both coasts--if you're interested, give me a call and we'll send a hearse to your door with your own copy...Madness's audience continues to grow as MTV picks up more markets. Congrats to them on their first birthday--all of us at Stiff look forward to seeing them around for a long time to come...And finally, a personal to my Mom, who was afraid I wouldn't keep up my writing. Who says I'm not using my degree in English from NYU?"

## RECORD ACTION CONTINUED

**JOHN SCHOENBERGER, RADIO RECORDS (305-565-7700):** "Everyone should have their Phil Garland Lp by now. Please listen to it because we, at Radio, feel it is the strongest rock release to date in our history. Key cuts include: 'You Are The One', 'Insane Days', and 'Heartbreak Morning'. Phil's debut Lp is really hot and deserves to be played. Please help make 'Dreams Of A Boy' come true for us."

**DON WASLEY, MCA (213-508-4020):** "The Fixx is welcomed to the airwaves immediately by Rolling Stone's Radio Station of the Year, WMMJ; WLIR, who added the record in heavy rotation, and a host of quality reporters. 'Stand Or Fall' is for real. Check it out...Have you listened to Trees yet? 'Come Back', 'Gotta Moon', 'Red Car', and almost every track off this Lp requires your attention...Lastly, B. E. Taylor is firmly wedged on the playlists of over 60 quality album rock outlets, with new support coming from KSRR, Houston, and several other stations that have found B. E. Taylor's 'Never Hold Back' works."

**DEREK SHULMAN, POLYGRAM (212-399-7071):** "Hats off to Atlantic Records for closing and trying to bring home an album that I thought was pronounced dead, but should have been alive and ticking--Jon Anderson really deserves to be on the radio. Keep it up Wolmark, et al ...The new Johnny Van Zant 12" is out right now, and it really is a strong album. 'It's You' is a hit song...Also new this week, a new album from a new band from the Great White North, called Coney Hatch. It'll be on your desks soon. Check out 'Devil's Deck' and 'Hey Operator'...Next week the new Novo Combo and ABC...As you all know, John Cougar's new single 'Jack & Diane' is burning up both CHR and album radio. We really believe this is a #1 album, and single across the board...One quick word about Uriah Heep. This really is a remarkable comeback. The four holdouts came in this week, and already the album is selling. And that's the name of the game at record companies. Top 40 goes with 'That's The Way That It Is' this week and we feel we have a gold or platinum album coming real soon...If you haven't gotten into the Paul Brady album, it's about time you did. The adds and feedback tell us that this is one which we will bring home...At home in medium: Thomas Dolby, Duran Duran, ABC, Trio, and Paul Carrack (should have been at Polygram)...Recurrent: XTC, and A Flock Of Seagulls...That's it until next week...T.T.F.N."

**STEVE LEEDS, S.L.I.C. (212-977-5170):** "After my inaugural visit to Cincinnati and the obligatory visit to the Skyline Chili Parlor, I now know why WEBN's Denton Marr gives the best head in town. As for WEBN's music director, Curt Gary, after hearing him attempt to sing background vocals for a local band, let's all hope he doesn't give up his day job. But all in all, WEBN is definitely cool, as what other station in America has a 'Black Knight' pinball game in the jock lounge?...The Police may have Sting, but the Rock Of North Jersey has Mark Chernoff, aka Stung. You, too, can visit scenic Dover, NJ's famous transmitter tower, home of the wasps...Boy, is EMI going to have a hot, sizzling Summer with new music from Thorogood (who I've been associated with since his first Rounder album), new Kim Carnes, Stray Cats, Spys, and Kim Wilde. Coming soon is Michael Stanley...A lot of radio folks don't wanna hear about Joan Jett anymore, but apparently your Top 40 competition does, as a track from her first album 'Touch Me', an old Gary Glitter chestnut, has cracked the Top 50, not to mention 'Breaker' status. Hello!...Women in rock and roll who make my lobes turgid: Bonnie Hayes, Kim Carnes, and that Australian duo who really know how to give new meaning to get down under, Cheetah. 'Bang, Bang', indeed...How about those Canadians with Toronto?...Speaking of women, do you know who 'She Sheila' by the Producers is about?...Two new songwriter types who bend my stylus are New Jersey's Phil Garland and Ireland's Paul Brady...Make sure you listen to 'Jealousy' by Randy Meisner, and note it was co-authored by Canadian Dixon House...Congrats to Lippy on his slight Northern journey, and thanks for making me #2 on the Gold Goon Line...Stay tuned for the return of Steve Tyler and Aerosmith. Remember, '82 was the resurrection of Uriah Heep."

NBC Radio's Young Adult Network

Denny Somach produces the report for the NBC Source Radio Network, fed daily to over 174 stations. You can get in touch with Denny at 19 Rock Hill Road, Bala Cynwyd, PA 19004; 215-667-5118. The following are excerpts from this week's report.

The new LINDA RONSTADT album will be called "Get Closer", and will be released later this month. Songs include: "Work Out Fine", which is a duet with James Taylor and "Sweet Memories". The tour is now being set up.

The Rock Report recently spoke with JEFF BECK in London. He told us he's expected to finish his new record either by the end of the year or early in January. Beck gave us no specifics on this album, but he indicated he may be getting assistance from some of his former band members in the Yardbirds.

STEVIE NICKS may record a duet with Sting of the Police on her forthcoming lp "The Wild Heart"

LOVERBOY is currently touring Texas and the Southwest. Two members, Mike Reno and Doug Johnson, will be playing at the music tennis festival, along with members of many other rock bands and pro tennis stars, August 23rd and 24th. They'll tour again till early September, and then off to Japan for two weeks in October.

The DURAN DURAN tour with Blondie has been going very well. This week they're in Cleveland, Providence, and the Meadowlands in North Jersey. They'll have a new mini lp out early in September that will probably include five songs with extended versions of "Rio", "Hold Back The Rain", and "Hungry Like The Wolf".

STEVE MILLER is currently touring Europe supporting his album "Abracadabra". There will be a national tour for the U.S. starting in September.

IRON MAIDEN is touring until the end of October in the Midwest. They'll be going to England in August for the three-day Redding outdoor festival. Then it's back to the West Coast for dates with the Scorpions and East Coast shows will be booked for October.

**BIRTHDAYS THIS WEEK:** 8/10 Ian Anderson of Jethro Tull is 35; 8/11 Eric Carmen ex-Raspberries is 33; 8/13 Dan Fogelberg is 31; 8/14 Dave Crosby is 41.

## TUESDAY, AUGUST 10

TODAY IS A 5

A day with the emotion-ruling moon in aggressive Aries, but note that the moon is free-floating (void-of-course) from 12:49 PM, EDT until entering Taurus at 9:01 PM, EDT. In the East and Midwest there is at least the morning to conduct business, the West Coast getting the short end of the stick today. As is possible, break bad habits, start diets, and begin new regimes. Mental Mercury is at a nice 60 degree sextile to both Jupiter and Mars which gives a very up-beat mentality. The sun is also at a sextile to Saturn, the planet of structure. After the moon enters Taurus go for it! A stellar night for music and rockin' out.

## WEDNESDAY, AUGUST 11

TODAY IS A 7

Now we are "on a roll". The moon in Taurus gives us a mood that is both earthy and determined. This practicality is just what we needed to re-evaluate the ideas of yesterday and set the wheels in motion. One of the nicest parts of today is the energy that is generated by tomorrow's 3rd Quarter Moon. With no void-of-course moon, all kinds of things can be accomplished. To top it off, tonight is equally good for going out, staying in, or for working. The only possible problem today is for the people who are looking for an excuse to do nothing. Sorry, I can't provide one. If you are having a party, be sure and call. I'm ready.

## THURSDAY, AUGUST 12

TODAY IS A 7

At 7:09 AM, EDT the moon at 19 degrees of Taurus is at a 90 degree square to the sun at 19 degrees of Leo, which is the exact point of the 3rd Quarter Moon. It is interesting to note that too often people forget that the quarter moons are often as energized as new and full moons. No void-of-course moon until 10:33 PM, EDT, ending on Friday at 1:23 AM, EDT when the moon enters Gemini. This will not interfere with the business day, so "down those vitamins". It would be very difficult to find something that you couldn't do today, astrologically speaking, so the ball is in your court. Same is true of the evening hours. Don't be grumpy, let us enjoy.

## FRIDAY, AUGUST 13

TODAY IS A 7

We are running a pretty even pattern, but if the moon in Taurus is not one of your personal favorite cycles, maybe the moon in Gemini will prove better. Gemini is a mental sign with great adaptability. "Going with the flow" is accomplished with greater ease today. The only cranky period is at 4:44 PM, EDT when the moon at 8 degrees of Gemini is at a 90 degree square to mental Mercury at 8 degrees of Virgo. People can be very sharp-tongued, so watch the luncheon crowd in the West and the after-work conversations in the East. By evening, the air will have cleared and a good conversational, party weekend is at hand.

## SATURDAY, AUGUST 14 & SUNDAY, AUGUST 15

BOTH SATURDAY & SUNDAY ARE A 7

Attention lovers! Saturday at 7:10 AM, EDT loving Venus enters playful, fiery Leo for a stay until September 7th. This is a more affectionate, demonstrative position for Venus, take advantage. On Saturday the moon in Gemini becomes void-of-course at 6:45 PM, EDT until Sunday morning at 3:41 AM, EDT when the moon enters Cancer. The most fun part is that on Saturday evening at 6:45 PM, EDT loving Venus at 1 degree of Leo is at a great 120 degree trine to freedom-loving Uranus at 1 degree of Sagittarius. Here is that longing for a wild, wooly time. Why not? And since this angle dominates both days, isn't it great that it happens on a weekend? Sunday is perfect for being with family and friends.

## MONDAY, AUGUST 16

TODAY IS A 5

We are warming up for a new moon on Wednesday, but the moon is at its closest point to earth, the moon at perigee, so the gravitational pull is its strongest on us. A research point: I have noticed that the effects of "jet lag" are greater when the moon is at perigee, check it out. The moon will not be void-of-course until 7:58 PM, EDT, ending tomorrow at 4:41 AM, EDT. With the moon in its own sign Cancer today, emotions are heightened and you are going to find a large percentage of people to be out of sorts. This is a "walk on egg shells" day, and especially if you work with sensitive people, so listen up P.D.'s. Tonight, try and mellow out.

Before the lead cut listings, you will notice three columns of numbers. We feel that it is highly relevant to include the number of weeks a station has been on a given album--so we're listing that information in a third column at the far left...We list debuts with a small "d". That indicates that the Lp is in the second week of play. So--this week, we took last week's debuts, and gave them a 3 in the "weeks on" column. Next week those 3's will change to 4's--and so on. It's pretty simple.

The Airplay Index is our ranking system for the amount of play on albums as a whole. We determine rankings by converting all daily and weekly play reports to a 1-5 emphasis system and totalling the points on a given Lp. We use a simple percentage breakdown to indicate the amount of play on each track.
