FMQB ALBUM REPORT

January 28, 1983

BILL HARD, Editor

Hard Choices

BERLIN, "PLEASURE VICTIM", GEPFEN

You can't beat a record already tested and proven in a major market, and that's what you get with Berlin. "The Inigma" release has been huge in L.A. with KROQ's Larry Groves reporting monstrous phones on "Sex" for months. You'll get the same kind of phone intensity on that track, which should spread you quickly to "Tell Me Why", "The Mecca" and "Masquerade".

THOMAS DOLBY, "BLINDED BY SCIENCE", HARVEST/CAPITOL

We front paged the 12" of "Science" in our January 14th issue and looky here, 25 stations roll in ripe with quality: WOVE, WLPX, WYYY, KGOV, KTOP, KQAK, WYNE, WILS-FM, WOIZ, WPYX, WIOT, etc. I realize it's rare for us to double up with a 12" Tip followed by a Hard Choice on the album, but when a ballsy pick pays off, why not scam all the credit possible!!! When you get the mini LP, also consider "Submarines Are Missing".

Easy Choice

JOURNEY, "FRONTIERS", COLUMBIA

Gosh, with 87 adds on the 12", do ya think the LP has a shot at #1 Most Added next week??? Here's the single reaction...Bob Walton, WQDR: "All doubts were erased when after only 3 days, it's a top request item"...Joe Folger, KQRS: "The single is the hottest thing of the week. No doubt about it"...Ron Diaz, WYNE: "Six months ago, it seemed to be hip to put Journey down, but looking at it realistically they are top-notch polished pros. They wait just the right length of time to put out a new LP"...And from Marc Miller, WBCN: "Also crazy about the new single. Everything these guys touch turns to gold"...We expect the single to continue to dominate play followed by "After The Fall", "Chain Reaction" and "Rubicon".

Chain Reaction

BRYAN ADAMS, "CUTS LIKE A KNIFE", A&M

75 first week reports for #1 Most Added, and reams of raves tell the story. Bryan is the man to beat for Best Male Vocalist of 1983...As WYNE's Ron Diaz puts it, "What '82 did for John Cougar, '83 will do for Bryan. This new album is superb. There are so many tracks to choose from, it took four days to narrow it down to four cuts"...Jack Silver, KSHE, "It's the deepest record so far this year. Fresh, alive and exciting all describe this LP. Geez, what a smash!!"...Ted Edwards, KGB-FM, "The base is set now for this man to explode. With this good strong effort, Bryan's got a real shot at mega airplay"...Joe Folger, KQRS, "Probably the best album I've heard in a month filled with fantastic releases"...Dave Kato, WCMF, "Ten impressive new songs, all hook city, and delivered with energy and passion that only Bryan is capable of"...Steve Feinstein, WYSP, "Bryan is a joy. Sweet raspy vocals, strong writing, and superior production values from Bob Clearmountain"...And from Duke Meyer, WQMF, "Will be one of the top albums of the year"...Dave Krusenklau, WRQQ, "I like the gutsy straight ahead style of this guy. This is the kind of rock and roll I like to hear"...As the comments indicate, you could retire on this album's publishing alone. It's that deep. Early leaders: "Take Me Back", the title track, "I'm Ready", and "The Only One".

TIPS:

ROBERT ELLIS ORRALL, RCA

The Carlene Carter duet on "I Couldn't Say No" may pose a legit multi-format threat, but we're coming to the party for the leadoff track---"Tell Me If It Hurts", with those nifty Gabriel/Genesis overtones. Thanks to Jim at Sebastian/Casey's office and KSHE's Jack Silver for the tip.

SIMPLE MINDS, "NEW GOLD DREAMS", A&M

From the excellent graphics to the neat speckled gold vinyl, this is one class package. We think the music is high quality, too but for some reason we're having trouble zerding in on cuts. We'll go with the title track, which sounds a bit like Glenn Yarbrough on ludes, but is really hypnotic. Our second choice: "Promised You A Miracle".

ALBERT LEE, "PINK BEDROOM" 12", POLYDOR

All the wonderful squirty guitar you'd expect from Albert and although the slightly countrypolitan feel may back you off at first, we think it's a really great song. Listen carefully as John Hiatt's lyrics are a hook in themselves.

THOMPSON TWINS, "LIES", ARISTA

Bone suggested I create a "Choice Nouveau" designation for this record, but what the hell did coming up with Soft Choice do for Willie Nile's career, big guy! This Thompson Twins' single had a huge Top 40 week, and should be closed in about a second. "Lies" will be monstrous so listen and commit before other formats jam you on it. Can't miss.

CHAIN REACTION CONTINUED

DEF LEPPARD, "PYROMANIA", POLYDOR

Last week's 44 adds convert for the week's highest debuts on both charts. 52 more adds (#2 behind Bryan Adams) take us to a two-week total of 96...Raves: Bill Nosal, WCCC, "What a pleasant surprise. Melody and metal meet"...Dave Kane, WCMF, "State of the art melodic metal. As far as I'm concerned, they are the metal band of the 80's"...Jim Buckley, WRCN, "They manage to find the fine line between hard rock and heavy metal with a real good hard driving album without grinding any gears"...Gloria Johnson, KGON, "Wonderful to read all the positives. It burns and sizzles, and you won't be able to snuff it out. It sets a new standard for rock in the 80's"...Rob Lipshutz, WAAF, "They'll be the first band to break big in '83"...And Dick Bascom, WQXM, "This band is destined to be superstars if they continue to bring us the quality product found on 'Pyromania'"...Song Index: "Photograph" debuts at #39.

JOHN HALL BAND, "SEARCHPARTY", EMI

As of the Lp release, the single was already on over 39 of our reporters, so naturally, we log in a strong week of Most Added action--#3 with 38, including 11 Level I stations: KLOS, WMMS, WQFM, WYSP, WMMR, KRQR, WLUP, WMET, KGB-FM, KTXQ, and WAPP...Radio Action: Ilyse Gottlieb, WRXL, "The John Hall album is even better than I had hoped for. The single is coming on strong with top 40 support and top 10 status is entirely possible"...Brian Taylor, KQDS, "'Love Me Again' is as solid as anything Orleans ever did. Continuing to build here"...In addition to the single, consider "I'm The One" and "Open Up The Door".

BLACK SABBATH, "LIVE EVIL", WARNER BROTHERS

Looks like Live Options time from where we sit...#4 Most Added with 32, #3 in our last report with 15...Key calls: WKLS, KSHE, WYSP, WGRQ, WQXM, KOME, WYNF, WMET, WDVE, WLPX, KGON, KSRR, and WILS-FM.

PAUL BARRERE, "ON MY OWN TWO FEET", MIRAGE

With all the woof woof about Abrams' 80/20 new music ratio, and all the modern music talk, let's not lose sight of the fact that the smart programmer rolls with the best examples of all compatible musical styles, and for our money, the new Barrere is a potent upper demo rocker...First week on shows #5 Most Added with 26, including WBAB, WPYX, WMMR, KQAK, WQXM, WMET, and WXRT...Comments: Lisa Richards, WMMR, "Little Feat has always been huge in Philadelphia and the hard-driving guitar rock and roll piano and wild wandering solo on the sax make this my fave rave of the week"...Ron Nenni, WDVE, "Sure I'm an old Feat fanatic and that Paul Barrere suits me just fine..."Sweet Coquette", 'A Fool For You' and 'Who Knows For Sure' are great songs and could be excellent flavor material"...Brian Taylor, KQDS, "This one more than fills the void left by the band's breakup. You should find some positive response from your upper demos with the addition of this one to your playlist"...And from Art Phillips, KILO, "Those HeartAttack horns and Dregs backup make for some pretty powerful stuff".

ART IN AMERICA, PAVILLION

A substantial turnout for our Front Page Tip of two weeks ago--#6 Most Added with 24, including WAPP, KTXQ, KFOG, WIOT, WAQX, WCMF, WWCK, and KBCO...Original supporter Mark Miller reports, "It's exploding for us as I thought it would. Top 5 phones after three days of airplay. A very very accessible record"...Ron Sorenson, KBLE, "As a serious student of the musical eclectic, I'm certainly a sucker for a rock and roll band with a strong harpist. Art In America's instrumentation gives them an unusual texture and Eddie Offord's rock and roll perspective a viable commercial sound"...Bob Rosel, KFMQ, "Classy, contemporary music that stands out on the air"...And from Buck at WIOT, "Look for this band to break out of this area, as we have a responsibility to prove midwest talent is still a force to reckon with"...We recommend the title track, followed by "Undercover Lover" and "Loot".

TONY CAREY, "I WON'T BE HOME TONIGHT", ROCINSHIRE

One of 1983's most active new names continues to climb--31-23 Index, 29-22 Metro, for double prime moves. New on 18 reporters including WFYV, KSJO, KSHE, KQAK, KZAP, KMET, and WMET for #7 Most Added, and a total of 59 FMQB stations to date...Also note the excellent Checklist: None dropping, 18 maintaining, and 29 building. Sales and phones up at WHJY, KBOS, WDHA, WDVE, KMOD, KOME, and WWCK...Phones on the rise at WYFE, WMMR, DC101, WLUP, WQMF, WMAD, KLAQ, WMET, KGB-FM, KQAK, WILS-FM, KBPI, WPYX, WYSP, and WAPP...12 of 24 not playing were considering...Comments: Ron Nenni, WDVE, "Tony Carey is happening with encouraging phones and we're even seeing some early retail"...Chip Hobart, WAPP, "Tony is moving up. A perfect sound on the air"...And from Joe Folger, KQRS, "I didn't believe at first, but now, after four weeks of play, the research and calls have proven me wrong"...On the Top 100, "I Won't Be Home" roars up 28-11!

PSYCHEDELIC FURS, COLUMBIA

No underlines here, but solid chart progress nonetheless--up 37-34 Metro, 40-36 on the Back Page...Still whacking the Most Added list too, #8 with 15, including WFYV, KISW, WHCN, WYFE, WQXM, WZXR, KOME, KGON, KZOK, and WDVE--strong!!! "Love My Way" is up 44-38...Now moving into the "programming oversight" category if you never tried it.

THE B'ZZ, EPIC

What's putting this debut Lp on the radio so quickly? Kid Leo knows "'Angry' is the kind of song we need. Not formula corporate rock, it's not modern rock, it's not rockabilly, it's not raunchy heavy metal. Basically just a solid rock and roll song"...New at #41 Metro and #44 Index...New on 14 stations including KPRI, WBCN, WHCN, WMYK, KQAK, and WYNF, for a total of 45 in just 3 weeks...It's a bit early but we do have some Checklist highlights...9 maintaining, none dropping, and 15 building: WGRQ, WMMS, KPRI, KILO, WOUR, WLUP, WRCN, WHCN, WDHA, WMAD, WDVE, WMET, KQAK, WPYX, and WYSP...Look for more solid adds next week, too, as 20 of 49 not playing are seriously considering..."Get Up Get Angry" advances to #76 on the Song Index.

DEXYS MIDNIGHT RUNNERS, POLYGRAM

We've been telling you to pay attention--January 7th: "Sounds surprisingly good in the context of the standard radio mix ...January 14th: "Don't be put off by the quirkiness, it works like crazy on the air"...And now this week: It's pretty well confirmed--this record is coming on, and home...New at #46 Metro and Index, and #9 Most Added with 14, including WAAF, KPRI, KROQ, and WAQX...Here's the Checklist: None dropping, 4 maintaining, and 19 building: WMMR, WIOT, WOUR, WBCN, KQRS, KBLE, WBRU, WPLR, WQBK, KNAC, WXRT, KBPI, and DC101 to name a few...BCN's Marc Miller reports, "It's still my favorite record. Can't get enough of this one, and the audience is responding very, very favorably"... We predict your listeners will respond to "Eileen" in kind. Up to #68 on the Song Index.

RED RIDER, "NERUDA", CAPTIOLE

Let's talk red hot quick chart gains-- 17-12 Back Page, 20-13 Metro Chart...As for the Consultants: 20-10 Superstars, 14-13 Sebastian/Casey, 18-17 Doubleday, and 17-14 Pollock...Airplay: 44 steady, 2 down and 17 up, including KQAK, KQRS, KOME, WDVE, WKLS, WMMS, WQXM, KLAQ, and WPYX...As expected, no holes in the Checklist, either: None dropping, 27 maintaining, and 40 building, including a request and sales build on WQXM, WOUR, WBCN, KLAQ, WYSP, WWCK, and WXRT...Top Songs: "Light/Power" leads at #20 on the Song Index, "Human Race" debuts #50. "Crack The Sky", "Napoleon", and "Can't Turn Back" follow.

CHAIN REACTION CONTINUED

ROBERT HAZARD AND THE HEROES, RCA

We Front Paged this one back on December 7th (having heard it on WMMR and WYSP for months), and now, weeks later, it's debut time...New at #49 on the Back Page and knocking on the door Metro. Should come in next report...New on WRXL, WOWD, KFMX, WBLM, KQAK, WKZL, WMAD, WDVE, and WLPX...Now heaviest on WMMR, WYSP (natch), WBRU, WPDH, and WBCN...Play increases on KRQR, KILO, WILS-FM, WIOT, and WPLR... Look for the debut to help lock up the 25 projections we logged in this week...Otherwise on the Checklist: none dropping, 9 maintaining, and 13 building including WLPX, WBPI, WYSP, KBCO, WBCN, and WDHA... "Escalator Of Life" debuts at #84.

SCANDAL, COLUMBIA

The Big Red Machine continues to distinguish itself as the #1 label in terms of long haul promotion. After 20 weeks, Scandal is still on fire. This week 13 adds in all, including WHCN, WPYX, WILS-FM, and KPRI... Up 22-19 Index, steady at #16 Metro...Airplay stats: 40 steady, 7 down and 11 up: WDVE, WGRQ, WMMS, WQFM, WQXM, KZAP, WDIZ, WIOT, WBLM, WMYK, and WROQ...Now a max play item at KBPI, KLOL, KQRS, KRQR, KSJO, KTXQ, WLUP, KMEL, WFBQ, WHJY, and more... "Goodbye To You" moves 13-10-7. An FMQB Red Page Tip back on September 10, 1982!

FRIDA, ATLANTIC

This record absolutely defies the standard time frame for Lp development. It came through the holidays with no loss of momentum, and in the first month of 1983 has already picked up an impressive 33 reports including 12 very hot stations this week led by WDVE, KZOK, WMAD, WQXM, WGRQ, WEBN, and WFYV...On the Checklist: 15 maintaining, 11 dropping, and 31 building, including: WMMR, WIOT, WLRS, KPRI, WQXM, DC101, WCMF, WHCN, KMEL, WFYV, WBAB, KGB-FM, KZOK, WKQQ, WAQX, and KTXQ--a nice healthy national spread. "I Know There's Something Going On" has gone 12-9-5 in the last three weeks. If you haven't played it--shame on you. And if you jumped in & got out early, go on, it's time to go back for a re-add. Performing well.

SCHON/HAMMER, COLUMBIA

There wasn't a whole lot of movement on the first half of our charts this week (with Red Rider and Tony Carey the only two underlines in the Top 25), but the Schon/Hammer is definitely forging ahead. Up 25-22 on the Index, steady at 21 Metro...New on WLUP, KPRI, WKW, WQFM, and 4 more for a total of 93 reporters in 3 weeks...Our stats show 50 steady, 7 down and 4 up: KMET, KZOK, KATT, and WMAD...Now heaviest on WRCN, KRQR, and KSJO, KBOS, KZEL, KPKE, KZEW, WLLZ, WLPX, WYNF, KMEL, and WLAV-FM... "No More Lies" leads, up to #16.

TODD RUNDGREN, "TORTURED ARTIST EFFECT", WARNER BROTHERS

"Hideaway" is the lead track, up to #56 on the Song Index...WMMR is also having great success with "Bang The Drum", as noted by Lisa Richards, "We added it 3 weeks ago, and since then have moved it to heavy based on great phone response and our jocks literally fighting each other to play it"...The Lp moves 45-37 on the Back Page, 49-42 Metro, for double underlines...Checklist: 15 maintaining, 2 dropping, 14 building: WZZO, WYFE, WMMR, WMMS, WAPI, WQXM, WRCN, WDHA, WMAD, WBRU, WPLR, KOME, and WPYX... 11 of 38 not playing are considering. Airplay: 27 steady, none down, and 7 up: WBRU, WZZO, WMMR, WMMS, KLAQ, WILS-FM, and WPLR...New on WKLS, WPYX, WDHA, WYFE, and WROQ, for a total of 33 FMQB reporters to date.

LITTLE STEVEN AND THE DISCIPLES OF SOUL, EMI

The EMI troops have been in the trenches for this one for weeks, and their hard work has paid off with a #50 showing on the Back Page...From the Checklist: 12 maintaining, 8 dropping, and 4 building: WMMS, WPLR, KMET, and WQBK.. 11 of 50 not playing are considering.

GOLDEN EARRING, 21/POLYGRAM

We picked it back in November, and it's still building. Up 10-8 Airplay Index and a slightly surprising 12-7 Metro underline... "Twilight Zone" moves into the spotlight--2-1 on the Song Index.

SINGLE BULLET THEORY, "KEEP IT TIGHT", NEMPEROR

You might remember "Keep It Tight" from the "Sharp Cuts" compilation on Planet a couple of years ago. We did our best to help the track along back then...but no-o-o-o you guys were too involved with heavy metal in those days to give it a shot. Now that pop is cool, "Tight" is right. Just ask a frog...New on: WBAB, WRXL, WCCC, WMYK, WWV, WAER, WTOS, KBLE, and WQBK.

SIGNIFICANT SONGS:

"DON'T PAY THE FERRYMAN", CHRIS DE BURGH, A&M

Definitely a comer. New on 12 reporters led by KMET, KSHE, KROQ, and KLAQ... "Don't Pay The Ferryman" is the big track...WOUR's Tom Starr says, "Don't miss this song if you're looking to give your air sound a real shot in the tonearm. Rupert Hines' arrangement and production deserve some kind of award. He's got so much instrumentation but no clutter at all, and it translates into pure, clean energy and plenty of it"...Trish Anderson, WCKO: "It has a different new sound that is classy as well as catchy"...Ilyse Gottlieb, WRXL: "I'm head over heels in love with Chris. I'm amazed at the calls"...And from Bob Rosel, KFMQ: "'Ferryman' is a pistol loaded with hooks and infectious music"...Already on: KISS, KBPI, WBAB, WHCN, WIOT, WFBQ, and more.

"DER KOMMISSAR", AFTER THE FIRE, EPIC

The Falco version on A&M will continue to do well in the clubs, but for radio play, we're lining up behind After The Fire...WKLS Atlanta's Bob Bailey reports #1 phones for the past week, and from WLRS' Brian Christopher, "How can anyone miss with this record. We've been toying with it for weeks and the response is fantastic. Instant phones!! What a hook. We believe in this record and we're going for it. If Louisville is ready for this, your town has been waiting too long."

"DO YOU REALLY WANT TO HURT ME", CULTURE CLUB, EPIC

We'll put this in the same category as Dexys and the Thompson Twins. "Do You Really Want To Hurt Me" will hurt you--if you don't play it. As Buck sez, "George may look funny, but the Culture Club is on enough stations to get me to at least try it during the day"...Our Checklist shows 3 maintaining, none dropping and 12 builders: WMMR, WIOT, KILO, WOUR, WBCN, WHFS, WDHA, WPLR, WQBK, KNAC, WXRT, and KBCO. 19 of 57 not playing are considering...New at #49 Metro.

"I'VE GOT A ROCK AND ROLL HEART", ERIC CLAPTON, DUCK/WB

Last week's 61 adds convert for a solid #35 Song Index debut. New on 13 stations, including: KISW, WMMS, KQAK, and WIYY. It may not be particularly hard-edged, but for upper demo image and appeal Eric is right there. When you get the album later this week, also check out "The Shape You're In".

"WORKING GIRL", THE MEMBERS, ARISTA

Another record that simply refuses to go away. New on: WAQX, WGRQ, WQXM, WPYX, and WRKI. Recent adds include: KAZY, WQFM, KTXQ, and WBCN...New at #88 on the Song Index.

"SAY YOU WILL", BLANKET OF SECRECY, WARNER BROTHERS

Still no real sign of a breakthrough here, but those calls do continue to roll in. New in the last two weeks on: WPYX, WZZO, WMAD, WKZL, WYSP, KZEW and more.

"THE WALLS CAME TUMBLING DOWN", THE CALL, POLYGRAM

New on: WMMR, KQAK, KLRB, and KBCO. The Doors/Talking Heads effect on "The Walls Came Tumbling Down" sounds like a crowd pleaser to us. One we feel definitely deserves more attention.

"THE FANATIC", FELONY, EPIC

It may be the quickest burn on the block, but it's sure fun while it lasts...New on: KTYD, KBPI, WMMS, WMMR, KBCO, and others...Kid Leo sez, "It's a song that's a lot of fun for programmers as well as the audience. It appeals to the purient interest in all of us, and I can see a valid comparison in this and M's 'Pop Musik'."

An FMQB Front Red Page Tip, January 14th:

"Positioned halfway between dance and novelty, this one's a sure shot for hot phones. Sounds almost like The Clash but with more elaborate production. We especially like the hot mix on the acoustic guitar insert."

Brian Christopher, WLRS: "How can anyone miss with this record. We've been toying with 'Der Kommissar' for weeks, and the response has been fantastic. Instant phones! What a hook! We believe in this record and we're going for it."

Alan Sneed to return to WKLS, Atlanta: Here's the statement: "In spite of the fact that KSRR's ratings have risen from a 2.0 to a 4.1 in just over a year, I've been told that more was expected, and have learned that my general manager and a consultant who shall remain nameless have either talked to or actively approached a total of at least five programmers concerning the possibility of replacing me.This has allowed me to cover my bases and return to what was a very, very good working relationship with Dick Meeder at WKLS. I leave the station with its best ratings in three years and a strong position in the market and in the industry. I have enjoyed very much working with ABC and would not rule out the possibility of talking to them again in the future."...Call Alan at (713) 497-3359 or (713) 850-0047. He'll be in Atlanta by February 1st.

Dave Hamilton has resigned as Doubleday National P.D. He will return to the P.D. slot at KDWB, Minneapolis. WAPP's Joe Krause will be the "Group Program Coordinator"...And according to Doubleday President Gary Stevens, "Instead of having a central P.D., the stations will have a weekly conference call and basically program among themselves."

Also Rich Piombino will be joining David Gariano, Doug Podell, and all the rest of the WLLZ crew in Detroit...Said Rich, "There is a certain magic which is going on both at WLLZ and in Detroit, and I basically want to be a part of it. I feel and know that we are going to make history there once again. I will be there last Wednesday (get it?) as Director Of Creative Services. I want people to understand that a promotion director is no longer a person who types liner notes and coordinates concert ticket giveaways. I have recommended an in-house replacement, but they'll probably bring somebody in from the outside."

Ilyse Gottlieb will be leaving WRXL, Richmond at the end of February...She says, "In the last ARB we locked up our 25-34 target, but our 12+ trend continues to dip, and now we're faced with additional competition from WEZS which just changed from B/M to adult contemp, and cleaned up with an 11.1 12+...I'm looking for a medium market P.D. or major jock opportunity. Experience includes: WAAF, WZOK, WYMZ, KPIG. My home phone is (804) 233-0999. Home address: 2000 Riverside Drive, Apt. 12-P, Richmond, VA 23225."

Eddie Kritzer has sold his interest in the Global Satellite Network and "Rockline" to partners Dennis Lavinthal and Howie Gillman. He has opened his own production company, Eddie Kritzer Productions which will be working on a comedy show, a couple of rock shows, a video show, and an action/adventure TV series.

It's now official. George Meier will rejoin the Rock Department as Director working with Jim Sotet...Drew Murray will remain as West Coast Department Manager...Linda Walker moves up from Department Coordinator to do AOR secondaries and colleges...Derek Shulman moves to an A&R position (still based in NY)...The company has restructured under vertical lines of rock, pop, and R&B-- each structure to be responsible for A&R and marketing...Derek will be one of the two A&R directors in the rock division, John Staines who will be vice president of A&R within the Rock division, and Jerry Jaffe becomes Senior Vice President of the rock division, responsible for all A&R and marketing of rock acts...The Rock Department will now report directly to Bob Edson, who is elevated to Senior VP of Promotion...Also Randy Roberts will be doing video and dance promotion within the Rock Department.

David Bowie has been signed to EMI. The debut disc will be produced by Nile (Chic) Rogers with legendary Texas guitar player Stevie Vaughn.

ON ATLANTIC RECORDS AND CUSTOM LABELS 

Congrats to Audio Independents' Thom O'Hair who will tie the knot with Mary Theresa Gluzinski on Valentine's Day.

Sorry to hear Robox Records' Taska Floyd was killed in a car accident last Tuesday. She was Mark Cooper's assistant for over two years and before that had worked at Polygram's Atlanta Branch. Taska was well liked in the South.

Rick Peterson, P.D. of WWCT, Peoria, and wife Brenda have a new baby -- Scott Alan, born Tuesday, January 25.

Bernie Kimble will take over at WEZG, Syracuse as it moves from a beautiful music station to album rock in the very near future.

Sandy Fagin (of Duke Jupiter and Coast To Coast Records fame) has announced the formation of Earwaves, an independent record promotion company. Earwaves can be hired as consultants to handle radio/video promotion in the New York metropolitan area, the Northeast, along the East Coast, or nationally and can assist with national multi-media campaigns and retail marketing. For more info call (212) 772-2750 or 772-9592, or write Sandy c/o Earwaves, 5 East 67th Street, Suite 4C, NY, NY 10021.

This week WDHA becomes the first American radio station to demonstrate the new Sony/Phillips 4" digital disc system on the air. Formal U.S. introduction of the system will be mid-year, and sufficient software for the anticipated demand won't be available until the new CBS plant goes on-line early next year. From WDHA's experience, it's easy to use, works well, and sounds absolutely fantastic.

Mike Lyons has exited WDIZ, Orlando. He can be reached at home (305) 644-6632.

Question Of The Week

With all the talk about the 80/20 current vs. old music ratio from the Abrams meetings, we thought you'd like a peek at the seven categories of new music as broken down by Lee.

1. Dance Element...Euro rock. Other examples: ABC, Soft Cell, Thompson Twins.
2. Teen Pop.....Toni Basil, The Go Go's, etc.
3. Hard Core.....Black Flag, Dead Kennedys, Snivelling Shits, Sic Fu*ks.
4. Techno Rock.....Human League, Flock Of Seagulls, P-Furs.
5. The Novelty Category...Stray Cats and Adam Ant.
6. The Street.....Dave Edmunds, Nick Lowe (or anybody ever in Rockpile or Brinsley Schwarz).
7. Mainstream.....Men At Work, Police, Joe Jackson, Clash.

Now that we've categorized the music, here's the seven categories of listeners. This is considered to be general, since obviously some people don't fit into any of these categories.

1. The Rockers.....The 16-20 year olds into Rush, Pink Floyd, and Robert Plant (as opposed to Led Zep).
2. The Young Rocker.....12-15 year olds who like Ozzy or Iron Maiden, eating Sterno and Judas Priest.
3. Preppies.....16-20 years old with no allegiance to anything other than great songs. They like "I Ran" but don't know who it's by. No preference for groups.
4. The Teen Pop Category...12-15 year olds, mostly females who like to dance, and like the valley girl think Toni Basil is the greatest.
5. The Transitionaries...21-28 year olds who like Zep, Pink Floyd, Phil Collins. Hate "punk".
6. The Weekend Hippies...28+, works for Allstate, goes home and listens to the Dead. His wife won't let him hang those old Fillmore posters in the closet.
7. Trendy.....Sort of like the weekend hippie but is more into whatever is in that week and is heard a lot of on the radio. Happy listening to Hendrix or dancing to the P-Furs, whichever his girlfriend wants to do.

Obviously, the Abrams format overhaul was the major buzz this week, so let's go to the phones and see what the troops think about it. We asked the following respondents if they thought there would be a discernable difference in the overall sound of Abrams stations and if they felt that dramatically increasing the new music quotient was smart programming.

BOBBY HATTRICK: "We've had a lot of success with our format and we see no need presently to make any major changes. Some months ago, we encouraged client stations to add a current position to their hourly rotation. That has been implemented, and will remain in place. That doesn't mean a broader current list--it simply means a faster rotation on our currents, and a bit less reliance on some poor testing oldies...We're responding to the challenge put forth by ever decreasing time spent listening within our format or sharing with CHR's as they become less ethnic, and MTV sharing (and their influences on musical tastes). We adjust the rotation on a market by market basis. Our callout system allows for individual market measurement of core library burn. In some markets, the core library is still quite healthy and certainly in markets where there has been intense album rock competition among several stations there is the need to rest the oldies and develop a fresher approach. No one generic philosophy can be applied to all markets at any given time, but this is the time to be aware, fresh and current without losing your base. If, in fact, our competitors dramatically increase the amount of new music, I will be delighted. I suspect we'll stay on top of our market burn and adjust accordingly as opposed to just guessing and throwing out one philosophy for another as a last ditch effort."

LARRY GROVES, KROQ: "I doubt it. I don't think the P.D.'s that work for Abrams are used to it, and I don't think they will be able to adapt to it. It will take a while...I think it's a dumb move for that kind of radio because if they start playing 80% currents, that will be a format change that will have them playing 80% more music that they don't research. I think a lot of programmers will be dazed and confused. As for the audience, who knows?"

JOHN SEBASTIAN: "I understand that they would want to make a big change because they had a disastrous book. In fact, we at Sebastian/Casey did not lose to them in a single market where we're against them. Yes, I think there will be a discernable change, and having been in Seattle and Portland the past few days I already hear a difference. They're primarily talking about currents, which will naturally involve more modern music, but so far that doesn't seem to be the focus. I don't think it'll pay off in the ratings because it accentuates the problem in that they haven't played the right current music. By playing more wrong currents, they'll make themselves even more vulnerable. In some markets, we have added more current music, and may very well do more of that. But to go overboard and do something like 80/20 or some radical change like that doesn't seem to be necessary."

TRISH ROBBINS, KTIM: "Yes, I hope so. Judging from the sound of KFOG, they're reaching for things as diverse as Modern Rock and, God help us, Black music. They should be encouraged to go further. I think it's smart, but I hope it doesn't become limited to things that are deemed Modern Music sounding."

QUESTION CONTINUED

JOE FOLGER, KORS: "New music sure is the buzz here right now, so that's a smart move. Phil Strider and the Sandusky chain are 6 months ahead of everybody in the industry."

CURT GARY, WEBN: "I think it's very possible that Lee has come to grips with what we call catalogue burnout here at WEBN. In order to slow that process down, you have to look to much more new product. If their catalogue seems to be dramatically burnout, yes, it's a great move. You don't wanna wake up one morning and have your audience hating everything you play."

RON DIAZ, WYNF: "I haven't heard a difference here. I think it depends from market-to-market, but all of a sudden dumping in a ton of new music seems to be jumping on a bandwagon, and I'm glad I'm not the one sticking my neck out that far."

JACK SILVER, KSHE: "After hearing Mr. Abrams speak in Pasadena, I feel that his plans are for real, and I certainly hope so...Honestly, I feel 80% new product (the figure I heard quoted) is definitely kind of severe; however, taking a serious look at the oldies played, coupled with an influx of a greater majority of new material, does make sense."

CHIP HOBART, WAPP: "I want to know where they're going to find good current product for 80% of their on-air sound. I really don't think there will be that big a difference. I don't know if adults will like it, although the teens and MTV types will go for it. Overall, I think they just may choke with it. Wish you luck, guys. Write if you get work."

BOB WELCH, WPYX: "Just look at our charts for the answer."

JOHN McCRAE, KWK: "It's common sense that that's what it's gonna take to survive."

JEREMY WHITWORTH, KMOD: "If they say they will, I'm sure they will. I think it'll have a decent short term effect--say for 6 months or so, until their flash burns out."

SKY DANIELS, WLUP: "I think the stations'll play too much and kill themselves. I know--I made the mistake. Sometimes programmers confuse having the record companies like them with doing what's right for the station and music itself ... I question the validity of an 80/20 mix. I just can't see 4 out of 5 new records holding up."

SIMON JEFFRIES, KBOS: "I think they have to play more new music and we all have to take a more active stance. There are too many other areas in the industry now where people can get their new music ... In the proper context, of course. It has to be presented properly."

LARRY BRUCE, KGB-FM: "The 80-20 headline description has to be simplistic. I expect a far more 'more recurrent' format than a Modern Music one. I think we'll see a substantial increase in Modern Music hit crossover acts. It's smart programming. My definition of smart is: Programming exciting radio specific to your marketplace. And if this idea fits that definition for your station, it's smart."

MARTY BENDER, WSKS: "The only prediction I can make about any of the new consultant formats is that when one song is over they'll play another one."

WARREN WILLIAMS, KATT: "I think they'll play more new music. They'll have to, to survive. 'A lot' is an arbitrary term. Yes, it's smart programming--after all, it is 1983."

MICHAEL KIRVEN, WPLR: "Only if they don't research it to death. And play it when it first comes out instead of 6 months down the line...Only if you mix it up with older stuff. You can't forget or exclude old stuff."

TOM STEIN, WZXR: "I think the Abrams people will play what people want to hear, and if that's modern rock music, yes, they will play it. But they will also play only the good modern rock music...I think smart programming is playing music that people want to hear."

DAVE BROWN, DC101: "Ever since Dwight Douglas told me that the Senators would never leave Washington, I've believed everything he said. Why should I start doubting him now? Plus, his credibility will greatly increase after the nuptials. I've already bought my cheeseboard."

GLORIA JOHNSON, KGON: "Well, we are. I think he's absolutely right in that we have to open up our minds a little more."

ROB LIPSHUTZ, WAAF: "Yes, see our playlist. Let's hope there's enough good music to fill the demand."

MARK MILLER, WWCX: "Yes, I do. But I think the point has to be made that we're talking about current product not necessarily being a techno pop station or modern rock station."

ROB ROMAN, KLAQ: "Yes, we're gonna play new music. We're gonna expose current, and we're gonna find out how our audience feels about it. Initially, they like it. We're noticing already an increased request action for current music--that certainly says something. But with any consultant information, you can't forget your gut feelings. That's what makes you locally relevant in your individual market. The change is coming, but temper that change with thought."

STEVE FEINSTEIN, WYSP: "Yes, I think they will. If they're smart, they'll emphasize established recurrent from the past year and a half which are still perceived as new and fresh. That's where the pay dirt in playing newer music is."

CRAIG MARTIN, KZOK: "I doubt if it'll be 80% modern music, but I think that it may be close to 80% overall newer music in their format. At least that's the way I perceive it. If they're going to play that much more modern music, it's bad programming because it's going overboard. Just like a lot of Abrams stations did with the modal format in the late 70's."

JOSE DIAZ, WBLM: "What they're going to do or not going to do is irrelevant at this point. What we have to remember are two important concepts when making a decision like this: 1. You want to get competitive ratings for your radio station with whatever format you pursue. 2. The cream will always rise to the top regardless of the type of music. If you look at the songs that made it big over the last year, you can see that the audience reacts ultimately to the individual song and not to any significant style."

BRUCE BOND, WZZO: "They probably won't be up to 80%, but they definitely will be playing more new music than before, and it's the smartest thing they've ever done."

THE DOCTOR, WYFE: "Y95 is a Superstars station and I think it's great that Lee Abrams can see what's happening. It's about time that we realized that it is 1983! New music has always been what has kept radio alive. Forward momentum is the only way to survive. Sky Daniels once asked why couldn't we put 'Stairway To Heaven' in a national shrine and just keep it there and not have to play it anymore. It's back to the psychology that radio needs to look at. These songs are so familiar that you almost want to throw up. Let's look at what we have now and let the old stuff rest."

JIM BUCKLEY, WRCN: "When Lee Abrams wants to do something, he usually does. But, as far as being a smart programming move, I feel that the recurrent catalog is by far the strongest point at most stations and the new material just tends to break that up a bit."

Radio Action

WHCN, HARTFORD, CT M.D.-BOB BITTENS: "Are you a New Music Snob? Take this simple test: 1) Does it bother you that more stations may be playing your music? 2) Is it more important to you that Modern Rock remains the soul property of the 'hip-elite' than to see it exposed to the masses? 3) Do you use your knowledge and love of new music to make yourself superior to those whose musical tastes run to more traditional styles? 4) Are you worried about the 'fat cats' cashing in on your music without regard to aesthetic concerns? If you answered yes to two or more of the above, you may be a 'New Music Snob'. You should remember that music, all of it, is for everybody. Snobbery shouldn't get in the way of musical progress...On a related subject, although Mr. Hard, I find the information in your Modern Rock section useful, I'm starting to believe that drawing such lines between musical types only serves to perpetuate the idea that one type's more important than the other. It's all rock. Let's enjoy the best and trash the worst, no matter what the style...The best this week: Bryan Adams, Art In America, and what will be one of this year's biggest modern rock records, the Thompson Twins."

KLAQ, EL PASO, TX M.D.-ROB ROMAN: "Superb describes the new Bryan Adams Lp. This man has learned his lessons well. Tracks abound, but we chose 'I'm Ready' to begin with...Journey has also progressed again. Perry, Cain and company are breaking into new frontiers...The 'Ferryman' has spoken--play Chris De Burgh... With all the newness radio received these days, and after my 12 years in radio, it's interesting to me to really play records in the way that will give them the most exposure. It seems that radio has come full circle. In its beginnings, AOR played a lot of new, current music. Then over time, less and less music was getting exposed. Now once again, we're exposing much more new music and, hence, the sound is refreshing...The new year brings all this growth, but all that growth must be tempered by time. May all the blossoms grow and refresh the music, but never forget where we've come from, not all your listeners are as tired and burned out on classic rock and roll as some of the programmers around the country. Trees and plants that don't nourish their roots wither and die. Rock and roll will never die."

WYSP, PHILADELPHIA, PA M.D.-STEVE FEINSTEIN: "Bryan Adams is a joy! Sweetly raspy vocals, strong writing, and superior production values from Bob Clearmountain. We'll start with 'I'm Ready' and keep 'This Time' and 'Take Me Back' in the wings...Moved up some deserving records: Rachel Sweet, 'Voodoo'; The B'zz, 'Get Angry'; and, Def Leppard, 'Photograph'...Added a couple of neat imports: U2, 'New Year's Day'; and, Men At Work, 'Dr. Heckel And Mr. Jive'...That's it for the shortest Feinstein comments in recorded history."

KZOK, SEATTLE, WA M.D.-CRAIG MARTIN: "Bryan Adams's new album 'Cuts Like A Knife' fits just as good as the last one. 'I'm Ready' is my lead track. Also real good are: 'Cuts', 'The Only One', and just about any place you drop the needle on the record. Bryan Adams is proving himself a topnotch singer/songwriter...'Rock Of Ages' is the track getting the requests from the Def Leppard album...We're also getting good early response to the Journey single. I understand the whole album is going to be much more of a rocker as well. I'm looking forward to hearing it, but I do have to wonder why CBS is releasing the album so close to the Schon/Hammer record...Vandenberg's 'Burning Heart' is lighting up the phones both call-ins and call-outs. If you're not on this track, it would be worth your time to try it."

WDIZ, ORLANDO, FL P.D.-BOB CHURCH: "Thanks to Missing Persons and the folks at Capitol Records for a great 12th Birthday Party...Timing was great for the Superstars Convention (funny how that worked out). B/A/M/D gave good convention, but how 'bout Bill Mims' town next year?...Mike Lyons has exited the station. I will take care of music calls. We're looking for a morning person to join Carren Sheldon on the rude...Special thanks to: Alan Wolmark, Steve Jones, and Ken Stevens."

KGON, PORTLAND, OR ASST. P.D.-GLORIA JOHNSON: "Sales: #1 Men At Work, #2 Stray Cats, #3 Michael Jackson, #4 Sammy Hagar, #5 Hall & Oates, #6 Triumph, #8 Duran Duran, and Def Leppard debuts at #11... Requests: #1 Devo, #2 Duran Duran, #3 Def Leppard, #4 new Journey, #5 Stray Cats...Also good calls for: Golden Earring, 'Twilight Zone'; and, Missing Persons...Wonderful to read all the positives on Def Leppard. It burns and it sizzles, and you won't be able to snuff it out. It sets a new standard for hard rock in the 80's. My early favorite is 'Rock Of Ages'. But once again, there's not a weak track on the album. The brilliance of Mutt Lange is evidenced throughout. Def Leppard rules in '83... Was I really in Florida two weeks ago or was it all a dream? Lots of stimulating ideas, although I am disappointed that not once did I see Mickey Mouse...To Bone: Thanks for the tour of Orlando and the extreme pleasure of meeting Tom Allom and hearing new tracks from Krokus. Great stuff. Looking forward to hearing Mark Storaci and Rob Halford together."

WLTX, MILWAUKEE, WI M.D.-SUSIE AUSTIN: "Lots of new stuff this week due to the fact that we weren't here last week. We're proud to say LPX was one of the first, if not the first, stations to go on the rock of the 80's format, and the response has been tremendous. Looking forward to a great year with this...Things we've gotten on over the course of the last two weeks are: Todd Rundgren; Seagulls import of 'Windows'; Wall Of Voodoo; Thomas Dolby; Def Leppard; Joe Jackson; Robert Hazard; Black Sabbath; Heaven; and the best yet, Journey. One of the most incredible songs I've heard. Real kickass, and if the rest of the album follows suit, it'll be bigger than Journey ever was if that's at all possible... Onto bigger and better things and new frontiers. Judas Priest played here to a soldout audience last week. The group Heaven opened for them and audience response was tremendous. In fact, the cut 'In The Beginning' goes into heavy this week. So if you haven't checked them out, do it now...It was great to see old friends like Les Cook, Debbie Dalton, Brent Alberts, Dan Deely and the rest of the LRS gang and meet some new friends down in Orlando at the Superstars Convention...Congratulations to: Craig Lambert and Dave Loncao on their recent marriage. I hope you two are happy together...Was glad I got a chance to meet Roger Lifeset, who looks a lot like the picture of Sky Daniels in the FMQB Review '82...Also, Marko Babineau, J.B., Harvey Leeds, Bill Hard, Sean Coakley, Burt Stein and the rest of the gang--thanks to you, I now like oysters. Or thought I did then."

KLOL, HOUSTON, TX M.D.-BLAKE LAWRENCE: "This market has been at a constant state of flux since before the new year began. Our best wishes to: Alan Sneed as he trucks back to Atlanta...Tom Petty is in town January 28th, and in conjunction with the show, we're giving away a Gibson Red Flying guitar, a special Petty leather jacket, an album catalogue; plus, the winner gets the ride of their life to and from the show with our midday daredevil Nick Van Cleve...Congratulations to all of you who have decided that current music deserves more air time than old. It's about time!!"

WAPP, NEW YORK, NY M.D.-CHIP HOBART: "Art In America's Yes-type sound is probably due to producer Eddie Offord. He has really put an excellent album together. We'll start with the title track...Not only do I feel that Bryan Adams has one of the best albums I've heard in a long time, but definitely has his best album yet. And thanks to A&M for the \$6.98 price--that will be a big help, and I think all companies should follow suit...The John Hall Band's 'Open Up The Door' is much better than the single. It's the track we're using. We feel it's a perfect followup to 'Crazy'...The Def Leppard is burning right thru. The guy obviously had voice coaching, and he sounds much better. Kind of like the transition when Geddy stepped down from that real high falsetto...Jimmy Del Balzo broke both my legs, and we finally had to add Scandal. I was a bit trepidatious to start with, but the more I hear it, the better I like it...The classic Cars feel is making the Ocasek work. Modern Music with a mass appeal flavor and strong 18-34 appeal...Tony Carey is moving up, too. A perfect sound on the air...Triumph is doing well too. 'Fantasy' is right up there with 'Fight The Good Fight' and 'Magic Power'."

WXRT, CHICAGO, IL P.D.-NORM WINER/M.D.-JOHN MRVOS: "Those who fail to understand History are doomed to repeat it...It's ironic how AOR radio has become the dinosaur that it once attacked. How is it that AOR radio allowed itself to be lead astray? The critical element to execution and success is recognition of responsibility. So, before everyone cues up for a ride on the New Music Clock, let's remember the role quality programming plays in determining a radio station's success and/or longevity. So let's stop talking about what's hot at home and put it on the tables of work. Finally, let's not forget that no one in radio or records has all the answers...This week's quality: Simple Minds with a stunning Lp that doesn't quit. Hot cuts are: 'Gilted Prize' and 'New Gold Dream'. Add this and watch your cume IQ soar...Dire Straits. Surly you can't be programming a radio station today and not be playing this band. This is quality through and through. 'Twisting In The Pool' is the cut...Siouxsie And The Banshees. This one's an import and probably will never see the light of domestic vinyl and that's a shame. This would be a wonderful project for Messrs. Jaffe and Sotet and company. The Lp showed up on a lot of Top 10 polls, and for good reasons. It's a beautiful package and a great performance by a highly regarded force in England. The key cut is 'Melt'...Other challenges include: King Sunny Ade. This is another poll topper. It's music from Nigeria, where Sunny is a huge star and sells a ton of records. We feel that this is a compelling, exotic record and deserves to be heard and played even if it's at 2AM...Finally, the Dexys is a great success story and a real delight to watch happen. 'Jackie Wilson' is the second cut. Thanks to all for listening and reading."

KQRS, MINNEAPOLIS, MN M.D.-JOE FOLGER: "Bryan Adams is at least five cuts deep and probably the best album I've heard in a month filled with fantastic releases...Increased Play: Night Ranger. Definitely picking up phones...Michael Jackson. If you don't believe this record is for real, you are missing the boat...Suburbs. A Minneapolis-based band that will no doubt soon be receiving national recognition in the very near future...Red Rider. Phone calls have been surprising, not monstrous like the Michael Jackson, but steady and positive...Tony Carey. I didn't believe at first, but now after 4 weeks of play, the research and calls have proven me wrong...I'm using Culture Club in middays, and the record is perfectly accessible for our hybrid position...And the Journey single is the hottest thing of the week. No doubt about it--every other call (if it's not for Michael Jackson)."

WEBN, CINCINNATI, OH M.D.-CURT GARY: "Def Leppard is one of the most exciting records to come down the pike in quite a while. 'Photograph' literally jumps out of the vinyl. But don't pass up 'Too Late For Love', nice melodic hook there. Young boys do it better...Except you can't get too much better than Journey's new 45. We can't stop the phones. I think they'd like to hear it about twice an hour...Frida is a longshot. But in light of Phil Collins's success here in Cincy, we feel that ambience should work real well here...Golden Earring may be old where you come from, but it's fast becoming a fave here in Cincinnati. As is Duran Duran. Both these records coming thru real fast...Bryan Adams. Seems to be temporarily a bit lost in the crush of new stuff, but I have confidence that the tune 'This Time' is gonna pull thru. That's why we went out so early on it...Chris De Burgh is getting a lot of curiosity calls. It's just a different enough sound that the audience is real curious--all positive phones, though...Increased play on: Triumph, a lot of fans on the phone. Already a lot of excitement about a possible Cincy date...I think Neil Young, the man, sparks more interest than the records. We're having to deal with a lot of negs...Red Rider is maintaining, although I noticed everyone's playing 'Crack'. We're one of the few stations stressing 'Breakaway'."

WQXM, TAMPA/ST. PETERSBURG, FL M.D.-DICK BASCOM: "Def Leppard is absolutely phenomenal. The band is destined to be superstar if they continue to bring us the quality product found on 'Pyromania'. 'Photograph' and 'Rock Till You Drop'--two veritable mutthers...Ric Ocasek continues to develop, as does Todd Rundgren and Scandal...Red Rider debuted at #15 on our sales chart. I predict this one will be a major airplay item for months to come...Check out: Thomas Dolby's 'One Of My Submarines'--the B Side of 'Blinded Me With Science'. It's my favorite of the two...And if you're not using 'My City Was Gone' by the Pretenders, you're missing one of the greatest Pretenders tracks of all time."

WMMS, CLEVELAND, OH M.D.-KID LEO: "Bryan Adams exploded with airplay last year. This year he'll explode across the board, that means cash across the counter. I have a feeling the album will be with us at least thru August, and it'll be one of the biggest albums of the year. I'm as sure of that as I am that Miami will kick butt against the Redskins. To the hogs: I say Sooooo!! 'cause the killer bees have got A.J. Duhe... 'The Fanatic' by Felony is a song that's a lot of fun, for programmers as well as the audience. It appeals to the purient interest in all of us and I can see a valid comparison made between this and M's 'Pop Musik'...We had to conduct a 'searchparty' to find a track on the John Hall Band--and it is 'I'm The One'...Journey is getting what you would expect--a lot of audience reaction, although One wonders what to expect these days. The song could be called 'Safe Journey'. However, I've heard some of the album and there are a few side steps on the secure path, in particular 'Back Talk'...The B'zz are taking off quite nicely. 'Angry' is the kind of song we need. Not formula corporate rock, it's not Modern Music, it's not rockabilly, it's not raunchy heavy metal--basically a solid rock and roll song."

WDVE, PITTSBURGH, PA M.D.-RON NENNI: "No doubt we're excited about the freshening up of DVE in '83, and it'll certainly prepare us for continued success in this decade. Yes, we'll be playing much more new music, but the new music will be balanced between modern and traditional rock...Few albums offer a variety of excellent material that 'Cuts Like A Knife' does. Bryan Adams is a great songwriter and that's what really counts. The album proves that quality. 'Take Me Back' and 'Time' are brilliant. 'Take Me Back' is getting phones already... 'Blinded Me With Science' from Thomas Dolby should give Ma Bell a workout...And speaking of requests, #1 this week is 'Burning Heart' from Vandenberg. It's been building very rapidly...Red Rider goes to heavy this week. We're playing 'Human Race' along with 'Power'...We feel very confident about Robert Hazard's 'Escalator Of Life'. It's interesting and hooky and sounds a bit Bowie-ish...Tony Carey is happening with encouraging phones, and we're even seeing some early retail. 'I'm The One' is the cut on the John Hall album. A good followup to 'Crazy'. We're looking forward to giving it a shot...Sure, I'm an old Little Feat fanatic, and that Paul Barrere suits me just fine. 'Sweet Coquette', 'Fool For You', and 'Who Knows For Sure' are great songs and could be excellent flavor material. Remember when Modern Music was used as flavor? (Editor's Note: Yea, Ron, last week)...The B'zz are getting early phones, and we expect retail activity on that shortly... 'Separate Ways' from Journey has to be their best single in years, and the album is a real rocker. 'Chain Reaction' is a great song, as is 'Back Talk'...Of course a lot of interest in the Def Leppard--already a Top 5 request item."

KGB-FM, SAN DIEGO, CA M.D.-TED EDWARDS: "Greetings from the lower left hand corner of the USA. There seems to be much good music out right now that it's actually getting difficult to add new records, and get them on in a decent enough rotation to expose them properly. Gee, I wish we had problems like this all the time. On that note, we managed to squeeze a few records in this week. First off, we'll convert the John Hall Ep to an Lp add...We'll go right on the Styx Ep. Here's a band taking another step in the right direction with their distinctive vocal style, good strong rock/pop hooks on this record, and a little bit of an electric edge. I'm hungry for the rest of the trax...We also went with Bryan Adams this week (Hey, A&M, bet you like us, eh?). We'll start with 'Take Me Back', although there are a number of great tracks on this record. Certainly the base is set now for this man to explode. With this good strong effort, Bryan's got a real good shot at mega airplay this time around...Attention Promotion/Publicity Types: KGB-FM produces a one hour video program monthly for simulcast on the local ABC affiliate. We're in the process of building a permanent set for the program, and we're looking for good rock and roll posters to build this set around. Because of lighting problems, we would prefer these posters be matte and not glossed. If you'd like to see your artist's image exposed here in San Diego, please give us a hand...Finally, Pam Newman is nice. I really didn't have anything to say about her, but she says she needs the press. So Pam, dear, here's your name in our comments."

WBCN, BOSTON, MA M.D.-MARC MILLER: "My favorite record of the week is still Dexys Midnight Runners, 'Come On Eileen'--cannot get enough of this one and the audience is responding very favorably...Just got the new Styx single 'Mr. Roboto'. By itself, I think it's incredible. But supposedly in the context of the album, it's even better. I really can't wait for the entire thing...Two local bands you may want to check out are: The Fabulous Billygoons, with their versions of the Billygoons party rap and 'Spanish Hacienda'; and, the November Group. If you're interested in either of these, feel free to call me here at the radio station...Also crazy about the new Journey single. Everything these guys touch turns to gold...And don't you dare miss 'Work For Love' by Ministry...And now here's DANNY SEZ: 'Heaven 17's American debut Lp could have easily been a greatest hits compilation. Their songs are both listenable and danceable. Favorites are: 'Who'll Stop The Rain' and the new single 'Let Me Go'...Robert Ellis Orrall's new Lp is great. All the tunes are love songs for the 80's, and the duet with Carlene Carter, 'I Couldn't Say No', is sensational. Her voice makes the small hairs on the back of my neck descend up and out."

WLUP, CHICAGO, IL M.D.-SKY DANIELS: "Record Of The Week: Bryan Adams, 'Take Me Back'. Ah, to go back to another time when there were no formats, no consultants, there were no conflicts. Of course after the Convention, the buzz is all on Abrams 80/20 new vs. old ratio. Well, it's a little known fact that this record is the primary soul impetus for this turnabout. A little over a month ago, Marko Babineau and J.B. Brenner walked in with an advance cassette to Lee's office in Atlanta. 'It was eerie', said JB, 'as he began to listen the room grew dark, the window shades flapped, and a wind blew thru. It was like a seance, you know. Suddenly Abrams' head fell back and his eyes rolled up in his head and this deep voice spit out, "Lee leave the ghosts of the 60's and 70's. Rest, goddammit, or you'll rot in hell!" Then his head jerked up and he said, "You know, this Bryan Adams has made me see the light. Forget old music. It's the new music that will make radio exciting. Thanks, guys, for showing me the light. Now let's go celebrate BIG!"' With that, everyone lived happily ever after--except Marko and JB, who were blown out when they handed in the expense report after partying with Lee. Well, some things never change. Seriously, the enthusiasm shown at the Convention has been long overdue. Programmers suddenly had the restrictive yoke lifted and you can see their newfound joy. But I implore you, make sure whatever you do, be it 80/20 or 50/50, do what's right. Don't let the companies feed on your enthusiasm and hype you into adding stiffs just because it's 'new music'. I know, because for a couple of years I let myself get carried away and paid dearly. Remember, there are some real pricks out there who are hoping you hang yourself with this new stuff. Prove them wrong, so that for once and for all we can get rid of the non-believers...The next important record: U2."

WMMR, PHILADELPHIA, PA M.D.-LISA RICHARDS: "WMMR has THE exclusive Philadelphia premiere of the new Rolling Stones movie 'Let's Spend The Night Together', which will be shown in the largest theater in Philadelphia on February third at 9:33, which happens to be our frequency. Tom 'Streets' Sheehy, our Promotions Director, already saw it, and in his inimitable words, 'If you're a Stones fan (and who isn't), this film will make you drop dead'...Over the weekend I had the opportunity to listen to some upcoming great new releases including: Eric Clapton's 'Money And Cigarettes' and the latest from U2. Eric is always best when he plays the guitar and he's just steaming out those riffs, especially on 'Shape You're In' and 'Slow Down Linda'. '83 is the year for U2. Their new release due soon is right in tune with the 'musical revolution', and I predict it'll be a major album this year. 'Sunday Bloody Sunday' and 'Two Hearts Beat' are my early leaders. Also, this is an excellent time to reprogram great songs like 'I Will Follow' and 'Gloria'...Another fine example of the 'musical revolution' is The Call, 'The Walls Came Down', which Michael Tearson debuted on the 'Gorilla Theater'. We also like 'Turn A Blind Eye'...Speaking of the Modern Rock sound, Styx certainly has jumped on it with 'Mr. Roboto'... Little Feat has always been huge in Philadelphia, and the hard-driving guitar rock and roll piano and wild wandering sax of Paul Barrere's solo effort make this my favorite rave of the week. This album will prove that Paul Barrere can stand on his own two feet...Closely behind Paul has to be Bryan Adams latest 'Cuts Like A Knife'. Very accessible to program and guaranteed to get that bottom end. We think 'Take Me Back' will be the killer cut for radio...Speaking of killer cuts, we added Todd Rundgren's 'Bang The Drum All Day' three weeks ago, and since then have moved it to heavy based on great phone response and our jocks literally fighting each other to play it. Now that's criteria for single material... Attention my friends at Atlantic: 'Like China' by Phil Collins is your next single!!! I can't get the lyrics out of my head, it's a hit!...Our listeners are screaming 'Jeopardy', and we can't wait for the Greg Kihn album...Dexys Midnight Runners continues to build...We're getting reaction to Tony Carey's 'I Won't Be Home Tonight'."

WYNF, TAMPA/ST. PETERSBURG, FL M.D.-RON DIAZ: "Automatic this week: Journey's balls-to-the-wall 'Separate Ways' and Def Leppard's smokin' Lp...Six months ago, it seemed to be hip to put Journey down. But looking at it realistically, they're topnotch polished pros. They wait just the right length of time to put out a new Lp. Journey has it wired down to a science...It's gonna be a heavy metal dogfight for the #1 slot, and I believe the two contenders will be: Def Leppard ('Heartbreak' broke 'em open and the new Lp will bring in a new legion of believers). The other crunch act that's on the same level is Judas Priest ('Screaming For Vengeance' is still selling like hotcakes, and the track still hanging on the radio here is 'Take These Chains')...Bryan Adams will be huge. What '82 did for John Cougar, '83 will do for Bryan. This new album is superb. Last year we used 'Lonely Nights' and 'Fits Ya Good' with great success. There are so many tracks to choose from on the new Lp that it took four days to narrow it down to four cuts. He's got his shit so together that the boy ought to be in pictures... To Bone: Thanks for the T-shirt. Now, where are the pants?"

KSHE, ST. LOUIS, MO M.D.-JACK SILVER: "First and foremost this week is definitely the Bryan Adams record. 'Cuts Like A Knife' is the deepest record of the year so far. Fresh, alive, and exciting describe this album. Geez, what a smash!!!...I never realized how oral I really was, but this Robert Ellis character on RCA gives me an Orrall fixation. 'Tell Me' and 'Senseless' really knock me out. Hope to find room for this record in the future... 'Don't Pay The Ferryman' from Chris De Burgh paints amazingly visual pictures. The track does indeed explode out of the radio, after having heard it on our air a couple of times. Thanks to Buck McWilliams for the tip on this record...Frida also gets the nod here at K-SHE this week. I know the video exposure will help its acceptance...Whatever your personal feelings are on Black Sabbath, sales cannot be denied. Here in St. Louis, it debuted at #14 sales...And finally, Journey strikes again. 'Separate Ways' fits like a glove, and already the phones are lighting up for this track...Sales Chart Highlights: Duran Duran at #5, Golden Earring at #10, Scandal jumped from #52 to #28 (haven't seen a jump that big in awhile), and an album to be reckoned with, the English Beat, debuts at #31...Finally, I really enjoyed myself at the Convention in Pasadena. An honor and a pleasure to share thoughts with our nation's top programmers. After talking to so many in the business, we can all sleep well knowing that the future of radio is in excellent hands."

WHFS, BETHESDA, MD P.D./M.D.-DAVID EINSTEIN: "The new Dire Straits EP 'Twisting By The Pool' is great, good-time rock and roll; check it out!...The The edit is in but, quite honestly, it's just fine for us the way it is. It's the hands-down, #1 most-requested, most-responded piece in quite a while...Also on the hit list, the new Thomas Dolby 'Blinded By Science'...Dexy's 'Eileen' is getting good phones, as is Culture Club's 'Hurt Me', and Musical Youth's 'Dutchie' and 'Tumble'...Impressive sales reports starting on Ric Ocasek."

RADIO ACTION CONTINUED

KATT, OKLAHOMA CITY, OK M.D.-WARREN WILLIAMS: "Journey goes right to heavy. It's that strong!... 'Photograph' by Def Leppard is a tremendous cut. Great song, great production...Billy Squier is big in this town and his live 'She's A Runner' sounds good... 'Cuts Like A Knife' is a very good album from Bryan Adams. It should continue his forward momentum. We'll begin with 'I'm Ready'...Black Sabbath's 'Iron Man' is better than Ozzy's but they could have used Ozzy on the cover to puke jellyfish on the beach."

WZZO, BETHLEHEM/ALLENTOWN, PA M.D.-BRUCE BOND: "For the first time ever I'm glad to say I'm happy to be working for a Burkhart radio station. Although they are about a year behind, we're still ahead of most stations and we sound fresh and exciting. A couple of tunes are very repetitious, but it really is 80% new music and WZZO sounds like a radio station again...By the way, the convention at Disney World was well worth the trip! Randy Newman was excellent!...Doing solo piano at the Warner Brothers dinner because of us playing more current music, and since our play list was frozen last week, we had a lot of adds this week. My rave goes to the Dexys Midnight Runners. Already the jocks have scouped up all my extra copies and rightly so. Along with 'Come On Eileen' take a listen to 'Jackie Wilson'; it's a mixture of the 60's sound with a 1983 energy...Where did this Dire Straits Ep come from. Here's another tune that fits in perfectly to the new superstars format...If your feet don't move to 'Twisting By The Pool', you ain't alive...Next, is Blanket of Secrecy. Ladies and gentlemen, here comes another 'Hungry Like The Wolf'. It's been out for awhile and once again it's starting in Allentown. 'Say You Will' is a hit...Believe it or not, Trio is #1 in requests for the last two weeks. Golden Earring, Night Ranger, Duran Duran and 'Allentown' are the top 5...I'm sorry for not returning a lot of my calls lately--with the new music things have been crazy. I'm also behind in listening to music, our engineer has trouble getting a stylist for my turntable."

WBRU, PROVIDENCE, RI P.D.-GEORGE BRADT: "My favorite new record this week is Thomas Dolby's 'She Blinded Me With Science'. It may sound a bit weird at first, but it's a certified attention getter. By the third listen, you'll be hooked. This is the kind of record that will save AOR some stagnation... 'Let Me Go' by Heaven 17 is another good one for keeping your listeners awake. The mechanical dance beat is pushed back in favor of a subtle rock and roll rhyme, and the melody is first rate...Randy Newman's 'My Life is Good' is another eye opener from a different realm. It's good to see some excitement back on the radio."

WZXR, MEMPHIS, TN M.D.-TOM STEIN: "The Volunteer Jam was another mind blower. Good God! I even got to meet James Brown who was the show stopper. If you ever get a chance to see James Brown in concert, don't miss him. He is still the most energetic, charismatic performer in the world. Also, thanks to Sound 70, Cumberland Productions, Wade Conklin of Polygram, and of course, the man who defines the word 'human being'--Charlie Daniels...The new releases this year have me standing hampton. Bryan 'give me some bar-be-que' Adams goes on with 'I'm Ready' (why weren't the Babies ever superstars?)...Other adds include Billy Squier's 'She's A Runner', P-Furs 'Love My Way', Robert Plant's 'Far Post', Ric Ocasek's 'Something To Grab For' and Def Leppard's 'Photograph'...Just heard the new Styx and I gotta say 'welcome to the 80's'. Styx has made the right move at a very critical time in their career...A local group, Calculated X, is in heavy rotation here and outselling most of the superstars. Why aren't they signed to a label? You tell me."

WPYX, ALBANY, NY P.D.-TED UTZ: "Radio's reaction to the current glut of new music has affected us in two ways. The Police have become the new Foreigner; and, Def Leppard have become superstars. The record debuts at #3 sales last weekend."

WRXL, RICHMOND, VA P.D.-ILYSE GOTTLIEB: "Thank you to everyone who has been so supportive these past few days regarding my leaving WRXL. Richmond has been a great home for more than two years; but effective February 20th, I'll be gone. The good news is that I leave behind one of the best medium market staffs anywhere. With four former program directors and a ton of major market experience, WRXL is well on the road to recovery. If anybody would like to talk, I can be reached at the station for the next month, and my home number is 804-233-0999...Bryan Adams gets my vote for the release of the month! He comes through in that ever so important followup album. My choice for lead cuts are: 'This Time', 'I'm Ready', and 'Don't Leave Me Lonely'...Also, I've been convinced on Robert Hazard's 'Escalator Of Life'. In this day and age, who can't relate?...The new Journey single blows me away! How can you improve on perfection... I'm head over heels in love with Chris De Burgh. I'm amazed at the calls on 'Ferryman'...The response to Red Rider is proof that they're now on their way to 'stadium filler' status...Finally, the John Hall Band album is even better than I had hoped. The single is coming on strong with Top 40 support and Top 10 status is entirely possible!"

WAPI-FM, BIRMINGHAM, AL M.D. JOANNE PETERSON: "Last week's Winter storm took its toll on 95ROCK's antenna, but we're back with new music to talk about...Tony Carey, Def Leppard, Journey single, and the Clapton single were all added last week and are doing well. 'Rock And Roll Heart' is going to be a monster. Can't wait for the album...Adds This Week: Greg Kihn, Scandal, and Randy Newman...What a thrill to put Randy Newman on the radio, and with Paul Simon, no less! 'Trouble In Paradise' is a great album...Top Requests This Week: Michael Jackson, Kiss, Pretenders, Duran Duran, and The Fixx...Pretenders move to heavy this week."

WAQX, SYRACUSE, NY M.D.-AMY DAHLMAN: "If you've caught Bryan Adams live, you've already heard 'Take Me Back'. It's a killer in concert and sure to grab 'em at home. Ed was so excited about the new Bryan Adams that he went home and trashed his own room just for old time's sake...Frida's 'Something' is a whole new tune played loud. After crankin' it this week, we move it into HEAVY...Night Ranger opened for Kiss this week and wowed 'em with 'Sing Me Away'. It's strong enough to carry on if 'Don't Tell Me' is beginning to burn... 'Rock Till You Drop' is the monster on Def Leppard's 'Pyromania'. The album debuts at #6 in sales, and with 'High And Dry' holding steady at #20, it appears that Def Leppard has found a home in Syracuse...Local rockers Alec Star have released their first. Catch these guys in the clubs or on vinyl if you get a chance...RUMOR OF THE WEEK: Gene Simmons and Richard Simmons are not brothers, although Gene has been seen doing deep tongue bends recently."

WPYX, ALBANY, NY M.D.-BOB WELCH: "I've just about gotten thru the deluge of music that accumulated during my visit to Orlando. The office looks like a disaster area. We'll try and flog thru as best we can here... Tony Carey goes in this week. We can't ignore the hook on this one...We're now four cuts deep on Men At Work with no end in sight. 'Underground' goes in this week...Todd is Godd! 'Hideaway' goes right in... We've gone for second cuts on: Def Leppard, Red Rider, and Duran Duran...We've also joined the Members-ship. 'Working Girl' lays across our turntable this week...Vandenberg continues to pull in Top 5 phones...Phones hot for Def Leppard, too...Finally, thanks a lot to: Debbie at Warner Brothers. Harvey: I will see you in Hartford. Congrats to: Jack and everyone at EMI. Back to the old TT where the 'Working Girl' is waiting."

KTIM, SAN RAFAEL, CA M.D.-TRISH ROBBINS: "Marty Balin is coming. You will want to play it. You are under my power! *%&\$\$!&%(%)\$&#&@*!&%&\$\$&#"

KNAC, LONG BEACH, CA M.D.-MARY GODGES: "Some fresh, new records for the naturally progressive rock 'n' rhythm direction: Dexys, Bangles, Michael Jackson, Heaven 17, Thomas Dolby, Greg Kihn, Grace Jones, Mnemonic Devices...The second KNAC Ski Trip is sold out. Two chartered buses leave for Mountain High Holiday Hills in Wrightwood, February 5th."

WIOT, TOLEDO, OH M.D.-BUCK McWILLIAMS: "Long live new rock--Oh, wait a minute, hurray for Modern Music!! No, that's not it. How about good music? Well, whatever it's called, and whoever it's done by, if it's good, let's play it. I think we all learned our lesson at confessional last week. So now that we've been cleansed, how about new adds: Heard Wall Of Voodoo while riding in the back of a pickup truck heading toward the Border and thought, Holy frijoles, this ain't bad!! As a novelty record and it's pulling great phones from the iguana heads. Instant curiosity calls for what I believe is a major factor in the 80's...Thomas Dolby. David Hedison and Richard Basehart would love 'Submarines Are Missing'...To rave about the new Bryan Adams would be redundant. But suffice to say that it's deep--at least four cuts...Is it true Les Cook cut his hair because people were calling him Boy George? George may look funny, but the Culture Club is on enuff stations to get me to at least try it during the day. More lipstick, George...Picasso would have loved Art In America. Look for this band to break out of this area, as we have a responsibility to prove Midwest talent is still a force to reckon with... And from the 'you-heard-it-here-first' department: It is with great humility and past inexperience that I offer my advice free of charge to the following record companies to do with as they see fit. Capitol: Do an advance cassette mailing of the band Strange Advance. With cuts like 'Prisoner' and 'Worlds Away', MD's should prepare now to make room for it when it comes out...Likewise, Michael Abramson with your upcoming U2 record. If the whole country is not on one of three cuts when it comes out, then we need a new convention...To A&M: Simple Minds should be the nickname of all programmers who don't eventually play at least one of these outstanding cuts: 'Miracle', 'Glitter Dreams', and the title track. Next week we'll make room...To Epic: Release Archangel soon. We need it...Warner Brothers: When are people going to stop making fun of me for being one of the only stations last month to play Blanket Of Secrecy? Help me out with this one...I'm tired of giving out all this free advice, so I'll close with the following: To Brian Kryszyk in Ocean City: She believed you when you told her it was just a cold sore?"

WOUR, UTICA/SYRACUSE, NY M.D.-TOM STARR: "If you're looking to give your airsound a real shot in the tonearm, don't miss Chris Deburgh 'Don't Pay The Ferryman'. Rubert Hines' arrangement and production of this tune deserves some kind of an award. He's got so much instrumentation, but no clutters at all, and it translates into pure, clean energy and plenty of it. It moves up this week, with the phones starting to come through...Mix-of-the-Month award goes to Greg Kihn's 'Jeopardy'. It's so juicy that the tune jumps up and punches out the lights of anything you seg it with. We love it!...Bryan Adams is near and dear to our turntables. 'Take Me Back' and 'I'm Ready' have the green light so far...I've been deaf to 'Science', but the Thomas Dolby is starting to open up my ears and get to me...Thanks to Randy Newman for restoring my faith in total eccentricity. We're not crazy about 'L.A.', but we sure do love the record...Just when you thought it was safe to be on the streets in Syracuse, look out -- Ed and Bernie will be back at it again. Look for Bernie to ride WEZG, the elevator music station, in an upward direction as they convert to album rock soon."

WAAF, WORCESTER, MA M.D.-ROB LIPSHUTZ: "Record type persons: take note of my new hours for calls-- 9:30 to Noon, Monday, Tuesday, and Wednesday. Adds will be available Monday at 3 PM from the receptionist... Orlando was a real shot in the arm--right on target. It was also great to meet so many radio programmers and I hope we continue to exchange ideas throughout the year...We added a ton of stuff this week. The standout is Def Leppard. They'll be the first band to break big in '83...The Bryan Adams is a pretty solid record. I pick 'Take Me Back' as the best rocker...Get hold of A Flock of Seagulls alluring import single 'Wishing'...We went deeper into Men at Work, Duran Duran, Red Rider, and The Fixx Lps--check out 'Red Skies'...We moved Dexys 'Come on Eileen' into a heavy rotation--the requests suggest it's catching on...We finally went with Hall and Oates. He who adds last, adds best. (Heckman: don't give me shit about this)...Finally, I think WEA's new policy of not providing concert tickets to radio is self-defeating. Programmers have a legitimate need to see how a band performs and the audience reacts."

WVCK, FLINT, MI P.D. M.D.-MARK MILLER: "Art in America is exploding for us as I thought it would. Top 5 phones after 3 days of airplay. A very, very accessible record with every track being a stand out but very unique at the same time. It's hard to pick standouts but if forced to I would go with the title track, 'Art in America', 'Undercover Lover', 'Loot', and 'Won't It Be Strange'. It's been a long wait but certainly worth it."

WVYK/WZAM, ELIZABETH CITY/NORFOLK, VA P.D./M.D.-BILL SIMMONS: "Apologies to Atlantic for the wax in my ears the first times I listened to Frida. On the air two days and already getting good phones...Single Bullet Theory is a tight band out of Richmond, VA that fits right into today's modern music...Could not believe how good Tony Carey sounds on the radio. Play it once and listen...Southeast stations should pay particular attention to the Mondo Montage album on Dolphin Records. Pay special attention to 'Watching You' by States, 'Modern Girl' from the Snap."

WQMF, LOUISVILLE, KY M.D.-DUKE MEYER: "Adds: Greg Kihn 12", Bryan Adams...I might as well jump onto the Bryan Adams bandwagon. You hear over and over again, this is going to be one of the top albums, etc., etc., and you tune it out. But with this one, I really feel that 'Cuts Like A Knife' is going to be one of the top albums of the year. We're starting with 'The Only One' with 'Cuts Like A Knife' following closely...I don't think I mentioned last week that we are playing the new Journey single. Usually, when you mention Journey I go into a five minute dissertation of 'give me a break' and 'you've got to be kidding. But after the first 60 seconds of 'Separate Ways', it was obvious how good this tune is... There are two tunes that are peaking my interest and curiosity. One is Chris De Burgh's 'Don't Pay The Ferryman'. Personally I like it, but there's something that causes me to hold back on it and After The Fire's 'Der Kommissar' is another song that drives me up the wall. I don't like the song but I'll sing the hook for two hours every time I hear it...Art In America is my new pet project and Tony Carey moves up in rotation this week."

WCMF, ROCHESTER, NY M.D.-DAVE KANE: "If the releases we've seen so far in January are any indication of what's ahead in 1983 then we should all be very psychic with radio acceptance of different musical styles and less reliance on oldies--things could be very exciting and rewarding...There's a reason why so many bands recorded songs by Bryan Adams--and the reason is obvious with the release of 'Cuts Like A Knife'. Ten impressive new songs, all hook city and delivered with energy and passion that only Bryan is capable of. We all know he is a star...Play the record and let's drive the point home. The new Def Leppard is state of the art melodic metal as far as I'm concerned. They are the metal band of the 80's. 'Photograph' and 'Rock Til You Drop' are the killers, but I believe the real sleeper is 'Too Late For Love'. Could be 'Heartbreak' part 2. Imitate heavy phones and top 10 retail debut. I like the title cut on 'Art in America'; it reminds you of everything old but sounds fresh and renewed. Other new stuff that makes for fun listening: The Call, Single Bullet Theory, Gary Private, and the new Chilliwack single."

WSKS, CINCINNATI, OH M.D.-MARTY BENDER: "On Clapton: Well, it ain't rock and roll but it's got heart and heavy air here...Can't believe the depth of Def Leppard. From its childish chants to its photographic contrasts the Leppard leaps up with yet two more cuts... 'Sweet Coquette' is in by Paul Barrere for Cincinnati, one of America's few cities with enough intelligence to greet the Feat when they were around. Damn, we miss Lowell George...Go see the Members--Southside Johnny on acid...Serious boppin' at Bogarts...Our BS live add is just that."

WCCC, HARTFORD, CT P.D./M.D.-BILL NOSAL: "Single Bullet really sounds so nice and fresh. Almost makes me think that Spring is around the corner when I hear it...What a pleasant surprise from Def Leppard. Melody and metal meet...Red Rider and Triumph sound super on the radio...Golden Earring and Night Ranger won't quit..Getting very good response to Thomas Dolby."

WLRS, LOUISVILLE, KY M.D.-BRIAN CHRISTOPHER: "Journey goes out of the box and into the hots. The phones in one week are unreal. We expected that...The Fixx was slow hitting this town but it's cooking now. Stays in power rotation this week...So sorry but we were forced to 'diskihntinue' Greg Kihn. Overwhelming phones, all bad...Be sure and check out that new movie 'Return to Vandenberg', starring Sean 'Look At The Index' Coakley and Bill 'I'll be there Friday to take care of this' Heltemes. A story of two heroes who saved the town of Vandenberg from a terrible fate. Something about a gang in Orlando wanting to destroy this city. Returning soon to a radio station near you. Maybe...After the what?? After the Fire. How can anyone miss with this record. We've been toying with 'Der Kommissar' for weeks and the response is fantastic. Instant phones. What a hook! We believe in this record and we're going for it. If Louisville is ready for this, your town has been waiting too long...Mike Dungan and Daryl Crumb, you guys have soothed many headaches. Much thanks and the service has been excellent."

WKZL, WINSTON-SALEM/GREENSBORO, NC M.D.-CHUCK HOLLOWAY: "11 adds this week--that's right--we were frozen a week for the Orlando convention so here goes...Adds: Def Leppard, Journey, Tony Carey, Greg Kihn, Thomas Dolby (both sides), Heaven 17, Robert Hazard, Blanket of Secrecy, Art in America, After the Fire and Black Sabbath...As you can see the new Superstars commitment is for real. After all, we've been ahead of the call-out boys for some time. Now, I think the distinction will become even clearer...Best request of the week: a lady caller requested: 'fuck the asphalt' by the Clash."

WYFE, ROCKFORD, IL ASST. P.D.-THE DOCTOR: "It's great to see that we're finally realizing that it's the 1980's! I've been ready for a long time...We have so-o-o many adds this week that I couldn't possibly talk about all of them, but let's highlight a few. Red Rider is a masterpiece! It's great people are starting to notice it. We're now going two cuts deep. Adding the 'Light/Power' setting with 'Human Race'...After harping for months on this record we're finally adding 'Love My Way' from the P-Furs, as well as my favorite Pretenders track, the flip side of 'Chain Gang'--'My City Was Gone'. It's pure Pretenders with enough soul to melt your mind into ecstasy...Ric Ocasek is great but who can tell me how to pronounce the title? I say be-attitude and you say beat-itude. Someone call Ric and ask him-OK...Def Leppard is the cream of the crop for heavy metal fans (what's left of them) and we're going to go with the single...Thomas Dolby fits in real good with the new stuff"...From BRENT: "Superstars meeting the best ever. Look out, Abrams is on a roll! It was great to see everyone in Orlando and Pasadena. Too many names to mention everybody. Many thanks to: Craig Lambert and Dave Loncao, New Avenues Music, to Mike Levine of Triumph for being there, to Harvey Leeds, and Bill Bennett for 'Rock And Roll Geography', to Roger Lifeset for an introduction to Sushī, to Steve Smith for an unforgettable plane trip, to Mike Bone for the entertainment from Orlando to L.A. and to Les Cook and Debbie Dalton for being great comrades!"

WRCN, LONG ISLAND, NY M.D.-JIM BUCKLEY: "The #1 phone generator this week is the new Journey single, 'Separate Ways'. The reaction was almost immediate, now if the album is as good as the single it could be the one to knock Men At Work out of the #1 sales position...Def Leppard is starting to get good phones too! They manage to find the fine line between hard rock and heavy metal with a real good, hard-driving album without winding any gears...What a turn-a-round for Dire Straits. We were so surprised that we put the whole thing in heavy...Two more great albums went into heavy from Bryan Adams and Paul Barrere, but I've got a feeling these won't make as big a dent as the others!...Sabbath turned out to be a dilemma for us because of the duplication of the Ozzy album, but this week we felt we had to do something, so the mob rules and 'Neonlights' goes in along with The B'zz and Heaven 17."

CHEZ-FM, OTTAWA, CN M.D.-GREG TORRINGTON: "Adds: Journey Ep, Def Leppard, Doug And The Slugs, Thomas Dolby, Randy Newman, Styx 45, Heaven 17 45, Eric Clapton 45...Sorry I missed you last week but I couldn't pass up the opportunity to go to NYC and catch 'Let's Spend The Night Together'. Hal Ashby, as a Director, certainly can add a lot to the otherwise seemingly nonchallenging job of filming a concert! For those of us who missed the '81 and '82 tours, 'Let's Spend The Night Together' gives us a front-row-ticket...There are some industry turnarounds happening to some of our music these days. After persevering for months, The Fixx are gaining momentum in sales. We are adding 'Red Skies'...Hall & Oates dominates sales with Seger, Phil Collins, and Chris DeBurgh in close pursuit...G/Earring is also showing up heavily in sales and requests this week with the phones also favoring Adam Ant and Blotto's 'Metalhead'...On the new releases, Def Leppard hits a strong note with 'Pyromania'. 'Photograph' is the cut. Hard rock without the headbanging. Who said metal and melody are incompatible?...Doug And The Slugs have really done it this time. 'Music For The Hard Of Thinking' is the album for airplay. If Doug And The Slugs were an iffy situation for you in the past, you'll need no convincing with this new album. Look into 'Making It Work' and 'If You Don't Come'...Many thanks go out to NRBQ for their amazing two-night stand in Ottawa. We're really looking forward to the new Lp. If you're not having enough fun anymore when you go to see bands, don't miss either NRBQ or Doug And The Slugs."

KKDJ, FRESNO, CA P.D.-DEAN OPPERMAN: "Adds: Journey 12", Bryan Adams, Black Sabbath...A toast of the Bloody Mary to the following folks for their help in keeping Keith Moon's spirit alive from the Disney World Contemporary to the Huntington Sheraton, Pasadena: The power trio of Abrams, Michaels and Sinton; Eddie Marguerita, and Frito Whiteside; Hugh; Ms. Sam; and Denise; Deep Fry Gerrity; NBC's Nanci Pfeffer; Mike 'Attention K-Mart Shoppers' Bone; Eli and Steve; Scott Muni; Transponder Tollin, Rich Totoian; Bob 'Fire His Ass' Lawrence; the evolutionary Nat Lamp; emperor Bob Hudson; Roger 'Deadset' and Bob; Sky High Daniels; Kenny Rycrisp; Joe and Harlen in Room 317; Laurie Cobb; Les 'We're not competing' Garland; Sean Coakley; Bill Weiss; Gary Owens and the Foonman Home For The Perturbed; Lee Masters; Burnt Stein; Dave 'Let's bullshit' Roberts; Video Lesley; Richard Pachter; Big Marty; Mike Levine; Dusty 'Mean' Street; and the stewardesses of Delta 1142."

WCKO, MIAMI, FL M.D.-TRISH ANDERSON: "This week K102 adds: Journey 12", Bryan Adams, Felony, Chris DeBurgh, Modern English...I didn't think it was possible to like any song better than the tunes that were on the 'Escape' album but after hearing 'Separate Ways' I reached the conclusion that Journey has reached a new plateau...We also added Bryan Adams, an Lp which has at least one cut for your station no matter which direction of sound your album station leans in...I must say I'm fanatic about Felony and this week we go with it after some extensive testing. It may take some getting used to but then to some ears, so did the Clash...I'm really h-o-t on Chris DeBurgh's 'Don't Pay The Ferryman'. It has a different new sound that is classy as well as catchy...Finally, there's Modern English. 'I Melt With You' was added after terrific positive response from our new music program...I have only one thing left to say. Go for it Dolphins!"

KILO, COLORADO SPRINGS, CO M.D.-ART PHILLIPS: "Maybe it is the altitude causing us to add a shitload of new music, & catching up on almost missed stuff 'cause we're feeling very good about the street buzz on new (not to be confused with modern) music...Start with the 23-year-old kid from Vancouver with his third album. We almost fistacuffed in the office trying to narrow down Bryan Adams' album from 5 cuts to 3. This has got to be the record for Adams. Undoubtedly his finest achievement and just the tip of the iceberg. 'This Time' and 'Take Me Back' are Easy Choices...Paul Barrere carries out the tradition of Lowell George. Those Heart Attack horns and Dregs backup make for some pretty powerful stuff. 'Sweet Coquette' and 'Fool For You' seem best for air...It took months of listening before we were convinced 'Poison Arrow' is indeed the cut to go after on ABC. I just can't see letting a talent like Mark Fry go unnoticed to our listeners and we're dedicated to giving this a healthy shot...We've been hooked on The The's record for quite some time and the 3:57 edit is brilliant and ready to pop...Culture Club goes in for middays. It is a s-m-a-s-h...Journey is already Top 5 requests...We love Randy Newman and Art In America is under consideration for next week...Next big thing department: Berlin! I've been listening to their import singles for years and 'Tell Me Why' and 'The Metro' will both be huge!"

WRKI, BRIDGEPORT, CT M.D.-BRUCE GOLDBEN: "Adds: Bryan Adams, Def Leppard, Thomas Dolby 12", Black Sabbath, Art In America, Dexys Midnight Runners 45, Journey 45, The Members, Modern English, P-Furs (Re-add), Joe Jackson (Re-add), and Scandal (Re-add)...With everyone back from Orlando and Pasadena, we can get down to the business of playing records and winning listeners. The end result is the same -- making money. It's just the means that change. With the onslaught of some great, modern rock and hot, mainstream acts, we should be able to freshen up what's become a rather stale inventory of old hits. It will be interesting to watch the inventiveness of programmers and counter-programmers over the next few months. Seems like these changes are annoying a lot of people that aren't seeing the forest for the trees. We can't add every record on everyone's time table, but we can expose music, that rarely would have had a chance months ago, in a heavier rotation than they'd normally see at a 'mainstream' album rocker."

WWV, CHARLOTTESVILLE, VA P.D.-Jay Lopez: "Adds: Paul Barrere, Journey 45, Art In America, Single Bullet Theory, The B'zz, Billy Squier Ep, Bryan Adams...If you like art, and you like music, you'll love Art In America."

WQDR, RALEIGH, NC M.D.-BOB WALTON: "I suppose it's good to be back from not-sunny and not-warm Orlando. The lawsuit for false advertising is in full swing...But, seriously, I don't remember a time when I've been so excited about so many records. First one that pops into mind is the new Journey single. All doubts were erased when, after only 3 days, it became a top request item...Other success stories include 'Hungry Like The Wolf'. Another top request item and in Top 15 sales...Ditto Frida and Michael Jackson. Just for the record, we are getting no negatives on Michael Jackson. (And we don't have to justify it by constantly mentioning you-know-who on guitar)...Nantucket, of course being hometown boys, is getting phenomenal response. New fans are loving it, and old fans say, 'It's their best yet'...We finally came up with a consensus cut on Red Rider; 'Human Race' will lead the way, but this is a deep, deep album...My wife's favorite new record is from Simple Minds. I mention my wife because she hasn't missed yet (Soft Cell, A Flock Of Seagulls, Frida, and Men At Work)...Among the records I hope will be on within the next 2 weeks: Bryan Adams, Modern English, Robert Ellis Orrall, Heaven 17, and Ministry...I can't wait to hear the new Jon Butcher Axis record. I saw them open for the J. Geils band last year, and they were phenomenal!"

KBLE-FM, DES MOINES, IO P.D./M.D.-RON SORENSON: "Lots of good music this week. John Hall and Bryan Adams were the two automatics here. At least they're both good enough to be automatics...I've been looking forward to the Rodway since the advance 12" on 'Don't Stop Trying'. That is the strongest track...Single Bullet Theory is another left-fielder with potential. We've been playing 'Keep It Tight' for a couple of years since it appeared on a 'new music' sampler. By contemporary standards, SBT is pretty tame 'new music'; certainly not likely to offend...As a serious student of the musical eclectic, I'm certainly a sucker for a rock and roll band with a string harpist. Art In America's instrumentation gives them an unusual texture, and Eddie Offord's rock and roll perspective a viable commercial sound. We like the title 'Won't It Be Strange', and 'Undercover Lover'...Adds: John Hall Band, Bryan Adams, Rodway, Single Bullet Theory, Art In America, Felony, "Party Party" Soundtrack, Loz Netto, Kate And Anna McGarrigle, Chick Corea, Dire Straits Ep, Robert Ellis Orrall Ep, Thompson Twins 12", Eric Clapton 12", Albert Lee 12"."

WKLC, CHARLESTON, WV P.D.-NEIL LASHER: "Adds: Missing Persons (Re-add), Frida, P-Furs, Def Leppard, Scandal, Tony Carey, Black Sabbath, Bryan Adams...The Superstar Convention was informative, constructive, and above-all a blast. There are too many radio and record people to name and say a hello and a thank you to, but there's a few I can't let go: Thank you Columbia Records for Joe Piscopo; Warner Bros. for Randy Newman; Capitol for Missing Persons; Burt Stein for oysters; Marko for kidnapping me; John Parikh for enlightenment; Lambert and Lonca for food, for thought, and the list goes on...We are back and ready to kick-ass in the 80's. After some initial confusion, our fearless leaders gave us great direction. To me, one of the highlights was listening to Q107 of Toronto's morning show. I haven't heard anything like it in years. Our station sounds fresh, fast-paced, upbeat and, above all, it sounds like the 80's. Thanks to all for plenty of information and a great time...P.S.: Congratulations, Mr. Bill, on picking the Win, Place, and Show in the Rock Geography Contest...One more P.S. to Mike Bone: It is true the FAA has 'Wanted Posters' up for you?"

KQDS, DULUTH, MN M.D.-BRIAN TAYLOR: "Adds: Art In America, Def Leppard, Paul Barrere, Dexys Midnight Runners, Bill Wray, John Hall Band, Bryan Adams, Journey 12", Dire Straits Ep...Paul Barrere's Lp, 'On My Own Two Feet', has provided me some fine memories. For 'Feat Fanatics' this one more than fills the void left by the band's breakup. You should find some positive response from your upper demos with the addition of this one to your playlist...Another record that continues to build here is John Hall Band's 'Love Me Again'. It's as solid as anything Orleans ever did...With the popularity of Dire Straits being at a peak after 'Love Over Gold', the new Ep provided a fresh sound to the playlist. Somebody chip the ice off that diving board, I'm gonna do some 'Twisting By The Pool'...Benatar, Men At Work, and Seger are this week's sales leaders, with Triumph, Duran Duran, and Randy Newman making the biggest jumps in rotation."

WKQQ, LEXINGTON, KY ASST.P.D.-DAVE KRUSENKLAUS: "The Journey single is already happening. Nice calls. Anticipation for the album. Doing well. Case closed...One of the strongest debuts to be released in 1981 was Bryan Adams. I like the gutsy, straight-ahead style of this guy. This is the kind of rock and roll I like to hear. The whole first side is good. We'll start with 'The Only One'...I, too, never got to see Little Feat live with Lowell George; so if anybody from Little Feat is even hired to get coffee and sandwiches during a recording session, then I want to hear the record. The Paul Barrere is an easy projection for next week. I like 'Fool For You' because it's in the old mold of Little Feat boogie, and my second choice is 'Sweet Coquette'... 'Back On The Chain Gang', from the Pretenders, continues to assault the request line. This should be a must record for everyone...And the Kihn record, 'Jeopardy', is a hit! The kids want to dance again. Play it...Changed the cut on Night Ranger this week to 'Eddie's Coming Out Tonight'. This is a tune that we started getting calls for several weeks ago...Also getting upper demo phones on the Eric Clapton single...And, considering The B'zz. I think this record could work at night... Got turned on yesterday to a nice tune from John Stewart. Listen to the tune 'The Queen Of Hollywood High'. Background vocals provided by Linda Ronstadt. It has some hit possibilities."

KFMQ, LINCOLN, NB M.D.-BOB ROSEL: "Adds: Dexys Midnight Runners, Chris DeBurgh, Art In America, Bryan Adams, ABC, Journey 12"...Industrial disease has struck again! Just when I was about to comment on his barber chair, I was informed that MCA reshuffled their field offices which means David Kragosk is out of a job. It's no bullshit when I say he's one of the best. What's more, I consider Dave a good friend. Anyone who needs a pro will do well to take on David Kragosk. Keep in touch, guy...I found myself humming the title tune to the new Art In America Lp all weekend. Classy, contemporary music that stands out on-the-air. All of side one is heaven sent...If you haven't considered Chris DeBurgh, you're missing out on some great music. 'Don't Pay The Ferryman' is a pistol loaded with hooks and infectious music...Another record any self respecting radio station should be thrilled to play is the 'Walls Came Down' by The Call. This track is hypnotic, a real gem...Hype is the name of the game in this biz and it's not often a record lives up to the hype, but Bryan Adams' sure does! In my opinion, this record has four or five songs that could be classics. Really an album with depth...Leading the way in my mind is 'Take Me Back' followed by 'I'm Ready'...A personal fave is Robert Hazard's new Ep. Find room for either or both 'Escalator' and 'Change Reaction'. Good stuff...Go back and listen to ABC. We're gonna try 'Poison Arrow'."

KBCO, BOULDER, CO M.D.-DOUG CLIFTON: "A big add week for KBCO! Red Rider goes in for two cuts: 'Crack The Sky' and 'Work Out'. What's nice about this record is that it fits all Album Radio formats from the Heavy Metal rockers to the Modern Music stations...The Dire Straits 'Dance' Ep adds nice spice to the 'Love Over Gold' cuts that we've been playing for some time. My fave is 'Badges'...I really like the Simple Minds package from A&M. The colored vinyl is beautiful and so is the music that's on it...We're already getting response to 'She Blinded Me With Science' and 'Submarines' from Thomas Dolby. I look for this to be moving up the chart quickly...Paul Barrere continues the Little Feat legend. This is a solid sounding Lp that will please the many Feat fans here in Colorado. Thanks to Michael Linehan for his help with Devo Day, and thanks again to Sharon White. With all the Fall ARB results in, congrats are in order for Rick Meyer and Bruce Wheeler and everyone at KAZY for a job well done!.. And, another double digit for Rich Hawk, Art Phillips and the KILO crew. Keep up the good work!"

P.D.-JOHN BRADLEY: "In this age of modern music, fresh rock, and all the exciting new releases, why do so many stations continue to play songs as 'currents' that have long since faded, or continue to report last year's music as this year's currents? Refer to FMQB Song Index Chart. Consider these songs that were at their peak last Summer and early Fall, but still find a place on the 'current' Index: #39 'Who Can It Be Now', #57 'New World Man', #64 'Pressure', #87 'Think I'm In Love', #88 'Hurts So Good' (!!), #96 'Athena', #100 'Should I Stay Or Should I Go'. There's certainly nothing wrong with playing these songs, but reporting them as hot currents, COME ON YOU GUYS!!! There are 50 other titles that should be considered for airplay. I'm sure there's nothing wrong with FMQB computations--it's just that too many programmers are still living in the bygone days of re-current radio!"

KFMH, MUSCATINE, IA M.D.-LISA CATALONA: "Adds: Eric Clapton 12", Paul Barrere, Bryan Adams, Rodway, Art In America, Felony, Randy Newman, John Hall Band, Nantucket, Journey 12", Bill Wray, Gary Private 12", The The, the Bangles, Tony Carey, Ministry Ep, Def Leppard, Chris DeBurgh...The KFMH plaques, with a piece of our old tower, are selling out! This offer will not be repeated!"

KZEL, EUGENE, OR M.D.-KEN MARTIN: "This year's most exciting album has to be the new one from Bryan Adams! We've been behind this guy from the start and he has not let us down with this new one. We'll start with 'Take Me Back'...Also added the P-Furs this week...We're now four deep on Men At Work having just added 'Underground'...We're also going deeper on The Fixx with 'Red Skies', Duran Duran with 'Rio', and 'Human Race' from Red Rider...Vandenberg's 'Burning Heart' continues to burn up our phones. Sales are also good, and it goes into h-o-t rotation...Some other things we're listening to and considering include: Modern English, The Members, Ministry, Heaven 17, The B'zz, and a project Warner Brothers should not give up on, Blanket Of Secrecy...Top 5 sales this week: Men At Work, Bob Seger, Stray Cats, Billy Joel, Neil Young, and Sammy Hagar."

WOWD, TALLAHASSEE, FL P.D.-DICK BLACKMON: "Lots of adds this week: Bryan Adams, Def Leppard, Paul Barrere, Robert Plant (Imp) 45, Robert Hazard, Squeeze and Wall Of Voodoo, just to name them all... 'Mexican Radio' finally hit home for me. Now I can't get enough of it! I think it was seeing them on Bandstand that did it! I'm trading in my vegamite for barbecued iguana...I don't think the Bryan Adams has as much punch as the first one, but I felt the same way about 'American Fool', so what do I know?... Paul Barrere is a nice treat. I agree with Bonnie Raitt who said that 'life just isn't as much fun without Little Feat'...Def Leppard is loud...Squeeze was a long time arriving, and Robert Hazard is one of the best test records I've had since 'Valley Girl'...Ric Ocasek moves to heavy this week and John Hall, English Beat and Greg Kihn dance up to medium...Biggest sales jumper this week is Duran Duran who moved up to Top 10 passing Pat Benatar."

WDEK, DEKALB, IL M.D.-JOANIE WILLIAMS: "Adds: John Hall Band, Paul Barrere, The Morrells, Dire Straits Ep, Journey 45, Melody Makers 12", Chick Corea and John Klemmer...Hots: Phil Collins, Tom Petty, Supertramp, Hall and Oates, Bob Seger, Todd Rundgren, Garland Jeffreys, Musical Youth, Neil Young, Passport, Dire Straits, Ric Ocasek, Heaven 17, Donald Fagen, Peter Gabriel."

WPDH, POUGHKEEPSIE, NY M.D.-STEW SCHANTZ: "Have you listened to Art In America yet? If not, do so immediately. This is good stuff! Start with the title track...I also like 'Don't Pay The Ferryman' from Chris DeBurgh...Obvious stuff: The new Bryan Adams is a strong rocker, as is the new Def Leppard. 'Photograph' is a smash for rock radio...Just squeaking in under-the-wire is the new record from the John Hall Band. This one is several tracks deep. I especially like 'Open Up The Door' and 'On Hold'... Little Feat fans will demand that you play the new solo effort from Paul Barrere. Sounds a lot like the Feat...Finally, my favorite release so far this year is 'Twisting By The Pool' by Dire Straits...Can't forget the Journey single--Top 10 already for us...Strong moves by Triumph, Ric Ocasek, and Schon/Hammer...Bob Seger topped our chart with Tom Petty and that little gem of an album by Phil Collins right behind...A personal favorite--not on the air yet--The Cure's 'Let's Go To Bed'...Till next time!"

WBLM, LEWISTON/PORTLAND, ME M.D.-JOSE DIAZ: "Schon/Hammer's second release is much more constant and better suited for radio airplay than the last one. 'No More Lies' is a memorable song that should be with us for a while...The new Journey 45 'Separate Ways' with its rock and roll base should help to take away a lot of the pop image that they gained on 'Escape'...Def Leppard's 'Pyromania' is definitely their best album yet--the energy this band puts out is incredible...Ric Ocasek's 'Something To Grab For' is riding a comfortable way on the radio right now. Who knows? This cut may break out of AOR and become a real contender for a hit single!...Frida's 'Something Going On' has emerged as a sleeping giant! After weeks of relative inactivity, this song is starting to generate an abounded reaction...G/Earring 'Twilight Zone' is quickly becoming one of our top requests. My compliments to the band for a substantial comeback."

WYMX, AUGUSTA, GA M.D.-OWEN HOLMES: "Adds: Journey, Supertramp, Hall and Oates and Garland Jeffreys... Answer to the quiz question last week: Who is the lady that talks so nice on the phone, promotes records well but drops you like a stone the minute another phone rings? Answer: Beth Rosengard...Music takes a listen to 'Art In America' on Pavillion Records. It's a refreshing change of music style I think you'll enjoy...It's taken four listens, but After The Fire's 'Der Kommisar' is a smash...Todd Rundgren's 'Hideaway', due to sales and requests, moves from light to medium...Sales: Big movers this week, the Dutch-based Vandenberg sells 29 copies this week and they continue to sell more week by week, and Duran Duran sells 33 this week. People are really 'Hungry' for this album...Top 5 sales: Michael Jackson, Hall & Oates, Men At Work, Adam Ant and Dire Straits...Personals: I was deeply sorrowed to hear of the death of a very close friend of mine in the record business. I'm talking about Taska Floyd. I, like all who know Taska, will miss her bright cheery personality very much."

WWTR, OCEAN CITY, MD P.D.-BRIAN KRYSZ: "Adds: Black Sabbath, Def Leppard, Missing Persons, Bryan Adams, Gary Private 12", Journey 12", Blanket Of Secrecy, Felony, Wall Of Voodoo (Re-add), The Fixx (Re-add), Frida (Re-add)...It was great to see everyone last week. Watch out, Larry Bruce, for the McWilliams and Krysz. We'll get you yet or vice versa...Bryan Adams will be a superstar! 'The Only One's' the cut...I've never seen so much great new music at one time from both new and established bands. It's good to finally be able to add Blanket Of Secrecy 'Say You Will'...Felony is very solid. We'll start with the title...Journey's done it again!...Is there a bad cut on the Missing Persons Lp?...I'm real excited about the new Gary Private 12". It has everything that a hit record should and finally, 'Don't overlook Dexys Midnight Runners single."

WWCT, PEORIA, IL M.D.-JEFF MURPHY: "Adds: Journey 12", John Hall Band, Billy Squier 45, Chris DeBurgh, Bryan Adams, Art In America...Sales: Sammy Hagar, Bob Seger, Pat Benatar, Men At Work...Top 5 requests: Kiss, Ozzy, Neil Young, Def Leppard, and Night Ranger...The comments begin this week by announcing another Peterson in the world! Our program director's wife, Brenda, delivered Scott Alan at 10:21AM Tuesday, January 25th. He weighs in at 8 lb. 3 oz. and was 20 inches long. Mama and baby boy are fine! Rick hadn't returned to work yet so we assume he's still recuperating! This is their second young 'un... The Journey single is incredible. Screw the folks who call them commercial wimps. This band is doing what radio listeners want to do. Some day they'll be legends like Neil Young and play around in the studio a bit, but by then they'll have the right to. I saw them do this tune live last Summer, thought it was great then, and still do...I wasn't crazy about the Neil Young Lp at first and thought a cut or two would be the end of its airplay, but the interest in Neil's material is really surfacing here in the Midwest and we may soon add another track. Sales and requests are already showing momentum...Thanks to BeBop of EMI and Barry Lyons of Elektra for dropping by last week. Sorry about missing the post-hockey game dinner but I've always hated to leave in the middle of a close one. Drop by if hockey ever goes on strike!...The Greg Kihn Lp is extremely solid. Looking forward to its commercial release. Instead of the powerhouse sound, Greg has added emotional balance to this set of tunes, and it works well...Question of the week: Will there ever really be a consensus cut on Red Rider and Art In America?...Finally, I've been noticing a lot of different expressions used to describe a certain percentage of all of our listeners. Earthdogs, earth pigs, metalheads, my favorite: chainsaw brains. Now, how about a little contest among us--the reporters--to find the top 10 nicknames? List your favorites next week!"

WDHA, DOVER, NJ G.M.-BOB LINDER: "We are using new albums from Polygram and the player (the size of a small cassette deck) from Kyocera (pronounced key-o-sara). Formal U.S. introduction of the system will be mid-year. Sufficient software for the anticipated demand won't be available until the new CBS Plant goes on line early next year. From our early experience it's easy to use, works well and sounds absolutely fantastic!...For what is usually a quiet release time for new albums, this month has been quite active. Our adds this week include the John Hall Ep, Art In America, Bryan Adams, Todd Rundgren, Def Leppard, Black Sabbath, Paul Barrere, the new Journey single and the Dire Straits Ep...We were quite surprised to find the Def Leppard to be an excellent release--not just for heavy metal fans. 'Pyromania' is going to spread big!..The Dire Straits Ep is an excellent move by WB to keep excitement going. 'Twisting' is the cut that immediately captures everyone's attention but I think the song with the long-term pull is 'If I Had You'...Bryan Adams moves quickly to the top of the new releases with 'Cuts Like A Knife'. There are several great songs here starting with 'I'm Ready'...The new Journey album is absolutely a killer! When it comes next week, slap it right on the turntable and play it loud. Polished production, top-notch vocals and guitar work make it one of this year's best albums. 'Send Her My Love' could be the next single...Enjoyed Missing Persons at the Capitol Theatre last week. Thanks, Maureen, for the help with the interview...Thanks to Paul (about to be a new father) Yeskel for the visit including the new INXS (in excess) especially the cut 'The One Thing'...With everyone at last week's conventions, I was actually able to finish the Hard Sheet in only one hour!...Personal to Amy Dahlman at WAQX: How could you even think of eating a b-b-q-ed lizard?..P.S. Just in: The new Styx single--continuing in this year's new techno-rock trend--an absolutely dynamite song 'Mr. Roboto'--very favorable early audience feedback!"

ADDS: Paul Barrere, Single Bullet Theory, Bryan Adams, John Hall Band, Dire Straits, Journey, U2 (Imp), Thompson Twins, Albert Lee.
HEAVIES: Missing Persons, Culture Club, Thomas Dolby, Pretenders, Greg Kihn, Prince, Men At Work, Garland Jeffreys, Nitecaps.
INCREASED PLAY: Missing Persons, Michael Jackson, Red Rider.
MOST REQUESTED: Prince, Thomas Dolby, Garland Jeffreys, Neil Young, English Beat.
COMMENTS: "If anyone comes across a strange record or tape that inspires true horror, we are anxious to feature it on our traditional Humpday Unusual Moment. We're interested in recorded material with the accessibility of, say, Weasels Ripped My Flesh. Our mental health requires the sacrifice. Also, we'd like to remind everyone that our three hour jazz program continues with great success. Brand new releases account for more than half of the programming. Kevin Eubanks' release wins the 1983 Wynton Marsalis Medallion for auspicious debut. Tom Irwin's Exposure program specializes in imports and independent labels. Many of our biggest records have started there...Thomas Dolby's 'She Blinded Me' is easily the most requested song of the week...I have a gut feeling that 'Celebration' should have been included on the new U2...We're slightly disappointed on the whole with the new Paul Barrere Lp, but I suspect that has something to do with the unsatisfied expectations of rabid Feat fans. 'Sweet Coquette' sounds great anyway...We're looking forward to the tour with the Dregs back up. What are Steve Morse and Mark O'Connor doing? I need a Dregs fix badly...The new Dire Straits is the perfect foil for Knopfler's more pensive release... 'Billie Jean' by Michael Jackson is starting to eclipse 'Beat It' as our lead track...We gather that Lee Abrams has advised his Flock that it will be important to play more music in 1983. That Lee Abrams, he's sharp."

WUWU, BUFFALO-ROCHESTER, NY M.D.-GARY STORM:

ADDS: Samson (Imp), Steve Tibbetts, The Call, Thomas Dolby, U2 (Imp), Chris DeBurgh, Todd Rundgren.
HEAVIES: Duran Duran, Adam Ant, The Clash, Toni Basil, ABC, P-Furs, Culture Club, English Beat, Berlin, Spoons.
INCREASED PLAY: Berlin, ABC.
MOST REQUESTED: The Clash, The Fems, Trio, Adam Ant, Thomas Dolby.
COMMENTS: "The new Thomas Dolby album is four cuts deep: side 1/both cuts, on side 2 the last two cuts...Heavy metal that should be released in the U.S.-Accept "Restless And Wild", Samson "Before The Storm". Watch out for Gary Moore. It will be one of the hottest this year...Address for Steve Tibbetts (fantastic progressive rock), Box 6164, Minneapolis, Minnesota 55406."

HEAVIES: The Jam, Revillos, Malcom McLaren, Robyn Hitchcock, Grace Jones.
INCREASED PLAY: Fun Boy Three, Ghosts Of Dance, Jonzun Crew, March Violets.
MOST REQUESTED: APB, Ghosts Of Dance, The Jam.
COMMENTS: "I've noticed over the past few weeks that some Modern Music stations lack focus in their programming. That is, something like John Hall and Blancmange just don't mix if you're serious about modern music...On a lighter note--APB came up to our station last Friday (1/14). This was their second visit. Their shows at the Peppermint Lounge and the Brooklyn Zoo were, to say the least, amazing. This is THE band of 1983. Watch out for them."

INCREASED PLAY: Boys Life, Flipper, Southern Death Cult, Virgin Prunes, TSOL.
MOST REQUESTED: King Sunny Ade, U2, The Jam, Malcolm McLaren, Mission Of Burma.
COMMENTS: "I enjoy reporting to FMQB, but I can't help wondering what you're going to do with all this Modern Rock reporting. Do any of the AOR monsters who subscribe to FMQB read the little Modern Music segregated ghetto section way back behind the 'Prime Movers', or is this all for naught?"

WZBC, CHESTNUT HILL, MA M.D.-JIM MCKAY:

ADDS: Echo And The Bunnymen, Kinks, Husker Du, Boys Life, Black Flag, Wall Of Voodoo, Tears For Fears, Descendants, F.V.'s, Simple Minds.
HEAVIES: The Wire, Play Dead, Pillows And Prayers, Echo And The Bunnymen, The Names, New Order, Rubber Rodeo, Certain General, Thomas Dolby, Peripheral Vision.
INCREASED PLAY: Associates, The 3:00, Stranglers, Boys Life, Flipper, Branca/Giorno, Jah Wobble, Robert Wyatt, One Work Poetry.
MOST REQUESTED: Sad Lovers And Giants, Black Flag, D.K.'s, Souxsie.
COMMENTS: "Ric Ocasek would have made the list, but we have not gotten it as yet, believe it or not. Our two year old daytime format (9 AM-6 PM) is called 'modern rock'--you can imagine how confusing it is now that it has become a slogan for 'new music'. We have to keep in mind over here that whenever someone mentions 'modern rock' these days, they weren't necessarily referring to WZBC. Anyway...We recently received letters from Robbie Grey (Modern English), Curt (Tears For Fears), and Peter Becker (Eyeless In Gaza). Always nice to hear news from other shores...WZBC presents Black Flag on January 30th at the Channel...Here comes Echo And The Bunnymen."

WLYN, P.D.-RUSS MOTTLA:

ADDS: Frida "Something", U2 'New Year's', Berlin "Sex", Units "Right Man", Sweet Pea Atkinson "So Much In Love", Ministry "Work For Love", Rank And File "Glad I'm Not In Love", Dangerous Birds "Alpha Romeo".
HEAVIES: Pointer Sisters, Pretenders, Dexys, Modern English, Culture Club, Thompson Twins, Elvis Costello, The Jam, Modern Romance, The Members.
INCREASED PLAY: Dire Straits, Joe Jackson, Robert Hazard, Michael Jackson, Thomas Dolby.
MOST REQUESTED: Yaz "The Other Side Of Love", DOA "War", The Cure "Bed", Members "Working", Pretenders "Chain".
COMMENTS: "WLYN is the only commercial, full-time modern rock station in the Boston market. We're doing it on a shoestring with only 3,000 watts, but it's working. The only thing holding back Modern Music nationally are some pre-conceived notions on what this is all about. It's good to see people (and PD's too) opening their eyes to what's happening in the music scene. We're back to an excitement and energy that's been on hold for a long time."

WCOZ, BOSTON, MA M.D.-CINDY BAILEN:

COMMENTS: "Love the Simple Minds, especially 'Glittering Prize'...Heaven 17's 'Let Me Go' could be a hit anywhere...With all those versions of 'Der Kommissar' kicking around, I'm going with After The Fire...The listeners are nearly hysterical over the breakup of Mission Of Burma and I am too. I've seen them 97 times in the past three years."

COMMENTS: "It's interesting to see that commercial radio has finally added Duran Duran and Wall Of Voodoo, albeit 6 months late. The question is: 'Why did you wait? Are these too progressive, modern, or experimental?'" Case in point: WBCN. Red Rider and Sammy Hagar are added immediately and although Duran Duran received significant airplay a year ago with their first Lp, 'Rio' was kept waiting in the wings until it was almost too late. And this is the station that claims Culture Club, Modern English, Robert Hazard, The Members, and Elvis Costello to be last week's heavies. What gives?"

MOST REQUESTED: The Damned "Bed Time For Bonzo", Modern English "Melt", DOA "Love For Hire", New Order "Temptation", The Cure "Let's Go To Bed".
COMMENTS: "The Cure's 'Let's Go To Bed' has been the most consistent attention-getter at KFJC via staff excitement, requests, and local play and sales action. Aside from obvious topical interest, it has vocal, melody and bass hooks galore...Siouxsie rose straight into the top 10 in one week with immediate phone and retail response. A left-field contender demanding attention this week is Modern English's 'Melt With You' which showed a dramatic surge on the request lines. Although the indicator trend stations may have been on this one for ages, due to import play, the time for this song and group is now. A lot of the commercial Modern Music Stations have so far ignored this track and it may be time to find room on their playlists to replace the old Fixx, Thomas Dolby, and Flock Of Seagulls tracks. Consolidate. Consolidate airplay!!! If as per the recent new music buzz word of the times holds true, then the sound of Modern English is only an add away."

ADDS: The Three O'Clock (Frontier), Yellowman & Fathead (Greensleeves), "Party Party" Soundtrack (A & M), Dark Day (Plexus), Vanity 6 (Warner Bros.), Garland Jeffreys (Epic), The Melody Makers (Shanachie) Musical Youth (MCA), The Replacements (tape), Thomas Dolby (Harvest), The Birthday Party (tape).

INCREASED PLAY: The Three O'Clock, Prince, Neil Young, Todd Rundgren, Millions of Dead Cops, Flipper, The Rain Parade.
COMMENTS: The Three O'Clock have just released a great new EP, "Baroque Hoedown". It's filled with ringing guitars, driving melodies, and insidious hooks. There's even a violin and a harpsichord...Angry Samoans' "Back from Samoa" is better than the Beatles. It's hilarious HM-punk; check "Lights Out" and "Ballad of Jerry Curlan", if your PD will let ya. But why, oh why, didn't they title it "Back FOR Samoa"???...Joel Webber is absolutely correct: the A-side of the Roman Grey 45 features a marvelous baroque instrumental break fully worthy of the Left Banke. The B-side sounds like the best of Tommy James and Barry Gibb---great sugar-pop. The 12" also boasts the hottest pressing I've heard in months...For some overwhelmingly beautiful late-night airplay, check out Yoko Ono's "Dream Love" and the entire second side of the recently released Penguin Cafe Orchestra LP on Editions EG...Local lads Thumbs' second LP "No Price On Earth" is intelligent garage-rock. If it doesn't get much airplay, it's your loss...And, coming very soon, a new 8-song 12" from Wichita's Embarrassment, "Death Travels West".

WPGU-FM-107, URBANA-CHAMPAIGN, IL P.D.-PAM BRESNAN/MD- DAN KRULEWITCH:

ADDS: Eric Clapton.
HEAVIES: Lene Lovich, Pretenders, Duran Duran, Dexys Midnight Runners, Todd Rungren, Ric Ocasek, Little Steven, Neil Young, Rough Trade, English Beat, Kinks (imp).
INCREASED PLAY: Human League (Imp), Wall of Voodoo, Translator, Golden Earring, A Flock of Seagulls (Imp).
MOST REQUESTED: Duran Duran, Wall of Voodoo, Pretenders, Stray Cats, English Beat.
COMMENTS: Eric Clapton is not exactly a "modern add" but we love it!..We sure are glad Duran Duran is finally getting the recognition that they deserve. It did take a long time but the "night" versions of their songs keep it new for those of us that played the music previously... Lots of new music from Canada lately. Rough Trade leads the way but there is an older Canadian artist with some new sounds of his own...Neil Young. Luckily, Neil gave us a couple of songs with his old voice!

Video

TARGET VIDEO, RICHARD CHEMEL (800-222-7555): "On the heels of the retail success of 'Star Trek II--The Wrath Of Kahn', Paramount Video is set to release the blockbuster, 'An Officer And A Gentleman' at a \$39.95 list price--\$29.95 to dealers, February 14th...Walt Disney Video will exclusively distribute a line of Muppet Features...Richard Simmons will be visiting video stores nationwide to promote his Karl Video 'Every Day With Richard Simmons'. Look for it to leap to the top of the video charts...Note the title change of the new 'Star Wars' movie to 'Return Of The Jedi' from 'Revenge Of The Jedi'. The character to watch for in this third 'Stars War' epic is the ewok. I will say no more...As more and more cable stations blend in with commercial TV, the home video industry will extend its market for disc and tape programs through this distinct segment prior to cable and directly after theater release... The CES show recently held in Las Vegas showcased everything imaginable for home leisure. The absence of audio records is questionable as it would seem record companies would gain added interest from the overall industry of home leisure. Wouldn't you agree?...The final 'M*A*S*H' TV movie has been increased 30 minutes to 2½ hours long. The added half hour will bring CBS over 2 million dollars in extra advertising revenue. Don't look for the final 'M*A*S*H' show to go into syndication. It would dilute the marketability of the re-runs in the decades to come!"

Denny Somach produces the report for the NBC Source Radio Network, fed daily to over 174 stations. You can get in touch with Denny at 19 Rock Hill Road, Bala Cynwyd, PA 19004; 215-667-5118. The following are excerpts from this week's report.

TOM PETTY will have a song on the soundtrack to a new movie called "The King Of Comedy". The soundtrack record is being produced by Robbie Robertson, formerly of The Band. Also, Cameron Crowe, who wrote "Fast Times At Ridgemont High", is writing and producing a documentary on Tom Petty for television. The movie will trace Petty's career back to his band before the Heartbreakers called Mud Crutch.

Virgin Records in the U.K. has just released the first video single in England of the HUMAN LEAGUE. The video includes the songs "Don't You Want Me", "Love Action", and their latest single "Mirror Man". The video single will sell in England for 12 pounds which translates to about \$18.00. Their follow-up to the successful "Dare" album has been pushed back, and probably won't be out till summer.

Sources have told the Rock Report that original drummer BILL WARD will be returning to Black Sabbath. Recently, we reported that former Sabbath and Rainbow vocalist Ronnie James Dio, has formed his own band called Dio. The members of the band include: Jimmy Bain, formerly of Rainbow, on keyboards; Vivian Campbell, formerly of Sweet Savage, on guitar; and Vinne Appice on drums. Their debut Lp will be out in April on Phonogram U.K. and Warner Brothers in the States.

PAUL WELLER, leader of the recently dissolved Jam, has teamed up with Hazel O'Connor to form an anti-nuclear really set for May 7th in England. Details and acts to follow. Also Polydor, U.K., has recently re-released all 18 Jam singles in their original pictures sleeves.

The Rock Report has been informed that NICKY HEYWOOD has been ousted from Haircut 100. Drummer Mark Fox has temporarily taken over lead vocals. As reported, their second album "Blue Hat For A Blue Day" is due in April.

MARK KNOPFLER of Dire Straits is finishing up the soundtrack to the new film by David "Chariots Of Fire" Putnam called "Local Hero". "It's good to have another video of Adam Ant since his videos have done so much to provide him with exposure. Adam's Atlanta show soldout in two hours, and the Video Music Channel has been the only source of consistent exposure for Adam in the Atlanta area...Blancmange's 'Living On The Ceiling' is a very nice video. It should help this band along in the same way that exotic-looking videos have helped Duran Duran. Besides, 'Living On The Ceiling' is one of the best electro pop tunes around right now, and if you're looking for a strong 'new music' type tune for airplay, this is it...The video for Wham! is a great one. This is another one of those records that may get its initial push from video as its combination of styles may prove a little confusing to some programmers. Let's hope not...We continue to get very favorable viewer reaction to the Psychedelic Furs, ABC, and The Members."

Record Action

BOB CATANIA, RCA (212-930-4518): "Watching Robert Ellis Orrall and Carlene Carter shoot their video of 'I Couldn't Say No' made me forget all about the 45 minute delay in the Lincoln Tunnel. I mean, this is not only one of the best new tunes I've heard in ages, but the video will be sensational. Be sure to check this out along with the other great tracks on Robert's new mini-LP, 'Special Pain'...This will be a landmark day at 44th and 6th as not only Robert, but Rodway, The Rockats, and Robert Hazard will all be shooting new videos in Studio A. This day-long shoot will give all this fine new talent a chance to have timely videos out and have them done in a cost efficient manner. Look for them all soon...The Robert Hazard record continues to break new markets each week as more and more stations jump on the 'Escalator'. We now have major market action in Boston, Long Island, L.A., Philly, Denver, Seattle, and Pittsburgh along with exceptional Modern Rock action...Don't miss the remixed version of Chilliwack's 'Secret Information'. This is the cut many stations wanted all along and we're happy to oblige...No Direction Home' finds Nantucket on RCA with a new album. This band has developed a strong sales base from previous albums and constant touring. Check out the title, 'I Don't Want to Lose You', 'Come Home Darling', and 'Never Felt This Way Before'...Don't try to adjust your sets, Rodway's in control of your 'Horizontal Hold'. 'Don't Stop Trying' set up Rodway as an exciting new artist and the album follows up the promise. Listen to 'I Am Electric' and 'Don't Knock It Til You Try It'...Triumph conquers! 'Never Surrender' has moved Triumph into superstar status at album radio. 'World Of Fantasy' and 'Never Surrender' will be the initial monster tracks. Tour starts in February... 'Family Man' and 'Delayed Reaction' continue the Hall & Oates excitement and 'Winds Of Change' is busting loose from the Starship Lp...Steel Breeze's 'Dreamin Is Easy' has exploded onto 100 Top 40's the past three weeks and looks like a solid second hit from the album. Also, be sure to catch them on the first leg of the Hall & Oates tour...A record I can't wait to work: 'When The Going Gets Tough', the forthcoming album from Bow-Wow-Wow."

MIKE COOPER, MIKE COOPER ON IMPORTS (404-355-8686): "A number of domestic releases bring hot product from afar. You can skip the Hendrix melody on the new Soft Cell album. This is a very solid Lp, more accessible than the last, which in its first week of release, was the #5 album in England. A British single off the album is 'Where The Heart Is', but there are other solid tracks off the Lp...Also being issued in the US is an Ep from Dire Straits. Three of the tracks are from an Ep of new tunes just issued in England, while the other cut is the British B side of 'Private Investigations'...Also out in the US is a hot single from Wham! called 'Young Guns Go For It'. This is one of the most tightly executed songs that I've heard in years, and one of the funkier things that white boys have done in some time. This could be one of the biggest records of the year for AOR, Top 40, and R&B stations, and that's not a claim I make lightly...Meanwhile, overseas, two recommended releases from England are the debut album from a ballad-oriented band called China Crisis and 'Floor Show' the debut single from the Sisters Of Mercy produced by John Ashton of the P-Furs...Some music news from overseas: Thin Lizzy are calling it quits, with a final album and British tour both to be called 'Thunder and Lightning'...Phil Lynott says it's time to move on...Former members of Adam and the Ants, Chris Hughes and Gary Tibbs, have formed a band called Merrick and Tibbs, with a single just out in England...Phil Collin has been named as Def Leppard's new guitarist...Guitarist Peter Wells is leaving Rose Tattoo, meaning lead vocalist Angry Anderson is now the only original member left in the band."

SEAN COAKLEY, ATCO (212-484-6400): "Like many, I came away from last week's convention feeling very positive about the radio forecast of featuring a higher percentage of current music. This can only be a shot in the arm for music manufacturers and also help to lessen the frequently comatose state of album radio. But please, let's stop calling it 'New Music' or we'll find ourselves backed into the same corner as with 'modal' and 'disco'. The music is either great or it's something less. So if you must label it, call it 'good music'...Vandenberg is flexing its retail legs as AOR has paved the way for CHR to rotation the single. This is a hit and should be heard. The tour begins in Madison on Feb. 6th and we'll go coast to coast...INXS comes next week. As many can attest, it's a delicious earful...We have a Pete Townshend album consisting of 25 of his personal demos, many of which became core Who tunes. The album is titled 'Scoop' and ships soon...Last call for Robert Plant's 'Far Post'. Call if you need it...Personals: MacCabe: What time is dinner?...Buck and Brian: The piano player is now taking requests. Name that tune!...Ears Feinstein: Spending time with you is always rewarding. Thanks!...Love that Bryan Adams. This guy has the goods to go all the way (a la Cougar). Please don't let CHR show us up on this one. In fact, I like the whole A&M release."

DANNY BUCH, ATLANTIC (212-484-7631): "I must apologize for the low profile of late but I've been extremely busy creating a brand new promotion methodology. Yes, I would have like to have been in Pasadena (even without the Jets) and I realize I hurt many of you by missing the Abrams Convention. However, as John Sebastian so aptly put it, "I've discovered a void that is too large to leave alone. I researched and formulated a new concept for programming a sound that does not currently exist anywhere in the country"--All Atlantic Radio (AAR). This is how it works: Frida, Phil Collins and Paul Barrere are immediately thrust into power rotations. The records are front and back announced. Clever Atlantic Oriented Promotions (CAOP) are set up around Firefall 'Always' 45, perfect for Valentines Day, and Poco both of whom are on tour. The Modern Rock void is then easily filled up with Gary Private, Blancmange, Malcolm McLaren, Modern Romance, Helen Schneider, John Martyn, Grace Jones, etc. An increase in cume and quarter maintenance (not to mention all demos) will be readily apparent in your next book. Although we're filling up fast, we still have room for a few more clients seeking those mega-numbers. But you must add fast...Personal to Mrvos: Ranger depression continues but watch for Phil Esposito to come out of retirement against Brother Tony in the Pasta Bowl Series---Volumes One And Two, January 30th and February 6th."

JEB BRIEN, CHAMPION ENTERTAINMENT (212-765-8553): "Take a look at Hall & Oates on the Retail Index. For over 10 weeks, we have been in the top 10, and actually higher. This record shows no sign of slowing down. With the new single out and tour starting (Feb. 9), we should increase to the #1 position...Happy to see MTV in the L.A. market. Happier that last Sunday MTV re-ran (by popular demand) the documentary 'The Making of H 2 O'. It exposed yet another cut 'Go Solo' off this great album. The last time MTV ran this special, 'H 2 O' was the #1 seller in all MTV markets!...Good to see WAAF on 'Family Man'...Steve Schmerler is back in action landing the liason job between Canada Dry/RCA and the 'H 2 O' tour. This is a massive undertaking. Canada Dry is investing over 2 million dollars in print and radio into this tour. Keep it together, Steve...Eric Heckman, call home."

BURT STEIN/LARRY BRAVERMAN, E/A (212-355-7610): "Friday, February 4th, you should all receive Greg Kihn's new album, 'Kihnspiracy'. With 'Jeopardy' debuting at #18 on last week's Song Index and on MTV already 2-3 times a day, you better reserve a space right now on next week's add sheet for 'Kihnspiracy'!...Motley Crue is new music. No not any English dance rock, just straight ahead, no nonsense, rock and roll that the people of Philadelphia, Providence, and San Antonio got turned onto last week. The song is 'Live Wire', side one, cut one (talk about simple!) that is already causing an uproar on MTV. Los Angeles has been behind this Crue since day one and we've sold over 50,000 albums so don't forget about the listener who wants to rock before he dances...The Riot spreads to Rochester for a 'showdown'. Miracles never cease when changes happen. Riot live has just been released on cassette for under \$5.00...There's no stopping 'All Those Lies' as Glenn Frey's new hit single breaks into the top 40...So anyhow it was fun shucking and jiving with the Superstars and having a great time with everyone out in Pasadena. But if all else fails, we are opening a chewing gum stand in Disney World. I.L.P.T."

LYNN COREY BENSON/CAROL PETERS, PASHA MUSIC (213466-3507): "Last week's conventions made it evident that '83 will be a year of transition. We at Pasha are already kicking things off with the Revillos, Randy Bishop And The Underdogs, and Quiet Riot. (P.S. Thanks for the adds on the Revillos import)...It was fabulous seeing all the radio/record people. Let's keep in touch...Bravo Judy Mc Nutt on the Modern Music Section."

RECORD ACTION CONTINUED

JOEL WEBBER, INDEPENDENT (212-255-7408): "I'm very excited about the possibilities for album radio over the next year. Just about everyone is agreed that things were getting more than a little stale lately. If the latest book and the recent rumblings from Atlanta indicate anything, it may be that album radio became too involved in technology and not involved enough with its audience. Research, it turns out, cannot keep a radio station sounding fresh, exciting, or even vaguely interesting. It takes people to do that, with all their own instincts intact and functioning. If anything comes out of album radio's new attitude, I hope it will be a recapturing of the spirit that was the power of rock and roll radio. Who knows? Someday soon, the radio may again become one of the most vital forms of cultural communication around. And that'll be fun to be a part of...The Chris DeBurgh album is making huge waves and its re-release is coming at just the right time. 'Don't Pay The Ferryman' is the cut. Chris is making excellent music that does not fall into any easy category, which is just the kind of music we should be looking for right now...The Cure 'Let's Go To Bed' is now on MTV and looks excellent. It is not often that a record can go top 5 on all the new music charts so quickly (out only 6 weeks). This one deserves serious consideration...Please listen to the Nitecaps record. Its spark and exuberance sets this record apart from the pack. Try any of the first 3 cuts on side one...Home heavies: Randy Newman, because my life is good too, and Dexys Midnight Runners, because I love hit records."

KENNY PUVOGEL, WARNER BROTHERS (213-846-9090): "On your desk this week are the following new Lps: Eric Clapton's debut album for Warner Brothers, 'Money and Cigarettes' featuring the smash single 'I've Got A Rock And Roll Heart'. We also recommend 'The Shape You're In' and 'Slow Down Linda'...Christopher Cross' second Lp called 'Another Page'. The single 'All Right' is following in the same footsteps as 'Ride Like The Wind'. We also recommend 'Deal 'Em Again' and 'No Time To Talk'...Geffen Records entry into this release is a group that is already causing quite a stir, Berlin. The single will be 'Sex'. Also worthy of airplay is the cut 'The Metro'. When this group is on tour, be sure and check them out...From Sire Records is the new album from Soft Cell called 'The Art of Falling Apart'. We recommend 'The Other Side Of Love' and 'Where The Heart Is'...Records that are out there and making strong moves are: Todd Rundgren's 'Hideaway'; Ric Ocasek's 'Something To Grab For'; Randy Newman 'The Blues', 'My Life is Good' and 'I Love L.A.'; Marshall Crenshaw 'Somebody Life You' non-Lp B side of 'Cynical Girl', Black Sabbath's 'Children Of The Sea'; Sammy Hagar's 'Remember The Heroes'; Phil Lynott's 'Ode To Liberty'; and Neil Young's 'Mr. Soul' and 'Little Thing Called Love'. (What a knockout show!)...The new Peter Gabriel single will be 'I Have The Touch' (remixed). Speaking of new, if you're looking for some new music to play (and after two conventions last week that's the feeling I got out of them), be sure to check out three records that have had real good weeks: Modern English 'I Melt With You'; Blanket Of Secrecy's 'Say You Will' and 'Dire Straits new Ep featuring 'Twisting By The Pool', 'If I Had You' and 'Two Young Lovers'. Also check out the new remix of Devo's 'That's Good'. It's hot!...Another record that sounds real hot is The The 'Uncertain Smile'...To close this week's comments I'd like to thank Bobby Z for the listening of the new ZZ Top Album. Wait until you get your hands on this one. It's a killer and it's real deep...My favorite song of the year so far is Greg Kihn's 'Jeopardy'--a smash. Until next week."

BOB LAUL, GENETIC (212-496-8326): "Special thank you department: To Jeff Cook of Arista and to Ronnie Raphael (Indy) for adding to the increasing size of Membership in the past two weeks. Also to Kid Leo John Gorman, and Denny Sanders of WMMS for The Members Coffee Break Show...The Members continues to build at radio and in the South and West, with sales right behind in Philadelphia and Cleveland...'Telephone Operator' by Pete Shelley will soon light up your phones. Next week details from Genetic's studio in London."

MIKE BONE, ARISTA (212-489-7400): "I like new music. Do you like new music? Okay, AOR kids, the smorgasboard of hit music is now open at Arista Records. Heaven 17, the buzz on 'Let Me Go' has escalated to a mild roar. 'Let Me Go' will soon be gone. Club play, calls, immediate sales and now CHR action equals hit...The Thompson Twins 'Lies' is a CHR smash on an AOR act. Put the following statement on your calendar, 'Thompson Twins will be as big as IBM in one year'. The Twins tour starts March 11th and this act kicks ass live. (A great live act is what separates the wheat from the chaff in all acts)...Ministry 'Work For Love'. Chicago's pride Al Jourgensen is off to a great start. 'Work For Love' is just one tract from an album chock full of hit material. The Members continue to pick up airplay and tour as people joining the Membership coast to coast. 'Working Girl' is the track and what everyone was looking for in L.A. and Orlando...Starfighters' 'Working Girl' and 'Who Cares' continue to rack up impressive response where programmed...Coming soon: Alex Call...Personals: I recently made a comment in jest about Sky Daniels' hiding behind Phoenix'. Just to set the record straight, his tallness has never hid behind anything. He's too tall and too good to take the easy way out...While in Florida I heard a spot for the ABC Rock Lounge on either WYNF or WQXM advertising the fact that you could hear records like 'like the Thompson Twins' in their club. As a former employee of a club, I can tell you that clubs don't have to wait for ARB ratings. Clubs get their ratings every night at the box office. If a club is advertising on album radio the fact that they play the Thompson Twins, it's worth dollars at the box office. Something's happening here folks all you have to do is open your eyes and ears. (Ron Diaz; Mr. Wide Awake)...Congratulations to Dr. Jerry Jaffe on his move up to Senior Vice President at Polygram and his engagement to nurse Celeste...What's with all these phone calls I'm getting from the FAA?...Anyone looking for a great morning personality, call Mike Lyons at 305-644-6632."

DON WASLEY, MCA (213-508-4020): "After a couple of conventions, it feels to me like things are starting to loosen up a bit--that's fantastic. I only hope we don't prejudge artist's future product by past performance. After all, we're all allowed to progress...Three projects we feel warrant your attention, out of the fantastic first offering of The Fixx Lp 'Shuttered Room', comes another classic 'Red Skies'. Already happening in Philadelphia, Cleveland, Dallas, Atlanta, San Francisco, etc...Secondly, we all know that 'Pass the Dutchie' by Musical Youth is a world-wide monster with more hooks than a tackle box. It works on CHR, black radio, and building nice on album radio from KROQ to WMMR to KZEW...And if for some reason you feel 'Dutchie' isn't gonna fly, 'Heartbreaker' off the Youth of Today will. Check it out...Lastly, Buddy Holly's 'For The First Time Anywhere' is finally on your desk.'Rock-A-Bye Rock' is a ('Rock This Town') smash. And this first version ever recorded of 'Maybe Baby' is sensational. No Buddy's not back, his music never left...Enjoy."

MICHAEL PLEN, I.R.S. (212-980-6698): "'Desperate But Not Serious' by Adam Ant blows me away. I heard it in L.A., Tucson, and San Diego before I found out who it was and decided it was great. Let's give Adam Ant that followup shot he deserves...Play 'Mexican Radio'. It's a song that will surely get phone reaction followed by sales and audience excitement...English Beat's 'Save It For Later' is the cut. 150,000 albums sold and something everyone should be playing more of...Bye from Tucson!"

FOR YOUR INFORMATION:
When reading the individual station report, please remember that there are three ways in which album rotations are tracked.

1. **PLAYS PER DAY** - This refers to the actual number of exposures an album gets between 6 AM and Midnight on an average day of the reporting week.
2. **PLAYS PER WEEK** - Most of our weekly play reporters go back over their music logs for the previous week, and those totals are relayed to us and printed up.
3. **AIRPLAY EMPHASIS** - Be careful not to confuse this with **PLAYS PER DAY/WEEK**. EMPHASIS is a system of relative scaling, based on 5. If the highest rotation album gets 8 spins per day, it receives 5 points. If another album gets 4 spins, it merits 3 points, etc. This allows a much more detailed rundown than the conventional light/medium/heavy system.

Before the lead cut listings, you will notice three columns of numbers. We feel that it is highly relevant to include the number of weeks a station has been on a given album--so we're listing that information in a third column at the far left...We list debuts with a small "d". That indicates that the lp is in the second week of play. So--this week, we took last week's debuts, and gave them a 3 in the "weeks on" column. Next week those 3's will change to 4's--and so on. It's pretty simple.

The Airplay Index is our ranking system for the amount of play on albums as a whole. We determine rankings by converting all daily and weekly play reports to a 1-5 emphasis system and totalling the points on a given Lp. We use a simple percentage breakdown to indicate the amount of play on each track.
