OPUS, "LIVE IS LIFE", POLYDOR, , And, on the other hand, if you're delivering your quota of rocket scientist rock, there's Opus. It's as simple as it gets--and as simple and effective as a flying mallet. Put it on and watch it work...WBCN, WRXL, WLIR, WHTF, WQBK, CHOM and KIL0 increased play, with no drops or dips, and 3 adds gives it 24 to date. Underlined 84-74.

Builders

THE FIRM, "MEAN BUSINESS", ATLANTIC, , "All the King's Horses" powers into the #1 slot--thanks to our second best 28 ups, 65 max, and a stranglehold on #1 Most Requested...Meanwhile, back at the castle, the three depth tracks turn in the second, third and fourth strongest song moves. "Fortune Hunter" is new on 12, now on 35, upped at WBRU, KOME, KIL0 and WKLC--all of which translates to an 89-55 charge..."Tear Down The Walls" jams 90-64, thanks to 8 more adds, 24 on and ups at KLOS, KTXQ, KOME, KLPX, WYNF, WCCC, and WKLC...Then there's "Live In Peace" with an 80-58 Underline. It went on 12, was upped at WKLC and KOME, and shows up on 29 current airplay columns. What's that spell? Try a 5-2 album Underline, with the smart money on #1 across-the-board in our next report.

ALAN PARSONS PROJECT, "STEREOTOMY", ARISTA, , This probably isn't the time or place, but Amy Dahiman's "Scrototomy" response to our "misinterpreted lyric" Question this week, does fairly well describe how firm a grip Parsons' style and persona has on the cinematic rock genre. The album beams up 11-9 (12-10 Metro), with a respectful plus 13 ups, including KSJO, WLAV, KTXQ, KMET, WIOT and WNOR. Now max on 39. Now watch for "Beaujolais" in at #100, with WLAV, KZAP, KZEL, WHCN, KFOG, KOZZ, DC101, WPYX and KPOI already on the case.

PETER DRAUGHTON, "LYING", ATLANTIC, , Were the people ready for the Big Return? Hey, that 10-5 Most Requested romp ain't kibble...Serious increases, too, led by KLOS, WHJY, KTXQ, KISS, WOIZ, WDHA, WIMZ, WWCT and WGIR. "Excellent" charts, as well: 9-7 on the Song Index, 16-13 in National Lp action, 15-12 in the top 50 markets. Now max on 16.

LOVERBOY, "THIS COULD BE THE NIGHT", COL, , Want phones? Try top 5 at WKDF, WWCK, WKLT, WXP, KZZO, KKDJ and KRNA. They're tied for #3 in play ups with 16, and sitting pretty at 26 max mentions. New on 10 for 91 total, with numbers to match: 15-10 on the Song Index, 21-16 in overall album action.

THE ALARM, "SPIRIT OF '76", IRS/MCA, , One of the steadiest second tracks on the street welcomes another 12 on board--including WDHA, WAAF, WHCN, WRXL, KROQ, WNOR, WQBK, KKDJ and KZEL...KGON, WMMR and KLBJ show increases, with KRQR, WMMR, WAAF, WNOR, WLUP, KQRS, KGON and WLIR and more at "4" or better rotation..."Spirit" nails the 54-43 Underline, with the album at 26 Nationally, and 30 Metro.

TALK TALK, "LIFE'S WHAT YOU MAKE IT", EMI, , We're talking making hay on the Checklist--what with 24 building, only 2 dropping and 16 considering/close--with play moves to match: new on 13, upped at KLOL, KISW, KBCO, KAZY, WAPL, WRCN and WMGM--with no decreases--and 87 stations to date. WWCT's Phil Manicki analyzes, "Its freshness, when teamed with the rhythms and its lyrics, add up to a smash"... Prime at #30.

Automatics

JOHN COUGAR MELLENCAMP, "UNDER THE BOARDWALK", RIVA/POLYGRAM, , Nice to see those fast phones--as per the #12 Most Requested debut. WLUP, WHCN, WFBO, WPLR, KTXQ, KEZO, WHTF and WRDU all report top 5 activity. The play-ups include WLAV, WLUP, WIOT, KKDJ, KLPX, KPOI and WPDH, with 15 max mentions..."R.O.C.K. In The U.S.A." moves to #28, new on 10 and upped on 10, led by KEZO, WLAV, WBCN, KMET, KLPX and WPYX.

ZZ TOP, "DELIRIOUS", WB, , The 20 position 40-29 jump was our 5th longest jump--and 22 adds and 9 ups should be about all you need to move this baby into power rotation. 81 FMQB reporters can't be wrong.

THE CARS, "I'M NOT THE ONE", ELEKTRA, , We know you know, but we've got to fill this page. And what's not to report regarding their 55-37 Song Underline. 14 adds pumps the total to 62, and that does mean there are puh-lenty of stations still on the fence. Increases include KESI, WIMZ, WLAV, KTXQ and KGB.

Significant Songs

"IRON EAGLE" SOUNDTRACK, CAPITOL, , King Kobra pulls in with a 97-94 gain, with WCCC upping and KFMQ, KIL0, WRKI and KRNA adding...Now on 20 reporters, including KLOL, KLAQ, WLLZ, KSRR, WBAB, WDHA, KSHE and WEZX...From KISS' Tom Schepke, "The soundtrack has some fine and varied music on it. KISS has got to play Dio's latest 'Still Hiding In The Rainbow' and don't miss T-Bone's fave, 'It's Too Late' by Helix."

FACE TO FACE, "TELL ME WHY", EPIC, , They've got a #90 debut this week--as new air on WLLZ, WCCC, WPDH, WDHA, WMGM, WCPZ and 3 more moves the total to 29. Key calls to date: WBCN, WMMR, WXRK, WHJY, KSRR, KBCO, WPYX and WQBK.

GARY MOORE, "OUT IN THE FIELDS", ATCO, , How about this from The Roz, WLLZ, "Out In The Fields" is imaginative, hard rock. We're playing it because it proved 90% positive on Doug Podell's 'Rate At 8'. Working well"...From the Checklist, Steve Becker, WKFM, notes, "Cult following that could cross over"... KICT's Lee Roberts sez, "Excellent"...Joe Blood, KEZO, agrees, "His best yet"...Larry Bruce hears, "Amazing guitar"...And from the T-Bone at KISS, "Play it for Phil"...New on WYSP, WLLZ, WQFM, KNAC, CHEZ and KRIX. Already on KOME, KIL0, and KXZL.

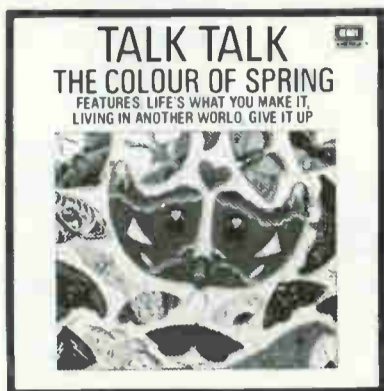

MENTAL AS ANYTHING, "LIVE IT UP", COL, , This item was just hitting at deadline, but we were able to test the waters on the Checklist: Greg Gillispie reacts, "Sounds like quirky Dave Edmunds"...From CFNY's Don Berns, "An excellent Lp"...KFMG's Michael Davis said "Catchy, hooky, etc"...WRDU's Bob Walton heard "Pure fun"...And KBCO's Doug Clifton predicts, "This should establish them as the band to replace Men At Work. Hottest add this week."

FEARGAL SHARKEY, "A GOOD HEART", A&M, , Too pop? Go to your room!! Here's Bob Kranes with the real deal, "If ever there was an obvious hit, this is it. All I can say about this one is put it on the radio--and watch. You'll see. You'll all see"...CFNY's Don Berns echoes, "The single is a classic and one of our strongest tracks so far in '86"...WBRU's Lars Murray says, "Great tune, great pipes, great production. In terms of image, he has none--so let the listeners decide"...KZEW's Cindy Bailen hears, "An inevitable CHR hit"...WSKS' Marty Bender predicts, "Big phone record"...KOZZ's Steve Funk reports "Sounds good on first listen"...And from WRKI's Mark Devine, "Real strong record."

BLACK SABBATH, "NO STRANGER TO LOVE", WB, , In light of album radio's current adult direction, we can understand programmers steering clear of your typical Sabbath offering. At the same time, there are few groups with their built-in core/male pulling power on name value alone. If you need lower demos, give their all daypart power ballad a second look. The song certainly can't hurt--and their fans will appreciate the exposure. Already on DC101, WPLR, KUPD, KISS, KXZL, KRIX, KIL0 and half-a-dozen more.

FALCO, "ROCK ME AMADEUS", A&M, , Now for something completely different--here's the record far and away Most Added at CHR this past week. A&M is on the way to a three-week close, and based on the fast massive phones Kal tells us about, you should expect some degree of novelty crossover. I won't tell you it's "right" for the format--but any programmer skilled in maximizing a phenomenon should start figuring when and if this off-the-wall item will prove useful, and when to bail.

DIRT ALERT!

BOBBY HATTRIK 1952 - 1986

Three days after being savagely murdered in his St. Louis apartment, consultant/call-out research pioneer, Bobby Hattrik, was laid to rest Sunday, February 2nd in St. Louis. Credited with developing some of radio's first call-out systems, Hattrik's "Better Rock-Less Talk" brand of AOR was a frontrunner in the use of positioning statements, computerized music selection and a short-lived set of AOR jingles that Bobby actually sang on. Making his programming debut at WDGY, Minneapolis, in 1976, Hattrik was among the first to attempt an AOR/CHR hybrid approach. His George Steinbrenner-Billy Martin relationship with Doubleday began two years later when KWK, St. Louis, tapped him as PD. By 1980 Hattrik was appointed National PD assisting in the start up of WLLZ, Detroit; KPKE, Denver; WAVA, Washington; and WAPP, New York, leaving in 1982 to form his own consultancy with KKCI, Kansas City; WYNF, Tampa, and DC101 Washington. among his first clients, later joined by the entire Doubleday chain. Eventually, a strong relationship with Sandusky developed, and at the time of his death, Hattrik was handling KBPI, Denver; KDKB, Phoenix; KEGG, Dallas; WKRL, Tampa; WLLZ, Denver; WAPP, New York; KSHE, St. Louis, along with a couple of AC projects. An associate says, pending client notification, Hattrik's business will continue in a yet to be determined capacity.

Those close to Bobby, like WKRL PD, Beau Raines, remember him as "A good friend. We've lost one of the brightest and most innovative programmers we've ever known"... "He was a great programmer, a research innovator and one of the brightest guys I ever worked with" eulogized KQRS PD Dave Hamilton, adding, "He was definitely ahead of his time"... KDKB PD John Larson noted that Hattrik "Always believed in giving the audience what they wanted. He programmed stations for people, not for other radio people. Plus, he was a true friend and a driving force in many people's careers." At press time, an investigation by the St. Louis Police Department Homicide Division continues. So far no suspect(s) have been arrested nor has a motive been established.

KGB's PRODIGAL SON RETURNS

Four weeks after resigning as Asst. PD to program WIYY, Baltimore, KGB's prodigal son Ted Edwards, returns as PD, replacing Larry Bruce who captured the KMET PD post last week. Larry, who officially starts at the Mighty Met on the 15th (although he's been doing some remote control programming already), tells us, "When I tendered my resignation and announced plans to move 100 miles up the road, the unanimous decision of management and ownership was, 'There's only one guy for the job and he's in Baltimore.' That made it a difficult and painful decision", Ted told us, "because WIYY is such a great station with a great staff. Unfortunately, the one job that I would even consider opened up literally days after I arrived. Since my heart and soul were still in San Diego, I felt that the best thing to do was go back to KGB." Naturally, selecting an MD is a priority for Ted, and although that process began shortly after he left, Ted's mind is open at this point. Although I'm certainly using the input from candidates already screened for the job. It's an MD position unlike most in that it comes with a lot of responsibility and a certain amount of autonomy and authority."

Meanwhile in Baltimore, it's back to the drawing board. But will WIYY's job search be made any easier by the availability of two veteran PDs unleashed last week?

QUOTE OF THE WEEK

From WGRX MD Kevin Malvey: "But Ted, it's an American League town."

JEFFRIES TO WTPA AND FIRST PROGRAMMING JOB

Simon Jeffries has worn many hats in his 2½ years at WCMF, Rochester: PM Driver, Promotions Director, Asst. PD and Acting PD. On February 18th he'll claim the PD title for the first time at WTPA, Mechanicsburg/Harrisburg when he replaces Louie Torrie who recently gave up PD duties to concentrate on mornings. "It's an opportunity to be PD without Acting in front of the title", Simon sez, adding, "Management is ready to field a winning horse, and I'm dying to get into the saddle"... As a parting shot to one of his final afternoon shows at 'CMF, Simon proposed to his girlfriend, Pamela, on the air--in the spirit of a true Promotions Director.

LOPEZ TO "STAY AND STARVE" AS KLAQ PD; WILLIAMS KSRR ACTING MD

The four-month "training period" is over for KLAQ MD/Acting PD Pepe Lopez, and we're happy to report that the word "Acting" has been surgically removed from Pepe's title. "I'll pass up 'moving for money' to 'stay and starve' because working with Jon Sinton and Nat Lamp is like giving Carl Sagen a gimble-mounted reflecting telescope. I've been offered the opportunity to direct a proven winner into a dynamic dynasty, so change the MD to PD on your mailing lists." A station veteran since 1979, Pepe put in two years as MD before upping to Acting PD when Arin Michaels resigned last October. Pepe's now in the process of choosing an MD, evaluating his in-house staff first, before beginning any outside research.

Warren Williams is now Acting MD at KSRR, Houston, replacing Michael Stevens who resigned last week. Look for the official announcement shortly. Warren has been doing swing shift at 97 ROCK since late last year, after a one-year hitch as KDKB, Phoenix PD and three years at KATT as MD, Production Director and PD.

WINGATE AND BOULOS BECOME RECORDHEADS; TOTOIAN GETS ESP; MOSER'S LAST WORDS

It's official--former EPA Director of Talent Acquisition/East Coast, Dick Wingate, is now Senior VP of A&R at PolyGram. No word yet on his replacement at Epic.

"On the first listen I was hooked. It's a good solid rocker that will appeal to a lot of demos. Besides, tell me why you wouldn't want to play it?" Kevin Cerenzia, WSHE.

CONTINUED

And, as subtly hinted in these pages several light years ago, John Boulos joins PolyGram as Regional Promotion Manager for the East Coast, replacing Linda Feder. Last seen in a similar position with Island Records, John now handles AOR, CHR and AC for the Recordhead family.

Former National AOR Promotion Director for A&M and Epic, Rich Totoian, has joined Bud Parger's ESP Management (Foreigner, Glen Burtnick) as National Promotion Director. Rich tells us he's "Happy to be associated with this project and will be talking to you soon if I haven't already."

Here's Bruce Moser's response to last week's industry-shaking headline: "MOSER TO BE PUT TO DEATH FOR KILLING 3": "Personal to Dr. Dirt--In the infamous words of one of your favorites, Van (The Man) Morrison, 'It's too late to stop now!'---Watch out, Doc, you could be #4."

NEW FMQB REPORTERS: WFXR, CHARLESTON; WTKX, PENSACOLA

From John Erdahl, PD, WFXR, Charleston: "After two years of nothing but Madonna and Julio on the Charleston airwaves, we at the all-new Fox, WFXR, made our AOR debut on January 4th and response has been unbelievable. We're happy to be part of the FMQB roster of reporters. We're still getting settled in our fox den, but look for updates each week and the latest in what's hot and what's not in Charleston, musically. We're taking names and we're hungry for blood!"

From Mark Dagwell, PD, WTKX, Pensacola: "TK-101 is proud to be an FMQB reporter. TK provides rockin' good times for the entire Florida panhandle--one of the fastest growing regions in the country. TK has been the Gulf Coast's AOR outlet for 6 years and we're happy to represent the area in the FMQB."

CONTRIBUTED BY LOU O'NEILL JR:

THE BOB DYLAN/TOM PETTY & THE HEARTBREAKERS five-week tour of Australia, New Zealand and Japan kicked off last week to a sell-out audience on February 5th at the Sports Ground in Wellington, New Zealand. Other stops along the tour include: Auckland; Sydney; Adelaide; Perth; Melbourne; and Sydney again on February 24th & 25th. Then, after one final show in Brisbane on March 1st, it's off to the Orient where Dylan, Petty & The Heartbreakers play shows in Tokyo on March 5th and 10th at Budokan, and rock Osaka on March 6th, with a one-nighter scheduled in Magoya on March 8th. This should be one of the hottest concert tours of 1986.

FMQB CONGRATULATES TOMMY SHANNON, the very talented bassist in the Stevie Ray Vaughan band, on his marriage last week to the gorgeous Kuma Marianne Young. The ceremony took place in Buda, Texas, and was performed by a lady judge. As you might expect, Stevie Ray was Tommy's Best Man, and the entire group - Double Trouble - was on hand to wish the bride and groom the best. Jimmie Vaughan was there, too.

DIRT ALERT!

REMEMBER FORMER ROLLING STONE MICK TAYLOR, the guitar player everybody agreed was one of the best in the world? Bruce Coffin, Mick's attorney, says that Mick is in the process of writing a book, and hopes to get back to music in the very near future with a brand new band. Wonder if the former Stone will tell all when he puts it down in black and white??

WORD ON THE STREET is that there was a top secret audition at J.P.'s Club in Manhattan on February 6th for parts in an upcoming movie - very heavy rock 'n' roll, and they only wanted characters who could fill the bill!

THE SONY VIDEO SOFTWARE COMPANY has just released a full-length videotape of the only fully rehearsed public concert John Lennon performed between the Beatles' 1966 American tour and his death in 1980. The Lennon concert has never before been available to the public on videotape or film. There was a big party last week at Lincoln Center in NYC kicking off the release of the video. Lou O'Neill Jr spotted Yoko Ono along with Sean Ono Lennon and young Julian Lennon. Julian now is sporting platinum blond hair--and it will look different! Titles in the "John Lennon Live In New York City" video include: "Instant Karma"; "Imagine"; "I Found Myself"; and "Come Together". It is a fine, fine project and certainly a definitive look at John Lennon, circa the summer of 1972.

JAMES BROWN was totally outrageous last week as he came home to New York for his very impressive performance at Radio City Music Hall. Evelyn "Champagne" King was the opening act, and also won kind words from the critics. James has now been signed by Epic Records, and Dan Hartman will be producing the new record for the Scotti Brothers. Our man in New York, Lou O'Neill Jr, spotted Hartman at the James Brown show and Dan said he's looking forward to working with James. Naturally, all of the top brass from Epic was at the James Brown blow-out, including: Dr. Don Dempsey; Ron McCarrell; Walter Winnick; Tony Martell; and Dan Beck. Also spotted: Marilyn Martin; Susan Blond and her associate, Laverne Perry; and Fiona's secret weapon, Joe Franco, the man who picks up drumsticks and suddenly becomes dangerous!!!...When the Reverend Al Sharpton was introduced from the wings, and walked center stage, you could have heard a pin drop in the giant hall. He dedicated the evening show to the seven American astronauts who lost their lives recently in the space shuttle disaster.

FMQB WAS VERY SORRY TO LEARN that one of the biggest managers of the 1960's, Albert Grossman, passed away Jan. 25 after suffering a fatal heart attack on a plane to Europe. Albert was only 59-years-old at the time of his death. Besides founding Bearsville Records, the well respected Grossman managed Bob Dylan, The Band, Todd Rundgren and many, many more. He will be sorely missed.

"ALL YOU NEED IS LOVE" is the theme of the Sixth New England Beatles Convention coming up at the New Haven Park Plaza Hotel on Friday, Saturday and Sunday, February 14, 15 and 16. Fans from all over New England will be making a beeline to New Haven as Charles F. Rosenay presents yet another tribute to the Beatles. Many experts on Beatlemania will make guest appearances, including correspondent Lou O'Neill Jr, who will be there all weekend long with his colleague, Arthur L. Field. Signed to appear are: Pete Best, the man who came within months of becoming the drummer in the Beatles instead of Ringo Starr; Andy White, the session musician who drummed on the Beatles' "Love Me Do"; and, Sam Leach, an old friend of John, Paul, George and Ringo from the Mersey-side days. Also booked: Tony Saks, the world's oldest Beatlemania and the owner of the only guitar in the world autographed by John, Paul, George and Ringo. Recently, young Julian Lennon added his signature. For more information, call Charles Rosenay, at 203-865-8131, and be sure to mark your calendar for Valentine's Day weekend!

DIRT-Y PICTURES

KOME GETS SHOT FROM MAYOR

Recognizing its long steeped tradition of community service, Mayor McEnery proclaimed February 8th as KOME DAY in San Jose. A week earlier, the station began celebrating its 15th year of rocking the Silicon Valley.

ZIMMIE AND PETTY

How's this for a file photo? Bob Dylan has enlisted Tom Petty & The Heartbreakers for a five week tour of Australia, New Zealand and Japan beginning February 5th in Wellington, New Zealand. The tour evolved from the rehearsals and performance by Dylan and the group at Farm Aid last September. (FMQB quiz: Where is Lou O'Neill Jr. T or F?)

News From Rock Over London

Every sound recording ever released in the U.K. is now to be collated on a new computerized project in London that will encompass early wax cylinders from the start of the 20th Century, right up to the present with music videos and compact discs. The one million pound national discography is being jointly set up by the British library's sound archive department and the mechanical copyright protection society. This valuable discography will be available to the public, but first, the public's help is being sought in putting it together--private collectors are being invited to fill in gaps in the information. It's estimated that it will take the next five years to get the several million items onto the computer.

On the studio front, EURHYTHMICS start work this spring on a brand new album for release later in the year. Not only has DAVE STEWART been busy producing Daryl Hall's solo album, but he's also found time to write a stunning song for KIKI DEE which is out this week. "Another Day Comes (Another Day Goes)" features HUGH MASEKELA on trumpet and Dave's pal, FEARGAL SHARKEY, on backing vocals. The song was recorded at Dave's own studio.

THE PET SHOP BOYS, who've recently been doing wonders with "West End Girls", are in the studio with producer, STEPHEN HAGUE, to record their next single and debut Lp. The single should be available later this month with the album to follow in March.

Also imminent is the solo release from JOHN TAYLOR called "I Do What I Do" ("9½ Weeks"). The song was co-written and produced by J.T. and is one of the songs from the new film "9½ Weeks".

ELTON JOHN's next British release will be a remixed version of "Cry To Heaven" from his "Ice On Fire" album.

BIG COUNTRY's return is imminent. They've announced a British tour for the second half of March, and their new album, produced by ROBIN (SADE) MILLAR should be out in April.

The lady who upstaged BOY GEORGE on more than one occasion while she was working with CULTURE CLUB, acclaimed session singer, RUBY TURNER, is at last getting the recognition she deserves with a new solo deal with Jive Records providing her with an immediate U.K. hit, Ruby's cover of the old Staples Singers' number, "If You're Ready (Come Go With Me)".

Our story in last week's column about SPANDAU BALLET's departure from Chrysalis Records - which was also widely reported in the British press - has been denied by the company. They say that SPANDAU are still contracted to the label and Chrysalis have NOT agreed to release them. So the acrimonious relationship between the two parties looks likely to drag on still further.

In the British album charts, where Lps tend to come and go with much more speed than in the American counterpart, it's unusual to see a Top 10 packed with albums that have been on release for more than a few weeks. But the albums in this week's Top 10 have spent an aggregate of 261 weeks in the chart - an average of six months each! Longest runner among those, rather surprisingly, is GO WEST's eponymously-titled debut album, with 43 weeks to its credit already.

The latest extraordinary fact to emerge about DIRE STRAITS' "Brothers In Arms" album: so strong are the sales of the compact disc version of the record, it's calculated that of all the owners of CD players in Britain, 50 per cent own a copy of the Straits' CD.

The strident guitar sound of JIMMY PAGE, the unique vocals of PAUL RODGERS... it has to be THE FIRM, coming up on ROCK OVER LONDON this week with a track from "Mean Business". We'll also be featuring another live exclusive from THE ALARM's gig in Boston in November. There's ROBERT PALMER, new releases by PREFAB SPROUT and JOHN LYDON's PIL, and a rock request that remembers the debut hit in the early 70's by a band that went on to sell millions throughout the rest of the decade. There's a lucky letter in the Melting Pot and, by way of a change, our interview guest is remixer extraordinaire, JOHN "JELLYBEAN" BENITEZ, talking about some of the British artists he's worked with, and revealing the U.K. rock classic that was just too good to remix.

The Rock Report

The BOB DYLAN/TOM PETTY entourage touched down in New Zealand last week to begin their five week tour of that country, Australia and Japan. Accompanying them on the plane was STEVIE NICKS, which fuels the possibility of her making an appearance with THE HEARTBREAKERS during their opening set. Considering the number of dates and the size of the venues, expected attendance during this tour could reach almost a quarter of a million people. No decision has been made with regard to U.S. dates, but, either way, the tour will be documented on film.

ARCADIA, the DURAN DURAN side project featuring SIMON LE BON, NICK RHODES and ROGER TAYLOR, is scheduling an art exhibition to take place in three cities: London, New York and Paris. Rhodes, who is helping to organize the show, is approaching artists to put their artistic impressions of Arcadia's album SO RED THE ROSE on canvas. Apparently ANDY WARHOL has already accepted. Nick is going to have to work fast on this project, as he and his wife JULIE are expecting their first child this year. Meanwhile, DURAN DURAN/POWER STATION bassist JOHN TAYLOR has written the theme for the upcoming movie "9 1/2 WEEKS". The film stars MICKEY ROURKE and KIM BASSINGER with a cameo appearance from ROLLING STONE RON WOOD. The song Taylor contributes is titled "I DO WHAT I DO". The movie is set to open at the end of this month. As far as Duran Duran is concerned, the group has booked studio time in London for May, or whenever Simon Le Bon docks his boat. Currently he is participating in the Whitbread World Yacht Race which begins this week in Auckland, New Zealand.

EMERSON, LAKE & POWELL's much anticipated album has now been scheduled for a mid-April release via PolyGram. According to a British trade paper, the tour that was to follow may be postponed due to damage caused to several custom built keyboards belonging to KEITH EMERSON when a tractor crashed into the side of his home studio. No confirmation of this story could be obtained Stateside.

BIG COUNTRY is in a London studio, after a fourteen month absence, working on their new album. PolyGram will release this Lp in April and a U.S. tour will most likely follow. In the meantime, Big Country is doing nine British dates beginning March 17th at the Royal Concert Hall in Nottingham. Bassist TONY BUTLER and drummer MARK BRZEZICKI most recently were involved with PETE TOWNSHEND and his latest project "WHITE CITY--A NOVEL".

"MAXIMUM OVERDRIVE" is the name of the latest STEPHEN KING film starring EMILIO ESTEVEZ (REPO MAN, BREAKFAST CLUB) and LAURA HARRINGTON. The picture, which is based on King's short story, "TRUCKS", will feature a soundtrack by AC/DC. The group has composed a new track titled "WHO MADE WHO" and provided all of the incidental music. The soundtrack was produced by HARRY VANDA and GEORGE YOUNG, late of THE EASYBEATS and FLASH IN THE PAN. Vanda and Young produced quite a few of AC/DC's early albums.

"MCCARTNEY: THE DEFINITIVE BIOGRAPHY", is the unauthorized story coming the second week of March from British writer CHRIS SALEWICZ. The book, which is being released by St. Martin's Press, features 256 pages of text with 32 pages of previously released black and white photographs. The price is \$15.95.

JACKSON BROWNE's upcoming album, LIVES IN THE BALANCE, is due from Elektra next week. This record, which is said to be on the political side, utilizes South American instruments, giving it a bit of a Latin sound. The first single, though, "FOR AMERICA", is a rocker. Browne will be playing a select number of shows in Santa Barbara in March and more dates will probably follow.

Question Of The Week

20

What are your most memorable misquoted/misconstrued lyrics from your listeners' requests?

CURT GARY, WEBN: "This would have to be the most memorable because it happens at least once a day. No matter how you try to educate them, the audience still believes that Who's 'Baba O' Riley' is actually 'Teenage Wasteland'."

GREG GILLISPIE, WDVE: "I think the three best misconceptions that I ever heard on the request line would be a guy who used to call to hear Jimmy Hendren and the Cars, 'My Bess Bess Girl' and anything by Crosby sills, National Youn."

SIMON JEFFRIES, WCMF: "'Hot And Bloody' from Foreigner. It came from a six-year old in '78, seven years before Rambo's time (or was that Lou Grambo). Sorry, Lou."

LEX STALEY, WFYV: "Played Alice Cooper at lunchtime and got two irate older females who didn't think we should be playing songs about menstruation."

AMANDA TEPPER, WPLR: "'Oh Sherrie' by Steve Perry. Instead of 'Hold One' they thought it was 'Hose Off, Hose Off'."

VIRGIL THOMPSON, WRUF: "Steve Miller Band 'Big O' Jet Airliner'. Some people thought it was 'Big hotel with a light on'... Van Halen - 'Might as well jump', someone thought the title was 'Maxwell Jump'... I had a friend who swore that on 'Take It To The Limit' from the Eagles, the phrase 'So put me on the highway' was 'So pussy on the highway'."

JIM JONES, KMOD: "How 'bout Jackson Browne's 'For A Robber'."

ERIN RILEY, WMMR: "Tom Petty doing 'I Was Barney Rubble'."

PEGGY APPLE, WQBK: "Mr. Mister 'Kyrie' was misquoted as 'Korean lasers up on the hill'."

SKID ROADIE, KYYS: "The classic is the gearhead who calls and asks if in the song 'Purple Haze', Jimi Hendrix says 'scuse me while I kiss the sky' or 'scuse me while I kiss this guy'. I told him that it was true that Hendrix was gay and some people say he was Black. Remember never question bands that own equipment older than yourself... In more recent times, a young female called and requested John Cougar's 'Jack And Diane' as 'Sucking on my chili dog'. I played it. Bon Appetit."

PAUL SHUGRUE, WRXL: "Creedence Clearwater Revival 'There's a bathroom on the right' (is really supposed to be 'Bad Moon Rising')... 'Inna Bubba Divina' by The Doors is supposed to be 'In A Gada Da Vida'... 'Fly Like A Negro' is really 'Fly Like An Eagle'."

JOE BLOOD, KEZO: "I got a request for Marillion's 'Kayleigh' except they called it 'Candy'... The Who's 'Baba O' Riley' is always requested as 'Teenage Wasteland'."

DAVID HALL, WKDF: "I've had hundreds of them, but now that you ask, I can't think of all the great ones. Nobody ever knew what 'Stay Up Late' by the Talking Heads was. They always asked for the 'baby song'... And, of course, one of the biggest mysteries in rock and roll is what the heck 'Kyrie' by Mr. Mister' is all about... One mangled lyric that comes to mind was from a fellow who thought Men At Work's 'It's a Mistake' was 'Midsummer's Day'."

JOHN TOWER, KQDS: "A female wanted to hear the song by Pat Benatar called 'I Like It Seven Times The Hard Way'."

RICK VAN GIL, WIOT: "Phantom, Rocker And Slick's 'Men Without Shame' was requested as 'Men Without Change', and Simple Minds' 'Alive And Kicking' as 'I Like Fried Chicken'."

TIM DRAYER, WHTF: "There was a song out called 'I'm Addicted Baby (To Your Love)' by Le Roux and a listener called in asking if we could play, 'I'm A Dick Head, Baby For Your Love'."

CURTISS JOHNSON, KUPD: "When the Judas Priest cut 'Green Manaleashi' was on the air, I got a call from a kid asking for 'that green thing on a leash'. There's also a current controversy over 'Kyrie' and that it sounds like 'carry a razor'."

AMY DALHMAN, WAQX: "My all-time favorite classic has got to be, 'What time will Jim Morrison and The Doors be opening?'... Beside that 'Athena She's A Hoq'... And how 'bout that new one from Parsons, you know 'Scrototomy'... Or how about Mr. Mister's 'Kill-a-gay' ('K yrie')."

PEPE LOPEZ, KLAQ: "My favorite was when Emerson Lake and Palmer was misconstrued as Emerson Lake Apartments."

JOHN BEAULIEU, WTUE: "Because of our change in demographic direction with older folks, we receive a lot less 'strange' calls than in the past. The 'Stairway To Heaven' by the Lynyrd Skynyrd-crowd is no longer there, though I wonder about last week's request for the 'song by the devil lady' (Sade)."

DUANE SHERMAN, WTOS: "'She Sells Sanctuary' by Blue Oyster Cult."

DOUG CLIFTON, KBCO: "The Stranglers' 'Better watch out for the string bean'."

BONNIE STACY, KNCN: "The most recent memorable misquote came from a young girl who wanted to hear 'Metal Church' by Motley Crue'."

BOB WALTON, WRDU: "The Clash: 'It's not the cat's vault' for 'Rock The Casbah'... I actually got a request for 'Freebird' by Led Zepplin, but probably nobody will believe me."

MARTY JENCIUS, WPGU: "'Everybody must get stoned' by Bob Dylan, 'Teenage Wasteland' by The Who. Our listeners screw up the classics."

KAREN ANDERSEN SMALL, WGIR: "'Teenage Wasteland', 'The MTV song', 'They Got Me All Screwed Up' by The Outfield."

BOB SHOWACRE, WHFS: "Richard Thompson 'Let Me Ride On The Waterbed' instead of 'Let Me Ride On The Wall Of Death'."

ACE PALADINO: "First you must understand, this is not really brain surgeon country. In addition to the usual requests for The Who's 'Teenage Wasteland' and Dire Straits' 'I Want My MTV' I almost fell out of my chair when a listener asked for 'Stairway To Heaven' by Fred Zeppelin!"

CHRIS JAMES, WTPA: "'Children Of The Corn' instead of 'Children Of The Sun' by Billy Thorpe."

LARS MURRAY, WBRU: "Steely Dan's 'It's Up To You' which after five minutes of my singing over the phone turned out to be 'Dr. Woo'."

STEVE BECKER, WKFM: "The Who 'Teenage Wasteland' for 'Baba O' Riley'; Head East 'Going Down For The Last Time' for 'Never Been Any Reason'; Peter Gabriel 'She's So Popular' for 'Themes Without Frontiers'; Dire Straits 'I Want My MTV' for 'Money For Nothing' and one call I got years ago wanted 'Bush' when they meant 'Tush' from ZZ Top."

QUESTION CONTINUED

BOB BITTENS, WHCN: "There are too many misquotes to go into! But one thing I won't ever do is play 'Baba O'Rilly' for anyone who asks for 'Teenage Wasteland' by The Who."

CINDY BAILEN, KZEW: "The best one of all time - Creedence Clearwater's 'There's a bathroom on the right', 'I Was Barney Rubble' by Tom Petty, and 'Teenage Waistband' by The Who."

MARTY BENDER, WSKS: "Teenage Wasteland' by Barbara Riley and 'Dirty Lowdown' by Bob Scabs."

LEE ROBERT, KICT: "'Freebird' by Led Zeppelin or I wanna hear 'Stairway' by Lynyrd Skynrd."

VINCE MERTZ, KZEL: "A lady called in and asked for 'Living In A Swamp'. We had no idea what she was talking about. It turned out that she was talking about The Who's 'Eminence Front'."

THE ROZ, WLLZ: "For 'Eminence Front', it was 'Living In Funk!'"

STEVE FUNK, KOZZ: "Creedence Clearwater's 'Bathroom On The Right' for 'Bad Moon Rising!'"

NEXT WEEK'S QUESTION WAS SUGGESTED BY WHCN'S BOB BITTENS: "What is the best part of your job? The worst? Please have your answers ready on Tuesday, February 11th. Thank you."

Radio Action

KGB-FM, SAN DIEGO, CA P.D.-LARRY BRUCE: "I'm sure this may be old news to some of you by now, but if it's not, let me be the first to say that KGB-FM is very happy to welcome our prodigal son, Ted Edwards, back to the fold as the new KGB-FM Program Director. When I tendered my resignation and announced plans to move 100 miles up the road, the unanimous decision of management and ownership was 'there's only one guy for the job and he's in Baltimore'. Ted will take over duties upon his return, and you can reach him at KGB beginning Monday, February 10th. We will be in a transition management situation until my arrival in Los Angeles, later that week...The Honeymoon Suite will be monstrous; qualifying as my favorite add of the week."

WDVE, PITTSBURGH, PA P.D.-GREG GILLISPIE: "The Outfield record has certainly been around for a while, but I think now it's starting to sneak up on people and take them by surprise, and I would certainly count myself as one of those who had discounted this song long ago. But now from talking with a few people, it appears as though it's gonna work. So we'll give it a shot and see if it works in Pittsburgh...Here're some things that we're working on the phones: the T-Birds, Cougar's 'Boardwalk', the Hooters' 'Day By Day', INXS 'What You Need' (finally clicks in after two months of airplay). Mike + The Mechanics 'Silent Running' and The Firm continue to dominate at #1...Saleswise: Frampton and INXS are starting to move, as is the Marilyn Martin, and Ozzy Osbourne debuts at #11...I'm a little bit leary of some of the soundtrack music that's coming out lately. It seems as though many of the songs were made specifically for a portion of the movie and they just don't hold up on their own on the radio, while others seem like they're just throwaway tracks from a band's recent album project. I'm sure music and movies will be a phenomenon that will be around for a long time, but I think as programmers we should keep a close eye on the situation...Kudos to the people at Rockline for their show last night with Yoko Ono and the tribute to John Lennon. Once again, they made it possible for your audience to literally reach out and touch someone that they never would have been able to before."

KMET, LOS ANGELES, M.D.-PAM EDWARDS: "Call it a late Christmas, or an early Valentine's treat - we've got the adds to please this week at KMET. Yes, radio-land, Larry Bruce has arrived and is ready to rock Southern California. Thanks to all for your support during this past crazy month...Onto the music: Robert Tepper's 'No Easy Way Out' is a smash. This guy is going to be a star. L.A. has really caught the fever. If this song and 'Le Bel Age' are any indication of his abilities, his forthcoming solo LP could make him a household name...Jimmy Barnes really sounds good on the radio. We're getting lots of curiosity calls, too. The album sleeve reads like a who's who of L.A. musicians. This guy has definitely got the right connections...One of the biggest response records at the station has been Daltrey's 'Quicksilver Lightning'. The phones go wild every time it hits the turntable. With the movie opening in a couple of weeks, it should really take off...As a followup to Mr. Mister's 'Kyrie', Mr. Mister's 'Is It Love' is another melodic and catchy effort. Didn't they look great on the American Music Awards? That just proves that nice guys don't always finish last...Thanks to Ozzy Osbourne for his personal visit and extra, extra special thanks to Aerosmith and, specifically, Stephen Tyler for the kind words from the stage at the sports arena. I don't think I've ever seen a band go out on a limb for a station in a big venue like they did. Your support will never be forgotten."

WNEW-FM, NEW YORK CITY, NY M.D.-MARK CHERNOFF: "Local music sure sounds good. We enjoyed having The Rattlers live along with Darlene Love when our morning show was live from the world famous Horn And Hardart Automat...Robert Tepper also made a guest appearance. This week it's Glen Burtnick live to celebrate Chinese New Year with Dave Herman and 700 guests on the Silver Palace. We're banging away on 'Little Red House'... And to cap it off we'll be celebrating Valentine's week with the Del Fuegos as our house band plus some very special guests...Early returns on Brian Setzer's new single show lots of 'yea' and no 'nay'. We debuted Brian's new single and moments later he called in to thank us live on the air with Scott Muni. Many thanks to all in helping us put together these great promotions."

WQFM, MILWAUKEE, WI M.D.-DANA BROWN: "Wow, this has been some week for Milwaukee. So many Milwaukee bands and artists are doing well here. I guess it can truly be said that Milwaukee really supports its own. Let me start from the beginning. First, Ruby Starr with 'Secrets Of The Heart' is getting great phones and climbing the charts...Milwaukee's own Bad Boy has produced two killer cuts from their latest EP, 'Midnight Love' and 'She Can Drive You Crazy'...Next a band from Toronto, whose lead singer, George Criston, is also from the Milwaukee area, is doing extremely well with the title track from their second LP, 'Welcome To The Club'...And last but not least, Milwaukee's own Violent Femmes have returned with a vengeance. Their latest record on Warner/Slash, 'The Blind Leading The Naked', has brought us a number of great tracks, two of which are 'Love And Make Me Three', and an old Mark Bolan song, 'Children Of The Revolution'. If you like new music with a message, you're gonna love this album...Some other funthings to talk about real quickly are the Del Fuegos and Blue Oyster Cult. If you haven't heard these yet, it's your loss...That's it from Milwaukee. Keep rockin'."

KBCO, BOULDER, CO M.D.-DOUG CLIFTON: "Top 5 retail: Sade, Pete Townshend, Mike + The Mechanics, Dream Academy, INXS...Top 5 phones: Level 42, Talk Talk, Hoodoo Gurus, Pete Townshend, Robert Palmer...Hottest add this week: Mental As Anything 'Live It Up'. This should establish them as the band to replace Men At Work...Best rock and roll number this week is definitely The Fabulous Thunderbirds' 'Tuff Enuff'... Best new soundtrack, 'Pretty In Pink'. It looks and sounds like a followup to 'The Breakfast Club' soundtrack. With artists like OMD, Suzanne Vega, Psychedelic Furs and New Order, you've got the best of 80's new music featured here...Congratulations to KBCO Operations Manager, Dennis Constantine, who celebrated 20 years on the air February 7th."

KZEW, DALLAS, TX ASST. P.D./M.D.-CINDY BAILEN: "Are you 'Tuff Enuff' for the Fabulous Thunderbirds? I like the whole album!...It's been sharing time on the home stereo this week with Robert Palmer's 'Addicted To Love', the Tommy Keene cassette, and side one of the 'Pretty In Pink' soundtrack...Lots of good calls are coming in to the ZOO about John Cougar Mellencamp's 'Under The Boardwalk', INXS, The Firm, and Dokken's 'Unchain The Night'."

RADIO ACTION CONTINUED

WLLZ, DETROIT, MI INTERIM M.D.-THE ROZ: "98.7 WLLZ joins the industry in shock and sadness at the death of our long time associate Bobby Hatrick. Our prayers are with his family. He will be missed."

KISS, SAN ANTONIO, TX M.D.-TOM SCHEPPKE: "Join T-Bone in this week's musical adventure called 'Looking For Hooks'. The best hook yielder of the week is the new Honeymoon Suite 12". It's exceptional. T-Bone's gonna take this one and feel it again and again and again...The 'Iron Eagle' soundtrack has some fine and varied music on it...The mighty fine 99.5 KISS has got to play Dio's latest, 'Still Hiding In The Rainbow'...And don't miss T-Bone's fave, 'It's Too Late' by Helix...Finally, I'm still in need of heavy metal or non-MTV alternative type videos to be run on a local video show to be hosted by Joe Anthony and yours truly. Send all and any VHS tapes to Tom Scheppke, c/o 99.5 KISS, 1100 North Main Avenue, San Antonio, TX 78212...Rock steady, T-Bone."

KOME, SAN JOSE, CA M.D.-CANDI CHAMBERLAIN: "Many thanks to Ray Gmeiner and Elektra Records for a most enjoyable evening with Joe Lynn Turner at the Oakland Coliseum last Sunday night. Joe sounds better than ever and it was my great pleasure to wind up singing an old Skyliners' tune with Joe after the show was over. Bathrooms have always made the best acoustics possible for a cappella. We went looking for an echo and indeed, we found one...Elsewhere in the news, KOME has had our very own KOME Day proclaimed by the mayor of San Jose. Saturday, February 8th was it, and much merry making ensued as a result. We'd like to remind everyone that we are in the midst of celebrating KOME's 15th anniversary, and we would really appreciate artist ID's and greetings...On the music scene, I must say that I have never heard Ozzy sound better. Three cheers and a half...Strong tracks elsewhere include three-deep into The Firm Lp: 'Fortune Hunter', 'Live In Peace', and 'All The King's Horses'...Look for the new Brian Setzer to move very quickly into a stronghold. Excellent tune...Don't miss out on Frankie Miller's 'I'd Lie To You For Your Love'. It sounds fabulous on the radio...Hello, Jeff Paris, Hello!"

WYNF, TAMPA/ST. PETERSBURG, FL ASST. P.D./M.D.-RON DIAZ: "'Feel It Again' from Honeymoon Suite shows growth and maturity for this band in a big way - a well arranged punchy track that will take no time to climb to the top. The softly textured intro really catches you off guard. It's an effective lead in to a powerful song. 'Feel It Again' will put Honeymoon Suite in the upper echelon of new rock and roll bands. It's a sure shot hit...The Outfield has developed into one of the strongest records on the air for us. 'Your Love' has performed even better than the successful 'Say It Isn't So'...The fourth track we're using off the 'Afterburner' Lp from ZZ Top could be the strongest. 'Rough Boy' is a bluesy ballsey ballad...The Starship's 'Tomorrow' is our third track from the 'Hoopla' Lp and it's a sleeper - too good to wait on...How about Fiona on 'Miami Vice'? I haven't slept since Friday night. She was mahvelous."

CFNY, TORONTO, CN ASST. P.D./M.D.-DON BERNS: "It's a real strong week for Canadian music this week, with the new Bruce Cockburn Lp leading the pack for the second week in a row as the most played record on CFNY. If your station goes out of its way to find new and exciting music to play, the following artists are all receiving top 25 airplay here: The Singing Fools, West End Dance Project, Neo A 4, Vis A Vis, The Northern Pikes, The Look People (all indie product), The Lucy Show (A&M), Moev (Profile) and Images In Vogue (Quality). While it's true that Canadian stations have to play a minimum of Canadian records, we could play it safe with all the 'hit' oldies we have in our library, but there is a great demand for the above mentioned product, especially Vis A Vis and Cockburn. This might make it worth your while to contact your nearest Canadian record company or give us a call at 416-453-7452 and ask for Eddy V. or myself and we'll be more than happy to direct you to the indie artists involved. If the first month of '86 is any indication, there's some super hot music coming out of Canada this year. Thanks to John Lombard from 10,000 Maniacs and Neal Arthur and Stephen Luscomb from Blancmange for stopping by for live mike interviews. The Maniacs have a good sound in concert, although they could use a little more variety in their material and it would be nice if the audience could understand the lyrics that are being sung. As for Blancmange, that show is tonight and I can't wait...The Feargal Sharkey single is a classic and one of our strongest tracks so far in '86. 'You Little Thief' is shaping up as the second strongest track and you owe it to yourself to hear his version of 'It's All Over Now'...From the 'Pretty In Pink' soundtrack, OMD, Suzanne Vega and New Order are all getting good initial airplay...I can't say enough about Midge Ure's 'If I Was'. This track has received monumental airplay in Toronto from AOR, CHR and, of course, alternative radio. To give you an indication of how big the song is, it brought an already enthusiastic audience to a near frenzy when he performed it in concert here last December. It's an instant classic."

KGON, PORTLAND, OR M.D.-INESSA YORK: "We really like The Call. The time is right for bands of this ilk. And to borrow on The Call's last tune, it certainly seems the walls have done come down on the stigma surrounding late 70's early 80's new wave bands. i.e. Simple Minds, Talking Heads, et al. Now if we could just keep our ears open for other jems in our own back yard...Since I've just stepped back in the radio ranch after being 'just a mommie' for the past three months, I still have listening homework to do, but a couple of things still stand out: The Cult is high on my list. I like this trend toward music with passion, (Now if we could just get it on the air...).Real nice to see Honeymoon Suite get a shot...Frampton's 'All Eyes On You' is my favorite track there, and I really like the new Church 'Tantalized'...Out in adventureland: Echo And The Bunnymen continue to amaze. Check out the B-side to the import 12" single of 'Dancing Horses' called 'Bedbugs and Ballyhoo'...And finally one of my first nights out since the babe was to go and see Johnny Koontz And The Distractions--How come this guy's so good and totally unafraid to surround himself with a great band, i.e. fellow band member Kenny Day? They make a great team."

WBAB, LONG ISLAND, NY M.D.-RALPH TORTORA: "Segue of the week: Bangles 'Manic Monday' into Huey Lewis 'Back In Time'...Attention Stevie Ray Vaughan: Check out the Benny Wallace's album on Blue Note Records. Stevie's on it and it's a killer."

WHCN, HARTFORD, CT ASST. P.D.-BOB BITTENS: "Brian Setzer's first solo effort is a nice surprise. Solid guitar pop American style with a classic folk rock feel and a hook to keep you hummin'...Buzz, buzz, buzz, buzz, The Fabulous Thunderbirds, buzz, buzz, buzz, buzz...We'll go a track deeper with The Alarm this week. They have a strong following in this area and their 'Spirit Of '76' is even a bit more musical than 'Strength'. I like the reliance on acoustic rather than electric guitar textures...I also like the song 'Boy (Go)' from The Golden Palominos. Hopefully this somewhat obscure but high quality album didn't bypass your turntable. It features Michael Stipe of R.E.M. on vocals and one of the world's unsung guitar heroes Richard Thompson and should work fine on the air in any market where R.E.M. has done well...I'm not impressed with the choice single from the Midge Ure album. It strikes me as being fairly boring synth-pop. There are several great songs on the album including a killer cover version of 'Living In The Past' by Jethro Tull--already generating a lot of curiosity calls at HCN."

QQRS, MINNEAPOLIS, MN M.D.-WALLY WALKER: "The Del Fuegos success story continues here in the Twin Cities. They're not just for Boston anymore. 'I Still Want You' is developing faster than 'Don't Run Wild', which was one of the best secret weapons we've had lately...Other builders in the Great White North include INXS, The Firm, The Alarm, and ZZ Top...Thanks to all the artists (you know who you are) who have sent us ID's for our 18th birthday. We really appreciate it and you will be remembered. We still would like to have more however. Please mention 92KQRS and Minnesota's home of rock and roll' in your birthday greetings. Thanks a lot."

WCCC, HARTFORD, CT M.D.-BRIAN ILLES: "What a pleasure it is to be playing the hot new release from the guy with the coolest first name in rock and roll, Brian Setzer. After the last Stray Cats' album, you had to wonder if this Long Island boy could really cut it, and he does with the 'Knife Feels Like Justice'. No cutesy gimmicks involved here, just the kind of early rock and roll that typifies Brian's roots... You knew that when Dave Edmunds got involved with Jimmy Vaughan the Fabulous Thunderbirds would finally live up to their name. To say they're as hot as Texas chili is cliché, so how 'bout they're as cool and smooth as an ice cold can of Lone Star'."

WLIR, LONG ISLAND, NY M.D.-LARRY "THE DUCK" DUNN: "Great week for music. We're going wild over the 'Pretty In Pink' Soundtrack. This is our #1 record this week. OMD and Suzanne Vega are the standouts--you know our support is 100%!...Fun, baby, fun--that's what I say about the single by Stan 'The Man' Ridgway. Drive this sucker home! We love it to death...Good to see Brian Setzer. To me, Brian can do no wrong--our local boy has done well. Brian paid his dues long ago, and this song is a natural. Again, his influence is a standout on this track-hot shit...By the way, if you dig this new Tommy Keene single, wait till you see him live. His versatility can only be admired. At long last, Tommy is no longer the critics' artist. Welcome to the airwaves, Tommy Keene...Thanks to Blancmange and The Replacements for phoning in live on-the-air. By the way, WLIR co-promoted both bands back-to-back nights at the Ritz. Both shows sold out!..Screamer-Of-The-Week: Public Image Ltd--'Rise'."

KFMG, ALBUQUERQUE, NM M.D.-MICHAEL DAVIS: "ROCK108's thanks to Aerosmith, their management, and the Geffen/Warner Bros. folks, Tyler and Perry on the radio--always an experience!...Fabulous are the Thunderbirds. 'Tuff Enuff' starts in medium...Others joining brother Jimmie and band in medium are Glen Burtnick, Brian Setzer and Honeymoon Suite...Our audience continues to rock--we're four cuts deep on The Firm's 'Mean Business'...Check out the new Ozzy. We are proud of the Albuquerque boy on drums. It truly smokes."

WIOT, TOLEDO, OH M.D.-RICK VAN GIL: "What a great 'Miami Vice' last Friday. Fiona was simply stunning, and how 'bout that Nugent tune? Ted is back. It's just too darn bad that we don't have his song to play. I was thinking about declaring war on Atlantic to get the record, but that would cost millions of dollars and thousands of lives. Then I thought about suing, but that would tie up the tune for decades. So I came up with baseball card trading. I will dip into my Cleveland Indians' baseball cards and give the president of Atlantic Records a 1977 Rick Austin, a 1972 Ray Lamb, a 1980 team photo, plus my Chief Wahoo bobbling head doll for one copy of Ted Nugent's 'Little Miss Dangerous'. Meet me at the clubhouse after school, and we can hammer out a deal. The password is 'coodies'."

WTPA, MECHANICSBURG, PA M.D.-CHRIS JAMES: "Greetings from the Harrisburg area's #1 rocker. In case you haven't heard by now, we do finally have a new P.D., Simon Jeffries, from WCMF, Rochester. We're very excited and glad to welcome Simon aboard. In viewing his track record in Rochester, all I can say is there is no such thing as competition anymore. Simon will officially take over the duties of P.D. on February 18th...A note to all music programmers: If you want to get in contact with me, my new hours are Monday, Tuesday, Wednesday and Friday, 10:30AM till Noon...Aloha and Keep Rockin'."

WFXR, CHARLESTON, SC P.D.-JON ERDAHL: "We'd like to start by thanking all the labels that are supporting us with excellent service. We're looking for artist IDs. Sample copy: 'Hi, I'm _____ from _____ and you're listening to 101.7 WFXR, the All New Fox. Charleston's rock and roll leader.' May the South be ready, cause the new AOR in Charleston is gonna kick some serious ass!"

WRUF, GAINESVILLE, FL M.D.-VIRGIL THOMPSON: "A surprisingly fresh-sounding record from Brian Setzer with 'The Knife Feels Like Justice'. It sounded great the first time I heard it...Honeymoon Suite's 'New Girl Now' worked well for us the first time, and I'll bet that we 'Feel It Again' with the band's new tune...Stevie Ray Vaughan is one of my personal favorites, and he is another artist that has performed well for us in the past. His brother's band, F/Thunderbirds, is right on line with Stevie's unique sound and, although I might be a little prejudice, 'Tuff Enuff' is just that and even more."

WBCN, BOSTON, MA ASST. P.D./M.D.-BOB KRANES: "First of all, many many thanks to Atlantic Records Chairman of the Board, Ahmet Ertegun, for granting WBCN an interview the day after the rock and roll hall of fame dinner...Thanks to Phantom,Rocker and Slick and Flesh For Lulu for stopping by the station this past week... If ever there was an obvious hit, Feargal Sharkey's 'A Good Heart' is it. All I can say about this one is 'put it on the radio--and watch, you'll see--you'll all see'...Who's afraid of the Blizzard Of Oz? Emerald City rocks again and Ozzy Osbourne rules. 'Shot In the Dark' is the most successful piece of music yet from this madman of rock and roll...Speaking of a accessibility, how about Blue Oyster Cult? There is no hesitation involved with BOC. They are easily recognizable and their fans are everywhere... We have been a Cult bandwagon here for quite some time. 'She Sells Sanctuary' continues to get a lot of attention. Now with 'Rain' easily accessible, there is a need to spread the word a little bit further... If I had to pick a close runner up for a band that is following rightbehind The Cult, it's Jesus and Mary Chain. It's gonna be hard to get this one going in some spots, but 'Psycho Candy' is the balls. Check out 'Just Like Honey'...Back to this side of the planet, we find the new one from Mickey Thomas, 'Stand In The Fire', is hitbound. The song has all the key ingredients of an instant smash. Just add airplay and watch it take off...Big Mattress Song Of The Week is Peter Frampton's 'Lying'."

KLPX, TUCSON, AZ M.D.-MARGIE RYE: "We are h-o-t 'In My Dreams' (it invades them every night)!...If you haven't already, check out 'Spirit Of Love' from the new Firm album--destined to be a classic!"

KRKE, ALBUQUERQUE, NM M.D.-JESSIE BRICE: "The Firm continues to pull good phones as well as INXS and Alan Parsons...So glad to see the success of 'These Dreams'. Maybe Heart will let Nancy sing more often. It's by far the best cut on the album and continues to be a heavy for us this week...We just put on 941 songs in a row from the compact disc last weekend and the response was, needless to say, overwhelming! No doubt we are the laser leader in New Mexico!"

KWHL, ANCHORAGE, AK M.D.-KEVIN VARGAS: "Thank you, Chrysalis, for the Benatar CD! Thank you Elektra for the Dokken CD! Keep those CD's coming, folks!... 'Stereotomy' is a fabulous album, not just a fabulous single. Hook filled vocals combine with excellent instrumental tracks to make this a fine record throughout... 'In The Real World' will keep the recent converts happy and AOR could use more ballads like 'Lime-light'...Ask me about The Firm album and I'll say I l-o-v-e it. Come on, boss, let me play 'Cadillac' every night...No matter who you think they sound like, INXS has 'What We Need'. R&B rocking--even here in the tundra they love it!"

WHTF, YORK, PA M.D.-TIM DRAYER: " 'Under The Boardwalk' from John Mellencamp has sky rocketed here in Central PA. Already the track is #1 request and record stores are getting hit with inquiries on how they can get this cut. Here is one of those magical songs that AOR can call its own...Robert Palmer 'Addicted To Love' is my pick-of-the-week. The cut is strong, and is already pulling in phones!"

WOUR, UTICA/SYRACUSE, NY M.D.-TOM STARR: "The wisdom of tampering with a classic usually runs a close second to checking for a gas leak with a match. But the only thing Elvis Costello's cover of 'Don't Let Me Be Misunderstood' has ignited, is the phone! Mr. Burnett's production fits the big E to a T and it's good to have him back...I'll always be partial to Southside's version of 'Hearts Of Stone', but FMQB's tip on the Martee Lebow zeros in on the key ingredient of female perspective, the under-representation of which is murder on the format's female numbers. It's songs like this that enable us to effectively counter the heavy female orientation of CHR lists...Anyone sentenced to go through life with a name like Midge Ure deserves a break--Just ask Feargal Sharkey!...All of us in the Northeast are amused and confused over the decision to use 'Boardwalk' instead of 'Cold Sweat', or one of the other oldies, as the B-side to John Cougar Mellencamp's new one...This week HIRSCH/HOUSER hot-pajama-pick: The Call's 'I Still Believe'--do we ever!"

WPYX, ALBANY, NY ASST. P.D./M.D.-BOB WELCH: "I'll ignore the obvious Smalley comments this week and instead thank Dave Morell and the Capitol team for the hospitality extended to myself and Andi Turco at the 'John Lennon Live In New York' screening. The sound quality of the film is incredible--the best I've ever heard at a concert film. The film shows the John Lennon we've read and heard about: cynical, sarcastic, intelligent and a visionary. Obviously the editing of the film and the remix of the audio were a labor of love for all involved--his spirit lives on!"

WLNZ, LANSING, MI P.D.-LINDA LANCI: "The lasers favorite this week are Blue Oyster Cult 'Dancin' In The Ruins' and Ozzy's 'Shot In The Dark'. For those of you who think Ozzy only flies at night, think again. This one has potential to soar all day! As for viewing the album cover, a queasy stomach is not advised!... Great phone response for the Blue Oyster Cult 'Dancin' In The Ruins'. It grabbed me the first time and gets better with every spin. It's one of the best sounding tracks in years!"

WBRU, PROVIDENCE, RI M.D.-LARS MURRAY: "We'll go with Mr. Boobydick this week, as Feargal Sharkey's 'Good Heart' leads the list of adds. Great tune, great pipes, great production! In terms of image, he has none, so let the listeners decide...Stevie Ray Vaughan, George Thorogood and the Fabulous Thunderbirds, 3 kings of the rockin' blues, almost sounds like a poker hand! 'Tuff Enuff' by the Fabulous Thunderbirds is perfect for Rhode Island where R&B rules--give us raunch anytime--the hook's a bonus...John Cougar's 'Under The Boardwalk' should be an A-side, but we'll take it as it comes. For once a B-side that's more than filler or a marketing track...Brian Setzer's 'Knife' exhibits a complexity he hasn't shown before--good job!...The Bangles continue through the roof, pity to those of you who've missed the boat--start swimming!... Oh yeah, Opus is leaving the docks soon, too...I had initial doubts about INXS 'What You Need'. Sales and requests prove me wrong and this one really grows on you, and more importantly, your listeners!"

WKDF, NASHVILLE, TN M.D.-DAVID HALL: "This time I think Island may have the Robert Palmer that will follow the success of his Power Station work! 'Addicted To Love' not only sounds good, but hits home lyrically for anyone who has ever been in love and isn't that practically everybody listening to the radio?...I've always felt that Pete Townshend 'Secondhand Love' had great potential as a hit, and this week we're going with it as our third emphasis track from 'White City'...For anyone thinking ahead on the Heart album (which will undoubtedly yield at least 1 or 2 more hits), there's some great and yet untapped material on Side 2. We're already getting requests for the big tempo song 'Nothing At All', and for the ballad 'Nobody Home'."

KLQO, EL PASO, TX P.D.-PEPE LOPEZ: "Looking around at all of the line up changes going on, I'm happy to say Pepe Lopez is here to stay. I'll pass up 'moving for money' to 'stay and starve' because working with Jon Sinton and Nat Lamp is like giving Carl Sagen a gimbal-mounted reflecting telescope. I've been offered the opportunity to direct a proven winner into a dynamic dynasty. So change the M.D. to P.D. on your mailing list and make a note that music calls will be taken Thursday and Friday only until further notice...Top honors go to Warner Bros. this week. Not only is Jerry Barrett on a health kick (way to go, Bebe), but he has a potential top 10 track from Honeymoon Suite. CHR will pick this one up so get there first."

WRKI, BRIDGEPORT, CT M.D.-MARK DEVINE: "I haven't stopped listening to the Fabulous Thunderbirds since I got the advance cassette! Jimmy Vaughan is fine, but the singing is what makes this record! 'Tuff Enuff' sounds like a great exclusive AOR cut and the rest of the record sounds fantastic on the highway!"

WPLR, NEW HAVEN, CT M.D.-AMANDA TEPPER: "With all the records I had to catch up on this week, there were only a few real standouts. I especially like the Brian Setzer and the latest from The Call. I've been a fan of The Call for their past two albums but I wasn't ready to love their latest as much as I do! All those listeners now calling up for INXS and Simple Minds will soon be doing the same for The Call. If you're ever going to St. Martin, I can now tell you about all the h-o-t spots there. What a blast! And Neal pronounced the new Island calendar 'A Classic!'"

KRNA, IOWA CITY, IA M.D.-STEVE KOSBAU: "ADDS: Honeymoon Suite; King Cobra; Fabulous Thunderbirds; Brian Setzer; Dream Academy; OMD/Pretty In Pink; ZZ Top...MOST REQUESTED: Ozzy Osbourne 'Shot'; Bangles 'Monday'; INXS 'What'; Loverboy 'This'; Heart 'Dreams'...INCREASED PLAY: Cars; John Mellencamp...INCREASED SALES: ZZ Top; Heart; INXS; Ozzy Osbourne; Dream Academy; Starship; Tom Petty; Bangles; Charlie Sexton; 'Rocky IV'; The Firm; Alan Parsons...The Dream Academy is every bit as strong as their last single and I look forward to it being a smash...Very surprised with the response to Ozzy's sales, and phones are doing extremely well. Lots of female requests...Midge Ure is excellent. A mass appeal record that is on its way to the top."

KRIX, BROWNSVILLE, TX ASST. CHEZ-FM, OTTAWA, CN M.D.-GREG TORRINGTON: "ADDS: Level 42 'Something', 'Hot Water'; Gary Moore 'Fields'; 'Pretty In Pink' soundtrack; Suzanne Vega 'Left'; Psychedelic Furs 'Pretty'...CONSIDERING: John Lennon; Brian Setzer...MOST REQUESTED: Alexi Sayle 'Kill'; Mink DeVille 'Italian Shoes'; Mr. Mister 'Kyrie'; The Cult 'Sanctuary'; Midge Ure 'If I Was'...INCREASED PLAY: Charlie Sexton; Waterboys; Mink DeVille...INCREASED SALES: a-ha; Bruce Cockburn; The Cult; Marti Jones; Robert Palmer."

WKFM, FULTON/SYRACUSE, NY P.D.-STEVE BECKER: "I'll be taking music calls Wednesday-Friday between 2:00-4:00PM. If you have to get me on Monday, make it between 2:00-3:00PM...I want to thank these people who kept in touch through the changes: Jeff Criden; John Weston; Sue DeBenedette; Charley Dattray; Jay Brooks; Jay Miggins and David Ross...Earwax: Honeymoon Suite almost went all the way with 'New Girl Now'--I can 'Feel It Again' with the new one--It should pick up where 'New Girl' left off...Turntable faves: Mike + The Mechanics 'Miracle'; Talk Talk 'Life'; and the Alan Parsons Lp."

WCPZ, SANDUSKY, OH M.D.-KEVIN YOUNG: "ADDS: Honeymoon Suite 'Feel'; Fabulous Thunderbirds 'Tuff'; Divinyls 'Beauty'; Face To Face 'Tell'; Brian Setzer 'Knife'; Blue Oyster Cult 'Ruins'...CONSIDERING: Waterboys; Eurythmics...MOST REQUESTED: Lou Reed 'Chemical'; Robert Palmer 'Addicted'; INXS 'What'; Elton John 'Nikita'; John Lennon 'Come'...INCREASED PLAY: Golden Palominos; Dream Academy; Alarm; Pat Benatar...The Lou Reed track from the 'White Nights' soundtrack tops my request list this week. The appeal is very wide--from 40 year old males to 25 year old females. And at a high school dance this week, it was reported to be one of the most requested. This cut could happen AOR, CHR and A/C...Honeymoon Suite is a bonafide h-i-t...The Brian Setzer is a new innovative direction for him, and I bet AOR listeners will respond very positively to it... 'Life's What You Make It' is the Talk Talk of the town...As long as my audience still remembers 'Mad Man Across The Water'--'Nikita' by Elton John fits like a hand in a glove...And the Fabulous Thunderbirds is 'Tuff Enuff' to be a killer!"

WDHA, NORTH JERSEY G.M.-BOB LINDER: "If you're truly techno-hip (I say this tongue-in-cheek) you'll just have to have the new \$649 speakers incased in solid lucite with neon lights inside. In the same new Sharper Image catalogue, you might find a better, although more costly, alternative--a cigarette cafe racing boat for only \$119,500 or a \$1,595 computer video road navigation system for your BMW! I mean, you've got to hit up your boss for more money if you're going to keep up with the 'Miami Vice' crowd! Speaking of vice, TV or movie soundtracks are certainly continuing to make a major impact in the music world. 'Iron Eagle' is an example of how a dynamite Lp can help a so-so movie. Of course the reverse often happens too, but movies and music are closer today than ever!...I enjoyed Fiona on last week's 'Miami Vice' and am looking forward to Joan Jett's screen debut as Michael Fox's sister in 'Light Of The Day' for Fall release...By the way, an additional cut worth checking on 'Iron Eagle' is Eric Martin's 'These Are The Good Times'...An additional cut worth adding from 'Quicksilver' is the 'Love Song (Through The Night)' from John Parr and Marilyn Martin... Although the 'Pretty In Pink' soundtrack isn't as strong, there is a neat little song 'Left Of Center' by Suzanne Vega and Joe Jackson...Check out the John Hiatt cut on 'Youngblood', 'I'm A Man', besides the great Mickey Thomas song...Despite the early song reports on the Firm album, I really prefer 'Spirit Of Love' (last cut, side 2)...And the Cosby TV soundtrack by Grover Washington has some very accessible jazz, like the song 'Poppin'...Our strongest add this week is Brian Setzer's 'Knife' and Honeymoon Suite's 'Feel It Again'... FROM P.D.-MIKE BOYLE: "The old saying goes 'don't just write about it, add it'! So, let me step out and tell you we have on In Pursuit! I really l-o-v-e 'Losing Control', but any song on that 5 song Ep is great! Please listen! ...We put in the Divinyls live 12" from the Ritz to help expose this band even more. Both 'Pleasure & Pain' and 'In My Life' are great live recordings!...The Brian Setzer will be one of the great Lp's of '86! If you get the advance, check out 'Chains Around Your Heart'. I think that will be the 2nd track. Thanks, Howard Bernstein, for the advance listen!...Thanks to Jim DeBalzo for a great Bangles promotion! We're giving away 100 copies of 'Different Light' with a \$500 gift certificate to Bloomingdale's as a grand prize! We'll make somebody's 'Manic Monday' better!...My two favorite adds this week are from 'The Call' and 'Honeymoon Suite'. Both are one listen automatics!"

KEZO, OMAHA, NB M.D.-JOE BLOOD: "The Call record 'I Still Believe' is the most powerful, uplifting song I've heard since U2's 'Bad'. I'm very glad that Michael Been has decided to focus on the more positive aspects of life in these times of national and international trials and tribulations. We need music like this...The Brian Setzer record is another early fave. What a change of direction and welcome one too...In the butt rockin' department, the Fabulous Thunderbirds were, without a doubt, 'Tuff Enuff'! Can't wait to see them, Feb. 9th, opening for Stevie Ray Vaughan and Double Trouble. It should be a great show...The Del Fuegos 'I Still Want You' is drawing early phones more so than 'Don't Run Wild' ever did...Other early monster phones: Action on Ozzy and Sabbath. Ozzy debuting Top 10 retail, as well...The Firm album is quite a pleasant surprise and it explodes at retail at number 4...ZZ Top and Jimmy Barnes were in town this past Sunday, Feb. 2nd. The Top put on an extraordinary show--the best that I've ever seen them! Thanks to Mary at Warner Bros., and ZZ's road manager, J.W., for the hospitality. Jimmy Barnes did a h-o-t 40 minute opening, the highlight being his medley of his current 12" 'No Second Prize' and Ashton, Gardner, and Dyke 'Resurrection Shuffle'. I have the feeling that Jimmy Barnes is going to be a major talent, and I haven't yet checked out 'No Second Prize', do so...INXS continues to explode. Number 1 phones on 'What You Need', and 'Listen Like Thieves' still Top 10 sales. By the time you read this, their show here, Feb. 15th, will be sold-out! Another one to look forward to!"

WAPL, APPLETON/GREEN BAY/OSHKOSH, WI M.D.-RICK PANNECK: "I would like to thank everybody who sent CD's--and if you didn't send us one--please feel guilty enough to pop one in the mail!"

WKQQ, LEXINGTON, KY M.D.-ROB ELLIS: "The Firm record is as deep as a river. We're tearin' up the airwaves with 'Tear Down The Walls'...The new Honeymoon Suite tune is a great follow-up to 'New Girl'--it's a more textured tune. This Lp is also very deep...If you had any luck with Stevie Ray, The Fabulous Thunderbirds is a must play...Surprise of the week has to be Brian Setzer. He strays away from the Stray Cat sound, for the better. The record has 'h-i-t' written all over it!"

WAQX, SYRACUSE, NY M.D.-AMY DAHLMAN: "Smash-of-the-week has got to go to Island's Phil Quartararo for the long and the short of it calendar. Hey, Phil, now we can check out your face without you ever comin' to town!...We're out-of-the-box again on Honeymoon Suite. 'New Girl Now' was never given the chance to make it big. Now, 'Feel It Again' comes along with the band already established in some markets. One listen and you'll give it a shot...Robert Tepper's 'No Easy Way Out' is coming on strong with Top 5 requests...The Mardones connection (in both sound and history) may ironically be more of a draw than the movie at this point...Just when I thought I was safe from Howard Stern, he turns up on Blue Oyster Cult's latest. What's next, Howard, a stint on 'Miami Vice'? And speaking of which, Fiona really knows how to write herself out of the script. Seriously though, nice job Fi--or is it Ona? Anyway, 'Miami' will never be the same!"

KILO, COLORADO SPRINGS, CO M.D.-ALAN WHITE: "As I've said to a lot of people recently, there's definitely a glut of solo male rockers out right now. The cream will always rise to the top! My favorite of the week, out of all of them, is the new Brian Setzer record 'The Knife Feels Like Justice'. This song strikes a chord that really makes you listen. The guitar is very pivotable and Brian proves he can sing with the best of them!...Honeymoon Suite comes through on 'Feel It Again'. The first album showed us that they knew how to write a h-i-t song, now they go a little deeper for some nice tempo changes and a winner...Glen Burtnick's 'Little Red House' is a grabber and after a few listens, this simple rocker goes a long way...KILO retail: Dire Straits; ZZ Top; Pete Townshend; Dokken and John Mellencamp...The Firm debuts at number 6 and Ozzy debuts at number 17!"

WCMF, ROCHESTER, NY ACTING P.D.-SIMON JEFFRIES: "After two and a half years at WCMF, I'm leaving Feb. 18th to become Program Director of WTPA, Mechanicsburg/Harrisburg, PA. It's hard to leave people behind who are more like family than co-workers, so you must know how great I feel about the opportunity at WTPA. Management is ready to field a winning horse, and I'm dying to get into the saddle! In leaving, special thanks are in order for: Peter Coughlin; John Larson; Peter McLane; Trip Reeb and the entire staff of WCMF. I wish the best to the new P.D.-Greg Ausham, and I regret not having a chance to work closely with him!"

KBLE-FM, DES MOINES, IA P.D./M.D.-RON SORENSON: "ADDS: Feargal Sharkey 'Heart', 'Somebody' 'Hate'; Clannad 'Cry', 'Lifetime', 'Indoor'; Church 'Tristesse', 'Yesterday'; Suzanne Vega 'Center'; OMD 'If'; Icicle Works (Imp.); 'Seven', 'Rapids'; Face To Face 'Why'; Brian Setzer 'Knife'; Call 'Believe'; John Lennon 'Imagine', 'Come'; Fabulous Thunderbirds 'Tuff'; Charlie 'Kings'; Simply Red 'Feel'; Elvis Costello 'Misunderstood'...CONSIDERING: None...INCREASED PLAY: Alan Parsons; Icicle Works; Bangles; Everly Brothers; Opus; Midge Ure; Feargal Sharkey...I've been singing Feargal Sharkey's praises since I first heard 'A Good Heart' on Rock Over London last year, and finally it's time for Feargal to take over the lead vocal chores himself. We've been playing 'A Good Heart' since the holiday break, and it still sounds fresh. 'Someone To Somebody' is nearly as good...The Clannad is a gorgeous album. A natural for anybody targetting upper demos...As anyone who's worked me on the Rez band or Stryper can tell you 'Heyday' is the only occasion I go to the Church. We like 'Already Yesterday' and 'Tristesse' best...And Suzanne Vega's debut album was a Top 15 record for us. 'Left Of Center' from 'Pretty In Pink' is as strong as anything off that record. We also like the OMD cut 'If You Leave'...I think the Setzer solo single is stronger than anything he did with the Stray Cats!"

WXP, DAVENPORT, IA M.D.-GARY JAMES: "ADDS: The Outfield 'Love'; Elton John 'Nikita'; Brian Setzer 'Knife'; John Lennon 'Imagine', 'Come'; Talk Talk 'Make'; ZZ Top 'Delirious'; Dokken 'Dreams'...CONSIDERING: ELO... MOST REQUESTED: Heart 'Dreams'; Loverboy 'This'; ZZ Top 'Stages'; INXS 'What'; Mr. Mister 'Kyrie'...INCREASED PLAY: Heart; Cars...INCREASED SALES: ZZ Top; Heart; Mr. Mister; INXS; The Cars."

Bill Luzmoor from the hinterlands of Montana. Yes, there really is a Montana and they grow more than dental floss!...Surprise of the week: Jeff Paris 'My Girl'. Two weeks in light and it's tied for #6 request. Way to go, Jeff!...Hope to see more than just Texas pick up on the Fabulous Thunderbirds. If you played Stevie, you better play Jimmy. Sibling rivalry is no problem here...Best listens this week: Stan Ridgway and the 'Pretty In Pink' soundtrack. INXS and The Psychedelic Furs are obvious, but be sure to check out Belouis Some's 'Round Round'--it's a killer!"

MOST REQUESTED: Dire Straits 'Arms'; Loverboy 'This'; Mike + The Mechanics 'Silent'; Alan Parsons 'Stereotomy'; John Lennon 'Imagine'...INCREASED PLAY: John Mellencamp; Simple Minds...INCREASED SALES: Stevie Nicks; Simple Minds...The Fabulous Thunderbirds have a s-m-a-s-h record! I love these kind of records--it's what keeps us separate from everything else on the dial. Joe Carroll was working this record so hard he claimed that while we were talking the whole CBS office in Cleveland was shaking...Dokken's 'In My Dreams' is by far the band's most mature song to date...One final note: Chuck Poet was wrong and he admits it. INXS IS a hit record, even if he doesn't like it. Danny Buch and Ron Counts owe his wife, Holly, roses and a bottle of Dom Perignon for convincing him not only did the record BELONG on-the-air, but in HOT rotation!"

KMBY-FM, CARMEL/MONTEREY, CA M.D.-JANICE TAYLOR: "ADDS: Marilyn Martin 'Night'; Loverboy 'Night'; Robert Tepper 'No'; Ozzy Osbourne 'Shot'; Roger Daltrey 'Lightning'; The Bangles 'Monday'; Talk Talk 'Make'; John Lennon 'Imagine'; 'Come'...CONSIDERING: Honeymoon Suite; Brian Setzer...MOST REQUESTED: The Firm 'Horse'; Simple Minds 'Sanctify'; Pete Townshend 'Give'; Phantom, Rocker & Slick 'My'; INXS 'What'...INCREASED PLAY: The Firm; Alan Parsons; Pat Benatar; Peter Frampton."

'Thames'; Steel Pulse 'Save'; Golden Palominos 'Boy'; The Firm 'Horses'...INCREASED PLAY: Roger Daltrey 'Quicksilver'; ELO; Blue Oyster Cult; Marilyn Martin; Talk Talk...Yet another week of prime vinyl releases...Falco's new tune sounds great and is already receiving major phone action...The soundtrack to 'Pretty In Pink' is a delight. John Hughes really knows how to pick the music. Most notably on the album is the OMD track, but check out the cover of Nik Kershaw's 'Wouldn't It Be Good' by the Danny Hutton Hitters...The Golden Palominos are so popular here at WTOS they've made a return engagement into the current rotation...The Fabulous Thunderbirds are ready to do some kick ass breaking with 'Tuff Enuff'. Last year they burned up the Civic Center in Portland so hold on to your seats and your phones...The pick-of-the-week: Brian Setzer. Brian goes in a slightly different direction than the Stray Cats. My guess is he will be the most successful of the now defunct trio...Also, honorable mentions go to The Call, Stan Ridgway, and Mental As Anything. All three are worth listening to, playing, and buying...Until next week, stay sedated!"

WGIR-FM, MANCHESTER, NH M.D.-KAREN ANDERSEN SMALL: "I'm glad that Brian Setzer didn't go therock-a-billy route. That wouldn't have done him any good. 'The Knife Feels Like Justice' is a neat pop tune. I like the Rickenbacker touch which gives the song a Tom Petty/Byrds feel...I was very pleasantly surprised at the Honeymoon Suite song 'Feel It Again'. It's solid album radio material and doesn't sound as teen-oriented as previous songs like 'New Girl Now'...Glen Burtnick's 'Little Red House' hit me first time around. It didn't take more than one listen to realize that this would wind up on the radio!"

WAPL, APPLETON/GREEN BAY/OSHKOSH, WI P.D.-BRIAN TAYLOR: "Although I didn't know him personally, my heartfelt sympathy to those associates of Bobby Hatrick. An incident of this magnitude often brings us into a better prospective of life...Musically, the new Honeymoon Suite is powerful. It's always good to see such a hard working band get ahead and I think with 'Feel It Again', Honeymoon Suite's ship has come in...The new Dream Academy should pick up where 'Northern Town' left off to solidify them as one of the most important new bands in a long, long time...Mike + The Mechanics continues to perform--'All I Need Is A Miracle' could be bigger than 'Silent Running'...And just when we were expecting the Stray Cats revisited, Brian Setzer delivers a nice surprise with 'The Knife Feels Like Justice'...Thanks to Phil Dempsey of Capitol for the help on the Heart promotion and personal to Jay French: Tipper Gore is one of our consultants!"

Setzer's 'The Knife Feels Like Justice'--it's toned down just enough from The Cats. The female calls are already here, and we expect them to grow!...Talk Talk, to steal a line from David Letterman, leaves me 'Hypnotized'--its freshness, when teamed with the rhythms and its lyrics, add up to a s-m-a-s-h...Phil's fave-for-the-week: Honeymoon Suite. Record Action

JON SCOTT, MUSIC AWARENESS (818-883-7625): "On Thursday, Friday, and Saturday, April 3, 4 and 5, the rock and roll community will gather once again here in Los Angeles to raise money for the T.J. Martel Cancer and Leukemia Foundation and, at the same time, have a hell of a great time. Be here or be square!"

DAVID FLEISCHMAN, ATLANTIC (212-484-6017): "Dee Snider went to Washington, appeared before a Senate subcommittee, and DEFENDED rock and roll. Don't let the spurious accusations of a handful of narrow-minded people dictate the boundaries allowing what music one may or may not be exposed to. SUPPORT the man and the band that SUPPORTED you. Play Twisted Sister's 'You Want What We Got'. This is rock and roll...The Firm is a runaway smash. The album is deep, it's already requesting, and it's already selling. The tour starts March 14th. LOOK OUT...Frampton is definitely back and I ain't 'Lying'...Marilyn Martin is coming on strong. Without a doubt 'Night Moves' is a hit...Daltrey's 'Quicksilver Lightning' is rolling and sounds great on the radio...As 'Silent Running' heads towards the top 10 at CHR, AOR radio has already broken the next hit track from Mike + The Mechanics, 'All I Need Is A Miracle'. If you haven't taken the time to listen to the whole Lp, do yourself a favor and do so. It's solid from start to finish... 'What You Need' has exploded INXS. INXS is definitely a band whose time has come...As hot as we are there are always more records and two you should not overlook are Martee Lebow 'Hearts Of Stone' 12" and the just-released 'Italian Shoes' 12" from Mink DeVille...Two new records you should have by the end of the week are Virginia Wolf's initial 12" entitled 'Waiting For Your Love' and Raven's remake of the old classic 'Gimme Some Lovin'...Thanks to everyone for all the congratulations...And I am anxiously awaiting your Fiona 'Miami Vice' comments."

MICHAEL PLEN, I.R.S. (212-605-0606): "Hello, radio-land. As the doctor of record geekness I prescribe a healthy dose of Clannad. Sounds like a VD, doesn't it? Anyway, play it, even though it's on RCA. Oh, anyway, Jeff Nauman will break it...In terms of I.R.S., 'Spirit Of 76' is quickly becoming an album radio classic. And for all of you who are saying it's not as strong as 'Strength' was, I seem to remember the struggle towards our top 10 success with the same people saying, 'I Don't think "Strength" is that strong.' How long can you go on fooling yourself? Believe me, your audience surely isn't fooled, or what's left of them. Anyway, see them on tour with the pride of Kevin Sutter, Pat Benatar...Up next, Stan Ridgway, lead vocalist on 'Mexican Radio'. The song 'Drive She Said' is a muther, so don't miss it... And don't forget, even though we're not high pressuring you yet on The Fine Young Cannibals, you're missing out on a great rhythm song. 'Johnny Come Home' gets major requests wherever played. And if that doesn't fit, try the last song on side one a cover of Elvis Presley's 'Suspicious Minds'...And thanks to all of you who have played Wall Of Voodoo's 'Far Side Of Crazy'. After working that record for almost six months, overall results were that this song was unique and good. And I can't believe album radio dismissed it. Stop losing out on prime stuff."

JEFF "I'M A BELIEVER" COOK, ELEKTRA (404-921-4086): "Hallelujah brothers and sisters! I have seen the light (ADDS) and I have felt the power (ROTATIONS)! Elektra employees everywhere are testifying about our mighty, mighty vinyl. So, without further ado, I want to preach to you about some of our current and future hits!...The Cars: Now some of you heathens at AOR didn't think this was an automatic, but Top 40 did and they're wailing it. If you're not banging 'I'm Not The One' you're a sinner!...The Call: 'I Still Believe' is off and running. By now you all have the album, and I'm sure you realize after listening that this is one of the strongest records from Elektra in a long time. So all our raves have been nothing but the gospel truth! The album features guest performances by Peter Gabriel from Genesis, Jim Kerr from Simple Minds, and Robbie Robertson from The Band. If you have yet to heed the call, we have set up an 800 number so you can listen to the record (1-800-647-0006)(Ex.3502) and you shall be a believer!...Dokken's 'In My Dreams' is now gaining major momentum at stations across America, and it's not a moment too soon as Mr. Bone and company are in hot pursuit of some converts at Top 40. Give 'em hell Mr. Bone! The album is well over 500,000 in sales and Dokken is currently touring with Twisted Sister. It's some kinda of revival meeting at those shows...Joe Lynn Turner has been seen knocking them dead with Pat Benatar. Everyone agrees this guy sings like an angel! We are committed to breaking Joe Lynn Turner. Don't cross us...Motley Crue has sold over 2 million albums and MTV is playing the video religiously. This made us decide to go back after 'Home Sweet Home'. The Crue is without question one of the hottest bands in the world today; of course, that too is no revelation!...Coming next week: From The Cure 'A Night Like This' (CD is on your desk); PIL's 'Rise' (Special Edit); The Triplets 'Translate'; and finally Jackson Browne's brilliant new song, 'For America' from the album 'Lives In The Balance'. This Lp will be at radio on Wednesday, February 19th... CAN I HAVE AN AMEN!"

MICHAEL PRINCE & PAUL BROWN, ATCO (212-484-6400): "On your desk, the Charlie 12" of 'Kings Of The World'. AOR has embraced them in the past and, even though it's been a while, they've lost none of their energy and their strong sense of melody. And for those of you long-of-tooth enough to remember the trademark 'Charlie-Girl', you won't be disappointed when the Lp arrives...The jury seems to be split on the John Miles verdict. 'I Need Your Love' and 'Blinded' are the leading suspects. In either case, the real crime involves those not supporting this gorgeous Lp!...Also, please give your full attention to the Gary Moore 12" 'Out In The Field'. This is a mainstream AOR track that's gonna break Gary out of his heretofore cult status...Finally, please be aware that Robert Palmer's 'Addicted To Love' is now climbing the CHR as well as the AOR charts, leaving immense phone reaction in its wake. 'Addicted' is rapidly establishing itself as a track to be reckoned with...Since you did, thanks for listening."

NICK CUCCI, RELATIVITY (718-995-8277): "On your desk this week are records for people who like their food a bit spicier! These records are not, however, something strictly for college or The Adventure Club... ROBYN HITCHCOCK began his ascent into cult stardom with his band, The Soft Boys. Now, out with his own band, The Egyptians, Robyn has a groovy new live Lp called 'Gotta Let This Hen Out'. The big track is 'Heaven' (on WLIR, WHFS, WTOS and WTCS). Hitchcock's following goes deeper than you think, and he has the potential to break out into something much bigger! Be a part of the beginning...Two years ago, who would have thought that bands like Simple Minds, The Cult and even the Hoodoo Gurus (and many more like them) would be getting the attention (and incredible amount of airplay) that they're currently getting? GENE LOVES JEZEBEL is next in line. We have waited for the RIGHT track to service AOR. 'Desire' is it (already on WLIR, WFNX, KROQ, KABL, KJET, KCGI, WGTU, WRSI, WTOS, WVVV and WYBC). 'Desire'--exotic, original and appealing!...Keep your eyes open for an Lp and 12" arriving next week from a very young, very talented band called THE DANCING HOODS. Please lend an ear to 'Build A House' from the 'Twelve Jealous Roses' album. If you are considering Lloyd Cole, Tommy Keene or The Church, then The Dancing Hoods deserve a listen! 'Build A House' is a track for every station. It's got melody, hooks and emotion. 'Twelve Jealous Roses' was the #1 Most Added Alternative Record in the Gavin Report's January 31st issue (Gene Loves Jezebel's 'Desire' was #2!), and a 'New Faces To Watch' in an upcoming issue of Cashbox...Till next week."

RECORD ACTION CONTINUED

LINDA KIRISHJIAN, COLUMBIA (212-975-1701): "POWER! That's what a lot more stations are saying about this week's rotations on The Outfield and Loverboy Top 10 tracks and they aren't wrong. Catch them both on 'Rockline' Monday night...As for Elvis Costello, he'll be on Line One airing Monday evening as well. His album will be out this week (Monday) so watch for it. He's done it again and poured out some more genius onto vinyl. Check out James Burton, Elvis Presley's guitarist, and Earl Palmer, Little Richard's drummer, on this Lp, 'King Of America'...Seems like almost all of us (radio types) went out 'dancin' in the ruins' this week. This week we'll be out with a broken album. Not too shabby in two weeks...Check out the tremendous Top 40 response to the hit record from The Bangles. A #1 alternative record and great calls and a roll of 50 adds at Top 40. With credentials like that, I'd add it. Of course, when I listened to this song a couple of weeks ago and didn't know the stats I know now, I was ready to add it. How 'bout you, babe?...Another one for good calls is Fastway 'The World Waits For You'. This one's performing well on the air. Calls already...My early recommendations this week come from down under, my most favorite place 17 hours away. Mental As Anything 'Live It Up': The #1 best seller of '85 in Oz, and Eurogliders 'Can't Wait To See You': a Top 10 charter in Aussieland...FYI, B.A.D. fans: 'Medicine Show' will be out on a 12" with a new single mix by Def Jam wizard, Rick Rubin, by the end of the month. Those dates I told you about in GNUS have moved up a month to March. I'll keep you posted in an upcoming issue...Cock Robin's remix of 'The Promise You Made' is definitely worth exploring...As for Le Mans, a station gave us a great idea. 'Don't Wanna Work': what a great morning person/guy/gal anthem. Works for all in a day-part. These programming tips, updated dates and various assorted sundry items of interest have been brought to you by your friendly neighborhood Dirt Alert fan."

JOCK ISQUITH, POLYGRAM (212-333-8569): "With the recent increase of attention being paid to 'roots rock' on AOR radio, the new Everly Brothers record, 'Born Yesterday', should be of interest to you. Filled with superb singing and songwriting, 'Born Yesterday' is one of the year's most finely crafted releases. Sequed next to Fogerty, Springsteen, R.E.M., Petty and Mellencamp, 'Amanda Ruth' (already on WMMR, WNEW, KBCO, and WXRT, among others) will give you those oft-mentioned, rarely-delivered upper demos. All that and it rocks too!...The new Animation 12", 'I Engineer', is as infectious as last year's 'Obsession' but with more of an adult feel this time around. Written by Mike Chaption, Holly Knight, and Bernie Toppin, 'I Engineer' sounds like a hit record all the way, yet still maintains a nice balance between traditional rock and new music formats...Also please don't overlook the new Level 42 12" 'Something About You' (top phones KBCO, Boulder), and get ready for their 'World Machine' Lp arriving this week...Take care."

DAVE DANNHEISSER, WARNER BROTHERS (404-344-6820): "Thank you, album radio, for the great first week action on Honeymoon Suite. Adds and comments look wonderful...And, speaking of adds, a good week with the Dream Academy and 'The Edge Of Forever'. Don't underestimate this cut--as we are coming off a Top 5 track with 'Northern Town'...We are continuing to see adds every week on several Dire Straits tracks--'Man', 'Brothers' and 'Ride'; The Cult 'Rain'; and The Church 'Tantalized'...Also, the Del Fuegos 'I Still Want You' is happening. How about some action at your station NOW??...In the Please, Please listen department--Black Sabbath featuring Tony Iommi with Glen Hughes on vocals, 'No Stranger To Love'. Listen to this track!...Finally, DON'T MISS THE TOUR OF '86--ZZ TOP AND JIMMY BARNES. Only a couple of days out so far and they are smokin' with all of your old and new favorites!"

RICH TOTOIAN, ESP MANAGEMENT (212-765-8450): "Wow! Second week out and Glen Burtnick's 'Little Red House' pulled in 20 more stations this week. Thanks to all you early birds for the confidence in Glen and the A&M team ably lead by J.B. and Al Cafaro. After doing promotion for several years, you kind of get to know when you've got the real stuff. Try Glen's 'Talking In Code' Lp. 'Little Red House' is the 12". 'Crank It Up' is hot, 'Talking In Code' is mysterious, the ballad, 'Perfect World', is haunting, and 'Talk That Talk' has a nasty rocking attitude. This guy is going to be around for a serious rock and roll future, so you might as well not wait until you're the last one on your block. Get them while they're h-o-t!! Thank you, Marko, for your fave rave plug on behalf of Glen's 'Little Red House'. I will go get 'em, Sharkey. Rich Totoian, Toto...P.S.: Congratulations to Danny Buch and Flash at Atlantic. As hot as you are, your promotions could not come at a better time."

Program Producers

GARY AND THE WACKY SISTERS, MJI BROADCASTING (212-245-5010): "Is your station the most entertaining thing on your radio dial? Keep your listeners laughing with MJI's newest show: The Comedy Hour, hosted and produced by Steve Feinstein. Along with the hour program, you'll receive five unsponsored daily comedy drop-ins. A cassette demo should be on your desk right now. Check it out!...And while your listeners are laughing, you can also keep them guessing with Rock Quiz. This week Rock Quiz salutes Valentine's Day with six special rock-related quizzes on love and romance. We even have a special 'Love Stinks' quiz for your listeners who don't have valentines this year. If you're not already running the most successful daily promotion on rock radio, what are you waiting for?"

The Airplay Index is our ranking system for the amount of play on albums as a whole. We determine rankings by totalling the emphasis points on cuts.

The methodology for our Top 50 markets Metro Index is the same as our Airplay Index, but instead of using the full sample base, we calculate the ranking from airplay reports from the Top 50 markets, as defined by Arbitron.
