Deane's List

THE POLICE, "DON'T STAND SO CLOSE TO ME '86", ABC

...in the same way the Beatles epitomized the '60s and Fleetwood Mac the '70s, the Police are the definitive '80s band -- the decade's most successful group, and arguably its most influential and innovative. "Don't Stand So Close To Me '86" is their haunting and sentimental swansong, with the Godley & Creme video providing the appropriate career retrospective. The lyrics take on a candidly frank new meaning and the orchestral layerings make for one of their most stunning arrangements to date.

AWFUL recording history

KTC BAND, ARISTA

KTC's debut album is one of the year's most impassioned and unexpected treasures. The band balances Deane's extravagant social persona with Balin's brilliant crooning in what could pass for the long-awaited follow up to "Dragon Fly" and "Red Octopus". The anthemic "America" gets our vote for format weapon of the fall, with honorable mentions going to "Marie!", "When Love Comes" and the Top 15 single, "Powerful, patriotic and an airplay priority."

Super track appeal

LOVE JUSTICE, "SHELTER", GEPHEN

On their debut effort Maria McKee & Co. captured the hearts and ears of album radio and magazine/airplay striders. This second serving finds producer Jimmy Iovine teamed with Little Steven resulting in a less quirky and more mature presentation. "Shelter" is a warm, mid-tempo tune combining mandolin-like keyboards, a throbbing bass line and a rich, emotive vocal performance wrapped around a haunting, memorable hook. Let Justice prevail!

"Whiplash" smokes from start to finish, Billy's snarling signature vocal style along with Steve Stevens' searing, scorching axe work puts them at the top of their game. "Lover" surges 9-6 and continues to impress monumentally -- #1 in play-ups with 36 and the phones are steamin', #3 Most Requested. Be prepared to deal with "Worlds Forgotten Boy", "Don't Need A Gun", "Soul Standing By" and the tender "Sweet Sixteen".

SURVIVOR, "IS THIS LOVE", SCOTTI BROS.

Any new Survivor track is always cause for automatic attention. This band has historically proven that when it comes to across the board hits, few do it better. "Is This Love" displays that Survivor rhythm and vocal sizzle which climbs into a powerful hook and that basic pop/rock arrangement once again works like a champ. With this band's multi-format appeal, you can't hold back!

TOBY REED, "EVERYTINE I RUN", NEMPEBOR/RCA

In the local band makes good department... enter these Detroit rockers who've been lightin' up the Motor City club circuit with their special brand of earthy rock 'n' roll. "Everytime I Run" is reminiscent of early VAITRY coupled musically with that basic quality found on some of the best Romantic's sides. From the initial audition on, you'll easily be drawn to this band's effective use of ringing guitars and a big bottom end. These rucks are redd hot!

PETER GABRIEL, "THAT VOICE AGAIN", GEPHEN

With all the tour announcement hoopla (see Dirt! for dates), adding another track is the only logical move. Twenty-five new reports pump the count to 63 strong, as St. Peter ascends 56-36, seated at the right-hand side of the Elektra twins in the Most Added circle... Dave Kane, WOPR, explains "That Voice Again" gets added to give the audience something to chew on until showtime"... Joe Marino, WADY "We're now into our 4th track from the Gabriel album. And the radio rap mirrors the lively stats: Inessa York, XGON "No high tech shenanigans, no macho strutting. It moves, has heart, and is the kind of rock 'n' roll that can hit an audience in the right way"... Pam Brooks, WPDH "I know my shit from shindia, and we're on to something really big here"... BOSTON, "THE THIRD STAGE", MCA

Billy Grabe, WHER says it best: "The Third Stage" will probably be to Album Radio what 'Thriller' was to Top 40...Their reign at the top remains unchallenged as Boston locks up its 2nd consecutive week at #1 on all our charts. While 102 reporters power "Assada" at full throttle, one of the lp's five other tracks emerge as secondary consensus cuts: "We're Ready" with 15 new, 74 come, holding 34-26, with Top 5 phones at 9 including KSJO, WHEW, KUPD, KISS, WCCB and WQVE...and "Cool The Engines" new on 6, now on #2, driving 38-31, nailing Top Flyers at WBRN, WPKX, WCCB, WPKY, KSJO, KUPD and 7 more, for a #12 Most Requested showing.

EXCLUSIVE: MAIN CAPTURES WCMF PD TITLE

WDAY, Fargo PD Stan Main has landed the programming helm at WCMF, Rochester replacing Greg Aushum who vacated last month to program WQFM, Milwaukee. Main nabs his first rock radio programming gig inheriting a market dominant dynasty. He takes over 'CMF with its highest 12+ share ever (15.6 in the Spring '86 Arbitron).

Asst. PD Dave Kane and Research Director Janet Merriam are handling interim programming until Main arrives. Additionally Greg Aushum will be doing some telephone consulting and possibly spending a few weekends in Rochester to keep the station on the beam.

HARVEY LEEDS EXPECTED TO REPLACE BILL BENNETT AS EPIC VP LP PROMO

We hear it's all but official. Look for E/P/A Director Video Promotion Harvey Leeds to return to the label's album promo department as VP Album Promotion. He'll be replacing his old boss Bill Bennett (now VP at MCA) whom he once worked under as Associate Director Album Promotion. Official statement coming soon.

HARRIS HIRES GARIANO AS VP PROGRAMMING; SIGNS FIRST TOP 40 CLIENT

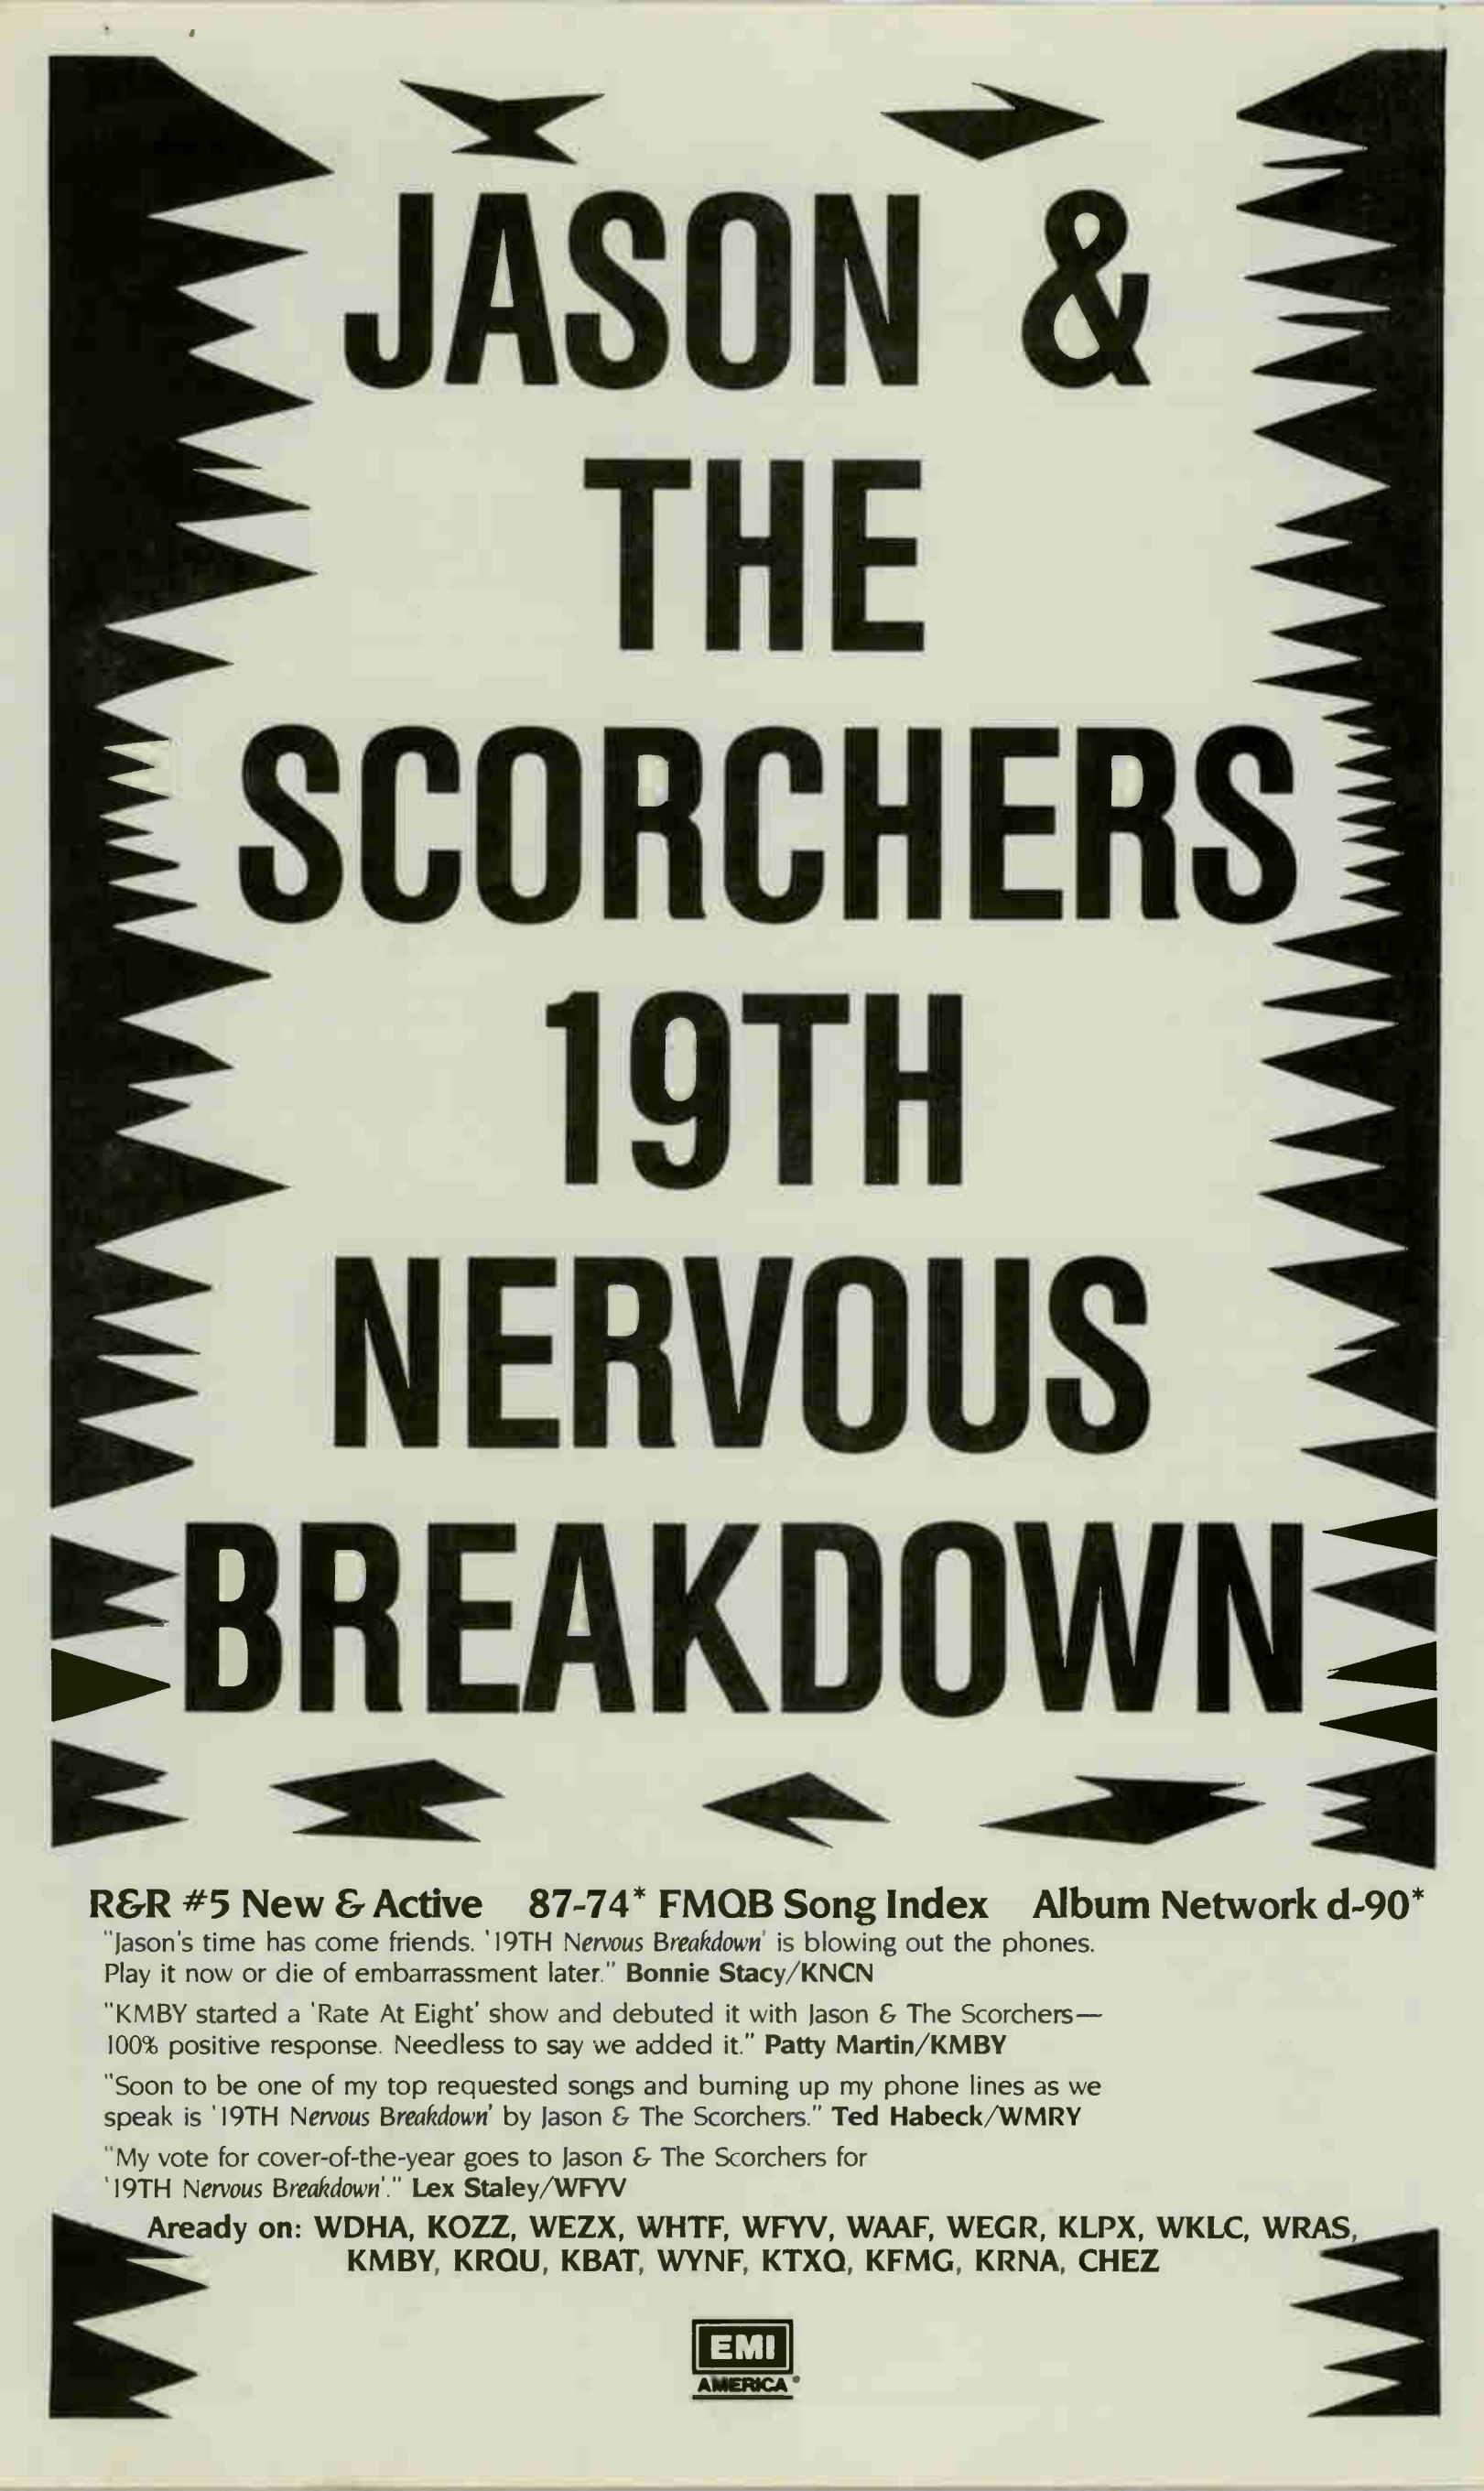

Looks like Adult Rock champion George Harris has scored a TD and a field goal. The Philadelphia based consultant has enlisted 14 year broadcasting vet David Gariano as VP Programming and has inked a new client station, WERI, Providence, the company's first Top 40 client.

Gariano joins Harris COmmunications with extensive programming credentials from WZOU FM Boston, WLLZ FM Detroit, KPOP FM Sacramento, and KMJJ AM, Las Vegas. Rock radio remembers him best for his two years as Director of Marketing at Sebastian/Casey and Associates ('81-'83) and his tenure as Director of Research at WCOZ FM, Boston when they accomplished one of the greatest major market feats ever helping guide the station from a 4.1 to a 12.6 in just over one year.

Their best ever.

DIRT ALERT!

"David's extensive experience in research, consultation, and on-line radio programming will add even greater dimension and depth to our growing company" Harris told FMQB. "A veritable walking encyclopedia of radio, David has achieved success in a variety of formats including AOR, CHR, Adult Contemporary, Country, and offers a broad perspective on the business of radio."

Gariano added, "It's a great thrill to be joining the all-star ranks of Harris Communications! This company is dedicated to providing quality broadcasters with the absolute best service and all tools they need to achieve big ratings and big bottom line returns. The application of computer technology is essential for winning in today's highly competitive radio environment. All this energy and excitement plus Philly cheese-steaks and soft pretzels, too!"

With the ink still drying on the WERI contracts, George tells us to expect another Harris Communications Top 40 client announcement within 10 days.

WRXL UPS HUNGATE TO ASST. PD; WRKI'S KNIGHT ADDS OM STRIPES

WRXL, Richmond mid-day man Dick Hungate has been promoted to Asst. PD. A former WYSP PD, Hungate will be setting out to establish a broader community and public affairs presence for the station. He retains his air-shift.

Paul Shugrue continues as MD and we hear he's doing a super bang up job in his new morning drive air-shift.

WRKI-FM/WINE-AM has named FM PD Buzz Knight OM of the Bridgeport combo. Buzz continues as WRKI PD as well as in his 3P-6P air-shift, and if that's not enough, he's still doing weekend air work on WNEW-FM, New York.

WRKI GM John Fullam and WINE GM Jim Principi told FMQB, "Buzz will retain his responsibilities as PD of I-95 but will also be involved with the programming, marketing and strategic goals of WINE. We're particularly proud to recognize Buzz for the way he's helped guide I-95 and now share his experience and commitment to winning with WINE."

TRANSITION TIME: KCFX ADDS CURRENTS; KSRR ADDS HITS; KZOK GOES CLASSIC

Kansas City's classic rock KCFX has begun to interject select currents into its regular programming. New PD Denton Marr explains, "It's an effort to introduce current music into our system and to accustom the audience to hearing it on the box." Denton adds that KCFX is expanding the definition of classic rock, "It doesn't mean old rock. Classic rock refers to quality, regardless of when it was recorded." Steve Winwood, John Fogerty, Paul Simon, Bob Seger and Billy Joel are among the currents you'll hear on the Fox.

You'll also hear ex-KBER, Salt Lake City Station Manager Drake Hall in mornings. If Drake doesn't strike you as your typical classic rock morning jock, you're not alone. Sez Denton, "I think there's a general lack of non-musical entertainment on radio and I hope to generate some of it here. In fact, it's already begun with the inclusion of Drake in mornings." And will KCFX begin using some of the off the wall production that Denton made famous at WEBN? "It was wildly successful at WEBN and I hope to employ some of those tactics here."

We hear that KZOK, Seattle has completed its gradual transition to classic rock. Look for the official story next week.

Also expected next week is the official announcement from KSRR, Houston. New call letters KKHT have been approved by the FCC and it didn't take a rocket scientist to figure out that the station has been evolving toward Top 40 a la WMMS for the past several months. Look for KSRR to announce that transition to Top 40 is complete. Across the street, KLOL have been using the positioning slogan, "Houston's Only Rock 'N' Roll Station" during the evolution.

STEAL A PROMOTION FROM FMQB'S OPEN FORUM

For a look at 4 of the week's hottest rock radio promotions from KAZY, Denver; KZEW, Dallas; WPDH, Poughkeepsie, and a joint promotion being done at KOME, San Jose and KRQR, San Francisco, see this week's Open Forum.

NEW FORT MEYERS ROCKER IMINENT, LOOKING FOR CLUES IN CLEVELAND

It's looking very likely that 100,000 watt AC WLEQ, Fort Meyers will soon be joining the album radio ranks. New VP/GM Bruce Beasley confirmed there will be a format and call letter change, but refused to elaborate. New owners Beasley Broadcasting took over the property from Gold Coast, Inc. of Florida on October 3.

Better hire an air traffic controller to keep tabs on all the news, rumors and hot air steaming out of Cleveland. WMMS OM Kid Leo told FMQB that the Buzzard's use of the phrase "classic cut" whenever an oldie is featured is nothing more than a positioning statement designed to enable WMMS to fill any perceived hole in the market for classic rock. "There is no change in the actual formatics of the station" assures Leo. "We're not playing any less currents. In fact, we just upped rotation on currents. We're using the word 'classic' so that perception becomes reality."

Meanwhile, PD Bernie Kimble has resigned at The Buzzard's AM sister, WHK and will be joining ex-WMMS PD John Gorman in an undisclosed capacity. With Bernie and ex-Buzzards Denny Sanders and Spaceman Scott all sided with G-Man, could he be assembling an air-staff for a new Cleveland radio station?

PD OPENINGS IN SAN JOSE, NEW HAVEN, SYRACUSE, ATLANTA

Here's the inside on what's happening with those hotly contested PD openings at album rockers across America:

KSJO: We have it from a reliable source that Dana Jang's permanent replacement won't be named until December. MD Ken Anthony is Interim PD and night-time jock Dave Numme (a former KZEL, Eugene, MD) is helping out with music. See Ken's comments in Radio Action for more.

WPLR: An announcement is expected here soon. Although they've been talking to several outside candidates, an in-house staffer still has a strong shot.

WAQX: 95X has interviewed at least three potential candidates, all with previous upstate New York experience. So far one of them has turned the gig down.

WKLS: ???

FMQB WELCOMES NEW REPORTER KPEZ, AUSTIN

From PD/MD Brent Clanton, "Z-102 powered up July 4th with the best of the old and the best of the new. Classic rock, album radio style and enough current material to keep the station the most listenable, and consistent album rocker in the area. Dave Macum from KVET, Kevin Connor from KTXZ and Kelly Persinger amuse and inform 6AM-10AM; I handle 10AM-2PM; Doc Phillips from KMEL and T-95; Wichita takes 2P-7P and Dave Holt takes 7P-midnight with Nancy Wallace keeping the night watch. We're aiming for the hearts of our audience, playing the album cuts our generation grew up with. Thanks to Todd Galli at Warner Bros., Charlie Strobel at CBS and Heavy Lenny for sending us new material. Okay, the rest of you guys, we're legit, we're in FMQB." (512) 478-6900.

STATION TO STATION

WPYX, Albany has readjusted its evening air schedule. No longer with the station are John Clark and Mike J, 6-10 PM and 2-6AM respectively. The new lineup and air times are as follows: Andi Turco moves to 3-7PM; Dave Scholz moves from 10PM-2AM to 7PM-midnight; Lisa Walker, former co-host of WAQX, Syracuse mornings is now handling midnight-6AM. Lisa is also taking on Promotions duties.

John Bradford is the new Music Director at WPGU, Champaign, IL.

Jammin' Jeff Kaufman has returned to the WTPA airstaff as host of the station's morning show. Kaufman's most recent gig was Group PD for Sky Corporation and Jeff was also a member of the original WTPA team, 1981-84. The station couldn't be happier to have Jeff back, and the phones have really lit up since his return to the Central PA airwaves. Sez Jeff about his return to WTPA, "It's great to be back home. Same call letters, same format, different address."

Kurt St. Thomas, formerly of 95X in Syracuse, is now on WGIR, Manchester, NH mornings, teaming up with current morning personality Kathy B.

Tom Cale is back on morning drive at KZAP, Sacramento on an interim basis until a permanent morning person can be found.

A muscular Charles Manson lookalike surfaced in Colorado Springs recently threatening to blowup rocker KKFM if the station didn't change their format to religion. The unidentified looney tune showed up at the studio and hassled the station's receptionist about how "he spoke with Jesus Christ. KKFM was playing rock 'n' roll and he was a messenger from Christ and KKFM is under the Death Star", according to MD Kelly Thomas. You see, dirtsters, KKFM is located on the top floor of the Satellite Hotel which has a large star on the top of the building. "Manson" later told the station's GM that he was experienced in radio and to let him on the air. The GM told him to send a tape and a resume. "Charles" later said that he was instructed to blow up the station and all would perish if the format change wasn't carried out. The police were called to the scene but "Chuck" was nowhere to be found. KKFM is on alert, and all are out to lunch.

DIRT ALERT!

The new MD at KKEY, San Francisco is former evening jock Lorraine Meier. Sez Lorraine, "I'm real excited about my first shot at being a Music Director and having that position at a station as diverse as KKEY makes it almost too good to be true."

Alan Sells exits as WQMF, Louisville OM and is replaced by Terry Medert, who has been upped from Production Director. Other moves include the promotion of afternoon driver Keith Taylor to MD and the return of Ron Clay from KZAP, Sacramento for mornings. The PD post remains in the hands of Duke Meyer.

Look for Salt Lake City Adventure Club outlet KCGL to switch its format to Religion on October 25. The station will continue to rock until the switch is made official, and will work with a skeleton crew since much of the staff has already departed.

When is that new Buch-baby due anyhow? Is it true Danny's wife Susan is holding off delivery so Danny won't miss the Ranger's season opener?

NAB SPECIAL REPORT: ALBUM RADIO SIZES UP THE FUTURE

An impressive collection of album rock experts addressed future challenges to the format at last month's NAB confab in New Orleans. And the wide array of topics covered (from recruiting 18-24's and women, to classic rock infiltration) was equalled only by the diversity of panelists: WBCN, Boston PD Oedipus; WIYY, Baltimore PD Tom Evans; WAPL, Appleton PD Brian Taylor; and WKLS, Atlanta PD Bill Wise (now PD at WGTR, Miami). Consultant George Harris served as panel moderator.

ADULTROCK™

HARRIS COMMUNICATIONS CORP.

**HARRIS COMMUNICATIONS/President
George Harris**

RECRUITING 18-24's

"Today's 18-24's are not necessarily album radio people" said Harris. He suggested "severe dayparting" to attract those listeners who came of age during the Michael Jackson, Prince and video crazes. "Now they're 18-22. They grew up on Top 40 with little substance and lots of flash and we have to cater to them without giving up anything in terms of the station's image." His suggestion? Dayparting music that appeals to the under 25 audience into nights when that segment is available to listen.

Taylor felt this approach won't harm upper demo shares. "At night they've faded off into a cable movie and we're out there rockin'" he says, adding that WAPL brings in lower demos by showcasing metal at night. WMMR, Philadelphia's "Great Nights of Music" was brought up as an example of a broadbased promotion geared toward the night listener, specifically teens and 18-24 men. "MMR qualifies listeners for lifestyle/leisure prizes whenever they play a song with the word "night" in it from 7PM-midnight.

ALBUM RADIO AND WOMEN

No clear cut consensus existed among panelists on the format's ability to expand female listenership. Harris advocated "a more carefully compatible music mix, particularly in mornings and middays and thinking more full-service and a little less abrasive." But he also warned that it has to come at the right time. "You might want to capture the male audience first and slowly shift yourself into some potential women numbers. If you dilute yourself too much, you might just sound like a wimpy radio station." Taylor attributed WAPL's success with women to a healthy amount of currents, utilizing selective cross-overs, shunning their past metal image, and positioning the station as a market leader.

But Oedipus believes a successful album station need not target women at all. "When an AOR dominates the male demos they will get some women and they'll make alot of money, but they don't need to soften their sound or cater specifically to women. Rock and roll by its very nature is a male phenomena. There's more men in rock 'n' roll, the guitar is a phallic symbol. If an AOR spreads out in too many directions, it risks being vulnerable in many different areas."

STATION PROMOTIONS -- BIG EVENTS AND COMMUNITY INVOLVEMENT

When it comes to a rock radio promotions, panelists urged attendees to make their stations leaders in the area of community involvement. WIYY PD Tom Evans suggested doing something for the community at least once a quarter. "Any business owes its community and should be putting something back into it. We should be at the forefront of that. All those people that were so socially active 10-15 years ago still have a certain amount of that fire, except now they're more spread out with raising families, etc." Bill Wise agreed calling for a "big event" type philosophy and suggesting programmers learn promotion lessons from legends like WMMR. "We should be staging events like their April Fool's Louie Louie parade or when 'MMR hands out thousands of kazoos at a Phillies game. The kinds of things that make the community sit up and take notice." Evans noted a great by-product of strong community involvement and charity tie-ins. "When you start getting citations from the mayor and governor it goes a long way to enhancing the image of the radio station."

DIRT ALERT!

FULL SERVICE ROCK RADIO

With the format getting stronger every day in adult demos, what's the next step toward maximizing the 25-54 share? Enter the Bill Wise "full service AOR" theory. "Once your music has sucked 25-54's into the station," he advised, "you need to go that extra step and give them a little news, sports and information so they don't have to switch over to the news/talk station to find out what's going on. We're into a new day where we are now the USA Today of radio, and we've at least got some information on our stations." Wise stressed the need to make adults believe that "This is their radio station 24 hours a day."

CLASSIC ROCK PARANOIA

With new classic rock stations signing on almost every week, naturally the panel felt a need to address that specialty format's market impact. Accusing album radio programmers of succumbing to what he termed "classic rock paranoia", Brian Taylor warned against over reacting to new formats. He compared the current reaction to classic rock with that which initially greeted MTV and the Top 40 resurgence. "We need to not over react. We're always going to have competition. We need to focus on doing what made us successful in the first place and on doing the basics right. Maybe some of the album stations that have taken a fall due to classic rock's presence in the market are because the AOR was vulnerable." Harris agreed that classic rock is not a threat to album radio. Rather, he said "It just takes advantage of weak radio stations because it's a lean, mean music machine. It's safe, familiar and there's little reason to tune out. But if you're programming in an adult vein there is no reason why a classic rocker should start taking over your top end. There's room for that format, but not at the expense of an album rock station."

Panelists gave the format an outstanding bill of health for the future. Oedipus feels album radio currently has a tremendous competitive advantage over Top 40 due largely to the kind of music that's being released now. "Top 40 is sort of in a state of limbo now" he said because their staple artists like Michael Jackson, Culture Club, Madonna et al are not as "super happening as they once were and there are a lot of artists that Top 40 can't deal with. They're not going to be able to deal with a great song like KBC's 'America' and they're not going to know how to deal with the new Springsteen album." Taylor seconded, proposing that stations "seize the moment, take advantage of all the tools available to them, believe in themselves and become larger than life." He spoke for many format enthusiasts when he said, "It's a great moment for us."

LETTY MARSHALL'S DAILY INSIDER, 708 Cole Street, San Francisco, CA 94117...(415) 564-5800

HOWARD JONES: Howard Jones' new album, "One To One," due in the stores October 17th, features guest appearances by Nile Rodgers and Phil Palmer on guitar, Duran Duran drummer Steve Ferrone, Gary Burton on vibes, and a boys choir from a cathedral in Dublin, where the album was recorded.

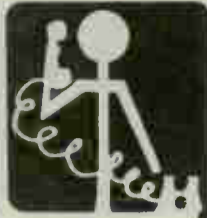

ROGER DALTRY: It sounds like first lady Nancy Reagan's anti-drug campaign, "Just Say No," has spread to England, Roger Daltrey will be among the stars headlining a show with that name to raise funds for drug counseling programs at a London theater on October 19th.

THE POLICE: The greatest hits album the Police are releasing next month (3) will be out simultaneously on Lp, cassette, CD, and home video. Only the newly rerecorded version of "Don't Stand So Close To Me," will be included on the Lp, cassette and CD, but the video will include both the new and the original versions. Laurie Latham produced the new version of "Don't Stand So Close To Me," while Godley And Creme did the new video.

UB40: UB40 have released a cover version of Peter Gabriel's "Biko," in England. However, the band calls itself the Dep Band on the single.

DIRT ALERT!

ROLLING STONES: The first 15 Rolling Stones albums have been digitally remastered by producer Andrew Loog Oldham and will be re-released in November. Polygram records is releasing, "The London Years," as the collection has been named, through a deal with ABKCO Records.

ALICE COOPER: Tickets for Alice Cooper's first american show in five years sold out in four hours. He's starting a 20 date tour at the 15,000 seat Joe Louis arena in Detroit on Halloween. Cooper has already put together a new band and he began rehearsals this week in Southern California. The show will be two thirds familiar material, one third new material.

STEVIE WONDER: Stevie Wonder plays himself on the soap opera "All My Children," on October 20th. Wonder provides background vocals on Julian Lennon's new single, "Time Will Teach Us All," from the Dave Clark musical production, "Time."

PAUL YOUNG: Paul Young has picked "Between Two Fires," as the title of his new album, due out this month.

U2: U2's The Edge has released a single in the U.K. with singer Sinead O'Connor of the Dublin band Ton Ton Macoute. The song is the theme from a movie called "Captive." The Edge also wrote several of the songs on the soundtrack.

SIMON LE BON INTO TAX EXILE IN IRELAND: Simon LeBon is now making plans to become a British tax exile. The Duran Duran star has bought a \$200,000 home in an exclusive suburb of Dublin. A friend said LeBon will be spending most of 1987 in tax exile, but pointed out that these days it's standard procedure and most groups do it at some point. The six bedroom house boasts its own vegetable garden. The LeBons are expected to move into the house in about a month. Moving to Dublin, they're joining friends like the Thompson Twins, Bob Geldof and Spandau Ballet, who are all at least part time residents there.

ANDY TAYLOR IS FIRST TO "OFFICIALLY" LEAVE DURAN DURAN: Duran Duran appears to have lost another member. Andy Taylor became the first member of the group to "officially" leave. He issued a statement saying, "It's now time to take a chance on my own." Other Duran Duran members, except for drummer Roger Taylor--who isn't recording with the group but hasn't resigned either--couldn't be reached for comment. They were in transit between London and New York where they are going to resume recording their new album with Nile Rodgers. Andy Taylor had been in England recently recording with Duran Duran even though he's decided to no longer be an official member of the band. In recent months, Taylor has been pursuing his career apart from the band. He played on such hits as Robert Palmer's "Addicted To Love," and Belinda Carlisle's "Mad About You." He also toured with her briefly and debuted his new band at a rock festival in Northern California. Taylor has just released a new single, his follow-up to "Take It Easy." "When The Rain Comes Down," will be on his untitled solo album due out in November, and on the "Miami Vice II" soundtrack album. He shot a video for it in Los Angeles and the performance clip will also be used on the show. Members of Motley Crue were on hand for part of the two day shoot, but only as visitors.

LAUPER HITS NO 1 UPON ARRIVAL DOWN UNDER: Cyndi Lauper had a pleasant surprise when she arrived in Sydney for her first Australian tour. Her second album, "True Colors," debuted on the charts at No. 1 as she hit town. At her crowded Sydney media conference, Cyndi spent about an hour talking and singing to a group of handicapped children who had been brought along for the occasion. Those who overheard the exchanges say she gave the kids funnier lines than she gave the press.

MICHAEL JACKSON CLOTHING LINE INTRODUCED: Michael Jackson's clothing line was finally introduced at a party in New York. Warren Hirsch, president of Entertainment Properties, Inc., which is manufacturing the 167 piece line, says the clothes are not the red leather jackets, short pants, and white socks and gloves Jackson wore during the height of his success a few years ago, but the clothes he wears at home--jeans, button down shirts, and sweaters. Hirsch says after initial meetings with the singer to discuss concept, Jackson was shown sketches done by designers and either approved them or made suggestions as to how to improve them. He also designed the logo. The clothes will be in the stores before Michael's next album, which could be out at the end of the year.

Oakey Says Adrian Wright's Future With Human League Is Up In The Air: The Human League expects to tour the U.S. next month, but even Phil Oakey doesn't know if Adrian Wright is still in the band. Wright, who does appear on the band's album cover, served as Human League's visual director on the road as well as being part of the band. But now, Oakey says he thinks Wright is out. "He got a flat in London a year ago," fumes Oakey. "He never told me that he was moving, he never told me the address and he never told me the telephone number. He moved to London without saying anything after I'd been his partner for seven years. It's a bit mysterious. I don't know what's going on, but I think he's out."

RINGO STARR SETTLES OLD DEBT: Ringo Starr has sent a waitress in England a check for 100 pounds because she treated him to plate of beans on toast 26 years ago. Marilyn Poulton was working at the all-night Lantern Cafe in Liverpool when the down-and-out drummer came in and said he was starving. She treated him to the snack, worth about one pound. Now 46 years old, the mother of three, and suffering from a crippling disease, Poulton wrote Ringo asking for a donation to help find a cure for her disease. She got back the check and a note saying, "Thanks for the beans." "He told me he'd never forget it, and now he hasn't," said a thrilled Poulton.

SPRINGSTEEN COMIC BOOK DUE OUT THIS MONTH: Bruce Springsteen is the subject of a new comic book due out later this month. A fan in Memphis has written "Hey, Boss" that parodies some events in Springsteen's life around 1972 when he was an emerging rock star. However, Springsteen and fellow E Streeters, Clarence Clemons and Steve Van Zandt, won't be referred to by their real names because author Philip Hwang couldn't get permission to use them. But they'll still be easily identifiable with the nicknames "Boss", "Big Chief", and "Miami". Hwang will launch the 32-page black and white book with an initial printing of 10,000.

Liz Derringer informs that husband Rick is working out beautifully as Cyndi Lauper's lead guitarist. As we told you last week, Rick went to Australia to take over for the trusty Aldo Nova, who is leaving the tour. Meantime, Rick Derringer's main supporter, Ms. Liz, left for Hawaii (10/9) to join the campaign. Rick co-wrote a song with Cyndi on her new album called "Come Inside The Storm". On that track Derringer plays guitar and sings incredible background vocals...Watch for the aforementioned Liz Derringer, special rock columnist for The New York Daily News to interview the following artists in the next few weeks: The Moody Blues; David Lee Roth; Ric Ocasek; and the inimitable Deborah Harry, who has a new solo album coming out after all these years.

Meatloaf has been signed by Atlantic Records. Nine years ago this month his incredible "Bat Out Of Hell" first hit the streets, and superstardom followed.

DIRT ALERT!

The sensational David Lee Roth gave an unforgettable performance last week at Madison Square Garden, and had sculpers squealing with delight!!! Tickets were going for \$75.00 and as show time got closer and closer, prices only stabilized for the thousands who were not lucky enough to see this sold-out spectacular. David was in rare form as he ripped through some of Van Halen's best-known songs, including: "Panama"; "Ain't Talkin' 'Bout Love"; and, "Jump". Then, of course, there were many selections from the David Lee Roth current solo album, "Eat 'Em And Smile"...Opening for him was the band that has taken rock 'n' roll by storm, and in the process garnered a Top 13 album on the Billboard Charts. Cinderella -- out of Philadelphia -- consists of Fred Coury, on drums; Eric Brittingham, on bass guitar; Jeff LaBar, on guitar; and, Tom Keifer, on vocals. Cinderella had the crowd going wild as almost every song from their debut PolyGram effort was offered. Backstage, songwriter Keifer told Lou O'Neill Jr., "It's really difficult to explain why we are as successful as we are. I think it's because the songs are there. Some say we sound like AC/DC, some say we have an Aerosmith sound. All I think, is that the songs make our popularity. We were signed by Derek Shulman, who also signed John Bon Jovi, which certainly shows he knows his metal. And, the rest has been just like a fairytale. We've had one good thing after another happen to us. As far as our next record goes, I don't think it will be hard to put together. We had about 60 songs for the debut Cinderella album, but had to pick and chose down to ten. There'll definitely be a few out-takes from the first album on the second." Cinderella is managed by Larry Mazer, the Philadelphia flash who also calls managerial shots for Nils Lofgren. The band's name came from an HBO Entertainment Guide, which featured the soft-core porno movie "Cinderella". Then, to make sure they had dotted their 'i's' and crossed their 't's', they got clearance from the Disney organization...Speaking about Derek Shulman, he is now anticipating that the Bon Jovi album will go to #1 in the next three to four weeks. The Lp is now at 1.7 million units in the United States alone!!! With Cinderella, it seems like everything is a dream. FMQB is so glad to hear that the guys were presented their Gold albums last Friday night (10/10) at The Jersey Arena in the Meadowlands when PolyGram head, Dick Asher, made it official. We note that it's only at a moment like this a group's success really sinks in after all the years of hard work.

After David Lee Roth's blowout downstairs, the partying started at the Penn Plaza Club, drew quite a cast of characters. Spotted were Alan St. John; Bruce Kulick, of Kiss; Robin Quivers, of K-ROCK fame; Anton (David Letterman) Figg; Michael (Sir Sound) Johnson; and Roth and the entire band. At the party, Alan St. John confirmed to Lou O'Neill Jr. that The Squier Squad will be kicking off their American tour in January 1987. And, although nobody expected it, bassist T.M. Stevens has left the band to become a member of The Pretenders. Billy has replaced T.M. with Schuyler Deale, who formerly was bass guitarist for Long Island's Good Rats. We expect the Squier band to begin their tour on the west coast and to work east. They are starting rehearsals at the end of October. And, speaking about the very talented St. John, understand that the multi-gifted keyboard artist is now being personally managed by Bud Prager, and continues to strongly contemplate a solo career.

Since the New York City riot a few months back at the Run D.M.C. Madison Square Garden blow out, New York City's finest have taken a new approach to keep the crowd under control. At approximately 8:15 p.m. last Saturday, more than 50 motorcycles with red lights flashing and sirens blazing rode down 33rd Street the wrong way, to show the crowd outside the New York City rock palace that they, indeed, were watching them. In addition, Lou O'Neill Jr. tells us that nearly 50 officers on mounted patrol were also assigned to the Garden area and up 8th Avenue. It was an unprecedented show of force by uniformed, plainclothes, and motorcycle/mounted patrolmen. Did it work? Apparently. Not one incident was reported. Incidentally, the officers on the horses -- there were 45 -- patrolled all the way up 8th Avenue to 59th Street to create a real presence in New York City. The New York City Police Department, and Commissioner Benjamin Ward, felt this was an important enough assignment, so he assigned Assistant Chief Kearns, some Deputy Inspectors and some Inspectors to be on the scene.

Ahmet Ertegun and his lovely wife, Mica, made the scene at the Genesis party last week at The Water Club in Lower Manhattan, as Mr. to entertain Messrs. Collins, Rutherford, and Banks. It was a beautiful evening, and capped an incredible run of five consecutive sell-outs for Genesis at Madison Square Garden. Also in attendance were: Doug Morris; Danny Buch; David Fleischman, Paul Stanley, of the rock band Kiss; Julian Lennon, who stunned many with his shocking new hairdo; J.J. French, of Twisted Sister, and his lovely wife, Jody; and, Mark Mendoza, with his long-time lady, Lisa. We understand that Lisa was sporting a brand new diamond ring, and that she and Mark set the wedding date. Daryl Stuermer and Chester Thompson, are also travelling with Genesis and helped to make the concerts perhaps among the most enjoyable in recent history in New York City. The crowd was treated to: "Invisible Touch"; "Domino"; "That's All"; "Follow You, Follow Me"; and, "Taking It All Away". There was a spine-chilling medley toward the end of the show. The band has the patent on the Vari lights, which added a great deal to the concert. Other bands are now purchasing Genesis' light system. While in town, Phil Collins, seemed to be everywhere -- doing "The Letterman Show" on Thursday, "Good Morning America", on Friday, with Ronald Reagan, Jr.; and, "Live At Five", with Sue Simmons, also on Thursday. The Anheuser-Busch's Michelob is sponsoring the tour, and had a suite at The Penn Plaza Club, and kept it humming all week long. For the record: Genesis will remain on the road for the "Invisible Touch" tour for ten more months, breaking at the holidays, and then going to Australia in early 1987. Incidentally, the album is headed toward double Platinum.

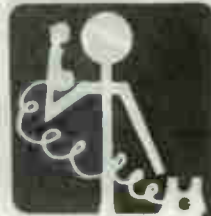

Secret Stuff: He's one of the best known rockers in the world today, yet this guy never learns. Did you hear about the famous guitarist who was busted by state troopers on The Jersey Turnpike going 110 miles an hour on his Harley??? To make a bad situation even worse, the rock 'n' roller was packing his gun, the cops found it, and took him right to the hoosegow. A well known Jersey promoter had to come to jail the very next day and bail this guy out. It's a pathetic, pathetic story. Now the guy is facing very, very big legal problems, and it's nobody's fault but his own.

Mick Jagger continues to work at Sir Sound Studios in New York, doing pre-production on his next Lp for CBS Records. Rumor has it that Mick is working with the same gentleman who calls the professional shots for Tina Turner, and of course, that man is Roger Davies.

Secret Stuff: At one time, this handsome lead vocalist was absolutely committed to producing a once famous soul star on the comeback trail. But all the sweetness and light went kaput and there's no more talk of the superstar twisting the dials. It's rough in and equally rough out, but the blond just couldn't go for that.

DIRT ALERT!

Watch for Michael Johnson to construct brand new Sir Sound Studios on 23rd Street, and to make it an even bigger layout than his mammoth facility on 52nd Street. There'll be a very large studio rehearsal room, plus two smaller rooms, and maybe more. Sir is completing the new facility on West 23rd Street. Johnson hopes to have it in operation in late 1986, or early 1987.

The Hard Rock Cafe in Manhattan, has done -- and continues to do -- \$3,000 per day minimum in T-shirt merchandising. That does not include other merchandise. Quite a business.

Anything to those rumors that Paul McCartney might be working with The Billy Joel Band in the very near future???

Speaking about guys on the go, we understand that Anton Figg, the guy who handles the skins for Paul Shaffer on the Letterman show four nights a week, is busy as can be these days. Watch for Anton on the brand new Patti Smythe album, the new Bob Dylan record, the John Waite project, and the forthcoming Ronnie Spector release. There is no more Scandal, and Patti Smythe will try going solo. Meantime, Anton continues to work with The Robert Gordon Band, and is extremely excited about their 1987 sound. The group consists of lead vocalist Robert Gordon; super-guitarist Chris Spedding, on ax; Anton Figg, on drums; and, Tony Garnier.

After the David Lee Roth concert last week, he spoke to Lou O'Neill Jr. and said, "It's such a great feeling to be able to sell out a place like this on my own. My dad, Nathan, was here tonight, as well as my Uncle Manny. It was a special night also for this reason: years ago, my Uncle Manny actually ran The Cafe Wha in New York City. A couple of nights ago, before we played The Garden, some man not dressed very well, stopped my uncle on the street. To be less than charitable, you might call him a wino. He said, 'Hey, I know you. I used to wash dishes for you, Manny, at The Cafe Wha back in '61!!!' Needless to say, it really gave me a thrill for someone to recognize Manny and not me. I gave the man ten dollars, and his eyes lit up like a Christmas tree." And, FMQB notes that David Lee is one of the very first guests on the Joan Rivers Show. Roth, born in Bloomington, Indiana, turned 31 on October 10. Roth wants to give credit to his "co-manager", Pete Angelus, who has helped him so much with his career. David manages himself right now, but feels that he has help in his creative decisions from Pete.

Bad news for Stevie Ray Vaughan, and the news itself has knocked out the remainder of his European tour. Stevie Ray took sick last week in London, and had to check into a local hospital. After much persuading, his physician, Dr. Victor Bloom, allowed him out of the hospital so he could honor a date at The Hammersmith Palais in Central London. As the guitarist was returning from the wings to render "Love Struck Baby" as his encore, he took a terrible fall when he accidentally walked into an aperture on the stage area. He was rushed back to the hospital, and has been forced him to cancel the remainder of his European tour. Meantime, Dr. Bloom has prescribed nothing but rest and recreation for Vaughan. Press Officer Charles Comer confirms that dates in Norway, Sweden, Finland, Germany, and Ireland have all been cancelled. Stevie Ray Vaughan's mother, Martha Vaughan, immediately flew to London to be with him prior to his return to the U.S. this weekend. He will then enter a Georgia Medical facility, where he will undergo treatment and rehabilitation for substance abuse. So far in 1986, Vaughan has done a mind-blowing 219 concerts, and was ready to continue until the unfortunate fall in London. Dr. Bloom remains confident that, barring further complications, he will be ready to return to the American concert trail on November 20th to support his soon-to-be-released Epic live, double-pocket Lp, "Live Alive".

The Rock Report

November 3 is the release date for "EVERY BREATH YOU TAKE -- THE SINGLES", the 12-track compilation album coming from the POLICE. A&M has already made the new re-worked version of "DON'T STAND SO CLOSE TO ME" available as a single, and it'll be on the album. Also included are: "ROXANNE", "CAN'T STAND LOSING YOU", "MESSAGE IN A BOTTLE", "WALKING ON THE MOON", "DE DO DO DO, DE DA DA DA", "EVERY LITTLE THING SHE DOES IS MAGIC", "SPIRITS IN THE MATERIAL WORLD", "INVISIBLE SUN", "EVERY BREATH YOU TAKE", "KING OF PAIN", and "WRAPPED AROUND YOUR FINGER". In addition to the album, a video cassette will also be made available and it includes three extra tracks: "SO LONELY", the original version of "DON'T STAND SO CLOSE TO ME", and "SYNCHRONICITY II". The footage from this full-length home video was shot on the last Police tour of America. As far as a second solo album from STING is concerned, it's safe to say that he's working on new material. The blond bassist has just returned from Italy where he recently completed the filming for his forthcoming movie, "JULIA AND JULIA" (or the Italian spelling which is Giulia And Giulia), with KATHLEEN TURNER. The new flick, which is the follow-up to last year's effort, "Plenty", will be released next year by RAI Films.

THE KINKS have just completed their first record for MCA. The new album, which was recorded in London, will be released before the end of the year. "WORD OF MOUTH", which was released by Arista, was the group's last project for that label.

KANSAS is making a comeback via MCA this week with a new album entitled "POWER". The first single, called "ALL I WANTED", was written by new guitarist STEVE MORSE (ex-Dixie Dregs) and original member, STEVE WALSH. Other songs included on the new record are: "SILHOUETTES IN DISGUISE", "SECRET SERVICE" and "WE'RE NOT ALONE ANYMORE". The band, which will not include guitarist/keyboardist KERRY LIVGREN, plans to hit the road before the end of the year.

Speaking of comebacks, HEART has no doubt had one of the biggest in recent years and, due to that success, both WILSON sisters have scored themselves solo record deals through Capitol. The first release will come from ANN, who has a song on the upcoming soundtrack to the new EDDIE MURPHY/CHARLOTTE LEWIS movie, "THE GOLDEN CHILD". The tune, "THE BEST MAN IN THE WORLD", will be released around the first week of December. In the meantime, Heart is currently working with producer RON NEVISON, the man responsible for last year's huge comeback, on their new album. After this record is completed, we'll see more solo stuff from the sisters. Other acts appearing on "The Golden Child" soundtrack include MARTHA DAVIS of MOTELS fame, TINA TURNER and RATT.

Not to harp on comebacks, but when the subject arises, one can't help but mention THE MONKEES. What better time than the present to write the ultimate Monkee mania compendium? "THE MONKEES: A MANUFACTURED IMAGE" is the title of the book. It's being written by ED REILLY, MAGGIE McMANUS and BILL CHADWICK and should see the light of day by the summer of '87. The tome, which is an exhaustive study of the Monkees phenomenon from their test-tube inception in 1966 to the present, is being published by Pierian Press. The book will include chart histories, television episode guides, a collectible section and a comprehensive discography featuring U.S. and foreign sections.

One of today's most respected record producers, DON DIXON, is about to come out with some vinyl of his own. Known best for his work with R.E.M., GUADALCANAL DIARY and MARTI JONES, Dixon will release "ALL OF THE GIRLS LIKE TO DANCE BUT ONLY SOME OF THE BOYS LIKE TO" via Enigma Records. The first single, "PRAYING MANTIS", is already charted in the Netherlands (where it's currently #1) and Scandinavia. Look for this album next week.

One of the most critically acclaimed bands of the year, the SMITHEREENS, is planning to release a second single, "BEHIND THE WALLS OF SLEEP", from their debut album, "ESPECIALLY FOR YOU". The first single, "BLOOD AND ROSES", has just wound up its chart run, and the album is currently locked into the Top 100. The group, which is filming an MTV special this week at the Ritz in New York City, was previously out on the road with LOU REED until a hand injury caused him to cancel the remainder of his dates.

With Halloween quickly approaching, what better time to release "KISS MEETS THE PHANTOM OF THE PARK" than now? Worldvision Enterprises is doing just that. After its one-time showing on network television in 1978, the movie is finally being made available after KISS fans staged a monumental writing campaign demanding its release. The plot concentrates on a mad scientist's battle to control a haunted amusement park. In other Kiss news, a new compilation video including all of the band's work in front of the camera since 1982's "CREATURES OF THE NIGHT" album. Also included in this footage will be outrageous interview segments with PAUL STANLEY and GENE SIMMONS as well as vintage concert clips featuring the original band with make-up.

News From Rock Over London

ROCK
OVER
LONDON

Sources close to BIG AUDIO DYNAMITE won't commit themselves on any future collaborations between the band and JOE STRUMMER, the former CLASH man who parted company with MICK JONES in acrimonious circumstances but who now turns up as the co-writer of B.A.D.'s new single "C'mon Every Beatbox".

No sooner the news of the MADNESS split, than details of a new band to be formed by four members of the band: SUGGS, KARL, CHRISSEY BOY and LEE. They already have enough material for an album, and they plan a new year's launch. The farewell single by the familiar Madness lineup will be released soon along with another greatest hits album, and the future of BEDDERS and WOODY is unknown as yet.

GO WEST's record and tour plans have gone west--temporarily, anyway! A computer fault has led to a delay in the mixing of their new album "Dancing On The Couch" and the band

dashing back to Denmark to put things right. The album won't now be out until January, so, naturally, they've moved their Autumn U.K. tour back to March '87.

U2's guitarist THE EDGE, who as we've reported has composed the soundtrack for the new British movie "Captive", turns out to have made the music in a rather unusual way: he had a couple of months of spare time last year and decided he wanted to do a soundtrack--all he was missing was a film. So he tried rang round his favourite directors (POLANSKI, KUBRICK, TARKOVSKY) to ask if they could help him out. Red tape being what it is in the Hollywood system, he came close to giving up, but eventually his tape found its way to producer DON BOYD and the kidnap story "Captive", which stars, among others, OLIVER REED. THE EDGE also reports that the forthcoming U2 album will be "less moody" than its predecessors.

More news on that Anti-Heroine Project album due out next month: HOWARD JONES has written and performed a song called "Little Bit Of Snow"...the ELVIS COSTELLO track "The End Of The Rainbow" was written by RICHARD THOMPSON...PAUL McCARTNEY has written a song called "Simply As That" and LEVEL 42's BOON is on there with a song called "Head Full Of Shadows"...all these tracks have been donated to the project and, as with the single "Live-in World", all profits will go to the PHOENIX HOUSE CHARITY to help combat drug addiction.

Six more dates have been added to SPANDAU BALLETT's December U.K. tour and they're now doing five nights at Wembley Arena...Former TEARDROP EXPLODES leader, JULIAN COPE, celebrates the success of his "World Shut Your Mouth" single by going on a short British tour at the end of the month...SANDIE SHAW has just started her second U.K. tour of the year.

EMI plan an album of unreleased JOHN LENNON material for November entitled "Menlove Avenue". It looks likely to contain outtakes from Lennon's "Walls And Bridges", "Mind Games" and "Rock And Roll" sessions.

Scottish rockers HIPSWAY have been confirmed as guests on the European leg of EURHYTHMICS' world tour--but when it arrives in Britain, the prestigious support slot will go to THE LOVER SPEAKS, the much-vaunted new duo on A&M.

It sounded an unlikely combination at the time, but the vocal teaming of ALISON MOYET with Mr. Superbaad himself, JAMES BROWN, turns out to be a minor triumph. It's on the track "Let's Get Personal" from Mr. Please Please Please's new Lp "Gravity"--which also features the distinctive synthesiser style of STEVE WINWOOD on an excellent ballad called "How Do You Stop".

ROME, the new band who were being produced by BILL WYMAN before he fled to the South of France after it was revealed that Bill's favourite record is "I'm Mandy Fly Me", have given up waiting for their mentor to get back to work with them (although Wyman has now returned to Britain to face the music) and they've produced their new single "Sympathy" themselves.

"Always The Sun", the brilliant new STRANGLERS single which we featured two weeks ago on Rock Over London, is finally available in the U.K. this week, with 10,000 copies pressed as a sun-shaped disc. The 12-inch will include a song called "Souls", recorded live in France last year. Our mate HUGH CORNWELL is now filming in Spain with the members of the Comic Strip comedy team and in other band news, DAVE GREENFIELD has gained a pilot's license. Never mind about Mandy--he's Dave, fly him.

The new single by the COCTEAU TWINS--often an underrated chart force in this country--is "Love's Easy Tears", released next week, and the threesome will also be off on their first British tour in two years next month.

One of these days, ERASURE will break through with a hit single in the U.K., and it could be with their new release "Sometimes", once again featuring the vocals of ANDY BELL, who sounds more like Alf every time we hear him. The band, of course, is the latest project by Alison's old Yazoo colleague VINCE CLARKE.

KILLING JOKE made the Rock Over London Top Five recently with a very strong single called "Adorations" and now they're in with a better-than-average chance of returning with a follow up called "Sanity", just out. Expect a new album before too long. Meanwhile another recent Top Five band, FURNITURE, release their sequel to "Brilliant Mind", a song called "Love Your Shoes", from their debut Lp which is with us next month.

Name that quote: "I coulda been a contender..." Yes, of course, it's MARLON BRANDO in "On The Waterfront" and now that epic film line is the inspiration for the new single by HEAVEN 17, "Contenders", and it's an intriguing sound vocally and percussively. The band's new album will follow in November.

One of QUEEN's recent Wembley concerts is to get the full broadcast treatment on October 25, when in a 90-minute programme, it'll be televised on our Channel 4 and simulcast on the independent radio network. There's also talk of a repeat showing on Christmas Eve.

"Short Cut To Somewhere", the collaboration between GENESIS keyboards player TONY BANKS and FISH of MARILLION which we played many months ago on our program, is finally out as a single here this week.

RED BOX were a band that featured in Rock Over London's chart last year with their infectious "Lean On Me" hit. They've taken a long while coming up with a new single, but it's finally here and entitled "For America".

He isn't a British artist, but that doesn't mean we can't rejoice in the fact that PAUL SIMON's magnificent "Graceland" album has gone to number one here, providing him with his first chart-topping Lp in Britain since his first solo release "Paul Simon" in 1972. That's in addition to the two number one Lps he had with ART GARFUNKEL. Rhymin' Simon's single "You Can Call Me Al" is an equally pleasant surprise: His first Top Ten 45 here since "Take Me To The Mardi Gras" in the Summer of '73.

Other events of note in the album chart: A new entry at eight for BILLY BRAGG's "Talking With The Taxman About Poetry"...Some revitalised HOUSEMARTINS, back up from 53 to 21 with "London O Hull 4" (listen out for a quite anarchic interview with the band on Rock Over London soon) and, in an otherwise rather sleepy chart, renewed action for the Suzanne Vega Lp, back up from 65 to 38.

NEW ORDER have Britain's number one independent single with "State Of The Nation"...ELVIS COSTELLO and the ATTRACTIONS have gone straight to the top of the indie Lps chart with "Blood And Chocolate"...Our favourite indie title this week: "Take The Skinheads Bowling" by Camper Van Beethoven.

Scottish duo THE PROCLAIMERS are supporting the HOUSEMARTINS on their British tour...CARMEL's new Lp "The Falling" is out now...Rock Over London chart band STATUS QUO are touring Europe and Britain right up until Christmas.

He went and changed his mind! BOB GELDOF will now not be launching his single "This Is The World Calling" on board HMS Ark Royal as we and everybody else were led to believe last week. He happens to be doing something else that day, apparently. Anyway, the single's out on October 24 and Geldof's album will follow in late November. Advance sales for the softcover edition of his autobiography "Is That It" have reached a quarter of a million in the U.K. prior to the publish date this week.

It's now official: ANDY TAYLOR has left DURAN DURAN to pursue his solo career. Meanwhile details of a first single from the band's forthcoming album "Notorious" will emerge soon.

The new single by the SMITHS, recently signed to EMI (they've also just signed CABARET VOLTAIRE), is a new song called "Ask", out on October 20, backed with "Cemetery Gates" and an extra track on the 12-inch, "Golden Lights". There'll be another Smiths single at the end of November.

MARK KNOPFLER's "Going Home", previously the theme from the Bill Forsyth film "Local Hero" has now been adopted as the official theme music for the Crusader Challenge, which is Britain's entry for the 1987 America's Cup yacht race.

ROD STEWART's current U.K. tour ran into problems when he had to call off a couple of concerts due to his own ill health and the sudden illness of his keyboards player KEVIN SAVIGAR. Kevin is likely to be out of action for a few months, so Rod is now looking for a temporary replacement.

Rumours abound that KEITH RICHARD wants to become a solo STONE and record a one-off album...as we write, major record companies are still wrangling over who should sign him up.

LAURIE CHACKO, who featured in a Rock Over London interview earlier this year will begin a U.S. tour in February, backed by the group TORME...she's also starring in the next MADONNA movie.

GREG STEADMAN left A FLOCK OF SEAGULLS to set up new band ROYTERS and now they're releasing the title track from their forthcoming album "Diane Jones".

MARTIN LUTHER KING is credited on the new OMD album "The Pacific Age" as co-writer of the song "Southern" which features his recorded speeches as the vocal.

MUSIC BOX is aiming to start making live programmes at its offices in London--they hope to produce shows with a music bias for Super Channel which starts next year. Their usual pre-recorded 6 hour segment will be broadcast during the night on Super Channel and Music Box and also hope this will become the basis of a 24-hour "pop channel" service which will then be offered to cable operators--All these plans are revealed as the competition for night-time music audiences heats up. London's independent weekend TV channel have announced their intention to begin after hours broadcasting next year.

VIDEO NEWS

BAD COMPANY are going back on the road. The recently re-formed seventies
 supergroup just released a new album called "Fame And Fortune", and they'll
 begin their first tour in nearly 5 years on October 27th in Troy, Alabama.
 For their first dates since reforming, Bad Company have decided not to head-
 line. They'll be opening for 38 SPECIAL, and they'll probably stay on the
 road with them through Christmas...DURAN DURAN have shot a new video in New
 York City. It's the title track to their upcoming album, "Notorious." The
 directors are PETER KAGAN and PAULA GREIF, the team who shot STEVE WINWOOD's
 "Higher Love." "Notorious" -- the single, that is -- will be released on
 October 15. "Notorious" -- the album -- will be Duran's first new studio
 album in over 3 years...FLEETWOOD MAC's last album "Mirage", was released
 in 1982. If you've been wondering where the band has been since then --
 they're still mixing the album they began a year ago. It's expected to be
 released early next year. The album will contain at least 10 songs, all
 written by STEVIE NICKS, CHRISTINE MCVIE or LINDSAY BUCKINGHAM. Lindsay's
 producing it along with RICHARD DASHUT--together they also produced
 "Rumors", "Tusk" and "Mirage".

INTERVIEWS

DAVY JONES: "We all have our own tour buses and we occasionally fly, but I
 think that it's wearing no matter what you do. But when you're not working,
 it's even more depressing. I always tend to say, as Micky said to me a
 couple of years ago, 'Well, I'm gonna retire for a couple of years.' And
 you sort of walk around and you start planning and you do a bit of writing
 and you do a bit of playing and you do a bit of catching up on your letter
 writing and personal stuff, and then all of a sudden you get this feel for
 wanting to go out there and enjoy the affection."

MURDER ON THE KAZY EXPRESS

Fun had to be the key word when KAZY recently held their second annual "Mystery Train" Promotion. All it took was an Amtrak train, a resort in the Colorado mountains, the Rocky Mountain Theatre Guild and close to 75 adventurous listeners. Intrigued yet? The fun is just about to begin!...During a two week period KAZY ran a different mini mystery on the air each day. The first listener to solve the mystery won a pair of seats on the Mystery Train. Listeners were also able to win by solving the mystery at Mystery Train Night held several times at local clubs.

The train was set to leave Saturday morning for this overnight excursion which included accommodations at a Glenwood Springs resort, all meals, and -- a mystery to take place sometime during the weekend. Invited on board the train were all the winners and their guests, TV crews, local journalists and the Rocky Mountain Theatre Guild to perform the mystery. However, you had to be careful who you made friends with because it was not announced who was in the Theatre Guild and who was not. As a matter of fact the mystery could begin at any time; prior to boarding, once on the train or not until the 4-5 hour train ride was over and everyone was at the resort.

The mystery was finally revealed the next morning at brunch on the train ride home and at this time all winners were awarded with prizes.

BATTLE OF THE ROCK RADIO STARS

In a unique effort to join the forces of Rock Radio, KOME/San Jose and KRQR/San Francisco co-sponsored their second annual Battle of the Bands. Both stations simultaneously went on a search for the best local band in their area and the winning band from each city would then battle

it out for a grand prize of \$10,000. To begin their search, each station sifted through close to a hundred tapes, narrowing it down to ten bands. Then, during the course of ten weeks each band would play at various local clubs vying to be the local band to go to the final competition.

The two winning bands, The Robert Berry Band for KOME, and The David Elan Band for KRQR, were then off to the Circle Star, a club midway between San Jose and San Francisco. Ten judges, consisting of record company reps, journalists and other various media-types were at hand to determine the Grand Prize winner.

This promotion brought large groups of listeners out to local clubs as well as bringing higher visibility to the local band scene which has become important to many Rock Radio stations in different markets. Oh...you want to know who the winner was?! KRQR's David Elan Band from San Francisco.

LIVE FROM L.A....

KZEW/Dallas decided to take advantage of an exceptional opportunity to bring a little bit of Texas to L.A. and bring a little bit of L.A. to Texas. The KZEW crew packed their bags, headed out west and set up their satellite at Carlos and Charlie's restaurant and night club in Los Angeles. During the entire week of October 6-10, Tempie Lindsey, the Zoo's afternoon drive personality broadcast live for four hours with a quite impressive line up of visitors

including: Billy Squier, The Motels, Joan Jett, Spencer Davis, David & David, Ronnie James Dio, Giuffria, Wang Chung, John Kay, Cheap Trick, Jay Leno, plus members of the A-Team and Dynasty casts. Everything came off without a hitch and made for a full week of very entertaining broadcasts. In fact, rumor has it that there was such a great buzz coming from the club that the Zoo had stars dropping by unexpectedly!

PETER PIPER PICKED A PECK OF PICKLED PEPPERS OR...A DISC JOCKEY'S WORST NIGHTMARE!

A WPDH/Poughkeepsie salesperson, who finds fun with wordplay, developed a pretty, peppy promotion in partnership with Pepsi. It began last year when the station gave away a trip to Paris with mid-day personality, Pam Brooks. They called it "'PDH and Pepsi give you your passport to Paris with Pam." It was such a huge success that they decided to do it again this year. This year's version is entitled "'PDH and Pepsi give you your plane to paradise with Pam."

The logistics of the contest were fairly simple; the first week the station announced all the locations where the bumper stickers could be picked up. Then the following week they announced the location where Pam Brooks could be found spotting bumper stickers. Pam would take the 'PDH van to different locations (an outdoor mall or place of that type) and set up at a spot in the parking lot & look for cars with WPDH bumper stickers. When she spotted someone she would give them prizes: an album or cassette, a can of Pepsi and a key to the treasure chest that contained two tickets for the trip with Pam. Then, at the end of the summer softball game, all the winners with keys were given the opportunity to open the treasure chest. Before the game an antique treasure chest was placed on the field and one by one listeners tried their luck until the winning key was discovered.

The promotion was an even bigger success this year than last as the crowd of 800 at the game was larger than last year's crowd by almost 200. It also gave them great audience participation and great street visibility at their sights for bumper sticker spotting. A superb way to close out a book. This year Pam and her winners will be travelling to Hawaii. The only puzzle we propose is that if Pam wasn't Pam but Betty, would she and her buddies have to bus it to Boise?

POLYGRAM PRESENTS

Question Of The Week

We felt it was time to update the "best reasons not to add a record" Hall Of Fame, so we directed the question to Radio as, "What are your top 5 excuses not to add a record"; and on the Record side, "What were your most interesting, unusual or absurd reasons that you've heard for not adding a record". So, here are the responses with the record companies first.

BRAD HUNT, ELEKTRA/ASYLUM: "My Music Director died last night and the record was in his car!!"

RANDY HOCK, MCA: "Most absurd reason - 'lack of space'. A hit is a hit and a good programmer always finds space on the playlist for a hit."

PAUL RAPPAPORT, COLUMBIA: "One of Columbia's Black promotion men came back speechless from a R&B station where he had been told that the record was 'too funky'...On the album level, I'm totally surprised and perplexed that AOR will break an act and own an act and then turn around three hits later and say they're a CHR band."

JOHN BOULOS, POLYGRAM: "#1 - My wife doesn't like it! #2 - I had a bad acid trip when their first record was released in 1969 therefore I'll never play 'em on the radio. #3 - The hooker that delivered the record had AIDS. #4 - I like the Lp version better than the 12" version, but CHR is playing the 7", so I can't add it. #5 - Freddie's not working it."

JEB BRIEN, CHAMPION ENTERTAINMENT: "When the Hall & Oates 'H₂O' record was released, after four weeks it was #1 in sales, a certain programmer told me if he wasn't playing it and it was #1 in sales, then it wasn't right for his format!!!"

CHUCK OLINER, MOTOWN: "P.D. says 'I love the record, it's the best of the week, but I'm out of carts. I'll add it next week when the new carts come in!!'"

RICHARD PACTHER, PROMOTION IN MOTION: "We're gonna watch it...We don't have any room...It's a teen record...I'll have to listen to it again...We're playing 15 cuts off the Journey album."

MICHAEL PLEN, I.R.S.: "On the Sting with Jeff Beck record--'It's too blues and it sounds like KFOG'."

KLIFF KAHUNA, WHMD: "It doesn't fit our format; I don't like it; I haven't gotten the record yet; we're playing too much of their stuff already and I have too much other stuff to deal with this week."

KEITH TAYLOR, WQMF: "My Mom just died; the dog needs rabies shots; boy, I really need to get home to clean my apartment...By the way, who cuts your hair, bud?"

LEX STALEY, WFYV: "This guy at the post office steals a lot of our really great records that we'd love to play so you're just going to have to send us another copy and until then we just can't help you. I'm sorry."

BILL PRESCOTT, KZAP: "#1 - It sucks. #2 - It blows, #3 - It's warped. #4 - I can't find it. #5 It's too blues."

RICK WEST, WXKE: "We moved. I don't have any turntables."

RANDY STEWART, WBGK: "It doesn't fit the sound; if it's a new artist - we've already played one track from the album and it didn't do anything for us; the song is just plain no damn good; it's too long; it doesn't fit the image."

GREG MULL, WXRC: "My number one excuse is: no Neda, not this week. The rest go as follows: the morning guy got hungry and ate it; the record was so hot it melted on the turntable; we don't play disco; and my General Manager likes it."

HARRY REYNOLDS, KOZZ: "Not AOR sounding. Poor production."

DAVID ANDERSON, WMAD: "The record's warped and we need a new copy. It's only five hours until 'Moonlighting' is on and I've got to go home and get ready. I drank a case of Bartles And James Wine Coolers and I'm drunk and can't find the music room. The record was on a Russian submarine and it sank in the middle of the Atlantic on the way here. It sounds like Genesis."

STEVE BECKER, WKFM: "No room; don't like it; want to see retail on it; too early; and haven't heard it."

MARY LONDON, WRFX: "Excuses 1, 2, 3, 4, and 5: BECAUSE I HAVEN'T RECEIVED IT YET! (I know you guys are trying. Please get us on your mailing list.)"

ROBIN MATHIEU, WBLM: "It's really 20 years old; it's a cover of a cover version; it's at the bottom of a pile of twenty and I only have five spaces; and the P.D. doesn't hear it - and they're probably all true."

BONNIE STACY, KNCN: "No room; too wimpy; I don't like it; I'm not into promotionola; didn't test well."

RON GARRETT, KDJQ: "I don't like it; we've filled our quota of that type of music texturally; haven't heard it yet; I don't have it yet; it doesn't knock my P.D.'s socks off."

QUESTION CONTINUED

PAM BROOKS, WPDH: "Our consultant says it's not right for our audience; our consultant says we're already playing too much new music; I'm listening to so much new music I haven't had time to listen to yours yet; sorry, I had to go to my parent's last night so I couldn't get around to listening to it and I really like it, but the P.D. just doesn't hear it."

JOE MARINO, WAQY: "I'll refrain from answering this one because then I'll have to think of five new excuses!"

DON BERNS, CFNY: "We don't like the record; we don't like the record company and we certainly don't like you (record company representative); we also don't like your wife, your kids or your dog; the kind of car you drive is not befitting of the stature of one who promotes records; and most importantly - you haven't taken me to lunch in a year, so why should I even consider your tacky old record???"

BRENT CLANTON, KPEZ: "#1 - We never received it. #2 - The grooves aren't deep enough. #3 - Not enough shine on the vinyl."

HARVE ALAN, WCCC: "#1 - It sucks. #2 - It's all hype. #3 - The competition plays it, but so what? #4 - It's just not right for the station. #5 - There's just no room."

JIM STEEL, WIOT: "#3 - The only copy we received was warped. #2 - The UPS man was in a car accident and all records were destroyed. #1 - We loved the song until we saw the video."

KAREN ANDERSEN SMALL, WGIR: "#1 - The record was warped. #2 - The hole is off center. #3 - The dog ate it. #4 - I don't like his politics. #5 - The Lp cover is awful."

GUIDO, WXRK: "#1 - The record was on the ledge, it sat in the sun and now it's warped. #2 - No local support. #3 - It's not selling. #4 - Not doing well nationally. #5 - It's a conservative week."

CURT GARY, WEBN: "#1 - It promotes drugs. #2 - It has no sex appeal. #3 - Doesn't include a Hammond B-3. #4 - Didn't include a CD in my mailing. #5 - My Mom hates it."

MIKE BOYLE, WDHA: "That easy! Paul, Beth, Lenny, Bill and Bob want me to add it! Those are the best five reasons I can think of! Only kidding girls and guys!"

BRIAN KRYSZ, WKLC: "#1 - No add in the Deane sheet. #2 - I hate the band's name. #3 - I hate the song. #4 - It's on _____ label. #5 - I hate my local guy. #6 - My local guy hates me."

PHIL MANICKI, WWCT: "That record is too good for us; the cover is boring; the twelve inch is at 45 RPMs; it got it warped; where's the CD?"

KEVIN VARGAS, KWHL: "I don't hear many excuses. We have a pretty good working relationship with most of our reps. One that does occasionally slip out is 'you're not properly representing the company's amount of product.' One I haven't heard that others mention is that 'I'll lose my job.' If someone's job depended on getting an inappropriate record added, my respect for the company would go way down. Even though radio and records have different priorities we need to work together with mutual understanding."

JACK GREEN, KLPX: "#1 - The G.M. loved it. #2 - It melted. #3 - Unfit for human ears. #4 - My dog loved it. #5 - My cat hated it."

BOB SHOWACRE, WHFS: "I don't need excuses on why not to add a record. I just need the room to add them."

KEVIN STEPHENS, KNAC: "There's only one excuse, it doesn't meet our criteria!!"

CINDY BAILEN, KZEW: "My best stupid reason is 'I forgot', or 'I heard it when I was in a bad mood', or 'I hate artists that look like this', or 'one time they did a promotion for my competition a long time ago in a different market'. Here's a really stupid one: 'I didn't know it was your priority'. Here's another stupid one, but always true, 'I have too much music on the air already'."

CURTISS JOHNSON, KUPD: "At first I was hesitant on answering this question. It's almost like a master chef giving out the ingredients of his secret recipe. But here goes anyway...1) I used to date the lead singer, lead guitar player, drummer (pick one) and it would be a conflict of interest to play the record. 2) What record? I never received the record. This is Phoenix and the Pony Express runs slow sometimes. 3) The guitarist's haircut doesn't fit the format. 4) Our research shows the band only appeals to 19 year old males who drive Vespa scooters and never listen to the radio anyway. 5) The record sucks and has no redeeming social value."

GLENN STEWART, WHJY: "The movie sucks."

AL BRANCA, WMGM: "First of all, I have no excuses for not adding records. However, I have reasons that I think are valid for not playing a song. 1) The song is not right for my station. 2) Sometimes it's a matter of balance. Too much metal, too many ballads, etc. 3) A record may be worth playing but low on my list of priorities for that week. 4) No room on the playlist. And last but not least, the one that never gets an argument. 5) Hey, I'm already playing six of your songs. Cut me a break!"

JOHN BRADLEY & DOUG CLIFTON, KBCO: "They're from Australia. Not a CHR recurrent yet. Haven't heard from any independents. Phil Collins had nothing to do with it. It's too classic rock (or) it's not classic rock enough."

RALPH TORTORA, WBAB: "There are no excuses. There are only real reasons why something is not right for your radio station. Excuses are like assholes. Everybody has one, and they all stink!"

WAYNE SUMMERS, WRCN: "Can't add it this week because a dog ran away with the only copy. Secretary stole it. Record had gum on it when we got it. Sleeve didn't contain Lp. Sounds too much like a polka."

DUANE SHERMAN, WTOS: "#1 - I don't like the new fall TV shows so I'm not adding your record. #2 - I accidentally put the record in my microwave and played a frozen pizza on my turntable. #3 - It doesn't have Phil Collins on it. #4 - My grandmother broke the record with her cane. #5 - Sorry, I don't speak English."

ERIN RILEY, WMMR: "My latest and greatest (and it's true) - I put it in a pile and I don't know which pile it's in."

MARK WILLIAMS, WWZU: "#1 - I hate remakes. #2 - It's too wimpy. #3 - It's too thrash-metal for us. #4 - Can't make room for it. #5 - There's too much of the good stuff out there now."

VIRGIL THOMPSON, WIXV: "No room, too hard, too soft, the rep promoting it is an asshole (of course we don't know anyone like this), and it's not on compact disc."

MICHAEL DAVIS, KFMT: "My five excuses are: #1 - I didn't have enough to drink tonight. #2 - You don't really love me. #3 - I have a headache and #4 - I don't share ass with my best friends."

DRU DAWSON, KBAT: "It's a lousy record; our consultant told us it was lousy; nobody's working it; no chart action and bad mood."

KGB-FM, SAN DIEGO, CA M.D.-PAM EDWARDS: "Billy Squier has to receive Record-of-the-Week honors for 'Enough Is Enough.' This one's full of A-One rockers, and it's obvious that our listeners wanna hear Billy. 'Shot O' Love' is our first new emphasis track, but we'll still be rotating several of the other songs through the week to keep up with demand...All right! We go with Iggy this week. This record puts a great big smile on my face. Call it left-field David Bowie or simply a great song. It's by far Iggy's most commercial venture yet... Benjamin Orr also comes up with a great song. Like his counterpart Ric Ocasek, Ben seems to have no trouble navigating his solo route. Actually, the way these two guys use their buddies in The Cars, I think it's a plot to release three Cars' records in the space of a year. But who cares, the outcome is sublime...Congratulations to Atco and to Album Radio for showing their muscle and getting Townshend to release his fall 'Live' album. It's wonderful hearing Pete spice up the classics...Thanks to Drew Murray and Polygram Records for the whirlwind trip to NYC and the chance to see Eight Seconds showcase their new material. These guys could be the next Fixx."

KGON, PORTLAND, OR M.D.-INESSA YORK: "A current trend that I like that I'm hearing in bands such as the Beat Farmers, the Smithereens and now the Georgia Satellites - no hightech shenanigans, no macho strutting heavy metal things. It still moves, it still has heart. I think this is the kind of rock 'n' roll that can hit an audience in the right way."

WMMR, PHILADELPHIA, PA M.D.-ERIN RILEY: "A public apology to Sean Coakley. After a recent visit to my doctor, he discovered a large ball of wax, the size of a cantelope, in my ear causing temporary deafness. Well, the wax came out and KBC went on!"

WIYY, BALTIMORE, MD M.D.-CHRIS EMBRY: "Concert alert! Last week I went to see Timbuk 3 with an 'okay, show me' attitude. And they delivered intelligent, amusing lyrics, fine guitar licks and harmonica--and they actually appeared to be enjoying themselves. It was a great time. Don't miss them...The huge sales and great phone response dictates another Bon Jovi track. Multi-platinum, here they come!...We've had great success with 'Boomtown', so we're going with a second David & David track. That was an easy decision...And I think we have overlooked the Georgia Satellites long enough. It's a real good-time tune...Also, immediate sales for Ratt."

KZEP, SAN ANTONIO, TX M.D.-DICK SHEETZ: "The new Police Lp will be here soon, but 'Don't Stand '86 should hold us till it's here...The Pretenders are sounding hot with 'Don't Get Me Wrong', and the album will provide at least two more including the Hendrix classic 'Room Full Of Mirrors'...Clapton's newest is bound to be a smash--Tina Turner sings on backups. Thanks to Todd Dalli and Kenny Ruvogal of Warner Brothers for letting us have a listen a little early. (Gives you something to look forward to)...And by the way, we did it for Elvis...You record reps looking for adds should call 512-224-5395, Tuesday after 3:00PM. No lines, no waiting - the new KZEP hotline...As I write this I dream of tomorrow's great show with Steve Winwood and Bruce Hornsby in San Antonio... You all have a great weekend. See you later. Bye."

CFNY, TORONTO, CANADA ASST.P.D./M.D.-DON BERNS: "As anybody who has ever had dealings with music personalities knows, it's downright refreshing to meet somebody who is genuinely nice, interesting, accessible and honestly friendly. These are the terms with which I would enthusiastically describe Dave Wakeling and Ranking Roger of General Public. Not only did the gents come into Toronto for a first - a record listening party to which the public (read CFNY listeners) were invited - but also went out of their way to get to the station for a live mike interview after their schedule was all screwed up, thanks to a computer error at Canadian immigration. Far from being removed, they enthusiastically met listeners, fielded questions, signed autographs, and joined CFNY staffers for dinner and partying afterwards. It's super when people like Dave and Roger eschew the star trip to get genuinely interested in 'how the other half lives'. Thanks, guys, and congrats on your new Lp. 'Hand To Mouth' is guaranteed to bring General Public to the general public. 'Too Much Or Nothing' is the perfect choice for the first single. It's hook city, happy, up and an instant audience pleaser...Congrats are also in order for OMD, whose Lp 'The Pacific Age' truly brings this fine band into the realm of being an orchestra. With no less than five musicians credited as being keyboard players, the texturing of this album is actually less electro-beat than previous efforts while maintaining the commerciality that has brought them some recent success. I figure that '(Forever) Live And Die' will be the first of at least three hit singles from 'The Pacific Age'...Iggy Pop also has a stunner on his hands with 'Blah Blah Blah'. If David Bowie brought Pop out of semi-obscurity with 'The Idiot' low those many years ago, his co-production and co-writing here should catapult Iggy even farther this time around (i.e., Iggy Pop has never sounded better)...Last year, CFNY listeners voted New Order's 'Low Life' the Best-Album-of-the-Year. This year the initial run of the import of 'Brotherhood' has sold out in Toronto's finer music stores, and their two announced concerts sold out (except for peanut heaven) in a matter of hours. If we can be any indication of the rest of the world, New Order has a smash on its hands."

KLOL, HOUSTON, TX M.D.-DAYNA STEELE: "Ben Orr definitely has a smash on his hands, and it looks like it'll fly on both formats... 'Can'tcha Say' and 'Still In Love' are the strongest phone tracks from the Boston Lp, having already eclipsed 'Amanda's' performance on the phone. Needless to say, the Lp is #1 retail...The Stabilizers is a record I felt was worth taking a chance on. It sounds good on the air, and we'll keep you posted on how the listeners respond...Phones and sales are great on Bruce Hornsby. He opened for Steve Winwood last week, and I've never seen so many people show up early for the opening act. There was a huge roar when he came on stage. Great response."

WCCC, HARTFORD, CT P.D./M.D.-HARVE ALAN: "And the hits just keep on coming. My favorite new song has got to be Wang Chung's 'Have Fun Tonight'. It's a multi-format masterpiece, and is already pulling decent phones after two weeks on the air...Listen to the Howard Jones--and listen to another hit!...Berlin's 'Like Flames' has a lot of AOR crossover potential. We couldn't play 'Take My Breath Away', but this one is in the ballpark. This band is a success story! Well, it was bound to happen...A deserving artist breaks wide open. Bruce Hornsby's 'The Way It Is' does an amazing 30-8 move on my local single's sales chart...The new Glass Tiger single 'Somebody' will be hit #2 for this excellent new band. If it's too poppy for your station, listen to the B side of the 12". I think it's a strong Album Rock record...Thanks to Pat at Polygram for getting the boys from Cinderella to the station after the show with Diamond Dave. Speaking of Diamond Dave, his show was great at the Hartford Civic Center and he was exceptionally cordial backstage after the show. Had a great time meeting him...One more thank you -- to everyone. Your support has just been incredible."

WHJY, PROVIDENCE, RI ASST. P.D.-GLENN STEWART: "Like racing's Petty Brothers, here's another great Cars team Ocasek and Orr. Benjamin Orr's 'Stay The Night' is another slick and well oiled entry off the Car's assembly line...If CHR wasn't smart enough to play 'Fall On Me' then screw 'em. R.E.M.'s 'Superman' easily puts them into the ranks of the 'automatics'...I did a double take on the Police remake and listener response is definitely mixed, but we'll play it and see where it goes. I'm really curious what the band's motivation might be."

KSJO, SAN JOSE, CA M.D.-KEN ANTHONY: "Great apologies to all the radio and record folks whom I've neglected to call back during KSJO's transition period. If you haven't heard, Dana Jang is no longer with KSJO and I have been named Interim P.D. I'd like to wish Dana all the best in his future endeavors. He's a real pro who will be a real asset to any radio station. I've learned a lot from him and will miss working with him on a day to day basis. To help offset the workload, I've asked Dave Numme, our night time jock, to help me with the music. Dave's a former M.D. at KZEL in Eugene, OR and I think you'll find him plugged into the music scene. If you can't reach me Tuesday or Wednesday from noon - 3:00, Dave will be available for calls Monday thru Thursday after 3:00 P.M. Pacific time."

WLVO, COLUMBUS, OH M.D.-LEE RANDALL: "Bruce Hornsby goes to heavy, lyrically and musically a smash (the song is good enough to make nippers' heads go straight)...Ben Orr gives Ric Ocasek some competition on our list...Can't wait to see Alice and his boa. They hit town early next month with Vinnie Vincent...Like the new David Lee Roth in Spanish. It's fun...Top 5 requests: Boston, Bon Jovi, Triumph, R.E.M., and David & David...Thanks to the Michael Stanley Band for a great show. They're a great group of guys."

KZAP, SACRAMENTO, CA P.D.-TOM CALE: "Please note that I'm back on the morning drive on a temporarily permanent basis. Calls Monday, Tuesday, Wednesday 9 A.M. 'till 12 Pacific. The search is on once again."

KZEW, DALLAS, TX ASST. P.D./M.D.-CINDY BAILEN: "I have a new favorite song, 'Give Me Shelter' by Lone Justice. I love it so much I can hardly wait to get a copy of it and play it constantly."

WLIR, LONG ISLAND, NY ASST. P.D./M.D.-LARRY "THE DUCK" DUNN: "The new Pretenders single still commands the priority request of our listenership. Chrissie delivers big this time around. It's my favorite new song this week... To I.R.S. Records: You have in your hands the best R.E.M. album to date. Our retail research supports this claim. We are four cuts deep, digging in for our fifth cut... Our two biggest breakouts this week are the Love And Rockets and Iggy Pop albums. Iggy's best ever is now the most sought after. The survivor rocks on. With Bowie behind the board, you can't miss... Sam and Dave reincarnated to Sam and Lou. It's still rock and roll to me and it sounds great. 1986--the year of the cover song, here's the final chapter... Thanks to John Ashton of the Psychedelic Furs for phoning in live to update the status of the new album. Co-Screamers Of The Week: Howard Jones import 'All I Want' and B-52's 'She Breaks For Rainbows'."

KGB-FM, SAN DIEGO, CA P.D.-TED EDWARDS: "We went. We saw. We partied. The place: Madison Square Garden. The main event: The David Lee Roth tour. It's been over two years since I saw a show in the Garden and I'm glad that this was the one that broke the ice glass. From start to finish, the band was as good or better than they sound on the album. Lights and staging state of the art and with rock 'n' roll's best front man leading the charge, what more could you ask for? Don't miss the show when it crashes through your town. You'll probably want to say you were there anyway when you hear the raves the next day. Many thanks to Dave, Pete, Paul and company for the primo hospitality; George, Kenny and Warner Bros. for the promotion; and Michael and Curtiss for the company. Everything was first class... Otherwise, things are very cool here in the lower left hand corner of the USA. We just had an excellent summer Birch with KGB-FM #1 in the market with an 11.2."

KOME, SAN JOSE, CA M.D.-CANDI CHAMBERLAIN: "Once again, the kid is totally illogical. Forgive me for being completely, irrationally, and musically/romantically insane. However, I have indeed done it again. I am pleased to report that the new Billy Squier absconded with my heart permanently on the very first listen. Shame on my illogical soul. From start to finish it is a superb masterpiece--stunning. The added touches of Freddie Mercury's assistance on 'Lady With A Tenor Sax' is enough to tear the roof right off the sucker. 'Shot O' Love' is serious shoot-em-when-you-see-the-whites-of-their-eyes rock 'n' roll. I also strongly recommend 'Break The Silence'. Let's hear it for breaking the silence... Before I run right off the rails, let me divert momentarily to the subject of jazz music. We here at KOME radio would very much appreciate your assistance with jazz service to build our jazz library. We have a special program called Stone Trek on Sunday nights which features the best in all kinds of modern jazz and we also use a lot of jazz music in our production department. As of this writing, our jazz library is pretty pitiful. We would sure appreciate being included on any and all jazz material mailings. We would like to receive at least three copies of each release so that all departments requesting jazz albums can have their requests handled. Thanks in advance for helping us out... Very pleasant surprise from Benjamin Orr for a first solo effort... Phones are insane on Ratt after just one week on the air... Broken Homes is looking like it's finally starting to happen. We've been on this one since the beginning and I'm really knocked out to see that people are showing true taste in music with this record."

WKFM, FULTON/SYRACUSE, NY P.D.-STEVE BECKER: "Thanks to Jeff Criden from Warner Bros. and Could Be Wild Moser for the David Lee Roth promotion in Buffalo. Talked with Dave backstage for about five minutes and found him to be very down to Earth. Hope the group makes it to Syracuse."

KDJQ, SACRAMENTO, CA M.D.-RON GARRETT: "I've lost all of my inhibitions. Get out of the way. I'm dancin', I'm groovin' with the Talking Heads 'Puzzlin' Evidence'. The groove is deeper than the Grand Canyon. Give me the Heads'til I'm dead...Has Benjamin Orr got a hit on his hands or what? AC, CHR and AOR exposure should be guaranteed for this beautifully crafted tune. Notice the drums are in time to your heartbeat. If you're waiting on this one, do us all a favor and go into sales...If you missed out on Cinderella's 'Shake Me' don't let 'Nobody's Fool' pass you by. This band is happening and deserves your attention."

WQMF, LOUISVILLE, KY M.D.-KEITH TAYLOR: "I just got named Music Director this week... Also we're in need of some giveaway crap. Clean out your closets and give it to us. Rocktoberfest is coming the 19th in Downtown Louisville and we need some stuff to pass on to our listeners for coming down...Journey was great last week and Steve, if you're listening, come back to town anytime. You get to stay in my garage... Some major changes in the morning show are happening as we speak. Stay tuned, we'll talk more about that next week... So until then, keep your feet on the ground and your head in a paper bag."

WXXP, PITTSBURGH, PA M.D.-D.J. BIRD: "Greetings from Pittsburgh. The phones are ringing and the action is Billy Idol... Good phones on Pretenders and New Order as well... Haven't you played 'Superman' from R.E.M.? We've been pounding it for a while - perhaps their finest yet...Joan Jett is BACK! After making a movie with Michael J. Fox, there's no doubt she's making 'Good Music!...Big Audio Dynamite's 'Beatbox' belongs on every dance floor and playing it on radio is certainly a pleasure... After Berlin's first hit single, 'Like Flames' is burning up the turntables... By the way, the Mets over Houston in five...Howard Jones debuts out of the box at #3 Most Requested. This will be huge."

WBRU, PROVIDENCE, RI M.D.-ALISON STEWART: "So I had the Chicken Pox, so what? But I'm back now and ready to rock. The records are flying here at BRU. Benjamin Orr and Ric Ocasek make for a great Car race. Orr raises himself to the ranks of successful band members who should definitely persue solo projects. 'Stay The Night' provides a solid even-tempered track that sidles up to you and makes friends...R.E.M.'s 'Superman' goes into heavy this week. Don'tcha even try to ignore this song, your listeners won't...General Public comes back with something stronger and harder that should perform equally as well as All The Rage."

WAQY, SPRINGFIELD, MA M.D.-JOE MARINO: "The Moody Blues and The Fixx are coming to Springfield this week for a concert and afterwards the Moody's will be filming their video 'Running Out Of Love' featuring some of our listeners! Thanks to Pat from PolyGram for making the show so accessible to us...My favorite new song, which I've been chomping at the bit about is those Georgia Satellites! If Cougar and Fogerty ever got a band together, this is what they'd sound like. Not only is this a great song, but the album is fantastic, too...If you take a great base line, a woman's name, and a great melodic sound, you can usually get a smoker of a hit. That's what it seems Idle Eyes has done with 'Sandra'. The base line hooked me and the rest of the song reeled me in...We're now on our fourth track from the new Peter Gabriel album. More great stuff with 'That Voice Again'...Ratt's new single 'Dance' shows that they're not just another buzz band. This one will heat up your phones."

WWZU, WILLIAMSPORT, PA P.D.-MARK WILLIAMS: "Well, the day has come. This coming Saturday (10/11) I turn in my amateur standings and go professional. However, that doesn't mean that I'm going to forget my friends. We'll still play poker every Friday night, go drinking every Saturday, and program the best rock and roll radio station in Central PA. This following week, you'll be talking with Kenny Venemon. Here's Kenny to say Hi..."Hi. I'm at a loss for words right now. Talk to ya next week."

KZOK, MILWAUKEE, WI M.D.-RANDY STEWART: "There's a lot of good new album releases coming in from artists who aren't considered 'core artists'. For example, listen to the new Lps from 'til tuesday and Wang Chung. Acts that have had most of their success in CHR. Both of these albums are long on quality and quantity of good tracks...We're also having very good success with the Paul Simon album. Sales are top 5 here in Milwaukee. There's a lot of you who probably didn't deal with 'You Can Call Me Al', but don't overlook cuts like 'Graceland', 'Under African Skies' and 'The Boy In The Bubble'."

WDHA, DOVER, NJ P.D.-MIKE BOYLE: "It's amazing what happens when you use the correct cotton swab in your ear! The Stabilizers 'One Simple Thing' should have been on the radio months ago!...Howard Jones really knows how to keep us guessing! We really like 'You Know I Love You', and can't wait for the rest of the album! On the Elektra subject, thanks Brad and Steve for the night in NYC! Good idea on the Benjamin Orr 12"! People need to know who sang those great Cars tunes! We don't see any problem with Ben continuing to make great rock and roll! Play 'Stay The Night' and you'll see the reaction...I played Ben Sidran's 'Space Cowboy' the other day and got very good response! People remember him from the Steve Miller Band and with Steve helping, it only makes this 'remake' that much more credible! This is the middle ground jazz needs to make an impact on rock radio!...General Public continues to impress me. One listen to 'Too Much Of Nothing' and I was hooked again... Thanks to the PolyGram crew for the introduction to 'Eight Seconds' at New York's Bottom Line. These guys have a future!"

WIOT, TOLEDO, OH M.D.-JIM STEELE: "Howard Jones with a guitar riff? Now, I have heard everything. Whatever happened to that one man band? Still though, it doesn't take too long to figure out that Ho Jo has a smasher on his hands. You know we love it... Benjamin Orr has a Rolls Royce of a tune on his hands, drawing even more attention to the Cars as a group. Could they be the best group of individual performers since the Eagles?...At first listen I felt the Wang Chung would be another 'Dance Hall Days', but this thing has been exploding at a much faster rate. This baby is going to mow down everything in its path, and it won't stop until it reaches #1...Thanks to Mark Wescott at Columbia for the Eddie Money phoner. One dream down, and one more to go. Hey Mark, what's Bruce doing?"

KLPX, TUSCON, AZ M.D.-JACK GREEN: "The new Boston is just burning up the phones this week. Three cuts deep and they still want more...Billy Idol is doing extremely well, too. Can't wait for the Lp...David Lee Roth's Spanish version of 'Goin' Crazy' is doing fine. It's a perfect record for us. Maybe Dave's going to open a foreign language school soon...Pete Townshend's 'Deep End Live' lp is the big talk of the ranch this week. You can drop a needle anywhere on this album and come up with a great tune. Good going, Pete...Alice Cooper may be getting older, but like a fine wine, he only gets better. Give him a try."

WTPA, HARRISBURG, PA ASST. P.D.-CHRIS JAMES: "The big news is that one of Central PA's original rockers has returned via New York. Jammin' Jeff Kauffman is back at WTPA. He'll be doing mornings 6 A.M. to 10 A.M.. We're ecstatic at luring Jeff from the Big Apple. And the way the phones have lit up, it seems Central PA finally has the A#1 morning show it's been starving for...Thanks to Bobbi Silver of Polygram, Frank Sciarra of Atlantic, Mark Mazetti of A&M, George Stone at Warner Bros. and the entire Bricklin crew for all their help at the recent concerts. Your help provided winning promotions...Til next week, aloha."

WFYV, JACKSONVILLE, FL M.D.-LEX STALEY: "So what's with the Beantown invasion? All at once we get hit with Boston, Ocasek, Squier, Benjamin Orr, 'til Tuesday and we even have to watch Steven Tyler every five minutes with Run DMC. And if that's not enough, I have to go home after terrible Tuesday and watch the f--- Red Sox on TV. One thing I've got to say, however, is if they were looking to put Boston's bid in for the Hall Of Fame, they could have given Philly a run for its money. But after all, when the fall book is said and done, we may owe Beantown a lot for all the great tunes they gave us this fall. But I still hope the Angels kick their ass."

WMAD, MADISON, WI M.D.-DAVID ANDERSON: "Would like to thank Beth Rosengard for her help in getting us the new Outlaws album, which, by the way, sounds terrific. They have a softer, more matured sound, but the music still packs a punch...Also, thanks to Marvin Gleicher of Geffen for his assistance with our Neil Young concert promotion...How 'bout our remake of the week? Hot off the presses: Sam Moore and Lou Reed 'Soul Man'!"

KBCO, BOULDER, CO M.D.-DOUG CLIFTON: "Best second effort: 'til Tuesday is right on target with their follow-up to 'Voices Carry'. 'What About Love' is currently our most requested song...Best live performance: Pete Townshend is a rock and roll hero to an entire generation. 'Deep End' is a must for AOR!...Favorite New Song: New Order 'All Day Long'. We also like 'Bizarre Love Triangle'...Long Shots: Venetians, Charlie Peacock and Taj Mahal...Retail: Paul Simon, Talking Heads, Steve Winwood, Huey Lewis, and Peter Gabriel are the big burners...Phones: 'til Tuesday, Timbuk 3, Ric Ocasek, Pretenders, and Pete Townshend are most requested...'Life Is Hard' is the perfect follow-up to 'The Future's So Bright'. We continue to see growth on Timbuk 3...After much success with 'Let My People Go-Go' and 'Government Cheese' we are now putting an emphasis on 'Downstream' from the Rainmakers...Thanks Mark Gorlick, Michael Brannen, and Katie Arnold. And welcome to Todd Cavanaugh, our new Elektra rep in Denver. Congratulations to Jim Davenport on his recent promotion...FROM P.D.-JOHN BRADLEY: "If Donnie Osmond joined the KBC Band they would be the KBCO Band and could do a remake of, you guessed it, 'One Bad Apple'."

WBAB, LONG ISLAND, NY M.D.-RALPH TORTORA: "Let me begin by saying I am not a big Iggy Pop fan. I was really ready to dislike this record--but au contraire! Iggy has created a masterpiece (Bowie deserves a piece of that piece). This record got me so excited I almost had a sexual experience in my car all by myself! After listening to the whole Lp, my ears lit up a cigarette! 'Cry For Love' surely makes more sense within the context of the entire Lp, and 'Real Wild Child' is an absolute killer! Dare I say it, this could be one of my favorite Lp's of the year, and I've got a funny feeling the audience is going to agree!...Congratulations to David Ross on his promotion, and congratulations to D.J. Bird at WXXP. Good luck!"

SIX I.R.S. TAX TIPS:

- 1.) **General Public 'Too Much Or Nothing'**... Shelter your station from bad ratings with this hot selling rock tune.
- 2.) **R.E.M. 'Superman'**... This high flying tune is paying big dividends at the cash register. Near gold.
- 3.) **Timbuk 3 'The Future's So Bright'**... This audio loophole will put fun on your airwaves.
- 4.) **Hunters & Collectors 'Throw Your Arms Around Me'**... Any airplay will prompt a ratings dividend for you.
- 5.) **Bolshoi 'A Way'**... One listen will blow you 'A Way'.
- 6.) **Beat Rodeo 'I'm Not Afraid'**... The trump card of songs, please give it a spin.

Any of these songs can and will shelter you from bad radio.
With a little bit of water and airplay watch them explode.

WMGM, ATLANTIC CITY, NJ M.D.-AL BRANCA: "Billy Joel put on a great show at the Spectrum in Philly last night. He had the entire place on their feet as he played a good mix of old and new. Don't miss him...This weeks adds: Benjamin Orr 'Stay The Night'--what a marketing approach by Elektra. How can you not add this record with all those great Cars' songs that Ben sang on the flip side! It's this week's staff pick. An instant hit with large female appeal...Boston 'We're Ready'--the right choice for a follow-up and in my opinion, the best track on the Lp...Ric Ocasek 'True To You'--Mr. Spock of Rock has got another hit...Triumph 'Tears In The Rain'--now that's the Triumph I've come to expect. Killer tune...Moody Blues 'Running Out Of Love'--they sold out the Mann in Philly in 40 minutes and they're coming back this way again. Personally, I'm not a big fan of metal, but this track breaks barriers with clean vocals and great hooks...Also on: Glass Tiger 'Someday', Daryl Hall 'Foolish Pride', Woodentops 'Give It Time', and Paul Simon 'Graceland'...Top Five Phones: Bon Jovi 'You Give Love A Bad Name', Boston 'Amanda', Billy Idol 'To Be A Lover', Iggy Pop 'Cry For Love', and Huey Lewis 'Hip To Be Square'."

WRCN, LONG ISLAND, NY ASST. P.D./M.D.-WAYNE SUMMERS: "At this writing, we're eagerly and anxiously awaiting the results of our Summer Arbitron! If the saying 'what goes around comes around' has any validity, we should receive news of our highest Book ever! Promotionally, this past Summer, WRCN was as hot as a firecracker with trips, great prizes and deluxe nights on the town to the hottest concerts and Broadway shows. Musically, we are the only pure rock 'n roll radio station on Long Island! Barring unforeseen complications, such as a low percentage of usable returns and corky diary placement, we should make quite a dent into our major competitor. Nevertheless, one monkey doesn't stop no show. We continue to give them dazzling promotions...How 'bout the heaviest cash giveaway in radio history? \$10,000 ABE's a day. A quarter of a million during Rocktober! WRCN is the station that makes cents on Long Island--Some are confused, but they're listening!"

WXKE, FORT WAYNE, IN P.D./M.D.-RICK WEST: "Congratulations to CBS for signing Henry Lee Summer."

KNCN, CORPUS CHRISTI, TX P.D./M.D.-BONNIE STACY: "Hoot of the week: David Lee Roth 'Eat 'Em And Smile' in Espanol. Only Dave could pull it off with integrity. Actually, 'Yankee Rose' had us in stitches for hours... R.E.M.'s 'Superman' started getting phones before it was even an official add!...And it looks like Iron Maiden was worth waiting for. 'Somewhere In Time' was a number one seller last week in two outlets...Eric Johnson played here last week, and if this extremely talented individual comes within five hundred miles of you, do yourself a favor and see him. He's without a doubt the brightest rising star that holds a guitar today... Thanks to the buds at Warner Bros., Kenny Puvogel, Todd Galli and Jerry Barrett for a fabulous evening."

KWHL, ANCHORAGE, AK M.D.-KEVIN VARGAS: "When I first heard the Idle Tears' record 'Take Me Home', I wasn't sure how good it was. The song stayed with me and become more captivating with every listen. Liz Constantine sings from her soul with an emotion packed voice. Here's a record with CHR hit potential, yet it's not a CHR record. It's not just a let's go early on, it's a let's play it because it's good enough to be on this rocking roll AOR...I don't think the Outlaws 12" is a standout, but it's solid and deserves a shot. With the Outlaws, the Georgia Satellites and Timbuk 3 all sharing success with a similar sound influence, could this be the start of a trend or possibly a comeback? The bottom line is they're all good songs worthy of airplay."

WGIR FM, MANCHESTER, NH M.D.-KAREN ANDERSEN SMALL: "This is a week for some quality adds. Ben Orr has come out with a song that you can wrap your ears around. 'Stay The Night' does not sound like it could've been The Cars. The record has its own identity which is a point in Orr's favor...I equate the Broken Homes record with Bruce Hornsby. If you stick with it long enough, you're bound to get some positive reaction. 'In Another Land' is a nice tune...The Georgia Satellites have some of that early Stones raw sound with lead vocals that, at times, have a country inflection. Interesting, fun new album...And Rock 101 welcomes Kurt St. Thomas from 95X in Syracuse. He's the new half of our morning team with Kathy B."

WKQQ, LEXINGTON, KY M.D.-ROB ELLIS: "The only reason you're not playing the Georgia Satellites is that you haven't listened to it yet. It's in the same vein as the Fabulous Thunderbirds but with more of a raw edge to it...Love the Spanish stuff from David Lee Roth. Everybody's having fun with it on the air...When you think of the Cars, the first person that comes to mind naturally enough is Ric Ocasek. But don't forget the other driving force in that band, Benjamin Orr. 'Stay The Night' sounds like guaranteed crossover material to me. Very much looking forward to his Lp...Bad Company actually does have material on the Lp that doesn't sound like Foreigner. Check out 'Burning Up'. That's more like it...If yours is the kind of station that will play Howard Jones, don't miss the boat on his new one. Maybe his best shot to date."

KFMO, LINCOLN, NB ASST. P.D./M.D.-BOB ALLEN: "Just returned from a two-week vacation on the beautiful North Coast of America (Cleveland). That's right, I took a vacation in Cleveland. Go ahead, laugh...I keep hearing about how difficult it is for album radio to break new artists these days. Based upon sheer volume of available material, that may be true, but the cream always rises to the surface. And with a little bit of smarts and a lot of attention on our part, we should continue to uncover the right newcomers who deserve exposure. Based upon what I've heard, I'm confident that Georgia Satellites will follow some recent success stories in new music like Timbuk 3, Smithereens and Rainmakers...One of the most intriguing new releases this year has been 'Graceland' from Paul Simon. We'll try the title cut here...Ric Ocasek will now duke it out with Benjamin Orr as the two big wheels from the Cars release competing solo projects. I think Orr's release will remove him from the shadow of Ocasek and really expose his talent...Thank you this week to Mary Klinedinst and company at Warners. Had a great time in Cleveland."

WHMD, HAMMOND/BATON ROUGE, LA M.D.-KLIFF KAHUNA: "Many thanks to Phil Poulouf from Elektra/Asylum for the Georgia Satellites invitation. It's nice to see there are still bands that do rock and roll. Next time around, though, make sure it's a chauffeured limo ride to Tipitina's. Also, thanks for the visit from Mark Niederhauser from Geffen for dropping by...Howard Jones' record is a definite #1 prospect. Get on this early 'cause the CHR's are going to be banging the hell out of it. Another solid record from Elton John. Now, if I can just get him down here to do a concert. Real good response on the new General Public and the R.E.M., although you may want to avoid the Hitler youth stuff at the beginning of 'Superman', especially if the PMRC is listening."

KFMG, ALBUQUERQUE, NM M.D.-MICHAEL DAVIS: "Personal congratulations to the newest member of the Elektra promotion team, Todd Cavanaugh. We'll be resting up for your visit, Todd...Greg Kihn's Albuquerque show was rained out, but that didn't slow us down. Greg, long time Eddie Money guitarist, Jimmy Lyon, and myself hit the trail. One stop included a couple of numbers on stage with local band Third Wish and ended with a rockin' roomful of people at the Ramanda--and Greg thought Albuquerque would be boring on a Sunday night... Musicwise, the Ben Orr has a Cars' flavor, but definitely stands on its own two feet...The next Black 'N Blue track 'I'll Be There For You' should be a monster. Play the song and prepare for huge phones...And finally, consider the Europe release. The MTV and word of mouth exposure have made it big. With legitimate airplay, it could go a long way."

KMBY-FM, CARMEL/MONTEREY, CA M.D.-PATTY MARTIN: "ADDS: Paul McCartney 'Stranglehold'; Pete Townshend 'Life'; George Thorogood 'Night'; Eddie Money 'Sleeping'; Ratt 'Dance'; Cinderella 'Fool'; Pretenders 'Wrong'; Bruce Hornsby 'Way'; David & David 'Cracks'; Peter Gabriel 'Voice'...CONSIDERING: None...MOST REQUESTED: Bon Jovi 'Give'; Boston; David & David 'Boomtown'; Billy Idol 'Lover'; Billy Squier 'Hero'...INCREASED PLAY: The Call; Smithereens; Tom Cochrane; Billy Idol; Bad Company; Iggy Pop...INCREASED SALES: None."

WFAL, BOWLING GREEN, OH M.D.-JEFF CLARC: "ADDS: Pretenders 'Wrong'; Eddie Money 'Sleeping'; Benjamin Orr 'Stay'; Howard Jones 'You'; Stabilizers 'One'; Device 'Who Says'; Beaucoup 'Born And Raised On Rock & Roll'... CONSIDERING: Elton John 'World'; Joan Jett 'Good'; Triumph 'Tears'; Outlaws 'Soldiers'...MOST REQUESTED: Ric Ocasek; Eddie Money; Boston; David Lee Roth; Outfield...INCREASED PLAY: Georgia Satellites 'Keep'; Eurythmics 'Tomorrow'; Berlin 'Flames'...INCREASED SALES: Boston; Ric Ocasek; Talking Heads; David & David; Bruce Hornsby...At first I tended to shy away from Timbuk 3's 'The Future's So Bright' because of our big college listenership. After some thought, though, I concluded that the tune wasn't slamming all college students, just the assholes who deserve it!...Two sports notes I have to comment on. First, Bravo Tribe--what an exciting year! Second, I can finally die in peace now that the Browns have won in Three Rivers."

WEGR, MEMPHIS, TN M.D.-KELLY CRUISE: "It's been a wild wild first week, but Howie has been very helpful and I'm loving every minute of it. Special thanks to you record folks, too. With all the great music out now, Boston is still taking Memphis by storm. We're doing four cuts...but all are possibilities. The 'Third Stage' will probably be to album radio what 'Thriller' was to Top 40...The new Pretenders is doing well and we're getting lots of calls for Wang Chung and Bon Jovi. Plus, we're all excited about 38 Special and Bon Jovi coming to Mempho October 18. Our concert ticket winners and the band are being treated to a local favorite, a famous Memphis barbeque prior to the show (Bryan Adams went nuts over the stuff when he came through town several years ago). We're also putting our winners in a private sky box to enjoy the show. A big hello to Stuart McRae, John Rivers, and Redbeard. Can you believe this?"

WLNZ, LANSING, MI P.D.-RICK VAN GIL: "With all the remakes out right now, I thought I too would take the easy way out and remake some old comments. It brings tears to my eyes, yes, the annual summer migration has begun taking place in Toledo. The ice cream trucks are back on the streets and just who are better judges of music than the guys who numb tongues and dish out empty calories twelve hours a day? I'm talking, of course, about the ice cream truck drivers. I've known Irv the ice cream man for five years now and I use him as my summer focus group. Here's what Irv thinks about some current music: Steve Winwood better than a triple dip, AC/DC hotter than a radiator after a twelve-hour shift, Tom Cochrane and Red Rider as refreshing as a cherry sno-cone on a hot August day. Irv the ice cream man--he's not a music director, but damn it, neither was George Washington."

WCMF, ROCHESTER, NY M.D.-DAVE KANE: "We're all real excited here at WCMF about the upcoming Peter Gabriel concert. It is the first date in what I understand is a very limited tour. 'That Voice Again' gets added to give the audience something to chew on until showtime...Bon Jovi's 'Wanted Dead Or Alive' has been my favorite from the start. The power and appeal of this song will not be denied. And on a personal note, thanks to all who sent flowers/cards/good wishes for my new baby. He'd write to thank you personally, but he doesn't speak English yet."

KFMH, MUSCATINE/DAVENPORT, IA P.D.-STEVE BRIDGES: "ADDS: a-ha 'Losing'; Elton John 'Heartache'; 'til tuesday 'David', 'Coming', 'Watching'; Billy Squier 'Shot', 'Lonely', 'Hero'; Robin Trower 'Think', 'No Time', 'Secret Doors'; Wang Chung 'Hypnotize'; Love & Rockets 'Kundalini'; Taj Mahal 'Everybody'; Pete Townshend 'Life'; Police 'Don't'; Frank Marino 'Breaking Away'; New Order 'Bizarre Love Triangle'; Joan Jett 'Good'; Sam Moore/Lou Reed 'Soul Man'; Stone Fury 'Let Them Talk'; The BoDeans 'She's A Runaway'; It Bites 'Calling All Heroes'; 5440 'I Wanna Know'; Peter Gabriel 'Voices'; Chameleons U.K. 'Swamp Thing'...MOST REQUESTED: Talking Heads; Pretenders; David Lee Roth; Ric Ocasek; Smithereens...INCREASED PLAY: David & David; Huey Lewis; Boys Don't Cry."

A quick scenic trip to the Coast, complete with an eyeful of foliage, and now I'm refreshed for another seven days!...A big 'thank you' to George and Mr. Mike at Warner Bros. for the Sam Kinneson ID liner. You guys are still two of the best...Howard Jones returns with a type of song I was literally praying for. Happy go lucky music and serious lyrics. Bravo, Howard! You're still my synth king!...Maine's own Billy Chinnock is back with another stab at national stardom on CBS records. Good luck, Billy, with the new Lp and video and come to Maine soon...Sam and Lou? I love it! Go for those upper demos...And by all means, radio people, don't overlook the two 'most interesting' releases this week: New Order and APB. Both are tailor made for progressive rock radio...Pick-of-the-week: Megadeath. Personally, I really despise theatrical/make-up metal, but these guys steer clear of that (thank, God) and they serve up some hard hitting music and lyrics to match. I really like this Lp. It's refreshing to see heavy rock without eye liner...Until next week, as Morrisey says, 'hang the DJ!'"

WKLT, TRAVERSE CITY, MI P.D.-DAVE FORTNEY: "ADDS: Bon Jovi 'Dead'; Ratt 'Talk'; George Thorogood 'Night'; Andy Taylor 'Rain'; David & David 'Cracks'; Vinnie Vincent 'No'...CONSIDERING: Benjamin Orr; Outlaws; Triumph 'Tears'; Wang Chung; R.E.M. ...MOST REQUESTED: Bon Jovi; Billy Idol; Timbuk 3; Triumph; Smithereens...INCREASED PLAY: 'til tuesday; Pretenders; KBC Band; Outfield; Georgia Satellites; Talking Heads; Smithereens...INCREASED SALES: Boston; Ric Ocasek; Huey Lewis; Bon Jovi."

General Public's 'Hand To Mouth' is the best sounding reggae-based commercial album since Marley's hey-day. This album is deep!...T-Bone Burnett's newest Dot (MCA) album is bonafide country, alright--but if you're having success with Steve Earl or Southern Pacific, check out the Bonester!...Winter Hours has been a house favorite since the first Ep and the new 12" is more major league material. Though distinctly contemporary in approach, there are moments here which reminds me of McGuinn or Morrison. Eagerly awaiting the forthcoming Lp...Taj Mahal don't need to whistle Dixie anymore. He's got a topical tropical tune, 'Everybody Is Somebody', which is something special...Sam and Lou is a giggle! Not for heavy play, but definitely amusing a time or two!"

'True To You' should be an absolute cross-over s-m-a-s-h, just like 'Emotion'--'Paradise' could be about 4 hits deep...While I'm at it, some other great tracks I'm into: John Fogerty's 'Knockin' On Your Door' and 'Wasn't That A Woman'. John's really come through with his second straight quality solo album. Will people be soon asking, 'who was CCR?'...Finally, the Talking Heads have actually done it! They have topped their previous brilliance with 'True Stories'. 'Radio Head', 'Puzzlin'', 'Dreams', 'Love For' and 'People' are my favorites. There now, I got it off my chest, and I'm sure I'll be feeling much better now!"

The rock 'n roll edge will no doubt expand his followers...With their mix of Eddie Cochran, Chuck Berry and the Fabulous Thunderbirds, the Georgia Satellites definitely add fun to your sound!...Phil's fave-of-the-week is the Stabilizers. The hook may take a while, but it's well worth the wait. What a great song, with something for everybody!"

RADIO ACTION CONTINUED

WPDH, POUGHKEEPSIE, NY M.D.-PAM BROOKS: "Hot damn, this ain't no lie! I know my shit from shinola and we're onto something really big here. Hell, maybe bigger than all of Texas' boys. I'm talkin' about these here Georgia Satellites and their tasty debut Lp. This is nitty gritty rock and roll at its best and I guarantee 'Keep Your Hands To Yourself' will generate lots of calls from both genders. So, get off your high horse and play this one...I love the Tower of Power-ish horns and the pipes of peace behind what should be Howard Jones' biggest hit to date. This one has incredible mass appeal and Howard has taken a very strong step forward. He merges his popish sound with an amazingly funky bed that should have everyone jammin' in the streets while delivering a love song for the '80's that you just can't miss with...As far as I'm concerned, Joan Jett And The Blackhearts have always given 'Good Music' as well as 250% of themselves. So my fingers and toes are crossed that this Lp and her film with Michael J. Fox puts her firmly back in that hot rock and roll spot. This Lp cooks from the title track to the I-dare-you-to-tell-me-I-can't laugh-about 'Black Leather' to my favorites: 'This Means War' and 'If You Want My Love'. This lady works damn hard and every time I've had the pleasure of seeing her perform, the audience is in the palm of her hand. So let that rule your decision as to whether you should play 'Good Music'... Thanks to John Weston for Genesis and the great night of schmoozing."

"My favorite tunes this week are kinda off the beaten path: APB has a 4 song Ep that blows me away. It's so much grittier than their other work. Give a listen to 'Missing You Already'...The Sam Moore/Lou Reed version of 'Soul Man' came out of the blue, and kicked butt...The best Lp on our whole playlist is 'Hand To Mouth'. General Public is a great band!...Thanks to Paul (and belated Happy Birthday) at I.R.S for the phoner with Rankin' Roger and the very amiable McDonald of Timbuk 3!"

"Hot phones! Hot phones! Hot phones! Look, my Program Director thought I was a crazy mutha when I added this one, but now it's getting phones up the ying yang! I'm talking about 'Cattle Prod' by Guadalcanal Diary! My guess is by next week this will be one of my Top 5 requests. Special 'thanks' to Jay Hart at Elektra. His promotion is going to be a scream!...Moving on to other things: Does anybody have any photos, or better yet--video--on Samantha Fox? Geez Louise. Excuse me, now I'm back to earth. So much for that!...Let's talk about 'So Much For Love' by the Venetians! In my opinion, Chrysalis has become one of the hip labels of '86 by virtue of the bands they're signing, and the Venetians reinforce that statement...Moving on to Frankie Goes To Hollywood--I've been told that some stations are saying that this band has an image problem. My thought is who the hell cares, if it's a good song, play 'em!...The Berlin cut 'Like Flames' is going to be a record for me. It's quite infectious when you listen to those people whistling!...And the new Big Audio Dynamite--I'll be honest here, I had my doubts about 'E=MC2' but it proved to be a big song for me. 'C'mon Every Beatbox' is right there...Hey, Lambo, any word on Joan? Call me...To all record people: I need CD's: Old, new, whatever I can get! Thank you in advance!"

Record Action

JON SCOTT, MUSIC AWARENESS (818-883-7625): "Attention artists, managers and record companies, here's a great way for artists to help KLPX Tucson at their upcoming golf tournament that benefits the T.J. Martel Foundation. Call Rick Allen at the station 602-622-6711 if you or your artist would like to be a part of a fun event on October 25th in Tucson, Arizona. As you know, it's a worthy cause and it's a great vehicle for promotion in Arizona...Let's hear it for the hockey season as the Hollywood Stars take to the fantasy ice to kick ass on the rest of the league."

MR. RECORDHEAD, POLYGRAM (212-333-8539): "A lot of guesses, but only five correct answers so far! Of course, that means there will be a drawing later this week--which means it isn't too late for you to find the mistake on Polygram's 'Autumn Ass-Kickers' cassette (the one you got in the mail 3-4 weeks ago). Find the mistake, write it down, and send it to: POLYGRAM RECORDS, 810 7th Ave., New York, NY 10019, Attn: Drew Murray (a swell guy). If your answer is correct, we'll put your name in the hat with the other five very astute musicologists. We'll draw out one name and the winner gets a CD player and the entire Rolling Stones London CD catalogue (commercially available Nov. 3rd). But hurry--the drawing is this Wednesday (10/15) at the end of the day. We'll call the winner on Thursday the 16th, and announce his or her name right here in two weeks!"

JEFF NAUMANN, RCA RECORDS (213-468-4055): "Brand new rock and roll out now from Detroit-based Toby Redd. The 12" 'Every Time I Run' is pressed on Redd virgin vinyl. For five years now, Toby Redd has been performing the club circuit from Detroit to Baltimore and have had several regional hit records on their own label. Toby Redd's sound is reminiscent of the Who's 'Who Sell Out' era with an 80's edge. Toby Redd will break big at album radio...By popular demand, the official next single and 12" from the Eurythmics will be 'Thorn In My Side'... From Big Time Records comes a killer song, 'A Million Things', from The Lucy Show. The Lucy Show is a hooky rock band that fits right into the mainstream of rock radio. You m-u-s-t listen!...Love And Rockets 'Kundalini Express' keeps chugging along, pulling heavy adds from WXRT and WBCN among others. Love And Rockets has a huge following, not unlike The Cure, and with a little airplay will blow sky high...Also, check out the Pink Floyd-ish 'All In My Mind'. Other new tracks from the Nipper include: 'Foolish Pride' from Daryl Hall--'Original Wrapper' from Lou Reed (what a killer!)--and the timely song from Mark Germino 'Political'...Last but not least, Bruce Hornsby finally broke into the Top 10 with 'The Way It Is'. I think everybody in the universe wants Hornsby to go number one and with your continued help, he will! Thank you, album radio, for being first on Bruce Hornsby And The Range...It's great to finally see Iggy Pop breaking into the mainstream--he deserves it!"

SEAN COAKLEY, ARISTA (212-830-2178): "Many people age and just get older, but Paul Kantner, Marty Balin, and Jack Casady have managed to live, learn and grow wiser. The KBC Band is the most musically diverse album to be released in a long time. From the muscular 'Its Not You...' to the epoch, spine-tingling 'America' to the poignant 'Hold Me', these artists once again paint a unique portrait of our culture in 1986, one no less urgent or relevant than the ground-breaking protest songs they offered in 1966! This album will most certainly re-establish KBC with the ranks of socially conscious heroes of rock like Bruce, U2, and Mellencamp. '...one generation got old, this generation got soul'. ...Aretha is a s-m-a-s-h, s-m-a-s-h, s-m-a-s-h! This single is selling huge and those of you doing your homework know that the consumer is crossing all demographics, including all your classic male listeners. Keith is Keith. The movie will be big. Don't snooze...Next week: Live Krokus!"

ANDY ALLEN, ISLAND (212-477-8000): "Hats off to the Elektra staff this week! Great job on the Georgia Satellites! Nice to see a new band in the Most Added section. Ditto to A&M on David & David...Charlie Peacock's new Lp is produced by Nigel Gray (The Police, Godley & Creme, Siouxsie & The Banshees, among others). His first Lp, 'Lie Down In The Grass', released in '84 on A&M received a great deal of college play--enough to get him on tour with the Fixx and General Public. WARNING***Charlie's Lp sounds nothing like Boston, and is not a soundtrack to a frat pack film--listen at your own risk. Thanks for your support!"

ROGER LIFESET, PEER PRESSURE PROMOTIONS (818-991-7668): "Thank God for CLASSIC ROCK, RECURRENTS, FRED JACOBS, the BOSTON Lp, COVER SONGS etc. ...For me, seeing AOR regress so very much can only help starve people of such lofty thoughts as: INDIVIDUALITY. Presto--enter the 'NEW AGE'. You are creating the 'NEW LEFT', not radical, scruffy or scattered; but polished, profitable, and the majority. Their rod is self awareness--economic power is their staff, and it will make all the difference in the world when moving two steps backwards creates the climate for a three step forward shift. JAZZ, NEW AGE, BLUES in all its forms are creating 'mega' stars within your upscale target audiences. Names like George Winston, Andreas Vollenweider, Kitaro, and Shadowfax, to name a few, are currently doing big business for the record companies. Moreover, it represents a calculated future. We see A&M/WINDHAM HILL, MCA/NARADA, COLUMBIA/GLOBAL PACIFIC, RCA/NOVUS, CAPITOL/CINEMA, etc., etc. Can you see it coming?...Here is our Fall line of killer kuts: KITARO (Geffen) 'Milky Way'; PLEASURELAND/LATTITUDE (Lifestyle) 'Domino II' and 'Wing And A Prayer'; WALLY BADAROU (Island) 'Waltz' and 'Mambo'; SHADOWFAX (Windham Hill) 'Orangutan Gang'; JEFF LORBER (WB) 'Kristen'; PAUL WINTER CONSORT (Living Music) 'Joy'; SUZANNE CIANI (Skylark) '8th Wave'; LEE RITTENOUR (G.R.P.) 'Sauce' and 'Watercolors'; JOE LOUIS WALKER (Hightone) 'Cold Is The Night'; MICHAEL JONES/MICHEL GENEST (Narada) 'Sostice' and 'Ascension'...with more coming! Do you need vinyl or compact disc? Call! Thank you Russ Mottla for the motivation!"

PAUL RAPPAPORT, COLUMBIA (212-975-8616): "The STABILIZERS are finally a reality. With KLOS, WDVE, WXRK and the Loop in last week along with a huge host of others, all I can say is check it out and see why it's 'The Jock's Favorite' wherever it's played...B.A.D. is on its way. Sounds different, yes? Just like most of the material from Mick and Joe. And, it's clear that a whole lot of people are interested. Play 'Beatbox'. The Lp is out this week. Immediately check out 'Beyond The Pale'...JEAN BEAUVOIR's 'Young Days' is growing. Now on over twenty-five believers--and wait till you see this guy's new video!...And speaking of believing, we are anxiously awaiting the fall tour of the WOODENTOPS. Go back and listen to 'Give It Time'. A fresh 12" mix by Arthur Baker is on the way...We have a new album by a band called UNTIL DECEMBER. There is a song on this Lp called 'Mirrors' which is so totally haunting it's like the Doors meet Mister Mister! Check it out...Coming soon, PAUL YOUNG!!!!!!!"

GAYLE MILLER, PAUL YESKEL PROMOTION (201-667-5931): "This week we mourn the loss of inspirational radio, KCGL. Thanks and best of luck to daring Del Williams and his band of record breakers...On-Your-Desk-This Week Dept. includes: 'Behind The Wall Of Sleep' from Smithereens. Wake up with this solid rockin' number. A true story and an exciting follow-up to the most amazing debut of the decade. Don't get caught napping on this one... Famous producer Don Dixon (R.E.M., Smithereens, Marti Jones, etc.) proves he's at home behind the desk or in front of the mike with 'Praying Mantis'--a wonderfully cool tune. Let it crawl onto your turntables and catch you in its hook...There's a Quiet Riot going on. Check into 'Twilight Hotel' and you won't want to check out! ...There are enough cover tunes out now for a syndicated series! Georgia Satellites live will send you into orbit, while Doctor And The Medics are truly a psychedelic experience. Thanks to Rosie!"

RICHARD PACHTER, PROMOTION IN MOTION (305-482-6629): "First of all, thanks to Larry Dunn for the call. WLIR is tops with me...Welcome Kelly Cruise of WEGR...Hope everybody has received and listened to Lou Ann Barton's album, 'Forbidden Tones'. She had a record out a few years back on Elektra/Asylum that was done with some ex-Eagles and was very well received at the time. Prior to that she was the original lead-singer with the Fabulous Thunderbirds, believe it or not! This new record is hot stuff. There are a bunch of terrific songs on the album, but check out 'Tears In The Night' and 'Camaro Girls', which went on KTXQ out-of-the-box...Be on the lookout for the new Don Dixon record from Enigma...as well as Stryper's latest 'Calling On You'. It's very hip...If you need copies of any of this stuff, give me a shout...If you are in an appropriate market, don't overlook David Lee Roth in Spanish...Congrats to H. Leeds. I knew you when...."

MICHAEL PLEN, I.R.S. (818-777-4730): "First and foremost I'd like to say thank you to Rockling for the headline R.E.M. show. It was a trip to watch Cindy Tollin boss around ten guys. It was like seeing the Mother Superior at work. And Rachel Perkoff was pretty hot, too--a true vixen...As for records, please listen to 'Superman' by R.E.M.; keep pounding Timbuk 3; and get off your butts for Hunters & Collectors 'Throw Your Arms Around Me' and Bolshoi 'A Way'...And if you're not playing the new General Public record 'Too Much Or Nothing', you'll probably be doing too much of nothing soon...Record of the year: Iggy Pop 'Cry For Love'."

The Airplay Index is our ranking system for the amount of play on albums as a whole. We determine rankings by totalling the emphasis points on cuts.

The methodology for our Top 50 markets Metro Index is the same as our Airplay Index but instead of using the full sample base, we calculate the ranking from airplay reports from the Top 50 markets as defined by Arbitron.
