LOU GRAMM.....REO SPEEDWAGON.....LOS LOBOS LP.....STARSHIP.....WAYSTED..... CHINA CRISIS

LOU GRAMM, "MIDNIGHT BLUE", ATLANTIC

Lou Gramm is certainly no foreigner to skillful and stunning vocal performances. Be it a tender rock ballad or a power-driven rocker, Gramm's pipes are Rock Radio certified. In the case of "Midnight Blue" Lou enlists quite the studio lineup and with Pat Moran (Robert Plant) at the board delivers a one listen, automatic, in your face no disgrace mutha!! (Think we're excited?) With Nils' melodic chords, Phillip Ashely's keyboards and bro' Ben Gramm translating that infectious Foreigner beat, the rhythm section simply shines on this tasty and soulful rocker. This one's urgent!

REO SPEEDWAGON, "THAT AIN'T LOVE", EPIC

Continuing the career resurrection that began with last year's "Good Trouble" Lp, REO drives it straight down the center with this addictive pop rocker. Kevin Beamish forges a larger than life studio sound, maximizing all the elements that made Speedwagon a late '70's format fixture. Guitarist Gary (have fingers, will travel) Richrath turns in a searing solo that could shatter the sound barrier, and Kevin Cronin's emotive crooning hasn't lost an ounce of its massive female appeal. One of their best...ever.

LOS LOBOS, "BY THE LIGHT OF THE MOON", SLASH/WARNER BROS.

Radio's obviously trembling over these guys and why not? They epitomize everything that's fun about Rock N' Roll, and as pioneers of the Roots Rock revival, they've paved the way for a number of today's successes in that genre. The new album is loaded with diamonds in the rough--the leadoff single is this report's #1 Trax Gainer, 46-21 with 26 new, 79 cume and 13 play ups; "One Time One Night" is guaranteed to make you smile and sing along; "Is This All There Is" trades off a honkin' sax solo with Claptonian guitar licks, and "Set Me Free" is a pop R&B tour de force. Gotta be the album to put them over the top, eh amigos?

STARSHIP, "NOTHING'S GONNA STOP US NOW", RCA

Coming off their most successful album to date, Starship touch down with a hook-a-second song that surpasses anything on that platinum plus Lp. Grace's pipes sound full-bodied and strong, the band is amazingly assured and confident, and this track from the "Mannequin" flick has none of the quick burn traits that characterized "We Built This City". Extra points for Narada Michael Walden's lazer precise production.

WAYSTED, "HEAVEN TONIGHT", CAPITOL

Expect a serious double take when first auditioning the new Waysted 12". You'll instantly find "Heaven Tonight" to possess a much more radio accessible sound; replete with a heavy emphasis on songwriting/melody, and pop arranging as well as pop hooks. All this and the band doesn't sacrifice it's pure rock roots (Bassist Pete Way and guitarist Paul Chapman are ex of UFO). Chapman's axe work sears with intensity throughout the song. But what ultimately makes this piece work are the strong vocals of newcomer Danny Vaughn, doing his best Steve Perry imitation with a tinge of Bryan Adams. Producer Simon Hanhart tightly wraps this package together with immaculate production. Take this journey to "Heaven Tonight". You'll be glad you did!

CHINA CRISIS, "ARIZONA SKY", A&M

In the market for some seductive jazz-flavored rock/pop in the tradition of Steely Dan, Sade and late era Doobies? Then look no further. China Crisis' masterful combination of strings, horns, pianos and guitars is custom made for the serious adult AOR, with obvious alternative/progressive appeal. Walter Becker's work on the last album has made a lasting impact on the band and doesn't Eddie Lunden's vocalizing sound remarkably like Donald Fagen's? Fresh, challenging and timely.

DOUBLE SHOTS

Deserving Second Trax

STEVIE RAY VAUGHAN, "WILLIE THE WIMP", EPIC

Coming off a Top 10 track, Austin's pride and joy turns storyteller on this much talked about track from the live Lp. But the real deal's when Stevie lets the Strat do the talking. New on WLLZ, WEGR, WQBK, KPOI, KATT, KAZY and 5 more, now on 32 with 30 close or considering, as the 12" leaps 73-60. And how about those liner notes from WXRT's Lin Brehmer?

BROKEN HOMES, "STEELTOWN", MCA

"In Another Land's" airplay shelf life (it was released last August) demonstrated both the band's mushrooming appeal and MCA's unwavering commitment. The new 12" affords an ideal opportunity to go back to one of the album's hidden gems. "Steeltown" is honest, dues paid, working man's Rock And Roll with the emphasis on gritty guitars and magnificent harmonies. And you better believe that singer/songwriter Mike Doman (originally from Pittsburgh) knows what a cold blue steel town is all about.

PAUL YOUNG, "WHY DOES A MAN HAVE TO BE STRONG?", COLUMBIA

His pop radio credentials are unquestionable, and "Some People" sure busted down a few doors for Paul at Rock Radio. The follow-up's on the soft side, so watch it fly across the street and on the more crossover conscience AOR's. It's hard not to be moved by that fretless bass work, Hugh Padgham's crystal clear production and Paul's amazing vocal range.

REACTION RECORDS

The Most Active New Trax as Determined by Adds, Charts and Programmer Reaction

ALAN PARSONS PROJECT, "STANDING ON HIGHER GROUND", ARISTA...New Parsons is virtually always greeted by a carte blanche airplay policy, so the #1 Most Added, 53 station finish (nearly doubling the cume to 110 in 2 weeks) comes as no surprise. And programmer enthusiasm couldn't be any higher. KGB's Pam Edwards pegs it "Pure bliss. Whenever it comes on the radio, I kick back, put my feet up on the desk and relax reflecting on the rat race"...Bob Welch, WQBK is "totally blown away. The music makes you want to plug in the headphones, turn off the lights and drift away"... WCCC's Harve Alan hears "The Project's best work in many an album", Kim Alexander, WHCN sez "Another quality tune from APP" Throttling 39-18 Trax, with Lp debuts at #22 National, #21 Metro and early Top 5 phones at WLVQ and WZZO. "Have you listened to "Money Talks" and Closer..." from the Lp?

BRUCE HORNSBY & THE RANGE, "MANDOLIN RAIN", RCA...They're calling him the format's most important new artist at the Superstars convention, and "Mandolin Rain's" add/up activity clearly indicates programmers are backing up that claim with cold hard airplay. 38 new and 16 ups take The Range on a 42-23 chart ride, as the Lp crunches 7-4 National, 7-5 Metro. Now playing in power rotation on WQFM, KLOL, WHCN, WKQQ, WRFX, WPYX, WLAV and 6 others.

COLIN JAMES HAY, "HOLD ME", COLUMBIA

Colin's adventurous solo debut gets a unanimous thumbs up from Rock Radio as evidenced by rave reviews and a chunk of add commitments. First week action finds Colin on the air at 29 reporters including KRQR, KBCO, WHSE, KATT, KLBK, KOZZ, WXRK, KGB, WIOQ, KFOG, WFBQ and KOME. "It doesn't sound like Men At Work, but that's OK, we love it!" enthuses Ron Nenni, KOME... "Very adult, very Paul Simon" reviews Inessa York, KGON... "Men At Play" quips Beth Kepple, WKLS... "The more I listen, the more I think it's a hit record" relates Pam Edwards, KGB... Bob Kranes, WXRK bottom lines it with "The record is special and with the built in Men At Work sell-point, it can't miss." New at #77 Hot Trax.

GENESIS, "TONIGHT, TONIGHT, TONIGHT", ATLANTIC

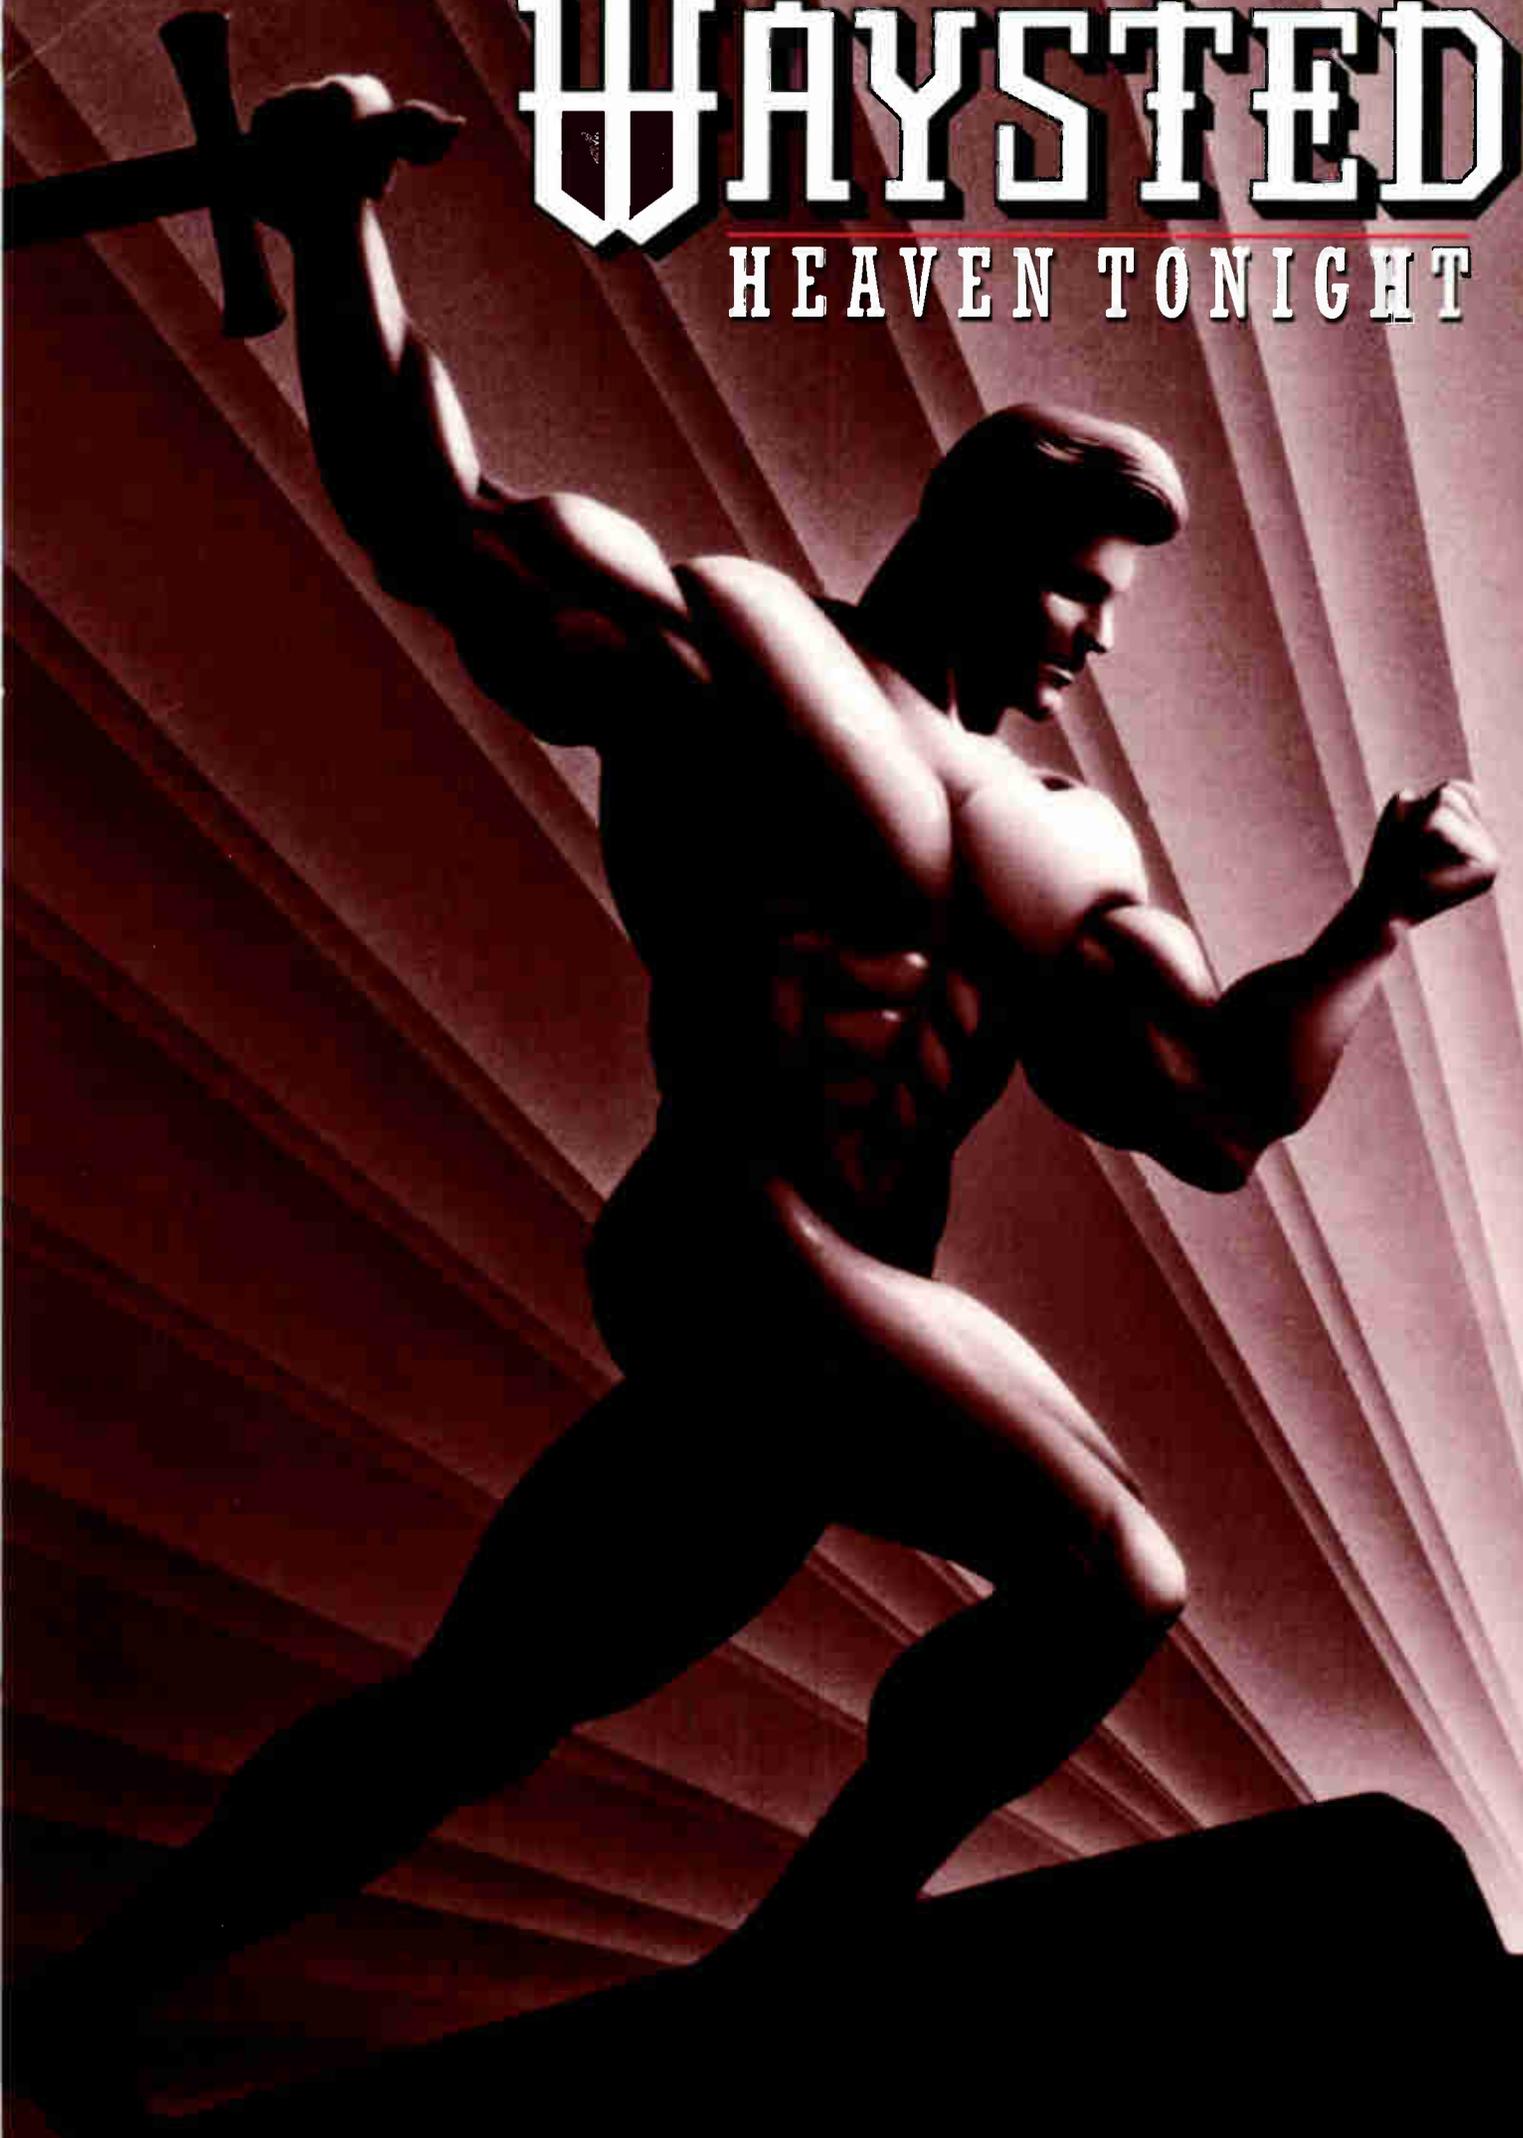

The new emphasis track's inclusion in that Michelob spot is the ultimate TV endorsement of your product, so power with pride. New on KSJO, WYNF, KTXQ, KLAQ, KGB, KDKB, WRXL, WLLZ, WDIZ, WHJY, WQMF, WAAF, WPYX, KUPD, WEBN and 14 more as 11 play ups interact to punch it 55-35 Trax, 25-23 National. Heed the call of Pam Edwards, KGB. "Don't veto 'Tonight, Tonight, Tonight' because it's used in a commercial. We had the same reservations but have received nothing but incredibly positive reaction. Even for listeners burned out on Collins and company, this one seems to strike a chord."

GEORGIA SATELLITES, "BATTLESHIP CHAINS", ELEKTRA

The follow up to the Sats' #1 Most Requested leadoff single is showing all the signs of duplicating the original's overwhelming success. 26 new, 69 cume and 14 increases motivate the 44-30 Trax movement and the lightning fast phone start up includes Top 5 calls at KOME, WKDF, WKQQ, KBER, KOZZ, KQDS, KWHL and KICT. Glenn Stewart, WHJY sums it up sufficiently, "BattleShip Chains' simply kicks a ton of ass and Top 10 sales continue". Meanwhile "Railroad Steel" grows 77-66.

DAVE EDMUNDS, "THE WANDERER", COLUMBIA

Dave's cool live cover of this Dion classic takes home highest debut honors as our fifth ranked 24 adds (WLLZ, KGB, WBCN, KOME, KAZY, WXRK) place it at #56. Considering the late '86 cover overload, making this the first single was a gutsy call, but clearly any new product from Dave is an exception to the rule...Witness the accolades delivered by Tom Starr, WOUR "Love the long overdue re-do from Edmunds and crew"...Patty Martin, KMBY "Hot record"...Bob Kranes, WXRK, "With the 'Wanderer', Dave returns and doesn't disappoint"... Now on 42 as the album checks in at #46; #39 Metro.

RIC OCASEK, "KEEP ON LAUGHIN'", GEFLEN

Ric's solo effort keeps on truckin' as the third 12" collects 19 adds featuring majors WHJY, WIYY, KISW, KUPD, WLIR, KISS and WFBQ for #6 Most Added status and a Hot Trax debut at #59. Included in "Keep's" early cume are KBCO, KGB, WEBN, KILO, WAAF, WDHA and more. Don't pass on this proven format winner, add air and watch it fly.

ROB JUNGKLAS, "MAKE IT MEAN SOMETHING",

MANHATTAN...Showing up in the Most Added column is starting to become a habit for this guy. This report's 18 new make 43 adds in two weeks! Among the new comers are KRQR, WIYY, WCKG, WHJY, WQFM, KOME, WQBK, WCCC, KSHE, KGB, KDKB and WHFS powering underlines of 57-44 Hot Trax and 41-36 National, 45-35 Metro for #1 Gainer honors on both charts. Mark Williams, WWZU steps up, "The emotion packed into just this one track is simply astonishing."

STEVE WINWOOD, "THE FINER THINGS", WARNER

BROS./ISLAND...Further enhancing Steve's chances of taking home the Best Album Grammy, this latest in the Lp's long line of hit trax shows up as our #2 airplay Gainer, priming 99-75 motivated by fresh air at 17 (KSHE, KLOL, KMOD, WEZX, KILO, WAQY) and increased air at WIOQ and WRDU. WMGM's Al Branca calls it "Another timeless classic." We couldn't agree more.

BOSTON "CAN'TCHA SAY", MCA

Refueling "Can'tcha Say's" already impressive Hot Trax run are 16 adds (#9 Most Added) paced by KSHE, WIOQ, KGB, KMOD, KUPD and WRDU, good for 38-28 prime improvement. Coupled with increased airplay at nine, the album upgrades 3-2 on both Album Action charts. While "Say" gets Top 5 phones at five, "Hollyann" bullets 61-51 Trax on the strength of play-ups at KLOS, KZEW, WTUE and two more.

JULIAN COPE, "WORLD SHUT YOUR MOUTH", ISLAND

This tasty first effort refuses to quit. We're sure Julian can more than Cope with another 16 adds, with WNEW, WFBQ, WIYY, KYYS, WQBK, KTXQ and KUPD among the many happenin' call on the marquee. "World's" continued add momentum sparks airplay underlines of 63-45 Trax; 43-30 National (#3 Gainer) and 50-41 Metro (#2 Gainer).

BEN ORR, "TOO HOT TO STOP", ELEKTRA

The true test of a record's automatic credentials is its ability to pile up fresh airplay from week to week, and Ben's new 12" passes with flying colors. Checking in at #9 Most Added with 16 new (KLOL, KSHE, KGON, KDKB, WKDF, WEZX), "Too Hot To Stop" leaps 56-42 Trax thanks to added impetus from seven increases headlined by KMET, WHJY and WHEB. Among the huge list of programmers who turned in four-star raves are Pam "Great song" Edwards, KGB...Carter "Puts the hammer down" Alan, WBCN...Beth "Too good not to play" Kepple, WKLS...Ron "Great high energy follow-up; sounds great" Nenni, KOME and David "Best song on the album" Hall, WKDF...KLAQ's Magic Mike informs, "It's working real well and WMGM's Al Branca puts it simply "It's a hit!"

PSEUDO ECHO, "LIVING IN A DREAM", RCA/ARIOLA

It's quite simple mates, the good folks at album radio love Pseudo Echo...WWZU's Mark Williams hears a "Multi-format smash"...ditto from Chris "First smash of '87" James, WTPA...WKFM's Steve Becker testifies, "The buzz on Psuedo Echo looks to be for real", while WPLR's Christina predicts "You'll love it from the first note"...WHJY's Glenn Stewart shouts, "World wake up to this record", but we think KGB's Pam Edwards puts it best, "Give Pseudo Echo a shot"... Judging from "Dream's" strong showing at #9 Most Added with 16 (WLLZ, WNEW, KBCO, WHJY, KGB), the 13 considering and that happenin' #81 Hot Trax debut, it's clear that many of you are doing just that. Don't miss out on what has all the makings of a big crossover hit...big crossover hit...big crossover hit...

ROBIN TROWER, "NO TIME", GNP/CRESCENDO

As anticipated, the activity on this undeniably strong track has kicked into high gear and it's making for some hefty album action improvement. "No Time's" 16 new (good for #9 Most Added) are headlined by KYYS, WCKG, KGB, WSHE and KISW, and factoring in 14 increases (KLOS, KSHE, WRIF, KTXQ) rockin' Robin soars 51-34 Trax; 38-34 National--good for #2 Gainer honors; 38-32 Metro--our #3 Gainer. Rounding out this week's impressive stats are Top 5 phone reports at KSJO, WGTR and WXRC.

DAVID & DAVID, "AIN'T SO EASY", A&M

Like the two previous cuts from their impressive debut Lp, "Ain't So Easy" is well on it's way to becoming a monster phone burner, ringing up excellent calls at seven and good follow-through at 19. And with our #10 Most Added tally of 15 (WHCN, WSHE, KMET, KGB, KSJO, WQFM) and a baker's dozen increases fueling a 34-25 bullet, it's so easy to see that fun Daves two have scored the Hot Trax hat trick. And with those 20-18 National, 19-17 Metro bullets, things couldn't be better in Boomtown.

LONE JUSTICE, "I FOUND LOVE", GEFLEN

As 15 locations deliver the double shot including WHCN, WFBQ, KBER, WPLR, KLAQ, and KDJQ, "I Found Love" impact the Hot Trax chart at #74. Straight to the wealth of programmer positives...Kim Alexander, WHCN "Great song"...Magic Mike, KLAQ "Best song on the album"...Pam Edwards, KGB "Stunning"...Dave Nauman, KSJO "Maria's vocals make the song"...Mike Boyle, WDHA "Our choice months ago"...The checklist turns up 17 considering so expect the add activity and Hot Trax momentum to remain strong and steady.

EUROPE, "FINAL COUNTDOWN", EPIC

A quick glance at the checklist speaks volumes about this former #1 buzzband's overwhelming success on the request and retail fronts. A 4-3 Most Requested surge? Building phones at five? A build in sales at five more? Building phones and sales at a massive 22? Woah, welcome to the states! To complement those kick-ass numbers are another 11 new (KISW, KRQR, WFBQ, KLOL, WCKG) and inflated air at KLOS, KSHE, WLLZ, WHCN and 10 more influencing 20-16 Hot Trax improvement and Album Action underlines of 22-21 National, 24-22 Metro.

KANSAS, "POWER", MCA

Considering "All I Wanted's" impressive chart run at album radio and current success at Top 40, how could a follow-up track as strong as "Power" be anything short of an automatic? Clearly, that conviction is shared by many around the dial as "Power" collects 13 new including KGB, WKDF, KLAQ, KMOD, WRUF and WAQX. Gets increased rotation at KLOS, KSHE, WSHE, KDKB, WTPA, WAQY, KATT and WKFM to ignite a 41-33 prime Hot Trax gain. Already receiving excellent calls at three and good phones at 10 more.

DEEP PURPLE, "BAD ATTITUDE", MERCURY

With the obvious depth of their new vinyl evident after one listen, those bad ass Album Action debuts of #19 on both charts should be only the first wave of a long and active run. And continuing to pave the way for the inevitable multiple-cut follow-up is "Bad Attitude", new at WMMR, KGB, KLOS, WFYV, WFXR, WTKX, WXKE and WGIR; up at 12 including WNEW, WBYR, KUPD, KLOL and WTUE; priming 21-17 Trax; holding at #9 Most Requested spearheaded by 41 Excellent/Good phone mentions. Initial raves from Kevin "A fine rockin' representation" Vargas, KWHL...Tom "Shakin' the foundations" Starr, WOUR.

CINDERELLA, "NOBODY'S FOOL", MERCURY

With Cindy opening the Bon Jovi tour, America is being treated to the King and Queen of the phones now that "Fool" has jumped 3-2 Most Requested. Any record inspiring that kind of follow-through is bound to bag more than its share of adds and ups and Cindy does just that with eight new (KSJO, KRQR, WEBN, KLAQ, WFXR) and an equal increase tally highlighted by KLOL, WSHE, WIYY, KISS and WPLR. A check of the charts shows across the board primers of 40-37 Trax; 34-33 National, 43-30 Metro.

TESLA, "MODERN DAY COWBOY", GEFREN

"Cowboy's" 68-55 Hot Trax upsurge is induced by eight new increased rotation at KUPD, WAQX, KICT, KZRR, WDHA and KNAC. And with eight Top 5 phone mentions, excellent calls at six and good phones at eight, it's clear that listeners reaction has caught up with the buzz at radio. KDJQ's Ron Garrett Teslafies "Do your job and listen to the record. My vote for up-and-coming band of 1987: Tesla."

BUZZBANDS

The Most Talked About New/Developing Artists

SPOONS, "BRIDGES OVER BORDERS", MERCURY

Once again #1 Buzzband honors are fed to the Spoons! "Bridges" shows an impressive add week with 12 new including WPYX, WEZX, WMGM, KEZO and WRUF increasing the cume to 22 (KTXQ, KBCO, WHTF) and generating our #4 Trax Gainer, 98-78. The Spoons have quickly become a priority member of the 4 star classic club (14!), witness: Dave "Right on the money" Kane WCMF...Inessa "Excellent!" York, KGON...D.J. "It's a beauty, eh?!" Bird WXXP... and Tricia "Makes me feel good" Griffith, KBER to name but a few. Also Ron Nenni, KOME offers "Good flavor record, good hook" and Mike Boyle, WDHA profoundly punctuates "Fork you, if you don't like the Spoons. 'Bridges' is just the beginning. The Spoons will rule '87!"

THE STRANGLERS, "ALWAYS THE SUN" EPIC

The Stranglers add activity was also a Buzz as nine newcomers look to the Sun (WRCN, KRQR, WMAD, WXXP, WDHA), doubling the initial weeks' output. WNEW, WBRU, WLIR, KRQU & KBCO are already on and the track debuts at 98, but the real deal is all this industry chatter. Carter Alan, WBCN "More Stranglers' brilliance"...Wayne Summers, WRCN "Will grab you by the throat!"...Dave Numme, KSJO "What a gem!"... J.D. Holmes, KUPD "Great flavor track" and Mark Chernoff, WNEW clinches it "'Always The Sun' looks like our first pick hit of '97. It's haunting melody is a real grabber. Why not give it a shot?" Our sentiments exactly!

BRIGHTON ROCK, "WE CAME TO ROCK", ATCO

Brighton Rock muscles eight fresh spins as WHJY, WTPA, WDHA, KNCN, WWZU, WKLC, KRIX and KRNA come to rock on this tasty anthem rocker. There's 13 now playing and given these positive raves total detonation could be right around the corner. Bonnie Stacy, KNCN states "Refreshingly straight ahead"... Bruce McGregor, KEZE touts "Sophisticated anthem rock"...Wayne Summers, WRCN shouts "It's bright!"...Mike Boyle, WDHA cites "One of the better anthem tunes"...Andi Turco, WPYX finds "A good power feel"... Pam Edwards, KGB confirms, "Solid AOR"... and Alan White, KILO admits "It's sinking in".

CONCRETE BLONDE, "TRUE", I.R.S.

It may take a few spins to realize this band's full commercial potential, but their innovativeness and vision are easily recognized, and turning some heads. Seven new mark the "True" column (KTXQ, KICT, WRXL, WHFS, WXP, KRQU and KRNA). The checklist unveiled several "Chrissie Hynde/Pretenders type" comments from Wade Linder, KQDS; John Lassman, KQRS; Kelly Cruise, WEGR; Cathy Down, WLNZ and Keef, WYMG. Other "True" confessions...David Numme, KSJO "Great vocals and a cool sounding song"...Dave Kane, WCMF "Biggest surprise of the year!"...Carter Alan, WBCN "Brilliant debut Lp"... Inessa York, KGON "Wonderfully different" and Beth Kepple, WKLS pleads "Give me more!"

HIPSWAY, "THE HONEYTHIEF", COLUMBIA

It's hip to play hooks and "The Honeythief" sure scores high in the hooks department. Hit Radio's off and running, and that ain't hip. This would be a rock radio find; we can't have ourselves wiping the dust off our faces on this one. Count six new (WDHA, KZEL, WXXP, WTOS, WEQX) joining the "already on" list of WLIR, KBLE, KBCO, WRAS and KFMH. David Anderson, WMAD predicts "Great hit potential"...Inessa York, KGON finds "Great production, good timing"...Harve Alan, WCCC sees "Strong potential"...Patty Martin, WKLS enthuses "I love it!"

The Story Of Willie The Wimp

On the South Side of Chicago, there were a couple of dudes with bad reputations: Flukey Stokes and his son Willie the Wimp. They beat people up. They sold drugs. They became rich. Willie the Wimp was shot in 1984 and dad threw a funeral. Thousands were invited. Even more invited themselves. People don't often see

the recently departed sitting up and holding the steering wheel of a coffin modeled after the Cadillac Seville. A coffin with flashing lights and flowers for wheels. Oh sure, there were some other thoughtful touches...

UPI/BETHMANN NEWSPHOTOS

...rings on his fingers and C-notes stuck like cigarettes in his hands. The post-burial birthday party for Willie the Wimp was held at the same motel where he was shot. So it was, Willie the Wimp became more famous in his coffin than he had been on the street. Flukey Stokes was gunned down last November as he sat in his car. We thought you'd like to know Stevie Ray isn't singing about some Mickey Spillane fiction. He's singing about Chicago. —Lin Brehmer, WXRT

BILLY BRANIGAN, "MAYBE TONITE", POLYGRAM
"Maybe Tonite's" multi-appeal potential is not to be understated. Eventually this track's gonna fly on all formats. WLLZ, WBCN, 3WV, KRQU and KRNA give the early nod. Given the Palmy nature of the week there were quite a few who haven't yet heard, so we'll come right back at 'cha this week. However, there was some Billy speak...Carter Alan, WBCN rates a four star classic and declares "Powerful direct pop!"...Chris James, WTPA "Major crossover potential" and Jay Lopez, WWWV also finds "Great potential". The advice on this one is to simply listen.

SHRIEKBACK, "GUNNING FOR THE BUDDHA", ISLAND
The Adventure Club, college radio and progressive retail/touring prerequisites are all logically in order for this creatively intelligent and musically expressive trio. "Gunning For The Buddha", already a #1 college record, has traveled through the alternative ranks with a tremendous degree of success and the track is currently poised for mainstream radio. With the single arriving at Hit Radio this week, look for the dual format effort to allow Shriekback to enter the land of mass appeal. We'll close with Doug Clifton, KBCO "'Gunning For The Buddha' escaped me first time around. But now that I've listened to it again, it's added and sounds great on the air."

ROBERT HAZARD, "BE MY GIRL", RHA
With Philly being such a hot bed for new artists, let us not forget the forefather of all this firey local action. Robert's songwriting skills have long been his forte' as an artist and the nifty pop/rock arrangements and performance on the 'Darling' Lp is further evidence the man knows his craft. 'Be My Girl' has been regionally on the radio for a month now and the early signs are very promising. Carter Alan, WBCN "This is the best since the 'Escalator' Ep... Tim Drayer, WHTF "Early test results indicate great response to Hazard"... Jeff Kauffman, WTPA "Hazards' Lp is core AOR, a sleeper in '87!"...Erin Riley, WMMR offers "Writing hits is something Robert is a master at, and his singing is the coolest"...David Einstein, WHFS warns "Don't let this record gather dust!".

BUILDERS

Displaying continued progress (Charts/Sales/Requests)

BON JOVI, "SLIPPERY WHEN WET", POLYGRAM
It didn't take a rocket scientist to figure out that "Prayer" would bag #1 airplay honors this week, what with 83 play increases in two weeks--65 last week, 18 this report. With 82 currently banging it at max, this one's reached super-saturation, and that translates to 6-5 National noise and 6-4 Metro moxy (our #1 gainer). Oh, by the way, it's holding strong at #1 Most Requested. Next up new emphasis cut "Let It Rock", impacting the Hot Trax chart at #94, and primed to keep these guys on top.

PETER GABRIEL, "BIG TIME", WARNER BROS.
Speaking of big time, how's Pete's 6-3 Hot Trax move grab ya? With increased play at 12 (KMET, KLOS, KSHE, WLUP, WYNF), max/heavy at 88 and fresh air at four, Pete makes jumbo look small. Holding at #7 Most Requested, parallel at #13 on the Album Action charts.

ROBERT CRAY, "SMOKING GUN", MERCURY
Boasting this week's #2 National Mover, 13-9, and a 14-10 Metro surge, there's certainly no misfire here. "Smoking" fires up our fourth best 19 increases and gets new life at KLOL, KRQR, KISS and WFYV motivating a 5-4 Hot Trax bullet, and an identical Most Requested move. Hey, it musket bigger than this.

ERIC CLAPTON, "AUGUST", DUCK/WARNER BROS.
Collecting this report's second ranked 21 increases, "Tearing" rips 8-6 prime on the Hot Trax 100, ditto Most Requested. It's now max at 39, heavy at 44. Meanwhile, "Miss You" captures 10 new (WCKG, WRIF, WRCN), is up at KLOL and two more, and jumps 53-43 Hot Trax. Now put an ear to two new cuts: "Run", new at WKLS and WKLC, already on KMET, KLOS, WLUP, KRQR, and KFOG, entering the Hot Trax chart at #92; and "Hold On", debuting at #96, now playing at KLOS, KSHE, WLUP, KQRS, KZAP and more. The album's now #1 on both Album Action charts with that 2-1 Metro underline.

EDDIE MONEY, "I WANNA GO BACK", COLUMBIA
Eddie cracks the Hot Trax Top 10, power cruising 13-7 catapulted by our #1 play-ups tally of 27 (KLOL, WLUP, KISS, WSHE, KZEW, KGB) while debuting at #15 Most Requested. It's now max at 52, heavy at 28 more, holding prime at #11 National and steady at #9 Metro.

KBC BAND, "AMERICA", ARISTA
Oh say can you see, by the phones early light...With Top 5 phones at 12 (WYNF, KBCO, KGON), "America" is beautiful and bags highest debut honors at #11 Most Requested. It's up at 20 (third ranked in that category) and primes 10-9 on the Hot Trax 100. The checklist reveals building phones at nine, sales at three, and phones and sales at 15...and the home of the brave.

BILLY IDOL, "DON'T NEED A GUN", CHRYSALIS
Billy's 12-10 Hot Trax underline is generated by increased air at nine (WSHE, KGON, KZEW, KZRR, WQBK, KEZO, WPYX) and new life at three. Currently receiving max/heavy exposure at 65.

WORLD PARTY, "SHIP OF FOOLS", CHRYSALIS
This floating party continues to ride a gusting trade wind, and with another solid week in the books (15 up including WLWQ, WHCN, KYYS, KMET, KLOL and KUPD; four new headlined by WMMR; a 15-11 Hot Trax bullet), Top 10 airplay is the next charted course. As the phones continue to intensify to the tune of 10-8 Most Requested elevation, the album bullets 18-17, 20-18 Metro. Increase air or walk the plank!

STEVE MILLER, "NOBODY BUT YOU BABY", CAPITOL
Here's one gangster that continues to hold up album radio. "Nobody" rolls up this week's fifth best 18 play increases; couple that with 12 more adds paced by WNEW, KMET, KOMA, KISS and WFBQ and you get a 17-12 prime Hot Trax move. It's heavy or better at 67 and the checklist shows good/excellent reports at 37.

HUEY LEWIS, "JACOB'S LADDER", CHRYSALIS
With 14 ups spearheaded by KGON, WBYR, KZEW, WRDU, KZRR, WDHA and WPLR, "Ladder" climbs three prime rungs to #13 on the Hot Trax 100. Now getting max mentions at 53, and don't overlook the cool live version, guaranteed to refuel this track's fire.

JASON AND THE SCORCHERS, "GOLDEN BALL AND CHAIN, EMU...While getting Top 5 calls at WPDH, WKQQ, and KEZE, "Golden" bags another seven play-ups (KSHE, KBCO, KMET) and maintains a prime hold at #14 on the Hot

Trax 100. WTPA's Chris James sez, "Great roots rock 'n' roll. 'Golden Ball And Chain' continues to solicit great requests."

THE KINKS, "THINK VISUAL", MCA

As thirteen up rotation (KSHE, KGB, KLOS, KZEW, WLLZ, KLOL), "Factory" gets new life at three, snags Top 5 phones at WZZO, KATP, and WPLR and bullets 18-15 Hot Trax. "Lost And Found" primes 87-84 as WRCN is new joining KUPD, KBCO, WIOQ, WCCC, WRFX and more already there. The album action looks like this: 15-14 National and holding at #14 Metro, both prime.

TIL TUESDAY, "COMING UP CLOSE", EPIC

While hauling in a dozen ups headlined by KGB, WIOQ, WHJY, WKDF and WGTR, Aimee & Co. are new at three and three times prime: 30-29 Hot Trax; #29 National and #33 Metro. And while three more consider, 21 report Good to Excellent calls.

IGGY POP, "REAL WILD CHILD", A&M

This week the Igman pops up at 12 (KMET, KBCO, KGB, WHJY) and new at six including KLOL, WLUP, KTXQ and KLAQ motivating 45-40 prime Hot Trax elevation. The checklist turns up 10 Considering, a build in phones at five, sales at WEGR and phones and sales at three.

LOVE AND ROCKETS, "ALL IN MY MIND", BIG TIME

WXRK's Bob Kranes shouts, "Love And Rockets is quickly becoming a favorite around these parts. 'All In My Mind' is a good sounding combo, image enhancing record and will attract phones whenever it's played." The track bullets 49-47 influenced by increased air at five (KLOS, KGB, WHFS) and fresh spins at three, while five checklists report building phones, four see a build in sales and phones and 10 consider.

JOAN JETT, "ROADRUNNER", EPIC

Hot on the heels of her Letterman appearance, Joan Jetts 52-48 prime on the Hot Trax chart supported by first time spins at five (KUPD, WFXR, WRDU) and inflated air at three. As WWZU and WMAD report Top 5 phones, "Roadrunner" is treated to max play at four and heavy rotation at WMMR, WNEW, WNOR, WTPA and more.

DON DIXON, "PRAYING MANTIS", ENIGMA

While playing to Top 5 curtain calls at KMET, WRDU, WQBK and three more, "Praying" leaps 59-54 Trax on the wings of four new (KGB, KILO, WEZX) and increased air at three. WWZU's Mark Williams sermonizes, "Top five phones Males and Females evenly," while KILO's Alan White hits the mark with, "Strong performance over the last few months has earned him a shot."

CROWDED HOUSE, "DON'T DREAM IT'S OVER", CAP.

The dream continues as KMET, WSHE, WIOQ, WRCN and two others add, while WMGM, WNOR and KOZZ increase air motivating a dreamy 67-58 Hot Trax prime surge. The checklist reveals 27 considering and WWCT's Phil Manicki exclaims, "What a record! It may take two listens, but the hook just won't go away."

JOHN EDDIE, "PRETTY LITTLE REBEL", COLUMBIA

John's latest lunges 78-65 on the Hot Trax 100 as WGTR and WRCN are new and four more supply increased spins. Among those already playing it are majors WMMR, WNEW, DC 101 and WBYR, and with 21 considering--nearly half of which are close--"Pretty Little Rebel's" chart momentum should gather some serious steam.

BEASTIE BOYS, "FIGHT FOR YOUR RIGHT TO PARTY",

COLUMBIA...The Beasties corral another six adds including WHCN, WCCC, WHEB and WKDF,

and factoring increased air at WTPA and WNOR, they upgrade 80-67 Trax while debuting at #50 National. And for further evidence of their phones and retail strength, we offer 15-14 Most Requested improvement and testimony from two of Connecticut's finest, Kim "thirty calls a night can't be wrong" Alexander, WHCN, and Harve "the album is selling #2 in the market" Alan, WCCC.

PAUL SIMON, "BOY IN THE BUBBLE", WARNER BROS.

The latest cut from "Graceland" cracks the Hot Trax chart at #85 on the heels of new air at WCCC, WEZX, WPDH, KILO and KOZZ plus increased rotation at CHOM and WMAD. And we're with WCCC's Harve Alan who informs, "Paul Simon has maintained Top 5 album status for months now. 'Boy In The Bubble' is a perfect upper demo add".

R.E.M., "I BELIEVE", I.R.S.

The week's activity turned up seven more believers headlined by WTPA, WRCN, WXRC, and WWWV. As the track debuts at #89 on the Hot Trax 100, an embryonic cume of 22 shows increased air at WGLU, early max play at WLIR and WHFS, heavy rotation at WLAV. If this track isn't high on your consideration list, you just haven't done your homework.

DAVID LEE ROTH, "I'M EASY", WARNER BROS.

Diamond Dave's solo project certainly delivered in spades in the depth category, and for further proof, we give you "I'm Easy", added at WTUE, WKFM, WGTR, WAQX, WCMF, WZZO, KDJQ, WAPL and KRIX; already on KZAP, WHJY, KOZZ and KILO and new at #95.

IRON MAIDEN, "STRANGER IN A STRANGE LAND",

CAPITOL...Michael Davis, KFMG, steps up: "I dare anyone to question Iron Maiden. Their latest is one of their best ever. It's platinum. It's cream of the crop metal." Mike's not alone in that conviction as evidenced by new air at WHJY, KLAQ, WFYV, WRCN, KOZZ and KFMG, plus a solid 15 considering. Already on KUPD, CILQ, KNCN, WPLR and KNAC; new at #100 Hot Trax.

ZEBRA, "YOU'LL NEVER KNOW", ATLANTIC

This week KGB, KISS, KLAQ and WKFM join WBAB, WCCC, WTUE, WDHA, WPDH, WAQX, WRCN, WEGR and more on Zebra's new 12". And we heard more than a few raves from folks like Magic "best song on the Lp" Mike, KLAQ... Dave "great track; another hidden hit on the Lp" Numme, KSJO...Pam "my favorite track" Brooks, WPDH...Tricia "could possibly be a big hit" Griffith, KBER...Pam "should have been the first 12" Brooks, KGB...And Harve "strong follow-up track" Alan, WCCC.

BRUCE SPRINGSTEEN, "FIRE", COLUMBIA

With the impending official release of "Fire" as a 12" at album radio and a 7" at Top 40, expect a resurgence in airplay activity in a New York minute. The scheduled B-side of the 12" features "Because The Night" and "Seeds", which should also turn those tracks around. Merry Christmas, Baby!

TESLA "MODERN DAY Cowboy"

"Tesla's debut album 'Mechanical Resonance' is filled with strong, melodic compositions. Rough enough to gain the hardcore rockers' civilized enough for your middle ground audience. No overnight sensation, the band has been working hard to gain their polished professionalism. Through the ups and downs of playing small clubs and the disappointments that all young bands experience, Tesla's hard knocks have turned into an aggressive, positive learning experience making them well prepared for the major league arena of big time rock and roll. Tesla has joined the David Lee Roth tour, and for the next eight weeks will be playing to sold out arenas around the country. You don't get there on hype. 'Modern Day Cowboy' captures the romantic outlaw image and puts it to song. Production that rivals anything on the charts, and sound quality put to record by mastering genius George Marino. We are already on an additional track 'Little Suzy'. With its beautiful acoustic intro leading the way, it catches you off guard when the hook sets in and grabs you by your manhood. Cliff Bernstein who has charted the road to success for AC/DC, Scorpions, Def Leppard, Dokken and Metallica now has another winning team on his hands. Backed with full support from what, in my book, is the premiere record company of the eighties, Geffen, you're talking sure-fire success. Do your job and listen to the record. 'Mechanical Resonance' will sell itself. My vote for the 'up-and-coming' band of 1987: TESLA." Ron Garrett/KDJQ

B/A/D/E CONVENTION REPORT PART ONE: "GETTING BACK TO THE FUTURE"

"We all have a big responsibility--what I say to the public, what you guys say on your jobs. There's a thing in a movie that Paul Newman did that says: The face of this nation depends on the people that we listen to and look up to. When I first started out, my reputation in the music business was pretty bad. Then I realized that people really were listening to what I say and that goes for everybody here. What you people put on your radio stations can really make a big difference."

With those words, John Cougar Mellencamp accepted the Second Annual Lee Michaels Award, signaling the start of one of the most anticipated Rock Radio rites of winter--The Burkhart/Abrams Programming Conference. Held in Palm Springs, January 13-16, the 13th annual confab was marked by a break in traditional convention formatics, a renewed sense of optimism from both the radio and record industries, and the usual outpouring of buzz phrases, programmer dialogue, presentations, parties and pontification.

"1987 has got to be a year for us to look back to the future" said B/A/D/E president Dwight Douglas in an exclusive FMQB interview. "We really have to start thinking of not living in an all oldies world. We have to think about new artists, breaking new artists, and having fun with new music. I think that's an essential part of what progressive radio--which is what AOR was called in the beginning--is all about. We've got to be on the cutting edge, or the leading edge of the renaissance that is taking place now with Rock 'N' Roll. The fact that John Mellencamp has won the Lee Michaels award, I think in a sense there's a symbolic message that's being sent to the music community here."

Although Mellencamp's presence symbolized an increased commitment to new music on B/A's part, it's doubtful that the commitment will take the same form as 1982's ill-fated 80-20 new music dictum. But regardless of its size and scope, any renewal to exposing new talent will likely come as blessed relief to a record industry and listening audience accustomed to massive amounts of classic rock over the past twelve months.

B/A broke format this year with a series of individual station presentations made by client PDs, involving produced station audio and video composites. Moderated by new B/A Associate Greg Gillispie, the presentations included KLOL's Rick Lambert; WKLS's Bill Pugh; KYYS's Scott Jameson; WMMR's Ted Utz; CILQ's Gary Slaughter, WFBQ's Marty Bender, KZAP's Tom Cale;

along with Gillispie, representing his alma mater, WDVE. The use of guest speakers--including production genius Dick ("Chickenman") Orkin, Birch Radio's John Dobel, Surrey Research's Dr. Roger Whimer and B/A's "designated shrink", Dr. Perry W. Buffington--and increased emphasis on programmer dialogue, distinguished this year's convention from previous ones.

What was this year's grand proclamation? Dwight summed up the meetings by pointing out 3 key concepts: (1) CREATIVITY: How do we get that? How do we do that? (2) TECHNOLOGY: How do we use technology to give us more time to be creative? and (3) SUCCESS: How do we deal with it? Many of our stations have been doing this for 16, 17, 18 years, and dealing with success is a lot harder than dealing with getting the plane off the runway, so the key becomes, how do you deal with success? How do you keep the creative juices flowing?"

Convention controversy came in the form of debate on the subjects of CD's, 12"s and selecting emphasis tracks. WGTR, Miami PD Bill Wise proposed that Superstar stations band together as a group and request a policy from record companies regarding CD service. "Every Monday we listen to labels telling us about their priorities. Now we'd like to tell them about ours", Wise said. Dwight echoed those sentiments, saying "Delivering an advance 12" is fine. But shortly after delivering that the manufacturers need to deliver an album, a cassette, and a CD at the same time because so much of the time the 12" that leads the album is not the correct song. It's not the proper song to bring the group on". Dwight apparently isn't alone. Other programmers expressed a willingness to get back to choosing album radio emphasis tracks themselves, as opposed to simply adding the current 12".

In part two of FMQB's Superstars coverage, we'll hear convention observations from a group of programmers including KTXQ Assistant PD Redbeard (a firm believer in localization) and KEZO PD Bruce McGregor (who suggests we let the format mature with the audience) Look for it in next week's Dirt Alert!

Robert Hazard XX00

"I've been bitten by the new **Robert Hazard** Lp. This is the best music Robert has written since his very first 'Escalator Of Life' Ep. 'Be My Girl' and 'Hollywood' are focal tracks." **Carter Alan, WBCN** XX00

"We waited a long time for **Robert Hazard** to release another album. Well we've certainly found it to be well worth the wait. 'Darling' is chock full of finely crafted pop songs. Writing hits is something Robert is a master at. And I've always thought his singing was the coolest. I'm sure you'll agree." **Erin Riley, WMMR** XX00

"We added **Robert Hazard** out-of-the-box. This guy's no rookie to rock and roll. He's been packing clubs around here since I can remember. The Lp's deep and we're getting behind it 100% to make sure it happens for him." **Al Branca, WMGM** XX00

"The tradition of great Philly rock and roll continues. **Hazard's** Lp is core AOR and promises to be a sleeper in 1987 that will wake up radio across the country." **Jeff Kauffman, WTPA** XX00

"**Robert Hazard** has always been an artist that has done well for me wherever and whenever I played him. This new album is no exception. 'Hard Hearted' is a great rock and roll tune in a sea of musical mediocrity." **Brian Krysz, WKLC** XX00

"**Robert Hazard** is back! The man knows how to write a song. My picks are 'Be My Girl' and 'Hollywood'. Don't let this record gather dust. Call up your consultant and ask if you can add it." **David Einstein, WHFS** XX00

"Early test results indicate a great response to **Robert Hazard**. I think this is the album that's going to take him all the way!" **Tim Drayer, WHTF** XX00

HERSCHEL ELEVATES TO WDVE PD

WDVE Pittsburgh MD/Senior Air Staffer Herschel has graduated to PD, replacing Greg Gillispie who recently joined B/A/D/E as an Associate. WDVE's afternoon driver for 6 years, Herschel worked under 4 different PDs at the station-- John McGhan, Dave Lange, Howie Castle and Gillispie. "Programming WDVE is going to be a combination of stability and growth" Herschel told FMQB. "We've had a lot of great PDs; I've had a chance to learn from a lot of interesting and very talented folks. We're going to continue on the course that we're on. Musical stability is important. Pittsburgh is a real solid Rock & Roll town, and WDVE is a very dependable friend to Pittsburgh, and vice versa. We are a reflection of what Pittsburgh is."

"Pittsburgh really likes Herschel, so this is a perfect appointment" observes McGhan who programmed WDVE in the late '70s. "When I moved into Pittsburgh, Herschel had recently left to work in New York City. He had been working at WYDD, then the lowest rated station in Pittsburgh, but everybody knew him. He was the all night jock and he obviously knew how to communicate very effectively. They all knew Herschel and they were all bemoaning the fact that he had left town. So as soon as I had a chance, I talked to him about coming back to Pittsburgh and we got him back."

While in New York, Herschel served as MD/Air Talent at jazz/fusion outlet WRVR.

KOME ADJUSTS AIR LINE UP: BLAZY/BENNET TO AM/PM DRIVE, CHAMBERLAIN EXITS

Candi Chamberlain has exited KOME, San Jose as MD/air talent, as the station makes a number of air line up changes. Jeff Scott Blazy takes over morning drive, while Frank Bennet tackles afternoon drive. Former PM driver Larry Miles is now heard 6p-10p, while Steve Page stays in middays, Don West hosts 10p-2a and Brad Lee jocks 2a-6a. Commenting on the changes, PD Ron Nenni told FMQB, "We're really exciting about having the morning show we always wanted. With the combo of Blazy and Bennet we now have superior AM/PM drive teams in the Bay Area".

But where in the Bay Area will former KBPI MD/afternoon drive personality Lynn Wells resurface? She's relocated to San Jose after announcing her engagement to Blazy, and Dirt Central hears Bay Area stations are involved in a bidding war to see who lands Lynn.

KENDALL TO MTV?

Is MTV in Charlie Kendall's future??? Inquiring minds want to know. The former WNEW-FM PD has been very quiet about his next career venture, but Gotham City is starting to rumble about Charlie Kendall taking a key post at the Networks.

Former U68 TV PD Steve Leeds has joined MTV as Director of On Air Talent. "I will be working on a daily basis with the VJ's and I'm also keeping an eye out for fresh new talent", sez Leeds.

FOR THE RECORD...

Daniel Glass, VP/Promotion for Chrysalis Records has resigned his post. More next week...

Look for Elektra Chicago/St. Louis/Milwaukee rep Barry Lyons to land at I.R.S. in a national promotion position. When asked to comment on the matter, Sheik Ayatollah told FMQB "Ever since 1984 Dallas Green has let the Cubs slide into oblivion. If the

man doesn't make some changes regarding Ron Cey and that overpaid pitching staff I may have to take matters into my own hands", that is my only comment.

Is Mr. Recordhead about to become a box set again? We hear PolyGram Seattle/San Francisco rep Calvin Lew is headed for West Coast AOR duties for the label while Brenda Romano will be part of the Rock Radio promo squad. Could this mean the return of Ms. Recordhead?

Don Grierson has been awarded the Sr. VP/A&R chair at Epic/Portrait. Grierson, who is the former VP/A&R for Capitol, will direct both label's national talent acquisition and recording divisions, as well as supervise both coasts' A&R staff. A 15-year veteran of Capitol/EMI, Grierson has also held down the VP/A&R post at EMI for four years, and was with RCA in A&R for an equal length of time. Grierson replaces Lennie Petze who is parting company with CBS.

Atlantic Records has inked a marketing and distribution deal with Independent Heavy Metal label Megaforce. Expect new vinyl from former Kiss lead guitarist Ace Frehley, as well as Overkill to be among the initial projects resulting from the agreement. While current Megaforce acts which include Metallica and Anthrax will continue to be released on their current labels, the major emphasis of the deal will be to sign new acts.

ROBBINS PROGRAMS KISW

Former KISW, Seattle PD Beau Phillips, who graduated to the outlet's GM post last November, has appointed Jon Robbins to fill the vacancy his promotion created, effective January 26. Robbins exits the PD chair at KJRB & KEZE, Spokane, to take the programmer reins at the mega numbers Seattle album rocker.

CURTISS JOHNSON UPPED TO PD AT KUPD

KUPD Assistant PD/MD, Curtiss Johnson, has been upped to PD. Curtiss has been at the station for five years and after his first year was appointed Asst. PD/MD. He told FMQB, "After five years in the market and with this station it feels great to take the programming reigns of 98 KUPD. With a staff I'd put up against any in the nation, J. David Holmes' ears, and the feel we all have for this market and the audience, I have no doubts the ratings will continue to grow."

Ernesto Gladden will remain as VP or Programming for Tri-State Broadcasting which includes KUPD/FM and its AM sister station KUKQ.

J. David Holmes now moves up from Assistant MD to MD. Holmes has been at the station for three years and prior to working at KUPD he was Music Director across the street at KDKB.

LAWSON PD AT KTCZ

WBGK/Milwaukee PD, Alan Lawson, has been named PD at KTCZ/Minneapolis. He replaces Bobby Christian who recently resigned.

Lawson came to WBGK in March of '86 from WGRX in Baltimore and both stations had been consulted by John Sebastian. After Sebastian's departure at WBGK the station carried on with the diversified Adult AOR format. His obvious knowledge of this format should make him right at home at KTCZ which also has a similar adult sound. Alan commented "I'm looking forward to programming The Cities 97 FM. It's a great radio station and a truly unique format. All the ingredients are there for continued success. WBGK is a great operation and the staff is more than capable to continue the growth that we've seen in only ten months on the air in this format."

Lawson officially starts at KTCZ on January 22nd and he will be involved in the process of selecting a new PD before he leaves. WBGK's MD, Brian Jarrett, will hold the position of Interim PD until a replacement has been found.

PADRATZIK RADIO TODAY VP/GM

Network vet Beverly Padratzik has joined Radio Today Entertainment as VP/GM. Formed in conjunction with LBS Communications Inc. and New York based production firm Radio Today, the new programming and distribution company will produce "Rock Stars", an interview show hosted by former Rolling Stone Senior Editor Timothy White.

RUMBLINGS FROM RIFF; STRUCK KAZY VP/GM

Is it true that Fred Jacobs will soon dissolve his consultancy arrangement with WRIF, Detroit to oversee a possible switch from AC to Classic Rock at WMJC? If so, Jacobs will be reunited with former RIFF staffer Tom Bender, who was recently named GM of the AC outlet and assisted Jacobs in giving birth to Dallas Classic Rocker KRQX. Also, rumored to be in the works is a deal between Jacobs and WCKG, Chicago, formerly consulted by Burkhart/Abrams.

Effective January 26, Bill Struck former VP/GM for KSSS & KVUU, Colorado Springs will take on identical duties at Denver Country/AOR combo KLZ & KAZY, replacing Marvin Rosenberg, who exited the post. Struck returns to KLZ after a seven year stint as PD and later as Account Exec from 1974-81. Struck's priors also include the OM post at WTUE, Dayton, GSM and OM duties at WKGN, Knoxville, as well as a one year tenure at KKBB as GM and Sales Manager.

BILL WEBBER, JR. APPOINTED MUSIC DIRECTOR AT WIOQ

WIOQ/Philadelphia has promoted Bill Webber, Jr. from Music Coordinator to Music Director. Bill handed in his resignation at the end of last year but has decided to stay on since the appointment of Helen Leicht and David Dye as Co-Program Managers. Bill feels that "they've made a good step handing the reins over internally. I'm looking forward to working with Helen and David and working to change the music to make the station sound better. I think we have a real chance to be more competitive in the marketplace." Helen Leicht stated that "David and I are proud to announce the appointment of Bill Webber, Jr. as Music Director. Bill has been with the station for six years and is definitely an asset to the organization. We are looking forward to working together as a programming team and making WIOQ a number one radio station."

STATION TO STATION

Tim Drayer has been upped to Assistant PD from Music Director at WHTF/York. He now accepts music calls Monday - Friday 3PM - 5PM. Also, Colleen Manz joins Mike Ondayko on the morning show from 5:30am - 10:00AM. Colleen comes to WHTF from WKBO, a CHR in Harrisburg. She replaces Dave Powers who will now take the 2PM - 6PM slot.

Scott Arbough replaces Laurie Cobb at KBCO on overnights.

WLNZ's Cathy Down will be taking music calls Wednesday through Friday from 12:30 - 4:00PM.

Renowned LA late-night rocker Jim Ladd rejoins KMET to take on 10P-2A airwork. Shifting to the 6-10P slot is Rick Lewis, as Jack Snyder switches to overnights.

New to WQFM, Milwaukee overnights/Research Director is Jim Crowe.

Frank Hall joins KBAT, Odessa as PD, replacing Bill Bateman.

Jeff Pollack now consults WTUE, Dayton.

Joining KFMQ, Lincoln for weekend airwork are Joe Bocht and Jon Terry.

Baltimore Classic Rocker WGRX has moved. Reach the station at 540 East Belvedere, Baltimore, MD 21212. (301) 435-9487.

ROCK OVER LONDON PLAYLIST

Show airing internationally during week of January 25..and our new affiliates this week - KZXX in Spokane, Washington... and two in New Zealand: 91 FM, Auckland, and C93 FM, Christchurch.

DEEP PURPLE/"The Unwritten Law" (Polydor)

Their second reunion album, following up "Perfect Strangers" and this'll certainly keep plenty of heads happily banging.

CHINA CRISIS/"Best Kept Secret" (Virgin)

Their current album "What Price Paradise" has had a disappointing reception so far in the UK but this is a typically classy track from it, now out as a 45.

DRUM THEATRE/"Eldorado" (Epic)

The third time this young band has tried for a hit with this engaging softrocker.

THE BLOW MONKEYS/"It Doesn't Have To Be This Way" (RCA)

An ROL exclusive - the Monkeys' strongest release since "Digging Your Scene".

THE BIG DISH/"Christina's World" (Virgin)

Young outfit who've been supporting Big Country on tour turn in a very stylish single.

THE ROCK OVER LONDON TOP FIVE

1 (1) Alison Moyet/"Is This Love?" (CBS); 2 (2) Gary Moore/"Over The Hills And Far Away" (10); 3 (4) UB40/"Rat In Mi Kitchen" (Dep); 4 (5) Style Council/"It Didn't Matter" (Polydor); 5 (-) The Mission/"Wasteland" (Mercury).

This week's interview is Part Two of a conversation with Alan Parsons and Eric Woolfson...and the Rock Request is chosen by Howard Jores, who goes for OMD's "Enola Gay".

HEAVEN 17's tribute to their local soccer team "Steel City (Move On Up)" which they recorded under the pseudonym of the HILLSBORO CREW has earned them a gold disc for sales which are claimed to have topped half a million, yet they haven't scored in the national charts. Although Gallup base their weekly singles chart on sales, demand for this particular record has been very local to the Sheffield area where only a very small percentage of the reporting shops are located.

The Royal Albert Hall rocked to the guitars of ERIC CLAPTON and MARK KNOPFLER last week when ERIC played his sellout London gigs...MARK joined the three-piece backing band of GREG PHILLINGANES, NATHAN EAST and STEVE (DURAN DURAN/AVERAGE WHITE BAND) FERRONE and kept a low profile until the encore when they did a version of "Money For Nothing". Among the favourites performed was "White Room" which is also one of the live tracks on the limited edition gatefold of ERIC'S new UK single "Behind The Mask". The other is "Crossroads" - both were recorded at ERIC'S Birmingham

concert last July when PHIL COLLINS helped out on drums and backing vocals; it was only a matter of days after they'd emerged from the studio where Collins had been producing "August".

Following the success of the two "Hurricane Irene" concerts in Japan just before Christmas, PETER GABRIEL is hoping to set up a similar event this summer. It's expected to take place in either the UK or the US and be televised worldwide. The Tokyo shows starred PETER plus HOWARD JONES, JACKSON BROWNE, LOU REED the Russian rock band Namini and a number of Japanese artists - they attracted a crowd of 50,000 and raised funds for the "University For Peace", an organisation that aims to link up peace organisations throughout the world.

Meanwhile a charity concert "bigger than Live Aid" is being planned for the summer by an organisation called the Big Strawberry, who want to stage The One World Festival, simultaneous concerts in countries like China, Sri-Lanka, Nicaragua and Lebanon, on July 11. Proceeds will go to various worldwide charities. It's all the idea of Lebanese entrepreneur MICHAEL AMINIAN, who has confirmations of appearances from a number of big name artists, although none have been named yet. There are also plans to film the whole event, and the organisers are confident that the USSR will take part.

SIMPLY RED have announced their UK tour dates to coincide with the release of their second album "Men And Women"...it begins in Dublin on February 24 and winds up at the Hammersmith Odeon a month later.

The long-awaited GO WEST LP has been put back yet again...after the delays caused by computer problems in the Denmark studio late last year, the latest setback has been PETER COX'S illness which has held up the final remixing. Now he's on the mend, we should see it emerging at the end of February...

And delays too for BILLY IDOL fans awaiting the new single "Don't Need A Gun" - Chrysalis is holding it back until the end of the month while they await the video...it may be some consolation that there'll be two other versions of the song available: the expected "Melt Down Mix" and would you believe it old Billy's gone acappella too!

HUGH CORNWELL'S current release "Facts And Figures" is just one of a number of tracks he's been working on without the STRANGLERS...and there'll be a solo album in the spring. However, Hugh stresses that he has no intention of leaving the band and says, "I just have too many songs and many of them are not STRANGLERS material."

There are echoes of Japan in the new release from their ex-bass player MICK KARN. The song "Buoy" features vocals by DAVID SYLVIAN who also co-wrote it and in fact it's the first time they've been in a studio together since '81. The track is taken from KARN'S forthcoming instrumental LP "Dreams Of Reason Produce Monsters" which was co-produced by ex-Japan drummer STEVE JANSEN.

UB40 get a lot of what we Britons call stick over the discrepancy between their name (the UB40 is our unemployment ID form) and their ever-increasing fortune...they're also criticised for the alleged lack of political commitment in their songs which seemed a bit unfair when they released the anti-apartheid track "Fight For Ourselves" and played a benefit gig for the Movement in December. It has now come to light that they're not one of the many British rock groups who've forbidden the sale of their records in South Africa. Singer Ali Campbell defends their decision by saying the country should be listening to their songs and some of the money made on sales there goes to worthwhile causes. They also make sure that no potentially sensitive tracks are omitted from the South African album releases.

We hear that BOY GEORGE has been banned by Malaysian radio as the government tries to eradicate all traces of the drug culture from music and entertainment broadcasts.

THE THE have released a third single from the much-acclaimed album "Infected"... "Slow Train To Dawn" has probably already had more airplay than the last release, the title track "Infected" which was banned by the BBC for naughty lyrics amidst accusations that it was about AIDS. The video for "Slow Train" recently won a Chicago film award which must have pleased singer Matt Johnson who managed to set himself and director TIM POPE alight during its making!

Three of London's most popular nightclubs are hoping to raise funds for AIDS sufferers on April 3, World AIDS day...there are also plans for a benefit gig at the Royal Albert Hall with THE COMMUNARDS and FRANKIE GOES TO HOLLYWOOD likely to take part. We also hear that HOLLY JOHNSON wants to revive the band's T-shirt campaign of '84...and instead of telling the world to "Relax", the message will be "Frankie Says Use Condoms".

ANDY BELL, singer with ERASURE who had a recent spell at ROL's number 1 with "Sometimes", is recovering from an operation after a burst appendix caused him to collapse in a London studio.

No real activity yet this year in the UK album chart, where the Christmas favourites are still favourite; with "Now 8" still at number one, the KATE BUSH compilation edges back up to two and the only other movement worth noting in the Top Ten is BON JOVI'S climb back from 12 to eight with "Slippery When Wet". Further down, "Disco" by the PET SHOP BOYS is up from 48 to 20, "The Very Best Of Etiek Brooks" jumps from 56 to 33 in the light of her big singles success, "No More The Fool"; and the only new entry in the entire Top 100 is Gregory Abbott's "Shake You Down" LP.

THE SMITHS' new single "Shoplifters Of The World Unite" will be followed by another album by the band on ROUGH TRADE, their last before switching to EMI. The band enter the studio soon to start work on it - but even before that, ROUGH TRADE will be releasing a compilation of SMITHS' tracks selected by lead singer MORRISSEY, called "The World Won't Listen".

THE HUMAN LEAGUE will soon be releasing another single from the "Crash" album - crash is exactly what the last follow-up to "Human", namely "I Need Your Loving", did in the UK...they're off to the States in February, then the Far East and Europe, and there's the possibility of more British dates in May or June.

DEEP PURPLE'S first UK single from "The House Of Blue Light" is "Call Of The Wild", out at the beginning of February...and ERIC CLAPTON'S first UK single from "August" is "Behind The Mask", his best shot at a British hit in years.

ROCK REPORT

WORK CONTINUES ON BRUCE

SPRINGSTEEN'S first long-form concert video at Mt. Laurel, New Jersey's NFL FILMS. At this point, the producers are still trying to get through over 100 hours of live footage that they have in their possession. So far, we've all seen "War" and "My Hometown" which were culled and produced from those tapes. There are about 43 songs in an average SPRINGSTEEN show and according to our sources, that's roughly the number of tunes we'll see

in the video. The problem lies in how to release the tape-- should it be put out all at once? Should it be released in multiple parts? These and other decisions should be cleared up by the end of February when the announcement of who will actually release the tape comes. It might be NFL FILMS, it might be somebody else. We were also told that it might be a home movie for BRUCE and not be released at all. We do know that the whole thing is being produced digitally so the sound is fantastic. Stay tuned to this column next month when we have the final word. Meanwhile, work continues on JULIANNE PHILLIPS SPRINGSTEEN'S first home video project, an aerobic workout tape, due this spring.

BUCKINGHAMSHIRE, ENGLAND WAS THE MEETING place of PAUL MCCARTNEY, GEORGE HARRISON, RINGO STARR and filmmaker STEVEN SPIELBERG. Evidently SPIELBERG and his people met with the remaining BEATLES to discuss a possible silver screen biography. Keep in mind that THE BEATLES made their own movie over the course of their career and it has never been released, so maybe SPIELBERG was offering to do something with that already existing footage. Either way, we'll know more about this later.

AFTER TOO MUCH BAD LUCK AND NUMEROUS DELAYS, DEF LEPPARD returns with their long-awaited new LP for PolyGram next month. The first single from the album will no doubt be "Don't Give Me Love And Affection". The band's line-up hasn't changed in the four years since their multi-platinum "Pyromania" album was released but apparently their sound has. They still have their known metal pop style but they've beefed up their guitars to give the tunes more depth. DEF LEPPARD is planning an 80 city tour in 1987 and the band seems to have no doubts about drummer Rick Allen's role as the stickman. He has adjusted very well to his specially-made electronic kit and has an optimistic attitude about the future.

TELEVISION'S QUEEN OF LATE NIGHT HORROR, ELVIRA, is making her move to the big screen, said to be a "supernatural comedy." NBC Productions makes its own debut with this, their first theatrical release, and it is putting up 5 million dollars for the film, due (when else?) Halloween. Principle shooting begins May 1st but work has already begun on assembling the soundtrack, which is being handled by the Panacea Company. They've already approached such notable songwriters as BERNIE TAUPIN, HOLLY KNIGHT and TODD RUNDGREN to contribute new original music. The only thing standing in their way is a label to distribute said soundtrack. If you think you could help, pick up the phone and contact Eric Gardner at Panacea in Los Angeles.

SPEAKING OF TODD RUNDGREN, he has been relieved of his duty as the incidental music composer for NBC's latest hit series "Crime Story". Apparently RUNDGREN and the show's director and developer, MICHAEL MANN had musical differences. Wasting no time, RUND has taken on another musical screen project; he's scoring the upcoming Cannon Film, "Undercover", due in April. Also on the burner is production duty for the Island Records act BOURGEOIS TAGG which begins the third week of February in a San Francisco studio.

PAUL SIMON IS GEARING up for the kick-off of his "Graceland" tour which begins in Rotterdam on February 1. Currently SIMON is in London putting together and rehearsing a band. The U.S. tour begins in April and will last approximately 8 weeks, with the possibility of a second leg. PAUL will be playing primarily small venues and we know that Radio City Music Hall in New York will be one of the stops.

ERIC MARTIN RELEASES his second Lp for Capitol next month titled "I'm Only Fooling Myself". The first single to be pulled from the package is "Everytime I Think Of You" and it will ship on February 18. The album, which was recorded in Los Angeles, features a plethora of respected studio players including drummer Mickey Curry (BRYAN ADAMS, HALL & OATES), bassist Nathan East (ERIC CLAPTON) and Richie Zito who plays guitar and produced the album. Zito, you may remember, has worked with THE MOTELS, and most recently, on EDDIE MONEY'S big comeback "Can't Hold Back".

DEADHEADS REJOICE! The GRATEFUL DEAD have a busy year ahead of them with a new record, their first studio album since 1980's "Go To Heaven", and a tour. First, the record has a working title of "The Golden Door" and features some of the following tracks: "Push Comes To Shove", "Ashes To Ashes", "Touch Of Grey", "Keep Your Day Job", "Brother Aesop" and an ode to the fallen JOHN BELUSHI titled "West L.A. Fade Away". With the DEAD it's kind of hard to pinpoint a release date but we can say Arista will release this disc sometime in the near future. As far as the tour goes, make sure your microbus is in Hampton, Virginia in March because that's where it kicks off and heads up the East Coast with stops in Washington, Philadelphia, New York and Hartford to name a few cities.

COLIN JAMES HAY: Former Men At Work leader Colin Hay is releasing his debut solo album under the name Colin James Hay. Herbie Hancock and Robbie McIntosh of the Pretenders are special guests.

R.E.M.: R.E.M. have recorded a song for the upcoming film, "Made In Heaven". The film is being produced by Alan Rudolph and stars Timothy Hutton and Kelly McGillis.

KEITH RICHARDS: Keith Richards is booking studio time in New York for February, March and April to work on his first solo album.

LOU GRAMM: Lou Gramm shot his first video without the other members of Foreigner in Los Angeles. His debut solo album ships January 30th. Gramm also has a song on the soundtrack to the new Warner Brothers film, "Lost Boys".

PET SHOP BOYS: Pet Shop Boy Neil Tennant is recording a duet with Dusty Springfield, his favorite female singer. Tennant has written a song for the two to record together, which should be released early in the year.

PETE TOWNSHEND: Pete Townshend's "Scoops, Volume II", will be out February 13th.

ANDY TAYLOR WITHDRAWS FROM DAVID LEE ROTH TOUR TO FINISH ALBUM: Because of the time needed to complete "Thunder", his forthcoming debut solo album, Andy Taylor is unable to join David Lee Roth as special guest star for tour dates. Instead, the former Duran Duran member will be in L.A. mixing and mastering his album in order to meet the deadline of February 9th release. The delay was partly caused by Taylor's decision last year to fulfill his commitment to record parts of Duran Duran's current album. "Sometimes these things just take longer than you expect them to", says Taylor.

BANANARAMA: Keren Woodward's baby came one day early, December 30th instead of New Year's Eve. The Bananarama member named her little boy Joseph.

RHODES SAYS "NOTORIOUS" TITLE IS A JOKE: Nick Rhodes says Duran Duran picked "Notorious" as the title of their album because the British press worked so hard to portray them as just that. "They decided to start every rumor they could possibly invent," says Rhodes. "They had people not getting on with each other, problems here, problems there, people leaving the group, having nervous breakdowns, all this sort of garbage." Rhodes concedes that in many ways it is a notorious album. "But to us, it's like a joke, really," he says.

HART INTENDED ELVIS REMAKE AS A "B" SIDE: Corey Hart has released a remake of Elvis Presley's 1962 hit, "Can't Help Falling In Love", as the second single from his album "Fields Of Fire", even though he says doing a cover version was the last thing he had in mind when he made the album. "I was going through this old jukebox before the record was released and I kept playing "I Can't Help Falling In Love" over and over again," says Hart by way of explanation. "I wanted to sing it on my own and hear what it would sound like. It was basically a whim. I didn't want it to be part of the album. I just thought we'd use it as a B-Side." Hart says his record company suggested he put it on the album, then release it after a number of radio stations began playing it.

JAGGER SAYS HE ENJOYS WORKING HARD, ALONE: Mick Jagger is in Holland, reported to be working harder than he has in a long time on his next album and preparing for his debut tour as a solo artist. He's been working on the artwork for the cover of the album in the mornings, then working from about noon to midnight on the album. Says Mick, "I'm living the life of a monk. I have no friends here so there are no distractions, and I'm really enjoying the hard work." The only break he has taken in the past month was a trip to the Eurythmics in London, followed by a night on the town with pal, Dave Stewart.

GELDOF BOOK TO BE PUBLISHED IN U.S. IN MARCH: Bob Geldof's autobiography will be published in the United States in March, though Geldof concedes the book is "terribly boring. But I had to do it." Geldof says he was surprised at the reaction the book received. "You're talking serious literary reviews the equivalent of a Mailer and Salinger coming out in England," he said. "There were pages in the Literary Review, and it's just been nominated for a big literary prize. It's been unbelievable." Geldof adds that sometimes he thinks, "Maybe I'm in the wrong job."

PHILIPS, MCKENZIE TO BE ON HAND FOR "MONTEREY POP" TRIBUTE: The men who gave the Monterey Pop Festival its theme song will be in attendance in February when the Monterey Film Festival pays tribute to the Music Fest and filmmaker D.A. Pennebaker. John Philips, who wrote "If You're Going To San Francisco, Be Sure To Wear Some Flowers In Your Hair," and Scott McKenzie, who sang it, will both be on hand for the tribute at the Monterey Fairgrounds, the scene of the pop fest 20 years ago. A reunion of the musicians who performed there is also in the works. In addition to the "Monterey Pop" reunion, the Monterey Film Festival will also be paying homage to 3-D films. The first 3-D movie ever made, "House Of Wax", made in 1953, will be shown. That film featured an actor who went on to bigger things -- Charles Bronson.

KINK SAYS IT'S "LONELY" BEING THE ONLY ONES LEFT FROM 60's: With the Rolling Stones gone -- at least for now -- for all intents and purposes, the Kinks are the only band from the era still together and working. They've just released their 25th album -- including five hits compilations -- and plan to begin a U.S. tour in mid-February. "It seems a bit lonely in a way," says Dave Davies, "with The Who not being around, we're the only ones left. It's sad." Davies' theory on why the Kinks are the only ones still left on active duty in the "Hateful 80's", as Ray Davies refers to the decade, is that the band still has something to achieve. He says the Kinks have had so many ups and downs, they've never made it really "super big" anywhere. "We always feel like there's something that we've got to do yet," Davies explained. "I think until that's satisfied or we don't feel it anymore, we should still be doing what we're doing." Davies said the enjoyment they get from playing live also keeps them going and adds that if he didn't still enjoy it, he doesn't think he could do it. Dave wrote the Kinks' new single, "Rock 'N Roll Cities", and performs it as well. It's the only song on the album that also features the Kinks' original drummer, Mick Avory, who happened to be in the office the day Davies was going into the studio to record the song.

FMQB NOTES that New York City rock station K-ROCK (WXRK) is using a rather controversial spot quite frequently on the air, which basically tells listeners to basically "turn your radio frequency away from all that crap at 103."

LOU O'NEILL JR. TELLS US that Cindy Lauper is cementing plans to hook up with one half of the old Blues Brothers group, Dan Aykroyd. O'Neill says the movie will be called "Vibes" and, Cindy and dashing Dan will play psychic crime-busters.

KOOL & THE GANG were sitting in their Munich (West Germany) dressing room waiting for the cue to go on a national TV program, when the door opened and a well-wisher sauntered in. The fan, who was full of praises for the Kool & The Gang LP "Forever", was none other than Bob ("Live Aid") Geldof. A few days later they were in Hilversum, Holland, cutting the ribbon for the opening of a brand new record label, when they were asked to drop in to a studio next door and pay a quick visit to the singer who was booked there. It turned out to be none other than Mick Jagger, quite a Kool & The Gang fan. Interesting story.

ZZ TOP'S LEAD AXEMAN, Billy Gibbons, gave one of his favorite guitars, a custom-made job no less, to a member of the Tailgators', Don Leady, and another to Keith Ferguson. Each of the guitars was made from a single piece of wood, with red metal flakes which were painted on the instrument, and binding to match the group's drum kit. The drummer in the Tailgators is Gary ("Mudcat") Smith. Billy Gibbons has frequently called the band the Tailgators his "favorite American band." That's a direct quote. Interesting point: Billy Gibbons has a long beard, as does Dusty Hill -- and the only member of ZZ Top who does not sport whiskers is drummer Frank Beard.

TRIVIA: Did you know that a yellow traffic light remains yellow for a nationwide average of 3.6 seconds, but in Washington, DC, a traffic light stays on yellow longer than in any other place in the country.

GENESIS IS BACK ON THE ROAD in the United States, having opened the next leg of their American tour at The Summit in Houston, Texas, last week.

IF ROCK 'N' ROLL FOUNDING FATHER CARL ("BLUE SUEDE SHOES") PERKINS is proud as a peacock these days, he's got a perfect right to be. FMQB understands that Carl recently received another award. Coca Cola has announced it is issuing a special Carl Perkins commemorative bottle to honor the guitarist. The front of the new bottle reads: "Coca Cola Classic and Carl Perkins Rock-A-Billy Classic Make A Winning Team." And, the back of the bottle lists the milestones in Carl's historical career. Proceeds from the sale of the special commemorative Coca Cola bottle will be going to the Carl Perkins Child Abuse Center, based in Jackson, Tennessee. It's a facility the rock guitarist founded six years ago. The bottles went on sale last month in Carl's hometown of Jackson and are definitely going to become collector's items. They're selling for \$10., and the autographed ones are fetching \$15. Hard Rock Cafe owner Isaac Tigrett bought the first fourteen cases of them (about \$5,000 worth), from Perkins personally -- undoubtedly, to be used at his various clubs around the world. Incidentally, you might want to jot this down on your calendar: Carl will be inducted into the Rock 'n' Roll Hall of Fame on Wednesday, January 21st, and has said that he hopes to raise more than \$125 thousand from the tribute Coca Cola has bestowed upon him.

CAPITOL RECORDS will definitely release four Beatles compact discs in the very near future. Watch for "Beatles For Sale", "A Hard Day's Night", "The White Album", and "Meet The Beatles" to be included in this blockbuster package.1

THAT MAD MAN OF METAL, IRON MAIDEN'S driving force, Steve Harris, was in New York City last week for a blitzkrieg series of media interviews. Lou O'Neill Jr spent an hour with Steve and found the Englishman highly paradoxical in that on stage he is the wild man of rock and yet out of the spotlight, he is shy and extremely soft spoken. According to Steve, "this most recent album was one of our most enjoyable ever as we had the chance to record some of it at Compass Point Studios in Nassau and mix it in New York City. Steve indicated that band would be back on the road shortly and would return to the New York City area with a blowout at the Nassau Coliseum, the Jersey Arena at Meadowlands and perhaps even the Garden, too.

HEY...SPEAKING OF IRON MAIDEN, we hear the latest skinny is that lead vocalist, Bruce Dickenson, is now hard at work writing a comedy about an eccentric English Lord. The neophyte scribe has been showing his galleys to one and all.

FMQB CONGRATULATES THE UBIQUITOUS DAVID LEE ROTH, formerly of Van Halen for a tremendous concert last week at the Jersey Arena in the Meadowlands. Of course, "Diamond Dave" will be back in the New York area for a show at the Nassau Coliseum on January 23.

UPDATE: At last week's debut for Bruce ("Moonlighting") Willis at the Ritz in New York City the guest list read like Who's Who. Ronald Reagan, Jr. Billy Joel, the Bronfman family, Ashford & Simpson, and Ben E. King, were just a few of the celebs on hand. According to our sources, tickets were fetching a cool C-note on the street. Among the evening's many surprises, the legendary Ben E. King was beckoned from the wings by Willis and joined the television icon for a rousing version of "Stand By Me".

BIRTHDAY BOOK FOR SUNDAY, JANUARY 18: The late Cary Grant would have been 83. He died last month of a massive stroke. It's been 13 years since Bad Company announced their formation in London. It's been 14 years since the Rolling Stones -- Mick Jagger, Keith Richards, Charlie Watts, Bill Wyman, and Mick Taylor -- performed their famous Nicaraguan Earthquake Benefit. At the time, Mick Jagger was married to Bianca, a native Nicaraguan. Danny Kaye is 73 years young. Mohammad Ali, the former Heavyweight Champion of the World, is 45. David Ruffin is 47. **MONDAY, JANUARY 19:** Janis Joplin, the white blues singer from Texas, would have been 44 (born in Port Arthur, Texas; died 10/3/70). Happy birthday to Phil Everly, one half of the famous Everly Brothers, who is 48. Actress Jean Stapleton is 64. Dolly Parton is 41 (the 4th child in a family of 12). Dewey Bunnell, of the rock band America, is 36. On this date in 1978 the Sex Pistols, led by the infamous Johnny Rotten, broke up. The man who recently had the first #1 record in his career, Robert Palmer, is 38. Desi Arnaz, Jr. is 34. On this date 11 years ago the greatest money offer in the history of music was tendered to the Beatles, when rock promoter Billy Sargent guaranteed them \$30 million cash to re-form and render one concert. The offer was declined. **TUESDAY, JANUARY 20:** On this date Capitol Records first released "Meet The Beatles", which featured the track "I Wanna Hold Your Hand". It would, of course, skyrocket to #1. On this date in 1965 we lost the man who conceived the term "rock 'n' roll". Alan Freed, the Cleveland disc jockey who came up with the slogan 'rock 'n' roll' at one of his many Cleveland sock hops, would excite the crowd by screaming into a microphone in front of a room full of teenagers..."We're gonna rock 'em, we're gonna sock 'em, we're gonna roll 'em!!!" Somehow, the 'sock 'em' part of it got taken out, and the term 'rock 'n' roll' was formed. True story, or as Casey Stengel once said, "You can look it up." **WEDNESDAY, JANUARY 21:** Richie Havens, the Brooklyn born folk guitar player is 46. On this date 21 years ago George Harrison, of the Beatles, and Patti Boyd were married at the Epton Registry Office, in Surrey, England. The marriage ended in divorce and Mrs. Harrison would later marry Eric ("Slow Hand") Clapton, who in reality was "Layla". Unfortunately, that marriage has also ended in divorce. Telly Savalas, of "Kojak" fame, is 62. On this date in 1978, 9 short years ago, the musical soundtrack "Saturday Night Fever" hit #1 on the Billboard Charts, and it would remain there for a record 24 weeks. Of course, that record was demolished when the Michael Jackson "Thriller" album

exploded a number of years ago. Country star Mac Davis is 45. Actor Robby Benson is 32. He is married to the very talented and gracious singer Karla DeVito. Edwin Starr is 45. Bruce Springsteen has a Top 10 single right now of the song "War", which was first popularized by Edwin Starr many years ago. Lastly for this date, Paul Scofield, the British actor, who won an Oscar in the early 1960's for his brilliant portrayal of Sir Thomas More in "A Man For All Seasons", is 65 years old. **THURSDAY, JANUARY 22:** The late Sam Cook would have been 52. Sam died in a motel shoot-out in 1964. Actress Linda Blair, the lady who, when asked why she portrayed the young woman in "The Exorcist", said, "The devil made me do it," is 28. On this date in 1889 (98 years ago) Columbia Phonograph Company officially started in business. It eventually turned into the Columbia Records label. John ("Elephant Man") Hurt is 47. Former Heavyweight Champ George Forman is 38. On this date in 1966 Nancy Sinatra entered the Billboard Hot 100 with her smash hit "These Boots Are Made For Walkin'". Steve Perry, of the rock band Journey, is 38. **FRIDAY, JANUARY 23:** On this date in 1768 (219 years ago) the sandwich was invented in England. The Earl of Sandwich sent one of his servants away saying, "Please bring me something to eat." The servant went into the kitchen area, cut a piece of bread in half, slapped a piece of meat on it, and brought it back to the Earl. The Earl went crazy with delight, told his friends about it, and it became known as 'the sandwich'. Happy birthday wishes to Anita Pointer, who is 39. On this date we lost comic Ernie Kovacs, who died 25 years ago. Robin Zander, of the rock band Cheap Trick, is 34. The late Humphrey Bogart would have been 88. On this date in 1978 the original guitarist for the rock band Chicago, Terry Kath, died of a self-inflicted gunshot wound at a Hollywood party. **SATURDAY, JANUARY 24:** Happy birthday wishes to Brooklyn born Neil Diamond, who is 46. The late John Belushi would have been 38 (one half of the Blues Brothers and the "Saturday Night Live" star.) Singer/songwriter Ray Stevens is 46. Jools Holland, of the rock band Squeeze, is having a birthday. On this date in 1962 the Beatles signed their first contract with Brian Epstein, who went on to manage them and lead them to international fame. Actor Ernest Borgnine, who was married to Ethel Merman for a very short time, is 72. When they asked him why he left Ethel Merman, who is now deceased, he replied, "Do you know what it's like to live with a boa constrictor?" On this date 39 years ago Ahmet Ertegun and Atlantic Records released one of the really early songs in the genre. It was called "Good Rockin' Tonight" by Ray Brown. It was covered, of course, by former Led Zeppelin lead vocalist Robert Plant on his debut solo record. Hollywood-based writer Warren Zevon is 40. Up-and-coming singer Matthew Wilder is 34.

POLYGRAM PRESENTS QUESTION of the WEEK

What titles not currently on CD would you like to see on CD, for your radio station and for at-home listening?

DAVE BENSON, WLUP: "Beatles mid and late period, Beach Boys, Traffic 'Low Spark of High Heeled Boys' & 'John Barley Corn', 10cc 'Deceptive Bends' (Greg Solk's favorite album). Personally: Joni Mitchell 'Blue', Laura Nyro 'New York Tendaberry', Keith Jarrett 'Your Song' & 'Belonging', Miles Davis 'Bitches Brew' & 'In A Silent Way'."

DOUG CLIFTON, KBCO: "The first one that comes to mind is Little Feat's 'Waiting For Columbus' for both at home and for the station. I realize that the record companies are trying to release as many CD's as quickly as they can produce them. I'd like to see them set a goal for themselves in 1987. That goal being simultaneous release of records on Lp and CD and servicing those CD's to radio stations. I appreciate the work that many of the smaller labels have gone to in getting us compact discs. I can only hope that the bigger labels will follow suit."

DAVID HALL, WKDF: "I'm eagerly awaiting all the Beatles' material on CD. We already have 'Abbey Road' on that rare Japanese import at the station and it sounds great. A couple of solo Beatles' albums that I would like to see are George Harrison's 'All Things Must Pass' and John Lennon's 'Imagine'. And I'd like to see The Who 'Hooligans' particularly for a nice clean version of 'Join Together'. Also, Lynyrd Skynyrd's first and second albums."

KAREN ANDERSEN SMALL, WGIR: "First off all Beatles, Beatles, Beatles (yes I know they're coming). The first Crosby, Stills and Nash Lp, Paul McCartney's first Lp and 'Ram', The Chicago Transit Authority's first album, George Harrison's 'All Things Must Pass', Neil Young's 'Everybody Knows This Is Nowhere' and 'After The Gold Rush', The Grateful Dead's 'American Beauty'."

CHRISTINA, WPLR: "Led Zeppelin!"

WAYNE SUMMERS, WRCN: "I wanna see it all on CD."

DUANE SHERMAN, WTOS: "I would like to see the entire Capitol/EMI/Parlophone Beatles library released on CD. A.S.A.P."

KARIN SIMMONS, WAOR: "One would have to be the Beatles. Next would be Lynyrd Skynyrd."

RICK WEST, WXKE: "What you have to do is look through your vinyl library. Of course the Beatles are coming out now so that will be taken care of shortly. The first Heart album should be on CD. Quite a few of the Steve Miller albums like 'Fly Like An Eagle' should be on CD. All product not on Columbia should be on CD. We have a lot of imports already on CD. Classics are what's missing: Chicago 'One' and 'Two' the first Crosby, Stills and Nash, the early Fleetwood Mac, in particular the album 'What About Me' with 'Hypnotized' on it, also the Doobie Bros. and The Animals."

DON BERNS, CFNY: "Anything by the Beatles, Shriekback 'Big Night Music', Housemartins 'London O, Hull 4', Crosby, Stills, Nash and Young library, Alice Cooper, Neil Young's 'Decade', Quick Silver Messenger Service, and that type of act from the 70s, early Steve Miller and the current Steve Miller, more Santana. For personal collection, I would love to see Mike Batt's albums on CD and The Strawbs."

JIM JONES, KMOD: "The Beatles, Led Zep's 'Graffiti' and some Deep Purple classics."

POLYGRAM ROCKS RADIO ROCK N' QUOTE OF THE WEEK

"**Maybe Tonite** is rock with a great pop edge. Billy Branigan deserves a shot!"

Doug Podell

WLLZ, Detroit

DJ BIRD, WXXP: "Any piece of vinyl worth playing is worth playing on CD. CD use has greatly enhanced the quality of our air sound. Any record companies who wish to service us with CD's would be welcome."

CURT GARY, WEBN: "Beatles."

ALAN WHITE, KILO: "Beatles, Beatles, Beatles"

JOHN BEAULIEU, WTUE: "The Beatles, of course, and we'd love to see more of the current artists arrive in our mail via CD like Boston, Clapton and Bon Jovi. But it is

PAM EDWARDS, KGB: "Smithereens, Lone Justice, Eric Clapton, 'Til Tuesday, all of the Beatles, rest of Zeppelin catalog, CD compilations of old one hit wonder, Abba."

INESSA YORK, KGON: "Anything from the Beatles and the missing Zepp CD's."

STEVE BECKER, WKFM: "I think that all catalogue material should be available on compact disc. It's impossible to single out one record over another record when it's obvious that if you play the material on the radio that you would want the best possible audio quality."

CARTER ALAN, WBCN: "Peter Gabriel's third Lp (if it isn't already) and I've got to have Beatles' 'Sergeant Pepper' on CD. It would also be nice if the songs on U2's 'Wide Awake In America' Lp was available."

AL BRANCA, WMGM: "At WMGM we're up to almost 70% compact disc, current and library. However there are still some Lp's I'd love to see on CD including the entire Traffic collection, a couple of Zeppelin Lp's that still aren't converted to CD and of course The Beatles, if they ever cut through the legal red tape."

RON GARRETT, KDJQ: "Stevie Ray Vaughan and Double Trouble and Love's 'Forever Changes.'"

MULLIGAN, WFXR: "All the classic groups that haven't been released on CD already like: Stones, Zeppelin, Boston, Doors, etc."

PHIL COLWART, WHMD: "Beatles, anything, Yes 'Yes Songs' and 'The Song Remains The Same.'"

THE BEARMAN, WGTR: "All of them. Because if it's not on CD we won't play it, at this time."

BOB KRANES, WXRK: "Certainly the Beatles and a lot of the Motown things that are unobtainable at this time."

BRUCE MCDONALD, WFNX: "The Stranglers, Feline and The Soul Mining (these wouldn't be too bad in vinyl since they're both out of print, and very much in demand)."

DAVE NUMME, KSJO: "Beatles.. Beatles.. Beatles.. C'mon you guys! I'd like to see more artists record digitally. 'Power Windows' by Rush sounds just stunning with the digital production. Soon, I expect that every thing will be on CD, and the day can't come soon enough. And think of all the postage the record companies will save on mailing them. Finally, I'd be much more likely to listen to it because I just got a Compact Disc player at home."

KEVIN VARGAS, KWHL: "Obviously the Beatles but that is soon to be remedied. Available CD selection has improved greatly in the last year. The only thing that hasn't improved is radio stations receiving the music current or library. Some labels do an outstanding job in servicing us: Chrysalis, Elektra and A&M have been consistently our best suppliers for the last two years. For home, I hope to someday afford a CD player, then I'll try to get the cat-

alogue of my favorite bands that perform best on Compact Disc such as Pink Floyd, Jethro Tull, etc."

VIRGIL THOMPSON, WIXV: "What would I like for the radio station? 'Machine Head', Deep Purple. Any Zeppelin and, of course, the Beatles, which we are looking forward to receiving when it comes out."

NEIL KUSHNIR, CHOM: "Well, we got some exciting news yesterday that 4 of the Beatles will go on CD. This is the first step to a complete catalogue of Beatles on CD. But, basically, the current material is coming faster. The lag between vinyl and CD is decreasing. Now, it's up to the record companies to fill in the void where older stuff should be on CD, i.e., the Rolling Stones. The classic stuff from the 60's. We congratulate the companies that are servicing us with CD's. Notably, CBS, Columbia here in Canada. But I find it silly that some other companies are reluctant to give us service with CD's. One should be willing to supply us with CD's only instead of both vinyl and CD. That's such a waste... For at home, the first Aztec Camera 'Highland Hard Rain'. That's about the only thing I haven't been able to find yet that I really want. It's on Sire."

TOM STARR, WOUR: "Any and all Beatles. We're glad to see it's finally happening."

PHIL MANICKI, WWCT: "Everything by the Beatles, Bruce Hornsby and the Range, The Pretenders and the new Parsons."

TRICIA GRIFFITH, KBER: "Any and all Led Zeppelin, all Cream titles and anything ever made by the Beatles. Basically, any of the classic rock 'n roll put on CD would make everybody's listening more exciting and enjoyable."

ANDI TURCO, WPYX: "The entire Beatles catalogue. Hey, Capitol, get with the program."

BOB WELCH, WQBK: "The rest of the Led Zeppelin catalogue. Yes 'Close to the Edge' and 'Fragile'."

STEVE BRIDGES, KFMH: "All of the Alan Parsons because of the good production value and I'd like to see some of the Blues labels put out product on CD's."

GREG TORRINGTON, CHEZ: "For the radio station, I'd like to get David And David, the new Paul Young, Lone Justice. For my home listening, I'd definitely like to get the Little Feat catalogue."

RICK PANNECK, WAPL: "All the Beatles."

JACK DEGNAN, WRUF: "Fleetwood Mac 'Live' and the Beatles 'White Album'."

J. DAVID HOLMES, KUPD: "Any Beatles, particularly 'Abbey Road' and 'Sgt. Pepper'."

HARRY REYNOLDS, KOZZ: "The Beatles."

JOE MARINO, WAQY: "I personally would love to get my hands on all of the Beatles records on CD. As a matter of fact, I would like to see all records that we are playing on CD. The sound quality, durability and enjoyability of songs on CD makes it both satisfying for the listener and the person playing them. What really makes me angry is the record labels that do not service CD titles to radio without charge. This is something that should be corrected."

MIKE CAPPS, WIMZ: "The Beatles because they're one of the best rockers of all time."

WBCN, BOSTON, MA M.D.-CARTER ALAN:

"'America' from KBC Band is making big requests and airplay gains at 'BCN, after being last week's Big Mattress Song-Of-The-Week on Charles Laquidara's Morning Mess! Arista did a nice retail tie-in at two local Strawberry's outlets by giving away KBC videos to those who bought the album. At first I was wishing the band would have released an edit of 'America', but now I don't mind. The song's powerful lyrical message needs the full six minutes. I hear there is a creative edit in the works, however. It will be very

interesting to hear this one soon...I've had lots of questions about 'Wack Attack'. Call your local Epic dude about this 12"... The rap remake of Dylan's 'Subterranean Homesick Blues' is WBCN's production maestro Billy West. This is his major label debut and you've got to hear it to believe it. And once again, God bless the Smithereens!"

CFNY, TORONTO, CN ASST. P.D./M.D.-DON

BERNS: "So, I guess it's time for all of North America to discover what we've known up here for some time: There is some great music being made in Canada! One of the hottest groups here for some seven years now has been The Spoons, who have won over a dozen U-Know/Casbys, the people's choice music awards. After attracting the attention of such heavy-weight producers as Nile Rogers and John Punter (Japan), the group has now achieved their greatest AOR success to date here with the Tremeuth Lp 'Bridges Over Borders' which has just been released in the U.S. and will make a valuable addition to just about any playlist...And, while it is true that Canadian radio must play a certain percentage of Canadian music, that doesn't mean we play bands simply because they are Canadian. The Spoons will stand up to anything you're playing now, just as they have all across this country with 'Bridges Over Borders'. And that's just the tip of the iceberg. With the Parachute Club, Northern Pikes and more set to be released South of our border this year, 1987 is sure to be the year of the Canadian invasion! And what a deal for you: You give us acid rain, and we give you great music! Speaking of which, there's a track out right now that is, without a doubt, the best end-of-the-night party song I've ever heard. It's appropriately titled 'Call Me A Cab' and it's by Crowbar, a group that at one time was the hottest rock back of all here. As it's on their own label, you might want to call manager, Tom Basciano, at 416-525-4396 for a copy. This one is guaranteed to be a barnburner on the turntable and on the phones...And I would not be fulfilling my international commitment if I didn't rave about 'Shakin' Shakin' Shakes' and Los Lobos who have outdone their previous recordings by a mile this time. Great stuff to start off the New Year!"

KISS, SAN ANTONIO, TX M.D.-TOM SCHEPPKE: "Deep Purple Lp--the whole Lp is dynamite! 'Call Of The Wild' jumps out, grabs ya by the throat--it's the new stand-out track. I also dig 'Hard Lovin' Woman', 'Spanish Dancer' and 'Black & White'."

KUPD, PHOENIX, AZ M.D.-J. DAVID

HOLMES: "Curtiss Johnson has been promoted to Program Director and J. David Holmes has also been promoted to Music Director. Ernesto Gladden remains Vice President of Programming."

WHCN, HARTFORD, CT M.D.-KIM ALEXANDER:

"Hey now, halfway through January and the music has come alive again. This week Lone Justice. Maria McKee's voice just reaches down and grabs something inside of me, so in goes 'I Found Love'. This song really does make me laugh, cry, jump for joy, shout and scream...We've decided (again) to go with David & David's 'Ain't So Easy'. You're right, Chuck, it did fall through the cracks here, and it deserves a chance...Wait--do my ears deceive me? We are playing the Beastie Boys! Thirty calls a night can't be wrong!...And finally, another quality tune from Alan Parsons. Looking forward to the Lp."

WCCC, HARTFORD, CT P.D./M.D.-HARVE ALAN:

"After a week with the Alan Parsons Project I like the track even better than I did after the first few listens. 'Higher Ground' is the Project's best work in many an album...Paul Simon has maintained Top five album sales status for months now. 'Boy In The Bubble' is a perfect upper demo add...With all the buzz about the Beastie Boys, I can't deny its place on the radio. The album is selling #2 in the market!"

WBAB, LONG ISLAND, NY M.D.-RALPH TORTORA:

"You've got to be crazy not to be playing the Los Lobos 12". It's infectious rock 'n roll. It's hopefully what you want your radio station to sound like. Los Lobos have a winner on their hands. Don't be a loser!...Glad to see the folks responsible for the Grammy nominations didn't overlook Timbuk 3. Hornsby will probably win it but they do deserve to be in the running... Julian Cope 'Louie, Louie' meets 'Hang On Sloopy'...This Deep Purple Lp is *@I#(#*n' great (dare I say it, their best since 'Machine Head'). 'Call Of The Wild' goes in immediately with 'Black And White', 'Hard Lovin' Woman' and 'Mad Dog' in a holding pattern, waiting to land on the airwaves. This Lp is loaded with great tracks. After what happened with the reunion album and tour, one would have to think history will indeed repeat itself. This Lp will be huge, besides, these days PolyGram refuses to let an album sell less than double-platinum!"

WXRK, NEW YORK, NY ASST. P.D./M.D.-BOB

KRANES: "Some real exciting happenings here in New York! Saturday night's Bruce Willis show at The Ritz was a lot of fun with Billy Joel; Ben E. King and David Sanborne all on stage. The evening was entertaining. Thanks to Chuck Oliver and John Scher...Being a big Men At Work fan, I am more than pleased with Colin James Hay's solo effort. Following in the Paul Simon tradition, Colin experiments with different sounds. The record is special and with the built-in Men At Work sell-point, it can't miss...Following Dave Edmunds' career over the years has been a lot of fun. Dave has always made exciting records and his live shows have always been electric. Now, with 'The Wanderer', Dave returns and doesn't disappoint. Give it the attention it deserves...Love & Rockets is quickly becoming a favorite around these

parts. 'All In My Mind' is a good sounding combo, image enhancing record and will attract phones whenever it's played... Thanks to all who participated live on Howard Stern's Birthday Show: Whoopi Goldberg; Graham Nash; Fiona; Phoebe Snow; Leslie West; Dee Snyder and Joan Jett."

WNEW-FM, NEW YORK, NY M.D.-MARK CHERNOFF:

"The Stranglers 'Always The Sun' looks like our first pick hit of 1987! We started playing it back in November on our 'Things From England Show'. The record has just exploded! Its haunting melody is a real grabber. Why not give it a shot?... WNEW-FM was the first station in the country to play World Party's 'Ship Of Fools', and now we're seeing the record really start to click in...From the Forget-Me-Not-Department: It's the Smithereens 'Behind The Wall Of Sleep'. It's as infectious as 'Blood And Roses' and sounds great in heavy rotation. We were proud to not only break this band (and do a live show with them last May), but also Bruce Hornsby, the Georgia Satellites and more in '87. In '87 we're ready to support Julian Cope, Pseudo Echo and many more baby bands. WNEW-FM has been the leader for twenty years and we remain as committed as ever!"

Ben Orr is 'Too Hot To Stop' playing, and Ric Ocasek is tuned up for another s-m-a-s-h! ...The Georgia Satellites' success story continues--'Battleship Chains' simply kicks a ton of ass and Top Ten sales continue...Everytime I hear 'Living In A Dream', it stays in my head longer--not unlike having a Pseudo Echo in my ear. World, wake up to this 'sleeper' track!"

KBCO, BOULDER, CO M.D.-DOUG CLIFTON:

"Greetings from the land of Bronco-mania! A couple of great new records to talk about this week: First, Colin James Hay. He has reaffirmed himself as a singer/songwriter of future superstar status. 'Hold Me' caught my ear upon first listen and there's more good material to choose from on the album...I'm also very impressed with Pseudo Echo 'Living In A Dream' and Shriek-back 'Gunning For The Buddha', which I'm sorry to say I missed when the album first came out, but we're very happy to have it on-the-air now...Congratulations and best of luck to Lynn Wells...Excuse me while I get back to my preparations for Super Bowl 21!"

KGB-FM, SAN DIEGO, CA M.D.-PAM EDWARDS:

"Colin James Hay has pulled it off! He's resurrected the best of Men At Work and brought it up to date. The more I listen to 'Hold Me', the more I think it's a h-i-t record. Don't be thrown off by the South African chorus. It worked for Paul Simon and will work for Hay!...The Alan Parsons Project 'Standing On Higher Ground' is pure bliss. Whenever it comes on the radio, I kick back, put my feet up on the desk and relax, reflecting on the rat race. If these guys actually do get it together and out it will be unbelievable...Don't veto Genesis' 'Tonight Tonight Tonight' because it's used in a commercial. We have the same reservations, but have received nothing but incredibly positive reaction. Even for listeners burnt out on Collins and company, this one seems to strike a chord...And in the newcomer section, give Pseudo Echo a shot. They've got the same raw energy possessed by INXS...Now we've got to thank a whole bunch of people: First, muchos gracioso to David Lee Roth; Billy Sheehan; Steve Vai; and Gregg Bissonette for coming to KGB and making their live interview not only happen--but explode! True pros all the way...Also, thanks to Cinderella for their live words backstage. Kudos to the Journey organization and especially Jonathan Cain for their gracious treatment and support. They may have the most polished and together management team in rock 'n roll...So far, the best promotion of the year has been getting Huey Lewis to play golf with two of our listeners! We asked listeners who entered to either drive the golf cart, or to actually t-off with his Huey-ness. Huey called us twice from the course with updates, and everyone had a spectacular time. Huey even lost two bucks to our

overnight guy who also played. The best part was that this was not our show, but by the end of the week everyone thought it was! Of course, we have to thank all our record reps for making these promotions happen! Although lagging in many parts of the country, AOR support in San Diego is great! And a final 'thanks' to one hell of a guy and AOR champion, MCA's Bubba Osborne!"

WLIR, LONG ISLAND, NY ASST. P.D./M.D.-LARRY

"THE DUCK" DUNN: "If there was one album I looked forward to in the New Year--it was the new China Crisis album! This band is on the verge of breaking big! Point in fact: Whenever we co-promoted the band live, it Sold-Out! Their vinyl sells well and rightly so. They release well-crafted, well-produced records with Screamers to boot. 'Arizona Sky' was Screamer-Of-The-Week as an import two months ago. I rest my case--go for it! We completed our 5th annual Screamer-Of-The-Year competition. Congratulations go to Depeche Mode as the WLIR listeners voted 'A Question Of Lust' as the best new song of 1986. As a side note, congratulations go to Peter Gabriel on his Grammy nominations! Ten years after Genesis, it's 'Big Time', eh?...As for the Beastie Boys album, all I have to say is, girls, all I want is girls, girls, girls!"

WMMR, PHILADELPHIA, PA ASST. M.D.-ANDREA

KARR: "This week, while Erin's lounging on the beach at the Abrams Convention in Palm Springs, I'm in charge of the music!... World Party's 'Ship Of Fools' sounds fantastic on WMMR's airwaves. If you're not on it already, you're really missing out on some choice quality music...We finally added the Ben Orr and it's already picking up heavy requests...Finally, Crosby, Stills & Nash are coming to town this week for five Sold-Out shows. It will be a real treat to see them at the Tower Theatre since it only holds 3,000 people!"

WOUR, UTICA/SYRACUSE, NY M.D.-TOM STARR:

"Along about this time of year, when it gets so-o-o cold the dogs freeze to the fire hydrants, audio anti-freeze like Los Lobos is always welcome! It's like chili peppers for the ears!...Debut albums with the poise, assurance, execution, and depth of Concrete Blonde are few and far between. Comparisons are inevitable, but cut for cut this Lp blows away recent offerings from the bands they're getting compared to. We're starting with 'Dance Along The Edge'...Love the overdue re-do of 'The Wanderer' from Dave Edmunds and crew. His studio albums always have such a live feel to them! It's odd that now that a live album is finally out it has an almost antiseptic feel to it, but there's some great rockin', no doubt about it!... Deep Purple is shaking the foundations and wait 'till you see the video! Don Bernstine is so incredible in it you'll swear it's really Sam Kinison. Can we bill Anheuser Busch for 9 minutes of AAA everytime we play 'Tonight Tonight Tonight' if we add it?...Best baby wishes to Brock Whaley in Hawaii--doing Morning Drive with a newborn under the roof has got to be a major adventure!...Congrats to Jeff Naumann for roughing out the national staff of Upstate New York's Hall Of Famers at the helm of Virgin. WPYX, ALBANY, NY M.D.-ANDI TURCO:

"Woe-is-me, everyone's away in Palm Springs and I'm lonely, but at least I get a full night's sleep. But as they say, that's life and it goes on as does the music...This week's adds include 'Bridges Over Borders' from The Spoons. This song feels as good as it sounds. Are you sure that it's legal?...Besides the immediate overwhelming response for the new Deep Purple album, World Party and Georgia Satellites have cracked into the Top 5 phones category...That's all for now. Thanks for reading!"

"We've been on the 'I Wanna Be Loved' from Steve Miller, but we're also adding 'Nobody But You Baby'. It's got his

twangy Jet Airliner/Keep On Rockin' Me' sound and back to basics!...Los Lobos is getting good phone response and so is Eric Clapton's 'Tearing Us Apart'. I can't wait to jump on 'Behind The Mask' from the 'August' Lp...Chrissie Hynde and The Pretenders come to town on the 24th with Iggy Pop (he's not doing the peanut butter thing anymore, is he?)."

KWHL, ANCHORAGE, AK M.D.-KEVIN VARGAS:

"Unprecedented, but reality--Journey will be playing a three-night stand in Anchorage! The first two shows are already Sold-Out! We are looking forward to Journey's arrival, and the start of the 1987 concert season. The success of Journey in Alaska continues as 'I'll Be Alright Without You' is #2 phones and in power rotation. We're playing the album version and not in re-mix...The Deep Purple album is not as hard as I expected, but still a fine rockin' representation of the Purple people! 'Call Of The Wild' should be the next AOR single since it has h-i-t written all over it and within it! My personal favorite is 'Mitzi Dupree' song,

undoubtedly, that will be used to the fullest at Anchorage landmarks like the Great Alaskan Bush Company. If you haven't yet heard what this is, ask anyone who's been here!"

WDHA, NORTH JERSEY, NJ G.M.-BOB LINDER:

Usually it's the vocal hook that stays in the mind, but it's the guitar on 'Shakin' Shakin' Shakes' that has me humming...Dave Edmund's record certainly has all of the bases covered, including the rousing version of Dion's chestnut 'The Wanderer'. This is the type of album that has FUN written all over it!"

WPLR, NEW HAVEN, CT M.D.-CHRISTINA:

"No sooner do I come back from ski and sun then---swamped! The bright way to survive and enjoy the millions, ok thousands, ok hundreds of records waiting to be heard was to listen to them and add the ones with the pretty covers. Oh no, I would never do that!...The first record out of the millions, ok hundreds, to really get my attention was Pseudo Echo 'Living In A Dream'. I liked the beginning so much that I listened to it at least five times before letting it play through non-stop. You will l-o-v-e it from the first note!...The greatest hits of Dave Edmunds is just that!"

WTPA, HARRISBURG, PA ASST. P.D.-CHRIS JAMES:

"Had a chance to see Jason & The Scorchers this past week. They brought the house down! Not only great rock 'n roll but a bunch of nice guys. Brand them whatever you want but they're just great roots rock 'n roll. 'Golden Ball And Chain' continues to solicit great requests. Thanks to George Silva from EMI for the 'Golden Ball And Chain' we gave away at the concert... Last week we celebrated Nixon's birthday by giving away tapes every hour. We tried erasing 18 minutes from each one but it didn't work! Audience reaction was phenomenal! Who says you need megabucks for a successful promotion?...We added The Arrows this week. They have the potential to be another Mr. Mister. Rather than go with 'Talk Talk', which looks to be the new 12", we opted for 'Bad Reputation'. It's a much better tune to acquaint them with AOR. 'The Wild One' and 'Heart Of The City' are also great cuts on the album...As of Saturday we'll be in new facilities with all new equipment. As of now, address is unknown."

WIOT, TOLEDO, OH M.D.-JIM STEEL:

"Oh, what a Super Bowl match-up it could have been! The Dawgs against the Giants! The only thing is that the Cleveland Browns got caught with their pants down by looking past the Denver Broncos---thanks in part to a lot of media hype that casted the Browns in the Super Bowl, even before playing the Broncos! The same will happen to the Giants if they decide to get their fingers fitted for the 'ring' and forget they must first go out and get the job done. Speaking of getting caught with your pants down, if your audience can handle it, don't ignore Moonlighting's Bruce Willis' soulful version of 'Respect Yourself'--- sounds great on-the-air...Two things bare repeating: 'Slippery When Wet' continues to break every standard set by 'Pyromania' and a tip of the 104 hat to all those who helped us with our 14th Birthday bash. You folks all deserve raises, except for those who didn't think it was important enough to help out!...Global Satellite Network has set a precedent for themselves on Rock

Line. First Jackson Browne, then Bruce Hornsby and the Satellites. Damn, your outfit brings a touch of class to our air-waves!...P.S. to Rick Van Gil: Every dog has its day, and you can bet we will soon!"

KDJQ, SACRAMENTO, CA M.D.-RON GARRETT:

"Tesla's debut album, 'Mechanical Resonance' is filled with strong, melodic compositions. Rough enough to gain the hardcore rockers---civilized enough for your middleground audience. No overnight sensation, the band has been working hard to gain their polished professionalism. Through the ups and downs of playing small clubs and the disappointments that all young bands experience, Tesla's hard knocks have turned into an aggressive, positive learning experience making them well prepared for the major league arena of big time rock 'n roll. Tesla has joined the David Lee Roth tour, and for the next eight weeks will be playing to Sold-Out arenas around the country. You don't get there on hype. 'Modern Day Cowboy' captures the romantic outlaw image and puts it to a song. Production that rivals anything on the charts, and sound quality put to record by mastering genius George Marino. We are already on an additional track 'Little Suzy'. With its beautiful acoustic intro leading the way, it catches you off guard when the hook sets in and grabs you by your manhood. Cliff Bernstein who has charted the road to success for AC/DC, Scorpions, Def Leppard, Dokken and Metallica now has another winning team on his hands. Backed with full support from what, in my book, is the premier record company of the eighties---Geffen---you're talking sure-fire success! Do your job and listen to the record. 'Mechanical Resonance' will sell itself! My vote for the up and coming band of 1987: Tesla!"

WRCN, LONG ISLAND, NY ASST. P.D./M.D.-

WAYNE SUMMERS: "Alan Parsons has once again dipped into his vast imagination to capture the soul of another great artist. This time, Antonio Gaudi! This work is another testament to almost divinely inspired chemistry of Eric Woolfson and Alan Parsons. From the humble point of view of this cosmic child of a trillion spinning suns, this vagabond of the great dustbowl, Gaudi, is the first musical masterpiece of 1987!...Is there no end to the depth of Hornsby's debut? This week we add another great track, 'Mandolin Rain'...Other notable new rock that rates this week comes from the Stranglers--- 'Always The Sun' is the type of song that beckons to be listened to...Also, don't let the Kinks 'Lost And Found' slip you by, or you'll miss out on some superb flavor from 'Think Visual'...The 'more-to-come' sign is up. See you next week!"

WLNZ, LANSING, MI M.D.-CATHY DOWN:

"Frankly, my dear, I don't give a damn! I guess the 'Gone With The Wind'-mania has swept me off my feet this week, but isn't it great? The Lazer feels like it has been hit with the Civil War with open gun fire of product out this week after a short lull of peace! As far as the music battleground victor goes, dear cousin Mellanie's fave for the week is the melodic 'Mandolin Rain' from Bruce Hornsby And The Range. While quite the gentleman, but with the Confederate, Ashley Wilkes says life 'ain't so easy', so David & David join the winning side and Georgia Satellites 'Battleship Chains' fits Rhett Butler's free spirit to the 'T'. And oh, fiddly dee, can't forget our Miss Scarlett."

Her cotton pick-of-the-week is 'Til Tuesday's 'Coming Up Close'. All four are quite dashing, don't you agree?...Turning over to a matter of the utmost importance, effective immediately, Rick Van Gil will be manning down the Lazer programming plantation while I man the phones and take all calls from the record reps platoon Wednesday through Friday 12:30-4:00PM. This will enable me to broaden my Music Director duties and help Rick cut the build-up in the cotton fields. Oh, Tara, oh Tara, I guess the 'Gone With The Wind'-mania is spreading because Rick's got his Civil War outfit on and says he's out to conquer Lansing--he plans to keep the Lazer legend alive like the 1939 classic! Like I said before, isn't it great?"

KMOD, TULSA, OK M.D.-JIM JONES:

"I'd like to begin '87 by welcoming our competition's 5th P.D. in less than two years! There will be a lot more changes to come in the Tulsa radio market!"

WAQY, SPRINGFIELD, MA M.D.-JOE MARINO:

"This week I'm going to speak about only one record, and that record is 'Powerhouse' from Billy Squier. It's a shame that not many of you are playing this record yet. As a matter of fact, it down right disgusts me! I've heard the words 'dead act' in reference to Billy Squier. The only thing killing him is the lack of seriousness that people have looked upon this record with. 'Powerhouse' is a rocking, entertaining and f-u-n song that will generate both phones and sales. It's up to us to expose this record to our listeners!"

KICT, WICHITA, KS M.D.-PHIL THOMPSON:

"KICT 95 is celebrating its 8th Birthday, starting January 24th. We've decided to do a month-long-Birthday-celebration and tie in as many concerts, giveaways and promotions as possible. We could use prizes and artist ID's. Our slogan for ID's: 'KICT 95 --pure rock 'n roll' or 'KICT 95--the home of rock and roll'. Send those to our address: 734 North Maize Road, Wichita, KS 67212."

KFMG, ALBUQUERQUE, NM M.D.-MICHAEL DAVIS:

"Big thanks to Neda Leppard of Polygram for all her help on the ROCK 108 Bon Jovi/Cinderella concert celebration. I-o-t show, Jon and band are on a roll!...ROCK 108 is into the new Deep Purple album. They've still got plenty of listener support. ROCK 108 plays more variety from the best new album...I dare anyone to question Iron Maiden. Their latest is one of their best ever--it's platinum! It's cream of the crop metal and they're heading our way in March. If you don't like them, fine--but if you bad mouth them, you're just a Madonna loving fag!"

WKFM, FULTON/SYRACUSE, NY P.D.-STEVE BECKER:

"1987 starts off with a bang when it comes to concerts! We have David Lee Roth in concert towards the end of the month, and of course we'll be doing our concert patches, ticket giveaways and other assorted sundries...Another concert which I'm anxious to see will be coming in February, and that's Bruce Hornsby. We've been a firm supporter of Bruce and broke this record in Syracuse. It will be satisfying to finally meet him in person and see him live in concert...On the music front, the buzz on Pseudo Echo looks to be for real. We auditioned 'Living In A Dream' on our New Music program, and it received above average marks so we'll give it a rotation."

WKDF, NASHVILLE, TN M.D.-DAVID HALL:

"One week after adding this new Deep Purple song, I'm into it! I wasn't that knocked out at first but it has grown on me after hearing and playing it more. With 'Bad Attitude', Deep Purple has done a good job of capturing their classic sound and it still sounds good...Thanks to Arista for the KBC Band video of 'America'. It is stunning and should help a good song do even better! ...Maybe 'Rock And Roll Cities' didn't cut it for some stations. It worked fine here! I expect 'Working At The Factory' to do well also. The bottom line is 'Think Visual' is loaded with good songs...I'm glad to see two Elektra 12"s officially out. The Georgia Satellites 'Battleship Chains' is a smoker and now there are two great versions to play...Ben Orr's 'Too Hot To Stop' is a personal favorite of mine. It will go far in pleasing those who want a more Cars-like sound, and it's just a great rocker in its own right!"

WXXP, PITTSBURGH, PA M.D.-D.J. BIRD:

"Happy 1987 from Pittsburgh! Thanks to everyone at WLIR for having me at their Christmas party. I had a great time...Giants by 10! P.S.: Hey, Fred, wonderful work on the front cover!"

KILO, COLORADO SPRINGS, CO M.D.-ALAN WHITE:

"Welcome back to Colin James Hay, who has turned in a very adventurous record and got immediate attention and an add with 'Hold Me'...Don Dixon's strong performance over the last few months has earned him a shot with 'Praying Mantis'...Rock 'n roll veteran, Dave Edmunds, proves he can still do it live...KILO retail: #1 Bon Jovi; Beastie Boys; Boston; Cinderella; and Bruce Hornsby...Welcome to Del Williams of Polygram to Denver and thanks for following through on our Bon Jovi/Cinderella promotion...And, as predicted, the Broncos are going to the Super Bowl!"

WAPL, APPLETON/GREEN BAY/OSHKOSH, WI

M.D.-RICK PANNECK: "Major surgery on our playlist this week: Los Lobos tops the list of adds. I can't wait to hear the rest of the album...With the phenomenal success of Bon Jovi's 'Slippery When Wet' album, we're going on another track called 'Let It Rock'. Needless to say, 'Living On A Prayer' has been burning up the phones for weeks...Europe and World Party continue to build in both sales and requests. With David Lee Roth coming into the area in February, we're adding 'I'm Easy' and 'Ladies Night In Buffalo' to get our audience ready for the show...We're still open to receiving compact disc. Get yours in the mail today!"

We had three excellent adult albums this week. Alan Parsons leads, as usual, with 'Gaudi'. The Project was the definitive musical definition of adult rock, even before the format existed, and 'Gaudi' is certainly a superior example of the reason why we'll play it all!...We probably won't play all of The Stranglers album, but a careful listening reveals surprising depth. We'll go at least four tracks in... The biggest surprise was the Parachute Club 'Small Victory'. Perhaps it's John Oates' involvement that provides the Parachuters with the focus they've been missing. This is a strong album!...Speaking of strong, Colin James Hay's 12" is his best stuff since his early days of Men At Work, and I think his success fully accomplished the difficult task. The solo single is musically distinct from the style of Men At Work, while remaining familiar. Good job, Colin!"

"We're still celebrating around here! Not only did we ring in a New Year on January 1, but WQBK also marked thirteen years as an AOR station! Having grown up here in the Capitol district, I can remember the station signing on-the-air and also remember it had a lot to do with my decision to chuck the straight life for the radio life!...A local band called Revolvers is pulling in great phones with a cover of 'Gimme Gimme Good Lovin'... Also Crowded House; Don Dixon (a perennial Top 5 request); and World Party have shown up as Top 5 requests...I'm totally blown away by the Alan Parsons Project! The only word I can think of to describe the album is stunning, which is a bit over-used, but it fits. The music makes you want to plug in the headphones, turn off the lights and drift away!...The Stevie Ray Vaughan 'Willie The Wimp' is a natural for us, even if former 'QBK Music Director, Lin Brehmer hadn't written the liner notes on the 12". Julian Cope 'World Shut Your Mouth': It tested 80% positive with both men and women...Georgia Satellites 'Battleship Chains' Lp and phones: Still Top Ten! No problem dealing with this follow-up!... Song for song, this album is so-o-o strong it could be one of the great success stories of the year! We added 'Bridges Over Borders' out-of-the-box and have had nothing but positive response...John Eddie's 'Pretty Little Rebel' deserves a shot everywhere. We all know the album's deeper than 'Jungle Boy' and the calls are rolling in for this one...Deep Purple's 'Call Of The Wild' should have been the lead-off track! Expect conversions soon on this one... Looking forward to the Los Lobos Lp, Bruce Hornsby's Portland show, and to a new Cult album in February!"

WWZU, WILLIAMSPORT, PA P.D.-MARK WILLIAMS:

"Here's some great tracks that will wear out your phones--try them, if you haven't already: Deep Purple 'Bad Attitude': This track puts the f-A back in AOR... Don Dixon 'Praying Mantis': Top 5 phones, males and females evenly...Rob Jungklas 'Make It Mean Something': WWZU has been behind this boy from Memphis for close to a year now. 'Make It Mean Something' is probably the best example of a perfect vocal performance. The emotion packed into just this one track is simply astonishing!...On Brighton Rock 'We Came To Rock' is giving us a good buzz on--Great anthem rock without falling into the category of chant music. It's got more adult appeal--fine, innovative guitar work and a very melodic vocal performance give you just what you need for Top 5 phoner. Give it a try--nights, at least...Talk about good fun rock 'n roll: Poison 'Talk Dirty To Me' sounds great--instant music hook--it's up and really fun and better safe and unabrasive...My favorite track this week; however: Pseudo Echo 'Living In A Dream'--do we hear a h-i-t here, or what? Hit here or what? Hit here or what?...Thanks a lot to Rick Salvador and Capitol for making the ZOO 92 Magic Metal Bus to the Iron Maiden show a reality...Also, thanks to Bobbi Silver for supporting Ingwie Malmsteen."

INCREASED PLAY: Julian Cope; Georgia Satellites; 'Something Wild' Soundtrack... WTOS, the Rock of Maine, did two consecutive days of live broadcasting from Sugarloaf, USA--Maine's premier ski resort. The response to the station was overwhelming! People made it known that they enjoy a radio station that plays rock--pop--soul--jazz--blues--and reggae; and to quote one listener 'when my dial is set on 105.1, I have an entire musical library at my fingertips'...Speaking of reggae music, Sister Carol's version of 'Wild Thing' from the 'Something Wild' Soundtrack is great. I finally got a chance to see the movie this weekend, and I was amazed. Jonathan Demme has outdone himself again! The movie is brilliantly unpredictable!... The shocker-of-the-week comes from former lead singer of Men At Work, Colin James Hay. The gentleman has a great song on his hands. The reggae flavor is most attractive, and I say this is a shocker because I thought uh-oh this will be boring--but I'll be the first to admit it when I'm wrong, and I was wrong about this one. I like his song 'Hold Me' better than anything else off the latter Men Of Work album...Also, thumbs up this week on the new Lps from the Three O'Clock--Suzie's on the ball now and you should be too!... Also, America--get ready for Rykodisc... **Pick-of-the-week:** Husker Du! These boys return with a hard-hitting, hard-rocking post punk effort. 8) INXS 'Listen Like Thieves', 9) Eurythmics 'Revenge', 10) The Call 'Reconciled'...I've got a few words and some choice records. One of England's best pop rock bands, XTC, comes up with a winner in 'Earn Enough For Us'. Due to overwhelming audience response this one goes into heavy. Sit up straight and pay attention!...Kate Bush has worked on AOR radio in Boston for years. And Kate will work for you if you'd only give her a chance. Very few 'new' artists have such broad demographic appeal, and we're getting some significant sales on Kate, too...The Stranglers Lp was well worth the wait. 'Always The Sun' and 'Nice And Easy' are the lead off tracks for a very solid album. As a long time Stranglers fan, I was originally put off by the slow tempo of 'Sun', but what a killer hook. This one is a genuine sleeper so don't be caught napping."

Pick it up, put it on the turntable and check out the quality call letters who are early Brighton Rock believers... JEFF "HEAVEN IN '87" COOK, ELEKTRA (404) 344-5080: "Hello there radio rockers and Happy New Year from the vinyl department at Elektra! I know you thought last year was hot for Elektra, but just wait till you hear what we've got in store for you now. First, the continuing saga of the glorious debut of the Georgia Satellites (southern fried rock at its best). 'Keep Your Hands To Yourself' has set the album on fire. The Lp is over 400,000 and sales are now in excess of 100,000 per week! Album radio is now very high on the new single, 'Battleship Chains'. See you in the Top 5 soon... Ben Orr's heavenly debut solo effort featuring 'Stay The Night' had some major spins in '86. This guy sings like an angel. And now 'Too Hot To Stop' is just that! Too Hot To Stop... Just in case you were gonna ask, yes, you will have a Cars record this year. Isn't that a blessing!... Dave Adams 'Tears' is winging up the new artist chart; and if you haven't listened, do it now!... Billy Bragg is an artist you should hear; 'Greetings To The New Brunette' will send you to cloud 9... The Housemartins 'Happy Hour' won't go away. We get more new believers everyday... Other records you will receive from the Elektra Angels in '87 are: Hoodoo Gurus, Motley Crue, Simply Red, Joan Paladin, Dokken, The Call, Guadalcanal Diary and more. All these records have been pre-approved by the big guy!

DON BERNSTINE THAMES TALENTED LIMITED (203-629-2686): "Thanks to radio for such a great reception on the new Deep Purple. Now that everyone has the album it should be

interesting what will surface as the second track. The great thing about Deep Purple's appeal is that the band appeals to all demos. You get those upper demos because of the history of the band, and I don't think I have to tell you why the younger audience is into them. Last week, DIR ran a Deep Purple concert on their 'King Biscuit Flower Hour'. We would like everyone to know that the band had nothing to do with setting up this broadcast. From what we understand, it was a show taped a very long time ago and the band did not have Ritchie Blackmore, Roger Glover or Ian Gillan, so our apologies to anybody who was misled--it was just unusual timing. ... Looking forward to talking to you all in the weeks to come... To Chris Emry, WIYY: Thanks for the press."

LINDA KIRISHJIAN, COLUMBIA (212-975-1701): "Happy 1987! Boy, do we have a great year of music coming to you. In fact, we've already experienced it this week with our latest releases: COLIN HAY, DAVE EDMUNDS, HIPSWAY and B.A.D. We're very excited and by the looks of the triples and quadruples I've witnessed this week, it proves that you are too. If you haven't already, check out 'Hold Me', 'The Wanderer', 'The Honeythief' and 'V Thirteen' respectively. The new tour everyone's been talking about: BEASTIE BOYS and FISHBONE. FYI, the boys are officially platinum. JOHN EDDIE continues to cruise onto America's playlists with 'Pretty Little Rebel'. Coming onto the horizon this week: PAUL YOUNG's new single 'Why Does A Man Have To Be Strong' and MATTHEW SWEET's 'Blue Fools', the #1 BANGLES doing backup vocals. And the long awaited burner from BRUCE: 'FIRE'. Do you Abrams guys all have tans? Sorry I missed the shindig. Catch ya later! P.S.: two weeks to 'Heartbreak Boat' and counting."

Ratt's "Body Talk" is solid with heavy viewers. 20+ males lend their support to "Modern Day Cowboy" by Tesla. Top 10 Best Selling Albums In Surveyed Markets: 1) Bruce Springsteen & The E Street Band, 2) Bon Jovi, 3) Bruce Hornsby & The Range, 4) Boston, 5) Paul Simon, 6) Bangles, 7) Beastie Boys, 8) Anita Baker, 9) Huey Lewis & The News, 10) Madonna.

Jimmy Page is working on a solo album -- and Jimmy's management now confirms that the former members of Led Zeppelin will re-unite to perform on it. The record will be a double album: one disc will be entirely instrumental, and the other disc will feature songs with vocals. The guest singers will include Ben E. King, John Miles, and former Zeppelin vocalist Robert Plant. Zep bassist John Paul Jones will also play on the album. Page is still recording the LP, which probably won't be ready for release until the fall...Billy Joel and Stevie Wonder are among the artists who may be touring the Soviet Union in late spring or early summer. But one artist who won't perform behind the Iron Curtain is Bruce Springsteen. It seems the U.S. Information Agency had approached the Boss about going over on a cultural exchange tour but Bruce declined their invitation. No comment from his spokespeople...Eric Clapton wound up the U.K. portion of his European tour this week, with some celebrity-studded shows at London's historic Royal Albert Hall. Among those joining Eric onstage at the shows were Sting, Steve Winwood, Mark Knopfler of Dire Straits, and George Harrison. Eric spends the next month-and-a-half touring France, Holland and Italy. He's also in the process of lining up U.S. dates for the spring...Kansas has just released the title cut from the "Power" album as a single. And they're talking to various directors about a new video. Late next month, they'll launch a U.S. tour. The first leg will run through April, with more dates to be lined up later. It's the first tour for the reunited band.

MIKE RUTHERFORD (GENESIS): "Every album we make and every tour we do is described by people around us as the 'last album' and the 'last tour'. And WE don't know, so I don't know how THEY know."
