PREMIER PICKS

STEGOSAURUS, *STEGOSAURUS*, REPRISÉ

While Rock radio has been busy spinning Stegosaurus' first single "At The Water," (34* this week) they should take care not to overlook the rest of the record. The young Santa Barbara trio's self-titled debut is mature beyond their years, featuring a melodic Rock dynamic offset by intelligent lyrics. Stegosaurus recorded their album in Seattle at Bear Creek studios, and the record was co-produced by Adam Kasper, who produced Soundgarden's *Down On The Upside*. Soundgarden alumni Matt Cameron contributes some percussion to the record. Other songs worth sinking your talons into include "Time Is Wine," "Candy," "Not Defeat Myself" and "Elephant."

DAYS OF THE NEW *"THE DOWN TOWN,"* OUTPOST

Active Rock reasserted its ability to bust new bands with Days Of The New. Two HUGE hits later, 33 stations are already spinning what some are calling the best Days track yet, including WXTB, KRXQ, KUPD, KDKB, WLZR, KSJO, WRCX, WNOR and WYSP. KAZR's Troy Hanson calls "The Down Town," "One of the most unique things on the radio right now," WTFX's Michael Lee hears another "smash," and WRIF's Doug Podell chants "Three in a row, baby!"

THE ROLLING STONES *"OUT OF CONTROL,"* VIRGIN

After Keith recovers from a recent fall in his Connecticut home, the *Bridges To Babylon* tour is scheduled to resume overseas. Stateside, The Stones are releasing "Out Of Control" as the album's next single, which can already be heard on WNCX. It's smooth, it slithers, and most of all, it rocks! A perfect combination for summer!

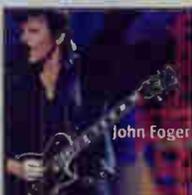

THE FIXX *"IS THAT IT?,"* CMC INTERNATIONAL

As they proved with "Two Different Views," The Fixx definitely fit into the scheme of late '90s radio. "Is That It?," the second track from their *Elemental* LP, features the trademark melodies and textures that made tracks like "Stand Or Fall," "Secret Separation" and "One Thing Leads To Another" staples of the '80s. "Is That It?" is sure to keep the band viable as we near the end of the century.

CD Aircheck Vol. 35: Absolutely Raging Production

You slave hour after hour over a blistering hot digital work station, cranking out an endless stream of production pieces so visceral they make *Natural Born Killers* look like baby cereal. Your work airs, the PD smiles, then it ends up in that great digital archive in the sky, never to be heard from again. Unless you send it to *fmqb* and breathe new life into your cranium-blasting production. Now your best studio wizardry can be reborn and live forever on *Absolutely Raging Production*, Volume 35 in *fmqb's* lauded *CD Aircheck* series.

Here's how: Comb the archives, raid the studio and bring back the pieces that howl, thunder, roar, fume, boil, bubble, churn, seethe, steam and froth. (Vapid pabulum not allowed.) Make sure each piece submitted fits one of the SEVEN categories to the left. Include no more than TWELVE pieces total. Dump 'em on DAT. Follow the guidelines at the bottom/left of the page. Throw in a station logo and a cue sheet listing each cut, its length, category, and who wrote, voiced and produced it.

The Tracking Report is weekly national call-out research of 45 Active, Alternative, and Mainstream Rock Radio currents. Titles tested are compiled from submitted client playlists. Results in The Tracking Report are based on interviews conducted with over 400 rock radio listeners across the United States in rated markets. The research is conducted using random digit dialing and music is tested via "song hook" methodology. Respondents must be Active, Alternative, or Mainstream Rock Radio listeners between the ages of 18 and 44. Cluster Groups are determined using music montages to isolate each listener's music preference type. **Grade:** An index based upon combined MRI, Burn and Unfamiliarity Scores. **Music Response Index (MRI):** Appeal of each song within the indicated sample group on a 0 to 110 scale. **Burn:** Percent of the indicated sample that claims to be "tired of the song." **Unfamiliarity:** Percent of the indicated sample reporting "don't know it." Seagram Creates World's Largest Music Company With \$10.6 Billion PolyGram Acquisition

Get ready for five global music giants instead of the traditional Big Six. Canada's Seagram Company announced May 21 that it has reached an agreement with Philips to acquire PolyGram in a transaction valued at \$10.6 billion. PolyGram will be combined with Seagram's Universal Studios to create the world's largest music company.

To help foot the bill, Seagram is selling its Tropicana unit through an IPO of common stock. The entertainment, spirits and wine behemoth estimates its fruit juice subsidiary has a value of \$3.5-\$4.0 billion, making the sale one of the largest U.S. initial public offerings. Seagram, Philips and PolyGram are also exploring the possibility of unloading PolyGram's film properties, one of several other potential asset sales that, along with borrowings, could help fund the PolyGram purchase.

Universal Studios says its management and that of PolyGram would meet immediately to identify the management team that would lead the various units of

the combined company.

In creating the world's largest music company, Seagram will combine its MCA, MCA Nashville/Decca, Geffen/DGC, Interscope, GRP, Universal/Uptown, Rising Tide, and Hip-O labels with PolyGram's Mercury, Island, A&M, Motown and other labels.

The Boards of Seagram, Philips, and PolyGram all approved the deal, which first made headlines two weeks ago when Philips announced it was "evaluating various strategic options" for PolyGram. Signs immediately pointed to Seagram, which was already in talks to acquire the EMI Group. Within days, Seagram's pursuit of EMI came to a grinding halt as Seagram President/CEO Edgar Bronfman, Jr. set his sights on the more attractive PolyGram. Competing bids, including one spearheaded by ousted Disney President Michael Ovitz, came and went, as Bronfman huddled with Philips President/CEO Cornelis Boonstra to get

Waters Named WMFS PD

Charlie Waters

Former WFYV/Jacksonville APD/MD Charlie Waters has been named PD at Active Rock WMFS/Memphis. Waters replaces OM/PD Jim Fox who resigned from the station in April.

"We're ecstatic here to say the least," WMFS GM Sherry Chimenti told *fmqb*. "It was an overwhelming response from a lot of incredibly talented programmers. I knew we had a real neat thing here being a locally-owned stand-alone, but it really hit home with the massive response we got from all around the country. Charlie's the guy, he has the experience and the background and the drive to keep us heading on the right track."

"All of the elements for success are here," Waters commented. "92.9 MFS has a fantastic staff, great ownership and management, and the best morning show in America — *The Howard Stern Show*. This is a tremendous opportunity and I'm anxious to be on board."

In addition to his former position at WFYV, Waters has done on-air work at WHTQ/Orlando. He also held down mornings at WGLF/Tallahassee and has programmed WZZQ/Terre Haute and WGBF/Evansville.

Formicola To Tame The Bear

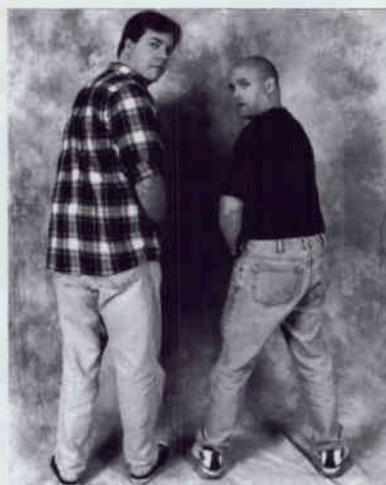

Classic Rock WWBR/Detroit has turned to 28-year industry veteran Joe Wade Formicola to assume the OM/PD title left vacant with Joe Bevilacqua's departure for the PD chair at WHJY/Providence. Formicola comes to The Bear from crosstown WYCD (Young Country) where he held down mornings.

"Today's PD better know how to contribute to the bottom line or they won't be a PD for long," Formicola told *fmqb*. "That's the way this game is being played. Sitting in front of Selector ain't gonna cut it anymore. You better learn how to bring dollars in and that's really my forte, I bring a lot of money to the station. I work really well with clients, promotions and marketing because that's really where it's going now."

Formicola has three decades of programming experience in Talk, Country and AC. This is his first crack at programming a Rock station. Does Formicola's Talk experience lend credence to rumors that The Bear will soon flip to Talk? "We are staying Classic Rock," Formicola

Regular Guys Aim At Atlanta

The Regular Guys

Following a short tryst with a syndicated morning show that both parties publicly regretted, Jacor's WKLS is making a second bid at becoming a morning show player in the lucrative Atlanta market. This time 96 Rock's going with a local team: The Regular Guys.

Larry Wachs' and Eric Haessler's most recent gig was following *Howard Stern* in middays at FM Talker KLSX/Los Angeles. They teamed up ten years ago, when standup comic Haessler

started producing Wach's morning show at CHR WPTY/Rochester. Then they moved together to mornings at CHR WTIC/Hartford. Dropping out of radio for a while, The Regular Guys resurfaced at KLSX for a two year hitch that ended last August. That's around the time that 'KLS "first became aware that maybe John Boy & Billy were not our long term future," VP/GM Tom Connolly tells *The Atlanta Journal-Constitution*. 'KLS ended up flying-in at least six prospects, including former WAAF/Boston afternoons Opie & Anthony and talents from Seattle, Miami, and Austin, before signing a two-year deal with Wachs and Haessler.

"The Regular Guys are the opposite of John Boy & Billy: educated, topical and funny," PD Pat Ervin told *fmqb*. "They're used to doing a five hour Talk show so they're great with content." Jacor National Director of Programming Gene Romano says the Guys will produce a "local, topically-driven morning show." Romano, now also

the multi-billion dollar deal done.

Here's how the purchase is structured: Universal gets Philips' 75% ownership position in PolyGram through a tender offer for all issued shares at \$59 per share in cash, or at the shareholder's election, for cash and Seagram stock. Seagram will issue approximately 47.9 million common shares (12% of the outstanding shares of the transaction) or around \$2 billion in value.

According to a statement issued by Seagram, the deal "contemplates that Philips would irrevocably commit to tender all its PolyGram shares into the Seagram tender offer, to acquire as many Seagram shares as are available in the tender offer, and to hold its Seagram shares for no less than two years."

"These announcements herald an important transformation of Seagram," Bronfman said. "We will manage two highly-focused businesses of global scope and scale — entertainment and spirits and wine. With the acquisition of PolyGram, we become a global entertainment leader, including the world's largest music company, with a truly impressive roster of musical talent. We're delighted to be buying the world's preeminent music company and to be able to integrate it with Universal at an estimated cost savings of \$275-\$300 million annually."

"While we become predominately an entertainment company as a result of these transactions — with nearly 75% of our attributed EBITDA derived from our entertainment assets — we remain as committed as ever to our spirits and wine businesses, which have defined this Company and fueled its growth for more than three generations."

Universal Studios Chairman/CEO **Frank J. Biondi, Jr.** added, "The addition of PolyGram to Universal's operations moves us to the forefront of the entertainment industry. Universal will now operate the largest music company in the world, the second largest theme park resort company, a major motion picture studio, and a worldwide television production and distribution business. And our 45% equity interest in USA Networks gives us exceptional opportunities in domestic television and electronic commerce."

Closing, subject to compliance with the Hart-Scott-Rodino antitrust act and approval of the Commission of the European Communities, is expected in four-to-six months. At that time, Boonstra will join the Seagram board.

known as Head Of WKLS Programming, is all about developing talent, having built from scratch the market-leading **Paulsen & Krenn** show in Pittsburgh. "Larry and Eric are irreverent, intelligent, entertaining and edgy," Romano says.

The Regular Guys describe themselves as "libertarian spirits - two white males with strong opinions about everything." Want a taste? Here's their spin on Comedy Central's *South Park*:

Larry: "I'm tired of people who think it's funny to come into a room and say, 'Oh my God! They've killed Kenny!' That was funny for about a minute three months ago."

Eric: "It's just not funny."

Larry: "It's the same damn show every week."

Eric: "All it's about is little kids swearing. The first couple of times, that's funny because that's kind of different. But get a second act."

"They aren't afraid to step on anyone's toes," **Eric Braverman**, APD at KABC/L.A., a competitor of KLSX, told the *AJC*. "They'll even talk about their bosses and co-workers at the station in a biting way. Jacor clearly has established it isn't afraid to be bold and these guys fit that bill."

Ervin says his new morning team will play 7-8 songs an hour initially, "and we'll see where they go from there."

Interp: AOR Looks Better Outside The Top 25 Markets

AOR and Classic Rock had better Winter books in Arbitron's 92 continuously measured markets than they did in the Top 25 metros, while New Rock and Adult Alternative formats fared much the same regardless of market size.

Last week *fmqb* published Interep's format shares for the top 25 Arbitron markets. Now the company's research division has crunched numbers for all 92 continuously measured markets (see adjacent chart). Dipping 5.0-4.9, AOR remains radio's seventh most listened-to format. Though its share has remain largely unchanged over the past year, AOR improved it's format ranking a notch, moving past a declining Oldies in Fall '97 and staying there in the Winter. AOR's 92-market share of 4.9 is .6 higher than its Top 25 market average (*fmqb* May 15).

Likewise Classic Rock looks better in all 92 four-book-a year markets (4.1) than in the Top 25 (3.8). That 4.1 is only down .1 from CR's recent peak in Summer '97.

No matter what market grouping you look at, New Rock continued to trend down, posting a 10th ranked 3.4 in both studies. But if there's one Rock format to hide the razor blades from, it's Adult Alternative, which dropped precipitously in both studies: 3.1-1.0 in this week's 92 market report, 3.3-1.1 in last week's peak at top 25 markets.

Biggest winners over the past year in the 92 markets: AC (+.6) and CHR (+.4). Biggest losers: Adult Alternative (-1.5), Hot AC (-.6), Country (-.5), Oldies (-.4), and New Rock (-.4).

rebutted. "There have been some changes in the market which gives us a good position because our positioning line is 'Classic Rock That Really Rocks'. We are going to be a lot more active, we're going to be in the streets more. We have a great opportunity this summer and we're gonna run with it."

APD/MD **Steve Black** will continue to handle the music duties at the station with Formicola's main focus being Bear morning madman **Ted Nugent**. "One of my main jobs is to bring a little pace and structure to Ted's show," Formicola added. "That's really what we're trying to do because we have a well-known personality, who's local, so we're really excited about that."

Formicola has worked with WWBR GM **Rob Striker** before at WYCD when Striker was GSM there. His eleven-year tenure in the Detroit market was highlighted when he was morning host at Country WWWW. He also did stints at Motor City Talkers WYYP and WJR. Formicola's programming experience includes work at WKIX/Raleigh, KENR/Houston and WFDF/Flin.

ALL THE DIRT

THAT FITS

FOUR LABEL EXECS OPPOSE PAY-FOR-PLAY

Warner Bros. President Phil Quartararo says he will not support pay-for-play and A&M Chairman/CEO Al Cafaro feels the concept is short-sighted. The two industry leaders weighed in on the contentious issue during an executive label panel discussion May 14 at the First Annual Emerging Artists & Talent In Music (EATM) Conference in Las Vegas. Quartararo, Cafaro, Motown President George Jackson and LaFace Records COO Mark Shimmel unanimously opposed the idea of paying radio stations for airplay. Shimmel said that "imagination is everything" and pointed out that competition delivers a challenge to come up with more creative ways to showcase your artist, whether its via the Internet or through soap opera appearances. Meanwhile, according to *Airplay Monitor*, WBBM/Chicago has become the latest CBS station to join in on the so-called pay-to-say campaign. The

station will play "You Won't Forget Me" by LaBouche, however, they haven't determined what form of pre- or back-sell plugs will accompany the song. The station says the song is something they would be playing anyway and that the number of spins will be determined by the strength of the track — not a record company check. So far most CBS stations that have committed to pay-to-say have been Country formatted.

DRESNER EXITS WCCC As Marlin Broadcasting takes control of WCCC AM-FM/Hartford from Greater Hartford Communications, PD Ron Dresner has left the station, effective today. Dresner had a contract to program the station even after his family sold the station to Marlin, however, the new owners decided they wanted to start with a clean slate and bought-out Dresner's contract. Dresner is weighing offers for his next career challenge at (860)523-5080 or you can email him at Radiorock1

@aol.com. The new address for WCCC AM-FM is 1039 Asylum Avenue, Hartford, Connecticut 06105. The new phone number is (860)525-1069.

COSPER OUT AT WLUM Alex Cosper, OM of All Pro's Milwaukee Modern Rocker WLUM, has exited the station. Cosper, who joined 'LUM in late November last year, leaves in the wake of a 3.3 - 2.6 12+ drop in the Winter '98 Arbitron. Speculation is that WLUM will soon move away from a pure Alternative stance and refocus in a more Adult Alternative direction.

WIQB SHIFTS BACK TO ACTIVE After a short time programming Adult Alternative, WIQB/Ann Arbor has shifted back to Active Rock. "Basically we're gonna be a pretty straight-ahead Active Rock station," PD John Vance told *Dirtiggers*. "I believe we had a very successful run as an Adult Alternative station, Vance added. "We were No. 2 in the Ann

Arbor market persons 18-34. However, some research was done and we felt we could do much better as an Active Rock station. We found that people really expected Rock from us. We're really returning to the roots of what 'IQB was and is." Another change at the station has afternoon host Adam Acey coming off-air and being named Promotions Director. Partimer Chris Ammel now covers that shift.

WARNER PICKS UP RHINO As first hinted in *fmqb* (1/30), Warner Music Group has acquired the outstanding 50% of Rhino Records. The deal closed late Monday (5/18) and includes a new lucrative five-year deal for Rhino Records founders Harold Bronson and Richard Foos, according to a report in *Variety*. This new deal puts much of the catalog from Atlantic, Elektra, and Warner Bros. under one roof. Some artists will be excluded from Rhino's efforts under the new deal. Elektra will continue

EVOLUTION CONTINUES AT WNEW The granddaddy of New York rock radio is up 1.5-1.7 in the Feb-Mar-Apr Arbitrends, with an extrapolated 2 share for the month of April. Is it the tweaked music mix? Classic-compatible currents from the Verve, the Wallflowers, Jonny Lang, Semisonic, Dave Matthews Band, Lenny Kravitz, Radiohead, Kenny Wayne Shepherd, Page-Plant, Marcy Playground and others are rotating once or twice an hour, surrounded by core artists like the Stones, Springsteen, Aerosmith, and Tom Petty. And with WKLS/Atlanta out of the race for Opie & Anthony's services, 'NEW appears to be the next likely destination for the Boston bad boys. Opie & Anthony agent Robert Eatman was in New York as we went to press.

WRBR LICENSE IN JEOPARDY The FCC is considering yanking the license of Rocker WRBR/South Bend over a possible hidden ownership issue. Michigan-based Niles Broadcasting has accused Pathfinder Communications President John Dillie of concealing a 1993 deal that set-up minority broadcaster David Hicks and Dillie's three children as the controlling parties of Hicks Broadcastings' WRBR. Niles asserts that Dillie did this so he wouldn't have to apply for a waiver

that would allow him ownership of WRBR and a local newspaper, *The Elkhart Truth*. The case is currently in front of an administrative law judge for review. Incidentally, Dillie was recently elected to represent the NAB Radio Board in District 10.

THOMAS NAMED KWHL PD KWHL/Anchorage APD/MD Dan Thomas has been named PD at the station. This comes as KWHL has started to take a more Active Rock stance. "We will still play a lot of the [Modern Rock] crossover records," Thomas said. "For instance, we're still playing Fastball and Garbage." The station's library now consists of Queensryche, AC/DC, Van Halen, Aerosmith and the like. Thomas will continue to handle MD duties while a search is on for a MD/mid-day talent. Current middayer Joe King will exit in a few weeks to concentrate on his theater work.

DISNEY FILES \$5 BILLION SHELF OFFERING The Walt Disney Co. filed a shelf registration with the Securities and Exchange Commission for up to \$5 billion in debt securities, common and preferred stock, depositary shares and warrants. The company says the figure includes \$700 million in securities that are being carried over from a previous registration. Disney said it will use net proceeds for general corporate purposes, according to a *Reuters* report.

FIFIELD PRESIDENT/CEO OF NORTH FACE Former EMI President/CEO Jim Fifield has

Jacor Spars With Competitors Online And On The Street

Heavy radio battles have broken out beyond the airwaves in Cincinnati and St. Louis.

In last week's *fmqb* (5/15), we noted that Jacor CEO Randy Michaels instigated conflict between Jacor's WVMX/Cincinnati (Mix) and crosstown competitor, CBS-owned WKRQ (Q102) with a stunt during a Q102 promotion at a local mall by claiming "Q102 is for kids." The dissension between the two stations has now escalated into an Internet skirmish.

As former owners of Q102, Jacor holds domain rights to www.q102.com and has used the site to build a parody of the real Q102 site (www.q102online.com). The Jacor site promotes the fictional radio station "K102" and states: "Q102.com is your gateway to Neverland and beyond. Just as Q102 radio in Cincinnati picks today's kids music, Q102.com shows you the top music stations for fast and easy access to what's really good on the radio. Remember, at Q102.com you're not just a visitor...you're a convert! What you pick and listen to will wake you up to the always changing music scene. Enjoy your visit, come often, and remember...Your click picks the zits."

The real Q102 site states: "Q102 Online is your gateway to Cincinnati and beyond. Just as Q102 radio in Cincinnati picks today's hit music, Q102 Online picks the top Internet sites for fast and easy access to information on the Internet. Remember, at Q102 Online you're not just a visitor...you're a programmer! What you pick and submit will make up the always changing 'Top Ten' category list. Enjoy your visit, come often, and remember... Your click picks the hits."

Both sites show a photo of last week's sign-showing stunt by Michaels, with the WKRQ site showing the digitally altered photo of Michaels baring the message "#1 Q102 Fan," and the Jacor site displaying the actual photo of Michaels with the "Listen To 94.1" message.

Meanwhile, when KPNT (The Point)/St. Louis was bidding farewell to *Seinfeld* last week by drawing 3,000+ people downtown for a special showing of the final episode, Jacor's KLSZ tried to interrupt the promotion, before getting shut down by St. Louis police. The Point, in conjunction with the city of St. Louis and the local NBC affiliate, arranged to block off Tucker & Washington streets in order to project the *Seinfeld* logo onto a 7-story building. KLSZ subsequently tried to flash their logo on the building via spotlight, much to the dismay of the growing crowd before police stepped in and chased the spotlight pirates away, charging that the logo would incite a riot.

FEAR AND LOATHING IN CHICAGO: Recently, Johnny Depp stopped by the studios of WRXC/Chicago to talk about his latest movie, *Fear And Loathing In Las Vegas*, directed by Terry Gilliam, in theaters now. No word on whether Mancow followed Winona Ryder's lead and got a "Johnny Forever" tattoo following his appearance.

been appointed President/CEO of The North Face, which designs and distributes outerwear, ski-wear, functional sportswear, tents, sleeping bags, and backpacks. Fifield replaces William Simon who moves to the position of Vice Chairman. Fifield has been an active member of the company's board of directors for the last two years. Additionally, Fifield has purchased \$14 million worth of the company's common stock.

MORRIS APPOINTED CFO AT CAPITOL The announcement came from Capitol Records President & CEO Gary Gersh's office that former CFO for EMI-Capitol Entertainment Properties, Justin Morris, has been named Senior Vice President & CFO for Capitol Records. "We are thrilled to have Justin join our team,"

Gersh commented. "His expertise in the financial area, coupled with his experience in the music industry will be a true asset to our company." Morris will control the company's financial operations and play an integral role in the label's strategic and financial planning. Morris joined the EMI family in 1989 where he worked for EMI International, based in London. He joined EMI-Capitol Entertainment Properties after holding the post of VP, Finance for EMI-Capitol Music Group North America.

BLACKWELL'S ISLANDLIFE Chris Blackwell, founder of Island Records, is starting Islandlife, a new umbrella company for various business concerns including Palm Pictures, a DVD, CD, and film company; Magna

Entertainment, a Japanese animation theatrical, DVD, CD-ROM, and home video release company; London-based publishing arm, Blue Mountain Music; Bob Marley Music; the World Wide Web site www.islandlife.com, and Island Outpost, the hotel and recording studio division. Blackwell is already said to be making deals, including a potential acquisition of Rykodisc and negotiations with his former company to rerelease the Bob Marley box-set, *Songs Of Freedom*. Blackwell formed Islandlife earlier this year, following his departure from PolyGram in November 1997. Blackwell sold Island Records and Island Pictures to PolyGram in 1989. Among the top executives at the new company are former Island Exec. VP Hooman Majd and Larry Mestel, previously Exec. VP/COO at Island. It is rumored that Chairman/CEO of Gateway 2000, Ted Waitt, is a potential investor in the newly formed company. Blackwell is looking to raise \$100 million to finance his new venture. Distribution and marketing for new releases in the U.S. will be handled by Rykodisc in Salem, MA.

FCC SPANKS ARS AND PBR

The Federal Communications Commission fined both American Radio Systems and Palm Beach Radio \$18,500, stating that their business arrangements constituted both unauthorized transfer of control of licenses, and violation of the local ownership rules for ARS. Palm Beach Radio was fined for failing to disclose its arrangements with ARS. The FCC found PBR had no intent to deceive. ARS had helped finance PBR, held an option to purchase, and had intertwined the operation of PBR's three stations with its own stations so closely that there was an unauthorized transfer of control, including the

review and approval of budgets and senior management of PBR. ARS had been actively involved in hiring, including interviewing and negotiating with candidates, for key positions with PBR. ARS and PBR both concede that they created an unauthorized transfer of control and pushed ARS over the allowed limit of local-ownership, both pre- and post-Telecom Bill.

SFX CLOSING SET FOR JUNE 1

Look for Hicks Muse to close on its \$2.1 billion purchase of SFX Broadcasting on June 1. The deal was first announced in August 1997. Meanwhile Chancellor is expected to close on its \$72 million purchase of WWDC-AM/FM by the end of May.

KATZ APOLOGIZES FOR AMCAST MEMO

Katz Radio President Stu Olds apologized on the nationally syndicated *Tom Joyner Show* last Friday (5/15) for a memo the firm's Amcast division had written and was subsequently leaked to *The New York Daily News* May 12 stating that advertisers would be better served by steering away from Urban and Hispanic stations (see *Dirt Alert* 5/15). Olds said he was "embarrassed" by the memo and laid-out a five-point plan of corrective measures. With the memo making headlines all over New York City, the Rev. Al Sharpton has now stepped into the picture. According to *M Street Daily* (5/20), Sharpton reportedly has a June 4 meeting set up with NYC radio executives to discuss the fallout of the Amcast memo.

KENNARD WANTS EEO POLICY RESTORED

FCC Chairman Bill Kennard wants to appeal a ruling that determined the FCC's 30-year policy of encouraging minority hiring was unconstitutional. Kennard unveiled his plans

during a weekend meeting of the NAACP in Baltimore. He wants a review by all eleven judges on the same appellate court that decided the EEO policy was unconstitutional. The Department Of Justice may also file its own appeal.

SHEEHAN TO PROGRAM WOKI

Former WGIR/Manchester PD/MD Tim Sheehan has been tapped for similar duties at Dick Broadcasting's new Classic Rocker WOKI (The Eagle)/Knoxville. Sheehan is set to start his new gig in early June and will also cover an as-yet-to-be-determined airshift. The station is currently running jockless.

AUDIONET BECOMES BROADCAST.COM

AudioNet, the Dallas-based provider of streaming broadcast audio used by over 300 radio stations for broadcasting their audio on their Web sites, has changed its name to Broadcast.com. In addition, the company has secured the services of a few Wall Street heavies to help them take the public plunge in an IPO estimated to be worth \$35 million. Among Broadcast.com's numerous backers are Jacor's Premiere Radio, plus members of the Hicks, Muse Tate & Furst family.

ARS ANNOUNCES FIRST QUARTER GAINS

American Radio Systems' first quarter results for 1998 are in. Consolidated operations, which include their radio stations and American Tower Systems, have increased to \$106.2 million from \$54.2 million in the same period last year. Broadcast cash flow

gained 117.2% to \$29.1 million from \$13.4 million last year.

"Tender Heart"

"This record may not be for everybody, but it's PERFECT for KSHE. It's a one-listen record that blends a voice that sounds like Gregg Allman with guitar that sounds like Robin Trower. Perfect for where we're headed, perfect for our demographic. After one week, it's #1 Phones! A great song that deserves attention!" -Al Hofer, KSHE/St. Louis

QUESTION OF THE WEEK

Besides what your compensation package would be, what is the next most important question you'd have for a prospective employer during your interview?

**DONNA RODGER,
WRCN/LONG ISLAND:**

There's nothing more important than knowing that your job is secure.

**CHILI WALKER,
WWBN/FLINT:**

Is there a dress code?

**MIKE RAPPAPORT,
WKLC/CHARLESTON:**

After taking care of the compensation package, I would have to do a lot of research on my own. I'm not going to find the answers to the kind of questions I would be asking from the owner's lips. I wouldn't trust the owner as far as I could throw him.

**JOHN BEAULIEU,
WTUE/DAYTON:**

You're not gonna consolidate and make me work AC, are you?

**DAVE FRISINA,
WAQX/SYRACUSE:**

Where's the best Blues bar?

**MIKE SAVAGE,
Y107/LOS ANGELES:**

Where da hos at?

**JOHN ROZZ,
WBVR/FT. WAYNE:**

What is the potential for growth within the company?

**ROBIN LEE,
WZZO/ALLENTOWN:**

How is my immediate supervisor going to support me and how do they think? I would also research that person too.

**ADDISON WAKEFORD,
WDRK/PANAMA CITY BEACH:**

How close is the nearest golf course?

**BRIAN LEE RIVERS,
KJKJ/GRAND FORKS:**

If it was an on-air position I was being interviewed for, I would ask if it would be alright if I worked naked, because I usually do.

**NEAL MIRSKY,
WYSP/PHILADELPHIA:**

What perspective employer? I'm perfectly happy with my present one.

**CHUCK ROAST,
KFMA/TUCSON:**

What are your sister stations doing?

**KELLI CLUQUE,
KNCN/CORPUS CHRISTI:**

Are you going to let me do my job, and not constantly look over my shoulder?

**RICH ROBINSON,
WHTG/ASBURY PARK:**

How often are drug tests?!

**PAUL MARSHALL,
WMFS/MEMPHIS:**

Do you have a full signal?

**STEVEN STRICK,
WBCN/BOSTON:**

It depends on the position I was interviewing for. If it was for a PD position, I'd be very concerned about budgets and the tools available to me, because without those you can't do an effective job.

**ANDY SIMS,
WXRA/GREENSBORO:**

Is there an ice machine?

**KEVIN CONRAD,
WJXQ/LANSING:**

Would I be required to wear pants?

**TODD THOMAS,
WXVO/KNOXVILLE:**

I ask a lot of questions about the sales department philosophy. Do they know the product, do they know how to sell it, can they get behind it, can they handle the tough questions?

**JAMIE MARKLEY,
WWCT/PEORIA:**

If my intern is pulling a weekend airshift and has sex with a girl on-the-air, will it reflect poorly on me?

**ROB HECKMAN,
WIYY/BALTIMORE:**

Do I get Jacor stock with this job?

**HELEN POWERS,
KBER/SALT LAKE CITY:**

Is there any alcohol served at the Christmas party?

**JIM FREE,
WKGB/BINGHAMTON:**

Do you have trade with any nice golf courses?

**MICHAEL LEE,
WTFX-WQMF/LOUISVILLE:**

Do I have to bring my wife?

**DOUG PODELL,
WRIF/DETROIT:**

How many years on the contract, who is the consultant, and whaddya mean I have to run five stations?

**NIKKI BASQUE,
KPOI/HONOLULU:**

Do I get my own bathroom key?

**STEVE PICARD,
WBTZ/BURLINGTON:**

How much control do I have? Period.

**DAVE ENGLISH,
WMDE/MEADVILLE:**

I'd probably ask about the people and the working conditions.

**KATHY CORO,
WZXL/ATLANTIC CITY:**

Are there windows in the studio, and can you open them?

**DANA JANG,
KSJO/SAN JOSE:**

Marketing dollars, signal coverage, budgeting, and expectations.

**SCOTT KLOHN,
WHMH/ST. CLOUD:**

I'd ask how the stability is at the station.

**JAVE PATTERSON,
KFMW/WATERLOO:**

Bonus structure, budgeting bonuses, money questions. Do I get a window in my office, how many plants, and how about my very own personal water cooler? And will I get membership to a country club?

**STEPHEN BOTTOMLEY,
WEQX/MANCHESTER:**

Where's the local union representative?

**AL JONES,
KLAQ/EL PASO:**

Is there a Coke machine in the building?

**ROCIO ACEVEDO,
WKRO/DAYTONA BEACH:**

What do they want people to think when they hear the radio station?

QUESTION OF THE WEEK *continued...*

**RON DRESNER,
WCCC/HARTFORD:**

What's the salary range?

**LYNN BARSTOW,
KMYZ/TULSA:**

I'd investigate the stability of the station and commitment to the format.

**CARL CRAFT,
WRAT/POINT PLEASANT:**

I'd be torn between how long ago was your last appearance at Jiffy Lube, and did the guy I am replacing have to make that appearance?

**DAVE TAYLOR,
KHOP/MODESTO:**

Can I bring my dog to work with me?

**HURRICANE SHANE,
WRAX/BIRMINGHAM:**

What happened with my predecessor and where do you keep the keys to the liquor cabinet?

**DAVE CLAPPER,
WKL/TRAVERSE CITY:**

Is there room for growth for me in this company? It's important for me to grow in this business... I'm willing to learn, are you willing to teach? And, I'm curious about what the interns look like...

**KEVIN SMITH,
KDOT/RENO:**

I would ask about the stability of the company, because I'd want to make sure that they wouldn't be sold two weeks after I took the job.

**FRANK LARIO,
WDOX/ATLANTIC CITY:**

Do I have to wear underwear?

**SUMMER,
WKZQ/MYRTLE BEACH:**

Normally people just offer me the world, so if they didn't, freedom would definitely be the largest consideration. Would I truly be in charge of my own schedule?

**DORSIE FYFFE,
WOXY/OXFORD:**

This is the only station I'd ever work at.

**PAUL OSLUND,
KAZR/DES MOINES:**

Which way are the bathrooms?

**DAVE KANE,
WCMF/ROCHESTER:**

Can I get weekends off?

**TIM PARKER,
WNOR/NORFOLK:**

When you guys sell, will it be to Jacor?

or Hicks, Muse? I just want to know who I'm going to be working for.

**GAIL LEWIS,
WKHY/LAFAYETTE:**

Could I have a love-slave budget?

**AARON ROBERTS,
WZMT/WILKES BARRE-SCRANTON:**

I would ask about bonuses.

**SCOTT HAMILTON,
WAFX/MONTGOMERY:**

Does Dominos deliver to the station?

**TOM BASS,
WRKI/DANBURY:**

With the way radio stations are being operated these days, I'd ask what are the long-term goals and objectives the station is looking to achieve? And, how do you define long-term?

**BRIAN ILLES,
WRXL/RICHMOND:**

As long as the consultant isn't named Neal or Mirsky, the other questions don't really matter.

**RAY BAUER,
WSUE/SAULT STE. MARIE:**

Probably how stable the company was.

**KEN ZIPETTO,
WMMR/PHILADELPHIA:**

Stock options anyone?

**MARGOT SMITH,
WGRD/GRAND RAPIDS:**

It's not really a question, but I'd observe how people like it at the station.

**CHRIS WHITE,
KMBY/MONTEREY-SALINAS:**

In today's age, I would ask, "When are you merging with someone else?"

**BRUCE PATRICK,
KEZO/OMAHA:**

Any potential buyouts from Jacor?

**CHRIS JAMES,
WTPA/HARRISBURG:**

Who owns you right now?

**VANCE SHEPHERD,
WQBZ/MACON:**

So, are we for sale?

**BRIAN KELLY,

ROCK REPORT

Motley Crue drummer **Tommy Lee**, who pleaded no contest last month to a battery charge filed by his estranged wife, actress **Pamela Anderson**, was sentenced this past week to a six month jail term. Lee was arrested at the couple's Malibu home in February after Anderson called the police, claiming that Lee kicked her in the buttocks and back while she held their infant son, Dylan. By entering a no-contest plea, charges of child abuse and unlawful possession of a firearm against Lee were dropped. Anderson filed for divorce shortly after the incident. In addition to Lee's six months in jail, the Motley drummer will serve three years of probation, do 200 hours of community service and donate \$5,000 to a battered women's shelter.

Word reaches the *Rock Report* that **The Rolling Stones** had to cancel more than 15 concerts on their European tour after **Keith Richards** broke a rib when he fell in his Connecticut home. This is the second time on the band's *Bridges To Babylon* tour that shows have been canceled. After a bout with laryngitis, **Mick Jagger** had to throw in the towel on a few shows on the band's U.S. jaunt. Dates in Milan, Berlin, Bilbao, Nuremberg, Duesseldorf and Hannover are among the cities that have been canceled. No word if the band plans to reschedule any shows.

While Keith's rib is on the mend, Jagger is keeping busy with various film activities. While at the Cannes Film Festival, Jagger announced that his company, Jagger Films, along with Lorne Michaels' Broadway Video, will be co-producing a movie based on the best-selling World War II spy novel, *Enigma*, along with playwright Tom Stoppard and director Michael Apted. Meanwhile, *The London Times* reports that Jagger is believed to be working with Martin Scorsese on a film for Disney that deals with the music biz in New York, and that he also plans to shoot a film called *Map Of Love*, which chronicles the rocky marriage of poet Dylan Thomas.

You knew that Alternative rockers weren't just going to sit idly by, while the hair-band guys cornered the market on home sex tape scandals. Former **Jane's Addiction** and **Porno For Pyros** vocalist **Perry Farrell** is the latest musician to be embroiled in a home sex tape con-

trovery, as he was granted a temporary restraining order by a Federal Court last Thursday (14), preventing a sex video featuring the Lollapalooza founder from being marketed, distributed or sold, or from appearing on the Internet. According to Farrell's lawyers, the singer is seeking \$90 million in damages against several defendants, including Spy7.com, which had planned to begin broadcasting segments of the 60-minute video last Thursday. Spy7 claims the video features Farrell "indulging in overt sexual acts and drug use whilst engaging in a bizarre love pact with his lover." Representing Farrell in his lawsuit are the same attorneys who recently prevented Internet Entertainment Group from distributing a home sex tape featuring **Bret Michaels** and **Pamela Anderson**.

As the latest incarnation of **Van Halen** is out on the road supporting their album, *Van Halen 3*, former mouthpiece **David Lee Roth's** new **DLR Band** will release their new album on June 9 with a summer tour to follow. The album, tentatively titled *It Couldn't Have Happened But It Did*, will be released via Roth's own **Wa Wa Zat!!** imprint, and features the musical contributions of guitarists **Michael Hartman** and **John Lowery** (formerly of **Rob Halford's Two**), bassist **Bourbon Bob**, and drummer **Ray Luzier**. The track listing for the album, which was reportedly recorded in less than a month, is as follows: "Slam Dunk," "Black Light," "Counter-Blast," "Lose The Dress (Keep The Shoes)," "Little Texas," "King Of The Hill," "Going Places," "Wa Wa Zat!!," "Relentless," "Indeedido," "Right Tool For The Job," "Tight," "Weekend With The Babysitter," "Black Sand."

Former **Soundgarden** frontman **Chris Cornell** is getting set to begin work his first solo album, which has a tentative release date of October 20. Cornell is said to be currently finishing songwriting and putting together a band for the album, which he plans to begin tracking at the end of June. Cornell is also talking with producer **Daniel Lanois** about the possibility of working on the album, once Lanois wraps up his current tour with **Scott Weiland**.

While **Aerosmith** frontman **Steven Tyler** rests the injured knee that forced his band off the road, and their single from the *Armageddon* soundtrack "Don't Want To Miss A Thing" begins to impact at radio, the band will not be taking a breather. Another single from the *Armageddon* soundtrack, "What Kind Of Love Are You On," is expected later this summer, and the band is meeting with producer **Jack Douglas** to go over a series

of mixes for an upcoming live album. The band are planning on making up their postponed shows in mid-August.

Proving that Rock and Roll excess isn't a thing of the past, **Oasis** guitarist **Noel Gallagher** is throwing a party that will cost him upwards of \$250,000, to celebrate England's first soccer match in this year's World Cup series. The British press are reporting that Gallagher has hired a decorator to design a large Arabian-style marquee on the grounds of his \$5 million estate. The bash certainly won't endear Gallagher any more to his neighbors, who are already up in arms over his plans to build a soccer field, complete with a stadium-style bank of lights, in his backyard. Local authorities have denied Gallagher the permits necessary to build the field so far.

Verve Pipe lead singer **Brain Vander Ark** is set to start shooting his second indie film, *The Space Between Us*, later this month in San Francisco. Vander Ark plays a gang-banger turned graffiti artist in the film, which is described as a dramatic comedy. His other film project, *Road Kill*, is still in search of a distributor. As for the Verve Pipe, the band are planning to begin work on their next album in New York with producer **Michael Beinhorn** (**Soundgarden**, **Ozzy Osbourne**, **Hole**), and they just recorded a track called "1229 Sheffield" for the soundtrack to the forthcoming film *Clay Pigeons*, starring **Janeane Garofalo** and **Vince Vaughn**. Vander Ark also just finished a collaboration with **XTC's Andy Partridge**, entitled "Blow You Away," for the *Avengers* soundtrack.

KISS are nearing completion of their first album of new material with the original line-up in 18 years. The band cut 18 tracks with noted Hard Rock producer **Bruce Fairbairn** for the album, reportedly entitled *Psycho Circus* (like their comic book series), 12 of which will make the final cut. Bandmembers have said that the album will have the 'classic KISS' sound. The subsequent tour, said to be kicking-off this fall, is also shaping up to be a 'classic KISS' affair, with **HardRadio** reporting that the band will employ screens with 3-D images, with 3-D glasses handed out to fans, among other effects. We'll keep you posted.

As **Rod Stewart** re-visits his Rocking roots on *When We Were The New Boys*, due out June 2, the legendary Rock-belter ups his visibility to promote the album. **VH1** will sponsor Stewart's upcoming 50-city U.S. tour (dates available soon), and name him their June Artist of the Month. Stewart tells the stories behind many of his classics on an edition on **VH1's Storytellers**, set to debut on June 21. Stewart also takes to the Sunset Strip on June 2 to promote the album's release, performing at various watering holes including **The Roxy** and **The Whisky A Go-Go**. You can also look for Rod the Mod chatting it up with **Rosie O'Donnell** on May 29, **Jay Leno** on June 4, and **David Letterman** July 13.

A London judge has refused to allow a payout of \$3 million on an insurance policy taken out on **Jerry Garcia's** life. The judge ruled last Thursday (14), that the policy-holders - **Metropolitan Entertainment** (who were involved in managing Garcia and promoting **Grateful Dead**

shows), and PolyGram Holdings - failed to reveal Garcia's prior health problems to the five insurance companies involved. The judge ruled that Garcia, who had heart problems and a history of using drugs like cocaine and heroin - was in ill health when the insurance was taken out. Garcia was apparently not aware the policy had been taken out.

Best Buy will be auctioning off prime seats for selected stops on **Jimmy Page and Robert Plant's** *Walking Into Clarksdale* tour, on their Web site (www.bestbuy.com), to benefit the Best Buy Children's Foundation. Best Buy, who are presenting the Page/Plant tour along with the *Ozzfest*, **Stevie Nicks** and **Chicago/Hall and Oates** tours, will auction off tickets in rows two through ten for 22 dates on the first leg of the tour.

On the heels of their recent four-night stand in Chicago, **Cheap Trick** have announced that Washington, D.C., Boston, Seattle, Los Angeles, Boulder, and their semi-hometown of Philadelphia will also receive the four-show treatment, which features the band reprising their first three albums - *Cheap Trick*, *In Color* and *Heaven Tonight* - along with *Live At Budokan*, in their entirety, on successive nights. More cities are expected to be added, with the only confirmed dates so far being October 29-31 at New York's Irving Plaza.

No overnight sensation, Jewel slogged it out on the musical circuit for many years before she was signed to Atlantic Records. *Heart Song - The Story Of Jewel* is a new book which chronicles Jewel Kilcher's life, from her formative years in Alaska to living out of her car in San Diego, *Heart Song* is a compelling study of a unique and burgeoning talent.

Jewel's disparate musical influences ranging from Cole Porter to **The Replacements** combined with her love of such literary giants as Charles Bukowski, Henry Miller, Marcel Proust and Kurt Vonnegut, Jr., have shaped her one-of-a-kind talents. *Heart Song* is an informative read, combining expert analysis, sundry interviews and rare photographs - it's a must for any Jewel fan.

Already set to take part in the first North American *WOMAD* festival (July 31-August 2 in Redmond, Washington), **Joan Osborne** is adding more dates to her summer schedule. Osborne will join **Sister Hazel** and **Lisa Loeb** for the Lodo Festival in Denver on July 17, and hooks up with the Lilith Fair for five shows, beginning August 19 in Milwaukee. She is currently working with **Cracker's** **David Lowery** on tracks for her next album, which may be out by the fall.

A box-set for late Blues guitar hero **Stevie Ray Vaughan** is currently being assembled by Vaughan's bother **Jimmie**, and producer/compiler **Bob Irwin**, who was instrumental in putting together reissue programs for **The Byrds** and **Santana**. The box-set, which Irwin says will probably feature three or four CD's, will consist of 70% previously unreleased material, of both the live and studio variety. No title or release date is available yet.

Always one to give back to his fans, **Lenny Kravitz** is offering a previously-unreleased track for download on a2b music, AT&T's online music delivery system. Internet. In order to play the track, fans can download the a2b music player, also free of charge, at www.a2bmusic.com. All fans who download "Without You" will receive a \$1 discount coupon towards the purchase of Kravitz's new album, 5.

H.O.R.D.E. co-founders **Widespread Panic** throw their hat into the package tour ring again this summer with the inaugural **Widespread Panic & Friends** jaunt, which kicks-off May 24 in Angel Camp, CA. With **Panic** topping the bill, each night's show will feature two or three opening acts playing full-length sets. A rotating cast of opening acts join **WP** on the tour, including **G. Love & Special Sauce**, **Gov't Mule**, **Galactic**, **Guster**, **Leftover Salmon**, **Bela Fleck**, **Sister 7**, and **Todd Snider**. The trek will shy away from package tour staples like sidestages and midways, enabling the band to offer a lower ticket price. Catch **Widespread Panic & Friends** in the following cities: 5/24, Angel Camp; 5/27, Mesa; 5/29, Berkeley; 5/30, Santa Barbara; 5/31, Los Angeles; 6/2, San Diego; 6/3, Las Vegas; 6/5, Eugene; 6/6, Portland; 6/7, George; 6/9, Sun Valley; 6/10, Park City; 6/12-13, Morrison; 7/1, Cincinnati; 7/2, Milwaukee; 7/3, Cleveland; 7/5, Virginia Beach; 7/7, Hampton Beach; 7/8, Boston; 7/9, New York; 7/11, Washington, D.C.; 7/12, Philadelphia; 7/14, Holmdel; 7/15, Wilkes-Barre; 7/17, Charlotte; 7/18, Raleigh; 7/19, Charleston; 7/23-24, Pelham; 7/25, Knoxville; 7/26, Jackson; 7/28, Tampa; 7/29, Pompano Beach; 7/31, Live Oak; 8/1, Atlanta.

Just as renowned for their off-stage antics as they are for their music, **Insane Clown Posse** have struck gold with their debut Island release, *The Great Milenko*. After Hollywood Records pulled the LP from shelves last year due to inappropriate lyrical content, Island picked it up and re-released it on August 12. Look for ICP's home video, dubbed *Shockumentary*, on June 23.

Here are more details about **RING' ROCKING THE BIG APPLE...** **Rin Starr** treated his New York City fan ba with a special club show at New York's Bottom Line and the *Rock Report* was there. Augmented by a band dubbed **The**

Roundheads, including guitarists **Joe Walsh**, **Mark Hudson** (producer of Starr's new CD, *Vertical Man*), **Steve Dudas**, drummer **Simon Kirke** (**Bad Company**), and bassist **Jack Blades** (**Night Ranger**), Starr ran through an exciting hour-long set packed with new material and several surprising oldies. Starr, always the showman, was in rare form, cracking jokes, telling the audience he was possessed by the spirit of a late comedian. Tracks performed included "With A Little Help From My Friends," "I Don't Come Easy," a Rocked up version of "Back Off Boogaloo," "Photograph," "Love Me Do" and two songs never performed live by the ex-Beatle, "Octopus' Garden" and "Don't Pass Me By." The *White Album*-sounding "La De Da," "What Is The World," "King Of Broken Hearts," and "I Was Walkin'" were the new cuts showcased that night. Celebs spotted in the SRO crowd included **Hanson**, **Diana Ross**, **The Smithereens'** **Dennis Diken**, **Jill Sobule** and **Will Lee**, bass player on *The Late Show with David Letterman Show*. While past All-Stars bands have sometimes lacked in power and finesse, this unit of individuals infused the songs with an upbeat, energetic and decidedly Rock and Roll spirit to the proceedings.

PLATINUM IS OK: During Radiohead's just-completed U.S. tour (which found them playing to their largest U.S. crowds to date), the band gathered with the Capitol brass to show off their shiny new platinum records for their latest masterpiece, *OK Computer*. Pictured are (L-R): Sr. VP Sales, Joe McFadden; Deputy President of EMI Recorded Music North America, Roy Lott; Sr. VP A&R, Perry Watts-Russell; Radiohead's Colin Greenwood; Courtyard Management's Bryce Edge; Radiohead's Jonny Greenwood, Thom Yorke and Ed O'Brien; President, Gary Gersh; Courtyard Management's Chris Hufford; Radiohead's Phil Selway; VP Marketing, Rob Gordon; Parlophone Director of A&R, Keith Wozencroft; VP Alternative Promotion, Brian MacDonald.

CLASH, COOPER AND MODE TRIBUTES:

There is no end in sight to tribute records with at least three more scheduled for release in the coming months. Now due August 25 is the Clash tribute. It contains "Should I Stay Or Should I Go" by KoRn with Mack 10, No Doubt's "Hateful," "White Riot" by Cracker and the Indigo Girls' version of "Clampdown." Silverchair does "London Calling," while Afghan Whigs do "Lost In The Supermarket." Other tracks are by Moby with Heather Nova, The Mighty Mighty Bosstones, Rancid and 311, who do "(White Man) In Hammersmith Palais." A portion of the proceeds will go to the High Risk Youth Program at the Children's Hospital of Los Angeles. Also coming are Alice Cooper and Depeche Mode tributes. Roger Daltrey, Slash, Dave Mustaine, Joe Elliot and members of Def Leppard have recorded tracks for the *Cooper Tribute*, with an invitation out to Ozzy Osbourne. For *The Masses*, the Depeche Mode tribute, will feature Smashing Pumpkins' version of "Never Let Me Down Again" and "World In My Eyes" by the Cure. It is expected August 4 on 1500 Records.

PRODIGY: Prodigy's 10-city tour of the U.S. next month will include their first performance in Florida in almost four years when they headline the Zen Fest in Miami on June 27. Prodigy's national tour will end with two shows in New York on June 29 and 30.

CURT SMITH BEGINNING FIRST TOUR SINCE TEARS FOR FEARS:

Former Tears For Fears member Curt Smith used to be able to walk to all of his gigs when he lived in midtown Manhattan and started his band, Curt Is Mayfield. That wasn't possible this past week when they kicked off their first U.S. tour in San Diego. The live set will showcase new music as well as some of Smith's earlier work with Tears For Fears. "I've reworked a few old songs so they really fit in with what I'm doing now," says Smith. "I've done 'Everybody Wants To Rule The World' acoustically and played around with 'Mad World' in such a way that you don't even recognize it." The band has just released the single — and first video — "Reach Out" from the album.

MEMOIRS OF ELEKTRA RECORDS FOUNDER BEING PUBLISHED:

The man who started Elektra Records in his dorm room at St. John's College in Annapolis, Maryland in 1950 will publish his memoirs next month. *Follow The Music: The Life and High Times of Elektra Records in the Great Years of American Pop Culture* by Jac Holzman will be out June 15. Expect a lot of anecdotes about Greenwich Village folkies and Laurel Canyon hippies. Elektra started out as a Folk label, then became a singer/songwriter label in the 1960s with Phil Ochs, Tom Paxton, Judy Collins and others. Holzman's creation of the successful

Nonesuch label in 1964 funded Elektra's expansion into Rock and the signing of the Doors, Bread, Carly Simon and Queen. Holzman sold all of his music interests to Warner Communications in 1970.

McKENNITT SET TO DO LAST "MUM-MER'S DANCE":

Having a Top 20 hit and a platinum album haven't even tempted Loreena McKennitt to alter her plans to take an extended break from music. *Book Of Secrets* fulfilled the contract with Warner Bros. which she signed in 1991. McKennitt does plan to record another album, but she says it's not going to be more commercial. She calls her contract with Warner Bros. an example of how artists can use big companies to their advantage. Since she financed her own recordings she was able to get a much higher royalty rate and work without any interference from the label. However, those luxuries won't keep her from shopping for an even better deal once she has new music ready. "I've got a lot of restructuring to do, even making my house a home," she says of her immediate plans. "Putting curtains on the windows and learning to cook to the degree that I'm not poisoning my friends." McKennitt, who is now 40, says she wants to find a balance in her life so that when she's 55 or 60 she doesn't wake up and find her career is over and she hasn't spent any time balancing the rest of her life.

Veteran U.K. new wave vocalist **Ian Dury** recently announced that he has cancer of the liver. Dury, who has suffered with polio since childhood, hopes to raise awareness of cancer issues by discussing his illness, and will also have his profile raised in the coming weeks via the U.K. release of his new album with the **Blockheads**, *Mr. Love Pants*, on Ronnie Harris Records on July 6. It features songs written by Dury, **Chaz Jankel** and other members of the long-standing band.

Matchbox 20, slowly building a U.K. following as their debut album, *Yourself Or Someone Like You*, moves towards sextuple platinum status in their native U.S., follow their Top 40 entry "Push" on June 16 with "3am."

Colin Blunstone releases the new album *The Light Inside* for the independent label Mystic on June 1. It's his first studio set since *Echo Bridge* for Permanent in 1995 and follows a resurgence of interest in the vocalist's career after the release by Ace of *Zombie Heaven*, the boxed set by his '60s band the **Zombies**, at the beginning of the year. Blunstone has written or co-written nine of the 12 tracks on the album, and the other three are penned by '80s hitmaker **Nik Kershaw**. The set also marks the last recorded sessions by Rock drummer **Cozy Powell**, who died early last month.

Powell is also paid tribute on **Brian May's** new U.K. single, "The Business," out next week with the lead version subtitled the "Rock On Cozy" mix. The original will feature on May's second solo studio album, *Another World*, which follows on June 1 and features Powell extensively. Also on the single is May's version of **Buddy Holly's** "Maybe Baby," on which Cozy also played.

Virgin are reissuing **Mike Oldfield's** landmark 1973 album, *Tubular Bells*, next week on its 25th anniversary. Remastered in a limited edition of 20,000 in the U.K. and on a gold CD, it'll have a silver gatefold sleeve with a 32-page booklet on the making of the record.

Shed Seven's new album will be titled *Let It Ride* and be released on June 1. It'll include their last

release, "She Left Me On Friday," (also their best-selling single to date) and their new Top 20 entry, "The Heroes." Welsh band **Cartoon** follow their debut release, "Men From Mars," with "Fade Away," out on Shine via Pinnacle on June 8. **Adamski**, of "Killer" fame, returns on June 29 with the single "One Of The People" under the name Adamski's Thing, with vocals by **Gerideau**. **Breaker**, featuring vocalist **Rebecca De Ruvo**, have "Modern Times" due as a single on Coalition on July 6. **Sinead O'Connor**, **Natacha Atlas** and **Liam O'Maonlai** of **Hothouse Flowers** are among the guest vocalists on the self-titled debut album by **Ghostland**, out next week on East West. The core group consists of cellist **Caroline Dale**, guitarist **Justin Adams** and **John Reynolds**, producer of O'Connor's

Universal Mother album and co-writer of **Jah Wobble's** "Visions Of You" on which she also sang.

In a slow chart week, **All Saints** went back to #1 with "Under The Bridge"/"Lady Marmalade" even though its sales were more than a quarter down on the previous week. "Feel It" by the **Tamperers** came close to outdoing it, climbing back from five to two, and **Lutricia McNeal** bagged the highest new entry with "Stranded" at five. The first of what could be a succession of soccer-related hits crashed in at nine as **Arsenal FC** celebrated their Premiership and FA Cup double with a remake of **Donna Summer's** "Hot Stuff," new at nine. **Bus Stop** came in at 13 with a cover of **Carl Douglas's** "Kung Fu Fighting," the Jamaican-born singer features in the video for the update. **Shed Seven's** "The Heroes" at 18 and "Deeper Love" by **Ruff Driverz** at 19 were also new hits. **Garbage** sold 31,500 copies in their first week with *Version 2.0* to debut at the top of the album chart, on which **Jeff Buckley** achieved a posthumous Top Ten success with *Sketches For My Sweetheart The Drunk*, a new entry at seven. *The Best Of Nick Cave and the Bad Seeds* entered at 11 and 5 by **Lenny Kravitz** at 18.

News From London is written by **Paul Sexton**, presenter/producer of the syndicated *Modern Rock* radio show *Rock Over London*. For more information, call **Don Eberle** at Radio Ventures (516 358 2250).

SOCIAL DISTORTION: *Live At The Roxy*, which Social Distortion recorded over three nights last month at the Hollywood Club, will be out June 30 on Time Bomb Records.

CD, ONLINE VOTING FOR ROCK THE VOTE'S '98 CAMPAIGN: A new CD and Online Registration are on the agenda as Rock The Vote prepares to tackle another election year with a campaign that will kick off July 4. The organization announced recently that **Joan Osborne** and **Isaac Hayes** will be among the artists featured on a new CD **Rhino Records** will release in August. *Schoolhouse Rock Rocks The Vote* will include five tracks re-recorded from the original *Schoolhouse Rock* and five new songs written and recorded by the original songwriters of *Schoolhouse Rock*. **Osborne** and **Hayes** do "I'm Just A Bill." *Rock The Nation* on the Fourth of July weekend will include public service announcements featuring young people who are making a difference in their communities. Rock The Vote will also publish a community guidebook showing young voters how to access the political system. It will be available in record stores. The organization's "Netvote '98" will allow individuals to register to vote on the Internet.

MUSICIANS OPPOSED TO RIAA PROPOSED BANKRUPTCY LAW: Musicians say there is no need for a new law to protect record companies from artists who file for bankruptcy to get out of a contract. The Recording Industry Association of America has attached the proposed law to bankruptcy legislation now before the House Judiciary Committee. But the RIAA claims the legislation is not aimed at musicians, only their lawyers. The trade group says unscrupulous lawyers are extorting rewritten contracts for their artists from record companies by threatening bankruptcy. **TLC** and **Toni Braxton** are two artists who have filed for bankruptcy after contract negotiations have broken down. Musicians say that there is no adequate proof that performers are abusing the bankruptcy laws.

ROGER DALTRY: Roger Daltrey has been cast as a dying former rocker in the comedy *Romantic Moritz*. The movie is about a woman who is trying to patch up her relationship with her estranged father while she is being pursued by a bill collector with whom she falls in love.

ROCK 18-34

THE INSIDE TRACK

KIOZ/San Diego held a *Seinfeld* "Sein-Off" contest where two listeners were sent via limo to the NBC Studios in Burbank for Thursday's (5/14) taping of the *Tonight Show with Jay Leno* which featured special guest **Jerry Seinfeld**. Jerry, of course, was on the show following the finale of his series earlier that night. Jacor Director of FM Programming/San Diego **Tim Dukes** tells *The Inside Track* that the KIOZ winners "were the only audience members who weren't NBC big-wigs." Yadda, Yadda, Yadda... **WRCX/Chicago** figures that since they're owned by a HUGE corporation (Chancellor Media) they have lots of cash laying around. So, they've decided to give some of it back to the listeners. Okay, so they're really just trying to bribe their listeners to listen longer. "The Big Blatant Bribe" takes place seven days a week and all listeners have to do is be the 103rd caller when the station says "go" and they win \$1000. "We even tell you when we'll be doing it," the promo says. "No sound effects, don't look for the station vehicle, and we don't care when your birthday is." Meanwhile, 'RCX is airing a weekly, two-hour Best Of Mancow Saturday mornings at 7am. They call it *Saturday Morning Cow-Tunes*... **KSJO/San Jose** gave listeners wall-to-wall '80s music Memorial Day Weekend, everything from **Accept** to **Zebra**. PD **Dana Jang** figures 25% of the music was material they don't normally play, artists like **Slaughter, Cinderella, Warrant, Winger, April Wine, Autograph, Honeymoon Suite, Quiet Riot, Twisted Sister, The Rockets, and Fastway**. He also says the station was deluged with "constant faxes and phones" the last time they did it... **Howard Stern** was named "Best FM Radio Personality" in the Minneapolis/St. Paul *City Pages*' "Best Of The Twin Cities" issue.

The Stern show is heard locally on **WRQC/Minneapolis** where OM **Andy Bloom** says, "winning the *City Pages*' readers poll affirms the spectacular ratings growth Howard has shown in the first year in the Twin Cities and indicates that, like the other markets where it's heard, the show is well on its way to becoming the most listened to radio program in the Twin Cities." Hey Now!... This Sunday in Philadelphia has been proclaimed "**Van Halen Day**." The band will be in town to play the Core States Spectrum and Mayor **Ed Rendell** will present Eddie, Alex, Michael Anthony and Gary Cherone with personalized, replica Liberty Bells. This honor is being bestowed on the band in recognition of their 20-year career and 22nd Philadelphia appearance. The first time they played Philly was two lead singers ago on March 24, 1978 at the Tower Theatre... **WXEX (99.7 X)/Providence** has unveiled the lineup for their "99.7X 3rd Birthday Party." The big bash will be held on Friday (5/29) and will be hosted by **Mancow and Freak** from *Mancow's Morning Madhouse*, which is syndicated on 99.7 X. The lineup includes **Stabbing Westward, Candlebox, Guster** and **Feeder**. "Listeners have been asking that we bring Mancow to Providence since he's been on 99.7X," PD **Brent Peterson** told *The Inside Track*. "Well he's coming and Providence will never be the same."... **WRCN/Long Island** kicked off their *Summer Concert Series* at CPI in Hampton Bays with **Joan Jett & The Blackhearts** on Friday (5/15). This is the fourth year that 'RCN has brought the series to the Long Island faithful. Subsequent shows will feature **Kenny Wayne Shepherd** and **Blue Oyster Cult**. 'RCN PD/MD **Donna Rodger** says, "May is off to a Rockin' start."

PROGRESSIVE ADULT RADIO PICKS

ON THE RIGHT TRACK?

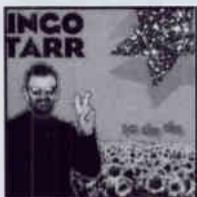

THE ROLLING STONES, "OUT OF CONTROL," VIRGIN

Here's one with a Bluesy, slow, funky groove at the beginning, that ultimately kicks into the chorus with a lot of bristling energy. Unmistakably The Rolling Stones, "Out Of Control," is the next emphasis track from their latest, *Bridges To Babylon*, and a perfect summer single. Another track from the Greatest Rock and Roll Band in the World in time for a heatwave? What more do you need? Other than a cold one?

SINGLES/EPS

RINGO STARR, "LA DE DA," MERCURY

Featuring background vocals from an all-star cast (Paul McCartney, Steven Tyler, Joe Walsh, and Stone

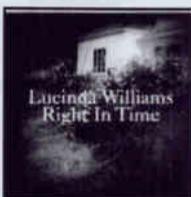

Temple Pilots' Scott Weiland), the debut single from Ringo Starr's *Vertical Man*, "La De Da," is an infectious tune that will resonate in your listener's heads for hours after it's played. We predict huge popularity in pubs. In short, "La De Da" is the single-along song of the year. Starr sounds focused and musically imaginative, and your listeners will have a lot of fun hearing this record.

JEFF BUCKLEY, 3 SONGS FROM SKETCHES FOR MY SWEETHEART THE DRUNK, COLUMBIA/CRG

After the tragic death of Jeff Buckley last May 29 in Memphis, Columbia Records (in conjunction with Buckley's family) began to compile material for *SKETCHES For My Sweetheart The Drunk*, a double album featuring his last studio sessions and home recordings. The first single release from this intensely emotional collection, "Everybody Here Wants You," gives insight into the direction his music was going. "The Sky Is A Landfill" and "Haven't You Heard" give us glimpses of what would have been a priceless musical destination.

LUCINDA WILLIAMS, "RIGHT IN TIME," MERCURY

Car Wheels On A Gravel Road is the title of Lucinda Williams' Mercury Records debut. Produced

by "The Twangtrust" (namely Steve Earle and Ray Kennedy), the album features a wonderful blend of new material, including the first single, entitled "Right In Time." It goes without saying that Williams is a brilliant songwriter, and "Right In Time" exhibits her influential technique of being both lyrically intelligent (and warm!) and vocally melodic, with just a touch of Americana.

ESPERANZA, "THEY DON'T UNDERSTAND ME," LaFACE/ARISTA

"The music on my album is about me, my life, how I feel, the things I've been through, what I've experi-

enced that's made me who I am," says Esperanza of her debut album, *Feelings*, on LaFace Records. Born in Rochester, New York, Esperanza (her name means "hope" in Spanish), relocated to Atlanta in 1991 to follow her dream of creating music for the rest of her life. "They Don't Understand Me" is her powerful first single, and it has plenty of cross-over potential for Top 40.

ALBUMS

UGLY AMERICANS, BOOM BOOM BABY, CAPRICORN/MERCURY

Quite simply, the Ugly Americans are one of the coolest bands out there right now. Their latest, *Boom Boom*

Baby, is a bass heavy, brass out-the-ass, groove-oriented mix of slick vocals and street smart lyrics. This is the kind of album that finds it way into our CD players at the beginning of the summer and doesn't leave until Labor Day, if then. Progressive stations should immediately check out the first single, "The Wrong Direction." Then, for more hook-heavy airplay contenders, check out "Boom Boom Baby," "Chilly At The Crib," "Texas Isn't Big Enough," "Big Ole Head," "One & A Rainbow," and "Orlando."

JUPITER COYOTE, HERE BE DRAGONS, AUTONOMOUS/ROADRUNNER

Over their seven-year history together, North Carolina's Jupiter Coyote have amassed a fan club list of more than 20,000 and independently sold 100,000 albums. Their fifth album, titled *Here Be Dragons*, is the first release in a deal that joins the band's Autonomous Records (also the original home of Sister Hazel, among others) and Roadrunner Records. A ten-song collection of North Carolina acoustic-Rock, *Here Be Dragons* features guest musicians Edwin McCain, Beth Wood, and Kansas violinist David Ragsdale, among others. Check out "Ship In...," "Seven...," "Rose Hill," "Everytime," "Words," "150...," and "Find."

SEAN LENNON, INTO THE SUN, GRAND ROYAL/CAPITOL

Produced by Yuka Honda (Cibo Matto), Sean Lennon's *Into The Sun* is a solid collection of thirteen songs highlighting

fuzzy guitars, cocktail-lounge Pop and, yes, Lennon-esque melodies. Much like Jakob Dylan, Sean manages to retain a musical quality that is his own; comparisons to their fathers are inevitable, but they are loosely used to describe their influence, not the plagiarism of. *Into The Sun* is a brilliant debut for Sean; a quiet, yet resonant assortment that hopefully leads to many more musical offerings. Listen to "Into The Sun," "Mystery Juice," "Breeze," "Bathtub," "Queue," and "Part One Of..."

MASSIVE ATTACK, MEZZANINE, VIRGIN

Fans of the musical genre known as Trip-Hop know that Massive Attack defined the sound. Their

fusion of rich samples, moody instrumentation, Hip-Hop beats and ethereal vocals set the stage for artists like Tricky, Björk, and Portishead. Their latest creative offering, *Mezzanine*, will not disappoint die-hard fans and is sure to attract new ones with the addition of guitars and former Cocteau Twins vocalist Elizabeth Fraser on a few tracks. For starters, have a listen to "Teardrop" (already heard on KCRW, WDET, and WXPB). Then, dig into "Angel," "Exchange," "Man Next Door," and "Black Milk" for adventurous depth!

ALBUMS

THE PHOIDS, THE PHOIDS, NG

For their second album, simply titled *The Phoids*, New York City's The Phoids enlisted the help of veteran producer/engineer Niko Bolas (Neil Young, Fiona Apple, Melissa Etheridge).

Due to hit retail on June 2, this thirteen song collection of no-frills music represents some of the best bar-band Rock heard on record in a while. That's not to limit The Phoids; this band simply works without studio gloss and, they let the music do the talking without over-production (like a great live band should). Check out "Killer," "I Never Worry," "Iowa," "True," "Rosemarie," and "So Long."

SHADED RED, SHADED RED, CCG

Shaded Red, a three-piece band featuring brothers Jamie and Jon Roberts and Bryan Stacks, display a great talent for writing hooky Pop/Rock songs on their latest, self-titled

album. Overall, the twelve tracks on the CD have a very bouncy, live feel to them and we wouldn't be surprised to see them added to quite a few playlists in the coming weeks. For information, contact Jessie Scott at (615) 259-0177, or find her on the net at: <jessie@cadenceworld.com>. Be sure to check out the single, "Caught," in your next music meeting, then go deep with "Found Someone," "Collide," "Faker," "Something," and "Sunk."

VINCE WELNICK & MISSING MAN FORMATION, VINCE WELNICK & MISSING MAN FORMATION, GRATEFUL DEAD/ARISTA

Missing Man Formation was formed a year after Welnick left the Dead. He'd been invited into the studio by friend Steve Kimock where they were joined by Prairie Prince and Bobby

Vega. That jam session gave birth to this band which will inevitably appeal to Deadheads with its similar groove. Not surprisingly, many of the songs are fairly lengthy and have trademark long solos. Missing Man Formation is a no-risk band for any station with a heritage with the Dead. Tracks to watch out for include: "The Devil I Know," "Golden Stairs," "Samba In The Rain," "Smog Farm," and "True Blue."

PROGRESSIVE SOLUTIONS

A Problem Solving Forum for Progressive Programmers

Downsize This! BY Dennis Daniel

In these troubled times of corporate takeovers and downsizing, it's very easy for us "creative types" to get discouraged, disgruntled and downright scared. Was it really that long ago when working at a radio station, doing a good job and keeping your nose relatively clean meant a good chance of steady employment for as long as you wanted?

Remember working for one station and one owner? Remember when the station had a "team" spirit? A sense that we're all in this together? Remember when jock meetings were actually fun? Remember cutting a cool spot and getting so excited you couldn't wait to play it for the PD, the MD... even the receptionist? What happened?

Greed.

It's as American as apple pie, folks. Good old 100% natural, no preservatives or additives, cholesterol free greed. Rich guy or corporation: Wait a minute FCC. You mean, I can now own as many stations as I want — In the same market? In other markets too? I can be the **Ted Turner** of radio? I can consolidate? Wow! Who needs all those people! I'll have a Network GM, PD, etc. More for me! **MORE FOR MEEEEEE!!!**

You see, greed has no morals. Greed has no conscience. "Greed is good." (Thank you **Michael Douglas** and **Oliver Stone**.) Check out **Alex Baldwin's** "pep-talk" in the film *Glengarry Glen Ross*. Talk about Greed! Talk about not giving a rat's-ass about the individual! Don't let any of these suit and tie, Rolex wearing, cliché spouting, greased down crew-cutted, earring wearing, Grim Reaper tattoo-on-their-butt main-office types fool you into thinking they could care less about you or your family! This is how corporate America really thinks! Hooray for me... F*** you.

What do we know for sure about being creative? Well, for one thing, it requires nurturing the "human element." Creative people need support and encouragement. I'm not suggesting they need to be coddled...just "understood." The creative monster must be properly fed in order to deliver the goods. And what are those goods? The best damn promos and commercials money can buy! The stuff that makes clients happy and makes money. This is the way it should be, huh folks? Okay, Dennis, enough with the complaining. The business is what it is. How do we live with all this?

The Dennis Daniel Quick Survival Course for Production Directors in a Corporate Takeover Environment

A new style of thinking is needed here. We must evolve with the times and become something new. Something that knows how to survive. We must try to think...like *them*.

The usual thought pattern corporate types take is: "How can I save money?" Is Joe Production worth what we're currently paying him? Couldn't I do just as well with some young flunky fresh out of college who isn't looking for much money?"

Nip that thinking in the bud, pronto!

If you think they're headed in that direction, gather together four or five of your favorite spots and/or promos on cassette. Make sure they're not silly spots that don't sell. They've got to be powerful and unique. Next, write a brief letter to whoever is the new Grand Poobah and wax (briefly) poetic on how glad you are that change is imminent and how much you look forward to the challenges ahead. Don't sound like you're begging or massaging their ego. Just a quick "hello, I exist." See if you can arrange a quick meeting to discuss your ideas on how to make the department run more smoothly (without costing them money).

When you get the meeting, bring the cassette and suggest, "Would you like to hear a couple of recent pieces?" Let them hear your success stories. Let them know how many years you've been at it. Let them know that you know the demo, the community, the salespeople and their quirks. **THIS IS NOT KISSING UP!** This is informing! You have to make your importance and presence known. If you don't, no one else will! If they don't give you the time of day, regardless of your stabs at recognition, be afraid... be very afraid.

Next, talk to the clients that appreciate your work. Ask if they'd be so kind as to write a letter stating so. Keep these letters on file. You can use them internally or, God forbid, if you have to search for another job. Always maintain a file that records your success.

Be prepared for anything. Get used to the idea that the workload may very well increase without compensation. **DEAL WITH IT!** Trust me, it isn't any better anywhere else. This is the deal, gang. Don't complain. Don't bitch. Don't gather at the water cooler letting off steam. **NEVER ALLOW YOURSELF TO BE PERCEIVED AS A NEGATIVE!** If you don't like what's being done to you, get out. Period. Don't discuss it. Go about looking for a new job quietly, and if one hits, leave with dignity. You never know when your paths may cross again. If you get a chance to negotiate, don't seem like you're putting a gun to their head. They'll drop you flat!

It's time to toughen up. It will get harder before it gets easier. But, it can be done! Once you feel safe again, you can go back to what you were born to do... **CREATE!**

PROGRESSIVE PRO-FORMERS

**Natalie Merchant,
Ophelia
(Elektra/EEG)**

#4 Most Added, Natalie Merchant's *Ophelia* is once again our **Pro-Former Of The Week**. Increasing

216 spins (**#1 Most Increased!**), the album picks up new airplay at WIVI, Broadcast Programming, Music Choice, KCRW, WMKY, KINK, and KXL, among others. Soaring from 7 to 4•, *Ophelia* has only begun to show its depth. Aside from the single "Kind & Generous," "Break Your Heart," the title cut, and "Life Is Sweet" get added this report, among others.

**Dave Matthews Band,
"Stay (Wasting Time)"
(RCA)**

Wasting no time in electing the next single from *Before These Crowded Streets*, Progressive Radio boosts the

Dave Matthews Band to **#4 Most Increased** (+65) on the strength of their depth track "Stay (Wasting Time)." (Virgin)**

Jumping from 27 to 20•, Lenny Kravitz's fifth outing (ingeniously titled 5) is this week's **#3 Most**

TRANSMISSIONS

The new Duncan's Radio Market Guide (1998) is out! Congratulations to a couple of our favorite revenue generators, **WXRT/Chicago** (#62 overall, \$18.8 million in revenue in 1997) and **KFOG/San Francisco** (#66 overall with \$17.8 million in advertising revenue).

Speaking of WXRT (we just were, see above), actor **John Mahoney** will be a guest disc jockey on **Richard Milne's Local Anesthetic** at 7:30 p.m. on Sunday, May 24. The Chicago native first sat-in with Milne in 1996.

KFOG/San Francisco/San Jose presents the Bay Area's world class

fireworks display on Saturday, May 30. Sky Concert, a display of never-before-seen shells (created specifically for KFOG by Performance Pyrotechnic Associates) exploding in rhythm with an eighteen-minute Rock soundtrack. A free Expo Area on Piers 30-32 open at 4:00 p.m. with a special children's stage and food, drinks and interactive product booths. On the KFOG performance stage at 5:00 p.m.: **The Scott Thomas Band, Pete Droge and Roomful Of Blues**. The fireworks will kick-off at approximately 9:00 p.m. The accompanying music soundtrack, created by PD **Paul Marszalek**, is a closely guarded

secret, but we do know that it includes artists like **Dave Matthews Band, The Rolling Stones** and **U2**.

After **WHFS/Baltimore/Washington D.C.** signed **Lou Brutus** for mornings, **John Dryden's Daily Feed** was in need of a home. The ninety-second Firesign Theater-like feature found a temporary home on **WRNR/Annapolis**, which reaches most of the Baltimore market. The rapid-fire wake-up call for sleepy intellects is syndicated to about twenty stations. Check out Dryden's Web page at <http://www.dailyfeed.com>.

WXPB/Philadelphia's World Cafe is

having a party in Grand Ballroom A at the PRC on Sunday, May 31. Joining the celebration: **Lucinda Williams** and the **Johnny Nocturne Band**. They'll also be treating the first 250 attendees to a special World Cafe CD.

Entercom has reserved **WSKY-FM** for the currently dark, former Progressive outlet **WRRX Gainesville**.

Former **WBOS/Boston PD Jim Heron** can be reached at (978) 887-9280.

PROGRESSIONS

Don't be frightened by the bombast of Puffy and Jimmy Page's re-working of "Kashmir," "Come With Me," there is definitely stuff for the Progressive format on the *Godzilla* soundtrack. While most of you may already be on *The Wallflowers* version of David Bowie's "Heroes," new tracks from the Ben Folds Five, "Air," and Michael Penn, "Macy Day Parade," are both perfect for the format. Jamiroquai's typically funky "Deeper Underground" is also another way the Progressive format can grab a piece of what's sure to be the summer blockbuster.

From halfway around the world (Australia to be exact), come Litany, an all-girl quartet who specialize in a bubbly concoction of Power Pop hooks and post-Punk riffing on their debut full-length, *Peculiar World* (Time Bomb). Echoing the styles of under-appreciated, female-fronted acts such as Romeo Void and Magnapop, Litany's sound is urgent and filled with the kind of airy harmonies and melodies that make each track worthy of airplay. Already a hit in their homeland and beginning to make noise at Modern, the lead track "By Myself" is a great place to start. Other gems from *Peculiar World* include the breakneck tempo shifts of "Aurora," "Madrigal" and "Rome."

Howlin' Wolf's influence on the rock world is undeniable. From the first wave of British Rockers to the current wave of young guitar bucks, the legendary Chicago Bluesman's sounds have been echoing in Popular music for the better part of the last forty years. Out now is the tribute album *A Tribute To Howlin' Wolf* (Telarc), which features a host of artists giving thanks to Howlin' Wolf by delivering their interpretations of many of his classics. Backed by Howlin' Wolf's original band-members (including lead guitarist

Herbert Sumlin, pianist Henry Gray and drummer Sam Lay), performers as diverse as Taj Majal, Lucinda Williams, Ronnie Hawkins, and former Brownsville Station leader Cub Koda put their own spin on the timeless work of Howlin' Wolf.

R.E.M. fans should check out the latest issue of Southern literary journal *Oxford American Magazine*. The magazine has just released its second music sampler which includes the first track recorded by R.E.M. since Bill Berry left the band last fall. "Why Not Smile" is a drum-less ballad that sources have described as "a post-apocalyptic 'Everybody Hurts' (ooooo!)." The general interest magazine is published by former-lawyer-turned-novelist, John Grisham, and the second music sampler from the mag includes music from Marty Stuart, Rosemary Clooney, Vic Chestnutt, and the Ben Fold Five. The CD has a limited run of 50,000 copies which will be bundled with the magazine. Each musical track is keyed to a piece of fiction or essay, and all of them have some thematic tie to the South.

A comprehensive box-set devoted to Stevie Ray Vaughan that consists of 70% unissued music is being compiled by Jimmie Vaughan (who has his own new album out soon) and producer/compiler Bob Irwin. Irwin has said that the set will be a combination of live and studio material. There is no release date for the set yet, which will be either three or four CDs, but the fourth quarter would be a good bet.

Judith Edelman releases the follow-up to her acclaimed *A Perfect World* set, *Only Sun* (Compass) on July 21. Edelman's voice has been compared to the likes of Nanci Griffith, and her Bluegrass-rooted sound has made her a favorite with critics and fans alike. *Only Sun* features guest appearances from Darol Anger, Clive Gregson, Matt Flinkner, and Richard McLaurin.

Tori Amos' saucy cover shot for the latest edition of British Rock mag *Q* is drawing flack from U.S. retailers who have either refused to carry it or have ripped off the cover before selling it. Fans who wish to purchase a

copy may call *Q*'s back-catalogue center in England at 011 44 1858 435 341. A picture of the cover is available on the Atlantic Web site, by logging on to the News & Events section.

Look for The Alison Brown Quartet on an upcoming edition of *CNN Showbiz Today*, and BET's *BET On Jazz*, promoting their new album, *Out Of The Blue*. Check local listings.

Out now from Putumayo World Music is a trilogy of Afro-Latino releases highlighting the influence rich culture of the African and Latin music communities - Ricardo Lemvo & Makina Loca's *Mambo Yo Yo*, Sam Mangwana's *Galo Negro* and Putumayo Presents *Afro-Latino*. *Mambo Yo Yo* is the eagerly-awaited release from Lemvo & Makina Loca, Putumayo Artists' first signing. With a fusion of African and Latin rhythms, Lemvo and his band, Makina Loca's debut effort is a truly international musical affair. While

Sam Mangwana may not be a household name in the Pop world, in World Music circles, he is the stuff of legend, as evidenced on *Galo Negro*. Mangwana continues the musical mission he began in his early '20s, combining the rhythms of Central Africa with Latin, Caribbean and Brazilian musical elements. Rounding out the trio is Putumayo Presents *Afro-Latino*, a collection that culls a host of African and Latin artists, both established and on the rise. A portion of the proceeds will be contributed to Oxfam America, a non-profit organization dedicated to creating lasting solutions to global hunger, poverty and injustice in thirty-one countries, mostly in Latin America and Africa. You can see Ricardo Lemvo & Makina Loca along with Sam Mangwana on Putumayo's Afro-Latino Nights Tour hitting the following locales: 5/28, San Diego; 5/29, Los Angeles; 5/30, San Francisco; 6/1, Vancouver; 6/2, Seattle; 6/4, Portland; 6/5, Santa Cruz; 6/6, Sacramento; 6/9, Boston;

Are these guys in the demo? From Washington D.C. comes this edifying tale of a couple of the nation's leaders. Senators **Slade Gorton**, R-Washington state and **Orrin Hatch**, R-Utah squared off recently over Microsoft, and music. It started on the Senate floor when Hatch, a frequent critic of Microsoft, poked fun at the software company's selection of music three years ago to celebrate the release of its Windows 95 software ("Start Me Up" by **The Rolling Stones**). Hatch, complained about alleged pressure by Microsoft on computer makers to publicly support the company and on computer users "increasingly beholden to Microsoft for software products." Hatch's suggestion: Microsoft should adopt another song for Windows 98, "Under My Thumb." Gorton fired back later in the day, arguing that Microsoft's theme song might as well be "Satisfaction," and he accused Hatch of listening too much to "Sympathy for the Devil." "Microsoft has been satisfying their customers for 20 years, and that's what they want to continue to do," Gorton said. "To the senator from Utah and everyone at the Justice

Department who wants to stand between Microsoft and its customers, all I can say is: You can't always get what you want."

METAL MONSTERS

SLAYER
DIABOLUS IN MUSICA, AMERICAN RECORDINGS/COLUMBIA

SLLLLLLAYYYYYYYYYYYYYYYYYYEEER-RRRRRRRRRRRRRR!!!!!!! Sorry, had to get that out of the way, but it's been a few years since SLAYER put an album out, so we've been storing it up for a while! While undeniably one of the most influential bands in Metal, the band hasn't remained stuck back in the *Reign In Blood* mode, coasting on their old reputation to carry them. Nope, not Slayer. The 1998 version of the band finds them evolving towards the groove-driven sound of today's Hardcore and Metal, but still maintaining the undisputed attitude (get it?) of the band that gave us anthems like "Angel Of Death," "War Ensemble" and "South Of Heaven." Now there's another eleven songs for headbangers to claim as their own. Next week's Most Added album begins deceptively, with "Bitter Peace's" slow, riffy 90-second intro. It finally erupts into the rest of the song, and the intensity doesn't let up for the remaining 40 minutes of the album. Featuring awesome production courtesy of Rick Rubin (who owns American and also produced *Reign* and the BEASTIE BOYS' *Licensed To Ill*, among others), this is the cleanest Slayer's ever sounded. We've been waiting for this one for the last three years, so let's make it count! You've been spinning "Stain Of Mind" off of a cassette for weeks now, so that's a good place to start. However, also spin "Bitter Peace," "Death's Head," "Perversions Of Pain" "Love To Hate" — shit, just play the whole friggin' album, you will anyway!!!! With only the support of Metal radio, five of Slayer's albums have gone gold. Get ready for number six, baby!!

ANTHRAX
SELECTIONS FROM VOLUME 8: THE THREAT IS REAL, IGNITION

Talk about a Metal overload; as if new music from SLAYER wasn't enough, this week brings us the first volley of the new ANTHRAX, too! The band's new album, *Volume 8: The Threat Is Real*, is their first on Ignition, and the best one we've heard in years. Pretty bold statement, huh? What makes this stand out from the band's first seven albums, you may ask? Well, first off, not only has Anthrax not lost their edge, but their songwriting's improved tenfold! Also, subtle flourishes like the percussive breakdown in the middle of "Crush," the cowbell on the censored-for-radio "P*** and Vinegar" and whatever the hell that

effect is in the beginning of "Killing Box" sets this apart from what the band's sounded like in the past, but also differentiates them from the rest of what's on your desk. These three slabs of Rock should prime both you and your listeners for the rest of the album, which will hit stores on July 21.

DEEP PURPLE
ABANDON, CMC INTERNATIONAL

DEEP PURPLE have been unleashing albums since before One of Us was even born, so it comes as a surprise that in 1998, they're still putting out albums that deserve to be worked at Metal radio. However, one listen to *Abandon* confirms that they're far from packing it in. As one of the founding forefathers of our format, this band commands respect because of their heritage, but also earns it based on the strength of the tunes on here. While not as raw as classic Purple albums like *Machine Head* or *Burn*, they've still retained their signature, Hammond organ-fueled sound. Jon Lord still knows his way around an organ better than most porn chicks, and like their last album, *Purpendicular*, the band's lineup also features onetime DIXIE DREGS guitarist Steve Morse. Look for the band to tour this summer with DREAM THEATER, one of the many bands that was strongly influenced by them. Tunes worth discovering on *Abandon* include "Any Fule Kno That," "Seventh Heaven," "Watching The Sky," and "Bludsucker."

HELLSHOCK
SYMBOL OF AGGRESSION, ZODIAC ENTERTAINMENT

The calm, soothing tap of the percussive, jungle-themed instrumental opening track "Ground Zero" is by no means a symbol of aggression that follows shortly thereafter on this record. Eight SLAYER influenced tracks are stuffed full of Death Metal howls and growls supported by extreme power riffs enough to cause shellshock in some listeners. Definitely not for the weak of heart but for the headbanging crew are tracks like "Corrosion," "Irrelevant," and "Lesser Form Of Man," in which the lead singer warns, "No one fucks with me." We wouldn't doubt it, due to the punishing sonic doom he and his band dish out by the shovelful. As with any pissed off brutal Metal band, some naughty words abound so be careful. Oh yeah, and be afraid, too.

STUFF YOU SHOULD KNOW...

* Bruce Dickinson has been keeping himself busy these days. He's currently holed up in a Los Angeles studio, working on his next solo album, which has been titled *A Chemical Wedding*. He reports that rhythm and bass guitars are completed and he's begun work on vocals. He found some time to escape the studio last week and popped up at DREAM THEATER's House Of Blues show in L.A. as a special guest. Bruce sang lead on DEEP PURPLE's "Perfect Strangers," "The Trooper," and another Maiden song. Also, Mr. Dickinson will appear on an upcoming Alice Cooper tribute record.

* It's been confirmed that IRON MAIDEN, W.A.S.P. and DIO will be teaming up for a summer tour.

* In other '80s Metal news, OZONE MONDAY is the name of the new band featuring former SKID ROW members Rachel Bolan, Scotti Hill, Dave "Snake" Sabo and Rob Affuso and new singer/guitarist Shawn McCabe. The new band recently played a few unannounced shows in Long Island and at New Jersey's Birch Hill. The two shows featured no Skid Row material. The band is apparently working on an album with Michael Wagener (who produced Skid's first album) behind the board. Meanwhile, ousted Skids frontman Sebastian Bach is appearing in New York's Electric Ladyland studios with onetime FRETLEY'S COMET members Richie Scarlett and (current David Letterman drummer) Anton Fig, as well as some guy named Larry on bass. Also, Bach is appearing in an upcoming movie with other fallen starts Richard Grieco and Andrew Dice Clay. In the movie, *Point*

STUFF YOU SHOULD KNOW *continued...*

Doom, Bas will play a coke dealer. Can't wait for that one...

* **DEATH** has just completed work on their first album for Nuclear Blast, *The Sound Of Perseverance*. The band's current lineup consists of **Chuck Schuldiner** on guitar and vocals, **Richard Christy** on drums, **Shannon Hamm** on guitar and **Scott Clendenin** on bass. Some song titles include "Scavenger Of Human Sorrow," "Spirit Crusher," "Bite the Pain," and "A Moment Of Clarity." The album should come out in September, but if you can't wait that long, they'll be playing the Milwaukee Metalfest on July 24.

* The remainder of the **TWO** tour has been canceled, so if you think you're gonna be able to see **Rob Halford** on tour anytime soon, you've got another thing coming...

* We told you a few weeks ago in *Stuff You Should Know* about **PHANTOMAS**, a new band featuring ex-**FAITH NO MORE** vocalist **Mike Patton**, **GRIP INC.**/former **SLAYER** drummer **Dave Lombardo**, **MELVINS** guitarist-singer **King Buzzo** and **MR. BUNGLE** bassist **Trevor Dunn**. The band has just announced dates for their first live tour, which will start on June 18 in San Francisco. The band will also stop by the Knitting Factory in

New York to play two shows on July 1 and 2.

* If you're going to be in New York next Thursday (5/28), make it to the Bank, for the McGathy Edgefest. Doors will be at 7p.m. for the show, which will feature **CODE SEVEN**, **MURDER 1**, **DAYINTHELIFE**, **ABSOLUTE BLOOM**, **NEBULA**, **DEMONSPEED** and **TODAY IS THE DAY**. The show is 18 and over, 21 to drink.

* Lately, the *fmqb* offices have been kickin' it old school on the **W.A.S.P.** reissue tip! The first two of the remastered **W.A.S.P.** albums, their self-titled debut and *Live In The Raw*, have shown up in the mail. Most of the band's catalogue has been remastered and re-released. The albums all feature B-sides, live tracks and acoustic versions of songs, as well as liner notes by **Blackie Lawless** himself! We're just psyched that the first album included "Animal (Fuck Like A Beast)" like it was originally intended to!

* Here's the track listing for the self-titled **SYSTEM OF A DOWN** album, dropping in July: "Suite-Pee," "Know," "Sugar," "Suggestions," "Spiders," "Ddevil," "Soil," "War?," "Mind," "Peep-hole," "Cubert," "Darts" and "Pluck." After having listened to the album, we think they're definitely onto something. Find out yourself and

catch them on tour with **SLAYER** and **CLUTCH** or see them on the *Ozzfest* tour this Summer.

* Congratulations to **WFCS/New Britain Metal Director Chip McCabe**, who's graduated from school and the radio station. The new Metal Director at the station is **Mindy Shedd**, and we have a feeling that Chip will pop up somewhere in the industry soon. Something that evil will not die easily!

* You may have wondered where **WTFX/Louisville's Metal programming** has been for the last few weeks. Well, the show has been revamped and will return starting May 30. **Lloyd Satterfield** is out and former host **B. "beef" Frank Webb** is back in the house!

* Unfortunately, this was the last week of Metal reporting for **KUNV/Las Vegas**. **Les Stewart** dropped us a line to let us know that the station has flipped to an all-Jazz format.

* We haven't heard from the following stations for two or three weeks, and will all be dropped if we don't hear from them soon. We're assuming they're all college stations that are on break for the summer, but if you're reading this and your station's one of the following, get in touch with us NOW! **WFAL**, **WSUP**, **WVCS**, and **WXVU**.

WAMX, HUNTINGTON, WV PD/MD-DEBBIE WYLDE:

HOWDY!!! We ROCK! Clutch came to town last Friday night and rocked...hard! (I said 'hard')! What a kick-ass show! The Drop Shop, here in Huntington, was packed and felt like a steam room with hundreds of crazy fans moshing their butts off! Coming to town real soon: **Luxx**, an **Alice In Chains** tribute band, **Southern Culture On The Skids**, and **JERRY CANTRELL!** We ROCK! After seven weeks as our "Screamer Of The Week," Creed's "Torn" was knocked out by **The Dave Matthews Band**. Can **Dave** start a new trend, or will **The Pumpkins** rule? OR, will Creed's new tune kick ass??? WAMX continues to "Rock Around The World." We gave away our first trip for the **Pearl Jam** kick-off in Missoula, Montana. Now, we're qualifying our wonderful listeners to see **Metallica's** kick-off in West Palm Beach, Florida. We ROCK! As I've mentioned before, WAMX will be holding X-Fest on September 26. Last year, **Jimmie's Chicken Shack**, **The Hazies**, **Days Of The New**, **Vibrolush**, and more rocked the tri-state. LET'S START PLANNING AHEAD!!! Kicking ass on the phones: **Creed**, **Semisonic**, **Dave Matthews Band**, **Metallica**, and the new **Smashing Pumpkins**. Our top requests at night: **Addict**, **Coal Chamber**, **Rammstein**, **Fuel**, and **Rorschach Test**. Also rocking at night: **Sevendust**, **Deftones**, **Econoline Crush**, **Gravity Kills**, and **Girls Against Boys!** We ROCK!!! Please remember: Music calls will ONLY be taken on Thursdays after 2pm Eastern. Thanks!

KRZZ, WICHITA PD-LESTER ST. JAMES:

Once again we've somehow survived the Wichita RiverFest!! Ten days with little sleep and what seems like non-stop logistical problems!! But, in the end, our team pulls together and we make it happen!! Team Icehouse came up short in its quest to repeat as River Festival champs!! A heartbreaking loss on the semi-finals left us in the stands to watch the Pylons (and their team of 8 current and former pros) win the title over the team from Tulsa (and their CHL All-Star goalie) who beat us! And, what a game it was!! A 2-2 tie, and we lost the shoot-out 1-0! This week should be fun — office is closed on Friday for our floating holiday — so there won't be any sales people or office staff for those of us who will be working!! The 12th Annual **Bill Rusch Memorial** is just over two weeks away!! Thursday, June 4, at Willowbend Golf Club. Time = noon (tee-off at 1.) Hotel = Marriott. (Call 1-800-350-2950, ask for Ron, and the **Bill Rusch Memorial** discount rate.) Other mindless Lester ramblings: We're about 60 days out from Conclave 23 (July 16-19) in downtown Minneapolis. The Marriott and Radisson are SOLD-OUT!! And, we

anticipate one of the largest turn-outs in our attendance history, so what are you and your label going to do to get noticed?? Need help?? Call Conclave headquarters — 612-927-4487! Peace, love and the entertainment dollar!

WLZR, MILWAUKEE MD-MARILYNN MEE:

Looking forward to the 3-day weekend? Me, too! I'm going to Atlanta. If I'm not back by next Tuesday, my sister has killed me on the tennis courts. Notify the authorities!

WKZQ, MYRTLE BEACH PD-ERIC HALL/MD-SUMMER JAMES:

'Twas the night after **BIKEWEEK** and all through the beach/Not a Harley was revving on Front or Back Street/20,000 came, they rode & paraded/While those without, on the boulevard for rides, we waited/We partied & drank and stayed up for 5 nights/Some preached & played music/Not really any fights...**BIKEWEEK** was filled with incredible weather/Didn't matter how hot/We looked cool in our leather...Everyone is family/We've all become brothers/Now they must leave & we'll look forward to next year/When they will bring others...In case you were wondering, we really do have one of the largest bike rallies there is. It is truly one of the greatest weeks all year long, completely city-supported (May is Bike Month.) And, let me tell you, it's the best time to break down. LEAVE the car, stand on the road for 2 seconds and BOOM!!! You have the wind in your hair and vibration between your legs (THE BIKE!!) And, good old Southern Rock abounds. Just ask the House Of Blues how much money they made on **.38 Special**, among others, this weekend. A great week for the **Van Zant** brothers to make a stand. Soooo, this is my national invitation to join us for **BIKEWEEK '99**. Come to Myrtle Beach for the experience of a lifetime...Oh, yeah, music news: We are still big **Kenny Wayne Shepherd** fans — coming here May 29. Looking forward to **Ozzfest** and need front row to **David Lee Roth**, when that comes down. Hey! Hey! If you own a "rice-burner," this is your week (Memorial Day). It's just for crotch rocket riders (you know who you are). And, I'll be hosting my first "Women Rule/Chix Rock Festival" this Sunday. I do "Your Nightly Female Foreplay," called "Women Rule/Chix Rock" this week. This week it's live. Once again, if you have a female artist you are pushing, send a package. We are booking "WR/CR" fests all summer long. Excuse me as I ramble. I HAVE to write because "The Queen Voice Of The World" LOST hers this weekend, with all the wind in my hair. Back to the ocean of music...

SCOTT "LO/JACK" DOUGLAS EPIC (212-833-5011):

Godzilla! *Godzilla!* *Godzilla!* See the movie! It's fun, that's it, plain fun. Mind candy. Meet the lizard, chase the lizard, get chased by the lizard, chase the lizard again, lose

the lizard, find the lizard, tear up some buildings, squash some people, root for the lizard, you love him (her?)!!! Play the soundtrack songs. Wow! Will you get phones if you play **Puff Daddy** and **Jimmy Page**. This is the first song that hits when the end titles roll in the film...followed by "Heroes"!!! H-I-T!!! Pow!!! **Lo/Jack** is happy, happy, happy! **KTXQ**, **WRCX**, **WMFS**, **KLBJ** and others stepped out with an official add, on the board. **Puff** and **Jimmy** are happy, happy, happy!!! POW!

The lizard is happy. **Wallflowers** are happy...top 5? Hello? **Pearl Jam** is happy...top 10? POW!!! "Wishlist" smells like a hit!!! **Pete Droge** is my labor of love project, and thanks to **WDVE** this week, "Spacey And Shakin'" continues to grow and develop quite nicely, thank you very much! **Pete** is so much the real deal. Many other tracks to chose from, as well! Two more things and I'm out...**Rage Against The Machine** (another from *Godzilla*) "No Shelter" is a GREAT **Rage** track...absolutely no album throw-away track here. This is the real (m-f-ing) deal! The frontline is everywhere. Adds on 6/9. And, you heard it here first, **Mayfield Four**. Watch your mail for the **Lo/Jack** card game. Get a (Mayfield) four of a kind and you're going to Vegas, Baby!!! Have a great Memorial Day!!! **Lo/Jacks** to: **Charlie** "I'm Back And You Get A Triple" **Waters**, **Redbeard**, **Dave**, **Jo** and **Natalie**, **Jeff** and **Loris**, and **Joe Bevilacqua!!!**

**JOANNE GRAND
WINDUP ENTERTAINMENT (212-251-966) EXT. 236:**

Finally, New York has sunny and warm May weather!!! Actually, it's only great until you stand next to the person who is sticking to a one-shower-a-week routine. Oh well. Right now, you should already have the new **Creed** single, "What's This Life For," whose impact date is June 2. Did you check out the bonus capabilities? The D-Pro is an enhanced CD with a screen saver and excellent live footage. We're getting great feedback on it! Call us for a special enhanced CD promotion, or if you need another copy. Finally, keep in mind that both **Creed** and **finger eleven** (our next release) will be performing at the McGathy festivities. As always, call me if you need anything.

**DAVID ROSS
SIRE (212-253-3916):**

Guster continues to gather airplay at Rock Radio and will be on tour with **Widespread Panic** and the H.O.R.D.E. Tour. **WAPL**, **WRAT**, **KLFX** and **WGLO** all found room this week. **Guster** continues to gather great feedback from listeners due to the left-of-center sound that really isn't displayed at the format at the moment. I encourage you to listen again and again to this great-sounding record...Keep an eye out for me coming through your market some time in the next month to play **The Tragically Hip**. **The Tragically Hip** have given us their best record to date that will enable them to crack that Canadian stigma that has been attached since birth. "Don't Tell Me What The Poets Are Doing" will be the first release from the album entitled **Phantom Power**, due in stores July 14. This record really rocks. Call me for more details...July and August will be busy months, as well, with releases from **Tina & The B-Sides** (July 14 add date) "No Holdin' Back," and **Tim Carroll** (tent. August add date) "Good Rock From Bad."

**HILAIRE BROSIO
ELEKTRA (310-288-3842):**

The truth is here...**Filter's** "One," from the forthcoming **X-Files** soundtrack, debuts at Rock this week with 31 stations. Early believers include: **KUPD**, **WXTB**, **WRCX**, **WLZR**, **KEGL**, and **KRZR**. The soundtrack arrives in stores on June 2, and also includes numbers by **Foo Fighters**, **Better Than Ezra**, **Tonic**, and **Sarah McLachlan**. Big kudos to all the nitro junkies who've helped us take **Metallica's** "Fuel" into the Top 5 on the BDS Active Rock side of things. The video is debuting on MTV later this week, and the tour launches next month. In a mere 5 weeks "Black Valentine," from **The Scott Thomas Band**, slips into the Top 30 on **fmqb** Rock 25-44 chart. Elsewhere, **Feeder's** "High" is raging at the likes of **KQRC**, **WLZR**, **KEGL**, **DC101**, and **WRCN**. **Feeder** will be on the road this summer with **Stabbing Westward**, so come and cop the buzz. 'Nuff said.

**JOEY SCOLERI
HOLLYWOOD (818-560-5395):**

e.mail.joey_scoleri@studio.disney.com **Sprung Monkey's** "Get 'Em Outta Here" is a summertime smash! **KROQ** has the song in heavy, and the full **Mr. Funny Face** CD sold 566 pieces this week in L.A. for a #136 rank in the market. **KROQ** is already getting phones! Rock Radio has always been about attitude and irreverence. **Sprung Monkey's** "Get 'Em Outta Here" has it in abundance! Don't let Modern Rock beat you to a hit record!...**Caroline's Spine** "Wallflower" picks up **WCCC**, **WKLQ** and **WTKX** to go along with a #51 **R&R** Active Rock ranking, #70 **Album Network** Powercuts standing, and #73 **fmqb** Hot Trax status. Already on **WRIF**, **WJRR**, **WBUZ**, **WIOT**, and 45 others. **Caroline's Spine** is playing a ton of shows this summer, they can play yours...**Fastball's** "The Way" is an

absolute smash. As I write this, the band is on **KROQ's** "Kevin And Bean" show performing acoustic versions of the great music on **All The Pain Money Can Buy** CD, which sold 33,816 pieces in the face of a down market. **Kelly Research** 18-44 demo, "The Way" is #4. **R&R** Active Rock Breaker at #32, **R&R** Rock #26, **fmqb** Hot Trax #25, and **Album Network** Powercuts #28. **Fastball** is touring with **Everclear** and **Marcy Playground**. Your audience digs them, don't they?

**MIKE LYONS
LEE ARNOLD MARKETING (414-351-9088):**

"They don't mind if you're nervous on stage, they mind if you don't care," **Frank Sinatra**. Stations like **KTHX**, **KRSH**, **WXPN**, **KBAC**, **WMMM**, **WCLZ** and **KFXJ** cared about the new **Sonia Dada** so much they added it a week early. "Zachary" and "You Don't Love Me Anymore" are the tracks folks are talking about. Goes for adds this week (5/26.) Two new projects have a nice buzz after a quick set-up: **Jupiter Coyote's** "Ship In A Bottle" is a great story song from a fine southeastern band that has sold over 50,000 units on their own label, and are now going for adds on June 2. **Santa Rosa** bud and slide guitar wiz **Roy Rogers** is back with the album **Pleasure And Pain**, also going for adds the first week in June. "You Can't Stop Now" is a great call and response number with **Sammy Hagar**, that knocked out a few big PDs ahead of the curve. More great Blues, on the CD, on your desk now. Speaking of 'ahead of the curve,' I almost hit the floor two weeks ago when I heard **Paul Butterfield's** "One More Heartache" on **NBC's Homicide**. Producer **Tom Fontana** has also dropped in stunning shots of **John Hiatt** and **N.I.N.**, too. Finally, a suggestion to **Bill** and **Rose** for next week's McGathy convention — "I Went To Yankee Stadium And Lived" T-shirts.

**MIKE MENA
COMBUSTION (310-318-5707):**

Jesus Jones tour dates will be announced any time now. Look for the dates to start in July on the east coast and run through August on the west. It's never too late to be turned on. Dig out the CD and check it out. "The Next Big Thing" is a significant, meaningful song that is finding its way into films and TV commercials. I don't know if it's gonna change the world, but I hope to hell it's gonna change me.

e-mail:skatebmkt@aol.com <http://www.Skateboard-Marketing.com>
On your desk is the **Hellshock**, hailing from Chicago, another fine example of how the midwest can shred your shit up. Add it this week. Just ask **Scott**, at **WKTA**, about how good it is. **Monster Magnet** is also tearing it up. You all should be on it. Call us ASAP if you don't have it. **Motorhead** is on your desk and **Ozz-Fest** is right around the corner. Talking about the second stage, **Kilgore** is gonna tear shit up. I saw them shred at **Lupo's** in Providence, RI for their second release party. Fourteen hundred people packed in. What's better than that! **Rorschach Test**, **Nihil** and **Clay People** all kick mo fuggin ass. All are doing interviews and press so you know you want one. All three should be in your top 10 cuz they rule. **Savatage** is on the road in 3 weeks, and we have the guest list and interview schedule, keep the spins up. **Bad Religion** is headlining the **Warped Tour** and tickets are tight. Better put them top 10 and call us ASAP. **Atlantic** is not handing out tickets unless the album is top 10. **Venom** is awesome and rules. Call me if you need anything to help the record go along. We have maxi-cassettes from **One Minute Silence**. They are for the record release parties for your station. If you are into it, we have extras for some stations so call me on it. **Los Gusanos** is on the road, **CJ** is doing interviews at the clubs. This is one record that is way happening and works. Keep your eyes on the mail for **Voivod**. Till next week, c'ya.

Modern Picks

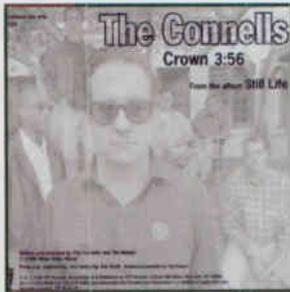

Jeff Buckley, "Everybody Here Wants You," (Columbia/CRG)

The magic of Jeff Buckley is alive and well in these, his final recordings. Taken from the soon-to-be-released, *SKETCHES for My Sweetheart The Drunk*, this song is a remarkable example of just how talented Jeff Buckley was. One can only imagine how much more brilliant this collection of songs would have been if he'd been able to put his finishing touches on them. By itself, this song is as crisp, and realized as anything he's recorded, a testament to his talents. His beautiful voice fills your consciousness and sweeps you away to another place, as only Jeff Buckley can. Play this record because it's GOOD, if not for any other reason. His magic deserves to be shared with your listeners, and should live on for many years to come.

Caramel, "Lucy," (41 Records/Geffen)

Toronto-based quartet Caramel have been building a nice before-the-box radio following recently, and look to score high marks in the States come add day with this great first outing. Another in a long line of canadian acts finally gaining attention in the U.S., Caramel are described as "Modern Day Rock Heroes," and produce a unique, and altogether catchy sound that your audience should eat up. Taken from their electrifying self-titled debut.

The Connells, "Crown," (TVT)

Seven albums into their acclaimed career, it's time to put The Connells on the radio map. There is no excuse to not play this song. It's luscious arrangements, skilled production and infectious melody are a perfect fit for Modern Rock radio. "We were so prepared for this record," says drummer Peele Wimberley. "It's a more direct record, lyrically and musically, than the last one. I think it's maybe even got more Pop songs than the last one. Just more melodic, three-minute, simple-to-get-into-the-lyric songs." That said, pop in this CD and give this record an honest shot. On at KENZ, WHTG, WRXQ, KZON, WEQX, and KACV.

Emmet Swimming, "Sunblock," (Epic)

Emmet Swimming is one of the East Coast's most successful touring bands, playing in front of nearly a half million people in 32 states, and opening for the likes of the Dave Matthews Band and Barenaked Ladies. The band will also be playing dates with Agents Of Good Roots and H.O.R.D.E in the coming months, supporting their newest

release, *Big Night Without You*. This first single is a tour de force of musical eclecticism, mixing Surf, Honky-Tonk, Punk, and Mariachi horns (courtesy of labelmates Save Ferris). It should sound excellent on the air, and a perfect choice for summertime music.

Far, "Mother Mary," (Immortal/Epic)

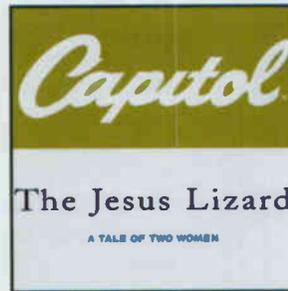

Sacramento's Far has come a long way from selling CD's at their shows and through the mail. Following up their major label debut with Immortal Records, *Tin Cans With Strings To You*, with their newest, *Water & Solutions*, Far looks to extend their success into the Modern Rock world. This is a great song for the format, a song that can easily bare it's teeth at night for those of you that concentrate on Pop at night, or all day if your listeners like to Rock a little. Definitely worth checking out. Already on at WXSJ, WKRL, and new this week at KNDD.

The Jesus Lizard, "A Tale Of Two Women," (Capitol)

Lead singer David Yow has said that the band's latest release, *Blue*, is more of a step forward for the band, incorporating more melodic choruses while still retaining The Jesus Lizard legendary punch-in-the-face attitude. The Jesus Lizard is one of the most respected and influential Punk bands in music. The late Kurt Cobain has credited The Jesus Lizard as having a profound impact on his music. Their fan base remains one of the most loyal and dedicated, and should expand tremendously with the release of this track. Play this song, it's gritty and captivating and dense with attitude.

Lili Hayden, "Stranger," (Atlantic/AG)

"I jumped on every stage that would have me. My thirst for performing was insatiable. When I first started to play with people, it was like getting to kiss everybody that I wanted to kiss in the whole world," says the well-traveled, young violinist Lili Hayden. "I remember my mother calling me a 'jam slut,' and it was true." Hayden has performed with a sprawling list of impressive performers such as the Rolling Stones, Page/Plant, Porno For Pyros, No Doubt, the L.A. Philharmonic, Hootie & The Blowfish, Bush, Tracy Chapman, and Tom Petty, just to name a few. Her talents are obvious, and quite ready to show themselves on her first solo Lp. This funky, sultry, and deliciously produced track should make her individual talents known to the masses very quickly.

-Files... Last weekend (5.16) saw another *HFStival* take place at RFK Stadium in Washington, D.C.. Our personal highlights from the festival were performances by **The B-52's**, to which **Dave Grohl** could be seen dancing to on stage, **Barenaked Ladies** and their hilarious mock interpretation of Biz Markee, and **Green Day's** usual destructive festival performance. **Everclear** and **Foo Fighters** also put in solid performances to the delight of the sold-out crowd. Congrats to the **WHFS** staff on what has become America's most successful radio station sponsored festival... It's that time of year where we get to significantly increase our frequent flyer mileage as this weekend our travels take us to Chicago for **Q101's Jamboree 98** (5.23) and Pittsburgh for **WXDX's X-Fest** (5.25). More on these next week... While 99% of the world was saddened by the passing of **Frank Sinatra**, the folks at San Francisco's **Live 105** issued a press release stating that the weekend of May 16 & 17 would be a *No Frank Sinatra Weekend* and the station would be a *Frank Free Zone*. "Our listeners are still shell-shocked from the torrent of *Seinfeld* hype the last few days," explained VP of Programming **Richard Sands**. "The last thing they want now is a barrage of Sinatra nostalgia! We are striving to be the only oasis in a sea of *Old Blue Eyes* tributes." The station aired an hourly "No Frank Sinatra" message over the course of the weekend... Meanwhile, we were on our way to meet up with Virgin's **Dawn Hood** to check out the new album by **The Smashing Pumpkins** at a private listening with **WPLY's Jim McGuinn**, **Doug Kubinski**, and **Dan Fein**, when we heard Y100 middayer **Bret Hamilton** bust into a half-hour of Sinatra for that day's *Nooner*. According to McGuinn, who provided the music for the *Nooner* from his personal CD collection, the phones were lighting up with requests for Sinatra classics. As for the Pumpkins album, let's just say that it is going to be "Perfect" when you get it in your hands... Back to Live 105, the station has announced the line-up for this year's *BFD5* concert, being held on June 19. **Prodigy** and **Green Day** headline the event with **The Crystal Method**, **Propellerheads**, **Bid Bad Voodoo Daddies**, **Cherry Poppin' Daddies** and **Blink 182** also slated to appear. More additions are expected to be announced shortly. With Prodigy playing in San Francisco the day before another west coast station's fest, can we expect to see them on that bill as well?... **WBCN/Boston** has announced the details of *River Rave '98*. Playing at this year's event will be **Green Day**, **Soul Asylum**, **Scott Weiland**, **The Offspring**, **God Lives Underwater**, **Big Wreck**, **Creed**, **Spacehog**, **Jimmie's Chicken Shack**, **Semisonic**, **Cornershop**, **Blink 182**, **Fuel**, **Feeder**, and **Econoline Crush**... Y107/Los Angeles MD/air personality **Mike Savage** was at the center of a controversy last week when he took to the California airwaves with a report surrounding Third Eye Blind singer **Stephan Jenkins**. Apparently the frontman used to be in a Rap band whose song had landed on the *Beverly Hills 90210* soundtrack a while back. Catching wind of the report and subsequent goof on his past endeavours, Jenkins called into the station and asked for

Mike, telling him that he had heard his report on the air, and wanted to comment on it. He told Savage that "Yeah, I used to rap, so what? I was living on the floor of my friend's apartment at the time, and I was offered lots of money to put one of my songs on the *Beverly Hills 90210* soundtrack, so I did it." He also stated that that was how rumours got started that he had written the popular TV show's theme song, which he didn't. He did say that if he had been propositioned to write the music, he would have done so in a second, because at the time he was "starving." Savage commented afterwards that he was "impressed he came out and admitted it, wasn't ashamed and didn't seem embarrassed," and was amused that Jenkins actually heard the report, "See, ya never know who's listening, especially here in L.A!"

Y107 also broadcast live from Disneyland's newly opened Tomorrowland from 7-Midnight last Friday (5.15), with guest **Corey Feldman** joining the staff on the air. Savage and Feldman went out into the park with wireless mics and had fun with the Disney crowd, reporting in throughout the day... **KPNT/St. Louis** bid a fond farewell to *Seinfeld* last week, drawing 3,000+ people to downtown St. Louis for a special showing of the final episode. The Point, in conjunction with the City of St. Louis, blocked off Tucker & Washington, and projected the show on a 7-story building, had local act **Soul Kiss** play beforehand, presented an **Elaine** dancing contest and **Kramer** door entry contest. The promotion generated a ton of publicity from Fox TV, NBC (which co-sponsored the event), made frontpage news in the local papers, and drew the ire of crosstown competition **KSLZ**, who had tried to flash their logo on the building via spotlight, much to the dismay of the growing crowd. The police chased the spotlight pirates away, charging that the logo would incite a riot. Talk about listener loyalty!... **WRAX/Birmingham** held it's annual *Undie 500* promotion at The Mill happy hour party recently, providing listeners with boxer shorts and instructing them to race through the streets of Birmingham in their skivies. Winners had a choice between \$107 and Pearl Jam or Matchbox 20 concert tickets... Today (5.22) marks **WBTZ/Burlington's** first ever *Buzz High School Band Search* finals, and **Steph** tells us the response from high school musicians has been enormous. Stay tuned for the winners so you can sick your A&R staff on 'em! The Buzz will also have their Web site up and running very soon. You can check out a Buzz broadcast now at www.broadcast.com... **WRZX/Indianapolis** is in the height of *Indy 500* promotions, offering the listeners *X103 Pit Stops*. People can drive through four or five different pit stops set up by the station to pick up stickers, plate certificates, a chance to win Pearl Jam tickets, Coca Cola \$100 ATM cards, *Indy 500* tickets and tickets to *Carburatation Day*, a huge pre-*Indy* party. *X103* has also announced plans for its 1st Annual *May Day* concert with local heroes **The Why Store**, **Big Wreck**, and **Push Down** and **Turn in** Garfield Park. It's a low-dough show (\$5) and proceeds will benefit the *Indy* park system. **WRZX PD Scott Jameson's** long-running specialty show, *Virtual X*, will be celebrating it's 5th anniversary with a concert featuring **Reverend Horton Heat**. The \$10 show will benefit the *Canine Disease Research Fund* at the *Perdue School of Veterinary Medicine*. A benefit foundation was set up by **WRZX** staff for advanced research on man's best friend, in the name of **Jameson's** dog **Simon**, who was recently lost to diabetes. A great charity benefiting from a great guy and a great station... This quarter has been one of the busiest for new music in the format in recent memory. That in mind, it's also one of the easiest times to let really good, potentially explosive new music slip by you. We urge you to avoid missing acts and songs such as **Big Wreck's** "That Song," a song that could easily turn into one of **THE** songs of the summer, **Eve 6's** "Inside Out," **Our Lady Peace's** "4 am," **Gloritone's** "Halfway" - a Top 5 testing record at **KEDJ/Phoenix** - and **Radiohead's** "No Surprises." While many of you feel that **Radiohead** is more of an album experience, the bottom line is that people like the band. **Radiohead** plays by their own rules, and **DO NOT** offer cookie-cutter crafted songs. They do, however, offer the listeners an ecstatic "alternative." If memory serves us correctly, bands like **Pink Floyd**, **Yes**, **Rush**, and even **Led Zepppelin**, offered fresh-faced AOR listeners gleaming examples of extraordinary "epic" songs that those listeners wore as a badge. Check the dial, those songs are still being played today, and those, now older, listeners still have a very special place in their hearts for them. What's that mean to **Modern Rock**? Well, if your objective is to cultivate an audience that will be with you for years to come, playing songs like **Radiohead's** "No Surprises," "Karma Police," "Let Down," or "Paranoid Android," could give your listeners music they actually care about, the badge they so desperately seek, for many years to come... Just a thought...

MODERN DIRT:

APD **Dan Thomas** has been officially named PD at KWHL/Anchorage and will also assume MD duties. He had been filling the PD role on an interim basis. Thomas also relayed to *fmqb* that the station is moving in an Active Rock direction, but will still play a lot of Modern Rock crossover tracks. KWHL has been playing Queensryche, AC/DC, Van Halen, and Aerosmith as library tracks, with a dose of Soundgarden and Alice In Chains thrown in as well. Also, **Captain Rowdy** comes aboard as the new morning show and Thomas is searching for a new midday host as current middayer, **Joe King**,

will soon exit the station... **Alex Cosper** exits as OM of WLUM/Milwaukee. Could more changes be in store for the Modern Rock outlet after their Memorial Day weekend festival?... **Corbin Dooley** called to say he will be exiting his positions at **PC Music**, a company he helped found, and **91X/San Diego**, where he hosted *Ear Xtasy*... The folks at **WBTZ/Burlington** have finally hired a morning show. After an extensive search, **Kyle Smith** has come on board at The Buzz. Smith, a former Rev 105 DJ, will start on June 8. Also at The Buzz, **Picard's Spinning Unrest** moves to 8p.m. and is now followed by *The Buzz Homebrew*, an hour's worth of programming dedicated to local music. **Nicole Saultis** will oversee *The Buzz Homebrew*... **KTEG/Albuquerque PD Skip Isley** is in need of air personalities in the wake of a couple impending departures. **Rob "Hardy" Poole** is exiting The Edge to head to **KXTE/Las Vegas** where he will take on nights and imaging duties. Also, MD **Julie Hoyt** will exit in June. Both held airshifts at KTEG, which Isley now needs to fill. Send your T&R to: KTEG, Attn: Skip Isley, 2700 San Pedro NE, Albuquerque, NM 87110. Who knows, you could soon be following **Kit Missile** on The Edge... Former **KGDE/Omaha** and **WEJE/Ft. Wayne DJ Jen X** will assume the overnight role at **Q101/Chicago**... **WMRQ/Hartford** names **Melissa Hawes** as Promotions Director... Former **WPLA/Jacksonville** morning man **Dick Dale** has returned to the station for nights, replacing Sally, who segues to P/T and will host a weekend program titled, *Sunday Morning On The Planet*, which will feature lighter, more serene music programming (perfect for a lazy Sunday morning!)

The Afghan Whigs recently performed at New Orleans' Jazzfest to celebrate the completion of their follow-up to 1996's *Black Love*, have disclosed some details of their new multi-record deal with Columbia Records. The tentative title for the new album is *1965*, an allusion to the year frontman Greg Dulli and bass player John Curley were born. Dulli, who produced the band's last two records, is also the sole producer of this one. *1965* was recorded at Daniel Lanois' Kingsway Studios in New Orleans with longtime Whigs associate Jeff Powell engineering. The finished record is tentatively scheduled for a late September release on Columbia, after which they will gear up for a full tour.

After recording his contribution to the *Great Expectations* soundtrack, former-Soundgarden frontman Chris Cornell is preparing to head into the studio to record his first solo album, tentatively slated for release in October. Cornell is currently putting together a band and wrapping up principal songwriting for the album. He plans to go into the studio at the end of June. Cornell is also

According to the Oasis Web site, Noel Gallagher will be hitting the studio soon to demo songs he wrote "whilst on vacation in North Africa." It is yet-to-be-determined when these future Oasis tracks will be released. Currently, Noel can be found as one of the artists featured on the upcoming *X-Files* soundtrack. His contribution is a track called "Teotihuacan," which was inspired while on tour in Mexico City where he and other band members took time out to visit the Teotihuacan ruins.

The mix album, which is the first release on the new label, will feature The Chemical Brothers playing DJ to other artists' material as well as their own. There is no word yet on who is highlighted on the album, other than themselves. Freestyle Dust, which is

Getting The Most Out Of Research

By Matt Hudson

Each month the Wimmer-Hudson newsletter addresses concerns raised by their clients and other broadcasters. With their permission, *fmqb* in turn, relays Wimmer-Hudson's wisdom to our readers. This month's newsletter shares valuable insight for anyone who is involved with a research study.

Start a "laundry list." Prepare a list of what you would like to know. Go over the list several times to find out which issues are *really* important. Don't include questions just for the sake of digging up "interesting" information. All questions should be relevant to decision-making. After reading each question, ask yourself, "What am I going to do with this information?" If you don't have a strong answer, don't ask that question.

Consider the timing of each study. If you are anticipating tracking research results from one year to the next, the studies should be conducted during the *same month* each year. Don't compare a study conducted in February to another conducted in October. In addition, make sure that the *samples* are the same in *both* studies. For example, if one study involves station Cume and the other involves station Fans (P-1s), they probably cannot be compared. Do not conduct studies during any major holidays or special events such as the Super Bowl.

Sample size. Use only what you need. Don't increase sample size for the sake of larger numbers. A sample of 400 produces a *maximum error* of about 4%. If you can't live with that, then increase the sample size. However, a larger sample size alone does not make a study better, more reliable, or more valid.

Don't limit the sample. Keep the sample broad enough to get a good look at specific demographic cells, but don't limit your potential. The value of a study in making decisions about a mass audience decreases with the increase in number of screening variables (age, sex, station listening, etc.).

Questionnaire length. Keep the maximum length to no more than about 17 minutes.

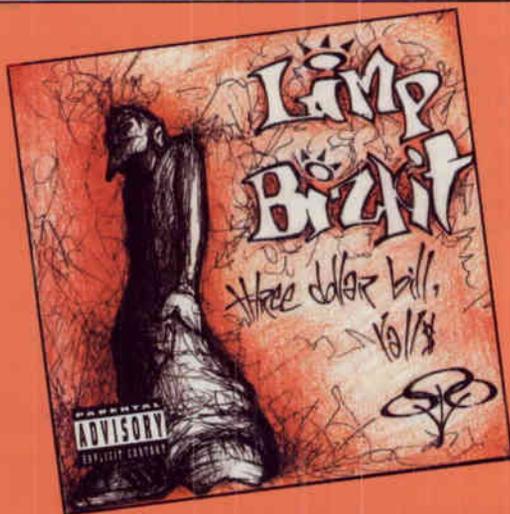

Types of questions. Don't ask overly complicated questions. Keep your questions simple and easy to understand. Don't expect listeners to know what you're talking about — the respondents must be given enough information on which to make a decision. If you get a majority of "Don't know" responses, you probably have a question that wasn't worded correctly.

Scales. Use the same type of scale throughout the questionnaire. If you start with a 10-point scale, don't go to a 7-point or 5-point and then back to a 10-point. Mixing rating scales will confuse the respondents.

Get help from listeners. If you're not sure what to ask in a questionnaire, conduct a few focus groups and let the respondents help develop the questions. Experiment with the focus group respondents to determine if they understand what you're after in the questions that you plan to ask.

Understand the final product. You must know what the final data tables will look like before the study is conducted. Understanding the final table layout will help in designing the questionnaire as well as getting the most out of the study. If you don't understand what the data will look like, your study will be designed incorrectly or poorly.

Alternative and Pop this last year (**Hanson, Spice Girls, Backstreet Boys**), and may be moving into the Pop and Rhythm cycle, and perhaps the beginning of, what I like to call, the Extremes phase of the cycle.

Let's talk about the state of Rock radio. The Alternative format continues to struggle in many markets, while Active Rock seems to be doing well in a lot of places.

There's an entire crop of great new Rock bands that are waiting for someone to expose them, and the successful Active Rock stations have tapped into this. It's a sales problem, and 18-34 men aren't nearly as desirable a demo as the demo that nets 80% of the buys out there: 25-54 Adults. Hence Classic Rock's preference as the Rock format of the time. Alternative is a victim of its Pop sister Modern AC, with its very tight list of heritage Alternative gold, and the best new Pop Alternative currents. That will end in the next year, as much of the Pop Alternative music dries up, and Alternative radio takes back its territory from Modern AC.

Modern AC... a hot new format according to some... a vulnerable niche according to others. What do you see in the crystal ball for this format? Where does it fall on the famous Zapoleon format chart?

A recent format study (I'm beginning to believe that perceptual studies usually lag behind a music test in predicting musical trends) showed that Pop Alternative and New Pop Rock are huge, but when we did a music test to follow up the study, we were hard pressed to find enough Pop Alternative music to balance this station's library. It seems to me that the Pop Alternative invasion, which was largely made up of an avalanche of Girl Groups with **Alanis Morissette** and a million imitators, and a lot of Guy acoustic bands, flooded the airwaves on Top 40 as well as on Hot AC and Modern AC. This may have caused this sound to saturate the market's taste for it. Modern AC will continue to work for awhile in very whitebread markets, but it's going to be a rough Fall for the others unless they excel at the other 2M's: a great morning show and tremendous marketing to hold them up.

You've been involved with many of the Chancellor stations. What's it like working with Steve Rivers and company?

It's an honor working with Steve. He's the very, very best... a true programming ninja. You certainly can see his production and programming wizardry all over the country with 'KTU, and now especially with the startups like **KISQ/San Francisco** and **Mega 100**. You also see how he and **Jimmy de Castro** have

been building a cadre of brilliant programming minds for Chancellor's future (and the future of radio in general). He has such a wise and stable perspective. Recently we were at a research project on a Chancellor station that has tremendous momentum. We started to nitpick the station to death in the follow-up session, and I heard Rivers lean into the PD and whisper, "don't change a f..ing thing." Rivers had the wisdom of experience to understand that the station was on a roll, and he knows the danger of over-examining the creative process through a microscope. Another time, we were looking at the various music styles that made up the musical recipe of that station, and discussing what ratio to play what music style. Someone asked Rivers what he thought the station ought to concentrate on, and he replied shortly, "Play The Hits." Its funny, Steve and I were reminiscing about the first time we worked together. It was a programming conference where the "class" was given an assignment to build a radio station from scratch... coming up with everything from product, formatics and marketing strategy, to competition strengths and weaknesses, market history and creating every line item in the budget. Steve and I met when he programmed **KOPA/Phoenix**, and I was programming **KRQQ/Tucson**, and

he teamed with **Scott Ginsburg** to build **Evergreen** and then Chancellor into the fantastic company it's become. I know his biggest source of pride is the people he's recruited into Chancellor, and how he has taken care of them financially. He's a philanthropist, and great human being. I get goosebumps every time Jimmy and I get together. His mind is so far into the future, and all the incredible possibilities for our business. Maximizing every aspect of the business, and the potential alliances with other media... it gets me excited just being a part of it all.

Chancellor has some big market clusters. How hard is it to maximize the potential of each station in the cluster while minimizing collateral damage to the others?

As Rivers says, some overlap is a good thing when its done intelligently. If every station was sliced and diced so neatly that there was no overlap, all of the Chancellor stations wouldn't reach their potential. Successful stations are about building different coalitions of different types of listeners, and when that happens there are bound to be overlapping stations. Let's say you do a format study and find a hole for **Urban Oldies**, but you are

concerned about the impact on your other stations, which are all leaders in their categories. Well, this is the story of **San Francisco** for Chancellor, where **KISQ** was created, and is now #1 25-54 Adults. But **K101, KYLD** and **KMEL** maintained their shares, and actually hurt the competition. In many cases, you have to make the move first with a new format, where you can control the product, even if it does hurt your stations a little bit. Otherwise, you lose an opportunity, and instead, the competition seizes it, and creates your cluster's worst enemy. Its classic marketing strategy right out of **Ries and Trout's Positioning** where **Gillette** has to create the twin blade razor even if it hurts its market-leading

single blade razor, because **Schick** will be right behind, taping into the market's desire for a new cutting edge product.

Company A flips the weakest of their five signals to AC, even though there's no apparent hole. Their target is the big crosstown AC owned by Company B. They hope to knock a share or two off of the big AC, allowing Company A's big Country station to dominate 25-54 in the market. This is an actual scenario that I'm aware of. How much of this is going on out there?

If **Mainstream AC** is covered by the competition's big market signal, and a company is using a weak signal to create another form of

Guy (bottom), and associates (l-r): Steve Wyrostok, Mark St. John, Steve Davis, and John Clay.

we decided to team up to create "our" radio station. When we were working together starting up 'KTU, I referred to us as Mr. Inside and Mr. Outside, we're a great team. It's still the best and most rewarding association I have with anyone in radio today.

de Castro is also a pretty amazing broadcast executive.

Jimmy de Castro is truly the spirit of the company. I watched him start 'KTU, inspiring every single person on the staff to walk through walls for him, and build a legendary station by never ever settling for second best with any detail. 'KTU would never have become what it was without Jimmy (or even have signed on without him, for that matter). Then, I watched this first class philosophy as

Mainstream AC, then I would have suggested first looking for a missing format where there was a compelling need for that product. However, SFX did a great job with "The Planet" in Houston, as **Dave Dillon**, **Jack Taddeo**, and **Dusty Black** created a guerilla "Modern AC" radio station partner to their Soft AC KODA. This was to damage Hot AC KHMIX, which was neck and neck for #1 25-54 Adults every week with KODA. KHMIX was a broad based Hot AC that owned part of the Hot AC, Modern AC and Adult Top 40 hills. Planet moved to specialize in Modern AC. The result: KHMIX was decimated in their first week, losing close to 45% of their 18-34 women, and they haven't recovered yet. KHMIX has now re-tooled themselves to protect their Hot AC position. While The Planet has never gotten higher than eighth 18-34 Women, sister station KODA is now a consistent #1 in 25-54 Adults.

You've helped to engineer some spectacular launches with Chancellor. Making a big splash is one thing. Maintaining momentum is another. What can be done to keep the sizzle going at a station such as WKTU?

The strategy for 'KTU under de Castro, Rivers, **Frankie Blue**, **Bev Tilden** and myself was not taking the first idea, always looking for a way to be different and better with each promotion, and never ever settling for second with any aspect of 'KTU. Obviously, it's a tremendous challenge for 'KTU to duplicate its amazing initial success, part of which is due to the difference between February '96, when it swept #1 in every demo, and now. Remember, radio was much darker and angrier sounding in NYC at that time. And WKTU, with new Dance music and Disco along with **RuPaul** doing mornings, was a beacon of happiness. Market conditions are much different now, and there have been a lot of new stations that have hit the scene in New York. There was no Top 40 then, and **Tom Poleman** has done a magnificent job rebuilding Z100, which was Alternative then. But 'KTU has the NYC strategic mastermind in Sr. VP/GM **John Fullam**, who along with **Frankie Blue**, knows what it took to build 'KTU. They know the blueprint, and they know that the key is never ever settling for anything on 'KTU being second best. That's what it takes to keep the sizzle on 'KTU.

Some say that consolidation and niche formats have hurt artists by making it more difficult to achieve mass appeal, market-wide hits. Others argue that consolidation creates synergies that benefit artists. Which argument carries more weight?

Both arguments are correct. Consolidation will create better networking of research results, which promotes the spread of the hits within formats. You will also see more and more chain adds due to company deals. At the same time, consolidation will also cause more and more format niching and music special-

ization, which will make it a hell of a lot tougher to find songs that can be played on multiple formats.

Pay for play... some see it as a great opportunity, while others fear it as a destructive force. Your thoughts?

There are so many good ideas to make this work. It could be a great revenue stream for radio. It could also be radio's worst nightmare if greed takes over, and a large percentage of a given hour's current music is sold to the highest bidder, weakening the overall strength of the music and its appeal to the audience. A system must be developed that can be understood by owners to understand how much is too much. It's important for all the players to create a multitude of different options for radio to expose music for revenue.

What can the radio and record communities do to develop more core artists?

If there can be some standards and some general rules of thumb to set forth regarding what it takes to create hit songs and the kind of concentration of airplay over a period of time it takes. You will then certainly see more collective synergies to develop artists as both industries unite, as record labels look for more ways, it will create revenue for radio. Prioritizing which artists are going to be the record company's push, and establishing airplay strategies to gain that hit factor, and then supported by enough image branding ads, on-air and off-air station events featuring the artists, etc. will do this.

Once developed, it seems that artists tend to burn out and become passe more quickly. Why is this? Is the public more fickle? Is multi-media bombardment causing the public to tire of songs or artists more quickly? Is the music the problem?

No doubt about it. I think the minds who run all aspects of the media - TV, Radio, Movies and Print - catch on to trends a lot faster, largely due to the speedy information flow of the Internet. And then these entertainment forms, whether in music or some other form of entertainment, are overexposed by every form of media. This has caused these trends to have a much shorter lifespan than during past generations. Also, this generation can get everything it wants instantly. It's all at our fingertips and easy to access. With music, the creative process often suffers, because we don't have the time or patience to sit through some more complex musical forms. I also think that the creative process suffers because of the pressure to produce something that sounds like a "hit," instead of the deeper songs of the past that took a lifetime of suffering by that artist to tell touching, relatable tales in his music. We're looking for easily accessible pop. I guess if there's one thing that's great about the onslaught of a lot of great female artists is that we get a lot of unique female perspectives that we haven't been exposed to heretofore.

Which types of research are you a fan of? Are there any new methodologies of merit?

Callout, Sales, Requests, and just plain talking to that format's audience to get more in-depth knowledge on how they use radio. When you ask that third and fourth question in an interview, you can be very surprised about how your radio station is really being used. I think there is more that one can get out of a music test to learn about your radio station than we do now. **Jon Coleman** knows it, and so does **Steve Casey**.

What advice would you give to programmers who are trying to increase their chances of survival in a consolidated radio business?

More and more a PD, out of necessity, must program 3-4 radio stations, and time management becomes more and more important. The **Time Power Seminar** was one of the most important courses I took, and taught time management in conjunction with the **Daytimer** systems. Also, the **New City** sales training course was an excellent course that not only taught sales, but also strategic thinking in all aspects of radio. It's a necessity for survival in radio to invest the time in increasing one's knowledge in computers, and the ever improving ways we do radio...i.e. digital editors, and understanding all aspects of hard drive programming and other new radio technologies. Obviously, it's more and more about who you know. Network, don't be afraid to share ideas, and volunteer for extra work to help out your company in other markets "for free." This will allow management to become familiar with your talents, and you'll remain top of mind when they're hiring. I think you'll see more and more of that, much like the days where we'd answer phones at the radio station as interns just to get the radio experience and connections we needed to move forward. Since it takes the very best minds to continue to create fresh exciting entertainment, I do hope that as consolidation continues that radio stations will still continue to be a place where people aren't afraid to try new ideas. We shouldn't play it too safe in the effort to develop increased yearly profit margins. This has caused a lot of great, creative talents to leave, or even to bypass radio altogether for other forms of media. This has been most pronounced over the past twenty years. Some of the very best in TV and other media businesses started in radio, where they were allowed some latitude to experiment and try new things. **Ken Levine**, who wrote most of the best episodes of **M.A.S.H.** and **Frazier**, started as **Beaver Cleaver**, a DJ at **B100** and **TenQ**. **Bob Pittman**, who created **MTV**, and now is one of the heads of **America Online**, started in radio. A lot of the best and brightest need to be recruited into radio if our industry is going to survive as a relevant prime entertainment force twenty years from now. ■

Up Close with Zapoleon Media Strategies President Guy Zapoleon

There's been lots of talk about "Girl Power" this year, thanks to five ladies from England who happen to be signed to Virgin. But in the radio world, few programmers carry the clout of Guy Zapoleon. A successful programmer who has become a top consultant, Guy's expertise has been sought by major stations from coast to coast. He's been involved with quite a few high-profile Chancellor sign-ons, and continues to work closely with many of the stations in that chain. We checked in with Guy for his always interesting perspective on the state of the biz.

GUY POWER!

BY DAVE HOFFEL

Zapoleon Media Strategies has grown. How many associates are on board now? How many stations do you serve?

There are five other consultants working with me: Mark St John, Steve Davis, Pat Paxton, Steve Wyrostok, and John Clay. We are also privileged to have Tom Barnes of Sinton/Barnes working with us on KLOL/Houston. Currently we do thirty-nine stations in all, which doesn't include all the projects we're asked to do. We specialize in Top 40 and Hot AC, but we also do Rock, Mainstream AC and Soft AC, Urban Oldies (KISQ and Mega 100 in Los Angeles), and Oldies. I say we are most proud of the recent success of our Top 40 clients, as all of us in Zapoleon Media Strategies are big, big believers in Top 40, and this belief has never wavered even when most of radio was announcing the death of the format.

Certainly, my biggest thrill is going into the trenches to help a client take a radio station from worst to first. It really is simple in concept, but difficult in execution.

1. Find the opportunity (we pride ourselves in

our ability to see grey in the research study... which allows us to read past the numbers and see real opportunity).

2. Clarify who the prospect is, and get a listener profile of their musical and lifestyle likes and dislikes.

3. Design a strategy to build a radio station for them bottom up, passing everything through that filter.

4. Then our team at Zapoleon Media Strategies works with the client to implement the strategy and tailor make the 3M's (Music, Marketing and Mornings) for that target listener.

And most importantly,

5. Create excellent systems to maintain the strategy, and continue to refine the product.

What projects have you personally been involved with recently?

I'm very proud of what's happened on Urban Oldies KISQ/Kiss 98 in San Francisco, on which I worked with Steve Rivers, Michael

Martin and Michael Erickson. It's currently #1 25-54 Adults in San Francisco.

What's coming up?

You never know, something exciting could be looming large just over the horizon. But my goals for the Spring and the rest of '98 are really to be concentrating on coming up with more strategies and ideas to help improve the ratings at our existing clients.

You've spoken about the cyclical nature of Pop music. What stage of the cycle would you say we're in right now? How long will the gravy train last for Top 40? We may be seeing the passing of Pop Alternative as a huge, huge trend, and settling back into where it's just a part of the whole music scene, and not enough to build a format on... just a good style to play. Will Smith's *Jiggy* was #1 in a recent major market music test. That, and the fact that much of the music that tested was Rhythmic, may be a strong indication that the music leader torch has been passed from Pop Alternative to Rhythmic Pop. I believe we're about a year away from the end of the "Rebirth" cycle where Top 40 flourishes. We moved from Pop

1. Find the opportunity (we pride ourselves in

our ability to see grey in the research study... which allows us to read past the numbers and see real opportunity).

2. Clarify who the prospect is, and get a listener profile of their musical and lifestyle likes and dislikes.

3. Design a strategy to build a radio station for them bottom up, passing everything through that filter.
