GRAND RAPIDS

WGRD asked the Report to clarify a little bit on the last Pulse in the market. Their AM and FM simulcasts, so instead of the 7 reported.....they come up with a 10 with the two of them combined.

LAWTON, OKLA.

A group of people are putting together a Record Museum in this city.....and are requesting help from various people in obtaining old 78's at this time. The organization is non-profit and appears to be super legit.....and a long needed service. The Museum will be available to the public for music history research, listening and taping. Facilities will be available to tape any record neededat just the cost of time and tape. Address is : The Record Museum.....701 Arlington.....Lawton, Okla., 73501.....Tax deductible.....They're also taking cash contributions.

NEW YORK

Just another reminder that we'll be in the city this week. See you for a drink at our office at 221 West 57th at 5:30pm, Tuesday. See you then.

LOS ANGELES

And the Beatles just keep on comin.....It'll be \$12.98 an album and \$14.98 for the tape.....(at last rumor.anyway).....the tape will be on Columbia and the album will be on Capitol.....and most important of all the bulk of the money.....almost all of the profit will go to Bangla-Desh. Bhaskar Memon, Capitol President issued a statement late Thursday....."On November 24, in an attempt to clear certain misunderstandings with respect to the position of the various parties concerned with the recordings of George Harrison's "Concert For Bangla Desh." The statement ended with....."I am most gratified to announce that all substantive issues have now been resolved.....and urgent steps are already being taken to accomplish the earliest possible release of the concert album in December."

Apparently the whole controversy over the release of the album came as a result, not of anyone's fault, but of the usual situation in the communications industry.....lack of communication.

George Harrison in an appearance on the Cavett Show, blamed the delay in release pin-pointedly on Bhaskar Memon.....using the words....."I'll just put it out with CBS and Bhaskar will have to sue me."

In obtaining rights to Dylan's performance on record, Columbia President Clive Davis, made an offer.....it was turned down by Columbia and subsequent deals and proposals were made by Apple Attorney, Allen Klein between the two companies.....the result being a sort of split and compromise.....with neither company benefiting financially even close to the normal rate of profit.. in fact little money will be made by anyone except..... Bangla-Desh. The album reportedly will be released by Capitol around the 21st.....but, will be fairly scarce around radio stations.....as even Capitol will have to buy for promotion.....in a statement from John Stanton, National Promotion Director of Capitol....."Since the terms of the arrangement announced by Bhaskar Memon are on a charitable basis, our customary position on promotional record copies will not apply.

SACRAMENTO

Changes here this week.....KNDE which has been sort of an Am underground is shifting more toward Top 40format-wise at least. Rick Carroll formerly of San Jose has taken over the programming.....Pat Moore remaining with the station as a jock. Neal Blase is first to be reported moving to the station, on the air.

LONDON

John Lennon has written a song dramaticizing the predicament of Rainbow People's Party chairman John Sinclair. The Ann Arbor, Michigan, Rainbow Party reports that Lennon has written a three-verse-song based on Sinclair's marijuana bust and his 9½ to ten-year prison sentence. Sinclair was sentenced to prison in Michigan in 1969 after being convicted of giving two joints to undercover police agents. Part of the song says:

"It ain't fair, John Sinclair
In the stir for breathing air."

"Let him be, let him free
Let him be like you and me."

Lennon's song goes on to criticize the American government which he says decorates war heroes for killing while imprisoning free thinkers like Sinclair for smoking grass. A spokesman for the Rainbow People's Party said it is not known yet whether Lennon will include the song called "John Sinclair" on his next album. Other songs on John's and Yoko's next record are one entitled "Attica State, Attica State" and another one about the Belfast riots entitled "The Luck of the Irish".

Earth News

LOUISVILLE

The High Low Contest is being run on WAKY.....listeners guess how much money is in the State's Sinking fund(a large petty cash operation.....collection of license fees, other taxes etc). Listeners are told how high or how low that is. Winner gets a brand new sink.....all installed along with everything else to make up a brand new \$2,000 kitchen.

SEATTLE

KOL is running Christmas Wish also.....but, they push it more toward 18-35 chicks.....and call it Dreams Of An Everyday Housewife.....

INDIANAPOLIS

WXLW is giving away the "World's Biggest Christmas Present." Station has outfitted mobile traveler with toys, coffee, doughnuts, and all kinds of presents..... trailer has been painted green with a bright red ribbon... along with Christmas lights.....looks like a present. Complete with Santa Claus inside, the traveler is hitting various shopping centers.....giving away the prizes.....and providing good will for the station.

BUFFALO

WKBW is running a Marvelous Toy Contest.....Listeners have to present a toy to the station that they made themselves.....likewise it must do something.....have some kind of moving parts (a la Chad Mitchell Marvelous Toy)Winners will be announced in a broadcast outside the station complete with Santa Claus (played by actor disc jockey Don Burns) with all profits received from the toys going to benefit needy families in Buffalo.

MEMPHIS

Memphis Music Association has put together a film on the industry activities in the city. Most of the shots involve the first Annual Memphis Music Awards last MayIt will be used as an educational tool to be shown at various civic organizations in Memphis and throughout the country.

SAN FRANCISCO

S.I. Hayakawa, the man who created much controversy some months ago as president of San Francisco State, obtained access to tapes of all news programs prior to the 1968 elections.....The exact days before is not clear, but it was several weeks' worth. Hayakawa reviewed the tapes, keeping track of positive and negative statements about both presidential candidates.....about Black Militancy and about white middle class. The following chart is the results.....pluses meaning positive statements..... minusus meaning negative statements.....(television only).

	CBS	NBC	ABC
Nixon	+320	+431	+869
	-5300	-4234	-1973
Humphrey	+2368	+1852	+4218
	-2083	-2655	-3569
Black Militants	+1578	+3666	+2052

PHILADELPHIA

Christmas Wish Contest is still hot and heavy in many markets this year.....least of these is this city which is running it on both WFIL and WIBG.

PITTSBURGH

WTAE production man Hank Baughman voicing a "Safe Hunting" PSA. He blew the last line of the spot and swore loud and clear, then re-cut the spot. The engineer later dubbed a slew of PSA's onto carts. Sure as hell, the next morning on the "Jazzbeaux" Collins show, a Safe Hunting PSA came up and closed as follows "So if you're a hunter, be a safe hunter..... God damn it!"

PITTSBURGH

WTAE mid-afternoon man Bill Howell introduced, as an oldie, Sinatra's "Bein' Green". He said something like.... "wonder what it would be like bein' green?" About a minute later a woman called Howell and said that just as he introduced the tune, she fell off her stepladder and tipped over a gallon of bright green paint. The woman was completely covered with green paint.....hair, face, clothes, the works.

SAN FRANCISCO

KFRC newsman Bob Safford heard that a coalition of bicycle clubs was planning a race between a car, a street-car, and a bicycle during San Francisco's "Bicycle Week." Safford volunteered to drive the KFRC Mobile Unit in the race and gave on-going reports during Jim Carson's morning show. The race moving through San Francisco ended with the bicycle in front, the street car second, and Safford in the news mobile third. All this happened during rush hour.

** NEW THIS WEEK

Please notify us immediately upon filling openings.

MARKETS OF THE WEEK

WATERLOO--Market rank 200th. Population 137,500
5% Black.

ECONOMY - Located in the middle eastern section of Iowa.....90 miles northeast of Des Moines....and 60 miles from Cedar Rapids.....on the Cedar River. The manufacture of farm machinery and meat packing are the major influences on the economy here. The John Deere tractor Works employs 1400 residents.....and is the major employer. Rath Packing is the major meat packer having its home here.....primarily dealing in pork (900 employees). Although the economy is rural the city's air and river are polluted. The Illinois Central Railroad has its home office employing 400 people, in nearby Waverly. The Universtiy of Northern Iowa is located in nearby Cedar Falls. The school has 9,000 students and is most noted for its speech and drama departments and its education majors. Wartburg College in Waverly has 1500 students and Hawkeye Institute of Technology has 1,000.

PEOPLE -Folks here are basically conservative. The median age is 36 and the population is primarily Protestant as opposed to Catholic Dubuque. There are a good number of longhairs here.....concentrated mostly in the college areas.....the town supports its standard block of headshops. The city has consistently had the biggest retail growth of any city in the state.....but as elsewhere, the growth is away from the city into the suburbs. Two major shopping centers dominate the trade on either side of the city and are drawing consumers away from downtown. The Conway Project.....a new convention center.....is being constructed in the city and will hold 10,000 people.

COST OF LIVING - Apartments rent slightly above average for a furnished one-bedroom.....about \$160. Food and gas costs are fairly high also (regular runs .40 per gallon). Jock salaries range between \$130 and \$200.....the average salary for a top 40 jock is about \$150.

WEATHER - Climate here is four-seasonal with heavy snows in winter.....and humid 90 degree days in summer.

TOP FORTY STATIONS:

KWWL - Dave Stein is PD.....Buddy Hollis is MD.
KCFI - Craig Eaton is PD and MD.

OTHER STATIONS: KWWL/FM - Top 40.....KXEL - C&W.....KXEL/FM - MOR.....KNWS - Religious.....
KNWS/FM - Religious.

RATINGS: KWWL is far and away Number One with the greatest percentages of shares in the country, even beating out WCCO's mornings. The April-May ARB also shows KWWL/FM to be second in power and KXEL to be third in the lineup. KCFI was MOR at the time of this rating.....and is now top 40.....so KWWL had no competition until August 1.

JACKSON--Market rank 122nd. Population 269,400.
46% Black.

ECONOMY - City is the capitol of Mississippi.....located in the central part of the state.....100 miles north of New Orleans. Agruculture is still the mainstay of the economy here although industry has started to take hold in the last ten years. Mississippi Products, Inc. is the most important manufacturer here.....dealing mostly in wood and plastic products.....primarily furniture cabinets (stereo, TV, etc). Delta Plastics and the Gulf Plastics Division of MPI are the most important of the plastics companies. Government offices are also important to the

state capitol's economy. The first governor's mansion in the U. S. is located here as well as many Civil War monuments. The city is proud of its lack of pollution in the water and air. Planning was advanced enough so that industry would not spoil the area. In addition, 4-lane interstate highways go through the city.....eliminating rush hour traffic jams. Jackson State College is the major school here with 4,200 students.

PEOPLE - By southern standards, the city is liberal.....although would still be considered generally conservative. Mississippi is a one-party state which votes democratic while supporting Nixon. George Wallace is still very popular here. The median age here is about average at 25. The city is a Southern Baptist mecca. Longhairs are more accepted here than anywhere else in the state.....and are therefore more plentiful. Most public schools are integrated now.....there are many private schools. Blacks and whites are not separated by race, but rather by economic status. The agricultural areas support more conservative elements than the liberal and cliquey city population.

COST OF LIVING - A one-bedroom furnished apartment will cost about \$135. Gas and food costs are relatively low.....but there is a 5% sales tax and a small state income tax. Jock salaries range between \$100 and \$200 per week.....the average top 40 jock salary is \$135.

WEATHER - There are only a few days of snow in winter, with temperatures averaging in the upper 20's. Summers are humid and in the 80's. Spring and Fall are mild.

TOP FORTY STATIONS:

WJDX - Bill Tanner is PD.....John Robyn is MD.
WRBC - Walt Grayson is PD.....Bob Pittman is MD.
WWUN - Rick Martin is PD.

OTHER STATIONS: WJDX/FM - Progressive.....WKXI/FM - R&B.....WOKJ - R&B.....WJMI/FM - MOR.....
WSLI - MOR.....WSLI/FM - MOR.....WJQS - C&W.....
WJXN - C&W.....WRKN - C&W.....

RATINGS: WOKJ is a solid Number One, according to the April-May Pulse and ARB. WRBC is the dominant MOR. WKXI/FM has just recently changed to an R&B format and will most likely pull some heavier ratings in the future.

CHINO

Released from KTLK in Denver and a telephone conversation with **Harvey Miller**, former KHJ jock, now a convict at Chino State Prison, brings to light a great need in prisons everywhere.....a quote form KTLK general manager **Joe Finan**....."They don't know anything about broadcasting but, they want in the program anyway..... They are looking for anything that will help them when they get out." That station is doing extensive work with Colorado State Prison. KOL in Seattle, at the same time, is working with various shows for a prison near there. **Harvey Miller** has obtained permission (but , absolutely no budget) from prison officials to put together a radio station at Chino.....but it will indeed fail unless equipment is obtained.....a console.....tape recorders.....microphones and eventually an engineer to install the equipment. **Harv** stated the purpose was to give the prisoners help when they were released. At the same time **Harv** also was anxious to have shows from various acts brought to the prison....."You wouldn't believe what those shows do.....it changes your whole world." Further record service is needed also.....

Final part of an afternoon with Cannonball and Nat Adderly.....

BOB: Is there a common denominator in all music?

NAT: One thing we can't change.....A G is a G and I don't care what you do with it, it cannot be changed..... it cannot be anything but a G.....and a C is a C. Now what comes before it and what comes after it is what puts it in a given context.

Take this for example.....say if everybody's orientation for the moment is to Glen Campbell.....if Glen Campbell has a big hit.....like By The Time I Get To Phoenix.....and Cannon comes in and says....."Okay, we're going to play By The Time I Get To Phoenix..... and we play it. Then everybody that's sitting there looking.....and listening.....says "UH Huh.....I can relate to that.....I know what it is and I know what happens with it and they played it and they played it well so I know they know how to play." After they get through doing that then Cannon might just say....."Okay now, we're going to play something free.....there's no melody..... There's nothing.....we're just going to play.....and we're going to create something now".....Well, when you're creating.....the people are sitting there and they have a point of reference. "Well, there are parts of that that I like.....I don't like all of it".....I know they don't like all of it. But, at least they can relate because they say..... "Well, I also know they ain't bullshitting with them horns cause they just played By The Time I Get To Phoenix, and if they were bullshitting they couldn't play that melody like that. And then after a while more and more people relate to what you're doing when you're being out. But, the idea is that you just don't have that type out. I call it limited. Even though it sounds bad when you say that, but, what it is.....we're not limited to stand up and prove all the time that the only music is something that is.....aesthetically out.....esoteric.....that we can't get you to understand what it's all about.....and we ain't gonna keep hitting you over the head with it.

CANNONBALL: You said a common denominator..... I didn't want to lose that.....because I don't give a damn who's singing it.....if they mean it when they sing the word.....Love.....it can be Hank Williams.....or Tennessee Ernie or anybody else.....if they mean it.....it communicates. If they're not just up mouthing it. You know you hear so many songs saying....."I Love You Baby," well, a cat may be able to communicate that and he may not be able to.....you see? Because some people just kick out the words in the venacular.

BOB: When you're doing a free form thing on stage..... isn't that a communication between the two of you..... and isn't communication to the audience hinged on that?

CANNONBALL: That's right. Because what happens is this.....If a person has committed himself to listen to some music.....you know what I mean.....then he's got a little more open thing going in the first place.....when all of a sudden just the right emotional thing hits him..... the impact is.....fantastic. Once he begins to travel he sees an empty place on the plane and everybody's ascending.....and he sits down in that seat, then we're all going together.....see. But, if he missed the plane from the outset.....for whatever reason.....you know.....everybody else is gone, and he's here.

NAT: Some of the harshest musical sounds to the average ear.....is a minor second.....you know.....notes that are a half step apart.....playing those two notes together makes a harsh sound. Well, one night, man.....Cannon

said....."Okay we're gonna start".....we hit at the same time.....and it was a minor second apart.....and it was so strange that everybody sat up. And we were holding this note.....because you know.....I had nowhere to go and I liked the way it sounded, so I just held it.....and he liked the way it sounded so he held it and the rest of the band improvised a chord that was.....so beautiful. We could not duplicate it even if you wanted to.....it was just a beautiful memory. We don't really even have a memory of what it was.....I don't even remember the note.....we just know it was a minor second.

CANNONBALL: Some food and some groovy friends.....you can get high in a groovy scene.....then you get the same people together and try to duplicate that..... and you can't.

NAT: I know what it is.....it's experience, that's all it is. An experience happens and then you can't recreate that.....that's all that it will ever be.

CANNONBALL: And then I also believe in astrological processes.....tending to magnify or diminish things that may happen.....depending upon where you're at.....and where other people are at.....and where the universe is at.

BOB: I'm sitting here reacting to everything that is going on around me now.....your vibes and your vibes and the vibes of the room.....and the vibes of the day..... that's a complex formula.....and it won't be duplicated.

CANNONBALL: You could have been filming....tape recording.....shooting photographs.....and you can look at it and it might strike a thing in your memory and you recall how beautiful the vibes were. But, it can't do the same thing to somebody who was not a witness.

NAT: I'm happy about people like Miles Davis.....and people like Cannon.....who did not have a closed mind when the whole Elvis Presley thing.....and all that followed and the rock thing that came along behind that. When it all happened.....because we're in what I consider to be the most creative area of the music. There were a lot of jazz musicians who were jaded and who felt this music was the highest form of creative process as far as music is concerned but, they refused to listen. Their minds were closed.....and as a result the whole thing passed them by. Now you have some people in rock music that play better than some well known jazz musicians. But, the best jazz musicians who did not have closed minds still do the most creating.....and I assume it will always be that way.

WASHINGTON

SHREVEPORT, LA., KCIJ, DENIED APPLICATION FOR MITIGATION OF \$7500

An application by Radiozark Broadcasting of Louisiana, Inc., licensee of KCIJ, Shreveport, La., for mitigation of a \$7500 forfeiture has been denied by the Commission. The violations were based upon Radiozark's failure to file two amendments to its affiliation agreement with the Mutual Broadcasting System under which it was to carry certain network commercial announcements in exchange for the right to rebroadcast certain programs originated by Mutual. Further violations concerned the issuance, over a period of several years, of certificates of performance of Mutual which represented, falsely, that the network commercial announcements had been rebroadcast by station KCIJ in accordance with the terms of the affiliation agreement. Radiozark admitted that a forfeiture was warranted, but asserted that the amount was excessive. It contended that it had no motive in presenting false certificates of performance to Mutual, that it never intended to defraud the network, and that the licensee's station manager acted in the belief that "the station had performed its obligations for a given week as required by the affiliation agreement." Radiozark also asked the Commission to consider the station's small operating profit. Noting that the application for mitigation presented no new fact or argument, the Commission stated that the licensee's financial condition was carefully considered at the time the Notice of Apparent Liability was adopted.

KMIN, GRANTS, N. MEX., APPARENTLY LIABLE FOR \$2000 FORFEITURE.

KMIN, Inc., licensee of KMIN, Grants, N. Mex., has been notified by the Commission that it has incurred an apparent liability in the amount of \$2000 for willful and repeated violation of the Rules by operating prior to sunrise from February 1 through 5, and March 1 through 12, 1971. The licensee said that the violations were not intentional but resulted from an honest mistake on the part of management and confusion over the Commission's Rules, and that corrective action has been taken. KMIN, Inc. has 30 days to pay or contest the forfeiture.

KVLB, CLEVELAND, TEX., LICENSE RENEWAL APPLICATION DISMISSED BY FCC

The renewal application of Stephen Van Sadler for station KVLB, Cleveland, Tex., has been dismissed with prejudice by the Commission, and the licensee has been directed to forward the license immediately to the FCC for cancellation. A request by Sadler to remain silent for a period of ninety days was denied. The Commission said it was setting aside a \$2,000 forfeiture previously imposed on the station for numerous violations of the rules.

Sadler's application for renewal of license for KVLB was set for hearing by Memorandum Opinion and Order released April 16, 1971 (FCC 71-343), on issues including various violations of the rules; a determination of whether Sadler had engaged in conduct that reflected such negligence, carelessness, ineptitude and disregard of FCC processes that he could not be relied upon to fulfill the duties and responsibilities of a licensee, whether he was lacking in candor or had engaged in misrepresentations to the FCC; and whether renewal of the license would serve the public interest, convenience and necessity.

The Commission noted that Sadler, because of personal and financial reasons, had voluntarily discontinued op-

eration of KVLB, and had indicated that he did not intend to seek renewal.

After the authorization for KVLB has been cancelled, the Commission said it would take appropriate steps to notify potential applicants of the availability of the frequency (1410 kHz) at Cleveland, Texas.

BATHED IN THE RADIANCE OF A BENEFICENT STAR, A PEBBLE, A DROP OF WATER, AND A BLADE OF GRASS ARE THE MAGIC INGREDIENTS WHOSE CONSTANT INTERACTION IS THE FOUNDATION OF THAT "DILUTE GELATINOUS FILM" WE CALL BIOSPHERE. THESE ARE ALL THE TOOLS WE HAVE; TO DESTROY THEM OR ABUSE THEM, TO INTERRUPT THEIR FUNCTION, IS TO DESTROY OURSELVES. NOT ALL THE DECISIONS OF CORPORATE BOARD MEMBERS, NOT ALL THE LEGISLATION PASSED BY OUR POLITICIANS, NOT ALL THE MONEY IN THE BANKS OF THE WORLD, NOT ALL THE POWER STORED IN OUR MILITARY ARSENALS CAN CHANGE THIS FACT. YET WE ACT AS IF THEY COULD, AND CONTINUE TO CONSIDER THAT THE LAWS OF MAN HAVE PRIORITY OVER THE LAWS OF NATURE AND THAT WEALTH IS MORE PRECIOUS THAN LIFE. ONE REASON THAT WE DO THIS IS THAT WE TEND TO THINK OF A PEBBLE, A DROP, OR A BLADE OF GRASS AS "THINGS", WHEN, IN REALITY, THEY ARE PHASES IN A PROCESS THAT MOVES AS WAVES OF ENERGY THROUGH SPACE AND TIME.

"WLS IN CHICAGO. IT'S 5:50 AM.....8 degrees AT O'HARE 5 degrees AT MIDWAY".....CROWLEY & COMPANY WAS ON... THE MILK MAN WALKED THROUGH THE DOOR AND SPOKE HIS PIECE.....MART CROWLEY ECHOED BACK.....I ROARED.....IT WAS COLD.....AND IT WAS DARK.....THE DESERTED STREETS GAVE ME A FEELING THAT THE TOWN WAS MINE.....WHO THE HELL WOULD BE UP NOW? BROADCASTING TO NOBODY...SOMEDAY THOUGH THERE WOULD BE WLS.....AHHH.....THE WHOLE WORLD WOULD HEAR ME THEN.....PAINS CROSSED MY STOMACH.....ADRENALIN SHOT DOWN MY ARMS AND THROUGH TO MY FINGER-TIPS.....I'M REALLY GOING TO DO A GREAT SHOW TODAYI'LL WAIT UNTIL AFTER 7:30 AND THEN USE THAT LINE CROWLEY USED.....NO ONE WAS LISTENING TO CROWLEY IN HENRYETTA.

THE OLD DOOR UNLOCKED.....JESUS IT WAS QUIET..... WHERE ARE THOSE LIGHTS....AHHH...LET'S SEE A LITTLE NEWS.....I'LL READ THAT OVER THIS MORNING.....OH FOR CHRIST SAKE LOOK AT THAT MACHINE, IT'LL TAKE ME A YEAR TO CLEAN OUT ALL THAT PAPER.....I TOLD THAT DUDE TO MAKE SURE THE PAPER WAS TORN OFF BEFORE HE LEFT.....MARKET REPORTS.....MARKET REPORTSCHRIST, I'VE GOT 6 MINUTES TILL SIGN ON TIME.....I WAS SUPPOSED TO GIVE THAT TRANSMITTER 15 MINUTES.....OH WELL, IT'LL GO ON.....RED BUTTON.....AH.....BLACK.....BLACK.....PUNCH.....YEAH IT'LL GO ON... CHRIST4 MINUTES.....OH.....JESUS CHRIST.....WHO COULD BE CALLING AT THIS TIME OF MORNING... "HELLO". "AREN'T YOU ON THE AIR YET? WHAT THE HELL'S GOING ON." "YES SIR..UH.....NO.....SIR.....UH.....I'VE GOT 5 MINUTES....." "DID YOU KNOW THE ELECTRICITY WENT OFF LAST NIGHT.....YOU IDIOT? IT'S 32 MINUTES PAST SIGN ON!" "OH NO! RIGHT AWAY SIR.....I'M SORRY JOHN." "BOB"... "YES SIR"....."DON'T FORGET TO CALL ME AT A QUARTER TO TEN"....."YES SIR".

I RAN TO THE TRANSMITTER.....THE BUTTON WAS FLIPPED.....THE SCRATCHY STAR SPANGLED BANNER BEGAN TO PLAY. OH CHRIST, MARKET REPORTS! WHEN IN HELL WILL I GET TIME TO CLEAN OUT ALL THAT PAPER?! WHERE ARE THOSE DAMN MARKET REPORTS?..... "LAND OF THE FREE.....AND THE HOME OF THE BRAVE".... OH JESUS.....WHEW, DAMN THIS LITTLE CONTROL ROOM.. "GOOD MORNING (CHRIST I'M NOT AWAKE AND JOHN'S LISTENING). THIS IS K-H-E-N IN HENRYETTA, OKLAHOMA, (BOY, I NEED TO CLEAR MY THROAT) UH - HUH.....SIGNING ON.....KHEN IS OWNED AND OPERATED BY LELAND GUORLEY BROADCASTING COMPANY.....(GOOD LORD, I CAN'T EVEN SEE.....HMMM MORT CROWLEY.....GET YOUR VOICE LOWER.....PUT SOME LIFE INTO IT) AND OPERATES ON A FREQUENCY OF 1590 WITH (SOMEDAY BROTHER IT'S CHANNEL 89) A POWER OUTPUT OF 500 WATTS AS AUTHORIZED.....BY THE FEDERAL COMMUNICATIONS COMMISSION (BETTER BE COOL.....THEY COULD BE LISTENING) THIS IS BOB HAMILTON WISHING YOU A MOST PLEASANT GOOD MORNING."

"GOOD MORNING.....(OH NO, THE RECORD'S NOT CUED..... WHEN ARE WE GOING TO GET A NEW THEME SONG) WELCOME TO SUNRISE SERANADE.....DUE TO TECHNICAL DIFFICULTIES THERE WILL BE NO MARKET REPORTS TODAY."

"CHUCK BUELL OF KIMM IN RAPID CITY, SOUTH DAKOTA IS ON THE PHONE"

"YOU MEAN CHUCK BUELL OF WLS?"

"OH YEAH, I GUESS HE WAS ONLY KIDDING."

"HELLO CHUCK?"

"HELLO BOB.....NO I WASN'T KIDDING".....

"YEAH, I GUESS NONE OF US WERE."

"NO.....I GUESS NONE OF US ARE."

I WANDER IN THE PURSUIT OF MYSELF.....I AM THE TRAVELER.....AND I AM THE DESTINATION.....

THE CHARLIE TUNA SHOW

Do you all remember the station burglary here at KHJ about a month ago.....where the burglar slipped out of the building under the noses of our **Elite Guard Corps**, apparently unnoticed? Well, our crack security force announced a major break in the case this morning when they reported that an overnight discovery apparently explains the mystery of why no one spotted the thief.....**They found a parachute.**

Here's something to make you feel better.....Take this morning's paper, don't read it, just put it in a drawer.....then take it out about two weeks from now, read it and you can say to yourself....."Well, thank goodness that's not happening today."

As a kid I always wanted to be a weatherman. The thought of a job where you could make mistakes everyday and get paid for it fascinated me.....Our weatherman couldn't forecast a **White Tornado** with a can of **Ajax Liquid** sitting in front of him.

Professor **Bill Payne** of Costa Mesa failed in his attempt to make it rain yesterday. He had set out 30 Mexican Rain Gods of baked clay that he said would produce 2 inches of rain by sundown. Apparently his idea was only **Half-Baked.**

Mixed emotions are when you sit on the pin of a **Happy Face** button.

Food prices are so high, I don't even smile anymore when I say **Cheese.**

People have asked me why **Nebraska** didn't look all that impressive against **Oklahoma** in their Football Game. Well, that's because they were looking ahead.....**To Hawaii.**

Does it strike you as a little coincidental that our new \$5000 contest was started the day after the cleaning crew found a dirty rumbled up parachute in the boss's office?
