The concert-reactive Anthem

Available to rock radio two weeks before CHR!

Be First to play Poison's next hit!

Bob Seger, "Shakedown", MCA.... We've been noticing an interesting soundtrack evolution taking place. What started as a catch-all vehicle for established artists' odds and ends seems to now be delivering more than a few first rate--and even some "best in a while" level material. Certainly the realization that big box office impacts on record sales has been a prime motivator--and the Miami Vice phenomenon hasn't hurt. The best recent examples would be Clapton's "Color Of Money" and Ann Wilson's "Golden Child" contributions. Enter Mr. Seger with what could be most significant image update of his illustrious career. Whether or not the song was written for Glenn Frey is at least good copy--and one can't deny that however it came about, Bob is more than comfortable in the context of a very contemporary track.

Dan Fogelberg, "She Don't Look Back", Full Moon/Epic.... In keeping with the late 70's flavor of this week's Frontrunners, here's a really big surprise from one of that era's premiere female attractions. Though Dan's more recent works have leaned heavily folk/country/bluegrass, this is ample proof that he can come rocking out of those woods anytime he wants to. Simply upping the edge quotient wouldn't be enough to put it on the front page--it's here because, as WOOJ's Steve Avery says, "It's good, solid rock and roll. You're in for a big surprise if you're expecting his 'crying in the rain' sound". Test it mid-days and you'll see.

RECORD OF THE WEEK

Ace Frehley, "Into The Night", Megaforce/Atlantic.... Ace's face may be back in the place for only a couple of weeks now, but it's already clear to us--and a number of programmers--that the anticipation level was much higher than was first thought. As KAZY'S Tim Jeffreys says, "It went on out of the box with top 5 phones the first week. Ace is the place for the helpful hardrock man". Ouch! Other fast top fivers include KDJK, WDHA, WWZU, and WYNF--with a number of programmers also talking about unusually active early calls. #3 Most Added with 22, now on 41 reporters. New at #74.

ALSO NEW THIS WEEK

Y&T, "Contagious", Geffen.... Though the hard rock field is crowded as never before, these guys appear due for that legit national radio exposure they've never really had before. It's always been a market by market thing--usually anchored in the Bay Area--but never with the kind of concentrated activity it takes to shake up the charts and spread a record. Dare we say this is their catchiest song yet--and isn't the old label change always the time a band seems to deliver their best stuff? Factor in Geffen's over the top success with Tesla and Whitesnake and you have momentum you can take to the bank--not to mention the makings of dream summer triple bill.

The Prince's Trust, A&M.... This probably won't be a long term playlist performer, but in terms of artists, song selection and overall recording quality, it's a release you'd be foolish to ignore. You've got to believe retailers will build a little traffic around it, and the video will also enhance the package's usefulness to you. Put a little new life into "Money For Nothing", and have some fun with McCartney's "Get Back", Tina Turner and Phil Collins--in that order.

Pseudo Echo, "Funky Town", RCA.... Now, I'll admit this might be stretching it a bit, but.... RCA's pop promo department was pulling in Big Time CHR add activity before the track was even officially released. Apparently play on New Alternative powerhouses like KROQ, WLIR and 91X had pop programmers phoning at the mouth in anticipation--and they're ready to run with it. And even if you aren't interested in this cover of the Lipps Inc. hit--the ongoing pop interest in "Living In A Dream" might also make that a re-add priority. Either way, this band is destined to make good up on our format's active support early this year.

Motley Crue, "Girls Girls Girls", Elektra.... Now on the other hand, there's a lot to be said for sticking to what you do best--and in this case the title says it all. I'll definitely attest to that after checking the entourage on their lane at the bowling party--not to mention the scandalous cover shot on Jon Scott's Tissue. Forget your preconceptions here--CHR is ready and willing to move aggressively on teen/male magnets like this act, especially when the song is the band's best crossover material to date. After all, isn't WMMS anchoring the press conference? Wait on the lesser pop-metal acts if you will, but give monsters like this the headroom they need.

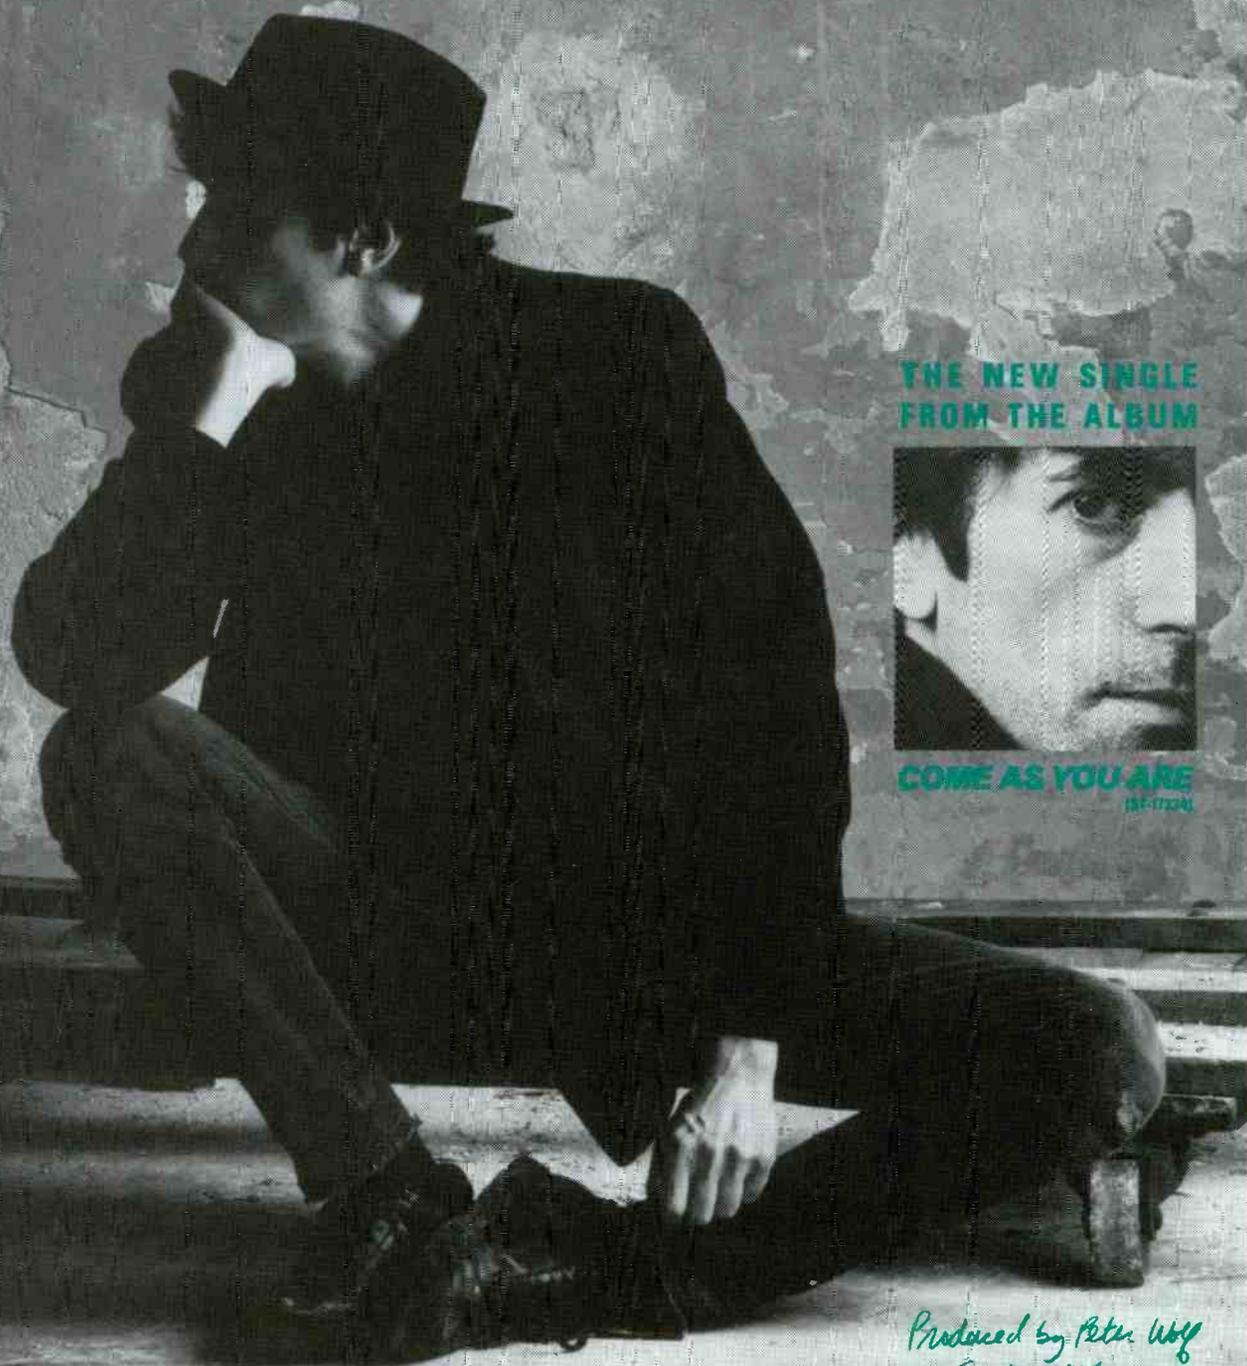

Richard Marx, "Don't Mean Nothing", Manhattan.... I loved the bio line regarding Richard's "17 active years in the business"--despite his being only 23. That's what happens when your parents send you to Jingle Camp for summer. Though he graduated from Oldsmobile and Pilsbury commercials to singing backup for Lionel Richie and writing credits with Kenny Rogers and Philip Bailey, this track tells me Richard's rock and roll heart is in the right place--Hotel California! I'm always up for another go at desert rock's golden era--especially when it involves Messrs. Schmidt, Meisner, and Walsh--and takes a nice shot at L.A.! Definitely the best sounding new artist of the week.

IQ, "No Love Lost", Mercury.... Just when you were expecting the above label and Q-Prime (Def Lep/Dokken/Metallica/Tesla) to unleash yet another billion selling teen eater--they change it with what can only be described (as Drew did) as "Progressive Adult". There's a dearth of this sort of sound these days, and this one's really quite good--in the early Genesis/middle Marillion English artrock vein. Great image, too.

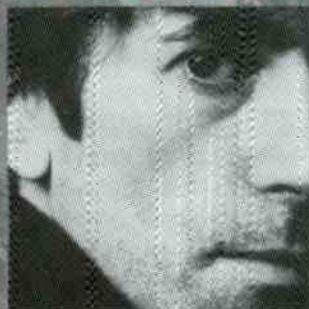

Poison, "We Want Action", Capitol.... Glam, bam, thank you m'am. It's our guess the huge top 40/retail explosion generated by "Talk Dirty" simply caught us by surprise. Whoda thunk THIS band would hit that vital a nerve in the active core listener's consciousness? Even more amazing was the almost total lock we allowed pop radio to have on the phenomenon--even though more than a few (WBCN, WAAF, WNEW) big power AOR outlets reported huge everything with minimal negs. Again--if you didn't feel like joining the party late last time, get familiar for round two. The two tunes could be bookends--and you can count on parallel progress.

GETTING READY TO BLOW BIG!

Heart, "Alone", Capitol.... The record most stations have to play is also one the vast majority of 135 adding want to play; Pam Edwards, KGB, "Huge calls, immediate response... a great song".... Phil Manicki, WWCT, "C'mon, is there any doubt about this one?".... Kelly Cruise, WEGR, "A beautiful song that sounds incredible on CD".... Chris James, WTPA, "Already showing great upper demo call-ins".... Steve Kosbau, KRNA, "Generating outstanding reviews from all demos".... Elise Vanderborght, KNCN, "Power play and #1 phones in less than a week".... Michael Davis, KFMG, "They're in a league where everything they do is appreciated in large numbers. One of rock's truly unique groups".... Larry Miles, KOME, "This has been a big surprise, generating major phones from all demos, including the upper demo males".... Taking a closer look at those phones, try instatop 5 status at 11, including WMGM, WYNF, KOME, WRUF, and WKLC. Out of the box power on 14, heavy on 62, new at #10.

Jon Butcher, "Holy War", Capitol.... Jon backs last week's #2 Most Added/30 station showing with 27 more and our fourth longest 64-43* Hard Hundred advance. Increases include KZEL, WHCN, KMBY, WAQX and WHEB. We've got 78 now playing, with heavy action already at KBCO, KFMH, KNCN, KTYD, WAAF, WBRU, WHCN, and WPLR. Reaction: The Bearman, WGTR, "My 'so-fine-o-meter' is twitchin' pretty good on 'Holy War'. Is this song topical or what?".... Stacy Yelton, WKQQ, "It's timely, but that's not why we're playing it. The record simply blows me away".... Ty Banks, KQWB, "Whether it's 'Holy War' or any other song on the Lp, the record is so strong it won't stop".... Jack Green, KLPX, "Incredible timing, incredible song. Need I say more?"....

Tom Petty, "Runaway Trains", MCA....

At this rate, TP could soon be sitting on two in the top ten. "Trains" pulls in with 17 adds, as 116 now playing and 8 increases and 31 heavies move it 31-23. "Jammin Me" takes the top spot behind this week's top ranked 27 play increases and 167 current reports, with "Think About Me" the album's other big mover, 57-53*. It's new on 6, up on 2, heavy at 13, including WRIF, KFOG, KMOD, KRQR, KSHE, WRIF and WRCN. Note the 4-3* Lp underline.

Andy Taylor, "Don't Let Me Die Young", MCA.... The follow-up deals out the longest Hard Hundred move, 89-64*—courtesy of another strong add week (22 stations), a solid plus 11 play increases (WTPA, WMGM, KSQY, WHEB, WZZO), and 54 total now playing. Key calls to date: KBPI, KOME, KRXQ, WAAF, WHCN, WKLS, WNEW, KICT, KRQR, WBCN, WCCC, WEGR, and WQFM.

Mondo Rock, "Primitive Love Rites", Columbia.... This record is doing major phone damage where the rotation is right—as noted by WYNF's Charlie Logan, "After six weeks of play the calls have really kicked in. Just when we were thinking of moving it out, we're thinking of moving it up".... Ditto KOZZ's Harry Reynolds, "We've started getting phones on Mondo Rock and we think it's gonna be a smash".... WOOJ's Steve Avery tells us "We've got mondo calls with mondo reaction".... And we've got mondo charts to match: Underlined 41-35* on the Hard Hundred, with 13 more adds (KILO, KMOD, KOME, KTXQ, WFYV, WPYX, KSQY, KPOI), 7 increases (WPLR, KROQ, WGLU), and heavy play reports from KZEL, KZOQ, WKQQ, WLIR, WMAD, WNOR, WPLR and WXQR—with WDVE topping the top 5 phone list. Be advised that CHR is coming to the party quickly and would love to catch you looking on a guaranteed reaction record.

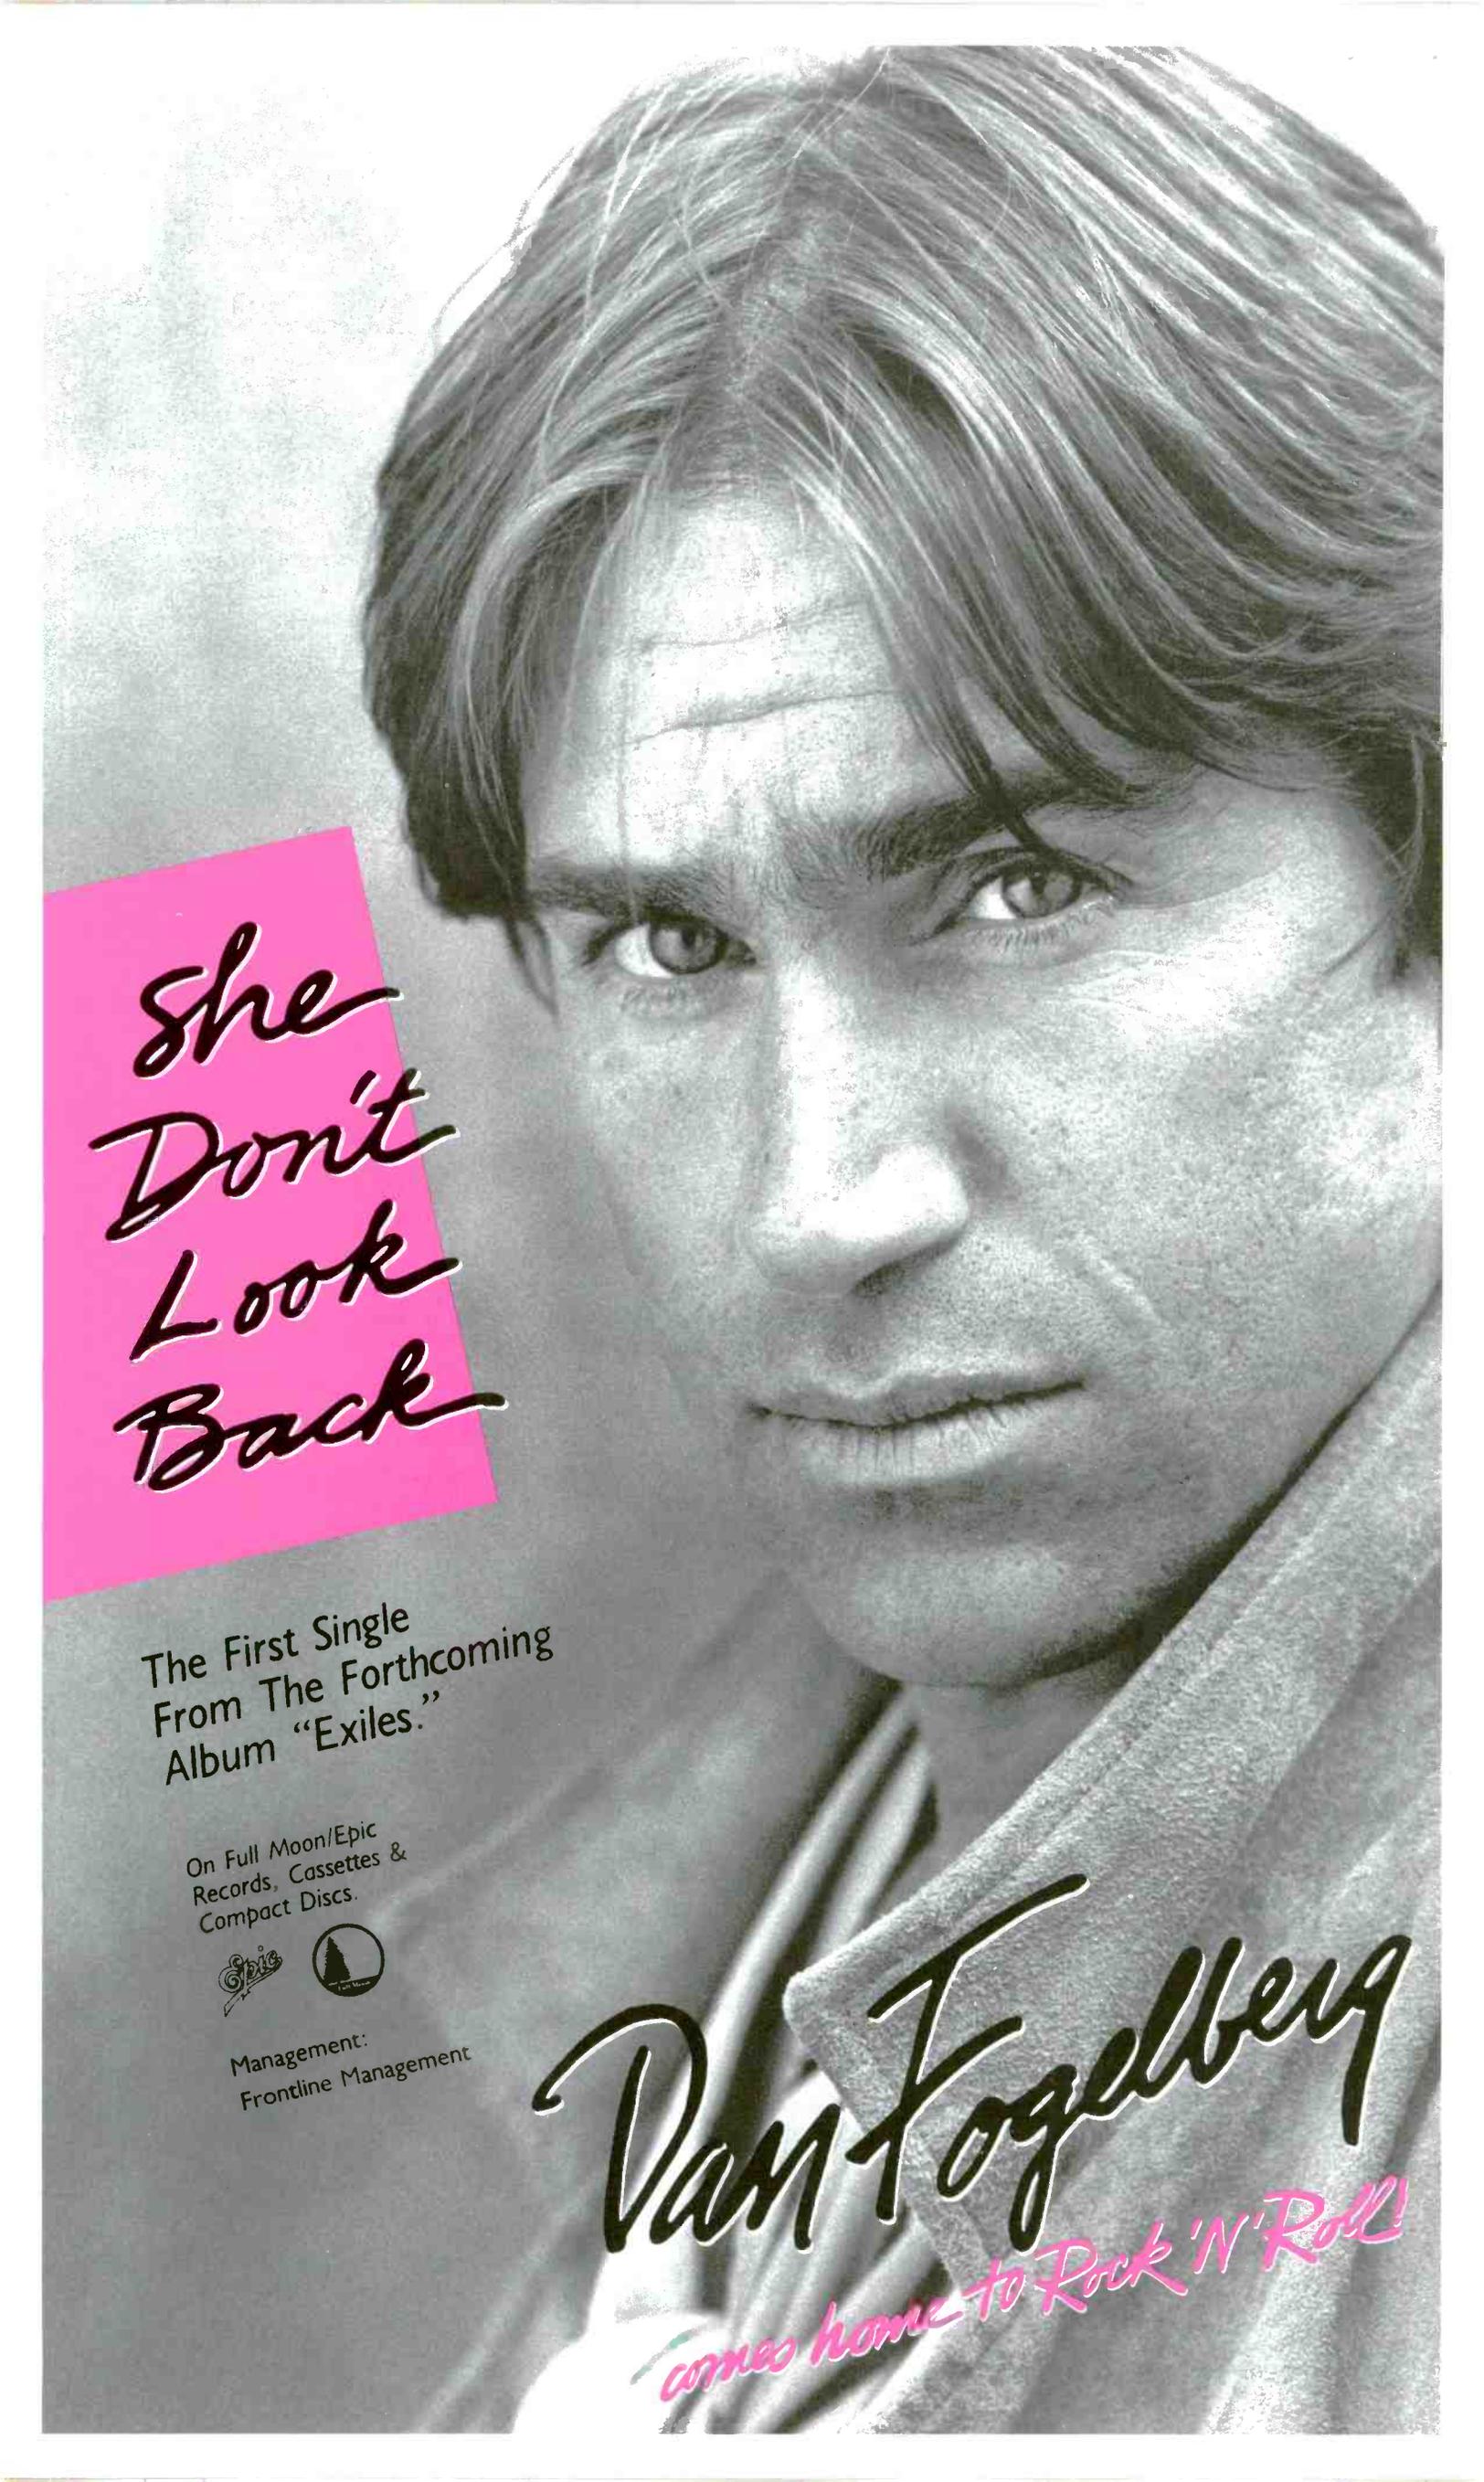

Mason Ruffner, "Gypsy Blood", CBS Associated.... Tons of adds is impressive, yes—and Mason's got 'em to spare, with 123 reports in just two weeks. What's even more encouraging is the quick play increase count—with second week ups from KFOG, KMJX, KRXQ, KWIC, KRRX, KZOQ, WGLU, WKRR, WMAD, and WQFM. More Ruffner raves: Harve Alan, WCCC, "It's a big hit with my staff. This tremendous tune is sure to be a smash".... Anthony Alfonsi, WDVE, "This gets my blood going. It makes me want to blow off work and enjoy the nice weather".... Kim Pool, WMRY, "This combination of Jimi Hendrix and Robert Cray guitar deserves to be on at your station".... Stacy Yelton, WKQQ, "Dave Edmunds production brings Mason's talents way out front where they belong. This is good stuff".... Pam Brooks, WPDH, "The newest smoker that has the right stuff. Be smart and let the music do the talking".... and from KQDS Wade Linder, "Toe tapping energy with cool, speedy guitar. Early response is surprising to this fast builder".... One of this Report's strongest gainers, 52-33*.

Suzanne Vega, "Luka", A&M.... Take one wonderful song and two short weeks and you've got Suzanne's best position ever on Rock radio charts. She's up 70-48*, with our third longest Hard Hundred gain. It's #6 Most Added with 18—and already showing increases on 13, including WHCN, WIZN, KKBR, KPEZ, WDHA, and WRCN. Healthy early calls, too—with top 5 status now at WNEW, WKGR, WDHA, WXXP, WQBK, WIZN, AND KTCL. WHCN's Kim Alexander says, "Everyone loves Suzanne. Top 5 phones and top 10 sales the first week".... KBCO's Doug Clifton echoes, "We're already seeing phone response and I'm sure the retail story will begin to develop next week".... WKDF's David Hall calls it "A very tasty song with lyrics for the thinking listener".... and WBRU's Alison Stewart reports, "Suzanne is getting the expected huge phone response"

Stan Campbell, "Years Go By", Elektra.... The Most Added new name this week claims 14 OTB stations, including KFOG, KOME, KZAP, KBCO, KRQR, KRXQ, and WRXK. Of the undeniable Mike McDonald overtones, KOME's Larry Miles says, "Those comparisons are inevitable, however, you'll find this record taking on an identity of its own".... KFMU Dianne Hicklen says, "Stan takes us back to the days when the Doobie Brothers held the keys to the city. While so many bands are evoking the 60's in today's releases, why not the 70's as well? Fine by me, if the result is 'Years Go By'"....

Little Steven, "Trail Of Broken Treaties", Manhattan.... Sure, the Northeast Corridor is in on this project with Bells on—but how do you explain #4 calls at KTXQ? Obviously this track has the musical merit to go well past the Bruce groupies and cause-rock types—and that's not to say we don't wholeheartedly endorse the lyrical intent. As KLAQ's Mike Ramsey puts it, "Steven is appealing to upper, lower, middle, under and over demos. He's rock and roll with a conscious". New on 12, up on 10 (WNEW, KLOS, WAQX, WCCC, WIOT), underlined 40-34.

David Bowie, "Time Will Crawl", EMI.... David's deuce cranks out a 26-22* gain—with progress in every key indicator. It's #11 Most Added with 15, moving the play total to 114, 32 of which now list heavy rotation. Increases? We tally 11 in all, including KILO, KMBY, WBRU, WDHA, KRQR, KATP, KZEL, KZEW, and WPYX. "Day-In Day-Out" hangs tough at #3 with 16 increases.

Montrose, "The Game Of Love", Enigma.... WMGM's Al Branca's a fan--telling us, "Don't let the short grooves fool you. This tune is big on originality even though it's a remake. Coolest record of the week".... KILO's Alan White agrees, "Ronnie hit the right cover here. Us upper demos remember it well and who can resist the new arrangement and his trademark guitar?".... WFYV's Lex Staley also has high hopes, saying "I predict within a couple of weeks it'll be top phones with the likes of the Cult and Whitesnake. I'm extremely impressed".... First week action shows 15 adds, including KRZQ, WONE, KDJK, KILQ, WDHA, WAQX, KATP, WBYP and KRQR.

HARD ACTS TO FOLLOW

John Farnham, "You're the Voice", RCA.... John's audience recognition is just starting to kick in, but where it has (and apparently when it does) look out! Dave the Radio Slave, KJOT, "Farnham's been on only one week and is already top 5 phones. Calls split evenly between men and women. We made the right choice; I'm confident this tune is THERE".... And WHTQ's Slat's calls 'em as he sees them "That John Farnham is one classy record! I can see that thing starting to smoke. RCA's really got a hit on their hands". 9 more adds this week (KFOG, WBCN, WLAV, WNOR) and a 'KDF increase move the tune 95-79*.

Danny Wilson, "Mary's Prayer", Virgin.... The subtle powers of "Prayer" are hypnotically working themselves into musical minds everywhere: WLIR's Larry Dunn, "This is one album I'm definitely taking with me on vacation. Simply put, this British trio has a hit with 'Mary's Prayer'. When we look back at '87, this will be one we remember".... Skip Isley, WWTR, "As a person going through Steely Dan withdrawal pains (still), the Danny Wilson album is just what the doctor ordered".... And WPDH's Pam Brooks is darn right practical about it; "My moments at the tanning salon are nicer 'cause I can put on Danny and listen from start to finish. What a way to go..." 21 on, 9 adds this week including WLIR, WOUR, WDHA, and WMGM.

Jon Astley, "Jane's Getting Serious", Atlantic.... As the hook digs in, reaction is intensifying among programmers who've considered the seriousness of "Jane's" situation. WBRU's Alison Stewart, "Astley has a song that clearly sparks interest. He has an unique style that borders between intense and maniacal; it gives me the chills. That's why 'Jane' debuts here as our master blaster".... Doug Clifton, KBCO, "We get interesting calls whenever it's played. It's got a great quirky hook".... And WOOJ's Steve Avery, "I'm really hot about the Jon Astley. His unusual sound is interesting and definitely has appeal to an AOR audience without sounding soft. We're really getting serious about 'Jane'".... 34 stations to date including KFOG, WBCN, KRQR, WMAD, and WLIR give Jane what it takes for a #100 debut.

The Long Ryders, "Gunslinger Man", Island.... Five adds including KDJK, and KRZQ give the Ryders enough gas to debut 92* on the Hard Hundred this week. Plus the phones are ringing at KZAP and KQWB where Ty Banks proclaims "'Gunslinger' the Grabber of the Week. With top 10 phones, this tune is generating enthusiasm!".

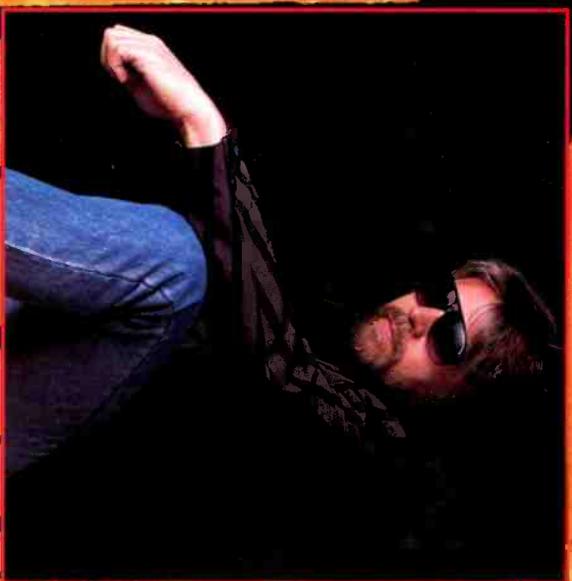

TNT, "10,000 Lovers", Mercury.... The metal-goes-melodic theme is doing the trick as 5 more adds and 4 increases jack the track 72-65* on the Hard Hundred convincing even rock connoiseurs WHJY and KGB to come aboard. Of course, joining the ranks of KSHE, WNEW, WLLZ and 50 others at this stage of the game is a cinch, right? Top 5 at KRQU and KAZY.

Billy Branigan, "Can't Luv You", PolyGram.... Shipping delays prevented many programmers from needle dropping Billy's latest 12", but we believe that once you get "Luv" on your turntable, you'll never go back. We're talking clean, suburban rock of the highest order--with a Made For Hip Clip video that should close you if somehow the song doesn't. Just remember who nagged you on Mondo Rock's huge phone potential first. A must-move to the top of your must-listen pile.

THE HARD REPORT

HARD ACTS TO FOLLOW . . .

Stan Bush, "Crank That Radio", Scotti Bros/CBS.... 33 programmers take the time to "Crank" Stan the Man, with WHJY, WAPL, and KQWB adding this week, and the track moving 88-82*. Flip the top down, unplug the cellular and cruise with this at full volume for total effect.

Shy, "Break Down the Walls", RCA....

Though the action has not snapped quite as quickly as we would have hoped, solid play equals strong response, as Pam Edwards tells us, "We've already got great phone reaction to this song, co-written by Don Dokken. Now on their second album with RCA, this group has matured significantly. Try Shy!!" 12 already on including WLLZ, WMGM, KRXQ, WTPA, and KISS.

Brighton Rock, "Can't Wait For the Night", Atco....

If this hard touring band hasn't worked up a sweat at one of your clubs recently, check the calendar, 'cause chances are, they'll be playing your town in the coming weeks. Raves for the show include overwhelming reaction to this smoker/ballad and just a glance at the "On" list will raise some eyebrows: WQFM, WYNF, WDIZ, WAQX, WRQK, WBYSR to name a few. Added this week at WAPL, "Can't Wait..." debuts at #99.

TAKE TWO

Follow up tracks we feel merit priority airplay consideration—based on charts, comments and overall progress to date.

The Cult, "Lil' Devil", Sire/WB.... Though "Love Removal" may have slipped a notch or two over the past couple of weeks, their airplay, request and retail success to date has to mark the high water mark for any new hard rock breakout this year. It's still #5 Most Requested, in the company of Whitesnake, Petty, U2 and Tesla and Petty—all of which qualify as fast traffic. In short, The Cult has proved they're an act, not a song—and as such have earned that elusive second shot for "Lil' Devil".

Crowded House, "Something So Strong", Capitol.... 24 increases and 16 adds this week alone should alert you to this future giant's potential. Factor in strong calls at WAAF, WPLR, WGIR, power play at WLUP and heavy rotation at 37 others and we're talking stronger than dirt, y'all. Up 25-18*.

Cutting Crew, "One for the Mockingbird", Virgin.... Words of praise for the new boys on the block continue as phase two of the Cutting Crewsade kicks in, and programmers can't help but take notice—as if the 54-45* move isn't a big enough road sign. As WDV's Anthony Alphonsi says... "Bird" showcases the band's diversity" and it's true! With 10 new adds (KTXQ, WNOR, WLNZ, KMBY) 10 increases (CHEZ, KWHL, WTPA) and 71 total we've got to concur with WIZN's Steve Cormier when he calls the Crew "The Bruce Hornsby of '87".

Farrenheit, "Lost in Loveland", WB.... The next track up after "Fool in Love" is off and running as 16 stations convert to the latest 12". And the raves are rolling in: Chris James, WTPA, "Love the Farrenheit follow-up. Anyone who didn't believe before that they're a rock and roll band can't deny them a shot now".... From Christina at WPLR, "Farrenheit zaps me in the first five seconds. Now that's the way to do it. 'Lost in Loveland' is a very hot rock and roll tune".... With adds at WQFM, KRQR, WQMF, WPLR, and WHJY, increases at WDHA and requests at WAAF.

Peter Wolf, "Can't Get Started", EMI.... The Heart debut and Fleetwood Mac move hold Peter at 14, but the status show serious growth this week. It's new on 4, upped on 19—including KOME, KGB-FM, KILO, KRXQ, WCCC, WNEW, WRIF, and KZEL.

Rick Medlocke & Blackfoot, "Saturday Night", Atlantic.... KJOT's Dave Stone tells us that "Saturday Night" got loads of guts".... and plenty of muscle from where we sit. After all, with adds from 'BCN, KZEW, WLZR and 3 more, increases from WQFM AND KRXQ, and strong comments coming in from Yourtown, USA, how can these hotrods go wrong? Up 76-70*....

John Philip, "Little Bit of Faith", Atlantic....

The release of the 12" pulls 6 OTB with the south (WYNF, WFYV, WRUF, WRXK) once again leading the way. . You know those Gator guys stick together—and even WRXK's Greg Mull has to admit, "It's good to have another Florida boy back with a track that smokes. 'Little Bit of Faith' is a hot rocker"....

Jude Cole, "Like Lovers Do", WB....

As WMGM's Al Branca says, "It only takes one listen to like this one", and we couldn't have said it better. 6 adds its first week with KFOG, KNCN, KSQY, KFMF, KFMH taking the plunge. Hey, we didn't hear the hook on first pass either—but if stuff like Danny Wilde or Little America gets you crazy, live with this tune and you'll fall in love.

Whitesnake, "Here I Go Again", Geffen.... Any doubts about the viability of the 'Snake this time around have been put to rest by the total acceptance of "Still Of The Night"; #1 on the most requested 3 weeks in a row with retailers reportably unable to keep up with demand. WRXK's Greg Mull says it all: "Whitesnake cannot be denied. The album outsells everything; the stores can't keep enough copies and the branch is out of the Cd. It's adults who are buying these records! The new track 'Here I Go Again' will blow away the phones and it will be female and adult men calling. Do yourself a favor and add this baby before they do across town".... "Here I Go" gets 18 adds and this week's second longest 98-75* underline.

Patty Smyth, "Downtown Train", Columbia.... "Train" shifts into overdrive with a hefty 42-38* charge as 16 more adds (KGB, WCCC, WCMF, WLWQ, WFYV), and 7 increases (including WNEW) keeps Patty on track and boosts the album 2 notches 26-24.

Concrete Blonde, "Dance Along the Edge, I.R.S.... Need test results to convince your ears? Check out WBLM's Robin Mathieu, "Consider us a test market. 'Dance' has been top 5 requests two of the past 6 weeks and sales are kicking in. Give it a shot".... Our sentiments exactly, as 3 more including KOME jump in, and 5 increases move it 87-80*.

Psychedelic Furs, "Shock", Columbia.... WBCN and KTXQ are already giving heavy airplay to the next emphasis cut from the Furs. And WMGM's Al Branca keeps the momentum flowing with an add as he notes the "Lp continues to blow out retail". "Shock" registers this week with 16 on, 6 adds, and 2 increases.

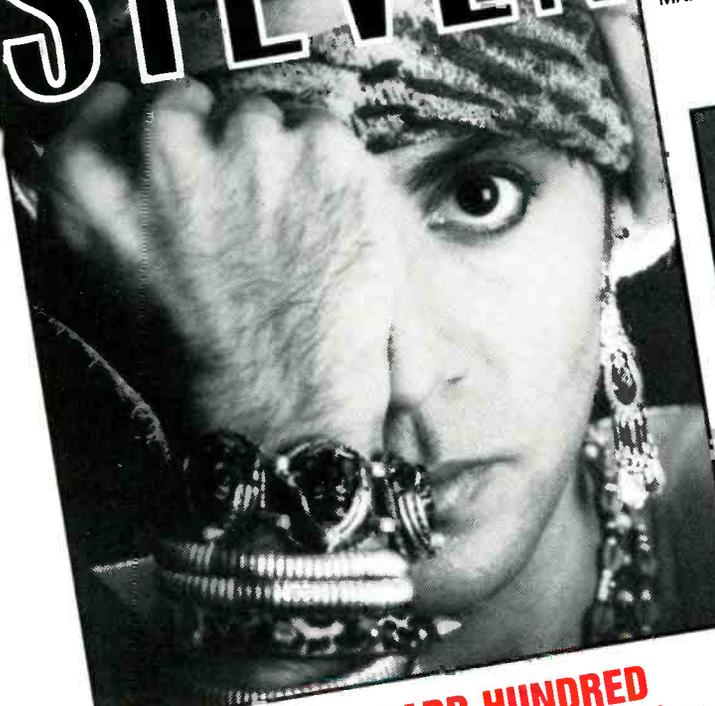

Autograph, "Dance All Night", RCA....

KBPI, KILO, KOME, WQFM, WDIZ, lead the list of heavies lined up to play the programmers' pick from "Loud and Clear". 4 increases (WGIR, KWIC, KRXQ), and 5 adds (KLLOL, KZEW, WRUF, WFYV) total 58 dancin' in all dayparts. If you missed this one first time through, time to take another listen.

BUILDING SUCCESS FROM THE SOUND UP

Little America, "Walk On Fire", Geffen.... Our official Status Report has 69 reporters still not on this record--and for that we say "Shame!!". It powers up a 12-11 underline this week, with 14 more increases, 7 more adds, and the top 5 phonepower to hold it at #6 Most Requested. Pam Edwards comments, "We're the only station in town play it and it has quickly moved from light to power because it's testing well, getting great requests and starting to kick in with sales"....

Gary Moore, "Over The Hills And Far Away", Virgin.... Gary's call count shows that good, steady build, with KMBY, WAOR, WDHA, WQBK, KAZY, KJOT, and KZAP now listing top 5 response.... Great add week, too, with DC101, WKLS, WIYY, and WAAF front and center. Play jumps include KSJO, WMRV, KFMQ, and KQWB--all of which move it 27-25* on the Hundred.

REM, "Ages Of You", IRS.... The tune we feel measures up to just about anything on their last album continues to reel stations in--B side or not. It's new on 4, up on 9 (including WDHA, KBCO, KN CN, KOZZ, KSQY, and KZRR), moving 44-40*. It's primarily in medium rotation status, so look for still more strong chart progress.

Gregg Allman, "Anything Goes", Epic.... Any questions about how it's goin' for Gregg's follow up are quickly answered by a glance at his increase index--which is 19 deep in play ups--and nearly 70 thick with Heavies. Now on 146, up 9-8*.

Hoodoo Gurus, "Good Times", Elektra.... The Gurus have their first true crossover as album radio gives the stamp of the champ to "Good Times" and that's indeed is what those already on board intend to have with it. WKDF's David Hall, "It's a good summertime record; should be a hit everywhere it's played".... 6 adds this week (WRCN, WIOT, KRQR, KZAP) and 4 increases moves the track 58-54* on the Hard Hundred.

Red 7, "When The Sun Goes Down", MCA.... WRCN's Wayne Summers steps up, "I'm surprised that Red 7 isn't building more quickly. Is it that there are too many conservative programmers who are afraid of the name? If you can't hear this one you can't hear".... "Sun" scores a 55-49*, with adds at KMBY, KN CN and WHMD, and ups from WKQQ, KFMF, and WYNF.

Lou Gramm, "Heartache", Atlantic.... The new album radio favorite slots in with 6 adds, including KILO, KN CN, WDIZ, WNEW, KRXQ and WVVV. It's now on 34, most notably KLOS, WQFM, WHJY, WHCN, WEGR, KGB-FM, KATT, KQRS, KOME, KLOL and WLAV. Based on quality calls like that--and the 74-69* HH move, it looks Lou's got another big one by the tail.

Tesla, "Little Suzi", Geffen.... Another strong week in the face of heavy competition for "Suzi" as 12 increase and 4 more add, pushing the track to 26*. Pam Edwards moved the cut up.... "From the beginning Tesla has performed incredibly, and 'Suzi's got unbelievable phones".... Wayne Summers, WRCN, "'Little Suzi' is building nicely here; top 5 phones this week and sales are beginning to kick in on Long Island. Tesla is a solid band with more raw energy and searing guitar than any current on the air".... 109 on, 23 heavy or better.

The Truth, "Weapons of Love", IRS.... Another of our strongest performers in those pivotal play increases--with 20, including KYYS, KFOG, KTXQ, WKDF, WNOR, WSHE, KGB-FM, and WRCN. 2 more adds make it 156 now playing, good for a 15-13* advance. We're pleased to see more top 5 mentions, too--including KBPI, WIBA, WKLS, WLZR, WRQK, KLPX, KPOI, and WOOJ.

World Party, "All Come True", Chrysalis.... OK Folks, it's time to hit it!! 18 just did, including KBCO, KQDS, WNEW, WRXL, KMBY, WMAD, and WRQK. The HH reflects, 77-68*. KFMH's Steve Bridges raves, "The whole damn album is great!! It's inevitable that we'd add this. Musically imaginative"....

Ozzy Osbourne, "Crazy Train", Epic.... Ozzy's add tempo intensifies with 9 reports, led by new air on KGB-FM, WNOR, WRUF AND WIXV--good for a #93 debut. As WIXV's Virgil Thompson says, "If you're a rock and roll station, at least play the Ozzy at night. It just makes good sense"....

Del Fuegos, "Name Names", Slash/WB.... Boston's favorite garage band goes for a double and snags 4 more, with increases at 2 including KFOG as the track debuts at 94* this week. 23 on including WAAF, WBCN, WBYR, WHJY and WDHA.

Fleetwood Mac, "Seven Wonders", WB.... "Tango" may be the new single--and in fact comes through with a 33-27* increase--but "Wonders" is clearly the way rock radio wants to go for now. It ties the Petty on the Increase Index with 27--at #1, with 9 now power, and 67 up to heavy. Top 5 phones are moving well, too, with WKGR, KBPI, KFMQ, WWTR, and WZXL. Up 12-11*.

Bryan Adams, "Into The Fire", A&M.... The best sounding track on Bry's latest moves up a notch to #15, thanks to 9 more adds and 18 increases--and only one decrease. Power at 8, heavy at 63. Also keep an ear on "Hearts On Fire", up 85-77 with adds at KOME, KILO, and WKLS.

Rock and Hyde, "Dirty Water", Capitol.... Their 10-6* Hard Hundred explosion has to rank as one of that chart's most powerful moves this week--and in comes in part via ups at six of our most influential reporters: WLUP, KRQR, KYYS, KTXQ, WSHE and KLOS. Currently on 153, with 10 power and 61 heavy.

THEY CALL ME THE HUNTER

In a darling move that gives it two people named Hunter, MTV announces that KBPI/Denver PD Tom Hunter joins as its VP/Music Programming, MTV.

Tom had been at KBPI for less than a year. He starts in New York June 1st.

It's safe to assume that Hunter met certain criteria for this job: He is corporate, button-down, research-oriented -- just the kind of person they look for. And Tom possesses knowledge of AOR and CHR -- which is the hybrid MTV has evolved into.

Tom will be responsible for the scheduling of music, on-air promos, and--here's the big one-- interpretation of all music research. You got it: What they play. He reports to MTV and VH-1 SR/VP & GM Lee Masters, whose career mysteriously skyrocketed after attending my wedding ten years ago.

My career will skyrocket after Randy Hock's wedding this month.

"We're such a weird animal," notes Lee. "The AOR guys we spoke with did not really get what we are doing. You know, 'Why ya playing Madonna?' The CHR people didn't understand the niche stuff 'Heavy Metal', '120 Minutes', and breaking new acts. The fact that he's done both formats and a hybrid was the overriding factor. And as a person, I think he'll fit in with the people we have here."

Hunter will start in early June.

The other side of the coin is opening created at KBPI by Tom's departure. Sandusky VP/Programming Jeff Sattler tells us that hailing frequencies are open at the corporate HQ in Denver. Details below in ADVENTURE.

RARELY BUFFALOED

Call me Kreskin.

After "wondering how much longer WBEN/Buffalo can stay CHR" in last week's rag, reports from the upper left corner of NY state told of a new AOR--only days later.

Phone calls telling us things like "Sixteen records on the R&R CHR chart WBEN was playing will never see the light of day again," "They sound like an AOR," and the ever-popular "I'm surprised it took 'em so long" started coming in.

"Not quite yet; but it's getting there," says consultant George Harris. "Further decisions are coming soon. The potential of the station is incredible; it's a Class C."

The station has more watts than Prince has bodyguards. WBEN is one of the few Class C licenses in the Rustbelt. A "C" is the ultimate in FM. They are 100KW with great altitude--usually more than 1000 feet. "C"s tend to occur out West and in the South where there aren't overlapping concentrations of population. In the Northeast, they're as rare as whaleshit in a canary cage.

Anyway, Big BEN is 110KW at 1400 feet and you can get in Rochester or Toronto. Phew.

DAY IN COURT

Whenever anybody mentions "The People's Court", the people I think of in court are WGTR/Miami's Herman & McBean. You know...they did mornings at WSHE until the grass turned greener on the other side.

An appeals court has declined to hear them out in T-K (WSHE owners) v. Herman & McBean.

Lawyers are supposedly discussing a settlement. It is our understanding the two could be red-shirted and kept off the air by T-K.

"That's my understanding, too," says T-K VP/Programming Rick Peters.

How long?

"Well, the contract non-compete was six months," replies Peters.

But, again we remind you a settlement of some kind is possible. "What the company is going to do, I have no idea," says Rick. "We haven't discussed it yet."

"Hey, when people shake hands and make a deal, you expect everybody to live up to it," adds the adamant Peters. "If anything, this just vindicates us. The competition tried to make us out the bad guys and the courts say no. People have obligations to uphold their agreements."

"They denied the appeal, so we'll appeal again," WGTR PD Bill Wise chimes in. Herman & McBean were on WGTR for less than the entire book and beat the WSHE morning of Hansen & Roach in all demos. Wise also indicated that lawyers from both sides were talking.

"I don't know much about it. We're over here concentrating on radio and programming and obviously they haven't noticed either one of those things in the last eight months," is the note Wise ends on.

Herman & McBean remain on the air at WGTR as of this writing. Stay tuned.

LITTLE ROCKIN'

Little Rock got a new AOR Monday (5/4). KZLR has picked up the handle "KZ 95" and the Harris Adult Rock format.

The property is owned by Southern Starr, who also operates AOR WPLR/New Haven.

"It's a first class operation," notes Harris' Tom Kelly, who's in charge of this one. "These people aren't afraid to spend the money to make it happen."

"KMJX sounds designed to appeal to males 14-24," says Kelly. "They were the only game in town. Give us a chance, they'll go Country in six months."

Programming KZ 95 is twenty-four year market vet Nick Markel. He will handle the music as well.

KZ 95 is looking for a person or two. Check ADVENTURE IN MOVING below.

THE HARD REPORT

MR. BLUE

Howard Stern's show is funny, unique, and highly rated.

On Wednesday (4/29), the FCC expanded its definition of what is acceptable by adding "Language which depicts or describes, in terms patently offensive as measured by contemporary community standards for the broadcast medium, sexual or excretory activities or organs" to the so-called "Seven Dirty Words."

After going over a couple miles of tape on Howard, the Commission determined that "references to sexual organs, excretory activities and organs are a staple of the Howard Stern show."

Warning, Will Robinson. Danger.

And because the show is aired children are likely to be in the audience, the FCC added, "it would, thus, be actionable indecency under the clarified standard set forth in this case."

Two things I find interesting are: 1) That kids are people, too and weigh into this kind of bust, and 2) "Contemporary community standards..." This warning probably couldn't have happened on a New York listener complaint. New York City has places that would embarrass Sodom and Gomorrah. Remember, this action was on a Philly beef.

You may also remember, First Amendment Fun-Lovers, that Infinity Broadcasting's lawyers had argued that Howard's specialty was innuendo, not indecency. The Commission agreed to a certain extent.

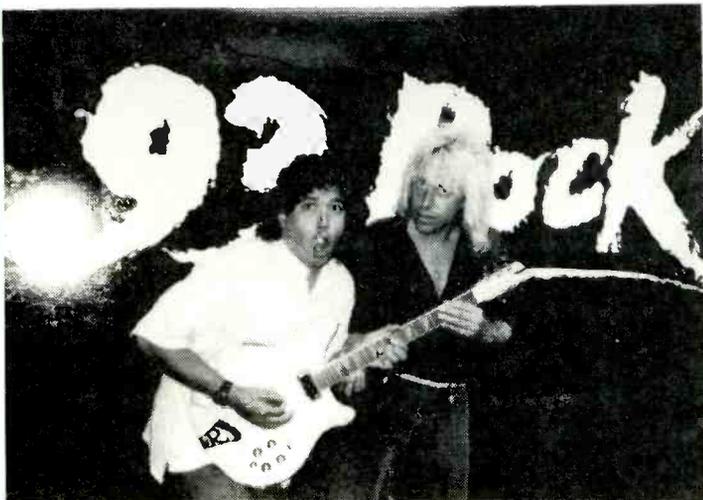

But while Howard doesn't use any of the Magnificent Seven, his show does "contain explicit references to masturbation, ejaculation, breast size, penis size, sexual intercourse, nudity, urination, oral-genital contact, erections, sodomy, bestiality, menstruation, and testicles."

All the things I need for quality entertainment.

(Seriously, folks, God only knows what Dave thinks when he reads this in Boisè...but even though the above happens on Howard's show, it's much more funny than dirty. The FCC did hit on the real problem: My friends who have kids tell me they can't listen to the show without their little micro-unit running around yelling "Penis!")

Innuendo and double entendre involving such topics may now be deemed indecent when "explicit or capable of only one meaning."

The Commission says the decision doesn't spear Free Speech because when children might be listening. Civil Libertarians will undoubtedly ask when the government will get tired of hiding behind children. The beat goes on.

Slowhand Garrett, this time with Night Ranger's Jeff Watson. Alert Secret Service agents wrestled the guitar to the ground.

KBER

The big news from Salt Lake, where you have almost as many signals as you can have wives, is the resignation of Bill May as KBER PD--and the appointment of Katherine Brown.

Brown, who is at crosstown Magic, KMGR, as production director. She is working her notice. Boy, everyone is being a gentleman about this one.

"Well, maybe she won't work all of it," laughs Chris Devine, President of Devine Communications (KBER, KKBR, and WBYS).

"We just got the Winter book back, and it's flat (3.4-3.2)," says Chris. "We're in good shape; we'll continue to make money with it. If it stays the same, I'm the happiest guy on earth. It's a tough market--it's a very segmented market. Too many radio stations here. Cume is really our problem. We're doing what we can to make it grow."

Katherine will start in two weeks.

Manager-in-two-time-zones-for-life Tony Berardini at WBCN's "Live In LA". L to r: Tony, Nobel nominee Bob Geldof, and afternooner Mark Parenteau.

WYNN'S PERFORMANCE PRODUCTS

Southern record legend Wynn Jackson has combined with the Starmount Agency to form the Starmount Entertainment Group.

Plans include an immediate expansion of the agency's roster and coverage territory as well as the development of management, production, and publishing interests. First on the list is a massive Southeastern talent search.

"Old Indies never die; they just move on to more legitimate occupations, like 'booking agent,'" says Wynn. "Looking forward to renewing old relations as we start with Gary Hart's new release, 'Back Door Man.' I'm genuinely excited to be associated with a solid company like Starmount and Ken Hewitt. You will be hearing from us."

ON THE PASSING OF JACK BELLE

We lost Central NY state concert promoter to illness last week. In a business where it's common to chew ground glass for breakfast, no one could say anything negative about Jack.

Some samples:

Tom Starr, WOUR: "He always demanded your best, because that's what you got from him.

He was a consummate pro and very thorough. When Springsteen was contemplating his tour through this area, Jack was the guy he asked to work with.

Steve Becker, WKFM: "It was he who opened the Carrierdome to live shows. Though Jack represented Rock & Roll in our area, he was into many other things--all which he did with great class."

Ed Levine, WPYX: "I knew him for ten years. He was a maniac. That was our favorite word.

He was a man of unquestionable integrity, he was intense, and prone to detail.

OZZY

**This week's phenomenal 51-19*
Billboard Album sales jump
on "Tribute" is just the tip of
the Ozzy iceberg.**

Video (Top 3 Requests after 2 days on MTV), Press (Today Show, Rolling Stone, LA Times) and major calls (WBCN WNOR WLLZ KTXQ KSHE KISW KUPD etc...) are all building at a fierce pace. 'TRIBUTE' is the already gold, full price double Lp from OZZY OSBOURNE and RANDY RHOADS. Ozzy's new legion as well as the 25+ crowd who grew up on Black Sabbath know it's the TALE OF TWO LEGENDS.

THE HARD REPORT

You couldn't get away with the standard ticket giveaways and typical concert stuff with him. He knew quality and would push for excellence.

He hated many things about the business and tried to correct them. For instance, ticket prices. He never liked high ticket prices and tried to hold the line. He constantly complained about other promoters prices. 'How's a fifteen-year old kid gonna spend \$16 to see David Bowie?' he would ask me. He prided himself on low ticket prices, but wouldn't let us promote the fact that he had low prices.

His legacy is that one could have integrity in a business that is not necessarily known for it."

FOURTH SHEET

As if this business isn't crowded enough, the Russians now have a sheet.

TASS has published what the news agency calls "the first Soviet hit parade," a list of the best-selling records in 100 Soviet cities. Let's hope they don't write as well as they skate.

The Russki queen of rock, Alla Pugachova, tops the Lp chart with "Happiness in Your Personal Life", comrades. Number 2, of course, is Gary Hart's "Back Door Man".

Anyway, in a half-assed attempt to hold off this new challenge from the left, HR Alternative Editor Ms. Hood will be changing her name to Red Dawn. Das vendonya, Americanski capitalistski.

THE HARD REPORT PICKS

IMMACULATE FOOLS "DUMB POET" (A&M)

Carving their niche among the ranks of English rock gentry, enter the Immaculate Fools. Glimmers of joy, sadness and hope expressed on their album debut comes across like a poetry reading. Add precision paced song structure, immaculate production and moving texture and you'll realize this album as one of the most potent crossover contenders for Summer '87. "Dumb Poet" is ready to exceed your expectations—and the immediate appeal of "Tragic Comedy" carries over to the unmistakable beauty of an acoustic/electric guitar companionship. The band floats on Kevin Weatherhill's enchanting melodies in "Never Give Less Than Everything"; and the high spirited calm of "One Minute" or "Don't Drive The Hope...". A whimsical folk ballad, "Wish You Were Here" remains the best play pick—he who casts this one aside surely jests.

WIPERS "FOLLOW BLIND" (RESTLESS)

Greg Sage's work is timeless. In '77 he formed the Wipers and began a long journey into rock wilderness. Through valleys of distortion and over mountains of thrash, grooming his soundscapes to the delight of the American music press. On this the 5th album, quality reigns—especially when it continues to fascinate writers and new fans alike. On a wave of electro-guitar emotion he sculpts "Someplace Else", the 'Hawaiian' tinged "Any Time You Find" and rock and roll over chords in "Against The Wall". Easy listening weighs heavily on the Wipers latest. Sit back and spin.

THE NEIGHBORHOODS "REPTILE MEN" (EMERGO)

Reaching the great expanse of the US is no easy feat, and in the rock world you've got to play loud and hard (and mean it)...then there's the exposure factor. But just don't leave the vinyl out too long—as you needle through "Reptile Men", rock at the deep end will hit you where it counts. The Neighborhoods kick out a steamroller of a set and seal it tight as a drum while guitarist Dave Minehan blazes through bar chords and solos demolition style. Sink your hooks into "Pure And Easy". The Miller Beer company did...

SINGLE FILE

SUBURBS "DON'T DO ME ANY FAVORS" (BUY)

Many of you are familiar with the Suburbs and joined in on their efforts last year. As they re-group for another vinyl round, this one sounds more like metropolitan pop with R&B flavor thrown in on "Little Man's Gonna Fall". It's an overall clean sweep in the production studio! Contact Good Music Management for details, records and other paraphernalia: 612-338-3833.

PETER AND THE TEST TUBE BABIES "LOUISE WOULDN'T LIKE IT" (PROFILE)

Musical trends come and go, but Peter And The Test Tube Babies have weathered the storm and returned with the original line up in tact. "Louise" represents new vision for this ex-Anglo-angro pack. No one ever said that hard core speed thrash was easy to do—but slowing down and directing that talent to a wider rock audience scores one more on the applause meter.

B.A.D. "HOLLYWOOD BOULEVARD" remix (COLUMBIA) 9 sold-out dates in NYC recently has nothing to do with the magnetism of the song, but does speak loudly for the formidable BAD demand. A presence that's spirited and universal with a dance groove that would overpower a sleeping dog. Put 'em on and it's bliss.

CHARTSTARS

THE CURE "WHY CAN'T I BE YOU?" (ELEKTRA) Top 10 Airplay status, #1 Alternative Track and the Lp Isn't out for two weeks, but that's the haps for a #1 bound release. The popularity of the Robert Smith troop cannot be denied and **Bruce McDonald** at WFNX says "'Why' is one of the fastest selling 12's right now in Boston right now and remains our most requested song." 37 reporting stations are gearing up for the crossover push. Let's not have it be a CHR cross first. Top 5 requests at WLIR, KEYX, KTCL, WFNX, WRBR and WRAS with those early supporters also including WZEW, WTPA, WMGM, WNGZ, WWZU, WBCN and KROQ.

REPLACEMENTS "PLEASED TO MEET ME" (SIRE) As the Lp becomes a familiar item on the turntable, it moves 28-17* this week. Add it. Increase it. Play the whole damn thing. The Replacements are the American rock 'n roll ideal—good ears and insight tell you that. For now our reports are dominated by "The Ledge", "Alex Chilton" and "Can't Hardly Wait". **Ty Banks**, KQWB says "The Replacements are a natural here. You HAVE to listen to it".... and **Steve Kosbau**, KRNA is listening, "There's a big local buzz about the new Replacements single. With a bit of radio support, this midwestern band will be a favorite in the households across America in no time." Now at over 35 stations.

HOODOO GURUS "BLOW YOUR COOL!" (ELEKTRA) "Good Times" at 69 stations, and three more tracks building from this Lp—"What's My Scene", "Out That Door" and "Here I Stand...". It's breaking out by leaps and bounds, another breath of fresh air since their last effort and they'll prove it to you on stage. **Steve Bridges**, KFMH says, "They're a mainstay here. Phones are heavy and I think this is the Lp to cross."

REM "DEAD LETTER OFFICE" (A&M/IRS) So what if there are two labels working this. You should be working it too! Think about all those singles you were never able to find, then put 'em on the air. Track mentions include "Crazy" and "King Of The Road" along with the "Ages Of You" single now at over 125 reporting stations! An AOR staple? In the making. An alternative staple? They've got it made. Heavy rotation includes KABL, KUSF, WVVV, WXXP, WEQX, WRAS, WUOG, and WXRT.

FAITH NO MORE "INTRODUCE YOURSELF" (SLASH/WB) Distribute "We Care A Lot" to the masses and bet that the phones will be lit pronto. One listen and the only reason to play it again will be on the air—like WTOS, KABL, KEYX, KTCL, WRAS, WFNX, WHTG, WHFS and other early reactors. New at 47* this week, **Bruce McDonald**, WFNX adds "Faith No More is already a Top 10 request in light rotation, and the remix is killer!"

GREEN ON RED "THE KILLER INSIDE ME" (POLYGRAM) One of the more compelling American bands to resurface has a killer of an Lp in case you haven't spent the time yet. Production credits are the highest—but the truth isn't often that pretty as Dan Stuart so aptly points out on his latest effort. "Clarkesville" familiarized many new listeners to Green On Red's unique R-O-C-K in the USA—now dig deeper for "Track You Down". Now at 24*

Bubbling Under

The Colourfield (Chrysalis)
Hege V (MTM)
The Fall (Big Time)
Young Fresh Fellows (Frontier)
Gary Moore (Virgin)
Cat Heads (Restless)

SCRUFFY THE CAT "TINY DAYS" (RELATIVITY) Another new chart entry this week at 37* with buzz abounding. "Mybabyshe'sairight" seems to have sunk into many a playlist so far including KZEL, WBCN, WVVV, WWVU, WXXP, KSTM, KABL, WEQX, WHTG, WUOG, WOXY, KUSF plus more. Was it the catnip?

LONG RYDERS "TWO FISTED TALES" (ISLAND) Moving Top 10 (Island's got a monopoly on that status these days...) They did it with "Gunslinger Man" at over 52 stations so far including KGB, WHFS, WBCN, KFMH, KUSF, WTOS, WRAS, WHTG, KROQ, KSTM, WOXY, CFNY, WRVU, KKBR and many more. It's a healthy spread of a college/major range. And an example of good music that knows no bounds. **Ty Banks**, KQWB says "'Gunslinger Man' is the grabber of the week! This tune generates enthusiasm."

THE CULT "ELECTRIC" (SIRE) Gear up for single #2, "Lil Devil" already at KNAC, KNCN, KRXQ, WVVV, WHCN, WXRC, WEQX, WNDY, WOXY, WRVU, CFNY, KSTM and more. This album burns—and a quick followup will do nothing but more damage. The summer is theirs. Now at 7*

JON ASTLEY "EVERYONE LOVES THE PILOT" (ATLANTIC) "Jane's Getting Serious" turned out to be a hidden surprise among the release deluge recently and with 40+ stations playing and the single still building, it's time to increase play. Power/Heavy play includes WXXP, WHTG, KJET, KRQU, KTAO, WRAS, WTOS and WEQX with the Lp at 14*. An MTV Hip Clip is scheduled soon.

SUZANNE VEGA "SOLITUDE STANDING" (A&M) Suzanne has swept the masses off their feet with "Luka". One listen will explain its brilliance, especially if you were privileged to see her perform live before her European tour in now in progress. New Lp action this week at KBCO, KTAO, WRAS, WUOG and CFNY with single adds WTPA, KFOG, KLPX, KOZZ, KYYS and more, moving the Lp to 11* Alternative/32* Album Impact.

HUNTERS AND COLLECTORS "LIVING INSIDE DAYLIGHT" (IRS) A refresher course to semi-familiar programmers that featured two tracks from "Human Frailty" and a hint of new things to come on their Lp scheduled for the Fall. This Ep is experiencing a warm welcome at AOR/Alternative outlets for "January Rain", who's prominent chorus caught many first time through. Fortified with a tour-de-force and airplay at CFNY, WTOS, WRAS, WNDY, KJET, WEQX, WVVV, WFNX, WXRT, KABL and KKBR to name a few. Don't let it pass YOU by.

WIRE "THE IDEAL COPY" (ENIGMA) Not only has the band regrouped, but the new focus is no more commercial than old save more time in the production mix. The success of "Ahead" is more than exciting—not only due to the fact that the band writes exceptional material, but the wait has been a long one. Moving 43-34* this week with #2 album add status, airplay includes WLIR, KABL, KEYX, KJET, WFNX, WHTG, WXXP, WWVU, KROQ, KTCL, WEQX, WHFS, CFNY, WXRT, KCMU and more.

NEW THIS WEEK

Y&T, "Contagious" 12", Geffen.... Despite a major following in Europe, Y&T never established more than a cult following Stateside, except for their home turf San Francisco where they are huge. A lot has happened since we last heard from them. They lost a charter member and left their longtime home at A&M but thankfully have bounced back. "Contagious" is a bit meatier than the stuff they've done recently with accessibility galore, thanks to an anthem like, fist raising beat and a gutsy riff. New drummer Jim Delgrasso pounds the crap out of his skins while guitarist Dave Menketti supplies fast fingerwork and his distinctive vocals. If this song doesn't help them crack the States, somethin's wrong.

Motley Crue, "Girls Girls Girls" 12", Elektra.... Not to sound lost for words, but the comment Mad Max at Z-Rock gave about this track couldn't be topped. "Girls, Girls, Girls" is in the tradition of the Crue--lude, crude and totally nude. Great for all you rot gut whiskey drinkers." Methinks he stole that from vocalist Vince Neil but hey, he's right. They retain a sleazy, pure rock and roll atmosphere with hints of boogie and a hard hittin' foot stomping beat. Betcha this song is the cause of more speeding tickets this spring.

Poison, "I Want Action" 12", Enigma-Capitol.... Hey kid, fancy a little pop-metal? Some sugarless Bubble Yum with razor blades which will stick on the bottoms of your Pro-Keds forever. Ok, I'm getting silly but not too many bands can mix a stripped down, back to basics, rock and roll rump with heavy guitars and a everybody-sing-a-long chorus. "I Want Action" is the perfect follow-up to their hit "Talk Dirty To Me" with all the needed elements for a multi-crossover monster.

EARTHSHAKERS

Anthrax, "Among The Living", Megaforce/Island... Finally hitting the #1 spot has been a long-awaited triumph for the Anthrax boys. They patiently held the #2 spot since this chart began (4 weeks!) but with the power of 25 stations their presence couldn't be stronger. However, life in the buffer spot hasn't exactly been that bad. The album is #3 retail and is flying out of the stores faster than you can say "Efilnikufesin". With well over 100,000 units sold, they have surpassed sales of their previous album and their upcoming tour just might bring it back home gold. Says Jessica Harley at WNGZ, "'Among The Living' is powerful, explosive and incredibly heavy. The songs are complex with numerous rhythm changes and the production is tremendous! The requests never end". Formats as well as shows are on this disc, including CHEZ, WOXY, WHJY, WERS, WKNH, KNAC, WDHA, KISS, WSOU, WCWP, WRTN, and of course Z-Rock.

Ace Frehley, "Frehley's Comet", Megaforce/Atlantic... On the strength of "Into The Night", "Frehley's Comet" debuts high at #8. The continued support from WBAB, WNHU, WCWP, KNAC, WSOU and WDHA as well as new action by WRCN, WKNC, WUEV, WHJY, KGB and Z-Rock is just the starting point for the successful chart-action the former Kiss guitarist will be getting in the time to come. Just listen to the comments: Jon Johnson, WKNH: "In a world of Eddie Van Halen clones, it is nice to know that you can still pick Ace out of the pack." Rian Wathen, WUEV: "I'm glad to see Ace standing on his own two feet. "Into The Night" doesn't sound Kiss-ish at all. I hope people don't play it just because it's Ace; they should because it's a good song".

The Cult, "Electric", Sire... Says Shawn Lackey at WKNC, "The Cult can be the surprise hard rock act of the year." Took the words right out of my mouth. Producer Rick Rubin's love for heavy metal has brushed off on this quartet who shook the 'alternative' scene last year with "She Sells Sanctuary" (yeah, the kid knows stuff outside the metal encyclopedia). But the love beads and paisley shirts have been replaced with black leather, motorcycle gear and marshalls turned up to the deafening point. Says Matt O'Shaughnessy at WRTN, "When we first put it on, the phones went crazy...it's even picking up the thrash audience. It sounds like the result of AC/DC and Led Zeppelin colliding in a dark alley. Other stations on the Lp include formats at KNAC, Z-Rock and WKNC as well as block shows at WBCN, WGBW and KVEZ.

Chastain, "The 7th Of Never", Leviathan... Guitarist David T. Chastain is building a following thanks to his reputation for fast and furious yet melodic playing. He also has a reputation for releasing records as often as he changes his guitar strings. Two with C.J.S.S. and now this third one with Chastain in just two years. With this band David, demonstrates more of a progressive edge, with interesting axework to bring out the guitar-hero worshiper in most of us. Fellow Cincinnati-ite Ken Gildewell at WOXY was first to add this Lp a few weeks back and stated "'The 7th Of Never' is their best yet. The drums and guitars are produced better and it sounds as if they had a lot of time to record it". Adds this week include WCWP, WWUH, KCMU and WRTN. Gee, I wish someone would send me a copy...

Pretty Maids, "Future World" 12", Epic...The Danish hard rock attack continues! The advance single to the "Future World" Lp keeps going up. This week, it creeps up another notch to #9. A lucky 13 stations are plugging it away including WNGZ, CHEZ, WRCN, WSOU and WCWP—the latter of which has it in power. New adds this week include KGB, KFMG, KOZZ, and KUCA. Who knows what will happen once the actual album comes out.

RUMBLERS

Most people fall in love with the self-titled Fifth Angel album instantly (myself included), but due to minimal (if any) servicing, their chart action doesn't reflect how great this group really is. They play traditional hard rock with a dramatic, majestic feel. Joe "The Godfather" Anthony is playing it on his show at KISS and claims "We are getting great phones for them, especially the track 'Wings Of Destiny'. The way they can move into different styles and tempos proves that they are not a one-record type of band. They should be around for a long time." Rich Scroggs at WWVU is another follower of the cause—"They came out of nowhere and released a strong album. It's really melodic but still maintains a crunch factor. I wish all hard rock bands did it that way". WSOU has been on it for a while medium. Do your self a favor and watch for it in the mail or the shops—which ever comes first...As Europe continues to get airplay on mainstream radio, we notice a few hard rock formats and shows are picking up on some of their harder tracks which lean towards an edge. After all, many of these stations were first to play them when "The Final Countdown" was first released nearly a year ago. (Yes, the album is that old!) Their current U.S. tour is helping; Joe Anthony again: [Seeing them in concert] brought out some of the songs I overlooked—a beautiful ballad called "Carrie" is sure to open things up for them but "Ninja" and "Cherokee" certainly have a metal edge." WSOU re-added the album with "On The Loose" in heavy with gained support with the shows at WDHA, WWVX and KVEZ. I personally like "Heart Of Stone" too... Totally on the other side of the fence, we see a lot of over-the-top thrash bands bubbling under as well. "Join The Army" by Suicidal Tendencies (on Caroline) is only at two stations—WGBW and WRTN, but is #4 sales. According to Agents Of Fortune—a hard rock specialty store in Massapequa Park, Long Island, "it's doing really well considering the competition is so strong. We sell about 10 a week, which is impressive considering that we just basically stock hard rock product. It's not only the hardcore kids buying it either—I think they are riding on Metallica and Anthrax's coat tails...Meanwhile, "Crossover" by D.R.I. (on Metal Blade) has Z-Rock behind it as well as WRTN, WGBW and WWVU...WNHU too. Says their Metal Director Mike Z, "It's the perfect definition of it's title—"Crossover". It's the perfect mix of heavy guitar, speed and intelligent lyrics". We're with him... And last but not least, Lizzy Borden's new mini album "Terror Rising" jumps 7 points up to #23 on the retail chart but doesn't quite touch the top 30 airplay. Their re-makes of the classic "White Rabbit" and "Don't Touch Me There" quite interesting and worth checking as so the re-mixed "Give Em The Axe" and "Catch Your Death". It's a good dose of double-axed metal mayhem.(on Metal Blade Records)

HARD ROCK/HEAVY METAL MUSIC NEWS

YNGWIE MALMSTEEN is currently in Los Angeles working on new material for his fourth album. It will mark the debut of his new vocalist MARK WEITZ, formerly of ODIN. He's the guitarist's third vocalist; JEFF SCOTT SOTO, who sang on the first two albums had left the band just before the "Marching Out" tour and was replaced by MARK BOALS. Boals completed the tour and recorded the third album, "Trilogy", but was fired in the middle of the tour for that album and replaced by, yes you guessed it, Jeff Scott Soto. Since the end of the "Trilogy" tour Soto has gone back to his brother's band Lamour while Boals has been working with new Japanese guitar hero KUNI. But anyway, back to Yngwie. The forthcoming album, as yet untitled, will be self-produced and should be ready sometime in the summer.

ANVIL, one of Canada's most popular metal bands have landed their first U.S. deal with Metal Blade Records and will release "Strength Of Steel" later this month. It was produced by the band along with Paul Lachapelle.

METALLICA has been added to the bill of the Castle Donnington Festival to be held in England on August 22nd. They will be third on the bill which is headlined by BON JOVI with special guests DIO. Other names being tossed around about playing it include ANTHRAX, W.A.S.P. and CINDERELLA— but they have yet to be confirmed.

Despite all rumors, GIUFFRIA are still together, well sort of. Among the stories which led many to think they broken up are that vocalist DAVID GLEN EISLEY has teamed up with KUNI (when in fact he only helped him out for one showcase gig in Los Angeles) and that keyboardist GREGG GIUFFRIA decided to take part in the Angel reunion (Nope). Guitarist LANNY CORDOLA was briefly in NRG but came back and there is no truth at all the the one that they have been dropped by Camel Records. Although they did lose their bassist and drummer, DAVID SYKES and ALAN KRIGGER, word is that things couldn't be better. They have just been picked up by Danny O'Donovan Enterprises (the same management company who handles Loudness) and will start working on their third album once replacements are found. Meanwhile, band's namesake/ keyboardist is working on some film scores to ease some of his spare time. He will contribute one song to the soundtrack for the movie "Fatal Pulse" for which he also has a cameo role in. Another project is the entire score for "Lightning Strikes", a 1988 release starring Rutger Hauer and Ann Turkel. Giuffria is no stranger to film scores; they appear on the soundtrack to "Gotcha".

HELIX had to pick 10 out of the 70 tracks they had in demo form to be recorded for their forthcoming album. They plan to finish all the sessions at Manor Studios in Oxfordshire with producer MIKE STONE. No release date has been set yet.

The Los Angeles band LIZZY BORDEN has just returned to America from a promotional tour of Japan, but they will not be seeing the Sunset Strip for a while. They will be at Longview Studios in

Massachusetts for the next two months recording their next album titled "Visual Lies" with producer MAX NORMAN. It will be out sometime in August and just wait until you see the cover concept that photographer MARK WEISS has planned. By the way, Lizzy has replaced guitarist ALEX NELSON with J. HOMES.

If you are really into GARY MOORE, go to your favorite import shop and buy the 12" for "Friday On My Mind". Not only do you get a live rendition of "Reach For the Sky" it also includes two different versions of the Easybeat's classic—one extended and the other known as the "kool rap version". While you are there, you can pick up a picture disc of the new WHITESNAKE album retailing at about \$20 or a silver vinyl 7" of EUROPE's "Carrie". Some CDs that have just been released include "Doomsday for the Deceiver" by FLOTSAM AND JETSAM, WHITESNAKE's "Slide It In", METAL CHURCH's self titled debut, "Exit Stage Left" and "All The World's A Stage" by RUSH as well as most of the KISS catalog.

While on the subject of imports, fans of the English band HEAVY PETTIN' should keep their eyes open for their brand new single called "Romeo". Although it's surely the most melodic tune they have ever done, the b-side, "Don't Call It Love" is more in the hard rock style they are known for. The tracks are taken from their third album titled "The Big Bang", however with PolyGram dropping the band in this country, you'll have to get it as an import as well.

The Swedish band 220 VOLT have finally started working on a new album after being inactive for over a year. What took them so long? Get this— two of the members were stuck in the Swedish army. What? Well it is mandatory that all males in that country serve two years in the military. Some of the more well known musicians and athletes are able to be excused from it so it doesn't interfere with their careers, but unfortunately, the guys from this band couldn't get away from it. CBS overseas has just released an album titled "Young And Wild" which contains material featured on their only U.S. release "Electric Messengers" as well as new stuff. (Incidentally, "Electric Messengers" was a compilation itself combining the band's two European releases.) Also included is the single-only song "Heavy Christmas"—perhaps the heaviest yuletide carol you'll ever hear. Sorry, no plans for a American release.

Word on the streets is that the band for the forthcoming WHITESNAKE tour just might be the one in the "Still Of The Night" video. That means vocalist David Coverdale will be backed by drummer TOMMY ALDRIDGE, bassist RUDY SARZO and double guitarists ADRIAN VANDENBERG and VIVIAN CAMPBELL. Mind you, I'm not saying this is 100 percent sure but just imagine if it is.

Well that's it for this week. In the next issue, an update on the Japanese band LOUDNESS with some exclusive words from their vocalist MINORU NIIHARA.

The DB's Peter Holzapple will take a pink & white 3-speed 1963 Rambler on the road in the next month for a solo tour in advance of the release of his new album, tentatively entitled "Sound Of Music." He'll travel from New York to Los Angeles in his newly-obtained classic car. Dates are scheduled later this month in Baltimore, Athens, Atlanta, Birmingham, Mobile, New Orleans, Houston, Austin and Dallas. More Texas dates and a stop in Los Angeles are scheduled for June. The road show is being filmed for IRS' "The Cutting Edge."

Billy Joel says he's going to Moscow and Leningrad this summer "not as a politician. I am going there as a musician." Joel's visit during July and August is intended "to get more communications going" between the United States and the Soviet Union. He says he'll take his wife, model Christie Brinkley on the trip, where he plans "to do a lot of walking around and hanging out." The series of concerts is part of a cultural exchange. A television/home video special will be produced from the tour. He'll play Moscow on July 26, 27 and 29, and Leningrad on August 2, 3 and 5. Joel hopes 100,000 people will attend the six indoor shows. Tickets will cost about \$10 each, but Joel says he'll be losing money on the concerts.

Heart will have a new album out on May 15th, called "Bad Animals." A world tour is scheduled to begin on June 26th. Lead singer Ann Wilson says this album is "more rock, more passionate, and more direct" than earlier LPs by the group.

Depeche Mode will have a new album out in the fall, recorded in Paris in February and March with producer Dave Bascombe. A single from the album, "Strangelove," is just out in England.

Dwight Yoakam's new album, called "Hillbilly Deluxe," will include a cover version of Elvis Presley's "Little Sister."

Graduation ceremonies at Wisconsin's South Beloit High School have been moved up a few hours so that students can go to a Bon Jovi show in nearby Rockford, Illinois on the same day. About one-fourth of the graduating seniors asked school officials if something could be done to prevent a conflict between the commencement ceremony and the concert. Some of them had waited overnight in freezing rain to get tickets to the show.

Deadheads aren't welcome at the St. Francis Church soup kitchen in Santa Cruz, California. Michael Grablanowski, a spokesman for the soup kitchen says Grateful Dead fans try to "find places where they can eat for free." He says that Dead fans "obviously don't want to work, and they don't want to change." "The Deadheads have the money for concerts, and drugs are a big part of their lifestyle and that costs money," says soup kitchen director Peter Carota.

Paul Simon plans to play eight more cities in the United States in June, after performing in Australia this month.

Paul Butterfield has died at the age of 44. Butterfield was found dead in his North Hollywood apartment by his manager. He'd been working on his first album in five years, "The Legendary Paul Butterfield Rides Again," and had appeared on stage recently to tape a cable television special.

Attorneys for the members of the Jefferson Airplane have asked a San Francisco Superior Court judge to order RCA Records to release \$1.3 million in royalties and over \$700,000 in interest. The company has been holding the funds during a dispute between band members and their first manager, Matthew Katz. The case is scheduled to go to trial in July.

Ringo Starr says he's recorded 16 tracks for a new album in Memphis, Tennessee with producer Chips Moman.

David Clayton-Thomas of Blood, Sweat & Tears says the band's nine members will record a new album next month, though it won't feature all of the band's original members. "Blood, Sweat & Tears has never been a group. It has always been a loosely structured band of top session players," says Clayton-Thomas. He says the band has seen an increase in its popularity in the past year and a half because of the upsurge in classic rock music.

Brian Wilson stars in the new Wall Of Voodoo video for their cover version of the Beach Boys' "Do It Again." The clip was directed by Stephen Sayadian, who was the art director for the cult movie "Cafe Flesh," as well as the new Wall of Voodoo album, "Happy Planet." The storyline for the clip is described by the band's Andy Priebay as "Brian Wilson's beach nightmare." The video, shot at the Sound Stage in Los Angeles owned by former Doors member Ray Manzarek, sees Wilson awakened from his sand box by strange rumblings. He enters another beach which is full of female body-builders and emaciated ghost-like surfers. Wilson attended a video release party in Los Angeles Monday night and liked the finished clip so much that he has asked Sayadian to work on the clips for the solo album Wilson is releasing this summer. Wall of Voodoo are about to begin a short tour of Europe.

Carole King has filed a lawsuit against producer Lou Adler contending that she has not been paid all of her record royalties. King claims, in a complaint filed in Los Angeles Superior Court, that she is owed at least \$413,967 by Adler, who she says has failed to provide royalty statements on a regular basis since 1978. King also says Adler is guilty of breach of contract because he's allowed her records to be reissued at budget prices. Her legal action also asks that her contract with Adler be invalidated.

The Australian band Redgum is providing a free condom and information booklet with copies of its new single, "Roll It On Robbie," which promotes the use of condoms for safe sex.

Huey Lewis has convinced Elvis Costello's British record label, Demon Records, to release a greatest hits album by the Tower of Power horn section. "It's just such a thrill," Lewis says. "I grew up worshiping these guys — and here I am able to help them. The British album is called "What Is Hip?". "Huey is a big fan from way back. He's been great to us, giving us a spot in his shows and always being supportive," says Tower of Power leader Emilio Castillo.

A New York attorney says he has received "initial endorsement and support" from a number of artists for a September 5th concert at the University of California's Drake Stadium in Los Angeles that would celebrate Bishop Desmond Tutu. Stevie Wonder, Paul Simon, Hugh Masakela, Ladysmith Black Mambazo, The Fat Boys, Freddie Jackson, Melba Moore and others have said they will perform at the show if their schedules allow it. The South African Council of Churches is putting the show together, with plans for a television broadcast and record release. Funds raised will go to the African Bursary Fund, which provides money for libraries, hospitals and schools. Tutu is scheduled to announce more event plans at a press conference later this month, according to Charmaine Modjajdi, a South African music promoter.

Prince is building a \$10 million recording, film & video complex in Chanhassen, Minnesota. The 65,000-square-foot "mini Hollywood" production complex has received a certificate of occupancy from city officials. Construction is expected to be completed by July. A soundstage at the facility has already opened, and Kool & The Gang have used it to rehearse for a tour. Richard Henriksen, general manager of the complex, says Prince will provide about half of the business for Paisley Park Studios. "He built it as a production tool for himself and as a tool for the whole city and the whole area," Henriksen says. "He wanted to add something back to the area, and he wants it to be a catalyst for artists and production."

Culture Club's Mikey Craig has been in an Atlanta studio working on a solo album.

Eddie Money is using a computer memory to take Ronnie Spector's voice with him on tour. Her vocals for "Take Me Home Tonight" are stored in a computer-synthesizer for use during the show. "Next year we're going to put the whole band on computer and send it on the road. I'm going to stay home and sit by the pool," Money remarks.

New Order are about to go into the studio to record a single with producer Stephen Hague, who most recently has worked with the Pet Shop Boys.

British band Swing Out Sister went to Los Angeles to shoot a video for "Twilight World." It's the third video from their "Breakout" album. It won't be evident though, that the clip was shot in California. "We didn't use the Hollywood sign or anything," says Martin Jackson. "Most people will probably think it's Blackpool or somewhere like that."

OMD will be releasing a greatest hits album this fall.

IRS Records' "The Cutting Edge" program is on hiatus from MTV for a couple of months while executive producer Carl Grasso works on a "new look" for the show. A spokesman for the label says "purists will not be disappointed" in the changes. Changes to the program will not include replacing Peter Zarella of the Fleshtones as host.

Doctor & The Medics will have their second album out in July.

The new Hoodoo Gurus album has entered the Australian album chart at #2 first week out. The single "What's My Scene" has moved from 17 to 4 on the charts DownUnder.

The widow of Carlton Barrett of the Wailers has been charged with his murder in Jamaica last month. She had told police she was inside the couple's home when Barrett was shot.

Peter Wolf filmed a video for "Can't Get Started" at Boston's Metro club last week. "What was great about it was the enthusiasm of the audience," Wolf says. "There was a warmth there that astounded me." It was only the second time that Wolf had performed live since leaving the J. Geils Band. "Being away for five years, I forgot what I loved about performing. I forgot about the kind of rapport we had with the fans with J. Geils. It's like being in love with someone you haven't seen for a long time. Or seeing a favorite movie again or hearing a favorite song." Wolf appeared on stage with a band he calls the Dukes of Dilemma, which includes Jeff Golub and Bobby Chouinard of Billy Squier's band. That band is expected to tour with Wolf when he goes on the road this summer. "It was the first time we had actually all played together," Wolf notes. "We ended up doing about 30 songs, a whole smorgasbord."

Members of Farrenheit say their current success has taken them by surprise. "If anybody told me a year ago that we were going to go to Los Angeles to record for two months, then go back to take pictures for an album cover and make a video, I would have just laughed," says Muzz, drummer for the group. "I try to be optimistic, but I wasn't born yesterday." The Boston-area band had been playing clubs in the northeastern United States for almost ten years.

Here's the latest music news "Live From London" courtesy of CFNY, Toronto and our exclusive reporter LEE CARTER. Lee can be heard on CFNY's "Sunday Music Magazine" program and on "Live From London" aired Wednesday evenings.

Elvis Costello is about to launch yet another project. He has a new single coming out under the name The McManus Show called "A Town Called Big Nothing", the instrumental version of which was used for Alex Cox's new movie "Straight To Hell" starring Elvis Costello and The Pogues. Out on the 4th of May, the single features Elvis' father, Ross McManus on trumpet, former Pogue and Elvis girlfriend Cait Roardon; with a speaking part, and two members of his backing band The Attractions, Pete Thomas and Steve Nieve.

UB40 finally release their video shot in The Soviet Union last year on Virgin Vision, called "UB40 CCCP". The home video features footage from their shows in Leningrad and Moscow and some documentary items. A second version of the film, featuring much more of the bands' impression of The Soviet Union is being prepared to show on British TV later this year. At the moment in the U.K. Home Video Music Charts, U2's "Under A Blood Red Sky-Live At Redrocks", originally recorded and released in 1983, is enjoying renewed popularity, moving up smartly to 5. Culture Club's greatest hits, "This Time" is at 4. "The Whole Story" by Kate Bush, a former best seller is now at 3. The Virgin compilation "Now That's What I Call Music 9" is at 2. But still at 1, Level 42 "Live At Wembley". British made videos are recorded on the PAL system and are not compatible with American video machines or TV sets.

This year's Prince's Trust concert takes place at Wembley Arena on the 5th and 6th of June. The final lineup is Midge Ure, Paul Young, Spandau Ballet, Ben E. King, Dave Edmunds, Phil Collins, Boy George, Allison Moyet, Curiosity Killed The Cat and Bryan Adams.

Dr. & The Medics are back. They caused a bit of North American schizophrenia not so long ago when "Spirit In The Sky" went to number one in the Canadian charts, while barely registering on the American ones. After that smash hit, they flopped both here and abroad towards the end of last year with a cover of ABBA'S "Waterloo". Now they are on an indie label, Illegal Records and their new mini-album is called "Two Pieces Of Cloth Carefully Sticked Together" (I kid you not). The good Doctor and his Medics are also touring around the U.K. soon.

Excellent time for good concerts around the U.K. this week. Big bad James Brown is back, supported by a promising new British soul band Well Red, who do

an excellent cover of the old Pointer Sisters classic "Yes We Can Can". Also over are **Lionel Ritchie** and **Percy Sledge**. The **Blow Monkeys** continue to trudge around the larger halls to support their new album "She Was Only The Grocer's Daughter" to ecstatic reviews. **Julian Cope** is on his second trek around these fair isles. Everything is going for this man. He packs a double whammy in having a great LP and a knockout live show. A second wind is also in the air for **Spear Of Destiny**, who just sold out the Hammersmith Odeon following the extraordinary and unexpected success of the single "Never Take Me Alive". Early 80's Spear mania never reached North America, mostly because they only visited there twice and that was just New York and L.A. A more comprehensive American tour is planned for late June with full promotional backing from Virgin America for the new LP "Outland" which contains several tasty tracks. The first American single is

going to be "The Traveller" so you may want to get in there early. Erk! It's here! New Age music has finally come to England with a show in London this weekend featuring lots of people I've never heard of! As London falls fast asleep to this aural pillow with yuppies clutching their flasks of herbal tea, hopefully things will be shaken up a little bit by some of the small clubs, featuring this week, young hopefuls like **The Mighty Lemon Drops**, **Flesh For Lulu** and **The Blue Aeroplanes**.

A dreadful riot broke out in the South London borough of Brixton, outside the venue The Brixton Academy, after a concert there by a hardcore punk band called **Conflict**. 28 members of the audience are due to appear in a local court following the riot. During the concert, a particularly aggressive element of fans rushed the stage, causing about \$1500 worth of damage to equipment. The concert was stopped and an estimated 3000 fans spilled out onto the streets where they began to riot, smashing store windows and causing an estimated \$40,000 worth of damage to shops along Brixton's main street. Riot police, sealed off the road and clashed with the fans in a battle that lasted just under an hour. 52 people were arrested, mainly for being drunk and disorderly. Brixton has been the hotbed for violence in Britain in the past, particularly against the police. **Conflict's** Colin blamed the disturbance on outside agitators who were distributing inflammatory leaflets before the concert and according to Brixton police, all of the people charged came from places 60 to 100 miles away from London in towns that also have active and militant anarchist organizations. The leaflet, republished in this week's "Melody Maker", when not riddled with obscenity, reads: "We must go on strike, beat up scabs, attack the cops, riot in villages, smash a rich scumbag's Rolls Royce...in a society that has destroyed all forms of adventure, the only adventure is to destroy. Let's make it true; Go for it, together as one tonight...Burn it down!" Asked why the band didn't do anything to stop the fighting once it had started, Colin said that he didn't want to risk being charged with inciting a riot if efforts to pacify the crowd didn't work, but the group have already had a bad record of previous riots at their concerts in Edinburgh, Leeds and Kingston. Police have taken videos and LPs from the band to study their pictorial and lyrical content. This has been the worst rock concert riot since fans of **The Specials** clashed with fascist skinheads in 1981.

INDUSTRY NEWS:

The most expanding record company in Britain this

year is **Chrysalis U.K.** who have just announced that their profits have doubled over the past 12 months. The company plans to make investments in the leisure industry in general, but also plan to open their own record operations in Germany and Australia. Canada and France are also possibilities for the future, according to chairman **Chris Wright**. The next major releases from **Chrysalis** are by **Go West**, **The Housemartins**, **Pat Benatar** and the **Waterboys**.

"**The Tube**", a rock TV program here that will be remembered as a legend in years to come, left in style on Friday the 24th of April with a lineup that included **Boy George**, **Tina Turner**, **U2**, **The Cure** and **14 Karat Soul**, a New York acapella band. "The Tube" have broadcast over 200 hours of live music in five years and have won 10 international awards. Some of the names they helped launch were **Madonna**, **Paul Young**, **Frankie Goes To Hollywood**, **Fine Young Cannibals** and **Twisted Sister**. **Paul Young** said on the show, "I would have got nowhere without you."

After some resistance by the industry here, the cassette single has finally been launched to a mixed reaction within the BPI. "Music Week's" **David Dalton** warned the industry this week that: "With the music industry attacking on all fronts, the poor old consumer may get very confused. We now have CDV, CDs, CD singles, cassette singles, videos and vinyl, not to mention video singles and DAT in the future." Radio One deejay **John Peel** may have been echoing the feelings of many, when he snorted dismissively on his nightly show "Best not to buy anything. It will get replaced with something else soon."

IN BRIEF:

The Cure were present for the premiere of their film "The Cure In Orange" shot in concert in France and held just off Oxford Street in London. Also spotted there were **Steve Severin** from **Siouxie And The Banshees**, **Richard Jobson** of **The Armoury Show** and **Billy Mackenzie**, ex of **The Associates**. The film has been through a grilling from the critics. The technical aspects of the film are fine, they say, but the band just weren't in top form that night... It is rumoured that the **Pepsi-Cola** company will not be after all sponsoring **David Bowie's** **Glass Spider Tour** because the directors of the company don't think that his androgynous image is suitable for a "family company". Guess they'll stick with setting fire to **Michael Jackson's** hair... Party of the week was for Ireland's **Thrashing Doves** who were flown over to indulge in a bit of plying-any-journalist-with-booze to say nice things about their LP "Bedrock Vice" which naturally is the best LP I've heard in ten years (actually it is very good anyway). The party overflowed into several other adjoining buildings and **A&M** kept the alcohol flowing until well after 4 A.M. No-one can remember if they had a good time or not. 50% of those questioned managed to remember the name of the band... **Mick Jagger** is rehearsing right now without **The Stones** (who appear to have split up) for a solo world tour.

NEW SINGLES:

"Letter From America" is an inspired single by a new Scottish duo called **The Proclaimers**. They are identical twins, **Craig** and **Charlie Reid** who are not afraid to sing uncompromising folk songs in a broad Scottish accent. Already they have won the hearts and minds of the music press, including a cover story in this week's "Melody Maker". "Letter From America"

May 8, 1987

comes from a forthcoming Chrysalis LP "This Is The Story" which I found a bit heavy going, but one or two cuts like "Letter..." I think will sit very snugly on the playlists of radio stations who are currently playing the likes of Billy Bragg or The Pogues... Westworld's follow up to "Sonic Boom Boy" called "Sha-na-na-bam-boom" could cross over to AOR as well as alternative and CHR. With an image like The Pretenders in their early days and music that's an eighties cross between The Runaways and Big Audio Dynamite, this band is one smart cookie. But my single of the week would have to be The Housemartins with "Five Got Overexcited". I couldn't believe myself that the lads from Hull could scale new heights of originality and fun. Fun is the key word. This is their most up record yet, reminiscent of early Beatles and I think is going to be a summer smasher! Four stars!

ALBUM CHARTS:

With the plethora of remixes currently available, mass confusion is sure to result. So we propose the following solution: the "Self" mix. Instead of the expensive time-consuming process of producing a multitude of "AOR", "CHR", Dance, New York, London, and Missile mixes, just send each station a dub of the multi-track master and let us mix it ourselves. Think of the possibilities. Each individual jock can create his or her own personal interpretation. For example, here at KLOL we'd have the "Doc-mix", Rick Mix, and Steele Mix. The others that immediately come to mind: The Trip-Mix, and the Trap-Mix, The Chris-mix, The Pyx-mix, The Duck-mix, Block-mix, Beard-mix, Moss-mix... well, you get the idea. Plus, song parodies would be a snap. No need for that messy out of phase technique, just drop those nasty vocals right off the mix and let the fun begin. We fully expect all labels to adopt this self mix policy as soon as possible.

Kim Alexander, WHCN, Hartford

I'll be brief. Thanks Atlantic for Saturday night. I felt as though Rick Medlocke was hovering above my stuffed shrimp. I hope that soon he'll hover on our airwaves, too.... Everyone loves Suzanne Vega. Top 5 requests and Top 10 sales in its first week.... I'm bracing myself for three nights of U2. Come Monday I'll be in the clouds.... Moves: The Truth to heavy, because it sounds great and I don't want it to get stuck in the medium rut. I have a lot of faith in it.... Also to heavy: "Luka", Robert Cray, and Jon Butcher's "Holy War", which demands more exposure as "Saving Grace" goes to recurrentland.... To Power: Lou Gramm's "Ready Or Not", Europe's "Rock The Night", which is very solid in requests with their date in town a week away.... Considering: Rick Medlocke and Ace Frehley. We need some rocking records to balance out the Suzanne Vegas of the world.... Also trying to work in Patty Smyth's "Downtown Train".

Duane Sherman, WTOS, Skowhegan

A big, big thank you to Bob Catania and John Suchak from Island Records for the U2 tickets. Thank you to Danny McCloskey of Atlantic for being a gracious host, and to Al Perry at Geffen for taking us backstage to meet Lone Justice. There really are no words to describe a U2 concert. It's more a feeling. 15,000 people with advance tickets for seating and nobody sat down! We were treated to a very rare version of "C'mon Everybody" which I understand is the only time they've done that song.... The Replacements are ready to do it. The band that's on the tip of everyone's tongue is soon to be on the tip of everyone's tone arm. Add it, Play it.... Pick of the week: LL Cool J "I'm Bad". He's bad, but he's good. I received INSTANT phone response after one play. People want to know about LL Cool J.

Beaver Brown, KDJK, Modesto

Why is it that such a great new artist seems to be getting ignored? His name is Chris Isaak. The song is a great cover of "Heart Full Of Soul". Listen to it and play it.... And how about that Ace Frehley! What a great record. "Into The Fire" and "Rock Soldiers" make Frehley's Comet a record of galactic proportions. Get on board and blast off with Ace.... Phones are starting up on Mondo Rock. People are finally starting to catch hold of the song.... A personal note to Tammi Caudell of the TJ Martell Foundation. Saw your picture in the "Tissue". I'm in love! Send me a picture to dream by. How did I miss you at the Bowling Party? (Sound of heavy breathing.)

John Jesser, WOXY, Oxford

Wow! U2 rocked the Silverdome and the show was wonderful, unless you were unfortunately seated beyond the threshold of discernible sound. Either way, take my word -- it was killer. BONO put forth a completely personal effort to communicate with the masses (crowd control included). It was great to see and feel that many people in one place for one reason. ROCK AND ROLL!... Speaking of which, the Long Ryders, Replacements and Fatal Flowers seem to have a handle on it. (Also the Joneses!!)... Suzanne Vega makes mornings a little easier to get through.... In closing, Cincinnati knew it

for years and now the secret is out. Adrian Belew is a major force in music and his most accessible work ever is all over the Bears album. Wall to wall, this one will knock you out!

Mike Ramsey, KLAQ, El Paso

We're real impressed with Ace Frehley's Comet will light up the sky and your phones, guaranteed. The Gary Moore is getting a rather interesting reaction when it's played; listeners call and request it immediately be played again so they can dub it off the air. We predict it'll be Top 5 phones within a few week. Sales are growing, too. The Little Steven is appealing to upper, lower, middle, under and over demos; he's rock and roll with a conscience.

Kelly Cruise, WEGR, Memphis

Wow! Europe played here Sunday night and what a show! Memphis had the largest crowd the band has drawn since starting their U.S. tour, and everyone went wild over the ballad "Carrie" so it's an add this week. The Richard Marx tune with the former Eagles sounds great and that will be on our CD player next week. New Music: Heart's "Alone" is a beautiful song that sounds incredible on CD. Special thanks to Al Moss for the Hendrix CDs and to Beaver Brown of KDJK for the "Banjovi" tape; it's fantastic. Also, to Larry Wall of CBS: you did a great job taking care of biz after the Europe concert. Our listeners loved it.

Larry Miles, KOMA, San Jose

Some new adds this week include the Stan Campbell track "Years Go By". At first, this will sound like a Michael McDonald record and the comparisons are inevitable. However, after a few more plays, I think you'll find this record taking on an identity of its own.... We're also very excited about the new Montrose record. The Bay Area Montrose fans have literally gone crazy over our track "Don't Damage The Rock". After just one play, the phones didn't stop for half an hour asking what the track was, where it came from, etc.... Heart's "Alone" has also been a big surprise and is generating major phones from all demos, including the upper demo males.

Steve Kosbau, KRNA, Cedar Rapids

Heart has outdone themselves again! "Alone" will absolutely be Top 5 in 3-4 weeks max. In only four days, it's generating outstanding reviews from all demos for KRNA. It starts as a power for us!... The new Suzanne Vega is bound to be mega successful as well. "Luka" is the type of 25+ pleaser I dream about.... There's a big local buzz about the new Replacements single, "The Ledge". With a little bit of radio support, this midwest band will be a favorite in households across America in almost no time.

Harve Allen, WCCC, Hartford

Mason Ruffner is a big hit with my staff. This tremendous tune is sure to be a smash.... Kiss has always been a strong attraction in Connecticut. Ace will do just fine to rock "Into The Night" with.... There's only one thing to say about Heart's "Alone": instant hit, instant heavy rotation.... Upward movement includes Crowded House, Gregg Allman as well as Little Steven.

Alison Stewart, WBRU, Providence

Jon Astley has a song that clearly sparks interest. He has a unique style that borders between intense and maniacal; it gives me the chills. That's why "Jane's Getting Serious" debuts here as our Master Blaster.... Scruffy is so fine! "My Baby" adds punch and vitality to any stale playlist. Listen again before you decide it's not up your alley.... The forthcoming John Hiatt is easily the hottest song to come out in a long while. "Thank You Girl" has that big appeal sound, funky guitar riff and John's earthy vocals. Hiatt will hit with this one and hit hard.... Thanks to Danny McCloskey and Andy Allen from Atlantic and Island respectively for scraping up U2 tickets for us Providence folks.... Suzanne Vega is getting the expected huge phone response. I went to the record store to pick up a copy of her first album and they were even sold out of that one! I'm glad we found her first.... Getting lots of curiosity calls on the Thrashing Doves.... We're putting together our own world party. We're providing 95 1/2 gifts and inviting the world to a local club for a great evening. Should be fun.

Bearman, WGTR, Miami

The Bearman's "So-fine-ometer" is twitchin' pretty good on "Holy War". Is that song topical or what?!... We also find the U2 CD is still the top seller in Central Florida with Fleetwood Mac not far behind.... Also getting pretty heavy action on The Other Ones.

Bob Welch, WQBK, Albany

Great live shows in the past week from Robert Cray and Suzanne Vega. "Luka" rolls in as our #1 request this week with the album debuting at #23 in our sales report.... I was saddened to hear of the

passing of promoter Jack Belle, a man always ready with a smile and a handshake no matter how well the show was doing. A true gentleman in every sense of the word (though he'd kick my ass if he heard me call him the "G" word). I'm gonna miss that guy.

Slats, WHTQ, Orlando

That John Farnham is one classy record! I can see that thing starting to smoke; RCA's really got a hit on their hands.... Little Steven's got his most workable song ever; kinda reminds me of "Los Desperacidos".... And when it comes to Heart's "Alone", when Ann's voice hits high gear, it makes Little Muff sit up and beg. Glad to see the band back on track.

Simon Jeffries/Lorraine Rapp, WAQX, Syracuse

The Winter Book is in, 95X went from a 7.0 to 7.8. Great demos. Long Live Rock! More great news coming soon.... We were totally knocked out by the Bon Jovi/Cinderella show this weekend. After having personalized Bon Jovi drop-in's telling listeners how to win the only front row seat in town, back stage passes, an autographed Kramer guitar and concert packs, we had a banner contest that drew literally hundreds of entries, including one zealous listener who attached a full length banner to an 18 wheeler and drove around the block long enough to have the police cite him for having too much fun. It's great to have a band whom we supported when they were playing club shows support us when they're playing the arenas. A class act! No wonder they're so well liked. Special thanks to Chuck Chao, Bon Jovi, Cinderella (especially Freddy), Pat Rascona, and all concerned for a fantastic promotion.... Syracuse and 95X lost a great friend this weekend with the passing of Jack Belle, the founder of Creative Concerts. He'll be missed by all who knew him.

Carter Alan, WBCN, Boston

It's been a busy weekend in Boston to say the very least with three sold out U2 concerts, a short hop to Providence for two Bon Jovi shows, Rank And File on Friday, May 1st, and two crosstown record release parties for Scruffy The Cat's latest and the Neighborhoods' new Lp on Emergo Records. The latter is entitled "Reptile Men" and it features hard hitting rock from Boston's premiere punk power trio who are still alive and well in the 80's. These guys mix pop melody with power to create a buzzsaw potion that pleases while it rocks. We love "Pure And Easy".... Scruffy's latest is an album which features the cut "Mybabyshe'sallright". It's Scruffy and ready, down and dirty; this cut works for us.... Ozzy Osbourne was a guest at 'BCN last week for a couple of hours. After some late morning coffee in the music department battle zone, Ozzy sat in for an hour with 10-2pm jock Ken Shelton, talking about the new "Tribute" Lp, playing some of his favorites and taking live auditions over the phone for a guitarist to replace the exiting Jake E. Lee. It was a great visit topped off by Ozzy signing autographs for 20 minutes for fans who had gathered outside of WBCN. "Tribute" is a great sounding record on the air and Randy Rhoads' playing will now remain immortalized.... Motley Crue sounds great, too, and their tour with Whitesnake should be the metal stormer of the summer.

John Lassman, KQRS, Minneapolis

New time to call and talk music is Monday 10-12noon and Wednesday 10-12noon. Unless you're Amy from The Hard Report -- she can call anytime.

Ed Trunk, Megaforce Records,

Once again, "Into The Night" continues to storm radio and retail! Ace Frehley and his new band, Frehley's Comet, are back stronger than ever. The Russ Ballard penned rocker is doing exceptionally well at retail on both the album and 7" picture sleeve single. The video for "Into The Night" hits MTV next week. It was shot at night in San Francisco and looks great, combining conceptual footage with performance clips. All the elements are there to make "Into The Night" a smash! The proven songwriting hit potential of Russ Ballard, the excellent production of Ace and Eddie Kramer, a huge fan base, and an amazing response at retail all add up to a hit record. Above all, "Into The Night" is a mass appeal mainstream rocker (my mother likes this song!) that is generating major requests everywhere it's played.... Anthrax just filmed a tremendous video for "Indians" from the "Among The Living" album. It was filmed by the company and is sure to bring their new Lp to even greater sales heights. "Among The Living" is out on CD May 18 and the American tour begins May 26 in Rochester, NY.... Overkill begins their American tour May 15 in Tampa after just finishing a highly successful tour of Europe.... Testament will soon be kicking off an American tour in support of their new album, "The Legacy".... Once again, if you have any doubts at all about adding Ace Frehley's "Into The Night", WDHA's Mike Boyle says, "This record is going to be bigger than King Kong's dong!" You better believe it!

Ron Garrett, KRXQ, Sacramento

Many thanks to Michael Moore for setting up a wonderful two hour on-air interview with Ozzy Osbourne. Ozzy is truly a trooper handling phone calls and all the fans who showed up at the station, autographing everything from cymbals, to guitars, to baby diapers and cars... he really did! By the way, he was looking better than ever and a real gentle person.... Thanks for your patience during this transition period. I'm handling the music director and program director duties for the time being and I haven't been able to take a lot of your calls. My programming assistant Pamela Roberts is a recent graduate of Cal State University- Sacramento. We're talkin' Dean's honor roll with a degree in marketing. She is doing such an excellent job of passing on your information and giving some very valuable feedback concerning the music.... The Long Ryders kick bootie. The Cult's "Lil' Devil" is the most, daddy-o, and Omar And The Howlers are every nerd's nightmare... Quick Muffy, get the BMW...Let's blow this place. See ya.

Al Branca, WMGM, Atlantic City

Adds: Heart, "Alone". Instant power, #2 phones already. I've heard the rest of the Lp and it's got some great rockers on it. I'm sure it'll be around at least as long as their last Lp.... Montrose, "Game Of Love". Don't let the short grooves fool you. This tune is big on originality even though it's a remake. Coolest record of the week.... Danny Wilson, "Mary's Prayer". Nice mid-tempo ballad that won't wilt.... Jude Cole, "Like Lovers Do". Only took one listen to like this one. Strong song with a great big beat.... Psychedelic Furs, "Shock". Nice follow-up and the Lp continues to blow out at retail.... Also on Bryan Adams' "Fire" and Rick Medlocke and Blackfoot's "Saturday Night".... Top 5 phones: 1-Whitesnake, 2-Heart, 3-Tesla, 4-Gregg Allman, and 5-Cinderella.

Mark Williams, WWZU, Williamsport

Frehley's "Into The Night" is an Ace in the hole. #1 phones in one week. Whether it's old Kiss fans, new Ace fans or just rockers in general, they love it. Thanks to Flash for setting us up with Ace on the phones.... Here it is Spring time, and time for some great car crunching music. These are just the bands to do it. TNT, Shy, Montrose, Autograph, Tesla, Europe, Ozzy, all doing great on the phones with fantastic retail here.... Last Sunday, WWZU tied in with Penn State University for the Spring Regatta. John Cafferty And The Beaver Brown Band headlined the show. Glad to say a record 40,000 people showed up. Pictures are on the way. Thanks a lot, Biff Kennedy, for setting us up with John. By the way, John did some new tracks from the new album and they sound great.

Dick Sheetz, KRZQ, San Antonio

A lot of good music out there and first off, in the timing department, we have Jon Butcher's "Holy War". We call it the Jim and Tammy Anthem.... After many years of banging on the Stratocaster Mason Ruffner comes through with "Gypsy Blood".... Hot on requests and still climbing here is Gary Moore, with the celtic ballad "Over The Hills And Far Away".... Right off the bat, John Farnham surprises the poop outta me. For it to be in our top 5 after just one week (while in the nineties in the Hard Report) really, really surprises me. But it shouldn't, looking at the man's record in Australia, #1 10 weeks straight or something.... Whitesnake isn't really a surprise, but in the Top 10, coming right up behind "Still Of The Night" I've got "Here I Go Again"... No question at all on Peter Wolf's "Can't Get Started". Shades of J Gells.... The "Riff That Sticks" award this week goes to Eric Clapton and Jon Astley for "Jane's Getting Serious", can't get it out of my head....

A smart move from the Wilson sisters once again. They've set aside any other considerations and simply opted for a great song. And when you get right down to it, that's all that counts. This album will surpass all expectations.... Try Shy! We've already got

great phone reaction to this song, co-written by Don Dokken. Now on their second album with RCA, this group has matured magnificently.... The Cult is climbing high on the sales charts and getting great response. Raunch and raucous it is and our listeners love it.... Don't deny the Ozzman. Randy may be gone, but he's definitely not forgotten.... Moves: to heavy: "Little Suzi". From the beginning, Tesla has performed incredibly, and "Suzi" has gotten unbelievable phones; Gregg Allman's "Anything Goes". Whoda believed it. Gregg is back in a big way -- phones and sales; Little America "Walk On Fire". We're the only station in town playing this record and it has systematically moved from light to power through strong testing, solid requests with sales now kicking in.... "Weapons Of Love" goes light to medium.... Since TNT's lead singer is from San Diego, the big guy gets an add here.

Don Berns, CFNY, Toronto

Talk about successful promotions! The CFNY Video Roadshow drew 11,500 people to the Kingswood Music Theater at Canada's Wonderland for their opening day last week. Now if only each one of them had a diary.... Timbuk 3 blew into town and performed before their largest Canadian audience last week. I love their new stuff, especially "Assholes On Parade". Too bad nobody within the FCC's 1984 ears will get a chance to hear that song when it's recorded.... To give you a Canadian perspective on the "obscenity" issue, the CRTC (Canadian Radio Television Commission) takes the position that if a song has artistic merit it can be played on the air, as long as we take the attitude of responsible broadcasters and play songs with potentially offensive language in time slots when young children won't be listening. This allows us to play such gems as the Violent Fems "Add It Up", which is one of our all time most requested records. So don't you think it's a bit hypocritical of the FCC to say "If you value your license, you'll climb into bed with us"? For a real good perspective on how out of hand this whole issue can get, I strongly suggest you read Dave Marsh's piece in the current issue of "Rock And Roll Confidential". It sure is frightening.... Now on to the music. Our single pick to click is Spear Of Destiny's "Never Take Me Alive", a great production that's bigger than life.... Also Depeche Mode gives us a taste of their next album with "Strange Love" and, to these ears, it's great to have them back in a dance mode, although it's not as industrial as the songs off of "Some Great Reward".... It's a bit tougher to pick the album of the week with the Long Ryders and REM finally out up here and Wall Of Voodoo making their best album since Stan Ridgway's departure.... And, of course, there is Suzanne Vega's "Solitude Standing" which should definitely break her career wide open.... Many thanks to Timbuk 3 and Karl Wallinger of World Party for stopping by the station for live mike interviews.... And special thanks to IRS for arranging for appearances by Wall Of Voodoo, Hunters And Collectors and Concrete Blonde during our LIVE From LA broadcast last week.... P.S. It's a great promotion. Thanks to John McGhan and California Radio for putting it all together.

Harry Reynolds, KOZZ, Reno

We've got some really early reaction to Heart, mainly curiosity calls.... Also in the Top 5: Little America has its first week on the Top 5. Starting to pick up some phones, which a hot rotation will do.... Really like the Hoodoo Gurus. Hoping to break it out of light soon, and I like "What's My Scene" and "I Was The One" on the album as well.... We've started getting phones on Mondo Rock and we think that's gonna be a smash.... Already moved the Farnham up. We really like it.

Christina, WPLR, New Haven

Farrenheit zaps me in the first five seconds. Now that's the way to do it. "Lost In Love Land" is a very HOT rock and roll tune.... Mike, Andy, John and Custer, you can take your letter off that chalkboard.... Moves: Patty Smyth to heavy; just beginning to move.... Rock And Hyde from heavy to power. They're coming to town.... Mondo Rock to heavy; getting excellent response. Close to Top 5. One hot summer tune.... Mac's "Tango" also power, another hit to basically take the "Big Love" slot.... The Other Ones move to heavy due partially to CHR activity.

Keith Masters, WIOT, Toledo

Having trouble getting me on the phone? You're not alone, and no, I'm not pulling an ego trip on anyone. Just pulling some awfully long days getting ready for another great rock and roll summer with some great surprises.... We've certainly got the music to keep us #1. Lou Gramm continues to pull in phones, with the best Foreigner tune never done.... And our Fleetwood Mac tracks sound like they just got here yesterday.... If you tend to think that apathy is abundant and social awareness is not on the rise, I suggest two things: 1) Toss Little Steven on the compact disc player and listen to the folks on the phones; 2) Count the peace signs on the faces of 16 year olds at a U2 show. The Pontiac Silverdome show was my first. How much more triumphant for a man like BONO to transcend leaping off the stage at Live Aid into leaping into each of the 40,000 hearts and souls without ever leaving the front of the stage. There are no words to describe "The Joshua Tree" tour. You simply have to be there.

Doug Clifton, KBCO, Boulder

"Solitude Standing" proves to me that Suzanne Vega has staying power. Her second album is full of more incredible stories told only as Suzanne can tell them. "In The Eye", "Iron Bound/Fancy Poultry" and the title track join "Luka" on the air. We're already seeing phone response and I'm sure that the retail story will begin to develop next week.... Stan Campbell was with Special AKA. We had a lot of success with "Free Nelson Mandela", so we're giving "Years Go By" a shot this week.... It's been ages since Wendy Waldman's last record so we were surprised to see new material from her. "The Renegade Side" is reminiscent of her older material.... We're back on the Saints record again with their new cut "Big Hits On The Underground". Maybe this will be the song that will click for this band.... Wall Of Voodoo is a band that we've played over the years and had good success with. The new album might be their most accessible yet. "Empty Room" is the first cut that we're going to try.... Couple of instrumental records to mention this week: Blue Sky and Acoustic Alchemy.... Thanks to the Nylons for two great shows at Mackie Auditorium, a very successful in-store at Sound Warehouse, and the customized ID's. Also, thanks to Mike Carlson, Len Sokosv, Joe Bradley and Sharon White Gilbert.

Gregg Mull, WRXK, Ft. Meyers

Thanks to Rick Medlocke and Blackfoot for the "Saturday Night On The Town" album. Their album is a great remake; check it out. Your audience will be instantly familiar with it.... Whitesnake cannot be denied, the album outsells everything. The stores can't keep enough copies and the branch is out of CD's. These are adults buying these records. The new track "Here I Go Again" will blow away the phones and it will be female and adult men calling. Do yourself a favor and add this baby before they do across town.... Isn't the Tom Petty album great. It didn't bowl me over on the first listen but after a few spins I think it could be his best ever. My favorite track is "The Damage You've Done".... Also good to have another Florida boy back with a track that smokes; John Philip's "Little Bit Of Faith" is a hot rocker. I hear he is putting together a band to do a quick tour of the states and I know it'll be hot.

Paul Rappaport, Columbia, 212-975-8616

THE BUTTER MAN IS GONE... THE BUTTER MAN IS GONE... GOD BLESS YOU, BUTTER, wherever you are. I last saw Paul Butterfield at a bar called J.P.'s on the upper East Side. We both ordered drinks and when I told him I was buying he made his a double. I could tell he was on that all too familiar road that too many musicians seem to travel. I guess it's harder and harder these days to just play real music instead of looking for the all powerful hit. All I know is when I was growing up and learning how to play guitar, I mean really learning how to "talk" with my instrument, those early Butterfield albums were my very first Bibles. So, Gabe, I hear you're quite a horn man, but scoot over on the stand 'cause a killer harp player is on his way up.... World, prepare for Omar And The Howlers!

Steve Avery, WOOJ, Ft. Myers

I found a Colourfield cassette and took it home, and was truly impressed by EVERYTHING ON IT. I've even hijacked it for my home collection. Now don't get me wrong, I'm not that easy but every single cut has something for me. We'll be dealing with it as soon as there's room.... I'm really hot about Jon Astley. Gotta say we're really getting serious about Jane. By the way, anyone who thinks that "Jane" is too bizarre/different but is playing Suzanne Vega should get their ears adjusted. Jon's unusual sound is interesting and definitely has appeal to an AOR audience without sounding soft.... Got a chance to hear the Fogelberg and if you're expecting his "crying in the rain" sound, you're in for a big surprise; it's good solid rock and roll.... Jon Butcher's "Holy War" is incredibly timely. It really makes a statement about the world we live in; not only Ayatollah but Falwellatollah as well.... I'm crazy about the Mondo Rock. We've got mondo calls, with mondo reaction. Should soon be in mondo rotation in mega mondo time, no mondo problem.... Promotions wise: The Morning Zoo just spent the week broadcasting live from Walt Disney World. They took along kids from a local shelter for runaways and everyone had a blast. Pictures at 11.

Wayne Summers, WRCN, Long Island

The Seger contribution to the "Beverly Hills Cops II" soundtrack is better than anything from "Like A Rock". "Shakedown" rocks like old Seger. Stay tuned. The man ain't had it yet.... I'm surprised that Red 7's "Sun" isn't building more quickly. Is it that there are too many conservative programmers who are afraid of the name? If you can't hear this one, you can't hear.... "Little Suzi" is building nicely here; Top

5 phones this week and sales are beginning to kick in on Long Island. Tesla is a solid band with more raw energy and searing guitar than any current on the air.... Speaking of guitar, I had the great pleasure of seeing Clapton at the Garden recently. He may not really be God, but he has a direct pipeline. The man is class personified. I don't think I've ever enjoyed a concert more.... Thanks to Polygram for the invite to meet Robert Cray in Manhattan. Cray warmed up for Clapton and then joined him on stage for "Farther On Up The Road". I witnessed one of the greatest black guitarists and the greatest white guitarist at the same time. Lest I forget Phil Collins played drums and was awesome. What a night!... Personal to Chrysalis: My fiancée and I really enjoyed meeting Huey Lewis.

Ray Gmeiner, Elektra, 213-205-7433

It's summertime, summertime, summ-summ, summertime and Elektra has your summertime playlist needs covered! "Girl Girls Girls", the title track from Motley Crue's forthcoming LP (May 18) will be THE biggest song of the summer. The sound is lean, rockin, NOT METAL and is destined to be heard everywhere you go this "top down" season. Promise me you won't let those CHR geeks (excuse me), competitors beat you to it. Tie your daughters down; the Crue tour with Whitesnake starts soon.... WNEW and WXRK add the Cure's "Why Can't I Be You?" but they're not blue hair stations! Or has Kranes lost his hearing?! Maybe Chernoff smoked a big one before doing his adds. Hell, no! These guys know a hit when they hear one! Another major sold out tour coming soon.... "Good Times" by the Hoodoo

GURUS has a summertime sound that is undeniable. Also check out "That Door", side 1, cut 1, for a Gurus tune with some AOR punch. Tour starts in June.... For the sleeper song of the upcoming hot months, check out Stan Campbell's "Years Go By". Great first week action at: KFOG, KRQR, KOME, KSJO, KZAP, KRXQ, KBCO. Thanks to all our friends in Northern California for letting their ears decide.... Let's have fun this summer. The Georgia Satellites are going out on tour with Tom Petty. (Hot tour, eh what!)... P.S. It's not too late to get in on the biggest live broadcast of the summer. Wednesday, May 20th. Ladies and gentlemen, 60 minutes with Motley Crue. Contact Karen Lee at Elektra Records, 212-484-7291.

Joe Blood, KEZO, Omaha

The Tom Petty album blows into our local retail chart at #7. Great to see the public confirming what we already knew.... David Bowie debuts at #14.... Whitesnake still Top 5 sales here in Omaha and Fleetwood Mac solidifies its retail position at #2 this week.... Del Fuegos' album is still Top 20 sales. Looking forward to their June 15th appearance opening for Tom Petty.... Medlocke sounds great on the radio.... Mondo Rock is another great radio song.... This Cult record is happening big time. Sales moved 10-5 and it's getting good phones. The nighttime audience can't seem to get enough.... REM's "Dead Letter" debuted at #12 sales this week. They've always done well here.... The LP that still continues to stun and amaze is Robin Trower powered by "Caroline". Still Top 15 sales for the fourth week in a row. A lot of people have overlooked this one.

Skip Isley, WWTR, Ocean City

As a person going through Steely Dan withdrawal pains still, the Danny Wilson album is just what the doctor ordered.... Personal to Atlantic Records: If the record is good, we'll play it - have a little faith. But please stop sending those damn postcards!

Kim Pool, WMRV, St Louis

Mason Ruffner deserves to be on your station! It's a combination of Jimi Hendrix vocals and Robert Cray guitar.... Suzanne Vega and Jon Astley are getting fabulous response.... A big thank you to Andy and Mary at Island. I enjoyed myself immensely. U-two are great!

Larry Snider, KXRK, Seattle

The big deal this week is Heart, being a Seattle band. We world premiered it Wednesday morning and right after Ann and Nancy called up Gary Cro live on the air to give us the scoop on their upcoming tour, which will start shortly in Europe. They've just finished the video in Seattle and are expecting to start the tour stateside in late June.... We helped to celebrate the opening of boating season here in Seattle this past Saturday. The staff was on the biggest yacht in this area, the 120-foot Valkyrie, broadcasting live reports from the boat, while taking part in the biggest nautical parade in Seattle history - 425 zanily decked out boats and yachts, while some 4,000 other boats tied up along the log boom to watch a memorable day.... Back in the real world, Mason Ruffner's "Red Hot Lover" (at a slightly lower rotation than "Gypsy Blood"). This is a very active song that gets instant reaction.... Also nice to see Fleetwood Mac's "Isn't It Midnight" develop into our #2 Most Requested song after a slower start.

Ellen McKinnon, WEQX, Manchester VT

Just got back from a whirlwind 20-hour trip to NYC. Thanks to Steve Tipp and Mary Hyde at Warners for getting us in to see K.D. Lang.... Thanks also to Linda Kirishjian of Columbia for escorting Howard Glassman and myself around the Big Apple. We ended up at the Cat Club to see the incredible Scuffy The Cat.... There's lots of station news including the fact that we got a new morning man (finally!), but I'm too wasted to tell it to you now. You'll have to wait.

Robin Mathieu, WBLM, Lewiston

Smithereens played their first show in Portland to a packed house. Thanks to Bart from Enigma and Dennis of the Smithereens for making an interview possible.... If you're considering Concrete Blonde's "Dance Along The Edge", consider us a test market. It's been Top 5 requests two of the six weeks we've been playing it and sales are kicking in. Give it a shot.

John Edwards, KBPI, Denver

Congratulations and best wishes to KBPI Program Director Tom Hunter who has resigned to become VP of Music Programming for MTV. A search for Tom's replacement has begun and we hope to have the programming slot filled within the next month or so. If you are a major market competitive programmer who is looking for a fresh challenge, please contact Sandusky's VP of Programming, Jeff Sattler.... The Billy Idol show last week brought a lot of old faces to town as well as a lot of promotion people together. It was great getting a chance to see everyone. Does Todd Cavanaugh of Elektra really survive on just Mexican food and corn-nuts?... Nice to see Jeff Lauffer and Geina Horton of Chrysalis. Thanks for all your help with the Billy Idol promotion.... Enjoyed weekend brunch with Lisa Wolf of Columbia and Jeff Patton of EPA. Gosh, Lisa, sure glad I had that Psychedelic Furs alarm clock to wake me up Sunday morning.... What do you radio folks think about "Can't Luv U", the new one from Billy Brannigan?... Special thanks to Sharona of MCA for the chance to hear Bob Seger early. Yea!

Virgil Thompson, WIXV, Savannah

If you're a rock and roll station, at least play the Ozzy at night. It just makes good sense; real rock and roll from a pioneer. All aboard.

Greg Morrison, WRQK, Canton

If World Party comes to your town, don't miss them. Thanks to Van O and Chrysalis for the chance to see the World Party American premiere in Cleveland last week. Still getting 60's flashbacks from "All Come True".... No doubt at all about Whitesnake; demand alone pushed "Still" to heavy. Check out "Here I Go Again", an excellent second track.... U2 and Tesla are also pulling good phones and retail.

Richard Pachter, Promotion In Motion, 305-482-6629

Montrose is back with a timely remake of that old chestnut from the venerable Wayne Montana And The Mindbenders. Check it out.... Also, be sure to listen to the new Hipsway 12", "Ask The Lord". Their first track may have been questionable for album radio, but the new one is a natural.... The new Richard Marx song is already generating a lot of excitement. Listen and you'll discover why... It's great to see the reaction to Suzanne Vega's "Luka". Demographically, it's just what you need.... Hey, Bill, when are you gonna put out a CD sampler?

Lex Staley, WFYV, Jacksonville

The Richard Marks record is sensational. Besides the obvious fact that he has a great back up band, I think it was smart of them to rip off the production techniques, too. I think this will be the Eagles record we will never get.... I'm extremely impressed with the Ronnie Montrose record. I predict within a couple of weeks it'll be top phones with the likes of the Cult and Whitesnake.... Last, but certainly not least, we have some new call times here at FYV. For Brian Taylor, Friday 10-noon and for myself, Friday 2-4 and Monday 2-4.

Lee Randall, WLVQ, Columbus

The Top 5 requests at LVQ prove that rock and roll is alive and well in the capitol of the Midwest. Whitesnake is crackin' the whip at #1, along with Bon Jovi (gee, aren't they cute) and David Bowie.... Have a great idea for an opening act for Bon Jovi: Def Leppard.... The new rock and roll continues to get interest. Early phone calls continue for Robert Cray, The Truth and XTC (Jim Bakker's words before midnight).... We added Mason Ruffner since our head salesman likes it.... Patty Smyth goes in immediately (thanks for lunch, Al Stann).... Added another Whitesnake track to frighten America's parents.... Question for labels: Where are the jazz CDs? After doing 10 years of jazz successfully, we'd like to keep the "q" in quality here.

Cathy Down, WLNZ, Lansing

Michigan is one great state this week. Put aside the unemployment rate and bring out the hockey sticks and hoops because the Detroit Red Wings and Pistons are smokin'! The team spirit is high and the talk is frequent, right up there with Jim and Tammy Bakker and the recent U2 show at the Dome.... Speaking of the talk of the town, the latest from Heart has had mixed reaction from our listeners. I personally think it's a powerful ballad that stands strongly even "alone".... The recent pileup of great albums has resulted in our digging into the grooves of Cutting Crew, Whitesnake, Crowded House and Tom Petty.... A week of high scores on the ice, on the court and on the airwaves.

Alan White, KILO, Colorado Springs

We're making some airshift changes and I'll be on the air from 2-6pm for the next couple of weeks. So, music calls in the morning, Wednesday through Friday after 9 am. Adds will be ready as usual.... Thanks to Geina Horton of Chrysalis, Denver, for the backstage boogie at the Billy Idol show.... To Bob "Pops" Margolis of Geffen, Denver, a belated thanks for the hospitality. Now get outta here.... Musically, this week, Heart obviously grabs the top spot with a seductive sizzler - but, then again, I'm into cleavage. We can't wait for the rockers.... Ronnie Montrose hit the right cover with "Game Of Love". We upper demos remember it well and who can resist the new arrangement and his trademark guitar.... Great progress this week from the Hoodoo Gurus, David Bowie, Tom Petty and REM.

Stacy Yelton, WKQQ, Lexington

After repeated listens to "Tango In The Night", "Seven Wonders" has emerged as my favorite track. I'll probably have a new fave next week. I'll let you know.... Heart has a ballad in the truest sense. This one's one step further than "These Dreams". Can't wait to hear the whole album.... Mason Ruffner's "Gypsy Blood" just chugs along like a well-oiled train. Dave Edmunds' production brings Mason's talents way out front where they belong. This is the good stuff.... Yes, it's true that Jon Butcher's "Holy War" is timely, but that's not why we're playing it. The record simply blows me away. If Jimi were alive today.

Charlie Logan, WYNF, Tampa

Whoa! Stop the presses. It's incredible! I've heard it, I'm blown away. Motley Crue's "Girls Girls Girls" is a smash, smash, smash! If you've never had the balls to deal with these guys before, you're going to have to now. Have AT&T bolt down your phones, they're going to explode.... Adds: Heart's "Alone". Immediate power here at WYNF. John Philips' "Have A Little Faith". A Florida boy that YNF has more than just a little bit of faith in. This song rocks in the Petty/great American rock and roll tradition. Do your ears a favor and check it out.... Bon Jovi's "Wanted Dead Or Alive" gets a re-add. The acoustic version is simply awesome. Panties are melting all over Tampa Bay with each spin.... Ace Frehley is getting monster phone reaction, along with Tesla's "Little Suzie" and Whitesnake.... Also some action on Mondo Rock. Really starting to pick up. After about six weeks of airplay the calls have really kicked in. Just when we were thinking of moving it out, we're thinking of moving it up.... Rick Medlocke's "Saturday Night" is garnering great calls.... Red 7, with the legendary sunsets in Tampa Bay, is perfect for WYNF.... And gotta thank Bryan Adams for calling.

Chris James, WTPA, Harrisburg

The new Heart sounds like "These Dreams" rekindled. At first I was hesitant, but now it's growing on me. Already showing great upper demo call-ins.... Love the Farrenheit follow-up "Lost In Loveland". Any disbelievers in them as a rock and roll band before can't deny them a shot now.... Thanks to Bill McGathy for pointing out the Richard Marks track. This'll be your 80's Eagles. With Randy Meisner, Timothy B. Schmidt and Joe Walsh, he's got the tools to pull it off. Should prove to be one of the biggies of '87.... Thanks to Bart, Rick, the Smithereens and everyone else at Enigma for their help with the show. If you think this band is great on vinyl, catch them live.

Karen A. Small, WGIR, Manchester

Both John Erdahl and I had the good fortune to catch U2 this past weekend. Just seeing them in concert explains why these guys are #1 all over the place and they deserve to have their picture on the cover of "Time". I'm keeping my copy for posterity. Thanks to Al Perry and Danny McCloskey for everything.... Last week, we did live broadcasts from Carlos And Charlie's in LA. Afternoon gal Gretchen Von Kruschka and John Erdahl both jetted to the Left Coast to talk to the stars. We had excellent reaction to it. Pictures to follow.

Scott Douglas, KATT, Oklahoma City

Congratulations to my little brother, John Foster, on his promotion at KMOD to MD and middays. Watch it, buddy, I'm gonna rock your ass.

Dianne Hicklen, KFMU, Steamboat Springs

Am I having flashbacks? Stan Campbell takes us back to the years when the Doobie Brothers held the keys to the city. While so many bands are evoking the 60's in today's releases, why not the 70's also? Fine by me, if the result is "Years Go By".... My favorite Lp this week is the Williams Brothers. Every time I drop the needle I hear a different band. But if you listen from start to finish, you'll find a cohesive group who knows how to incorporate lots of different styles and influences. While Stan Lynch and Mike Campbell help out, this is not just another Heartbreakers project. This is one smooth record.

Joe Skare, KFMQ, Lincoln

Wow! Heart scores big with "Alone". Already Top 5 phones here at Q102.... Let me just say thanks to Michael Hughes, Gig Barton, Bob Madigan, and everyone at NBC's The Source for hosting the Q102 Morning Team of myself and Linda Kelly plus our lucky listeners as we broadcast live Friday, May 1st from 30 Rockefeller Plaza, NYC.... Also a big thanks and howdy do to Alex Miller of Atco.... The KFMQ Annual Concert In The Park will be this Sunday as we'll try again. Mother Nature rained us out last week. By donating a can of food to the Lincoln Food Bank, listeners get in free for an outdoor concert with three of the best bands in the area. Hoping for sunshine and a good time.

Michael Davis, KFMG, Albuquerque

Heart's latest is drawing immediate interest. I feel that they are in the league where everything they do is appreciated in large numbers. Heart remains one of rock's truly unique groups.... The nighttime monsters continue to roll in. The Ace Frehley is off to a fast start; hot phones every night.... Tesla, Stryper, Whitesnake, and Ozzy Live are records that cannot be denied. This is the best list of 7-midnight records in a long time.

Wade Linder, KQDS, Duluth

Lou Gramm's new Lp is very musical and demands airplay. Stable on the phones and sales, "Heartache" is the track from "Ready Or Not".... Whitesnake's album is a piece of work. Let's everybody play all of it or at least one more track, "Here I Go Again". Killer phones on "Gimme All Your Love", too.... Mason Ruffner is toe-tapping energy with cool, speedy guitar. Early response is surprising; it's a fast builder.

Mike Corcione, Relativity, 718-995-8200

Sssssccccrrrrruuuuffffyyy The Cat -- don't be left out. Play them now and be a part of breaking the hottest new band of 1987! Now on tour!

Jim Trapp, KZEL, Eugene

Some things that drifted up during this week's music session include REM. There's some stuff on this album that people would die for and these guys just seem to throw it away. This is a great look at an important American band.... From another direction entirely, listen to the Richard Marx single, "Don't Mean Nothing" on Manhattan. If it had been released by Glenn Frey, it would be an Instant Top 10 track. Sure it's laced with that post-pubescent, LA rainbow-cocaine angst, but it's very well done. If you've ever lived in Lotusland you know 18 million guys like Richard Marx, but your audience will appreciate the clean play.... Another favorite this week is "Thank You Girl" from John Hiatt. This guy has been a long time coming and with the help of people like Ry Cooder, Jim Keltner and Nick Lowe, how can he possibly miss? The intro guitar line is an incredible hook and the song never lets up 'til the end. It is one of the best this week.... We also enjoyed the new John Philip single. Unpretentious rock and roll that somehow stands out against a backdrop of mega-star releases.... Look for the Stranglers to hit the air on KZEL next week.... A tip of the hat to Dawn Hood and her Hard Report Alternative Sampler. It's going to get the Hoodoo Gurus on the air here quicker than my music director and the Elektra staff. I also enjoyed Young Fresh Fellows and the Immaculate Fools. The tape was a breath of fresh air in a week filled with automatic releases.

Deb Brady, WXPB, Pittsburgh

The Replacements have their most accessible Lp to date with the "Pleased To Meet Me" Lp and "Alex Chilton" is great!... One listen to Julian Cope's "Eve's Volcano" and you should be sold.... I'm patiently awaiting the release of Alison Moyet's "Rain Dancing" Lp. She's got a winner, but that's no surprise with Jimmy Iovine behind the controls.... Performer and ex-Yaz partner Vince Clarke should also score with Erasure's new Lp "The Circus". It's a solid follow-up to "Wonderland". Thanks to Jerry and Todd at Virgin and Joe at PolyGram for setting up interviews with Balaam And The Angel and The Mission U.K. Their show in Pittsburgh was wonderful. I'm sorry that they couldn't use the light show that I've heard is spectacular.

Shawn Lackey, WKNC, Raleigh

Can you spell crossover? I can, The Cult. Here's hard rock in the style of AC/DC from a band that used to be alternative. With cuts like "Love Removal Machine", The Cult can be the surprise hard rock act of the year.... The Ace Frehley album marks the return of one of the 70's greatest rock stars. With rock soldiers, Ace deals with his own experiences with the controversial subject of drunk driving and drug addiction while projecting a more mature down-to-earth image to his audience. We've been playing the hell out of it. I would like to see it crossover into mainstream radio.

Mad Max, Z-Rock, Dallas

Death Angel really kicks major ass! It's the heaviest thing I've heard since "Seven Churches" by Possessed or Slayer's "Reign In Blood".... Fate is really mellow a good listening album. It should be getting more airplay than it's getting.... Motley Crue's "Girls, Girls, Girls" is in the tradition of the Crue-lude, crude and totally nude. Great for all you rat-gut whiskey drinkers.

Jessica Harley, WNGZ, Elmira

Anthrax's "Among The Living" is powerful, explosive and incredibly heavy. The songs are complex with numerous rhythm changes and the production is tremendous. The requests never end.... EZO- the four piece powerhouse that hails from Japan is a must for all conquerors of metal. Their energetic, aggressive and original sound will have them headed for overwhelming American success.

Bruce McDonald, WFNX, Boston

Last Thursday WFNX co-promoted the sold-out Shriekback/C.S. Angels show at Boston's Metro Club. Both bands are big in Boston, but Shriekback is truly amazing live. It was eerie to say the least to hear several thousand people sing along to "My Spine Is The Bass Line". Thanks to Island's John Suchak for his help in setting up artist interviews with both bands and it was a pleasure to see Bob Catania at the show.... The Cure's "Why Can't I Be You?" is one of the fastest selling 12"s in Boston right now and it remains our most requested song.... Words cannot describe the U2 shows in Worcester last weekend. It's shows like these that make the years of club crawling worthwhile. Thanks to Island Records, Keryn Caple and the Don Law Company for their efforts above and beyond the call of duty.... We here at WFNX insist on playing the new Revolting Cocks single despite recent FCC rulings.... Thanks to MCA's Nan Fisher and Laura Engal from LAPD for setting up the interview with Danny Elfman from Oingo Boingo.... Faith No More has certainly stirred up those phones with "We Care A Lot". It's already a Top 10 request in light rotation, and the remix is killer.... Personal to John Sigler: "What Does It Mean?".... Thanks to Archie for the CD's and congrats to Russ Mottla and Joe Riccitelli.

Fingers, WBAB, Long Island

Thanks to Ozzy Osbourne for an outstanding, informative and fun interview. Take it from me folks, the man looks terrific. It was a perfect follow-up to our Randy Rhoads Tribute promotion. As God would have it, Ozzy stopped in at Sundance (the club I DJ at on Friday) to check out a guitarist we talked about in the interview. The guitarist (Gene Marcello) played great and Ozzy was all smiles and full of enthusiasm. I know he has a lot of guitarists he has to hear, but I pray history is made right here on Long Island.... My good wishes and luck go out to Jake E. Lee. Thank you for some great licks.... Also, thanks to Liege Lord for stopping by. The record is really good. Looking forward to the rest of May with interviews with Anthrax, Thor and Lois Lane.... Thanks to all the record companies for their support with the giveaways and fun. You know who you are.

David Anderson, WMAD, Madison

1957: That great rock and roll psychic Chuck Berry sings about New Orleans, evergreens and a boy playin' guitar like a ringin' bell. 1987: Mason Ruffner fulfills Berry's 30-year prophesy. Pass the polk salad, this boy is hot.... Suzanne Vega is a class act. Sophisticated, intelligent, great upper demo record. Even our resident metal head likes this album.... Napolitano is not an ice cream flavor! She's (Jonette) the vocalist on "Dance Along The Edge", Concrete Blonde's hypnotic, twisting rocker. Watch the females and upper demos calls come in.... "How'd ya get your head to tilt like that?" "Beautiful Imbalance" by Thrashing Doves must be Max Headroom's favorite song. It's a record for people who don't quite fit in and are perfectly happy about it. We like this song a lot.

RADIO COMMENTS

THE HARD REPORT

Jack Green, KLPX, Tucson

Now that the dust has settled a bit, I have a chance to bring everyone up to date on the changes here at the Radio Ranch. Arin Michaels has gone on to bigger things and is in a great state of mind. She will undoubtedly do terrific things. I've been appointed interim P.D. until a replacement can be found or they give me the office with the big chair. For the time being, I'll be handling both music and programming. I'd like to thank everyone for their support during this transition, especially Roger Smith. You've all made it much easier to cope.... As far as music goes, my big rave this week is **Jon Butcher's "Holy War"**. Incredible timing. Incredible song. Need I say more?.... **Suzanne Vega** will also go in this week. A very haunting song on a very serious subject. Good luck, Suzanne.

Anthony Alfonsi, WDVE, Pittsburgh

The Wilson sisters have picked up right where they left off with "Alone". If this song is any indication of what's in store on the new Heart album, then it looks like my favorite pair of sisters have another big album on their hands.... "One For The Mockingbird" is a good follow-up to the Cutting Crew's "I Just Died" because it showcases their diversity.... **Mason Ruffner's "Gypsy Blood"** gets my blood going. It makes me want to blow off work and enjoy the nice weather we're starting to get.... **Robert Cray's** success should continue to build with "Right Next Door". This man is very deserving of any good fortune that comes his way. He personifies the term "nice guy". I would like to thank Don Bernstein of Thames Talent for all his help with the Deep Purple show we had here last week and to **Roger Glover** for stopping by.... I'd also like to thank **Drew Murray** and **Bobbi Silver** of PolyGram Records for their time and help with Deep Purple.

Jon Johnson, WKHN, Keene

Crimson Glory is a real classy album. I'm very surprised the production is so good being on such a small label. They remind me of **Queensryche**.... The songs are so strong on the **Ace Frehley** album, it sounds like it took him 3 years to make it, the production is excellent too. I think he might be able to get a hit single out of "Into The Night". It's a very strong single. In a world of **Eddie Van Halen** clones, it nice to know that you can pick **Ace** out from the rest of the pack... The **Hellion** record is good... The best thing **New Renaissance** has put out so far.... **Ann Bollin** is one hot mamma - she can help DJ my show with me anytime.

Matt O'Shaughnessy, WRTN, New Rochelle

We are playing "Born To Be Wild" and "Love Removal Machine" on our metal show. When we first put it on, the phones went crazy It is even picking up the trash audience. It sounds like the result of **AC/DC** and **Led Zeppelin** colliding in a dark alley.

Chip Hobart, WQFM, Milwaukee

This week on my new music show, "Virgin Vinyl", we featured **Night Ranger "Big Life"**; "Only Way To Go" from a local band **Gypsy**, from their soon-to-be-released "Goddess" Lp. We also did "Years Go By" from **Stan Campbell** which went over real well; "Holy War" by **Jon Butcher**; "Game Of Love" by **Montrose**; "All Come True" by **World Party**; **Frehley's Comet "Into The Night"**; "Promises" by **Frozen Ghost**; and **Stan Bush And Barrage** with "Temptation". I roll the new music show on Sunday mornings right after three hours of classic vintage stuff, then into an all-request segment involving anything from the **Animals** to the **Zombies** and anything in between. Milwaukee is a real rock and roll town and after one month the show is going strong. It's nice to be back in the Midwest where beer and rock and roll rule. Yes, I did go on the Miller Beer tour just last week.

Erin Riley, WMMR, Philadelphia

Well, it's finally come to a close. **Tommy Conwell And The Young Rumlbers** are signed by Columbia Records. Believe me, when you finally hear this you won't be disappointed. And to the rest of the companies who were interested, I'll tell you one thing. You've all got Philadelphia's local bands in a frenzy. Who will surface next? Stay tuned to WMMR to find out.... Countdown to the Third Annual Louie Louie Parade. It's this Sunday, Mother's Day. And, yes, I'm bringing my mother. Personally, I can't think of anything more fun.... Had a very enjoyable evening in NY the other night going to see **Suzanne Vega**. Industry notables **Sting**, **Joe Jackson**, **Squeeze** and even **Al Cafaro** were there. Suzanne not only put on a wonderful show musically but with a rather funny repertoire also.

Dispelling the myth that all money in Florida is laundered and all deals in cash, **WHTQ/Orlando** coughs up a \$10,000 check to the winner of **Q96 Commercial Free Giveaway**. L to r: the Q's Slats, **Tommy Griffiths**, **Jim Jordan**, winner **Scott Foster**, and **Paul Castronvo**.

Brew Michaels, KEZE, Spokane

ROCK 106 is looking for artist interviews on disc, over the phone and in person. Our slogan is, "Rock 106, Spokane's home of rock and roll".... For those of you not yet blessed with the Northwest Experience, the "kane" in Spokane is pronounced "can" as in "Gimme a can of petite asparagus spears or we off the girl". Not as in cane, a primary export of the Dominican Republic and Peru. Confusing? Phone me at 509-448-8888 for further information and/or counselling.... Top 3 phones: #1 Little America "Walk On Fire", #2 World Party "All Come True" (primarily males 25+) and #3 Whitesnake "Still Of The Night".... Gary Moore moves up in rotation. Some decent phones, and all positive.... Upper demo male response to Patty Smyth's "Downtown Train".... Considering: Jon Butcher's "Holy War".

Andi Turco, WPYX, Albany

I am so glad we found room for Mondo Rock this week. Ever since the first time I heard this song, the hooks have been implanted in my brain. I hear it when I go to bed at night. I hear it in my sleep. I even wake up singing it. I think I'm hooked for life. Try it out on your audience; it might work.... Once again, Heart delivers an across the board smash so it goes directly into heavy. We're looking forward to the album.

Dale Miller, KATP, Amarillo

Since the Brighton Rock show last Tuesday night, the phones have doubled on "Can't Wait For The Night". It's now #2 most requested.... The new Heart and Montrose are generating quick responses. I'm looking forward to the albums.... Don't overlook "Years Go By" from Stan Campbell. It's got magic.... A special thanks to Billy Branigan and Ace Frehley for calling me.

Michael Prince, Alex Miller, Atco, 212-484-6400

The Hard Report has called Brighton Rock's "Can't Wait For The Night", "the best new power ballad out there." With a rave like that, how can you go wrong? Audience reaction to Brighton Rock has been strong as the moves upward in rotation prove their success on this track. Meanwhile, the Brighton Rock tour continues up the West Coast.... This week, check the mall for Reckless' "Crazy Over You". A rocking cut from the "No Frills" album.... Please drop a needle on the Eddie And The Tide Lp, side A, cut 1. "Waiting For The One" is easily one of the stronger songs on this depthful record.... Distinctive vocalist Gary Numan arrives back in the U.S.A. with a song entitled "Radio Heart".... Before we go, we ask this question: "AIN'T IT A SIN".... Since you did, thanks for reading.

Craig Marks, Homestead, 516-764-6200

The blistering new 12" from England's The Lorries (formerly Red Lorry Yellow Lorry) should be on your desk right now. "Crawling Mantra" is our choice for the perfect alternative radio track: brilliant production thanks to Vic Malle, hooks-a-plenty and an infectious beat all add up to a record that Killing Joke or The Cure would kill to have made. The fact that the band is currently on a US. swing makes it even more of a natural. Two chart topping import Lp's and a load of successful UK 12"s have already made the Lorries a college radio and dance club standout. "Crawling Mantra" will catapult the Lorries in to the hearts and playlists of programmers everywhere.... Salem 66's "Postcard" continues to be one of the most played tracks on college/alternative radio. If you don't remember what it sounds like, don't just stand there go listen!

Ray Farrell, SST, 213-835-8977

The Meat Puppets hot tracks from "Mirage" are "Get On Down" and "I Am A Machine" and they're climbing at WMDK, WOXY, KABL, WRAS, KSTM, KEYX, KTCL, KVNf, WGTU, WTOS, WDST, WRSI, KJET, KACV, KFMH, WBCN, WHFS, WVVV, WTCS, and all of college radio! (The Lp hit Top 5 in CMJ) "Get On Down" is even on at a few country stations. Watch for the giant feature in the July issue of "Guitar Player" on guitarist Curt Kirkwood. C'mon—it's time to get on board!.... On your desk soon is the new Divine Horsemen Ep, titled "Middle Of The Night" featuring "It Doesn't Matter" and a killer version of the Stones "Gimme Shelter".... Out in one week is the Crazy Backwards Alphabet album with "Sarayushka", their Russian version of "La Grange". KPOI and WLS had an early start on the advance single, but there's even more on the Lp. If you can imagine a fusion of Little Feat, Dixie Dregs and Captain Beefheart, than you'll understand CBA. How, How, How, How!

Bob Linder, WDHA, Dover

Just a short but special note of thanks to Paul Brown and the IRS gang for remembering WDHA's early support on R.E.M. with the first gold CD award. Now, I've got to ask—if we took it out of the glass case would it play? Who cares. It looks great.

Larry Dunn, WLIR, Long Island

As soon as your favorite hockey team loses a playoff series, you have visions of planning your summer vacation (you have to do something to stay positive). Your thoughts turn to where to go, what to wear, and what records cassettes and CD's to take with you. One album I'm definitely taking with me on vacation is the new Danny Wilson album. Simply put, this British trio has a hit with "Mary's Prayer". When we look back at '87 we'll remember "Dear God", Jesus And Mary Chain the PTL and "Mary's Prayer".... My thanks to Mick Jones of Big Audio Dynamite, Martin Fry of ABC and Eddie Lundon and Gazza Johnson of China Crisis for phoning in live on the air. By the way, I apologize to those in Philadelphia but the Cup will live in the Great White North this year. Screamer of the Week: "Strange Love" import by Depeche Mode.

Phil Manicki, WWCT, Peoria

The dust has just about settled in my new office. One problem, Jeff took all those platinum records and the walls are bare! Hint, hint. I wish Jeff Murphy all the best at KKLZ and I'm confident he will deliver. I've learned a lot from you bud, and will put it to good use to keep the tradition going.... Records this week: Heart. C'mon, is there any doubt with this one?... Don't look silly and get beat on the Portland Brothers. You know they'll do it!... Timely Jon Butcher takes the offensive with "Holy Wars". I still say he sounds like Rick Derringer, vocally.

Richard Crowley, Ryco Promotion, 818-762-3358

Concrete Blonde is a GREAT live band. I was on the road with them in Arizona last week - great reaction everywhere. I enjoyed meeting folks from KEYX, 91X & KSTM! With a superb new video for "Dance Along The Edge" on MTV to back you up, there should be no reason to overlook the second cut from what will turn out to be one of 87's finest debut Lps. Show your audience that you REALLY have your finger on the pulse of the best new music. This Lp is deep! If you're dealing with the harder stuff, check out "Sacred Child" on Target Records. It's worth a serious listen.
