Government Must Become Protector of Human Welfare

William Green, A. F. of L. President, in Labor Day Message, Says: "Society Must Offer Even-Handed Opportunity for Those Who Invest Creative Labor with Those Who Invest Capital."

THE imperative necessity of the Government assuming responsibility for the social welfare of the masses, with complete authority to enact welfare legislation and regulate industry for social purposes, is stressed by William Green, president of the American Federation of Labor, in his Labor Day Message prepared for the Official and Weekly Labor Press. He points out that this principle involves equality of opportunity for both those who invest—labor and capital.

Mr. Green emphasizes the fact that the Supreme Court of the United States in its decision holding the National Industrial Recovery Act unconstitutional denied to Congress the authority to enact social welfare legislation and holds a way must be evolved by which the people collectively may veto the action of governmental authorities which bar social progress.

Mr. Green's Labor Day Message was prepared for the Labor Day editions of the Official and Weekly Labor Press and issued from the headquarters of the American Federation of Labor, Washington, D. C.

The text of the message follows:

"An achievement of the past year constitutes a fundamental gain that gives to wage earners the key to self-progress.

"For decades society has recognized that the union was the wage earner's method of increasing his income and raising his standards of living, but never until Section 7-A of the National Recovery Act was made law did society put this right into legal form.

"When employers refused to conform to law, labor asked that the government be authorized to assume responsibility for preventing employers from interfering with labor's right to organize in unions and bargaining collectively through representatives of their own choosing. This was written into the National Labor Relations Act.

"Although judges may do their best to restrict the number of workers to whom this law will apply, the Federal Government has made this important declaration of policy for whatever area of labor relations the Federal courts may permit to come under its jurisdiction.

"It is now a generally accepted policy that government shall protect rights growing out of ownership of property. This was a more obvious obligation necessary to basic order in society.

"The time is now overdue for government to assume responsibility for assuring to men and women rights as human beings so that their welfare may have at least

equal consideration with wealth and the products of their labor.

"There is involved in this issue which labor has raised the key to the future of our nation. It proposes that society offer even-handed opportunity for those who invest creative labor with those who invest capital.

"The progress and the enduring development of our nation depend upon the acceptance by our government of its responsibility for human welfare.

"An avowed purpose of our government is to promote the general welfare, and Congress is given power

such legislation puts still further obligation upon Congress.

"Industries now organized upon a national basis, buying their crude materials from any supply center in the nation and selling in a world market, are in no sense local institutions. They can escape any regulation not national in scope.

"Unless regulated, cut-throat competition brings sweatshop labor conditions. The welfare of our 49,000,000 persons gainfully employed by business enterprises depends on whether society places a restraining hand on equitable division of returns from joint work.

"Our Supreme Court has recently rebuked Congress and the Administration for their attempts to build up national regulation of work conditions and trade practices. They interpreted the Constitution so as to limit sharply the scope of interstate commerce and virtually to deny Congress the power to legislate for social welfare. But, as the Chief Justice has truly declared, 'The Constitution is what the courts say it is'—until the Sovereign Nation speaks.

"Once before when the Supreme Court blocked the path of human welfare by the Dred Scott decision, the nation wiped out that decision. It cost human blood and life and for years has blighted the economic progress of our Southern States.

"We hope to solve our present constitutional problem by less costly methods. Greater familiarity with labor and industrial problems will teach judges the need for Federal action for regulation of industry for social purposes.

"The Sovereign Nation must also establish its method of overruling any governmental authority that blocks social progress.

"This is the problem which presses for labor's solution equally with that of organizing all wage and salaried workers in strong labor unions. Organized power is the first fundamental in progress for the welfare of all who work.

"Labor Day, 1935, finds progress in both the political and union organization fields. There are problems, but none that cannot be solved by courage and the will to find a solution.

"Wage earners must first rally together in unions to fight against unfair wages and hours and to set up the machinery through which they may have REPRESENTATION AND VOICE IN DECIDING ISSUES THAT AFFECT THEIR INTERESTS.

"The year ahead presents the challenge of great opportunities."

Union Label Trade Dep't, A. F. L., Washington, D. C.

NO QUESTION ABOUT WHICH ROAD HE WILL FOLLOW

to lay and collect taxes to provide for the general welfare. This, together with its power to regulate commerce between the States, is the basis for labor's belief that the Federal Government has legal power to legislate for social welfare.

"We know that the moral and economic need for

against unfair wages and hours and to set up the machinery through which they may have REPRESENTATION AND VOICE IN DECIDING ISSUES THAT AFFECT THEIR INTERESTS.

"The year ahead presents the challenge of great opportunities."

PLAYABLE ARRANGEMENTS!

Yes, we make them. Why? Because we have over one hundred of our own num-bers published by America's leading pub-lishers and we do the same good work on yours. All we need is a lead sheet. Send it; tell us the instrumentation you want it arranged for and we'll quote prices with no obligation on your part.

SUPER-VOX Selmer Dept. 1933 ELKHART, INDIANA. Plenty of Power! Natural Tone! Increase the commercial and artistic value of your organization by using an amplifier with completely natural tone and tremendous power. The Super-Vox portable amplifier has the tone and power of a built-in system... 15 watts undistorted power (25 watts maximum). Some ultra-modern features of this super-amplifier include: crystal microphone, full-range tone control, 12-inch speaker that reproduces all "lows", extra-strong carrying case, and provision for extra "mike" with independent control. Write for non-obligating free trial details.

Plimaxing 25 YEARS OF

Supremacy

Focusing a quarter-of-a-century's drum making experience into one grand achievement we give you the "Silver Anniversary Snare Drum"... Its performance answers every wish of big name drummers in every branch of the profession. It has tone depth and brilliancy; snap and power; double sets of instant action snares; it has the genuine snare drum tone... In design, we say frankly, it is the most beautiful drum ever made... Drummers and directors who have seen the "Silver Anniversary" drum have reacted with spontaneous enthusiasm. It's the greatest sensation since the automatic pedal. See your local Ludwig dealer or write for details and illustrated literature at once. Be first with the new Ludwig, and be "Tops".

NEW METHOD

for

ORCHESTRA SCORING

A COMPLETE COURSE FOR AMATEUR AND PROFESSIONAL

The principal substance of the book deals with theory, harmony, modulation and instruments of the orchestra in sections, mixed combinations, ensembles and color effects. All probable combinations, from small to full orchestra, are covered. The various sections are shown separately in different chapters before combining them into ensembles.

British Workers Condemn Nazism

London.—The Nazi regime and its "unbelievable brutalities against the German people" were condemned by the annual conference of the British Transport and General Workers' Union at Douglas, Isle of Man. The labor leader, S. Hall, speaking in behalf of the power workers' group, declared that humanity seemed to go out when Nazism came in.

"Not only suppression of freedom of thought, but unbelievable brutality takes place," he said. "Men over 70 in the concentration camps are expected to go through the same exercises as men of 20, and when they are no longer able to stand, they are kicked up again and ordered to go on.

Similar signs of condemnation of Nazi methods come from other parts of the country. An inquiry into the rapidly mounting number of terrorists cases against returning German refugees has just been opened. The commission is composed of prominent men and women, among them J. B. Priestly, Lord Listowel and Mrs. Cecil Chesterton.

The annual meeting of the General Council of the League of Nations Union in Cambridge also passed a resolution expressing deep concern at the religious intolerance "shown in certain countries" and requesting the British government to take any steps deemed necessary to influence such governments.

Ickes Acts to Begin Work On Slum Clearance Project

Washington, D. C.—Administrator Ickes has ordered acceptance of option on five square blocks of slum area in Detroit to permit the PWA's slum clearance project in that city to be started immediately.

The site covered by the option is part of a larger area for which a housing project had been planned by PWA. This site will permit construction of modern housing for 486 families at virtually the same rent now being paid for badly deteriorated sub-standard housing within the area. The project is located in a negro district.

Ickes indicated that the PWA, for the time being, has abandoned its plan to acquire the large area.

Labor has no weapon as powerful as the one to BUY where it pleases.

Demand the Union label of the retailer and eliminate the chiseler.

LABOR URGED TO WITHDRAW TRADE

After Labor Day, the Union Label Trades Department of the American Federation of Labor urges that all trade unionists withdraw their trade from merchants and other business establishments that do not sell union label goods and employ union workers.

Announcement to this effect was made by I. M. Ornburn, secretary-treasurer of the Union Label Trades Department, in a Labor Day address from Washington over the National Broadcasting Company's network.

Mr. Ornburn reviewed the progress made by support of union-labeled products and services, pointed out that ever greater progress could be made if labor support of the union label was exerted to the fullest extent and went on to say:

"In behalf of the Union Label Trades Department, I desire at this time to make an important announcement:

Time Limit Set

"At a recent meeting, the Executive Board of the Union Label Trades Department concluded that ample time has been accorded all merchants to obtain a stock of union-made goods, and for other business establishments to obtain the right to display union shop cards or union buttons.

"This day, Labor Day, 1935, was set as the time limit for all business concerns to meet this modest requirement of America's union labor workers. If after today, merchants and other business establishments do not display the union label, shop card and button, the Union Label Trades Department urges all union members and their loyal friends to withdraw all their trade from such firms.

"We urge all local unions, central labor bodies, State federations, national and international unions and their friends to co-operate in every way with the local merchants in order that they will obtain a full line of union label goods. We desire the same co-operation with all business places, so that they also will unionize their concerns and display union shop cards and buttons.

Demand Is Reasonable

"This is a thoroughly reasonable and American demand. It should be remembered that the union label is the best guarantee that the products upon which it is displayed are made under union labor standards and in this country. When one further considers that billions of dollars worth of foreign-made and foreign-grown products are being sold over the counters of American merchants, while over ten million idle men are looking for work in factories of our own land, it is a highly patriotic duty to our own industries and farmers to buy union-made merchandise.

"The same statement may be made concerning prison-made goods, which are manufactured in our penal institutions and which go into competition with the products of law-abiding and free American citizens.

"One of the most hopeful signs and most significant efforts of our time is the co-operation between the Union Label Trades Department and the National Farmers' Union in a collective buying campaign to purchase only union-made goods and Farmers' Union products. Allow me to cite one example. In Alabama, the Farmers' Union and the labor unions in several counties have joined for a closed farmers' market and labor unionized business establishments. Both of these great movements of producers have pledged that they will buy only each others' products. Farmers and workers in other States have taken up the Alabama plan and are uniting for their mutual interests.

Pledge of Support Asked

"Today every friend of Labor should take the pledge that he or she will buy only the goods and services of union workers, as identified by the union labels,

"Gentlemen: This is the most important sax improvement of the decade!"

shop cards and buttons. Then when each Labor Day rolls by, the American labor movement can record more definite results.

"Beyond any doubt, these results would show that wages, hours and labor conditions generally have been greatly improved. Let us all consider seriously such a pledge.

"Let us then renew our faith in labor unions. Let us pledge ourselves, together with every member of our families, to demonstrate in a practical way our faith and loyalty to the labor union movement, by making this pledge to the Union Label Trades Department:

"I promise to buy only from firms which display the union label, shop card or button."

"TAKE THIS UNION LABEL PLEDGE."

Union Labor's Best Protection

THE best protection Labor Unionists can give to their brother workers is to buy exclusively from those firms which display the Union Label, Shop Card or Button. It is the greatest assurance of high wages, shorter hours and better working conditions.

When workers patronize only union shops and business places, they not only protect their own pay envelopes against wage cuts and longer hours, but they also definitely eliminate child labor, sweat shops, chiselers, as well as convict and foreign made goods.

Collective Buying is necessarily the partner of Collective Bargaining. When workers fully realize that these powerful weapons must be used together, then, and only then, will the influence of Labor Unions reach its greatest power.

Since the United States Supreme Court has declared the National Recovery Act unconstitutional, the labor provisions of the codes are no longer in force. With the elimination of this temporary protection for labor, it is now all the more necessary that workers obtain Labor Union agreements, in order to secure better wages, hours and working conditions. It is likewise more important than ever that they promote the Union Label, which stands alone in the label field, since the Blue Eagle of the N. R. A. has been, temporarily at least, discontinued.

Protect yourself and those dear to you, and all Unionized workers and their families, by buying goods and services which display the Union Label, Shop Card or Button.

Get the habit of *patronizing* Union-made products, and employers will get the habit of *organizing* their shops.

Taxing the Rich

THE new tax bill passed by the House of Representatives is a step in the right direction. For revenue purposes of the Federal Government it levies an assessment of only \$250,000,000 on wealthy individuals in face of the fact that a much larger amount is equitably required to help meet the tremendous expenses forced upon the Government by employers who keep wages low and throw over eleven million persons into the army of the permanently unemployed.

The new system of inheritance taxes which the bill sets up begins at 4 per cent on inheritances in excess of \$50,000 and graduates upward to 75 per cent on inheritances in excess of \$10,000,000. This tax is estimated to yield \$86,000,000. To supplement the inheritance tax there is a gift tax, estimated to yield \$24,000,000, which the recipients are required to pay.

The new surtax on individual incomes begins with 31 per cent on net incomes between \$50,000 and \$60,000 and steps upward to 75 per cent on incomes in excess of \$5,000,000. The surtaxes are expected to yield a revenue of \$45,000,000.

There is also a new excess profits tax, which is expected to yield \$80,000,000, and an increase in the graduated tax on the net income of corporations which will raise about \$15,000,000.

The bill as reported by the House Ways and Means Committee and adopted by the House is a distinct departure downward from President Roosevelt's recommendations in his message to Congress urging tax rates sufficiently high to break up the menacing aggregations of accumulated wealth.

It is, nevertheless, a good beginning and will undoubtedly be used as a basis for larger and larger Government assessments on big fortunes which are built

up through the manifestly inequitable distribution of the earnings of industry imposed on the masses by those who own and control our wealth-producing system.

The accumulated wealth from which the new tax bill proposes to slice a small portion is largely the product of men and women who work for salaries and wages. Corporations and individual employers should co-operate with organized labor in building up wage standards adequate to furnish a buying power large enough to provide an equitable distribution of the earnings of industry among the workers. Instead of doing this employers have kept and continue to keep wages low, hours long and throw millions into unemployment to be supported by various forms of Government charity. At the same time they disburse regular and extra dividends to stockholders and accumulate large surpluses which are frequently used in various subversive activities against the public welfare.

Labor's position regarding the question of wealth distribution was expressed by William Green, president of the American Federation of Labor, four years ago in his keynote speech to the 1931 convention of the Federation. He declared that unemployment is largely caused by the action of corporation owners who accumulate great wealth by imposing low wages, and consequently small buying power, upon the workers. Declaring that this evil should be remedied by adopting labor's demand for wages and buying power high enough so that the earnings of industry "shall be equitably distributed among the working men and women who made this wealth possible," Mr. Green added that if the corporations refused to grant this just demand labor would "call upon the Government to exercise its taxing power by distributing these large fortunes back to the people."

The 1931 convention of the A. F. of L. endorsed the position taken by Mr. Green. Subsequent conventions re-endorsed it. The principle involved has found expression in a modest way in the \$250,000,000 tax bill which the House of Representatives has passed.

The United States Supreme Court may declare the Blue Eagle unconstitutional, but it has no jurisdiction over the Union Label, Shop Card or Button.

Workers buy billions of dollars worth of wealth they create. A greater share would return to their pay envelopes if they bought only under the Union Label, Shop Card and Button.

If Labor Unionists should consistently demand the Union Label, manufacturers would eventually have to demand that their workers unionize.

Labor Queries

Questions and Answers on Labor: What It Has Done; Where It Stands on Problems of the Day; Its Aim and Program; Who's Who in the Ranks of the Organized Toilers.

Q.—How many States now have old age pensions laws?

A.—Thirty-five, seven having passed such laws this year.

Q.—What is the "Labor Chest"?

A.—This is the popular name of the Chest for Liberation of Workers in Europe. The purposes of the organization, which is approved by the American Federation of Labor, are to fight Fascism and Nazism, emphasize the boycott against Nazi German goods and raise funds for the relief of the victims of European dictatorships. Headquarters of the Chest are at 3 West 16th Street, New York City.

Q.—Are there any States which still have no workmen's compensation laws?

A.—Arkansas, Mississippi and South Carolina remain without legislation to compensate injured workmen. Florida this year joined the 44 States having workmen's compensation acts.

Q.—Who said: "The general object of the American Federation of Labor is to better the conditions of the workers in all fields of human activity. Economic betterment in all directions comes first"?

A.—Samuel Gompers.

Q.—How many local unions affiliated with the A. F. of L. are there?

A.—There are about 33,000 locals affiliated with national and international unions. In addition, there are 1,345 local unions, directly affiliated with the A. F. of L., the latest compilation shows.

Q.—What trade union executive is mayor of an important Virginia city?

A.—E. C. Davison, secretary-treasurer of the International Association of Machinists, who is mayor of Alexandria.

Out Beyond the Surf

Where thought, unhastened by necessity or trepidation, sometimes penetrates to truth. Here, where the shallow waves throw no spray, let us ponder and enjoy the lessons of the art and the work and play of life.

Adolf Hitler began his career of persecution by denouncing, then bludgeoning, torturing, murdering and driving out Jews. In the last few weeks he has made a partial trial of the same tactics on the Catholics. In between times he has harried, though not violently, Protestant clergymen who esteem the doctrines of their churches more important than the favor of the dictator.

The utter brutality and cruelty of these adventures in persecution is understood by everyone who reads. But it is not so well understood that Hitler is even more of a fool than a beast; and that his tactics are as silly as they are savage. Yet such is the case. Persecution has been tried before; and the better it goes for the persecutors, the worse for the country.

The prize example, no doubt, is that of Spain. That country came into the sixteenth century the strongest power in Europe, with union at home and a vast colonial empire just opening overseas. But she persecuted as no other nation ever persecuted before. She drove out the Jews. After long hesitation, she drove out the Moriscos, meaning thereby the persons of Moorish blood, who had settled in the Spanish Peninsula. And, leaving entirely aside the matter of her guilt, Spain wrecked completely her own prosperity. It took her something over a century to do it; but she made a complete job.

Henry Buckle, in his "History of Civilization," has brought together some figures on this matter.

"At the beginning of the seventeenth century," he says, "the population of Madrid was estimated to be 400,000; at the beginning of the eighteenth century, it was less than 200,000.

"Seville, one of the richest cities in Spain, possessed in the sixteenth century upwards of 16,000 looms, which gave employment to 130,000 persons. By the reign of Philip V (at the beginning of the eighteenth century), the 16,000 looms had dwindled away to less than 300; and in a report which the Cortes sent to Philip IV in 1662, it was stated that the city contained only a quarter of its former inhabitants.

"Toledo, in the middle of the sixteenth century, had upwards of 50 woolen manufactories; in 1665, it had only 13, almost the whole trade having been carried away by the Moriscos. Owing to the same cause the art of manufacturing silk, for which Toledo once was celebrated, was entirely lost."

"In the villages near Madrid, the inhabitants were literally famishing. In 1664, the President of Castile, with an armed force, and accompanied by the public executioner, found it necessary to visit the adjacent villages and compel the inhabitants to bring their supplies to the markets of Madrid."

Note the date. Then read further:

"In 1699, Stanhope, the British minister then resident in Madrid, writes that never a day passed in which people were not killed in the streets, scuffling for bread; and that his own secretary had seen five women stifled to death by the crowd before a bakeshop."

The two dates cover 35 consecutive years of misery and starvation in the capital of the nation, favored so far as might be by the royal government. Of the country in general, Buckle says:

"In many of the towns, upwards of two-thirds of the houses were, by the end of the seventeenth century, utterly destroyed."

Now, to the worst of his rotten ability, Hitler is repeating the persecution process. The results will be similar. He has already driven to other countries thousands of the best chemists, doctors and industrialists of Germany, the Jews. He has begun to suppress the Catholics, who always have furnished most of the real artists of Germany, and a fair share of its scientists. The Catholic population of Germany is so great that it cannot be destroyed nor even suppressed altogether; but it can be and is being bullied and harried; and every move that Hitler makes in this direction lowers the prosperity of Germany.

The moral aspects of persecution come first, and rightly. But the economic side should not be overlooked. Impossible as it may seem the persecutor sometimes is a person of earnest devotion to his cause—though no one has been able to see a sign of this quality in Hitler. But as a statesman, as a self-appointed guardian of the welfare of his people, the persecutor, always and everywhere, is a fool.

There will be no permanent RECOVERY until workers make the DISCOVERY that they must buy Union-made goods.

Over
FEDERATION
Field

(By Chauncey A. Weaver)

"Like one who wraps the drapery of his couch about him and lies down to pleasant dreams," our long time friend and fraternal brother, Thomas E. O'Shea, passed to his final rest on Tuesday, July 2, 1935, at his home at 2618 Highland avenue, McKeesport, Pa., aged 63 years 8 months and 12 days.

Thus terminated a life which had been noted for its fidelity to high principle, faithful service in every cause with which he chanced to be identified, and free from ostentation, was ever finding ways in which to show himself a friend of man.

As some of our readers may know, Pittsburgh, Local No. 60, covers Allegheny County, and McKeesport is included in that jurisdiction.

Brother O'Shea was one of a family of twelve children (ten boys and two girls), and his first musical training was as a cornetist in a seven-piece family orchestra. He joined Local No. 60 on September 14, 1903. At an early age he organized his own band and became a contractor for all kinds of musical engagements. He was leader of the McKeesport Municipal Band for twenty years and furnished music for public occasions and park concerts and parochial school affairs for a quarter of a century. He was always interested in politics and was democratic chairman of his home district for many years. He served as delegate from Local No. 60 to the McKeesport Trade Council for twenty years.

Brother O'Shea's activities in Local No. 60 were varied. He had served on the Local Executive Board for the past fifteen years. For ten years he was a Trustee and Chairman of the Law Committee.

The first appearance of Brother O'Shea as delegate to a national convention was the one held at Salt Lake City in 1926 and from that time forward he was honored with an annual election—the one at Asbury Park in June being the first he was compelled to miss.

During his delegate years he made wide and firm friendships and deeply appreciated the letter sent to his sick chamber from Asbury Park bearing the signature of many long-time friends.

In connection with his music and other activities Brother O'Shea conducted a grocery store, and those who know, testify that uncounted are the occasions when he helped the poor and the unfortunate.

The faithful wife, one son and five daughters are left to mourn the loss of husband and father.

The final rites, in which a fine band furnished by Local No. 60 appeared, were held from St. Pius Roman Catholic Church, and were attended by a large concourse of friends and acquaintances.

Farewell, Tom O'Shea! The terms friendship and brotherhood take on a richer meaning in memory of you!

Under a New York date line we find the following interesting, if true, item:

Dance music has become one of the country's major industries. A survey just completed shows that the earnings of the twenty leading bands in 1934 exceeded \$7,000,000. There are nineteen orchestras that are paid \$1,000 or more—mostly more—every time they appear before a microphone, usually for a half-hour performance. Approximately 150,000 professional orchestras scattered the nation over now are employed in manufacturing the product known as dance music. The average profit is about 10 per cent of their gross intake.

Summer must be on the wane. We have not observed "Phoenix, Arizona, 108" in the weather reports lately.

I feel that music, as brought to the people by radio, is doing much to revivify home life, which but a few years ago was seriously threatened.—Walter Damrosch.

"And the night shall be filled with music."

We attended the Chicagoland Music Festival. Chicago seeks to measure all civic undertakings with the yardstick of its own greatness. This Festival was the sixth annual. We attended one a few years ago, but the urge to attend again this year was irresistible. Local No. 10 made us their guest, and Brother Alfred G. Rackett took us in personal charge.

This Festival is the original idea of the Chicago Tribune, but has much cordial co-operation from newspapers in the Chicagoland territory which embraces sections of Indiana, Michigan, Wisconsin, Iowa, and some other nearby states. The main-spring motive seems to be to encourage the amateur to reach toward the professional field.

Both instrumental and vocal music was featured.

The Festival scene was laid in Soldiers' Field—that massive amphitheater into which 80,000 people poured on that Saturday, August 17th, evening.

There were uniformed drum corps which displayed wonderful technique in translating time-beating monotony into musical rhythm.

We did not try to count the bands appearing in parade across the Field, but some newspaper claimed there were 32 amateur bands enrolled.

Of course, we were glad to see Cedar Falls, Iowa, win the Class A honors.

One of the thrilling moments arrived when a picked Chicago Federation of Musicians band of 300 men, under the direction of President James C. Petrillo, of Local No. 10, marched across the field playing a stirring march. The band was not a contest entrant, but simply appeared as a Local courtesy to the Festival management.

Such eminent musical conductors as Victor Grabel and Glenn Cliffe Bainum were in evidence in presentation of the more notable numbers.

Choruses of one thousand voices representing notable Chicago organizations rendered in unforgettable fashion such standard offerings as Kremser's "Prayer of Thanksgiving," Adams' "Bells of St. Mary," and Handel's "Hallelujah Chorus," while another chorus of a thousand voices of colored singers sang "O Southland," "Let Us Cheer the Weary Traveler" and "Swing Low, Sweet Chariot," as only colored singers can do.

Lest we forget, we hasten to record that Walter Smith's cornet trio, "The Three Kings," played by Ernest Pechin, Joseph Thompson and Truman Weimer, members of Local No. 10, constituted a brilliant execution of a brilliant composition and was accorded a tremendous ovation.

A large contingent of drum major staff twirlers gave a mass exhibition which was highly enjoyable.

Another spectacular feature was "The Field of Daisies," in which one thousand little girls, with parasol coverings looking like daisies, put on a dancing show which beautifully exemplified juvenile gracefulness and was alone worth the price of admission.

Community singing brought the entertainment to a close.

Dark and ominous clouds hovered over the scene the entire evening, but J. Pluvius held his forces in restraint.

As the last intermingling wave of instrumental and vocal music surged across Soldiers' Field, the moon unveiled her pallid face and with an expression which seemed to say—"Although unseen, I have heard, and enjoyed!"

Chicago is doing something this year in the way of band and orchestra concertizing which will surely be of interest to musicians in other cities of the Federation jurisdiction. Arrangements have been completed for the giving of sixty-four concerts—divided equally between band and orchestra players—in Grant

"IT'S THE WORLD'S CHAMPION HORN"

B. A. ROLFE'S
says **1st TRUMPET** **FRANK KOMISKY**

"That's exactly what I think of my Martin. It has everything any musician could ask for and helps a man do his best work with a minimum of effort. I've heard a lot about Martin Handcraft construction and I'm convinced it gives a horn that 'extra something' in tone and action you don't find in the average instrument."

Park. Seventy-five players are engaged for each concert. Orchestra players receive \$8.00 and leader \$50.00. Band players are paid \$10.00 and leader \$50.00. The money aggregate received for playing these concerts is \$44,824. Does the city pay it? Not on your life! It comes out of the treasury of Local No. 10. This expenditure is derived from a tax fund levied of from two to four per cent on different types of musical engagement. Fifteen thousand seats at Grant Park are filled every evening and an immense crowd scattered about standing or sitting on the grass. Every concert played consists of high grade music. No trash disfigures the list of offerings. Not a fox trot is included; not a single specimen of "blues" is heard. This is a notable enterprise and a credit to the fine spirit of Local No. 10.

We are informed that the St. Louis Civic Opera mid-summer project has scored another annual success. It is good news. With a natural amphitheater, amid picturesque surroundings; enterprise which balks not at securing the best operatic talent; a great field of local musicians in Local No. 2 from which to draw, failure would be quite impossible. Where there is a real will there is usually

some kind of way through which to obtain substantial results.

The African Abyssinian seems to be facing the same fate as the American Red Man. There is a disposition to crowd him off the face of the earth. The crowding, however, may be a slow and costly process.

People with a passion for working cross-word puzzles should focus their mental machinery on the following:

Vice-President Garner, presiding: The question is on the motion of the senator from Oklahoma to lay on the table the motion of the senator from Louisiana to reconsider the vote whereby the Senate agreed to the amendment of the senator from Oklahoma to the motion of the senator from Mississippi to concur in the amendment of the House with an amendment.—From the Congressional Record.

The well-known comedian Jack Frost will soon be playing a return engagement.

Uncle Sam is used to being regulated. In time he may come to like his new line of straight-jackets.

Congress adjourned? Parting is such sweet sorrow!

MORRISON URGES GERMAN BOYCOTT

A. F. of L. Secretary Tells Washington Mass Meeting That Ending Trade Is Effective Method of Combatting Nazi Brutality.

Washington, D. C.—A strong condemnation of the brutality used by Hitler's government against trade unionists and other minority groups and praise of the boycott of German goods and services as an effective weapon to humanize the Nazi dictatorship were the high points in an address of Frank Morrison, secretary of the American Federation of Labor, at a mass meeting of more than 2,000 Protestants, Catholics and Jews in the Masonic Auditorium here.

Pointing out that the complete destruction of the independent trade unions of Germany and the ruthless persecution of Germany's Jewish population were among the first subversive activities of the Nazi regime, which seized control of German labor unions, maltreated officials chosen by the workers, and confiscated the funds and property of the unions, Mr. Morrison stressed the fact that the organized labor movement is engaged in the patriotic work of merging into a common brotherhood all workers without regard to creed, nationality or color.

Boycott First Adopted by A. F. of L.

He said that after receiving full and authentic reports regarding the intolerable persecution inflicted on its opponents by the Nazi government, the 1933 convention of the American Federation of Labor joined with other public-spirited organizations in officially adopting a boycott against German-made goods and German service, which the convention said was to continue "until the German government recognizes the right of the working people of Germany to organize into bona fide, independent trade unions of their own choosing, and until Germany ceases its repressive policy of persecution of Jewish people."

Following this action the 1934 convention of the A. F. of L., Mr. Morrison added, reaffirmed the boycott approved by the 1933 convention and recommended that "it be enforced even with greater vigor."

Labor Includes Ban on Fascism

The 1935 convention also declared, Mr. Morrison said, that the "American Federation of Labor records itself as favoring a full measure of support to all victims of Fascism and particularly to refugees from Fascist countries, and to those brave heroes of Labor who, in spite of the tremendous risks involved, continue to hold the thread of labor solidarity and labor organizations within the Fascist countries" and urged the fullest support of the American Federation of Labor for the Chest for Liberation of Workers of Europe which was organized by interested and affiliated national and international unions to aid all workers suffering under European dictatorships.

Mr. Morrison urged the large audience to join with the American Federation of Labor and use its full influence in applying economic pressure in Germany.

Msgr. John A. Ryan of the National Catholic Welfare Conference, protested not only against religious persecution in Germany, but also against "the gradual destruction of civil liberties in America."

Italian Jobless Decreased By Ethiopian War Plans

Washington, D. C.—Dispatches received here from Rome state that figures compiled by the Fascist Confederation of Industry reveal a smaller number of unemployed than at any time since 1930. Since Italy began active preparations for war against Ethiopia, the number of employes in industry has increased 10 per cent, the statement said. It was admitted that most of the re-employed workers are engaged in the preparation of war material.

Private Building Running Far Ahead of 1934 Figures

Washington, D. C.—A decrease of 1 per cent in indicated expenditures and an increase of 3 per cent in the total number of permits awarded for building construction were the outstanding features of the Department of Labor's monthly survey of building operations for July, Secretary of Labor Frances Perkins said.

"Although the estimated cost of buildings for which permits were issued in July was slightly below the June level, all branches of private construction activity are running far ahead of the 1934 rate of activity," she said. "Compared with the corresponding month of last year the estimated cost of the buildings for which permits were issued in July shows an increase of more than 60 per cent. At the same time the number of permits awarded shows an increase of 37 per cent. All types of construction shared in the advance, but the greatest improvement is reported in residential construction. In July, indicated expenditures for new residential buildings were more than three times as great as in the same month of last year."

United States Should Break With "Red" Russia

New York City—"I see no need and no reason for the United States Government to hesitate about what is to be done regarding the Russian situation," said Matthew Woll, vice-president of the American Federation of Labor and president of the Union Labor Life Insurance Co.

"American labor advised against recognition, fought against it and forecast what would happen. It has happened. It was bound to happen. Every nation's experience has been the same. Whether it happened this month or next year, the fact is that in the nature of things it had to happen some time.

"When communism abandons propaganda it will die; while it lives as an organized force it will propagandize and until it abandons its basic philosophy it will lie, cheat and resort to whatever means seem workable to advance its influence.

"The Russian ambassador ought to be sent home and our ambassador ought to be recalled. Until that is done American labor must pay the penalty and strive to hold the ground against the reds. American business profits no more than it ever did. I hope our government is about to discover the real truth about communism. I hope there is no backing down from the clear necessities of the hour."

BIG IDEAS

IN SMALL PARAGRAPHS

If workers and farmers are kept in hot water long enough they will become as hard-boiled as the chiselers.

In Alabama, union labor is demanding a closed market for farmers and the Farmers' Union is demanding a closed shop for workers. That's co-operation.

A combination of middlemen controls prices for both the farmers and consumers. The combined purchasing power of farmers and workers would make a powerful weapon to control the middlemen.

Collective buying by all producers would mean collective bargaining for the workers and collective marketing for the farmers. By that time the profiteers will be just a rare old "collection!"

In many counties in Alabama, the labor unions are showing the farmers where to look for union labels and the Farmers' Union is showing union labor where to look for the Farmers' Union card. And, Oh, Boy, when they both learn how to find them, it will be good-nite for the profiteers!

HOPKINS' NEW WORK ORDER AIDS UNIONS

Drops Rule That 90 Per Cent of Workers on Contract Jobs Must Come From Relief Rolls—Preference Is Given to Union Members.

Washington, D. C.—Harry L. Hopkins, Works Progress Administrator, issued an order stipulating that union labor may be supplied to work relief contractors from lists of union workers on relief furnished by "recognized unions."

The rule also eliminated a previous order that 90 per cent of the workers employed on contract jobs must come from relief rolls and provided that after union members on relief have been put to work other union members may be employed.

The effect of the order was to return all heavy construction, including slum clearance, non-Federal PWA projects and rivers and harbors projects to their status under the old PWA system.

The order did not apply to projects being carried out under direct supervision of governmental agencies.

Under the new plan contractors who want union workers will apply to employment agencies designated by the United States Employment Service, and the unions will give these agencies lists of their members.

Executive Council Is Pleased With Forty - Hour Week

Atlantic City, N. J.—The Executive Council of the American Federation of Labor was greatly pleased with the action of Congress in passing the bill granting the 40-hour week to 235,000 postal service employes, made up largely of post office clerks, letter carriers and railway mail clerks, William Green, president of the Federation, declared here, at the close of the day's session of the Council's meeting which received the news of the favorable action of the Senate on the measure, which had already passed the House of Representatives.

Mr. Green interpreted the success of the measure as a well-earned victory for the Federation, which threw the entire strength of the organization back of the bill during its consideration in both branches of the Federal Congress at Washington.

"We certainly were delighted to learn of the passage of the measure," he said. "The Federation had supported it vigorously and we now feel that Congress has given full recognition to the economic philosophy the Federation has long advocated for the unemployment problem.

"This reduction of four hours a week in some cases and eight hours in others will solve many difficult employment problems and will create added work for the long list of substitutes in various branches of the postal service.

"We see this as an outstanding legislative achievement, a real victory. You must also remember that we had their last pay cut restored earlier in this session of Congress."

Los Angeles Brewery Workers Win Union Shop

Los Angeles, Calif.—After a vigorous campaign of several months against the non-union products of the Globe Bottling Works here the International Brewery Workers' Union persuaded the company's official to sign a contract for a 100 per cent union shop. Carrying the concern on the unfair list of the Los Angeles Central Labor Council was interpreted as having been an influential factor in the company's acceptance of the union shop policy.

A man may invent a mouse trap, but if he does not place a Union label on it, the worker should pass his door.

"Wow! What a Sax! I've just tried the new Selmer 'Balanced-Action!' 25% faster!"

SELMER, Dept. 1933, Elkhart, Indiana

To The Point

Ignorance of the law is no excuse; neither is there any alibi for buying from unfair concerns.

On Labor Day we commemorate the worker, but every day we should remember to look for the union label, shop card and button.

Don't boycott the merchant who does not sell union-made goods. Just stop trading with him!

Americans spend millions of dollars for imported goods. The best way to cut the taxes collected for those on relief is to buy union-made, American products.

Union-made products are always American-made.

Union Label stock is going up in the market. It will continue to rise in just the degree that workers buy union-made goods.

New Pamphlet on Nazi Terror

New York City—The Chest for Liberation of Workers of Europe has just issued a pamphlet, "Hitler Terror in 1935—With a Chapter on Fascist Terror in Austria," which will be sent on request addressed to the Labor Chest, 3 West 16th St., New York, N. Y. The new pamphlet throws light on the relentless persecution and official terror waged indiscriminately against all sections of the German people.

Organized and directed by leaders of the American Federation of Labor, the Labor Chest has been instrumental in acquainting the American public with facts and conditions prevailing in the Fascist ruled countries of Europe. It has also raised substantial financial assistance for the European victims of oppression and tyranny.

FEDERAL LAW HOLDS LABOR PRINCIPLE

The Federal Social Security Bill signed by President Roosevelt writes into our statute law the principle enunciated by the American Federation of Labor that funds for unemployment insurance shall be contributed exclusively by employers.

The unemployment insurance provision levies a payroll tax, beginning January 1, 1936, of 1 per cent on employers, which will be followed by a 2 per cent levy in 1937 and a 3 per cent levy in 1938 and thereafter. All employers of eight or more persons for any 20 weeks of a year are subject to the tax.

There is included a provision by which the Federal Government will allow a credit up to 90 per cent on the tax to employers who pay State unemployment insurance taxes into State funds.

The Federal Government does not pay directly any unemployment insurance. The insurance systems must be set up by the various States, with the Government supervising the allocation of the Federal tax.

The measure also stipulates that the Federal Government shall provide \$4,000,000 in 1936 and \$49,000,000 subsequently for State assistance in administering the law.

For assisting needy persons over 65 years old, the Social Security Bill provides for Federal contributions to State old-age pension plans on a 50-50 basis up to a maximum Federal contribution of \$15 per person per month or a joint pension of \$30. The \$30 per month, however, is not the maximum old-age pension, the States having the authority to increase it to any amount they desire. But regardless of the amount fixed by the States, the Federal contribution is limited to \$15 per month per person.

To start off the old-age pension system on a sound basis the measure makes a Federal appropriation of \$49,750,000.

There is also a provision for contributory old-age pensions which vary from \$10 to \$85 per month dependent on length of employment and average salary.

The annuity system will be financed by a pay roll tax to be paid jointly by employers and employees. The tax would begin at 1 per cent in 1937 and increase gradually to 3 per cent in 1939 and 6 per cent in 1949.

Government employes, farm labor, domestic servants and casual labor are excluded from the benefits of the annuity system.

It is estimated that the payroll taxes imposed on industries and workers to finance the systems of unemployment insurance, old-age pensions and annuities will yield \$2,700,000,000 annually by 1950.

Other provisions of the bill appropriate \$3,000,000 to aid the States in caring for the needy blind, the grants not to exceed \$15 per person monthly on a 50-50 basis; \$24,750,000 to aid the States in caring for dependent children on a one-third matching basis, the Federal Government to pay no more than \$6 per month for each child; about \$9,000,000 to the States on a 50-50 basis for health service for mothers and children, increase of aid for vocational training of the disabled, for assistance to crippled children and for child welfare service.

There is also provision for the allocation of \$8,000,000 to the States to improve general health conditions.

In all cases except that of the \$8,000,000 public health fund the States are required to match the Federal appropriation and in most cases the Government is pledged to increase the appropriations after the first year.

Make it your business to buy Union-made products and your merchants will make it their business to sell them.

Faint heart never won fair wages. Be persistent. Demand the Union Label, Shop Card and Button.

World Boycott of German Goods Declared Effective

Paris—Calling for intensification of the world boycott against German goods as a protest against Nazi terrorism and barbarism, the International Federation of Trade Unions cites recent evidence that the boycott is effective. In a statement on the falling off of German export trade, the Federation says:

"A fresh example can be adduced to the effects of the boycott against Hitler Germany. Recently German newspapers published statistics of the export trade of the German gramophone industry for the first five months of the present year. It is seen from these statistics that in the corresponding period of the year 1932—that is the last comparable year before Hitler's assumption of power—2,200,000 gramophone records and 13,771 gramophones were exported. By 1933 the export figures were already down to 1,500,000 records and 6,743 gramophones. In the present year, 1935, export figures had still further declined to 296,000 records and 5,000 gramophones.

"To be sure, the general world economic situation has contributed to this decline of exports. There can be no doubt, however, that the boycott has been a prime cause of this decline, which is equivalent to a collapse of exports in the industry.

"Hitler Germany, which in the first place was so willing to discount it, knows the effects of the boycott very well. It is always trying by clever camouflage of German goods to circumvent the boycott. It has become known that goods of German origin, especially those for export to Anglo-Saxon countries, have recently been repeatedly marked, no longer 'Made in Germany,' but simply 'Foreign.' Special care must therefore be taken when goods are purchased, in order that the boycott against Hitler Germany may lose nothing of its effect."

Auto Workers Get Charter From A. F. L.

Detroit, Mich.—William Green, president of the American Federation of Labor, presented an A. F. of L. charter to the first constitutional convention of the International Automobile Workers' Union here with the declaration that a major objective of the new union is to secure an annual wage sufficient to "keep the worker in decency the year around."

"In effect, all that we are asking," he added, "represents your share of the wealth you produce. Executive officers through large salaries and bonuses are diverting to themselves larger shares of income than belong to them. We are going to change all that."

As one of the initial steps in realizing the higher wage objective, Mr. Green urged a recruiting drive to enroll a quarter of a million automobile workers in the union. The magnitude of the job ahead was revealed by the report of Francis J. Dillon, national organizer of the A. F. of L., who said the unions constituting the new organization have 35,000 dues-paying members. The size of the task did not daunt the enthusiasm of the 250 delegates to the convention. They received the 250,000-member objective with loud applause.

Declaring that the new union "is historic in the progress of the American labor movement," Mr. Green said it would undertake to enroll all production workers and all parts workers in the automobile industry, but not members of existing craft unions.

In reference to reports that an attempt would be made to bring all the auto workers into the organization, Mr. Green said authority to extend the international union's jurisdiction could only be granted by the annual convention of the American Federation of Labor.

They say, "Money talks," but Union Labels talk louder when it comes to Union-earned money.

REDS WILL SEEK PARTY CONTROL

According to a report dated at Moscow August 12 and published in our daily newspapers, "American Communists will seek the leadership of the proposed workers and farmers' party." Earl Browder, secretary-general of the Communist Party in the United States, is credited with this statement. This is the same Earl Browder who, with William Z. Foster and other Communists, destroyed a well-developed third party in the United States by taking over control at a convention of the Farmer-Labor Party in Car Men's Auditorium at Chicago in August, 1921. It was then that the Chicago Federation of Labor abandoned the Farmer-Labor Party because it had fallen into communistic control.

It was at a regular meeting of the Chicago Federation of Labor that John Fitzpatrick made the declaration that the effort to organize the Farmer-Labor Party along lines of American principle whereby the voters could and would express themselves through the ballot had failed, through the activities of Communists whose policy was to gain their ends in a revolution of force and violence, and that from that date the Chicago Federation of Labor would adopt the program of the American Federation of Labor along political lines, which was to elect its friends and defeat its enemies. The Communists took control under the name of the Federated Farmer-Labor Party. What became of that movement under this leadership? It passed out. These American Communists are unable to develop or maintain any semblance of a movement; their chief stock in trade is to associate themselves with whatever activity the American labor movement adopts, thereby giving it a Communistic tinge and destroying its effect. The Chicago Federation of Labor, a militant body always willing to go a long way in any effort to establish better wages, hours and conditions for the workers, had as its leaders two stalwarts of the old school of trades unionism in the persons of John Fitzpatrick, its president, and Ed. Nockels, secretary. It was these leaders who called halt when they discovered that union labor's interest in independent political action had allowed these so-called Communists to gain control.

What has been the experience of the American Federation of Labor with this outfit? Have the American Communists been organizing? Not at all; they have been very busy disorganizing the American Federation of Labor. Through their activities they have confused the American workers by attempting to destroy their confidence in the American Federation of Labor. These would-be leaders who, through some sort of hypodermic injection became militant leaders overnight, some of them who in years past would not listen to the modest appeal of the Socialist in organized labor, became raving advocates to the cause of communism. While on the other hand, fortune's blessing caused others to forsake radicalism for something more conservative and in keeping with their new station in life.

No doubt there will be a third party movement and the American worker and farmer will be outstanding in its development. However, when Earl Browder told the third Internationale that American Communists would seek control, he himself knew that the American workers are "on to" his outfit; that immediately after they attach themselves to any movement it spells destruction and disappointment for the sincere advocates of the cause. Why did not Mr. Browder tell the third Internationale that, despite the attacks of the Communists, the company union and the depression, the American Federation is coming through stronger and with more influence than ever before?

Live each day so that you can look any man in the eye and say: "I buy under the Union Label. Shop Card and Button!"

NEW fluted
inside slide gives
OLDS
TROMBONE
fastest action
ever known!

OLDS has grooved the inside slides of the trombone to their full length (except stockings), and magically transformed action to an unbelievable smoothness—so slick that the slide flies back and forth with the slightest effort. Split-second speed is here! Avoids any possibility of friction, binding, suction or breaking in. The greatest improvement in 25 years. See it at your dealers! Available in all models. No advance in prices!

1935 Model Olds Trombones in possession of players or dealers will be refitted with fluted slides at very moderate cost. Write for details.

ROOSEVELT CONDEMNS FOES OF PROGRESS

Says Charge Social Security Law and Other Laws for Protection of Masses Are Socialism Has Always Been Made by Tories Against Similar Legislation for Common Good.

Washington, D. C.—A trenchant criticism of subversives who have flung the charge of Socialism against the labor and reform measures enacted by Congress during the recent session was made by President Roosevelt in a radio address here to the Young Democratic Clubs' convention in Milwaukee.

He said the bugaboo of Socialism was hoary with age and had always been trumped up by the forces of reaction as their last resort to block legislation designed to protect the masses against oppression.

Here is the drubbing which the President administered to the standpatters who have opposed the social and labor laws which the first session of the Seventy-fourth Congress placed in the statute laws of the United States:

"Forty years ago, slum conditions in our great cities were much worse than today. Living conditions on farms and working conditions in mines and factories were primitive. But they were taken for granted. Few people considered that the government had responsibility for sanitation, for safety devices, for preventing child labor and night work for women.

Reactionaries Oppose Labor Legislation

"In 1911, 24 years ago, when I was first a member of the New York State Legislature, a number of the younger members of the Legislature worked against these old conditions and called for laws governing factory inspection, for workmen's compensation and for the limitation of work for women and children to 54 hours, with one day's rest in seven.

"Those of us who joined in this movement in the Legislature were called reformers, Socialists and wild men.

"We were opposed by many of the same organizations and the same individuals who are now crying aloud about the Socialism involved in social security legislation, in bank deposit insurance, in farm credit, in the saving of homes, in the protection of investors and the regulation of public utilities.

"The reforms, however, for which we were condemned 24 years ago are taken today as a matter of course.

"And so, I believe, will be regarded the reforms that now cause such concern to the reactionaries of 1935.

"We come to an understanding of these new ways of protecting people because our knowledge enlarges and our capacity for organized action increases.

"People have learned that they can carry their burden effectively only by co-operation.

"We have found out how to conquer the ravages of diseases that years ago were regarded as unavoidable and inevitable. We must learn that many other social ills can be cured."

Importance of Unity

On the necessity of unity among progressive forces the President added:

"The reason that the forces of reaction so often defeat the forces of progress is that the Tories of the world are agreed and united in standing still on the same old spot, and, therefore, never run the danger of getting lost on divergent trails.

"One might remark in passing that one form of standing still on the same spot consists in agreeing to condemn all progress and letting it go at that.

"Therefore, to the American youth of all parties I submit a message of confidence—Unite and challenge! Rules are not necessarily sacred—principles are. The methods of the old order are not, as some would have you believe, above the challenge of youth."

Jobs and Pay Rolls Drop in Two States

Philadelphia.—The number of wage-earners working in Pennsylvania manufacturing industries shows a decline of three-tenths of one per cent and the amount of wages paid 4 per cent from the middle of June to the middle of July, according to indexes prepared by the Federal Reserve Bank of Philadelphia on the basis of 2,294 reports from manufacturing establishments employing approximately 437,200 wage-earners whose compensation averaged over \$8,100,000 a week. The number of employe-hours actually worked in about 90 per cent of the reporting plants also fell off 3 per cent.

These decreases were somewhat smaller than usual, reflecting a fairly well sustained rate of productive activity. In the case of some textiles, particularly woolen, silk and cotton manufactures, as well as men's clothing, there occurred marked increases instead of the customary declines.

Manufacturing industries in Delaware report decreases of 1 per cent in employment and 3 per cent in payrolls from June to July. Compared with a year ago, employment and payrolls at Delaware factories were approximately 5 per cent smaller.

General Motors Plans \$50,000,000 Expansion

New York City.—General Motors is planning to spend \$50,000,000 enlarging and reconstructing its plants, according to the company report for the first half of the year, just issued by the president, Alfred P. Sloan, Jr. Part of this sum will be spent on company plants in England and Germany, where the present equipment has been outpaced by the demand; but most of it will be spent in the United States, and probably well within a year.

New factories, costing \$3,500,000, will be built at Pontiac, Mich., for the Pontiac and Fisher Body divisions of the company. Buick and Chevrolet plants at Flint, Mich., will be renovated and modernized. A new plant which will undertake the manufacture of airplanes will be located at Indianapolis, and a wood-working plant at Memphis is being worked over for the Fisher Body Corporation.

G. M. net earnings for the first half of this year were \$33,729,838, or \$1.85 a share for the vast volume of stock outstanding, which represents actual investment far less than "plowed back" profits and split-ups in shares. Net earnings in the same half of last year were \$1.51 a share.

Remarkable Things Said

Surely the governing nations which make up the civilized world cannot long remain indifferent to the action of such a tyrant as Hitler, to his excelling in brutality and fiendish persecution the rulers of a bygone pagan age.—William Green.

Let us make democracy a political, social, industrial and international fact. What we need is not Fascism or Communism, but more and better democracy.—Prof. Herman E. Horne of New York University.

Obviously, business cannot sell more than its customers can buy; and wages constitute the only buying power of the largest element of our population. About all that business needs for recovery is to increase this mass buying power.—Edward A. Filene.

We can only hope that labor may not suffer, but will benefit and gain in this period of transition and experimentation. The path we are following is not without its dangers and pitfalls. Labor must be ever alert and never lose confidence or reliance in its power of economic strength.—Matthew Woll.

NEW!

NOW—for the first time—all reed artists can have the advantage of a genuine BONACIO mouthpiece. Identical with those made by Bennie Bonacio, famous 1st saxophone and 1st clarinet with Paul Whiteman for his own use. The unique lay, throat and tone chamber produced such a marvelous tone that he was soon besieged by discriminating artists to make mouthpieces for them. But he could not begin to supply the demand. Many artists had to be disappointed but NOW all can be supplied.

Bonacio
MOUTHPIECES

MADE FROM
STEELAY

For Bonacio has licensed C. G. Conn, Ltd., exclusively, to make and sell his complete line. Conn laboratories developed STEELAY—a new and ideal material for their manufacture. A new type hard rubber, almost as shrink-proof and as warp-proof as steel. Permits extreme accuracy in cutting and shaping. Takes high "black glass" polish. Perfect acoustical properties for producing the finest "reed" mouthpieces in the world.

FOR CLARINETS AND SAXOPHONES
Furnished for Eb Alto, Bb Tenor, and Eb Baritone Saxophone; and for Bb Soprano, Eb Alto, and Bb Bass Clarinets. Choice of 6 popular lays including the lay used by Bonacio himself. Wide range in opening and length of lay to meet all requirements.

ALSO STANDARD STEELAY
Also at a more moderate price, the popular Conn STANDARD STEELAY Mouthpieces, with tone chamber and throat following the traditions of the Conn mouthpiece; large and full for robust tone. Try these marvelous mouthpieces and be convinced of their striking superiority. Ask your music dealer or write for new free literature, just off the press.

WHAT NEXT?

A new, popular-priced, air-conditioning machine designed for a six-room house is now being produced and its manufacturers expect it will quickly find a mass market. The new device, which can be installed at a cost of less than \$100, will cleanse and circulate the air, while a nozzle spray is provided for humidifying the air in the winter when the house-heating plant is in operation. Necessary connections are provided for refrigerating coils to supply cooling and dehumidification in hot weather. This involves additional cost.

A switch engine run by butane gas, said to be the first of its kind, has been

built for the Acme Steel Company by the Plymouth Locomotive Works and is reported to have demonstrated its ability to perform in eight hours the work which it previously took two steam locomotives fourteen hours to do. The butane gas engine costs more to operate than a Diesel unit, but is expected to prove economical at the steel company's works, where butane gas is widely used in plant operations.

A machine for printing railroad tickets as they are purchased has been recently installed in a London railroad station. The machine can issue tickets for 500 different stations. The agent merely sets the index needle, pulls a lever, and out comes the freshly-printed ticket—numbered, dated and priced. It also tabulates total receipts.

Comparative Taxes in Two Countries

TAX PROGRAM TO LIGHTEN BURDEN ON POOR CLASSES

Washington, D. C.—The Roosevelt tax-on-wealth program aims to reverse a tendency of recent years which has placed an increasing tax burden on the poorer classes, Robert H. Jackson, counsel for the Bureau of Internal Revenue, told the Senate Finance Committee.

Jackson summarized the Treasury's tax experience before the committee and said the 1930-35 trend to place more taxes on the poor and less on the rich was unsound and "should be reversed."

Defending proposed higher inheritance and estate levies, Jackson denounced validity of the old "shirt sleeves to shirt sleeves" adage that great wealth automatically is dissipated in three generations.

"It was doubtless once true," Jackson said, "that all a grandfather saved from the fruits of his labor would be spent by a grandson. It is probably true today of very moderate fortunes. It is not true of large invested fortunes under present conditions. They not only perpetuate themselves, they grow."

"This is because they are now so large. A riotous living heir to one of our larger fortunes would exhaust himself before he could exhaust the income alone of the estate. Furthermore, such estates are largely perpetuated in trusts and every legal and economic obstacle to their dissipation is employed."

Jackson said that in 1930, taxes bearing most heavily on the well-to-do contributed \$2,475,000,000, or 68.2 per cent of the treasury's total internal revenue and customs receipts. Taxes bearing upon the consumer contributed \$1,152,000,000, or 31.8 per cent.

By 1933 taxes based on ability to pay constituted only 41.7 per cent and in 1935 only 38.7 per cent. Taxes against the consumer, persons represented as being in the small income group, provided 58.3 per cent of the Federal receipts in 1933 and 61.3 per cent in 1935.

"In weighing this shifting burden, allowance must also be made for declining income which makes the relative weight of these consumer taxes greater than mere yield would signify. These taxes are paid largely out of consumers' purchasing power and are borne to a great extent by those whose incomes are barely adequate for maintenance."

"The burden of taxation should be so readjusted as to meet the cost of government by a recovery tax program that will eliminate the present iniquities and that will not impair the purchasing power of the mass of consumers."

"Added revenue to go toward balancing the budget and toward meeting the cost of overcoming a depression which threatened rights of property should be contributed by the property class in proportion to their ability to pay."

The Union Label

You're a Union man, I take it,
For you pay your union dues,
But, my friend, is there a Label
Of a Union in your shoes?

Do you see the Union Label
On tobacco that you buy?
Or upon your daily paper?
You can get one if you try.

Is a Label in the pocket
Of the suit upon your back?
A Label on your collar—
Or a Chinese Spider track?

Do you find the Union Label
In the sweatband of your hat?
Look and see if you can find it—
Did you ever think of that?

How about the Union Label
On the broom that your wife swings?
How about it on your table,
And on a thousand other things?

There's a moral in this poem,
You can find it if you try;
If at first you fail to see it—
Ask yourself the reason why.

—N. B. MAXWELL.

Wealthy Pay More in Great Britain Than in United States and Collections Are Made With Minimum of Trouble and Delay.

By GEORGE L. KNAPP

Taxes, especially Federal income and inheritance taxes, are one of the chief subjects of argument today; and in practically every such argument, one side or the other cites the experience of Great Britain. It is worth noting. England passed her first income tax law in 1798, and her inheritance tax can be traced back to feudal times. With that long experience, England ought to have found out something that it would be worth our while to know.

Income taxes in Britain are much heavier than in America and they begin earlier. In Britain, a married man with no dependents pays \$5.63 on his first \$1,000 of net income. Here, such a man pays nothing. The American man, married with no dependents, begins paying income tax when he reaches a net income of \$3,000 a year, and then he pays only \$8.00. In Britain a man with a \$3,000 net income would pay \$272.81.

Let it be said right here that American figures and terms are used throughout in this article, not because the writer does not know his pounds, shillings and pence, but because the shift back and forth from one currency to another is confusing. It is just as easy to write "22½ per cent" as to write "four and a half shillings in the pound." The two phrases mean exactly the same thing—but one is familiar to American readers, and the other is not.

British Taxes Far Heavier

Coming back to the comparison of weight of taxes, with an income of \$5,000, the American, married but with no dependents, pays \$80 of income taxes. The Briton in equal circumstances pays \$632.81. The American getting \$10,000 a year—all these figures are for net income, please note—pays \$415 income tax, and his English friend pays \$1,645.31. At \$50,000 a year, the Englishman pays more than twice as much as the American; \$18,242.19 against \$8,869. From here up, the disproportion between the two payments is not so great, but it is very decided. At \$100,000 a year net income, the Britisher pays \$45,304.69 and the American \$30,394. At \$200,000, the American hands considerably less than half his takings to the government, \$80,019; while the Britisher pays well over half of his income, \$104,929.69. On a million dollar income, the American pays \$571,394 and the Britisher \$613,554.69.

The two countries have quite different ideas about income. The United States, where many millionaires have been made almost over night, counts increased value of capital or investments as income. Britain, where wealth grows and melts more slowly, does not count capital gains, but in almost all other differences between the two countries Britain is more severe on the taxpayer than America.

Depreciation Not Allowed

For example, the owner of an apartment house in England pays tax on the gross rent, less repairs and local taxes. The same owner in America would charge off something each year for depreciation, which our laws allow and which Britain does not. Just in passing, depreciation is probably more responsible for evasion of just income taxes in America than any other single factor.

Tax Collection Efficient

Britain collects her income taxes with a minimum of fuss, feathers and delay. We collect part of our income taxes with a maximum of all these things, and some we never collect at all. British taxes assessed in April, 1933, are paid in January, 1934. Here we are suing Andy Mel-

lon for cheating the government out of taxes in 1931; and plenty of cases are hanging fire after a still longer time.

Britain is divided into 725 districts for income tax purposes. Each district is in charge of an inspector, with assistants and clerks varying with the importance of the district. British taxpayers do not compute their own tax. They make returns of their income, and the inspector, from these and other data, computes the tax.

The inspectors are members of the civil service, and are chosen with more than usual British rigidity. A large proportion of them are university graduates, and they must pass a stiff examination before even making a start on the road to inspectorship. The candidate who passes this first examination serves five years as a cadet, and is carefully instructed in law and accounting during that time. He must pass two more examinations, and the last of these is so severe that about one-third of the candidates fail to pass it at their first trial.

Few Cases Appealed

Nine-tenths of all the tax cases are settled by the inspector. Out of 70,000 important returns in Manchester, in 1933, 140 were appealed. Most of the appeals are never argued; they turn on disputes about matters which are settled in conference, according to strict rules.

Our own Board of Tax Appeals is 20,000 cases behind its docket.

Appeals in Britain are taken to the general commissioners, the special commissioners, and there is an appeal to a high court. As said before, an enormous majority of cases are settled without argument; but about 1,100 go to the special commissioners each year. Their decisions stand without further appeal in about 1,050 of these cases, and of the 50 appealed in the latest year, 33 were affirmed.

Inheritance Taxes Higher

British inheritance taxes, using that term for the four most important levies, are also higher than those of America, except in two brackets. In our country, the Federal inheritance tax begins at \$50,000; anything under that amount is exempt. British inheritance taxes begin with estates of \$500, net, and a \$50,000 inheritance in Britain would pay \$2,000 in taxes. A \$100,000 estate pays \$1,500 in the United States and \$8,000 in Britain; an estate of \$500,000 pays \$59,100 here and \$95,000 there. An estate of \$10,000,000 pays \$4,387,600 in the United States, and \$4,500,000 in Britain.

Above \$10,000,000 the ratios change. Britain takes a straight half of \$50,000,000 and \$100,000,000 estates, while Uncle Sam takes \$23,386,600 and \$58,386,600 respectively. It must be remembered that many States have inheritance taxes, though the Federal Government recognizes these and allows for them in making its own levies. Also, it should be said that there are very few \$50,000,000 and \$100,000,000 fortunes in England compared to the number in America.

England taxes great wealth much more heavily than we do, collects more promptly, and seems to give better satisfaction to the taxpayers themselves, to judge from the matter of appeals.

SOCIAL SECURITY BILL IS ENACTED BY BOTH HOUSES

Washington, D. C.—President Roosevelt's Social Security Bill, held up in conference since June 19 by disagreement over the Clark amendment added by the Senate exempting private industrial pension systems from the measure, was speeded on its way to the White House when both the Senate and the House adopted the recommendation of the conferees that the controversial amendment be dropped from the bill.

The final enactment of the bill without the Clark amendment is regarded as a distinct victory for organized labor. It materially weakened the old-age pension section of the measure. It permitted the continuance of private pension schemes and exempted industries having them from the payroll tax provided by the bill.

The amendment was firmly fought by the American Federation of Labor. When it was under consideration in the Senate, William Green, president of the Federation, pointed out that many industries, with pension schemes discharge employes when they approach retirement age. "Another great objection to private pension plans," he said, "is that they tend to discourage the employment of older men. Men more than 40 years of age are refused employment. There is no hope for them except through the enactment of the National Security Bill."

Scrapping the Clark amendment was accompanied with a decision to appoint a joint committee of the Senate and House to study private pension plans with the object of determining whether they have sufficient merit to warrant their retention.

Senator Harrison, chairman of the Senate Finance Committee which reported the original measure to the Senate, appointed Senators King, George, Clark, Keyes and LaFollette as the Senate members of the committee.

Chairman Doughton of the House Ways and Means Committee named himself and Representatives Samuel B. Hill of Washington, Cullen of New York, Treadway of Massachusetts and Bacharach of New Jersey as the House members of the committee.

The Social Security Bill was the first of President Roosevelt's major reform measures to pass both Houses of Congress. He recommended the enactment of the measure last January.

Deposit Insurance Nearly Abolishes Bank Failures

Washington, D. C.—Insurance of bank deposits has well nigh abolished bank failures, according to a report just issued, covering the 18-month period ending June 30, by Leo T. Crowley, chairman of the board of the Federal Deposit Insurance Corporation.

In those 18 months, 22 banks carrying insurance have failed. All but three of them had been put in liquidation by June 30. More than 93 per cent of the total deposits in these banks were covered by insurance. There were 26,000 accounts, 99 per cent of which were fully insured.

By contrast, the report shows that 51 other banking institutions, not members of the FDIC, had closed their doors the same 18 months, with deposits seven times as great as those of the insured banks that failed.

The report also points out that in the 10-year period ending with 1930, 7,066 banks failed, with deposits totalling \$2,478,831,000. This, of course, does not include the final crash when every bank in the nation was closed.

LABEL TRADES DEPT. CONVENTION MEETS IN ATLANTIC CITY

Washington, D. C.—The Union Label Trades Department of the American Federation of Labor will open its twenty-eighth annual convention in the Hotel Ambassador, Atlantic City, N. J., on October 3, 1935, and continue in session until the business of the convention is completed.

The call for the convention was issued by Matthew Woll, president, and I. M. Ornburn, secretary-treasurer of the Department, from the department's headquarters in the American Federation of Labor Building here.

"The basis for representation in the convention," the call said, "shall be had upon the average amount of tax paid during the year, and shall be from national and international unions of less than 4,000 members, one delegate; 4,000 or more, two delegates; 8,000 or more, three delegates; 16,000 or more, four delegates, and so on, on this basis.

"The delegates shall be elected at least thirty days previous to the convention, and the names of such delegates shall be forwarded to the secretary-treasurer of the department immediately after election. The original credential is to be retained by the delegate elected, and presented to the secretary of the department at convention headquarters in the Hotel Ambassador, Atlantic City, N. J. The duplicate credential is to be forwarded to the headquarters of the Union Label Trades Department, American Federation of Labor Building, Washington, D. C., on or before September 15, 1935.

"No organization shall be entitled to representation unless such organization is in good standing in the American Federation of Labor and shall have paid its per capita tax up to and including the month of August immediately preceding the convention, or shall have applied for and received a certificate of affiliation, at least three months prior to a convention of the Union Label Trades Dept.; and no person shall be recognized as a delegate whose national or international organization is not affiliated with the department.

"The fiscal year of the department closes August 31, 1935. In order that a complete, detailed financial statement may be submitted to the convention, we urge the officers of affiliated organizations to forward their check for per capita tax before the close of the fiscal year.

ALIEN MUSICIANS ENTRY RESTRICTED

The Committee on Immigration of the House of Representatives has approved the bill introduced by Congressman Hoepfel, of California, to restrict for ten years the entry of alien musicians, orchestra conductors and operatic and concert singers into the United States.

The measure would require any agency bringing in an alien musician to prove to the Secretary of Labor that no American musician of equal ability was unemployed in the United States and that in the country from which the musician came employment would be given to American musicians. The committee had previously reported a bill applying the same restriction to alien actors, but without the reciprocity provision.

To Arbitrate Hosiery Workers' Wage Dispute

Philadelphia, Pa.—The wage dispute between the American Federation of Hosiery Workers and the Full Fashioned Hosiery Manufacturers of America, Inc., will be arbitrated by Lessing J. Rosenwald, chairman of the board of Sears, Roebuck & Co., Chicago mail order house, according to an announcement by the Federation.

War hovers over Europe. Mussolini's troops march back and forth. Ethiopia's troops march through the capital and on toward the frontier.

In both countries flags are waved. Stocks in European—French and English—munitions factories go soaring upward.

Belfast looks for new linen markets. Copper, tin, steel, everywhere, look for new profits.

Non-war commodities which Italy customarily sells abroad will be largely blocked out of usual markets and other nations will rush in.

Florida looks for new markets for citrus, with Italian fruits shunted out of old channels.

So it goes. War rumors and preparations reverberate around the world. War itself will reverberate much more loudly.

What a crazy way for a world called civilized!

America is set against war as never before. "It's none of our business" is more a national slogan now than in any previous conflict.

But don't let that fact produce any false sense of security.

The cold fact is that America COULD be drawn into such a war as might grow out of Africa.

Up to this time the world hates war much more in the abstract than in the concrete, strange as that may sound.

Given the combination of circumstances and the national outlook could be changed and those that don't think so still haven't learned what propaganda can do.

If there ever was a rotten cause it was the utility cause. And yet, they had their battle just about won, until they overplayed their hand. Nothing on earth but propaganda did that. It was propaganda intended to teach the idea that each person had some kind of a stake on the utility side.

Some will think the comparison isn't good. There may be better ones, but it's a good example just the same.

The point is that propaganda, skillfully handled, can CHANGE PUBLIC OPINION—and nothing more is needed to induce willingness to war.

Moreover, most Americans are not convinced that ALL wars are heinous.

There ARE things for which most Americans would fight, even if they knew full well the mortality rate that would follow.

Because of that very fact it would be somewhat easier to foment a foolish war spirit. That seems strange, too, but it is simple fact.

There is no good in drawing a fine bow on the question. There is no good in facing things that are not facts. There is good only in facing facts.

One fact to start with is that Mussolini is deliberating a war for purely selfish reasons.

Another fact that here we have an excellent example of the character of dictatorship—the touted EFFICIENCY of dictatorship.

It can get down to brass tacks and steel bullets a lot quicker.

Meanwhile Herr Hitler parades his new tank army so folks can see something of HIS line of merchandise.

Only decent advice is: Keep your heads cool, keep your eyes open and keep your shirts on.

Troops for Strike Duty Refused

Iowa City, Iowa—Governor Clyde L. Herring refused to send State troops to Dubuque after disturbances in a strike at the Carr, Ryder & Adams Woodworking Plant. The Governor advised County Attorney John Duffey to swear in special deputies in an effort to deal with the trouble.

Speakers Urge Women To Organize Unions

Stroudsburg, Pa.—Women in industry must organize and fight for higher living standards, speakers declared at a conference here of labor representatives from three states. The conference was sponsored by the International Ladies' Garment Workers' Union.

Rose Schneiderman, president of the New York Women's Trade Union League, told 185 conference delegates from Pennsylvania, New York and New Jersey that women should demand legislation raising their status in industry.

Frieda S. Miller of the New York Department of Labor denounced low wages paid women by hotels and restaurants and pointed to \$22.00 weekly paid to organized workers in the garment industry as one result of effective labor organization. Hotel and restaurant wages average between \$8.00 and \$10.00 a week, he said.

Term of Labor Service Is Doubled in Germany

Washington, D. C.—Word comes from Berlin that the Nazi government has doubled the required term of labor service. Roughly speaking, the young male German has been obliged to serve in the labor corps six months on reaching the age of 20 years. From now on, he is required to serve a year in that corps, and then enters the army for another year's military training.

To Ask Investigation Of High Meat Prices

Washington, D. C.—Charging big packing companies are responsible for the high cost of meat, which has caused Detroit housewives to boycott butcher shops, Representative John D. Dingell has asked for an investigation by a select House Committee.

Dingell announced he would introduce a resolution for investigation by a select House Committee of five members of "the spread between the price paid to the producers for hogs, cattle and sheep, and the price paid by the consumer for meat and other edible meat products.

Chicago Meat Strike Threatened

Chicago — A delegation of Detroit and Chicago housewives marching on the stockyards demanded of the big Meat Packers a 20 per cent reduction in prices. They threatened a city-wide meat strike if the reduction was not forthcoming.

ITALY PILING UP BUDGET DEFICIT

Rome, Italy — The Italian financial year closed on June 30th with a deficit of 2,428 million Lire, which without the "extraordinary requisitions for the African colonies" would have amounted to about 1,500 million Lire. It is not difficult to see that these "extraordinary requisitions" refer to the preparations for war with Abyssinia: it is entirely questionable whether the officially announced figure of 1,000 million Lire daily covers the cost of these war preparations.

At the same time the national debt of Fascist Italy was declared to stand at the considerable figure of 105,244 million Lire which, however, does not really represent the total State debt. It may be recalled that, on the basis of calculations from official Italian sources, the "Economist" early this year estimated that at the beginning of 1935 the National Debt stood at 152,000 to 154,000 million Lire, proving that since the seizure of power by Mussolini the National Debt has increased by 50 per cent. The suspension of the statutory gold cover of 40 per cent for the bank notes in circulation is a clear proof of the financial difficulties of the regime, which for the sake of a matter of the prestige of its "Power" policy has accelerated the tempo of the ruin which it is bringing upon the country.

GREEN VISIONS A. F. L. CAMPAIGN TO EXPEL REDS FROM UNIONS

Atlantic City, N. J.—The inauguration of a firm campaign to oust Communists from unions affiliated with the American Federation of Labor was predicted by William Green, president of the Federation, who is here presiding at the quarterly meeting of the Executive Council of that organization.

Charging that the Communists were endeavoring to undermine the confidence of working men and women in the trade union movement, stirring up strife and urging violence, Mr. Green said:

"When it is clearly proved that a member of one of our unions is a Red carrying out the orders of the Moscow Communists the union will be called upon to expel him.

"The American delegation to the Communist Congress in Moscow reported that there are now 30,000 Reds in this country.

"While that number in comparison with the membership of the American Federation of Labor is inconsequential, nevertheless they are distributed among our trade unions and each is assigned to a special task."

Mr. Green added that the Executive Council of the A. F. of L. during its present session here would consider how to handle the Communist problem in general, and particularly the recent amalgamation of an avowedly Communist organization with the International Fur Workers' Union of the United States and Canada, an affiliate of the A. F. of L.

Why Don't They

By THOS. H. WEST

"I stood upon the sidewalk and viewed the passing throng Of Union men and women as they proudly marched along

With flags and banners flying—how sweet the bands did play.

It was a scene that once a year occurs on Labor Day.

"The thousands who were looking on kept up a constant cheer

As Union after Union passed—how fine they did appear.

I thought while gazing on the scene, I'm thinking yet today—

Why don't they vote together as they march on Labor Day?

"The Allied Printing Trades went by—a splendid set of men;

Their mettle had been tested, and they stood together when

The outlook seemed extremely dark, and yet they never flinched,

But pulled together with a will 'till victory was clinched.

"The people had a welcome for 'the men who build the town,'

The Unions in the Building Trades had often won renown.

I thought as they went marching by, I'm thinking yet today—

Why don't they vote together as they march on Labor Day?

"The boys from mill and factory, comprising every trade

That goes to make a city great were in that grand parade.

No one could help but be inspired at such a splendid sight,

For all admire the men who stand for justice and for right.

Fraternalism reigned supreme, 'twould do a person good

To see the workers marching on in one grand Brotherhood.

I thought while gazing on the scene, I'm thinking yet today—

Why don't they vote together as they march on Labor Day?"

MR. MODESTUS

Well, they are going to war!
No use kidding ourselves about it any more.

Japan is going into it—
Having missed the lesson to be learned from Germany in 1914—

The Germans were penetrating the world's markets with their goods—

Their economic conquest was getting along pretty well—

That made the Junkers cocky.
They thought they could lick the rest of the world.

Japan is suffering from similar delusions of grandeur.

She will probably smash what civilization she has, on the same rock—

Japan wants the Amur river—she wants the whole Pacific Coast—

Even a communist Russia will not give up the valuable Siberian outlets.

But Japan is inching-in at every possible point.

Perhaps her wise men may see what is around the corner—in time—

Bankruptcy—military defeat—civil war.

* * *

Hitler has been lashing his young Germans into frenzies—

Trying to make them forget how much shorter their belts are getting.

Instead of welding into a homogenous nation—

The various German elements which have gone to make its history—

Hitler is splitting them into factions—
Weakening the bonds which have united sixty million people—

He claims to be "purging" the body of the nation—

But he is fighting the trend of a thousand centuries of history.

Hitler is 1,000 years too late to start a "Nordic" cult—

The Nordics are scattered to the four winds now—

Their blood has been mingling with all the races for centuries—

Those blood-streams will never be unscrambled again—

And there are not enough pure-bloods left to do the trick.

* * *

And so—the Japanese and the Germans will make the Russians fight—

Soviet territory has 165 million population—

Japan has about 65 million—
Germany now has about 65 million—

Russians now are claiming that England wants Germany and Japan to lick Russia—

France wants Germany checked—
Is willing to have Russia, Italy, the Danube States—anybody—to help.

All of them are trying to drag in the United States of America—

Whichever way the battle goes—
It is sure to bring some disaster to this country of ours.

* * *

Mussolini—who is Italy, today—
Is bent on conquest of Abyssinian territory and resources—

Italy's youth have been earmarked by Mussolini—

He must cash in soon on such credits as he has remaining—

Which consist mainly of Italian young flesh and blood—

Mussolini did some "purging," too—
earlier in his game—

He now has about 42 million people in his country—

* * *

It's a mess! As all wars have been.
Nordic (!) Germany—with Japan helping her—

It was the Turks, last time she started for Bagdad, who were helping.

And what will America do—what will she be driven to do?

What can our "free press" make our Americans think they must do?

OFFICIAL PROCEEDINGS

Of the
Fortieth Annual Convention
of the American Federation of Musicians

Fifth Day

ASBURY PARK, NEW JERSEY

RESOLUTION NO. 73

Be It Resolved, That whenever an orchestra plays a miscellaneous engagement in the jurisdiction of another Local, the contracting member or leader, as the case may be, must, in every case, either before, or within two days after the engagement is played, report such engagement to the Local Union in whose jurisdiction the engagement is played.

Any contracting member or leader failing to do so may be fined the sum of \$10.00 for such offense, and the fine shall be retained by the Local in whose jurisdiction the engagement was played.

Respectfully submitted,

- JAMES MAVER,
Local No. 16.
- WM. CURTIS,
Local No. 16.
- LEO CLUESMANN,
Local No. 16.
- JULIUS F. YOUNG,
Local No. 151.
- W. O. MUELLER,
Local No. 151.

RESOLUTION NO. 1

Resolved, That leaders of all orchestras, both local or traveling, playing engagements in fraternity houses must give a report of all engagements to the Local Secretary where the engagement takes place within ten (10) days of engagement under penalty of One Hundred (\$100.00) Dollars.

- HENRY ZACCARDI,
Local No. 400.
- FRANK B. FIELD,
Local No. 52.
- VNCENT E. SPECIALE,
Local No. 661.
- ALFONSO PORCELLI,
Local No. 661.
- JESS GREENWALD,
Local No. 63.
- J. H. McCLURE,
Local No. 63.
- ARTHUR S. LEE,
Local No. 626.
- THOMAS J. SHEEDY,
Local No. 499.
- CHARLES B. DURBIN,
Local No. 186.
- LEWIS M. DIVITO,
Local No. 186.
- JOSEPH MANCINI,
Local No. 514.
- P. J. FORD,
Local No. 445.
- JOHN W. FEARNLEY,
Local No. 55.
- LOUIS GREENBERG,
Local No. 400.

RESOLUTION NO. 16

Whereas, The President and Executive Board have found it expedient to issue a ruling for the collection of the 10% tax on orchestras playing local outside engagements, and

Whereas, The contracting of such engagements are performed in two ways, namely, verbally and by written contract, and as no stipulation by by-law or rule controls situations of this type,

Be It Resolved, That the By-Laws of the American Federation of Musicians be and they are hereby amended, together with the rule laid down by President's report, page 26:

"All dance engagements, single, weekly or seasonal, played in public dance halls, in auditoriums or hotels connected with an institution or amusement resort on all engagements of whatever kind in hotels, restaurants, cafes, clubs or inns are considered traveling engagements and the 10% tax law of the Federation applies thereto." That all engagements shall be by written contract, regardless of period of time involved, and that such written contracts, if engagements occur outside of the jurisdiction of their local, shall be filed with the secretary of said outside jurisdiction at least 24 hours before said engagement takes place.

V. DAHLSTRAND,
Local No. 8.

The following substitute is offered for the three resolutions by the Committee:

Amend Section 9 of Article XII, Page 98 of the By-Laws by striking out all of the first part of the section down to and including the word "with" in the seventh line and insert in lieu thereof the following:

"Any individual member, contractor, or leader, as the case may be, MUST, in

every case, either before or within TWO days after an engagement is played, submit his contract to the Local Union in whose jurisdiction the engagement is played, or in the absence of a written contract file a written statement, fully explaining therein the conditions under which the engagement is played, together with the names of members who played same and the Locals to which they belong."

Convention adopts the substitute.

RESOLUTION NO. 13

Whereas, There is much difference of opinion as to what properly constitutes a steady or permanent engagement, and

Whereas, In our profession a steady, lucrative engagement need not necessarily involve playing six or seven days out of each week, since it is a well-known fact that some engagements, requiring only three or four working days a week, are much more profitable and desirable than others requiring six or seven working days a week

Therefore, Be It Resolved, That the following clarifying clause be added to Article XII, Section 2, inserting same immediately following the second paragraph on page 93 of the Federation By-Laws:

"A permanent engagement, within the meaning of this section, shall be construed as an engagement, played for one particular employer, covering three or more days of each week, and continuing thus, weekly, for a definite or indefinite number of weeks."

A. B. CINTURA,
Local No. 427.

Committee recommends the following substitute:

Amend Section 2 of Article XII by inserting between the word "Deposit" and the word "but" in the fourth line of the last paragraph on page 93 of the By-Laws the following:

"And where a Local maintains a law defining a steady engagement as one consisting of THREE or more days per week, for one particular employer, for TWO or more consecutive weeks, then transfer members coming within the provisions of this paragraph cannot, without the consent of the Local, accept such steady engagement for a period of THREE months from date of depositing transfer card." Convention adopts the substitute.

RESOLUTION NO. 68

Resolved, That Article XII, Section 2, Paragraph 3, be amended so that the same will read as follows: "A member who has a transfer card on deposit in a Local is not entitled, without the consent of the Local, to solicit, accept or play any single, steady or permanent radio, phonograph or other recording engagement, nor may he solicit, accept or play any permanent engagement whatever during a period of three months after the date of deposit"—(but otherwise, etc., to end of present paragraph).

- EDWARD CANAVAN,
Local No. 802.
- JACOB ROSENBERG,
Local No. 802.
- RICHARD McCANN,
Local No. 802.

Permission to withdraw is granted to the introducers.

RESOLUTION NO. 20

Resolved, That whereas the recruiting of musicians from the ranks of the theatre and strictly legitimate type of dance orchestras is undergoing rapid changes to channels wherein the youth are deprived of a means of knowing the purposes of organized labor, to the detriment of same;

Be It Hereby Resolved, That the President and National Executive Board recognize the peril of such lack of instruction and undertake a means of providing same in the nature of pamphlets for our public schools, junior Federation, or such desires as they may see fit.

H. E. SISSON,
Local No. 806.

A recommendation to refer to the Executive Board is carried.

RESOLUTION NO. 21

Whereas, That whereas depressed conditions have greatly augmented the ranks of traveling and itinerant musicians composed of members, ex-members and non-members, resulting in flooding particularly those Locals known as resorts, and;

Whereas, Such Locals for their own protection, and at times in conjunction with the United States Department of Justice, find mandatory a more perfected means of identification, and

Whereas, Photographs have been found impractical by previous conventions,
Be It Hereby Enacted, That a space be provided on the official transfer blank for fingerprints, and use of same be made a requirement of validity.

H. E. SISSON,
Local No. 806.

An unfavorable report is concurred in by the Convention.

RESOLUTION NO. 33

Whereas, There are approximately twenty-eight (28) or more jurisdictions that have two (2) Local Unions, and

Whereas, Article XIII, Section 18, Page 133 of the Constitution, By-Laws and Standing Resolutions of the A. F. of M. (1934) only make provision for ONE LOCAL in a jurisdiction,

Be It Resolved, That the fourth word of the twelfth line of the third paragraph on page 133 (which is ARTICLE XIII, Section 18 of the Constitution, By-Laws and Standing Resolutions of the A. F. of M.) be changed to UNIONS, thereby giving each Local a right to render service.

- ARTHUR T. STEWARD,
Local No. 208.
- HERBERT H. BYRON,
Local No. 208.
- WILLIAM DOVER,
Local No. 208.

A favorable report is agreed to by the Convention.

RESOLUTION NO. 42

Whereas, Article XIII, Section 18, does not give cities where there are two Locals operating the same concessions:

Therefore, Be It Resolved, That the following be added to the second paragraph of said article and section, to wit:

"This paragraph and section shall include all jurisdictions where more than one Local functions.

- RAYMOND E. JACKSON,
Local No. 533.
- R. L. GOODWIN,
Local No. 550.
- JOHN H. BARKLEY,
Local No. 535.
- FRANKLIN C. BRASFIELD,
Local No. 471.
- SPENCER JOHNSON,
Local No. 767.
- GEORGE W. HYDER,
Local No. 274.

Subject matter has been disposed of.

RESOLUTION NO. 35

Whereas, The discouraging of the use of Electrical Recording by making the cost of manufacturing same excessive has been of no avail, and

Whereas, The use of these Electrical Recordings is becoming so prevalent in even the most powerful of Stations and Chains, so that the employment of Human Music and Entertainment is suffering more and more as time goes on, and

Whereas, The United States Government, either through action of the Commission or by Legislative action, can easily assist in restoring our members this employment,

Therefore, Be It Resolved, That this Convention of the American Federation of Musicians, in meeting assembled, instruct its President and officers to use every endeavor to have the Government of the United States restrict the use of said Electrical Recordings or Phonograph Records to broadcasting stations of 1,000 watts or less in power. Details of such restriction to be arranged by conference, but special attention to be given to daytime broadcasting.

- EDDIE B. LOVE,
Local No. 6.
- ED. S. MOORE,
Local No. 6.
- JERRY RICHARD,
Local No. 6.

Committee report is favorable.
Discussed by delegate Richards.
Concurred in by the Convention.

RESOLUTION NO. 36

Denying the right of traveling units or transfer members to enter the jurisdiction of a Local without first obtaining permission from said Local.

This resolution is presented by Local 655 after thoughtful consideration and mindful of the fact that a certain number of traveling bands and transfer members will be required to fill adequately some of the engagements occurring during the tourist season, to which, in such instances, Local 655 would be only too glad to grant the privilege for them to enter.

But, on the other hand, Local 655 last winter was compelled to recognize 34 traveling bands, comprising a total of 293 players, all of whom were profitably engaged—they not coming within the scope of the 90-day law which affected only 60 of those who deposited transfers with the Local.

The total membership of Local 655 on December 31, 1934, was 243, many of whom were engaged only occasionally and others not at all. To the Local members engaged the good jobs were rarely available—the better engagements being filled by some of the 34 traveling bands.

Local 655 feels that its rights to enjoy the opportunities of employment on season engagements, even though they

be only for the short period of from 4 weeks to possibly 10 or 11 weeks, and then, coming but once a year, are continually being encroached upon by the outside musicians who come in droves—not to help fill the engagements—but to take all of them. Therefore,

Be It Resolved, That traveling bands or transfer members shall be required before entering the jurisdiction of a Local to obtain permission from said Local.

Respectfully submitted,
A. B. WILSON,
Local No. 655.
ROY W. SINGER,
Local No. 655.

Reported unfavorably.
Convention agrees with report.

RESOLUTION NO. 37

Regarding the becoming of a full member at the expiration of transfer.

Having been the experience of Local 655 that certain transfer and traveling members wish to become full members of the Local, only for the purpose of evading the transfer restrictions, which is accomplished upon the expiration of their transfer cards, Local 655 believes a Local should have the right to reject any application where, in the opinion of the Local, there is a doubt as to the possibility of the member's becoming an asset to the Local. Therefore,

Be It Resolved, That a Local may deny or accept at its discretion the application for full membership of any transfer or traveling member whose transfer or traveling card has expired.

Respectfully submitted,
A. B. WILSON,
Local No. 655.
ROY W. SINGER,
Local No. 655.

Convention concurs in unfavorable report.

RESOLUTION NO. 38

Regarding the amount of initiation fee to a Local for traveling and transfer members.

Any Local that has a greater number of transfer members than it has full members faces the fact that this greater portion of transfer members there are many who will apply for full membership and others who will be forced to join due to the expiration of their transfer cards. The major portion of both of these classes retain membership in their home Locals, and go there when income ceases by the termination of their engagements, to return only when they are reasonably certain of quick employment.

Being away most of the time, they are unable to take part in the affairs of their adopted Local and, while within its jurisdiction, are so busy with their own personal affairs that they have no time to devote to those of the Local, even if they should display an interest in it.

Unless a member adopting a new Local becomes a permanent resident in its jurisdiction he will hardly show the same loyalty to it as to his home Local.

Local 655 believes, when a member joins a Local only for the good he can get out of it, and then comes under its sheltering wings only when practically certain he can secure immediate employment, that a membership has a higher value and should be charged for accordingly. Therefore,

Be It Resolved, That a Local shall have the right to set the amount of initiation fee for traveling and transfer members.

Respectfully submitted,
A. B. WILSON,
Local No. 655.
ROY W. SINGER,
Local No. 655.

Reported unfavorably, which is concurred in by the Convention.

RESOLUTION NO. 39

Regarding the holding of office in a Local only by members who are residents within its jurisdiction.

This resolution is presented by Local 655 after having had the unusual experience of being compelled to recognize members of the Federation who are not residents within the jurisdiction of the Local, to the comparative figure of approximately one and one-half times greater than that of its total membership. To be exact, Local 655's membership was 243 last winter when the number of transfers on deposit reached the high mark of 353, or 110 more transfers than full members.

From time to time transfers expire, requiring the Local to accept those depositing them as full members, most of whom retain membership in their home Locals.

As full members of the Local are entitled to hold office, there is the possibility that all officers may be elected from

those of its membership who do not reside in the Local's jurisdiction except for a short period of the year and of others who rarely visit the jurisdiction at all. Should this happen, it would be utterly impossible for the Local to be operated in an intelligent manner, due to a lack of understanding of conditions and questions involving the Local's welfare. Local 655 believes that the successful operation of its Local and of any other Local, for that matter, can best be accomplished by officers selected from those of the membership who reside in its jurisdiction, as they can better understand Local conditions and problems under which the members hope to prosper. Therefore,

Be It Resolved, That a member of a Local not residing within its jurisdiction for at least eight months out of the year shall not be entitled to hold office in said Local.

Respectfully submitted,
A. B. WILSON,
Local No. 655.
ROY W. SINGER,
Local No. 655.

An unfavorable report is concurred in by the Convention.

RESOLUTION NO. 40

Regarding restrictions of Horse and Dog Tracks to Local members.

As the art of chiseling has developed to such a degree of expertness by both employe and employer, the requirement of proving that it exists practically eliminates the possibility of having any places of employment restricted, and even at this Local's degree of development in the art of accumulating evidence, we believe that in certain cases restrictions should be granted for other reasons.

We have no evidence that the Horse and Dog Tracks have violated the wage scale.

Race Tracks in Florida were made possible by the voting citizens. The conditions under which they operate are governed by officials of the State. Our State Representative, believing that the Tracks should employ citizens of the State, has presented a bill to the Legislature requiring this up to 90 per cent.

Local 655 feels that this type of employment, being subject to State control, rightly belongs to its citizen members and should be restricted against encroachment from outsiders.

Up to the present time the Tracks have been distinctly Local engagements, free from outside competition, as they are the only engagements where Local members have not been displaced by the traveling bands, the membership of Local 655 is insistent that something be done to hold them as such, reversing the old barn-door proverb, by closing the door before the horse runs away. Therefore,

Be It Resolved, That all Horse and Dog Tracks within the jurisdiction of Local 655 be restricted to members of said Local.

Respectfully submitted,
A. B. WILSON,
Local No. 655.
ROY W. SINGER,
Local No. 655.

The report of the Committee is unfavorable and the Convention agrees with the report.

RESOLUTION NO. 41

Seeking relief through some sort of concession for Local 655 on the traveling and transfer question.

There are various reasons why Local 655 should be considered in a different category from that of any other Local and be granted special consideration and relief from the great influx of musicians during the winter tourist season.

To some who come, there develops the fear that they will be unable to get employment at union wages, and this type gives us no end of trouble.

The Local has good reasons to believe that, not only a few, but many, persist in violating the wage scale, but as it is practically impossible to get enough evidence to convict them, this practice cannot be stopped. This causes the low Local wage scale to exist, not low enough, however, to meet the prices of incoming competition. The wage scale of Local 655 is lower than it ever has been, which condition should be unnecessary in a resort such as Miami where, as always, high tourist prices prevail.

We feel that other Locals have their chiseling problems, too, and they can well understand our difficulties in this respect, but to understand the position of Local 655 on the question of so large a number of transfers on deposit, let us suppose, for example, that

New York with 15,078 members, had 21,863 transfers on deposit;
Los Angeles with 3,340 members, had 4,843 transfers on deposit;

Chicago with 7,084 members, had 10,272 transfers on deposit, and so on down through the list of smaller Locals.

If all the Locals had experienced transfer membership to the extent of one and one-half times its full membership, would the Traveling and Transfer Laws remain as they are at present?

While it is a problem to have to honor so many traveling bands in the first place, it is still more so to have to allow them to seek new engagements after the first one terminates, which happens frequently. Some bands contract for the lowest type of engagements wherein it is impossible for the irresponsible promoters to pay the price, and even at a low price, to remain open. Then when the place closes, the traveling band has the right to hunt other work in the same jurisdiction. At times the second engagement fares as badly as the first, so out they go and hunt a third, and so on. The Executive Board, only last winter, was told by witnesses, who were involved, that their first job was of no account and they knew this beforehand—but by accepting it, even though it would not last, they at least, through this method, were able to get located in this territory. This particular band of young and inexperienced chiselers innocently explained their tactics more freely than we can ever hope to expect of the older experienced hands. Because of the ease in getting evidence, this was the only case in which a conviction resulted.

The winter playing market is also encroached upon by numbers of incoming non-union musicians, some of whom are union members just before they get here and right after they leave. We have some evidence, but would need a secret service department to trace it down. This type plays for practically nothing.

Up to the present time, about the only situation wherein Miami Local members have been free from outside competition and are reasonably sure the question will be no problem in the future is that of the colored musician, whether it be the ordinary colored player residing in Miami or the most famous colored name bands in the country.

This whole question up to this point has been only of a Federation issue, but there is another very serious side to the story, which follows in part:

City and State politicians and lawmakers have become aware of the serious problem of incoming job hunters and itinerant merchants and have already passed certain laws intended to protect the citizen who resides here—a citizen in this case being one who can vote, which requires residence in the State for one year and in the county for six months. There are other bills pending and still others in preparation. Drastic as these measures may seem, they are actually being made into law. One of the most recently enacted is the Itinerant Merchants' Tax Law, which provides for a license fee of from three to twenty times greater than that of a residence merchant. One politician has announced that he will attempt to have this law made to apply to the incoming musicians, or the musicians apply to it, with a high tax for all non-residents who play engagements here. Then there is the license fee for the agents of the Authors and Composers which, for Miami alone, is \$2,500.00; Hialeah, \$1,500.00, with probable substantial license fees to do business in Coral Gables and Miami Beach. All of these places are in the jurisdiction of Local 655. Another and very important bill now before the Legislature is to abolish chain stores in the State, and pending its final action another bill has become law, setting a prohibitive tax on this type of business. The lawmakers seem to be against allowing anyone to do more than one thing at a time.

Local musicians have been told that they fit beautifully into this picture and, as some have had their toes pinched, there is no display of enthusiasm to disapprove of these lawmaking activities.

We have information that one nationally known contractor had from fifteen to eighteen traveling bands in Florida last winter and all under his name. At least two played in Miami. Also, there is in Miami at the present time an agent for a name band attempting to negotiate Race Track engagements for said band.

If every Local could at some time or other have had the experience of large numbers of transfers on deposit to the rate of one and one-half times that of its full membership, as is the case of Local 655, it is our belief that some adjustment of the Traveling and Transfer Laws would be made to meet the situation. If this be the case, why should any one Local be required to suffer the disadvantage of a question that is obviously one-sided so far as its own case is concerned by having to wait until all are affected before its own case can be treated?

If it is logical to decide any one question separately and on its own merits, as is recommended for Radio, isn't it also logical to consider the individual case of a single Local whose problems are set far apart from those of any other Local?

There must be some solution to this problem—possibly one could be worked out along the following lines:

To establish a quota law wherein traveling and transfer members be allowed privileges as at present, but only up to 50 per cent or less of a Local's membership—being subject to the Local Executive Board's allowing more to enter, as conditions demand.

Or—to allow traveling name bands to enter, providing 50 per cent of their band be made up of Local members—being subject to the Local Executive Board's allowing importation when Local material is not available.

In the foregoing facts there is the attempt to show that the problems of Local 655 are far different to those of any other Local, for which we feel that this plea to the Convention for relief on the traveling and transfer question is reasonable and just. Therefore,

Be It Resolved, That this Convention proceed to action for the relief, through some form of special concession, for Local 655 on the traveling and transfer question, and all laws pertaining thereto, wherein they affect said Local as set forth in the foregoing facts.

Respectfully submitted,
A. B. WILSON,
Local No. 655.
ROY W. SINGER,
Local No. 655.

The recommendation of the Committee is to refer the resolution to the International Executive Board.

Discussed by delegate Wilson of Local No. 655.

The recommendation is adopted.

A motion to adjourn is lost.

RESOLUTION NO. 44

Change Article I, Section 1, to read as follows:

The President or the Executive Board of the Federation may suspend or remove from office any officer of any Local found by such President or the Executive Board to be guilty of neglect of duty, interference with or violation of any of the provisions of the Constitution, By-Laws and Standing Resolutions; and after a fair trial and conviction. Such charge or charges with specifications shall be formulated through the Secretary of the Federation of Musicians, who shall without delay forward copy of charges and specifications by registered mail to the accused officer for answer. Should the accused officer fail to answer charges within thirty days after receiving registered letter, the case shall be at once submitted to the Executive Board, whose decision shall be binding until the convening of the following Convention. In case of the removal of any such local officer, the vacancy thereby created shall be filled by the remaining local officers until a successor to such removed officer is appointed or elected in accordance with the By-Laws, Rules or Regulations governing such Local.

HARRY A. BLOOM,
Local No. 248.
ERNEST ZANETTI,
Local No. 248.
HENRY D. SMITH,
Local No. 248.

Subject matter disposed of.

The following resolutions are offered by Delegate Parks:

RESOLUTION NO. 87

That the incoming Executive Board be, and is hereby authorized and fully empowered to act upon, dispose of and settle any and all matters or things before this Convention, which for any reason are not acted upon, disposed of or settled at the time the Convention finally adjourns.

Adopted.

RESOLUTION NO. 88

That the incoming Executive Board be, and is hereby authorized and fully empowered to review all laws, amendments and changes to laws passed by this Convention, and to correlate and correct any errors or inconsistencies that may be in the same.

Adopted.

RESOLUTION NO. 89

That each and every controversy or thing now existent or which may arise in the future touching or concerning the interests and affairs of the Federation, and all matters and things pertaining thereto, be, and the same are hereby referred to the incoming Executive Board, with full power and authority to act as may in the discretion of the said Board be decided.

Adopted.

RESOLUTION NO. 90

That the incoming Executive Board be, and is hereby authorized to meet, confer and agree with the National Association

of Theatrical Managers and other employers, as to the conditions and wages to govern members of this Federation for the ensuing year, with full power and authority to modify or change existing rules or laws as may, in the discretion of said Board, be considered for the best interests of this Federation and its members.

Adopted.

RESOLUTION NO. 91

That the incoming International Executive Board be, and is hereby given full power and authority to promulgate, revise, change and/or readjust all prices for traveling musicians and all other prices in such manner and to such extent as in the opinion of the Board may be for the best interests of the Federation and the members thereof.

Adopted.

The President requests the Convention to extend to the delegates from Local 248, Paterson, N. J., which said Local, after due trial and a personal appearance before the International Executive Board has been directed to comply with an order of said Board, the privilege of the floor.

It is granted and delegates Smith and Bloom address the Convention.

Secretary Troyano, the original plaintiff in the case, whose appeal from the

action of Local 248 was sustained, addresses the Convention.

Executive Officer Petrillo, on behalf of the Board, addresses the Convention, at the conclusion of which a vote of confidence is expressed in the Executive Board.

On motion, the By-Laws are amended to provide that at this Convention the per diem meal allowance shall cease after supper Saturday, June 15th, 1935.

INSTALLATION OF OFFICERS

The incoming Officers are installed by Delegate Wilson of Local 78:

- President Joseph N. Weber
- Vice-President Charles L. Bagley
- Secretary William J. Kerngood
- Treasurer Harry E. Brenton

Executive Committee

- J. C. PETRILLO
- C. A. WEAVER
- A. C. HAYDEN
- A. A. GREENBAUM,
- J. EDW. JARROTT

Convention adjourns sine die at 11:40 P. M.

Executive Officer Hayden retires from the room.

On motion, the sum of \$500.00 is allowed member Hayden for services rendered as legislative agent.

On motion, the usual contingent fee shall be paid to the attorneys.

Recess taken at 12:45 P. M.

Session resumed at 2:50 P. M.

The Board reconsiders the action on transportation charges wherein the conditions were changed to provide for "a charge of two cents per mile per member if by privately owned automobile or other conveyance."

On motion, the charge shall be one cent per mile per member, and not to apply to third paragraph of Article XIII, Section 9.

On motion, Local 637, Louisville, Ky., is granted sixty days in which to make a refund directed by the A. F. of M.

A request for a remission of all or part of a \$500.00 payment made on a fine of \$2,500.00 by Jacob Rosenberg of Local 802, New York City, N. Y., is received. On motion, the request is granted.

The Board again considers the question as to the right of a member to maintain a band or orchestra under the styled name of another member. The Board holds that a member is without such right.

A request for remission of a \$50.00 fine of Antonio Parisi, a former member of Local 802, New York City, N. Y., is considered. Request denied, but referred to the office of the President to arrange for reinstatement upon payment plan.

RESOLUTION NO. 22

As adopted by the Convention and complies with the requirements of same.

This law becomes operative as provided for in Article I, Section 1, by reason of emergency.

On motion, Article I, Section 4 of the By-Laws is amended to provide that "each check shall be signed by him as Treasurer or by the Assistant Treasurer appointed by him."

Carried. Treasurer Brenton not voting.

A request of Geo. L. Walker for remittance of balance due on fine is received and, on motion, granted.

Application for modification of National Initiation Fee and payment of outstanding fine is received from Leo Stefanacci, a former member of Local 248, Paterson, N. J. Request denied.

A like action is taken in the matter of the application of Hector Dittamo.

RESOLUTION NO. 62

The President is directed to comply with the spirit of the resolution.

RESOLUTION NO. 67

The two Locals are instructed to come to an agreement as to price, otherwise the Federation will assume jurisdiction.

RESOLUTION NO. 75

Refer to President's office for the purpose of giving the introducers the benefit of the Board's opinion in the matter.

RESOLUTION NO. 76

Referred to President's office for further investigation and action.

RESOLUTION NO. 82

The Board considers the resolution at length and agrees that there is a need for field men in all branches of our business, regardless of any particular class or section, and not alone for organizing purposes. Owing to the expense involved it does not consider the time opportune. At the proper time the matter will be given every consideration and the Board will make proper recommendation to the Convention.

The Board considers charges against member Harold Wm. Roberts of Local No. 47, Los Angeles, Calif., for activities contrary to the interests of the A. F. of M. The entire case is read. On motion, the charges are dismissed.

The President advises the Board that he has appointed Thomas F. Gamble, first assistant to the President; G. Bert Henderson, second assistant to the President; Fred W. Birnbach, third assistant to the President.

The Board considers a claim of Local No. 40, Baltimore, Md., against Loew's, Inc., for monies alleged to be due its members. The documents in the case are read. On motion, the claim is dismissed.

Matters of interest to the Federation are discussed at length.

At 8:10 P. M. the Board adjourns subject to the call of the Chair.

- BANDS ON THE UNFAIR LIST**
- American Legion Band, Agawam, Mass.

 - Williams' Orchestra, Mt. Pleasant, Iowa.

Minutes of the International Executive Board During and After the Convention

Berkeley-Carteret Hotel, Asbury Park, N. J., June 15, 1935.

Meeting of the International Executive Board called to order by President Weber at 2:10 P. M.

Present: Bagley, Brenton, Hayden, Weaver, Greenbaum, Jarrott, Petrillo and Kerngood.

An appropriation of \$500.00 is made to the Chest for the Liberation of European Workers.

A communication is received requesting that a name be designated for a type of unit shows and a price be established for such services. It is referred to the office of the President to make a survey and to comply with the request if consistent.

A communication is received from Local 289, Dubuque, Iowa, concerning alleged unfair attitude on the part of a sister labor organization. The Board holds that we cannot sit in judgment of affiliated organizations and Local 289 shall be advised to have our members forthwith comply with the spirit of this action.

Consideration is given to Case No. 763, claims of members H. P. Basford for \$15.00; Louis E. Berkson for \$8.00; Jack Cedarquist for \$15.00; Frank Colvin for \$15.00; S. Feinglos for \$16.00; J. L. Freeman for \$16.00; Harry Friedman for \$14.25; Cal Wilson for \$16.00, and Al. Zohn for \$7.00, alleged balances due them from member Wm. Moroney of Local 802, New York, N. Y.

On motion, the claims are not sustained.

The following request is received from Local 5, Detroit, Mich.:

1. That permission be granted to remove Irving Rose and his orchestra from the Book-Cadillac Hotel, Detroit, Mich.
2. That said hotel be placed on the forbidden territory list for causing members of A. F. of M. to play an engagement in violation of the laws of the A. F. of M.
3. That Kenneway, Inc., and Gus Edwards be placed on National Unfair List for falsifying the Book-Cadillac Hotel engagement and for entering into collusion with Book-Cadillac management and members of the A. F. of M. to defeat the laws of the A. F. of M.

All correspondence bearing on the case is read, including reply of Kenneway, Inc., to the charges.

The action of the Board is as follows:

1. The engagement in question has terminated.
2. The hotel has been placed on the Forbidden Territory List by the President.
3. Referred to the office of the President to enforce the laws.

Consideration is given to a complaint of Local 34, Kansas City, Mo., of traveling orchestras establishing headquarters in a local jurisdiction and competing on out-of-town engagements in competition with Local members.

Discussed at length and held over for further consideration.

President W. H. Stephens of Local 142, Wheeling, W. Va., appears and requests

permission to issue temporary working card for an applicant for reinstatement, pending consideration of such application by the Board and which cannot be acted on at this time. He is advised that such an action cannot be sanctioned.

Further consideration is given Case No. 773, appeal of member Verne J. Rooney of Local 30, St. Paul, Minn., from an action of that Local with reference to changes in his orchestra at the Paramount Theatre.

Again laid over for further consideration.

Recess at 5:40 P. M.

Session resumed at 8:00 P. M.

The Board considers Case No. 856, charges preferred against members Frank Littlefield, Gene Poole, Melvin von Rosenvinge, Karl Silva and Leo Willwerth of Local 9, Boston, Mass., for alleged violations of the laws of the A. F. of M.

The case is read.

On motion, the members are found guilty as charged, and reprimands shall be administered.

Further consideration is given to charges preferred by Local 34, Kansas City, Mo., against Locals 452, Pittsburg, Kan., and 72, Fort Worth, Texas, for accepting applicants who do not live in the jurisdiction of either Local.

Referred to the Secretary's office for further investigation.

The Board considers the following resolutions, referred to it by the Convention:

RESOLUTION NO. 20

After discussion, this resolution is referred to the office of the President to secure information not contained in the resolution and later action, if consistent, in conformity with its object.

RESOLUTION NO. 41

After prolonged discussion, this resolution is referred to the office of the President for an investigation of the conditions prevailing in the jurisdiction of Local 655.

RESOLUTION NO. 43

The Board directs the Codifying Committee to change the laws and caption to conform with the instruction of the Convention.

RESOLUTION NO. 48

RESOLUTION NO. 59

After prolonged discussion, these resolutions are laid over for further consideration.

Session adjourned at 10:30 P. M.

Asbury Park, N. J., June 16, 1935.

Meeting of the International Executive Board called to order by President Weber at 11:00 A. M. All present.

RESOLUTION NO. 48

RESOLUTION NO. 59

After prolonged discussion the licensing or other forms of control of the booking agency is placed in hands of the President to carry out the suggestions of the Board.

On motion, a bill of \$50.00 for services of the Sergeant-at-Arms was ordered paid.
