On the Cover Hunter Hayes

Born in Breaux Bridge, Louisiana, Hunter Hayes has been making music since about the time he learned to walk. As he recounts, "By the time I was almost two, I was picking up everything and making an instrument out of it. My grandmother gave me a toy accordion for my second birthday and I immediately began picking up Cajun songs by ear from the radio."

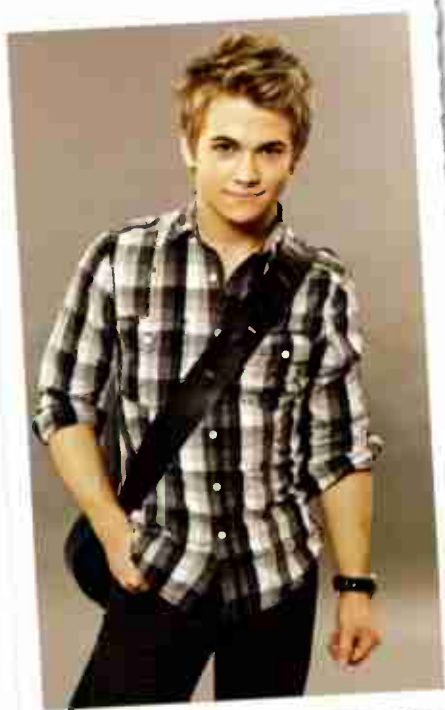

Despite being in the early stage of his career, Hayes already has a long list of accomplishments: Singing "Jambalaya" with Hank Williams Jr. in front of 200,000 people (15 million YouTube views) at the age of four; appearing with Robert Duvall (who gave Hayes his first guitar) in *The Apostle* at the age of six; playing with Johnny and June Cash, and Charlie Daniels at a BBQ; performing for President Clinton, co-writing songs for Rascal Flatts and Montgomery Gentry and more. You might say that he's lived a charmed life.

Now Hayes, in the producer's chair with Dann Huff (Keith Urban, Rascal Flatts, Trace Adkins) is in the studio preparing to record what he calls his debut album in 2011. "I've released independent records before, but this feels like the first real record I'm making—with the high stakes," he says excitedly. For Hunter, even with those high stakes, he's committed to doing it his way. With plans on "playing everything on the album, having fun and experimenting."

Among the many extraordinary things about Hunter Hayes, the multi-talented musician, writer, producer and performer, perhaps what is most astonishing is that in truth, he's just getting started.

Interesting facts: I'm a total gear geek. I could spend days on studio gear websites and days talking with engineers about Pro Tools and all things studio related. I could literally LIVE in a recording studio!

Outside Interests: I'm a bit of a car nut so I spend what is probably too much time watching a British car show called, *Top Gear*. Other than that it's pretty much music, music and in my off time, more music - just in different forms. I cycle from touring to writing to the studio. That cycle is enough to keep it fresh and interesting while breaking from the other aspects.

Musical Influences: Keith Urban, Rascal Flatts, Bryan White, Brooks & Dunn, John Mayer, Ronnie Milsap, Michael Buble.

Favorite Records: I have several. One is Keith Urban's *Defying Gravity*, I can just sing along to every song on that record. Love the musicality of it as well, super hooky and tasteful. Also, *Me and My Gang* by Rascal Flatts. It was the first record they made with Dann Huff and it's super cool musically and lyrically, I totally relate to some of those tunes. *Continuum* by John Mayer, brilliant musical record. *Battle Studies* was more lyrical for me and I loved it for that reason. And MercyMe's *Coming Up to Breathe* was such a brilliantly moving record.

ARTIST ROSTER

The 2011 Report

Compiled by Jon Freeman

The Artist Roster contains four company appendices complete with client rosters—**Label, Management, Talent Agents** and **Publicity**. An **Artist Grid** section connects artists to their team players in each category. Also included are listings for companies offering **Artist Services** such as web development, online marketing, radio promotion and new this year; business management.

Artist listings are mostly drawn from the ranks of Nashville country record labels. Inclusion in the company appendices

required that a business be Nashville-based and/or have significant Nashville clients. Due to the vast nature of this annual guide, it is possible that an artist or support company has been inadvertently omitted. We apologize in advance. Please report errors, omissions or changes immediately (directory@musicrow.com) as we update the online version of this information throughout the year. (Available to subscribers at www.musicrow.com)

Our sincerest appreciation and thanks to the many label publicity departments which were crucial in the process of collecting and updating our information.

AFTRA introduces two new Agreements which not only help our members, but also help AFTRA producers and employers:

AFTRA Independent Artist Label Agreement

AFTRA Touring Agreement

The new AFTRA Independent Artist provides an opportunity for the professional Independent Artist to have their total earnings credited as AFTRA covered earnings. All income from touring, merchandise, CD sales and digital downloads can be credited towards AFTRA benefits and provide Independent Artists with the same benefits package provided to AFTRA Recording Artists signed to AFTRA record labels.

The new AFTRA Touring Agreement provides an opportunity for singers and dancers who tour with AFTRA Recording Artists to have their touring earnings credited as AFTRA covered earnings. Touring companies can now provide a true benefits package to performers that tour with their Artists. Touring singers and dancers no longer lose benefits coverage because they chose to tour and no longer work in the studio.

AFTRA Members Have Been The Voice of Music For Over 70 Years

Working under an AFTRA Contract provides employer paid benefits which include major medical/hospitalization/prescription drug coverage/pension and life insurance.
