“SUV is testing quite well for us with plenty of room to still grow.” - JOEL BURKE, KYGO

“SUV represents something very rare in music today... an honest, no-holes-barred approach to story telling. We need a lot more songs like ‘Bumper Of My S.U.V’ and more artists like Chely Wright.”

- JOHN SEBASTIAN, THE WOLF/WSM-FM

116 Country reporters. Songs ranked by total points for the airplay week of 1/2-1/8. Bullets appear on songs gaining points and/or plays or remaining flat from previous week. If two songs are tied in total points, the song with the larger increase in points is placed first. Songs below No. 1 and down in points and plays for three consecutive weeks are moved to recurrent. Most Added is the total number of new adds officially reported to R&R by each reporting station. Songs unreported as adds do not count toward overall total stations playing a song. Most Increased Points lists the songs with the greatest week-to-week increases in total points. Station Weight = AQH Persons + (Market rank X 10) divided by 4180. Total Audience equals Average Quarter Hour Persons times number of plays (times 100). Each daypart on each station is assigned an AQH number.
