This Week At Callout America

Our weekly analysis of Country callout research is brought to you by Bullseye President John Hart. Here's a look at some of the biggest stories Hart looks at in next week's issue.

"Josh Turner's 'Your Man' continues to be the No. 1 song overall and the No. 2 passion song for the week, with Carrie Underwood's 'Jesus Take the Wheel' at No. 2 overall and the No. 1 passion song. Sugarland's 'Just Might Make Me Believe' ranks No. 4 overall and No. 9 passion. Keith Urban's 'Tonight I Wanna Cry' sees strong gains, ranking No. 10 overall, up from last week's No. 16. Jamey Johnson's 'The Dollar' continues to test well with listeners in front of the radio spin charts, ranking No. 12 this week. Rockie Lynne is making some noise, with 'Lipstick' ranking No. 16 for the week, up from No. 19. Heads up for Gary Allan's 'Life Ain't Always Beautiful,' which at 6 weeks of age already ranks No. 21 with radio listeners, up from No. 23."

↪ **Travis Tritt** will join soul man **Sam Moore** for a South By Southwest performance intended to roll out Moore's upcoming album, *Overnight Sensational*. 120 Country reporters. Songs ranked by total points for the airplay week of 2/26-3/4. Bullets appear on songs gaining points and/or plays or remaining flat from previous week. If two songs are tied in total points, the song with the larger increase in points is placed first. Songs below No. 1 and down in points and plays for three consecutive weeks are moved to recurrent. Most Added is the total number of new adds officially reported to R&R by each reporting station. Songs unreported as adds do not count toward overall total stations playing a song. Most Increased Points lists the songs with the greatest week-to-week increases in total points. Station Weight = AQH Persons + (Market rank X 10) divided by 4180. Total Audience equals Average Quarter Hour Persons times number of plays (times 100). Each daypart on each station is assigned an AQH number.
