RADIO STATS

OUR RELATIVE CHARTING, AS SEEN BELOW, RESEMBLES BASEBALL'S BATTING AVERAGES. IT ESTABLISHES A RATIO BETWEEN THE IDEAL, (HEAVY AIRPLAY AT EVERY STATION WHICH REPORTED), AND THE WEIGHTED COUNT THAT A RECORDING HAS ACTUALLY EARNED. THIS MATHEMATICAL FORMULA IS APPLIED TO EACH RECORD—FIRST REGIONALLY, THEN NATIONALLY. A DUAL WEIGHTING SYSTEM IS USED TO DERIVE THE COUNT. IT ADJUSTS FOR MARKET SIZE AND FOR HEAVY OR MODERATE AIRPLAY. THESE CHARTS SHOW THE RELATIVE INTENSITY OF RADIO AIRPLAY FOR BOTH NEW AND ESTABLISHED RECORDINGS.

NEWS/PUBLIC AFFAIRS:

Recent guests on WBCN Night-Talk Call In have included author Mark Lane talking about the Martin Luther King assassination; Jerry Ray, brother of convicted murderer James Earl Ray, and Harvey Yazegian of the Assassination Information Bureau of Cambridge. Two local film critics rapped about the movies and we have brief interviews with all sorts of movie folk including the producer of Star Wars, Actress Jeanne Moreau, King Vidor of the silent movie era, Joseph Levine, producer and the president of a local movie chain who explains some of the economics of the movie industry.

WBCN-FM

A week earlier, our guests included Mel King a black state legislator, Chuck Turner of a group trying to get jobs in the construction industry for Third World Workers. Two representatives of gay rights groups commenting on the Anita Bryant elections in Miami, and Boston Red Sox pitcher Bill (Spaceman) Lee, rambolling just about everything to the delight of all of the fans of the Homer-Mad Sox. It was great radio.

'BCN News wishes David Gilton well, who after four years with our department is moving over to Black oriented wild radio to join their news department. We will miss David, and are presently looking for a replacement.

That's news,
Danny Schachter,
News Dissector

COMMENTS:

Used to be you could keep track of departed 'BCN-ers with 5 fingers, can toes be far behind?? Well, I really don't think so altho we have just lost Bob Shannon our P. D. of only 3 months. Bob is returning to Dallas to do AM drive at the ZOO. All here are real sorry to see him go, but we are very pleased that his replacement is none other than our own Tom Hedges, who will continue to do afternoons. During Bob's stay, however, he did bring two new full-timers to the staff. Matt Siegel, a refugee from L. A., is settling into the morning show nicely and providing some outfield strength. And we now have Tracy Beach, formerly of 'BRU doing a good job of the midday shift (bata rite, throws rite). Spirits are high and we all should be around for a few more softball seasons anyway.

Rita Coolidge NEWS/PUBLIC AFFAIRS:

Modesty stops me from mentioning my return to the airwaves as jock, Sundays from 8am to 1pm. What a long strange trip its been...

WCOZ News enters the 21st Century in July when our new 1200 wpm UPI printer arrives. This beast spits out copy so fast we need Evelyn Wood herself to read it all. Not only will it provide the regular Broadcast wire, but also three "A" or Feature wires, National and Intl. wires. Together with our sister station, WHDH-AM, we'll be the only folks in town with this nifty device. Now, how about that satellite dish...

Many thanks to WALRUS for last issue's Summer Guide. My dog-eared copy of the '75 edition was getting too worn out from over-use. The new list is jammed with useful contacts, and I hope everyone (especially News folks) will use them.

The summer has brought with it lots of news to Boston: a pro-nuke rally in New Hampshire, subsidized by the utility companies; Jo Anne Parke, co-author of "All God's Children" told of her research on the Rev. Moon, who just happens to have sent his devotees to town this month; fascinating interview with author Chas. Berlitz with more on the Bermuda Triangle, this time claiming he's found a huge pyramid under its waters.

As this reaches you I'll be vacationing/working with old friends in Calif., touring the ever-expanding Newspace Radio Network, and EMEL. So summertime greetings and best wishes!

- Jim Cameron
News/PA Director

P.S. Goodbye Danny, and good luck. Boston radio won't be the same.

COMMENTS:

Young Jim Cameron stepped into the spotlight last Sunday to do a 5-hour air-shift, and it was so well liked that we're going to let him do it more often. This doesn't change his status as top newsman.

I'm tired of tits and ass promotions... wet T-shirts, Farrah look-alikes, etc. etc. Don't you agree? If so, let our less enlightened brothers and sisters who let that stuff go on know how you feel.

With the cooperation of CBS Records we're giving away a Sunfish and CBS catalogue albums.

We're co-promoting Boz Scaggs and Southside Johnny here July 16 and 17. Nothing could make us happier.

It's finally summer. Use it to it's best advantage.

Highlights of the last month's public affairs programming: A special on Intl. Womens Year, and what, if anything, it means (produced by yours truly); Hester Fuller took an in-depth look at Jimmy Carter's energy program; and of course, our program for the gay community, Closet Space provided lots of coverage of Anita Bryant's anti-gay campaign... and gay pride week.

The Culture Vulture took in the world premiere of The Deep, then deep-sixed the flick. The C.V. also interviewed King Vidor and Dino DeLaurentis.

COMMENTS:

Our relatively new bi-weekly jazz show, Free Form has gotten such strong positive response that we've decided to make it a weekly 2-hour affair on Sunday afternoons. It's interesting to note that 2 news directors, Charlie Perkins of WBUR and our own Judith Brackley, go from typewriters to turntables on Sundays and have been 2 of the driving forces behind the success of the show.

By the time you read this, we'll have started negotiations on our 2nd union contracts... and, 'CAS staffers are all psyched about our move to new, spacious studios later this summer. More on these things later.

COMMENTS:

Recent Happenings... A visit from Foreigner prior to their show at the Civic Center; thank to Tony, Judy, and the guys... By the time this is read, we'll have had (weather permitting) "Another Day in the Park," an all-day festival on June 26, sponsored by 'BRU, the Providence Inner City Arts Association, and area businesses. We did a live remote broadcast, spinning records and featuring some of the local groups that performed. Otis & Ridley, Rizzz and the Eric Ellsworth Band appeared... I had a chance to catch the Ellsworth Band previously in Boston, and they are definitely a band to look out for! Gotta run... Till next time...

Charles Earland

SPECIAL PROGRAMMING:

Charles Earland - recorded live at Smuckers (thanks Mercury Records!)

COMMENTS:

When CBS gives a party, it's the social event of the season - at the one Dennis and I attended in honor of Bob James, guests included George Benson, Phoebe Snow, Eric Gale, Hubert Laws, Dexter Gordon - and a giant jam session ensued that was absolutely excellent!

Our ratings showed further growth and we are steadily getting more and more people into what we're doing. But the big news here is we're about to move to brand new studios, so things are rather hectic. More news from our new home when next we speak. Keep smiling!

Donna

P.S. We welcome our new production director and part-time jock, Barry Skidelsky (alias Barry Vaughn).

Sincere congratulations to Bob Zurich (Island) for his tremendous move.

Thanks for help and sundries to Beth Rosenwald (Atlantic), Terry Grady and Steve Greenberg (Arista), Brad Hunt (MCA), and to Richard Wiled - locally - and David Cohn - regionally - for the improved Warners service.

Finally, any world travelers who might be in our general vicinity this summer are welcome to stop by for a visit (just as we would hope that the invitation is mutually extended). In fact, Pat Feldballe should be in Denver right now and I should be visiting the West Coast sometime around mid-July.

Take care -

Eric

NEWS/PUBLIC AFFAIRS:

Well, folks... this is my last but not final ad in the Walrus sheet... I'm heading out to Los Angeles for a new and interesting edition to my life.

Kevin Clark, who has worked as an active reporter for WYDD's News Dept., will be taking my place in the sheet.

I would like to take this time to thank Danny Schechter of WBCN in Boston for all the help he has offered throughout my three years at WYDD... Also many thanks to John Gorman and Dan Garfinkle of WMMS in Cleveland... Bob Zurich of Island Records... Dan Kelley and Mark Wallace of Warner Bros. Records, and the number of artists and personalities who have contributed to the workings of the Pittsburgh Journal and boosted its success... and, of course, all my impeccable friends and family at WYDD... I have never been good at goodbyes... so until we meet again in the Walrus sheet. And we will!!!

All my love...

Rhonda L. Gelman
News/Public Affairs
Director

COMMENTS:

Wanted to belatedly report on the WYDD advertising seminar which we recently conducted for one week in the Netherlands Antilles. The group included over 140 WYDD advertisers, plus the 'YDD sales staff, and myself. The whole affair was conducted by our GM; Nelson Goldberg. It was one week of fun and sun and education of our advertisers as to just who and what WYDD was all about, and we got to see our advertiser's perception of the station. 'YDD is planning similar trips to London, Switzerland, the Bahamas and back to St. Marteen in the Antilles.

WYDD-FM

WYDD is literally on the move. Some of our staff is on the move also... Rhonda Gelman, our News & Public Affairs Director is leaving us for that warm California sun. Her service here for the past three years has contributed greatly to our success. I highly recommend her to any PD's in the L.A. area who are looking for a knowledgeable and hardworking news & public affairs director.

More changes! Kevin Carroll, our morning man has been moved up to the newly created position of promotion director. We are sad to be losing him as a great morning man, but very excited about applying his talents as promotion director for 'YDD.

That's all for now.

COMMENTS:

Congratulations are also in order for Bill Bennett, upped to Columbia AOR for the South. And to Bobby Z., out to L.A. for the big gig at RSO/Island.

Recent promotions include a 1977 AMC Pacer giveaway, our annual Night at the Rowdies, and a July 4th Rock 'n' Roll Cruise on the SS Tom Sawyer with Mama's Pride and Southern Express.

The boss is in the studio! I have seen Bruce Springsteen's future and its name is rock & roll.

COMMENTS:

Sorry to those whose calls I did not return last week. Copy and traffic were both on vacation so I was handling three jobs.

We had a benefit concert to help abused children Saturday June 11 with the Winters Bros., Push, Blue Jug, Mac Gayden, and Snow Blind. Richie Havens also made a guest appearance since he was in town at the Exit/La. Schlitz was the co-sponsor, and we raised more than \$5,000. Thanks to every one who helped.

NEWS & PUBLIC AFFAIRS:
92-5 news is going through some changes... former news director Dave Deppisch is heading south to work in Atlanta, so I've stepped into the director's position. Filling out the MHE news staff is our newest member Deb Rager. She'll take care of the late breaking news weekdays, while I continue to cover mornings, and Don Jardine keeps track of overnight events. Toledo's finest news team will continue to run the public services for which it has come to be known: 92-5 Newscall, Issues & Comments, The In-Depth Reports and Feature Stories Best of luck, Dave... and welcome Deb.

Pat Sinn
News Director

COMMENTS:

Promotions: Give-aways to all concerts at Pine Knob on the season ticket roster, courtesy of 92-5 & Boogie Records, McDonalds & 92-5 zoo days. 5 day promotion at the Toledo zoo featuring Ronald McDonald, remote broadcasts by the jocks. Promotion is geared around new "banana shakes" and of course we will be distributing copies of Monkey Island courtesy of Atlantic. July 3rd: "Beatles Day" - solid Beatles and solo from 9:25 a. m. to 9:25 p. m., plus various prizes. At some-time during the day, the first listener to hear the sound of fireworks on the air and call in, will be watching (with a guest) the fireworks display over downtown Promenade Park from the flying airplane which will be bearing our logo in lights. July 4th: "American Day" - all American born artists from 9:25 a. m. to 9:25 p. m. (except for one set which will be our tribute to our Canadian neighbors to the North.) Every other set will feature one artist or band, the sets in between will all have themes of some sort: Ohio artists, Texas super-stars, etc.

SPECIAL PROGRAMMING:

Our feature on Chicago "punk" rock June 16th went extremely well. Lots of good reaction with music from past and present artists from Chicago. Also interviews with members of old Chicago groups that have since gone to rock'n'roll heaven. It's amazing, however, to find out how many of them are still playing music today.

A great interview with

The Ramones in a downtown

Chicago apartment, very

suitable for The Ramones.

Running the tape twice in

collaboration with their 2

suburban Chicago appearances.

COMMENTS:

An historic 3 day event

known as the first annual

Chicago punk-o-rama was

held 6/24-26, and it attracted

many interesting people, both "in crowd" and

media. Many writers from

national magazines (Time)

to local papers (Tribune,

Sun Times) came by on

more than one night. A Sex

Pistols short was shown,

also a film "The Legendary

Punks" were shown together

Friday & Saturday. In between

such events as a fashion show, a bar-b-Q,

and booth presentations, was

dancing to new wave rock,

and their reaction to certain

records is interesting to

watch. Sunday, local bands

Sunday Summit and B. B.

Spin impressed just about

everyone as punks from

Chicago. An event many

will remember and will be

marked as the launching off

for new wave acceptance

in Chicago. By the way,

this all happened in a small

club, "La Mere Vipere" located

in the city.

You may have noticed

the new name associated

COMMENTS:

Once again we pulled off a successful 101 concert with Mink DeVille where we had to turn away over 100 folks. Also this week I got a first hand glimpse at what a true to life recording session entails... Kenny Loggins & Band came by to tape a coffeebreak concert, and we set up and did sound checks for well over 3 hours but of course it was well worth the effort. The sound is just incredible & I believe that is you would like a copy to run on your station you can call up Pilot and hassle him!!! This weekend is the 2nd game of the world series of rock down at the stadium, and its already sold out!!! 88,000!!! which I believe will be Pink Floyd's attendance record for this tour. On Sunday we'll be playing wiffle ball (can't get hurt, ya know) with Rough Diamond vs. some lucky winner and their team. I expect a real comedy of errors. The concert load in this town is baffling for the summer, I wonder is it the same all over? Should continue to be the great summer we expected so stop by if you're in the area.

COMMENTS:

Summer arrived in full
orchestration here by the Bay.
The spring book was very
encouraging - now to have
some summertime fun!

Thanks to our Beserkley
buddies for some good time
rock 'n' roll that you can
even dance to, in the form of
Greg Kihn and the Rubinoos.
Y-93 is filing for inclusion
in the Guinness Book of World
Records with this: Paul Kant-
ner and Craig Chaquico of the
Starship came by recently to
enlist support for their so far
futile efforts to secure Golden
Gate Park for a free concert.
In the course of an interview
and many attempts by Craig
to record a public service
message, Paul stuck around
for 1-1/2 hours, the first time
he had ever spent more than
10 minutes in a radio station
by the reckoning of Starship
publicist Cynthia Bowman.
By the way, Paul is into Punk
Rock these days, his particu-
lar faves being Tom Petty,
and the Dictators.

Bill Compton, program director of KDKB from 1971-1976, was killed in a tragic car accident Tuesday night. Prior to his association with KDKB, Bill started KCAC, Phoenix's first 'underground' station. As the father of progressive radio in Phoenix, his influence is still being felt in the market.

NEWS/PUBLIC AFFAIRS:

Basketball is the big news here in Portland. As many of you know The Portland Trailblazers won the world championship. You have never seen a city go so crazy. The day they won people danced in the streets all night and the following day a parade with 215,000 people along Portland's downtown streets. It feels good to be in a city that has accomplished this. Portland Oregon is finally on the map ... Portland Who? Dr. Who?

RETAIL STATS

OUR RELATIVE CHARTING, AS SEEN BELOW, RESEMBLES BASEBALL'S BATTING AVERAGES. IT ESTABLISHES A RATIO BETWEEN THE IDEAL (TOP 5 SALES AT EVERY REPORTING RETAILER); AND THE WEIGHTED COUNT THAT A RECORDING HAS ACTUALLY EARNED. THIS MATHEMATICAL FORMULA IS APPLIED TO EACH RECORD—FIRST REGIONALLY, THEN NATIONALLY. A DUAL WEIGHTING SYSTEM IS USED TO DERIVE THE COUNT ON THE HITS. IT ADJUSTS FOR STORE CHAIN SIZE AND REPORTED POSITION IN THE TOP 15. A SINGLE WEIGHTING SYSTEM WHICH ADJUSTS FOR STORE CHAIN SIZE IS APPLIED TO THE BREAKOUT REPORTS. THESE CHARTS SHOW THE RELATIVE INTENSITY OF RETAIL INTEREST FOR BOTH NEW AND ESTABLISHED RECORDINGS.

COMMENTS:

It's the exception to the rule when a retailer can beat radio to the punch and break a hit. But that's the case with the new Lp by "Lake" on CBS. Now couple this with the new Horslips' Book of Invasions on DJM and you've got the Daily Double winner.

I'd stake my reputation on these two and I leave the charts to prove me wrong. Don't run out!

COMMENTS:

Thanks to Capitol Records for bringing the Little River Band to our store for an autograph session. We also had a lot of fun at a very deluxe party for the group after their smash concert. Thanks to Mike Siebert, Wayne Meisenholder and Pat King for arranging everything.

Also thanks to John Burns and Jean Burman of MCA for bringing Alexis to our stores. The group brought a video tape of them in concert which they played in the store on a very elaborate sound system. This really helped to sell a lot of records. This is a great new idea for in-store promotions and it would be nice if more labels could do it in the future.

CONCERTIZING

WRBB/Boston, Mass. - Woody Johnston, Jr.

Artist(s): BILLY PAUL
Place & Date: Berklee Performance Center, Boston
Type of Place: Concert Hall
Ticket Price: \$5.00
Capacity: 1,200
Attendance: 200
Production Values: Good

Reviewer's Reaction: Billy Paul is just one of the many people that make all the entertainers coming out of Phila. International the best recording company in the business! He realized the lack of people in attendance; but instead of cutting his show he just seemed to add more to his performance. He sung with such emotion and positive vibrations that one could only say that they truly received their monies worth. With the performance that Billy Paul gave I forgot how much I paid, I was only concerned that I could say that I was a living part of this evening of elegance! There is definitely a difference between or should I say a thin line between a recording artist and an entertainer. Mr. Billy Paul can erase that line and be considered one of the best in both fields! Keep on doing what you're doing Billy!

JIMMY'S REC./New York, N. Y. - Jeff Teitelbaum

Artist(s): JOAN BAEZ
Place & Date: Palladium
Type of Place: Renovated theater
Ticket Price: \$8.00
Capacity: 2,500
Attendance: Packed - SRO
Production Values: Good

Reviewer's Reaction: Baez lost the audience after the first half of the act. She was fine alone, on stage, with her guitar. The band was not in the folk-rock mode. They made the show too up-beat for a New York-Baez audience.

WPRB/Princeton, N. J. - Michael First

Artist(s): EMERSON, LAKE & PALMER
Place & Date: The Spectrum, Philadelphia - 6/21
Type of Place: Basketball-Hockey arena
Ticket Price: \$9.50; \$8.50; \$7.50
Capacity: 19,000
Attendance: 10,000 (est.)
Production Values: Excellent

Reviewer's Reaction: Due to financial difficulties ELP have been forced to drop their touring orchestra, turning what had promised to be a fresh approach to the stagnating rock concert experience into an evening of ELP's greatest hits. They adjusted well to this last minute change, and did a remarkable job of filling in the orchestral parts during their triumphant "Pirates." The rest of the show was somewhat of a disappointment, with the trio playing essentially the same material as they did at the Spectrum nearly three years ago, complete with the same "organ-molesting" antics by Emerson, the same revolving drum stand, and the same exploding synthesizer. Nevertheless, the group's performance was superb - ELP never sounded better together, and each member was in perfect form. But after a 2-1/2 year respite from the rock scene, I would have expected more than just nostalgia.

WCUR/West Chester, Pa. - Rick Bohs

Artist(s): BRYAN FERRY GROUP;
JOHNNY'S DANCE BAND; ROUGH DIAMOND
Place & Date: Tower Theatre, Upper Darby, Pa.
 June 19
Ticket Price: \$4.50; \$5.50 & \$6.50
Capacity: 3,100
Attendance: 2,000
Production Values: Good

Reviewer's Reaction: Only playing together for the "fourth time" opening act, Rough Diamond displayed a rather bland mix of anglo rock. Ex-Uriah Heep vocalist, David Byron, leads this group and he showed precisely why the Heep fell... lack of talent. Next up local favorites, J. D. B., played their standard set (mostly from their debut Lp) and finished with my favorite "Alfredo," which by the way is left off of the album. J. D. B. is still trying to reach other audiences outside of Philly and if they ever do... watchout. Bryan Ferry and his new group, without all the flashiness of Roxy Music, played a great set of Ferry originals sprinkled with some oldies... "Let's Stick (Work) Together," "Shame, Shame, Shame," "The In Crowd," "It's My Party" and Dylan's "Hard Rain." These remakes, for me, outshone the Ferry originals and few Roxy tunes the group played. Ex-Sharks and ace session man in Britain, Chris Spedding, was fantastic on lead by far outshining Roxy guitarist, Phil Manzanera, who stayed pretty much in the background. John Wetton on bass was a help to Ferry on harmonies.

WSAN/Allentown, Pa. - Barb Fellencer

Artist(s): SUPERTRAMP; JAN HAMMER
Place & Date: Allentown Fairgrounds Grandstands
 June 19
Type of Place: Outside, racetrack-type view
Ticket Price: \$6.00
Capacity: 10,000
Attendance: Sold Out!
Production Values: Excellent

Reviewer's Reaction: It was the first outdoor concert in Allentown this year, and Supertramp and Jan Hammer made it outstanding. Jan Hammer opened to a cheering crowd, but when Supertramp appeared on stage, the audience went crazy. From the opening chords of "School" to the closing crescendo of "Crime of the Century," everything was concise and stimulating. There were some minor sound problems and some clowns with the ever present firecrackers, but the clear night and the tight performance penetrated the surrounding area. Supertramp played numbers from all their albums, and included a dynamite slide show behind "Fool's Overture," and "Crime of the Century." I've seen very few bands attempt the perfection Supertramp so easily achieves on stage. As attested by the growing numbers of people who attend their concerts, Supertramp is finally catching on.

WRPL/Charlotte, N. C. - Debbi Calton

Artist(s): DIXIE DREGS
Place & Date: Double Door Inn, Charlotte, N. C.
 June 20 & 21
Type of Place: Club
Ticket Price: \$3.00
Attendance: Capacity +
Production Values: Good

Reviewer's Reaction: These local favorites were well and wildly received. The energy and excitement that these guys generate is incredible. I'd heard many praises on their live performance but really couldn't understand how they could possibly outdo their musical performances on their 2 albums. They did. What a show!! These 5 musicians are so compatible... so complementary... so versatile that it's an absolute joy to watch them perform. Their sound of 'southern rock/jazz fusion' surpasses any limitations and breaks categorical barriers. Their individual musical talents are all highlighted throughout the show and are allowed to break loose on tangential runs but without fail, everything comes back together with such a startling tightness that it's hard to believe that you actually heard and actually saw what just occurred. Guitarist Steve Morse is spellbinding. Ranging the gamut from searing wails and lightning fast licks to lovely lilting acoustical sounding touches, he is so intensely involved and has so much control that he at once involves everyone in the audience. Moments of excellence are realized by each band member. Selections from the new album Freefall were enthusiastically welcomed as well as favorites from the first album as well as songs never heard performed by them before. We are very excited about their well deserved success and have nothing but high hopes for their future. The only drawback of the show was the crowded and small and less than acoustically perfect setting but it really didn't affect their performance or the audience's overwhelming reception.

PEACHES #7/Ft. Lauderdale, Fla. - Tammy Gorr

Artist(s): DEAN FRIEDMAN;
LITTLE RIVER BAND
Place & Date: Gusman Cultrual Center - June 17
Type of Place: Intimate hall setting
Ticket Price: \$7.50 & \$6.50
Capacity: 1,600 (2 shows)
Attendance: Capacity both shows
Production Values: Excellent

Reviewer's Reaction: Even though this was a two show performance, it was Little River Band who stole both shows. However in no way did this diminish the energy that Dean Friedman put in his second act. Little River Band, in a supreme effort to out do him, poured heart and soul into their second performance, opening with a splendid array of material off their new album which received a standing ovation upon conclusion. Moving onto some better recognized ballads they became even tighter. Which they accomplished through a combination of musical talents and long association. Overall they were an experience that no one attended will soon forget. They bring, from Australia, a musical talent that the United States will not be able to ignore or dismiss.

Attendance: Approx. 15,000

CONCERTIZING

RECORD RACK/Helen Flintier - continued...

Reviewer's Reaction: I thoroughly enjoyed the opening act, Climax Blues Band. They played a tight, slick set and the audience didn't want to let them go. They received two well deserved standing ovations. The audience wanted a third encore but they had to make way for the featured act, Heart, who pleased everyone with their imaginative, dramatic changes from almost classical to hard rock. It was a fine concert!

KNCN/Corpus Christi, Texas - Jay Stevens

Artist(s): JOHN KLEMMER
Place & Date: Paramount Theatre - June 18
Type of Place: Movie theatre
Ticket Price: \$6.75
Capacity: 2,200
Attendance: Almost full
Production Values: Excellent
Reviewer's Reaction: Klemmer put on fine show for an enthusiastic audience. He tended to be more uptempo than his records. Material was primarily from the new album Lifestyle, but largest reaction was to "Touch." Band was good especially keyboard player Tony Gardner. Encore was a surprise - Monk's "Straight No Chaser." All in all an excellent show - see this man!

WEMU/Ypsilanti, Mi. - Dennis Hartford

Artist(s): DAN FOGELBERG; FOOLS GOLD
Place & Date: Pine Knob Music Theatre - June 16
Type of Place: Outdoor music theatre
Ticket Price: \$7.50/\$5.00
Capacity: 10,000
Attendance: Nearly sold out
Production Values: Good
Reviewer's Reaction: Fools Gold opened the evening with a 20 minute warm-up performing songs from their first Lp including a couple from their new album called Mr. Lucky. After a short break Dan appeared by himself and displayed his versatility by performing on piano and acoustic guitars. The solo set lasted about 40 minutes. After another break Dan appeared with Fools Gold and played songs from all four of his albums. Songs included... "The Next Time," "Illinois," "Captured Angel," "These Days," "Part of the Plan," as well as others. The added highlight of the concert came when Glenn Frey of the Eagles appeared during the encore and played guitar during "As the Raven Flies" and "There's A Place in the World for a Gambler." Overall, an excellent concert that built in intensity throughout the evening.

1812 OVERTURE/Milwaukee, Wisc. - James Howard

Artist(s): PINK FLOYD
Place & Date: Milwaukee County Stadium - June 15
Ticket Price: \$9.00 general admission
Capacity: 60,000
Attendance: 60,000
Production Values: Excellent
Reviewer's Reaction: It was a perfect concert. Sixty thousand tickets sold out in four days, and nine weeks before the concert! Sixty thousand well behaved people who had come to see Pink Floyd's dazzling display of flying animals, animated films, fireworks, explosions and music. The band played the entire Wish You Were Here and Animals and were called back for an encore of "Money" from the Dark Side Lp. They closed the concert with a spectacular waterfall of fire. The timing and production were perfect from start to finish making Landmark the most exciting and professional new production company in the midwest.

CHRYSTALSHIP/Eugene, Ore. - David Odell

Artist(s): SONS OF CHAMPLIN
Place & Date: Lane County Fairgrounds
Type of Place: Exhibition Hall
Ticket Price: \$4.50
Capacity: 3,000
Attendance: 400
Production Values: Good
Reviewer's Reaction: It's too damn bad that The Sons are one of California's best guarded secrets. It is the opinion of myself and the other 400 people who saw and enjoyed the concert that Bill Champlin is the closest thing to divinity we have. With songs like "Hold On" and "Saved by the Grava of Your Love" it's long past time this band gets the national recognition it deserves.

RECORD FACTORY/San Francisco, Ca. - Peter Yungen

Artist(s): MICKEY THOMAS
Place & Date: Old Waldorf, S. F. - June 18
Type of Place: Night club
Ticket Price: \$4.00
Capacity: 300
Attendance: 200
Production Values: Good
Reviewer's Reaction: Good! Memphis soul sound i. e. Steve Cropper or Delaney Bramlett. Band does the Elvin Bishop song "Fooled Around & Fell in Love," "Twist & Shout" off Bishop's Hometown Boy Lp.

KSRT/Stockton/Modesto, Ca. -Mark Sherony

Artist(s): DOOBIE BROS. ; PABLO CRUISE; LITTLE RIVER BAND
Place & Date: Mountain Aire Festival - June 11
Type of Place: Calaveres County Fairground
Ticket Price: \$10.00
Capacity: 10,000
Attendance: Sold Out
Production Values: Excellent
Reviewer's Reaction: A great group gathering where one and all found their place in the sun and got into some Doobies. Mountain Aire has it all together with a death defying airshow to pass the time between bands, 3 topnotch groups (all having good days and great response), and even total sunshine for the duration of an eight hour show. The Doobies were headliners, and of course the stars, playing all the hits, including "China Grove" for the second encore. Even a taste of some distant Steely Dan with Skunk Baxter on guitar. Pablo had everybody up, they too drew a couple of encores, and the Little River Band gave us a sampling of some of their new, and not so new material, all to a very enthusiastic crowd of California sun worshippers. It was great, just like last year's and probably next.

KFIG/Fresno, Ca. -Art Farkas

Artist(s): THE TUBES
Place & Date: Warnors Theatre, Fresno - June 11
Type of Place: Beautiful old theatre
Ticket Price: \$6.50, \$7.50
Capacity: 2,000
Attendance: 1,900
Production Values: Fair
Reviewer's Reaction: Inevitably, after seeing The Tubes three times, some of their drama grew old. They work awful hard to compensate, though. Sadly, I must say that it seems one of my favorite bands is doomed unless they make a big comeback with exciting new material. Sound system really stunk. How can you enjoy music you can't hear?

KALX-FM/Berkeley, Calif. - R. "The Doc" Pelzel

Artist(s): CALDERA; SUMMER'S HEAT; ELVIN JONES; MCCOY TYNER, RON CARTER, GEORGE DUKE
Place & Date: U. of Calif., Berkeley, Greek Theatre - May 28
Type of Place: Outdoor amphitheatre
Ticket Price: \$6.50
Capacity: 9000
Attendance: 5000
Production Values: Fair
Reviewer's Reaction: Los Angeles based Caldera opened the 11th annual Berkeley Jazz Festival with their lively blend of Latin, jazz, and salsa. The sextet, performing tunes off their first Lp as well as previewing some material from their upcoming release, was very well received by the 3500 or so people who arrived on time. The group's following is growing in the Bay Area, and they will hopefully headline shows here in the future. Between Caldera and the next act was a wait long enough to qualify for the Guinness Book of World Records. "Crowd warning" between this and future sets included massive hype and verbal gossamer by several radio programmers, who even ran out of things to say while waiting for the set up for Bill Summers. Percussionist Summers was finally able to start his performance of most of the material on the Feel The Heat album, plus some "Roots" material. His band, which was numerically the largest of the evening, featured some excellent vocals by Mikki Morris and Shirley Puckett, in addition to some dynamic trombone work by Julian Priester. A special appearance by Sheila Escovedo brightened the set. The band returned to stage for an encore, but was unable to perform one due to the excessive amount of time taken by the set up. After a brief apology, the band left the stage. Elvin Jones set with Ryo Kawasaki contained extended but well executed numbers. The compositions were all melodic enough to be interesting, and flexible enough to allow sufficient improvisation to demonstrate the musician's versatility. Jones returned to drum behind McCoy Tyner and Ron Carter for the next set. This trio, which recorded the 1975 Tyner release Trident, performed exceedingly well together, although drawing little from the Trident release. Tyner's piano, as is customary, dominated the set and never failed to hold audience attention. Final act of the lengthy evening was George Duke who played until after 2 a. m. Continuing in the trend of his From Me To You album, Duke leaned a bit more heavily on the female backup, funky sounds than he has previously. While the musicianship was quality, the material and arrangement seemed out of character.

CONCERTIZING

KZOK-102-1/2/Seattle, Wash. - Mavis Macko

Artist(s): THE TUBES
Place & Date: Paramount Northwest - June 14
Type of Place: Reconverted theater
Ticket Price: \$7.50
Capacity: 3000
Attendance: 2000
Production Values: Excellent!!
Reviewer's Reaction: They were promised bondage rock - X-rated roll, but I sincerely doubt that the 2000+ crowd at the Paramount were prepared for The Tubes. The Tubes translate into the word show. Their act on stage - outrage to the delight of most and the disgust of others. Using a multi-media montage of effects (video equipment with monitors on stage, film chain rolling of various other performances, even between sets). The audience was entertained in all "senses." Visually the Tubes troop (at least 15 of them, including female dancers and musicians) made up for any lack in musicianship, though I personally feel they deserve some merit, Ree Styles stole the show in her now legendary sex education number - replete with diagrams and a simulation of bondage sex. The encore was a number the crowd had shouted for all night - Fee Waybill (head haunch of the T's) infamous classic "White Punks on Dope." Seeing was believing. The rock event of the season easily. The Tubes have firmly established themselves here in Seattle. And weaker hearts discouraged, I guarantee the next Tubes visit will be sold out to us heartier variety.

STREET SIDE RECORDS/St. Louis, Mo. - Steve Ferzacca

Artist(s): LITTLE RIVER BAND;
 DICKEY BETTS
Place & Date: Fox Theatre - June 23
Type of Place: Large movie theatre
Ticket Price: \$5.50/\$6.50
Capacity: 3000
Attendance: 2300
Production Values: Fair
Reviewer's Reaction: Last night's Allman Brothers concert, I mean Dicky Betts, was at its best a fair reminder of heading southbound or ramblin' on somewhere which is what Betts proceeded to do all evening. All of this ramblin' on was to the crowd's liking but relying on the past memories of the Allman Brothers days left this reviewer a little bored. This style of music should only be played by its originators and Betts is one of them but the highlights of the show occurred when new material was introduced and that is a rarity. Little River Band pulled off a cool, tight opening performance but were a little loud. But this is a group acquiring much popularity with their tight music and good vocal arrangements all of which came off rather well. All of the evening's festivities were brought to us by Deutch Prod. who have given St. Louis many bright moments bringing quality music to quality joints. Thanks Dick!

TRIAD/Chicago, Ill. - Rick Brown

Artist(s): SCAYFISH; RAMONES
Place & Date: B'Ginnings, Schaunberg, Ill. - 6/21
Type of Place: Rock club
Ticket Price: \$2.00
Production Values: Good
Reviewer's Reaction: This was the first real punk-out in Chicago, as NBC-TV and Time Magazine realized, with NBC filming both bands. Scayfish was excellent, they should be getting a label soon. They are incredibly tight, talented musicians, with lead singer Jim Scayfish putting on a visual act that is communicative, honest, and still bizarre. They are the best new wave act not signed here in Chicago. The Ramones were better than excellent. After Johnny finally kicked the NBC film crew off the stage, they had the crowd pogoing in unison, as they went through most of "Leave Home," and then into "Suzanna," the big crowd reaction song. The Ramones brought new wave to a head here Tuesday, and it's starting to happen.

PEACHES RECORDS/Columbus, Ohio

Artist(s): PINK FLOYD
Place & Date: Cincinnati Riverfront Coliseum
Ticket Price: \$7.00; \$8.00; \$9.00; \$10.00
Capacity: 18,000
Attendance: Sell out
Production Values: Excellent
Reviewer's Reaction: Pink Floyd satisfied an audience to the point where no one could expect anymore. The visual effects were done effectively and with precision. Their playing was tight and very good. They did Animals, Wish You Were Here, Dark Side, and Meddle in very nice arrangements. The crowd was very commendable too, because it is one of the very first concerts I've seen, where the crowd wasn't a show either. Pink Floyd apparently draws a more sophisticated crowd, and that also says a lot for them. For once people were there to enjoy the music inside of themselves. They were so very good and what is amazing about it is that they haven't reached their peak yet. New York should be seeing one of the greatest rock acts to take place.

WRAS/Atlanta, Ga. - Lucy Vizurraga

Artist(s): EMERSON, LAKE & PALMER
Place & Date: OMNI - June 23
Type of Place: Auditorium
Ticket Price: \$8.50
Capacity: 16,000
Attendance: 16,000
Production Values: Excellent
Reviewer's Reaction: Despite the absence of ELP's 78 piece orchestra, Emerson, Lake & Palmer put on a spectacular performance. The audience seemed to have forgotten the promise of the large orchestra, while ELP played many new songs from their Works album, as well as old favorites, such as "Lucky Man" and "Ho-Down." Their encore consisted of many strange occurrences including the keyboards. Keith Emerson displayed his usual showmanship by jumping over the organ and letting it fall on him.

WRNW/Westchester-New York City - Megless Griffin

Artist(s): BRYAN FERRY; TALKING HEADS
Place & Date: Bottom Line - June 23
Type of Place: Club
Ticket Price: \$5.00
Capacity: 400
Attendance: Packed full
Production Values: Good
Reviewer's Reaction: Reaction? A+. Talking Heads are unique, and as your local promotion man would say, "that's no hype!"... in the true sense of the word, unique, refreshing, uncommon, and not so good, as to make us "listeners" feel that we can't do the same. They allow you to see them think as they play... and invite you to think along. And they rock!
 Bryan Ferry... he's always been among the best of rock 'n' roll with class. And with that band, (Chris Spedding!) why not? !!!... the beat goes on...

WAAL-FM/Binghamton, N. Y. - Steve Becker

Artist(s): SEA LEVEL;
 MARSHALL TUCKER BAND
Place & Date: Broome County Arena - June 19
Type of Place: Arena
Ticket Price: \$6.50 advance; \$7.50 day of show
Capacity: 7000
Attendance: 6000
Production Values: Good
Reviewer's Reaction: "Honest music" came to Binghamton on this evening. "Honest music" is what Chuck Leavell and Tommy Caldwell called their brand of music in an interview with them earlier in the day. And I guess that's a good description, because I came away from the concert with a good feeling. Both groups presented themselves as musicians first, then entertainers and the audience (as well as myself) didn't mind at all. This was the last performance for Sea Level as a four man group and it was a spirited one, playing material mostly from their debut album also throwing in some Allman Brother's tunes. Chuck is devastating on keyboards and with the additional 2 members (including Randall Bramlett) this band is going to the top! The Tuckers at times just seem to stand motionless on stage, however, their instruments seem to be moving in high gear. Ranging from country rock to swing, the Tuckers definitely have it together. Nice encore. Jam of the two groups. Rave.

WNJQ-FM/Rochester, N. Y. - Al Peterson

Artist(s): CHUCK MANGIONE
Place & Date: Eastman Theater, Eastman School of Music, Rochester - June 20
Ticket Price: \$5.00 to \$7.00
Capacity: 3600
Attendance: Sold out (2 shows)
Reviewer's Reaction: When Chuck comes back home it's always a special sort of affair. The quartet was tight and polished as usual. The show featured all of Chuck's best known works as well as a liberal sampling of material from the newest Lp, Main Squeeze. The almost 3 hour show featured outstanding solo work from all members of the quartet, along with an absolutely outrageous performance of "Sunshower" featuring brother Gap Mangione on keyboard and moog. As always the audience responded warmly and appreciatively to all works. When you can overwhelm and excite a critical home town audience, you know Chuck has at least established his music to stay...

WCUW/Worcester, Mass. - Owen Maercks

Artist(s): DEAF SCHOOL
Place & Date: Paul's Mall - June 20
Type of Place: Club
Ticket Price: \$3.50
Capacity: 400
Attendance: 250
Production Values: Fair (poor mix on vocals)
Reviewer's Reaction: While I only saw their first set, some strong impressions come to mind:
 1) They are not, as they have been billed, eccentric. They are also not adventurous; 2) They generally write good songs, but a few, notably "Taxi" and "I Want To Be Your Boy" are devastating; 3) With the exception of Eric Shark,

they are basically unattractive folk who have done some good work with themselves; 4) Their musicianship is solid, if unexciting in any experimental sense; 5) The chances that their Roxy-cum-Showtune-cum-Orchestra Luna sound will make any commercial splash here are one in a thousand; 6) They all looked as if they'd just received a sharp kick in the groin.

KREM-FM/Spokane, Wash. - Don Adair

Artist(s): JOE PASS; OSCAR PETERSON;
ELLA FITZGERALD

Place & Date: Spokane Opera House - June 15

Type of Place: Formal opera house

Ticket Price: \$6.50; \$7.50

Capacity: 2700

Attendance: 1800 (2nd of 2 shows)

Production Values: Excellent

Reviewer's Reaction: Experience counts! Pass' set was low-key, tasty but perhaps a bit stiff. Oscar would have been oh-so-much-finer with a little more time to stretch out. Ella can still find all the notes all the time - she swung through a wonderful assortment of tunes as gracefully as you please. Where would we be if these folks hadn't gone before?

WCBN-FM/Ann Arbor, Mich. - Michael Kremen

Artist(s): THE FABULOUS SILVERTONES

Place & Date: The Blind Pig

Type of Place: Blues and jazz basement club

Ticket Price: \$1.50

Capacity: 100

Attendance: Full - plus

Production Values: Good

Reviewer's Reaction: The Silvertones are currently Ann Arbor's hottest band. Their musical repertoire consists mostly of music originally created in the 1940's and 1950's; Chicago blues, Kansas City jump tunes like Joe Turner's "Flip, Flop and Fly" and rockabilly standbys like Carl Perkins' "Pointed Shoes." The band isn't a nostalgia act, far from it! The music they play is still vital and the varied influences have been synthesized (not homogenized) into a stylistic unity that returns to the roots of rock and roll. The Silvertones play good time music that makes you want to jitterbug. They have a locally produced record (write me c/o WCBN for info.) and are on their way to Boston for July. WBCN, WCOZ, WCAS and WBRU please take note.

WGTB-FM/Washington, D.C. - Prof. Mota

Artist(s): SUPERTRAMP

Place & Date: Lisner Auditorium - June 16

Ticket Price: \$6.50; \$5.50

Capacity: 1500

Attendance: 1350

Production Values: Excellent

Reviewer's Reaction: Supertramp proved this time that they have reached the maturity of their professionalism, live and on records - as you know they produced Even In The...; even that the local press did not think so. Fine band all around, together they generate a very intense sound, and individually they are fun to watch. Rich and Roger's vocals are so fine, many times I think they were made for each other. Dougie boogies his bass with movements from one side of the stage to the other. John's winds give an upbeat sensation to the tunes. Bob is like the heart of the music with his noticeable drum sound... Needless to mention the talents that Roger and Rich have with guitars and keyboards respectively.

Lots of good vibrations on "Bloody Well Right," "Dreamer" and "Sister Moonshine." "Fool's Overture" and "Crime of the Century" had a visual message. A great evening with these guys of the people that came to see them. We at WGTB had a day with Supertramp... Roger, Dougie and Bob came to our studios and told us all about the band from '69 on. Thanks to JB and Lee from A&M in Washington for their invaluable help.

WVFX-FM/Highland Park, Ill. - Ron Friedman

Artist(s): MARK O'CONNOR; BRIAN BOWERS

Place & Date: Amazingrace - June 19

Type of Place: Folk/jazz club

Ticket Price: \$3.00

Production Values: Good

Reviewer's Reaction: Mark O'Connor is definitely a virtuoso fiddler. And a proficient flat-picker, too. It's no wonder he's won national contests. But the evening was for Brian Bowers. His autoharp work is extraordinary. A very casual concert, pleasingly laid back and mellow!

NEW RELEASES

BELOW IS A CATALOGUE OF NEW RELEASES. THEY ARE DIVIDED INTO CATEGORIES DESIGNED TO GIVE YOU AN IDEA OF THEIR RELATIVE MUSICAL WORTH. THESE FIRST IMPRESSIONS ARE NOT MEANT TO RELATE IN ANY WAY TO PAST, PRESENT OR FUTURE SALES, NOR SHOULD THEY BE TAKEN AS THE WORD OF GOD.

SPECIAL MENTION ALBUMS

(These records which, in our opinion, deserve special mention because they come closest to perfecting their musical genre regardless of progressive radio application.)

(None.)

STRONGLY MERITORIOUS

(We feel that these Lp's have an extra edge.)

(None.)

MERIT PLUS ALBUMS

(All Merit and Merit Plus Albums are recommended for serious progressive radio consideration, recognizing that not all of these recommendations are suitable for all stations. The Merit Plus Albums distinguish themselves with an extra vitality.)

- Jaime Brockett/NORTH MOUNTAIN VELVET/Adelphi AD 1028 (Jaime Brockett's return to vinyl is auspicious. Folk music luminaries gather to augment his effort but, it is his purity of soul which guides this album. Fine material and fine presentation favor the ear.)
- Coryell-Mouzon/BACK TOGETHER AGAIN/Atlantic SD 18220 (A tenacious, fusionist album results from these two lost souls reunifying. Now if they can stay on the same trajectory for a few albums they may begin to return some of the energy which people have invested in their partially fulfilled careers. Consistent on all levels for the first time.)
- Country Joe & The Fish/REUNION/Fantasy F 9530 (The devilish ditties like "Dirty Claus Rag" and "Insufficient Funds" touch the nerve which tied its audience to Country Joe & The Fish. Some of the politics and some of the good times are here in a reunion which is not an attempt to recapture the past, maybe its just a chance to point to it.)
- Kevin Coyne/IN LIVING BLACK & WHITE/Virgin PZ34757 (Previously reviewed as an import and reconsidered here. Taken from a two record set, the selection of tracks tightens the performances, on one hand, and extracts many of Coyne's charming excesses, on the other. The American pressing seems to lose something too. Curmudgeon's of the world unite!)
- Crosby, Stills & Nash/CSN/Atlantic SD 19104 (Crosby, Stills and Nash created a harmonized sound which is etched in the very surface of rock music. It is almost holy. It is able to smooth even the weaker songs. Side two contains most of the heavy guns in a slightly uneven Lp.)
- Burton Cummings/MY OWN WAY TO ROCK/Portrait PR 34698 (Richard Perry and Burton Cummings find their way to a forceful brand of rock 'n' roll. Burton originals and a wise choice of outside material contribute significantly to the consistent quality displayed herein. Snapping presentation helps too.)
- Roger Daltrey/ONE OF THE BOYS/MCA 2271 (One of rock 'n' roll's best singers has made a singer's album, just what he should be doing. A collection of worthy songs, set in tasty arrangements produce just the right environ for Roger Daltrey. And he sings.)
- Fools Gold/MR. LUCKY/Columbia PC 34828 (Harmonies, tunes and accompaniment jump off of the record because of a meticulous Keith Olsen production. However, it is just that production which tends to get too glossy, too overdone. The result is a little too pop for taste but, a fine album anyhow.)
- Willie Nelson/TO LEFTY FROM WILLIE/Columbia KC 34695 (A lovely country album. Willie's tribute to Lefty Frizzell leaves the barroom and turns toward traditional country. That Nelson voice sounds great edging its way through fine Frizzell material.)
- The Alan Parsons Project/I ROBOT/Arista AL 7002 (Riding on a concept, "I Robot," borrowed from Isaac Asimov, Alan presents another stunning production. The quality of the tunes averages out after the first two powerful entries, yet the album's grandeur manages to carry it forward. Check into "Genesis Ch. 1 V. 32" also.)
- Strawbs/BURNING FOR YOU/Oyster 1-1604 (While the bigger productions lose clarity and presence, the presence of consistently attractive songs is never lost on the ear. This Lp reflects an adjustment which gives band members, beyond Dave Cousins, a fuller place in the creative process. The simpler the production, the better the result.)
- Various Artists/THE KING OF ELFLAND'S DAUGHTER/Chrysalis CHR 1137 (Bob Johnson and Pete Knight have created the first musical concept album since Alan Parsons' Edgar Allan Poe which is worth the time. Tied together by the grandly voiced narrative of Christopher Lee, some good music is presented by an impressive list of artists, including Mary Hopkins, Frankie Miller, Alexis Korner and Chris Farlowe. Many of the tunes hold up in or out of the dramatic concept.)
- Johnny Winter/NOTHIN' BUT THE BLUES/Blue Sky PZ 34813 (It may not be the commercial thing to do but, Johnny Winter, in the purest artistic sense, is playing the music he loves the most, the best way he can. More power to him and to all of us too, for our appreciation of it.)

MERIT ALBUMS

- Aalon/CREAM CITY/Arista AL 4127 (A mixed communication occurs as the Lp cover (the fun is finding the faces you know) tells you one thing while the music tells you another. Funky rock and roll, not disco music, is the basis of this recording. It may take you until side two before you begin to appreciate it because of the confusion.)
- AC-DC/LET THERE BE ROCK/Atco SD 36-151 (They issue basic, raunchy rock music. And yet, the AC-DC assault is based on primitive but, organic songs. Powerful without pandering to the audience.)
- Arild Andersen/SHIMRI/ECM 1-1082 (Though his music rarely makes a point, it wanders pleasantly through time. Played well, Andersen's aimlessness takes on an unusual serenity. Mellow.)
- David Axelrod/STRANGE LADIES/MCA 2283 (The two elements of interest in David's formulation are the rhythms and the arrangements. His melodies are benign, not a negative but, neither are they arresting. Axelrod's quality workmanship is the kind which does not last through eternity. Melodies should be the message.)
- Eric Burdon & Jimmy Witherspoon/BLACK & WHITE BLUES/L. A. International GG 58001 (Burdon is simply not in a league with Spoon. Therein lies the flaw in this album. Still, the sound is the blues and that foundation is appealing even with a flaw or two. Stick with Jimmy.)
- Johnny Cash/THE RAMBLER/Columbia KC 34833 (A somewhat autobiographical concept about life on the road seems natural for J. R. C. Alternating dialogue and song is an effective way to move the idea along. Three of the tunes stand out; "Hit the Road & Go," "After the Ball" and "A Wednesday Car.")
- Dillard Hartford Dillard/Flying Fish 036 (Can you think of an unholy alliance than the Dillard brothers and Johnny Hartford? It foretells organic songs, good pickin' and fun. It also results in organic songs, good pickin' and fun.)
- Robben Ford/SCHIZOPHONIC/L. A. International GG58006 (Schizophrenic is a great title, apparently referring to Robben's switching off between sax and guitar. [The inconsiderate lack of credit makes that a guess.] These jazzy-rocky instrumentals are passable on the whole. Some meander, while others develop the needed steam. The Lp starts slowly. "Softly Rolling" is a nice adventure.)
- Andrew Hill Quartet/DIVINE REVELATION/Inner City 2044 (Though Andrew Hill's quartet is an acoustic aggregate with its roots in post-war combo work, his formulation is different. It bends differently than others of that school having been affected by the 60's upheaval. Interesting.)
- Kiss/LOVE GUN/Casablanca NBLP 7057 (Congratulate Eddie Kramer for cleaning up Kiss's musical act. Oh, they haven't become sedate but, their boisterous brand of devil brew is presented here with a new level of articulation. Now the tunes seep through. Let her hear the music but, don't let Gloria Steinem see the cover.)
- Brent Maglia/DOWN AT THE HARDROCK CAFE/Fantasy F 9528 (Brent is a journeyman rocker who issues an album which never fails but, never electrifies either. His music lacks character. The same is true of the Lp's presentation.)
- Melissa Manchester/SINGIN'/Arista AL 4136 (The "Singin'" banner implies what Melissa's mission was for this album. Gathering a cachet of solid tunes, spiced by a few gems, she concentrated totally on her vocals. A classy project, only mildly sweetened, results. Her voice is well controlled but, not liberated. Nice.)
- Chuck McDermott & Wheatstraw/FOLLOW THE MUSIC/Back Door BDF 7477 (Dotted with a few better than average songs McDermott and Wheatstraw satisfy. Their country-folk approach contains welcome touches of western music and some rock too. Try "Another Way to Cry" and "A Well Known Fact.")
- Opa/MAGIC TIME/Milestone M-9078 (High level playing, aided by Airtio and Flora Purim, makes all of this Opa Lp interesting. However, only "La Cumbia de Andres" and "Malisimo" are fully, musically satisfying. Jazzy and Latinish.)
- Perigeo/FATA MORGANA/RCA TPL 1-1228 (These Italian jazzers are always in scoring position. They should learn to be more concise. That would enable them to arrive at the point more economically and shorten the running time of their tracks. Still, their rock spunk and their melodious jazzations get close to combining the best of both worlds.)
- Greg Perry/SMOKIN'/RCA APL 1-1914 (Take note of Greg Perry. He is a rhythm and blues singer who reads a lyric better than most. He also associates himself with pretty good songs, many of which he has co-written. A stylist, with some character, Greg Perry deserves an ear.)
- Dick Pinney/DEVIL TAKE MY SHINY COINS/Mountain Railroad MR 52777 (Pinney's vocal style is rather colorless requiring some flair in the arrangements. Unfortunately, he doesn't get it. What results is a nicely presented, flat Lp.)

NEW RELEASES

BELOW IS A CATALOGUE OF NEW RELEASES. THEY ARE DIVIDED INTO CATEGORIES DESIGNED TO GIVE YOU AN IDEA OF THEIR RELATIVE MUSICAL WORTH. THESE FIRST IMPRESSIONS ARE NOT MEANT TO RELATE IN ANY WAY TO PAST, PRESENT OR FUTURE SALES, NOR SHOULD THEY BE TAKEN AS THE WORD OF GOD.

MERIT ALBUMS CONTINUED

- Rainbow/ON STAGE/Oyster OY 2-1801 (Surprisingly musical and surprisingly well recorded, Rainbow does not lay a blue haze over its audience. Instead, they capture them by the most legitimate means; real good songs, presented powerfully. Ritchie Blackmore and Ronnie James Dio distinguish themselves.)
- Enrico Rava/THE PLOT/ECM 1078 (Moving with alternating degrees of intensity and involvement, Rava's jazz has dynamic color. He also shifts between direct drive and a kind of unconnected meandering. Interesting.)
- Sylvester/Fantasy F 9531 (Remember falsetto-singing Sylvester? He's back, set in a pretty straight rhythm and blues context. Though it leans pop, it doesn't often go too far. At times the falsetto voice seems too thin for the setting in which it's placed. Decent material.)
- Johnny Tillotson/United Artists UA LA 758-G (A country-rockin' Johnny Tillotson feels comfortable. The front end of each side turned out well as the Lp's sequence puts the best foot forward. Musician credits would have been nice. That's a nice Jag but, how does he keep it in tune?)
- Ike White/CHANGIN' TIMES/L. A. International GG 58007 (Though locked up in prison, Ike White's talent is released in this recording. A rather good vocalist, he also participates in the writing of a pretty fair batch of songs. Credits for no one else is inconsiderate.)

SATISFACTORY ALBUMS

(Albums of acceptable quality, which, of themselves, require only secondary progressive radio consideration.)

- Derringer/LIVE/Blue Sky PZ 34848 (This Lp's sonics set live recording back a decade returning us to the outdated "doesn't count" axiom. Derringer's blues based rock thrust is meritorious by any standard, at least that portion which can be heard. Muddy.)
- Dick Glass/THE GLASS DERRINGER/L. A. International GG 58005 (If Rick Derringer's name were not plastered all over the Lp, you would pay it little mind. Dick Glass' mediocre songs and singing won't keep you interested as you search for the big D. The one memorable riff is on "Lonely Road.")
- Danny Hein & Terry Badia/HEINSIGHT/Churchill 67233 (In spite of his belief Danny Hein is not very funky. Because of this misperception of himself he mixes the communication delivered by his album. He attempts R&B and disco formulas and comes up lame. Further, "Light On the Hill," a rocker which is by far the best song on the album, gets buried at the end.)

FRINGE ALBUMS

(Good albums which are not progressive, yet hold some interest for progressive audiences.)

- Count Basie & His Orchestra/PRIME TUNE/Pablo 2310-797 (So smooth. Basie's band moves gracefully, punctuated by hot, snapping bursts. Instead of being aloof, his cool is warmth personified. Fine.)
- Beckett/DISCO CALYPSO/Casablanca NBLP 7059 (Hints of reggae, some calypso, jazz and some Latin music fill these grooves with rhythm but, not with disco music as we think of it. A few marijuana songs lead off to draw you into a favorable front side ["Legalize the Grass."] The set order is incorrect on the outer jacket.)
- Frankie Capp-Nat Pierce/JUGGERNAUT/Concord Jazz CJ-40 (As a Basie-Ellington style big band this unit has little reason to be considering that both Basie's and Ellington's bands are still working. The Capp-Pierce band adequately recreates the ambiance of the swing era of 40 years ago.)
- Cook/Kitchen/THIRSTY OR NOT.../Full Moon-Epic PE34827 (A mixed metaphor. Depending on whether Paulie Carmen (white male) sings or whether Carla Peyton (black female) sings lead the character of the band changes. She's the better singer. He gets the better context in which to work. The point is that they should be doing one thing, not three. Try "Keep On Pushin'" and "Git It.")
- Hank Crawford/TICO RICO/Kudu KU-35-S1 (Mostly Hank's Lp is mild stuff well organized and delivered. A few items however, step out. Try "Lady Soul" and "I've Just Seen a Face" for some tastiness.)
- Kenny Drew/NIELS-HENNING ORSTED PEDERSEN DUO LIVE IN CONCERT/Inner City 2031 (Choosing mostly classics, either from jazz or tin pan alley, places this bass-piano duo in a certain context. They relate to each other rather nicely and their music flows. The best kind of relief from worldly madness.)
- Victor Feldman/THE ARTFUL DODGER/Concord Jazz CJ-38 (Aggressively presented, mainstream jazz takes on a wholly different feeling from the tired fare we usually hear. Feldman, recently prominent because of his studio work, has played in many styles but, this style is his home base. "Haunted Ballroom" is especially notable, as is "Agitation.")

FRINGE ALBUMS CONTINUED

- Dave Frishberg/GETTING SOME FUN OUT OF LIFE/Concord Jazz CJ-37 (One usually hears this pre-war melancholy style done with ragged edges. Frishberg has assembled some classy players who, with him, present a delightful batch of reminiscences.)
- The Jake Hanna Quintet/JAKE TAKES MANHATTEN/Concord Jazz CJ-35 (Jake swings it. As often happens with drummer-leaders the group is really driven by the leader's up-front playing. Hanna does it within the bounds of taste. A mainstream jam.)
- Earl "Fatha" Hines with Marva Jolie/JAZZ IS HIS OLD LADY.../Catalyst CAT-7622 (A good jazz singer in an age when jazz singers generate little audience reaction is the position Marva is stuck in. The tunes she sings also tend to put her on the outside. From "Blue Skies" to "Feelings" the songs are either too old or too overdone.)
- Jo Jones/THE MAIN MAN/Pablo 2310-799 (Mediocre sound quality and a poorly focused musical idea leave Jo's album up in the air. You don't get the feeling that these sessions are finished in any way. Adequate.)
- Richie Kammica/DROP ME OFF IN HARLEM/Concord Jazz CJ-39 (A mellow intrigue. His marvelously warm saxophone tone fills in the background with refreshing, easy strokes.)
- Barnel Kessel-Herb Ellis/POOR BUTTERFLY/Concord Jazz CJ-34 (Trading delicate runs based on a batch of tin pan alley dinosaur makes for some fairly bland stuff. Mellowness bottled.)
- Manchild/POWER & LOVE/Chisound CH-LA 765-G (Manchild is a post Sly-Stevie R&B group which adds little to the genre. Their making it is totally dependent on whether or not they happen onto a great song.)
- Oscar Peterson, Joe Pass & Ray Brown/THE GIANTS/Pablo 2310-796 (Super play, featuring pleasing melodies and emphasizing dexterity, marks this jam. At times it becomes fairly intense but, never powerful. Cool is the name of this game.)
- Karen Pree/MCA 2273 (Karen's album features some appealing musical moves. They permit her voice to float sensuously through the air, i.e. "Come On Love Me Baby." Essentially pop R&B but, really good at it.)
- Buddy Rich/PLAYS & PLAYS.../RCA CPL 1-2273 (In a combo setting Buddy can be a tasty rhythm catalyst. Here, in the big band context, he is more like a drover moving his cattle over the open trail. He drives, blasts and challenges his players. Powerful, it still sounds like anachronistic music.)
- Hilton Ruiz/PIANO MAN/Inner City IC 2036 (On his first album as the leader Hilton plays it close to the vest. He has been associated with both avant garde players and mainstreamers. Here he shows his great respect for the venerable. Mild.)
- Sonny Stitt/WITH STRINGS/Catalyst CAT 7620 (This tribute to Duke Ellington is a rightfully eloquent easy listening album, but an easy listening nonetheless.)
- Barbra Streisand/STREISAND SUPERMAN/Columbia JC 34830 (Barbra seems to be following advice she got years ago, to become more contemporary. The Richard Perry production which resulted, was notable partly because of the fine song choices which filled the Lp. This record is half way between standard Streisand MOR and rock. But the sure footed songs are found only on the MOR side. Her contemporized material tends to be second rate. She is out of her element rocking and needs more guidance to do it. Perry did it, Gary Klein hasn't.)
- Various Artists/SESSIONS, LIVE - 9 RECORDS/Calliope CAL 3001, 2, 3, 4, 5, 6, 8, 9, 10 (This package of nine albums is drawn from the benign jazz period of 1957 and 58. It features a long list of jazz luminaries and a long list of nonentities. Had these sessions been refined down to essential the number of Lps involved would have been halved. Finally, the ultimate crime is committed when any historical significance, which might have been attached, is destroyed by the lack of proper credits. For example, the very first track announces only the Oscar Peterson Trio. There is no info on which O.P. Trio or on the guitar soloist who appears out of nowhere to make it a quartet.)
- Various Artists/S'WONDERFUL/Flying Fish FF 035 (This album brings together "4 Giants of Swing"; Joe Venuti - violinist, Eldon Shamblin - guitarist, Curley Chalker - steel, and Jethro Burns - mandolin. It is the swiftest string quartet in memory. Fun.)
- Mary Lou Williams Trio/FREE SPIRITS/Inner City 2043 (With Buster Williams and Mickey Roker, Mary Lou generates some pleasing sides. Her mainstream combo reflects some contemporary ideas in its bluesy context. Hence, it gains higher stature.)
- Waves/Polydor PD 1-6107 (Pop rock of some quality. Good songs are delivered by a lightly rocking ensemble and sweetly seasoned vocal harmonies. A minority of tracks harden enough to come within tolerances for airplay.)

NEW RELEASES

BELOW IS A CATALOGUE OF NEW RELEASES. THEY ARE DIVIDED INTO CATEGORIES DESIGNED TO GIVE YOU AN IDEA OF THEIR RELATIVE MUSICAL WORTH. THESE FIRST IMPRESSIONS ARE NOT MEANT TO RELATE IN ANY WAY TO PAST, PRESENT OR FUTURE SALES, NOR SHOULD THEY BE TAKEN AS THE WORD OF GOD.

SPECIAL PROGRAMMING

(Spoken, poetry - comedy and extraneous musics.)

- Dollar Brand/CAPE TOWN FRINGE/Chiaroscuro CR 2004
Because of the length of these tracks we cannot recommend the Lp for regular rotation airplay. However, Dollar Brand's pianistic sensitivity, at least equals that of Keith Jarrett. Further, the title track has the melodic purity of a hit tune. It is well worth your editing time. Favored.)
- Coronarias Dans/VISITOR/Inner City 2032 (Working with electric instruments, this group of Danish jazzers attempts to stretch the boundaries. Sometimes they are aimless and morose, while at other times they go right after it. Try "Don't Know" and "Which Witch." Write: 43 W. 61st St., New York, N. Y. 10023.)
- Walt Dickerson/PEACE/Inner City IC 2042 (Nat Hentoff's liner notes read like you would expect them to read had he found John Coltrane or Charlie Parker. Well, after hearing Walt Dickerson approach to the vibes you will most likely agree with his assessment that the rulebook has been rewritten. Dickerson changes the way we will hear the vibes from now on. Write: 43 W. 61st St., New York, N. Y. 10023.)
- Heldon/A DREAM WITHOUT REASON/Inner City 1021 (Heldon is essentially drummer Francois Auger underpinning the subterranean electronic music of Richard Pinkas. Fairly intense, Heldon music resembles the sound of our inner workings. It is more of inner space than of outer space.)
- David Munrow & The Early Music Consort of London/A CONTEMPORARY ELIZABETHAN CONCERT/Angel S-37263 (Elizabethan music is the basis for all of the contemporary English folk music we enjoy. Here it is elevated to a classical level largely because it survived the centuries. It was the pop music of its day.)
- Harry Nilsson/EARLY TIMES/Musicor MUS-2505 (In the world of cheap masters, this is one of the better ones. Historically, it is nice to have the first recordings of Nilsson in a collection. Stylistically, this early step rests between The Everly Brothers and Tommy Sands. This demo has been augmented so that it sounds finished.)
- Cecil Taylor Unit/DARK TO THEMSELVES/Inner City 3001 (Taylor is considered the piano guru by many. His music flows with a fierce determination. His Unit is a unit, to the point where the instruments all bleed together, even in the most obtuse passages. Challenging.)

IMPORTS

(Our imports are provided with the help of Intergalactic Trading Co., Portland, Ore.; Jem Records, P. O. Box 362, South Plainfield, N. J. 07080 - (201) 753-0100.)

- Colosseum II/ELECTRIC SAVAGE/MCA MCF 2800 (One of the early fusion bands returns in about the same musical shape as when they dropped out. They are commanding instrumentally yet, only fair writers. When their melodies catch up to their technique Colosseum II approaches importance. Merit.)

IMPORTS CONTINUED

- Five Hand Reel/FOR A'THAT/RCA PL 25066 (An advantage of using traditional tunes is that it gives Five Hand Reel a leg up with time tested material. Their traditional folk style is unconcerned with purism [electric bass and such] instead they try to get the best effect. Merit Plus.)
- Intercontinental Express/LONDON/Compendium Fidardo/8 (The big band sound will never return as a result of the work done by this aggregate. Standard charts, some poorly rehearsed play and a couple plainly bad solos perish the thought. Undistinguished.)
- George Hatcher Band/TALKIN' TURKEY/United Artists UAS 30090 (Hatcher is not the street poet that a Springsteen or a Seger is but, he his a road-running, rambunctious rocker in their image. A noisy recording isn't even enough to submerge interest in George's street talkin'. Merit Plus.)
- Hawkwind/QUARK STRANGENESS + CHARM/United Artists CDS 4008 (A strikingly candid message to their fans reveals internal upheavals which have lead to a fundamental rethinking. Quark... results from it and the Lp is a significant move back to the basics, rock music with a dash of space. It is their most cogient album in years. Merit Plus.)
- Heavy Metal Kid/KITSCH/RAK SRAK 523 (Heavy Metal Kids are not too heavy on the metal or on anything else. Competence is the name of their stroke. On all levels of writing and performing, they get passing grades but, no banana. Merit.)
- Hudson-Ford/DAYLIGHT/CBS 82027 (A major style shift puts a bend in the Hudson Ford direction. A big production sound replaces their acoustic feel. The material remains as qualitatively high as they reach for a more responsive audience. Merit.)
- Kraan/WIEDERHOREN/Harvest IC 064-32 (Intense and jazzy, Kraan is a vehicle for strong soloists. Guitarist Peter Wolbrandt can bend an ear with the best of them. The whole band lays down enticing rhythms, full of movement, which open the spaces. The title track is a killer. Merit Plus.)
- Volker Krieger & Mild Maniac Orchestra/OCTEMER VARIATIONS/MPS 68.147 (Each side leads off with a well focused jazz tune of an involving nature. Thereafter, the recording tends to become more ephemeral, somewhat aimless. "Spiral Crackers" brings it back to what should be the core, to end the set positively. Merit.)
- Mirage/NOW YOU SEE IT/Compendium Fidardo 9 (They have listened to rock music and they have listened to the avant garde. Mirage marries those experiences in a contemporary fusion formulation which draws the ear. But, it is the quality of their melodies which sustains interest. Merit Plus.)
- John Otway & Wild Willy Barrett/Extracted Records EXLP 1 (The very basic rock music of these mail order artists is good on its own. But the first side has the benefit of Pete Townshend who provides us with a marvelous lesson in arranging using limited resources. He elevates the Otway-Barrett duo by adding style. Merit.)
- Satin Whale/AS A KEEPSAKE/Nova 6. 22969-00-301 (There is an unfortunate note of contrivance which runs through this album. From their name to their songs As A Keepsake seems constricted. That persistent feeling is anti-musical, in spite of their demonstrated ability to play. They get by. Merit.)

CONCEPTS

NEW WAVE

This issue of Walrus seems to have blossomed forth with several, mostly positive, comments about punk rock or new wave music.

There are some interesting characteristics of the, more often heard, negative comments regarding this music. For example, the response to the CBGB's Lp and the tack taken on the Weekend television program of June 25th expressed a what-is-our-world-coming-to-feeling. There is, on the established side of the world, the view that this music is a threat. Indeed, it is. It is a threat to all of the artists who are now established, in fact, all of the stable forces in the radio and music business who are not able to change with change.

New Wave music has all of the earmarks of the first fifteen year old culture revolt since The Beatles. Today's teenagers relate only vaguely to the music of the '50s and '60s.

The mere fact that people on the outside view it as alien is enough. Those on the inside have the same alienated feelings about the established order. They view the big record productions and the Avedon record jackets as a sellout. What is commonly called professional, they call gross.

Of course, reggae was supposed to be the next form but, it never had a chance. It was angry in a tired age and it was a black form in a white world.

New Wave, on the other hand, has the white working-class stamp all over it. That is the same stamp worn by Frank Sinatra (in his early years), Elvis Presley, and The Beatles

We are all concerned with hype, we've all seen others come and go. Whether it turns out to be hype or prophesy New Wave music is here now, and gaining. Somebody is going to take a failing station, with a lousy signal and start a punk format. Stealing an audience from Top-40, pop-progress-ive and the streets and it will shake things up.
