### COMMENTS:

The weekend of Saturday, May 3rd, WMMR is proud to announce Atco '80. This will be a day long outdoor festival featuring some of Philadelphia's favorite local rock & roll bands as well as hot new national acts. The event will be hosted by Meat Loaf and we expect some other surprise guest appearances.

The live broadcasts on WMMR have been a huge success so far. Rick Derringer, 4/11 and The Tourists, 4/12 live from Stars couldn't have been pulled off without the help of many including Harvey Leeds and Riff Kennedy and of course, Stephen Starr.

Thanks to Herb Gordon for his help with the Joe Perry Project delayed live broadcast.

Certificates of Valor to be awarded to David Hughes and Steve Tose of Sound Specialties for excellent work under fire. And it ain't over yet!

**CHART ANALYSIS**

**BY GEORGE MEIER**

We talk a lot about regionality in this column, for good reason. Subtleties of taste are best seen when viewed through the regional window. For example, the Linda Ronstadt chart and the Marshall Tucker Band chart both offer interesting subtexts to the overall picture.

Last year we watched the Allman Brothers and Marshall Tucker score rather poorly at retail in the South, while the new generation of bands from the South (Molly Hatchet) were riding high. That trend is confirmed one year later as the new Tucker Lp shows little sign of retail movement in the South. A look at what does very well in Southern radio adds further confirmation. The rocking South loves Van Halen, Heart and Journey. The South rises again, but it sounds more like the Midwest.

Linda's album, however, breaks a long standing trend. In her softer phase, she was more powerful in the South and West than in the Northeast and Midwest. With her new punked up sound, her retail blip in the Northeast over-shadows all else. That reinforces the point that if new wavish music doesn't make it in the Northeast, it doesn't have a prayer anywhere else.

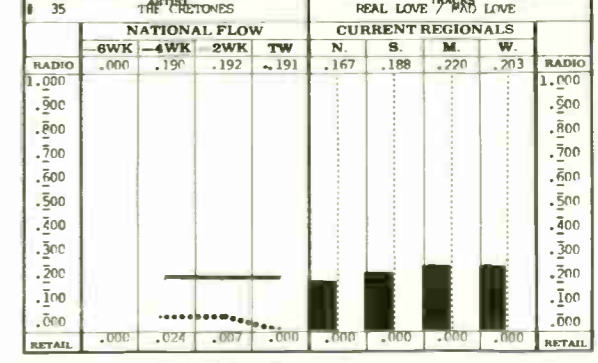

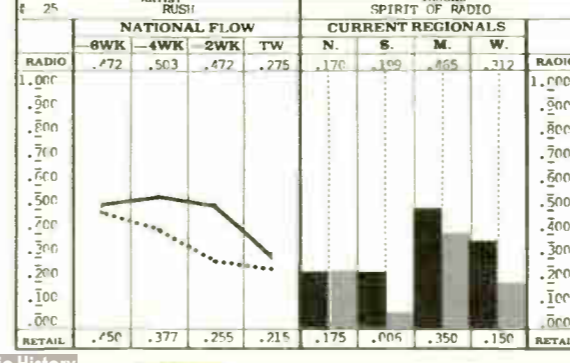

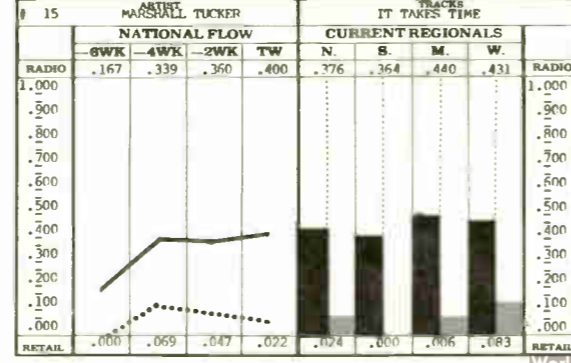

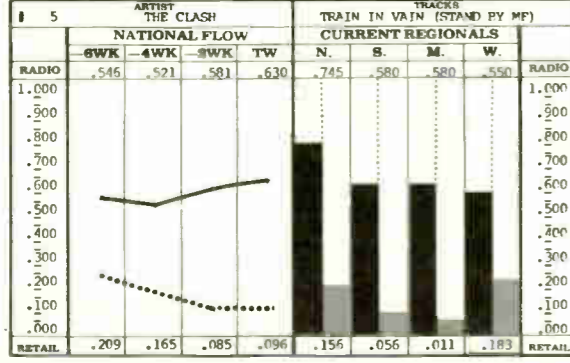

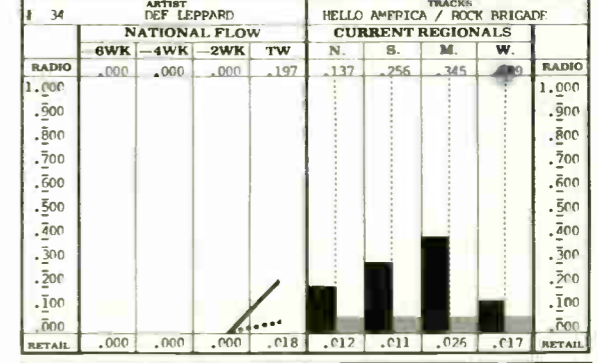

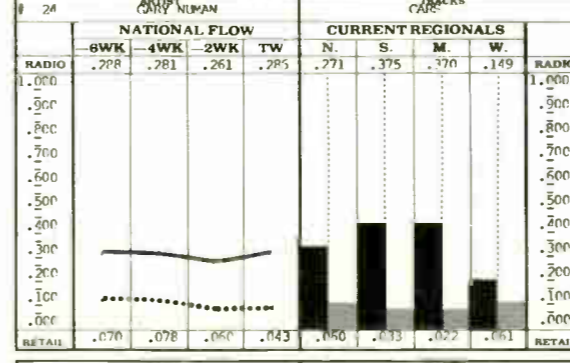

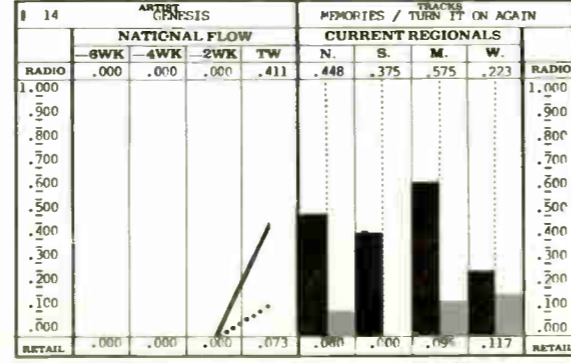

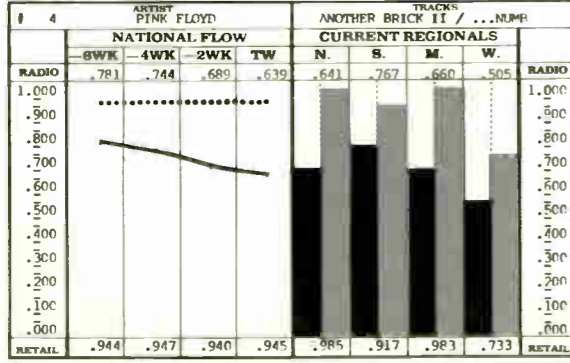

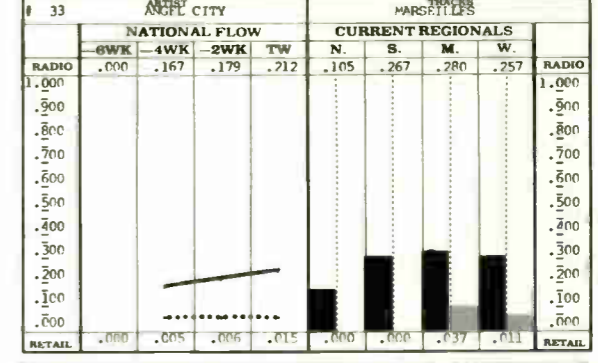

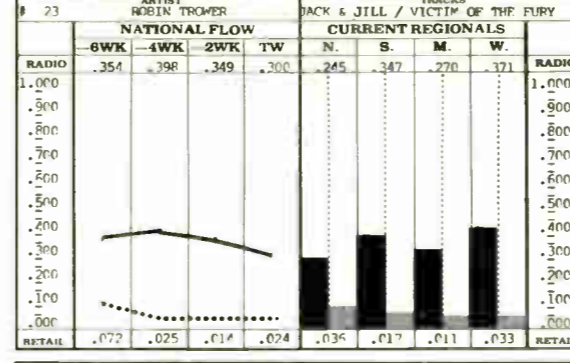

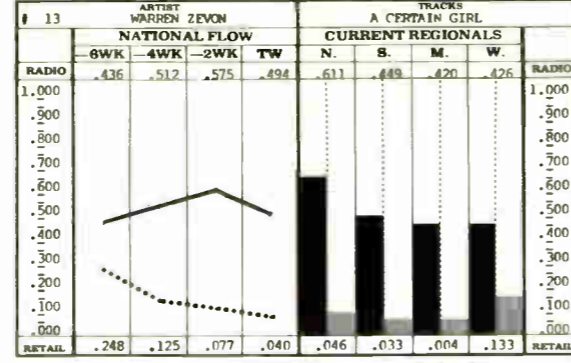

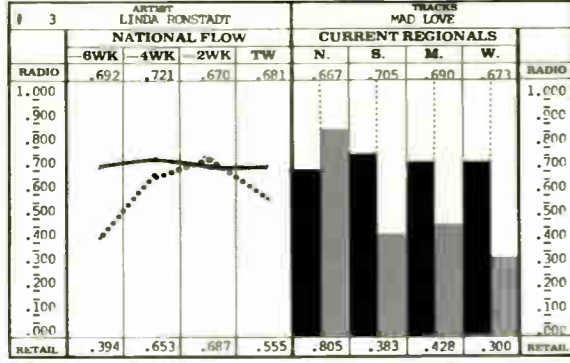

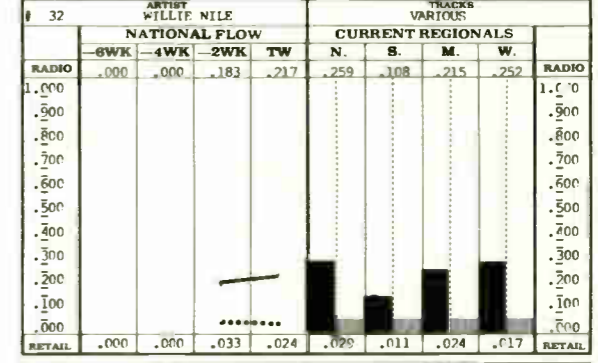

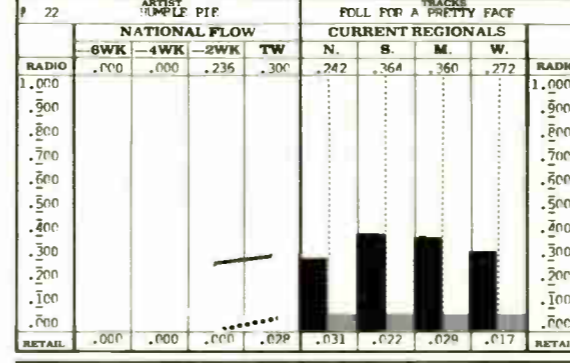

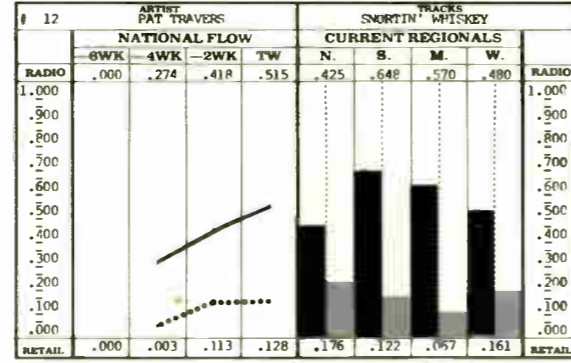

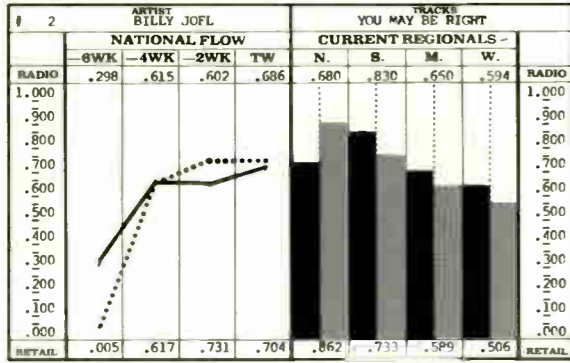

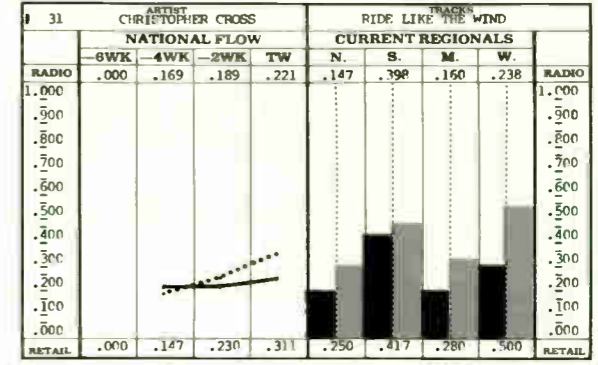

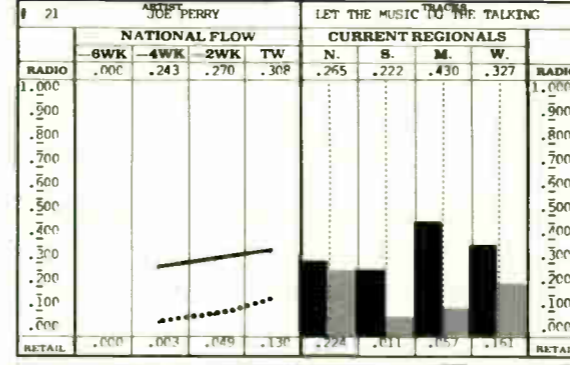

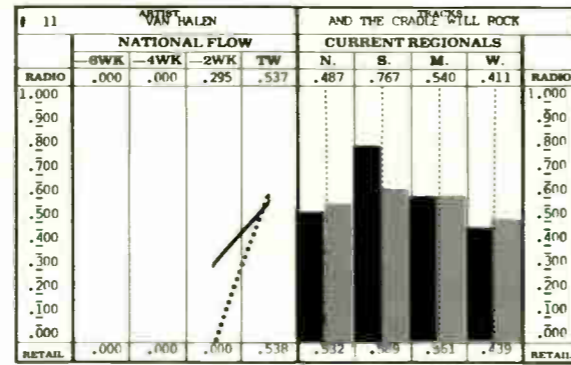

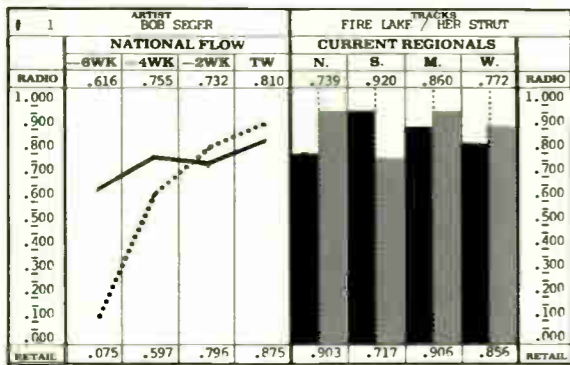

That, of course, is why The Clash, Motors and Squeeze do best on East Coast radio.

While Heart cleans up in the South, Rush does so in the Midwest and Firefall maintains its Western base, some newcomers show their stripes. Def Leppard comes on strongest in the South and Midwest while Joe Perry shows nicely in the Midwest and West.

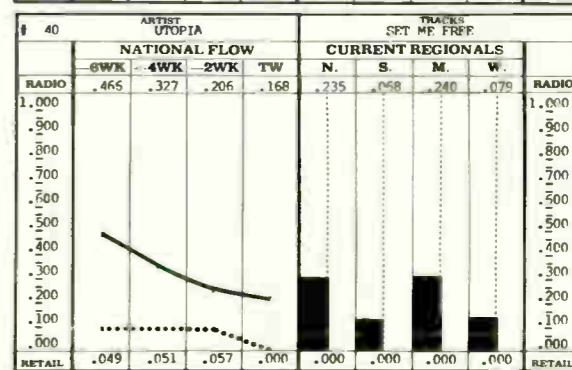

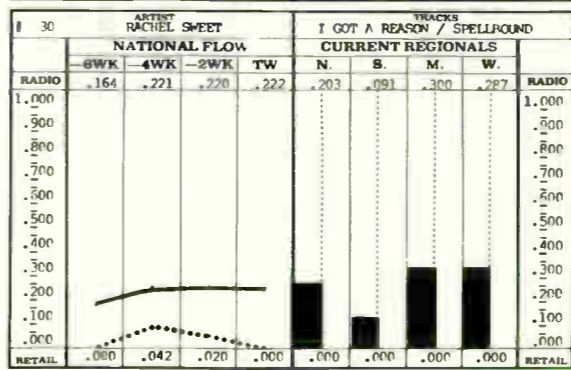

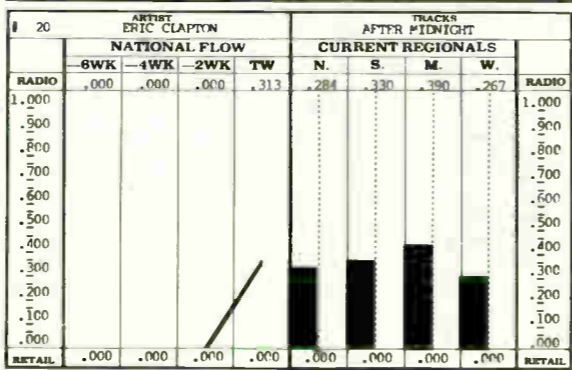

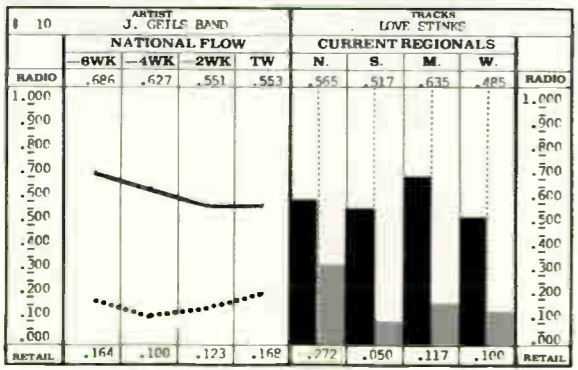

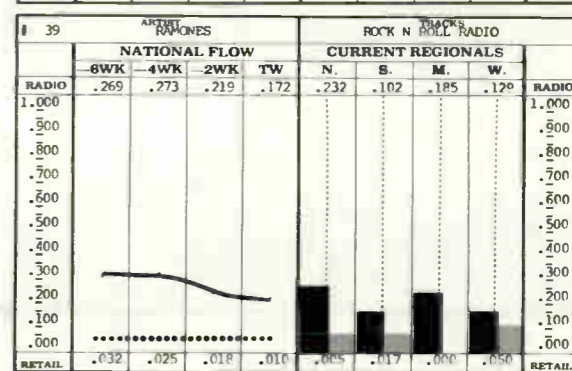

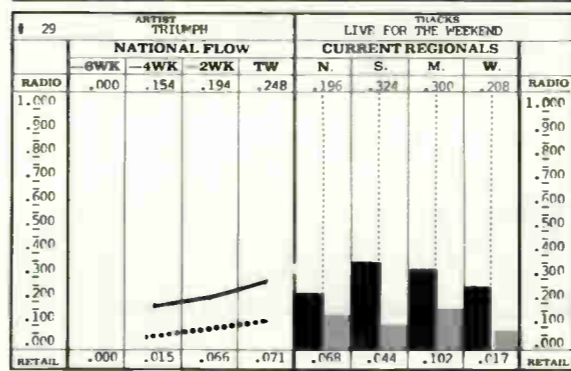

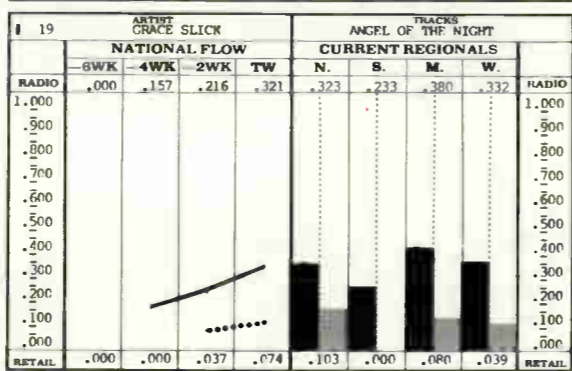

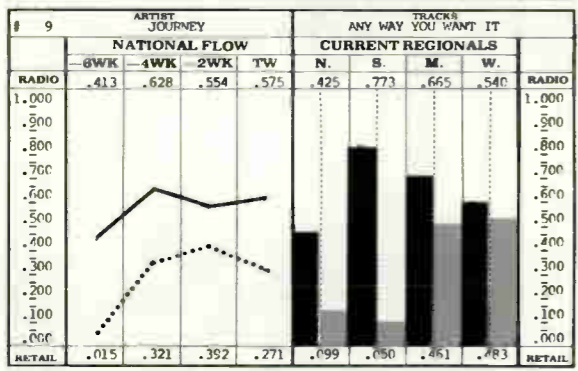

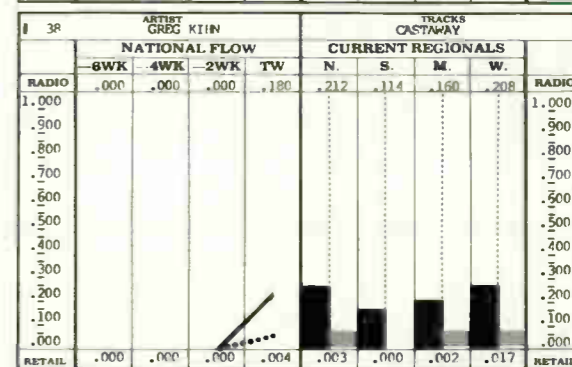

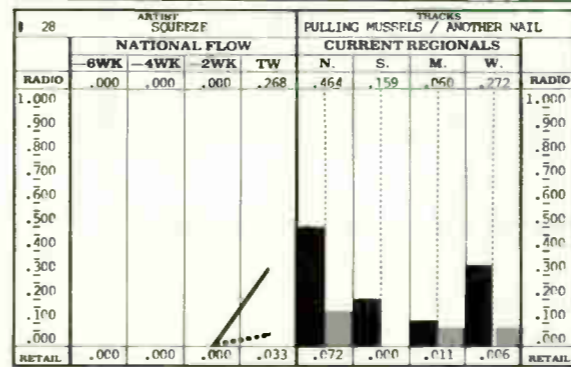

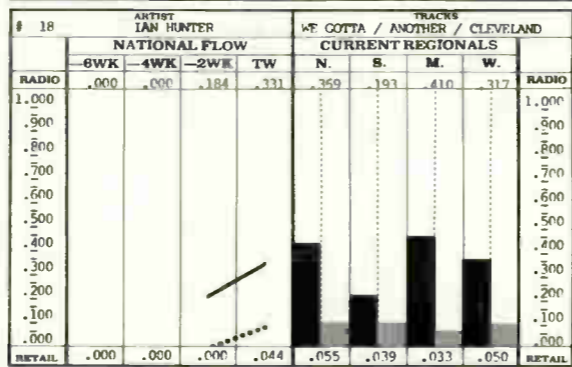

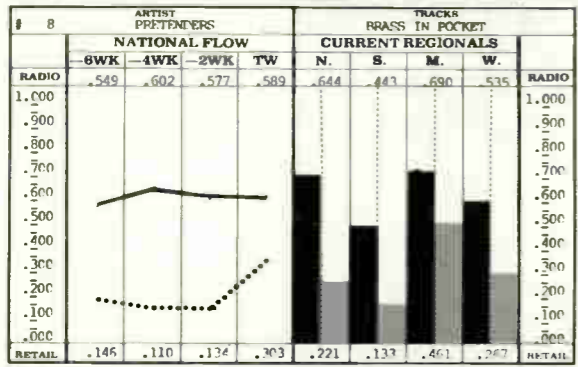

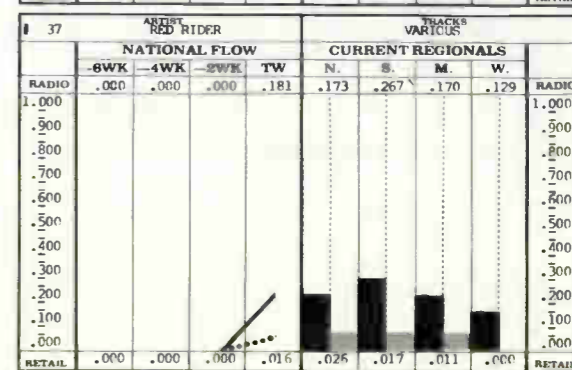

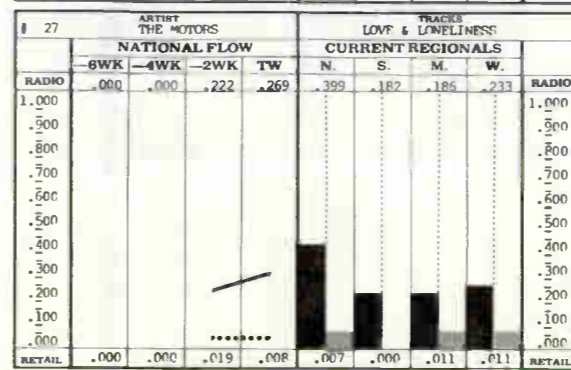

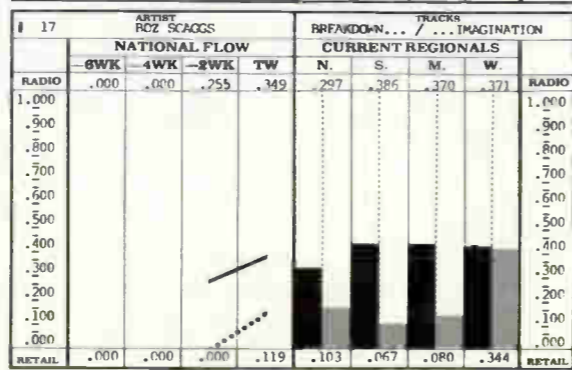

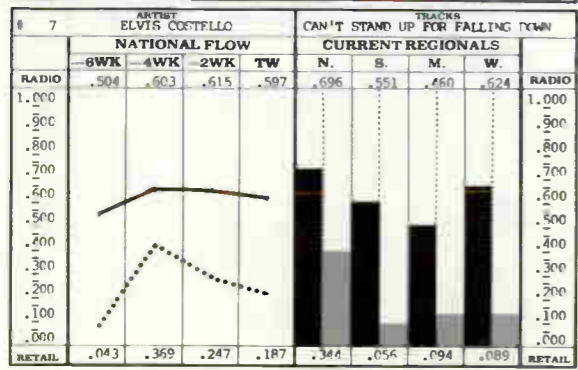

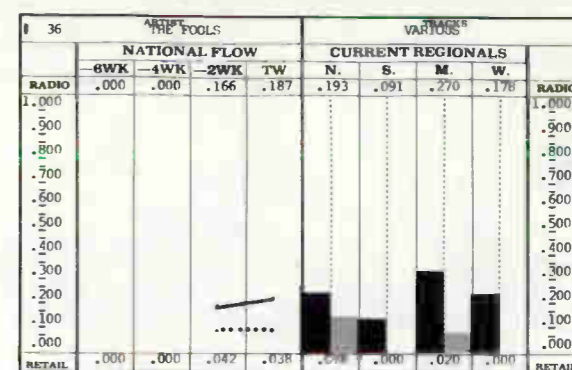

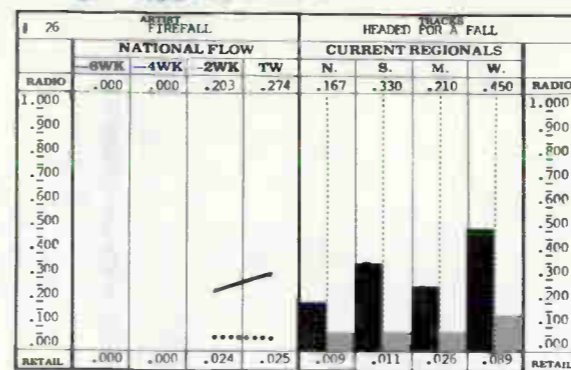

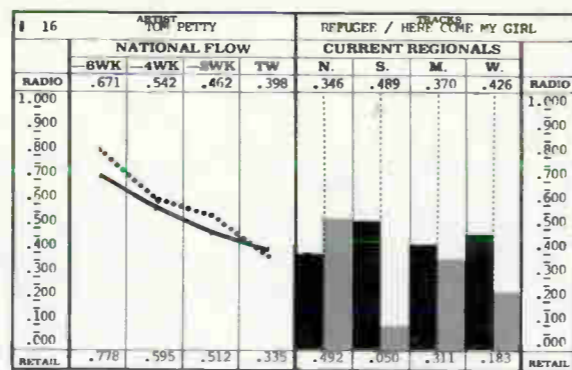

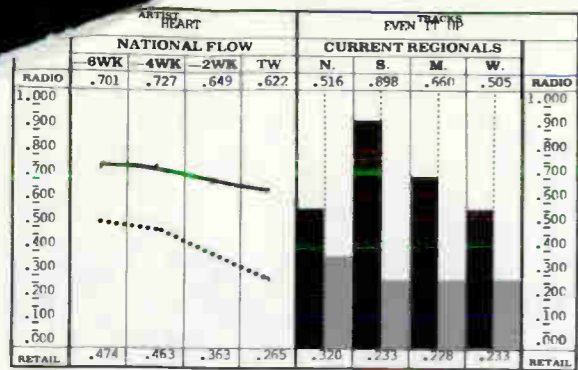

Of continuing interest is the stable list of seven or so, heavy airplay albums which persistently fail to develop a parallel retail response. This time they are The Clash, Warren Zevon, Elvis Costello, J. Geils Band, Pat Travers, Marshall Tucker Band and Heart.

**COMMENTS:**  
 The INDUSTRY continues towards its "Death Wish" as WFA Corporates raise prices on their multiples. We can see raising the \$7.98's to \$9 or \$11.98 but to raise long time paid for Lp's like ZEP or DOORS? As quickly as the money rolls in to your company(s), your integrity and the respect of our customers rolls out the door!

 Thanks to Jeff McGuire and Scott Nono at Capitol/EMI for their help with the "Wolf It Down With Peter Wolf and the J. Geils Band Pizza Eating Contest." (No anchovies, please.) It was a lot of fun. Thanks to Scott Cameron at Polygram for Rush tickets and Jay Jarvis at CBS for Mahogany Rush ticks. Don't look now, but the new Dixie Dregs is due out soon. Yeeehaaa!

 We can disagree over return programs and price increases, but it's hard to disagree with someone that:  
 1. Doesn't stuff new releases down your throat.  
 2. Backs up breaking product with discount programs.  
 3. Has something that SELLS.  
 WFA - it's nice doing business with you.

## COMMENTS:

If anyone at Atlantic Records is reading this - my salesman tells me he hasn't seen a Corp III promo in a couple releases - it's hard to push the records of a label when that label won't even provide the most basic of sales tools. How about putting us on a mailing list, or something. As you can tell by our top 15, we sell your kind of product. If we receive promos, we probably could double the amount of Atlantic Records sold in our store.

## WELCOME TO THE CLUB

"Ian Hunter couldn't have been upstaged... as he teased, cajoled and badgered his audience into exuberant submission."

— David Fricke, Rolling Stone

"After listening to two hours of the best rock and roll music to hit the Bay Area this year, the audience screamed, stomped and cheered its agreement with Hunter."

— Larry Kelp, Oakland Tribune

"Lashing, sneering, going straight for the throat... Hunter... benefited from his keen sense of drama and a deeply ingrained bond with his audience."

— Richard Cromell, Los Angeles Times

"Hunter — Ronson band lights a flame... I had to tear myself away for deadline... please don't tell me I missed the best after I left. It couldn't have gotten any better."

— Dale Adamson, Houston Chronicle

"The Ian Hunter Band played (a show) that inevitably quivered with tonight-legends-are-made vibes."

— Ken Tucker, Herald Examiner

"...Ian Hunter is turning out such gutsy, intense rock 'n' roll these days, that it's not his fault if he makes other bands look just not quite as good."

— Phil Kloer, Jacksonville Times-Union and Journal

Ian Hunter proves he puts on the hottest show in town on this double live album, "Welcome To The Club." It contains 18 of your favorite songs, including 4 new ones and features "We Gotta' Get Out Of Here." By the way, if you want to know why all of these critics are raving, Ian Hunter will be back on tour beginning in May.
