Complete Riders Troubleshooter Manuals On A Single DVD Disc!

Tired of changing CD's? Tired of getting "that" schematic on your old radio where you can't read the values? REA has sold hundreds of this DVD-ROM publication at a break-through price. REA created the first Riders Professional CD-Series

that is the ONLY database driven system ever created and is the "standard" that others are judged by. Now we are providing a lower cost alternative to our earlier CD-ROM database driven series. Every collector or restorer who repairs radios should own this DVD. Requires Windows on a PC to use it. It requires nothing to download as it has its own built in digital browser that allows viewing, magnification, rotation and printing to your own printer. This DVD holds almost 120,000 of the early radio models made from 1920 to 1954. A true price breakthrough yet with no sacrifice in quality. A professionally produced product.

Only \$ 199 + \$ 6 S&H (Sold only on DVD)

Please, no classified ads by telephone; thanks.

Your ads, renewals, letters, etc. can be handled faster and more efficiently if your name, address and SUB# are written on each.

Unfortunately, A.R.C. is not staffed to answer all letters with questions about antique radios or requests for advice. However, A.R.C. does solicit letters of interest to its readers and publishes them as space permits. (See "Publishing Rights" paragraph.)

EDITOR'S COMMENTS

Few would dispute the long established idea that a picture speaks louder than words. Perusing the reports on two major auctions in this issue, I realize that the numerous photos are telling the story of our radio collecting hobby. Photos of individual sets from the 1920s through most of the 20th century, reflect what has captured the imaginations of today's collectors. Photos of the collectors themselves actively engaged in meets and auctions show that the hobby is alive and well.

Nowhere was that engagement more evident than at the Vintage Radio and Phonograph Society (VRPS) 2004 Convention in Mesquite, Texas. This event is one I enjoy attending, and despite the tardiness of the report, I wanted to publish it and give you the full flavor of its success.

As many of you know, the reporter, George Potter, works for FEMA. Given the national emergencies of the last few years, he had every reason to put this report on a back burner. But, we would welcome it at any time, not only because of the outstanding auction, but also because of the variety of well-planned events centering around VRPS's 30th anniversary.

To commemorate those 30 years, a CD containing photos and events over three decades was available for purchase during the convention. This project was the result of a yearlong effort by Blake Dietze and George Potter, who certainly deserve kudos for compiling this record of club history.

Other memorabilia were also available. Each registered attendee received a free polo shirt with the VRPS logo and "Celebrating 30 years, 1974-2004" embroidered on the sleeve. Similarly adorned duck bill caps, with the addition of the Texas flag, were on sale. Few left on Sunday without some token apparel confirming their allegiance to VRPS.

Another unusual highlight was the recording on wax cylinders of songs by the Dallas Blend, a barbershop quartet that entertained at the banquet. An original recording reproducer and a 12-foot galvanized horn were used and became a focus of interest. This recording on 100-year-old equipment was also played back so that we could really appreciate how recordings were made in the early days.

Detailed photos of this equipment are shown in the report, as well as many other rarely seen items. Three examples are an early version of the Grebe RORK detector and 2-stage amplifier, an RPM At-water Kent breadboard-looking set, and a 1923 Ozarka portable. Also shown in several shots is what looks like a toy record player. However, it is, in fact, a bright blue and yellow GE magnetic recording and playback toy. It must have been a joy to a child of the times.

Looking at the VRPS photos, I'm also reminded of what an opportunity such an event is for meeting

friends, old and new. One photo shows VRPS President Jim Sargent in his home with part of his collection in the background. Jim was more than willing to comply with my request to see his collection, and I'm sure most collectors would do the same. I urge you to do as I did and ask to see a collection if you happen to be in the home area of the collector.

VRPS definitely put emphasis on the five auctions spread over two days. The flea market runs only on Sunday morning, a departure from the schedule of most meets. The auction proceeds of \$57,000 were a respectable high for a club auction.

Big numbers were in evidence in the Estes auction featuring the collections of Ed Sage and Floyd Stahl and totaling \$261,095. The highlight is easy to spot — a 1936, 46-inch, blue-mirrored Nocturne selling at \$62,500. Many other mirrored sets sold for over \$1,000, even though a number of them had replaced glass or damage of some sort.

Blue-mirrored sets by Sparton are well known, but photos in this report are notable because they show the products of many lesser known manufacturers: Cord, Pomonette, Troy, Mir-Ray, Remler, and Liberty Phone. Of course, more traditional sets also brought solid prices. Examples are a McMurdo Masterpiece 6 selling at \$8,000, a Zenith 15U269 console at \$1,700, and a Radio Bar selling at \$1,000.

As always, *Photo Review* means more interesting photos. Every collector should find something to catch the eye, from the unusual and rare Marconi unit set to the DuMont TV set. Crosley, Kennedy, Echophone, and Zenith are also represented in varying models. Variety is a continual theme in this issue.

A.R.C. Benefits. Be sure to take advantage of A.R.C. benefits: a toll-free number (866) 371-0512; Discover, MasterCard, American Express, Visa accepted; the Web, www.antiqueradio.com; books shipped free in the U. S. by USPS media mail; and for current subscribers, a 10 percent discount on all book orders.

Coming Radio Events. Spring activities are revving up. The April list includes 37 events: 26 meetings, 9 meets, and 2 auctions. Be sure to attend at least one in your area.

Happy Collecting!

John V. Terrey, Editor

ON THE COVER

Our cover shows a selection of mirrored radios from the Ed Sage collection auctioned by Estes Auctions. Left, top to bottom: a blue Cord "Triangle," selling at \$3,300; a 4-knob Sparton 558 "Sled," at \$5,000; and a green Cord with a mermaid motif, at \$4,200. Right, top to bottom, a green Federal, selling at \$5,000; a Pomonette, with a mosaic look, at \$1,300; and a 3-knob version of the Sparton "Sled," at \$2,500.

AUCTION & MEET REPORT

Vintage Radio & Phonograph Society Convention Mesquite, Texas — November 11-14, 2004 Celebrating 30 years — 1974-2004

REPORTED BY GEORGE POTTER

As is often said, "Better late than never." How true for this November 2004 VRPS convention report, which confirms that it was an outstanding event. However, as many of you may know, George Potter works for FEMA, and, understandably, the events of this past year have kept him rather busy; thus, the delay in his compiling this report.

I was able to attend the event and have augmented George's report with additional photos and information. (Editor)

The Vintage Radio & Phonograph Society, Inc., (VRPS), held its 29th annual convention at the Hampton Inn Suites in Mesquite, Texas, November 11-14, 2004. This is an outstanding facility — easy to get to, close to restaurants, plenty of parking — leaving little to be desired in the way of comfort.

The attendance total was 348 of which 235

One of two, large, VRPS 30th Anniversary sheet cakes embellished with the convention brochure logo and presented by Wanda Cherry Holmes. Well made and great tasting, the cakes were gobbled up rather quickly!

James Wilkins plays back the cylinder recorded at the meet, while Jim Sargent, VRPS President, holds a microphone in front of the horn so that the banquet attendees can hear the recording. The barber-shop quartet Dallas Blend, with jackets off, are "cooling down" in the background while also listening to their recording.

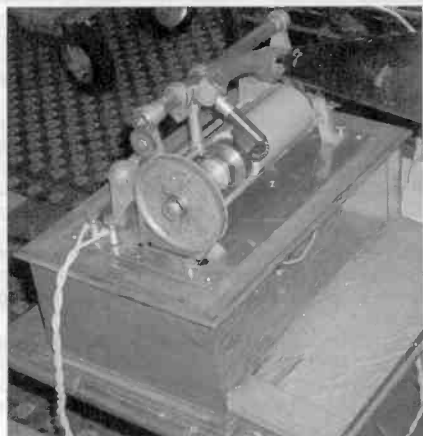

were registered. The proceeds for both Friday and Saturday auctions totaled \$57,065.

In conjunction with this annual event, VRPS celebrated 30 years as a club, which started back in November of 1974. In those days, radio collecting activities were on a much smaller scale than today. Consider the fact that only two books had been published on radio — *Vintage Radio* and *Flick of the Switch!* Times have changed, and, of course, since we are in Texas, everything is big and bigger, so peruse the events described here!

A warning: Auction prices are not current values. Our selection of auction items is not necessarily complete. A listing such as this cannot adequately include the condition of cabinets, chassis, transformers, tubes, the operating status of the set, and the inclusion of incorrect, restored or replica components, etc. Auction prices are the result of the excitement of the auction process, the skill of the auctioneer and the specific interests of the participants. Nevertheless, auction prices serve as useful references and as another element in the value determining process. The possibility of error always exists, and if we are notified, corrections will be reported.

SPECIAL CD

VRPS had several special events that were scheduled during the convention. The first was on Friday when a CD was presented — a yearlong project produced by Blake Dietze of Vancouver, Washington, with George Potter assembling all the archived photos. Pictured were longtime members through the years from 1974 to 2004, as well as some of our annual events. Several of the charter members had passed away in recent years, but this was a celebratory occasion, so we were viewing them during the great times we

A highlight of the convention was making a wax cylinder recording of a barbershop quartet during the banquet. The three photos above show the equipment used and the artists at work. Upper right is the Dallas Blend gathered around the 12-foot long horn ready to record. Lower left is the 1893 Bell Tainter Type "I" Graphophone, a 2-volt DC electric motor-driven unit. An original Edison battery is shown on the lower right. This machine is one of three known to exist now. It was used with a 12 ft., 4-section galvanized sheet metal horn, specially built in 1978 for James "Rick" Wilkins.

In the contest display, a 1899 Edison GEM cylinder phonograph. This example is a laboratory experimental prototype.

had enjoyed over the years.

The CD is approximately 35 to 40 minutes in duration and is available in both black and white and color. Copies of this CD entitled "30 Great Years with VRPS" were available for purchase at the front desk for a nominal fee.

To commemorate the celebration, each person registering at the convention, was presented with a free, black, polo shirt with collar/sleeve stripes. The shirt also has a color embroidered VRPS logo and an embroidered "Celebrating 30 Years, 1974-2004" on the sleeve. Additional shirts could be purchased at the

(Continued on following page)

(VRPS Convention, continued)

reception desk.

Also available for purchase were black duck-bill caps with the VRPS logo in color on the front and the Texas flag on the back. "Celebrating 30 Years 1974-2004" was embroidered on the side.

The Old Equipment Contest is always an outstanding part of this convention. Dozens of entries in 20 categories were on display, and photos of several unusual, rare, and rarely seen items, are shown on pages 9, 10 and 11. Examples are Mike Grimes's Marconi coherer and Tom Burgess's RPM breadboard, a set very few may have seen before.

Tom also gave a technical session demonstrating his Western Television Corp. mechanical TV equipment in operation. He had assembled an operating television camera that would generate the required signals for an early mechanical TV receiver. Needless to say, a crowd gathered to see it work, as shown in the photo above.

FOCUS ON AUCTIONS

Unlike most meets that focus on a flea market, the VRPS Convention concentrates on the auctions, of which there are five spread over two days. The flea market is almost an afterthought relegated to Sunday morning only.

Friday's auction events included a Silent Auction, a Tube and Paper Auction #1, and a Friday

A crowd gathers around to observe Tom Burgess's Western Television Corp. mechanical television set in operation. Tom is on the left.

Auction #2, which generally featured lower cost radio items.

Saturday's events included check-in for the Saturday auction, a silent auction, and the big Saturday auction. At this latter event, two large sheet cakes with the VRPS logo celebrating our 30 years were served to convention participants.

Jim Sargent, VRPS President, was auctioneer, with Bill Werzner from Houston, HVRA President, assisting from time to time. Drawings were also held for preregistration members and for door prizes.

One has to be amazed at the kind of organization and the number of volunteers needed to run such an event. In this case the auctioneers were assisted by closed-circuit television so that all items, like heavy consoles, could be shown.

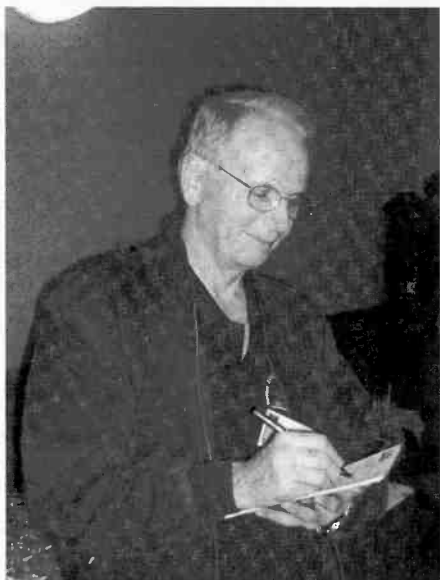

Though few high prices showed up in this auction, the total of over \$57,000 is a very respectable outcome. The highest price was secured by a Zenith Walton selling at \$1,550. Other sales of note were a DeForest Bulletin, selling at \$225; a Crosley Pup, at \$350; an RCA Radiola 26, at \$370; and a Grebe CR-9, at \$375.

SPECIAL SATURDAY EVENT

The culmination of events on Saturday was the annual banquet, which was sold out quickly, with 125 attending. The famous Dallas Vocal Majority presented its barbershop quartet, the Dallas Blend. This award-winning group of men presented a medley of songs; however, the program got more interesting, because for the first time, they recorded a tune onto a 1893 Bell Tainter Graphophone Type I cylinder phonograph well over 100 years old.

James "Rick" Wilkins of Duncanville, Texas, brought and assembled his 12-foot galvanized horn, which had been used to record a quartet at our convention back in 1982. This monster of a horn has to be broken down into several sections, and then attached to the cylinder machine with a special crane. An original recording reproducer was used, and, of course, Rick was there to add any adjustments.

The Dallas Blend quartet had never done any-

Convention reporter George Potter caught dutifully recording the auction results.

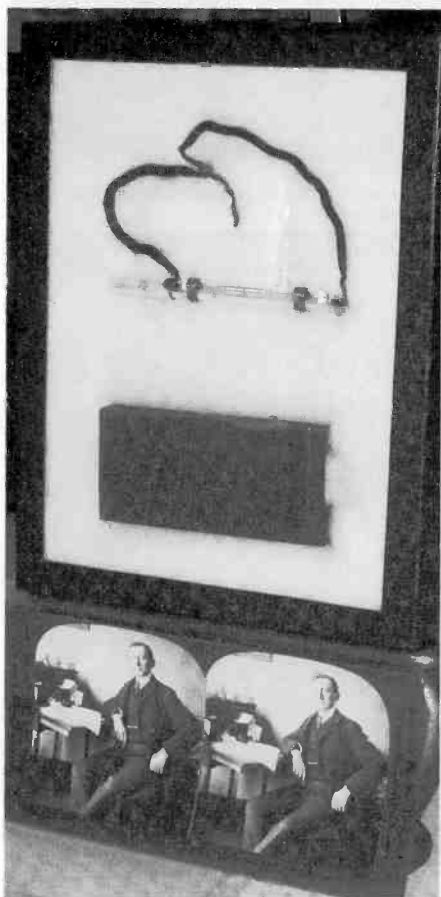

thing like this before, so it required some real hot air (of the human kind). Members of the quartet had to lean into the horn literally and sing loudly — shout, that is. The brown wax cylinder which contained the recording was presented to the quartet and another was made for the club. I can't say I've ever seen a group of men "sweat" so much for one song in my lifetime!

On Sunday morning our final event was the flea market, which saw a crowded room and lots of equipment being traded, swapped or sold. By noontime, everyone had hit the road to home, taking with them fond memories of a celebration of 30 great years.

e=excellent, vg=very good, g=good, f=fair, p=poor, unk=unknown condition, N.O.S.=new old stock, wk=working, WT=with tubes, NT=no tubes, SW=shortwave, PS=power supply, PB=push buttons, WE=Western Electric. All prices have been rounded down to the dollar. Some low cost items and items in poor condition or nonspecific descriptions are omitted

(Continued on following page)

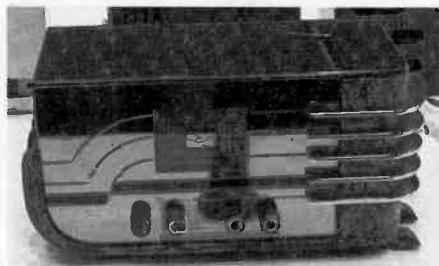

A Zenith point-of-sale sign — "How did Dad know we'd love a Zenith?" It sold for \$100, after some spirited bidding!

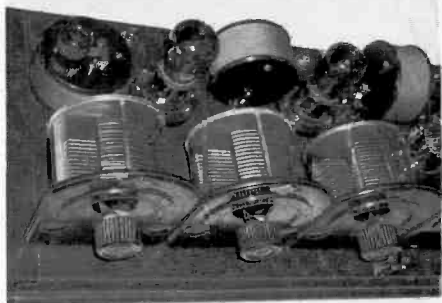

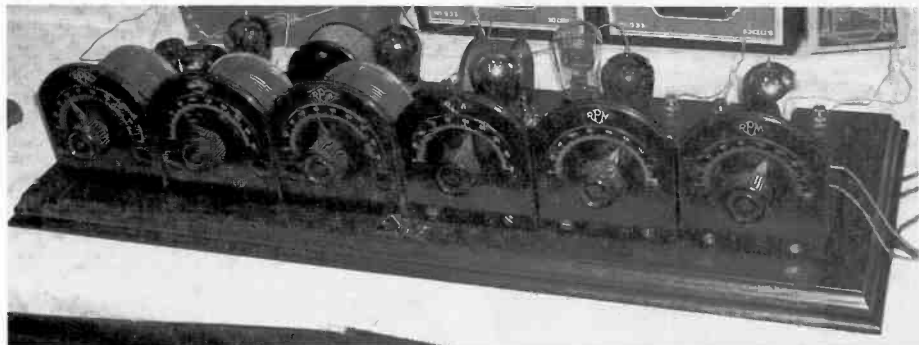

This 1936 RCA 9K10, designed by industrial designer John Vassos, was shown in the contest. First advertised in 1936, it sold for \$175. Only 183 of these sets were manufactured.

This contest entry is a Grebe RORK detector/2-stage audio amplifier. The exposed rheostat windings indicate that this is the early version.

From the contest, a nice Sparton Model 557 "Sled" blue-mirrored radio.

This contest entry resembles an Atwater Kent breadboard. It was manufactured by the Radio Products Manufacturing Company, RPM. Like the Atwater Kent sets, it also has individual "islands" that are mounted on a breadboard.

This very unusual set in the contest has a DeForest brass tag Audion, ultra-Audion, multiwave tuner with a crystal detector. If anyone out there is familiar with this unit, please contact George Potter.

The contest 2nd place winner was this very nice 1923 Ozarka portable.

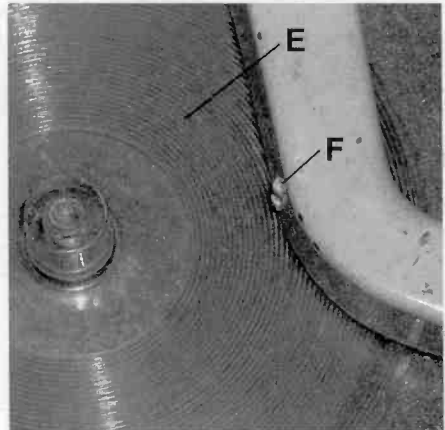

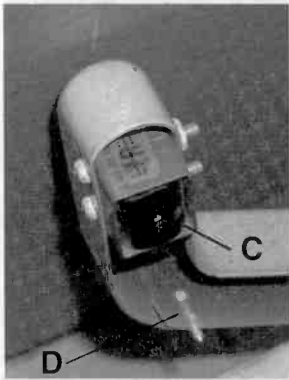

This Zenith Model 829, a 1935 chrome-front tombstone, was entered in the contest.

This contest entry is a Cub Scout Radio Kit. "Easy to build crystal set" is the claim on the cover.

Seen at the meet was this interesting children's toy, a Model 4SJA1 magnetic recording/playback device from General Electric, called a "Play-Talk." The complete toy, upper right, consists of the tear-shaped recorder/player unit and the separate microphone/speaker. The inner portion of the turntable platter contains a spiral-grooved disk (A); a magnetic media disk (missing) is placed on the platter at (B) outside the spiral disk. Shown upper left is a bottom view of the tone arm which shows the magnetic record/playback head (C) and the tracking pin (D). In operation, the pin engages the spiral groove and moves the tone arm and record/playback head across the magnetic media disk. A close-up, lower right, shows the grooves in the spiral disk (E) and the location of the guide pin (F) on the tone arm. The photo on the lower left shows the manufacturer's identification and the edge of the flocked turntable.

(George Potter, P.O. Box 165345, Irving, TX 75016)

The Vintage Radio and Phonograph Society (VRPS) publishes "The Reproducer" quarterly and "Soundwaves" monthly between the quarterlies. Dues are \$17.50. Activities include monthly meetings, a spring auction, an annual convention, and a summer swap meet. For more information: George Potter, P.O. Box 165345, Irving, TX 75016. www.vrps.org.

VRPS president Jim Sargent shown with part of his outstanding collection of vintage radios. Prominent in the photo, in the upper right is a (yellow) Sentinel Catalin; below it is a (blue) Neutrowound, and on the lower right is a DeForest Interpanel. Your editor was fortunate to visit Jim and his collection, a bonus to my visit to the VRPS convention.

PHOTO REVIEW

This column presents in pictorial form many of the more unusual radios, speakers, tubes, advertising, and other old radio-related items from our readers' collections. The photos are meant to help increase awareness of what's available in the radio collecting hobby. Send in any size photos from your collection. Photos must be sharp in detail, contain a single item, and preferably have a light-colored background. A short, descriptive paragraph **MUST** be included with each photo. Please note that receipt of photos is not acknowledged, publishing is not guaranteed, and photos are not returned.

CROSELY MODEL DUAL 10 - This 10-tube superhet cathedral was manufactured by the Crosley Radio Co. of Cincinnati, Ohio. The Dual 10 was a high-end cathedral and sold for \$47.50 in 1933. (Clark Trissell - Lincoln, NE)

THOMPSON MODEL S-70 - This 6-tube Neutrodyne receiver was manufactured by the R.E. Thompson Mfg. Co. of Jersey City, New Jersey. It was called "The Thompson Concert Grand" and sold for \$180 in 1924. (Wally Worth - Wollaston, MA)

DuMONT TELESET MODEL RA103-C-2 - This AM/FM TV/Phono combination was manufactured by the Allen B. DuMont Laboratories in Passaic, New Jersey. It has 28 tubes with a 12JP4 picture tube. (Ross Mason - Mason City, IA)

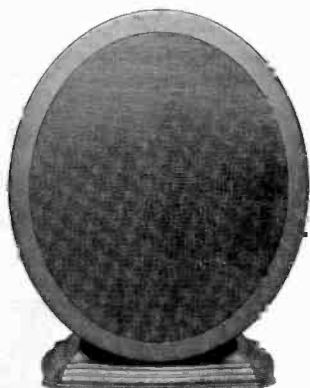

KENNEDY MODEL 366B - This handsome high-boy was manufactured by the Colin B. Kennedy Corporation of South Bend, Indiana, in 1932. It has 12 tubes, dual speakers, one long wave and three shortwave bands. (Ross Mason - Mason City, IA)

PHOTO REVIEW

STEWART-WARNER MODEL 301A – This 2-tube unit is a shortwave converter for early AC receivers. It was connected between the antenna and the set in order to receive shortwave broadcasts. Manufactured in 1931, it operates on one Type 27 and one Type 24 tube. (Robert Enemark – Duxbury, MA)

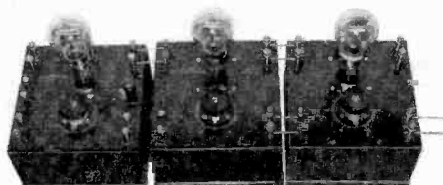

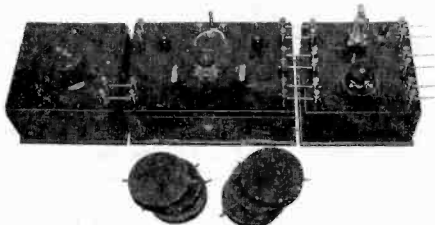

WLS SILVERTONE SPEAKER – This oval magnetic speaker was manufactured for Sears Roebuck Co., Chicago, Illinois. (Ross Mason – Mason City, IA)

ZENITH ROYAL 500H – This 8-transistor pocket radio was sold in the 1960s. It is referred to as the "Oval Grille" model. This one is still in its gift ensemble case that held the radio, leather case, earphone, and battery. (Clark Trissell – Lincoln, NE)

ECHOPHONE MODEL EC-1 – This small, grey, metal receiver was the first commercial offering of the Echophone Radio Company in 1940. It is a 3-band communications receiver that sold for \$19.95, the lowest priced set of the kind at the time. In 1945, Hallicrafters bought out the company and slowly phased out the Echophone name. (Robert Enemark – Duxbury, MA)

MARCONI UNIT SET – This 6-piece receiver was manufactured by the Marconi Scientific Instrument Co., Ltd. Considered quite rare, its vintage is ca 1920. Each unit is numbered from 1 to 5; however, the last two units are both No. 5s, as they are 1-tube amplifiers. The top three units at the left make up the RF end and detector. (Jim Taylor – Bournemouth, England)

AUCTION REPORT

Estes Auctions Edward Sage and Floyd Stahl Collections Burbank, Ohio — November 19, 2005

REPORTED BY RICHARD ESTES

Edward Sage of Albuquerque, New Mexico, was well known among radio collectors for his wonderful Deco collection. His home was filled with Deco furniture, and mirrored radios highlighted every room. Mr. Sage had logged over 300,000 miles in pursuit of these beautiful radios.

In September 2005, due to Mr. Sage's declining health, the decision was made to sell the collection at auction. We were asked to view the collection and to make plans to move it to our Ohio facility. Wow! What an undertaking!

We were able to enlist the help of Frank Rasada, a long-time friend and fellow radio collector, to help with wrapping the radios and packing them in boxes. Bob Avery, another collector and a friend of Mr. Sage's, also offered his services. My wife Kathy and Frank did all the wrapping and boxing, while Bob and I loaded the radios and secured the boxes in the truck. Frank came up with the best way to transport the Nocturnes, and they made it to Ohio in good shape.

Held on November 19 at the Expo Auction Center in Burbank, Ohio, the auction attracted 177 bidders from 17 states and Canada. A large contingent came from the West Coast, and California was especially well represented.

The highlights, of course, were the two Spartan Nocturnes. All sorts of figures were tossed around among the crowd as to what the Nocturnes would bring. At the start of bidding on the Blue Nocturne, the number rose quickly to \$50,000. Two bidders went to the finish line, and the set sold for \$62,500.

The peach Nocturne also quickly shot up to \$50,000, but then inched slowly to the winning bid of \$57,000. Both radios had had new glass installed, but we gave the new owners the

This impressive 1936 Spartan Nocturne has replacement blue mirrored glass that is 46" in diameter. An 11-tube radio with tuning eye, it sold for \$62,500. Another Spartan Nocturne with new peach-colored glass and a new back brought \$57,000 in the auction.

original glass pieces to restore to their original condition.

We included the Floyd Stahl collection in this auction, offering a wide variety of battery sets, consoles, horn speakers, tombstones, cathedrals, tubes, books and magazines. Included were beautiful Atwater Kent 9 and 10 breadboards, Kennedy Types 281 and 525, Westinghouse Aeriola Senior and Junior, plus many other outstanding sets.

The auction was paced so that every third item would be a glass radio, a plan that insured a fast pace and completed the mirrored sets by 12:30 P.M. The rest of the auction continued

until 4:00 P.M. The proceeds totaled \$261,095.

We were thrilled to be able to conduct this auction and hope that all attendees enjoyed it as much as we did. Just looking at all those beautiful radios from a bygone era was a pleasure.

g=good, vp=very poor, BB=brass based, TT=tipped tube, gf=good fil, tg=tested good, tf=tested fair. All prices have been rounded down to the dollar. Some low cost items and items in poor condition or nonspecific descriptions are omitted.

Glass panel, mirrored blue, w/scratch	10

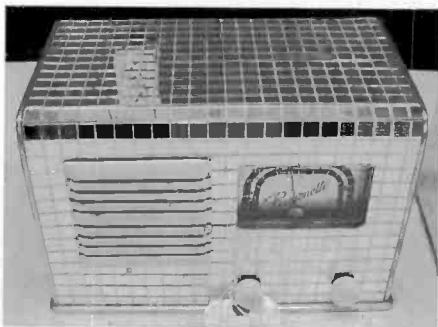

A warning: Auction prices are not current values. Our selection of auction items is not necessarily complete. A listing such as this cannot adequately include the condition of cabinets, chassis, transformers, tubes, the operating status of the set, and the inclusion of incorrect, restored or replica components, etc. Auction prices are the result of the excitement of the auction process, the skill of the auctioneer and the specific interests of the participants. Nevertheless, auction prices serve as useful references and as another element in the value determining process. The possibility of error always exists, and if we are notified, corrections will be reported.

Three Sparton mirrored radios included in the auction are pictured here. Top: the famous Sparton Bluebird. This radio is not in the best condition, as its chrome is discolored and pitted. Nevertheless, it sold for \$2,600. Middle: A 1937, peach Sparton Model 558 "Sled" — this 4-knob model sold for \$5,000. Bottom: This 3-knob version of the Sparton "Sled," a Model 557 in blue, sold for \$2,500. Photographing mirrored radios is a difficult task, as these photographs show. Note the wall paneling in the auction hall reflected in the mirrored tops, as well as the electrical outlet reflection in the bottom photo.

Glass panel, mirrored blue, w/some damage for sled	40
Glass panel, mirrored, for Sparton Bluebird ..	100

Mirrored radios, left to right, are a Troy (pictured elsewhere); a Peach Troy, which sold for \$4,500; a 1933 peach Cord (pictured elsewhere); and an aqua blue Remler, which sold for \$1,200. (Ignore reflections.)

A.R.C. RATES & POLICIES

GUARANTEE. You may cancel your subscription at any time and receive a pro rata refund for issues not yet mailed. If errors to ads are made by A.R.C., upon request a free correction will be run in the next available issue.

PAYMENT. Please send in full payment with your order or ad. A.R.C. does not carry accounts; all subscriptions, ads, etc. must be prepaid (except for the 6 and 12 month display ads indicated below). Pay in U.S. funds. Checks drawn on a U.S. bank, money orders, VISA or MasterCard (\$10.00 min.) are preferred. Make check out to "A.R.C." Cash is OK for small amounts. Canadian payers may send a Canadian check but specify *U.S. funds*. Subscriptions will be prorated to amount sent if amount is incorrect.

FAX & E-MAIL PROCEDURES/PAYMENT. Subscriptions, book orders, classified ads, display ads, etc. are welcome by fax or e-mail. Deadlines are the same as for ads received by mail. Please calculate the amount due. Payment by VISA or MasterCard is preferred if your order is over \$10. If under \$10, or if you prefer to send a check or money order, state the amount being sent and that the payment is in the mail. **Do not send another copy of your ad with your payment; simply indicate that it is a fax or e-mail payment.** If you want confirmation of our receipt of your fax, call immediately after sending your fax.

CHANGE OF ADDRESS. Please notify us 4 weeks in advance of a change of address. Send both your new and old addresses, and include your SUB# and effective date of your new address. Temporary address changes can be made also.

SUBMISSION OF MATERIAL. *Antique Radio Classified* welcomes and solicits information that pertains or relates to radio history or collecting. This may include articles, book reviews, photos, information on upcoming radio events, meetings, antique radio organizations, radio auctions, sources of old radio and restoration supplies, and other related and interesting material. All material submitted should be carefully researched, typed and accompanied by good photos, if appropriate. Computer disks are appreciated. Writing guidelines are available upon request.

PUBLISHING RIGHTS. Unless other arrangements are made: (1) All received materials (ads, articles, letters, correspondence, e-mail, photos, artwork, etc.) become the property of A.R.C., may be edited, combined with other material, published, and will not be returned. (2) For all received materials, A.R.C. is granted publishing and reprint rights in all forms of media including the monthly printed magazine, internet, etc. (3) Publication is subject to approval by A.R.C. and to time and space constraints.

MAILING OF ISSUES. U.S. subscribers can receive A.R.C. by First Class or Periodicals mail (Periodicals is the way most magazines are mailed). The mailing of First Class copies is staggered with faraway copies mailed before local copies. Non-U.S. copies are mailed on the first day. Periodicals copies are mailed on the last day. Mailing dates change each month, but mailing is usually completed by the 27th of the month. First Class copies usually are received by the 5th of the month; copies by Periodicals mail, by the 10th.

ETHICS. No person involved in the production of A.R.C. is to act on any information in the magazine until the first delivery day after local copies are mailed.

DISCLAIMER. The publisher is not responsible for any buying and selling transactions incurred, or for any other use of the contents of this publication.

Antique Radio Classified subscription rates, frequency of publication, content, policies, size and ad details, and rates are subject to change at any time by A.R.C.

DISPLAY AND BUSINESS CARD ADS • DETAILS AND RATES

The deadline is the first of the month for display and business card ad artwork, payment and repeat requests.

Advertising is accepted only for early items related to radio, communication, etc. All items must be described fairly; reproductions, reprints and not-original items must be so identified. Advertisers must agree to respond promptly to inquiries and orders, to resolve problems promptly if the buyer is not satisfied, and to comply with a buyer's refund request on unaltered returned items.

Advertising must be prepaid, except as noted below; see "Payment" paragraph above for details. Late ads will be run only if space and time permit. **Originals must be the artwork size listed below.** Send all artwork on disk or ask us to typeset it for you. Do not send in artwork on artboard or send negatives. Please call for instructions on how to send your electronic ad. If used, reverse type must be limited to 25% of the ad. If you want us to prepare your ad, include the one-time cost below for A.R.C. to make up the ad.

Add \$16.00 per photo for screening unless part of an existing electronic ad. **Do not cut or trim photos or glue photos to artwork; submit separately.**

If you are confused by these requirements and terms, please

contact A.R.C. before beginning to prepare your ad. We will be happy to advise you on your ad ideas, estimate how much the ad will cost, recommend an ad size, etc.

We assume that advertisers want all ads which are submitted to run without delay; therefore, we will run the ad and bill for any additional work required for the ad to meet these specifications. A late ad will run beginning with the next month. "Tear sheets" will be sent only for 1/16-page or larger ads and only if requested when the ad is submitted.

First business card per advertiser is at lower rate.

The 3-month rates represent about an 11% discount, the 6-month rates 23%, the 12-month rates 30%. Placement requests: add 15% but call first. Clubs: write for discount policy.

Page	ARTWORK SIZE (SEND IN THIS SIZE)		As Printed (size in magazine)		Cost for 1-month	Cost for 3-months	Cost for 6-months	Cost for 12-months	One Time to make up Ad

E-mail: arc@antiqueradio.com

Web: www.antiqueradio.com

CLASSIFIED ADS • DETAILS AND RATES

ONE FREE 20-WORD AD for subscribers in each issue; additional words are 29¢ each. See details below. Classified ads sent by mail, fax, e-mail or by any other method must be received (not just postmarked!) by **Noon Eastern Time** on the classified ad deadline date to guarantee inclusion in the current issue. Late ads are held for the following issue. Please enclose correct payment with all ads. Cash is OK for small amounts. (Canadian and other foreign advertisers, please see "Payment" on opposite page for methods.) "Free words" cannot be accumulated from month to month; free words must be requested when ad is submitted.

Faxed & e-mailed ads: Please see additional information on opposite page.

When including ads with other A.R.C. correspondence, write the ads on a separate piece of paper. Include SUB# with ad. Ads may be sent in advance; but, write each ad on a separate piece of paper and indicate the month (or successive months up to your subscription expiration; 12-months, maximum) you want the ad to run.

To minimize our typing errors: Please write legibly. Use both capital and small letters. Do not use a dash between words. Carefully write the following numbers and letters (especially in model numbers) since some can look alike; for example 1, l and I (the number one, the capital i and the small L.) Also: 0, O, o, Q and D; v, r and n; 6, b and G; V, U, u, v and Y; A and R; 5, S and s; 2, Z and z. We try to correct spelling errors, so when using an uncommon word or manufacturer which we might mistake as a more common word or manufacturer, note it so that we do not "correct" it. Editor's annotations are in [brackets] in ads.

Advertising is accepted only for early items related to radio, communication, etc. All items must be described fairly; reproductions, reprints and not-original items must be so identified. Advertisers must agree to respond promptly to inquiries and orders, to resolve problems promptly if the buyer is not satisfied, and to comply with a buyer's refund request on unaltered returned items.

Classified ads must have a standard heading such as WANTED, FOR SALE, FOR TRADE, FOR SALE/TRADE, SERVICES, MESSAGE, HELP, AUCTION, MEET, FREE. This heading is the only bold or all-capitalized words allowed in the ad. Capitalize only manufacturer names, model names, etc. This standard ad format makes scanning the ads easier.

Before writing your ad, please look over the ads in a recent issue of A.R.C., and try to write your ad in the same style. Full name (or company name) and address is required in all classified ads; we will add it if you forget.

The publisher reserves the right to edit ads without notification to the advertiser and to reject ads for any reason. Names other than the advertiser will be edited out of ads. Ads with non-radio-related items will be returned or edited unless the non-radio-related items are for trade of radio-related items, or they are incidental to and appear at the end of an otherwise acceptable ad. The publisher is not responsible for errors due to illegibly written ads or for any other reason. See also Publishing Rights on opposite page.

Clubs: Since club activities receive free coverage on the *Coming Radio Events* pages, the free 20 words may not be used for club activity ads. A discount on display advertising is available for clubs.

Classified Ad Rates per Month

Deadline: NOON ET— 10th of the month!

Subscribers:

First 20 words: **FREE***
29¢ per word for extra words over 20 **plus**
10¢ per word for a shaded ad (count all words including free words).

* Subscribers may take 20 free words on only **one** ad each month.

Non-Subscribers:

47¢ per word **plus**
10¢ per word for shaded ad.

Please do not forget to send in the extra 29¢ per word when your classified ad runs over the free 20 words; your payment will be appreciated, and it will help to keep A.R.C. healthy.

PHOTO & DRAWING DETAILS

Deadline: 1st of the month
for all ads with drawings or photos!

Drawings and photos are encouraged as the response to your ad is much larger and the reader knows better what you want or are selling. Send in your drawing or photograph, and A.R.C. will reduce it or enlarge it as needed.

Photo and Drawing Rates per Month

\$23.00 per month for each photo or drawing
(If ad is canceled, this amount cannot always be refunded.)

CHANGES & CANCELLATIONS

Please check your ads carefully before sending them in. Once ads are received, it is not always possible to refund the amount sent, pull the ad or make changes.

IMPORTANT — COUNTING WORDS — IMPORTANT

The standard headings: WANTED, FOR SALE, etc., count as one word each time used in an ad. Name, address and (one) telephone number, count as 6 words, regardless of length. Ham call letters and business name can be included in the 6 words and do not count extra. Full name (or company name) and address is required in all classified ads. Each additional word, abbreviation, model number or number group, extra telephone numbers, fax, e-mail, etc. count as one word each. Hyphenated words count as two words.

Vintage Radio Auction

Saturday, June 24, 2006 at 10 AM EDT

The Fred Bright Collection

at the Expo Auction Center

8157 Garman Rd., Burbank Ohio (Exit 204 off I-71)

then south on SR #83 to the Duke & Duchess Gas Station, turn left
onto Garman Rd. and follow 1 mile to the auction facility.

We are pleased to offer the collection of Fred Bright from Oklahoma City, Oklahoma. Fred was an avid antique collector of many years and became well-known in the southwest area buying and selling radios. He has selected us to sell the collection at our Burbank, Ohio site. This sale will include the following items: An Atwater Kent Model 9 breadboard, Atwater Kent Model 10 breadboard, Atwater Kent Model 12 breadboard, Atwater Kent neon sign, Atwater Kent papier-mâché crest emblem, Atwater Kent backlit signs, Howard Radio neon sign, DeForest F-5, DeForest D-10, DeForest 7-A, DeForest interpanel MR-6, DeForest interpanel D-2, Erla one tube, Bristol one tube amp, very nice Nesco BC-131, Kennedy Type IV, Kennedy Type V, Kennedy Type VI, Kennedy Type 521 amp, Kennedy Type 525 amp, Kennedy Type 220, Kennedy Type 110, Kennedy Type 281, rare Kennedy one tube receiver Type 311, a beautiful Grigsby tortoise shell orange celluloid horn speaker, rare like new Amplion Dragon Fly miniature horn speaker, Burns petal speaker, frame for a cone speaker featuring an angel, other cone speakers, many horn speakers including Music Master and Orchestron, Western Electric Type 7-A amp, Western Electric 2A power supply, Lincoln loop antenna w/the box, an UTT-Williams loop, Fiat loop antenna, Echophone DA-31, Radio Shop 3 tube Paramount, Zenith 3R, Neutrowound w/black, BC-14A WWI crystal radio, Melody King crystal set, Lamp crystal set, Beaver Baby Grand, PAL crystal set, Howe, Philmore Blackbird and other crystal sets, Murdock loose coupler, Ware 3-tube, Ware 4-tube, Music Master 4-tube, RCA Tubes advertising clock, Crosley and Philco grandfather clock radios, a Majestic antenna lamp, Atwater Kent antenna lamp, Atwater Kent lamp base, a Crosley Pup, Crosley 50, 50A, 51, 52, Crosley VI, Crosley X, Crosley XI, Aeriola Jr., Aeriola Sr., Radiola III, IIIA, Radiola IV, Radiola V, Radiola 16, 20, 25, a chalk Nipper dog and Atwater Kent tapestry. The sale includes a variety of cathedral and tombstone radios, lots of wood and Bakelite table top radios, many parts, a large collection of headphones, several thousand tubes to include many early types, a large selection of radio magazines and books. Nice old Sylvania radio thermometer. This will be a good auction with many scarce pieces. Make plans to join us. Watch for our July auction! Terms: Cash, check, Visa, M/C. 5% gallery fee.

Vintage Radio Auction

UPDATE

**Saturday, April 22, 2006 at 10 AM EDT
The Collection of Dexter T. Deeley**

at the Expo Auction Center
8157 Garman Rd., Burbank Ohio (Exit 204 off I-71)
then south on SR #83 to the Duke & Duchess Gas Station, turn left
onto Garman Rd. and follow to the auction site.

At this superb auction, we will also offer a rare Type 5 Atwater Kent. This is not the breadboard. But is a unit made by Atwater Kent and housed in a case similar to the Model 20 Big Box. The lid has the breadboard type ends. This is a rare Model and would grace the collection of any Atwater Kent collector. Also in this sale, an Atwater Kent Model 19, a crystal set collection with 30 pieces, several thousand tubes and these will include early types also. Lots of radio magazines and books. Coming up in our June auction will be a collection from Oklahoma and will include Atwater Kent breadboards, an Atwater Kent neon sign, Howard Radio neon sign, Atwater Kent crest wall-hanger, back-lit signs, lots of radios, speakers, tubes and parts. Watch for a full page ad on this auction in *Antique Radio Classified* - April issue. We hope to see you at one of our auctions this year.

Estes Auctions

*Specializing in Vintage Radios
Complete Auction & Appraisal Service*

Vintage Radio Auction

Saturday, April 22, 2006 at 10 AM EDT

The Collection of Dexter T. Deeley

at the Expo Auction Center

8157 Garman Rd., Burbank Ohio (Exit 204 off I-71)

then south on SR #83 to the Duke & Duchess Gas Station, turn left
onto Garman Rd. and follow to the auction site.

Estes Auctions is pleased to be selected to offer the vast collection of Dexter T. Deeley of Lake Lure, North Carolina. As a collector Dexter spent 50 years in the hobby. His first radio and the one that led to collecting all those years, was a Crosley Pup with the original box which he still had and it will be sold in this auction. Dexter was a very active member of the AWA while residing in New York. He joined the AWA in 1963 and became treasurer in 1968. He served 30 years at that position. He was the type of radio collector that would take time to help anyone who was just getting started in this great hobby. With his retirement and moving to North Carolina Dexter felt it was time to let others enjoy his collection. Among the offerings are a Grebe CR-3, CR-5, CR-6, CR-8, CR-9, CR-12, CR-13, CR-14, Grebe Clarifier, Grebe RORN, Grebe CR-18 with coils, Grebe RORD, Grebe RORH, Grebe RKAB, Grebe RORK, Grebe RORJ, Grebe Synchrophase 7, Zenith 3R, Zenith 4R, Zenith 2M, Magnavox AC-2 amp, Amrad 2634-3475, Western Electric 4D, 2B tuning unit and 7A amplifier, Western Electric loop antenna, Kennedy Type 311 portable, Kennedy 220, Kennedy 525 amp, Kennedy Model 15, Kennedy Model 5, Kennedy Model 20 Type 440, Kennedy 35 Type 445, Kennedy 281, Kennedy 521 amp, Kennedy T-3, Kennedy 110, Federal 61, Federal 58, Federal Jr. crystal set, Federal 57, Federal 110, Federal 102, Federal Pleiophone, Tuska 225, Tuska 228, Tuskadyne, Tuska Superdyne Jr., Clapp-Eastham HR, Type HZ amp, GE ER-753 crystal set, GE ER-753A, Radiola Special, Radiola 6, Radiola VII, Radiola VIIB, Radiola Super VIII, Radiola Regenoflex, Radiola V, Radiola VI, Radiola 28, Radiola Grand, Radiola X, Radiola IV, Radiola III, IIIA, Radiola 24, Radiola Sr., Radiola Type RS, DeForest interpanel set, DeForest D-10 w/loop, Adams Morgan RA-10, Adams Morgan DA-2 amp, Radiola II, crystal sets DeForest DT600, AW Gamage, Radiola Bijou, Geophone, Meago MR-101, RDO R-100A, Kilbourne & Clark, Giblin, Marvel, A.C. Gilbert and others. Crosley Type 50, 50A, 51, Type 5, 6, 52, 52SD, 51SD, Type XI, Trirdyn 3R3, 51 portable, Super Trirdyn, Wireless Specialty 501, many horn speakers, loop antennas and AMATEUR RADIO RECEIVERS Breting 12, Hammarlund HQ-120, National NC-183D, National NC-300, converter & speaker for NC-300, National HRO-60 w/coils, National SW-3, RME-69, Hallicrafters HT-33 amp, HT-32 xmtr, SX-100 receiver, Hammarlund Comet Pro, Central Electronics - 100V, National HRO-500 new w/box, Heathkit DX-60, 10B, HR-10, HG-10 VFO, Knight P-55 receiver, Lafayette KT-200, Globe King 500. Also many other radios, early meters and tube testers. We will update the sale as time passes so watch *Antique Radio Classified*. Preview April 21 from 4 pm til 8 pm and from 8 am til sale time on April 22.

EXTRAVAGANZA '06

Hosted by the Michigan Antique Radio Club

July 7 & 8, 2006

Holiday Inn South Convention Center
6820 S. Cedar Street, Lansing, MI 48911
(517) 694-8123

Come join us for our 21st Anniversary

This year we are proud to honor PHILCO as we celebrate the 21st anniversary of the Michigan Antique Radio Club. We are celebrating the company that created some of the most memorable achievements from the quintessential Cathedral radio, to the Mystery Box remote to the Predicta. Everyone has collected a Philco!

PHILCO

HIGHLIGHTS:

- HUGE 2-DAY FLEA MARKET
NOTE: FLEA MARKET OPENS FRIDAY!
- HOSPITALITY UNDER THE BIG TOP
- SATURDAY AUCTION WITH RICH ESTES
- EQUIPMENT CONTEST
- INFORMAL SOCIAL HOUR WITH LIVE ENTERTAINMENT
- PHILCO EXHIBIT
- 4 INFORMATIVE PROGRAMS
- DAILY PRIZE DRAWINGS

For information contact: Bryan Wilemon, 9924 Rosedale (new!), Allen Park, MI 48101.
E-mail: abpushpull@aol.com or check out our web page at www.michiganantiqueradio.org.

EXTRAVAGANZA '06 Registration

Please NOTE: To encourage participation by the general public, buyer's access to the flea market is free but we request that everyone participating in EXTRAVAGANZA must register! The monies collected as a result of registrations are a major source of revenue that helps pay for the event. Your cooperation is greatly appreciated.
