

DIRECTORY OF AM AND FM RADIO STATIONS IN THE U.S.

Note: Listed in this directory are all am (amplitude modulation) and fm (frequency modulation) stations in the U. S. and its territories. Information for each station listed below has been corrected to Aug. 1, 1959. Where applicable, the following data are shown in this order: call letters, date station began (or intends to begin) operation, frequency, power, station address, telephone, TWX number, name of licensee together with date present licensee acquired station, national and regional network affiliations, national representative, hours of specialty programs (Negro or foreign language) broadcast each week, executives, companion fm and tv stations.

For each station associated with newspaper ownership

and/or multiple owners of radio and/or television stations the phrases "see Newspaper Ownership" or "see Group Ownership" appear after the name of the licensee. These refer to specialized directories which may be located by consulting the Facilities index on page B-1.

For fm stations which are companions of am stations and which duplicate the programming of the am, only facilities are listed. Fm stations which are programmed and operated independently are listed in greater detail.

Appropriate note is made of television companions of radio stations listed here. Full information about all television stations is presented in the Directory of Television Stations in the U. S. beginning on page B-3.

EXPLOSION!

That sound you're hearing from the lower left hand corner of America isn't caused by nuclear fission. It's the 19th market . . . bursting wide open. San Diego. Working, playing and buying at a furious pace. And KFMB Radio echoes the healthy, vibrant sounds. CBS speaks from around the world. Our own reporters know this market intimately — and vice versa. Happy music, nice personalities. Variety. Overall, San Diego's own bounce, pace and life captured by the station with the biggest audiences in the better part of Southern California. We have a corner on this corner of the country and it will throw open its pockets and purses for you through us. Touch our fuse and —stand back!

WGAY PIONEERS IN MAJOR PROGRAMMING "BREAK-THROUGH"

WASHINGTON, D.C.—WGAY, maintaining studios in Maryland, Virginia and the District of Columbia, has pioneered in two major "break-throughs" in present-day stereotyped programming. All newscasts are presented without commercial interruption, and the station features "Music-Casters" playing a wide range of music—from Mantovani to Crosby.

Nearly a million Government employees and their families now have their own "Voice of Government" Radio Station in this rich Metropolitan area, according to WGAY President and Chairman of the Board, Connie B. Gay.

Verified figures already obtained from home interviews and car-pool drivers show that over 62 per cent of these high income Government people turn first to 1050 on their radio dial (WGAY's better music frequency) to find out what goes on in their own departments. As a result, sponsors are experiencing results unheard of in Washington area merchandising.

IT PAYS TO KNOW THE ANSWERS

Today, people whose success in the broadcast advertising business depends on being well informed find BROADCASTING the most complete, authentic source of TV-radio news. For over a quarter-century they've found up-to-date answers on virtually everything about TV-&radio in BROADCASTING Magazine, THE authoritative business-weekly in this multi-million dollar field. Edited by professionals for professionals, BROADCASTING stands alone as the best way to know about TV-&radio and to advertise to those who make its major decisions.

More people pay to get BROADCASTING than for the next three publications combined. Be sure BROADCASTING is your G-2 source for the right answers.

BROADCASTING
THE BUSINESSWEEKLY OF TELEVISION AND RADIO

The only publication in the radio-tv field with membership in Audit Bureau of Circulations and Associated Business Publications.

No other Indianapolis station offers listeners so many different personalities . . . different voices . . . plus a variety of music to give a daily lift to their listening. This

variety assures an even larger cumulative audience. No wonder you get *more listeners, more action and more sales* when you use Indiana's BIG FOUR WFBM disc jockeys.

Ask your KATZ man for details.

*to sell the most Hoosiers
be sure your product
is cooking in the hottest pot!*

PEOPLE work – play – LIVE by RADIO!

WHO Radio Reaches From 18% to 35% of the Total Radio Audience in 93 "Iowa Plus" Counties, Sign-On to Sign-Off!

PAINTING or polishing, at work or play—radio is always close at hand. There's no other medium that sells *so often, so economically, so completely*. The "do-it-yourselfer" certainly can't mend screens while he watches television or reads a magazine or a newspaper.

But selecting believable, big-audience radio stations for your schedule is as important as radio's own special appeals.

WHO Radio is the very best in all Iowa—the station that is aggressive, alert, *alive!*

The 93-county area Pulse Report (Feb.-March, 1959) gives WHO Radio from 18% to 35% of the total radio listening audience—first place in every quarter hour sur-

veyed—the balance being divided among 88 other stations!

WHO Radio's superior facilities, personnel and programming pay off. WHO is a solid salesman—a "pro" that people BELIEVE. Ask your PGW Colonel for all the details on WHO Radio—serving *Iowa PLUS!*

DEFINITELY THE FIRST CHOICE FOR 19 YEARS

Again in 1959, WBOC Radio is the choice of more general advertisers day by day than any other medium in the central Del-Mar-Va Market. And these advertisers willingly pay the regular published rates because they know all others on WBOC do so.

Through the years WBOC Radio has built public confidence, prestige, stature that make possible maximum returns on the advertisers' investment.

study of
New England
radio!

RADIO STATION WHDH-BOSTON HAS PUBLISHED THE RESULTS OF A RADIO AUDIENCE IMAGE STUDY CONDUCTED IN THE NEW ENGLAND 25 COUNTY WHDH COVERAGE AREA.

The Audience Image Study is the work of Pulse, Inc. of New York, one of the nation's largest, most respected research organizations, and is the first of its kind ever undertaken in the New England market.

Eight thousand New England families were surveyed by Pulse, Inc. in a 1959 WHDH area study, and a representative sample of one thousand men and women 15 years of age and older were interviewed in depth in an effort to measure the character of the radio audiences of six leading Boston radio stations.

The intense national interest in "ratings" and the great need for more definitive information regarding radio audiences should make this WHDH report one of the most widely read studies in the history of New England radio.

To **WHDH** Dept. 4

6 St. James Avenue
Boston 16, Mass.

Please send me a copy of the WHDH Audience Image Study.

How to sell New York's CAPTIVATED audience

What makes a radio audience responsive? For one thing, the way listeners *listen*. WQXR's good music format compels active, attentive listening, captivates more than one million families, makes sales for over 400 advertisers. For listeners and advertisers alike, WQXR is America's Number One Good Music Station. Ask us to send you some case histories.

IN SYRACUSE THE BIG SALES ARE MADE IN AND TO THE SUBURBS!*

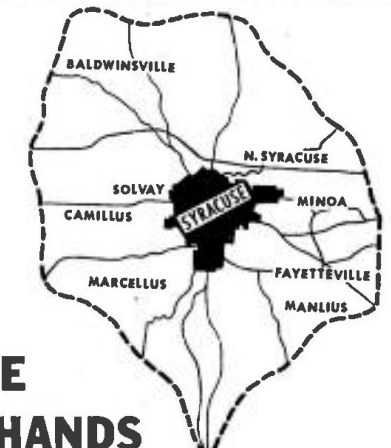

54.3% of all Syracuse department store credit customers and 61.4% of all credit sales are made to customers in the Syracuse suburbs. Syracuse suburbanites, (who make up 46% of Greater Syracuse population), spend more on the average, too! The same holds true for food, drugs, beverage and gasoline sales, too. WSEN programming is geared to and holds the modern adult buyer in upstate New York's most rapidly growing area.

Fargo is the SPENDINGEST city in the U. S. A.

And WDAY gets by far the biggest audience
in this 54-county area!

The Consumer Markets pages of "Radio Rates" show that Fargo is the No. 1 city in the U.S.A., for Retail Sales Per Family!

Also — the Jan. 19-Feb. 13, 1959 Pulse Area Survey shows that WDAY is *by far* the top station among 37 that compete for audience in our 54-county area.

All this confirms the wisdom of you advertisers who have been choosing WDAY *since 1922!* There just ain't no station anywhere else in the U.S. that does so much — for so many — for so little! Ask PGW!

Marion trading area offers national and regional distributors an ideal test market. Small enough to be economical, large enough to be indicative. It is a healthy, expanding, but conservative market. Competition among retailers is intense. Merchandise and services which can make the grade in the Marion Market will succeed in any normal American community. Nineteen years of personal service by veteran staff members offers the advertiser audience acceptance and product prestige.

FIRST in Popularity and Power for the 4th Straight Year...

WESC has ranked FIRST in listeners in the Greenville market four out of five times in the past five years. In fact, WESC has come out on top each year since 1956 — including the most recent 10-county survey (Pulse, April-1959).

WESC matches this listener dominance with an equally clear-cut power advantage, reflected in every Nielsen and engineering coverage study.

To be highest in listeners and coverage — and lowest in cost-per-1,000 — select:

Position*	Greenville Popularity Rank				
	1955	1956	1957	1958	1959
1	Station A	WESC	WESC	WESC	WESC
2	WESC	Station A	Station A	Station A	Station A

✓ the station with EVERYTHING
... including listeners!

KRLD has listeners who listen. Its "varied programming" has made the 1080 dial spot a favorite for more than 30 years. Year in, year out KRLD has been the most listened-to, full-time radio station in Texas. (Check NCS No. 2) It's a must buy among the major markets of the nation.

No. 1

● In Audience

Rating services and telephone polls consistently show KIRO as the total audience leader. Top CBS shows skillfully integrated with KIRO's creative, hard selling local personalities, provide a winning audience and sales combination.

● In Coverage

Here's real saturation coverage of a market—from California to Alaska, KIRO's dominant 50,000 watt, clear channel voice reaches over 2,000,000 customers in the primary listening area.

● In Acceptance

A consistent policy of community service, as evidenced by the receipt of the PEABODY Commendation and other major awards, coupled with informative and authoritative programming concepts, have earned KIRO a justifiable reputation as "the informed, believable voice of the Pacific Northwest."

Your PGW Colonel has the complete story on NO. 1 Radio in the Pacific Northwest. Call or wire him today.

limelight medium

The spot medium is now more than ever in the spotlight as astute advertisers continue to discover that when spot is used as a primary medium, it kindles its most spectacular successes . . . moves unprecedented mountains of merchandise.

Equally in the limelight is H-R's total service policy which assures represented stations that continued research, promotion and programming services vitally contribute to all their areas of operation. Another facet of its Working Partnership credo, total service implements H-R's basic sales function.

*Washington throwing dollar
across Rappahannock - J. Dunne '59*

Nobody could ever make a dollar go farther (until ABC Radio came along)

Perhaps *your* pitch is falling short . . . not enough impressions getting across. Sounds like a good time to reappraise your media lineup . . . find out where you can best add more muscle and momentum—*without* adding more dollars to your budget. And *that* sounds like the ABC Radio Network.

Look what ABC delivers:

1. Millions of additional advertising impressions at one of the lowest costs per thousand available in any media today.
2. Exciting, smart-selling personalities who go all out to help with your merchandising efforts.

3. Thorough coverage of nationwide distributor areas, with more opportunities for dealer-distributor tie-ins on local affiliates.

4. Astounding, continuing growth. More than 2,600,000 homes added to ABC's (and *your*) potential audience since last year—the equivalent of 5 major markets.

Best of all, when you realign your schedule to include ABC (and the many advantages it offers), you can keep your budget at its present level . . . or even reduce it a bit.

And, especially these days, that's an awful lot of distance for a dollar.

**In America,
the word for
TV entertainment**

is "American!"

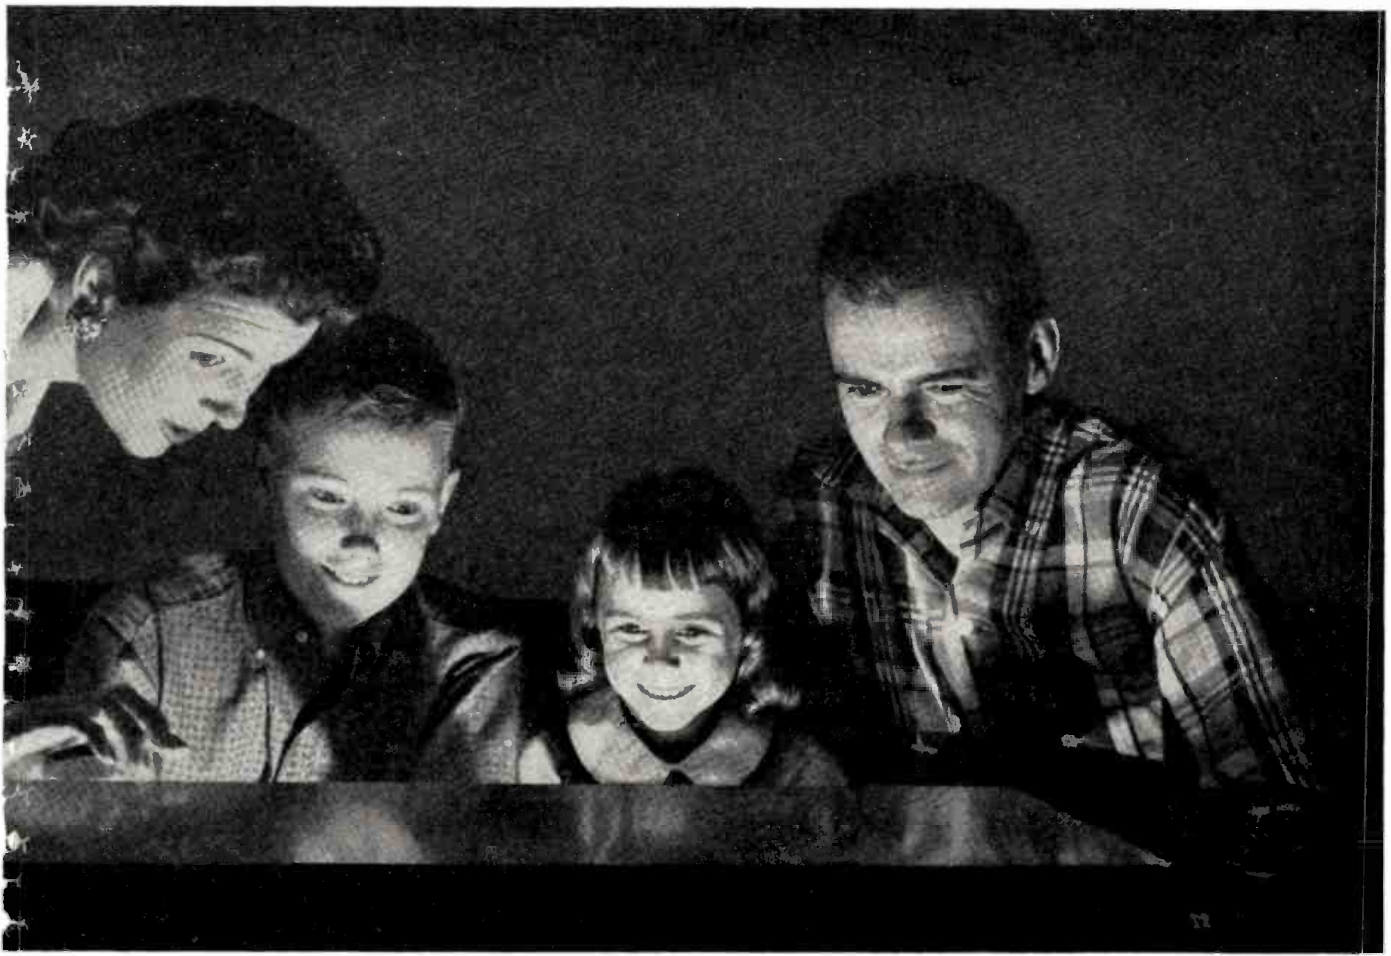

Americans, like people anywhere, come in all shapes and sizes. But this past year, they had at least one thing in common – more of them turned to “American” (the American Broadcasting Company Television Network) than to any other network.

In recent months, ABC has consistently been the most popular network most nights of the week, has had more of the top-rated shows, has enjoyed by far the greatest audience growth of any network.

But audience growth is only part of the American Broadcasting Company picture. When you consider its ever-increasing chain of affiliated stations, its many new facilities and its trend-setting management team, you can see that the network to watch very clearly is “American.”

ABC-TV NETWORK RATES

(As of June 19, 1959)

Below are gross rates for Class A hour. Class A time is 6-11 p.m., Sunday through Saturday. Class B rate (75% of Class A rate) applies to stations not primarily affiliated with ABC-TV. Class C time (50% of Class A rate) is 11 p.m. to sign-off Sunday through Saturday, 9 a.m. to 6 p.m. Saturday and Sunday, and 5-6 p.m. Monday through Friday. Class D time (33.3% of Class A rate) is daytime hours up to 5 p.m. Monday through Friday, except for special programs on national holidays, which are charged as Class C. Rates for periods less than one hour are charged at these percentages of the hour rate: 80% for 45 minutes; 60% for 30 minutes; 40% for 15 minutes; 33 1/3% for 10 minutes and 26 2/3% for 5 minutes. One-minute participations are priced as follows: in Class A time 22%; in Class C and D (4 commercials per half-hour) 16 1/3%; in Class C and D (6 commercials per half-hour) 15%.

ABC has no must-buy list of basic stations. Its rate card states: "Advertisers are required to purchase for each program a minimum cleared gross for station time equivalent to \$80,000.00 for each Class A hour telecast."

*Nielsen Television Index, 2nd June Report

**NTI, October 1958-June 1959; Average audience basis; nighttime, 6-11 pm, Sunday-Saturday; daytime, 7 am-6 pm, Monday-Friday

GRAND TOTAL!

Today, for the 96th consecutive rating period since July 1955, the CBS Television Network is attracting the biggest average nighttime audiences in television.*

Since the latest television season began last October, the Network has provided advertisers not only with the greatest average *nighttime* audiences (14% larger than the second network; 26% larger than the third) but with the largest average *daytime* audiences as well (8% bigger than the second network; 98% bigger than the third). It has also averaged as many of the Top 10 programs and as many of the Top 40 as the other two networks combined.**

This record provides the simplest explanation of why the CBS Television Network is today for the seventh consecutive year the world's largest single advertising medium.

MUTUAL NETWORK RATES

(As of July 15, 1959)

These are gross rates for one hour.
Day and night rates are the same (although full network costs about 7% less at night because some MBS affiliates are daytime only).
Mutual's hourly rate (daytime) for 400 stations is \$13,753; nighttime for 354 stations is \$12,363; half-hourly rate (daytime, \$8,679) (nighttime, \$8,205); quarter-hourly rate (daytime, \$5,786), (nighttime, \$5,470).
Mutual has special rate schedules for shorter periods—particularly its five-minute news segments, sold nationally on the half-hour of every hour from 7 a.m. to 12 midnight, eastern time. Five-minute newscast (from 7 a.m. to 8 p.m., \$750) (after 8 p.m., \$600). One-minute participation in newscast (from 7 a.m. to 8 p.m., \$800) (after 8 p.m., \$480). Thirty-second adjacency to newscast (from 7 a.m. to 8 p.m., \$450) (after 8 p.m., \$360). Twenty-second adjacency to newscast (from 7 a.m. to 8 p.m., \$350) (after 8 p.m., \$280).

NBC RADIO NETWORK RATES

NBC Radio does not list rates for affiliates individually. It sells on a "full network" basis. Privately it has set up a schedule of percentages to compute rebates to advertisers for stations that fail to clear. These percentages are not made public.

Gross costs of participations, full network, follow:

Participation or Segment	Mon-Fri		Mon-Fri 8 p.m. to 8 p.m. and "Monitor" Sign Off
	Sign On to 8 p.m.	8 p.m. to 8 p.m.	
5 minutes	\$1,300	\$1,150	
1 minute	1,150	1,000	
30 seconds	850	750	
6 seconds	300	250	

These prices guarantee clearances of stations whose aggregate percentage is equivalent to 35% of the full network rate.

Gross costs of five-minute units, full network, effective June 16, 1959, follow:

Number of 6-minute Units Used Weekly	Cost per 5-minute unit
1 unit	\$1,754.58
2 units	1,651.35
3 units	1,548.13
4 units	1,394.93
5 units	1,367.50
6 units	1,290.11
7 units	1,238.50
8 units	1,188.90
9 units	1,138.29
10 units	1,088.69
Over 10 units	1,032.08

Larger time units are computed as multiples of five-minute units. Thus gross time charges for a quarter-hour are three time units times

Networks CONTINUED

NBC RADIO RATES (Continued)

\$1,540.25 or \$4,620.75. A half-hour is six times \$1,283.54 or \$7,701.25. An hour is 12 times \$1,026.83 or \$12,322. Programs of 15 minutes and longer cost 75% of quoted prices at or after 8 p.m. Monday through Friday.
