# Radio Formats Defined

*Broadcasting & Cable Yearbook* defines a radio format as programming broadcast over 20 hours weekly. Programming broadcast from one to 20 hours weekly is defined as special programming. This is not a hard and fast rule, however. Some stations may report programming unique to their main programming format(s) as "special" programming regardless of the number of broadcast hours.

Most stations broadcast one format, though some stations report having two or more formats. A station that lists four or more formats is categorized as "Variety/Diverse." Formats which did not fit into a specific category (such as beach music) are listed as "Other."

At present, *Broadcasting & Cable Yearbook* recognizes 71 different formats. These formats are listed below, with appropriate definitions.

This listing is followed by a breakdown of formats by state and by province. The chart on page B-592 gives a breakdown of radio programming by AM/FM and commercial/noncommercial stations in the U.S. and Canada.

**AAA (or Triple A)**—Adult Album Alternative. Eclectic choice of music ranging from hard rock to folk music.

**Adult Contemporary**—Recent popular songs, with a few oldies. The songs tend to be upbeat and soft. News and talk segments are prominent during rush hour "drive times." Also known as "Lite."

**Agricultura & Farm**—News, weather and features of interest to farmers and others involved in agriculture.

**Albanian.**

**American Indian**—Programming for North American Indians, includes native language (ie: Navajo) broadcasts.

**Arabic.**

**Armenian.**

**Beautiful Music**—Uninterrupted, instrumental soft music. There is usually very little talk, and few commercials. Also known as "Easy Listening."

**Big Band**—Popular music from the thirties and forties. Primarily instrumental works by bands such as Glen Miller's Orchestra and Tommy Dorsey. Also see **Noataglia**.

**Black**—Music, talk and news targeted at Black listeners. Music at these stations is similar to Urban Contemporary stations, but this format caters more directly to the interests and tastes of Black audiences.

**Bluegrass**—Related formats are Country and Folk.

**Blues**—Some Jazz and Progressive stations also program blues music.

**Children**—Programming for children, usually for educational purposes. Includes music, informational programming, and news presented for young people.

**Chinese.**

**Classic Rock**—Popular rock music of the seventies and eighties. Also see **Rock/AOR**.

**Classical**—Classical music, often long pieces played without interruption. Announcers provide extended commentary and criticism on the pieces. Special features, such as live concerts, are common. Primarily a noncommercial FM format.

**Comedy**—Recorded stand-up comics and/or old radio comedy series. A rare format.

**Contemporary Hit/Top-40**—Current hot selling records. Usually a playlist of 20 to 40 songs continuously played throughout the day. DJs are often upbeat "personalities." News and information are given light coverage.

**Country**—Country music, ranging from older traditional country and western to today's "Hit Country" sounds. The amount of news and talk on country stations varies widely from station to station.

**Croatian.**

**Czech.**

**Disco**—High-energy dance music first popular in the seventies. Also see **Black** and **Urban Contemporary**.

**Drama/Literature**—Dramatic readings, poetry, and broadcasts of live dramatic performances. A rare format in the U.S. and Canada.

**Educational**—Informative and instructional programming, such as over-the-air college courses. Primarily a noncommercial format.

**Farsi.**

**Filipino.**

**Finnish.**

**Folk**—Played full-time on very few stations, American folk music is also heard on noncommercial Variety stations. Also see **Bluegrass**.

**Foreign Language/Ethnic**—In addition to the specific language categories (i.e. French, German), this format denotes multilingual stations and others catering to ethnic minorities.

**Franch.**

**Garman.**

**Gospel**—Especially popular in the South, evangelical music is programmed on many Religious format stations.

**Greek.**

**Habraw.**

**Hindi.**

**Hungarian.**

**Irish.**

**Italian.**

**Japanese.**

**Jazz**—Primarily a noncommercial FM format. Some Classical stations program jazz music features.

**Jewish.**

**Korean.**

**Lithuanian.**

**MOR (Middle-of-the-Road)**—Traditional AM format featuring a balanced mix of music, news and talk. Songs are usually popular standards. Announcers are often personalities who try to keep the listener interested and informed. News, both local and national, plays an important role at most MOR stations; coverage of sporting events and other features of interest to the community is common.

**New Age**—Soft "fusion" (a form mixing elements of jazz and rock), often played as background entertainment. As the name implies, this format is a recent development.

**Nova**—Continuous coverage of local, national and international news, including sports, weather forecasts and features.

**News/Talk**—Combination of news and talk formats. One of these elements may receive more emphasis. Also see **Nova** and **Talk**.

**Nostalgia**—Popular tunes from the thirties, forties and fifties. Nostalgia stations often feature on-air personalities, and usually have heavy news and information coverage.

**Oldies**—Hit songs from the fifties, sixties and seventies. Usually played by upbeat DJs, with news, talk and special features (chart countdowns, trivia contests, etc.) playing an important role.

**Other**—Programming which falls outside the categories listed here.

**Polish.**

**Polka**—Music for the traditional dance. Most polka format stations are located in Wisconsin.

**Portuguese.**

**Progressive**—Progressive stations play many types of music, often including avant-garde music not played on conventional stations. Primarily a noncommercial format, common among college radio stations. Also known as "alternative."

**Public Affairs**—Community interest programming (ie: broadcasts of city council meetings.) Many noncommercial, News, and Talk stations cover local issues on news features or talk shows.

**Ragga**—Jamaican music. Often played on Progressive stations.

**Religious**—Inspirational/spiritual talk and music. Most religious stations air Christian sermons or songs. Also see **Gospel**.

**Rumanian.**

**Scottish.**

**Serbian.**

**Slovak.**

**Slovenian.**

**Spanish.**

**Sports**—Play by play and taped coverage, sports news, interviews, discussion.

Listener call-in and interview shows are common, and the host's personality tends to be an important element. Many talk stations air national satellite-delivered talk programs. News, sports and weather are usually emphasized during "drive times." Also see **News** and **News/Talk**.

**Ukrainian.**

**Top-40/Contemporary Hit**—See **Contemporary Hit/Top-40**.

**Urban Contemporary**—Dance music, often from a variety of genres (i.e., rhythm & blues, Rap). Most Urban Contemporary stations emphasize music by black artists. Also see **Black** and **Disco**.

# U.S. Radio Markets

The following is the Arbitron population ranking for Fall 1994, based on market definitions at that time. It is based on the 1990 U.S. Bureau of Census estimates updated and projected to January 1, 1995.

The MSA number is the population of all persons aged 12 or older in the Metro Survey Area. The TSA number is the population total of all persons 12 or older in the Total Survey Area. Following that are the call letters of stations that fall within each market.

Certain market population totals are also embedded in larger nearby markets. It is therefore possible for a station to be listed in more than one market.

**Abilena, TX: Rank 219**

MSA: 120,300; TSA: 214,400  
Stations: KBBA, KBCY-FM, KCDD-FM, KCWS-FM, KEAN, KEAN-FM, KEYJ-FM, KHXS-FM, KKHR-FM, KMXO, KNTS, KORQ-FM, KVRP, KVRP-FM, KXOX-FM, KYDD.

**Akron, OH: Rank 87**

MSA: 565,100; TSA: 1,098,300  
Stations: WAKR, WHLO, WJMP, WKDD-FM, WNIR-FM, WONE-FM, WQMX-FM, WTOU.

# U.S. Radio Markets: Arbitron Metro Survey Area Ranking

This chart ranks the 261 radio markets by Metro Survey Area population (see also the following chart of rankings by Total Survey Area). Figures include all persons aged 12 or older and are based on 1990 U.S. Bureau of Census estimates updated and projected to January 1, 1995. Data reflects the Fall 1994 Arbitron market definitions.

A single asterisk (\*) following a market name indicates that the market is embedded in a larger nearby market. See *U.S. Radio Markets* beginning on pg. B-642 for details. The double asterisk (\*\*) following the Monmouth-Ocean, NJ, market indicates that Monmouth County is included in both the Monmouth-Ocean, NJ, and New York Metro markets. The triple asterisk (\*\*\*) following the Manchester, NH, market indicates that a portion of Rockingham County is included in both the Manchester, NH, and Portsmouth-Dover-Rochester, NH, markets.

Prior to 1971, data reflects factory sales by U.S. manufacturers plus those products imported directly by distributors or dealers for resale. All import statistics are based upon average value as published by the U.S. Department of Commerce, which is F.O.B. and therefore excludes U.S. import duties, freight charged from the foreign country to the United States, and insurance.

# The best media protection since the First Amendment.

In today's fast-moving media business, relying on the Constitution to ensure creative freedom just isn't enough. Advances in technology, unique business alliances and modern communication and programming methods have created a whole new breed of potential lawsuits. For years, Media/Professional Insurance's "Media Liability Plus" has offered financial protection that the Constitution can't.

Since 1979, Media/Professional has stood alone as the leader in media coverage. We pioneered broader coverage for intellectual property claims and bodily injury suits arising out of errors in the content of broadcast or published matter. We expanded protection for defamation and invasion of privacy claims.

And our policies cover the wide range of media operations—from the first word or picture to the last satellite transmission.

The First Amendment established the right to free speech. Today, you can trust Media/Professional to help defend it.
