Key to Television Listings

Television listings include TV stations in the United States, its territories and Canada. All collected data for these listings include information current to January 2002. To use the television key, see boldface numbers and corresponding explanations.

(1) WOF-TV-(2) ch 17, 2,200 kw vis, 20 kw aur, ant 500t/300g. TL: N36 49 21 W108 47 32 (CP: Ant 750t/550g). **(3)** On air date: April 13, 1952. **(4)** Box 100 (71701). (909) 555-1000. FAX: (909) 999-9999. **(5)** Licensee: WOF Broadcasting Co. **(6)** Group owner: Acme Stations, see Cross-Ownership (acq 7-20-69; \$2 million; **(6a)** FTR 7-29-69). **(7)** Net: CBS, NBC. Sp 2 hrs wkly. **(8)** Rep: Jones, Tri-State. Wash atty: Goltz & Stick. **(9)** Jud Jones, pres & gen mgr; D. Spark, chief engr. **(10)** On 6 CATV-20,000 subs. On 10 trans. **(11)** Co-owned radio: WOF-AM-FM. **(12)** Rates: \$100; 83; 70.

(1) Station call letters as assigned by the Federal Communications Commission (FCC) or Canadian Radio-television and Telecommunications Commission (CRTC).

(2) Channel, power, antenna, location and construction permit. WOF-TV operates with 2,200 kilowatts (effective radiated power) visual and 20 kilowatts aural. Its antenna is 500 feet above average terrain and 300 feet above ground. N36 49 21 W108 47 32ö refers to the geographical coordinates (latitude and longitude) of the transmitter location. WOF-TV holds a construction permit for an antenna height change to 750 feet above average terrain, 550 feet above ground.

(3) Date station first went on the air (regardless of subsequent ownership changes).

(4) Address and zip code, telephone and FAX number. Teletype Writer Exchange number may also be included.

(5) Licensee name.

(6) Ownership and date of acquisition (if not original owner). If a station has been sold, any available sale information is listed following the acquisition date. WOF-TV is owned by Acme Stations, which also owns several other broadcast properties. For details on group owners, see *Group Ownership* listings in

Section A. WOF-TV also has print media connections, which are detailed in the *Cross-Ownership* listings, also in Section A. Principal stockholders of independently owned stations may also be listed.

(6a) FTR date refers to Broadcasting & Cable magazine's weekly "For the Record" column that appeared in the magazine until June 8, 1998, where station sales were recorded as received from the FCC. The column (renamed FCC Actions) has been moved from the magazine to the broadcastingcable.com Web Site.

(7) Network and foreign language programming. The primary WOF-TV national network is CBS, the secondary affiliation is with NBC. The station broadcasts two hours of Spanish programming per week.

(8) Representatives and Washington attorney. Sales representatives are listed with the national rep first, then regional.

(9) Key Personnel.

(10) Cable systems, subscribers and translators. WOF-TV is carried on six cable TV systems with a total of 20,000 subscribers, and on 10 rebroadcasting translators.

(11) Co-owned radio. WOF-TV has the same licensee as WOF-AM-FM.

(12) Advertising rates. This data indicates the prices the station charges for a 30-second spot during the following time slots: primetime; early fringe; daytime, respectively.

An asterisk (*) preceding station call letters indicates noncommercial stations.

Note: Listed beneath each city heading is the ranked DMA (Designated Market Area).

Television Assignments by State

The following table of assignments contains the channels designated for the listed communities in the United States, its territories, and possessions. Channels designated with an asterisk (*) are assigned for use by noncommercial educational broadcast stations only. A station on a channel identified by a plus (+) or minus (-) mark is required to operate with its carrier frequencies offset 10 khz above or below, respectively, the normal carrier frequencies.

Footnotes: 1) Following the decision in docket No. 18261, channels so indicated will not be available for television use until further action by the Commission. 2) Operation on this channel is subject to the conditions, terms and requirements set out in the report and order in Docket No. 19075, RM-1645, adopted Jan. 5, 1972, released Jan. 7, 1972. FCC 72-19 (Added 72-19, 1/7/72). 3) This channel is not available for use as Elgin unless and until it is determined by the Commission that it is not needed for use at Joliet, Ill. 4) Stations using these allotments shall limit radiation toward stations on the same channel in Puerto Rico, to no more than the effective radiated power which should be radiated by an omnidirectional radio station using maximum permissible effective radiated power for antenna height above average terrain, at the minimum distances from such stations specified in 73.610 (b). The FCC shall consider the status of the negotiations with the appropriate British authorities concerning these allotments when the application for construction permits come before the FCC.

TV Markets by Nielsen Marketing Research Territory

Nielsen Marketing Research territory groups are another standard way of reporting sales data. The following table ranks TV markets, known as Designated Market Area (DMAs), within each Nielsen territory. This provides a yardstick for determining the number of spots markets needed to achieve a given coverage of territory. For example, if the national media are not delivering sufficient advertising weight in New England, the planner will find that three TV markets (Boston, Hartford and Providence) contain over 75% of New England territory household. The planner can also use the table to get a better idea of what TV markets are needed to cover all of New England. Data is from the Nielsen Station Index with tabulations based on a September 2001 estimate. Copyright 2001 Nielsen Media Research.

DMA	TV Households	Total Territory %	U.S.%	Rank	DMA	TV Households	Total Territory %	U.S.%	Rank

The Empire State Building Tower More Than Just Architecture

Since rolling out the welcome mat to broadcasters in 1931, we've made a tradition of rapid response to the constant challenges of the emerging generations of broadcast technology...from FM radio to commercial television and more recently DTV.

We've had many proud moments in 71 years of service to the broadcast community. None are more meaningful than our ability, in the wake of September 11th, to provide immediate haven, permanent facilities and the necessary power for all TV and FM stations and their broadcast transmissions.

The Empire State Building... more than just architecture.
