Plan to Advertise Radio

A \$10,000,000 fund to advertise radio is planned by leaders of the industry, to be put to work as soon as the money can be collected, according to information reaching Washington this week.

Believing that the number of receiving sets in the country could be increased by many millions, manufacturers and dealers are planning one of the most intensive advertising campaigns ever undertaken on behalf of an industry as a whole. The proposed fund would supplement the millions of dollars already being spent to advertise radio.

For a number of years, broadcasting was its own best advertisement. Popular imagination was stirred by the thought of the entertainment mysteriously coming through the air, and the only advertising necessary was that of manufacturers and dealers to further the sale of their various makes of sets.

Leaders in the industry, however, now have come to the conclusion that this era of "self-selling" is coming to an end and that the bulk of the set sales to be secured in this way have been made, so that a market must be opened up

among the millions of people who so far have withstood the appeal of broadcasting. It is estimated that there are approximately 13,000,000 receiving sets in use in the United States; it is believed that a market exists for an additional 7,000,000 or more, and it is the invasion of this field which is planned by the trade.

The contemplated advertising campaign includes lavish use of newspaper and magazine space to acquaint the public with details of outstanding broadcasts and impress upon them the desirability of possessing a receiving set, and also will feature a number of "super-broadcasts" equaling, if not exceeding, any programs ever produced in this country.

In undertaking a campaign of this nature, to advertise radio as a whole and without emphasis upon any particular make or type of set, the industry is only following in the footsteps of a number of other trades which have found it profitable to advertise their product as a group. A large number of industries in the past few years have engaged in "pool" advertising campaigns, supplemented by the advertising of the individual manufacturers.

PERSONAL PICKUPS

BY GYPSY

Kay, Berkeley.—José Bohr (KFI) hails from South America. His skin is olive tinted, his eyes are brilliantly dark and dangerous; he is 5 feet 10½ inches in height, weighs 157 pounds, has black, wavy hair, eloquent hands and a Beau Brummel style. His initial broadcast was presented in Buenos Aires in 1923 and led to a prominent part in a successful production then being staged in that city. Some time later he journeyed to New York, became a headliner in vaudeville, and

in 1929 realized his boyhood ambition, that of screen star. He made the Spanish version of "Blaze of Glory," "Such Is Life" and other pictures too numerous to mention here, and is now producing on his own at the Metropolitan studios in Hollywood. He speaks five languages, composes, is quite a pianist and excels at heart-breaking.

* * *

H. F., Seattle.—Walter Henningsen (KOMO) is a native of Denmark, is married and has two children. VeOna Socolofsky was born in Grass Valley, Oregon. Agnes Nielson's birthplace is Port Townsend, Washington.

* * *

Nell, San Francisco, Cal.—June Parker may be heard from Station KMTR. The master of ceremonies on the Hallelujah (KHJ) program is Kenneth Niles.

* * *

Mrs. A. R., Sacramento.—Caryle Coleman (NBC) has clear blue eyes, clean-cut features, dark hair, is 5 feet 11 inches tall and weighs 150 pounds. He is one of the youngest producers in radio; is genuinely admired for his level-headedness and tact and is beloved by old and young. He is fond of people, wholesome, everyday literature and sports. But dearer to his heart than anything else is a rambling home constructed under his supervision when at the age of twenty-one, he inherited some choice land in the Valley of the Moon. He is married and the father of a son, aged two.

* * *

Mrs. J. F., Trinity.—George Rand, formerly of NBC, is now appearing at the Fulton Theatre in Oakland. Honorable Archie (KNX), Frank Watanabe's present partner, is none other than Reginald Sharland, the movie actor.

* * *

J. O., San Francisco.—Anna Kristina has forsaken the microphone temporarily to play a character role in a musical production in New York.

* * *

M. A., Tracy.—Duci (de) Kerekjarto is, I think, the violinist you mean. He is a sophisticated-pagan Hungarian with luxurious black eyes which he closes dreamily while he plays, hypnotizing every woman in his audience into believing that he pours out his soul to her alone. When the dear ladies recover sufficiently from

his dulcet tones and amazing technique to the realization that the solo is ended and manifest their approval by ostentatious applause, Duci bows deeply from the waist as though in melancholy ecstasy, leaving behind him a trail of unanswered sighs and wistful speculations. Married? Nobody seems to know.

* * *

R. E., Sacramento.—Nola Starr (KROW) is 5 feet 6 inches tall, weighs 135 pounds, has Irish eyes of blue, auburn hair and a natural, kind-hearted, impulsive disposition. She enjoys hiking, yellow roses, goes in for pale yellow frocks, revels in tragic music, biographies and respects most of the traditional superstitions. An outstanding characteristic is her extreme neatness and penchant for redecorating her home at frequent intervals. She was born in Denver, Colorado, is married and has been broadcasting for three years.

* * *

Katherine, Los Angeles.—The Three Cheers (KHJ) are Kenneth Allen, top tenor and guitar player; Earnest J. Derry, second tenor, banjoist, and Travis B. Hale, baritone, banjoist. Lawrence, the youngster who appears on the Cheer Up and Smile program, is a little newsy who has endeared himself to the KHJ staff. He is 10 years old, but looks younger.

* * *

Mrs. T. M., Sacramento.—Paul Roberts lacked the proper credentials to gain entrance to the pearly gates and was severely snubbed by St. Peter, so he decided to return to the friends who appreciate him and to grace, once more, the welcome mat at KFI. The experience has left him a trifle wan and wraith-like. You'd scarcely recognize him. "Is it you, Paul Roberts, or your ghost?" I asked incredulously upon seeing him for the first time since his harrowing adventure. His smile is the only unchanged thing about him. We chatted a while (he assured me he was real) of this and that and operations, and while he admits he'll never look the same, he insists he never felt better. Listen for him on Friday night at 9:30.

* * *

H. L., Sacramento.—Greta Gahler (KYA) has suffered a siege of the flu. However, you may still the disquieting throb of your heart—she will again be heard over your loudspeaker by the time this goes to press. True, she has lost quite a few of her too scanty pounds, but her red-haired zest for life is stronger than ever and unlike Lot's wife, she goes eagerly forward.

* * *

F. G. Sacramento.—Raymond Marlowe may be heard over KPO. Yes, Clarence Hayes (NBC) is married. By the way—he has discarded his derby for a Panama. And speaking of spring—Cecil Underwood (NBC) has thrown away his solemn horn-rimmed spectacles. Walter Kelsey (KFRC) is thirty-four years old, Johnny O'Brien (NBC) is twenty-six, and Paul Pitman (KPO) is thirty.

* * *

Alice, San Francisco.—Liborius Hauptman is now acting as guest conductor at UBC. The announcers, whose voices originate in Hollywood over UBC, are Rush Hughes who is also manager of the station, Sam Hayes, Stuart Hayes and Jerry Purcell.

MICROPHONE GOSSIP

• • • Ben Klassen, NBC tenor, whose voice is heard on many of the programs broadcast through the Pacific Division network from San Francisco, did not set out to be a singer. He tried almost every other kind of work he could find before he realized that singing, which he looked upon as a hobby, was his real vocation. He worked in a railroad office, in an iron and steel company, in a fixture manufacturing company, then in a credit association, and finally in a bank, before he became a radio artist.

• • • Clarence Tolman, Idaho cowboy, who recently returned to KPO, has revived some of the glamor and novelties that were part of the vaudeville shows of that era around 1908, when many acts featured the bicycle pump, the saw and other such novelties for drawing the applause. But Tolman is not of that generation. He is a later product who has reverted to the stunts of a back period with success.

• • • While in the army in France, Jerry Richards, who plays the banjo in "Mac's" Cow Hollow Symphony of KFRC, had a small orchestra of five pieces which played in the Y. M. C. A. Huts and the Red Cross hotels. At Chaumont they provided the music for a dance in honor of General Pershing. However, during the battle of Argonne Forest, three of the five men were wounded and all instruments were lost.

• • • Tom Brenneman, KFWB, used to keep a press clipping scrap book. He doesn't any more. Not since the time he proudly exhibited it to a booking agent, who waved his hand languidly and said, "Put it away, sonny. You probably got friends on the papers."

• • • Ruby Adams, former Will King show girl who was permanently injured five years ago when a sandbag fell on her, has finally decided to make radio a definite issue. She will broadcast her own programs from KJBS each Monday and Friday afternoon at 4:30, assisted by Tiny Epperson, 350 pounds of mirth and melody who entertains

at Coffee Dan's. Miss Adams said, "I think I've regained my courage now, but my goodness, wasn't I afraid of those microphones at first."

• • • Chester Markert, organist, heard over KMTR, has had many years of musical experience to his credit. He was staff organist at KMOX in St. Louis as well as theater organist at the Ambassador, Missouri, and Grand theaters in that city. Mr. Markert has resided in Los Angeles for the past several years, and is at present organist at the Pierce Brothers Chapel on Washington Boulevard.

• • • Harry Long, popular announcer of KHQ, Spokane, claims to have been educated to be a politician, but most of the radio public agree that, while the Democratic party may have lost a potential statesman, the said radio public has been the gainer.

Harry started from Kansas City October 19, 1898. He went to school there and to Missouri University, and after some experience in the Public Library in his home town found his forte before the microphone. He has been connected with stations WDAF, WOQ and WHB in Kansas City, with KFOA and KFQW in Seattle, and with KGA and KHQ in Spokane.

• • • Virginia Flohri, brilliant coloratura soprano featured for many years by KFI-KECA, is recuperating easily from a tonsillectomy forced by a prolonged and baffling difficulty with her hearing.

Physicians announced, after the operation, that Miss Flohri will be able within a few weeks to resume her concert and air appearances.

• • • Forty-three thousand, two hundred and twenty-six persons wrote to the San Francisco studios of the National Broadcasting Company during the month of January. This is one of the largest audience mail records which has been achieved, averaging, as it does, more than a thousand letters a day.

• • • The smiling red-haired chap around the KOIN studios was at one time a dyed-in-the-wool buckaroo from the blooming sage. Music became a paramount interest and now "Red" Dunning composes and arranges melodies for the KOIN audience. He has one hobby, unique and noisy—three ducks, namely, "Sam," "Oscar," and "Pete." He claims that these pets are invaluable as live decoys during the shooting season. And out of season Red holds classes in the fine art of duck coaching.

• • • Thelma Brown, of KFRC, is a recent graduate of the University of California. She majored in English, her pet subjects being public speaking and dramatics. She plans to enter public life as a lecturer and perhaps take up teaching.

Her first radio work was over the Don Lee Los Angeles station, KHJ. She went to the KHJ studios with her baby sister, age 12, who had made arrangements for an audition, and the program director took her instead. Since then she has sung over several California stations.

Her father is the minister of the Mt. Pleasant Church in Berkeley, and Miss Brown directs the choir there.

• • • KFVB is growing air-minded. Both Lewis Teegarden and Nelson Case, announcers, have become addicted and walk around in a daze, being, for the most part, up in the clouds. Each one is studying the art of flying, and strange books on aeronautics are circulating about. So far there have been no casualties.

• • • Edmund Evans, Ed of Sambo and Ed, "The Beloved Vagabonds of the Air" of KPO, has proven himself considerably of a playwright. His thriller, "The House of Mystery," has been well received by the KPO auditors and has done much to provide a wholesome carload of spine chillers, surprises and thrills. The play consists of ten episodes in which the mystery deepens with each installment. It is heard every Tuesday over KPO, 4 to 4:30.

• • • Gunnar Johansen, young Danish pianist who offers a recital Sunday nights through the NBC network, is an aviation enthusiast, and is studying flying under Captain Bill Royle.

• • • The feminine speakers on the Feminine Fancies program of KFRC, Wynn, Rita Murray, Helen King and Polly Linden, believe that the proof of the pudding is the eating thereof. On this theory they gave themselves a beach party at which they served all the food delicacies they talk about on the air. The feast, served picnic style at Polly Linden's beach apartment, was provided by the sponsors of these morning broadcasts.

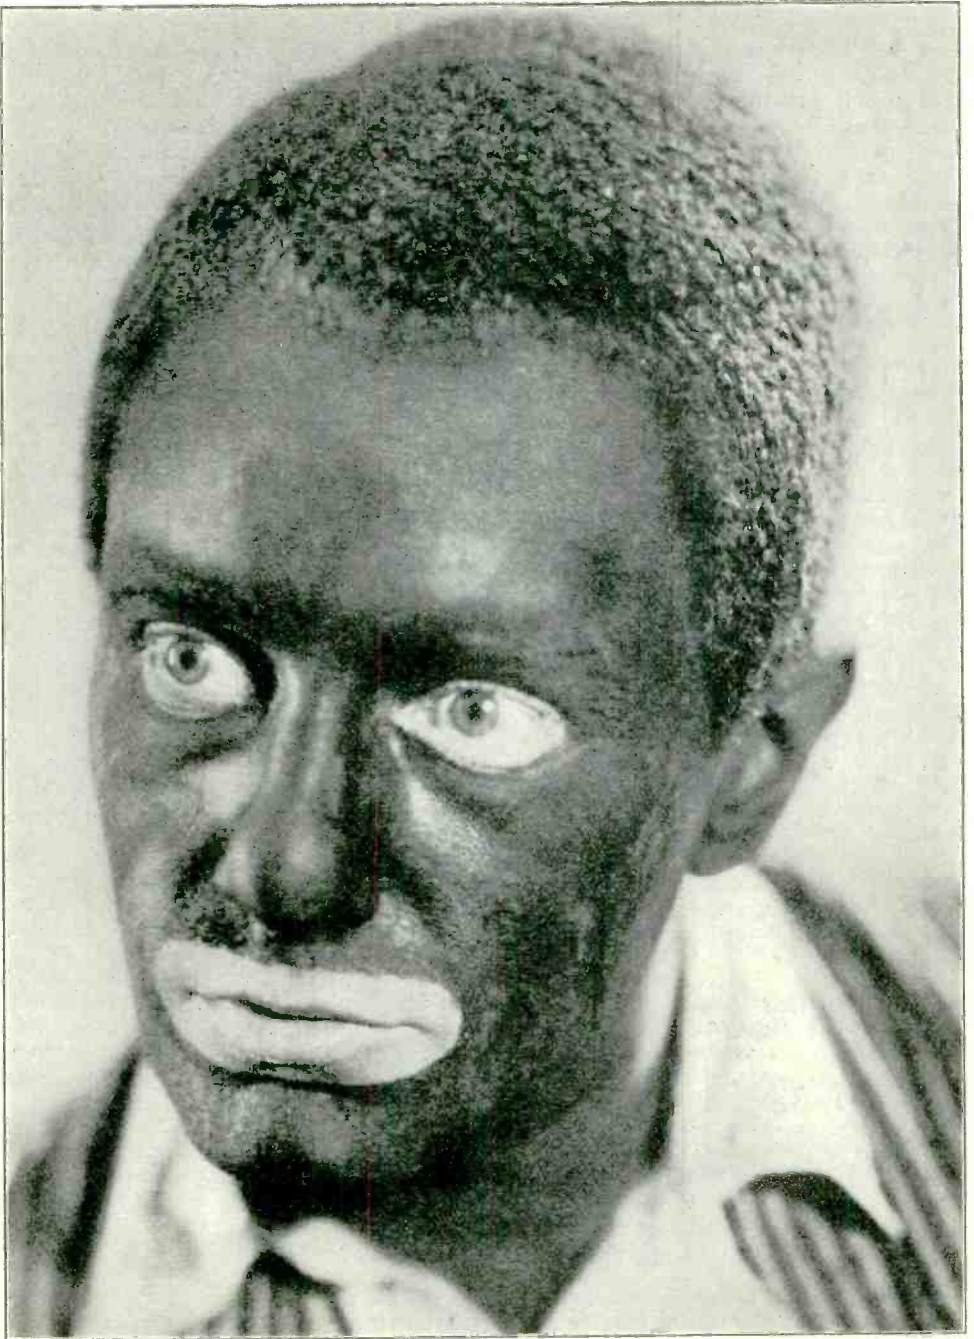

• • • Jerry Purcell, well-known announcer and continuity writer, now with the Silver Network of the Golden West (UBC), also does justice to the dramatic staff of the studio. He has been five years in radio work, coming into this work from several years of training on the Chicago Herald and Examiner. Southern California listeners know him particularly for his radio delineations.

• • • If pioneer radio editors of the country ever hold a convention, Carlton E. Morse, NBC continuity writer, is going to apply for a medal or something. He was a radio editor 'way back in 1920 in Sacramento, where he doubled as police reporter on his paper, and in odd moments went down to the one radio station in town and helped the manager pick out phonograph records for the evening program.

• • • Richard Gordon, who plays Sherlock Holmes in the NBC dramas founded upon the famous Conan Doyle stories, and heard Monday nights through the NBC network, was rushing to a rehearsal in the New York studios. The hostess informed him that the rehearsal was scheduled for Studio D. For the moment Gordon could not recall on what floor the studio was located. He inquired of a page boy.

"Down the west corridor," directed the page, and turned to the hostess. "Gosh," commented the youth, "Sherlock Holmes—and he can't find a big studio!"

• • • Chet Mittendorf, head of KFVB's commercial department, passed out cigars and candy, with the broadest grin ever seen on the human countenance. Chet is the proud father of an eight-pound baby girl—the only child. And is Chet happy? One look at him tells the story.

FLORENCE WATERHOUSE, KHQ

NORMAN NIELSEN, KFRC

. . . SILHOUETTES . . .

“IT WASN’T exactly a log cabin—it was more like a log house,” says Cecil Wright, KFRC singer of mountain and old-time songs, in describing the house in which he was born. “It was in the backwoods of Montgomery County, Arkansas,” says Cecil. “My father was a minister of the gospel and a chief forest ranger.”

Cecil is one of a family of ten, six girls and four boys, all living. The family left

Cecil Wright

Arkansas when Cecil was six (he could already sing and play the harmonica) and went to Oklahoma, returning to Arkansas eleven years later. Cecil went to High School in Hot Springs, where he played football and baseball, playing fullback on the grid team.

While in High School, Cecil took to entertaining among the students. One day a man, who was putting on an old-time program over KTHS, the Hot Springs station, asked him to join his artists. From then on Cecil played over the radio in the winter and worked at most anything he could get in the summer.

“I’ve done everything,” says Cecil; “dug ditches, carried concrete, worked in cities and on ranches.”

But after he had drawn more fan mail on the Hot Springs station than any other artist, things began to take a different hue. He decided to come to California and try his luck. His first try was with KFRC in San Francisco. He was one of the group of nervous but determined individuals on one of the station’s Saturday morning “try-outs,” which at that time were being broadcast. He was put to work on the world-famous California “air” immediately.

“Singing and playing just came natural to me,” he explains. “I never took any lessons; I just play everything by ear.” Cecil isn’t exaggerating when he says he knows three hundred songs by heart. Although none of his numerous brothers and sisters are professional musicians, his mother plays the piano and organ. It was her custom, during those early days in the Arkansas mountains, to assist her husband in holding church services by playing the portable organ for the singing. Cecil is 21 years old. He is not married.

WHEN she is not in the radio studios, Eileen Piggott, NBC soprano, likes best of all to be in the kitchen.

Cooking, sewing—all the other tasks that go into home making are pleasant occupations—almost hobbies—for the artist.

Making frocks for her seven-year-old daughter, Margaret, provides a special thrill, she insists. Ruffles, tucks and deftly placed embroidered trimmings stamp the tot’s dresses as her mother’s handiwork.

All of which sets Mrs. Piggott apart from the other radio artists, few of whom find time for the homely household tasks that bring happiness to her.

An NBC singer since November, 1927, Mrs. Piggott won additional laurels almost as long ago when she began to interpret the dramatic role of “Ma” Smithers in H. C. Connette’s radio serial, “Memory Lane”—a Tuesday night broadcast. She already has given far more than 100 performances of this comedy dramalogue, a record in radio.

“And I found I enjoy acting before the microphone as much as I do singing,” says the artist. “I was surprised myself, at first.”

Ballads and semi-classics afford Mrs. Piggott most pleasure, and she enjoys opera thoroughly. It was a performance of “Figaro” which brought her to the NBC studios first.

A native daughter of California, Eileen was born in Santa Cruz but came to San Francisco when she was ten years old and always has lived here or in Oakland.

She has been singing, professionally, since she was 14 years old.

“My first solo work was in the first Congregational Church at Alameda, California,” she explains. “And, oh, how proud I was!”

Study with Mrs. Carroll Nicholson began shortly after that, and Mrs. Piggott has been heard consistently since as a soloist in various San Francisco and trans-bay churches.

She finds time now to sing Sunday services, fill engagements at recitals and club luncheons and to sing several times each week for the audiences of stations affiliated with NBC’s Pacific network.

Eileen Piggott

NORTHERN California was fortunate in having the name of Sydney Dixon added to its list of radio artists. For nearly two years he was the outstanding tenor in the Northwest; he has sung over all of the principal stations in the United States, and at one time was leading tenor for the American Broadcasting Company's chain. Although he has been attached to radio intermittently since 1921, when he first sang over a Seattle station while stopping there on a concert tour, he had already achieved a large reputation before he made his radio name. He had been soloist with many leading symphony orchestras, had concertized all over the United States, and held the position of leading tenor with the American Opera Company for two seasons. In connection with the latter he sang twenty-eight grand operas in as many weeks.

Dixon is production manager and staff tenor for KYA. He is generous with his singing, and is heard on the average of twice daily over the station. He likes San Francisco very much and he intends to remain here and give the public the very best possible in the way of radio entertainment.

Although Sydney, as a boy, studied the piano he never seriously considered vocal training. At the age of twenty, while visiting an aunt in Seattle, she urged him to enter a contest which was being held to choose a vocalist to appear with the Seattle Symphony Orchestra. He was not interested, but his aunt took it upon herself to mail in his application. In response to the notice,

assigning him a certain time to appear, he walked in with idea of getting it over as soon as possible, sang his song, and promptly forgot all about it. A few days later he received a letter informing him that out of the 130 contestants the judges had chosen him to appear with the symphony. Previous

SYDNEY DIXON

to this he had been studying voice only about a year, principally because his aunt wanted him to. Afterwards, however, he began studying music in earnest. While attending Columbia he carried on his musical studies at the Damrosch school, in New York, and also with Edmund J. Myer and Clifford W. Kantner. After graduation began the career in opera and on the concert

JOHNNY TOFFOLI, who plays the accordion for the audience of NBC network stations in the West, is a young fellow who takes his music seriously and his profession as an avocation.

Meaning that Johnny is a pharmacist but doesn't work at it. He was graduated from the University of California School of Pharmacy recently because he said, "I believe every fellow should have some business or profession."

He enjoyed his years at the school of pharmacy, but he can't forsake the studio for the drug store—not exclusively anyway.

Johnny has been playing the accordion since childhood.

"When I learned to walk, I found an accordion about the house and began conjuring noises from it. Mother soon agreed that it was better to let me have music lessons than to suffer my own interpretations," Johnny says in his soft deep voice.

JOHNNY TOFFOLI

The accordionist was born in Venice, Italy, but his parents came to California when he was four years old and settled in Richmond, Calif., where Johnny grew up and where he still lives. In fact, he was married there recently and the town mayor was among the guests on hand to congratulate him.

Toffoli now studies music under A. L. Daniele, internationally known professor of the accordion, and has several pupils of his own. He played the Orpheum and West Coast Theatre circuits before he was signed by NBC.

stage, mentioned previously in this article. In addition he was on Keith time for sixty-four weeks.

He is a large man, with both a thoughtful and serious outlook on life. There is a serenity about him that makes it easy to understand where he gets the depth of feeling he puts into his singing. He is very fond of church work, and for a period was soloist at the Seattle Presbyterian Church, the largest Presbyterian church in the world. The old Italian classics of the fifteenth and sixteenth centuries particularly appeal to him. He enjoys reading, golf, swimming and fishing. Hunting and card playing he does not like.

He's the Type All Right

I have been a subscriber to the BROADCAST WEEKLY since 1924. I am not going to condemn any radio station or radio artist, nor complain of the way you run your business, but I am going to ask a favor of you.

Would it be possible for you to reproduce a picture of the spieler of the Gilmore Circus in the picture row of the BROADCAST WEEKLY. He is certainly a star and must have been picked from either Al G. Barnes or Ringling Bros-Barnum and Baily shows.

H. T. S., San Francisco, March 1.

Too Much Advertising Spoils the Plot

This is my opinion of some of the programs, radio entertainers, etc.

I certainly like the large pictures in your magazine. I would like to have the picture of Edna O'Keefe, and the only way I know of to get one is in your magazine. I would like to see Cecil Wright's picture in this magazine soon, too. I think that Edna O'Keefe is plenty good. I heard Cal Pearce sing a solo a short time ago and he was just fine, I thought. I would like to hear from him again soon.

There is one thing wrong with the "Jam-boree" and that is, "too much advertising." Why, The Deep Dramatic Stock Company is spoiled by the butter, milk, and ice-cream getting mixed up in the plot. The program would be much better if the milk and butter was left for a few minutes in peace.

Robert Olsen certainly has a wonderful voice and I like to hear him. His program on Wednesday evenings, with an organ accompaniment by Eleanor Allen (who I enjoy very much), is fine I have often wondered how Hazel Warner and Robert Olsen would be together.

The biggest mistake KFRC ever made was letting Hazel Warner leave San Francisco to go to KHJ. I would say KHJ certainly was lucky that time. I guess we all hope to have Hazel back some time. At least I do! Now that the Hallelujah Hour is back on the air, we can hear Hazel Warner on that program. She certainly has a beautiful voice and I enjoy listening to her.

The NBC station is also very good. The Spotlight Revue is exceptionally good. And Walter Beban's plays are always good; the villain in them, with that laugh, is perfect.

Bobbie Deane is always good. Same for Benny Walker, Richard LeGrand, Ted Maxwell, and others. But I say, hasn't Bernice Berwin the lovely voice? She has the voice of the perfect heroine.

Memory Lane is a good program, too, and I very seldom miss it.

Well, here's hoping that we will get some more good programs.

Frances A. H., Berkeley, March 8.

Not Changing the Subject, But . . .

Believe it or not, there was a time, "back in the good old days," when the Open Circuit was not given over in its entirety to this KFRC and KGO popularity squabble. All the mud-slinging and bickering indulged in by fond listeners may be edifying to you all way down south in the bay region, but to us up here in the northwest it is all "guff."

Why not settle the question of the popularity of KFRC and KGO once and for all by taking a vote on the important question. Why not conduct a poll similar to the one conducted by the *Literary Digest* on important matters? As a final solution you might call in the Marines; they would soon put the situation well in hand. If something is not done soon, civil war may start.

While you way down south are taking sides on the KFRC-KGO fight, up here in the northwest a radio service has sprung up that is improving every day, and soon will come into prominence on the Pacific Coast with extension of its facilities. I refer to none other than the Northwest Broadcasting System. It arose from the ruins of the ambitious and extensive American Broadcasting Company. Beginning in a small way, it made improvements in its programs from time to time, so that today we find it comparable to the defunct ABC, than which there was no better.

Newspaper dispatches recently stated that the NBS had affiliated with the UBC, so that soon our favorites will be heard on the entire Pacific Slope. Perhaps the boys and girls down south will forget KFRC and KGO when that day comes. Let us hope so.

In conclusion, let me say that the biggest improvement you ever made in your magazine was when you cut out "Best Bets" and gave us more pictures.

R. F. B., Kelso, Wash., Feb. 28.

Let's Be Fair

B-r-r-r, how I should like to lay hands on a personality like H. McK of San Anselmo must possess. This is my first answer to any of the criticisms, but that person was too much for me. Imagine condemning a song just because he (or she) may not like it, and if I remember rightly, M. E. simply stated that "Springtime in the Rockies" had never been sung more beautifully than when Hazel Warner sang it—and I agree, as do my family and numerous acquaintances—and she can sing that song any time and I'll wager her listeners will be legend. Of course, our H. McK might tune out, but I would think he should, after that letter. And we might add that KHJ and KFRC are the favorite stations in our household, and I only heard Miss Warner sing "Springtime in the Rockies" four times. Does that overwork a song for you, Mr. McK, or are you one of these small souls who thinks his likes are paramount?

There are many good programs on the various stations, but after tuning in on a certain one for any length of time it seems to belong to the family, and the various artists become known to you. So let's be fair to all and still have our favorites. Let's find the difference between "rendition of a song" and "a song." More power to the Open Circuit.

Mrs. R. A. R., Los Angeles, March 1.

Now for the Announcers

We certainly enjoy your magazine and always read it from "civer to civer" when it arrives. I certainly get a kick out of some of the letters. Particularly the one about Charles Hamp using Amos 'n' Andy's anti-septic. Charlie's all right, but I prefer Phil Cook any time, and am glad to be able to get his program again on the Pacific Coast.

While everybody is airing their favorite radio stars, why not take time out for a few kicks or bouquets for the announcers. To me, they are half of the program. Nothing gives me a greater thrill on the radio than to hear "Good evening ladies and gentlemen of the radio audience, this is Graham MacNamee speaking. Happy to be with you once more," etc. And if they have some other announcer in his place on that program. I don't feel like it has half the kick. What would the General Electric hours be without John S. Young, or the Armour hour, and Maytag program without Ted Pearson.

I again agree with the fellow who mentioned the mouth wash in connection with

the Lucky Strike dance announcer, but I rather think that if he did try the remedy it would spoil the program, because he wouldn't sound the same as we are used to hearing him. There are others who are also good—Curt Peterson, Bill Hay, Calvin Keith, Dobbsie, Harrison Holliway, Will Anslin, and many others.

I say, suit yourself in putting out the magazine. It is O. K., and I certainly think a lot of an editor who tries to please everybody the way that you do. More power to you.

David W. J., Sacramento, March 5.

Some New Suggestions

First, I would like to tell you that your little publication is indispensable—just have to have it! It is just as reliable as the programs published in the daily papers, who have a much better chance to make short-notice changes, and the various departments and portraits are interesting.

It is odd how some people seem to go out of their way to "knock" certain artists, stations and programs when a simple twist of the wrist will save them the anguish and ire they seem to suffer. We have always had this type of human and must teach ourselves to give a tolerant smile and let it go at that. Every station has a program to suit all dispositions, so just turn the dial and SMILE.

I have a couple of suggestions to make to you, but don't expect to see the next issue containing them. One has been mentioned before by others and I think will continue to be mentioned, and that is, to arrange the programs by hours instead of by stations. Much more convenient.

Secondly, why not devote a page of one issue to a questionnaire, on the order of certain newspapers, to find the listener's desires and dislikes. This is not to be on the various artists or programs, but on types of entertainments, etc. I feel that such a poll would be more extensive than any one newspaper and be of more value to the industry.

Thirdly, would it be possible to originate a question and answer department dealing with more or less technical questions. Here is one to start it off with. On March 5, between 12-12:30, a station was testing, using the call letters W6XG, and coming over 380 meters. What station was it and do some stations have a special call letter for testing?

H. E. S., Sacramento, March 9.

(EDITOR'S NOTE: We would appreciate hearing from our readers as to whether they favor these suggestions.)

At First, Didn't Like "Broadcast," But . . .

When I began reading your magazine I did not like it very much, but since it has grown bigger and better in every way I enjoy it very much now. As soon as I am through reading one issue I look forward to the day when the next issue will arrive, as there is always something new in it. I like to read the letters in the Open Circuit and hope that it will be a permanent department in your magazine.

Why doesn't Maurice Gunsky sing oftener? He sang one or two songs over KFRC a while back and was very good. He was my favorite artist when he used to appear regularly on KPO.

Thanks for printing the full-page pictures of all the Associated Spotlight Revue artists. I wish you would print more like that of other artists. I would like to have a full-page picture of Gunsky.

Next to the Happy Go Lucky Hour I think the Associated Spotlight Revue on Saturday nights is the best program on the air. Cecil Underwood makes a fine master of ceremonies. I enjoy the stories Jack and Ethyl relate very much.

I want to put in a good word for station KYA. They put on some very good programs. The "Phantom Empire" that the KYA Players put on each Tuesday evening, I think, is wonderful. I enjoy plays like that and hope they will put on another when this one is finished.

The new program, "Who Cares," put on by KPO in the afternoon, is great. Why doesn't some station put on a program like this in the evening when the workingmen could enjoy it? They have only a few hours in which they can enjoy their radio and should have a program like this at least once or twice a week anyway.

Herman E. C., Gridley, Calif., Feb. 18

And How He Says "P-a-n-c-r-e-a-t-i-n"

Thursday may be just Thursday to lots of folks, but to me it's the day I get my BROADCAST WEEKLY and feverishly turn to the Open Circuit—the page for the poor down-trodden radio listener. Some little book for radio-minded people, say I. Now for my "war cry." I agree with A. B. C. that the Blue Monday Jamboree is slipping, and I also can't get excited over Meredith Willson's music. It used to be I could sit down and enjoy two hours of KFRC on Monday evening, but all they have now is a lot of mediocre talent and they seem to get most of them from ordinary stations.

Last night's affair (Monday, March 2) on the famous station was terrible. But I'm a wanderer and so I don't have to depend on KFRC. I can turn the dial and out of the air come many lovely programs from many stations, and I don't scorn the little ones if there is a good artist on them. There are many potential stars of the radio unheralded and unsung simply because it seems many of the radio audience are "fixed" listeners to one big station.

I also adore Gypsy's original style in Pick-Ups, and Microphone Gossip I crave. You see, I for one have no kick against the BROADCAST WEEKLY. I've always enjoyed Hazel Warner and Bob Olsen on KFRC and, compared to what they dish us now for female singers, Hazel must have been 100 per cent. But I liked Margarite Vogel and Peggy Chapman just as much, and now all three have disappeared from our radio horizon, it seems.

Charlie Hamp may not be the most beautiful singer on the air, but you'll have to admit that no one else can quite say "Pancreatin" like he does. I am for him.

Mrs. Elmer P., Petaluma, March 3.

Anne Comes Back

Well, well, well, R. S. L. of Merced, well, well, well! You certainly know a great deal about Charlie Hamp's voice, accent, and what have you, to dislike him as much as you say you do; or perhaps you like to make your family sore by letting Charlie do his stuff. I'm awfully glad that I furnish you the "joke" that gave you a couple of loud guffaws. However, I don't believe I would have made this public, if I were you. You know, when it comes to styles or types of music, a broadminded person can see both sides of the question. I believe in drawing the line between two artists of the same kind or who sing the same kind of music. You admitted Charlie was good of his style. Why, then, should you rake him over the coals, just because you don't like the kind of music he sings

Personally, I prefer jazz, and "that low-down rhythm." However, I am not ashamed to admit that I admire the person who can enjoy classical music and intellectual speeches. I even envy them their patience to listen to speakers.

Oh, well! Such is life—and radios! Everybody to his own taste. We surely enjoy our radio and this excellent little guide. More power to both of you (the magazine and radio artists, I mean).

HENRY STARR

"The 16-40 Boy"

Was Abe Lincoln wrong?

HENRY STARR, the brilliant young "16-40 Boy," seems to be *one*, at least, who can please *all* of the people *all* of the time." He can rev. up the spirits of the most blasé with his rollicking lilt; he can tug at the heart-strings with his splendid sentimental ballads.

EVERY EVENING
(except Sundays)

KPO

6:45 to 7:00

Get the "Starr" habit and tune in at this hour. It will be a *rare* treat—for no matter what your taste in music you will find his rich tenor voice a panacea for your ills.

We invite the Radio Public to send in the titles of those songs most appealing to you. We desire to make the "Starr Hour" one of momentous enjoyment to every fan.

Here is the whole world of radio and phonograph entertainment brought within the reach of every home! Why not have both? It costs so little.

Think of the dance music waiting for you in the wonderful phonograph records of today — all the great singers, orchestras and entertainers ready to play and sing for you by radio or record with a realism that only Philco balanced-unit sets can give.

All Electric!

The phonograph is 100% electric! Electrically driven motor, self-starting turntable, and electrical pickup!

And this is the *first*, full-fledged, big-toned radio ever combined with a fine phonograph at such an amazing price. It will out-perform, we honestly believe, sets which are offered at two and three times the money.

Wonderful Performance

Here is great distance ability; remarkable selectivity and sensitivity. You can bring in the big radio programs with wonderful realism. Let us demonstrate this new Philco in your own home.
