Aristocrat of Electric Refrigerators

The new **MAYFLOWER** ELECTRIC REFRIGERATOR

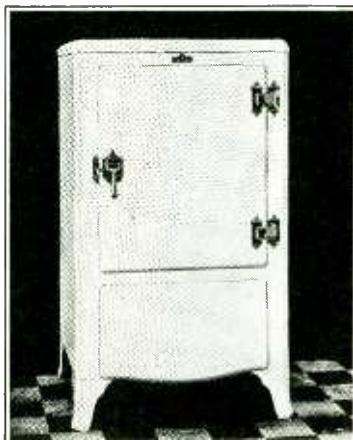

Authentically Designed In a True Period Style

For the first time a definite step forward has been taken in electric refrigerator design. Instead of reminding you of an old-fashioned ice box, the 1931 Mayflower suggests all the grace and charm of Colonial furniture. Buy no electric refrigerator until you've examined this new achievement.

Nowhere else can you get the graceful, curving legs . . . the "apron-style" lower door . . . the carefully beveled corners and edges . . . the heavy, specially designed Colonial style hardware.

And in addition to striking beauty, the 1931 Mayflower gives you ten outstanding features. Don't delay. Get all the facts about the Mayflower. Wire or telephone for complete details. Check and compare these features. They form a true basis for judging the merits of any electric refrigerator.

1. Speed-Freeze Unit; ice cubes in 90 minutes.
2. A convenient Temperature Control for faster freezing.
3. Ribbon-type wire shelves.
4. Sanitary porcelain lining and cooling unit.
5. "Removeshelf" provides additional space for full-size bottles.
6. An amazingly quiet compressor.
7. Costs less to operate.
8. No troublesome installation; just plug in any electric outlet.
9. Fully guaranteed and backed by ten years' experience in electric refrigeration.
10. Lower priced than average.

Program Popularity Contest

BELIEVING that only through the concerted expression of mass preference can the public secure the type of radio programs the majority wants, BROADCAST WEEKLY invites you to participate in what we believe to be the most significant and comprehensive "Program Ballot" in western radio history.

On pages 32 and 33 of this issue will be found a blank ballot covering every program period from 6 p. m. to 11 p. m. during the entire week of May 24 to 30. Fill in the station symbol and designation of your favorite program for each and every one of these periods. Don't miss *any*. Fill *every* space. The purpose of the contest is to record public program preference to the end that the type of program the majority prefers may be encouraged and brought impressively to the attention of those responsible for radio programs. The more complete your ballot is the more effectively it will contribute to this purpose.

One person is entitled to only one ballot, but every member of a family is entitled to his or her separate ballot. All ballots *must* be signed in the space provided. Ballots which are not signed will not be counted. Your name will not be used, but is requested to help avoid "ballot stuffing" so results will reflect the true opinion of BROADCAST WEEKLY's representative audience. Start filling in your ballot *now*. The contest is for this

week *only*. At the end of the week, when you have filled in all spaces, mail the ballot immediately to Program Popularity Contest Editor, BROADCAST WEEKLY, Pacific Building, San Francisco.: Your vote will not count unless received promptly, and we want *every* vote.

Make your program selections fairly and deliberately. Don't tune blindly. While you are wandering the dial, you may be missing some real good program. Turn to the schedules in the back, make your comparisons, and pick your program *before* you tune in. Study carefully the full page announcements of special programs. The sponsors of these programs could not afford the cost of such announcements unless the programs merited your consideration. Give them a trial.

Remember, this contest is the opportunity you have been waiting for to express yourself effectively in unison with thousands of other discriminating listeners on this important subject of radio programs. You readers of BROADCAST WEEKLY are the representative radio audience of the West. Make this demonstration impressive. Use your ballot. Tell your friends. Enlist their cooperation and support. BROADCAST WEEKLY is for sale at all leading news stands, and each copy of this issue contains a ballot. The polls are now open. VOTE—in the interests of better radio programs. Complete tabulation of results will be published in a future issue of BROADCAST WEEKLY.

PERSONAL PICKUPS

BY GYPSY

E. A., Vallejo.—Kenneth Niles (KHJ) is not more than twenty-five years old, but he struggles hard to pose as a man of the world and tries to bribe photographers into producing blase effects. He was born in Livingston, Montana, tackled kindergarten with true Niles-ian ardor, eventually landed in high school, made the football team, won a bronze medal in the state vocal contest and a similar trophy in an extemporaneous debate with

a scholarship or two thrown in for good measure. Followed the coonskin coat and saxophone period; the inevitable tour with the glee club, the coveted sheepskin, the pinch-me-see-if-I'm-dreaming opportunity for self-expression in a Duffy production and then—radio. How he loves it! Ken is burned a deep tan, weighs 140 pounds, is 5 feet 11 inches in altitude, has big brown eyes seasoned with humor, and dark curly hair. His hobby is collecting firearms and he strives nobly to conquer an aversion for women who wear flat-heeled shoes and cotton stockings.

A. M., Sacramento.—Seldy Roach (NBC) is the father of eight grown children who were reared in the shadow of the theatre yet none of them carry on in the chosen profession of their parents. Mrs. Roach was a noted actress who frequently played in her husband's productions before her death. Dell Raymond (KJBS) is the mother of six. You'd never believe it. She looks more like her eldest son's sister. Tom Wallace (KNX) has two boys and a tiny daughter. The boys are aged seven and five. Earl Hodgins (NBC) is the father of a five-year-old son. And that reminds me . . . Master Hodgins was listening in on a parental dialogue one morning during which his father was wondering aloud as to the advisability of growing a mustache. While Mrs. Hodgins was wondering back, the little fellow chimed in with approval adding, "cause then Daddy you won't have to work any more." It seems the youngster's grandfather wears a mustache and because he has retired from business the haired adornment represented only one thing to Junior; a life of ease.

M. R., Los Angeles.—Eva Garcia (NBC) organized the Rembrandt Trio some five and a half years ago. Bob Olsen has been heard from KFRC four years.

Lillian, Los Angeles.—Bob and Jimmie are back on schedule. Their absence was due to Jimmie's illness, you know. He is entirely recovered again and "good as new." Did I ever tell you that they are hard-hearted business men outside the studio? Operate a music publishing company.

Mrs. F. T., Sacramento.—Eugene Eubanks (KYA) was born in Sussex, England, came to this country at the age of fifteen, ran away from school a year later to join a Shakespear-

ian troupe, and in the ensuing years (about nineteen of them) has crammed more exciting experiences into that life of his! Stock, pictures, road shows. Unforgettable friendships with renowned personalities. Hurried, harried journeys. Top speed all the time. Activity. That's Gene. He derives a sort of narcotic pleasure from activity. As his mood dictates, he is deliberately perverse with elevated, autocratic brows or bends to an enormous graciousness fastidious to the nth degree and punctual—you know how some men behave when you're looking for that other glove. His keenest enthusiasm is polo; his greatest weakness, honey and biscuits, and his most cherished possession is a set of rare old books.

M. G., San Francisco.—Margaret O'Dea is still with KFRC, so direct your requests for favorite solos to her in care of that station. Lucile Atherton Harger has, after five strenuous years before the microphone, decided to take a vacation. She promises, however, to be with you again in the fall.

Mrs. R. L., Sespe.—Robert Hurd (KFI) expresses his Other Self in Paul Roberts. Hope you are on the winning side.

E. M. C., Parkwater.—Harvey Wixon (KHQ) is twenty-five and single. He is 5 feet 6½ inches tall, weighs 130 pounds, has blue eyes and brown hair which is severely brushed back from an extraordinarily broad forehead. His features are sensitive and regular and his smile has that bemused quality so fascinating and bewildering to determined ladies. He is of an extremely nervous temperament, arrives at decisions swiftly and precisely and loathes post mortems. His favorite sport is tennis; his flower, the columbine; his color, crimson. He relishes Spanish dishes, reads Kipling and books on historical events and swears to an immunity from superstitions.

Helen, Los Angeles.—Kenya Bill (NBC) is—oh, dear, almost forgot—I mustn't tell. Really, there is no justice. Think of asking a woman to keep a secret! However, I may answer your other question. The producer and writer of this S. & W. broadcast is L. Scott Perkins, a former Oregonian, newspaper man, journalist and globe trotter. He lived in Africa for a number of years and has seen many a predacious-eyed crocodile and strange ritual.

C. W., Baker.—Reginald Sharland (KNX), who appears nightly as "The Honorable Archie" with Eddie Holden's "Frank Watanabe," made his first trip to America in 1926 to play in a Schubert production. His birthplace is Essex, England, and he was educated at St. John's College, Westcliff-on-the-Sea. Reggie has a bit of a complex as regards the—ah—frailer sex; considers it frightfully unlucky to fall off a horse, wouldn't think of walking under a ladder, cannot bear the sight of peacock feathers and confesses a weakness for singing in the bathtub. He likes Gershwin's compositions, Charles Dickens' works, plays tennis, polo and golf. His eyes are blue, his hair is brown, he weighs 148 pounds, is 5 feet 10 inches tall and has a pronounced cleft in his handsome chin. Unmarried.

The OPEN CIRCUIT

This department is open to all. Send in your letters. Anonymous letters will not be published. Give full name and address.

More Power for KFRC and KHJ

Receive the Broadcast Weekly every week and enjoy it very much.

I am certainly glad to see KHJ getting a little recognition. Wouldn't miss the Hallelujah Hour in the morning for anything.

Enjoy Hazel Warner's singing very much, but how about a little praise for that very clever girl Elvia Allman? We certainly miss her on the Hallelujah Hour. The only time we in the Northwest hear her is on the Merrymakers. She has a good voice and is a very clever actress. Also enjoy Nell Larson. Think she is very good on the piano and organ.

I certainly hope the time will come when KFRC and KHJ have an increase in power, because we only receive a part of the Blue Monday Jamboree and the Merrymakers up here in the Northwest, and if weather conditions are not satisfactory, we cannot get them direct, and at best they come in quite dim until they come through our local station.

Hoping to see large pictures of the Blue Monday Jamboree artists, Hallelujah Hour, and the Merrymakers in the near future, I remain,

Wallace R., Auburn, Wash., May 9

Why Jazz Appeals

Have just finished reading the sarcastic article on jazz music by A. M. B. of Glendale, Calif., appearing in your May 3 issue of Broadcast Weekly, and I cannot let it go unanswered. I hope that my brain never becomes so foggy and dim that it can no longer cause my foot to beat time as I listen to a good piece of jazz music. A. M. B. states that it was forty-five years ago when he made a hunting trip to Africa. He must have been at least twenty years old then. You get the inference, don't you?

A. M. B. states that jazz originated in the music of the savage tribes of Africa. Good! He explains by that very statement the exact reason why jazz appeals so strongly to every one who has good rich red blood in his veins. The haunting, syncopated rhythm of good jazz music harkens back to our savage ancestral days and strikes a long lost chord in our make-up that brings a peculiar thrill to the listener and makes him want to for-

get everything else and sit back in his easy chair, close his eyes and just let the rhythm of the music saturate every fibre of his being.

I know personally several old fogies who are always grouching about jazz music, but I have yet to see one who would not beat time with his foot while a jazz piece was being played, even while grouching about it.

My wife and I have quite a joke between us. Whenever one of these people starts to tell us about how they hate jazz, I quietly and unobtrusively slip over to the radio and tune in some jazz music. When the piece is over we have lots of fun kidding this person about the way he kept time to the music with his head, hand or foot.

This letter is pretty long, but in closing I will state that I am an expert piano player, having played since I was six years old, and I know the classics from A to Z, and, what is more, I enjoy them, too. But it gets my goat to see a person like A. M. B. come out with a rabid article on jazz music such as he wrote, when nine-tenths of the people in the country enjoy and demand jazz.

How Does "Cy" Get That Way?

Where does Cy Trobbe get the idea that a concert orchestra playing a popular piece in double quick tempo can pass as a dance orchestra? Really, the results are amusing. Cy should know better. Honestly, it reminds me of the orchestras (I hope the musicians of the East Bay will pardon my misuse of the word) used between acts at legitimate theatres, the Fulton, for example.

At present Mr. Trobbe is playing "When Day Is Done" most exquisitely. Why, then, does he fling all musical dignity to the winds and make maddeningly rapid orchestrations of other popular numbers?

All I can hear is the rapid "tum-tum" of the drums, as constant and as fast as a rain storm, and the furious bowing of the violins.

There's a big difference between a concert orchestra and a dance orchestra, and the sooner Mr. Trobbe realizes it, the better. *The steady beat of a drum does not make a dance orchestra*—rhythm and flow of melody do.

"Ann," Oakland, Calif., May 12.

There Are Lots of Others That Have Never Been Mentioned

Why is it that of all the letters in your interesting magazine we never have seen one praising the "Gilmore Circus?" We certainly get a lot of good, hearty laughs out of the questions of Pop Weasel and How, as well as all the rest of the entertainers.

The "Spotlight Revue" is wonderful, but what would it be without the school kids?

We also enjoy "Memory Lane." Richard Le Grand is a true artist.

Now for the "Happy-Go-Lucky Hour." To my way of thinking Al Pearce is a wonder. His brother Cal and himself doing their "Eb and Zeb" sketch on the "Blue Monday Jamboree" are the best of all.

Good luck to your magazine. We can hardly wait till it comes out every week.

Mrs. C. B. S., Seattle Wash. May 9.

Buys Broadcast for the Pictures

I enjoy your magazine very much—have been buying it for quite awhile now, but I'll have to admit mainly for the pictures, as you don't have all of the southern stations listed. I think you are very fair in your selection of pictures as they take in a wide variety of stations, of course my favorites are the KFRC artists.

I also enjoy so much your different departments of radio news. We all like to read some of the private life of our favorite artists just like we used to like to know about the movie stars.

I don't think it is especially fair to criticize an artist too much when it costs us nothing to get the wonderful programs and we always have the privilege of getting some other station. Continued success to your very wonderful radio magazine.

Mrs. Fred E. W., Buena Park, Calif., May 12.

Would Enjoy Baseball Broadcast

I have been enjoying BROADCAST WEEKLY for over a year and think your "Open Circuit" is the best ever. Too bad KFRC let Hazel Warner go, we all enjoy her singing. Blue Monday Jamboree is still the best program of the week, but why can't we hear more from "Bilgy?" We all miss Mac and his gang in the morning. The whole family listened to Mac before breakfast but now we have to be content with listening in in the evening. Why has KTAB stopped broadcasting the baseball games, now that there are more night games we would enjoy them all the more?

Merwyn W., San Francisco, Calif., May 13.

There's Room for All

As a constant reader of your splendid little book (BROADCAST WEEKLY), the time has come when I must have my say in your Open Circuit. I have been tempted many times to reply to those that are always finding fault with some particular station. Being a DXpert I have heard many stations, and on the smallest stations I have heard splendid programs and our largest stations sometimes have the poorest programs. Why must the people find fault when it only takes a second to turn the dial and bring in most any kind of program one wishes for.

This loyal booster of KHJ, Mr. Ralph S., who put in such a weak knock against KGO in this week's BROADCAST, is certainly a booster for Los Angeles and KHJ. I admire a booster if in boosting he can refrain from knocking, but Ralph S. could not refrain from knocking.

I wonder if he has ever listened to any other station than KHJ. He certainly has never tuned in on KGO very much or he would not be falsely accusing them. It's true KGO does get a great many of their programs from the east via NBC, but did Ralph S. ever stop to think that some of the finest and the most popular programs on the NBC today originated and comes from the NBC studio in San Francisco, namely Memory Lane?

I am not upholding KGO, nor am I knocking KHJ. They are both splendid stations. Sometimes they both have programs I would not give a minute of my time to. I say they are all good, and I have heard some 300 stations in the past six months.

More power to those that boost their favorite station, but don't knock the other ones. Just tune them out if they are so terrible.

In conclusion I would suggest, when Ralph S. goes dial hunting, to leave his hammer on the shelf and get himself a horn.

George B. C. Oakland, May 12.

Wants "Little Jo" of Memory Lane

Why can't we see a picture of "Little Jo" of "Memory Lane" in your Broadcast Weekly? We watch the magazine each week, so please don't disappoint us in the future.

We've listened to "Memory Lane" ever since it began, and certainly love Little Jo's voice and personality, so let us see her as well as hearing her.

We certainly enjoy the Pacific programs. Sometimes the programs are a little hard to get, way out here, but we hug the radio closer on those nights.

Mrs. Geo. W. W., Lincoln, Neb., May 7

... SILHOUETTES ...

WHEN not singing over the radio, Morton Downey, Columbia's high-note tenor, may be eating three portions of ice cream at a sitting; discussing his hatred of birthdays; calling a waiter with a loud "pst-pst" that brings speedy results;

MORTON DOWNEY

walking up nine floors to his apartment for a bit of exercise; proposing to a girl for a friend—the John Alden act; sending telegrams or making phone calls, but never writing; asking riddles and telling funny stories, original and otherwise; calling his wife, the beautiful Barbara Bennett; dashing up to Wallingford, Conn., to visit his parents; browsing about an antique shop; buying a cigar, taking five or six puffs, and throwing it away; attending innumerable functions in his honor, and slipping away when he thinks nobody is looking; singing at various charitable institutions with never a word about it; matching his ties, shirts, pocket handkerchiefs and socks; parting his hair; talking about going horseback riding, but never getting near a horse; playing practical jokes on friends and acquaintances; defending himself from the horde of music publishers that continually besiege him; getting people to listen to his philosophy of life; dictating answers to his fan mail; becoming an honorary member of various Irish social and political organizations; dialing to other prominent figures of the air; knocking wood, crossing his fingers, and dodging black cats; buying an assortment of athletic apparatuses, though he seldom uses them; considering numerous contracts offered him, but never accepting before he asks the advice of almost every intimate business and social associate.

NOT long ago, one of Tom Mitchell's listeners sent a letter to the audience mail department of NBC, commenting pleasantly on the Rainier Rickey Man's voice and program. Then she added:

"I like the way you sing popular songs, but some day I want to hear you sing 'The Holy City.'"

At which Mitchell, debonair, laughing-eyed star of musical comedy and vaudeville, declared in his best "East Lynne" voice:

"Ah—discover-r-ed!"

And then admitted that although musical comedy audiences have heard him in rollicking ditties for years, "The Holy City" was part of his very first repertoire, when he was a boy soprano in St. Thomas' Episcopal Church, Boston.

Mitchell was born in Bradford, Yorkshire, England. It is not remarkable that he is a singer, for both parents were well-known vocalists. The elder Mitchell was a baritone in the old Welsh choir, organization famed throughout Europe for its singers, and Mrs. Mitchell was a contralto and a well-known church soloist. The family came to America when young Tom was just old enough to be rated as a soprano. His voice attracted so much attention that a few years later, when he had left the choir-stage of his existence behind, he was engaged for vaudeville almost immediately after his graduation from school.

He sang to audiences of the Keith circuit for eight successive years before musical comedy claimed him. "The Three Twins" offered him his biggest success, and the thrill which is the aim of every member of the theatrical profession—seeing his name in electric lights on Broadway.

When the war came on, however, Tom laid aside his make-up box and enlisted in a machine gun outfit which was sent to Camp Hancock, Georgia. He was made an instructor and when an injury in camp prevented his being sent overseas, he turned his attention to entertaining in camp. He put on a vaudeville show once a week, utilizing non-professional as well as professional talent, and he directed a series of operettas whose proceeds went to the Red Cross.

Back in vaudeville at the close of the war, he continued his career as a singer until a western tour brought him to Hollywood in 1923. There, for the first time, the new art of radio interested him. A manufacturer engaged him to entertain through the microphone, and he has been doing so ever since. As shown in his Rainier Rickey program, he is a firm believer in showmanship on the air as well as on the stage, and one of the most accomplished of its users.

TOM MITCHELL

TALKING to Dorothy Scott of the KPO Children Players, is like putting a little polish on old Aladdin's Lamp and through its magic being able to enter the portals of the "Land of Make Believe" and hold friendly chat with the mythical feminine characters found in the Mother Goose Rhyme books. For Dorothy Scott, has interpreted the roles of all of the leading little fairies to be found therein. Ever since she was knee high to a grasshopper Dorothy has been associated with Mrs. John Cuddy in the Children's Theater—in fact, Dorothy was only four years old when she gave an admirable portrayal of the "Fairy" in "Jack and the Bean Stalk."

But though Dorothy has grown up—the Children's Theater is still her chief hobby—it is part of her—and she is still playing the leading parts, only today she is able to bring to them the experience and understanding of maturity.

To meet her one would gauge her age at, say, 16—she is of the slender type, with blonde hair and green eyes—is five feet two and one-half inches in height—"be sure and add that half-inch," Dorothy pleaded, as the interview with her had come to a close. So we have held faith.

Miss Scott was born in Oakland but was educated in the San Francisco State Teacher's College, Lowell and Burlingame High Schools. Following the death of her father, the late Rev. O. St. John Scott, her mother Mrs. Elsie C., took her to Europe for a visit of England, France, Scotland and Ireland. In truth Dorothy is a much traveled young lady, having made two trips to Europe, five trips to New York, three times

by water and twice through Canada and the United States.

Besides having performed here at the Children's Theatre Players Guild, the San Francisco Stage Guild at the Old Plaza Theater, which later under the Duffy regime became the President Theatre, "The Miracle" when it played here at the Civic Auditorium,

DOROTHY SCOTT

various comic operas, for Dorothy has an unusually sweet soprano voice of exceptional range, she has also been equally successful away from home, having won signal honors in Los Angeles and in Paris.

Strange to state that although Miss Scott has been so closely identified with the plays

CHESTER Markert, concert organist of KNX, although a young man of but 24 years, has been engaged in the practice of his profession in theaters and churches throughout the United States for the past nine years.

Markert, who has studied with Peitro Yon, noted organist of the Vatican at Rome, and under Jesse Crawford, noted theater and recording organist with whom he held the position of associate organist, has composed many delightful numbers for both organ and piano, some of which compositions he will feature in his recitals over KNX. At present he is diligently working on a miniature symphony for orchestra.

CHESTER MARKERT

Since coming to Los Angeles a year ago, Markert has made recordings for motion picture studios. His brilliant performances on several recital tours have made him known to music lovers in cities through the Middle West and the Pacific Coast.

that have been written to bring joy and happiness to the little tots, her chief ambition is to play Shakespeare—her favorite plays of "Bill's" are "The Merchant of Venice" and "Hamlet"—it is an education to hear her recite the "Soliloquy."

Several months ago Miss Scott became identified with KPO as a member of the Children Players and with the KPO Drama Guild. Her debut to radio was made back in the infancy of radio in 1922, when she was playing with the Children's Theater.

Asked what she thought of radio Miss Scott was high in her praise of it but decried the fact that her feminine desire to wear beautiful costumes could not be satisfied. But we reminded her that television was according to some scientists only a little way in the offing, and then her girlish heart would beat happily as she could then wear all those beautiful clothes—the winning smile that came our way was ample reward for the reminder.

Some day if you see a young lady out in the sand lot batting up to the masculine average you will know it to be Dorothy Scott—it is her hobby aside from the stage—she likes fencing—learned all about it in France—music is a passion with her.

- • • Harold Peary, NBC baritone and "head villain" of the National Players, owns one of the largest collections of autographed pictures of theatrical celebrities in the West. A large photograph of Richard Barthelmess, which arrived recently, brought the total up to 596. He has appeared on the stage with almost all the stars whose autographs he possesses.
- • • "Chet" Mittendorf claims that he "beat" his way into the radio business, via the drums in a KNX orchestra some odd years ago. He was one of the directors of the original Packard Six orchestra, and since then has devoted his time to the selling end of the game, first at KNX and now at KFWB.
- • • Robert L. Lilly, KPO's popular commercial manager enjoys the signal distinction of entering the United States Navy two days before war was declared on Germany, as a senior lieutenant and saw active service until 1920. He had many thrilling experiences on the Atlantic as an officer aboard ships carrying mines and supplies to Scotland.
- • • Four letters were received at Columbia System headquarters following a recent performance of Irene Bordoni as "The Coty Playgirl" from writers who stated firmly that they knew she had been born in San Francisco, Trenton, Little Rock and Salt Lake City, respectively. Just as a matter of record, Miss Bordoni first saw the light of day in the island of Corsica. You'll remember Napoleon as another Corsican who made good.
- • • Ruth and Lila, KFRC's Clark Sisters, keep house in a San Francisco apartment. Ruth is the cook, Lila the star boarder. Lila's favorite dish is lemon pie, but Ruth doesn't make pie so well, she makes chocolate cake better, and so Lila prefers the chocolate cake. And when even the chocolate cake becomes a bit tiresome they treat themselves to a French dinner, which is one of their weaknesses.
- • • Baldassare Ferlazzo, concert and orchestral violinist, has been enrolled into the KFI-KECA ensemble and solo ranks. Ferlazzo comes to the Anthony stations from prolonged and successful engagements with symphony orchestras—notably the Boston Symphony under Montteux—and from flattering successes in the recital field.
- • • The mellow soprano voice of Lewisita, Spanish vocalist, is bringing on a surge of gushy epistles, which makes Lewisita bubble over with mirth. Lewisita announces and conducts an all-Spanish program from KGER each evening.
- • • Carl Hoffmeyer, who plays a mean saxophone and clarinet in Jerry Joyce's quintet, is also an arranger of no small ability. He was with Paul Ash in Chicago, and then spent a season at the Oriental Theatre. His arrangements of "That's a Plenty" and "Tiger Rag" have already created sensations on KFWB'S programs.
- • • Van C. Newkirk of KHJ returned from three weeks in the Hawaiian Islands with his hip in a plaster cast. He says he hurt it in a hand-to-hand encounter with a fierce Hawaiian lagoon. Mrs. Newkirk explains that Van tried to learn the hula.
- • • Eddie Smith, the Decatur boy known as "The Georgia Crooner," over KROW is one of the few radio entertainers who presents a program composed almost entirely of his own compositions. Smith has written scores of ballad numbers, including "Sleepy Golden Moon," "Yonder Down the Lane," "I Will Save All My Memories for You," and "In My Land of Golden Dreams."
- • • Allan Wilson, lyric tenor star of the North American broadcasts, presented nightly from KPO, 6:30 to 6:45, was schooled in the technique of architecture, but upon receiving his diploma and practicing successfully for several years he transferred his thoughts and endeavors to becoming a singing star. Thus an architectural star fell and a vocal star rose to concert and radio fame.

• • • One of the most remarkable demonstrations of good will and all-around sportsmanship we have ever seen was the Wednesday night KTAB Pepper Box of April 22nd. It was visiting night; Ralph Brunton's KJBS staff combined forces with Bob Roberts Pickwick group and the result was one of the most dazzling revues of peppy radio talent ever released. The show drew a studio audience of close to a hundred and fifty spectators. The Pepper Box under the arrangement of Glenhall Taylor, with "Bob" Roberts as master of ceremonies, is getting bigger and better every week.

• • • Harold Peary, of the NBC National Players, is one actor who doesn't long for romantic roles, and wouldn't play "Hamlet" if someone offered him a lot in Denmark. Out of 160 plays in which he has acted on the stage, he has been the villain in 153 of them, and declares he prefers deep-dyed wickedness to any other part.

• • • Approached by a ragged stranger who pled for some money to "buy something to eat," Tom Breneman, feature director of KNX, Hollywood, refused to comply. Thereupon the stranger held up Tom while cursing fiercely at the hard-hearted refusal. Tom submitted without comment knowing that the hold-up man would find out why he wasn't given a quarter. Breneman's pockets yielded exactly 14 cents. The moral of this tale is "Don't bother to hold up a radio broadcaster."

We can't divulge the nature of this Moviegraph, but it is available to boys and girls of all ages who write the Raybestos Company at 366 Brannan Street, San Francisco. All those requesting one of these Moviegraphs will also be sent a membership card to Uncle Jerry's "Safety Club." There is no charge being made for either of these.

The Raybestos program is being conducted in the interest of child safety and merits the attention of parents and children of all ages.

• • • John Churchill, formerly of KFOX, has embarked upon a career in the free lance field of radio with a quartet on KGER. From the very first, John's vocal four knocked

'em over for a strike, all of which demonstrates that Mr. Churchill knows his harmony, his theatricals, his journalism and the other hundred-and-one features which he boasts in his list of "Things that John Can Do."

• • • Arthur Pryor's Cremo Military Band is one performance on the Columbia air in which the usual rule of silence in the studios is not enforced. Instead of whispering to each other, as they usually do, production men and announcers often must shout in order to be heard above the tremendous volume of the band.

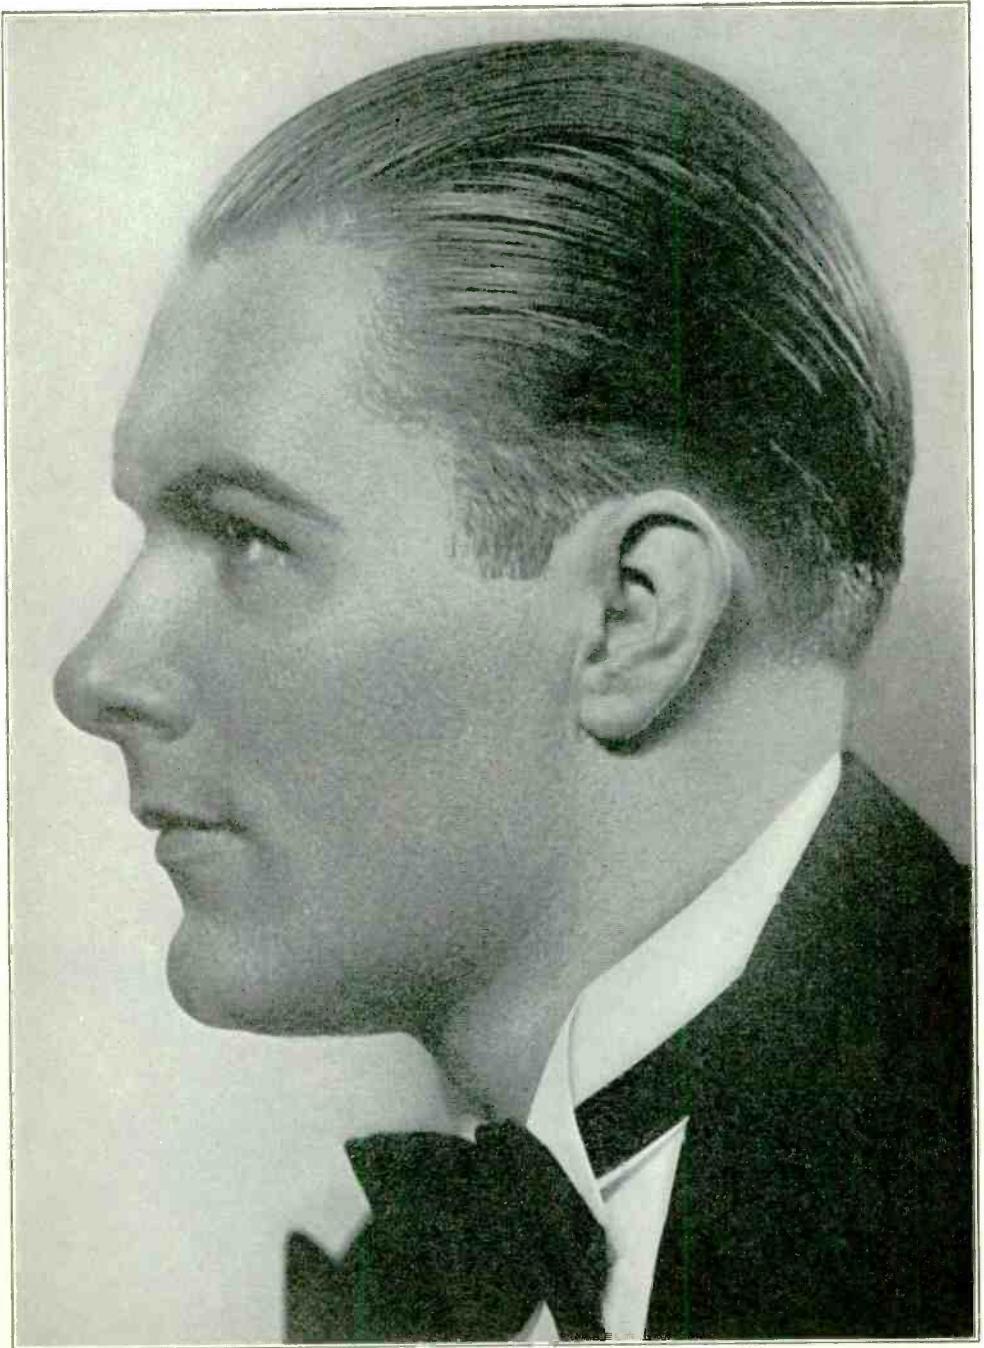

• • • Sam Dickson, who writes the beautiful and soulful travel and adventure continuities for KTAB, lectures on erudite subjects and wrings tears from your heart with his romantic pictures of city life, is the author of "Easy for Zee Zee," that lurid masterpiece that recently played a return engagement at the Green Street Theater. The first showing of this transplanted Parisian morsel ran for 51 weeks.

• • • Johnny Murray, KFVB's likeable young tenor, has a busy week. He produces the "Wee Willie and Lisbeth" program, sings solos and teams up with Elinor Gail on the night concerts, reads lines in the Animated Book Reviews, creates a clever character in "Flat Feet," sings a heavy role in the Romancing Racketeer stories, and does his bit in the blackouts on the "Speed" program. Outside of that he has a lot of spare time . . . Who said—"Oh, Yeah?"

• • • If you feel an inclination to scream like a leopard some time—wait a minute, now, you never know when a leopard's scream might come in handy—don't forget your derby hat. Fred Thomas, of NBC's National Players, had to enact the leopard in a recent dramatization of L. Scott Perkins' series of Kenya Bill's adventures, told in the S and W Mellow'd Melodies. He tried several screams, in varying shrill pitches. None of them sounded like a real leopard until he held a derby hat over his face and screamed into that. The result was an eerie, terrifying scream which sends cold shudders down the backs of hearers, even those in the studio.

Questions & Answers

By N. EARL BORCH

Consulting Engineer of the California Electrical Construction Company

All questions should be put in clear, simple form, and should ask directly what is wanted. Give full name and address. Personal replies or diagram will be supplied for a fee of one dollar each.

QUESTION: What causes distant stations to "fade?"

2. Why do the stations come in louder in the evening than they do in the daytime?

3. How long and high should the aerial be for a Radiola 33 using RCA Radiotron tubes.

Wishing you a great success and thanking you for your opinion, I am.—Victor R., Santa Ana, May 10.

ANSWER: 1. If we knew definitely what caused fading, we could perhaps devise the means for overcoming this effect. We do know that fading is caused by periodic changes in the earth's atmosphere, which causes a corresponding change in the energy contained in the waves from the broadcast stations. So far, the only feasible method for reduction of fading is in the erection of two antenna systems for the same receiver spaced far enough apart so that the fading period per antenna happens at different times. In other words erecting the antennas in such a manner that the signal strength will be at a maximum at one place and a minimum at another and vice versa. Such an arrangement can of course only be used where unlimited space is available and is entirely impractical for the broadcast receiver.

2. This question was answered in the last issue of Broadcast Weekly. Please refer to this number.

3. Due to the high sensitivity of the Radiola 33 the antenna length need only be approximately 25 to 50 feet. It should be erected as high as possible and be removed from all obstructions. The lead-in should be a continuation of the antenna itself, thus avoiding all splices which might introduce additional resistance and in time corrode sufficiently to seriously affect reception. In the case of apartment house installation, it may become necessary to use a longer antenna in order to get away from the shielding effect of the metallic structure of the building and also to arrange the antenna so that a minimum pick-up of interference from the building's electrical devices will take place.

QUESTION: 1. Please answer the following questions: My trickle charger causes considerable interference in all my neighbor's receivers when I am not operating my set. Is there any way I can remedy this without throwing my charger away?

2. My set is a Remler 115 KC super using the type 99 tubes. One of my friends has an identical set but using the 201-A tubes. His reception is much better than mine. Do you think his better reception is due to his location or is it on account of the large tubes he is using? Would you advise changing my set over to the large tubes? Thanking you, I am—Arthur M. M., Reno, Nev.

ANSWER: 1. Connect a coil of wire, consisting of about 100 turns of number 14 wire wound on a convenient form in series with the hot side of the power line. (One side of the power line is grounded and by hot side is meant the one not grounded. A light globe connected from a water pipe to each side of the line in turn will determine which is the grounded side because the light will burn when connected from the hot side of the water pipe.) If this is not sufficient to cut out the interference, connect two condensers, of one-half microfarad capacity in series and connect these across the line leading to the trickle charger and placed not over 14 inches away from the charger. Then connect the center tap between the condensers to the nearest water pipe. This will in nearly all cases, reduce the interference from such a source so as not to annoy the neighbors.

2. Your friend evidently has one of the latest types of these receivers. One in which a regenerative detector is incorporated. This extra regeneration will allow a much greater total amplification and will also tend to make the set much more selective, thus giving the set a much greater flexibility than that of yours. If you are interested in DX reception, changing your set over will greatly help you and you should be able to hear stations which before could not even be heard.

LORD BILGEWATER'S
LATEST BOOK

It is totally different from anything ever written by this Happy Go Lucky and Jamboree comedian, heard over the Don Lee chain.

Cram full of riddles, funny stories, anecdotes, and humorous poems.

Happy Go Lucky listeners had a hand in writing it, too. Contributions from fans all over the Pacific Coast have been included.

The engaging illustrations are by Frances Montgomery.
