NASWA

HEADQUARTERS REPORT

NORTH AMERICAN SHORT WAVE ASSOCIATION

46 WILDFLOWER ROAD, LEVITTOWN, PA. 19007

NEW SHORTWAVE CENTER EDITOR NAMED

Beginning with this issue the new editor of the FRENEX SWC is John C. Herkimer, 3233 East Avenue, Caledonia, NY 14423. We want to thank former editor Chris Hansen for the fine job he did and regret that he had to give up the column for personal reasons.

WANNA TRADE?

Do you remember those QSL-type cards that SWL's and DXers used to send to other hobbyists? There seems to be a renewal of interest in them and John M. Kapinos, 86 S. Quinsigamond Avenue, Shrewsbury, MA 01545 is editing a short Newsletter for those who would like to see the custom revived. John says that he will probably include information for pennant traders and other hobby paraphernalia swappers. If you're interested, send John an SASE and request a copy.

EGE, INC. OPENS SW SUPPLY DIVISION

EGE, Inc., noted supplier of amateur and marine radios and equipment, announces the opening of a new SW Supply Division featuring radios, antennas, and accessories. A catalog is available from EGE, Inc., 13646 Jefferson Davis Highway, Woodbridge, VA 22191.

1983 DX DIARY OUT

The 1983 edition of the Finnish DX Association's DX Diary is now available from Gilfer Associated Inc., Box 239, Park Ridge, NJ 07656. The Diary has a 107-page section (two pages for each week) with information on international, national and local holidays, station anniversaries, and other interesting dates of the world broadcasting scene plus an 11-page Weekly Program Guide and other features. The price is listed as \$5.00 but this may vary because of currency fluctuations. Please check with Gilfer if interested.

WANTED: Early production run Kenwood R-1000 (preferably early 1980 or before). Victor Barz, Room 3305 Cross-Baits II, Ann Arbor, MI 48109. Phone (313) 763-2857 between 1200-1400 and 0400-0500 GMT.

FOR SALE: Sony ICF-6500, \$115.00. JVC RCM70JW (5 SW bands, MW and FM stereo tape recorder), \$260.00. Both in mint condition with manuals and in original cartons and both UPS insured. Fritz Apollon, M.D., 3412 Englewood Road, Baltimore, MD 21208. Phone (301) 653-0212.

FOR SALE: Hammarlund HQ-180A with KRS digital frequency display, Heathkit QF-1 audio filter and RME DB-22A preselector. Price is \$520.00 for the package plus shipping. Serge Peter Neumann, 918 North Lone Pine, Springfield, MD 65802. Phone (417) 864-8610.

WANTED: FS-4 frequency synthesizer in good to excellent condition. Gabriel Grijalva, 723 South First Avenue, Phoenix, AZ 85003. Phone (602) 253-7505.

FOR SALE: Panasonic RF-2200 receiver in excellent condition, \$100.00. MFJ-1020 indoor active antenna/preselector in excellent condition, \$50.00. Both for \$145.00, I pay shipping in the U.S. Gary Pearce, 1512 Owana, Royal Oak, MI 48067. Phone (313) 546-1709.

NO COLLECT CALLS ON THESE ADS, PLEASE.

THE COVER: This month's cover features Dan Robinson, former FRENCH Log Report "A" editor, present North American reporter for Radio Nederland's Media Network, member of the Washington Area DX Association and one of those working diligently to make ANARC 1983 a success.

NO COLLECT CALLS ON THESE ADS, PLEASE

WANTED: RME (Radio Manufacturing Engineers, Inc.) DB-20 preselector Service Manual with schematic. Paul R. Rehkopf, Jr., 104 East Main Street, Montpelier, OH 43543.

FOR SALE: Palomar PAL-308 preamp. Lists for \$109.95, will sell for \$55.00 including UPS postage. One year old and in excellent condition. Bob Fleck, P.O. Box 566, Colleyville, TX 76034. Phone (817) 485-5599.

FOR SALE: Drake R7, one year old with 2.3 and 4.0 filters installed. Also has MS-7 speaker, Eavesdropper antenna, dust cover, Transi-trap lightning arrester. In mint condition. Price \$1100.00 or best offer. I will pay UPS. Don Sardone, 622-B Clarkson Avenue, Elizabeth, NJ 07202. Phone (201) 527-8669 from 0900 to 1400 weekdays or anytime weekends.

FOR SALE: Sony ICF-5900W in mint condition, 1 1/2 years old. Price \$125.00 pp. Dennis W. Tuft, 14910 Easter Avenue, Apple Valley, MN 55124. Phone (612) 423-2066.

FOR SALE: Yaesu FRG-7 in very good condition, \$250.00. Fuji metal cassettes (C-90), metal bias 70 US EQ. \$3.00 each. I've got four. Rob Harrington, P.O. Box 3434, Littleton, CO 80161.

WANTED: Old issues (1966 to 1974 editions) of the Batesville Short-wave Association. Rob Harrington, P.O. Box 3434, Littleton, CO 80161.

FOR SALE: Panasonic RF-2900 in excellent condition, \$158.00 including UPS. Autek QF-1, \$28.50. Radio West Ferrite Loop antenna with 22" bar and LW, MW, and SW coils, \$115.00 or best offer. Jim Uerlings, 3908 Kelley Drive, Klamath Falls, OR 97601. Phone (503) 884-7659 after 0130 GMT or weekends.

WANTED: Copy of "Voices of the World" by Dr. Richard Wood. Ken MacHarg, 3813 Utica Pike, Jeffersonville, IN 47130.

FOR SALE: Realistic DX-200 communications receiver in new condition. Tunes 150 kHz to 30 MHz. Price \$125.00. Realistic DX-302 receiver in excellent condition. Tunes 10 kHz to 30 MHz. Price \$250.00. You pay shipping. C.M. Randall, Box 1652, Covington, GA 30209.

FOR SALE: Yaesu FRG-7700 with Collins filter., \$460.00. Matching tuner, FRT-7700, \$45.00 or both for \$495.00. Sony 6500W, \$125.00. Panasonic RF-085, \$50.00. JVC-6600 SW portable with BFO and pitch control, SW bands and AM/FM, \$79.00. R.H. Johns tuned dipole antenna with traps for SW, \$35.00. Joseph Coleman, 157 Walton Place, Lansdowne, PA 19050. Phone (215) 626-3376.

FOR SALE: Drake R7, delux SWL receiver in mint condition, no scratches. Five filters (6.0, 4.0, 2.5, 1.8 and .5) and noise blanker installed. MS-7 matching speaker. Price \$980.00. Roger Bisbee, 1702 Waldemere Street, Sarasota, FL 33579. Phone (813) 955-0234.

FOR SALE: Kenwood R-1000, about one year old. Like new. Price \$275.00 including UPS. Larry Mindel, Route 3, Waunakee, WI 53597. Phone (608) 849-7207.

FOR SALE: Galaxy R-530, SC-530 speaker with manual. Price \$300.00 plus shipping. Gilfer A-20 Preselector, \$25.00 plus shipping. Cashiers check or money order. A. Drehman, 11714 SW 129 Court, Miami, FL 33186. Phone (305) 385-3879.

Shortwave Center

February 1983

Editor: John C. Herkimer, 3233 East Avenue, Caledonia, NY 14423

This edition of Shortwave Center marks the beginning of my tenure as editor. It's my hope that, in the coming months, each of you will find something of interest here. Your comments and suggestions are always welcome.

I would be remiss if I didn't acknowledge the encouragement and good wishes I've received. I appreciate it!

I'm going to save the obligatory introduction for another time so that we can kick off this month's features...Part 3 of "On To The Top"--Don Jensen's excellent primer for the serious DXer, an exhaustive survey of Latin American verifications by Stu Klein, the debut of our own John Moritz with a provocative "It Sounds To Me" and more. Let's go....

ANARC 1983

Washington Area DX Association
(WADXA)

Association of North American
Radio Clubs

606 Forest Glen
Silver Spring, Maryland 20901

The Washington Area DX Association (WADXA) is pleased to announce that the Association of North American Radio Clubs Convention (ANARC '83) will be held from July 15-17, 1983. The site is the Westpark Hotel in Rosslyn, Virginia, just across the Potomac River from Washington, D.C. All radio enthusiasts are invited to join in for what promises to be one of the most interesting and exciting ANARC conventions ever.

At the Washington convention, you'll have access to radio station representatives, the world's leading DXers, broadcasters, radio manufacturers, and experts on a variety of radio-related topics.

The program of events is still being planned, and we'll keep you posted here as they're announced. MAKE YOUR PLANS NOW!

On To The Top

by DON JENSEN

Part Three: HOW CAN I HEAR THOSE RARE STATIONS REPORTED BY THE EXPERIENCED DXers IN THE CLUB?

As suggested last month, knowledge is the key to success. DXers should concentrate on learning all they can about the major DX bands below about 7 MHz, starting with the best of the batch, 60 meters. Concentrate on learning patterns of propagation; ideally the theoretical hows and whys, but, minimally, observe and learn by actual on-the-bands observation.

This leads to the next point of concentration.

Concentrate on certain stations. One reason experienced listeners manage to hear the really rare ones is because having logged so many stations, they can concentrate efforts on a relatively few wanted targets. The less experienced, needing more stations, often take a scattergun, hit-or-miss approach.

For example, when a good opening occurs for Indonesia reception, the less experienced DXer might spend his time taking a log on RRI, Ambon, 4845 kHz. He "needs" it and is pleased to receive a new one. But the veteran, already having logged and verified Ambon, concentrates on trying for the rarer Indonesians, say the local government station, Radio Pemerintah Daerah Kabuptan Poso!

Ambon may be a good catch, a new logging for you. But wouldn't you be happier receiving Poso? It takes self discipline to pass up a sure Ambon for a chancier Poso, but the odds are that you'll next hear Ambon--and get a reportable logging--far sooner than another crack at Poso!

The choice--and naturally you won't always opt for the chance of hearing the ultra rare one over the sure bet logging--is tough for the less experienced listener. It means gambling on the possibility of a rare one and, for that day at least, passing by a medium-hard station already at hand. The veteran DXer who has already QSLed the easier station doesn't have to think twice before chasing the really rare outfits when top notch openings occur.

A word of caution here! Don't let the higher stakes--giving up temporarily a sure catch for a gamble--color your judgment. Apply the same identification standards you always do. The weak muddle down in the mud may be Poso....or it may not. Your gamble may not pay off. But if it does....

The decision as to when to play it safe and take the needed logging at hand, and when to gamble on the possible really rare one, is easier if you have a "want" list.

Rare is the experienced DXer who doesn't have his own list of most wanted stations. Check on what others are hearing, particularly the DXers you regard as "pros". Draw up a list of about 10 such stations that you really want to log. In any situation where you're faced with the decision to play it safe or gamble on the rare catch, let your want list establish the priority. Concentrate on these stations when conditions to a certain area of the world are most favorable. If you have no luck, then go after the secondary targets. When you knock one off, replace it on the list with one you badly want to hear.

Compile a "book" on each station on your want list. Minimum information, of course, is frequency and the time when it is being received in your area. Comb the bulliten for more tips, schedule, language used, etc. Is there an especially favorable time "window"? Perhaps the normally strong utility on the frequency is off Sundays? Can it be heard only on occasions after a powerful nearby station signs off? What type of programming would you expect to find? Country and western music? Outdated U.S. pops? A French newscast?

In short, get all the background data you can. It'll help if and when you actually do hear the station.

Finally, tune as often as possible for your most wanted stations. Trying for it seven times a week is better than six, six a week is better than four. Make the odds work in your favor!

NEXT MONTH...Identifying the rare stations.

An SWC Station Profile- by John Herkimer

For Emisoras Gran Colombia, 1983 marks 39 years of dedicated service to the people of Ecuador with the proclamation, "Orgullosamente en el Liderazgo de la Radiodifusión Ecuatoriana".

Indeed, in the studios on calle Guayaquil in Quito, Director-General Eduardo Cevallos Castaneda labors to satisfy the cultural, religious, political and sports needs of his listeners. The reward of his efforts is an impressive array of awards and citations, culminating in 1978 with the coveted "Premios Ondas", presented by la cadena SER in Barcelona, Spain. It meant international recognition at last for this ambitious station. "Emisoras Todo Evento" was born.

However, it's sports coverage that sets Emisoras Gran Colombia above its competition. Their slogan, "La Voz Deportiva de la Capital" is no boast. Under the play-by-play announcing of Jacinto "Copa Mundo" Landazuri, a veteran of Ecuadorian broadcasting, the station covers a wide variety of sporting events. In fact, Emisoras Gran Colombia sponsors its own 22km marathon each year, attracting some of Latin America's most talented athletes.

Audible most evenings on 4911 kHz, the transmitter at Guajaló puts a respectable signal into North America, up to it's highly variable 0500 s/off.

Letters are welcome, to Casilla 2246, and Nancy Cevallos handles the correspondence. She is especially interested in good quality tape recordings but laments that, due to her other duties as musical director, answering the large volume of mail can be difficult. If you don't mind the wait, and an occasional follow-up, that station sends a nice letter and pennant.

Radio Peking officials enjoy Colorado visit

By Sue McMillin
GT Staff Writer

A small version of the Great Wall of China in Colorado?

Well, not exactly. But the chief of Radio Peking's news branch was surprised to find something in Colorado that reminded him of the Great Wall: Skyline Drive in Canon City.

Liu Erhuang is one of three Radio Peking representatives in Colorado Springs this week as part of a seven-week tour of the United States.

The trip, sponsored by the U.S. Information Agency, is part of an exchange program between the Voice of America and Radio Peking.

Radio Peking's programs are broadcast over short wave radio in 38 foreign languages and several Chinese dialects.

The trio put Colorado Springs on their itinerary because of a correspondence and friendship that began in early 1958.

Colorado Springs resident Robert Charbonnell, one of a group of Radio Peking listeners, wrote a letter to the Chinese state

radio station complimenting its New Year's program, Liu said.

Later that year Charbonnell's wife and friends traveled to China and met several of the radio station workers.

The Radio Peking representatives celebrated their first Thanksgiving with four Thanksgiving dinners in Colorado Springs — three in private homes and one at the Peterson Air Force Base Officers' Club.

"We came here especially to visit our friends," Liu said. "We are the first team to visit Colorado Springs."

It was a trip to the Royal Gorge that brought Liu to Colorado's "Great Wall."

"That winding road looks just like the Great Wall," he said with amusement.

This is the second Radio Peking exchange trip to the United States, and Liu said he hopes it will be an annual event.

"We have a bridge of friendship created by radio waves," he said. "We have increased friendship between our two peoples, and we have increased our understanding."

Liu Erhuang

The trip started in Washington, D.C., where the group toured museums and historic sites before heading south to New Orleans for a visit to Preservation Hall.

In Chicago, they toured a computer factory and Liu said he was impressed with the facility's compactness and efficiency. They also visited the University of Chicago.

They will visit Los Angeles and San Francisco before returning to China.

Paul and Marion Hale, who sent the above clipping, spent 19 days in China recently as guests of Radio Peking. Paul writes, "We were invited because we are listeners of Radio Peking, which wanted American input about it's programming. Underneath it all was a strong undercurrent to establish a bridge of communication and an eagerness to cultivate friendship and understanding with Americans".

"In our travels we were escorted by a representative of Radio Peking and an interpreter. In addition, our group was met in each of eight cities by officials of their local radio station".

Paul adds that their personal activities were unrestricted and he mingled freely with the public. Many spoke English and, as he was told, they keep current by listening to The Voice of America and the BBC. Paul was impressed by their quick perception of the ideas he expressed in English.

Radio Peking is again interested in hosting another small group in October 1963. Anyone interested in touring China should contact the Hales at 1619 North Royer, Colorado Springs, Colorado 80907.

IT SOUNDS TO ME!

John J. Moritz, Jr., 4779 Pine Trace, Youngstown, OH 44515

THE STATE OF THE ART by John Moritz Jr.

1983. A new year. Where does the hobby lie? While much has been done in the last couple of years to bring together the dxing and SWling group, there still remains many differences between the two. These differences are usually the things that stand out front and that are continually talked about in hobby publications. But, much exists in common between the two groups. Our common bonds in the same hobby are rarely, if ever discussed. The dxer was, and still remains the original program listener. It remains the dxer who digs heavily into the music and culture of the station and country that he listens to. It goes without saying that the SWL is also program oriented, but basically toward a major international broadcaster. Still the similarity is there. But, he is also a dxer of sorts, finding new frequencies, new broadcasting times, new programs.

A simplistic view? Perhaps so, but it is still very much to the point. We all have much in common, and the idea of this column will be to bring the groups together in a way that will be enjoyed and contributed to by both. Hopefully, this will be for the benefit of our hobby and the stations we listen to.

But, what of the state of the art? From an equipment stand point we have entered the computer age. Radios and computers have and will continue to merge in even larger ways in coming years than in the last few. The next ten years in this hobby will see clubs owning computers, and indeed, will see computer log listings, and computerized bulletins. Rock has hit the major broadcaster. More than any other single force rock will be the medium of the new major commercial broadcaster. WRNO and KYOI are the forerunners of this trend. Political persuasion and national philosophy continue to dominate the established major broadcasters. Then, there are those who march to the beat of a different drum. The Clandestines have also come of age.

What stake do we as hobbyists have in all of this? Of course, ours is only a hobby. But, more than any other, our hobby is truly immersed in the events and philosophies of the real world. The basic instincts remain the same. The guy who first heard KDKA on his radio many years ago, and the guy who logs Falklands today still get the same feeling of excitement and accomplishment. But, the hobbyist has become sophisticated. We now see dxers reporting complete ID texts for Latins and Indonesians. It is no longer "in" to just say you heard an ID, you should report that ID. Dxers have gotten into the music of Latin America and the historical perspective of those countries in such detail during the past five years or so. Dxers have become specialists. The SWL is also more aware of what he listens to, and writes to specialized bulletins about program content. He is rightfully critical of things he hears on the radio. Also, both groups are keenly aware of the fact that the bands are crowded, that power remains supreme, and that something should be done to bring some logical peace to the situation on the bands, especially above 6200 KHz.

What can we do together? Better, what should we do together? As hobbyists in the coming years we must reach together for the common ground that exists between us all and attempt to meld that into a force that has some say about what we listen to on the shortwave bands, be it DX or SW. We must strive together to clean the bands of power pollution and piggy-back broadcasting. We should and must be critical of trends that do not benefit us. The tropical bands must be protected, not so much for the dxer as for the purity of those who seek to reach to the people in the heartlands. Confusion must no longer be the norm on the international bands. We should even delve into the force of religion on the radio and the force of politics on the radio. Third world broadcasting must be allowed to develop naturally and on its own, not with the influence and money of another country, or corporation behind it.

We should speak out for the right of broadcasters everywhere to speak the truth, not the philosophy of the ruling body. This applies not only to the meager miner's station in Bolivia, but also to the powerful Voice of America. But, we must also speak against our stations moralizing to us. We want to hear about America, the Soviet Union, Germany, England, and other countries. What we don't need or want are the "facts" as seen by the various ruling political bodies of such countries. We don't need the neoconservative morality of certain groups, or the trite comments about human rights broadcast over Radio Moscow. Radio is for the public consumption, and it should, to a large part, pay attention to that same public, not dictate to them. Culture, history, music and entertainment. Willis Conover, BBC Rock Specials. As it Happens, these are instances of radio's finest moments.

IT SOUNDS TO ME (cont'd)

Yes, as different groups in the same hobby we do have much in common. Let us attempt to work together in these pages to not only better our hobby, but the world and the people we listen to as well. Of course there are different points of view, of course things are not as simple as I have presented them. But, the merging for the common good must start somewhere. Let that place be in the pages of "It Sounds To Me".

In coming months we shall delve into politics and religion on the radio. We shall look at rock on the radio. Is it good or is it bad? We shall look into philosophies of broadcasters, and we shall also examine ourselves. I look forward to hearing from many of you.

Our only criteria is that you do not attack personally a fellow hobbyist. His ideas are open to attack, but not him personally. That is it. Say what you might, in a logical and intelligent fashion. Finally, it should also always be noted that the opinions that will be presented in "It Sounds to Me" are those of the individual expressing them, and not necessarily the policy of NASWA and its governing body as a hobby publication.

I want to publicly thank my good friend John for assuming the rather tough task of editing "It Sounds To Me". Not many can do it. In fact, I thought of shelving the column for awhile, at least until I could find the right person to handle it...one with a strong hobby background, especially in NASWA, and who is articulate. John qualifies on all counts. Those who are fortunate enough to know him can attest to the fact that he has some very compelling views on our hobby, as you'll surely discover in the coming months. I hope you'll respond with your point of view as well. We'll all be better for it. (JH)

A Shortwave Center Short by Al Sizer

Do you know anyone who has a QSL from that ultimate, Tristan da Cunha? Well, there's a well known sailor-author who has sort of a QSL...his name, Tristan Jones.

As he tells the story in his new book, "A Steady Trade--A Boyhood at Sea", he was born May 5, 1924 in his father's sailing vessel during a raging storm, 150 miles north of Tristan da Cunha. It was a difficult breech birth and the captain and mate got directions by radio from a doctor on Tristan, although they could not hear very well in the storm. As a result, the baby was named, "Tristan Jones".

Jones says the wheel has turned full circle, for now, almost 60 years later, the present doctor on Tristan da Cunha has named his son after Tristan Jones, the author!

¡PARA LOS DXISTAS ACTIVOS! Remember Pitt McNeil's article in the November 1980 SWC on recordings of Andean music? If you're like most, trying to find these records in a store can be frustrating. The folks at IPANEMA RECORDS have a free catalogue of Latin American records, including many of the central Andean albums Pitt mentioned. Write to them at Box 49452, Austin, TX 78765. Or try MIRO MUSIC (Box 342, Old Chelsea Stn., NY, NY 10114) for recordings by Chilean vocalist Victor Jara or the folklorico group, Inti-Illimani, featured recently on the PBS series, "Flight of the Condor".

For the bookshelf, a free catalogue is available from WAYFARER BOOKS (Box 1121, Davenport, Iowa 52805) which includes: The Indonesia Handbook, The South Pacific Handbook, great backpacking books on Peru and Bolivia, language cassettes (even Farsi) and alot more. For Andean enthusiasts who enjoy rising early to hear Radio Huancavelica, I recommend "A Traveler's Guide to El Dorado and the Inca Empire" by Lynn Meisch. (JH)

UPCOMING...interviews with some of the hobby's most intriguing personalities, profiles on rare stations, in-depth reports on Latin American clandestines, propagation features, tips on getting those tough veries, and that's just a start! We look forward to hearing from YOU. 73s-

John

VINTAGE VIGNETTES

WDX3UPA BH Taylor, Box 132, Unionville, PA 19376

RANDOM RAMELINGS

With your permission, I would like to take a break from past styles and formats. This issue marks the beginning of my third year as a contributing editor in FRENEX. I bear this anniversary with quite a bit of pride due to the reception that you have so kindly given to my column. It takes the efforts of all of us to create a club and a publication such as we have; and yet all too often take for granted. As such, I wish to encourage all of you to contribute all that you may. The end product will benefit us all.

Chris Hansen has departed; and John Harkimer begins; as gerante of Shortwave Center. To Chris, I wish the best of DX and congratulations on the advent of a degree of personal freedom (and free time) that he has foregone for several months. John ... we're all behind you. 73 in 83.

In light of the above comments, I would like to weave a yarn concerning my entry into collection and restoration; and, ultimately, my request to certain persons to allow me a bit of space to share these avocations with you. Perhaps this may strike a responsive chord. I hope so.

One of my Western Civilization professors always began his fall semester with a study of the "theory of causation" by a gentleman named Gustavsen. In short, the fall of the Roman Empire was precipitated not by the use of lead water pipes, but by way of an extremely severe drought on the Asian steppes nearly one hundred years previous to the fall. Just as a cue ball dislodges the balls from a billiards rack, the drought forced the Huns to move westward to dislodge the Ostrogoths (who, in turn, imposed upon the Visigoths); as Attila continued to press westward, these diverse peoples were succeedingly squeezed into smaller areas and forced to ally themselves and/or war with Rome; and, finally, Rome herself was to come to face the sword of Attila, thus losing many of her possessions and much of her might. And you thought it was lead poisoning and licentiousness.

It should be no secret that I have an affection for history. Those of us who deal in the physical sciences would be lost if every generation had to rediscover fire and the wheel. Metaphysicists among us find great solace and direction from the musings of those long departed. And, of course, our hobby is sufficiently oriented to the physical sciences and humanities to benefit from similar perspectives.

My own story might well be entitled from "Sears to Silver-Marshall". Having need of a radio for the job-site, I went to the local Sears store. The run-of-the-mill AM-FM that I was searching for turned out to be a multi-band portable that was then on closeout sale. The discovery of (God forbid) Moscow and the BBC impressed me. The vast amount of fare engrossed me. And, somewhere along the line, I was bitten (rather a bit harshly) by the DX bug. QSL cards began to turn up in my mail with interesting pamphlets and outright propaganda. (I majored in poli-sci.) Unfortunately, my portable had a few shortcomings. Sensitivity and selectivity were rather high on this list.

The deluge of equipment pamphlets and spec sheets began to outstrip the number of QSLs taking residence in my daily mail drop. The sight of this dazzling receiver, and that immensely professional looking one, was only equalled by the heavyweight price tags attached to them.

It was at this point that I began to discover the intrinsic worth of some of the old workhorses. Jim Fred's Antique Radio Corner column in the (now deceased) "Elementary Electronics" magazine was a great help in entering the hobby of old radio. Organizations such as the Antique Wireless Association and the Antique Radio Club of America foster a fraternity of both collectors and restorers. These people are an extremely valuable group of men and women who are presently in the process of preserving and passing-on a heritage of early technology. They are sincere; and, generally, they are very friendly. Jim Fred is but one of them.

The next step in my new hobby was the acquisition of vintage gear. The older receivers are electronically similar to modern gear in a circuit-for-circuit comparison. They merely weigh about five times more. Boat anchors! But, some of those boat anchors are comparable only to modern sets costing (quite literally) thousands of dollars. The object is to learn the particulars of certain sets, and then to take oneself to task in their location and acquisition. Once again, the club contacts are very important.

My search led me through the flea markets and garage sales; it took me through auctions; and, it made me carefully examine the want ads and trading newspapers. Ever so slowly, I began to acquire both communications gear and some of the most beautiful home furnishings ever produced. These investments (for that is what they really are) are primarily historical and aesthetic. You see, when I began to collect the military hardware for DXing, I fell in love with the old walnut wonders.

Some of us have a need to work with our hands. The next logical step is the study of electronics and the electronic restoration of these old friends. I am firmly of the belief that education must be based on a progression from simple principles to succeeding more complex units. I began at the crystal set and wave traps. Tuned radio frequency receivers came next. Then I moved on to the "genies" and "nets". I learned of the developments in vacuum tubes. And then they rediscovered the wheel that I was referring to earlier. We went back to the little crystal. Only this time it was silicon, and not galena.

While gaining this knowledge, I became enthralled with the fact that the circuits are essentially identical whether they are composed of the old "valves", or of modern semiconductors. The thrill of taking an orphan radio like my Atwater Kent Model 35 and fixing the years of disrepair, then pulling in stations from all over the mid-west, was extremely satisfying. A clean-out here and an RF alignment there, and pretty soon I had a stable of successes.

Somewhere along the line, I felt that something was missing in FRENDX. I wanted to see radio history in it. I felt that this was a part of our heritage every bit as important as Hiram Maxim was to our cousins in the ham bands. The concept seemed to work well with SWC. Hence, I worked up my courage as a novice SWL/DXer and volunteered to Bill Oliver.

Somewhat to my surprise, the answer was posted that indeed this was a workable idea. I was handed over to John-John, and the rest is in the library on the shelf of your shack. The omnipotent editor and publisher turned out to be really great guys. We, and you; us; we make a team.

As I said at the outset, I requested your leave to invoke your support... your teamwork. Some of us are data banks and others are story tellers. Many of us are so busy that we can hardly get to the set anymore. A good many of us virtually live on the bands. I, personally, am a busy, story-teller. But together, we melt together to form a pretty well oiled machine.

This yarn has just about run out. But, I'd like to click the needles one last time. Consider yourself. Examine your interests and your strengths. Then, write to somebody.

KENWOOD

 WHEN IT RAINS, IT POURS!! Introducing from Kenwood, the new R-2000. This entry is no doubt entered to be in competition with the new ICOM R-70 also just appearing on the market. The features are similar and I will elaborate on them.

The R-2000 is an all-mode SSB, CW, AM, and FM receiver that covers 150 KHz to 30 MHz in thirty bands. Like the ICOM, microprocessor controlled operating features provide some advantages only available on much more expensive sets.

Key features digital VFO's and ten memories (compared to only two for the ICOM), and a scanning ability both for memories or between two frequencies.. just like a CB or police scanner. At right are some of the more important specifications, and comments that this writer feels are important to observe.

More specific information on the R-2000 is available from authorized dealers. You might also want to write Trio-Kenwood 1111 West Walnut Street, Compton, Ca., 90220.

Like the ICOM R-70, optional accessories are necessary for making the receiver operable on DC source, but a competent technician can accomplish this as well.

One of the ICOM features NOT found in the R-2000 is a true passband tuning, or a notch filter. Perhaps users will feel the advantage of ten memories and more RF attenuation control of the R-2000 are a comparable trade-off.

What's more, the ICOM selectivity of 6 KHz is atrocious, and only marginally acceptable when judicious use with the passband tuning it offers is employed, giving 3 KHz

Selectivity: 6 KHz wide or 2.7 KHz narrow. This is better than the R-70 offers. What's more, even the 2.7 figure can be improved with use of standard filters available. Not so the ICOM.

Ten-Memories: Each one of these can hold a catch by mere push of a button. AND, they each can be tuned just like a separate radio... a fine advantage over the ICOM.

Lithium Cell Back-up: Your memory stays alive even when you turn off the power. Uses little power, will last 4-5 years. Replaceable easy.

Programmable Band Scan: Will continuously go thru all the things you have in the ten memories, OR will scan between any two freqs you put in...i.e. the whole 31 meterband.

100 Hz resolution: Just like the ICOM, and also has similar 3-speed tuning rate.

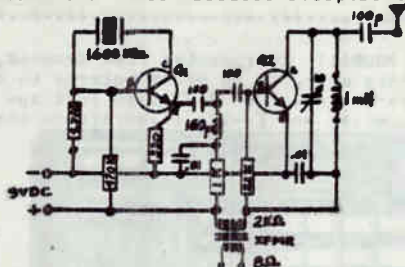

Two 24-Hour Clocks: Tells your rx when to come on or off. And, also for DC remote control on rear panel.

Squelch Circuit: Like the ICOM, stays quiet until a station is on the air. Useful for keeping a low noise background.

RF Attenuation: In several 10 dB steps; more than ICOM offers. And, includes an antenna fuse in case of large incoming current.

REBROADCASTING PROJECT FOR REMOTE LISTENING ON A PORTABLE RADIO

Sometimes, hobbyists might like to listen to their favorite shortwave program or even a cassette tape while puttering around the house, but cannot very well take a cumbersome shortwave receiver or large cassette player around wherever they go. Even TV audio can be tuned remotely, by using your small portable radio. The project which follows requires a minimum of parts, but you might have to shop around or purchase special the crystal needed for the job. To use this gadget, merely plug your TV, Cassette, or receiver audio into the 8Z input, and then tune your portable radio to above 1600 KHz for around-the-house wireless reception.

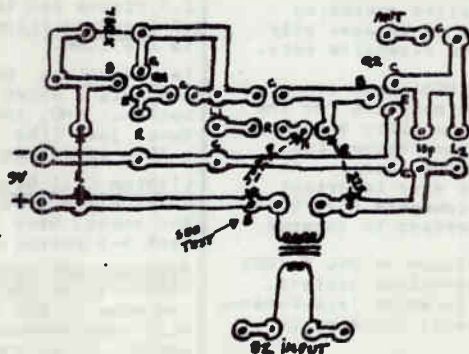

Careful examination of the schematic and the board layout will indicate where the various components are mounted. Resistors and Capacitors are indicated between which two holes they should be mounted in.

Good Luck! Specific questions may be asked of the editor. But please provide return postage.

- Parts Needed:**
- 1 - 1610 KHz crystal (or any freq. above 1600 KHz that can still be tuned on your portable) Such crystals might be found in surplus houses, or Jan Crystals, for instance.
 - 2- 2N2222 NPN transistors - common as daylight
 - 1 - 2K Ohm to 8 Ohm audio(miniature) transformer.
 - 1 - 1 milliHenry choke (L_2)
 - 1 - Cermet-type trimmer capacitor having 25pF range ($10pF$)
 - 1 - 160 microHenry choke (or close) (L_1)
- And, other 1/2 watt resistors, 12volt capacitors as indicated

Board Layout:

Construction Notes: All parts are located in their own spot on the board. Only one extra piece of wire is needed to jump from Point A to Point B. The Antenna output may be either a 3 or 4 foot piece of wire, or for best results (AND USE SAFETY AND CAUTION HERE, DON'T GET SHOCKED!!) install a much longer wire around the perimeter of your house, or in the attic. Other equipments found on the commercial market can inject such signals into your house wiring for down-the-street ranges, but such application is both dangerous, and illegal, and I strictly caution against doing this.

One last note on use of chokes, etc. The final choke and its capacitor are matched to the crystal used. A 50 microHenry choke and a 300 pF capacitor would also give similar results. There are other combinations, too. If a higher freq. crystal were chosen, the combination would have to match it.

Essentially, all we are doing here is making a 1600 KHz oscillator, and modulating it with ordinary audio sounds thru the transformer. Can you think of other uses and variations for this gizmo?

ANTARCTICA QSL letter from LRA-36 gives sked as 2200-0030 on 6030 11955 15476, power appx 2 kW (Richard A D'Angelo, PA) 15473.8, has cut pgm since mid-Dec, now hrd 2230-2430w, some days up to 10 mins early or late; also dropped all EG FR IT IDs, and has new morning pgm at 1300-1500 per annt. ID is vy specific about QTH at Esperanza, even anncg the coordinates (Behr 4/1) Many major NZ newspapers carried a local press story on my verification of LRA-36, linking it to the revelation of a 1952 incident when a British Navy frigate was sent to Hope Bay, in the then British Falklands Dependency, to enforce sovereignty following an Argentinian machine-gun attack on British scientists unloading supplies. The story was run with prominent headlines such as "Argentinian Radio Based in British Antarctica". Several days later, in a follow-up press interview, Dr Ray Adie, Deputy Director of the British Antarctic Survey in Cambridge, England, acknowledged that the Argentinians have a radio stn at Bahia Esperanza/Hope Bay. The British base is only about a half mile from the Argentinian base, but has not been manned since last summer, Dr Adie said. Of course it may not be LRA-36 that Dr Adie was talking about, but just the communications set-up with Argentina; however, the way I hear LRA36 in NZ, always with severe polar flutter, convinces me that the stn is indeed in the Antarctic regions (Bryan Clark, Auckland, 6/1) The great-circle path from Auckland to Esperanza skirts 73°S, whilst that to Bs. As. only goes to 58°S (gh)

ARGENTINA RAE DX pgm on Thurs in all xmas, incl EG: 1100-1130 11710, 1930-2000 15345, 2230

ITALY R Time, Scandicci, hrd on 6275 at 0413 3/1, G & surprisingly little CW QRM. Rock mx (Byrds, Eric Clapton, Rolling Stones). Annts in EG, FR, IT by M DJ. EG ID as "The Intl svc of R Time". Also ancd fqs 7370-11585, not hrd. For reported addr, see Nov RIB, p 17. I monitored same addr given by sta 4/1 0455. Apparently this is the Eu pirate that up until now has defied definite ID; hope they QSL (Bill Martin, Wilmington DE) R Time, 2/1 0630-0653 on 6273.810, EBC rapid M Voice in IT; mx, sounded like Eu & Am rock, 32233, tnx McSlal-lan for help. R Milano, 2/1 0635-0710 on 6221.29 mx, sounded like rock, ocl short commentary, sounds like IT, 42323, tnx again to Scott, my first Eu pirates. 3/1 0244-0514 on 6222.90, unID, probably R Milano, almost continuous mx. Eu, Am modern rock, short cryptic comments, sounded more like one or two word expletives by M DJ 0312 & 0418. Not in EG; probably in IT. No real ID. Stayed up literally all nites trying to ID. DAMN!!!! [sic] Still on when I sleepdreamed at 0514. Had drifted down to 6221.31 by 0416, SINPO 4(1 to 3)343. Mx "Yesterday" at 0419, Beatles 0427 (Vincent J Pinto, Suffern NY)

"FM 101" ID noted on 6220a at SWNS EQ 0513 13/12 followed by nonstop pop mx 0530+. ID hrd again 0250 14/12, QRM by Spanish #s sta & LV de Sandino c 0400 (SWNS Desc)

R Milano Intl on 6221 is still (as of 21/12) only 1 kW, and only hrd irregularly, not 24h. There have been severe problems w/flooding at SW xmr site. RMI have been very busy reestablishing one of its main FM xmtxs which was damaged some months ago, and RMI management felt that reception on 6221 was so poor in NEU that they could just as well put RMI out on the air instead of World Music Radio. The deal w/WMR has however not fallen thru (as suggested in Jan FRIENDX). The talks between RMI & WMR are now supposed to conclude in RMI being bc during daytime on all fqs, and WMR pgm nighttime on all fqs: FM 101, MW 1300, SW 6221 & 11565 (the latter may be adjusted to 11569). Comments on SW fq choice (for NAM reception) would be most appreciated at: WMR, P O Box 4078, Amsterdam 1009 AB, Netherlands.

R Time, Florence, back on 6275v kHz (1 kw) after a silent period. 11585v not hrd for a long time. They have spl intl pgmdng nites w/annts in various langs--think it starts at 2200 and lasts to 0500. Sometimes you can hear a pgm called "WMI - Weekend Musicradio International, 2200-2400, certainly not to be confused with WMR World Music Radix in EG and produced by a German DJ calling himself Roger Kirk. I doubt very much that R Pace has ever been relayed by R Time (Stig Hartvig Nielsen, Viborg, Denmark, 6/1)

R Basafari, via EBC 7/11 1445-1502* on 11585; first Sunday each month, in EG, Af fighting songs, ID, addr as P O Box 162, Bemmel, Netherlands (Anker Petersen, Denmark, and Thomas Wendel, Germany, Dec DSWCI SW News) M.B., elsewhere reported as a Dutch sta RAI LSI

Newspaper "The Times" of Malta on 2/12 & 3/12 provided further details of the agree-
reached between the Maltese govt and Deutsche Welle. It says DW had two sites in Mal-
known as In-Nigrat in the Mqabba area and the other known as Xrobb I-Ghasin in the
okk area, and that bcs'd resumed at noon local 2/12, "exactly 3 months since the
supply had been cut off" following enactment of the Foreign Interference Act. Under
agreement: DW'd have right to use the bcng & other facilities at the two sites
period of 8 yrs until 1990 (Ed note: previous one was until 1995). Relay stn'd be
available to govt, or third parties authorized by govt, for max 1 1/2 hours on SW and 9
every day. First 5 on SW and first 5 MW hours utilized'd be free of charge, but
1 hours utilized'd be paid for by govt at rate of 40 Maltese pounds per hour for SW
for MW. DW'd be able to use temporarily any hours allocated to govt but not actual-
ly or by govt-nominated third parties. Maltese govt'd be required to ensure
s by 3rd parties didn't contain matters "likely to affect adversely the friendly re-
between Malta & Germany". The airtime allocated to govt'd be 0101-0130, 0700-0900,
45-(Sat & Sun only), 1500-0100 on SW xmtr one; 0700-0900 on SW xmtr two; and 0101-
700-0900, 1300-1500, 1800-2000 & 2230-0100 on MW xmtr (all these times Maltese local)
DW'd also agree on areas in which DW, within its capabilities, could assist govt by
ng pgm material and by training personnel in pgming field for the R Mediterranean
clause 15 stated "this agreement shall cease to have effect on the expiration of one
om its coming into force and the govt & DW'll revert to the faxual position in which

they are on the day immediately preceding the coming into force of this agreement, unless, before expiration of the period aforesaid, the relations between the Govt of Malta & the Govt of FRG have improved sufficiently to the satisfaction of the Govt of Malta and a declaration to that effect has been made by the Govt of Malta prior to such expiration". The licence to be granted to DW under the new agreement'd lay down that, apart from "normal and objectively presented news items", bcs from DW should not be concerned with the internal affairs of Malta, "and shall not be of a matter likely to affect adversely the friendly relations of Malta with any other country or Malta's status of non-alignment". DW'd be committed to engage as many Maltese citizens as possible in opns of relay stns and ancillary installations and'd, within 2 yrs, train its Maltese personnel to be able to run the stn should any such need arise. After two yrs the expatriate personnel'd not exceed four and each such expatriate'd be required to have a Maltese understudy. Relay stn at Xrobb I-Ghagin currently employs 43 Maltese and seven German engineers. Govt'd, under new agmt, reserve right to be amts and other msgs which might be required to be broadcast by any law, as well as official amts in the event of a public emergency or natural disaster. On termination of the licence DW'd be required to deliver the relay stn and ancillary installations, incl all equipment, to the govt.

The newspaper reported the Maltese Prime Minister as stating that most of the foreign interference in Malta's affairs had come from Germans and the govt had wished to ensure that such interference stopped before the agreement came into operation and, in fact, the agreement was more of a package deal with Germany than a private agreement with DW. The newspaper stated that the PM had said that, under agmt, German govt'd promised to support Malta's case within the European Community and to provide economic aid for Malta's neutrality (WBI 16/12) In my opinion, DW paid too high a price and has grossly compromised itself (gh)

'The Times' reported 4/1 that following an agmt between Malta & Algeria on 20/5/82, Radio Mediterranean'd be starting offl xmsns for three hours per day from 18/1. It was envisaged that these xmsn hours'd be extended in future. Test xmsns began 1/1 for three hours per day and it was planned to start being in EG 1800-1900, AR 2130-2230, FR 2230-2330 on 1557 & 5960. R Mediterranean was originally established on initiative of govt of Malta 23/11/78. Membership was open to all Med countries embracing principles of peace & neutrality. It was also open to other countries embracing the same principles and having close affinity to the Mediterranean. R Med studios and admn were situated at St Francis Ravelin, Floriana, which used to house the RFB studios. R Med'd have a regional character w/following objectives:

to be faxual info on current events, as well as political, economic, social, scientific, cultural, musical and sports pgms of interest to countries bordering the Mediterranean;

to promote regional understanding by encouraging relations for mutual co-operation among Mediterranean countries;

to promote the natural role of the Med as a lake of peace and a zone of contact between the peoples of Europe, Africa and Asia;

finally, to provide a svc of info which took into consideration needs & cultural aspirations of the Mediterranean region.

Monitoring obs confirm R Med radiating tests on 5960 & 1557; amts reiterated that bcs'd start 18/1, per above aked. R Med request reports be sent to P O Box 2, Valetta, Malta (WBI 13/1) R Mediterranean *2230 w/BG, AR, FR tests amts on 5960; 10 mins of light vocal mx, amts repeated 15/1, regular bcs on 18/1 w/BG 1800-1900 (Richard A D'Angelo, Wyomissing PA)

QATAR LMI

SALPAN Revised KYOI sked per KEVH's Lawrence Berger: 1500-2200 9670, 2200-0300 15405 (from 30/12 to avoid VOA), 0300-0900 15190 (from 23/12 partly to avoid USSR/Malaysia), 0900-1500 11900. QSL via Salpan; uses modified XT-40 format w/JP hits thrown in (Dela Park, Honolulu HI, 3/1) KYOI G 23/12 15190 0310-0400+ w/pop & rock; infrequent IDs, had amnt saying that change to 11900 is now at 1800; all amnts in EG by M. Uses "Super Rock" slogan and jingles (Scott McClellan, MI) Amnts on the air give times in JST = GMT +9 (gh) Full data QSL rcd, mailed from Honolulu (Tom Gavaras, MN) Very, very strong here on 11900 daytime those days when Moscow is off; 9670 also quite G -1500-, -2200 (Stig Hartvig Nielsen, Denmark, 6/1) On 9675 ex-9670 1500-2200 (Bob Padula, Melbourne, RA DK 9/1) Subsequently checked here and still on 9670 (gh) Two mins after hearing tip on gh's RCI SWL Digest, I checked 9670 and hrd KYOI 2157 26/12 w/rock and ID twice as "You're listening to Super Rock Radio KYOI; broad casting from Salpan on 9.670 MHz. Our program continues on 15.415 MHz." Returned to 15415 at 2200 but only SPJA/JBC and VOA English. 9670 was good (Richard E Wood, Sa'udi Arabia) CF Jan LN; first positive reception here was 0520 17/12 on 15190; 11900 at 0731 17/12. Prior to this, tone tests on 15190 between 0609 & 0700 6/12 turned out to be USSR Mayak pgm; they also tricked me on 9/12. An OC on 15415 0237-0303 5/12 may have been VOA, but 10/12 OC on fq obliterated both VOA & Brazil around 0000. KYOI puts solid sigs into NZ during the day - 15405 at 2200-0100 & 15190 0100-0900 (Bryan Clark, Auckland NZ, 1/1)

SA 'UDI ARABIA BSKSA Bengali (more correctly: Bangla) now at 1200-1300 on 15345. IDs as "Saudi Arab Radio". FR 0500-0700 back on 11855 28/11 (Richard E Wood, ibid.) Indonesian bc 1000-1150 from BSKSA Jiddah, recently obs on 21565 (WBI 6/1) more, LMI

SEYCHELLES FEBA on 11705 in AR 0330-0430*, G 4/1; and 11760 Farsi 0248-0318*, vy strong 4/1 wiping out Cuba (Ernie Behr, Ont)

SOLOMON ISLANDS Martin Hadlow of SIBC is researching early history of broadcasting here; wants input, tapes if possible from people remembering the WW II AFBS stas: WUQU, WWTJ. Addr: c/o SIBC, P O Box 654, Honiara (Bryan Clark, NZ DK Times)

SOUTH AFRICA SABC 31/12 reported Afrikaans svc'd initiate changes in nx pgming from 3/1. Two addl nx bulletins introed Mone-Fris 0725 & 1000; daily 5-min regional nx retimed from 1810 to 0810. Also reported that R Lotus, svc for Indian listeners in Natal'd be introed 8/1 and'd use four FM xmtrs in southern Natal. Expected std'd reach 82% of province's Indian population, 67% of total Indian pop in Saf. New svc'd op 1600-2130 daily; longer hrs Sat & Sun, and'd carry nx 1700 & 2100 daily; 1300 Sat & Sun (WBI 6/1)

SPAIN SFR EG svc 2000-2100 now hrd on 15375 15190 11840 9765. 2100-2200 EG Af 15375 11760 only (WBI 13/1) Cf Jan LN-20; SFR was right about Venezuela on 11695, but would you believe El Salvador on 11905 or V of Panama on 5995? Letter was reported for 3rd time in SFR DK pgm 12/12, supposedly hrd in Spain at 1100-1400. Even if std did exist, how could anyone in Eu possibly hear it at that hour? (Ernie Behr, Ont) IK tips are their weak point...

SUDAN R Omdurman, not reliably reported in recent months or years, is active on SW again. Noted 0800 w/nx in AR on new 11940; G sig, 21/12 (Richard E Wood, Abha, Sa'udi Arabia)

SURINAM AFP reported 8/12 that Radika'd been destroyed. Quoted Surinam State radio as not saying how destroyed. Radika listed on 640; State radio presumably refers to SROS on 4850 & 725, 96.4 (WBI 16/12) NOS, Holland stated 8/12 that ABC R had also been destroyed 7-8/12; listed on 1030 kHz (WBI 23/12)

SWEDEN R Sunrise may just make it to NAM on reg sked, 1000-1045 first Sun of month, non fq 11615, but may move around in 11411-11419 range. Addr Postbus 41, 7700 AA Dedemavaart, Netherlands. In Denmark or possibly southern Sweden (John Campbell, Dec DSWCI SWN) Accent of anc'r puts it in Sweden, not Denmark (Stig Hartvig Nielsen, Denmark, Feb RIB)

NORTH AMERICAN PIRATES

Radio Free Wave 7425.2, 24/12 0303-0340*, 33333. Typical of this stn, it returned for

the Xmas season. Started w/ELP's "Pirates", said to contact FRC for QSLs but no addr given; said would be 31/12 0400. 7425, 26/12 *0401-0438* 23332, exactly same pgm as previous nite, signal poorer. 7425.7; 2/1 *0457-0600* SIO 444, began w/IS for 3 mins, then regular song as above and "Catch Us If You Can"; had anti-disc spots. IDed as "from somewhere in the great northeast" w/input power of 60 watts; said reports could be sent to SWL mgs that support-free radio. Had revr report on a Panic Sonic. Called selves "King of the Pirates", fair-ant of woodpecker QRM (Kirk Baxter, KS) 2/1 0514-0530 on 7425.6, weak, mx, ID 0518, "Man from a land down under" 0528; got involved in a fone call, lost sig by 0532, M DJ, 242222, vy rough, see QSL; (Vincent J Pinto, Suffern NY) Hrd 24/12 0310-0338* on 7425, tnx Baxter tip, G sig but some apparent jamming, usual pgm. Also 26/12 7425 0400-0420 £/out, same pgm (Scott McLellan, Battle Creek MI) 7425, 26/12 0400-0437* 33222, played rock, said next bc 31/12 11 pm EST same fq, much static and fading (Thomas Semesky, Hammond IN) RFW Radio Free-Way [sic], hrd on 7425.7 0520 pop mx, IDs to 0600* 2/1, using full carrier USB; definitely not RFR ID; but probably the same. No, I don't want their QSL (Ernie Behr, Ont)

CHNO Sudbury bootleg relay hrd on 6390a around 2030 27/11, and at various times 28/11 then on 3405 from 1300 t/in 4/12 [sic] but could not be found at SWNS HQ on any fq during the weekend of 11-12/12. Cf Jan IN, is there really a Wm. J. Martin? If there is, he obviously didn't read enough of my articles in back issues of Electronics Illustrated. Otherwise he would know those Blue Eagle relays of ECB stns were hoax xmens carried out by the Voice of the Purple Pumpkin. They had no connexion w/the US Military's genuine Blue Eagle (C M Stanbury II, Ridgeway Ont, SWNS)

CHUM-FM bootleg relay is hrd on 2000 kHz apx, e.g. 0425 9/1, not particularly strong (SWNS)

V of the Revolution, 15/1 0200-0245 hrd on 3495 in EG; had DJ like on any FM stn in EG & played all American country mx records by Oak Ridge Boys, Rovers, Marty Robbins, Conway Twitty and many others. SIMPO 32233, Ar-0245 DJ gave ID, power of 135 watts, to E coast of USA. At 0300 you can listen to WOR on 21675 SSB for west coast of USA. Location of stn or country was never given. Can you possibly tell me where this stn originated from, what country? (Robert Pacyna, Toledo OH) No

The Crystal Ship, 7435 LSB, 16/1 0615, comedy report on "Today's Army", commentary on war, Sedated by the Ramones, and the "Word of the Day" (SIMULTANESLY), G sigs, past 0628 (Bishop)

Music 5 is the only ID I hrd of this stn apparently testing, WG sig, orch mx, 43334, 26/12 0508-0511 on 7425.6 (Kirk Baxter, KS)

E Glandestine may give best chance of reception of US stn in Eu; Andy Sennitt hrd it once on 26000 in the early morning for example. This is a very long-lived irregular semi-hoax stn, which has been using the same kind of professional-style pgming for at least 10 years, e.g. with ancr "R. F. Burns" (John Campbell, UK, DSWCI Dec SWR) 7349.3, 26/12 0441-0514, 23332. After KFW s/off hrd WC beginning w/"It's Party Time", mx "I want to be a lifeguard", ad for real estate co that sells parking lot spaces for \$30,000, comedy mx abt Moral Majority, "Don't Eat the Yellow Snow" etc. Sig much poorer than usual, lots of QRM (Baxter, KS)

V of the Pyramids, 6280.1, 26/12 *0559-0618*, 23332; started w/7 note IS, "We will Rock You" live version by Queen, "Ironman". Stated 100 watts power, member BBI Net and apologized for tech difficulties (Kirk Baxter, KS)

WDX 8/1 0200-0535 on 1620.40, a new one. Pirate Mike and another M DJ. Tuneup till 0258 then mx, IDs. Sig strength varied widely thru nite. SI-88. Ancd RPI addr, calls to 212 loop but when I called at 0530, call was taken by WART's Crystal Goblin, who claimed WDX was actually out in the Atlantic on ship. He was taking sig reports and adds for QSLs; mentd most callers hearing WDX on harmonics. True, found them on 3240, and weakly on 4860 [3rd, not 4th as I misstated on World of Radio -gh]. G show, vy prc, SIMPO (1-3)4423. Again 9/1 on 1620.30 0344-0545*, poor sig till 0358 then improved some. Coincidentally, at 0358 their 3240 harmonic dropped 5 S uniter to SI. Good show, excellent pgming, mentd grand contest w/FCC hunters. Same QSL addr. Same fone; SIMPO (1-4)4423. Directory of other AM pirates at 0530 (Vincent J Pinto, Suffern NY) 9/1 0435 on 1620, WDX, alledged to be on ship, playing tapes of other pirates, mx, commentary. Gave QSL addr of P O Box 220 Troy NY 12181, loop # (212) 779-9906, which was ans by "Crystal Goblin" who advised FCC has busted a number of NYC pirates lately (Frank N Decker, Syracuse NY)

PRN Pirate Radio New England hrd on 1620 kHz, 19/12 0547-0615; better on 1619 due to navig beacon on 1620. Ancr was Mr Electricity. Took calls, had a bad skip on "Searching for an Angel" and played theme to "Hitchhiker's Guide to the Galaxy" (Gregory Baker, Richmond Hill NY) PRN, 19/12 0456-0740* on 1620, F-P sig gradually improving to G by s/off. Ancrs Mr Electricity & Captain Jeff Bligh. Said not a regular bc but asked for DK reports and QSL requests on 212 283-9979, which had considerable braking up (due to vox?) Also same two ancrs and Mr. X, 9/1 0548 on 1615, and a very taciturn "Debbie Delicious", used loop # (212) 352-9906 and QSL addr of P O Box 40534, Washington DC 20016 (Frank N Decker, Syracuse NY) 19/12 0623-0730 on 1620.0, M DJs, 212 phone loop, numerous calls, quite weak, good show as usual, some mx. 1/1 0504-0553* on 1619.6, 2 M, 1 W DJs, party in background, very good lively, light show, ID 0508; vy nice finale: owned by no one, operated by no one, etc. 34433. 5/1 0515-0545 on 1619.8, rebroadcast of commercial AM taped bc: "Top hits of 1982 from Weekly Music Magazine", just what I always wanted...to tune the pirate bands and hear more com'l AM garbage--oh well, I excuse PRN because of their normally intelligent pgming: 34444. 9/1 0532-0700 1615.00; G to hear this regular again. At 0532 weird tones & mx on 1615, 10 min later IDing as PRN. Nice jingle at 0537. 2 M DJs, Bligh, 212 loop calls, nice show, G sig, mentd of WART or WDX being on their normal fq of 1620 (it was WDX), 344434. Love their shows !!! (Vincent J Pinto, "psychotic pirate DKer", Suffern NY)

WIDE, 13/12 0158-0225 apx on 7424.95, M DJ, mx, oldies, ID and TC 0201. 0206 ID, w/phonetics, fq anmt, ACE QSL addr. QSL talk at 0208, audio muffled, mildly distorted. 4(2-3)3(3-4)3. Audio improved a bit by 0210 (Vincent J Pinto, Suffern NY)

KPIC Pirate Radio Central, 31/12 0645-0710 on 1616.0, Pirate Joe DJ. STRONG. 44444. Calls 212 loop, lots of calls, all over E Coast area. Read QSL policy at 0707. This stn & PRN get out very well every time. A little mx twixt calls. Also 5/1 0518-0600 1616.0, Pirate Joe, "Signal of Solid Gold" ID 0518, slightly muffled/tinny audio, like fone patch. G sig strength, Mx, and Mxer 212 loop calls. Lots of interesting calls. He really blankets half the country. 44444 (Vincent J Pinto, Suffern NY) 31/12 0615-0816* on 1616 w/vy strong sig. Over 30 called on (212) 352-9906, incl a number of other pirate ops. Strong anti-Reagan bias to 'editorial' comments by ancr "Pirate Jo" using QSL addr of P O Box 747, Exeter NH 03833 (Frank N Decker, Syracuse NY)

"WQXR" 1/1 0507-0620 on 1630.1, M DJ, party in background, vry light, good show, 212 loop calls, numerous. Still on when I went bye-bye 0620; 34443 (Vincent J Pinto, Suffern NY) 1/1 0747-0905 on 1629 using loop 212 352 9906 and offering QSL to callers (Frank W Decker)

"WQXR" NYC noted 0420 29/11 switching from 1620 to 1610, boasting about taking over the channel from Caribbean beacon (Dec SWNS)

"WQXR" Monitored on 1620 kHz at 0344 ID 7/12; and as an educational stn, then went into pop mx w/jazz flavor, probably in NYC area (Dec SWNS)

PUBLICATIONS Review of International Broadcasting is getting ahead, only 12 days separating publication of the January and February issues. Plans to publish roughly every three weeks during next few months. Samples are offered to acquaint potential subscribers with the magazine. January issue, some copies of which may still be available includes a 24-page "Listener Insights on Programming" section, country by country with listener reviews, press reports; program schedules for R Tirana, R Australia, R Sofia, RBI, Israel Radio, RAI in Italian, R Pyongyang, R Veritas, RBE's new 24-hour world service in Spanish; and an 11-page "Report from the Virgin Islands" of gh's AM & FM observations, by frequency; and a "Report from Honduras" by Don Moore on his station visits. February RIB contains: A 2-page article (plus cover illustration) of R Gambia's history and programming; 7-page Equipment Forum, edited by David Newkirk; an article on foreign reporting of the US elections; "Pirate Solutions", two articles by Gerry Bishop and Loren Cox. Full text of "1982 -- The Shortwave Year in Review" by gh as broadcast on RCI; an 11-page "DK Listening Digest" compiled by gh, format similar to LW but vry little of the info duplicating LW; February programming hilites on CBC/RCI, Radio Peking, R Budapest; and pgs skeds from R Bucharest, R Tashkent; and full February programming details for BBC World Service including minute-by-minute sked thruout the week, totalling 7 pages on BBC alone. Samples of RIB are \$1.25 each by first class in NAM, \$2 by airmail elsewhere. For samples, cash stamps, check or money order OK, but must be in US funds drawn on a US bank. Subscriptions are still \$15 US for 12 issues, no stamps; by first class in NAM; US\$ 20, 22 or 24 airmail overseas depending on zone; order from Glenn Hauser, Box 6287, Knoxville TN 37914

Unofficial Radio Bulletin In June 1982 LW this was mentioned under Publications. I sent them the money for a copy of URB on July 2. On Aug 4, I advised them I had never received their publication. Aug 12 they replied that I would get one in about 3 weeks. I wrote them again Nov 29 explaining that none had been furnished. To date I have not received a reply. I must now consider my money gone on another 'rip-off' as it is quite obvious their operation was a SCAM!!! I wonder how many more people were taken in? This mode of operation seems to be quite prevalent as in the past year I have been the victim on several other operations of this type. A low cost publication, but it is never furnished. Well, I don't intend to be taken anymore, as I have ordered my last publication by mail. They can furnish me the item FIRST, and then I will pay them! (L P Benjamin, Lompoc CA, 9/1)

Sorry to hear this; I know URB did exist because they sent me a copy and it was well done. I wouldn't accuse them of a deliberate scam, but those losing interest in putting out a publication, once it has been publicized, certainly have an obligation to make refunds. While I hope anything mentioned here will come thru, NASWA can't be responsible, and any orders must be placed at readers' risk. I hope anyone else not getting results from publications mentioned here will quickly let all other readers know about it (gh)

The ACE, monthly bulletin of Association of Glandestine Enthusiasts, keep growing; the Jan issue has 20 pages (Lani Pettit, IA) The Oct issue had an article from R Confusion, Norway; Loggings section computer-edited by Kirk Baxter covering both pirates and Spanish clands, pirate news from Europe by Podney Siz; Spies & Numbers column by Lani, now expanded to two pages. Lani says ACE has almost 100 members; and ANARC has accepted it as an Associate club. Oct issue said yearly membership in US funds is \$6.95 in USA, \$7.95 elsewhere in NAM; \$9.50 overseas surface mail, \$13 overseas airmail. Addr: ACE, Darren S Leno, P O Box 452, Moorhead MN 56560 (gh)

UNIDENTIFIED 15201.25 at 1345, unID IS at 1400 (Al Quaglieri, NY, 19/1)
13570 continuous Arab mx hrd since 1/1, somewhat irregular but there is xmsn apx one hour long any time betw 0825 & 1035 and another of similar length between 1800 & 2005. Xmsns usually start and end with Egyptian MA "Biladi, biladi". Pop patriotic songs by late singer 'Abd al-Halim Hafiz, reminiscent of the Nasser era, are bc during xmsns w/out annt (WBI 13/1) Checked here during afternoon but no trace of it (gh)

11953.3 Mysterious BBC xmtr hrd irreg in Russian 1900-2100*, 3 days in mid-Dec & again 3/1; vry strong & sounds like off-air relay, definitely not a spur; // 11945 is much weaker & jammed. Any explanation for this? (Ernie Behr, Ont)

11950 Recently at 0425, strange IS and ID; at 0430 completely different IS & ID w/anthem. Any idea what these stns could be? Kampuchea? Alma Ata? (Karl Bartz, San Antonio TX, 12/1)

149 Mysterious W reading/tape-looped Mandarin phrases good on A3E (standard full-carrier B AM) 1704 11/12 3 x 3-syllable phrase, 3 x 5-syllable phrase; repeat 3 x 3-syllable phrase, repeat the 5-syl phrase, then 2 x 2-syllables; repeat this whole deal; finally, literary 2-syllable word at end sounded like "Zhongguo". Did not sound like numbers this way to 1705* (David Newkirk, Seattle WA)

25.2 Colombian w/BEN IDs, 1330 & 2330-2400; yelling but weak, hrd 6/1 thru 18/1 (Quagli-

15 [Cf Jan LN-25] An AR stn is back since 10/1, AR talk & mx 1600-1800 o/QRM. Not sure if this, but QBS has disappeared from all known fqs since Nov (Behr, Ont, 11/1) QATAR, next p.

15 Islamic stn, 24/12 1044-1135 W in ME lang, mx, comments, 'chanting' on the hour. 1105 number on fq, call "ML" but not very effective, could be meant for another stn. 1116 mx un-1 1130 possible ID but too weak, mx; 1133 Mexico f/in and blocks. Format indicates Paki-
stan area. Also 10/1, poor, 1111-1131, comments, koranic chants, jammers, ML and "KB", Mex
M; 1119 fluce mx like snake charmer, poor (Chuck Bolland, Lakeland FL) I thought we de-
cided earlier this was Malaysia. — but now you've ruled that out? (gh) Still unID (Bolland)

25.7 Carrier on and off 26/12 0503-0520, weird AM noises on carrier, some mx, tune-up.
sounded like Irish jigs and pipes. Strange mx, no ID (Vincent J Pinto, Suffern NY)

27 Hungarian Gypsy dance mx tracks interspersed w/man saying just "Terminat, terminat,
terminat"; 4/1 0604-0612, G lavel; carrier remained for a while but gone before 0630 (Bryan
Clark, Auckland NZ) Frequently heard in NAM too, assumed European spy stn

20v6915 22/1 0215-0225 English, Spanish to 0330*, ID hrd only in SP sounded like R Mis-
sion, or Misque? Not R. 15 or Venceremos, or Farabundo Marti. 24/1 0215 on 6867 (Artie
Tay, San Antonio TX) Looks like you discovered a new cland! See next item

28v6861 24/1 tnx to Artie's tip, tuned this in. No EG tonight, but mixing Spanish and
assumed Miskito; frequent IDs but uncertain of spelling--R Miskito?? Anti-Sandinista; the
A must be pretty busy handing out transceivers to opposition groups. At first too close
VOA feeder 6870; steady annoying drift downward escaped it, to 6863 by 0300. Mostly talk
brief mx interludes incl a Christian-sounding hymn after mentd that it was a "voz crista-
na". Long list of "denuncias" naming people allegedly murdered, addressed to "hermanos
caragleneses". Off at 0330* sharp after nondescript anthem (gh)

Q Nonstop western mx 29/12 1630-1645, P-F; Lebanon was on 6550 (W Mola & R Novarino, ME-
fiction in the hills of Torino province, Italy, Play-IX)

44 Still hear that unmod carrier (recently on 6154.63) and haven't been able to verify
ie Behr's suggestion that it is R Cultura da Bahia // 9594 (June 1981 LN-2 & June 1982 LN-
. I have never hrd any mod in spite of regularly zero-beating R-4C to it and going back
forth over it w/passband tuning. It sure is strong some eves, which is why I originally
ected that it originated in NAM. Will keep listening for 9594 (Martin Potter, Limoges,
, 20/11)

Q unID US harmonic, 1915-1945, distorted, assume 5 x 1230, fund blocked by WSBB locally,
mx by McCartney, Eagles, etc., overpowered by VOA Euro xmatr by 1945 (D Crawford, DKSF)

Q Bad het on Luxembourg 0637 2/1, talk in unID lang by several M ancre, abrupt 0644*,
hrd since (Bryan Clark, Auckland NZ, 6/1)

Q I wonder what stn is QRming BEC at 2200 (Jim Conrad, IA) CFCX? Lang?

Q Around 22/12 hrd an African to 1930* in FR w/anthem not matching Niger's (Quaglieri,
NY)

Q w/movie themes "Born Free" etc was hrd well up here in Sept; I've never hrd much a-
ct it in the DX press-any ideas who it was? Sig were excellent, comparable to WWV and
better than any other IAm/SAm sigs at the time. If in IAm must be super power (Don Mo-
Edmonton Alta)

29 23/12 2202-2330, lang, M talking to 2209 singing, then two men talking to 2212
ating which continues until 2300; sig fades to nil by 2325 or off air, don't really know.
ended until 2330; poor (Chuck Bolland, FL) Same as next item?

Q Anyone ID the stn at 2145? Sounded like AR 2/1, too much static to make out what I
ume was an ID at 2200 (Gerry Bishop, Christiana PA)

Q 19/12 2202 test tones, then into "Taps" over and over; interesting stn but pgn seemed
ack that certain something (Robert Wilkner, Ft Lauderdale, DX S Florida)

4524.5 28/12 2347, checking for timesig Y3S, used as a propagation indicator, and found faint audio here; likely USSR or Chinese regional as only hrd on 2000' NW beverage on which other regionals could be hrd best. Too faint for any details (Don Moman, Edmonton Alta)

4080 Mutant. The usual here 7/1 & thruout subsequent week, 0302-0334; also at 0430 recheck SP pgm tonite, promos at t/in incl one mentn of 700 kHz, another w/pastic organ sounder hrd during nx on LW de Nicaragua, tho not //5955. Then into Castilian SP pelfcula soundtrack w/ weird SP speaking Merrians/Aliens/Etc. Fq varying slightly, rapidly; good (Crawford, DKSP) Same stn as hrd on EKpedition, 11/12 0130-0245*, again at 0332 w/"Rocky III" Soundtrack, 0240 "Eye of the Tiger" by Survivor & off, same stuff at recheck later. Seems to be off Mon & Tue, daily otherwise. Quite strong at times but almost always QRM (David Crawford, DKSP)

3820 4 ascending tones over and over 2240 29/11; any ideas? (gh, Virgin Islands) Spy numbers, 4 ascending note IS 2254-2300, then W in GM w/5 numbers, F-G past 2330 31/12 (Wilkner & Reinstejn, DK S Florida)

LAST-MINUTE INFO

BOLIVIA These stns recently obs bcng: R Frontera, Yacuiba, 4806. R Grigotá, Santa Cruz [sic], 4830. Rdif. 21 de Diciembre [sic], Potosí, 6080. R Indoamérica, Potosí, 6175. R Batallón Topáter Oruro, 4980. 15/1, R Panamericana, La Paz reported that a strike called by the Fedn of R & TV Workers of the district had been observed by 98% of radio & TV stns since 0000 14/1 (WBI) R 23 de Marzo, 4638v, 30/12 0055-0137, talk, mx, many ments of Bolivia, 2 clear IDs. Fair sig but much static; only nite hrd tho I've tried every nite since (Johnny Denham, AL, OMDC)

BURMA Per report in Thai EG-lang nxpaper "The Nation Review" 16/1, the Karen Natl Union, which embraces various Karen rebel grvnts, has set up a radio stn. It is operating on a trial basis. A spokesman for the rebel forces stated that the stn, which was installed w/ assistance from Japanese techs, 'd go into full opn after certain problems'd been solved. Its mxtr, worth about 40 mgababt, was located in the Kadanigtí township (Ed note: some 110 mi NE of Rangoon). The "cland" sta'd op u/leadership of Karen Pres of Kawthoolei, whose capital was in Paan province (Ed Note: some 100 mi E Rangoon) (WBI 20/1)

CHINA Continuing survey of regionals: Fujian PBS, Fuzhou, Pgm I in Std CH & Amoy, 2050-1700 on 5040 4975 2340 + many MW. Pgm II MW only (WBI 20/1)

FRANCE Extracts from RFI sked: 0800-0835 Monday, French to Antarctica on 11880. "Coopération Radiophonique", spl xmsns of nx items for possible re-bc by Af stns, Mon-Sat 0915-0945 on 25900 25820 21730 21675 17795 17775; Mon-Sat 1515-1545 on 25900 25820 21525 17850 17785. (WBI 20/1)

IRAQ Jordanian nxpaper 'Ad-Dustur' reported tht the Dir of V of Palestine left Amman for Baghdad 13/1 for talks w/Iraqi offfs on possibility of increasing by one hour the xmsns of PLO's VOPVOPR svc (WBI 20/1)

PERU [see main entry] The stn on 5360 IDs as R Visión; hrd 22/12 0213-0235 w/out ID, but 24/12 0330-0349*, seemed to ment "Visión" quickly at s/off; not certain (Lazarus, LA, NASWA mid-Jan Update) R La Crónica, 9519.5, 21/1 1101-1113, singing, ID; misleading mx sounding more oriental than Peruvian; really good signal, but next morn only carrier (C Bolland, FL) /Latest Doha sked: 0245-0800 9680, 1300-2200 9715

 new address: 1914 Ewarts St., Philadelphia, PA.
 19152. Very nice fella to correspond with... **Sam**
 Lynn Burke of 479 Nelson Drive #21, Newport News, VA.
 23601 is looking for information pertaining to the
 various "EDXC" QSLs as mentioned in this column from time to time. Does
 anyone know when the next ods. will be issued by the EDXC in conjunction
 with a transmission?

This, I believe, was our lowest country count. A little less than 80
 countries were represented. Must be the tight economy or many have re-
 turned to school....We just keep trying...Send in your reports!

Reproduction permitted. Credit original reporter and NASWA UPDATE. Dates, times and days GMT. Freqz kHz.

ANGOLA Em. Regional de Banguela, 5041, in lang 0502-15; telephone co. audio. Fading rapidly at 0515. National nx at t/in, many mentions Luanda // 7245. 0515 Recheck had highlife and mellow nx, fading out rapidly. Best on USB. (David Crawford, FL 1-11)***Em. Regional de Lobito, 0510-0314, in lang on 7170. PT national nx // 7245 and better audio than 5041. Nx ended 0512 then IS and local ID into curiously Cuban sounding nx (wonder why . . . hi. tba) and very strong. Bad het. 5192 in weakly, too. (Crawford, FL 1-11)

BOLIVIA R. Ribe alta, 4696, in SP 2320-25; fair. M w/ talk, mentioned Riberalta and into 2d M anncr with more talks. (Stu Klein, NJ)***R. Aberoa, 4720, in SP 0805-15; fair. On early for Christmas w/ nice carols, ballads, M anncr w/ ID. TC. UTE gone. (Klein, NJ)***R. Mamora, 4740, in SP 2325-35; poor. Andean sounding nx, M anncr w/ clear ID, TC and more nx. Format repeats. (Klein, NJ)***R. Em. Bolivia, 4755, tentative, in SP 0430-40; poor. LA nx, Andean selections, M anncr, mentioned Bolivia. Very weak. (Klein, NJ)***R. Los Andes, 4775, in SP 1110-24; at height of geomag storm. Andean vocal, canned anncrs by W, talk by M, more nx, ID by M. (Klein, NJ)

BRAZIL R. Rural Santarem, 4765, in PT 0905-10; vy good. W anncr w/ ID: "Rural Santarem, ondas medias e tropicales." Talk by M, samba nx. (Klein, NJ)***R. Cult. Sergipe, 4776, in PT 0730-35; fair. Samba nx, M anncr, talk, ID. Second Brazilian under this. (Klein, NJ)***R. Itatiaia, 4805, in PT 0710-0720; vy good. M anncr, string of 3 IDs, pgm of accordian nx. (Klein, NJ)*** Rda Amazonas, 4805, in PT 0940-45; vy good. M anncr, full ID, calls, QTH, freqs, etc., to pop nx. Itatiaia noted underneath. (Klein, NJ)***R. Nat. Boa Vista, 4835, in PT 0945-50; vy good. M anncr w/ talk, Radiobras and R. National IDs, canned anncr, accordian nx. (Klein, NJ)***R. Cl. do Fara, 4885, in PT 0333-43*; closing nx pgm, mentioned Uruguay, Bolivia, Caracas and a number of mentions of Honduras. March tune 0340 ending nx and into tape w/ mellow instrumental and M giving closing anncra over it. Singing ID 0343 and gone suddenly. (Moritz, OH 1-10)

BURUNDI LV de la Revolution, 3300, in FR 0410-42; hrd on 990 foot lowwire. M babbling amid violin nx to 0419 when fragment of Heartbreak Hotel, into ID and nx. Strong, well over TGNA but fading 0425. (Crawford, 1-11)

CANADA CHXK, 6130, in EG 0510; C&W nx, ads and BHMS IDs. Fair. (Martin Foltz, MI 1-14)

CENT. AFR. REP. R. Centrafrique, 5035, in FR 0517-29. Perfect reception. OC at t/in till audio came up in mid-sentence at 0520, nx by 2 FR M, ID 0524, then highlife nx. (Crawford, FL 1-11)

CHINA A jumble of two CH speakers on 4840 from 1240+. One seems FFBS and the other is probably Heilongjiang but the "het" caused by the voices of the 2 different anncrs was horrible. (tba)*** E. Beijing, 5145, in RS 1135-40; fair. Instrumental nx in CH style, M anncr w/ "Goverit Pekin" ID, back to nx. (Klein, NJ)

CLANDESTINE V of the Libyan People, 11977, in wierd sounding AR (possibly a dialect), 0550-0628; example, "Jumhariyati" rather than Jamahriyah. Off w/ fanfare. (Crawford, FL 1-11)

COLOMBIA R. Bucaramanga, 4845, in SP 0348; poor. Just ending song, s/off anncrs in EG and SP NA and 0358*. (Foltz, MI 1-13)***Armonias del Caqueta, 4915, in SP 1050-1100; vy good. Strong and clear w/ BJ MoR nx, M anncr, several IDs. Mentioned Catolica several times. (Klein, NJ)*** La Voz de Tolima, 6040, in SP 1005-26; poor, fading in and out. Bouncy nx, ads, including one for "La Pinata" store, IDs. Reactivated. (Crawford, FL 12-28)

ECUADOR R. Cult. Antena Libre, 3240, in SP *1108-15; fair. Vocal NA, local anthem, M anncr w/ n/on anncr, various kinds of nx. (Klein, NJ)***Esc.Rad.Pop., 5015, in SP 1100-05; vy good. M&W anncrs in slow SP w/ lesson on proper usage of Castellian. Interesting! (Klein, NJ)***R. Splendit, 5027, in SP 0407-54*; fair. Songs, ads, M anncr. ID only at s/off. (Foltz, MI 1-6)

GUATEMALA R. Maya, 3325, in SP 1130-35; vy good. Ubiquitous marimbas, w/ chorus of inebriates singing along. Then religious nx. (Klein, NJ)***Maya, 3325, and Nahuala, 3370, being hrd regularly here at unbelievable levels 1230-1330. Never this good at night. Pleasant listening if you like marimbas. (tba)

GUYANA CBC, Ch. 2, 5950, in EG 0250-0302; fair. Nx, s/off on 1-6. On 1-8 to 0401 w/ nx, talk and s/off. 1-11to 0303*. No Nicaragua. Power 10 kw per anncr. (Elliott Feinberg, NY)

INDIA AIR Hyderabad, 4800+, in lang 1253+ 1-13; good. Lang talks by M to hour, long breaks in them as though pauses in nx stories. ID by W 1300. Fairly good throughout and peaking to fine levels. (tba)***AIR Madras, 4920, in EG 1233-35; EG nx // 4800. Audio much better than 4800 and clearly readable over Australia. (Crawford, FL 12-25)

INDONESIA RRI Pak Fak, 4789, in IN 1230+; poor but audible. SCI, ID by W and into talks. Covered intermittently by SSB traffic. (tba)***RRI Ambon, 4845, in IN 1230-1300; only Indo I hear regularly these days. Usual format. Don't hear many other Indos this season. (tba)

LESOTHO LBNS, 4800, for the first time in many moons 0423-45 in lang. Religious format w/ W anncr to 0430 when ID. Still there at 0445 check. (tba)

LOG REPORT

section A

2000 to 4899 kHz

Editor: Stu Klein, 842 Cranbury Cross Road, North Brunswick, NJ 08902

We have some nice material this month, so without further comment...

- *2350 SAUDI ARABIA BSKSA; 0320 Dueling Koran chanters, seemed to be 2 diff prs simultaneously, suggesting ISB w/carrier. f(Crawford 12/30)
- 2370T FALKLAND ISLANDS FIBS; 0050 Noted w/wk mx to 0100. EG ann, caught ment of "...Broadcasting Service...", & into mx px to 0129 am, GSTQ & 0131*. vp(WDX 12/31) 0112 M & W dramatic dialog, p/f, not //WS. (Crawford 12/23)

A most interesting month, DXwise! A few random notes to finish off: You may be wondering about some of my more arcane abbreviations - FRG = Germany; WDX = Mike Bolitho and friends at the Williamsford DXpedition; items within brackets[thusly] are comments by me. A big welcome to the newcomers to the column—keep it up! My thanks as always to the faithful, who keep us in business! Till next month, 3's & 7's. *dk*

LOG REPORT

section B

4900 to 6199 kHz

Editor: Jerry Berg, 38 Eastern Avenue, Lexington, MA 02173

- 4900 **ECUADOR** LV de Saquisilí, strong 12-29 1115 (Valko); ID 1159 12-27 (Young).
- 4900 **VENEZ** R. Juventud, ID 0342 12-26, ID, MA, 0355* (Purdum); 0130 1-2 (Sharpe-CA).
- 4910 **VENEZ** R. Carora, to 0400* (Field-MI, D'Angelo-PA); strong 1100 1-10, ID 1104 (Sparks-CA)
- 4910 **GARON** Afr No. 1, NY Show 12-31 2300, pops, merriment (Florian-IL).
- 4911 **ZAMBIA** Lusaka, strong *0400 12-31, chorus, EG s/on amts (WDXP, see end of column); lang 0401 1-8, mx 0417 (Wilknr); EG nx 1800 12-12, vernac.ID 1813, poor (Vance-GFR).
- 4915 **BRAZIL** R. Anhanguera, 0845-0905 12-27, ID, local ballads, amts (Alexander-PA).
- 4915 **COLOMBIA** Many reports of Emisora Armonías de Caquetá, Florencia, in general 1000-1130 slot, s/on sometimes before 1000, usually after (Lasarus-LA, Sparks-CA, Valko, Bolland-FL, Alexander-PA, Wilkins-OO, Klein-NJ, Field-MI, Jones-MS).
- 4915 **GHANA** Accra, 2110 1-1, in clear after Kenya 2112* (Billr-NJ); to 2304* 12-14 (D'Angelo-PA); relig.mx 0500-0530 1-2, EG nx 0600 (Pate); 0535 12-31 (Lineback-TX).
- 4915 **KENYA** Nairobi, fair-good 1-6 0410 with lang.talk (Wilknr); tent. Swahili 0330 1-6, Afr mx, HJ GRM (Same-AK); tent., 1955 12-28, vernac. talk, het, 2000* (Billr-NJ).
- 4920 **AUSTRALIA** ABC-Brisbane, 0830 (Alexander-PA); 0900 (Purdum); 1357 (Robertson-CA).
- 4920 **INDIA** AIR-Hadras, Tamil 0050-0100 12-15, mx, sx, many IDs, fair-good (Vance-GFR).
- 4922 **PERU** Ondas del Titicaca, Puno, *0951 12-29, but make it tent. On in mid-song, OA mx, amts. Strong 1004-1030, but poor readability and no ID hrd (Lasarus-LA); tent. 1030 1-1, manyones, maybe ID but not certain due to power line noise and weak sig (Sparks-CA); OA mx, amts, 1045 12-28, but heavy het (Young).
- 4925 **BRAZIL** R. Dragão do Mar, 0930 12-22, IDs, no sign of HJ at 1010 recheck (Radcliff-IL).
- 4925 **COLOMBIA** Em.Meridiano 70, lively mx 0429 12-5, ID 0443, call-in prgm (Cucura); NA in progress *0911, chimes, ID 12-20 (Mikell-IL); 1005-1026, TC, ID, mx 12-24 (Bolland-FL).
- 4930 **GEORGIAN SSR** Tbilisi, 0435 12-1, gal with continuous RS talk, Mayak IS 0459 recheck (Klein-NJ); tent., 0117 12-8, RS instrumentals, Mayak ID and IS 0129, 0159 (Valko).
- 4934 **KENYA** Nairobi, fair-good 2030 1-2, pops, pipe 2100, ID, nx, 2109 close, carrier remained (JB); 1-1, 2055, on late, mx till 2100 EG ID, nx, Xmas tune, 2109* (Billr-NJ).
- 4935 **PERU** R. Tropical, 1022 12-21, fair, sds, IDs (Bolland-FL); brief ID 1050 1-5 (Wilknr); 1050 12-21, ad string, Xmas greetings and ID at 1102 (Sparks-CA); 1105 12-27 (Alexander-PA); vv weak, but ID and QTH noted at 1125 1-1 (Jordan).
- 4940 **UKRAINIAN SSR** Kiev, 0118 12-8 but gone 0155 recheck (Valko); play 0440 12-1 (Klein-NJ).
- 4945 **COLOMBIA** R. Colosal, LA Instrumentals 0918 12-12, TCs, CARAOL ID 0930 (Purdum).
- 4950 **CLANDESTINE** Vos de Verdade, poor-fair 12-11, 0334-0400 (Michand-QUE).
- 4950 **PERU** R. Madre de Días, MA *1058 12-20, pos.ID, lucky to get it; poor (Jones-MS); tent. 0100-0235* 1-6, several tentative IDs, fair-poor, much fading (Wilknr).
- 4950 **SARAWAK** Kuching, EG nx 1432 1-1, into instrumentals, fair (Lineback-TX); 1520-1601 1-2, soap operas, IDs, romantic talk, pops, off after EG/Malay ID, NA (Sharpe-CA).
- 4955 **PERU** R. Cultural Amata, orch.sx 1058 1-10, NA 1101, ID 1103, mx, talk, mostly gone by 1130 (JB); 12-29, NA *1058, ID, low keyed talk, fluts, weak and 1118 f/out (Lobdell-FL); 1102-1120 1-1 (Jordan); tent. 1040 12-25, Ind.lang prgm, Ind.mx (Sparks-CA).
- 4965 **COLOMBIA** R. Santa Fe, ID 2223 12-27 (Eastman); ID 0618 1-2 (Hosmer).
- 4970 **ARGENTINA** ER da Cabinda, 2029-2100 12-13, local ID 2029, then R.Nacional prgm, some live w/annor shouting An-GO-LA, but didn't sound like sports; fair-poor (Vance-GFR).
- 4970 **UNID.** African, 0525 12-27, contin.Afr mx, YL smt at 0530, but too much noise to determine language. Cabinda rptd here (Sparks-CA).
- 4975 **CHINA** Fujian PBS, Fushou, EbyR 1340 12-21, poor (Lineback-TX); 2240-2259 (Vance-GFR).
- 4975 **COLOMBIA** Ondas del Ortegusa, Florencia, 1015 on 12-21, nice sig with campo vocals and ID, but usual ute came on 1020 and wiped em out (Sparks-CA).
- 4980 **VENEZ** Ecos del Torbes, "LV del CID" prgm 0115-0143 12-17 (Jordan); exc 0521 on 12-25, most likely on late for Xmas, LA mx, talk between songs, mentions of Venez (Valko).
- 4981 **AZAD KASHMIR** AKR, poor 1610 12-16, Urdu or Kashmiri presumed, talks, local mx, clear ID 1636, wiped out by utes at 1703 (Vance-GFR).
- 4990 **ARMENIAN SSR** Yerevan, talk 0445 12-1, not // any others & did not seem RS (Klein-NJ).
- 4990 **NIGERIA** Lagos, prayer 2137 1-6, mx, ID and TC 2146, nx 2158 (Cooper); nx 0500 (Lineback-CA)
- 4990 **SOUTH AFRICA** R. RSA, all EG 0409-0427 1-2 (Sharpe-CA); 0428* (Orekar). TX).
- 4991 **BOLIVIA** R. Animas, 0108-0240 1-1, ID, amts with echo, ballads, SP pops, strong but heavy het from 4990 (Young).
- 4996 **ECUADOR** R. Baha'i, 0224 12-11, much mx, occasional TC by gal, ID 0239, fair sig (Bolland-FL); 1-6, fairly good 0230, best ever hrd, and YV not on 4990 (Field-MI).

EQUATORIAL GUINEA Bata, vy strong 2110 12-31, Xmas mx, also native mx. Male amcr, many mentions of Bata (Billie-NJ).

NEPAL Hrd 0023-0127 12-29, too weak at s/on to catch IS. Indian flute mx, singing, amts at 0057, possible ID, talking (Young).

SARAWAK Sibba, weak vocals at 1430 on 1-1, poor sig (Lineback-TX).

CAMBODIUM Garoua, NY prgm 2353 12-31 (Florlan-IL); EG mx 0530 12-30, ID 0536, main points 0540, into FR (Eastman); ID 0532 12-29, EG mx (Krist-Va); sxc 0545 EG (Cooper).

COLOMBIA R. Surcolombiana, fair with SP wx rpt 0018 12-17, full ID (Bolland-FL); LA mx 0536 12-19, poor w/QRM from utes (Chorassy-ME); ID 0400 12-4 (Alexander-PA); 0450 12-4, LA mx, ID, mx of Reagan visit, fair sig (Lineback-TX).

CHAD R. Radiofonica Pop., mx, IDs, Vladivostok bet, 1012-1136 12-30 (Young); 1013 12-24, IDs, HC and Xmas mx, but mostly talk (Alexander-PA); SP language lesson at 1100 12-28, interesting, and very good sig (Klein-NJ).

PERU R. Moyobamba, SP ID 1055 12-27, many ads, OA mx (Alexander-PA).

USSR Vladivostok, 1145 (Klein-NJ); 1215 (Wilknr); 1430 (Lineback-TX).

UNID. On 12-21, part of NA caught at 0259*, not hrd since, unless the one hrd 1-2 from 0405, mx, 0526* with no NA (Field-MI).

ALBANIA *0400 1-6, anthem, ID, better than //5057 (Jones-MS); good with many vocals. 0432 1-5 (Florlan-IL); folk mx 0435 12-8, IDs 0450, 0500, serious mx (Jordan).

SOLOMON IS. Honiara, ID 1042 12-21, mx (Bolland-FL); NY greetings 1330 12-31, ID, on late, good sig (Lineback-TX); fair with telephone call-in prgm 1400 12-31 (Zilmer).

 That's it for this month folks, I've got an announcement that says BBC announced
 in December that all relays to overseas transmitters are now going via Satellite,
 including Kranji (Singapore), with much improved signals expected in Australia,
 even though most transmissions to that continent are now sent directly from the
 UK. I'd like to say that I'm in the market for a used RF-2200 receiver and
 I'll pay up to \$100 for one in good condition. See the announcement below this
 column for more details. Tnx
 73 de Steve/KA6IBD *Steve*

WANTED: Panasonic RF-2200 8-band shortwave rx, please reply to the address at
 the front of my column by Feb. 15th. I'm planning on using the receiver as an
 auxiliary to locate // fqys. Please send a card or letter and state your price.
 Thanks. Steven Wiseblood (address also on back cover of Frenzd).

NOTICE, PLEASE

As of the FRENZD deadline date, Log Report "C" has not
 yet arrived. Since I can't get in touch with John T.
 Arthur, the editor, I have no choice but to go ahead
 with the printing without the column. If it should
 arrive in time, I will try to get it in the back.

FOR SALE: AX-190 receiver with speaker and manual in mint condition.
 Never modified. Satisfaction guaranteed. Price \$100.00 UPS paid in
 the lower 48 states. John White, 55 Walden, Burnsville, MN 55337.
 Phone (612) 894-6394.

BBC RECORDS AVAILABLE: Records of BBC presentations of The Goon Show,
 Monty Python, Fawlty Towers and other humorous shows, BBC specialty
 records, and even sound effects are listed in the catalog published
 by GEMCOM, INC., P.O. Box 290007, Ft. Lauderdale, FL 33329. If you're
 interested in purchasing recordings of these and other shows, write
 for the free catalog.

Just recvd by 1983 WRTH from Gilfer - looks like another great issue. For those of
 you who have an interest in DXing the Soviet Union, either R Moscow or regional
 stations, check out Roger Legge's "UHM-USSR High Frequency Broadcast Newsletter".
 It's a great source of info on transmitter sites and broadcast schedules. Three
 dollars will get you eight of the approximately monthly issues. Write him at:
 Box 232, McLean, VA 22101 USA

73's til March
But

NO COLLECT CALLS ON THESE ADS, PLEASE

NOTICE: To Austin, TX area SWL's, DXers, and those interested in any
 form of radio...I'm trying to organize some get-togethers in the
 Austin area. If you're interested, call or write Hans Johnson, M-617
 Jester, Austin, TX 78784. Phone is 471-2312.

SW EQUIPMENT REPAIRS AND MODIFICATIONS: Send an SASE and description
 of your problem or the desired modification with the make and model
 of the equipment for instructions and further information. Ronald
 Kumetz, Jr., c/o Systems Technology, P.O. Box 24, Elmwood Park, NJ
 07407 or call (201) 791-3665 after 0100 GMT.
