Reports to CMZ as follows-Ing Enrique S Morales Perez-Director de la Radioemisora C M Z-del Ministerio de Educacion-Havana Cuba.

The World Wide Dial Club of Chicago will have a bowling session on Dec 13 1941 at 9:00 PM C.S.T. in the Jackson-Dearborn Recreation Alleys, 229 S. Dearborn St. All are invited. Due to Xmas there will not be a home meeting of the WWDC in December. Leo Herz-Gail Beyer.

Here is a suggestion to you members who are giving Xmas gifts to your DX friends. Make them a present of a years membership to the National Radio Club. You will be thought of 34 times during the year by those receiving a present like this, each time his bulletin arrives.

As you all know now that Xmas and the New Year is approaching your mail will be slowed up especially your bulletin as it is sent 3rd class mail. To those who would like to have their bulletin sent 1st class during the holidays can do so by remitting 5-3¢ stamps to club HQ. This will take effect on Dec 13th and up to and including the bulletin of Jan 10th.

BCB US-CANADA-MEXICO Contest Ratings

J Wedewer 78	Dick Cooper 56	F Susoreny 39	Grant Batson 29
Kenny Page 64	Pop Edge 56	E Cooper 33	F Wheeler 24
Joe Becker 60	J Kalmbach 54	Leo Herz 32	Ted Neider 22
F Borchardt 60	Frank Lee 54	A Bartholomew 32	Bob Reilley 22
			Bob Brown 17

CONTEST QUESTIONS

E. Cooper-XEAW counts as 2 stations if both are verified and each gives A Bartholomew-KR0 frequency heard.
 A Bartholomew-KROS is void-Stations must be heard on or after Oct 1 1941
 Bob Brown-Stations cannot be substituted.
 ALL CONTESTANTS-Puerto Rico-Hawaii and Alaska count 1 point for each station. They are territories of the US and are governed by the same rules and regulations as the US stations and are licensed by the FCC. States count 1 point for each station verified and N R C specials do not count 3 points. The rules state that 2 stations may be verified in each state PLUS all N R C specials. That means you can verify 2 stations in each state and all the NRC specials that originate from any state but when verifying an NRC special you cant count it as 2 points for the special and then another point for one of the 2 stations for that state unless you reverify that station a different time.

DAVID THOMAS-PROCTORVILLE O. Noticed several complaints about bulletin being late. It has not been late here once this season. Its as regular as clockwork here. 11/25 WCOP on fine DX; 11/26 KBIZ had nice DX but some QRM from WEDC; WAOV test 2-3:30; 11/29 YV5RI not heard on DX program as schedule-Whats the matter with schedule?(Dont know Thomas, it was listed as sent out by them-Ray) WSYR 3-4 testing directional antenna; WBYN 3:15-3:30 test; WLAV 4-4:15 test. This just received Saturday evening-TFA now on 153 kcs with messages from 1730-1800 and 2330-0000 GMT daily except holidays, Reykjavik Radio; YXD-2110 kcs, news 0500 and 2020 GMT daily (dont understand call Y instead of R) and again 1205 and 1750 GMT. (Khanko U S S R) TI4NRH fair on DX of 12/1; Heard only on 725 kcs here. (Not on SW Dave) 3-4:15 AM; 12/3 WSVA not hrd on DX program WGAC-3:25-3:40; WFTM 3:50-4:03 both over rode WEDC 100%; KHMO 3:40-4 on DX test WDXA-strong over WEXL; WIZE-WGAU on 4-4:15, WIZE musical pro & WGAU only announcements; WATW 4:15-4:33 was on 1400 not 1340 as listed in several bulletins. Veries received WEIM-WSBC-KMYR and WRRN.

ERNIE COOPER-BROOKLYN N Y Veries from WKWK a letter and cards from WJZM HJCR. Very little DX this week. Heres dope on WNEW & WOV. WNEW now on 1130 with never ending sked. WHBI remains on 1280 same sked. Tried for TI4NRH but couldnt hear them; Hope you all listened to WWSR (Hey Lefty have you beek drinking too many Beverage Waves? I cant see St Albans Maine any place in the bulletin-Ray-Hi) No HJAR verie yet and boys dont miss the WFIG program on the 19th; 12/3 CMZ in clear 8:45PM; Spicks on 550-590-620-630-640-690-790-830-860-900-920-1000-1010-1060-1110-1190-1200-1220-1260-1320-1351 & 1540; Americans very weak.

CARROLL SETH-WELLSVILLE N Y This warm weather may be OK in its place but not when it is interfering with radio reception as has been the case. My alibi for the past 3 weeks. Things are so I tune in KFI & CBK to see how DX is then turn to WOR and listen till about 5 AM. And to think how I used to yearn for a job where my nights would be free for DX; Heard TI4NRH on 12/1 and sig would have bee fair but too much QRN, at 7 PM on same date HJCU on 720 had great signal. Veries in from CKNX-WCOP-WEIM-WEXL-WHIS-WWDC-KFYR-KOME-KORE and KSCJ. Am enclosing a verse dedicated to that Longfellow of the long waves and Shelley of the short waves-- Fred Borchardt. (T. is appears elsewhere I hope unless space wont permit)

HAROLD WAGNER-ERIE PENN Well boys here I am back listening to radio again. Not a promise to do a lot of DXing but some. Heard a lot of Spicks coming thru last week and I see that my friends of former years are still around except TGW. Dont hear him. The ones on 605-TIGPH; 625-TIPG 854-OAX4A and 882-YV5RQ are all coming in. A new one for me is TIEP on 835, and would like to know who is the one in San Jose, Costa Rica on 655 kcs. Just now am listening to an old favorite, LR3 on 950 kcs s/off between 1-1:03 AM as he does on Sun morning. The one on 1154 is coming in swell hope I can get the call (XEJP Harold) Also the one on 1315 kcs playing concert & light classical and signs off at 1:25 AM. (Glad to see you back at the dials Harold, and really missed you at the gatherings, remember those- Ray)

LEO HERZ-CHICAGO ILL Reports were sent to CBA-WDEL-KGLO-WISN-KGGF-WTJS-CBK and CBO. JBA is hrd swell here 10-11 PM despite some interference by KNX & WIBC. WDEL my 1st Delaware station was hrd also on regular sked 9-10 PM right thru WISN. Veries in from WWNY-WISN-KGLO-WEW-WDEL-CBA. Wdel stamped my report verified and came back in a few days as did CBA; Log stands now at 292 with 270 Veries. VIS-51 VIC-6.

STEVE MANN-HANOVER N H. Verie received from WHYN. Reports to WWPG-TIBAS TIBAS is a new one 8kw on 655 kcs "Estacion Tibas" San Juan de Tibas, Costa Rica. Heard between WSM and WFAF fairly well evenings. Hrd until after 11 PM sat nights and signs off earlier other days. Other Costa Ricans hrd evenings are TIGPH-605; TIPG-625; TIEP-835 and TIEP2-1225 kcs CXL6 hrd identifying as "Radio Carve" on 850, not enuf gotten for report HJCU-720 well hrd-frequently overrides WGN; LR2 "Radio Argentina"-910 hrd occasionally behind CMCF; HOK often R8 on 640 around 10 PM. Occasionally YSS is hrd instead. Daytime reception is occasionally quite good Have hrd WTAM-WGN-WBBM-WMAQ-WENR-WSM at 2PM. No sign here of TIANRH on their schedule special.

LEN KRUSE-DUBUQUE IA. I'm sure all the midwestern DXers are with me in saying the past week was a flop at DXing. No doubt the fellows out east had a tough nut to crack when they attempted to listen to KBIZ with special program for our club on 11/26 as WEDC stayed on the air. This Chicago station caused some QRM here, also but fb program was heard from KBIZ. Also on 11/26 WBOC hrd testing 3:10-3:35 AM while KTSM tested 3:45-4 AM. KPOW testing 4-4:30 AM. WNEW informed listeners that on Dec 1st they will change to 1130 kcs; 11/27 (Thanksgiving Day) heard KPRO new station in Riverside Calif signing off on tenth day of broadcasting. New stations logged are KORE-WLOG-WSOO-WMAN; 11/28 WHOP testing 3:30-4 AM; 12/1 KFGQ on test on new freq of 1260 kcs from 2:45-3AM KMYR has freq check on 1st Monday of month 3:30-4AM. This may be on the 1st of the month. 12/2 KGGM hrd s/off at 2AM and KXOK hrd s/on at 7:30; WRAL verie has picture of North Carolina state capitol. Latest veries received WRRN-WRAL-WISE-KWFC cards and letters from WMBR-WCOP-WHOP-KPOW and WEIM with pin as member of the 1340 club.

HOWARD KEMP-WATERBURY CONN. New station hrd hear were WWPG-1340-250 w on 11/30 with equipment at 2-3 AM and KPRO-1440 kcs on same date just before s/off 2:58-3:01 AM EST.

JOHN KALMBACH-WILLIAMSVILLE N Y Reports out to WROL and KBIZ; Veries in from WINN-CJIC-WEIM and WCOP letters and cards from WITH-WGOV which was heard on regular sked here in Wmsville and card and booklett from KFAM. I am beginning to wonder about Kenny Page and Pop Edge, they are complaining about not getting any veries from their reports. I wonder? I received my verie from KFAM, which Pop also cliams he reported the same program and a note on the verie I received says mine was the only report received from this locality. I think this bears looking into.

FRED VAN VOORHEES-MILLER PLACE N Y. Received veric from WCOU Lewiston Maine on their FB DX. Have just changed jobs, so will have to wait and see how this one works out before I know what my future DX statis will be

TOM MORRISON-CLEVELAND O. Here's my first report. Am also a member of the CRC. DXing pretty good here last week Saturday night and Sunday AM 11/29 & 30 I went to town and logged WJSV-KITE-WMEX-KOMA-XEBG-K30-WTSP-WFHR-KROC-KFH-WHBL-KFJZ-KGGF. KGGF came thru 8:15 PM Q5 R9 blasting thru CMQ. They were well hrd till 8:24; WFHR logged on special test on 1340 at 1-1:30 AM on 11/30, were Q5 R8 and reported to them; KROC hrd after WFHR s/off at 1:31 AM from regular sked and also reported. Veries received this wk are WOW-WISR-WRRN-WCCO-WOA; Reports out to KFI-KROC-WFHR-CMCY-WWL-XEAW and CKNX. Am thinking about a new receiver around Xmas or the 1st of the year. Look out fellows I'm just starting to go places, wait till I really get going, I'll be hot. (A swell start Tom)

JIM WEDEWER-DYERSVILLE IA. DX non too good here lately. KBIZ was only R5-6 on special. I cant understand why so weak. Same morning hrd KMO-KXA-KROW-KERN-KFBC-KHJ. Veries letters WCOP-in 4 days imagine that-WEIM KGCU and a large foto card WFBL & cards from WOL-WPAR-& 3 colored card from WCSC. New ones hrd WAOV-KOAM-no sign of YV5RI on 29th. On SW veries from K6TKA and new ones on SW bolivia and a few SA's. Leo ought to have some Iowa space for a long BCB antenna. WEIM was R7 here at times on a 6 tube outfit with tuning eye tube, also I use 100 ft antenna but space dont permit a longer one because of our town's power station on three sides with high lines etc and only the east side clear across neighbors yards. I run mine across 3 neighbors yards and would like to have another 200 ft added to it. When can I hear Maine? (Jim WRDO-1400 kcs tests on first Mon 3:15-3:30 AM EST.-Ray) (Should be 2nd Monday not 1st-Ray)

GRANT BATSON-WESTFIELD N Y Reports sent to WCOP on 11/25 Q4 R8 4-4:50 only; KBIZ special 2-3 Q2-4 R4-8, WEDC rather hard to overcome; 11/28 WRUF 6-6:15 AM; 11/29 WEED 6-6:30 Q3-4 R8; WMBI logged Q3-4 R6-9 at 9-9:30 AM with WBT in background; WABC test 5:28-5:56 AM; WOSU-820 Q4 R9 11/30 KLO 2:58-3:30 AM Q4 R9 and WREC-600 at 1:35-1:45PM Q3-4 R7; Tried for TI4NRH on 725 kc Q2 R2-3 very bad static not enough for report. Veries rec cards WSBC-CBK 8 days-WHDH; Letters WCOP-WEIM(KGCU-A Muggli.)

BOB BROWN-GOSHEN IND. The only recent veries here are WWNV-WMGA-WAGF. the report was out to WAGF 203 days. I dont get through work now until 4AM so I'll miss some of the specials; TI4NRH was weak they were audible as late as 4:15, I was only able to copy them about 1 or 2 minutes of their program. Their frequency is 725 kcs; TIEP was about 10 db over R9 Saturday evening from 9:40-9:45 on 834 or 835 kcs (In the clear no QRM) I'm forced to admit that the station on 1153 is XEJP. It still sounded like YVIRD when I first heard them several weeks ago.

J WARREN ROUTZAHN-YORK PENN Since last report I received veries from WISR-WWNV-WISH-WRRN-KROD-WBAP-WAGE-WEIM and WWPG. I logged WKMO-WISH-WAGE-WWPG-WEIM-WBIZ and TI4NRH; 11/19 WKMO testing R9 most of morning WISH also R9 3:15-3:30; 11/21 WAGE on at 6 AM copied fairly well thru WROL; WCCO on at 6 A, WBAP at 6:30; 11/22 WWPG R9 4-4:30 testing; 11/24 WEIM-R8 on DX came right thru WEXL this time and clear after they went off, so should be a success. 11/26 KBIZ-R7 on DX came thru WEDC fairly well; 12/1 TI4NRH R4 was about tops here but could be copied in spite of rather high noise level. Tried for them on 31 meter band but they were evidently only on BCB at 725 kcs. (Your right on that Warren-Ray)

Purchas a copy of the NEW IMPROVED RADEX. Sent 30¢ direct to RADEX at 148 Copley Ave, Teaneck N.J. We are sure you will appreciate this new issue. A more convenient plan is to subscribe at \$2 per year.

AL BARTHOLOMEW-BRADFORD N Y DX failry good of late altho not so hot past two moons. I caught KFMB at 3 AM s/off about a week ago; KBIZ on special thry WEDC not too good; KWAL on monthly test the 26th and TI4NRH on NNRC special yesterday morn; Logged here 3:04-3:55 on 725 kcs. Reception conditions were very poor with hevly static, deep fading and poor signal strength, however they were definitely on with most of program talking by the announcer for long periods. Station calls often; Veries from WWPG a nice card; XEF sent a unique verie, a 20 pesos note with verie typed on one side of note, came promptly; KWIL after follow up, a nice letter head verie and also verie card. Stated in their letter they were going to have special DX on Jan 5th 12-2 AM PST; Still waiting for HJAR verie, has any one else received theirs outside Steve Mann?

DON BARNES-ST ONGE S.D. Heard on 11/22 KSRO s/off 1:03; CFJC at 2:02 AM KARM at 3:01; KROY reg sked 3:30; WWPG test 3:25; XEL-1260 kcs at 4:02 XEF-1425 at 4:12; KVEC s/o 3 and KMYR at 3:06; 11/25 KORE reg sked 3:30 KFFA test 3:30-3:40; ???-1430 at 4:23; 11/27 KPHOs/o test 3:15; KERN s/o 3:30; WJZ M test 3:33; 11/28 KTBI s/o 3:34; ???-1340 s/o about 4:07; 11/29 ???? 1370 at 1:40; Spick on 1338; ??? at 2:22; KVOE reg sked 3:00 12/3 KVIC test 3:25; KDON test 3:33; KIT test 4:17; KTMS test s/o 4:31; WATW test 4:06; ???-1470 and Spick on 1470 at 4:15 breaking up KXYZ I guess we have some all nighters here too, KGFJ-1230; KSAN-1450; KXA on 770 and KGU on 750; St Onge is 40 miles north of Rapid City, and 12 mi SE of Belle Fourches just a stones throw from the Black Hills. (OK Don)

JOE BECKER -HAMILTON O 11/26 Heard KPRO this AM and XEG on 11/25 at 4:15 AM EST. Swear I heard KTPN in Tacoma Wash on 900 or 910 kcs, wonder if anyone else heard it? Sent KBIZ report but no sign of WCOP. on 25th.

ERIC BRISTOW-CHICAGO ILL Have reports still out to WHIS-WEXL-WJZ-WISR-WKOK-WEVD-KTSA-KLFM-WNEW-XED-KPEL-KFGM-KSL-KGHF-KPYO-KGIW-KRIC-KFJZ-CKLW-CKOC-CMCK-KHMO and WIZE; Received veries from WCKY-WISN-WTJS-WJR-WCOP-KRLD-WEIM-WSB-WEDC-WCSC-WCAR-WISH. WISH answered in 1 day not so bad. (Boy how I would like to see what a verie looks like-Ray)

HERBERT CAMPBELL-ATHENS PENN DX no darn Good (You can say that for me to Herb-Ray) WEDC was too much for me so all KBIZ got from me was a trx card; WCOP verified in 4 days. KHMO will get something of a report, a little tough going and nil after WEXI, came on at 3:50; Most FCC checks very poor. Something was way down in the mud, at the lower end of the band this AM. Guess it was WIND and not WSVA. This has been one of the nicest days of the whole year with reception about like last of May.

I hate to say this fellows, but there may be no Short Wave section next week. I have just changed jobs and may be transferred to another location sometime between now and next Wednesday, so am not sure whether I'll be able to get out a section or not. The contest standings will also be late in being published. Thanks to the gang, Roger Legge-Jim Wedewer - Steve Mann-Jack Gardner and the Milwaukee boys Horst Krumrei-Fred Borchardt and Bob Hetzel for their reports. There wasn't anything outstanding from Milwaukee, so I beg their pardon and have included all in with the regular section. ***** In order not to have any intermission in our Short Wave sections sent your SW reports direct to Club HQ 525 Stockbridge Ave., and I (Ray) will make it up. BUT PLEASE HAVE YOUR REPORTS LISTED IN ORDER OF THEIR FREQUENCIES AND HAVE THEM IN TO HQ BY WEDNESDAY. THIS PROCEDURE WILL CONTINUE UNTIL FRED GETS SETTLED IN HIS NEW LOCATION. REMEMBER SEND YOUR SW REPORTS TO CLUB HQ UNTIL FURTHER NOTICE

PLEASE READ THE ABOVE NOTICE FROM BEGINNING TO END

KCS	CALL	REMARKS	REMARKS
4008	CT2AJ	Ponta Delgada, Azores transmits daily from 5-7 PM and is hrd extremely well, though bothered by CW. Opens and closes same as given for 7300 kcs. Programs about the same. No call announced and gave freq as 4008 kcs., and CT2AJ is licensed for this freq so is probably it. (Steve Mann-Hanover, N.H.)

QUESTIONS and ANSWERS

For Roger Legge-Can anyone identify his mystery Brazilian on 6660 kcs?
 For Jim Wedewer-ERN on 5370 kcs veried for me in 26 days, that was in April 1939. May not verify in last year or two. (Grant Batson)
 To all concerned-TIX and TIGPH on 5900 kcs are the same transmitter, which announces TIX or TIGPH depending on which BCB transmitter it is relaying. Usually announces at TIGPH before 20 PM (think it is 10PM) and as TIX after 10 PM. (Roger Legge)
 To Grant Batson-TFJ was heard in Dyorsville on 12235 kcs, twice around 12:30-1:15 PM EST. Signals fair. (Jim Wedewer)

DXers live at the dials	To the rule an exception of choosing
Whenever a moment's to spare	Down in a quiet orchard
Spanning the meters and miles	Smelling the flowers and musing-
By turning a gadget a hair	Still the DXer is Borcherdt.

POP EDGE-BUFFALO N.Y. Since last report have received card veries from CKNB-WRRN and KWFC which dont even mention call letters and letters from WJLB at last and WCOP along with one from WEIM for special with a 1340 club button enclosed. Have sent reports to WISR-WROL-WLDS who take the air on Dec 9th at 6 AM CST. Still too many reports out and no veries in return, last verie received wasxon the 29th of Nov. None of the Canadians have verified which were on the NNRC specials except CKNX-CKNB. Hrd KWAT on test this am 12/5 and they were barely audible like all signals have been for the past week. KMTR was on for NRC this am from 4-5 AM but could only tell when they were announcing or when music was playing so could not report. WSWA according to reports were no on their special for the WDXA. CBO had odd program for the GNSWLC 12/5, I listened for 20 minutes and did'nt hear any announcements except when they signed off at 3:56 before playing the both Anthems. Well boys that cleans up every thing here so will be with you again next week.

The last few weeks Wimpy Kalmbach has been having Hamburgs before retiring on Saturday nights and lately I have noticed the farmers near Williamsville taking in their cows on that night. Rumors have it that lately several skeletons of some of the best cows have been near his home
