ISSUED WEEKLY—\$2.00 PER YEAR

VOL 9 No 14

December 22 1941

We welcome Frank Coryell-2401 Coventry Road-Cleveland Heights Ohio as a new member and the renewal of Clayton Woodward. May both of these have a year of pleasant relations and DX with the NRC.

Dont miss the Special Latin American issue of RADEX in January. Complete South American and Central America revised station lists...Article by Steve Mann on identifying Spanish Speaking stations.. Other data and tuning tips on Latin stations as well as other RADEX features. Send 30¢ in coin or better still subscribe yearly and save 40¢. Do it now.

Steve Mann has another swell DX program from one of our South American friendly station, YV6RE-YV6RC. This special will be on January 13 1942 from 3-4 AM EST on both BCB and SW. All reports should be addressed to Sr. Luis J Arreaza Almenar, Director-"Ondas Del Neveri". Reports are very welcome and they are looking forward to a lot of them. Lets show our SA friends that we really appreciate their efforts by reporting to this program. Remember return postage or an I R C should accompany all reports. Reports to CMAK should be addresses to Juan de Dios Carreno, director Radio Station C M A X-Artemisa, Cuba. Lets report to all stations who have specials, no matter to what club they are dedicated to.

Your editor tuned in Dec 19th but found neither KFNF or WFIG on the air dont know if the cancellations were due to other stations being on all night or not. KFNF's frequency was clear but WINX was on WFIG's freq.

The reason this bulletin is late in arriving is due to the fact that all mail coming into HQ was from 2 to 3 days late. Up to Friday PM there was only enough reports in to make a 2 sheet bulletin. I noticed that these reports that were in took 3 or 4 days to arrive from the time they were mailed. I felt that more would arrive Saturday, which it did and all is included in this bulletin. If I would have sent out the 2 sheet issue on time all remaining news would have been another week old before you members would receive it. With this thought I thought you would rather have the bulletin a few days late instead of a scant issue and then next week receive a large one but with half of the news stale. I am mailing this issue Monday Morning Dec 22nd by 9:30 AM. If the same condition prevails I will again mail it next Monday, then back to regular schedule.

NATIONAL RADIO CLUB DX NEWS

BCB Page 2 \_\_\_\_\_ TIPS and LPO REPORTS \_\_\_\_\_ December 22 1941

THE ENCLOSED XMAS CARD WAS PAID BY THE PERSONS WHOSE NAMES APPEAR ON IT.

TOM MORRISON-CLEVELAND O I am still DXing in spite of the war. My log now stands at 192 with 37 verified. Four veries have arrived since last report, they are from KFI-WEAF-WJAS-WFHR; KFI on letterhead of KECA-KFI. WEAF & WFHR are cards and Latter signed by G N Bowker C.E. Have reports out to KROC-WCNW-WIOD-CFRB-WJW-WOAI-WWL-CKNX-CMCY-XEAW. News ones logged are CBO-CMKM-CMCA. Want to log eight more to make 200 before I got my new receiver. Whether it will be possible or not I dont know. Will try to get at least one club special during the holidays. (Tom did you receive no 12 issue? Sorry to say it was sent to wrong address-Ray)

NICK EVANGELISTA-W HAMBURG PA Well DX isnt so hot at present but it looks as if the all night stations will forget to stay on. On DX specials I didnt hear a thing from CKVD-YNOP-WCOB; I sure would have liked to have heard YNOP as that is one country that would look good among my veries. Latest veries are cards from KHMO-WWPG-WISH-WISN-CHML and my 7th verie from KGU. (Boys look at this and I cant even hear them for the 1st time Ray) KHMO will test Wed Jan 7th from 3:30-4 AM EST. Letter veries from WEIM-WJLB-WJZM-WHLN-WWNY-WPAT-WFCI-WLDS-CJIC. Reports out to HJAR-CHLN-WTMA-WNAB-WKMO-KBIZ-WGGA. Well that is about all except I do want to wish every Member of the N R C a Very Merry Xmas and a Very Happy New Year. (Well Nick it certainly is good to see you reporting again as we did miss them, by the way We will look for more-Ray)

LEFTY COOPER-BROOKLYN N Y Veries in from WLDS-CKTB-WBLJ are letters and cards from WWPG. Reports to WSON & CKVD. 12/16 DXed for first time in 10 days in effort to land CKVD which I did. They stayed on till 3:02-15 and at 3 all the interfering stations including WITH left the air. WITH is silent every Tuesday evidently from 3 to 5 AM. I am going to try to get CKVD to repeat for us. WSON hrd testing behind an R9 carrier test from CFRB. Many of the network stations are going off at 3, all but the 50 kw ones and they dont bother us DXers much. WBLJ and KCKN will DX for us soon. I suggest all CPCmen suggest to stations contacted an alternative date for DX programs, in event some thing breaks up the present sked. Dont kid yourself DX is still possible and how. Didnt I get 2 new ones this week WSON and CKVD. Veries now total 966. Merry Xmas to everyone.

DON BARNES-ST ONGE 3.DAK Another short report this week, since all the stations seem to be on in the early mornings. Have been DXing early evenings and have the following to report. 12/10 KSWO 6PM; 12/13 WSON 4:20 AM; KILO 7PM; 12/16 KWAT 3PM; 12/17 KFBC on 1240 kcs 10:30 AM. Veries this week KSWO only, said mine was most distant daytime report they had received. Still unable to identify the station on 1444 kcs, speaks Spanish but cant catch announcements. Afternoon reception very good here, WBZ-WCAU-WHAM-coming in R7 after noon here.

FRANK SUSORENY-COLLEGEVILLE IND My new QRA is Seifert Hall 59 instead of Noll Hall, the rest is the same. Have a private room now and will have my own radio here after Xmas. Been receiving the bulletin every Sunday morning. We get mail here every day. I have received these veries since last report, WQBC-WHK-WCCO-CFRB-CBL-KMBC-WGY-WBAP-WQXR-KYW-WBIG-WDOD-WGST-WCSC-WJZM-WFBR-WLAC-CBM-KGKO-WOW-WWNC-WMC-WDSU-KSKY-CKTB-KARK. Now have 44 points in BCB contest. Merry Xmas to all. ( Nice going Frank both in your DX and especially your school work. Keep it up-Ray)

POP EDGE-BUFFALO N Y Well received veries from CJIC and KFAM but none from WROL who were going to verify by return mail. Couldnt hear WFIG or KFNF on the 19th. Had a pleasant visit from Steve Mann on his trip home from College over the holidays. Too bad he couldnt stop longer.

BCB Page 3

TIPS and LPO REPORTS

December 20 1941

SIDNEY STEELE-TOLEDO OHIO Veries in from WHOP-WGAA and KTBC. KTBC signs on at 7 AM EST each morning and are in the clear on Sunday AMs or they were before the war broke. Tests are conducted the 1st & 3rd Staurdays from 6:30-7 AM EST. I notice a number of you are having trouble verifying KMJ. A few years ago the only way to get a reply from them was to give the exact wording of the station announcement etc with any advertisement. This may still be their policy, so if you havent tried this it may be worth while. (OK Sid your bulletins of Dec 20 and 27th will be sent to your home and starting with the Jan 3rd it will go to Columbus)

DAVID THOMAS-PROCTORVILLE OHIO Veries received this week are from WJBY-WDAK-WEXL-WBBB-KHMO-XEF-WMJM-WHCU and last but not least WNBW who stated that this was a rare privilege to get such a report. CMZ only special heard over the week end. Too much network for DX now. Got some rare network catches like CBK-WNAX etc but doubt if they will verify these programs so did not try it. WIAW and W5BB are the only 2 amateurs hrd since silent orders-they running special permit. The WAR has cost me 2 japs on BCB for veries, I'm sure went out during thanksgiving week. 12/14 at 5-6 PM TA on long waves breaking thru but poor. How are one going to get veries for contest? when he cannot get letters thru to countries when he hears them/ Ordered another new receiver to take out to the listening post and hope next time I report I will know what it will do. It should be in next week. Watch for some DX over the Xmas week with 2 receivers going. 12/16 Over  $\frac{1}{2}$  the network stations went off at 3 AM(good) WMDR held 1400 down all night. WCOL-WIL and 2 others on 2-3 kept CKVD away WTOL test 3:50-4. WINX on all AM. KFBK hrd but no sign of YNOP-YNJAT on either 1230-1530 or 5758 kcs. Merry Christmas and Happy New Year and Plenty DX in 1942 to All, Members of the National Radio Club.

GRANT BATSON-WESTFIELD N Y I did not hear KMTR or WMIS but sent a tnx you card to both. Veries received, letters KPLC-WKAQ, a certificate and KFI. Card from KGU. I am still trying for long range stations VONF on 640 kcs never shows up, KFI QRMd by WHKC at 7:30 PM. LRI on 1070 shows up a weak signal. CBK easily hrd at 5:45 PM. Now lets all of us stay at DXing and I wish every member a Merry Xmas and Happy New Year.

J WARREN ROUTZAHN-YORK PENN Since last report I logged HJCU-WBYN-KHMO-KGBS-WMCR-WGGA-WMJM-WHLN-CMAC-WWSR-WMIS-WSON. Veries from KROD-WBAP-WAGE-WEIM-WWPG-WMRC-WBBB-WIRE-WHLN-CBO-KHMO. 12/3 WSAV over WEXL at 2-40; WBYN test 2:30 till after 3; KHMO ahead of WWSW-WJBK; KGBS checked over WEDC; Should be KHMO ahead of WEXL and WGAU over WIZE; 12/4 WTMC not heard because of WWSW-WJBK; WMOG-WMRC-WGGA and WMJM all took charge of their freq during check. Weather very foggy those days. 12/5 CBO was R7 on GNSWLC program with infrequent announcements. Didnt stay up long enough to try for KMTR as other carriers there left me believe there was no hope. 12/6 WHLN-R8 nice over WNOE for club DX. CMAC was R8 for NNHC DX. 12/7 WMIS jussed logged but too poor for a report because of WWSW-WJBK; 12/8 WWSR-R8 for club with some QRM but not too bad. WIRE WFBI-WCSC and networks on; 12/13 up for CMHB but smothered by networks if they were on. 12/14 tried CMZ but WMAL etc was all I got. 12/16 tried for CKVD-YNOP and hrd neither, lots of other stations, but later may not have been on anyway as I couldnt hear YNJAT on SW. However there was one redeeming light and that was WSON testing on 860 so did get a report off this week anyway. WITH was off the air around 3:30 and heard KVEC announce with QRM from another station. KITE over rode KEMC; WJW clear. (Well Warren last night I was to Kenny Pages house and we said that WSON should be testing soon and here you have their verie. Boy oh Boy)

LEO HERZ-CHICAGO ILL Veries rec from WOW-WNAX and reports sent to WOR & CKTB which is now on 1550 in the clear. Not much DX this week.

## NATIONAL RADIO CLUB DX NEWS

BCB Page 4 TIPS and LPO REPORTS December 20 1941

NORMAN MAGUIRE-ALBUQUERQUE N MEX There has been no DX here since last report. Have been too busy however the old Scott is sure pulling in the Point-to-Point transmissions from the Phillipines and Hawaii. Have had far better reception of the stations over in the war area than that which is broadcast from the networks. They certainly come in swell here. Only reports sent are to KSCJ-WGCM-KVNU-WELM-KHUB-WLDS, sent one to XEF. (OK Norm the next 3 bulletins will come as requested-Ray, hope you can make this stop as we here would enjoy your company.)

HOWARD PERKINS-CLEVELAND OHIO Latest stations heard are PPQ-KAFAB-KGMB-CJCJ-WCOP-WBIR-WWNY-WFRM who have already verified and these who havent KBIZ-YNJAT-COCH-COBC-COBZ-COCO-XEFT-WGEA-WGEO-XEWW-WAYX-WEED-WCBL-WTMA-WMOG-WATL-CKRN. Have been DXing on SW in the evening. I wonder if a prepared card to HRN would get results?, have sent them 2 reports and 10¢ in coin. (Its worth a try) 12/5 heard on SW HP5J Q4 R4-6; TIGPH Q5 R4-7 XEFT Q4 R5-8; HJCX Q5 R5-8 and 12/7 TGWB Q4 R7-9; YSPB-HRPL-HILG-COCW, tried for WMIS but too much WJBK. Got HJCU on 720 Q4 R6 and HJCH on 4.855 Q5 R5-9; HILZ Q5 R5-9; OAXIA Q5 R7-9/

JIM WEDEMER-DYERSVILLE IOWA DX has been poor lately due to all nighters and QRM from power station next door. Have had the luck of getting a pretty verie card from XEQ in 6 weeks. QRA is XEQ J.M. Marroqui 11. Mexico D.F.. They use 730 kc with 50 kw. Other veries are a diploma frm WKAQ, cards from WLAP-KXOX-KGHL after 9 weeks and a letter from WDSU by A Arthur who is interested. A latter from WHLN and cards from HK4DA - OM4R-HVJ-HER4-NYLAD. This was my best week for foreign veries. Couldnt hear any of the many stations on for DX except WHLN and KLO and I sure needed an Alberta station bad. My holdouts are XEG-XEMC-XEMO-WJMA-HJAR-WNEL-KWEW-CJRC-CKBI and a few others. Merry Christmas to you all. (Jim if by any chance the checks go back on, WLNH-Laconia N.H. on the 2nd Mon 3:50-4:05 AM EST. on 1340 kcs. and KCRJ on 2nd Thursday in Jerome Ariz on 1340 kcs from 5:50-6:05 AM EST. and for Idaho you can get KID who either tests on the 12th of the month or the first Sunday from 3-3:30 AM EST on 1350 kcs. WILM in Delaware tests the 2nd and 4th Monday from 2:45-3 AM EST on 1450 kcs.-Ray)

FRANK CORYELL-CLEVELAND HEIGHTS OHIO You will find my membership application enclosed with fee. Since my inauguration into the DX circle about 6 months ago I have heard 485 stations in 38 countries and have verified 74 stations in 12 countries. Most of my DX work was done on a 10 tube GE radio until recently when I purchased a new S-20-R receiver. My best verie and catch on the BCB is KJBS with 500 watts in Frisco. All my DX was accomplished during the summer months, have noticed not since the weather has been cooling up the many increased signals, especially on the BCB. So far all DXing done here was without an aerial but in 2 days am having one put up, it will be 100 ft. Reception in my present location is as good as can be as I am nearly 600 ft high. I belong to the RADEX club and have been a regular reporter to them. (Will Frank I hope to see you reports in here regular so dont fail us-Ray)

RICHARD CRAIN-WEBERHAWKEN N J Well the BCB DX in this location isnt so hot as I have about 15 locals and images to work thru, especially when half of them are within 5 miles of me. WHN's 50 kw can be seen from my home (the masts) so I intend to turn back to SW until I go back to College. I havnt heard more than 6 "K" stations all told. All nighters occupying 4 channels and my Sky Chief isnt too selective. (OK on going to SW Dick but remember send some of those SW reports to Fred Van Voorhees whose address is at the top of the SW page. Get your reports into him by Tuesday and they will appear in the Saturdays issue.-Ray)

## NATIONAL RADIO CLUB DX NEWS

BCB Page 5 TIPS and LPO REPORTS December 22 1941

JOE BRAUNER-WILLIAMSVILLE N Y DX took a slump here the past few weeks due to lack of time for it mostly. Scored a near perfect record on the recent specials, missing out, without a trace on HJCU-CMAC-WHLN-CKVD-YNOP. But did manage to get three announcements on WMIS who was best after 6 oclock while WOPI was giving the news. Only other new ones are WIGM-WJZM WLBS. New veries are card from WRRN, letters from WIGM-WLDS. Replies over due on KPRO-KBWD-WGGA-WAIT-WJMA. Have contacted all of my CPC con- signment, the only one taking time to answer was KEVR. The NBC-CBS 24 hr activities show signs of being short lived, stations are dropping out of it rapidly and there are many clear channels again. 1450 is down to WNOE and KSAN; 12/16 KSAN was Q5 R7 here for some time, blocking WNOE and this morning 12/17 KLEB was Q5 R6 and knocking the 2 24 hour outfits right out of the show most of the time. KLEB was announcing a REGULAR FREQUENCY CHECK so maybe some of the tests conducted by RCA etc are still in force anyway if one can log 2 250 watt west coast stations in 2 days there is still lots of opportunity for DXing. Unusual conditions, raid tests etc may bring on a lot of late hour tests by stations which we have not been hearing before. I'm carrying on whenever my limited time will permit. We DXed for years without FCC tests but please lets have fewer 24 hour stations repeating the same news bulletins all night, every half hour. (Very nicely said Joe, all of us should listen whenever possible-Ray)

FRANK LEE-WILDWOOD N J Not much doing the past few weeks along DX line. Too busy with other duties and with the Xmas holiday will have to call it quits until Dec 27th; 12/3 Hrd HJCU-720 kcs completely blot out WGN. Were R7-8 from 8:15-9PM. 12/1 TI4NRH-720 kc R4 static bad; 12/4 WLDS on 1180 kcs hrd on initial test, on reg sked Dec 9th at 6 AM CST. 12/6 hrd CMAC R5; 12/12 CKTB R6-7 on 1550 kcs. Reports out to WCED-TI4NRH-WLDS-WMRC-WDAK-WFIG-WMOG-HJCU-CMAC-WHLN-CKTB. Veries from CJIC-KGLO-WEIM-WCED-WLDS-WMRC-WDAK-WFIG-WHLN. About 25 reports long overdue such as YV4RA-HJAR-WJMA-KPAC-WCMI-KALB-WCHS-XEAW-WMC-WFTL-KV30-KLCN-WAIT and others. Veries coming back slow. (Yes Frank I would try follow ups on YV4RA-HJAR) Wishing all members and their families of the good old NRC a Very Merry Christmas and a very Bright and Prosperous New Year.

LEN KRUSE-DUBUQUE IOWA With all the networks on a 24 hr sked our DX has become a little discouraging to most of us during the past 2 weeks but lets hope for the best. Several larger stations I have had trouble log- ging before are on this AM so it does help the log slightly in this way. Well fellows--yes lucky me-- I have been chosen one of the successful entrants in the Essay contest during the DX program over WEIN on 11/24. The wrist watch is just swell. (Carr~~obb~~ Seth also won one and Mrs John Kalmbach won a pair of shoes-Ray) My DX fan in Del Paso Heights, Calif informed me that on the early morning of Tuesday 12/9 the only western stations on the air were KOH-KIT-KUJ-KIDO. All others on one minute in every thirty. What an ideal slogan used by WBLJ-The Bedspread Center of the World. 12/11 only freq ck hrd was WDAK, new stations logged WKBN-W.SFA Could anyone tell me what station on 1450 at 5 AM EST announced that it was broadcasting a special DX program? 12/12 No sign of CFAC with DX as KMA on air all night. 12/13 WMRN freq ck hrd with QRM from WJBK; 12/14 New one KELO-WHP and WRR at s.off at 2:30 AM. WLDS verie letter signed by Edgar Parsons gen manager. CKTB on 12/19 had 10th annual charity drive broadcast and to all DXers sending reports they sent a 79 page book entitled "Canada At War" Latest veries, cards from KMYR-KOA-WDLP-WIBW-CBO and letters from KMMJ-WSKB-WAKR-KPLC-WDAK-WLDS-KARK.

ERIC BRISTOW-CHICAGO ILL Received veries from WEXL-KGHL-KFGH-KPYO-KGIL-KRIC-KPJC-WHIS; Have a lot still out. I didnt get thru counting the ones I heard in a years time but will have it in next report.

NATIONAL RADIO CLUB DX NEWS

BCB Page 6 \_\_\_\_\_ TIPS and LPO REPORTS \_\_\_\_\_ December 22 1941

JESSE STRAWN-WHITING KAN. Not much DX since week ago last Sun but I believe things will get better because more stations are leaving the air earlier than last week. 12/16 Hrd WNEL 3-3:30 Q5 R9 with only little QRM for the best I have ever hrd them, so dont anyone give up DX because of this, as DX has been good here only for slight static, and I think veries are coming in good. (Hi Pop) New stations hrd since last report are CFPL WLAV-WIZE-WIGM-KGBS-WMIS-WLDS-WRBL-WCGA-KWAT-KEYS-CKTB-CMAC-WHLN-HJCU-XEMC-XESM; Bringing stations heard to 837. New veries since last report are WTMV-WKBB-XEF-WOW-KGCX-KGFX (Hi)-KLS-WROL-WEIM-WLAV-WITH-WJSV-WCED-CJIC-XEP-KPLC-KFJB-WLVA-WLDS-WHLN-CKTB, bringing my total veries to 369 Reports still out to HJ2AJ-KVSO-KPAC-WSLI-WJW-CKRN-KLO-KGKY-CKCO-KASA-KIDW-KFFA-KTNM-WISR-WNAB-KBWD-WKMO-WRLC-WBT-KOA-WWPG-WSAI-KPRO-KFAC-KERN-KVAK-KFBI-KEYS-CMAC. Couldnt hear CKVD-YNOP; KFBK would have to be on 1530 and also only ststion on below 1500 kc besides KITE. I sent KGFX a prepared post card and the CE Bob Dye verified promptly. Then a few days later Mrs McNeil sent a nice thank you card. XEF sent a swell verie and also a 1941 Mexican penny. Well boys dont give up on DX. This would be a good time to verify all those locals you hear every day and night. I'm sure after this war is over DXing will grow to be a greater hobby than ever before and as you know "Those Japs havent a Chinamans Chance". (Boys Jesse has suggested that to fill up the blank page that we do have now and then, it would be a good idea to again publish the VIC-VIS of all members. This is a good suggestion and so lets send in our VIC-VIS ratings and we will publish them. You can just note them at the bottom of your reports and your editor will keep a record which he will publish at frequent intervals when space permits. What Say-Ray)

JOE BECKER-HAMILTON OHIO Nothing new lately. WEIM hrd 12/14. I hope we will be able to hear KTNM but have my doubts. XEF-XEM have verified. Three nights in a row I have gone to bed at 7-7:15-7:30 PM and got up at 7 AM the next day, I do think I have enough sleep for a while. WBBB hrd once in a while on 920 at 6:30 AM thru WGST-WMNN but WGST is very strong. Hope the BCB will clear up soon. I also want to express my Sincere best wishes for a Very Merry Xmas and Prosperous Happy New Year to all. I also want to extend thanks to all of the members who have helped to keep the National Radio Club on the top and I hope they all continue to help boost our NRC. God Bless all and plenty of DX to you all. Joe.

<p>DXing Quiz Kids It often makes a fellow feel A most impotent type of heel To hear a stations weak converse Is scrambled speech or even worse He knows a Legge or Mann can speak In Spanish, Latin or in Greek But can they talk in Hindustan Or order Wheaties in Iran? (Amazing, really if they can)</p>	<p>by Carroll Seth. It must be tough on them at that Continually to step at bat Identifying Syria For members quite inferia (or) A program, Information Please Is foolish if it doesn't seize The Coopers, Thomas, Legge and Steve Who, weekly, manage to achieve A score to make a Webster grieve.</p>
--	---

We have received word from Milwaukee that in case Buffalo and Williams-ville run out of Cows, there is an ample supply of these Bovines in that fair city. We do hope that Wimpy Kalmbach notices this item as we who have driven around this location notice that there is a scarcity of Cows in the Buffalo area. No one knows what became of the meat grinder.

To all who have written me letters and have not received an answer, I wish to say that with this emergency I do not have as much time as was formerly had and there for will have to be patient. Bulletin comes 1st.

Please note that this bulletin was not mailed until Monday morning Dec 22nd because all mail was late in arriving at HQ. Reportes took from 3 to 4 days when naturally it only took 2 days. If your bulletin is not received on time again next week you will know the same condition existed and if it does I will again mail the bulletin on Monday instead of Sat.

KCS CALL	REMARKS	REMARKS
3500 YV5RX	Caracas, Venezuela moved here from 3439 Kcs. Harmonic is hrd on 7000 kcs just above CUM. (Roger Legge-Binghamton N.Y.)	
4700 ZQI	Kingston, Jamaica heard Q3 R4 till 6:15 PM but not very often (Jim Wedewer-Dyersville Ia)	
4775 HJGB	Bucaramanga, Columbia "Radio Santander" signs off in English at 11PM Q4 R8 (Wedewer)	
4880 VUB-2	Bombay, India heard Q3 R4 at 7; #OAM. (B Breymaier-Lakewood O)	
4890 YV5RM	Caracas, Venezuela hrd Q5 R7-9 plus at 6 AM. (Breymaier)	
4960 VUD-2	Delhi, India hrd Q3-4 R4-6 at 7:30 AM. (Breymaier)	
5910 TIX	San Jose, Costa Rica comes on at 10PM after TIGPH leaves this frequency. Hrd R9 Q5 here. (Wedewer)	
5972 HCCRX	Quito, Ecuador hrd weakly under VINH early eves. (Wedewer)	
6082 OAX4J	Lima, Peru Q4 R9 from 10-11 PM. News in Spanish at 10 PM and English program at 10:30PM on Mon nites (G Batson-Westfield)	
6130 ZFY	Georgetown, British Guiana has moved back from 6080 kcs (Legge)	
6132 CHNX	Halifax, N.S. Canada hrd nightly R7 with CBC programs and doesnt seem to be a good one verifying. (Wedewer)	
6145 HJDE	Medellin, Columbia-La Voz de Anticquia is the best SA on the ether these days being Q5 R9 every night. (Wedewer)	
6190 TG2	Guatemala City, Guat heard irregularly, especially on Saturday nights in English with TGWB. (Wedewer) also rptd on 6196 kcs	
6357 HRP1	San Pedro Sula, Honduras hrd plainly till 10:30 PM EST. Has any one received a veriæ from there? (Wedewer)	
6696 TIEP	San Jose, Costa Rica in parallel with 835 kcs irregular, but always on Saturday eves is hrd Q4 R9. (Wedewer)	
7037 ....	Valencia, Spain "Radio Mediterania" now hrd from 3:30-6 PM is received better now that the amateur QRM is absent (Legge)	
7140 ....	Rome, Italy heard well at 1 AM in parallel with 2RO-11 on 7220 kcs. (Legge)	
7250 VLQ9	Sydney, Australia again being used on the 7:25-8:05 AM trans- mission. VLQ-10 on 9590 was discontinued after a few days due to QRM from VUD-3. (Legge)	
7445 ????	What has happened to Radio Guadeloupe on this Freq (Wedewer)	
8700 COCO	Havana, Cuba heard in parallel with CMCK with Hillbilly Pro- grams at 5AM. Q5 R8. (Wedewer)	
9310 HC2AK	Guayaquil, Ecuador relaying HC2AJ irregular but always on Saturday and Sunday evenings till 11 or 12 with fine signals and does not use HCJK as a call. as some mags state (Wedewer)	
9535 HER-4	Berne, Switzerland heard once in a while between WGEO & WGEA. Verified in 10 weeks with pretty foto card with verification written on back. (Wedewer)	
9640 KZRH	Manila, P.I. Signals of Q3-4 R4-6 at 7:30 AM. (Breymaier)	
9660 HHBM	Port-au-Prince, Haiti heard Q5 R7Q9 at 7:30 AM. (Breyamier)	
9830 CR7BE	Lourenco Marques, Mozambique, Africa hrd Q4 R8 at 3:30 PM in French and Portugese with lady announcer. Continues to put in what I think is the most remarkable DX Xmissions I have yet heard. Heard R8-9 at 3 PM with English news. (Wedewer)	
10140 OPL	Leopoldville, Bengian Congo heard from 2-2:45 PM with Q5 R7-8 signals. (Breymaier)	
KEEP	THE REPORTS COMING IN BOYS. REMEMBER MY NEW ADDRESS, IT IS ABOVE.	

NATIONAL RADIO CLUB SHORT WAVES

SW Page 2 ALL TIME EASTERN STANDARD December 22 1941

KCS	CALL	REMARKS	REMARKS
10350	LSX	Buenos Aires, Argentina heard 12:00 AM on 12/8 with news commentary for NBC. Signals Q5 R8-9. (Breymaier)	
11710	VLG-3	Melbourne, Australia heard well at 12:55 AM on transmission to Western North America. (Legge)	
11740	HVJ	Vatican City signs at 2AM on Thursdays, Q5 R9 sigs (Breymaier) Vatican City heard weakly on Sunday evenings under COCY. They verified on 2½ months with 2 nice cards one showing 2 modulator tubes of Xmitter and the other showing a World Time Clock and Globe with a Plaque commemorating gift of HVJ from Marconi to the Pope. (Wedewer)	
11765	PRF-3	San Paulo, Brazil-Radiodifussora de Sao Paulo is heard with amazing signals evarly eves testing in Portuguese (Wedewer)	
11950	KKQ	San Francisco, Calif heard calling PLQ at 1:40 PM with Q4-5 R5-6 signals. (Breyamier)	/(Wedewer)
15105	JLG-4	Tokyo, Japan-Nippons powerful lie spreader is heard R9 plus at 6-7 PM especially. Has programs similar to Berlin stuff.	
15160	VLG-7	Melbourne, Australia heard Q4-5 on 12/14th from 6:45-7:15 PM on first of new series of test transmissions to Eastern North America. (Legge)	
15230	R...	USSR has replaced 15115 kcs, on the 6-7:55 PM transmissions in English to North America. Announces as "Radio Centre Moscow" till 6:40 PM as "Radio Centre Kuibyshev" after 6:40 PM. The transmitter may be at neither city, but at some unannounced lacion, since both transmissions sounded like a relay. (Legge)	
17790	GSG	London, England is heard fairly well in mid-morning but not as well as in the summer. (Wedewer)	
11970	...	Radio Brazaville heard last night 12/13 at 10 PM on its usual frequency Q3 R6 with hevly fading, but identified at 10:15 PM with station identification as "Radio Brazaville. Played America at 10:15 PM and worn out records after that. This time has not been given by the IDA for the past 2 months. (Jack Gardner-Cleveland Ohio)	

VERIES rec; Jim Wedewer-HVJ-HER4-OA4R-NYLAD-HK4DA. Jim Wedewer also asks Grant Batson and Fred Borchardt if they have received their veries from ZIK2 yet? He also asks if anyone can name a station in Nicaragua who will verify for him if a report is sent.
