3	CFBR	Brockville	Ont 1450	N R C	5:00	-	6:00 AM
22	5-AM	Adelaide	Aust 1200	N R C	4:00	-	5:00 AM

This program also will be on Jan 22nd at same time.

 DECEMBER 2nd WXLQ APO 856 % PM N.Y.C 1240 N R C 4:00 - 5:00 AM

CKLN-NELSON B.C. Write up next week, in case your bulletin does not arrive in time send your reports to Miss Joan Orr, manager.

CFGP-GRANDE PRAIRIE ALTA This program will probably be on 1350 kcs, but since CFGP has a permit to move to 1050, it is possible they might turn up on that channel. Either should be clear for the program and this is a rather rare catch since it is a holiday morning, everybody should be able to tune in. Mr. Gordon L. Sadler, Chief Engineer is the gentleman who OKed this show for us, so let him have your reports. Remember, double points in the DX Contest for verifications of all N R C DX Programs. Thank you Mr. Sadler, and thanks also to Bill Stone, who arranged this show.

WISR-BUTLER PENN Dont miss this one boys, for our good member, Dick Cooper is going to be there, probably as mc and he may have some more of our members there with him. Dick'll dedicate number to lots of us, too. Most of us know Dick and know what a swell fellow he is, so the success of the program is a for-gone conclusion. There was a rumor late tonight that, that mystery DXer, Mr. Up Paul Knight might blow in on the proceedings too. We want to thank Dick and the folks at WISR for OKing this show and let us each send in a report. Dick will tell us whom to send this report during the show, so everybody listen in and have a good time. Arranged by D Cooper.

Message from CPC Chairman

I understand some of the boys havent been too happy about individual dedications being made only to Officers etc. It was a problem how to send more names to the stations and that is why it was done. Pop sends the copy of DX NEWS with their writ-ups in to each DXing station, so I decided that instead of making dedications to Officers only that we'd ask each station to make dedications to those names appearing in that issue of DX NEWS. So, if you want dedications, make sure you have a report in DX NEWS. I dont know why I didnt realize this before, but since it was called to my attention, I see you boys are absolutely right and I am sorry. Ernest R Cooper.

Remember every station listed above counts DOUBLE in Contest if verified.

NATIONAL RADIO CLUB DX NEWS

Page 2 ----- FREQUENCY FROLICS ----- November 17 1945

KCS CALL	REMARKS	/(Van Voorhees-Flushing)
540	Radio Sardinia listed here is located in Gagliari with 5KW.	
560 XGOG	Shwangliu, China being hrd in Pacific according to returned ATC piabts. (Van Voorhees)	/(E Cooper-Brooklyn)
570 WMCA	New York on as late as 1:30 AM some WED AMs, Seattle Symphony.	
620 WCAX	Burlington, Vt not hrd on 2nd MON check 2-2:15 (Lefty)	
KTAR	Phoenix, Ari on till 2:15 AM EST Mondays. Revival Hour. (Lefty)	
WXNE	Kunming, China. Here's another Armed Forces station for list (Van)	
730 WPIK	Alexandria, Va sked to start tests about 11/23 and plans official opening 12/1, no network. rpts should be addressed to Carl L. Lindberg, c.e. Hotel George Mason, Alexandria. (Kruse-Dubuque)	
749	Lyons, France ATC manuals now list them here from 895kc (Van)	
770 KOB	Albuquerque, N Mex QRMs WJZ enough to be copied (Batson-Westfield)	
800 XELO	Juarez, Mex apparently now 24 hours, think this is Joe Enz's Jap	
840 VQWN	Corner Brook, Newfoundland. Use 250 watts and the signer Clifford Hierlihy. (Am going to try for DX on one of tests (Maguire-Conn))	
880 ?????	Who is the Spick knock ng out WABC so much?? (Batson) PRI-3 ??	
895	Lyons, France moved to 749 kcs according to ATC lists (Van Voorhees)	
900 XEW	Mexico City, D.F. 100 KW Apartado 2516-Ayuntamiento 54, no signer on Picture postal verie card rec 11/14 for 3/27/45 rpt (Johanns)	
CHLT	Sherbrook, Que will notify me 14 days in advance of tests that will be run on their new transmitter (Stone-Toronto)	
CMK	Havana, Cuba. Not sure of this one but believe I hrd them here ann as Onca Larga CMK Onda Corta COCH. (Note CMCCQ on 910 is suppose to be father of COCH, this could have been 910 as the Mid-west is drifting, but I'm sure he said CMK (Van Voorhees))	
940 CJGX	Yorkton, Sask Info from Dept of Transport say that CJGX is now operating on this frequency. (Nichols-E Hartford)	
1006 VQCM	St Johns, Newfoundland heard with election returns till 2:27 on 11/13. (Maguire-E Hartford) (Norm FCC lists them on 1010 kc-Pop)	
1010 KSAI	Saipan. Harry Panhot, engineer in charge, signer. APO 244 % Postmaster, San Francisco, Calif. (Maguire)	
1050 XEG	Monterrey opens at 5AM EST with Medicine Show (Lefty) /(Van)	
1167 VHY	Kurmitola, India, this is different location than formerly shown.	
1204	Dijon, France a new one shown on this frequency (Van Voorhees)	
1230 WCED	DuBois, Pa still checks 1st TUES from 2:30-2:45. (Lefty)	
WCBT	Roanoke Rapids, N.C. unmodulated test 11/13 from 3-4AM, (then f/c of WISE & WMFR) said return at 7AM-Regular (Johanns)	
1240 KICD	Spencer, Ia tested 11/13 from 1:59-2:31 with mystery station on carrier from 2:08 for over 1/2 hour, no calls. (Johanns)/(Johanns)	
KMAC	San Antonio, Tex tested 11/13 from 5:05-5:15, believe reg f/c.	
KODY	No Platte, Neb still checks every MON 2-2:15 (Lefty)	
WJNC	Jacksonville, N C slated to start soon. Watch for tests (D Cooper)	
KCOK	Tulare, Calif has daily check 3-3:15 for next few weeks and all reports go to Sheldon Anderson, mgr. (Kruse)	
1279	Bone, Algeria, another new one with 200 watts (Van Voorhees) (1249)	
1250 WTMA	S/on 5:58 with Bells of St Mary. Do they verify? (Batson)	
1320 WNEL	San Juan, P R s/on 5 AM EST. This is Barretts sta, not CJCH (Lefty)	
1340 WMLT	Dublin, Ga checks EV MON 2:35-2:45. very repetitious (Lefty)	
WFEB	Sylacauga, Ala not hrd 2:34-3. When do they check now?? (Lefty)	
WGTM	Wilson, N C hrd 11/13 from 4:16-4:29 1/2, said on for 1/2 hr, 2nd MON f/c maybe changed. Report out (Johanns)	
WLBJ	Bowling Green, KY hrd 11/13 2:50-3:01, asking for reports (Johanns)	
CKFI	Ft Frances, Ont sked 8AM (SUN-9)-12:05 AM (Johanns)	
1400 CJ30	Sorel, Que hrd 11/14 4:30-5:36 1/2 on DX with dedications. heard medium 1/4 hr then OK thru WDWS. (Johanns)	
WNEK	Macon, Ga in clear SUN AMs at 6AM s/on (Batson)	
KFPW	Ft Smith, Ark checks 2nd MON 4:30-4:45 (Lefty)	
WSLB	Ogdensburg, N Y checks 1st TUES 2-2:15. Easy here. S/on 7 (Lefty)	

NATIONAL RADIO CLUB DX NEWS

November 17 1945 - - - - - FREQUENCY FROLICS - - - - - Page 2

KCS CALL	REMARKS
1400 KNAK	Salt Lake City, Utah. Hrd Sun and again MON around 3:20 AM with advertising, is this an new alniter???? (Lefty)
1420 WWSR	St Albans, Vt now checks 2nd MON 2:45-3 AM (Lefty)
WFCI	Pawtucket, R I s/on 5:55 AM in clear ex SUN (Batson)
WVUB	Canal Zone AFRS with Spanish pro for Spanish speaking troops. 250 watts. Info from verie of 790 kc station. (Dick Cooper)
1438	Constantine, Algeria change in location from Algiers (Van Voorhees)
1440	Leghorn, Italy is another AFN station with 450 watts (Van Voorhees)
1450 WDAD	Indiana, Pa seems to ch daily 2+2:15. Opens at 7AM (Lefty)
WILM	Wilmington, Del s/off 1:02AM checks 2 & 4th MON, 1:45-2 (Lefty)
CFOR	Orillia, Ont checks 3rd MON 4-6, part of time dedicated to Clubs. All reports to J D McBride, c.e. (Stone)
CKOK	Penticton, B C not on air as yet. will notify me of tests (Stone)
WJPA	Washington, Pa hrd 11/7 with election returns 2-3AM. Have no sked f/c says J M Troesch, c.e. (Kruse)
1480 ?????	Station evidently foreign on here 11/12 3-4 AM Who???(Lefty)
WVUC	Canal Zone AFRS station with Spanish programs similar to WVUB but they are different. uses 250 watts (D Cooper)
790 WPIC	Sharon, Pa regret they cannot DX at this time. (D Cooper)
950 WORL	Boston, Mass also regret license does not permit a DX show (Dick)

RALPH JOHANNIS-BUFFALO N Y Did only little DXing. 11/13 I wonder who that no call Bozo is, on 1240 (hrd him other times also) On 1230 they were piling up on top each other but WISE and WMFR managed nice here if needed. WCBT had to throw a wrench in it for a while, also hrd WJNO 3:31-3:44 and send follow up as no ans yet for 10/9 test rpt. At start I took KFBC in clear from 1:35-1:51 s/off; WGTM 4:15-4:30 maybe f/c change; WAJR started test at 4:30 WTAQ 4:15-4:30 is reg freq date time (they have nice letter verie) KBTM as sked but to faint for rpt. Weather was 62 degrees then. Last week hrd WJPA with election returns till after 4:20, also KALL at 1:30 with a walking mike" (why dont they verify?) CKFI hrd till 4:10 3/4 s/off (that makes us even now Bill) CMBH-Senorita told "Long Hair" Maley to learn Spanish first before he comes on a visit, (Hi-Al) CJKL was good too. Veries are slow in coming, about 30 outstanding. Letters back from KFBB-WJPA-CKFI-KID who also sent card with EKKO stamp by C N Payne, c.e. who says f/c 1st MON now as previous one was due to Nations Time change (note DUGGAN)-XEW a nice picture card for 3/27 rpt (OK by me as long as the X's answer) Bill Stone says he KETCHUM too even though the radio tubes burn out. Tnx SGT Fran Gmeiner for V Mail from Ansbok, Germany, QRA is now HQ Bty 5th F A Bn APO 1 PM, NY also for the IRISH SETTER'S short letter, also Joe Brauner. LEFTY, CJSO dedicated Amor-Amor to you and hope they answer you in French. By the way Tom Morrison has been in the Army for a couple months and almost forgot to congratulate Pat Reilley for your 18 years as a DXer, with 1327 veries and I have 498 but am after Van Voorhees.

DICK COOPER-KITTANNING PA Letter veries in from WGBS-KBUR-WHGB and Canal Zone station on 790 kcs who state their power is 5KW. Have spent very little time at the dials the past week and found it noisy the several times I did try. KCOK logged numerous times with a very powerful signal, no excuse for any eastern DXer not having heard KCOK if they were at the dials. Suggest you fellows watch for WJNC, Jacksonville, N C who are due to hit the air soon. And I'd like to repeat that request for a flock of reports on the WISR program. These reports will be very valuable to WISR and we hope you will try to make the program ~~interesting~~ for the entire hour and report in detail. We'll try to make the program interesting with personal dedications to all of the active DXers if time permits. I'll be on the program with Bob Kaufman, same chap that was the announcer 4 years ago. He just returned to WISR after a long hitch as an Army Pilot. Letter veries if the boys request them and maybe new cards also. So please report the entire show.

NATIONAL RADIO CLUB DX NEWS

Page 4 _____ TIPS and IPO REPORTS _____ November 17, 1945

STEVE WALBRIDGE-CHALK RIVER ONT Finally got an antenna up and had my first night of DXing at the new location. Nothing much to report except a mystery. Can any of you boys quench my curiosity on this one. 11/11 on 1460kc from 5:02-6AM a very weak signal with talking in a language I've never hrd before, plus 2 musical selections identified. I'd like to hope it was KINY, but couldnt identify it. What say?????? Only other new ones are WTOP-WING with Stanley Beck, c.e.; WITH by May Hughes; WATN-WJLB-CHOV. Total up to 797 heard and 671 verified. No dice on CKFI on the 6th. (OK Steve and the bulletin will go to your new QRA, -CKFI tough here in Buffalo-Pop) . . .

GRANT BATSON-WESTFIELD N Y Plenty of stations logged past couple weeks and few veries; 10/31, CHLT hrd swell here; 11/1 CFOS on DX for some club, logged 3-3:25; 11/3 KOTA quite well hrd with names of several DXers mentioned and some QRN and QRM. 11/4 KWBR logged 5:45-5:58 R-9 sig; 11/5 CJKL heard on DX 5-5:58, someone had a carrier on at 5:30, loss of signal, then sign on of another at 5:58; 11/6 CKFI on 1340 logged with some trouble but at least 75% readable, a swell DX too; 11/7 KTMS on 1250 from 2-2:29, some QRN, also KALL on 910 2:42-3:02 s/off over-riding KVAN in good style; WIS logged in evening 6:29-6:45, fought off CJKL & WIND, also WHKK on 640 from 6:45-7PM; 11/8 WFCI 5:55-6:15 AM in clear; 11/10 WTMA at s/on 5:58-6:15 also in the clear and WHN 5:59-6:20 PM, at 6:30 XEAW causes QRM or distortion, they s/on at this time; 11/11 WNEX at 6-6:22 AM; Veries received are KCOK-WATN-CHLT, 20 reports out and 17 not yet answered. 19 of these are new ones, trying to log a few of the rusty ones to see if I can get a verie from em.

LEFTY COOPER-BROOKLYN N Y Reports to CJKL-WDAD-CKFI-Canal Zone-CMHB-KALL-KNAK-WMLT. Veries from WALB-WKWF, total now 1064; 11/5 CJKL came in about R-7 but faded out altogether at 5:22, so went back to bed; 11/6 WDAD heard about even with WWDC on daily check, announces often. Loud carrier went off of 1240 at 3:05 and made KCOK tough but logable, seemed to be a booster for weaker signals. CKFI was really tough here, didnt show thru WEXL till 3:41 and then only spasmodically. There was a noise that sounded like Pop snoring on there till about 3:30, some CW whistle test and R-9 WEXL, so you see why CKFI was hard to get. (Nope Lefty Pop wasnt sleeping this time, he was in there logging number after number of those swell band selections) I re-echo Pop's statement that had they not played band music they would have been nil here. Canal Zone signal surprised me with its volume up to R-8 at times and at others, out completely. Reg checks hrd this AM were KWON-WCED-KICD-WSLB-WDAD; 11/7 Up for CMHB and I got him. It was tough until 2:22 when WING s/off, after giving election returns, then they weren't hard to hear at all. Announcer sounded like a man to me, what happened to your girl friend "Long Hair"? Also landed KALL giving returns at 2:50; WKOK was also on with returns; 11/11 Snared KNAK for 1st time, very weak at 3:45 AM. 11/12 Reception freakish, signals in S.W. good, everything else weaker. WGR playing "Down By The Old Mill Stream" on a piano at 2:09 and making me terribly thirsty-Hi. WMLT broke thru the 1340 mess very well and easy to log. No go on WFEB, who's supposed to follow him. Thought I hrd WRHI around 3 but couldnt be sure. WNOE sounded like a 5KW until s/off at 3:02; Checks hrd this AM were WILM-WDAD-WMLT-WWSR-WINK-KFPW with KNAK on at 3:20 with commercial. I dont think WXLQ comes on at 4:30 on Sundays and they were not hrd Monday either. (No Lefty, they are on standard time now and come on at 5:30 AM EST.) SGT Werthiem is my idea of one swell fellow.

HOWARD KEMP-WATERBURY CONN Well I hit the airways again and here is what the old crate picked up. 11/3 Hrd WKWF reg sked-KXEL and WBIR with election returns; 11/5 WASK-WINK-WLAY-WMAJ-KODY-KLBM all testing and KUJ on reg sked. 11/8 Hrd CHEX-WLIB-KWBR-KALL with reg skeds and KOVO 11/10 with test. CHEX was in clear from 6:15-6:45 AM with WBYN on at 6:45AM this on 11/8; KALL clear from 2-2:08 s/off on 11/11. No luck with TAs or TPs but on 11/5-1400 at 4:30 AM hrd someone say "Goodmorning fellows" then dropped out. Very weak but still have hopes it was WVTF, just a G I type of greeting.

CHARLES BOEHNKE-SAN FRANCISCO CAL DX conditions are fair here. Sigs are gradually improving in strength and TPs are coming thru. 1YA-3YA-KGU-KGMB-KSAI-JOAK etc all are putting in fair sigs. As winter wears on they will of course get better. Japs are all over the place here. Last night and it was cloudy, I hrd Japs on 690-730-830-870. The 870 station is believed to be JOAK-2 with 150 kw. Dont know if previous listings as to Japs are correct or not. The one trouble in getting TPs here are our own domestic stations. Around 2AM PST and rightv upto 6AM PST TP reception is the best, but Americans are either still on lousing up TP signals or else they are signing on doing the same thing, such as WWL at 6AM EST and does a swell job of wrecking JOAK-2, can still hear the Jap strong but QRM from WWL is too much. Incidentally several of the Japs carry the same program. After 6 AM EST they play some English or American music, however with Jap announcers. KXOK also messes up the vicinity around 630 kcs and of course KFI dominates 640. KMJ is a bother on 580 and so on, more QRM than one can cope with. I do want to log a couple SAs, it ought to be possible if I can get a Xtal, where or how is beyond me but I am determined. Radio equiptment should be available soon. Have seen the new MECK radio, it is a five tuber midget with super-hot circuit. Dont care for it at all.

S/SGT AL MALEY-HIGHLAND FALLS N Y Latest veries, KTBS letter by C H Maddox ca.-WSVA letter by W L Braun, tech advisor-XESM letter by Fco Gutierrez, not a 100% verie tho, CMBQ airmail letter by Miguel Diaz. Total veries now 956 with reports out to WLAT-KFBB-WLEE-WDAD-WHNC-KMO-KERN-WMAJ-WKWF-HJAN-TIPG-CMW-CMCD-CMJK-CMCH-CMCK-XEJP-CJEM-CJKL. Looks like I beat you guys out on the WKVM verie-Hi. (You can say that again) The CMHB program on 11/7 was a beaut and came in swell here even tho WING who was on till 3:20; Sorry the experts at E_{st} Hartford couldnt hear them, but I am trying to arrange a DX show with them for all to hear; 11/8 hrd CJCS testing on 1240 from 2-2:30 asking for long distant reports. Have them verified with 50 watts but sent another card anyway. Have a pretty good f/c list worked out, but wonder if I should submit it for publication, as the Govt will probably set up a new sked before long. Almost overslept the CJKL-DX and only got up in time to hear 2 numbers before WFIL came on at 5:45 and took them out. What do you have to do to get a verie from KFBB??? 3 rpts to them since March, all complete and with customary postage. They have been addressed to the c.e. so maybe I'll try one to the station manager for a change. (How abt sending a correct report, maybe then they will verify-Hi. Ralphie and "Short Hair" didnt have any trouble, no signer on Ralphie and other 1944)

TED SALING-ESTACADA ORE I dont know what happened to KINY, I didnt hear them on the 22nd or since. I dropped Burnett a card to find out more about it. Landed my first Bill Stone Delux special in CKFI, missed all the others including CFPR. KOTA again well heard. Veries in since last report are from KWBR on reg alnite sked-KVOP on 1st THURS f/c 3:30-3:45; KINY on an AUG report; KID a card & Ekko stamp on 10/1 equipt test; WHAS on reg alnite sked; KLEB on special f/c on 10/8; KVAN on 3rd MON f/c 4-4:15; KOTA on the Oct DX; KSAI on 10/4 rpt; KRE on reg sked 3-4:05 s/off; KRKO on 3rd THURS f/c 3-3:30; KFFA on 3rd THURS f/c 3:45-4 and KCOK testing 10/24 3-3:15 during CJEM DX. Also on 10/31 KPKW was testing at 3:55. Have rpts out to WJJD on reg sked 4-4:20 AM; KYUM on 3rd or next to last FRI 3:35-3:45 and KWJB following KYUM 3:45-3; WMAJ on 10/24 and CKFI on DX. KCRA s/off 3:05 AM 11/ 6, 5 minutes after all other coast stations on 1340. May be reg s/off.

BERNARD DUFFY-STATEN ISLAND N Y DX tips and reports in recent bulletins are great, they enabled me to add the following to my log-CJEM-CHLT-CKCH-KOTA-WNHC-WKWF-WLEE-WGTC-WATN-WHOT-WIBC-WBAC and WENT. The latter 3 verified at once. My log now stands at 1124 heard. Thanks and congratulations for the many excellent arranged DXes. (OK Bernard and very glad that you were able to add more stations, hope a good many others could do the same.)

Remember report to as many of the Special DXes as possible. They want rpts.

LT FRANK J SUSORNEY-MARRAK PT. GREENLAND As you boys will notice my location is changed again, however the same address as before is the same. I had the pleasure of decommissioning Cape Dan up on the east coast after 9 weeks there. After returning from Ikateq by plane to Narsarssauk, I was transferred to Marrak Point. This is definitely a good break, as we have a field here-Teague Field-the only natural air strip in Greenland and that's really amazing if you've ever seen this land. Now I'll be able to get my mail out during the winter and be able to leave should I have a chance for discharge late this winter which would have been impossible at Cape Dan which is iced in for 9 months of the year. As for DX, my prospects for the next few months seem exceptionally bright. Marrak is located in a perfect spot for DX. It is right on the ocean shore, more specifically Davis Strait. Have purchased a Howard 436 and it works beautifully. Have heard all over the states and also hear a slew of TAs. TAs all over the dial here in the early evening till about 8PM local time (6 PM EST) Then the states come in and are heard all night. The Europeans also start coming in at about MDT EST but fade out about 3 hours later. About Godthaab I mentioned before. Operate on 632 kcs but power still unknown. Are on from 4:38-5:30 PM EST. Come in here like a ton of bricks, also heard them down at Narsarssuak with R-9 signals at a distance of about 250 miles. But their hours of operation do not offer much promise of reception in the states. Have a report out to them. Announce as "Gronlands Radio, Godthaab. Off the air on Sunday. Broadcast in Greenlandic (Eskimo) till 5PM, Danish till 5:15 and music till 5:30 when they s/off with Danish Anthem. WXLS not heard here too well, but was heard at Ikateq, 450 miles northeast of Narsarssuak with R-8 sigs. KOA wrecks them here. Another AFRS station in Greenland is WHEN at Ikateq, but you'll never hear her. Operates on 1375 kcs with 10 watts. Pretty powerful eh? I got a verie and they announce as "The Atric Broadcasting Co with studios in Peter Carroll's Ice Palace atop Allen Hill, Ikateq". With WHEN and WXLS both verified I've got my fingers crossed for a verie from Godthaab. Following overdue veries trickled in during the last couple months; KFRU-KFXM-WJBW-KGLU. Reports from reception at Marrak are out to Godthaab-Praha on 638-Bratislava on 1004-Melnik on 1113-Hilversum 977-XERB-KOTA-KTYW-KSLM-KIEM-WWDC-KONP hrd R-8 here-KFBB-KGIR-CFRN. So you can see this is a DXers paradise despite its isolation. To give you an idea of TAs heard here, following heard and are on my list to get a log on; Budapest-546; Beromunster 556; Athlone 565; German on 574; British Forces on 583; Rabat on 601; Moscow on 620; Praha on 638; Frenchman on 648; British Forces in Germany on 658; BBC on 668; Sottens 677; French 695; Stockholm on 704; Scandinavian sounding, probably Frederikstad, Norway on 722; Madrid 731; Munich believe AFN now on 740; BBC 767; French 776; Leizig on 785; BBC 804; Milan 814; BBC 877; French 895; Hamburg 904; Breslau 950; BBC 977; Hilversum 997; Bratislava 1004; BBC 1012; Spain 1022; Rennes-Bretagna 1040; BBC 1050; Bari 1059; Spaniard or Portuguese on 1063; French 1077 Falun 1086; Kuldiga 1104 not sure; Melnik 1113; BBC 1122; Horby 1131; Italian 1140; BBC 1149; Monte Ceneri 1167; Copenhagen 1176; French 1185; German 1195; Lille 1213; AFN Munich 1249; Norwegian 1276; Freiburg 1294; BBC 1474; This list is far from complete and includes only those I am at least reasonably sure I have listed correctly. Tried for CJEM on DX last night but no soap, even the westerners is US were coming in nicely. Was too sleepy to wait for CKCH. I think the biggest thrill was from hearing LR-1 battling it out with CBA and PRG2 in Sao Paolo battling it out with WHO the other evening. Well that's about all for now. Oh yes, wonder if anybody such as Van Voorhees or others with knowledge of TAs give me tips as to addresses etc and any other ideas in going for veries on TAs. (OK Frank and you sure have a swell location, and to you boys who will send Frank info he asks, here is his full QRA. LT Frank J Susoreny (0878089) 137th AACSSqdn APC 858 % Postmaster New York City, N.Y.)

PHIL NICHOLS-E HARTFORD CONN Veries in from CJCH-KWBR-KNAK-WXLQ-KIT-WMSA-KSRO-Canal Zone-WGOV-WKPA-KCOK and WKWF for total of 1241. No DX lately due to a long stretch of 9 nights work straight but hope to be at the dials shortly. For BILL BARRETT of DENVER Think your station on 1320 using late time was WNEL, NOT CJCH as WNEL comes on at 5AM EST but still uses late time, think EWT. CJCH on the other hand has never been hrd until s/on at 5:58 AM EST daily so think what you had was WNEL. I hope every one will report the WXLQ special on Dec 2nd as Werthiem is a swell fellow and deserving of all the support we can give him. Might add that a card from Sid Steele advises me I am in front (First) place temporarily in the BCB contest, but it wont be for long I guess, how about it?? (Ha Ha Phil, he didnt get my entries till after yours, but good luck Phil, no matter what the out come I am still enjoying it a lot-Pop, as Maley says"Short Hair")

LEN KRUSE-DUBUQUE IA Since last report my DX activities were "slim" relatively speaking. During the reg sked of KTSA, San Antonio I logged it for the 1st time between 8-9 PM 10/30, interfered with by KSD. The Specials CFPR and CHLT could not be hrd at this location on 10/31. Then CJKL, I completely forgot about. Station CKFI came in fair on their DX 11/6 having interference with WEXL. The tough nut was WJPA hrd with election returns at 2:25-3AM 11/7 with QRM by WNOE. Hrd KCOK with daily f/c also WDAD testing 2:12-2:15 same date; Among latest veries include CJBC-CBL both signed by M L Poole, Regional Engineer of CBC; KTSA by W G Egerton, c.e.; A grand verie by G H Righter of WATN on 10/29 DX for NRC. Sheldon Anderson, mgr of KCOK sent nice verie letter stating their f/c would be held nightly 3-3:15 EST for another few weeks. Here's your chance to log this new one.

FRED VAN VOORHEES-FLUSHING N Y Veries in the past week were ZNS card & letter-WGTC-WRHI-WROK-WMAZ-WATN-WTTM-WEEI. Finally completed New Jersey with WTTM. Total now 538 and still going up. The weeks listening 11/5 WFMD test WSLs f/c and CJKL on psecial, not good, but enough for a report. 11/6 CKFI on special and what a fight thru WEXL, Whew. WKNE tested that AM too. 11/7 hopeless, only WHIT offering a prize for most distant rpt. 11/8 & 9 Sleep. 11/10 WCAZ-WOMT-WTAX on f/c. Hrd WMBR too; 11/11 WNEX-WLEE early s/ons and Cuban on 900 (maybe 910) sure he said CMK, SW COCH. Will try anyway. WXLQ DX now set for Dec 2nd. reports still out are XERB-WNAB-CMW-TGW-WHDH-CMJK-WKWF-WDAD-CJEM-CKCH-WMAJ-CHUM-WBOO-WGGA-KOMA-CHLT-KWBR-KGFL-KOTA-WFMD-WSLs-CJKL-CKFI-WCAX-WOMT-WTAX. Only the first 2 are getting old so far.

HERB CAMPBELL-ATHENS PA CJKL well received on DX till 5:45 s/on of WFIL. 1st half of program faded wildly several times. No luck with CKFI, which broke thru WEXL only in tiny fragments. On top of WEXL I had a terrible CW racket. Sounded like an old spark set, sending one word, really fast, over and over, about once a minute. Did anyone else have that or is it something I picked up on my IF, which frequently happens. (Not this time Herb as we had it aplenty here in Beffalo also-Pop)

SID STEELE-LOUISVILLE KY To catch up on 2 weeks of DXing CHLT hrd here beginning at 4:13 on 10/31 during DX. I cant seperate 1230 & 1240 so had to hear him thru WCPO etc. 11/6 CKFI was hrd very well behind WEXL. Having these stations play band music is sure a good idea in these instances. WNEX also hrd same AM 3:50-4. Was up on 7th from 2-3 and hrd WJPA-WDAD-WMAJ on 1450 which naturally made things there a mess. Couldnt get anything but an announcement on WDAD, but may have got enough on WJPA for a verie. WRRN was on 1400 with WJLB and others. Got scent report there also. On 10th KANS off at 2:30; KPAC 2:45-3; WBRW 3:55; WMBR 4; WOMT 4:13; Reports still out to WLAY-WMAJ-CHUM-CHLT-CKFI-WNEX-WJPA-WRRN. No recent veries.

The following included in my verie from CKFI on their Nov 6th DX. "I might mention we received a number of replies and reports from DXers who were unable to hear us. However every report was scanned carefully before we verified reception as against our station log. In some cases we had to write back saying we could not verify reception."

NATIONAL RADIO CLUB DX NEWS

Page 8 TIPS and LPO REPORTS November 17 1945

ARNOLD GERRARD-MIAMISBURG O Reception good all week with CHUM being picked up on s/off 5PM 11/4. Was up for CKFI and had little trouble before hearing them behind WEXL. Also same AM hrd WMAJ test at 3. Taxto Kruse was able to get WJPA 11/7 at s/off at 4:10 with election returns. 11/9 CJCS the 50 watter in Stratford was hrd with test at 2; Finally able to work WBRW thru WEXL after many a try, hrd 11/10 during f/c 3:45; 11/11 Hrd WFMJ on reg s/off at 1:07. To balance up these 7 stations logged were 7 veries and from KFOR-WKWF-WSBA-WMOH-KRIS-CJBC-WJPR; KRIS by R S Bush; CJBC by H R Hilliard WJPR by H S Colby, c.e.; WSBA by Willis N Weaver; WKWF by C E Smith, c.e. & KFOR by C W Winkler. (OK Arnold and you'r not doing bad at all-Pop)

HAROLD HOWARD-WAPAKONETA O Have been doing a little DXing so here is what I heard. Reports out to KGKB-XERB-KOY my 2nd-KIDO-KFBC-WMSA-WLAY 5th-KWBR-WCAZ-KCOK-KJBS-KECA-WGR. Recent veries include WBAC-WFEB-KBIZ-KTNM-KTUC-KBD-WDAN-KRRC plus a nice picture card from WMRC just rec today for rpt of 5/3/45. Hope to more DXing from now on. My total calls verified now stands at 437 and hope to reach 550 or 600 by end of season. Would appreciate any dope anyone can give me on any DEL stations as that is only state I do not have verified, that is besides Idaho, but have rpt to KIDO and am hoping they will verify. (Look at WILM on 1450 kcs in Freq Frolics Howard) Have only been lucky enough to listen to one club special so far and that was KOTA on their Nov DX but now I think I will be able to listen in for them all from now on. At least here's hoping. Altho I couldnt listen to many till now, here is my vote of appreciation to the CPC for their fine work in lining up such an impressive DX Calendar. (OK Howard we'll be looking for rpts)

AL BARTHOLOMEW-CORNING N Y Rec verie from WKWF to finish FLA once more and CKFI a nice letter, they sure came back quick. Hope to add CJSO in AM and will add a P S of results. Last Sat nite hrd station behind WJZ breaking thru nicely and copied fair report with exact time given to seconds but when they announced to my sorrow was WCAL who I didnt need. S/off at 5:45 PM EST. By the way how about the operating time of KUOM. No DX here since CKFI and reception lousy. CJSO an R-6 here on meter, slight distortion.

BOB SPENCER-BUFFALO N Y Have not rec many veries lately. A card from KGKO thats all. Reports out to KGIR-WBAP-WEAN-WFAA-CMZ air-mail-WNYC-KGHL-CJSO-WDWS. Couldnt hear enough of CJKL for report. Missed CKFI-CMHB, was sleepy those AMs. WAIT & WOSU on 820 s/off at 6:30 PM with good sigs here. KGHL was hrd in clear after 1:05 to after 1:30 when it faded. CMZ was good after CBL s/off on SUN 11/11 at 12:25 AM. CMZ signed off at 12:25 AM.

BERNARD E BRUCE-PHILADELPHIA PA A report out to WKWF in Key West and they came in Q-5 R 9 plus over riding WWRL in Woodside. Could somebody tell me what time does TAs come in and could I get them on my Philco radio??

DON MEYER-BOSTON N Y Veries rec from WATN-KFBB and reports out to CJEM-KARM-CJKL-KWSC-KGIR-KANS-WHCU-CJSO. My SX-25 is very satisfactory altho in some ways not much better than the old A-K. A lot better in tight places, much easier to use. Like the TPs the boys list and am sorry that I dont have some myself. (Yep Don and so am I. Sorry not much room but want to say here that Kenny Page and Don were visitors here 11/4 and on 11/11 we had Jack Craig and Carroll Seth at Club HQ. All swell boys and come again.) From KEMP-WATR and 2 other company's fighting for 1240 kcs, also Norwich wants 1240, oh me. Danbury has 2xrivals for 1490. Meridan is storing high hopes of 1470 kcs with LKW. Hope so. If WATR gets 1240, means cut to 250w. CALL LETTERS ASSIGNED by D Cooper; 1240 kc WMOX Meridan, Miss; 1340 kcs WKRZ to Oil City, Penn; 1450-WMVG to Milledgeville, Ga and 1450 WNVA-Norton.

Johanns informa your Editor that station WTMV on 1490 kcs, East St Louis, Ill. will dedicate a portion of their all night show to the National Radio Club. This will be on Dec 2nd from 3-3:30 AM EST. Erle E White, is c.e. & he said that he will tell the M.C. on the show about it. So what say boys let us tune in just before the WYLO show and see if we can null them thru.
