CMHB-SANCTI SPIRITUS, CUBA This is the DX that most all of us will want to hear and it should be on a clear channel of 1410 kcs. This station is anxious to receive DX reports and they promise to verify all the correct ones too. We suggest sending any one of these three for your answer, Cuban postage-An International Reply Coupon or an American Dime. Send your reports to Alberto Ruiz Sanchez, Administrator. This program will consist of Christmas themes and according to Senor Sanchez, saying that Cuban Christmas is quite different than ours. The program will start at 3:00 AM EST on Dec 20th and it is not known how long it will last. This station earlier dedicated a DX to our good member Al Maley but it met with plenty of QRM from election returns in the states, so they'll try again for all of us. Thanks to Senor Sanchez for this DX and also to "Long Hair" Maley its arranger.

Now just a few words about your bulletin received via 3rd class mail. It is mailed as usual every Saturday morning. However delays are being experienced and these delays are no fault of the Buffalo Post Office. It must be remembered that mail service has not yet reached the efficiency of the Pre-War days and from the looks of things it will be quite some time before it does. So if your bulletins do not arrive as soon as you think it should have a little patience and if after a reasonable length of time it hasn't arrived then drop us a line. Now that the Christmas holidays are upon us you can be sure that you will experience more delay on 3rd class mail. So it is suggested that if you can afford it, 1st class is your only solution. The cost is approximately 75¢ a year more. You see your club pays the first 1-1/2¢ and you have to pay the rest. A bulletin of 4 sheets or less can go for 3¢ 1st class as it does not weigh over an ounce, but if it runs 5 sheets or more the cost of 1st class is 6¢ as it takes the 2 ounce rate, thus costing you 1-1/2¢ for first ounce and 4-1/2¢ if it goes over 1 ounce. The average throughout a year has been just about 75¢. So if you can afford it, I suggest that you avail yourself to 1st class. We have not been printing any extra issues of the bulletin account of our stock of 20# paper is getting low, with none available at present, so we are trying to make it last as long as possible before buying 16#.

Once again your Editor is asking you boys to make use of this Column for all your important items and those which will be helpful to other members. Also when using this column please use a seperate sheet of paper. any old piece will do, or else arrange your report and Freq Frolics so they can be detached from your report. And list them in FREQ-CALL-LOCATION then the remarks or info you have about that station. By following the above you will make it a lot easier for your editor and in that way no items will be omitted. But remember we still want your regular reports as they do make interesting reading and that should include all other information.

Remember to report all DX programs and remember to mention your Club. All reports and info received here including THURS AM is included in this issue.

RALPH JOHANNIS-BUFFALO N Y Rec 3 veries and 53 standing out. Nice letter & program from KXEL for 11/27 test by Chauncy Hoover & Stan Whitman then engineers, regret date unknown for next test; CKCH & list of 32 reporters also verie card saying they loaned their 100w Xmtr to XFBR by the C.E.; KIUP nice letter also card verie; WFLA by C.E (wonder if WAAT is cause of stopping their tests?) CFNB a fast reply also verie card for 12/6 by C.E.; WTSP picture card by C.E. says 1KW days 500w nights and thats all the veries. 12/6 CFNB clear s/on 5:28 till WGR starts here at 5:43; 12/8 WPIK hrd 1:44 3:01, Potomac Brdg Co, said address by Chas Warren; KOTA on DX with dedications, will have color on new envelopes; 12/10 CFAB s/on 5:55 till 5:58 then WLEE and WMFJ queer it; WMBO F/C as sked, tnx VanVoorhees); WINK F/C as sked; WBAC continues with calls at 2:52; WINX can always be hrd with carrier and 1 call around 5:35AM; On 1000 kc (?) hrd 3 times "Roll Out The Barrel" but they didnt mention the joint at 4:55; 12/12 W/KVM hrd 2:31; WCLO as sked, back on reg sked at 7AM; WGKV only one hrd during silent period on 1490 kc, calls only; KWRC tested 4:45-5:05 asking for rpts (no ans from last one yet); WCOL 5:05-5:12 hrd test then took CFNB on DX (hello Roy) for a nice long rpt till WGR throws the wrench in at 5:35 this AM; Belated congrats to Mr & Mrs Joseph Brauner; I still say TUES AM when WIP uses only 1000 w and KFI is silent after 3AM would have been a nice AM for the CFCY DX and then all the west coast DXers in or near KFI and Philadelphia could hear them easily.

FRED VAN VOORHEES-FLUSHING N Y Still getting some veries in, WDAD-WLEE-KGBS-WISR-KMO-WMSA. All good and all welcome to bring the total up to 558. Reception came to a grinding halt for me this past week. I finally took time out to catch up on my sleep. Was up only 12/9 and got WFBM on late program WGN also on late one and finally KNAK on a reg Sat nite program. To HERB CAMPBELL CM9RT has been deleted some time ago according to Cuban lists. No verie from CJEM either (Ha Fred mine come this am 12/13-Pop) Wonder what happened to some of them. Still some delinquents and nothing to report on them. I'll start some follow up going shortly.

SULLY SULLIVAN-PITTSBURGH PA Latest veries from WMAJ-CJEM cards and letters from CJ50-CHUM-WKMO-CJKL-WKWF-WENY-WHCU-CJCA-WLIB-WCAO-WATN and card and letter from WISR. Rpts to CFCY-CKNX-CJRC-CHSJ-WDEL-CJBR-CHNC-KWOC-CFOS-XERB-KLCN-KECA-KPAC-WTOC. Mant eastern Canadian stations hrd here from 4-6PM. CFCY on top on 630 kcs at 5:15-5:30 on 12/3; CKNX over WMMN 6-6:30 same date and CHNC and CJBR also have been hrd on top on their freq. Have been trying to nail CHNS but WDBJ is far too tough to crack. KGDM has been coming in quite well. Hrd 12/10 with very strong signals. Veries 361.

CLARENCE BURNHAM-GLOUCESTER MASS Sure got a pleasant surprise when "verie" just came in from PHA-9 on 1220 kc. Had been held up by censor. Hopes thats true on about 10 other rpts out to Brazilians. Also veries from VOXM-WXLC-WLEE-WFNC-CJBR-WDAD. Rpts out to WJNC-CHLN-Hilversum-WAOV-Tunis-Praha-1113 KICA-Toulouse on 913 kc-KOTA-WCAZ-Monte Cereni-WLDS-CS2ZA-WPIK-AFN Munich on 1249 kc. Am hearing a Frenchie on 941, comes on air 12:45AM. Also strong BBC (in European service) on about 1385 kcs-Hrd 4-5PM. CSX still good, he sure must be using 50KW. Try EAJ-8 at 2RM when he comes on with March, is v very loud here. Also good 4-6PM. Lacoruna; Signs off 4:15 PM daily is Radio Nacional on 868 kcs and is good. Then EAJ-3 is hrd till 6PM on same freq. Log now 846 and veries 535 take note Wheeler.

AL BARTHOLOMEW-CORWING N Y Only new verie is WDAD fine letter, also dups from WATN & WISR; Eve of 4th caught VOXM on reg sked by using Xtal for a short rpt; Limoges-648 logged 1/2 hr on 5th. Falun on 4th; KUOM caught on 7th & YV5RB for 20 min on 8th thru CZ. 12/6 best TA DX in 5 years. Breague #1 for 35 min solid R4 plus, another new country; Norway-850 hrd top KOA for 3 min but not enuf for rpt; CS2ZA hrd faintly; Falun good, all BBC loud till near 4AM. Quite a few French hrd including Limoges-648; Paris-695 & 1077-1113, also Frankfurt on 1195 and OXY on 1176 kcs.

"KALL" The following has been received in reply to a letter sent KALL by your Editor. "Naturally, inasmuch as Radio Station KALL had just gone on the air, we have been very busy and time has not permitted our paying careful attention to requests for verification. We appreciate the interest your members have taken however and we shall acknowledge them as quickly as possible." and signed by Alvin G Pack, Manager KALL.

ERIC WHITWORTH-DUNEDIN N.Z. My totals to date are 582 on bcb and about 95 on SW. Have managed to find a little time for DXing since arriving home resulting in the following loggins; KJBS in San Francisco on 1100 hrd at 7:16 PM NZ time on Nov 2nd; KVOE-1490 Santa Ana at 7:30 PM same day; WLDS-1180 Jacksonville at 7:38 PM, this was on a F/c; KFXM-1240 in San Bernardino at 7:48PM; KPDA-1658 kc Alameda County Police at 8:21 PM; KCMO-1480 Kansas City at 11:18 PM; WVUR-1045 in Espiritu Santos, New Hebrides at 9PM. WVUT in Suva Fiji on 665 at 9:26PM. The latter 2 are AFRS in the Pacific. All these stations were logged Nov 2nd. Now for my loggins in the early hours of 11/3; KPAC-1250 in Pt Arthur at 12:03AM; KPRO 1440 at 2:05AM and VKC 1630 kc Melbourne, Australia--Melbourne Police; On 11/19 at 11:34 2HD-1140 in Newcastle N S W was logged; 5KA-1200 kc in Adelaide came thru at 12:30 AM 11/21. My best catch so far is KGB-1360 kc in San Diego hrd opening with very strong signals at 1:58 AM on 11/23. 3 minutes after signing on his signals faded completely and I did not hear them again. (OK Eric and not bad for a start, hope that you do get a good many more from here.) Seems strange that I should come all the way back to New Zealand to log WLDS when I was more or less sitting on his back door step for close to 2 years. By the way NZDST is exactly 12 hours ahead of GMT while NZST is 11-1/2 hours ahead of GMT Out here we only have a half hour difference between standard and summer time.

TED LIPPINCOTT-USS PERKINS Not much of a DX report as I only have an RME preselector feeding into a homemade detector and audio stage to make a TRF receiver. so far in addition to the AFRS I have picked up Japs on about the following frequencies; 890-1260-1380-1410 lcs. Locations-Calls power etc all unknown because the announcements are unknown to me. Their programs principally feature Occidental Classical music of the finest calibre. A little dope for the boys and was taken from a newspaper clipping date & origin unknown, (just found out it was from "Stars & Stripes" WVTR-Tokyo is on 590 kcs and s/on 6:30AM and s/off 11 PM Tokyo Time.

| | | | |
|----------------|----------|---------------|----------|
| Matjuyama | 750 kcs | ---- Kumamoto | 1400 kcs |
| Tsuruga | 1180 kcs | WLKD Sapporo | 1420 kcs |
| WVTQ Osaka | 1310 kcs | ---- Kure | 1440 kcs |
| WVTC Nagoya | 1340 kcs | WVTO Omura | 1450 kcs |
| WLKI Fukuoko | 1360 kcs | ---- Okayama | 1480 kcs |
| ---- Sendai | 1370 kcs | | |

All are AFRS; SW freq of 9.605 & 7.5525 are also used. Dope on WVTR is correct, time is local Tokyo, time. Have heard them many times. WVTC info also I know to be right, have heard them go off the air for at least 1/2 hour period during their broadcast day 4-4:30 PM Tokyo Time. The boys out here write to these stations for selection requests and they are received by the stations as I see no reason why requests for veries wouldnt also get thru in spite of letter Hank Wilkinson received from Hawaii. I know I intend to write for some veries soon and will let you know the results. (OK Ted and will be looking for that additional information, meanwhile lots of good luck-Pop)

MR ARTHUR L ROBB-TOPEKA KAN I was discharged on 11/3 and it certainly is a wonderful feeling to be plain "mister" once more. Many thanks for the bulletins during the past long years. Wont be DXing until I get settled down, perhaps a month or two yet. (OK Art and very glad to know that you are beck with us and you can be sure that all of us wish you the best of luck in your future.)

Well I have my radio one week now and havent done more than bcb DX except one SW, like the bcb better. On the 10th I will tune my dial to 560 and see if WOBu comes in. At around 3 AM on 12/5 the Californians came in swell. (OK Elwood)

Page 6 _____ TIPS and LPO REPORTS _____ December 15 1945

STAN MORSS Cont 12/7 Veries from WHKK-CJCB; 12.8 KOTA very good here, their dedications to reporters sounded like an NRC Roll Call; KLO 1;53 to 2:05 and rpted; KANS tested and s/off 2:31; KPAC testing 2:45-3; WCAZ at 3:08; BBCs all over the band; WOMT testing at 4:15; French on 975 or 980 loudest TA. BBC European Service maybe.

JIM McNAMARA-CLAREMONT N H Nothing hrd of WOBW and got a ver veries but not lined up as yet. Wish my new radio would arrive so I might get a new lease on my DX life for awhile. It gets monotonous now with the old rig after you have fooled around with a Sky hider etc. Nothing from KGIR yet.

ARNOLD GERRARD-MIAMISBURG O Here is the latest DX out here in Ohio. KOWH and KLCN were logged on 11/24 daytime reception. 11/26 WJNC testing. No verie yet; KFBC hrd s/off at 1:40 on 11/29; CPAC and KR0D were logged with late programs on 12/1; The best LX in a good while was on 12/5 when VPIK KSRO-CJBR-KRKO-KIT-KGFW-CKWS-WATW-CMCK-WMGA were logged for reports. On 12/8 ran into a weak carrier on 1010 at 4:30. Was able to build it up to loud speaker volume at 5 and heard the announcement KSAI, Voice of America. Had bad fade but had good signal after once broke thru. Latest veries have been WDAD-WSKB-WISR-KPRO-WLEE-KOWH-KLCN-CJEM-WMAJ-CHUM-WKIX-CKFI-WLAT-CJCS-CFGP-WJPA-KGMB-KCOK-WFMJ-KFBC, total is 859 with 15 rpts out.

LEFTY COOPER-BROOKLYN N Y Rpts to WPAT-CKWS-KVOP-WINC-WPIK-KPAC. Veries received from WLEE-WJHO-WPAT-CKFI and dups from CHLT-WISR bringing total to 1076. WJHO's card is only my 2nd card verie this season and I prefer cards too. WPAT verified by C.E. in response to a letter addressed to the Gen Men and they may run a DX for us in Feb if FCC says OK. My cold lingers but I'm back on the job anyhow. (The old Dodger Spirit) 12/4 Sent daytime rpt to WPAT a local here but WBEN can be hrd behind them after 4PM, they go off at 4:30 in Dec; 4:45 in Jan; 12/5 up for CKWS which was only a faint carrier with no sigs hrd on 100 w but R 6-7 on 1KW. WAAT kills them here. Swell show too. Hrd WHGB s/on that AM but no rpt, lost him amid others. 12/8 Up all AM and caught 1st WINC s/off at 12:02 with plenty of trouble. WREC s/off at 1:16 weak but on top here; Somebody on 560 running Xmas relief fund show and abt even with KLZ-WIND. Couldnt identify him. Listened to KVI's fine organ music hoping it would be KMTR. KLZ s/off 2:12, caught WPIK testing at 2:22 for rpt; Clevedon on 1474 was fairly good; KPAC had tough going on its check at 2:45 with KWSC roaring thru him easily with KTMS also there; KWSC is one of the loudest coastal stations. WCAZ was on 3-4:15, last 15 min is his reg check; All talking by engineer, no music. WCAO hrd 3:14 testing; KOTA was on its DX this AM, hrd well. Hrd checks of WMGA-WHBQ-WOMT-WTAX-KYSM-KGCK. HELP PLEASE who was on 990 mostly all AM, at least 3 and for 2 hours anyway with steady music, no breaks, no announcements?? From 3-4 alternate selections were hot swing numbers & marches. After 4 they played Latin music. Could this have been an AFPS station in the Carribean?? Also who is the facsimile on 1570 kc? One more mystery, s/off at 5:12 on 1250 kc, rather weak. My FCC bulletin listed KCOR as switching to 1350 kc, not 1330. To MALEY-I would recognize "Dance of the Hours", I am also a "long hair". I have known Mme Butterfly ever since she was a cocoon. Congratulations to Joe Brauner on his marriage and congratulate Dick and Dave for logging WXLB. Who're the prize winners from WXLQ?? CKFI got 30 rpts, 16 from NRC. They list Campbell-McNamara-Kruse-Heilley as NON-MEMBERS, FELLERS PLEASE MENTION YOUR CLUB ON THOSE REPORTS-PLEASE.

LEN KRUSE-DUBUCQUE IA On 1/3 CFBR presented a top notch DX which came in good except for a bit of local static. Also hrd WBZAs 1st MON F/C 1:15-1:20 with calls only; CFNB was logged for 1st time with reg sked 5:30-6 on 12/4; CKWS another swell DX hrd from 5-6, their sig was hrd good at this location, both on 100 w & LKW. Special DX for NNRC on WAAT hrd good as they are every AM. 1st time in 4 years I again hrd KBUH on reg 1st MON F/C 5-5:30, station WBAC hrd testing 5:15-5:30 on 12/6. No sign of WOBU DX. Usually every DXer has his home state logged and verified within the 1st 90 days of DXing, but when a certain DXer in Connecticut has 2 outstanding stations, after more than a dozen years of DXing, that's bad. Among recent veries were WDAD by Vincent J Sullivan; WMAA by A L Stewart, c.e.; WJPA by J M Troesch, c.e. a verie on my report of their 11/7 election returns. 2 Canadian veries from CFGP by Gordon L Sadler, c.e. and CJCA by Doris Tingle; Recently listened to WSBC during reg PM sked which is quite remarkable, brought a nice letter-verie by Mary V Baker. WISR sent a card acknowledging my "Thank You" letter to them on their recent DX, to NRC.

GRANT LATSON-WESTFIELD A Y Quite a few rpts this time, KOTA 4:15-4:30 but some static; CFBR on DX; 12/4 CFNB 5:29-5:49; 12/5 CKWS DX good on 1st half but a bit noisy from carrier, last half Q4 h9; 12/6 WNAX 6:30-7 over WKBN to tune of R-9 in fact WKBN could hardly have been copied; 12/7 WAAT 5-5:30 and hrd with their usual strong sig; 12/8 WMEX 6:30-6:45 for another try, at least 4 or 5 rpts so far (Sorry Grant, 1 rpt equals 1 verie from WMEX here-Pop) 12/9 Really scorched the air this AM. KLZ easy thru WIND 2-2:12 s/off; KRIS over KMO 2:18-2:30; KTKC 2:44-3:01 s/off; KGU 3:19-3:40, severe QRM covered both KGU and WJZ at 3:41 and KGMB 3:48-4:15 for R-9 rpt, were like a local. 12/4 KFAR hrd but not enough for rpt due to noise level and BBC on 670 kc hrd 4-9; Veries from CJOC-CHSJ-WISR for DX-WLEE-YQAN with swell EKKO stamp, mailed 12/3, back 12/6-KIDO swell letter verie and on Sat, 4 of em, CFGP and some of you guys didnt hear them-WATN-WPDC-CFNB in 4 days. Last 4 count for contest. Some help please; on 12/10 on 930 kcs maybe a bit one way or another, station had news of talk in Jap language 4:30-4:40, previous to that music and English hrd. Not KHJ as they are silent, pushed outve Q4 49 signal and could easily be copied. WHO?? No CJEM-CKCH veries yet. (No CJEM Grant but CKCH today 12/12-Pop)

JOE BECKER-HAMILTON O Not much DX lately but a lot of noise. Latest new ones hrd are AFR Canal Zone-WJNC, 11/26 CMHB; 11/30 CMWS; 12/5 KUOM; 12/7 KTYW. Nothing hrd here of FCN or WOBU; WISR hrd fairly good; KFPW on at 4:25 EST 12/10 and KRBC hrd at 4:50 12/10; 3 rpts out to KOTA and no verie and also with KALL. (OK Joe, KOTA announced on 12/8 DX that veries would be forth coming and also info about KALL on top page 4-Pop) Spicks still fail to answer, XESM-XENC-XERH so no more Dimes from me. Another verie from CHUM, they sent my dime back. To ALL NRCers. A Very Merry Xmas and Prosperous New Year and hope that all of you log a good many new stations Hope that Santa will be good to all of you. KWBR hrd very well with their Cigar Box revue. To BARRETT I made a mistake in mentioning KIDW, it should have been KGIW. WWSW gives me far more trouble than WJBK. CHUM hrd several times during day time. Latest veries received was WMAJ 12/26 and I have 16 reports out for veries. Today we had a light snow, our first and temp is 20 degrees. WRRF verie by Gro Martin, c.e. (OK Joe a letter to you soon)

DAVE SNYDER-BUTLER PA This DX rpt is confined to one AM 12/12. No WOBU here at all, not even a sign of carrier on 560, must have gotten cold feet. Rpt on WMBH F/C 5:20-5:35; WCOS very good on s/on at 5:58 but soon covered completely. Jap or Chink on 930 kc 4:37-4:43, s/off without any apparent announcement, WHO?? WXLT or WXLD on 1240 with jive records from 5:43 till somebody came on with tone modulation at 5:46; Not enough for rpt but cant find it in any lists. WHO IS IT?? Announcer gave time as 6:45PM, at 5:45AM. (D,ve this station is WXLD and is in the Phillipines, as to who to write is being sent by mail so you will get it sooner.-Good luck on it-Pop)

RAY SAHLBACH-ST LOUIS MO Well back from the Army and met Joe DeHosa for first time in over 3 yrs. Have been busy with my radio repair business. Since 11/27 have logged WKWF-WPAG-KTTS-KVBR-WWDC-WTOP-WATN who have verified and to WBYN-KODY-WJNC-KTYW who have not; 12/11, up to that date hrd KNAK-KLBM who have verified and to KWON-WGBS-WMLT-WINK-WRHI-KGBS-KCOK-VHTB-WLEE-WMOH-KSJB-WRRF. (OK Ray but lately these F/C are changing like the weather, on at one time for a couple months then they they are not hrd and pop up at a different time and date. No F/C known at present that is much good. As you say FCC isnt publishing one as they do not know when they will again have their tests, so we just have to go along and pick up what we can.
