21	CFAB	Windsor	N.S. 1450	N R C	5:00 - 6:00	AM
22	CKRM	Regina	Sask 980	N R C	4:00 - 5:00	AM
23	CKFI	Fort Frances	Ont 1340	NZDX Assn	4:00 - 6:00	AM
24	WEIM	Fitchburg	Mass 1340	ALL	3:00 - 5:00	AM
25	WKWF	Key West	Fla 1600	URDXC	4:00 - 4:30	AM
26	VOWN	Corner Brook	Nwfld 850	N R C	4:00 - 5:00	AM
28	CKLN	Nelson	B.C. 1240	N R C ?	3:15 - 4:15	AM
28	CFAB	Windsor	N.S. 1450	URDXC	3:00 - 4:00	AM
28 or 29	KPOW	Powell	Wyo 1230	NNRC	4:00 - 5:00	AM
29	WATN	Watertown	N.Y. 1240	NNRC	2:00 - 2:30	AM
29	WASK	Lafayette	Ind 1450	ALL	2:00 - 4:00	AM
30	CFQC	Saskatoon	Sask 600	N R C	3:00 - 4:00	AM
FEB 2	KOTA	Rapid City	S.D. 1380	ALL	1:07 - 5:00	AM
2	WXLS	Narsassauk, Greenland	850	N R C	3 to 4 or 5 to 6	

CJOR-VANCOUVER B.C. We dont know how long this program will be on, it will either be 15 min or 1 hour or all AM,so be on hand at 3AM. If Xmtr is finis ed it will be an hour, if just testing it may be all AM. If not ready for tests it will be on for 15 min. A fine opportunity to hear them in the clea. and can be of real service to them. So send your reports to Mr. George C Chandler, Manager, and thanks a lot. Arranged by Bill Stone.

RADIO ALGIERS- This station will be on 2 AMs from 12:01 till 2 or 2:15 AM. A good chance for all DXers to get them as they use 50 KW. Reports should be sent to Miss Eileen Reis-Program Manager-United Nations Radio-APO 497 % Postmaster-New York N.Y. Should be good after 1AM. Info Joe Lippincott.

KCOK-TULARE CAL A good many boys have already heard and verified KCOK but it is hoped you wont forget their kindness to this club. You can help KCOK learn more about its coverage when many reports come from a single broad- cast so lets be on hand this Sunday AM. 1240 kc should be clear from coast to coast. Thanks Mr. Sheldon W Anderson, Manager. Arr by Lefty Cooper.

CFAB-WINDSOR N.S. Another new station honors us with its first DX program. It should be in the clear barring an unforeseen test program. CFAB will be on again the 28th but may run into Freq Checks and making CFAB hard to hear. So be on hand and report to CFAB on the 21st. Many of us have never heard or verified Nova Scotia. Reports to Mr. A.M. Bishop, Manager. Arr B Stone.

CKRM-REGINA SASK By popular request of the members this program has been arranged for our club. Hardly any hane been successful in hearing CKRM with this call which they have been using for about a year or more. The freq should be clear for this program and it should be comparitively easy to hear this station at this hour. So for an interesting show and new cat- ch tune 980 kcs at 4AM Jan 22. Arr by Bill Stone.

WHIT	New Bern, N C hrd 1/10 DX OK Reg F/C 5-5:30 AM as ann. 1/10 (Johanns)
WJPA	Washington, Pa. Bob Klement formerly of WEBR is new Mgr and Frank Krulce, CE says for 12/28 test. No reg ck but will let me know when reg F/C is set up (Johanns)
1460 ?????	Some Cuban or Mexican on here playing Jive records (Schmock)

NATIONAL RADIO CLUB DX NEWS

January 12 1946 FREQUENCY FROLICS-TIPS and LPO REPORTS Page 3

1470 XEAU Tijuana, B C hrd 1/9-4-4:44 testing I believe. Strong and ann as Radio Pan Americana. Carrier covered them at 4:44 (Johanns)
 WMBD Peoria, Ill hrd 1/2 and wonder if its reg F/C (Schmock)

RALPH JOHANNIS-BUFFALO N Y Mail pick up delayed last wks rpt and veries NOT rec here made a record, just like weather. As for F/C and test list, I recommend a note book with loose leaf single page for each station kept that goes delinguent and READ the DX NEWS (and other clubs) members reports for necessary changes and then mark it in leaving previous notes also (for instance) MALEY-POP-PHIL-HUTTON etc have tried to publish a list but the changes etc do not make it worth while and the work required brings no thanks. Bill Stone helped us a lot with DX programs but he cannot make the weathercfavor us also, so lets hope they repeat later on. KTSW DX hrd 3:56-5:02 fairly good and made nice dedications for members and also they celebrated their 6th Ann'y; KOTA was very poor; CJCJ hrd till 3:28 but none for positive rpt; HOK got QRMed by KFI with 5KW test till 6 but managed a report till 5:47 when WHKK's carrier came on. Past 2 wks and few days (AL MALEY check) 12/28 F/C by KPof saying EV 4th FRI; WGIL s/on 4:26; WPAB hrd test 3:32; 12/29 KCOK F/C; WASK-WOLS also and KICA on its long session & I'm still waiting for that souvenir; 12/30 On 690 after 4 till 4:57 1/2 s/off XEN; 12/31 KOY hrd till WGR starts test 1:58-2:15 off; WTSP Test OK, no CKEY on but hrd WORD testing 3:35 on; 1/1 TGW-640 kc "La Voz de Guatemala" Ok at 1:20 for 1/2 hr then KFI cut in; WGRG has unmodulated F/C; KARM-KGER KTAR plain as locals; WEXL queered test s/off 4:01; 1/2 KXLA announces as Pasadena & Los Angeles; KPFL S/off reg sked F/C I believe, sounded like it on 1340 at 4:01; WATW as sked; XESM had US songs; 1/3 KICD F/C 3:42-4:01; 1/4 No WHK on, have not hrd em in 3 wks, but parts of Nat Emb March at 1:10 then Spick song by woman etc till 2:01, unable to make out who?? WDAD 2-2:15 WWDC giving Baltimore Md commercials; WFOY as sked; WHLN 2:30-2:45 or 3, also WRBL 2:40-2:50; WAIM 3-3:10; WOLS 3:10-3:20; WMOB 3:30-3:40; WBIR hrd till 3:23 then WCOV 3:25-3:35; KTSW on DX; 1/5 KOTA DX, poor weather; WHYH hrd 2:05-2:20 then Who? on 1420 s/off 3:32, Dept of Teansport? WMGA 3:35-3:45 WLAV on at 4:05; 1/7 WINK 2:40-2:50; WLBW 2:50-3 on 1340 after 3 a strong carrier, also a test by W--B? On 1450 a carrier, music 3:24-4:03, gave no call. 1/8 HOK on DX was tough; CJCJ tougher, even WCPO off 3:45-4 came on late to help WISE for NZDXC who were on 3:30-5; WJNO-WLOG 3:30-3:45; WCBT 3:28 3:55; WMFR 3:55-4:10; WAJR 4:30-5:01; KSJB 1:57-3; WRRF as sked; WGR tested at 2:10; WSMY-1350 till 3:01 wanted to know about their sig; WHIZ 5:59 s/on and Johanny Peart ann-Hi. 1/9 WSAJ 3-3:29 1/2, tnx for tip Sully; WCOL F/C 5-5:15 seems reg; WMRN only one hrd on silent 1490 period. XEAU-1470 kcs till 4:44 when a carrier started; WKVM hrd 3:33, so now let me hear you guys say I didnt listen. 1/10 WGCM hrd 4:30-4:40 s/off and KWOS and KGHF F/C as sked. Rec verie card and new F/C from WRHI; KOTA my Quota. A nice letter from WXLQ; WPRO sends me also a nice booklet and coverage map also pro and that always nice letter from Mr Harry Righter of WATN for swell show of 12/29 and on till 2:53, he oblidged all requests and now is looking for a "NO HAIR" victim. (Has Pat Reilley any?) WJPA by Frank Krulce, CE and KFVD a reg verie card for 10/12/45.

DICK COOPER-KITTANNING PA Biggest thing I have to shout about is the fine letter verie from WXLS, Greenland. They will be on 1 hour earlier Jan 12th and with good conditions they ought to be easy. Also veries from KOTA-CHLT-CFGP-KSRO-KNAK for contest and I hope to lead that man Edge next standings, not to mention a couple others that are still in the running-Hi Bill. KTSW put on a swell DX program. Irs got so that every time I hear the National Emblem March I get a pencil and paper and start jotting down the programs. Didnt have much success with the NZDXC list however. And I'll take my hat off to them if they get WBAB on with a special; in fact if they get WNAB to answer a letter. Keep watch for this flock of new stations. Some of them will probably go on within 2 mos after grant. Others never unless I hear

TIPS and LPO REPORTS

January 12 1946

LEO HERZ-CHICAGO ILL Received my new set, and I did not get an Echophone ECA as this set will not be out for some time, maybe not at all. Instead I got a Hallicrafter S41W which is called the Sky rider Jr. Cant see much DX as I cant put up a real antenna. I used a 12 ft window pole antenna before I went into service but cant find it right now so put up a 15 ft indoor antenna. Round the woodwork and it seems to work failry well. I got veries from 6 countries on BCB, some of my better ones include WBOQ-WIBG-KGCM-CMX-TGW-CBK-WPAB-WNEL-CHAB-KLPM-CJVI-KORN-KGFX. Listened last night and tuning across the band heard KXEL-WHIO-WDAF-WMT-WFBC. It should be a good set to DX with when with a better antenna. As the noise limiter really works. Best wishes to all you guys. (OK Leo and good luck)

ELWOOD DEIBERT-WALNUTPORT PENN Was up last few AMs and caught quite a few stations. Rpts out to KTSW-WKAQ-XERB-WPAB-KFBK-WMAJ-KOA-WWVA-KGNO-XEMC-WLDS-WFOY-WAIM-WJBY-WBIR-WGOV-WGAC-WNEX-WFIG-WGTC-WIND-WGRM-WLEE. Veries in from KHBG for 12/12 F/C; WMAN for 12/29 F/c by W E Morrison, CE; WRHI for 12/14 F/C; WJNC-WORK-W SMB-WHAT-WBIG. A few F/Cs on 1/4 were KGNO 2:15 1/2 WLDS-2:30; WFOY-2:35; WAIM-3; WJBY-3:10-3:15; WBIR 3:15-3:25; WCOV 3:25 3:35; WGAC 3:35-3:45; WFIG was on DX for DXers and NZDXC on 1/4. Neal Schubert is CE; Heard Penna Polka being played for us Penna DXers of NRC on 1/4 over KTSW DX. R-5 signals last half hour. (Yep I heard it too) 1/5 hrd WMAJ on F/c 1:54 till after 2:15. WGTC F/C at 2:20; KOEA had weak signals on their last DX. 1/6 Hrd WKAQ F/C 2-2:30 said using 1 kw Xmtr; XERB s/off at 3 returns at 6AM; WGRM F/C 4-4:30 and test for Commercial Equipt. WPAB hrd s.on at 6AM.

CHARLES BENDER-ON OTHER SIDE Want to thank all those who contributed to the Seveice Fund and for renewing my NRC Membership. Hope to be back home and DXing again sometime within the next 50 years. With my points-age etc I might as well re-elnist for 10 years. Havent been able to get a radio yet. Had one for a few days repairing it for a friend and managed to get several AFN & British Armed Forces Stations. A new station "Republic Yugoslavlia" hrd on 246 meters The Light of the coupdeetal in Belgrade. Also on 249 or 250 meters Radio Graz in Graz, Czechoslovakia. Cant be too sure of the frequencies as the dial system is terrible. Imagine the best bet for AFN stations in this area would be Munich-Stuttgart operating on 1249 kcs with 100 KW. Another AFN nearby is KFOA in Salzburg and Lenz but I dont have the exact freq. Borrowed a SW receiver from one of the vehicles and built a power supply system for it. The house current is x220 ac, only to discover it was an FM set. Note the change of APO to 777. (OK Chuck)

GRANT BATSON-WESTFIELD N Y Counted last weeks veries on 3 fingers. WKWK-CMHK airmail-WISR for daytime rpt. Rpts were again varied, Spicks and SW. 1/3 KVOP testing 3:31-4:01 and rpts of recent months test include those from Walnutport Pa-Athol Mass-Hedley Simmonds of Hamilton Ont. 1/4 KTSW DX well hrd and wonder who will get the candy. WJZM 4:16-4:22 QRMing KTSW; 1/5 CMJK on 1160 roared in like a lion 8:42-9PM. 1/6 WINC not on till 7 logged them up to 7:15 then turned around for WLIB on 1190 7:15-7:30 AM. KOTA DX hrd here but couldnt land any material for a report, tho after nearly an hour, had to disgustingly give up. No report. Static terrific and all over the band too. There are some nice choice DX programs coming up and lets hope the weather permits. This war spell of 55 to 60 dont help. How about KUTA verifying??? Anyone have a recent verie???

ALFRED E BRUCE-PHILADELPHIA PA Got a report to WKBN in Youngstown and they were coming in 100%. I want to wish all the members a Happy New Year.

With a couple lines I would like to draw the attention again to our FREE SPECIAL CARD SERVICE. If you want to be included in this, please send your Name and QRA to Dick Cooper, 956 Orr Ave., Kittanning, Penn. Your Editor making a couple errors last week, brought out 2 cards. So be in on it.

NATIONAL RADIO CLUB DX NEWS

January 12 1946 _____ TIPS and LPO REPORTS _____ Page 5

STAN MORSS-BRADFORD MASS 12/26 Veries from AFRS, Canal Zone and CKWS on DX. 12/27 Veries from WXLQ on DX and WJNC, a card by R M Chamberlin, CE; 12/28 I'm slipping, passed bytests on 2 needed, WBRE and WJPA (Stan you didnt miss much on WBRE as Johans and I are waiting for veries and I mean we are waiting, Johans a couple months and me, oh about 3 years-Pop) Hrd WJBO on test 3AM, also Spick on 1350, off at 2:35 AM. Couldnt identify; CMHK in English by Bertha Willanueva, verie; 12/29 WATN hrd well with interference from KICA; WAZL hard to hear thru WWDC, about even here; WASK impossible most of time on DX. WMAN on, hrd 3:03 asking for comments on program, amy- by a potential alniter; WHK seems to be off now, hasnt been hrd for several days; WTMA hrd testing at 3:30; ZNS rpted 7P30-8 PM; 12/30 WFLA hrd well 6:45-7 for rpt; 12/31 Rpt to WHAT reception poor, A swell verie from CMHK in English by Bertha Willanueva, says they are going to be on 1/30/30 New Years day. 1/3 KYA good all AM on 1260; KXLA rpted also, KPMC-KVOP hrd on their test 3:45-4AM. Verie from KOTA verifying my reception, doesnt mention date of rpt, and only verifys one of my rpts. Veries also from KWJB-WLDS. (OK on KOTA Stan, future veries will include date. I wrote her and she said OK-Pop).

DAVE THOMAS-PROCTORVILLE O Since moved not much in way of DX. Erected two single wire aerials and am now waiting for several hundred ft copper pipe to erect verticle. Which I have in mind, also rotor type. Few veries in, WXLQ saying myne was most distant rept rec and verified; WXLS Greenland who says that test on 12th will be 3-4 not 4-5 as before and glad to get this one verie. WVUR-WVTK-KINY veries also in, besides few locals. KTSW good on NRC-DX; WFIG put on swell show, one of best DXes ever checked here for NZDXC but with exception of WLDS was only one of entire list heard. They are just not on except in very few cases. Am in hopes ~~XX~~ HCJB has good AM for its 3 hour DX in couple months for IDXS. WAAT has been asked to stand by for it by NNRC. Sure hope they will. This is first DX ever put on by HCJB and is the result of personal visit when Director-owner Rev Jones visited me.

RAY SAHLBACH-ST LOUIS MO Reception was fair with KTHT-WNEX-WPIK-KWBU-WLIB who have already verified and also to WDAD-KXLA-KUTA-WNEX-KWIL. Heard this new one this AM 1/5 KVNE Boulder City, Nev 1450 kcs test 3:17-3:21 CST-WHTB-KVOP-WBML hrd and rpted so far this month. Who signs KODY???? and KWON??? The month of Dec was good DX with a total of 41 stations logged rpted. Rec my return postal from WROX which tests the 4th FRI ea Mon 3:55-4:05 AM EST. Written a number of stations and will forward each ones dope as rec. (Swell Ray and if you will, list it seperate for FREQ FROLICS??-Pop) Can anyone give me the test time for WKIP?? So far havent hrd him mentioned in bulletin and my TNX to MALEY for WBML info. If he can help on any stations in the USA, such as NY new stations will appreciate same. WROX by M Segal, Mgr

JOE ENZ-BROOKLYN N Y Got my verie from WXLQ and also fine letter from S/SGT Earl Fenner verifying reception of WXLS-Greenland, they will DX Jan 12th but change of time will make it v3-4 instead of 4-5/ Nice sheet of tips and will see if I can log some of them I need.

BOB DUGGAN-MACON GA Veries from XEFW-KPLC-CKWS-KGCU-KGIW-KBIZ-XEHL-KLCN by Bill Garrett, Ann; WEED by W W Primm; WFMD by M H Klunk, Pro Dir; KFAM by R B Witschen; KRE by Don Hambly op mgr; KSMA by H G Shuttleff, CE and owner who says they started 12/20 and dups from KOTA & WJNC; Rpts out to XELZ-WASH-WAZL-XEBZ-KXLA-YV5RL. Who is CMQ. Spick on 810 kc?? By tuning the 3 & 4 meter band I got the following Venezuelan s/on thru aid of parallel xmtrs YV5RL-1160 at 5:30 AM; YV1RF-1120 kc 5:30 AM; YV1RK-1250 kc 5:30 AM; YV5RB-790 kc 5:30AM; YV1RA-1300 kc 6AM; YV5RA-960 kc at 6:15AM and YV4RA 1350 kc at 6:30 AM; At last past 500 mark in veries. I believe HIN is the 1090 kc spick who s/ons 6AM Sundays. Card from CFBR, but no verie.

Remember the Foreign BCB Contest Standings next week. REPORT ALL DXes.

No entries as yet from Bristow-Burson-Gerrard-Gorsuch-Howard-Johanns-Seth and Spencer. Next listing will be on Feb 9th. Have latest list in to Sid Steele 227 Mt Holly Ave., Louisville 6, Ky not later than Feb 2nd. The Prize list will appear in the Feb 9th issue if possible and there might be a prize for the one leading at the Half. If so, looks like Dick Cooper would be the winner. Anyway Feb 9th issue will tell.

REMEMBER EACH TIME YOU REPORT AN NRC DX IT WILL COUNT DOUBLE IF VERIFIED.

TED SALING-ESTACADA ORE Have sent no new reports out but veries in from KWAL WSB-WDBO-CKWS and KICA. Letters received in reply to thanks cards from ~~WATN~~ WTMV-WXLQ and photo card from CFBR who say greatest distance received on 1945 DX. I couldnt get enough dope for a verie. 12/24 the 1st good DX from Australia and then only from Brisbane on 1380 kcs best. 800 kcs next and 900 still good and 1120 kcs weak. Nothing on 1290 kcs. 12/24 KTKN S/on for F/c at 5AM. I have hrd them check before on 4th MON; KSAI S/off 12/28 and 29 at 4:05 AM and asking for reports. 12/29 KORE on with flood reports and blocked out WASK so I hit the hay before time for WAZL. WATN as usual covered by locals. KSMA S/off at 3AM so must be on reg sked. KWAL says our F/C is done at 2AM 1st FRI. They must be MST, Reg sked is 9-3AM. Am interested in seeing what West coast station reception has been for the period 12/25 to 12/28. Out here temp was 50-55 degrees. Barometer very low and very heavy rains. QRM on local stations.

PAT REILLEY-JAMESTOWN N Y 12/26 KCOK tested till 3:15;KOTA back from 12/8 DX. 12/27 A Spick but too noisy to catch call; WJLB on check at 3:20; WHUB F/C 3:30; WIBU 3:35; 12/28 No DX; 12/29 Up for WATN; 12/30 No DX have a bad cold; 12/31 KNAK F/C 3:15 off 3:20 for Com Radio in Hollywood for new one. WORD at 3:30; 1/1 WHTB on a DX on 1230 for new one; YV5RB and YVKA for new ones, dozens of late Spicks after 4, was up at 2 and beack to bed until 4:30; Say SHORT HAIR. I caught CFCY anyway back in 1941 but couldnt hear em on their last test. 19 rpts out, wonder when I'll get over 1 verie week.

Remember Wednesday is the deadline so have your reports in by that day.

TIPS and LPO REPORTS

Page 7

LEFTY COOPER-BROOKLYN N Y Veries in from KSKY-KOTA, KSKY being new for 1081 Looks pretty good for 1100 this season, just to keep ahead of Pop-Hi. My alarm failed to wake me for KTSW so missed it much to my disgust. Same thing happened for WINC on Sunday; 1/1 WINE very strong this AM. 1/4 Clock failed; 1/5 Memory failed forgetting KOTA; 1/6 Thought I really had something when at 2:45 I discovered what sounded like poorly accented Spanish but it turned out to be our dear old friend WEDC giving me a mild heart attack until he signed off at 3. Thought Emil was back from Denmark or something. WENY showed up for the NZDXC on top of everything on 1230. Bet Pop's police badge they were not heard in New Zealand. Letter from WCPO came Friday as I asked them for a stand by on the CJCJ DX 3:45-4. They very nicely did.

STEVE WALBRIDGE-DEEP RIVER ONT Ho hum; 3:27 and reception pretty poor as has been the case for the past 2 weeks. Just logged KRIS on their 3AM s/off also WENY on their F/C and the only one of that long list for the NZDXC that I have heard. Log is now 819 with 692 veries in. Recent veries have been WJNC by R M Chamberlin; KOTA by Miss Krebs-CKY-WCAR by W N Cook; WEAFF dont laugh, I've waited years to get them off network-CFOS by W Vallin, CE-KRSC by Geo A Freeman. CE-WHAI-KFJZ-KXYZ-WNEX. Reports still out to WAGE-with whiskers-KOMO-CJAD-CBY-KALL-KOL-KGO at long last CHOV. Caught WBAC at 2:57 on 12/31 for a few seconds but no report material (Steve they test with calls only-Pop)-KVOA was hrd 1/2 with s/off at 2; 1/4 was a freak AM WJZ R-2 but WFOY on sked F/C was R-6; WGAC at 3:40; WBLJ asking for rpts at 4:01; 1/5 was just plain awful. Note new QRA, same place-new name.

JACK "SMOKY" SCHMOCK-LUDINGTON MICH Well how is DX in New York State, its lousy here in Ludington. We have had wind-rain and no snow, all melted. Think Pop made a swell error in my Verie and Hrd list, boy 13 veries and only 3 heard; thats something. Should be the other way round. Hope to get my EC-1A this week. See that Jim Shupe is wondering if he is the youngest DXer in the NRC. Well Jim I am 15 and will be 16 on Apr 7 1946. Am 6 ft 145 lbs-brown hair-blue eyes and wear 10 shoes. Any other info you want?? Did anyone hear WKLA's 15 min F/C that turned out to be a DX more or less. Lasted for 55 min. Started at 4:15 1/5. Was the guest of Paul Garwood at the check. Were at Xmtr early so we could use the 162 ft tower as antenna. Hooked up the wire from radio and were trying to get KOTA, no soap. At 3:30 went to take the wire off and found that Paul had made a bad connection. Did KOTA ever come in after we fixed it. R-9 plus.

WALT BISHOP-RENSSELAER N Y I hope that I shall be able to get going once more with DX and build up a log as large and even larger than my old one. It has been about 5 years since I have done any real DXing so Inam going to start all over again with a new log and everything. Here is the story as it now stands. Logged 66 which are WNEW-WHKB-WAGE-WCAX-WSM-WEAFF-WLW-WOR-CBL-WSB-WJR-WJZ-WBBM-WGY-WHAS-WHDH-CFRB-WWL-WABC-CBM-WPEN-WTRY-KDKA-WHN-KYW-CBA-WTIC-WBAL-WTAM-WBT-WJJD-WVVA-WOWO-WCAU-WGAR-WSNY-WOV-WFBR-WABY-WOKO-WCAU-WGAR-WTOP-WMEX-WKBW-WCKY-CKTB-WQXR-WHO-WAWZ-WFEA-WORK-WEVD-WNAC-WCAE-WSYR-WHAZ-WBZ-WBZA-WAAT-WEEI-WPRO-WMAQ-WLAW-CBF-WGN-CKAC-WLS. Veries from WSM-WLW-WOR-WBBM-WHAS-WTOP. Boy a log like that looks corney to me. Have been DXing since way back in 1936 and my old log of bcb & SW and 20M sure was a honey but as I say I'm going to get going all over again. At present am using an old Radiola (19??) but I am looking around for a new receiver. This one is only for BCB and I want SW too. (OK Walt and as to your new log, if you are going to get them all might as well get what you heard; if you verify all, verify them as you hear them. Good luck Pop)

NORM MAGUIRE-E HARTFORD & STAMFORD CONN Veries few & far between but I do manage to stay ahead of Pop. Got a nice one Xmas eve from WXLQ. see many got them too, not exceptional but it adds another country for me. WJNC-CFOS and KOTA came in too. KOTA for several months ago. Hadnt reported em since so it'll be a set back in contest. (Say Norm WXLQ was only 50 watts)

DR JOHN W KIRK-PT PLEASANT W VA Just rec the following letter; Around the last of Apr, Gerald Coleman, W8FRC of Butler, Pa and myself put the first KZFM Xmtr on the air, a 50 watt type which remained on the air till Sept 10th when the present KZFM went into reg sked. Xmtr site is at Pojo, Bulacan, Province abt 7 miles north of Manila and the temp bldgs are built on the blasted foundations of a former Manila bc station KZRM. Equipt here is the latest type of broadcast Xmtr which uses 2 air cooled 5KW tubes in final in a high efficiency Doherty circuit. My personal consists of 3 Filipino ops and 2 diesel men. Power derived from a 50KW diesel plant with a 25KW gasoline plant as standby. Am using the same 192 ft vertical radiator as AFRS station WVTM. Operate on 710 and WVTM on 1300. Incidentally the first KZFM xmtr which we operated in Mainla was the 1st American broadcasting station in area since Jap occupation and present KZFM is the only non-army broadcasting station to be heard in the islands at present. This was signed by John H Thatcher, W7AAJ-APO 500 % Postmaster, San Francisco, Calif. So there you are boys a discription of KZFM on 710 kcw with 10 KW ~~xxxxxx~~ Next to the noisy (Loran) station which all of us have heard in the range 1700-2000 kc and which we made considerable comment on sbmewhat over a year ago. According to info rec here "The maximum peak output power of any Xmtr under normal single pulsed operating conditions is aprox 150KW, when double pulsed its 85KW but is usually somewhat less. The average power might be of the order of 150 Wwatts. However as these stations normally operate in a pulsed condition we can assume that for ~~pract~~ practical purposes they are using powers from 50 to 150KW rather than an average power of 150w.

PAT REILLEY-JAMESTOWN N Y 1/2 No WNHC hrd here, a KG station, couldnt catch complete call on 1340; KHMO at 3:30 and bothered by a KH, something behind them; WATW at 4; 1/3 No KCRS hrd here; WSIX at 3:25, too noisy to DX. 1/4 WAIM at 3:07; WJBY at 3:08; WBIR 3:15-3:25; WOLS 3:10-3:20; WCOV 3:25-3:35. No WHLN or WINN hrd here, fell asleep and missed KTSW; 1/5 Hardly abbe to cppy KOTA because of noise, whereas KGER had very little noise on them, too much noise to DX; 1/6 No DX at all, visiting firends; KRKO-WXLQ-WJNC back for new ones; Sgt Wertheim's dad is a printer in NYC. Radio has been quite noisy for past week; 1/7 Lousy noises today, inknown Spick on 1370 til 3:30; WASK at 3:10; WJTN with carrier at 3:40, no signal strength but the 5 reg Mexicans were all strong and back to bed again. 48 above this AM here. Up to 59 Sunday Afternoon and most of snow gone, 36 inches of it.
