### NNRC DX CALENDAR

Date	Calls	Kc/s	Location	Watts	E.S.T.
Mon. Dec. 5	C B I	1140	Sydney, Nova Scotia	5,000	3:00 - 4:00 a.m.
Mon. Dec. 19	C J C J	920	Woodstock, New Brunswick	1,000	1:30 - 2:30 a.m.
Mon. Jan. 9	C H W K	1270	Chilliwack, British Col.	10,000	4:00 - 4:30 a.m.
Mon. Jan. 30	C J M T	1420	Chicoutimi, Quebec	1,000	3:30 - 4:30 a.m.
Mon. Feb. 5	C F O X	1470	Pointe Claire, Quebec	1,000	3:30 - 4:30 a.m.

### CHANGES IN STATION DATA \* FCC

#### NEW STATIONS

610	Winchester, Virginia	500	D-3		
690	Terrytown, Nebraska	1000	D-3	1130	Kailua, Hawaii 1,000 U-1
860	Medford, Oregon	1000	D-1	1370	Valleyfield, Quebec 1,000 U-3
1010	Boise, Idaho	1000	D-1	1410	Brockton, Massachusetts 1,000 D-3

#### NEW CALLS

1340	K Y C N	Wheatland, Wyoming	1460	W R K B	Kannapolis, North Carolina
			1550	W R I Z	Coral Gables, Florida

#### FACILITIES

1230	W C F V	Clifton Forge, Virginia, to 1,000/250 U-1, from 250 U-1, same channel.
1240	K S U E	Susanville, California, to 1,000/250 U-1, from 250 U-1, same channel.
	W J N C	Jacksonville, North Carolina, to 1,000/250 U-1, from 250 U-1, same chm.
	W R A L	Raleigh, North Carolina, to 1,000/250 Upl, from 250 U-1, same channel.
1450	W D I G	Dothan, Alabama, to 1,000/250 U-1, from 250 U-1, same channel.
1470	C F O X	Pointe Claire, Quebec, to 5,000 U-4, from 1,000 U-4, same channel.
1490	K C I D	Caldwell, Idaho, to 1,000/250 Upl, from 250 U-1, same channel.

As you can see by this issue, we are not getting the reports we so desperately need to give you the kind of DX NEWS we want to. We ask every one of you to take 15 minutes or so out from your busy schedule and send in reports to your DX NEWS, and remember, please follow the directions of your Editors. Use EST and please DOUBLE SPACE!

FIRST MEETING OF THE NEW YORK AREA NRCers

It will be held on Saturday afternoon, November 26, 1960, at the home of Bob Kalish, 2214 Avenue T, Brooklyn 29, New York. We hope that all area DXers will be there, and also anyone from a distance who would care to come. Directions will be provided by Bob in our next issue. Why not come and have a fine DX rag-chew with the gang?

MIDWEST CHRISTMAS GET\*TOGETHER?

Ernie Wesolowski asks this question. So far there has been nothing definite about it, so when and if plans are formulated, please let your Editor know so that we can print it in DX NEWS.

This issue shouldn't take you too long to read, and so it will save you some time. How about using some of that time to send in reports to the three sections? We want your Musings, your Foreign DX, and your DX Down the Dial tips. Be sure to send your items to the correct place, and please stick to E.S.T. in all your reports to avoid any chance of confusion. Please double space. Verie Signers go along with your Musings, on a separate sheet of paper, to Ernest R. Cooper at the Brooklyn address. We suggest that you check back five issues before you list any v/s as there is absolutely no point to frequent repetition of v/s names. It is not a contest to see who can send in the most of them, but rather to list the v/s of stations not recently listed, for the benefit of the entire Club. There are two reasons we list the names of those who send them in, and one is to give credit to that member, and the other so that the rest will know who sent the signer's name in. Use our code-letter symbols as we do here with the call letters, and the title of the v/s in its NRC abbreviation. Thank you!

## MUSINGS OF THE MEMBERS

Anthony F. Lagatutta, ETNSN - Operations Radio Lab NM-71 - N.A.S. Norfolk, Va.

Hello out there to all members in the world's most wonderful radio club, from the most wonderful DX-land, the Atlantic Coast and Norfolk, Va. Well, I am just about the happiest kid in the world now that I will soon be DXing from here on my NC-125. So you see, B.S., as far as I am concerned, N.Y.C. has long since been ditched into the oblivion. DX is sort of in an unbalance and upheaval until the National receiver arrives from N.Y.C. On a portable, WPRO-630, Providence, R.I. was heard in the daytime, possibly WADK-1540 in Newport, R.I., also WHLI-1100. Will scan the channels and twirl the dials as soon as have NC-125. It is not that I am trying to put in a "plug" for the Navy, but since I don't have much useful DX to mention, thought I would write about my first year in this wonderful Navy. It could never be set down into 30 lines the good things that have happened for me since my enlistment. The "Electronics Technician School" at Great Lakes, Ill. really gave me a good start in the more practical field of electronics. Now at Norfolk, I am in the work that I always wanted. Greatest news is that I will remain here for the next three years - fabulous! Some guys probably have the idea that the only interesting and enjoyable thing to do is to run around with girls. Well, this is the farthest removed idea from my desires. Such may be considered a total destruction of effort, time and energy. The mere workings of electronics circuits is more fascinating than going out with girls. I probably won't get to see the world, as they say, but would rather stay in this grand U.S.A. since it has the greatest stations and is the greatest of all countries for me. At the lab, they have a Hammarlund SP-600, but just don't have the desire to DX on this fabulous receiver as on my own. Sure is funny, but that is the way it is. A lot of graveyard stations are going 1,000 watts in the daytime. Such catches may be possible from here as WWRI-1450 in the daytime from West Warwick, R.I. and the new WMVG-1450, Millidgeville, Ga. at twilight. It may well be worth the effort to recognize these possibilities. WFBG-1290, Altoona, Pa. is on this frequency with 5,000 watts as per verie. Norfolk veries include: WQXR-1560, WBCI-740, WDMV-540, WKTX-1600, WRRF-930, WJVL-900, WFLO-870, WNNT-690, WFBG-1290. Hope to have lots of tips for next report if get NC-125. Am approaching the 30 limit so will s/off until next week. Best of health and DX.

Hal Williams - 50 Third Avenue - Seymour, Connecticut

I just haven't done any serious DXing since the Convention because of very limited time; the sudden death of our son-in-law on October 1, and the fine week-end spent with Hank Tyndall and his gracious wife in Burlington, Vermont the week-end of October 15. No veries have been received and with eight unanswered reports for 1960 and 16 from 1959 I guess I had better get some second or third f/ups sent out. Some of these delinquent stations have had v/s listed in recent issues of DX NEWS so I'll really have someone to address my letter to other than simply to the Station Manager. The new WOWW-850, Naugatuck, Conn. have their two-tower array constructed off Spring Street, Union City (part of Naugatuck) and located on a hill between the Borough of Naugatuck and the City of Waterbury. They expect to be testing during November, daytime with the possibility of a couple of early AM tests during the month. (See DX Down the Dial.) Nothing definite on WSOR-1480, Windsor, Conn. The Naugatuck station is reportedly associated with WSBS, Great Barrington, Mass., also on 260, but so far I have not been able to confirm this rumor. To Ray Edge, Lefty Cooper, Fred Van Voorhees, Ev Johnson: as we enter the real DX season I want to extend my sincere thanks for the splendid jobs you fellows are doing and I hope that I will be able to contribute more live DX than I did last DX season. Included in my word of praise and thanks are the fellows who continue to support the NRC and the columns of DX NEWS and to those who contribute various articles, supplemental pages, frequency check list, condition of frequencies lists, construction permits, etc. all of which help to make the NRC absolutely the TOP BCB DX Club in the nation, if not in the whole world. I am just completing my new BCB log. I have kept all changes since the last Weyrich Log was published and received in December 1958, but the pages were so badly marked up with additions and changes that I decided to type up a new one along the same format as Carroll used. Have completed 540 to 1440 kilocycles inclusive. I took my log along to Burlington to show Hank Tyndall what I was doing and he said he thought he would do the same, some day. Good DX to all. 73.

TO THE COUPLE OF YOU WHO STILL SINGLE SPACE YOUR REPORTS, CAN'T YOU PLEASE GIVE YOUR EDITOR A BREAK BY MAKING HIS WORK A LITTLE EASIER AND DOUBLE SPACE THEM?

Francis H. Nittler - 2634 South Josephine Street - Denver 10, Colorado

DX good/where on Monday 10/24 with five new additions. WCFL-1440, Carbondale, Pa. heard on r/c with strong signal 3:57-4:00; WDEL-1150 Wilmington, Del. heard on RS 4:07-4:30 for state #49 for me; WORK-1350, York, Pa. 4:19-4:47 RS over WADC most of time; WAMP-1320, Pittsburgh RS 4:45-4:58. Also, KIRL-1070 Wichita heard all AM on AN show and reported. 10/25, added KTEE-900 Idaho Falls RS 6:40 p.m. to s/off 6:45. Also, heard KSAY-1010 San Francisco right at s/off at 8:30 but not enough for a report. This is one I've been after for a long time and now that I know I can hear it I'll really try for it. Signals really good from West evening of 10/25 as between 8:00-8:30 EST heard KBIF-900 KCRA-1320 KPTL/KYNO-1300 KCMJ/KCHJ/KSAY on 1010, KSTN-1420 KSRV-1380 KNBA-1190 KPOW-1260 KTMS-1250 KYA-1260 KKIS-990 with most of these topping the frequencies at that time. Last evening added KMEO-660 Omaha RS 6:25-6:37 p.m. For some reason both KFSC-1220 and KFNL-1390 were off the air already at 3:45 p.m. MST and my brother mentioned he was listening to KIMN about 9:15 p.m. and they went off for about a half an hour so must have been a lot of electricity in the air. Also, have heard KTUE-1260, Tulsa, Tex. at sunset around 6:45 p.m. in Spanish but not enough for a report yet. Only two veries in are KNDY-1570 and KQBY-1550 both letters and KQBY now has letterhead and also included a program sked. An interesting article in the Denver Post last night mentioned that five Arizona radio stations had asked the FCC to cease operations as of today Saturday 10/29 and they include KCKY-1150 KCLF-1400 KGLU-1480 KZOW-1240 KVMO-1010. I'm not sure but believe this has something to do with some charges the FCC has against the owners so apparently they want to quit until it is cleared up. KXXI-1250 has been sold so should be back on the air before too long. 73s.

Ernest J. Wesolowski - 1416 Pasadena Avenue - Omaha 7, Nebraska

Greetings from Omaha again. This time I don't have too much to report, but just enough to let some of you know that I am still active. College has been getting more and more of me the past few weeks. Anyway, here are some new catches. October 11th: KFMO-1240, Flat River, Mo.; with r/c at 2:30; KRAL-1240, Rawlins, Wyo., r/c at 2:45. WMOX-1240, Meridian, Miss. RS at 2:53. Oct. 21st: WRBC-1300, Jackson, Miss. came in and out while trying for the r/c of KBRL in McCook, Nebraska. Sent a tentative to KBRL. This was at 6:45-7:00. Then on the 23rd, a great surprise came to my ear! It was the sports ID for KISN-910 in Vancouver, Wash. Only have about two minutes on them before fadeout at 7:25. On the 24th, CFPL-980, London, Ont. at S-4 at 3:03 with NX and music. Also, KBVM-1380, Lancaster, Calif. came in at 3:34 with r/c at a very clear S-8 signal. The last is for WBML-1240, Macon, Ga. at 3:58. Verifications in this past week are from WDGY-1130 and KODY-1240. Received tape from Jim Ernst on 10/24. Will there be a Christmas Convention in Wichita, Kansas, for the Central States NRC members this year? Let's hear from you. 73s from "Wonderful Omaha."

Bob Kalish - 2214 Avenue T - Brooklyn 29, New York

DX here hasn't been too productive here the past week. Monday was a washout, with noise worse than at any other time this year. All I got was the WVEC-1490 s/off at 1:00, EST. However, WMGM and WICC were off AN. Noted WLBR-1270 ET 2:33, KQV-1410 test 1:40, WTYM-1600 ET 1:42, un-ID TT atop XERF 1:20. On 10/27 ran into good twilight DX; as a result pulled in WCGA-900 and WATV-900 at 5:00-5:09. Also noted at 4:40 p.m. were WMAZ WAPE WMBR WVOK WDAK WSUZ WSWN and 4VEH-1035, all atop frequencies. Five veries in this week; nice letter, post card, literature from YNOL-325, letters from WRIO-1320 in Spanish, WDEA, WOTW and a letter from WKIN. CE said that he was answering reports from 1955, as old CE didn't verie. Hope DX picks up around here. I have now heard 1,002, with 755 veries. Best DX and 73s.

Fred Anderson - 1061 White Street - Barstow, California

Well, two years' dues on way to Pop. So will put me up to 17 years a member and the news (NRC) has I guess been sent around the world. I complete 30 years' Service 10/31 and retire. So will get more time I hope at the dials. So to DX, following logged: Start the new season. 30/9: KIOT-1310 s/on 9:00. 16/10- KVNC-1010 11:56 p.m. RS. 23/10- KREX-920 RS 7:29 p.m. EST; KKIS-990 RS 9 p.m. EST; KIDO-630 RS 9:59 p.m. 24/10- FEB Tokyo 810 under and alongside of KGO with baseball game, Giants and Japan at 11:30 p.m. EST; KDAN-790 RS and s/off 9:40. Veries in from KIOT, letter, and card from KVNC. So I guess the DX-season is on us. Say, when are we California DXers going to get together? Best of DX to all.

ALL OUR FOOTNOTE PLUGS IN THIS ISSUE ARE BEING DEVOTED TO TRYING TO GET THE ONE OR TWO WHO HAVE BEEN FORGETTING TO DOUBLE SPACE TO REMEMBER IT AND DO SO. THANKS A LOT!

Hank Wilkinson - 6620 Beeman Avenue - North Hollywood, California

Small bulletin this week and very little foreign DX news so I better do my share. My new antenna is 40 feet high but only 50 feet long. I've never DXed with an antenna this short before but it has brought amazing results in both selectivity and distance. Noise level and static has decreased from a peak on October 6th to almost perfect reception on the AM of October 24th. Signals from both the South and West of this location have been very strong with little fading - in some cases, none. The loudest Japanese stations are coming in on 670 750 830 850 870 950 1010 1090 and 1210. The loudest Chinese are on 640 700 720 840 1020 and 1100. "Radio Pyongyang"-785, very loud until daylight. VOA-Okinawa-1180, also loud every morning for the past week. A fine catch on the morning of 10/24 was "Team Radio"-1065 kc/s., Inchon, South Korea, with programs in English. Another fine catch - thanks to Clarence Freeman was the "La Voix Evangelique"-1036 kc/s., Cap Hatien, Haiti during the early evening of 10/24. In answer to Roy Hillar's challenge on a good foreign contest on the West Coast this year, how does this sound, Roy? Reports out to: "Radio Swan" KKAA HRZN TIRH YSC WIVI TGUX BED-62 KICY KIMO KNDI HJAJ TGSM "Radio Centro" (Honduras) HLKX, "La Voix Evangelique" "Radio Peking" on 840 and 1100. I understand that Clarence Freeman is doing a good job on foreign DX too Roy, so keep plugging, hi. Am now on vacation for three weeks. On December 5th I report for a month of Jury Duty in Los Angeles. I'm not doing much for Chevrolet but DXing sure is catching it. (I have forwarded much of my foreign DX doings to Fred VV. for his column for times, dates, etc.)

Kent Corson - 718 1/3 2 Street NE - Independence, Iowa

Guess it's about time I got on the stick and send in a Musing, though there's not much to report. Work and studying ~~taking~~ taking up most of the time and consequently, not getting much DXing done. Verified Radio Swan last week, along with a couple from last year on f/ups - and that's about the extent of it. Sounds like everyone has a fine time at the Convention - sorry we had to miss it. The "How to Enjoy Better DXing" is an excellent work and congrats go to Norm Maguire and all the rest who worked on it. A reminder - KOUR-1220 has r/c on the third Thursday from 1:00 to 1:30 EST, with music and IDs for the first 15 minutes, tone and ID for the second 15. Reports are most welcome and can be sent directly to me. The majority of our reports come from NRCers and I'm happy to say the quality of NRC reports has been excellent. Mail delivery of the Bulletins to Independence is rather haphazard with the October 22 issue being received on the 24th, the 15th on the 26th. If things don't shape up, looks like I'll have to pay a call on the Post Office. Guess that does it for this time - hope I'll have some DX to report soon. Getting itchy fingers.

Ev Johnson - 504 16th Street - Mendota, Illinois

DX very slow at this den, with only ten reports sent this month compared to 23 last October. 10/22 went to Berwyn Ill. to see Ray Kraul and family and had a very nice DX chat, and looked over his veries which I find some needed by me. No ETs being heard - guess they go on the air without testing, hi. Some DX since last report to bulletin are: KIRL-1070, ex-KFBI AN, XEAI-1320 like a local at 11 p.m. YNOL-825 also very strong at 10:00-10:30 p.m. Sunday they s/off at 10:30 p.m. in English. XEWW-1420 very strong at 11 p.m. XEO-970 s/off 12 midnight. Veries - what are they? Only one since 10/16, WKAM-1460. While at Ray K's house I finally caught much-needed WCRW-1240 s/on at 5 p.m. They s/on 5 p.m., till 7 p.m., a chance to log that rare one, hi! Anyone who can log ZFM-1 Bernula on 1235 should be able to log WCRW, hi! A great job done by Ray Edge, Lefty, Fred V.V. and Len K. on making fine bulletins, with help from many others. Let's have those tips for DXDD which we really need as you all can see by the last DXDD column. Guess that's about all from here and good DX and 73s.

Joseph W. Plonka - Box 27 - Champion, Alberta

Not too much DX to report, however thought I'd try to keep up my share of keeping the bulletin nice and fat during these weekly publications. Only four new stations DXed since last report. These include KGAY on 21/10 @ 9:45 EDT, KNPT on 21/10 @ 9:55, and KLIQ on 21/10 @ 10:04. On Oct. 22 @ 6:25, KMMJ, with football contest between Nebraska and Colorado. This makes a mid-afternooner for me. Rather surprised to pick it up. Also on 22/10, @ 6:37, KBLI, Blackfoot, Idaho. I hope Leo didn't mean that about the war between Indianapolis and Hamilton for the '62 Convention. Hamilton for '62! Well, that's a few lines, anyway. 73s.

REMEMBER DEADLINE IS EVERY TUESDAY. WHETHER YOU TYPE OR HAND WRITE YOUR MUSINGS REPORTS, PLEASE DON'T FORGET TO SKIP A LINE BETWEEN EACH WRITTEN LINE. THANK YOU ALL.

J. B. "Pat" Reilly - 628 Spring Street - Jamestown, New York

KLEO is the only verie back. Not too much DX this week because of a very bad cold received from raking wet leaves in yard. 10/23- CBK, WDAK and an unknown third one on 540 at 1:25 but left air before CBK signed off at 2:00. KHEY-690 sounds like AN and don't hear WTIK on 690 now. CKDM-730 announces as 10,000 watts now - is it good for contest? 960 had a slow speaking SS but no ID caught, after 2:10. Radio Reloj, 1080, very good at 2:30. 10/24- TT atop KFI at 1:29. Unknown with CHML-900 at 1:44 but CHML too strong here. Radio Reloj, 1080, a good S-6 at 1:50. KGMS-1380 S-5 here at 2:16 but unknown TT on at 2:30 and no ID after 3:20 when I quit. 10/25- Too noisy to DX, so shut off set and to bed. 10/28- KCHA-1530 f/c for Minneapolis, 1:48 and off a few minutes after 2:00. IC on 1570, on and off but no XERF heard today. Unknown on 960 with a selling marathon but never heard a call from 2:20 until after 3:00. Very noisy today. WMFJ overriding 1450 at 3:00 today. 10/29- WTIK-690 atop mess at 2:10. OC atop CKDM on 730 at 2:15 but no ID given. WDBJ-960 AN sale of cars.

Bill Davidson - 123 Asbury Avenue - Wilmore, Kentucky

Very glad to receive American Radio Relay League Radiogram from Dan Phillips, K4FNR, of Clinton, Tenn. welcoming me to NRC. Message relayed by C. W. Williams, W4KJP of Harrodsburg, Ky. Thanks, Dan. Sent my report to CJLX on the day of DX Show (Oct. 17, 1960), verie received on Saturday, Oct. 22. This was my first DX show and I was very pleased to get the verie so quickly. Radio Swan verie in today. Sked shows 6:30-7:00 p.m. for English program. For anyone who may be interested, WLAP-FM will start separate broadcasting on Sunday October 30, 1960. They are on 94.5 mg/s., Lexington, Ky. Veries in CJLX KWKH WTOP KRLD XEW WKWF and WPOM. No answer yet from ZNS. More DX next time, I hope. 73s, Hillbilly Musings from Old Kentucky.

Dennis Jarrett - RD 2 - Box 79 - Ashland, Kentucky

No veries this week, so to DX. CX are improving around sunset. 10/23- WBSC-1550 RS at 5 p.m. with Top 40 programming. WHLL-1600 s/off at 5:4 p.m., said s/on at 4:30 a.m. WSMI-1540 s/off at 6:15 p.m. On 10/25- KOMA-1520 RS at 6:45 p.m. with Top 40 sked. 10/26- WCLS-1580 RS at 6 p.m. EST, also Top 40. KREB (K-Reb)-1550 RS at 6:15 p.m. 10/27- WRAM-740 RS at 6 p.m. KCUL-1540 RS at 6:30 p.m. KRNG-740 RS at 6:45 p.m. WFLO-870 RS at 5:30 p.m. 10/28- WPGC-1580 at 5:00 p.m. WEZL-1590 at 5:05 p.m. WDVA-1250 at 5:15 p.m. WRZ-880 at 5:35 p.m. WTNC-790 at s/off 5:45 p.m. WMSJ-1480 from 5:55 to s/off at 6:00 p.m. WJAM-1310 @ 6:07 p.m. WDXI-1310 @ 6:09 p.m. WHHY-1440 @ 6:15 p.m. KLCN-910 RS at 6:25 p.m. KCLU-1590, Lefty, where is this station? (Rolla, Mo. -Ed.) I think it's new. KOLS-1570 at 6:45 p.m. s/off, first 1,000 watter from Oklahoma. As you can tell all DX at sunset. Ev Johnson, thanks for the card, a letter is on its way. Also thanks to Po, Edge on sending out the DX NEWS. He's doing a fine job. 73s.

C. M. "Stan" Stanbury II - Box 218 - Crystal Beach, Ontario

First, I certainly regretted missing the 1960 Convention. Had definitely planned to attend but absolutely nothing worked out. Maybe Hamilton in '62. Only two new domestic loggings so far, KUTT-1550 Fargo, N.D. on 9/26 ETing at 4:00 a.m. Then on 10/5 WPOW-1330 New York was heard at 4:00 s/on and I took this opportunity to report them. My goal for this season is as it was for the last year- that 400th foreign verification. Should make it this time with a good start. On 9/15 the total was 382 which has already been boosted by two. See International DX Digest for details. 73s.

Lefty Cooper - 438 East 21 Street - Brooklyn 26, New York

This may sound silly, but only three reports out in the last two weeks, and two of them were sent to Nicaraguans! The only domestic newie was WDMV-540 10/25 5:18-5:28 p.m. s/off, after s/off of semi-local WBIC. I have a new antenna - a real lulu, a wire connected to the screw on the bottom of my telephone. My lovely landlady won't let me replace the outdoor antenna that came down this spring, bless her heart. This works very well on the low end of the dial where formerly volume was negligible. The Nicaraguans reported were the one everybody is getting, YNOL-825 on 10/20 10:10-10:40 p.m., and YFDS-675 which was on AN 10/31 and as loud as WMAQ here at 2:15-2:30 a.m. A few f/ups have produced veries, mostly however, by the controversial PP card method. They are from WCHI-1350 WREB-1580 KIMN-950 CKKW-1320, and a letter from WCHP-1410 on a f/up, and a QSL card and also my report back from WDMV-540. Also a report tonight, Halloween, to Radio Swan, heard in English 6:35-6:55 p.m., thanks to the tip above from Bill Davidson as to the new time of their English transmissions. It is so much easier to report these stations when they are in your own language, like Swan and YNOL

Alex Bowab - Box 539 - Atmore, Alabama

10/23 - WAIK-1590 s/off 6:33. WAIG-1590 with new call (ex-WALB) 6:35. Successful AM 10/24 despite rough static - WJKN-1450 at 1:50 saying "WJKN now signs off for three hours in cooperation with the FCC." Wonder what that meant? Radio Centro-1030 AN. KOMO-1000 for new state, 2:09-2:40. KIRL-1070 new call letters. WSM's all AM TT was not on this AM; tried in vain to hear KKAA. Radio Novidades-1440 was on 3:10 but not at 3:45. WWVA-1170 test 3:30. WCOP-1150 AN, through bad buzz on that channel. WFBL-1390 4:21-4:30. WCUE-1150 RS 4:13. WCDL-1440 on r/c one hour earlier than listed. WMFJ-1450 NX 4:00, possibly a better catch that it seems as Don Ruland tells me their XR was blown down by Donna and they are using a makeshift antenna and cannot be heard two miles away at night. WKMC-1370 s/on 4:29 in the clear followed by another s/on one minute later, possibly WIVV. What W station had a f/c at 4:20 on 1470? 10/27-Around 5:00 p.m. WGY and several other goodies heard on car radio, for some good pre-sunset DX. No veries in, can't expect too many because I haven't sent any reports lately. Don Ruland, what is your new Kansas City address? Local WBSR-1450 has received permission to increase daytime power to 1 kw. Makes me happy as it is one of my favorite stations and the signal they put into Atmore leaves something to be desired. 73.

Ralph M. Johanns - 11 East Chippewa Street - Buffalo 3, New York

V/1 by WTRR-1470, Carroll County Broadcasting Corp., Westminster Md. for 10/17 RS report by Russell H. Morgan, VP/GM/CE. He gave no info. I believe is same man who was CE at WBMD-750 in 1951 etc. Heard 10/22: CBE-1550 AN. I don't know how often they do it, but not every night. WPTR-1540 s/on at 4:30 a.m. EST but they gave EDT; WLEE-1480 top AN (WISM poor). On 1580 was WAMB (Waynesburg) already on RS, when at 6:15 WPGC signed with 10,000 happy watts. 10/24: WEER-1570 had a m/c ending 2:02 a.m.; 1480 had WABB testing 2:05-2:45. 10/25 had WBIG AN 1470. On 1240 f/c-TT by WTAX 2:20-2:40 (listed for fourth Thursday); r/c-TT (not listed) then by KWAK 2:45-3. WKOP-1360 AN; on 960 that Mexican again sounds like XEAW or XEW. RS s/on (always 4 a.m.) WSWA. Joe Church mentions will QSL 100%. 10/26- No CBE AN; 1460 r/c WJAK had strong QRM by KSO AN. WVET-1280 AN said 60 hours continuous songs of 1960. On 1150 X--- Radio Variedades. 1340 had WUSJ TT/M 2:40-3:04 off to return at 5:30 EDT; no WOKY or WKOP AN and WKMI-1360 was tops. 10/27- 1370 m/c by WRGS at 4:30 getting strong RS QRM by WKMC Roaring Spring Pa. At 4:12 EST Florida time, WQAM-560 said past two hours were off air for maintenance; that no ID TTer continued. WEAM WKOP WCAE WEMP WWSW ANs were strong. RS s/on WFBL on 1390 and CHWO Oakville at 5 a.m. EST. Earlier nicely came r/c-TT by KRGI-1430 and an ET/M by WECT Fountain City ending at 2:15:15, then pieces of WIL AN and CKFH AN took top. I took Radio Swan-1160 for a SS program 5:40-6:04 a.m. topping WJJD. 10/28- KRLD topped 1080; WRDW-1480 already RS at 4:27; CKOC-1150 s/on 4:30; also WWHG-1320 at 4:50; took CKBB-950 for a RS report, 5:46-6:30 a.m. (I didn't get 'em when they were on 1230 kc/s. Noted Radio Swan again at 5:55 in Spanish. 10/29 had CBE AN again; that long OC on 1600 again; KPRC-950 at 2 a.m. RS; KWK/WKMI AN; Got up later and took WKBN Youngstown RS s/on 4:30-5:10 a.m. EST, to replace an old 1945 v/1. They topped WSYR. Maybe listen Monday AM a little if I don't go to Halloween Party. Thanks to Al B. for letter etc. and to Fran N. for those QT/MBs. I'm getting yours ready. Support your local Fund Drive and your NRC by sending contributions to Lefty. 73.

Ray H. Kraul - 6423 33rd Street - Berwyn, Illinois

DX is definitely on the upswing here as the noise level is on the downswing. Starting with Sunday October 23rd DX is as follows: WJCW-910 ex-WJHL RS 6:40-6:45 a.m.; WKKD-1580 RS 9:40-10 a.m. Verie back in three days for Contest Point #1. Monday October 24: KUPD-1060 AN 1:23-1:55; and KLOS-1450 f/c-TT 2:08-2:15, thanks to Ev Johnson's help. October 25th, tried twilight for a change and found CX very good: KNEK-1540 RS s/off 6:50-7:00. Tuned up to 1590 and wow! There's KCHY, 100% readable from 7:20-7:25 s/off. Thursday October 27: KCLU-1590 Rolla, Mo. RS s/off 6:20-6:30; KTER-1570 way under XERF at 6:55-7:00. Other unneeded but interesting catches at twilight were KPIK-1580, KCCR-1590, KVGB-1590, KLTR-1580, KREB-1550 very well every PM this week. KOLS-1570 was almost local strength October 28. Also heard someone s/off 1590 at 8:00 with "Eyes of Texas" - anyone know who? Even got a few veries this week - besides WKKO, I received WESM WHEN and KPOW. Mailman just brought WBTM.

WE ARE LOOKING SORT OF THIN THESE WEEKS! WON'T YOU FATTEN US UP WITH SOME REPORTS FOR THE UPCOMING WEEKLY ISSUES? AND DON'T FORGET TO DOUBLE SPACE THEM, PLEASE!

Glen Kippel - 902 South 2 Avenue - Apt. 3 - Sterling, Colorado

Hi! New address again. Am splitting costs with a couple of other guys at KOLR, for this beautiful apartment. Fireplace, patio - everything but a swimming pool! Am having a spot of trouble setting up my gear and still keeping it neat. Most of it is in the linen closet, and leads are run to a ten-inch speaker across the hall in the closet for the furnace and water heater. Has louvred, sliding doors so the sound comes right through the louvres in cool style. Here's some DX heard over at the other place, on 10/23: 11:19 p.m., YSC-1015 was 65 over S-9; TIFC-1075 39 over; TIWW-775, 40 over; YSKL-765 (?) (You sure, Dave?) 30 over at 11:24; TIW-751, 25 over 11:26; TILX-725, 40 over at 11:27; HRTV-315 weak; TIRH-975, 60 over at 11:32. Not counting YSC, the strongest LA; several IDs heard. I must take exception to Bob Kalish's comments in 10/22 Musings re DXH. Bob, you say "I just am not that eager for SSers" like as if that were all that DXH covered. How eager are you for Australians? And as far as being published once a month, the time between deadline and publication is what really counts. If NRC spent as much time in publication as most magazines, the tips would be months out-of-date, no matter how often it came out. DXH actually spends hardly more time in publication than any Club bulletin, and so news from domestic sources is fresh, providing the deadlines are followed, and foreign reports take some time in transit and a little more delay won't hurt any. Maybe if our foreign NRC members get bitten by this fetish for "real tips" they'll just quit NRC as it takes a week to a month for mailing time and then the material "is of no use." Right? Slightly old news is better than none at all, and the NNRC boys don't mind it one bit. I don't mean to call down anybody, just to make my position clear. OK?

Ken Murphy - 60 Plymouth Road - Glenbrook, Connecticut

Haven't reported for quite some time but am still DXing as time permits. Nothing real spectacular but a few new catches fairly consistantly. I logged WWRI-1450 and WWON-1240 during the hurricane to complete the State of Rhode Island in my heard log. Radio Swan heard regularly but have not reported them yet. Scores of SS stations heard but I pay them little attention as they are difficult to ID positively. Verifications since last report include: WSMN-1590, WFTC-960, WEIM-1280, KADL-1270, WLYC-1050, WWON-1240, WWRI-1450, WIL0-1570, WWML-1470, WALB-1590, WIXK-1590, KBHM-1220, KOUR-1220, (thanks, Gerry), WQXQ-1380, plus lthers. Very glad to see so many new members coming in and hope to see their results regularly. Sorry not to be at the Convention but I was up at our summer place in Vermont to bring the family back down. Ralph Sperry, will you drop me a card with your address? Have a local item you might be interested in. Best of DX to all and hope to see many good DX programs this year.

Kenneth C. Bush - 60 Grace Street - Buffalo 7, New York

Might as well go on ~~new~~ now as a backer for Mike Silbert and his enthusiasm for Hamilton in 1962. It sounds ~~quite~~ reasonable and should draw from Nova Scotia to New Jersey with no trouble. You other guys - catch a jet but get there! Very little this past week but I'm going "on" tonight around 2 a.m. Only drawback on a Sunday AM is KFI - they have a Night Owl call-in program and between listening and calling in (occasionally) it can kill one or two hours. Received my Night Owl membership card from Ben Hunter. Last time on I boosted NRC high, wide 'n' handsome. Best in recently are: New state KWYO in Sheridan, Wyo. 1410 @ 2 a.m. 10/17. WFHR, Wisconsin Rapids 1320 midnight 10/26; KIUP Durango Colo. 930 2 a.m. 10/23. Nice signal as was KHEY El Paso @ 690 and KTLN Denver @ 4:10 a.m. KJAI in Little Rock : midnight plus 19 on 1250 10/24 rounds out the best of past ten days. Alex Bowab - don't read this - if you fellows want to know a real nice Joe who writes a nice personalized verie and is interested, try to pick up the next f/c of WGEA in Deneva Ala. It's worth it. He mixes music with IDs and station info. Hit the air men!

David E. Roys - 5121 Radnor Road - Indianapolis 26, Indiana

The ANs are really making a mess of things with WMBD CJAD and my local WISH going NSP I have put these on my "list" with such others as XERF XEG KOMA WIBC etc. What next? CX have been so-so with a few adied- KXLY-920 2:00, KRKO 2:10, KUPD-1060 2:30, HJCV-1200 4:00, XEOX-1430 1:00, WKBK-1220 4:30 s/on for first N.H., KCNI-1280 f/c, KDES f/c with KELP. Sunset DX has netted KOAM-860 at 6:30, KGNC-710 at 7:15 for #4 from that city, JVGB-1590 at 7 drowning out WAKR, WHOS-800 at 5:50, WDDT-900 at 6:20. LAs good lately with PJA-5-1435 even heard with local WIRE-1430 on. Their sidebands are narrow so I can copy 1435 if WIRE doesn't modulate too high. That's about it here except for a few mediocre catches. Indianapolis '62 is the Place forYou! Naptown '62!

TOALL; Note in stating that a new list has been issued by "DX Stamp Ser-  
 vice" Weaver Road - Webster, N.Y. They can furnish stamps for most  
 any country in the world that would be the amount of an air-mail reply.  
 Any member wishing a copy, send to the above a self-addressed - stamped  
 envelope and they will receive their up to date listing.

Well lads again this issue Lefty had only 8 stencils for the Musings  
 section and Front Page-V/S page. Lefty would like to have more reports  
 for his section but wonders how it can be accomplished. Response to his  
 pleas seem to go un-heeded so wondered if making DX News publishing on-  
 ly 3 times a month would make any difference, say on the 10th - 20th and  
 30th. This is not by any means definite, but he feels that something  
 or some measures will have to be taken to get more members reports in  
 our DX News. With our number of members, it seems that we could easily  
 have 10 to 12 pages each issue. So how about more reports to Lefty????

## INTERNATIONAL DX DIGEST

Edited by Fred L. VanVoorhees, Box 132, Lemoyne, Pennsylvania, U.S.A.  
NORTH AMERICA

NICARAGUA\*-Verie letter received promptly from YNOL signed by David C. Solt, C. E. (CMS) YNX (750) Managua, logged 10/9 at 2200. Ondas de la Alegria (1145) Granada, also logged 10/9 at 2400, and I assume that this is YNBB. (CMS) Spanish speaker, vocals also in Spanish, not a word of English heard. This on 675 Kcs., signing off at 0158 in Spanish. New FBIS list shows YNDS on this frequency, so I assume it was he. (RE)

GUATEMALA\*-TGO (1140) "La Voz de las Americas", Guatemala City, logged at 0025 in the clear on 10/10, A Monday morning. (CMS) "Radio Landivar" (1183-1185) had a teen-ager dance program from 2335-2400 on 10/21. This is TGRL, Quezaltenango. (HJW) TGJ (880) Guatemala City strong S8 to 9 at 0015 on 10/24 after WCBS signed off. Marimba music to s/off at 0055. (CS) TGHB (780) "Radio Universal", heard with good signals 10/26 from 2000-2030 with bad QRM. (BD)

HAITI\*-4VEC (1035) Cap Haitien, noted signing off at 2330 on 10/23. (CMS) Logged on 10/24 from 2106-2200 weakly, but good readability with ID in English at 2200 asking for reports. Maybe this is BD's mystery. (JE) WRH says this station has been testing BCB transmitter on 1015 Kcs. This is a new 2500 watt xmtr, but it will go on 1040 when tests are completed. (WRH) A station named "Radio Caraibes" is operating on 1150 Kcs. with call 4VAB. Verifies by letter from QRA of 23 ruelle Chavannes, Port-au-Prince. (WRH)

HONDURAS\*- "Radio Centro" (865) copied from 2205-2315 on 10/21. Report out. This is HRU. (HJW)

DOMINICAN REPUBLIC\*-Verie letter received promptly from "Radio Caribe", but does not specify which transmitter is on 860. Signed by Jose Marti Otero, Presidente. (CMS)

MEXICO\*-XEQR (1030) Mexico City, in clear Monday mornings, but has anyone gotten them to verify? And how? (BD) XEAI (1320) Mexico, D. F., in strong evenings 2300 on. Report sent. (EJ) XERH (1500) Mexico, D. F., "Radio XERH" strong signal evenings. 3rd reports sent with Mexican stamps this time. (EJ) XEWW (1420) Matamoras, Tams., fine signal evenings till s/off at 2400. This station is pleased to get reports. (EJ) XEJP (1150) Mexico, D. F., is AN. Anyone have VS? Uses slogan of "Radio Variedades". (EJ)

VIRGIN ISLANDS\*-WIVI (970, x 1040) had F/C TT 2nd Sun 0200-0230 at St. Crois, Christensted. This station verified promptly. (EJ)

COSTA RICA\*-Spanish speaker on 625 Kcs. playing American recordings with some vocals which were also in Spanish. From 0200 until s/off at 0301. Signal about S7 to 8. During last 2 minutes a gong was sounded after every few words which seemed like their sign-off announcement 0259-0301, and as soon as sign-off completed, carrier pulled immediately. (RE) Ray also reports that new FBIS lists show TIRICA as the station on this frequency. Power of 6 Kw., and still "La Voz de la Victor". Has anyone else heard this one, and is the call really changed from TIDCR to TIRICA. Please check. (RE-FV)

## SOUTH AMERICA

CURACAO\*-PJC-2 (864) heard on 10/25 at 2215-2230 s/off in Dutch. Prepared card sent so hope verie will come back. (JE) (Had their own card last year and year before, fairly nice-FV)

VENEZUELA\*-YVQR (720) Cumana atop nicely at 2133-2208. Nice log and report off. Seems to give power as 1 Kw. Others often heard are YVMH (700), YVMF (1120), YVKE (1100), YVQO (650), and others. All on 10/25. (JE) YVQB (670) "Radio Sucre", Cumana, has amazing signals of late. Frequent ID. Both FBIS and WRH list for 1220. Best logging on 10/27, 1845-1915. (BD)

ARGENTINA\*-Station heard 10/9 announcing as "La Voz de Argentina" on 750 Kcs. and signing off at 2200. Anyone know Who? (CMS)

(New FBIS lists show LRA7, Cordoba on here with 50 Kw. Slogan is given as "Radio Nacional", but that is really the owner, not the slogan, and "La Voz de Argentina" would certainly fit this station-FV)

COLOMBIA\*-Report sent to HJCV (1200) in Bogota, which was heard on 9/26. ID was "Radio Popular". Nothing heard from HJAJ (750). Anyone else have better luck? HJAN (730) on 10/25 at 2200 and well atop. (JE) HJAT (1080) Barranquilla, "Radio Reloj", in strong at this den Mondays. Will verify. Sent me pennant. (EJ) HJKN (1260) Bogota, "Radio Metropolitana", also sends nice pennant. Good here Mondays. (EJ) HJDK (770) Pedellin, heard easily behind WABC on 10/23 from 2000 to 2130. (BD)

BRITISH GUIANA\*-Again this week, "Radio Demerrara" (760) Georgetown has been atop frequency and very strong during the early evening hours. Not continuously, of course, but fairly often. (BD)

## EUROPE

PORTUGAL\*-Lisbon (755) very good on 10/22, 1850-1900. Miramar (782) signs off Saturday evenings at 2000/ (BD) CSB9 (782) heard well 9/25 at 1925-2027 s/off. Lisbon (665), Coimbra (1061), Porto (1367) all heard in parallel on 9/26 0100-0200. (JE)

POLAND\*-Jumped the gun on Torun (1367). Seems it was Porto I heard, as I recognized programming and announcers when heard later. (JE)

ENGLAND\*-Verie back from BBC (881) signed by H. P. D. Bambridge, Eng. Dept. This, a letter, gives power as 100 Kw. (JE)

LUXEMBOURG\*- "Radio Luxembourg" (1439) in fair 10/16 0025-0040, report off. Does this one verify? (Always did-FV)

## ASIA (NEAR EAST)

IRAN\*-According to "Radio Iran", a new 100 Kw. BCB transmitter was started in Ahwaz on 9/27. Operates on 1390 Kcs. with schedule of 1930-1530. (WRH)

## ASIA (FAR EAST)

JAPAN\*-JORF (1480) Yokohama, logged and taped 10/24 from 0412-0500, S-4 to 7. Two very clear and positive IDs. (LLL) JOHB (1090) Sendai, S-7 to 8 at 0455 on 10/24. (HJW) JOLB (870) Fukuoka, 20 Db over S-9 at 0550 on 10/24. (HJW) JOQK (850) Niigata, S-7 to 8 at 0645 on 10/24. (HJW) JOBB (830) Osaka, a powerhouse after 0530 on 10/24. (HJW) JOIB (750) Sapporo, was S-8 at 0705 on 10/24. (HJW) JOBK (870) Osaka, was S-7 at 0710 on 10/24. (HJW)

CHINA\*- "Radio Peking" (1020) in the clear and reading S-8 at 0503 on 10/23. Heard again at 0505 on 10/24 at S-8 to 9. (HJW) "Radio Peking" (640) was S-8 at 0655 on 10/24. (HJW) Kinagsi (840) carrying "Radio Peking" broadcast from 0726-0806 on 10/24. (HJW) Shansi (1100) carrying same program at same time on same date. Both stations had signals ranging from S-7 to S-9, with few fades. (HJW)

FORMOSA\*-Chinese speaking station on this frequency (You failed to give the frequency) believed to be that of BED62, 20 Kw., Minhsiung. Heard again from 0520-0547 with a lively drama, 10/23. Very unlike mainland Chinese programs. (HJW)

SOUTH KOREA\*- "Eeam Radio" HLKX (1065) Inchon, heard from 0553-0638 on 10/24. Signals ranged from S-5 to S-8. Report out. Uses English. (HJW)

NORTH KOREA\*- "Radio Pyongyang" (785) being heard here regularly beginning at 0500 and lasting until daylight. Has varied program. Can copy. Verified several years ago. (HJW) "Radio Pyongyang" is listed as operating on 820, 1050, and 1080 with Foreign Service programs. Uses English 1800-1830 and 0830-0900. (WRH)

BRUNEI\*-Singapore Radio Weekly shows Brunei English programs at 0830-1000 on 970 and 1240 daily; and from 0700-0800 on 1100 Kcs. (WRH)

LAOS\*-A station announcing as "This is the Evacuees Radio Station" operates on 1460 Kcs. with programs in Laotian. (WRH)

MALAYA\*- "Radio Station RAAF", Malaya, operates on 1440 with a power output of 250 watts. Is on 2 hours per day, but will be extended. QRA: RAAF Public Relations Officer, Dept. of Air, Canberra, Aus.

OCEANIA

HAWAII\*-A new station has been assigned to Kailua, to operate on 1130 Kcs. with a power of 1000 watts, unlimited time and non-directional. (FCC)

MYSTERY

BD\*-Spanish speaker playing spanish-calyпсо type music on 654 Kc. during the evenings.

REPORTERS

- LLL-Leonard L. Lockwood, 516 N. Lilly Road, Olympia, Washington
- HJW-Hank Wilkinson, 6620 Beeman Avenue, North Hollywood, California.
- BD-Ben Dangerfield 3rd, 202 Governors Drive, Sproul Estates, Chester, Pa
- CS-Carroll Seth, 154 Parkridge Avenue, Buffalo 15, New York.
- RE-Ray B. Edge, 325 Shirley Avenue, Buffalo 15, New York.
- CMS-C. M. Stanbury, Box 218, Crystal Beach, Ontario, Canada.
- EJ-Everett Johnson, 504 16th Street, Mendota, Illinois.
- JE-Jim Ernst, 134 Edward Street, Halifax, Nova Scotia, Canada.
- FCC-Federal Communications Commission, Washington 25, D. C.
- WRH-Bulletin of World Radio Handbook, Hellerup 1, Denmark.

GENERAL

The latest publications of the FBIS have arrived. For the newcomers, these are log books published by the Foreign Broadcast Information Service in Washington, D. C. They are made available for sale through the Supt. of Documents, U. S. Government Printing Office, Washington 25, D. C. They are a listing of all of the broadcasting stations of the world outside the United States and are arranged in four volumes as follows:

- Part 1 Stations arranged according to Country and City.
- Part 2 Stations arranged according to Frequency. /slogan.
- Part 3 Stations arranged according to Call letters and station name or
- Part 4 FM and TV stations.

These listings cover all broadcasting stations, from 151 to 26650 Kcs. and list call letters, location, power, owner, and wave length. They can be ordered directly from the Supt. of Documents at the following prices: Parts 1, 2, and 3 are \$2.00 each. Part 4 is \$1.75. You can send your personal check.

The European Broadcasting Union has sent in a new list which brings their listing up to date as of October first, so any questions you may have concerning broadcast stations in Europe or North Africa should be answerable here. The same holds true of information in the FBIS books. If you have questions, please send them along, and we'll pass along the answers from the sources we have available.

Now, because my time is limited, and I've covered the essential items, I'll close with the hope that Ray may have something he can use to finish out the page. Back next week. 73

Guess I had my say at the bottom of DX Down the Dial, but here I would like to remind you to send your reports to the proper Editors. For US and Canadian members everything outside these 2 countries SEND to this section. DX data within the above 2 countries, send to MUSINGS Section. Both Editors have asked many times to follow this policy but yet so many of you just ignore it. So will you Cooperate from now on??

With a little more room, here again are the prices for NRC stationery.

	Letter Heads	<u>POSTPAID</u>	Report Forms (English)
100	for \$ .85	100	for \$ .95
200	for 1.60	200	for 1.80
300	for 2.20	300	for 2.50

Or 100 Letter Heads and 100 Report Forms for \$ 1.70  
Spanish Rpt Fms .02¢ each in orders of at least 25. However when ordering Spanish Forms along with other stationery, less than 25 can be had.
