Our Twenty-Eighth Season

February 25, 1961

"Thank-U" from Hank W.

"May I express my warmest thanks to all of those who have made and are now making the NRC one of the most outstanding radio clubs in the world. I sincerely hope that everyone's interest will remain at the highest peak in order for the NRC to continue to be the best in its field." -Henry J. Wilkinson, 6620 Beeman Ave., N. Hollywood, Cal.

DX CALENDAR

		Kc/s		Watts	E.S.T.		
Mon. Mar.	6	W C L D	1490	Cleveland, Mississippi	250	3:00 - 3:30 a.m.	NRC
	6	W B B K	1260	Blakely, Georgia	1,000	4:00 - 4:30 a.m.	NRC

NEW VANE A. JONES LOG IS OUT!

Issue #3 is off the press, and for the amazingly low price of \$1.00, this is truly a bargain to all BCB DXers. Stations are listed by frequency, location, and alphabetic- with also listings of FM stations by frequency, a comprehensive alphabetical list of AM-FM-TV stations in one grouping, but there are no SW listings. The address for this excellent log is: Vane A. Jones Col., 3749 North Keystone Avenue, Indianapolis 18, Indiana. You will find a very fine up-to-date piece of workmanship in this log!

THE SENDERS-IN OF VERIE SIGNERS

A - Lloyd Knapp
B - Pat Reilly
C - Hal Williams
D - Ed Satterthwaite
E - Ralph Johanns

F - George Huycke
G - Ray Kraul
H - Ev Johnson
I - Maurice Nittler

J - Leroy Schwartz
K - Glen Kreidler
L - Fran Nittler
M - Lee Fox
N - Ernie Cooper

WRITE-UPS FOR THIS MONDAY'S DX PROGRAMS ARE ON PAGE 15, except for WBMT, which is here below, since we ran out of space on Page 15. Please write to all stations on for us!

WBMT-1350 Black Mountain, N.C.

Eugene Slatkin, GM

WBMT will honor us with this 55 minute DX on 3/6. WADC and WAVY will be on unfortunately but we hope WBMT gets through them for you. Add: Box 755. WBMT is on the ABC network and is owned by Mountain View BC. Music and frequent IDs. F. NITTLER.

Joe Brauner - R. D. 1 - Smicksburg, Pennsylvania

Not much tuning, heard, to report, so few reports. New here lately, 1/20- WHEO-1270 on 5:50 s/on. 1/22- WDLR-1550 ID at 6:45 a.m. Nothing else heard through CBE (This ID heard on three successive Sundays at 6:45). 1/23- KGBS-1020 RS, readable even through KBKA's OC. Also HJAT-1080, good signal on AN show, another HJ on 1220 but no ID, and lastly WAVA-780 ~~gaxxixgaxixan~~ heard in afternoon on RS. 1/27- SSES really strong, 4WW-1325 perfectly clear at times from 8 p.m. to 11:00 s off, way over S-9 much of time. 2/9- WGAT-1050 f/c-TT as usual tone strong but IDs very hard to read. 2/11- CMGB-1580 at 7:30 p.m. 2/13- TGUX-1020 very good at times from 12:45 a.m. onward, fading, with QRM from Caracas (YVLL?). WISM-1480 s/off at 2:03 to return at 6:30 EST; XEQR-1030 apparently AN, S-9 and better; XEAK-690 strong and still going at 3:00 a.m. KUPD-1060 maybe AN also and lastly WGOG-1460 heard finally amidst heavy QRM at 4:20. Also on 2/13 KORL coming but never got in to log as WSM came on to test. Tried KNDE-1270 with same results - they were coming but in a few minutes on came KDJI to f/c with an S-9 signal. V/l's from WAXU KHAM WJCW and WMIC, card and letter from YNOL and card from 4VEH which definitely verifies 4VE as the one on 1035 and also lists 4WVI 4VEC and 4VEH, kilocycles not given. Lots of SS signals nowadays and plenty freakish DX. On 2/11 CMGB with other CM QRM on 1580, no trace of CBJ etc. CMHR on 1570, no sign of CFOR or XERF. On 2/12 CFOR like a local with no trace of SS QRM and CBJ in complete control of 1580. On 2/5 unknown YV on 1130, mentioned Maracaibo, Valencia, etc., no ID, completely covering WNEW at 8 p.m. As for DXes no luck with them to date except for a little of WGOG long after the clear period on 1460 was past, the spot being open after KIMA left the air at 3:00. No trace of CFCL and GFOX a total loss back of Mexicon, etc. Few ETs being heard. A belated thanks to the boys from Hamilton for the copy of paper, used to visit H. often years back, even shopped at that once open air market. Very interested in all the recent changes up there. 73.

David F. Gleason - 2520 Wellington Road - Cleveland Heights 18, Ohio

Hi again. DX has been fair, with exception of CX-28, one of my better to date. Veries since last report include: CHWK-dx WMDR-1460 KYND-1580 WBAZ-1550 HJAT-1080 with pennant, YNOL-825, RJR-720 WHWJ-1570 WGUY-2250, nasty letter against DXers in general, after five f/ups, KWRP-860, KMGM-730 WTIG-730 WCLI-1450 WNAV-1430 WNIL-1290 WRKT-1300 WGUS-1380 WCHB-1440 WOGA-1450 4VE-1035 WWIN-1400 WJEH-990, 250 watt AXR, WGBT-1600 WLTC-1370 KRZY-730 KPOA-650 WHOL-1600 KGGF-690 KSYD-990 WYCL-1580 KMBC-980 WIBA-1310 WDWL-1270 WOVE-1580 WLIL-730 WACL-570 WAMS-1380 KROS-1340 WTCE-990 WLBA-1580 KJET-1380 WBAM-740 WHLL-1600 WQMR-1050 WKSK-1600 WSSV-1240 WILA-1580 WROX-1450 WTWB-1570 WMBG-1480 with station history and pictures, WFOR-1450 KWAM-990 WEAG-1470 and WDWL-990 as well as ten locals. DX at twilight has been best in past weeks when these were logged: 1/22- KSYD-990 6:10, KWAM-990 6:00, KRZY-730 6:25. 1/29- WARB-730 at 6 p.m. 1/30- WMNA-730 at 5:24, WXMT-730 at 5:30, WJMW-730 at 5:55. 2/1- KSKY-660 at 8 p.m., KSEO-750 at 7:20. 2/3- WORL-950 5:15, WBZY-990 5:20, WESC-660 5:45. Night DX brought these: 1/23- CX28-1090 3:24; WIVV-1370 4:30 a.m., KEPS-1270 1:30, WDWL-1270 1:25. 2/4- WQIK-1280 5:30 a.m. 2/6- WELZ-1460 2:00 f/c, KTRH-740 3:20 test, KPAY-1060 2:52, WFUN-790 2:52, KFRE-940 2:45, WEAT-850 4:20. 2/10- KBRL-1570 6:00 a.m. f/c, WHWB-1000 6:25. 2/11- WKXJ-900 2:15 test, CBU-690 2:59. Glen Kippel, tape will be returned soon, thanks for sending it. Ed Krejny just got a verie from WLW for one of his best and still has a report out to KFI, but he is not sure if it was they, as he never hears stations that far off with such low power. Sorry, Wayne Alcott, but Ed, not Bruce is the youngest NRCer. The reason he never reports to DX NEWS is that he can't write yet, but we can hope for progress soon. Hank Tyndall, congrats on KICY. I'd be interested in knowing when you heard them and how well, as they came in here in Ausut quite well. Till next time remember, it's Hamiltonapolis for '62 and help stamp out R'M'R.

Joseph W. Plonka - Box 27 - Champion, Alberta

Well, back to the deals after six weeks' absence. Had a tragic traffic accident which fortunately claimed no lives. Lost control of my car and plunged some 150 feet down a coulee, end over end, by the way. The car was measured and found to be three feet, six inches high at the highest point. She was really flattened. I was pinned for 17 hours before discovered. It could have been five minutes, because I didn't feel too much. Last two ribs in the deal, a few lacerations, concussions, and the rest of it. I'll answer those letters Larry, Eddie, Mike, Tom, Charles, Mac (etc.) (con'd on P.4)

(Joe Plonka, com'd.) Tom Arko - what's your address? Lost it. Feb. 13, DX not bad. KDAY in at 8:17 p.m. for one of my better daytime catches. KVCV 1:10 a.m. KGON under KOMA for first time in two years loud enough to be heard. CHWK 1:50 s/off. CJDC 2:10 s/off. KQTY graveyarder, in at 2:26. KCOL over CFUN. Reports out to KCOL KDAY KBMY. No veries yet from KGU which is rather disappointing. Oh well, LBG, we can form a union. Well, that's about it. And you guys, remember, it's no place like Hamilton for '62. Right? Right! (Glad to hear you survived that crack-up, J&e! Take care of yourself! -ed.)

Ev Johnson - 504 16th Street - Mendota, Illinois

DX very slow at this den so far in February with only four needed ones heard. On the 4th I heard WSOQ-1220 North Syracuse N.Y. on test. On the 6th CX very poor so no DXes heard except KGGM and WYAL, both not needed. CJME was covered by WIRL tone distortion, which tested the whole time CJME was on. WFDR DX did not show here as channel was clear from 4:00 till 4:30 when WIVV s/on. All I heard on 620 was CKCK so no CFCL-dx. I heard the DX from WRIP with plenty of trouble from WONE AN and this morning on 1840 KCUL Fort Worth was testing 50 kw/ XR. Hoping for WKEN DX and WGOG test in the morning. Spring-like here so much static. Have gotten some veries though, ten in 12 days, namely KWSK-1570 KIZZ-1150 WCAW-680 KIXZ-940, thanks Jerry, WYAL-1280 KABQ-1350 PP card for 1959 report, KLOS-1450 PP card for 1960, KTTN-1580 KGHF-1350 PP card for 1959 report, and KFSG-1150 total now 2,103. I really enjoyed the WYAL DX with mention of all those NRC names. Sixty-three veries since Contention time at White Plains. I have sent out 88 reports since that time. Guess that's all from here, will add 13th DXes if any heard. 2/13- Reception not too bad, no luck with WKEN DX. KENO-1460 in like a local. I caught the test from WGOG-1460 Walhalla, S.C. but not until 4:19-4:25 a.m. Tried from 2 on, but nothing on. NNRC's WJWS in good, not needed. KORL-650 good even with WSM TT, announced as "Radio Coral". On 550 I heard RJR Montego Bay, Jamaica on with cricket match, also on 700 750 and 730 Radio Trinidad. On 1130 I found unneeded WDGY Minneapolis on AN. 1260 had CFRN in like a local. 1070 Santa Fe Bogota, Colombia. Two more veries today, WCKR-610 an 8 x 5 QSL card, and WSOQ-1220 v/1. All for now. 73s.

Lawrence Schwartz - 4819 Atlanta Drive - San Diego 15, California

Hi there. I'm a new member and also a new DXer. Being that this is my first report please bear with me till I get the hang of it. My DX setup is a German Telefunken and a Japanese Hitachi, nine transistor, which are hooked up to a 100 foot antenna. I have only 35 veries with 322 logged. This includes seven foreign countries (including YVOD-780 in Venezuela) and 34 states (22 verified). In the last few evenings I have received the following stations. WYDE-850 Alabama 5:40 on Feb. 11. KOAM-860 Kansas 6:00 same, KHBC Hawaii 970 2:30 Feb. 11. Feb. 12 at 3:00 I got KINY Alaska s/off and then KIMO-850 Hawaii 4:05 s/off. Some of my best veries are WLCY-1380 Florida, KSVC-980 Utah and KNAK-1280 Utah. Does anyone know if the following stations verify? KREO KTHH KWFT KONO KFYO CJOC and KFXD. Feb. 12 while DXing noticed a station on 800. It was playing Rock 'n' Roll songs (slow one) and gave the time as 4:40, the time here was 11:40 PST (2:40 a.m. EST). According to my books and charts the only one in that time zone is PRA2 in Brazil, but the DJ spoke in English, help anyone? On 2/13 I got the VOA in Okinawa-1180 (are there any CL) and JOBB-830 in Osaka, Japan. Does anyone have a way of understanding Japanese so I can verify it? Also in the 13th was KJIM-870 at 7:50 a.m. and WMT-600 6:00 s/on. Well, I hope I didn't mess this issue up too much. Thanks for reading anyway, ha, and 73 to all and to all good DXing. (Welcome to NRC, Lawrence, and we hope you'll report our way often! -ed.)

Maurice W. Nittler - 3663 South Clarkson - Englewood, Colorado

Odds and ends gleaned from the DX dials this week: 2/6, static very bad here with temperature at high level for this time of year. DX programs all lost here due to this. Did send tentative to WYAL-1280 for their RS DX program. KCOH-1430 RS 5:32. KREH-900 heard on their r/c as listed. KAYS-1400 logged on a f/c at 6:30 with TT. No DXing since due to busy week of Jaycee activities. Veries in this week are: mimeo card from WHBQ-560 KBBS-1450 KAYS-1400 and surprise with nice letter in English from TGUX-1020 for 1/2/61 report. Total now is 1,772 so am gradually edging towards 1800. Talked to manager of KBZZ-1400 yesterday and he was very satisfied with results of their DX show. They received eight reports from New Zealand and got our very well throughout the West. Wants to run one again next year. Everyone have a satisfactory Washington's Birthday!

Sam A. McLaughlan - P.O. Box 26 - Gatineau, Quebec

Not too much DX to report lately. Lust KTOE in Mankato, Minn. on 1420 with a special program on Monday, 1/30. Was trying for CJMT DX at the time but I don't think they were on. KTOE was asking for phone calls collect from listeners over 700 miles away. Yours truly gave them a call but I was too sleepy to remember much of the conversation. They were asking for calls especially from Idaho and Florida. Where were you, Larry Stutzman? Hi. If the CFOX DX program didn't come in too well in your location, it may be because their antenna is directional. We are only about 110 miles West of Point Claire, yet their signal was under the level of XESM on 1470. Thanks to Ev Johnson and Alex Bowab for WGUS tip. Thought it might have been an Augusta station but couldn't find any on 1380. No verie yet, though. Finally a few words for those Canadian members who can't find anything wrong with the Canadian Bureau of Broadcast Governors (BBG) and CBC. If the listeners don't like rock'n'roll stations like CKOY and CKGM these stations would be out of business. Secondly if the BBG wants to encourage well balanced programming such as that of CFRA and CFRB, why didn't these stations get the permits for TV stations in Ottawa and Toronto respectively? Instead they were given to groups heavily financed with British capital, and also having (in my opinion) no small amount of political influence. Lastly why should the BCB be government subsidized (with my money and yours) when only about 10% of the listening audience listen to their radio stations? You American fellows should also see some of the poor TV programs produced by the CBC. Fire away fellows, I'm ready for the rotten eggs and tomatoes. OK you New Yorkers, how about shipping some snow up this way? We have less than a foot on the ground, and I can't remember shovelling the driveway here in the last month. If we don't get some more before spring, we will be really be sorry this summer, as the water table is getting lower and lower. Don't forget, HAMILTON in '62. 73s.

Glen Kreidler - 314 South 24 Street - Allentown, Pennsylvania

Hi all. Thought I'd hold up the end for East-Central Pennsylvania. Glad to see the bulletin packed with reports - 'bout time I reported. Thanks for all the letters; hope to answer them some year, hi. Thanks for the imported merchandise Stan, sorry I didn't get around to a thank you card. Hope '61 is a good year for everyone; it sure has been here. DXing is beautiful, the veries now have broken the 500 mark with one to the good, 501 to be exact. KTOE WARK CFOX-dx in today. Today also brought the first K call coverage map, KTOE's, to paste on the wall, bringing the total to 35. Most recently DXing as follows. The 29th of January brought in WHEF neck and neck with WXYZ on RS, CKOE-1150 @ 1:04 on RS to top channel. I believe the best DXing here was on the 6th, a Monday. WHEC-1460 Rochester on 12:55 a.m. s/off, WMID-1340 RS Atlantic City 12:30, seemed AN as was WFPG-1450 but unneeded, WARK-1490 Hagerstown, Md. AN sked, WISM-1480 Madison and WWWW-1520 tentative s/off at 1:59, KWCB-1300 Searcy ET 1:47, WDIG seemed to s/off @ 2:28; WMBM IDing as "Fun Radio in Miami", faint at 2:43, and best catch in almost two years was the s/off of KROP-1300 @ 3:00. CFOX DX heard with trouble from WMBD-1470 - 3:35. WQIK-1280 s/on 4:00, and WYAL DX heard at same time; KTOE RS AN, and WRVK Mount Vernon, Ky. on their 4:30 s/on. Congrats to Bob Kalish on his KXOA catch and most of the rest should have a pat on the back - the DXing is really great! Last station heard was WAVA, ex-WARL on their NX on the 16th. Hope they verie as the old WARL never veried any of my reports. I was sorry I missed the WKEN DX on the 13th - I need them badly. Keep up the good DXing, and AMARILLO in '61!

Bob Easterly - Route 3 - Billings, Montana

Greetings from the "Treasure State." It's been a while since I've written a Dusing as I'm finally getting settled here in Montana. DX here is really great! I guess my best DX to date is KING-850 in Hilo, Hawaii. KOA was off and they came booming in. WABC WBZ and WJR really come in loud here, as I never could get them in the mountains down in Colorado. Daytime DX here isn't much - I get KPOW-1260, Powell, Wyo. and KFBB-1310 in Great Falls, Mont. in addition to the Billings stations KURL KGHL KOYN KOOK and KEMY. I finally got a verie from KGHL-790, Billings, after I got here. It was a PP card and v/s was Donald M. Gay, PD. Other DX is as follows; KOMA KRAK KMOX KOA WCCO XELO KOB XEAK WMAQ KFI KMBC WGN KCBS WSB WLS KDKA WHO KQEO KIOA KIMN KREM KOMO CHQM WSM WLW and KABC. Most of these are 50 kilowatters and will get down to DX when most of them are logged. The NRC DX calendar looks good and will try to get a couple more of the programs. I hope DX is as good with the rest of you as it is with me. 73s and keep up the good work!

NO PLACE CAN HOLD A CANDLE TO THE FAMOUS TEXAS PANHANDLE. AMARILLO HERE WE COME!

Hank Wilkinson - 6620 Beeman Avenue - North Hollywood, California

Reception CX have been very poor from January 28th to February 12th. In fact, I haven't logged a new station since late December. The noise level has been so high that I feel the sun spot count must be going upwards instead of downwards as so many people claim. The West and East opened up on the morning of February 13th and I heard 12 Asian stations. I was able to log JOBR-1140, Kyoto, from 5:33 to 6:08 for a new Japanese station. There was some interference from WRVA and KLPR but not enough to prevent a good logging. Southern signals were fair on the evening of 2/12/61 but nothing to rave about. Verie in from YSKL-765 "Radio Universal" on reports of November 10th and 12th, 1960. TSKL operates with 5 kw. from 6:00 a.m. to midnight and with 500 watts from midnight to 6:00, their time. They either own or operate YSCF-1150 "Ondas Orientales", San Miguel and YSLA-1330, "Radio Musical", Santa Ana, El Salvador. A verie in from HCJB-700, Quito, Ecuador, for country #38 for me from California. They verified on a report of December 20th, 1960. To say the least I am very disappointed in the handling of my order for the new edition of WRH with Gilfer Associates. I sent them a check for \$2.75 on December 10th, 1960 as the publication release date was on the 15th of December. Since the latter part of December I have written to them three (3) times and on 2/10/61 I received a card saying that my copy will be mailed from Denmark. I hope I get my copy before the season is over. By the way, the New Zealand Radio DX League will be publishing an Asian Log in May. Are there any members who would like one of these? If so, please write. The cost will probably be 50¢ plus postage.

C. Wayne Alcott - 125 Hill Street - Hampton, Virginia

Wake up! I've got some mysteries for you guys to figure out! 1/4/61, heard at twilight, WJSQ (?) on approximately 1580 playing R'n'R music - who? 1/2- Heard from 4:15 to 4:30 a.m., a SS station on approximately 1480 playing English R'n'R records, and had Spanish announcements - who? 1/28 (a Saturday), heard tone on approximately 1070 a little before and after 1:45 a.m. w who? 1/28 during the day heard a station ID that sounded like WLAD on approximately 1480 with the Johnny Wilson show. It can't be WLAD, because they're on 800 - anybody know who? DX: Total ECB stations logged is now 355 - hope to have 400 soon. New loggings: 1/26- WKIS-740 Florida. 1/27- WGR-550 New York; WSJS-600 North Carolina; WMMN-920 West Virginia. 1/28, found the following between 1:30 and 3:30 a.m. WELO-580 Mississippi; KXOK-630 Missouri; WKTY-580 Wisconsin; CKAC-730 Quebec; VP4RD-730 "Radio Trinidad" Trinidad; KBIM-910 New Mexico (f/c-TT); WTTM-920 New Jersey s/off 2:05 a.m., KEXO-1230 Colorado (f/c-TT); KSNY-1450 Texas (f/c-TT); KSO-1460 Iowa; KGHM-1470 Missouri (f/c-TT); WHOM-1480 New York; WISL-1480 Pennsylvania. 1/31, found WPME-1540 Pennsylvania. 2/3 heard KLIF-1190 Texas (twilight). 2/4, got the following between 2:30 and 5:00 a.m., WDEO-580 Florida; WSLS-610 Virginia KOAM-860 Kansas; WHGR-1290 Michigan (f/c-TT); WGHM-1370 Michigan (f/c-TT); WANY-1390 Kentucky (f/c-TT); WFUR-1570 Michigan (f/c-TT); During the day found WNYC-330 New York. 2/11- Found these: XERPM-660 Mexico; WBAA-920 Indiana; KTHS-1090 Arkansas; WEAT-950 Florida. 2/12, found CMBL-860 Cuba; XEFB-630 Nuevo Leon; XELA-830 D.F. 2/13, found ~~Six new stations~~ WADE-1210 North Carolina at 8 a.m. In January I found 86 new stations and so far in February I've found 17. Is the Van Jones Log out yet? How much does the one cost that's supposed to have stations by frequency, call and state? Well, that's all for this week. 73s.

Dan Phillips - 416 Douglas Lane - Route 3 - Clinton, Tennessee

Hi fellow NRCers - DX has been fairly good here when I had time to DX and have added a few new stations to my log. Was very happy to receive the new Jones Log and it is by far the best AM log available. Do wonder why one station on each frequency is underlined though - does anyone know? Latest veries in from WELM WDOB WHLO WCHS KNBC and KLCN after waiting over a year. Have about ten reports out and hope to collect a few more veries this year. It looks like summer is coming early and if it continues like it is now then DX will be shot. Already have noticed quite a bit of static. New stations heard are: Jan. 27- KTOK-1000 logged under WCFL for a much-wanted station. This was at 6:39 p.m. Jan. 28- WKDL-1600 Clarksdale Miss/ s/off 6:15 p.m. Jan. 29- WJAZ-960 Albany, Ga. s/on 5:02, and also who is "Radio Reloj" (Cuban) on 960 kc/s. about 5:30 Sundays? Feb. 13- Nice DX with CX favoring the North. Logged WCMW-1060 and WHFB both at 5:15 and report sent to both, then WLDS Jacksonville, Ill. under WHAM at 6:07 followed by best catch, WIND-560 at 6:15-6:30. Have been after this station for two years. Feb. 18- WMBD-1470 and WONE-980 reports went from 1:00 to 1:30. That's it from here - best DX to everyone.

George Greene - 1527 Sunset Avenue - Akron 19, Ohio

Hi all! HAMILTON in '62! The band is wide openright now as I write this. All of New York, Chicago, and the South. New stations are: 2/9- WXGI-950, WCHS-580. 2/11- WCSC-1390. 2/13- WHKY-1290 WMBR-1460 WDBJ-960 WSAY-1370 WCAW-680. Veries are back from CFCO-630 only. Reports out to: KNX-1070 KLCN-910 and WCHS-580. KLEN's report is the second f/up, a BP card is enclosed with it. KNX's is the first f/up. WCHS's is a new report. On 2/9 I heard WXGI on 950 over the WWJ/WBBF mess. Also I got WCHS but not very well. On 2/13 WCHS was in better. I got WCSC-1390 in Charleston, S.C. over WWOD on 2/11. On Monday AM 2/13, I was DXing at night. I heard the s/on of WHKY-1290, also WMBR-1460 over CJNB, who must be on all the time. Yesterday I also got WSAY over the usual WSPD-1370. On top of WAKR's permanent hetrodyne was WCAW-680. They were way above the hetrodyne most of the time with r'n'r. CFCO-630 sent a fine veries today. It tells a lot of facts about the station. Last week I sent in a short list of v/s. I'll send in a group more after I get several. Also I sent in some information for DXDD. It was the s/off's of the St. Petersburg/Tampa area stations and one Akron station. I excluded the daytime and AN stations. There were several daytimes and two ANs, WLCY and WSUN. This week I have no v/s. Also I have included all the s/on times of the St. Petersburg/Tampa, except ANs, in this week's DXDD. WHLO and WCUE from Akron also. A change is made from last week's list also. Also I doubt if one of my last week's questions was too clear. What I wanted to know was why, if the daytime and other pattern-changing stations did so 30 or 45 minutes later, why did WLCY do it only 15 minutes later? My other question was wanting to know if anyone has ever heard WBBF-1450 in Cartersville, Ga.? If you have, please write me as I would be very interested. By the time you read this I will have returned from a vacation in Georgia. I had hoped to hear many more Florida, Alabama, Louisiana, and Mississippi stations. especially Mississippi, as I don't have that state. I will tell the results in two weeks. I won't have a Musing in next week as I will be there. More in two weeks. Remember, HAMILTON in '62! 73s to all.

Leo Fox - Box 68 - Star City, Saskatchewan

Hi thar. DX: 1/14- XEW-900 7:45 a.m., CBE-1550 8:05. 1/16- KBZZ-1400 DX, tuned in 3:06-3:25. 1/17- XENK-620 midnight. 1/21- CMCD-760 12:15-12:33 a.m. 1/22- KJLT-970 on ET/TT 1:45-1:49. 1/24- XELA under WCCO 12:12 a.m. 1/26- KHOW-630 1:00 ID, NX spot. KGGM-610 1:05 (Made it for the DX, too.) 2/2- KRGI-1430 10:30 p.m., KNDC-1490 11:05 p.m. CHQM-1320 12:32 a.m. on 2/3. Also 2/3 KAYL-990 1:16-1:45 on a TT, five minute IDs. XECL-990 1:30-2:05 a.m. ID "Radio Mexicalo", played Hit Paraders in English. 2/4- KICN-710 3:25 a.m., KHEY-690 3:35, CMCU-660 3:45 a.m. 2/13: KXXX-790 on an ET-TT 12:10 on; KFRC-610, several IDs, around 12:25 a.m., KRAM-920 12:46, two IDs, playing pops. CKOK-800 s/off 1:05 a.m., WQIK-1280 s/on 2:00 for #3 Florida. Now to important things, hi. (1)- No more chain letters, please. (2) Everybody make a special effort to get WGEA-1150 (please.) (3) Mystery: 610 TT all this AM (2/13). (4) Mystery: #2: Was KORL-650 on this AM (2/13)? (5) Mark Dinning's "Top 40, News, Weather and Soorts" records the plight of us "schoolboy DXers." (6) Welcome to all the new Camuck members John Oldfield, T. Devereux, Bryan Wilson, John La Porte; welcome back Merv. Joe, where are you? (7) Glen Kippel, don't let Fran Nitler scare you with his morbid stories about DJs, hi. (8) Am compiling a KGBT survey. Who has 'em? Veried? (9) Cheerio and HAMILTON '62. 73s. PS- Don't get me wrong about those electronics publications. It's the list, not the publications, that is FREE. (10) Oh yass, CFCW is now 790. Au revoir, 73s again. More next week. (Are your times MST, Leo? -ed.)

James A. Lee - 901 Silver Lane - Omaha 10, Nebraska

Greetings from the land of line noise. The power company fixed some of my trouble, but I still have some of that #?X% noise on my set. Since buying a Citizens' Band transceiver, I haven't done much DXing. But I did log a few, which are: KJAY-1440 2/3, KSKY-660 2/3 s/off, KNUZ-1230 1/6, WHHM-1340 2/6, KBTO-1360 1/28 ET, WTJS-1390 2/8, KBZZ-1400 1/16, KOIS-1570 2/8 s/off. Veries in are KOLS, very nice letter stating they will have test with 1,000 cycle tone and station ID by Herb Albright. Test will be held either Feb. 13 or Feb. 20. They hold their test the closest onday to the 15th. Time, 6:45-7:00 a.m. Manager asked me to inform club members and to ask them to send in reports. They will verify all reports and they should be sent to L.L. Gaffaney. Other veries are WHLO KIOA KNUZ WTJH WHHM KBTO WTJS KBZZ KLO. Manager of KOOO-1420 is going to call me when they have their frequency test, so don't know if I can relay the info quick enough. That's all my gab for now, so 73s.

David E. Roys - 5121 Rednor Road - Indianapolis 26, Indiana

Hi. Me again (yucch.) CX haven't been so good here recently with static level high frequently. As a matter of fact, it has been rather high this year probably due to the unsettled sunspot CX. Oh well, as they used to say in Brooklyn, "Wait'll next year!" I still have hopes of an Aussie or Zedder or so before the season is out. The one on 820 will be shot if HJED-820 keeps s/on at 5:30. I am quite sure of Radio Ap-
 inte on 820 as I have their ID on tape. I believe there are a few HO fans out there. Two of us are at it here in Naptown. Some of you have been asking about wave traps. I have been experimenting with them for several years and have come up with a design I believe best. I use a 12" x 7" x 4" aluminum case. I mount the components on a shelf of 1/4" plastic or other insulating material. This sheet is mounted 1 1/2-2" off the floor of the case. I use two parallel wave traps in series. For coils I use Miller #200, as they are the highest "Q" I can find. I place the coils on the 11" x 6" insulated sheet in a "T" formation, with each coil at one end of the sheet. Two 15-365 mmf. capacitors are placed near the coils and insulated extension shafts connected to dials on the front of the case. This trap is very effective in getting rid of spurious responses. It also affords gain by tuning your antenna. Now to DX (?).
 On 2/13, KFSD-600 at 3:00. WMBR-1460 at 5:12, WHLD-1270 at 5:31, WESN-1550 @ 5:58. 2/14- WBOB-1360, KCHR-1350 f/cs, WEZB-1220 TT @ 4:20. 2/16- KFSC-1220 f/c, WDUX-800 @ 6:10, KCLU-1590 at 6:45, KDEX-1590 @ 6:48 a.m. 2/17- KBUR-1490 TT. That's it for this week, so 74s (just a wee bit better than 73s.) INDIANAPOLIS '62!

Hal Robie - 351 South Street - Medfield, Massachusetts

I think you may be interested in the following letter which comes from Honduras, one of the Central American countries which is reportedly filled with pro-Castro sympathizers, infiltrated by spies, and at the same time a haven for Cuban refugees. As a result of using an NRC Spanish Form Letter (modified to report a SW station) I received a very prompt reply from HRQ, San Pedro Sula, on 6,125 kc/s. The QSL card was in Spanish, and the letter in English is quoted. "Dear Sir: Thanks very much for your DX dated Jan. 23, 1961, reporting this Radio Station H.R.Q. Radio Suyapa. It must be very interesting to belong to the National Radio Club mentioned in your letter. I would like you to write to the N.R.C. asking if it is possible for me to be honored belonging to this nice organization. About me, let me say I am a Cuban radio announcer who is working in H.R.Q. in Honduras C.A. after escaping from the Castro Communist regime with my wife and son. I am working in H.R.Q. since Dec. first 1960, and before I was in Radio America H.R.L.P. in Tegucigalpa, D.C. Enclosed you will find a card from the station who confirms your reception. Hope you let me hear from you again some time. Thanks for your writing. A Cuban friend," (signed). His address is Mr. Richard Pedraza, Emisora H.R.Q., Radio Suyapa, San Pedro Sula, Honduras. World Radio Handbook also lists an outlet for HRQ on 1250 kc/s. operating from 7:00 a.m. to midnight EST. I'm sure Mr. Pedraza would be glad to confirm correct reception reports. I think he might also like a sample copy of the bulletin as well as membership information. If there is a charge for the sample bulletin please let me know. (Thanks for this tip, Hal, and there is no charge for the sample DX NEWS - only to those reading about NRC in various magazine articles -ed.)

Kermit Geary - R.D. 2 - Box 298 - Walnutport, Pennsylvania

Recent domestic loggings as follows: 1/18- WAIK-1590 5:48-6:00 p.m. s/off. 1/22- WANS. 1280 4:59 s/on to 5:57 a.m.; WYAL-1280, 6:45 s/on to 6:56 a.m. (also reported on NRC dedication on 2/6); and WENN-1320, 7:15 to 7:25 a.m. 1/23- KUPD-1060 2:45-3:35 a.m. 1/28- KCLN-1390, 1:29 to 1:36 a.m. f/c-TT; WBPB-1580, 5:15 to 5:26 p.m., and WZRO-1010 5:34 to 5:45 p.m. s/off. 1/30- WGHM-1150, 4:20 to 4:27 p.m. s/off and WIRV-1550, 5:03 to 5:30 p.m. 1/31- WINY-1350, 4:30 to 4:45 p.m. s/off. 2/3- WNUE-950 2:31 to 2:48 a. n. f/c-TT. 2/5- WJCW-910, 6:30 s/on to 6:42 a.m.; WCOW-1290 7:04 s/on to 7:20 a.m.; WMHI-1370 7:28 s/on to 7:38 a.m., and WSUZ-800, 5:54 to 6:15 p.m. s/off. 2/13- KZON-1190, 1:20 to 2:00 a.m. s/off; KNDI-1270, 3:03 to 3:30 a.m., KOHO-1170 3:30 to 3:50 a. m. and WGOG-1460, 4:15 to 4:29 a.m. test. Interesting reception while logging KNDI on 1270 kc/s. - made a simultaneous logging of Brazil on same frequency by alternately switching from SE to NW antenna. Both had the same signal level on their respective antennas but did not interfere due to the directionality of the antennas. Veries have arrived from CBN KIRL KMGM KORL KYND WAAT WATV WBPB WAIK WCOW WEZJ WGRC WINY WIRV WJCW WMHI WMIC WREO WRFB WRKT WSOQ WYAL WYSH. Many thanks to Dan Phillips for the fine WYS v/1 and coverage map. WMHI verie mentioned an NRC Special DX on Monday 2/20 at 4:00 a.m., but no notice in DX NEWS. 73 and good DX. (Res-et for 3/6, Kem -ed.)

Roy H. Millar - P.O. Box 778 - Bellevue, Washington

Hello! DX by date: Feb. 6th- No CJME-, 300 DX heard, but unID W call, apparent test at 3:10 a.m. on 1300; no WFDR-1370 DX heard, but WIVV s/on 4:30 a.m., rough and KRKO on 1380. Feb. 10th- KAKC-970 ID on AN program, 4:58 a.m. Feb. 12th- "Radio Peking" 1040 weak 7:15-8:30 a.m., not 100% sure of ID, but believe Shanghai XR. Feb. 13th- Tentative to CKCL-600 DX on tone and ID at 3:35 a.m., fingers crossed! No luck on the badly wanted WKEN-1600 BX. In fact, no IDifiable signal on 1600 during 3:55-6:10 a.m. recording period. Feb. 14th- Noted KMPC-710 on AN this Tuesday morning; new silent period, when? Feb. 15th- And who was TTing on 700 kc/s. almost even with WLW, breaks at 4:30 and 4:35 a.m.? JBC perhaps, as they were heard to s/on at 5:00 a.m. Feb. 16th- Another mystery, but at least tentatively IDed as 4ZA-820; three tone gong (possibly B-Eb-F#) at 4:59 a.m., six tones and chime at 5:00 a.m.; three tone gong (possibly E-C-G) and apparent commercial advertising at 6:00 a.m. lead to this tentative ID. Not sure of language at 5:00 a.m. but definitely English at 6:00 a.m., and doesn't sound at all like the ABC's 2GL which has been heard frequently. Veries: VOA-1180 direct from station manager at Okinawa for first Asian verie of this season; KTOE-1420; WKCW-1420. These 1420 veries run verified total on 1420 to 25 for 29 logged, including the unverified 2AP of last season. This 25 verified is high for any frequency other than grave-yeard here, although 1420 rates only third in logged totals. CMCG is another of the logged, but unverified 1420s. Nice going H.T. on KICY and all states again! '61 WRH at hand now, also album of Anthems of LA which could help me in IDing some of these LAs. For anyone interested, this is a 33 1/3 12" record by Montilla Records, 131 East 23rd Street, New York, N.Y., album FM-95, \$3.95, and apparently not distributed in the Far West. 73.

Ralph M. Johanns - 11 East Chippewa Street - Buffalo 3, New York

Received special QSL NRC card by KBON-1490, World Insurance Bldg. Omaha 2, Neb. for 2/13 AN report; v/c fill-in by KLCN-910, Arkansas' oldest station, Blytheville, dated 2/3 mailed the 13th for 3/5/58 mailed to old address, but no reply for 12/3/60 report. A 3¢ card with big rubber stamp, WJUD Radio, 1363 W. Parks Road., St. Johns, Mich. mentions test is first Saturday, Feb. sked 7:30-8:15, March 6:45-6:45, DA 1 kw. N/S, sends 73 to Katz K2EWB (maybe amateur?). From WRVA-1140 W.R. Bishop sends interesting booklet of 35 years' WRVA history. V/1, cover ge map and big folder of 50/10 kw. modernization of WTOP-1500, CBS by Washington Post at Broadcast House, Washington 16, D.C., the 10 kw. is used for Conelrad, their XR towers (3) 350' high, U-4, each with 186 radials 260' long for ground gives extended U.S. and several overseas coverage. No sked given but had a 5:20 a.m. s/on. V/1 by "Quint" KWNT-1580 1019 Mound St., Davenport, Ia. heard 7-7:17 a.m. 2/13 RS "New peoples" and Jack Highberger is GM, now have a permanent 6 a.m. CST s/on with 5:30 off in February, for March off 6:15 CST. V/1 and photostat coverage map from old 1340 kc/s., now 680, CJOB (since 1957) Lindsay Bldg. in Winnepeg 2, Man. is 10 kw. day then 2,500 night due North, sked is 24 hours with maybe once in three months off a couple hours for antenna check, they just got a second report from Sweden. V/1 WCAL-770 St. Olaf College, Northfield, Minn. has no f/c, runs CST except May to Labor Day CDT, daily 6-10:30 a.m., Sunday till SS, the University KUOM share station is 10:30 a.m. CST to SS. WCAL opened in November 1918 with call 9AMH, later to 9YAJ, in 1932 to WCAL, since 1927 shares with KUOM. 2/19 had to take 1390 again, WEAM AN got topped by WRIV s/on 6 a.m. with WQIC poor second till s/on by WKIC 3:27 ending 6:40 when WBNY-1400 put OC on. On 1600 SSB at 6:50 a.m. WEZN till s/on 6:59 by WHRV, then CHVC with OC at 7:02 ends it. On 1490 was RS by CKEM at 7:44 and WBTA s/on 7:58 ends it. On 1250 CHVO had a Japanese program going; WWHG was good on 1320; WSAY topped 1370, CKPC on 1380, all RS after 8 a.m. 2/13, took WLTC-1370 through WSPD AN 5:15-5:3 a.m. 2/16 got WSOR-1480, Norman J. Bernstein GM, Tobacco Valley BC, 113 Pequonock Ave Windsor, Conn. with ET engineering test 3:26-3:44 with WCIN f/c-TT running through WEDW to 4:10 a.m. 2/16- r/c-TT by W DAR-1350 till WORK s/on at 5 a.m., then got CFAB Windsor N.S. 5:29-5:44 a.m., program from CKEN. Both have simultaneous program. 73.

Neil Eubanks - 2902 Monroe - Amarillo, Texas

Well here goes for another issue. Since last issue I have logged these stations: 2/10 WCBS New York, CFRN Edmonton, Alta., KOFO Ottawa Kan. f/c, KXGO Fargo, N.D., WCGO Chicago Heights, Ill., KRAC Alamogordo, N.M. 2/11- KHEM Big Spring, Tex. 2/12- KAPB Marksville, La., WOOF Dothan, Ala. 2/13- KOOL Phoenix, Ariz., WEBC Duluth, Minn., KMHL Marshall, Minn f/c., KIOX Bay City, Tex. and finally WDAY Fargo. Total logged to date is 426. I haven't had much time to DX due to numerous basketball trips. That's about it from here this trip, so I'll part with 73s and hope you all have good DX.

Francis H. Nittler - 2634 South Josephine Street - Denver 10, Col.

The only time I turned my set on all week was Monday 2/13. Again, none of the DX programs heard with noise level very high again but did manage to add three new ones so no complaints. 2:07-2:15 surprised to add WGGO-1590 Salamanca, N.Y. on r/c over WAKR/XEMC at times and code IDs really helped. 3:30-4:45 added WHHM-1340 Memphis on AN show with regular ANs KORK KSET KDUB apparently all off for once and think KORK has quit ANing altogether, at least on Mondays. Third new catch was WQIK-1280 Jacksonville on RS 5:00-5:10 mostly over ANer KNAK for another surprise. Some other loggings Monday that were not needed are: r/cs of KMHL KDEN WGGO KDJI KATL heard. WMED-1470 ANing so not off Mondays as stated in earlier bulletins. KDUB-1340 TT 4-4:15 and off RS AN show as mentioned above. WAVE-970 ET/OC/ID at 3:13; KLOS-1450 off AN show at 4:00. KGHF-1350 ET/M 5:14-5:25. WIVI-970 good at 4:37. My brother logged one Monday morning I could use and that was KLYQ-980 new Hamilton, Mont. station on ET but somehow or another I managed to miss them. No veries at all this week until today when I got three. A letter special delivery no less from XEDX-1010 Ensenada saying show I heard on 2/5 was celebration in which they selected the queen for their Mardi Gras and that they were on until 5:00 PST that Sunday morning with a remote broadcast. Then got QSL card from WIVI-970 for new country verified and postcard back already from WGGO-1590. XEDX-1010 power is 500 days, 250 nights. Congrats to Jim Ernst on hearing the KBZZ-dx 1400 and also to someone in Toronto. Is that you Bill? Anyhow, KBZZ quite satisfied with their DX program as they got these two good reports plus eight correct reports from New Zealand. Who says DX programs can't get out anymore, hi? No sign of WKEN-1600 DX Monday but someone on with OC most of the time. WJWS-1370 DX not heard despite clear frequency. WBLA-1440 Elizabethtown, N.C. says they are unable to put on a DX program for the NRC but at least they answered. A big hearty welcome to Frank Williams of Lynwood, Calif. who just joined the NRC and found out about our Club through the KBZZ DX program. 73s.

Ray H. Kraul - 6423 33rd Street - Berwyn, Illinois

Greatest news of the DX season! Jones Log came in the mail yesterday and although it was a two year wait I have to say it's up to date and worth every bit of \$1. Now the trick is to keep it up to date through DX NEWS. As far as DX, Specials just aren't making it here. Too bad as there are some real good catches to be had anyway. Sunday 2/12: Finally got WFRL-1570 RS to s/off 6:05-6:15 through WBEE. Verie says application in for 5 kw. with protection of WBEE - may have gotten them just in time! On Monday 2/13- Heard what sounded like WMID-1340 s/off at 2:00; then turned to 1450 to hear WFPG s/off at 2:02. Next heard was KMIN-980 on r/c 2:15-2:25. Finally WQXI-790 TT 2:28-2:35. Did not listen earnestly the rest of the week. Heard TT activity but none IDed. Veries in are letters from WFRL WHLO KUSD CKPR, QSL from WETT, and PP cards from f/ups from WCED and WFRA both on their Hunters' Specials. Hope everyone gives the Jones Log a good look.

Harv Epton - Box 4 - St. Patrice de Beaurivage, Quebec

Hi again. Veries received WIRC WHSC (signed my report and returned it), VOUA with 50 watts of pulsing power; WLAP and WLEE who shares time with WBEL on Sundays. DX by dateline: Feb. 13 netted CFOX-1470 @ 12:01 to 12:10 a.m. s/off, WKBN-570 @ 12:30 with heavy interference from WMCA. A good catch on 1450 @ 1:12 was WFPG Atlantic City and at 1:45 KFAR Fairbanks-680 came through with a weak signal, for my first Alaskan. At 3:17 WSOR-1480 in Windsor, Conn. doing an ET/TT/V. This is a new AM station. CKCL-600 in the clear @ 3:30 with their DX show, and at 4:05 Aurora Borealis s/on and band went completely dead. I have a small gripe - why do some members say "I've got so and so number of states verified and Canada"? Take a good look at those maps chaps - we have ten Big Provinces and there are not too many with ten verified. What say we keep it on an even basis. Welcome to Vic Miglievich, John Oldfield and T. Devereux. Guess that's it. 73s et bon DX.

Douglas Murray - 277 Portland Street - Dartmouth, Nova Scotia

DX fair here although Jim is having difficulties, hi. South coming in past week in contrast to strong West and East skip last week. As for DX, logged ZFY-760 2/6 7:45-8 p.m. with strong signal. WYAL-dx and WQIK same AM. WEVD 2/8 s/off 3:44. Finally WFLI 2/10 4:09-4:20; CBO-910 s/off 12:13 2/11 seconds after CJCH, Jamaica-750 s/on 5 2/10; WSOR on first ET-1480 TT, 2/13 3:19. 2/16- KRPO & Mississippi testing on 1440. Frequent IDs but static very bad. Call sounded like WHAC in-----siale - any help? Sunset last night- 2/16, 1110 WHIM/WNAR over and under WBT. 2/17- finally WILD-1090. Veries from WNCA CBO KRLD CBV WBOF WQSN. 73s for this week.

Eric Nelson - 70 Western Street - Sussex, New Brunswick

Well, hi again. This makes my third report in three issues, which is doing very well for me. Now that the school tests are over maybe I can get down to a little DXing. Here is what I made on the tests: French, big 52, History 63, English I 65, Geometry, 67, English II 70, Physics 75, Algebra 88 and Math, 99 (Looks kind of out of place, doesn't it?) Well since this is a DX Club I suppose I'd better say something about DX. Veries are in from WKYR-1270 WMBD-1470 WMBR-1450 WCOY-1580 WHAY-910 WEIM-1410 WCRV-1580 WNYC-830 WANN-1190 WBBX-1380 (1 kw.) and CHVC-1600 s/on 5:30 and s/off 2:30. WCRV-1580 talked as if I was their most distant DX, as they said the only reports they have had are from a couple of DXers in Allentown. I kind of figured Jim E. would have reported to them. They signed off just after WPAC-1580. 1/31- WKNB-840 Connecticut. 2/1- WHAY Connecticut 910. 2/2- WHCU New York 870, WWOL New York 1120, CHVC Ontario 1600 at 10 p.m. with a two hour Western music program. CSB9-782 Portugal at 6-7 for my first TA and European. On 2/13 at 3:00 I snagged KFH Kansas-1330 with a fairly good signal. I was very ~~amazed~~ surprised to find them. At 4:01 a.m. on 2/13 I received a tone while waiting for WKEN-1600. Was this they? I only listened to 4:04 because at this time everything went blank. Did any of other Eastern DXers have this trouble? I could just barely hear WOR-710. Before the blackout I was listening to KXEL-1540 on the transistor with no aerial it was in solid. I was also listening to a very loud tone on 1510-1520. What was this, WKEM or WMEX? What station on 820 kc/s. in Ohio broadcasts non-commercially programming? It IDed as WOAC, WOAC-FM and says it is a University station. Columbus was mentioned a lot. This was on 2/1. Rou Geldert of Sussex received a reply from WOSU saying that it wasn't they. Any ideas, anybody? 73s.

Bob Kalish - 2214 Avenue T - Brooklyn 29, New York

DX this week has netted some ne ones, several of them real fine. On 2/12 logged XELG -680, Leon, Gto. with S-9 signals at 1:30-2. They play pop music and ID as "XELG - Radio Leon" Monday 2/13 was a very fine day with six newies. At 12:07 logged WOL-1450 s/off thanks to Lefty's tip. Then at 2:10 s/off of a real good one, KOZE-1300 in Lewiston, Idaho logged with very poor signals. Quite tough to read at all. At 2:20 WGOG-1460 ID heard on test below WCMB OC. They (WGOG) also logged at 4:20 with WCMB OC off. The DX from CKCL-600 was in well but WPDQ atop most of the time. But I got a fine log on CKCL anyway. Earlier at 1:20 heard an ID from a rare one, WKAI-1510 in Macomb, Ill. on test with music. A log taken finally on WITA at 4:15. At 2, WNEW was briefly off and there was an unID SS on 1130 with what seemed like a festival - anyone know who it was? There was a station behind a WRVA TT - guess it was either needed KGEN or KRAK. That evening at 11:59 p.m. logged the s/off of OEX4X-895 in Lima with 2-5 signals. They s/off at this time each night. On 2/15, logged needed WTAB-1370 in Tabor City N. C. at 6 p.m. s/off quite weak. Veries this week have been fair with ones in from WABY WRIP WELZ WWHI XEP and CFOX. Also got card from John Mann who said CFOX read my DX report with others on the air. Thanks John. I received a call from Phil Jacobs this AM at 8 who had just arrived in New York City. Set date for Sunday. To those who want my v/s, I don't have the time to collate, separate and type up a list for Lefty, as well as look back in previous issues. If you want one just drop me a card and I'll be happy to drop you the signer. Just received word today (2/17) that KGLO-1300 will DX on 3/13 from 3:30 to 3:50. 73.

Hal Williams - 50 Third Avenue - Seymour, Connecticut

Not a single verie arrived since my last report, not good, hi. On 2/16 I was pleasantly surprised to log CKTS-900 Sherbrooke, Que. topping the frequency midnight to 12:05 a.m. s/off with a good readable signal. They announced as signing on at 5:55 a.m. weekdays. Not sure about Sunday AM. Also heard 2/17 at the same time but CJBR on top. CKTS was a needed one here. Also on 2/16 WDAR-1350 Darlington, S.C. well heard on their r/c third Thursday 4:45-5:00 and WIVI-970 Christiansted, V. I. fairly well heard for three minutes at their 4:57 a.m. s/on, topping the frequency until 5 o'clock. So, three new ones added. None of the 2/13 DXes were heard because of being at work until 6:00 a.m. Will be free the morning of 2/20 and while only WTTF-1600 is needed I'll be trying to log KTHS-1090 for the NRC and CFBC-930 for the NNRC. Hope for SOME veries this coming week. I can use them, and how. With the days growing longer it reminds us that all too soon the DX season will be drawing to a close. Sorry to see that happen but will be mighty glad to see the end of the "Old Fashioned Winter" which folks around here have been saying we don't get any more. Until next time 73.

REMEMBER TO KEEP SENDING IN YOUR MUSINGS AND v/s TO OUR BROOKLYN ADDRESS, DOUBLE-SPACED!

Alex Bowab - Box 539 - Atmore, Alabama

WX here has been summerlike this week - up to 75° every day and 80° yesterday. One drawback - the summerlike QRM with lightning came with it. Correction to recent Musing is WVLD is 1450 and not 1490 as I mentioned. Finally found that my Miami station on 790 is WFUN and WMBM has moved to 1220, thanks to info from Don Barone and Lefty. No doubt WFUN Huntsville, Ala. has changed calls. Only DX done here was on 2/12, and only one new one added; WKLM-980 on r/c-M, QRM by WONE. On 2/11, we local Explorer Scouts have our annual program on local WATM-1590, commemorating Scout Week. While at the station, I looked at a stack of reception reports, many from NRCers, including one from Lefty something like eight years old. Also about two dozen correct ones from New Zealand. They will start using QSL cards in the near future to replace a form letter. Was more than irritated when I slept out Monday morning, 2/13, missing all the DXes, especially KFDA-1440.

Jim Ernst - 163 Cobrug Road - Halifax, Nova Scotia

DX here is now nil - just blew a tube, a 6K7 and Lafayette wants \$2.50 or so. Cool. Now maybe I can get some sleep until it's replaced, hi. 2/11- Got home late after our winter formal and stayed up an hour. Heard a German station above xERF 1:07-1:21 when "it" took over and covered it, but by taking the hint and tuning to 1586, found out it was Flensburg running in parallel with Oldenburg, and the latter logged 1:21-1:46 fade. So, country #31, ~~running in parallel with Oldenburg~~ and two new ones from there. That makes 15 new countries heard since White Plains, and 22 now verified. Feb. 13- XEAK-690 with a good signal 2:06-2:24; CKRC-630 very strong at 2:30; KPIG-1450 on a f/c 3:08-3:12; brand new WSOR-1480, Windsor, Conn. on its initial ET, with IDs and tone 3:18-3:24; CKCL-600 S-9 on DX, hi, and they used code IDs so I hope you fellows got them. Around 4 everything petered right out, and couldn't even get WNEW/WINS above S2 so I quit. I tell ya, I've never seen such strange CX as up here, but every so often a little DX comes in with them. That eve, PJA5-1435 9:15-9:33 for a good signal and report off. "Color Radio, Channel 73.6" HJCU-736, "Radio Tricolor" hi, in fairly to poorly 10:58-11:20; CMKJ-740 S-9 11:30-12:02 s/off, and reported them along with CMQ and CMHQ in parallel, so here's hopes for three Cuban veries, hi. Veries are few but appreciated: CHEC with a nice folder, picture of towers, etc. and a form letter; CJGX with a QSL card and saying mine farthest along with Gainesville, Fla. - who dat? XEP a nice v/1 and 500 watts at night; KABL pleased to say that they've added me to their ever-increasing audience, hi. If you can stand to listen to 'em, CHNS is pulling off a 4:30 s/on now - should be clear on a Monday. They've now gone completely are down there, and I get a kick out of their s/off when they mention CHNX-6130 as for listeners in the U.S.A. and overseas points. If any of you fellows have to listen to them for entertainment (?) I feel sorry for you, hi. WNEW/CKBW high on my list for listening, followed by CKCL CFCY and CKCW when I'm here and WEZE and WHDH when I'm home. CHNS is now in WABC's "class" Lefty - insipid jingles, frequency, calls, and temperature after every record. Hope to work at CKBW this summer again, as I made \$709.27 from 7/4-8/28 last summer according to my income t x record from them and when I send that to Ottawa I'll get back the \$16.25 they deducted so a bit for f/ups, hi. You with chain letters, please keep them as I don't have time to copy them four times. Anyone with a KWCB-1300 v/s? Never answered my January report, also KXEO-1340 WBBW-1240. 73s.

Pete Taylor - KHVH - 1290 Ala Moana Boulevard - Honolulu 14, Hawaii

Not too much activity to report. NRCers and NZDXLers are responsible for the majority of our reports, with most of them coming from Down Under. Bay area DXers, your Don Sherwood (KSFO) is here now, and will do a show Monday 2/20 6:00-9:00 a.m. HST. This doesn't mean I get to sleep late, since this is my shift. Looks like I'll be down here to spin 'em. Very few DJs in your unionized metropolitan areas run their own boards; some play the records while their engineers run the transcriptions. We do it all, as was the case at WQAM. I rather enjoy it, since you know you are responsible for the tightness or in some cases the laxity of your air work. The telephone company has been giving us a rough time lately. They have the amplifier which routes our program line to the transmitter. Over the last four months, our modulation just goes off for a couple of minutes and then comes back on. Last week, this happened five times, along with an actual XR failure for three hours or so on Friday - this was Rating Week! Am now KHVH program director. One of these days I'll get back on the dials!)

EVERYONE THIS WEEK DOUBLE SPACED, AND WE THANK YOU ALL FOR IT. LET'S HAVE THOSE FINE MUSINGS REPORTS, AND v/s ON A SEPARATE SHEET OF PAPER. DEADLINE IS EVERY TUESDAY HERE.

Sid Rosenbaum - 806 Market Street - Wheeling, West Virginia

Milder WX and now snow the past few days, which is sure welcome in these parts. Heard were: 2/10- WFRB-1430 f/c 2:00-2:15, strong tester on 1590 with music 1:15-1:43, but no IDs throughout? WJAR-920 testing at 1:45. 2/11- WKID-1580 f/c 1:15-1:30. 2/13- WVJS-1420 s/off at 1:00 with "My Old Kentucky Home." One on 1470 that sounded like WKXL (?) s/off 2:00. KWK-1380 testing at 2:00. WGGO-1590 r/c 2:00-2:15. 2/14- WCFV* -1230 f/c 1:00-1:20. 2/15- WNAV-1430 f/ -TT 1:00-1:30, KFDA-1440 r/c 1:00-1:15, could be third Saturday or 15th of the month. CKSL-1290 sounded like they were testing at 1:15. 2/19- WKLM-980 musical f/c 1:00 and on. Strong tester again noted on 1590 briefly, but no IDs, 1:20. One lone verie in, WFLR-1570 listed as Dundee, N.Y. but letterhead gives Pen Yan, N.Y. CE of WFLR says he welcomes reception reports. Howdy! INDIANAPOLIS in '62.

Len Kruse - 816 Euclid Street - Dubuque, Iowa

The latest five new loggings at this den were: 2/10 the WRIP DX (980) Rossville, Ga. with some QRM, at times quite heavy, from AN WONE, Dayton, Ohio from 4:00-4:45 a.m. Then on 2/13 I was happy to have logged the f/c-TT of KATL-1340 Miles City, Mont. from 3:35-3:50 a.m., with QRM from AN WRIT. Also on 2/13 the DX from WGOG-1460 Walhalla, S.C. was heard in the clear and I understand also was heard by Jim Cricthett in California, so their signal really got out well, under these ideal conditions. A test was heard on 2/14 from WEZB-1220 Birmingham, Ala. from 3:5 -4:40 a.m. in the clear. Then the fifth logging was on 2/16 when I heard WHHT-1440 Lucedale, Miss. on a test from 2:58-3:30 a.m., also sending a good signal into Iowa. The DX from WKEN-1600 Dover, Del. evidently was not on 2/13 as planned, as frequency seemed clear during that half hour. Latest verifications were QSL cards from WELI and WETT, and letters from WIVV WBGW WWSK and WRIP-dx.

Bernie Duffy - 77 Livermore Avenue - Staten Island 2, New York

I'm disappointed that desired WKEN, Dover, Del. and WTTF, Tiffin, Ohio didn't show with their promised DXes the past two Monday mornings. The only addition to my heard list since my previous report is WRIP-980, Rossville, Ga. whose dedicated test I logged atop all else, 2/10 @ 4:15 a.m. Unneeded WJWS-1370 came in fine with their DX 2/13 @ 4:00. Recent veries are a post card from WJUE, St. Johns, Mich. and letters from North Carolinians, WYAL and WWSK, as well as same from WRIP, Rossville, Ga. and last, but by no means least, a confirmation from WNIK-1230, Arecibo, Puerto Rico, after 14 months and several f/ups. I just received my 1961 Log of AM-FM-TV stations of the United States, Mexico, Canada, Cuba, Mexico and the West Indies, from Vane A. Jones of 3749 North Keystone Avenue, Indianapolis 18, Indiana, and I find it to be a DXers' best possible \$1 value! I feel all active DXers need such! It represents a monumental task, for our benefit!

Ernie Cooper - 438 East 21 Street - Brooklyn 26, New York

One verie in, CFOX-dx who say they will be glad to do it again for the NRC. They are directional North which accounts for the rough time logging them for me here, South of them, with WMBD/XESM going strong. Shh - my images were absent on Monday and Tuesday, 2/20 and 2/21 - I wonder where they went? Nothing new added on 2/20, with the WWRL OC and occasional TT blocking 1600. Even with the volume at the top there was no sign of WTTF behind them. Tester on 1480 - WSOR perhaps, at 3:59. 2/21- Day off (I can't have any more Mondays, says the boss). Logged one I have been after for lo these many years at twilight, but finally heard on an ET/OC with occasional TTs in WPMP-1580, Pascagoula, Miss. Heard other interesting but unneeded ones like these: WEEX-1230 s/off 1:03 a.m. TIRICA-625 1:00-2:00 S-8 signal. WJFS-1330 RS in the clear on a Tuesday with WEVD off till 2:00. Not in clear, sorry - but over CMCB. WROK-1440 also easy till 2:00 s/off. 1580 was a beehive of activity this AM with the RS of XEDM and two with about equal volume testing: WTTN and KFDF, with a fourth one in there, undoubtedly the afore-mentioned WPMP. All went off by 3:00 except WPMP which was still on at 3:50 a.m. WABB-1480 heard AN behind AN WRBW at 3:30. Bob K's Mexican on 960 at 2:57, also unID here. Heard CHNS' s/on on 960, Jim, and WJJD-1180 testing at 4:35 with approximately 20 kw. they said, at the request of the FCC. WHAM-1180 not on AN. WOWO-1190 and WO I-1200 were, though. Kermit Geary, who is v/s for WGRCp1580? Thanks to Chris Hederstrom, NRC member in Stockholm for his offer to help me ID my European on 1578, but Chris, I do not have a tape recorder, hi! I'm too weak to lift one, hi. I too believe now it was Porto, Portugal. To senders-in of v/s, if yours do not appear in the current issue, don't send them in again as we sometimes hold them over.

CHANGES IN STATION DATA - F.C.C.

N.R.C. SPECIAL DX PROGRAMS FOR MONDAY, MARCH 6thWYAL-1280 Scotland Neck, N.C.Gary Joyner, DJ

These fine dedications continue each Monday morning with country music, 4:4:30 a.m.

WCID-1490 Cleveland, Miss.Donald Noe

Mr. Noe offered this program to Pop Edge for NRC and is interested in NRC and BCB DX. 1490 is a tough frequency but we hope they'll get through to many of us. KBON, KTOP, WBCB and WOLF are expected to be on. We thank Mr. Noe and hope all hear him. F. NITTLER

WMHI-1370 Braddock Heights, Md.John T. Staub, Mgr.

A fine new station will honor us with a DX broadcast, with Gene Smith as our emcee. They have been on with their new Gates 500-T XR only two months, and have a DA running NE/SW. The channel should be clear and we hope everybody hears WMHI! Mailing address is not Braddock Heights, but Radio Station WMHI - Route 5 - Frederick, Md. L. KRUSE

WKBH-1410 La Crosse, WisconsinLeonard G. Anderson, ProdM

Here is one many need. They will have a talk on their area along with some nice music for the NRCers. Mr. Anderson is pleased to do this show, and hopes for many reports. WELM may interfere, but WKBH should have little trouble being heard extensively. The mailing address is Radio Station WKBH, 141 South 6 St., La Crosse, Wis. ART FREGEAU

WBBK-1260 Blakely, GeorgiaWayne R. Foster, M and CE

Terrell Willis will be at the mike for this DX Test in lieu of Mr. Foster who says he needs his sleep. Their r/c is third Thursday 2-3 EST but will put this show on too. CFRN-WNDR-WWDC will be on but we hope their 1 kw. will penetrate for all. F. NITTLER

WEMD-1460 Easton, MarylandWinfield Scott Standiford III

WEMD is directional protecting West and North. They have received only two DX reports since going on the air. They normally s/on at 5:30 a.m. Should be a clear channel too so all should hear them. They serve Talbot, Qu. Anné and Dorchester Co's. F. NITTLER

Being that space is available will again say, especially to our new members that at times they will find the pages of DX News just not in their proper order, this is due to compiling the Musings section along with any other of the stencils I have on hand Thursdays. Then add Ev. Johnsons stencil Friday, the day it arrives. thus saving me considerable time in compiling each issue. So I ask them to just arrange the pages in their proper order when this occurs. Thanks loads. Also again to remind all that when they send in a change of address they must include either 15¢ in coin or the equal amount in stamps, US or Canadian.

Ray B. Edge-325 Shirley Ave-Buffalo 15, N.Y.

Sorry but can report no DX at this den, still working steady days so getting up in the wee hours just isnt for this olding person-Hi. Do intend to get in some week end though. I do wish to state here that the desk is really piled up with correspondance which I had fully intended to get cleaned up while on vacation last December, but when the vacation ended on Jan 3rd the desk looked worse than on Dec 10th. Anyway to you lads, Brauner-Tyndall-Williams-Wagner-Kruse etc, a reply will be on its way one of these days, maybe not until we get off the weekly issues tho, so please bear with me as my intentions were good. Good luck to all.

P.S. F/C list included in this issue. so everything cleaned up to date.

INTERNATIONAL DX DIGEST

Edited by Fred L. VanVoorhees, Box 132, Lemoyne, Pennsylvania, U.S.A.

Sorry to have missed you last week, but I was called to attend a conference in New York, and it just wasn't possible for me to get the DIGEST off before I had to leave. Here is this week's material. First, the contest standings.

FOREIGN CONTEST

Manager: Roger Anderson, 5700 Eighth Road North, Arlington 5, Virginia.

EASTERN LEAGUE

1. Ben Dangerfield, Pennsylvania. Adds XEHK EAJ8 LK-8, BBC-Clevedon, Radio Apintie-----129
2. C. M. Stanbury, Ontario. Adds HRTV 4VE TIFC CMGB KPOI XECD-----60
3. Roger Anderson, Virginia. Adds Vienna I, Prague II-----42
4. Frank Wheeler, Pennsylvania. No additions-----22
5. Lefty Cooper, New York
Kermit Geary, Pennsylvania
Stan Morss, Massachusetts
Fred VanVoorhees, Pennsylvania
- Carroll Seth, New York-----No entries-----0

CENTRAL LEAGUE

1. David Roys, Indiana. Adds 4VU HJKN HJCE JOBK WLEO XEHR HRTV 4VE WAPA-----106
2. Francis Nittler, Colorado. Adds XEJS XEXF XEJJ XENR XEHR XEOY XEBH XEP WPRA WIVV KORL KPOI ZNS-----57
3. Maurice Nittler, Colorado. Adds XEHR XEJJ KORL YSKL-----54
4. Jack Hathaway, Texas. No additions-----38
5. Dave Holden, Illinois. Adds Radio Swan, HJAT WAPA-----34
6. Everett Johnson, Illinois. No additions-----23
7. Norm Maguire, New Mexico, and Larry Godwin, Texas. No entries-----0

WEST COAST LEAGUE

1. Roy Millar, Washington. Adds KAIM 2GB XEWA RJR-720, XEDV, YSKL XEDM XENU TICCN-----158
2. Hank Wilkinson, California. Adds RJR-720, JOTQ, TIFC, YVKU, YSKL, HCJB-----142
3. Clarence Freeman, California. No additions-----114

LEADERS IN COUNTRIES VERIFIED

1. Eastern League: Ben Dangerfield-----17
2. Central League: David Roys-----10
3. West Coast League: Hank Wilkinson-----15

NORTH AMERICA

WINDWARD ISLANDS*-W.I.B.S. (1045) has poor to fair signals most evenings to 2115 s/off. BBC news at 2100. Policy for BCB has been not to verify from outside the islands. (RA)

PUERTO RICO*-WIVV (1370) S/on at 0430 2/6 after looking in vain for WFDR's "DX", very rough copy due to local KRKO on 1380 AM beat. (RHM) WWWW (1520) Rio Piedras, has good signal from 0050 to at least 0145 on 2/6. Was in clear. (BD) Further on WIVV with same program reported in clear until WSPD came on at 0500. Was religious program in English on 2/6. (ES)(EJ) WLEY (1550) Yauco, 250 watts, call letters assigned. (FCC)

ALASKA*-KHAR (590) Anchorage, is now in operation with new station using 5000 watts unlimited time. (FCC)

EL SALVADOR*-YSC (1015) verified by letter in Spanish and pre-card for reception of 0600 on 10/21 s/on. (RHM) Verie in today (2/6) via air mail from YSKL "Radio Universal", San Salvador. This was for early morning reception reports of 11/10 and 11/12. YSKL uses 5 KW from 0600 until midnight and 500 watts from midnight to 0600 their time. They also operate YSCF (1150) "Ondas Orientales", San Miguel, and YSLA (1330) "Radio Musical", Santa Ana. (HJW)

GUATEMALA*-Air Mial verie letter received today for 1/2 report to TGUX (1020) Guatemala City. Nice letter in English from Dave Thomas, Public Relations and Continuity. Address is: Villa Victoria, Kilometro 12, Carretera Roosevelt, Guatemala City, Guatemala. (MWN)

DOMINICAN REPUBLIC--Here is the official government list of stations now operating in the Dominican Republic. (FCC)

580	HIMS	Ciudad Trujillo	500	Unlimited.	New	(Not on yet)
760	HIMD	Pena Prov. Santiago	100(1)	Unlimited.	New.	
860	HIU	Ciudad Trujillo	5000	Unlimited.	New	
1020	HIJP	Ciudad Trujillo	100(1)	Unlimited.	New	
1100	HIMC	San Cristobal	100(.5)	Unlimited.	New	
1120	HIRM	San Francisco de Macoria.	100(1)	Unlimited.	New.	
1150	HI3S	Ciudad Trujillo	1000	Unlimited.	New.	
1160	HIFD	Puerto Plata	100(1)	Unlim.	Previously HIF on 1310 Kcs.	
1190	HIDV	Santo Gerro La Vega.	100(.5)	Unlimited.	New.	
1240	HI4V	Barahona.	250	Unlimited.	New.	
1270	HIUA	Santiago	5000	Unlimited.	New.	
1300	HIUB	Dajabon	1000	Unlimited.	New.	
1310	HIUE	El Seibo.	1000	Unlimited.	New.	
1320	HIPD	San Pedro Macoris.	1000	Unlimited.	New.	(Not on yet)
1340	HIUC	Barahona.	1000	Unlimited.	New.	
1360	HI6T	Santiago.	500	Unlimited.	Was HI8T in La Vega.	
1380	HI8T	La Vega.	500	Unlimited.	Was HI6T in Santiago.	
1400	HIUD	San Juan	1000	Unlimited.	New.	
1440	HI5K	Ciudad Trujillo.	250	Unlimited.	Was 1360 at Barahona.	
	HI2A	San Juan.	250.	Unlimited.	Was 40 watts at Salcedo.	

Radio Caribe Stations use slogan of "La Voz Antillana due de la vuctiva al mundo". QRA is "Radio Caribe", C. por a., Ciudad Trujillo, R. D. Report has been sent to HIUA with PP card, hope for reply, my first. (EJ) "Radio Caribe" piano notes broke through about 0500 on 860 Kcs. on 2/10. Must have been HIU. (ES) HI3S (1150) Ciudad Trujillo, logged 2/5 from 2133-2145 and ID at 2135. (BB) HIFD (1160) Puerto Plata, logged 2/5 with ID at 2133. This station has been heard before as HIF (1163) ID is "La Voz del Atlantico". CMJF and "Radio Swan" were not heard. (BB) HIUE (1310) El Siebo, logged 1/29 from 0400-0410 with ID at 0402, heard all Radio Caribe outlets except HIUB on 1300 and HIUF on 1400. There are 6 BCB outlets and 12 SWBC. (BB)

VIRGIN ISLANDS--Just want to mention that WIVI (970) verified by card in two weeks. Country #35. (BD) Signed by R. E. Higdon, Chief Engineer as noted by others.

MEXICO--XEHK (960) "La Voz de Guadalajara", heard 1/25 0224-0300 s/off. They advertize "Coke" a lot. (JE) XERB (1090) Tijuana, heard in English weakly 1/28 from 0240-0300 s/off. Been after this one for quite a while. (JE) XEP (1300) Ciudad Juarez, logged with difficulty due to KROP QRM on 1/30 from 0238-0243 and tape sent. (JE) XEN (697) has been causing severe QRM to WLW since moving to this frequency. Sometimes spurious responses from XEN are heard on 645. Spurious responses from XEG are heard on AMs on 1020 and 1080 Kcs. (DER) SS on 1570 heard again on 2/10 and 2/13. Mentioned Coahuila, so must be XERF. (ES) Yes, EJ reports that they go to Spanish programing at 0300 every morning. (EJ) XEOQ (1110) Rio Bravo, heard 1/24 at 1930 s/off. Letter returned today for better address. Anyone have one? (MWN) XET (990) Monterrey, N. L., heard in evenings. VS is Gustavo M. de la Garza. "El Pregonero Del Norte, S. A.", Apartado 203. Verie signor for XEW (900) Mexico City is Gloria Granada, Correspondence Dept., Cadena Radio-difusora Mexicana, S. A., Calle Ayuntamiento 54, Mexico, D. F. This goes also for XEWB (760) Veracruz, Veracruz; and XEWK (1190) Guadalajara Jalisco. XEWA (540) San Luis Potosi, is also an XEW realy, but reports should go direct to XEWA in care of Jose Gonzalez Cordova, San Luis Potosi, S. L. P. (EJ) XEB (1220) Mexico, D. F., signor is E. AREIZE Cruz, Station Mgr. Nice verie letter. Slogan is "Voz y expresion de Mexico". QRA is Calle Buen Tono, Num. 6, Mexico, D. F., Mexico. (EJ) Also good for XEBT. XECL (990) Mexicali, B. Cfa., being heard on most of night. "Radio Mexicali", signor is A. Maldonado Sotomayor, Gerente. QRA is Avenue Madero 621. (EJ)

XEMU (580) Piedras Negras, Coahuila. "La Radiodifusora Amiga", Apartado 3, Piedras Negras, Coahuila. S/off at 0003. (EJ) XEN (695) Mexico, heard recently 2/4 on 695 right between WLW and WTIK. Verie says 690 and QRA is "XEN Radio Mundial", La Fruga 4, Apartado Postal 25979, Mexico 1, D. F. (EJ) XESF (1300) Morelia, Mich., s/off Monday 2/7 at 0300 in clear. QRA is Ave. Madero Ote., y Serapio Rondon., Morelia, Michoacan. (EJ) XENU (1550) Nuevo Laredo, Tams., heard on 1/5 with strong signal. QRA is Ave. Guerrero No. 1105-Altos 6. (EJ)

COSTA RICA*-Who is Costa Rican operating on 975 Kcs. now? Is this TIRS? (MWN) (TIRH, I think-FV) TIFC (1075) 2023-2030 2/11 religious. (ES)

JAMAICA*-On 2/11 from 0200 to 0300 logged all the Radio Jamaica stations with the 5th and final cricket match from Australia. Heard all very strong and mostly atop their channels, stations on 720, 580, 550, and 770 Kcs. (JBC stations did not seem to be on that morning.) (BD) JBC heard 2/13 on 750 from 0219-0300 with some kind of sporting event, also carried by "Radio Trinidad" at same time, but not heard on 620 or 700. (ES)

SWAN ISLAND*-Current schedule per verie is Spanish 0500-0700, English 1830-1900 and Spanish again 1900-2300. They now verify with a form letter that does not specify BC or SW. (ES) Bad heterodyne on 1160 here in evenings, but "Radio Swan" copied 2030-2100 on 1/30 in Spanish for report. (ES)

HAITI*-4VEH (1035) heard well 1806-1900 on 2/5 with religious programming in English. Change to French/Creole at 1900. Mentioned return to English at 2230. Also heard program in French at 0630 on 2/3, must have been they. (ES) (Ed, this is correctly 4VE, not 4VEH-FV)

LEEWARD ISLANDS*-Antigua (644) in with good signal at 0130 on 2/13 carrying the final rounds of the West Indies-Australia Cricket. Aren't these matches good for DX? (BD) No sign of St. Lucia on 840 yet. Are they on? (DER) Don't know-FV.

UNITED STATES*-WMEX (1510) WTOP and WQXR all audible on 1/20. WME was the best signal with S-4. (RP) On 2/1-4 the following were all audible: WMGM some BC QRM, WTIC, WNEW fair at 0130, WCAU fair, WTOP good, WMEX good, and WPTR fair. (RP)

CANADA*-CBN (640), CBA (1070), and CBI (1140) all carrying the same program logged on 2/1-4 with good signals. (RP)

GREENLAND*-Greenland Radio heard on 650 Kcs. best on 2/1-2 with S6 to 7 signals. This is the first time I have logged this station or country, so hope they will QSL OK. (RP)

ADDENDA*-Missed two reports from DER, so here they are:

DOMINICAN REPUBLIC*-HIN (1220) s/on at 0400 giving AST every minute and announcing as "Radio Reloj". (DER)

PUERTO RICO*-WKVM (810) s/on at 0425 best Friday or Monday AM with WITA (1140) s/on at about 0400. WMIA (1070) at 0425; WABA (850) at 0450; WLEO at about 0400 and ARD (780) at 0500. (DER)

SOUTH AMERICA

BRAZIL*-PRH9 (840) heard almost every morning with WGN-WBBM response. Report sent out 2 months ago. Does anyone have a VS? Will try a follow-up in a month or two if no verie. (DER) PRG-2 (1040) "Radio Tupi", Sao Paulo, heard well, taped and reported 2/6 from 2012-0115. (JE) PRE-9 (1200) Fortaleza, heard well 2/6 from 1901-2002 and reported for new country. (JE) Heard a weak station on 1300 Kcs. 0318-0323 in Portuguese right after CJME DX. Sent a tape to ZYR-7 in Fortaleza, as it could have been them, as Brazil was coming in night before and that night. (JE) Quite a few Brazilians can be heard in England most evenings, chiefly "Radio Globo", Radio Tupi, and "Radio Mayrink", all in Rio. Others heard are "Radio Nacional" Sao Paulo (1100) and PRD4 (1400) also ZYR3 in Terisina. (RP)

ECUADOR*-Verie received 2/7 from HCJB (700) Quito, for a report of 12/20. Signer is Ben Cummings. Country #38 for me from California. Have been trying for this station since 1955. (HJW)

ARGENTINA-*-"Radio El Mundo" (1070) audible the early part of the month around 0200 GMT with good signal. (RP) LWL (820) "Radio Universidad de Cordoba", Cordoba, Argentina., with Spanish talks and music 2/4 with ID at 2055 and no sign of HJED. (BB)

SURINAM-*"-PZX7 "Radio Apinto" ID clearly heard on 820 Kcs. s/on at 0426 with Hindu music. This is not connected with AVROS. Listed as 840 but apparently moved to 820 to avoid QRM from St. Lucia. (DER) Was pleasantly surprised to receive a letter from "Radio Apintie", confirming that the station I reported on 2/1 was indeed theirs, broadcasting in Hindustani, and stating that they had moved several months ago from 840 to their present 820. Signer is E. Vervuurt, Gen. Mgr., P. O. Box 352, Paramaribo. Now verified country. (BD)

TRINIDAD-*"-VP4RD (730) heard carrying sporting event 0230-0300 on 2/13 with good signals on their own announcements, but poor on the relayed portions. Sounded like a jet plane in the background. (ES)

COLOMBIA-*"-HJCU ("Radio Tricolor" is now on 736 Kcs. Heard on 2/13 and later from 2258-2320 with this ID clearly heard several times and a report sent. Much splatter from CKAC-730. (JE)(RA) HJDB (980) Medellin, logged 2/4 2213-2225 with ID at 2215. (BB) HJAZ (1060) Montoria, ID at 2040 as "La Voz del Sinu", 2/5 with QRM from XEDP. (BB) HJCO (1160) Bogota, 2/5 with ID at 2131, QRM from HIFD. (BB) HJCG (1070) "Radio Santa Fe", Bogota, reported 1/25 from 0202-0232 with S-9 signal. (JE) HJAO (1260) "Radio Vigia", Barranquilla, heard AN 2/6 0235-0300. Watch this one and don't take it for HJKN also AN. HJAO's clock was 3 minutes fast and they had a lot of trouble with records and tapes. Full ID on the hour. (JE)

BRITISH GUIANA-*"- "Radio Demerara", Georgetown, heard most evenings here on 760 Kcs. and s/off with "God Save the Queen" at 2145. (JE)

PERU-*"-OAX40 (820) "Radio Libertad" Lima, logged 1/27 2330-2345, news, talks, music, all in Spanish. No sign of HJED. (BB)

NETHERLANDS ANTILLES-*"-PJA-5 (1435) Oranjestad, Aruba, heard well 2/13 2115-2133 and a report off. In Dutch, it seemed. (JE)

REPORTERS

RP-Roy Patrick, 8 Sidney Street, Derby, England.

JE-Jim Ernst, 163 Coburg Road, Halifax, Nova Scotia, Canada.

BB-Bud Barto, 3 Glenwood Avenue, Naugatuck, Connecticut.

SPECIAL NOTE

The VANE JONES log, Edition No. 3 is now ready for shipment. To obtain one, just send \$1.00 to Vane A. Jones Co., 3749 North Keystone Avenue, Indianapolis 18, Indiana. This issue contains CGB stations plus FM and TV stations. It does not contain SW stations.

Sorry to have to cut off the material here, but space limitations make it impossible to get all of this week's material in the DIGEST. In order that we get this material in next week, we will start with EUROPE next week instead of North America. To those of you whose entire material was not used this week, please be patient, it will be in next week without fail. There is, of course, no space to continue with the log of what other DX club members are hearing. Space permitting, we will continue with this listing next week. Thanks to all of you for your ideas on the format. There were enough who like the old style so that we will make no change this season, but we will open the subject again during the summer lull. So until next week, best 73.
