Dear Mr. Fela: ON THE STATION'S STATIONERY - W C T C (1450 kc/s.)
 (In part) "We here at WCTC have been concerned for some time about the quality of our signal around the perimeter of our 0.5 mv/m curve. We know of course that some interference is to be expected but we would be quite interested in the extent of such interference under average conditions. Would it be possible for other members of your Club in the Central Jersey area to send us more reports? If possible we'd like a series of reports at different times on a few different days. This information would help us to improve our service to the listening public." (signed) Clarence Dingman, CE, WCTC

Nicky Haines - 2259 Lehigh Place - Dayton, Ohio

It's been quite a while since I have submitted a Musing, as I temporarily lost interest in my favorite hobby. I am back in the groove now, though. Took a little vacation to Daytona Beach, Fla. a few months back and enjoyed some fair DX. I was tempted to visit WNEFJ but I was too busy enjoying myself. While I was there I listened to WING, my old favorite, almost every night on my little GE five transistor. As far as DX is concerned I have gotten the following veries since 10/25: WLS-890 WDEL-1150 WJPS-1330 and last but not least a letter from WAAX-570. All I have to say about this verie is fooy! To begin with they have WAAX on the envelope letterhead and on the actual verification they have their former call letters, WCAS. Then I read their very brief letter. By the way I received them at 6:30 p.m. and they very kindly thanked me for my "Logging of our early morning programming which was quite accurate." They didn't even state the time I received them. Oh, well. I am a little worried about a report to KGLC. Do they verify really? Oops - I almost forgot, I finally got WFLI in Lookout Mountain, Tenn. Is that their address or is it Chattanooga? (I sent mine to Lookout Mount in, Nicky, and got my verie -ed.) How about some local radio surveys from somebody? I can get a few, like WING. Hey, John O. - I finally got a letter off to you, aren't you gonna write me? It looks like a good season coming up, so good luck to everybody and I'm going to start getting more letters into the Musings, although they are not very fact-filled letters, just a lot of wind. Since I don't know my squares and algebra too well I'll just say 73s and leave it at that.

Stan Mores - R. R. 3 - Bradford, Massachusetts

Verie from XEMH-1270 Merida, Yuc. for Dec. 1960 report. 11/3- WVOK-690 test, 2:07. WTAC-600 AN over WICC 3:05. WLSI-900 f/c-TT 3:37 a.m. Radio Cultura, HOB33 on 955 kc/s. evidently AN 3:40 to 4:10 a.m. fadeout for a report. 11/4- WWHY-1470 Huntington W. Va. testing 2:29-2:41 a.m. for a new one. Veries WMCR for 1240 Conelrad test, WPLA, and Point Galina-750, a PP card after several reports to the J.B.C. brought no results. 11/6- WDAX-1410 f/c 1:55. Musical test 920, 2-2:20 a.m., then TT, but no ID. WHOM-1480 test to 2:42. WRDW-1480 test, 2:45. WINZ testing TT on 940 off and on. WQXQ-1380 per Lefty's tip 4 a.m. s/on, QRM by WGUS. CJCH-920 s/on 4:57. Verie, CSB9-782 kc/s. 11/7- KPBM-740 f/c 2 a.m. XETRA-690 "News over Los Angeles" on top 2:06 for easy logging of a new one. 11/8- WHBC-1480 3:13 a.m. WGET-1320 Gettysburg Pa. on with ER for new one 3:39-4 a.m., QRM by KXYZ; no sign of WZOK. 11/9- TT on 1050 at 12:15 - WGAT? No IDs audible through WMGM/CHUM. WEZL-1590 TT 12:33. WBUY-1440 musical test 12:36. WJAS-1320 RS 12:41 for a new one. KGM0-1550 Cape Girardeau Mo. running ETs 1:20 a.m. TT, OC and organ on 1370 over WSPD 2-3 and later, but noID.

Bill Feidt - USRO/NATO - APO 230 - New York, New York

The old log book does not show too much activity around this den since last report but I will itemize what I have. 9/21, nothing new but CBA WMGM WNEW CFBC WMEX WBAL noted with Luxembourg on later than usual, all between 6:35-7:30 p.m. EST. 9/22- Caltanissetta-566 at 6:12 p.m. with anthem and s/off and Ansbach AFN-1034 7:05 s/off plus CBA WINS WMGM WMEX CFBC WNEW. 9/23: CBA WMEX WCAU WQXR WNEW WBAL WINS WEZE WCBS WAVY WMGM CFBC CBI WCOP-1150 all between 6:10-7:26 p.m. 10/31-11/4- Trip to SW Germany highlighted the calendar here. I brought my old faithful nine transistor Kowa to see how the DX situation sounded in the Black Forest around Freiburg, Strongest signal in the area was of course Freiburg-827, but there is another outlet of SWF somewhere between 650-700 kc/s. which was stronger than 827 when we got into the mountains surrounding Freiburg. I have no info on it here and it might be a small relay as it was very weak in Freiburg itself. Beromunster was good from mountains surrounding Freiburg also and s/on is 5 a.m. EST. Basel-1367 noted relaying Beromunster while we drove through Basel. Strasbourg was good all day from Freiburg on 1160 and 1277, but nothing noted on 1493 even passing quite near Strasbourg. Signals heard days here are (from Paris) Beromunster, Paris-584, 863, 962, 1070, Lyon-602 Brussels-620, 926, 1124, 1511, BBC-647 Hilversum 746, 1007, Sottens-764 Limoges-791 Freiburg-827 Nancy-836 Washford-381 Brookmans Park-908 Toulouse-944 Start Pt.-1052 Droitwich-1088 AFN-1142 BBC-1151 Bordeaux-1205 BBC-1214 France-1241 RAI-1331 France-1349 Kille-1376 France-1403 Saar-1421 Luxembourg 1439, RAI-1448, BBC-1457, Monte Carlo-1466 Nice-1554. These at about 2 p.m. GMT and onward under average CX. This is 37 outlets as compared with about 126 as I recall from N.J. Also many of these are weak. Under favorable CX I could probably add 25 or so. After 2 a.m. GMT the band is almost void of stations by U.S. standards and if there's going to be an opening there's no chance of missing it. 73s till next time.

Anyone is welcome to spend the weekend either Friday or Saturday night to do DXing here, just to PROVE a few ideas, hi! 73s.

Andy Rugg - 16 Lake Breeze - Pointe Claire, Quebec

Now youse guys can't say "What are litter boxes?" They are about 4.3" x 5.5" x 10" in size and are used as a disposal for litter which normally would be tossed out of the car window, hence dirtying up the highways. You generally get them at gas stations, and this is a gift to customers though you can get one just by asking for it. The radio stations figure that the distribution of these boxes is a public service and they are correct. They also can do some advertising at the same time while reciprocating this for the gas stations. The boxes are popular in some parts of New England, up-state New York, and Long Island, Quebec, Ontario and possibly in some other provinces. Some stations issuing them are: CFCF CKSO CKCY CHLT CKWS CKNX WNDR WHWB CKSL CKOY CHOV WLOB WPDM WFYI WKBW WPTR CJSS WCOU WSME WFST WGHM WIRY WGUY WRUM WFAU WAUB WTLB WBNY WBBF WABY WERC WACK CHUM CHML CJLR CKTR CKJL. They grow more popular every year and some of you will see their advent in your area next year. The Quebec contingent had two or three in the Rambler at Amarillo and I believe we pawned them off on some innocent victim(s). So anyway, Messrs. Jacobs, McLaughlan and Rugg collect the things, and at present I am ahead of Phil by the score of 16-15 (or 17-16 counting KPOC litter bag) and Sam by four. My collection includes the first 16 in the list (CFCF through WPTR). I was awaiting a crackabout Rugg and a carpet, ha ha! DX: 24/10- WLAT-1330, Conway, S.C. on top for ten minutes, 5:31-5:40 p.m. 26/10- KSTP-1500 under WTOP, 10:01 p.m. and heard at sunset a few days later. 27/10- CKEN-1350, Kentville, N.S. 9:01 p.m. 5/11: WESX-1230, Salem, Mass. at intervals from 6:01-6:11 p.m. Veries: WPAP-1570 XETRA-690 WSSV-1240 CBK-540 WYTI-1570 CKPR-580 KWRE-730 and WILI-1400. Also, XERF, true to form, took the usual six months. How about a big hand for Bernie Duffy whose hard work may get the U.S. back on its feet in '64? (4.1793)^o,

Mike King - North Eastham - Cape Cod - Massachusetts

Quite a bit of DX to report. Static has finally left. New stations are as follows: 10/27- WDMV-540 Pokomoke City Md., WBAZ-1550 Kingston, N.Y., WFLI-1070 Lookout Mt. (relog). 10/30- WBML-1240 Macon, Ga., WZOK-1320 Jacksonville (relog) WKAT-1360 Miami Beach. 11/4- WIRY-1340 Plattsburg; WWBZ-1360 Vineland. 11/5- WWC0-1240 Waterbury, KQV-1410 Pittsburgh, WING-1410 Dayton (relog) WMID-140 Atlantic City, WKOP-1360 Binghamton. Heard KXYZ on 11/5 but not enough to log it. According to Wayne Alcott's report in last week's issue it took 78 days for his verie from KSL. I guess I've still got some hope for some of my stations not received answers from. Veries are as follows: WXYZ WHLN WSYR and WCKR WCMB WFLI due to f/ups. Reports are out to WKBA WWIN WMID WBML WDMV WKLX KQV WING and others. I would like to know what happened to my October 28th issue since I've not received it yet and have just received my November 4 one. Well, I guess this is it, so 73.

NEXT LABOR DAY WEEKEND, INDIANAPOLIS IS THE PLACE - WILL WE SEE YOUR FACE? HOPE SO!

DX NEWS

John D. Hathaway - 4701 South Milam Street - Amarillo, Texas

10/30- WPMC-730 Goldsboro, N.C. heard s/on with SSB 6:15 but almost immediately faded out. WOHS-730 heard s/on 6:30. Veries received from WSJS-600 Winston-Salem, N.C. and WHLO-640 Akron, O. "Only WHLO Radio covers and sells Akron/Canton," "Hello Radio" affiliated with WARM-590 Scranton/Wilkes-Barre Pa. and WSEA-910 York/Lancaster/Harrisburg, Pa. The former was a letter and the later a mimeo form letter on their letterhead. Congratulations Carroll on that Alaskan! Jeff here says he got one so I'm on the lookout for them too. I haven't heard one either after around 25 years of listening. I think I have heard Japan but no log entry until more sure and still will have the verie problem even if it is they, hi! Say Pat, did you ever get that Amarillo "knick-knack" for your wife? I just realized that we were going to stop at Prairie Dog Town on the way back from the station visits but didn't because we got so late a start. If not, let me know and we will get something and send it right off to get you out of the doghouse, hi! Better late than never! Don't work too hard. Hal, it looks like I may have to come up to Longmont to hear Okinawa! When I was in Okinawa, there was only a low-powered AFRS station operating. To date, I have 574 stations logged. Latest verie total is 176. To Larry Schwartz: KLOU verified for me by letter 12/13/60 for a 11/29/59 report signed by Mrs. Shirley Woodward, Trfm., P.O. Box 975, Lake Charles, La., The Gulf Broadcasting Company, Inc. 10/31- KGRI-1000 heard 7:02 with QRM. 11/1-KXXX-790 heard 6:25 but covered by s/on of KFYO at 6:45. 11/2- Verie received from WJBO, P.O. Box 496, Baton Rouge, La. signed by CE, mimeo card. 11/3- KTOK-1600 Oklahoma City heard 6:08 and reported. Verie received from CKRC-630 Winnipeg, Man., 5 kw. signed by E. Said they had no record of my unanswered February report. They included their Fabulous Forty Survey showing pictures of five of their personnel. 11/5- WXOK?? 1260 at least a Baton Rouge station signing off with SSB at 1:53 after giving the football scores through all the QRM. Best 73.

Henry J. Wilkinson Jr. - 6320 Beeman Avenue - North Hollywood, California

Seem to have less time for DXing each season for the three past years. By the way, the Colombian station on 1100 kc/s. is HJCN and he announces as "Radio Reloj." Verifies promptly with a fine photo - at least, on my reception report. Japanese, Chinese Korean and Formosan stations have been strong the whole month of October. Of late, there are many LA stations being heard rather well beginning at s/ons around 5:30 to 6 a.m. They will become stronger for the next two months. I find that the LAs are better logged in the mornings than in the evenings. One of the loudest and most easily logged stations in the mornings now is TISS "La Voz del Tropico" 875 kc/s., San Jose, Costa Rica. Tried for the B.H.B.S. station on 830 kc/s. when that storm was ragine down there but no luck. Too much JOBB, Osaka. Have yet to hear the new station in New Zealand on 1000 kc/s. or ZCO on 1020. There has been a veri noticable lack of interest shown in the SUPREMACY RATINGS for the past six months. I have had but five members who have sent in changes in their verie count (Foreign) since last April! If the interest in this category doesn't increase by December I will pass this job back to Ray Edge or Fred Van Voornees. I do not think it necessary to continually prod members in order for them to show interest in their hobby.

Norman Pillsbury - R.D. 3 - Jamestown (Busti), New York

Hi DXers. This is the first time I've written in. I'll contribute it to a number of factors: 1, Pat Reilley, who started me on the whole idea of veries and joining the Club. 2- D. Kwiatkowski whom I told if he wrote in, I would, and 3- My own initiative hi. I am using about a 1920 (hi) R.C.A.-Victor for a receiver with no outside antenna. I haven't been doing much DXing lately since I have started running for the track team. I am about five months early so I hope I'll have the jump on the other milers. My latest veries are: KOA KNBC CBA WBRC WJET WILS WRC KSO KRLD KTHS. I still have some 25-30 veries out. 11/3- I received WVOK on a test program from 2:22-3:02 a.m., then to bed. On 11/4- I was really surprised when my old faithful pulled in WAPE in Florida. Their slogan is "The Big Ape." From reading the reports, the DXers are about the most wonderful group that I've come in contact with one way or the other. I want to thank Mike King for the very nice card I received from him. Well, the best of DX to all, and 73s. (Welcome to NRC, Norman, and we hope for regular Musings!-ed.)

KKHI-1550 San Francisco, heard yesterday 11/4 on RS. I don't know the power. Since signing on in 1946 this station has had more call changes than Carter has pills: KSMO KEAR KQBY and now KKHI. How about that?

Fran Nittler - 2634 South Josephine Street - Denver 10, Colorado

A lot of DX this week. 11/5, went out to celebrate my birthday and took a log between 5-5:30 a.m. on YNDS-675 on AN show which comes in strong every night. Monday 11/6 CX very good; six new ones added. KPGE-1340 Page, Ariz. on ET from 2:48 to s/off at 2:55. 1YC-880 Auckland audible all AM from 3:13-4:48 with very good signal at times; second N.Z. logging of morning was 1ZD-1000 Rauranga heard right through KOMO TT with mx at 4:40 and broadcasting races 4:50-4:57 when had an interlude of mx but didn't catch ID at 5:00. Unn 1YZ very good with S-5 signal at times and 4YA-780 also unn heard but weak most of time. WMEG-920 Eau Gallie, Fla. logged s/on at 5-5:15 with someone on with TT mostly over their signal. TISS-875 San Jose copied on RS 5:15-5:50 with strong signal. Also HJKC-840 Bogota RS at 5:25 with S-9 signal. Might have just been signing on as had National Anthem. Listened evening of 11/7 and some of the oddest CS ever encountered. For instance on 1250, KOTE Fergus Falls in the clear and never heard before on RS. Then on 1460 needed KDMA Montevideo in clear for over half hour where usually KSO/WACO/KYSN heard in about that order. This was only needed one in U.S. heard but others topping frequencies and not usually heard were KGCX-1480 KSDN-930 KOTA-1380, etc., so CX strong to NNE. Also, XESB-820 Santa Barbara, Chih. heard on RS 7:45-7:55 p.m. without even a sign of usual WFAA and with S-9 signal at that. Then later in evening copied for reports TIW-775 San Jose 10:16-10:36 p.m. and YNX-750 Managua which had ID in English at 9:25 p.m. 11/10, surprised to find KTLN-1280 off RS after 3:00 and off this morning too so might have quit ANing. Anyhow, added XEC-1310 Tijuana RS 3:23 s/off at 4:00 and topping 1310 much of the time. CFAM-1290 Altona, Man. heard for first time because of KTLN's being off and they were in quite good over KOIL at times. Other catch was WTAL-1270 Tallahassee, Fla. on ET 4:42-4:49. Only verie this week is nice letter from KNDI-1270 after second report. 73s.

Roy H. Miller - P.O. Box 778 - Bellevue, Washington

At the dials, as follows: 10/26- KADL-1270 Pine Bluff, Ark. s/on 6 a.m., briefly atop QRM. 10/27- WIKY-820 Evansville, Ind. s/on 6 a.m., atop Aussie for pleasant surprise. 10/28- 2WN-1580 Wollongong, N.S.W. 4:30-5:25 a.m. s/on of XEDM; weak, but mx quite good just before XEDM s/on. 10/29- XEII-1420 Chihuahua, Chih. 7:59-8:10 a.m. well atop all for log #33 on 1420 tying same with 1600 as top log on regional channels. 10/30- WMAZ-940 Macon, Ga. atop WINZ 6:30-7:02 a.m. for a long wanted logging. 11/4- Taping 1180 and found VOA not on until 7 a.m., then programming in Russian, and apparent jamming noted. WHAM noted up to 7 a.m., with some unID LA QRM. 11/5- KKHI-1550 San Francisco Cal. ID at 12:10 a.m. Before any more DX notes, would like to pose a couple of mysteries. I believe I'm slowing down a little on claiming these LAs that may be heard, as they are awfully hard to ID, but how about these? 1040 kc/s., Sunday morning, s/on 5:58 a.m. with rooster crow and mx, but no anthem. Don't think HOJ2, which was verified last season as supposedly AN. 1120 kc/s., LA under KMOX at 7:30 a.m., seems too late (at least in early November) for anything other than Texas or Mexico; does anyone know if XETR, C. Valles, S.L.P. listed in WRH and FBIS is actually on this frequent? Or, would KCLE be on this early, and in Spanish? Recent verie from KAHR-1320 reads in part, "On some reports you can't tell if they got the information from a White's Radio Log." Noting the recent comment of KFAA-660 re some reports, and this from KAHR, I am persuaded to say to all - let's try to be sure of our ID, and, submit something logged if you do report! To say one heard a s/on or s/off, isn't of much value, unless a recording is submitted to vouch for same. Correcting my Musing of 11/4, local KIXI IDs as "K-9-1" K-IX-I, Roman); sorry. Good to see DX NEWS hitting into the new season so strongly; isn't Fred's column terrific? If he would capitalize the countries in the listings it might be an improvement. Only three new veries; but a couple "goodies" - KNDI-1270 WIKY-820 and HLKX-1065. 73.

John Feltman - 551 Grace Avenue - Phillipsburg, New Jersey

The following were heard on morning of 11/7 - CFGM-1310 Richmond Hill AN with cw; WBUZ-1570 Fredonia, N.Y. with f/c from 12:43 to 12:48 a.m.; WLPO-1220 La Salle, Ill. with TT from 1:05-1:14 a.m.; KGMO-1550 Cape Girardeau, Mo. TT at 1:29; CKXL-1140 Calgary for third Albertan; and XETRA-690 "Radio Extra" with special report on the Los Angeles fire. Also, unn KNBC-680 in very strong from 2:17 to 2:30 a.m. It looks like a good DX season is in store for us. Local WEST-1400 may get a kilowatt daytime. Noticed WKAP-1320 Allentown, Pa. is running a contest to celebrate their forthcoming 5,000 watts. Best DX to all. 73s. (Can you make it to Brooklyn 11/25, John? -ed.)
BE SURE TO PUT YOUR NAME AND ADDRESS ATOP YOUR MUSINGS REPORTS WHEN YOU SEND THEM IN.

Alex Bowab - Box 539 Atmore, Alabama

I really regret that I've not been able to DX as much as I'd like to, but school comes first, I guess. Judging by some of the DX Park Barton has been getting lately, I've really been missing it. DX: 10/28- WENS-1460 RS to 1:00 s/off. 11/2- WVLK-590 rr RS 5:30 p.m. 11/3- KLPR-1140 cw RS 6:45 a.m. 11/4- WABR-1440 s/on 5:00. WQVS-1450 finally gotten on AN show. 11/5- WNSM-1340 Valpariso, Fla. on RS 1 p.m. WHSY-1230 noted coming in over WNVY days now, as WHSY apparently 1 kw. now. KCOH-1430 RS 6:15. Now have heard all stations in Houston except the one on 1010, if even on yet. Thought I might have heard KBUY, as a station on 1010 mentioned Amarillo at 6:30. WHB-710 finally heard by mulling out WOR on a portable at 10:30 p.m. Welcome, John Callarman, to the Sunny Southland. Hope all of you get the WLEO DX well. Will also write three other Puerto Ricans, WTIL WEUC and WRSJ. Had the pleasure of meeting Willis Lewis and Dan Phillips last month when we got together in Birmingham for the Alabama/Tennessee football game. Somehow or another, I get the idea Dan and Willis didn't like the score too well, hi.

Joseph Fela Jr. - 102 Hawthorne Street - Newark 12, New Jersey

CX continue to vary between poor and very poor. It seemed to hit a low point around the middle of the week (11/8) and seems to be returning to normal now. I guess most of us were expecting it as, with the CX as good as they were then, it just couldn't keep it up for too long. Under CX like this, about the only thing that comes in strong are LAs but since I have a rough time with Spanish here, I am unable to pull out slogans or calls in the great majority of times, so they are of no use. WNTA AM/EM sold to Bergen Broadcasting (and Bergen FM, Inc., whoever they are). They will continue to operate in Northern New Jersey. This is pending, by the way. Previous owners (National Telefilm Associates) - a subsidiary of 20th Century Fox, or something like that) were asking two-and-a-half million for it. Don't know if they got it but, in my opinion, it is certainly not worth it. Recent varies are letters from WCTC and WNNJ. WCTC is after reports on their signal from this area. To DX: 11/4- WAPE-690 s/off at 5:30 p.m. with a rebel yell and a few bars of Dixie - sounds just like what they play - rr. 5:33, WX in English for San Juan on 680 but back to Spanish at 5:35. WAPA? 7 p.m., CKRB-1460 ID in French with and under WCMB. 10:36, YNOL-825 coming in for the second day in a row. 11/5- CKPC-1380 s/off through WBNX at 1:08. 4:40 p.m., WNPV-1440 through WNJR-1430 - let this one go as it was probably near their s/off and with that DX coming up. 11/11, tried morning (s/on time) DX. Only things of note were that Cubans were coming in very strong and a SSB and mentioning of Atlanta on 970 at 5:30 a.m. but no call heard. Well, that's it for now - 73s. (See you Saturday, Joe -ed.)

(No name or address)

Well, looks like it's about time for another Musing. First off, congratulations to Fran Nittler on the HQ-180. I hope it serves as faithfully as my HQ-145. As you can see no complaints down here. The young DX season looks good and I hope is an omen of things to come. DX has been slim since last issue, but here goes: 10/18- KQMT Iowa. 10/21- WGAR-1220 Ohio. 10/23- WSAI-1360 Ohio, and finally, KBCR-710, Denver. Jack, you don't realize just how close you and I are in stations logged. As of late my total is 581 with 41 states logged. Best state is of course Texas with 112 heard. Just got through taking some color shots of my DX den so all you members be on the watch for a letter. Here's hoping the first two DX programs come through. Would like to have them very much. My hopes of seeing a good year at Notre Dame are virtually gone. Looks like Colorado is going great guns, just hope they can go to the Orange Bowl. Hey Sid, West Virginia has actually won two games this season. What happened? Too much said already, see you in the near future. 73s or y/144 plus (8)2 - 3.

Doug Murray - 277 Portland Street - Sarnmouth, Nova Scotia

Hi. DX here has been terrible as dial has been extremely noisy - consequently very few reports out. DX: WRYT-1250 20/10; KXYZ-1320 20/10, KEYS-1440 20/10, WBAX-1240 20/10, WFYI-1520 10/10, CFGM-1310 20/10, CFCB-570 26/10, WHYN-560 2/11. Varies, WHIL-1430 WHEC-1460 WKMF-1470 WFMJ-1390 WOME-900 WFYI-1520 CFGM-1310. Totals for one year with the NRC are 462 heard and 233 verified. I also reported CBAG-1350, a relay of CBAF in Moncton. Power is about 50 watts. This has to be brief - books are calling, hi. 73.

LET'S HAVE THOSE REPORTS, GANG! WE WANT TO KEEP "MUSINGS" THE TOP SECTION IN 'DX NEWS' AND SO IT IS UP TO YOU TO DO SO. DEADLINE IS EVERY TUESDAY, 30 LINES MAXIMUM TO A MEMBER, ONE REPORT PER ISSUE PER MEMBER, AND PLEASE DOUBLE SPACE THEM!

Jeff Stewart - 3018 Washington Street - Amarillo, Texas

Greetings from the Land of Little DX! Issue #5 of the bulletin received here today, but #4 still missing. Jack Hathaway got his right on time, but his is sent first class I guess it's hung up somewhere between here and Buffalo. Only DX here has been of the sunset skip variety. 10/19: KBOA-830, Kennett, Mo. RS at 6:36 p.m., under WCCO, and KSDO-1130, San Diego, RS under KWKH. On 10/31, WDGY-1130, Minneapolis, under KWKH; WOI-640 Ames, Iowa s/off stop the channel at 6:29 p.m. and WJAG-780, Norfolk, Nebr. s/off under WMAQ at 6:45. On 11/2, KGBC, Galveston, Tex. RS at 6:33 p.m. on 1540 kc/s. Veries in from CJAD, Montreal, Que.; WEAN, Providence, R.I. and WSJS, Winston-Salem, N.C. I don't think much of the idea of leaving Hawaii and Alaska out of the Domestic Contest. They are as much a part of the U.S. as any other state, so why exclude them? Juneau, Alaska is closer to Amarillo than is St. Johns, Nfld., yet Newfoundland counts for the Contest. Well, that about wraps it up from here. Larry, are you going to the Orange Bowl on New Year's Day? DER, how about a tape? 73s.

James A. Lee - 2217 N Street - Omaha 7, Nebraska

Now that the season is upon us again, I figure it's about time I sent a report in. I am using an RCA Spider Web antenna on the SX-110 this year and it seems to be working out real fine. Here are my more recent catches: KWOC, Poplar Bluff, Mo. 930 10/10; KARNY Kearney, Nebr. 1460 10/11; f/c KCCR Pierre, S.D. 1590 10/15; f/c KWKY-1150 Des Moines, Ia. 10/15; ET KIWA Sheldon, Ia. 1550 10/16, KUBA-1600 Yuba City, Cal. 1600 10/16; KXLF Butte, Mont. 1370 10/16; f/c WGGO Salamanca, N.Y. 1590 10/16; f/c WLIJ Shelbyville, Tenn. 1580 10/21; f/c WQMN Superior, Wis. 1320 10/21; KRLC Lewiston, Idaho. 1350 10/21; s/on KOTA Rapid City S.C. 1380 10/21; CFPL-980 London, Ont. 980 10/27; TGUX Guatemala City, Guatemala 1020 10/23; XEAE Villa Acuna, Coah. 1600 (English) 11/4. Mystery? What station behind TGUX on 1020 kc/s. 10/23 from 1:30-2:30 a.m. with religious programs and NX at 2:00 with possible s/off at 2:30? (All English). Veries: KRLC KWKY KYW WGGO KCCR KPRC WQMN KJRG KOYL. KCCR in Pierre, S.C. wants an additional report on their next f/c on November 19th from 1:05 to 1:15 a.m. EST. It looks like a good season so should have a report in every week, I hope. Have plans to beat John Draus in the Domestic Contest, hi. Last minute puzzler - what station IDs on 790 or 800 kc/s. as "Voice of Tidewater" with call that sounds something like WJAI. Had WX for Virginia and had ads for Old Milwaukee Beer? (WTAR-790, Norfolk -ed.)

Bob Foxworth - P.O. 4224 - North Carolina State College - Raleigh, North Carolina

Well, if Jim E. can find time to report, I can too. I'm back in school by a small miracle which I won't explain right now, but it is a miracle anyhow. Hope to see Jim at Christmas when I have some time off - will be in Jersey from Nov. 23 to 26 but have already made plans for Saturday the 25th involving a young lady - hope all you DXers understand why it will be Christmas before I have a chance to visit you. Will be visiting Hammarlund Mfg. Co. on Friday as I intend to look into their latest toy, SPC-10. Regarding WERA, as far as I know no reports were received while I was there - I had not seen any when I stopped work in August. Believe John Tweedie heard a test last summer though. They radiate a figure 8 with two small side lobes, maximum radiation to 160 and 340 degrees true, and nulls are at 48 - 100 - 220 and 270 degrees true, using 500 watts on 1590. Have heard new PJA-8 on 775 from here. Generally reception to N and NE is poor with no sign of TAs on the ham radio station's HQ-129-X but the LA stations really are strong. Will close for now. PS- WKIX-850 s/off 12:10 a.m., WRAL-1240 on not later than 1, both quit AN. Only one verie, TGJ-880.

James Gangler - 2801 Chesterfield Avenue - Baltimore 13, Maryland

Hello everybody! This is my first letter to the Musings. Recent DX here follows: 10/19- During sunset s/off I received WLIL-730 WOKZ-1570 KNIM-1580 @ 6:32 EST; KLTR-1580 @ 6:58; KPIK-1580 with a strong signal between 7-7:05. 10/22- KPCA-1580 at s/off at 6:30. 10/25- YVQT-940 Carupano, Venezuela @ 6:30; PJC2-865 @ 6:35. 10/26- KATZ-1600; CJIC-1050. On 10/28 in the AM I received CX28 again, and sent off my third report. 10/30- Between 5:58 and 7 received WHAB-1260 WTAL-1270 WNSL-1260 HJCC-1010 Bogota; TGHR-700 Guatemala City and TVLP-810 Valencia, Venezuela. 11/4 in AM, unnn CKCY-920 KPMC-1560 new XEHL-1010 Guadalajara; WMIC-1590 with test s/off at 2:15. 11/5- KGMO-1550 ET with very strong signal at 1:25. 11/6- Unlisted Caracas station on 1200 YVO? Between 5:40-5:45 (anybody know?) 11/9- KOMA in strong at 5:20 p.m., Antigua Broadcasting Service at 644 5:45-6:20 with very good signal, first time I got them. 11/10- WYLD-940 @ 1:20 a.m. My most recent veries are KGLO KPIK with a colorful letterhead and KFI. Going back to my school work now so tan 89°13.0 -139. (Welcome to NRC, Jim! -ed.)

C. Alan Taylor - 2529 East 9 Street - Indianapolis 1, Indiana

Hello gang. Thanks Lefty, for saving a real valuable column, the v/s. Cutting this out would cut out quite a bit of the worth of the Club. Added HRU-865 Tegucigalpa, Honduras, and also HOU44-1015 Panama City, Panama for country #17 and 18. Also on 5/11 at 4:57 heard s/on of Radio Trinidad, VP4RD. They signed on with some selection that didn't sound to me like GSQ - gave data and then went into long-winded religious songs. Will try this Saturday to get a good report on them. What is the v/s for VP4RD, Lefty, or anyone? VP4RD makes country #19. Also added WDEL-1150 at 5:00 s/on for a new state. Total now stands at 807, should be at 1,000 before long. Expecting Hawaii before season's out, best bet being KORL-650. Not Expecting Alaska for a long time now and to have them drop in now would not be right, would rather they drop in about four years from now, when I have really worked for them. The results are much more gratifying that way. Ev Johnson, the envelope that came in with the WIKY tip in it was my fault, I think. The stamp stayed on when I put it on but probably came off in mail. Not worth the trouble, I think, because the s/on time given for WIKY is not valid any more, but it was when I sent it. Anyway with next letter sent with tips will have a 4¢ stamp for your troubles. Ho-hum-yarw, I am sleepy, so will cut off here. Be sure you and especially YOU show at the '62 Convention here in "The Crossroads of America". 73, 88, and a half pound of sneegee to all of you.

J. B. "Pat" Reilley - 628 Spring Street - Jamestown, New York

WQMN KFIF, the only new veries back. Before I go any crazier than I am, wish somebody would tell me who is on 675 AN, call sounds like Doublevay (W) Erray (R) You with the 'Y' silent (U) Emmy (M) or Enny (N), Radio Porto? They advertise Pepsi-Cola and mention "Baseball Nacional" often. 11/4- Haven't heard it this noisy all summer. 11/5- Noisy again. 11/6- WFIS-1600 at 4:03. Worked last night, too tired to DX as was late getting home. 11/7- Unk on 690 telling about the Los Angeles brush fire, 2:20 to 3:09 without any ID given at all. (XETRA, Pat -ed.) KXGO-790 TT at 3:25. 11/8- SS on 675 good at 3:40, also the 735 SS at 3:47. Worked again and too tired to DX. 11/9- Copied the SS on 675, 3:37 to 4:09 but can't make out the call. They mention Managua often. After dark, tuned to 675 again and the SS used rooster crowing between records but no ID heard at all at 8:50 p.m. An SS atop 670 and WMAQ. 750 also had an SS on top of WSB, after 9:00. SS on 735 also good. 11/10- A little PM DXing until "The Boss" turned the TV on. CMQ/TGW-640 fighting at 8:40. HCJB-700 atop WLW at 9:00. The 675 SS and rooster at 9:20. 625 had Radio Internacional de Costa Rica at 9:35. 11/11- SS on with WCFL, a Radio Reloj station at 2:20 but no ID heard. XERCB, Radio Cadena Nacional on 1110, 2:40 to s/off at 3:01 for a new call. Unk SS with mx atop CMCB and NX at 3:36.

Daniel Miller - 1121 Parkway Avenue - Covington, Kentucky

Well, the veries are beginning to come in steady by jerks, my first for this season. Totals now stand at 186 heard and 65 verified. Two new additions to my log: WCRK-1150, Morristown, Tenn. 1 kw. RS at 9:00 p.m. on 11/10 and WATE-620 Knoxville 5 kw. RS at 9:30 p.m. for report, also on 11/10. After my DXing session last night when I logged the two above stations, I suddenly realized the switch in my lead-in was open. No wonder the band seemed a little dead! Veries are from KYW-1100 WLBC-1340 (congrats to myself!) and WNBC-660. WNBC sent a card, the other two were letters. I can get an unlimited supply of WING and WSAI surveys. Anybody wants them, just write. Lefty, am I the only member in Kentucky? Looks that way. (No membership list here, Dan -ed.) If not, I'd sure like to hear from some other Bluegrass DXers. Now have report out to WCAR WATE, hope they come back soon. Till next time, 8¢ plus 9.

Bernie Duffy - 77 Livermore Avenue - Staten Island 2, New York

Much sleeping, little DXing is keeping my score down this season. WDAX-1410, McRae, Ga. logged with its first Monday f/c 11/6 at 1:45. CHUB, Nanaimo, B.C. is a recent veri. WHBI has been bought out by WADO. Presumably they'll soon go out of existence. 11/13, I heard a strong all SS station on 1220 kc/s. at 1:25-2:00. They seemed to ID as "Radio Majestic" - anyone know who it was? Another "South of the Border" station, heard quite well that morning was XETRA-690 kc/s., with its constant NX program @ 1:50 a.m. on. The DX-cast that WNPV-1440, Lansdale, Pa. put on, at 4:00-4:30, came through nicely. WBOC, Salisbury, Md. is the only new verie I have gotten. (C U 11/25, Bern!)

IN INDIANAPOLIS IN '62 * THOSE WHO MISS IT WILL SURE BE FEW! DON'T LET THE LABOR DAY WEEKEND BE LABOR DAY BLEAKEND! COME TO HOOSIERLAND, AS DAVID ROYS HOSTS THE BOYS!

Park Barton - Box 603 - Atmore, Alabama

Well, here is a long overdue report. Latest veries are WKIG-1580 for a 112-day-old report of June 6, when they were on ET. CJBC-860 KPMG-1560 WKDL-1600 WXYZ-1270 and WIBV-1260. Latest DX includes the following: 10/26- WELB-1350 on RS at 7 a.m. WDDT-900 RS at 5:15 p.m. 10/28- KTUL-1430 at s/off 2:00. 10/29- WCNT-1210 s/off 6:30. 11/1- WLAQ-1410 on RS at 7 p.m. 11/2- WMBR-1460 RS 6:30 p.m. KGNC-710 RS 6:45. 11/4 - KMBC-980 on RS 2:15 a.m. 11/5- KXLF-1370 at s/off 1:10 for first from that state. KOVO-960 RS 2:05. 11/6- KENO-1460 RS 2:50 for another new state. WFUN-790 RS 2:55. KBIM-910 on f/c 2 till 2:13. KEWB-910 RS 3:50. KABL-960 RS 3:55. KOMO-1000 s/off at 4:11. WMAL-630 RS 4:50. WRKH-580 s/on at 5:00. WRSJ-1560 s/on 5:00 and AFRTS-780 s/on at 5:00. These are my first from this country and the latter is one of my best catches. 11/6- KSD-550 RS 8 p.m. and CMW-590 RS 9:20. 11/8- WEAT-350 RS 2:30. XERB-1090 on with religious program in English until 3:00 s/off, also in English. KECK-920 RS 3:10. WAVY-1350 RS 3:25. 11/9- WEAM-1390 RS 3:00. KGEM-1140 on RS 3:20, WRVA was off this morning and the one before too, and at times had their XR on. KCUL-1540 RS 5:55 p.m. WKCT-930 RS 6:20 p.m. Well, I guess that about brings me up to date for this issue. See you next week, I hope! Best of DX and 73s.

Frank Williams - 5237 Elmwood Avenue - Lynwood, California

Hi out there in radio-land! DX here has been slow this week, with only one new logging and two veries. 11/5 netted me one I've wanted for a real long time: WLW-700 Cincinnati, on RS 7 a.m. EST. This may not look like much of an accomplishment, but with KMPC on 710 just to the North and XETRA on 690 just below it, WLW isn't given much of a chance to filter into the crowded airwaves of L.A. But anyway, with KMPC off for its monthly silent period (First Sunday, 5:30 to 8 a.m.) I was able to pull in David Roys' favorite station. And for the veries: WSJS-600 North Carolina for a new state, and KASH-1600, Oregon. Last Monday, 10/6, was the worst morning here in a long time. There was some kind of fierce static emanating from the SW, towards San Diego and Mexico. The QRN was not in local lines, nor in my Zenith, because I could pretty well tune it out with the loop. Any explanations for such directional static? Still no sign of the 180 VOA that everyone else is getting lately. Guess I'll switch my antenna around from N/S to E/W and see if that helps. I've heard LAs on 830 850 and 880 but have taken no action on them yet. Looks like the NNRC has jumped off to a head start on the DX shows. We can't let that happen, so go get 'em, Fran! With nothing better to report, I'll go back to my record player and listen to some more KGBS. "Christmas, Christmas time is here, please December don't be late!" (as the song goes). Hi, all you Convention goers! Finus, end all Kaput Varoom. 73.

Steve Chudoff - 9220 Burbank Road - Philadelphia, Pennsylvania

Another fine week in DXing with more logs rolling in. First of all, got verie from CE Jon Ingold of WADE confirming reception of 10/27 6 p.m. under WCAU, hi. Sent on 3x5 card. As for new logs: 11/9- WDAE Tampa Fla., 4VEC Haiti in clear at 6:30 a.m., severe sunspots. 11/10- WELS Leland, Miss., KMAR Winnsboro, La. s/off 6:04 p.m., CMJG Camaguey, Cuba top frequency 6:30 p.m. 11/11- Sunspots less prevalent, best evening of season so far. WPAM Pottsville Pa. 4:30 p.m., WPAY Portsmouth, O. 4:47 p.m., WBUC Buckhamon, W. Va. 4:51 p.m. under WCMB, WHOW Clinton, Ill. 5:35 p.m. over WKBW which was very weak (heard KOMA at 6 p.m.), Windward Islands atop 830 frequency 5:50 over WNYC, WMFD Wilmington B.C. 6 p.m., much wanted WHJB Greensburg Pa. over WVNJ 6:04 p.m. 11/12- WBSM New Bedford Mass. 12:02 a.m. and CFOX Pointe Claire, Que. 12:06 a.m. under WSAN. Last year at this time had only 16 new logs - have 39 now. Seems every November at this time we have annual sunspot activity. Hope it had nothing to do with that idiot's 50 Begaton blast. By the way, word is that Castro is going to start to jam other frequencies with new Cuba stations. He did good job with Swan - Cuban on 1160 must be half a million watts, hi.

Jack Hathaway - 4701 South Milan Street - Amarillo, Texas

11/5- KRNT-1350 heard s/off 1:39 with SSB. 11/6- WIS-560 heard 5:45 with QRM from KSFC WXLW-950 heard 6:01 with foreign language QRM. 11/7- KADL-1270 heard 6:41 underneath much QRM. 11/9- KWFR-1260 heard 6:30, just caught ID under bad QRM. 11/10- KABQ-1350 heard 12:58 giving ID in English but saying that their programming was in Spanish; reverted to Spanish. KTUC-1400 Tucson heard 1:01 with KXIV QRM. KUDU-1590 heard 2:31 with SS QRM. KLKC-1540 heard testing 2:39. KTOK-1000 verie received 11/8; "Your station for Oklahoma City," 5,000 watts full time, very definite. First paragraph, "This will verify your reception..." and second paragraph, "your letter is in accord-(P.12)

(Jack Hathaway) ance with our official log; signed by manager - wish they were all like that, hi! Total heard 589, total verified, 180. XEWA-540 heard with QRM at 3:03 p.m. Looks like Fran is going great with the new receiver. Looks like the Social Security Administration found John Callarman a good location for DX! WACO-1460 heard 10:46 p.m. KTWO-1470 heard 10:49 p.m. I'd surely appreciate the location, v/s and technique used by anyone who got XEQR-1030 to verify. Did you get a verie for your tape, RHM? They are coming in Q5 S9 plus 45 db at 11:11 p.m. A 1959 and 1961 report brought nothing even though PP was enclosed in latter report. WOC-1420 heard 11:23 p.m. 11/11-WACT-1420 heard 1:46-1:48 with test. KAST-1370 heard 2:13 with QRM, sent report. Best 73 and DX.

Andy Rugg - 16 Lake Breeze - Pointe Claire, Quebec

Some of mad readers should try "Radio Roulette" - just as full of laughs as "TV Roulette." CX have been rotten for a few days - no WMEX/"KB"/WPTR on the table radio, however today (11/11) old Woo-woo loud and clear (hi Stan). 580 now sports one more station and 560 one less, CFRA switched, being noticed for the first time 11/3. CHGB-1350 now 1310 with higher power; Valleyfield, Que. now has new station, CFLV-1370, think that's the call, maybe not; stupidity reigns. DX: 11/4- WAIT-820, Chicago. 11/5- 12:05-4:18a.m., WISN-1150 Milwaukee, WIND-560 Chicago, WJDY-1470 Md. testing; WJPG-1440 Green Bay; CFGM-1310; WAMS-1380; CJOB-680, 'Peg; WSUN/XENK-620; HJCU-735; WKMI-1360; WICE-1290. 11/10- WIS-560, Columbia, S.C. on top of weak mush 9:30 p.m. 11/11- CFLV heard all day, WFEA QRM night. Also ran across a possible WPRS f/c quod list tentative out; CHEC-1090 another tentative - heard someone with XERF/KXEL type of revolting cw and ads type of programming, anyone know if 'tis they? WAPI replied to tentative unfavorably but will try WDIA now. At 12:30 on 11/5 heard someone under WMCA - was hopin' for WNAX but though call was similar 'twasn't they - the one I heard was in CST zone and mentioned a "Tri-County Area" - maybe WMAM as calls similar. Will send out tentative. Veries: WTIK WSHH WWC0 V0CM CKEN WTOB WDRC KSTP. Station count: 584/395. I'm now litter-box collecting through the mails now, collection up to 17, thanks to CJSS and WNDR. Lefty, do you want me to send you a litterbox so's you can see what they are? (No thanks - I got from from Ralphie (WKBW))- ed.) A while ago the table radio (Howard 430) was repaired because the dial got stuck at 98 (&\$/!X). CKGM makes a farce out or rr broadcasting - their Open Mind program is more of a comedy one than serious. So anyway the 430 got fixed and a bit revamped. Get WMEX/"KB"/WPTR much better now. WPTR comes in in daytime but very weak. Trying to swap it for my parents' monstrous Philco which gets everything loud and clear in the day without an antenna. All they need is a bedside table to stick the Howard on. So long from the Land where broadcasting is a farce. (2.923)⁴.

Bryan and Keith Wilson - 220 5 Avenue - New Westminster, British Columbia

Hi again to all fellow frequency fanatics! Just two Mexicans logged during last week, Saturday, 11/4, XED-1050 Mexicali, B.C.N. in S-9 at 8:30 p.m., about $\frac{3}{4}$ hour after sunset. This one should have been logged ages ago, as we have mistaken it for XEG in SS, or does XEG ever broadcast in Spanish? The next AM (Sunday) another SS from the same city, XESU-790. I've never heard any sign of this one before, so it came as quite a surprise. There was no sign of KNEW yet. Also on November 5, but not new, VOA-1180 Okinawa was in about S-7 at about 8:00 a.m., and KORL-650 was in with S-9 plus signals at the same time. KVI-570 was off at 8:30 a.m. I don't remember KVI silent for quite a while. Again on Sunday AM we noticed that local CHQM on 1320 was on AN. I phoned them later on in the day and asked them what was going on, and learned that this was an experimental AN run, and that they will probably be AN after January 1. Until then CHQM will be off by 4:00. Nothing new heard on November 6, but noted local CKNW-980 off at 6:15, ET at 6:30 and back on about 7:00. KYNO-1300 s/on at 7:00. Quite good quality in veries this week: WHIS-1440 for first W. Va.; WQOK-1440, White Horse Road, Box 298, Greenville, for first verie from S.C., T.C. Hooper M., is v/s. WQOK also sent along five surveys. Last and most important verie of all, 1YZ-800, Atawa St., Roturua, N.Z. saying this was second verie mailed to Canada. QSL card included, with the 32 stations of the N.Z. Broadcasting Service listed, and a survey included. Well, Keith and I will says 73s to all and especially to all who have veries from 1YZ.

Mort Meehan - no address given

Before and after 9 a.m. EST (6 PST) KHOK, Hokeland, 1560 kc/s., 1 kw. testing, Wash. Stated they will start RS on 11/15 or 11/16. I can't find any such place as Hokeland, Washington. (That's the new KHOK-1560, Hoquiam, Wash., Mort -ed.)

Dick Kwiatkowski - 11 Walton Avenue - Celeron, New York

My new veries are: WFRM-600 WLEU-1450 WRAD-1460 WCUB-980 WTIK-1310 WGR-550 which didn't give their hours of operation. 11/8, unk station under KOIL-1290. On 690 kc/s. WAPE "The Big Ape" was clear without any QRN or QRM with a WSA of plus 5. Veries sent out to WAPE-690 WJLJ-1440 WNOE-1060 WSHH-1570 WHLD-1290 WADP-960. F/ups sent WLCY, KIOA. Heard SSB of WNOX-990 at 5:00 a.m. 11/9. 11/10- Fixed my receiver and tested it in the day. It still can't pick up anything down at the lower end of the BCB. WHOW is usually heard under or above WKBW since they boosted their power up to 5 kw. Believe it or not I haven't heard XERF since it came back on! I would like to thank John Swanson and Ev Johnson for the letters. Good luck and good DXing.

Larry Schwartz - 4819 Atlanta Drive - San Diego 15, California

Hi from San Diego. DX has been bad due to many images of local stations. The DX has gone this way in the past week: 11/5- KSVP-990 r/c over XECL/KKIS/KTKT, and XEAE-1600 AN in English asking for reports saying I'll get a Mexican peso if I repory (Thanks for the tip, Frank!) 11/6- Good CX but noise from street light began coming on, still bagged three newies in ten minutes: KGVW-630 r/c, KWIN-1400 ET in perfect, and WPNX-1460 Phenix City, Ala. for my second from that state with ET so they said. 11/11- WAVE-970 RS through mess on my best frequency and KWCK-1250 s/on at 8:00 with SSB. KAKA followed with SSB s/on but latter unn. Veries must be lost in the mail. I have over 20 reports out in the past month with only two back (WKYR and KOH). Two veries this week, KOH-630 QSL and a surprise, my second Mexican verie, XEAO-910 from a report in late August when local KDEO was off due to a forest fire near their XR. Verie is entirely in Spanish. I noted two more ANers in Arizona, KIKO-1340 and KOOL-960. Those of you who need Arizona, go after the latter, they really blast in here! XEDM off 11/10 at about 8:00 p.m. so caught KWIP s/off at 8 but unn. TT heard on 1420 on 11/11 and 11/12. 11/12 DX: CKDM-730 AN and CJGX-940 AN in the clear with all cw mx. My totals now are 619 logged with only 232 verified. By the time this is printed or soon after I will have been DXing one year. I started November 20, 1960. The best thing that happened was when I joined the NRC! Does anyone know if WVOP-970 in Vidalia, Ga. veries? All till next week. Will say 73s and best of DX to all!

Ken Murphy - Glenbrook Connecticut

DX has been rather poor the last week with only WBAX-1240 and CKEC-1320 added. I don't think I'll be able to make the gabfest at Lefty's as I plan on taking a week of vacation and will probably be up in Massachusetts at that time - sorry. Have heard WSNO-1450 again signing on at 5:30. Give them a few tries.

Ernie Cooper - 438 East 21 Street - Brooklyn 26, New York

New member Tom Kerr of New York is also joining us here on 11/25, making eight so far. I hope more will come - by subway from New York, take the BMT-Brighton Express to Church Avenue, then the Brighton Local two stops to Cortelyou Rd. Then walk five and a half blocks to the right (East) to E. 21, turn right, first house on right. By car, from New York, ~~Manhattan~~ Brooklyn Bridge to Atlantic Avenue; left to Flatbush Ave., then on to Dorchester Rod., about 4-5 miles, then right one block to E. 21; right then, and last house on left on that first block. From Long Island; Belt Parkway to Flatbush Avenue exit; then about five miles to Dorchester Rd., left one block, then as above. I hope some of the "semi-locals" will also make it! What say? To any Pennsylvania member - What is the date of the opening of the Hunting Season? Reason is a try for WFRA-1430 s/on 4 a.m. that day! Unn WCED-1420 is AN that AM - but what morning is it, Keystoneers? I suggest everyone include the frequency with his loggings so we'll know where to look for them - it helps when there are over 3,000 stations in the U.S.A. alone! DX this week: 11/7- KGM0-1550 on what seems to be a daily f/c-TT @ 1:25-1:40 a.m.; XETRA-690 on AN NX show, with live coverage from the terrible Los Angeles Fire; and second try for a WTRX-1330 verie; on till 1:02 a.m., and loggable here on Tuesday AMs when WEVD is off. 11/8- Hoping for ER from WBLF-1330 s/on 4 a.m., but no sign; WGET-1320 with ER, unn. 11/10- Sunspots again, took advantage of them to log r/c-DT (dial tone) of WLIQ-1360 with only WKAT QRM as Sunspots killed WSAI/WKMI. 11/13, another fruitless Monday, or was it? 5 kw. Alabaman ET/M on 1480 2-2:30 behind WHOM's OC; needed WIXI or unn WABB? 11/14, PM- Unbelievable Aurora CX prevailed and these heard, 7-8 p.m. with most S-8 or better! Antigua-644; YVQO-650; WAPA-680; CMBC-690 TTHB-694, "Radio Columbia" YVMH-700 HJCN-735 HJED-820 HJKC-850 HIU-860 over CMBL; HRUC-865. Log taken on Antigua and HRUC; both new countries when and if they verify. Veries in from WQXQ-1380, and KGM0-1550, both attractive and very friendly.

INTERNATIONAL DX DIGEST

- Edited by Fred VanVoorhees, Box 132, Lemoyne, Pennsylvania, U. S. A.
 Thanks to several of you for the kind words. It helps keep things like thi DIGEST going. Let's see if we can get caught up this week.
- 584 RNE Madrid (Majadahonda), Spain. New station 200 Kw. (EBU)
 RNE Madrid (Arganda), Spain. 100 KW moved to 683 Kcs. (EBU)
- 640 HCXY1 Quito, Ecuador, "Radio Nacional del Ecuador", Apartado 1316, Quito. Testing with 10 Kw. 0630-2400, verifies with letter and pennant. (WRH)
- 652 Israel Home Service logged here apparently a harmonic, although they verified stating a new transmitter of 100 Kw. was in use on long waves. This transmission carried to New Zealand. (TI)
- 660 ✓XERPMMexico City, D. F., new address is Dr. Rio de la Loza No. 56, Mexico, D. F. (DXG)
- 674 El Beida, Libya, new station reported with 100 Kw. (EBU)
- 683 RNE Madrid (Arganda), Spain, here from 584 Kcs. with 100 Kw (EBU)
 EAJ7 Madrid, Spain, moved from here to 1133 Kcs. (EBU)
- 692 BBC, Cromer, England, reported new station, 2 Kw. (EBU)
- 699 YVMH Maracaibo, Venezuela, seems to have slipped down from 700 Kcs., as can be separated from WLW now. (ERC)
- 700 TIHB Costa Rican, heard here AN on 10/30, probably TIHB. (BD)
- 719 Norte II, Portugal, verie card in for 10/21 early evening reception. 5th from Portugal. (BD)
- 730 ✓XEX Mexico, D. F., new address Dr. Rio de la Loza No. 56, Mexico, D. F. (DXG)
- 750 Colombian station with Caracol Network. Is it HJAJ? (BD) (Only one reported so far-FV)
- 755 Unknown Spanish Speaker in here after 2200 and about 0600 mornings. ID is same as YSS, Call YS??. Haven't heard them since late October. (DBM)
- 780 4YA Dunedin, New Zealand, probably heard 11/6 at 0333. They were very weak on loop, faded quickly. (DBM)
- 800 Aden Broadcasting Service, Aden, operates on this freq. 2230-2460 and 0700-1230. (DXG)
- 805 YNR Managua, NICARAGUA, sorry I goofed last week. This is the possible LA here, not HROW. (DBM)
- 820 HI9Z Santiago, Dominican Republic, s/on weekdays at 0525, completely in the clear except Mondays (WFAA TT). (ERC)
- 830 St. Lucia, definitely on this channel, ex-840 Kcs. (ERC)
- 860 "Radio Caribe" in the Dominican Republic, alone atop this frequency at 2045 on 11/10. (BD)
- 872 EAJ101 Zaragoza, Spain, nice verie letter and beautiful pennant received, 3rd Spanish verie. (BD)
- 875 TISS San Jose, Costa Rica, "La Voz del Tropico", very strong at 0500 s/on 11/6. (BD) Reported for 10/25, 10/26, and 10/31, S/on 0545. (HJW)
- 880 1YC Auckland, New Zealand, probable on 11/6 at 0335 and after 0400 until WCBS test. There was piano music and soft-voiced announcer. S-1 on loop, S-5 on long wire. (DBM)
- 895 LA occasionally heard here and reported as Peru, but I believe this is actually a Central American, possibly Panama, since ball games have been heard. (BD)
- 922 HJCS Bogota, Colombia, heard often with good signal and is causing the hetrodyne on this frequency. (BD)
- 927 Nis, Yugoslavia, moved from here to 932 Kcs. 2 Kw. (EBU)
- 932 Nis, Yugoslavia, moved here from 832 Kcs., 2 Kw. (EBU)
- 962 Tunisian National Broadcasting Corp. logged here with special programs relative to the Bizerte incident. (DW)

- 980 HISA Ciudad Trujillo, Dominican Republic, "Onda Musical". This is occasionally relayed by "La Voz de la Reeleccion" whose address is Apartado 141, Santiago. To further confuse this item, HISA is in Santiago, not C. Trujillo. (WRH)
- 989 Singapore, now used for 4th (Cultural) Program. Formerly Chinese language. Now English and Malay. (TI)
- 1000 YVNM Moron, Venezuela, verie letter received from "Radio Moron" signed by Andres Caballero, and the station president, was most appreciative of my report. Station was testing when I heard them 10/2, using call of YVNM, and according to the letter when on the air officially on 10/12 with 10 Kw. (BD)
- 1ZD Tauranga, New Zealand, heard positively on 11/6 at 0330. I think the show was "1ZD Hitboard". Had all pop tunes, were S-7 on the outside wire. (DEM)
- 1015 Colombian on this frequency has good signal, and is probably HJAI, Barranquilla, Evenings. (BD)
- 1016 RNE Verie card in from Radio Nacional de Espana for reception (early evening) of Madrid, 4th Spain. (BD)
- 1020 TGUX Guatemala City, GUATEMALA, is AN Monday in English, in clear. (ERC) Fine letter from Mr. Dave Thomas verifying 3 reception reports dated in 1959 and 1960. Came via registered air-mail. Direct all reception reports to Mr. Thomas at TGUX. (HJW)
- 1040 Spanish Speaker s/on at 0600 Sunday AMS. Rooster Crow and on in Spanish. (RHM) (HOJ2 or TGXA)
- 1065 HLKX Inchon, SOUTH KOREA, verified by letter and QSL card reception of 10/16/61. (RHM)

- 1160 EAJ49 Toledo, SPAIN, moved here from 1142 Kcs. 5 Kw. (EBU)
- 1180 VOA Okinawa, RYUKYU ISLANDS, noted s/on and into Russian at 0700, 11/4. Subsequent checking indicates actually on about 1178 Kcs. as others have reported, and this is probably the cause of the strong hetro noted on WHAM/VOA. Perhaps some of you "Sharpies" in the east could separate VOA from WHAM at and after 0700 and log Asia. (RHM)
- LA on 11/9, very strong between 2100 and 2200 is believed to be CMHV, Santa Clara, CUBA, since several commercials were given for Santa Clara Milk, and Cuba was mentioned. Music, however, was U. S. Rock and Roll, and I didn't hear the word "Revolutionaly". (BD)
- 1190 Chinese use this frequency for Overseas Service in English (TI)

- A....There has been a definite decrease in the interest of "Supremacy Ratings" since February of 1961. Unless there is a decided activity among the members, who want the "Supremacy Ratings" continued, I shall reduce the listing and devote the remainder of the page to interesting "chit-chat" on the Foreign Veries that are submitted by those members who wish this column continued....Fair enough ??????
- B. Those members listed with **** after their names must re-submit by December 1, 61 or be dropped from listing. I will not waste my time with reminders anymore.
- C. When submitting your new additions please let me know the names of the new countries and veries from same. The more information that you submit the more interesting this column can become. Otherwise, it can become quite dull.
- D. The December listing will list the Best Verie from South America..Get yours in...
- E. The December listing will be the last for many of you members unless you have a definite change of heart. I like to work so keep me busy.
