### ARTHUR BJORK SAYS

"I've received 75 new stations, since I've been in the NRC (since 12/31/61), as compared to 139 for the entire year of 1961. This has been my best season (of 3) by far, due to DX NEWS and you, the helpful members of the NRC. Thanks - I really appreciate it."

### ONE MORE WEEKLY ISSUE

And then, we will be coming to you once a month during the summer months of May, June, July, and August. We have set the dates for the May and June issues, but as yet we have not decided on the dates for July and August, pending vacation arrangements by your editor. The May issue will be dated May 12, and the deadlines will be May 8 in Brooklyn and Lemoyne, and May 9 in Mendota, Illinois. Then it will be a rather long "rest period" until five weeks from then, under date of June 16th, with the deadlines when June 12th for Brooklyn and Lemoyne, and June 13 in Mendota. We want to ask you now to send in reports for these summer issues, if you are at the dials, or have had some good f/up activity, and we remind you please to double space your reports, and to remember that 30 lines is your maximum in DX NEWS, and that only one report is permitted per member per issue. If you send one in, rather short, and then a few days later send in another one, the second one will not get in. Often we get requests to "add this to my earlier report." This we cannot do all the time, as often we type the reports onto the stencils as we have enough to fill a page, to ease the work load at deadline time. So, kindly remember, only one report per issue. Also, kindly remember to use EASTERN STANDARD TIME only in your reports to avoid confusion. We suggest you keep your DX Den Clock set on E.S.T. Always, all-year 'round so you will not have to convert your times into E.S.T. but will have it right in front of you always.

### LABOR DAY WEEKEND

A marvelous time is in store for all who decide to attend the NRC's annual Convention, being hosted this year by the Indianapolis faction in their city. Let's all be there!

April 21, 1962

Joseph Fela Jr. - 102 Hawthorne Avenue - Newark 12, New Jersey

Hi again. Won't be long now until summer is here and the band is showing it. However some good ones are still around, maybe not TAs but there is some good domestic DX around. Totals are now 612 heard and 204 verified. I have out 67 reports - 11 new ones and one f/up this weekend so far and I'm writing this Sunday afternoon - wait until tonight, hi. Latest veries: v/ls from WENZ-1450 WEBO-1330 and KWYO-1410 (state #41 verified). V/c from WJMJ-1540. To DX: 4/8- CMBC-690 very strong at 9:14 pm; another strong Cuban on 600 at 10:50 giving WICC a lot of trouble. 4/9- WHUM-1240 s/off 12:08 am, CJOY-1460 s/off 1:06, WEBO-1330 s/off 6:46 pm and WLAT-1330 s/off at 6:48. 4/10- WSYD-1300 s/on 5:02 am, WKBK-1220 on already at 5:27, WTAB-1370 s/on 5:28. 4/14- WMLP-1380 through either WAWZ or WBNX at 6:25 pm. (I don't know which was on at the time). WRAK-1400 with WOND under it alone at 6:30. WJDY-1470 s/off 6:45 with a lkw. right after it doing the same. Call sounded like WEIE - who? WGBI-910 way atop at 6:57 for a report. 4/15- WDEW-1570 ending ET/M at 1:30 am, plugging their 'beautiful' QSL cards, of course. Then XERF and EE with two stations under it, both with mx, one seemed to give time in CST (can't be CRY on this late, can it?), the other I think a tester. 1:37, KKJO-1550 quite audible. 2:07 s/off, WCTC-1450. 3:15, log of KXYZ-1320 taken; 3:29 WJPS-1330 ID for ET/M, but then one tune and that's all heard, so maybe ended there. 3:59, KCPX-1320 s/off with nice signal. 4:00, WHOK-1320 s/on (does their FM run AN?) 5:00 WSHP-1480 s/on, 5:01 WCHB-1440 s/on, 4:02 to 1330 to hear and log WDAL-1330. Finally, is there a jammer on 865 or does it only sound that way? Like wise, sounds like one on 700 too. 73s for now, and N.J.-'64.

Pete Taylor - 2340 Pacific Avenue - San Francisco 15, California

Very little activity here. On 4/9 KRSC Othello, Wash. was on late with Cander Fund-raising Drive (also heard by L. Schwartz and F. Nittler) with s/off 3:41, and KAYE-1450 Puyallup, Wash. RS s/off 3:45. KAYE v/c back says they s/off at 5:00 M's but definitely s/off 3:45, which they verified. I think adding "Othello" and "Puyallup" to my logs in one morning is rather distinctive, hi! Despite recent indications, KKIS and KSTN are NOT AN, six or seven days. KKES stays on one of the weekend nights, but only one. WKRT-920 verie back for a most welcome one - I sat on them for an hour and IDed two selections through someone's OC. With 500w. it's even a better catcy. Other veries from KALI KVEC and KTRG. KTRG recently changed ownership, is applying for 50kw U-3, FM Multiplex Stereo, a TV channel and a commercial SW outlet, which is considerably more activity than their predecessor, KOOD ever went through. Other signals noted on 4/9, all unnn or not good enough for a report: KTAC-850 ET 3:05; unID TT 790 3:10; KLAJ-1600 s/off ET 3:27; KHBC-970 good signal S-5 3:30; KSEM-1470 ET night pattern 3:59; 2BE-740 fair 4:05, killed by KCBS' OC 4:10; 4YA/WBEM-TT even 4:07; 1YA-800 S-4 4:08; KONO-860 first time heard here 4:12; 2UE-950 weak 4:17; KNBX-1050 M/TT 4:44-5:00 s/off, and JOKR on top of 950 at 5 am. "The noise remains quite bad - due to someone's heating pad." Thought the 700 WX we've been having would take care of blankets and such but I guess not. I am now Promotion Manager for KPEN, which is incidentally the only FM station in the country with an AXR. Also doing a bit of airwork here and there. While I plan to continue DXing through the summer whenever possible, I would like to say that this has been an excellent season, and my most active one in ten years in the NRC. I would like to thank the editors for nurturing the enthusiasm; the NRCers whose reports have kept the DX NEWS so interesting, and those with whom I have corresponded with some degree of regularity for the many tips. Good Show'. 73s.

J. B. "Pat" Reilly - 628 Spring Street - Jamestown, New York

KMSM only new verie back this week, 27 reports still out. 4/8- HJCU-730 on top at 3:05. SS on 765 good at 3:15. Still wonder what the tone is on 1440 every day. WHAS-840, AXR test at 3:27. 4/9- No CJRW or CKLD heard here. KXRK-1500 at 3:20. KFBK-1530 NX at 3:30. KKHI-1550 said 24 hours. TT on 1190 but only S-4 at 3:48. SS on 1100 good after 4:00. KSEL-950 AN show at 4:04 for new call. WPEN-950 test at 4:15. 4/10- KRZY-730 test at 3:12 with HJCU raising neck with them. 4/11- Very HNL and shut the set off. 4/12- WMTL-1580 TT at 2:52. 4/13- Too noisy, got some extra shuteye. 4/14- TT atop KFI-640 but no ID for over an hour. 950, tone and mx at 3:12 atop WWJ/WBBF but no ID given. 280 and snowing real hard; ground covered by midnight and all gone by 12 noon. This past week has been a very noisy week as far as HNL was concerned. Twenty Saturdays to Indianapolis!

LET'S SEE A NICE BIG MAY "DX NEWS!" SEND IN THOSE 'MUSINGS' REPORTS, DEADLINE 5/8/62.

Dallas John - 337 South Stewart - Lombard, Illinois

CX much better this week. 4/3: KXGI-1360 s/off 7:44 under QRM; WPDR-1350 s/off 7:46 very strong; TIFC-1075 good with cl mx at 9:23; 4WW-1435 better in FF at 9:33; "Radio Managua" on 965 strong at 10:07 with LA mx. YNLU? Caught weak signals on 575 and 605. Also, finally logged HROW-845 as before WHAS always too strong. XEN-695 with cl mx and Pepsi ads at 10 - I missed EE programs. 4/4: Caught WOHO poorly on top of WMBD at 7 sharp. Later heard WJBK way over KSTP at 7:03-7:15 with rr. Got YVLT-825 at 8:55 pm. Nabbed XEN weakly in EE at 9:11 as in Frea's column. 4/5: KS00-1140 on top of WRVA was the tip-off at 7:25. Logged KDAL-610 at S-9 at 7:33 with WIP/under for a change; heard NBC NX on 710 at 7:35 but didn't pull out ID of WDSM in the Twin Ports until 8; KUTT-1550 at 7:52 with rr; WMIX-940 at 7:30 s/off, no SSB. Still at 1 kw. WDAY-970 way on top of KJLT at 8:11 pm for nice one - WMAY usually on top here. Heard mx on 1235 fading a little but otherwise a good signal - faded at 10:30 after 15 minutes of listening, ditto at the hour. Jammers for Radio Americas doing a better job, on frequency anyway. 4/7: Tried for AN WVBE but nothing but strong WSUN with albums. Static very bad this AM. Anyone know who the TT was on 690 at 4:12 am? Who is NRC on 570 at 2 in the afternoon? WSVL-1520 under KOMA at 6:38 with Shppoers Holiday ads; CMBC-690 Cuba, Radio Progreso with rapid fading; 8:00 pm had KOMA on 860 (vefiry?) and WSPA-950. Went to 1500 and copied WTOP on top at 8:30; WHN-1050 very strong; XEQ-940 rolled in around 9:00 and was completely dominating 940 with almost no CEM, AN. XERF not as good as previously this week. WREC-600 good at 11:32; short TT on 1440 at 11:59 pm. 4/8: KMA tops 960 at 7:35, out later; KCLU-1590 Rolla S99 at 7:37 (s/off 7:45) with rr - they have a survey. KNDY-1570 s/off 8:01 under P.K. Never verified my report for f/c last summer under same station. An odd-sounding TT on 1580 from 9:17-9:30 with no IDs, strong, but fading. OAX4A-854 good at 9:27 after being fair this week On 960 was WBRC with Starlight Serenade at 9:30, and then WDBJ came up and topped them with CBS programs. YNLU-965 good with RR rr and ID "Radio Managua" and chimes. Finally dragged Colombian-922 out, but no copy. 4/9: Bad buzz in receiver. KSEL-950 very good, said AN, at 4:20. Copied KGBS-1020. Cl mx, piano on 710, probably GBS. Tenn. ET 1380 at 4:00. Also EF on 1270 IDed at 4 but WKYR s/on killed it.(WTID -ed.).

Ev Johnson - 504 16 Street - Mendota, Illinois

Hello again. DX very slim here at this den. Of course static is main reason plus so many ANs, now-a-days, but manage to add a few new ones needed in my log. Veries are my worst problem having 43 reports out not verified since the new season started 9/1. Have added 117 new veries since that period though. As of 4/1 I have logged WGM-1380 (new) Millington Tenn. on ETs and KJPW-1390 (new) Wayresville, Mo. on ETs. 4/2-KVSH-940 was heard on new r/c period. WKIK-1370 test at 1-1:30. 4/5- WLBG-860 on test at 12:35. 4/7- WYGO-1330 r/c first Saturday 4:45-5 and, 4/8, some Alabama station on ET/M well under XERF on 1570. They seem to be just as powerful as ever here. I have at last reached the 2,300 mark in veries with the following new ones. WKRT-dx KTCR-690 KFAM-1450 and QSL card from KOGO. I want to thank all those who contributed tips to DXDD this past season. Wishing you all a very Happy Easter, best DX and 73.

Maurice W. Nittler - 1755 South Vallejo Street - Denver 23, Colorado

Mile-hi DX Doings from Denver's most SW DXer: DX continuing at a slow pace on Ruby Hill with only five reports out in the past two weeks. 3/26- KSHA-860 new one in Medford, Ore. ETing well on top of KONO. WKRT9920 heard only briefly on DX show, weak report but maybe a verie will be forthcoming. 4/1- WPGC-1580 ETing to find out if any damage was done by a lightning and rain storm. WTTS-1370 on RS 5:05-5:20. YOGI-870 in code at 8:45 pm. Veries still coming in good with the following in past twl weeks: CFCW-dx-790 WFUR-1570 KIQS-1560 WHUN-1150 WTNS-1560 KREB-1550 and last but not least, 4YA-780 for third Zedder of the season. Just returned from our bi-monthly meeting of the Denver Clan in Longmont at Hal Wagner's Hall of Hallowed DX. Has has really gone and done it, adding another verie for the season for 100% of reports verified this season. He got reckless though and bought another IRC so is now offering it for sale cheap. We all hope to be in Indianapolis over the Labor Day weekend, six strong. Anyone passing through, be sure to tune to KTWL-1250 for the "Johnny Blue Boy Show." About one word describes it - ridiculous! I think it is really George DeGrazio with a pseudonym. They are announcing that beginning Monday 4/9, the station will become KICM-1250. Mr. Tschombe cables his regrets at not being able to attend the fabulous NRC Convention in Denver in 1963. He asks us to remind everyone that it is Elizabethville in '65!

April 21, 1962

Jeff D. Stewart - 3018 Washington Street - Amarillo, Texas

Greetings! DX has really picked up around here. TPs have been rolling for two MMs in a row, with Aussies particularly strong. On 4/2, 2BL-740, Sydney, N.S.W. heard strongly with good ID taped at 5 am. Signals noted on 880 950 1510 and 1560, but not IDed. One other new one logged was rather anticlimactic: WRDW-1480, Augusta, Ga. RS. On 4/7 WDOV-1440 Dowagiac, Mich. r/c. 4/9 brought another good TP morning: 2AP-1420, Apia, Western Samoa, heard at s/off @ 3:32. They s/off in EE and some foreign language, presumably Samoan. After KAIM s/off, 2GB was heard with good strength and ID heard at 5. They are in Sydney on 870 kc/s. Two new domestic catches were welcome: KTAC-850, Tacoma, Wash. f/c ID @ 3:08 and KEST-790, Boise, Idaho ET ID at 3:38. So, two new Aussies bring to a climax the best season I have experienced. With TAs in during December and January and TPs during April, who can doubt that this has been one of the finest seasons in several years? Best of DX to everyone and 73s.

C. Alan Taylor - 2529 East 9 Street - Indianapolis 1, Indiana

Hiya clods. Well, DER and myself are now clearing house for Vane A. Jones so if you have any questions to ask send them to us. From now on, all questions from the NRC should be directed to us especially if you want a reply as Mr. Jones just doesn't have the time to answer all your questions individually. All questions that we receive will be answered and relayed to you either by way of Musings, or the mail. Start sending in \$2 now to Jones as he has decided to start selling his log for that much. The book will be the usual size, but there will be more pages and larger print so that you older boys won't have to use a microscope. Jones advocates the removal of the listings in his log that tell what kind of programming the station has because it really isn't important, also a new method of listing CPs. Also in his log there will be a map for every VHF channel and one for all UHF combined, also one for FM combined. He says he will leave the geographical listings as before and ditto to the alphabetical listings. Jones also advocates a directory throughout the U.S. of DXers who wish to be listed. The list would contain addresses, phone numbers, what field of DX the listener is in, etc., so send in your comments on this. Also Jones has a contest on for a section in his Listings. Anyone in the NRC can join it. The idea is to get a 500 word or less article in Jones Listings plugging the NRC. The contest is now on; the fellow who submits the best article plugging the NRC will receive a free '62 edition of Jones Listings besides getting his article published. This is open to everyone in NRC, Ray, Ernie, Ev, Fred, anyone, just so you're an NRC member. Send these articles to Jones before 5/15 and whoever submits the best article wins. Fair enough? Well, I hope to see all of you at the Convention here in '62. Remember; President Kennedy or Newton Minnow may go to the big "D" in '63 but God is coming to Indianapolis in '62, will you?

Ray H. Kraul - 6423 33 Street - Berwyn, Illinois

This week's DX: 4/1- KPRB-1240 through WEDC @ 11 am; KNOG-1240 over WJOL at noon; KSTA 1000 about even with WCFL at 2 pm! Does all this sound fantastic? It should - look at the dateline! Now that I had my fun, I'll get down to the bare hard facts. 4/2- KCBQ-1170 AN. 4/4- I heard what sure sounded like KTAT-1570 s/off 7:47; no doubt about WAWN-1220 s/off 7:57. 4/6: WLBG-860 ET 12:30-12:40 am. 4/7: Three new ones: WWIN-1400 AN 3:17-3:27; WNTT-1250 r/c 4:02-4:12; and finally WITN-930 evidently ex-WRRF s/on 5:04. Five umm Ky. heard of f/c-TTs as follows: WEZJ-1440 4-4:15; WWXL-1450 4:15-4:30; WANY-1390 and WPRT-960 4:30-4:45 and WMTL-1580 5-5:15. Only a few veries: KGA KMOR WKRT-dx and WEET. Kind of hard to believe that "Opening Day" is only a couple of days off, isn't it?

George DeGrazio - 401 Garden Street - Golden, Colorado

I have been corresponding with the CE of KVER Radio in Clovis, New Mexico, and have set up a "sort-of" DX program. This program is to establish a coverage and general listening area map for the station. There will be tones and IDs at 10:00 pm, 11:00, and 11:30 pm EST, on 980 kc/s., with rr mx played. As both KFWB and KMBC are also rr, please be sure of the IDs given, and please, if you ever give a good report, give one now (as if all NRCers didn't give good reports!) Let's have "S" strength, interference, RST, SINPO, or any other codes of readability. All correct reports definitely verified. All reports should be addressed to Mr. James M. Cope, CE. (What date, George? -ed.) DX here as follows: KBIM KFRC KWK KXOL KCBC KIOA KARK CJOC KSCJ XESM KUBC. Veries in: KVER CKLW. Static high lately. Welcome to the Club, Mike McIlwayne. (Makes for a good scene, hi!). Thanks, guys, let's have some response on KVER, if possible. 73s.

Bob Karchevski - 188 Marlborough - Boston 16, Massachusetts

4/12- DX is poorer here with more static than in March. That's normal. Soon it will be time to take down the RCA U-125 and overhaul her for next season. Then I'll have installed a BC-453A as a tunable ID strip. I should like to congratulate Sam Simmons of Montreal, who, as far as I know, is the only person to hear the CHAK-860 DX from N.W.T. Great going, Sam! DX here is: 4/5- Logged WLNH-1350 6:11-6:30 pm s/off, followed by CKLB-150 logged 6:32-6:56 pm. Then logged CHOV-1350 6:51-7:17 pm. At 7:27 umm WDRC-1360 in; CKPT-1420 dominant at 9:30. Logged WHAS-840 through WHDH slop 9:40-10:31 pm for first Ky. (State #32). 4/7- WHAV-1490 at 4:41 pm, WKNY-1490 at 6:31 pm, WKBA-1550 s/off at 6:59. Foreign language on 890 at 7:50 pm to 9:06 with cl mx and SS?? 4/9- No CJRW-1240 DX here. I needed P.E.I., too. Got WBAX-1240 instead at 3:19-3:32 am. Logged WRYT-1250 at 3:35-4:01 am. CKLD-1230-dx logged 4:03-4:20 am. 4/10- Logged WOKW-1410, Brockton, Mass. 6:13-6:22 pm; s/off 6:30; s/on 6:00 am). WAAB-1440 at 6:57 pm, umm. Veries coming in slowly. I guess it's my turn to sweat it out. Only onethis week: v/1 CFGM-1310 Richmond Hill, Ont. (Toronto). They use 10kw D - 2.5kw N, ex-CJRH. Mike King notes that WOGB-1240 s/on is 6:30 am, s/off 11:30 pm. 73s.

Arthur V. Bjork Jr. - 31 Lyman Avenue - Medford 55, Massachusetts

To Muse or not to Muse; that is the question. And since Honorable Ernie wants more Musings, you guys had better Muse and not not Muse! Oh well, enough of this idiocy; here are the two stations I've received since last Musing: 4/1- WPRS-1440 r/c as per fabulous list; 1:53 am; WILA-1580 "Service Tests" 2:17 am. WPRS said 500w., BC Yearbook says 1,000. Have they reduced? Dick Kwiatkowski, I sent a report to TGUX on 2/19 and haven't gotten a verie yet. CX lately have been abominable - can't even hear Dick Biondi! NBS' WWV says W3. (If anyone wants to know what that means, let me know and I'll explain it next Musing). A few stations on the Red Sox Baseball Network: WHDH-850 WLLH-1400 WBEX-1380 WEIM-1280 WTIC-1080 WGIR-610 WHAY-910. BC Yearbook lists all Mexicans and Carribeans as on 10 kc/s. separations, like Canada and U.S., yet I repeatedly see XEN mentioned on 695 kc/s., so what gives? White's does the same thing. What other Mexican/Carribean stations are on splits? A while back, I got a QSL card from WQAM which I forgot to mention, and it answers just about any questions you could ask about the station in one paragraph! Latest verie is from KTCR-690 with a nice CM. V/s was Vern Arthur, CE, not Vernon Potvin, CE as in 3/31 v/s list (unless they're the same person). Whowas SS behind WLS in PM of 4/7, among other dates? Anybody want a week-old WHIL survey with a picture of Paul Peterson on it? I have five extras. My totals: 383 logged, 20 veried, 323 Americans, 49 Canadians, three Mexicans, and eight other LAs. Of the 323 Americans, 301 were Ws, 22 Ks. Since I've been in the NRC (since 12/31/61), I've received 75 new stations, as compared to 139 for the entire year of 1961. This has been my best season (of three) by far, due to DX NEWS and to you, the helpful members of the NRC. Thanks. I really appreciate it. As for Conventions, anyone in Greater Eastern Mass. going to Indiana? If so, let me know. Also, how about BOSTON in '64? 88s - uh-73s. (Let's not get carried away now!)

Dave Brown - 105 Waterford Street - Edinburg, Pennsylvania

DX around here has been fair of late, but I am still having trouble getting up in the wee hours. New stations are: 3/28: WGES-1590 (?) s/off at 6:41 and WMTN-130 s/off at 6:45. WTTN-1580 at 6:51, WAOK-1380 at 8:17. 4/2: WAXU-1580 at 6:46, WYTI-1570 at 6:59. 4/3: WELD-690 at 6:31. 4/4: WRIC-540 at 6:30. 4/6: WJLS-560 at 8:15. 4/7- I finally stayed up after the bewitching hour as I caught WGAI-560 at 12:02, WFTI-920 at 12:45 and WISN-115 at 1:00. 4/8: WINX-1600 at 1:30 and KCRG-1600 s/off at 1:34. No veries in this time, but one sent out to KGLC. To Cincinnati Reds' fans, they will be carried on WJLS. That's about all for this time so best of DX. 73s.

Peter E. Skinner - 12 Hoover Road - Needham Heights 94, Massachusetts

Not much to report lately except recent reception on 3/16 of all three stations in Annapolis Md. at SSS. At 5:45, local WHIL s/off and WNAV-1430 came in strongly, so took log and then went to 1190 where WANN came in way over WLIB/WOWO from 6-6:10; then a brainstorm and quick switch to 810 where WABW was faintly heard under megawatt WGT, for two minutes. V/1 WANN and v/c WNAV in. DXing is done rarely now, since for the past two years I've been in the Air Force and the CX there are not ideal for DXing, hi. Am now stationed at Bolling AFB, Washington DC and should be here until my enlistment is up. I'd like to hear from NRCers in this area and in my home state, Mass. WDON-1540 went to 1,000w. on 3/20. Hope to get back at the dials for an extended session soon. Have lots of surveys from most Top-40 voices in New England and will send 'em to anyone who needs them. 73s to all for now.

Len Kruse - 1675 Glen Oak Street - Dubuque, Iowa

DX has "slowed up" somewhat in recent weeks at this den, although I have added a few new catches to my DX Log. On 3/20 Station WFFE-1580, Eastman, Ga. was heard with a f/c from 3:40-3:45 am, completely in the clear, so this may possibly be a regular third Tuesday of the month f/c. Then on 3/25 Station WRCK-1410 Tuscombia, Ala. was heard with its RS s/on of programs at 5 am, with some QRM noted from AN WING. Then the same morning, Station WXVW-1450 Jeffersonville, Ind. was heard with its AN programming on weekends only, from 5:20-5:40 am. The brand new 1,000w/ daytimer KJFW-1390 Waynesville Mo. was heard with ETs on 4/1 from 2:30-2:45 am, topping AN KCBC. On 4/3 Station WRGM-1590 Richmond, Va. was heard with a f/c-TT from 12:30-12:45 am, with interference from 5kw. WAKR, but plenty of data for a good report. The latest logging was Station WGMM-1380, Millington, Tenn. on ETs on 4/7 from 3:45-4 am, with KWK giving them "rough" QRM. The most recent verifications, all v/l's came from KBRN WBSG KTCR KJEM KBEK WQTY WGMM.

Alex Bowab - Box 539 - Atmore, Alabama

Veries, KTTR-1490 WKBA-1550, letter after second f/up, DX: 3/310 WTUF-840 ex-WKAB logged on first day of RS under new call. 4/2- CFRN-1260 broke through Cuban several times during the morning, not long enough for report. KRKO-1380 ending NX 3:05 about even with unID Mexican. KDHI-1250 Twenty Nine Palms, Cal. logged on r/c-TT 3:30-3:45 just under AN WRYT for biggest surprise of the mcr ning. Report sent, and my curiosity prompted me to ask the CE how the town happened to be so named. Cuban Radio Nacional AN even with KCMO-1000; Cuban also noted on 800. WSYD-1300 s/on 5:00.

Wayne Plunkett - 124 John Street - Weston, Ontario

Nothing very notable since last report month ago, but here goes anyway. 3/12- Someone very weak on 1420 3:20 am - anybody else on besides KUJ DX? KNBC and XETRA very clear. WTAR-790 eliminated CFCW-dx; CHML off AN but nothing noted; AN SS on 1380 - is this XECO? AN on 1340 - only heard W--N, probably WKGN. Lots of questions for this morning, hi. After KNBC s/off 4 am, someone still on 680 - who's AN here MM, CJOB? Warrenton, Va. 1420 real strong at 4 am s/on (don't seem to have new calls listed). On 960, one hour ahead of EST so guess CHNS although didn't stick for ID. Quite strong TT dominating 560, 4:27 am - who? Best ID from WJOY-1230 on DX heard at 4:30 when WCOL shut up for a few seconds. Finally for this morning, presume CKLB-1350 choked on their DX as nothing but WADC here. However, despite being only about 40 miles away, CKLB usually drops to almost nothing here when they go DA-N, so did anyone hear them? 3/13- Lots of Minnesota NX on 710 around 7:08 pm - no ID as WOR soon killed them - could have been WDSM; KWMT-540 along 7:12 pm. 3/14- WTTN-1580 strong at 7:01 s/off (said return 6:30 am CST); KCHA-1580 fair after WTTN s/off until their 7:15 s/off, followed by WBBA-1580 7:16 s/off. 3/17- XERF resurrected but must have lost a day somewhere in its death as they persisted in saying we were listening to their Thursday night program when it was shortly after midnight Saturday AM. WCOS-1400 on top well at 2:20 am; WKLO covering 1080; with WRCV off, stuck with 1060 for quite a while but dead except for CHUM slop; KONO-860 good signal. At 8:25 pm, SS on 820 mentioning Barranquilla a lot - no ID. 3/18- SS abundant. One of them was on or near 850 - don't see anyone reported here lately. Another one messing up WHAM-1180 (same treatment to WOAI-1200). 3/19- WKAZ-950 heard at 12:06 am s/off; SS on 930 after WBEN s/off until they came back with TT, probably previously heard YNW Managua. XEQR-1030 weak with WBZ off. Who is AN SS MM on 1100? Colombian, but not sure of calls. New catch at 12:30 am, KRAK-1140 just ending religious program. 3/20- Unn WITH-1230 on top at 7 pm. 3/22- Still another new catch for 1580 this season, WCOY, just readable at 6:16 pm s/off. 3/24- Along with just about everyone else, heard KTCR-690 Manneapolis on ET 1:10 am, real power, with cw mx. 3/25- KPMC-1560 right through WQXR after midnight 3/26- WAWA-1590 West Allis, Wis. (I think) s/off 7 pm under WAKR/WBRY- they're 1,000w.

John Tudenham - 813 South Kentucky - Amarillo, Texas

Here is my long overdue report. Had a nice trip and enjoyable visit with John Callarman in Monroe, La. a couple weeks ago. Also visited studio and XR of KNOE. KNOE is soon to go on 540 kc/s. Larry Godwin was home from college last week on spring vacation and some of the local NRCers got together at his home for a DX session. Stations heard here in the last week are WRUF-850 WHEB-1060 WKNX-1210 KEDD-1550 and KOKY-1440. Latest veries WONE WSAI WSGN WOR KMOR WTIK KCLS KGYN KWMT WMT KSTP. In addition to the stations mentioned in an earlier DX NEWS KWFT-620 is also carrying Houston Colts' baseball this year, night games only. Looking forward to seeing everyone in Indianapolis in September. 73.

DX NEWS

Morton Meehan - Box 271 - King City, California

Here are the California, Nevada and Arizona stations that carry the San Francisco Giants' baseball games: KSFO KFBK KBEE KMJ KOH KSBW KVCV KINS KSYC KWSD KUKI KDAC KIBS KCNO KOOL KOLD. The Los Angeles Dodgers' games are on KFI and I wonder if someone in that area could tell me what other stations. And last night searching around, I found the Houston Colts' game on WWL New Orleans. I'm sorry you fellows aren't publishing the stations that carry the games this year. I've found it very helpful in the past, especially with the Pacific Coast League. My NC-173 hasn't spoken above a whisper in a few months and I've not had time to get it fixed. Only using the Grundig-Majestic now and that mostly for FM.

Ralph M. Johanns - 271 East Chippewa Street - Buffalo 3, New York

To Fred, my sincere sympathy. May your father rest in peace. The 4/14 DX NEWS surely was loaded! Ernie already reports 5/9 doings. Larry (Cal.) didn't hear WJLL f/c, but they started 4:01 TT/M and still pounding at 4:52 am. KFH-1330 a tip? Man, come to my house and you shall hear, 24 hrs. s/off. D.K. Phillips: WAoCDC is KXRA's CE's call (1490), Bill Smith, WBFD-1310, Engineer, also WPEP-1570 CE with KIMJY. Jay Herr Wagner, mache den Bob Spencer: ein Golden NRCer. Is that "YOGI" a Colorado Bear? Send him up here for a call. Hope when CKEY is 590 they'll beam to Stouffville only and wake Bill Stone up. 4/10, got WCHS-580 RS 4:36-4:52 am, then CKEY's rr sickened me. 4/14-1450 had WWSC/WFGP AN and 4:14-4:23 NSP TTer sounded like lkw. 970 has WWSW AN nice till 5:05 am. This is your sin-alone station, WEBR Buffalo, then OC. On 630 CFCC was RS going nice at 5:40 am. On 590, is this WAEL YVKL or Castro? 5:05-5:21 (poor then). Giv'es time every minute with NX, Radio Oriente (it didn't sound Contiente). On 800 is also a SS with clock ticks and TX/NX every minute, "bing-bong" programa nacional, heard 2:58;3:19 am 4/9. WLSV-790 weekday s/on 6 am. V/c with the Ky. Colonel, WVLK-590 Lexington Ky. 5k3.D lkw.N and five towers, fill-in with CE. V/l's by KOLY-1300 M.B. Co., 114 East 3 St., Mobirdge, S.D., f/c at present first Wed. 2-2:30 am CST. WIDU-1600 (f/c heard 4/5, 4:40-4:45) We-Do, your mx station, Box 247, Fayetteville, N. C. said normal 5 am to local SS, cw. WGM-1380 Radio Millington Inc., Plaza Center, Millington Tn. for ET of 4/9 1-4:40 am heard. Nice double letter by Michael Peavy, CE of Rounsaville Radio KRZY-730 Dallas/Fort Worth with Box 1317, Grand Prairie, Tex. sends the f/QSL mimeo and a letter saying 4/10 heard PoP was TT/f/c for the year and he was tired. He does his maintenance Tuesday AMs, use two XR towers and have to protect a Mexican station on the S direction. CST sked, April 6am-7pm, May 5:30-7:15. Ernie, what does 'OK' mean? No Dr. Pepper is sold here, Stanwood M., so get a franchise. Visto Buneo, OK? Setanta tres.

Hilding Gustafson - 3416 Brenderwood Road - Rockford, Illinois

Veries received lately are from PJC2 CB73 Luxembourg. Luxembourg veri was for two successive nights of reception. Another veri from Monte Carlo, This is the second verie from him. Also received a letter from Lisbon-755. They sent a sked and a report form but no verie. Believe it dropped out of the envelope as the envelope was received in a wide open condition. TAs are still coming in but are hard to copy as they go into deep and rapid fades, 4/2 near 12:00 pm logged Toulouse, Rheinsender-1016 and Oldenburg. The latter with a fine signal. 4/9 again heard Oldenburg through heavy static. This has been one of the best TA seasons I have ever experienced.

Roy Barstow - 16 Harding Road - Walpole, Massachusetts

Have not been doing too much DXing lately for the static has been high. Here is what I caught in the last week: 4/6- Aruba in from 6:30-7 pm for a log. ZEM1-1235 also in at an early time of 6 pm, umm. An SS on 1415 7:50-9:30 pm and later, unk. 4/9- The new WZZZ Boynton Beach, Fla. on ET 1510 2:00-2:15 am. Tried for LS11-1270 at 2:30 am but just XEAZ to 3:01 am s/off and then 1270 empty. KBOX-1480 on RS at 4 am for a new one. 4/13- Venezuela on 1110 at 1:15 am. KREB-1550 on a test at 2:20 am. WHIS-1440 on late with a baseball game and off at 2:25 am. Veries are KUTT for a new state, KWYO another new state, WWSR, WGHQ for 5/22/61 reception, WFST WFTC and WTID. Have gotten veries from six new states this season, and six more states to go. I hope everybody gets something new through the static. 73.

Fran Nittler - 2634 South Josephine Street - Denver 10, Colorado

DX a little on the fabulous side this week with the following new catches. MM 4/9, DX really amazing. First, definitely logged 2AP-1420 Apia, Western Samoa this time RS 3:20 to s/off at 3:33 with cl mx, ID at about 3:31 and playing "Serenade for Strongs" as the mx and played anthem at 3:33. This of course a new country. TPs all (P.8)

April 21, 1962

(F. Nittler) over the dial but most of them too weak to begin to log. On 1180 took a log from 4:50-5:03 on station I'm fairly certain was 3KZ Melbourne as definitely TP in EE and only one listed for N.Z. or Australia. On 1160 also got log from 3:57-4:50 on what I'm almost certain was 4MB Maryborough, Qsld. with plenty of program material but no definite ID heard although believe they gave WX forecast for East Australia on WX-cast at 4:03. This one listed as 2kw. so a good catch. Only other possibility would be 3XC Timaru, N.Z. which is also 2kw. eBL-740 noted again with good signal and 4YA-780 IYZ-800 heard with good signals with IYZ in even over Cuban ANer. Other new catches were KRSC-1400 Othello, Wash. running late with fund drive and logged from 3:18-3:25 when I took log on 2AP. Thanks to Pete Taylor for IDing this one for me. WRIC-540 Richards, Va. heard s/on at 6:00 with good signal and WPAQ-740 Mt. Airy, N.C. RS at 5:55 but someone bothering them enough so I couldn't get a log. Listened a little while on 4/13 with nothing new heard but noted regular ANs KFAB-1110 and KOMA-1520 off. Also both KRIG and KWBB seem to have definitely quit ANing on 1410 as WING now in the clear. Listened this AM a little while with the TP on 1160 again heard with play 4:40-4:55 but again couldn't ID but hope it is 4MB although 3XC would do, hi. Also, new KICM-1250 Golden, ex-KTWL of course logged but not reported as yet. Veries are in from WGM-1380 WBCH-1220 WKYW-900 CHSJ-1150 and XEDL-1250 for total of exactly 2,150. Remember, Wheeee, it's Denver in '63! 73s.

Larry Schwartz - 4819 Atlanta Drive - San Diego 15, California

DX is still fair, although the static is rising. 4/9: KTAC-850 TT 3-3:15, KRSC-1400 on with Cancer Drive until 3:40 s/off, KMUR-1230 AN at 3:30, WMBD-1470 AN at 4, WTAR-790 with S-9 signal all AM but unn, KIBS-1230 r/c-TT at 4:20, KTNT-1400 ET/OC end at 4:25, KBER-1150 s/on EE then SS, WSIG-790 s/on 5:30 with SSB, WNOX-990 at 6:10 RS. 4/14- KTEE-900 s/on 7:45 even with KDEO on 910. 4/15- Much-wanted KMO-1360 s/off 3:05 to complete all Tacoma stations in one week! 3LO was heard very weakly from 4-5 on 770 with ABC off, KPQ-560 AN at 5:25 with WQAM unn behind. Log total now 803 with 389 verified. Not to commit myself but has KTHT-790 in Houston changed calls? I keep hearing "Command Radio" mentioned by a woman and "The new sound of radio in Houston." Can't be KMAN, maybe KMND? Last MM noted KSEL-950 NSP along with KPOL-1540. KHJ-930 is now on till 4. XERB-1090 now s/on at 6:00 seven days. Noted KOMA-1520 off AN 4/12 and 4/13 but AN the rest of the time. Only unn KACY-1520 heard very weakly. Recent veries include CJOB-680 v/1 KPEL-1420 KSPA-1400, both "r" veries, KTNM-1400 v/1, KFDA-1440 NRC QSL, KOFI-930 verie on little business card, KWYO-1410 v/1 and a crummy form from KECK-920 from a December report. SCALD meeting #2 was not too big of a success as I forgot to tell Bob Coomler I was coming, sorry Bob! Nice seeing you again Frank! And Frank, please return my WMOC and WJET veries! Well, I guess that's all for this week. I hear you New Yorkers are freezing while we're sweating it out in 80° WX! 73.

Bernie Duffy - 77 Livermore Avenue - Staten Island 2, New York

I found SM DXing profitable 4/15 when I added WDAL-1330 signing on at 5 am. That Meridian, Miss. station was surprisingly strong. Another new one for me was Richmond, Va. 24-hour-a-dayer, WENZ-1450 and finally WAFS-1570 Amsterdam, NY. signing on at 6 am, through intense interference. A selcom heard, but unn one that I found in the clear on 1470 kc/s. at 5:15-5:30 am was WLAM Lewiston, Me. Recent v/ls are from WYTI Rocky Mount, Va. and WMFC-1360 Monroeville, Ala. The latter was heard 3/1 at 2-2:15 am with its r/c first Thursday telephone dial tone recorded through a beeper system. WJOY, Burlington, Vt. sent a nice picture card, showing their XR and KKAL, Denver City, Tex. and KARS Belen, N.M. sent plain typed v/cs. I received notice that Jone Log #4 will be available in June, so anyone wanting a complete listing of radio stations, order same for \$2. Address is 3749 North Keystone Ave., Indianapolis 18, Indiana.

Bill Hutchinson - 2412 Ellis Road - Baltimore 34, Maryland

Static here is the worst I can remember for past month. Between the bursts I have sneaked a little reception. I received card from WBBB-920 for reception of 12/15/61. WGM never verified for me, so it looks like that one is gone forever. Reception here as follows: 3/30- Radio Centro, Honduras-865 at 11:30 pm, very strong. 4/1- ZBM1-123 @ 7:45 pm and PJA5-1435 @ 7:30, both unusually strong, as was Lisbon on 782. 4/15- WHEB-750 noted at 8:50 pm now back on the air. 4/16- WGGG-1590 noted with test and ID in Morse Code @ 1:10 am. KWNT-1580 @ 1:30-2 with ET, WFFF-1600 ET 2, with break-in for a minute at 2:11 by WKSK, West Jefferson, N.C. At 2:15, KCRT-1600 on with a screw test. An old and valued friend heard nightly on 1570. No sign of WETT-1590, so I guess they are not back on the air yet. They never verified my report of 12/11/61(P9)

April 21, 1962

(Bill Hutchinson) so I guess that one is gone too. I understand the Jones Log will be out in June, so I have placed my order for it. I hope to make Indianapolis, complete with at least two cameras. A pox on the Yankees!

Hank Wilkinson - 6620 Beeman Avenue - North Hollywood, California

We have had a fine DX season this year whether we DXed for foreign or domestic stations as the NRC Bulletins surely reflected in every issue. I want to take this opportunity to thank all those wonderful guys who supported the "Supremacy Ratings" this past season. It made my job so much more pleasant than in several other past seasons. I do not know if you members really realize how much I like editing this part of the Foreign DX Digest. Again, many thanks and if you have any suggestions for a better way to present this information I'd be happy to read same. I sincerely believe that some of you have strongly supported this section just to show others that "climbing the ladder" is a bit of fun as well as competitive as your DXing seasons build up behind you. I'd like to hear from you fellows during the "off season" if you are fortunate enough to receive any veries from f/ups, etc. Veries have been slow here again after about four of them within ten days or so. Many of the DXers in all parts of the U.S.A. had fine results for their efforts. Ben Dangerfield, Carl Parsons, Dave Roys, Francis Nittler, Pete Taylor, Clarence Freeman and Roy Millar have received some mighty fine veries this season. Our big problem is to get LA stations to verify our reception reports the first time out.

Ernie Cooper - 438 East 21 Street - Brooklyn 26, New York

With no veries in and no new catches all week, there isn't much to write about! To those of you who have been reporting a Mexican on 1380 AN, are you sure this isn't AN WRNX! Puerto Rican Clambake? Also to those of you who are putting out feelers for various locales for Conventions in future years, are you aware that you are also offering to HOST said Convention? NRC does not have a permanent Convention Committee, you know. We depend on members to host the big doings each year, as the Indianapolis crew is doing this time, and as the Denver gang is doing in '63. I surely hope to see a really big gathering at Indianapolis this year, and I suggest to all who have never attended one of these shindigs, that it would be well worth your time, trouble, and expense to do just that, as you'll have a whale of a time. WINS-1010 has been sold to Westinghouse, pending FCC approval, so perhaps a call change will occur eventually, as well as a format change. Larry Schwartz - right, we are having a cold snap. I nearly froze to death at the Opening Game 4/13 (Mets) and the next day on a fishing trip! '73.

O.K. Fellows almost a Stencil tnx for sending in all season,  
 Will welcome more always some DX to list. Best DX 73's Ev.

As was stated a while back, the NRC is not publishing items that are not actually for the purpose of giving the members information that would enable them to hear more DX. However account of small bulletins, Ernie cut 2 stencils containing the baseball broadcasts and I will run them off ONLY if those interested will send to Box 63 a self-addressed stamped envelope asking for same. Deadline will be May 1st and after that date it will be too late. So after this item, no more in future.

DX OF THE WEEK

- I have a new typewriter, and I'm not sure how it is going to work. Please bear with me, and I hope that we will come out all right.
- 575 .... Israel, logged 1341, 3/11. (AK)
  - 615 YNM Managua, Nicaragua, "Radiodifusora Nacional" verified by letter in Spanish signed by Eicho Sanchez. A little vague, but obviously intended to confirm my report, along with words to the effect that he was pleased to see that their programs were helping to create world unity and understanding. (SD) His title is Director Artistico according to verie which did not mention call letters. Verie for reports of 3/11 and 3/13. (HJT)
  - 640 HOK Colon, Panama, 2232-2240 3/30 with American "oldies" but "goodies" music with English ID, CMA/CA with some API too. (AK)
  - 645 HOS22 2222-2230 3/30 fair reception, lost for good at 2230 when CBN s/off slop-over killed it. (AK)
  - 655 YSS Fair at 2354 s/off on 4/7. (AK)
  - 660 2YC Weak English language station at 0430 on 4/9 was quite possibly 2YC, but WNBC carrier on at 0432 overed signal. (SD)
  - 665 .... Lisbon, now on summer time so s/on is 0100 instead of 0200, s/off at 1900 instead of 2000. (SD) Logged with Voice of the West at 2345 GMT 3/10. (AF)

April 21, 1962

- 665 .... Vilnius, Lithuanian SSR, logged 1235 3/7, verie back from Moscow. (LH)
- 677 .... Jerusalem, Jordan, logged 1310 on 3/11. (KL)
- 683 .... Belgrade, Yugoslavia, heard weakly at times between 2200 and 2300 on 4/5, but no report yet, need more details. (SL) Logged with interval signal 1330 on 3/11. (LH)
- 684 RNE Madrid, Spain, currently the best bet for anyone needing Spain. Good signals nightly after 2300 s/on. Could often be taken for a strong LA split. (SD)
- 700 ACJB Verie received for LA program, country #23 verified. (AR) "Voz de Los Andes", verie signed by Abe J. Van Lerpuyl for the DL program. (CAT)
- YVMH Maracaibo, Venezuela, verified by SL "folder" also listing 2 SW calls. (RHM)
- 701 .... Bratislava, Czechoslovakia, logged 1323 3/13. I usually get BBC Somalia here. (KL)
- 710 IKA Seoul, South Korea, fair 4/1 0735-0800 with call in English on the hour. (RHM\*)
- .RTF Marseilles, France, logged 1320 on 3/4. (HR)
- 725 .... Djeddah, Saudi Arabia, logged 1317 3/4, tape sent. (KR)
- 730 VP4RD "Radio Trinidad", verie in and returned my stamp. Signer is . C. Bose (VP4BC) CE. (CAT)
- 737 .... Poznan, according to program schedule sent by Polskie Radio, begins broadcasting at about 0013 daily except Sunday. (SD)
- 740 2BL Sydney, Australia, in with good clear signal S-6/7 but easily readable on 4/9 between 0405 and 0505. Had Australian news roundup and weather to 0415, followed by long hair music to 0500 when time given as 0800 and ID. Some from Puerto Rican between 0420 and 0455. (LH) In strong on 4/2 S-6 at 0500. (JS) Logged on 4/2 0445-0515 with up to S-4 signal and a new country. Chorale music to 0500 and then a play. (JEN)
- .... LA took over from 2BL at 0500 on 4/2. (SD)
- 746 .... Aleppo, Syria, in circuit 665, 1336 3/9. Heavy Russian .... (LH)
- 750 4QS Two stations here on 4/9 between 0400 and 0500, weak signals, one sounded like an Aussie, possibly 4QS. (SD)
- 780 4YA Whedin, New Zealand, heard with a fair signal at 0340 on 4/9, but covered at 0344 by a GM image. (SD)
- 790 AFBS Epsilon AFB, Alaska, must be the one heard here 0430-0503 s/off with KNEW fitting in between. Is ... -62 correct here, Epsilon and 50 watts? Time ASP. (FT)
- 800 CI-- What is the Cuban here Monday LH when CJAD off? (AR)
- 818 .... After 3½ months, a verie letter and SL card received from Warsaw, Polskie Radio. Country #58 and very welcome indeed. By separate envelope they sent a home Service radio/TV schedule, in Polisa, which indicates that Warsaw (818) signs on at 2325 daily ex Sun. (SD)
- 825 YVLT Caracas, "radio Miranda", heard very well until s/off at 2303 on 3/30 and up to 2233½ s/off on 3/31. Not heard here on night os Special DX. (LJW) Could not get definite ID from SS on 825 for special. Could car "radio Miranda". (JBR)(Pat, that's ID enough for me-FV)
- 825 YNOL Heard at S-7 level at 2235 on 3/25. Also heard at S-8 level after YVLT s/off at 2233½ on 3/31. (LJW)
- 840 4RK Rockhampton, Australia, as quite good at 0520 on 4/1. (HJ)
- 845 RAI Rome, Italy. Has anyone had any luck in verifying this one? I pick them up nightly and have sent two reports this season, but all I've gotten has been a brochure on Italy from RAI. (SD)

1142 EAJ28

Bilbao, Spain, 3/15 1L and s/off at 1900%. (SB)

....

"Radio Popular de Salamanca", Plaza Mayor, is a new station heard after AFN and EAJ28 s/off at 1900. Salamanca is broadcasting a program to Scandinavia every Saturday evening until 2000/ (B&L) (It's in Spain)

1160 : ....

"Radio Americas", heard as early as 2345 GMT. (AF)

"Radio Americas" operates on 1150 with 50 kW, and a directional antenna protecting ASL. They also have a 7.5 kW station on short wave. It's now on 6. mc., but plan to move it soon. The stations operate simultaneously on the following schedule: onday thru Saturday 0500-0800, 1230-1400, 1800-2400. Sunday 1230-1400 and 1830-2400. The address is "Radio Americas", Vanguard Service Corp., 911 Langford Bldg., 121 S. E. First Street, Miami 33, Florida. They sign-on ten minutes before the indicated program time using a crime phrase and alternating Spanish or English announcer saying, "This is Radio Americas operating on 1160 medium wave and 6 mc. short wave." (JBA from letter from Bob Brown, ex-NA-Cer.)

1178 : ....

## THE OVERSEAS MAILBAG

KR-\*--Europeans have been the best for some years especially on the lower frequencies. Veries include Vilnius 665, RIAS, Lvov 935, Washford 881 USMA Djibouti 1538 after eight months, Pyongyang 805, Droitwich 1088, KYNG, KMET, 4YX, DYLR 1590, RIAS 989, TGEC.

BAE-\*--Not too much time now but will try to get a longer report over to you after the first of May. Reception has been good

April 21, 1962

RP\*-Can still hear some of the stateside stations and Canadians, chiefly WNEW and CJON the latter seems to put in quite a good signal and as early as 2330 GMT. Enclosing my log and a few items which have come to hand during recent weeks. We go over to summer time at the end of the week, a little early this year as it will make it a lot harder for DX. However, I am looking forward to hearing some during the summer period. All for this week, QSLs received from RTF Paris and CENS now on the air 24 hours.

## NOTES FROM BOY PATRICK

NIGERIA\*- "Radio Nigeria" plans to have a 250 Kw. medium wave transmitter at Kaduna later this year.
