Billy Andres - 111-38 128 Street - South Ozone Park, Queens, New York - 11420

Hi from a new member. I'm 17, and according to the membership card I joined the Club on Halloween. I first heard about the NRC on WAGF, 2/16/64. Most of my DXing is done at SSS and Saturday mornings. I haven't been exactly moving mountains with the number of stations verified, but I hear that they are considered important. I have been roving around 72-73% in that department. Best veries include WKIC WIL WESR KUDK WHEW WDGW & WWHY, which surprised me by blasting in here for a full half hour on top of everything in the Radio Log last 9/14. "Flying WWHY" seems to have quieted down somewhat. Anybody have any news on it? I'm awaiting answers from WROV WYNG WRDW. Reception in North Bergen, N.J. is ridiculous. I listened about a mile and a half from what seemed like one big joke. I did manage to get WKER between two parts of WHOM, and pick up WWRL beautifully behind WNJR, after listening for about a half hour. During October: 10/24- CJOC KSO WKSC WMEJ WEBS WDXR WCOA and something like WCWR on 1470 from Raleigh? Any ideas, anyone? 10/25- CBH KISM WMGO KDWA & WNOE. At SSS (finally) 10/27- WCEC WSVS WKRK WJAS. Halloween morn, WOHO WETB WENC and something like WGSB on 1490. 11/3 - WNUS WPON and long-awaited WAGY, N.C. Does anyone know the s/on time of WCRV, and is WAPC, Riverhead, N.Y. on the air? That's call, folks. (Welcome to the NRC, Billy, and your reports are welcome, too! WAPC is on the air; directional away from NYC -Ei.)

Joe Fela - 167 Goodwin Avenue - Newark, New Jersey - 07112

Veries since the last report are v/l's from WABI-910 WMRC-1490 KSYL-970 WENG-1530 WIZR-930 (RS later this month) & WVOC-1500. Also v/q's from CBNE-1370 WTAX-1240 WPAL-730, Rheinsender-1016 (along with a letter) & WGHM-1150. Also in, a v/f from KCUL-1540 & a postcard from WIOD-610. 81% of the stations reported have verified for me & I seldom send f/ups or report a station a second time when it fails to answer the first report. Recent DX; 10/26- 12:54am, CBR-1010 o/u CFRB & a rocker, who was much weaker than both of them; 1:05 KSGM-980 r/c, still announcing as Ste. Genevieve, Mo.; 1:20 KSYL-970 -TT; 1:32 KCBC-1390 & WNUS!; 1:56 KCUL-1540 ET/OC/TT o/u KXEL, a second ETer there w/mx, call seemed to be K-C but a tentative report to KGBC netted a negative reply - who? I seriously doubt if it was WDON others reported that morning as very much weaker than even KCUL; 2:04 WNAB-1450 AN, a powerhouse, though it was WFPG at first; 2:16 WVOC-1500 announcing as an ET, QSLed it as a f/c; 2:30 CFC-1400 heard, couldn't make out ID if given; 2:40 WIEW-580 S-8 level; 3:05 KDWA-1460 TEST u/CBCer; 3:30 WRIT-1340 ending f/c; 3:35 WMGO-1370 TEST good but some slight QRM from CBNE; 4:04 KISM-1530 TEST S-1 level. 10/27- 12:31am, KWWL-1330 atop channel; 1:11 "WWGL"-1240 giving time in CST, maybe WOWL (WWGL is what I thought the call sounded like but none such listed); 1:25- CEM-940 off, KIOA good signal; 1:29 WKY-930 way u/WPAT, call got through just before the NX in a moment of dead air; 2:00 KHOS-940; 2:21 WTAX-1240 r/c way o/everything; 2:56 KPRE-940. 10/29- 1am s/off WCAM-1310 with YL announcer giving the power as "1,000 kilowatts"; 1:13 WPAL-730 f/c-TT w/IDs every minute. 10/30- 1:40am, ZFBI-960 saying they'll be off 2-4am, believe this is regular on weekdays although they still might be AN on weekends; 1:43 WIZR-930 ET/TT u/WPAT; 1:47 BCC-908 quite audible; 2:00 WBEN-930 ET/OC; 2:02 BCC-809 good; 2:21 CFAC-960 at S-9 level w/ZFBI off; 3:00 KGO-810 mostly u/KCMO. 10/31- 12:50am, BCC-647, fair signal; 1:01 s/off CHOV-1350. 11/1- Interesting station on 1220 at 12:45pm "WKBY, Elizabeth, N.J." 1220 AM, 100mg/s FM, an outlaw. Modulation worst of any outlaw yet heard. 11/2- 12:05am WMMJ-1490 a-yop channel; 12:18 WGHM-1150 ending f/c, & I've just about run out of room. 73s.

Richard Cochran - 43 Horton - Acadia University - Wolfville, Nova Scotia

The FLQ strikes again! One of CFCF's four towers was downed when someone cut the guy wires. CKGM next, huh? On the local scene, CKDH moved from 1400 to 900 at 6pm 11/2. Their lkw puts a good signal down this way. For a while mx punctuated by reminders to tune to 900 continued to be broadcast on 1400. While home this weekend (11/1) 8:30am I noticed a station on 680 IDing as CJON. A Newfie here at Acadia guessed Grand Falls. Item for SCers: No such thing in Nfld. as an SC! CBD also is very good here, & they are evidently U-2 or maybe U-4 since they change pattern at SSS. I paid a visit to CKAB, got an SC. A few veries trickled in, including CBNC WMEX & WICE. No reports out since almost two months - & I've been very slow w/letters too! Have patience. I have been amazed by the signal strength of TAs this Fall- Lisbon-665 was stronger than WNBC-660 one PM! Ernie- you too noticed WNUS is more powerful than WYNR was. I was surprised to see them even w/WBAM; whereas WYNR never even put a whisper behind WBAM. Howcom? Recent DX includes WCOU-1240 WPLM-1390 & WCCM-800. 73s from a Jr. PhysMajor.

DX NEWS

Ralph M. Johanns - 11 East Chippewa Street - Buffalo, New York - 14203

11/7 AM and again a fat DX NEWS w/interesting Specials. On 11/2 (note, JWB) Special KTTT-1510 was band mx and gave 1859 37th Ave. and only 500w, 3:30am off; KNBD-TEST/mx and Ed Briley PD ran one hour; CFCH-600 w/Neville Balcom and Jerry Stevens got an NRCer Chicago ID call @ 3:43 (ph #752-1212) and ran longer and got WCAO QRM @ 4:25; they're in Callander and P.O. & studio in North Bay Ont., 16 miles up. WJCO-1510 ran TT to 1:47 s/off & WLAC was RS to lam and then f/c-TT to 1:11; 1500 had WJBK u/KSTP RS ending 1:02; WHEC-1460 ran RS to 1:58; WHOM, ERC's pet test call, 1:39; WINU-1510 r/c-TT; yes; SSB 4:57:30 ~ WWHI topping 1370; then WSPD's SSC @ 5am. 630, a TT speechless 5:19-5:36 (u/WIRC RS) and 6:00 Radio Station KXOK St. Louis, Stortz Bldg @ 1600 Kings Highway Blvd s/on. 11/3, on 600 was KSJB/WCAO ANers, r/c-TT KXGO to 5:32 to return RS @ 5:30 CST; a TTer on 610 3:44-4:25, while WSGN AN got WSLN AN and announced as 24 hours now; believe TTer was WIP as I didn't hear 'em and WIP used to have Tuesday AM Skw cut to lkw (how about that, you Philly NRCers?) WHLS-1450 Port Huron, Mich. weekday s/on SSB and days AM/PM, so they must have gotten the FM lately. Friday AM when WGY-810 is off (unless some TT) then KGO/KCNO AN fight till KGO goes to bed after 4; try for WKVM, San Juan, P.R. SSB s/on. On 10/30 it was 4:39 and 11/6 @ 4:26am. 11/7- XEAI-1320 QRMd; WMAX-1480 r/c-TT; 980 TT, no go; 940 CEM off @ 3:33 yet; 1440, WEZJ r/c had another no-go; CFOR-1570 AN is a pest here; 1330 TTer @ 5:21 sounded like WELW Willoughby, O. but I think WHOT Campbell O. was it, on RS then (or am I wrong?) Got a v/l from American BC, 277 Golden Gate Ave., San Francisco 2, by Jim Dunbar, PD, for the "Ira Blue Show" (1-4am EST); this is KGO-810 but such nor kc/s. on v/l. From CKAC-730, v/l, CM, 980 St. Catherine St. W., Montreal 2, Leonard Spencer, TD said main lobe is NE and so my reception was from a "reflected sky wave" (oui, monsieur). They operated with 500w in 1922 (now 50kw) & daily 6-lam. V/l KOUR-1220, H.D. Shanklin, DoE, Plains BC, 207-209 1 St. E., Independence, Ia., said my 10/21 report OK & they were doing some pre-testing for the 10/28 PoP same time; f/c was 1-1:30am EST on 10/30, next one in six months. Thanks, E. Duffy, for trying to help). V/q by CKPM-1440 Ottawa, also mentions CBOF now on air. Nothing new here for WMMJ-1300 yet. 73. Seven islands *Antigua-Barbados-Dominica-Montserrat-St. Lucia-St. Kitts-St. Vincent decided to join new W.I. Federation.

Alan Merriman - 7504 Montrose Street - Alexandria, Virginia - 22312

Well, here I am with another report. It's been a pretty good week around here, so here's DX: 11/1- GBR-1010 Calgary, Alta @ 2:30am mixed with WINS/CFRB. CJOC-1220 Letha bridge, Alta. @ 3:15. CKLG-730 Vancouver, @ 4am. CBT-540 Grand Falls, Nfld. @ 6pm, very good after WDAK changed pattern/power at 5:50. Another try for a verie from CKAC-730. 11/2- Excellent AM with ten new ones logged, five of them on 1510 kc/s. CJSS-1220 Cornwall, Ont. @ 12:05am. WJCO-1510 Jackson, Mich. @ 1:47 f/c. WRAN-1510 Dover, N.J. @ 1:49 ET. KCTX-1510 Childress, Tex. 2am f/c. WINU-1510 Highland, Ill. @ 2:14 f/c. CBL relay-1090 @ 2:45, assume CBLC, Chapleau, Ont. surprisingly good signal. KTTT-1510 Columbus, Neb. @ 3:10 TEST. After logging CBLC, tried 1370 and logged CBNE Port aux Basque, Nfld., weak, about S-2 but completely in the clear, ID @ 3:25. CFCH-600 North Bay Ont. @ 3:45 on DX. I called station & was on the air. KNBI-1530 Norton, Kans. @ 4:05am w/QRM from unID SS. Also reported KXOK. 11/5- CFCH-600 Montreal at 10 pm, this a surprise, o/WCAO. 11/6- KFVS-960 Cape Girardeau, Mo. @ 1:05 f/c. Veries have been coming back fairly well w/11 this week. They are v/q- CKGW KSTP WHBC WREN WILS. v/l- KRDS WWDC KWYO WYCH RNE-638 & a postcard from WAPE. Still lots of reports out, a total of 60 since 9/11. Questions: Is CFOX-1470 Pointe Claire, Que. on AN w/c/w mx? (Yes -ERC) Also, whp plays CBC AN mx on 1050 kc/s. Is this CJIC? Does CJMS-1280 verify? Enough for this time. 73 and see you next week.

(No name or street address; Milwaukee, Wisconsin)

DX here has been poor in the last two weeks, but so far this season it has been excellent. Totals to date are 221/350 with 42/36 in states and seven countries. AM TESTS from KNBI CFCH & KTTT all were received easily except for the fact we had our first thunderstorm in a month on this, the first MM I've been up for in four weeks. Latest DX: 10/26- KIOA-940 s/off @ 2am; CJRN noted AN on 1600, announcer said they have been AN since 10/13. He sounded proud of the fact. WDXZ-1370 2:20 for ET, WTAX-1240 @ 2:21 f/c, KWOC-930 on ET till 3:10. On 11/2 WWCA-1270 s/off lam after WHBF-1270 @ 12:28. This led only KBOM-1270 on the frequency & they have only 250w. so this should be good for the test. 11/2 at 1:07, KDLM-1340 on for f/c, was sked for 1:30 according to last. KNDY-1240 on at 1:35 w/ID @ 1:45, f/c. Latest veries are in the v/s list where they belong. That's all, folks!

Richard George - 1016 North Market - Wichita, Kansas - 67214

Greetings from one of the few NRC members in Kansas (or the only one?) This is my first Musing, as I have been a member only since October of 1964. My totals are 728/575 with states running 44/44. Anyone interested in other puny totals I have can check the "Supremacy Ratings" soon, Hi. I use a Hallicrafters SX-100, and two antenna systems. One is a 100' longwire running in a 25 foot square, about 30 feet high. The other is a four element aluminum double dipole, having a span of 22 feet each way, and it is about 35' high. Both antennas are fed with RG8/U coax. Next, the latest DX. I have logged most of the Special programs with the exception of the two I wanted most. That is always the way it goes at this QTH. I was unable to log WKBR-1250, which would have given me a new state. The other one was CHCM-560, which also was needed. On 10/26 WMGO & KISM were both logged easily. Other loggings by date: 10/26- KFSA-950 @ 1:17 with a f/c; WQXL-1470 @ 1:29 f/c; KGPC-1340 @ 1:40 f/c; KDWA-1460, @ 3:13 XR TEST; WYZE-1480 @ 4:07 RS. 11/2- WJCO-1510 @ 1:47 f/c; KGMS-1380 @ 2:57 RS; KTTT-1510, @ 3:01 TEST; KNBI-1530 @ 3:30 TEST. QSLs received are as follows: Radio Senegal-764 v/c; KTPA-1370 v/l; KNDY-1570 v/l; WAWK-1570 v/l, WQIK-1280 v/l; TWR-800 v/c. That's about all for right now. Looking forward to 11/9 for Maine, which will be State #45, if logged. I hope to have the loop completed by that time so I can try it out. Well, that about ties the ribbon on for this time. Best DX and 73. (Welcome to the NRC, Richard, and let's have your Musings regularly, please! -ERC)

John Oldfield - 11623 84 Street - Edmonton, Alberta

I thought I'd let you know that local CHED-630 is no longer AN & off MM only, but they have made my love for them much stronger - CHED is now NSP. CHED's manager recently quit so that he and associates could go before the BBG to apply for the Edmonton area's eighth station, possibly on 1330 kc/s., but I'm not sure of that. They are awaiting approval of the DOT, and if approval is granted they will appear before the BBG on 1/19/65 in Ottawa. Edmonton's new CBC voice, CBX-740 50kw. gives me images all over the dial, but CBR-1010 Calgary is usually covered by KOMO, who incidentally have been received here all day last week at noon MST. Good CX, third report to JBC-750 - nothing. Andy Rugg has the same trouble with them. Reports out to two New Zedders and a few other foreigners and many domestics. CKNL "97" on Highway 97 (Alaska Hwy.) now advertises as "A dam big voice in a big dam country" as they're building a big dam on the Peace River. Fort St. John is now known as the "Oil Capital of B.C." We are the "Oil Capital of Canada" and still Canada's fourth largest city (now a BIG (hi) 365,000). I'm unloading a pic of myself in exchange for the one you sent some time ago. 73.

Len Kruse - 1675 Glen Oak Street - Dubuque, Iowa - 52002

The morning of 10/26 was profitable to my DX Log with all three NRC DX TESTs heard as scheduled; namely KDWA-1460 Hastings, Minn. followed by WMGO-1370 Canton, Miss. and then KISM-1530, Shakopee, Minn. The WKBR-DX-1250 Manchester, N.H. which was listed for a DX that same morning was impossible to hear with two ANs going strong, namely WRYT & WREN. On 10/29 Station KABI-1560 Abilene, Kansas was logged with a f/c-TT from 1-1:15 am with WDXR QRM. The DX TEST set for 11/2 from KTTT-1510 Columbus, Neb. was heard well from 3-3:30am in the clear, for a new catch. The other two DXes set for 11/2 coming from CFCH & KNBI were heard as sked, but not new to my DX Log. The new AN Station CJRN-1600 Niagara Falls, Ont. was logged on 11/3 from 4:15-5am, with some WWRL QRM. It was good to hear CJRN, as I visited the station when in Niagara Falls during the NRC Convention two months ago. The latest verifications added to my collection included v/l's from WEDB WBBY WLTH WTBC WPGM WMAD. This brings my verie count to 3,785.

Hi y'all. Once again not too much to say, but I thought I would report so I wouldn't be labeled a non-reporter, hi. Latest meagre DX here is: 11/4- WRDW-1480 heard on RS @ 4:23am, WWJ-950 AN for ER I think @ 4:30, and WATE-620 @ 5am s/on SSB. 11/5- WDXE-1370 @ 5:48pm s/off. Once again no veries this week. Now that FB Season's finally over I can devote more time to the other things, mainly DX. My early morning listening is pretty well shot because of an early class but I'll have lots of time in the PM to DX. SCers: WJVA has started printing 'em again. I have plenty. Some of my traders are KYOU WIBG WSBT-TV WJPS & WHLO. 73 and go Notre Dame.

Howdy - Polly and I are having a fine time in the Islands. Two days in Hilo area. Fly today to Kauai. Saw the Lealakekua station on the hillside yesterday, could only copy Hilo stations on car radio at Hilo & Puna. At Kuna, the Honolulu stations come in fine

Ho hum - another week of amazing DX, and more advanced in long distance reception. Darn it, if those sun spots don't start building up again, nothing at all is going to get accomplished here. My wife says I never talk to her any more; in fact, I don't listen to her; just the radio. The latest sport is going for Near East stations before their s/off, around 3:30 to 5:00 in the afternoon. This always terminates my weekend chores at home. The mid-evening, say 9-11pm used to be a good time to write reports, & even sit and watch TV with the family. Now I gotta look for Russians, Near East, and West Africans signing on. And I have to get up SMS now along with MMs. For example, on ~~SM~~ 11/1 at 4:45pm, Radio Beirut-836 was logged behind Nancy RTF to 5:30pm s/off. Then, at 5:00, Damascus-785 came through beautifully for a half hour. On 11/4 at 9pm, a station on 863 kc/s. was IDed as Radio Yerevan, Armenian SSR; heard spottily until after 10pm. Still not sure I have enough of a solid log to report. On 11/5, while trying to get more on Yerevan, another station came on 863 at 10:15, which I think may have been Nairobi, Kenya, because of another signal that appeared at the same hour mixed with Belgrade on 683, which may also be a Nairobi station. The latter appeared to be carrying Oriental programming, but I couldn't determine if the former was using EE. On 11/5, the Moldavian SSR station on 998 kc/s. was logged again, briefly at 10:43 pm. On the evening of 11/7, parallel stations were logged on 665 kc/s. behind Lisbon, and on 737, behind RNE, Barcelona. S/off promptly at 8pm, and I believe, Iceland. On SM, 11/8, I got up to try for Asians, and got one - Radio Pyongyang-655, which I logged from 5:10 to 5:55am. Many thanks, Gordon Nelson, for the tip. Now what is this I hear about these North Koreans not verifying? Domestically speaking, I hit the jackpot on MM 11/2. KPTT-1510, very good at 3am. KNBI-1530, nice signal 3:30 to 4:00 when an LA came on stronger. CFCH-800, easy after 3:45am. Verie: CBNE-1370, 40w. specified, by card and letter. It's 3:30pm and they're starting already, so I will wrap it up and get to work. (Tremendous DXing, Ben! -ERC)

Rich Gula - 56 Sears Street - Middletown, Connecticut - 06457

Hi fellow AN haters. DX here is almost nil, save those beautiful tests. To date, I have heard all TESTs save CHOM and WKBR. Was WKBR on? I sure don't think so. Manchester is not that far from here, and not a peep heard from them. All other DXes were reasonably easy to copy. KISM was a mite difficult, but I did get a log from 4:21-4:30 for a report. Reports out to all except CFCH. Here is the rest, which is very little, of my recent DX: 11/2- WPON-1460 @ 4:31, WYZE-1480 @ 4:33. 11/7 was good for foreign stuff, but I won't mention it now - save it for later. 11/8- KXOK-830 @ 6:15am, a long wanted one here. Tried every MM for 'em, then I get them on a Sunday. Oh well, I got 'em! Hey, be sure NOT to join the Scarsdale NY Chapter of the 1360 Love Club. It's for the birds, dodo birds, to be exact. I was glad to see that new f/c list. I'm sorry I forgot to send you all my checks, Joe, but I won't forget again. Hey Frank Merrill, you still alive? If my memory serves me right, you have a tape of mine. I am just DYING to hear that voice of yours! Recent veries here are: KOB at last, for 48th state verified, KSOO WAPE WKGN, and a card from WJTO which was not filled in. Can I count it, Ernie, or should I f/up? I filled it in myself. What would you do? (Count it! It certainly was intended to be a verie, or else they wouldn't have sent it is the way I look at it, Rich -ERC) For those of you needing South Dakota, I would try for KSOO about 6:30-7:30am any SM. They really come in good with the loop, but Mike has gotten them without it, so it can be done. I have 28 veries in the Domestic Contest, and Jerry Conrad, you are not a-going to run away with it! There are lots of us fellows who will give you lots of competition. Hope all of you are enjoying the DX season. Keep Musing. That's about it from here, and who said that Detroit was the next NFL champ? Look who's #1 in the East - Cleveland! And don't say I didn't tell you so. 73s and 141s, of course. I'll be in N.Y. on 11/28, but not at your place. I'll be at Shea Stadium so see the Jets along with our whole FB team. Sorry I couldn't come!

News: WHYN-560 announced 10/28 that they upped power to 5,000w. that morning at 6am EST Reports out to CKEY & CKOY. Been DXing MMs but none of the TESTs was heard. My Heathkit Mohican is back at the factory for a complete re-alignment; using AM/FM radio with longwire till it gets back. Till next time, 73.

Old and new DX: 9/16- WHFB-1060 s/on 5:45am on way to work. 11/2- KNBI-1530-TEST 4:24-4:30am (at home w/OUT DX NEWS!) I collect surveys. 73, concisely.

Stan Morss - Route 3 - Bradford, Massachusetts - 01832

10/27-PM- Copied WSS-655 8:50-9:10pm for lack of anything else to do. Weak signal on 695 but too weak to copy. 10/28- CBE off but CBAG nailed down 1550. WBNS alone on 1460. No CBC. TT-1350 3:40-4:15 and later but no IDs. 10/29- WVTR-910 White River Junction, Vt. at s/on till about 6:13 for a report. QRM by WHAT/WABI/CBC. 11/2- WENG-1530 Englewood, Fla. 1:08am on ETs. KGAR-1500 Jacksonville, Ark. again caught on s/off f/c 1:35. CKPM-1440 1:49am. WINU-1510 Highland, Ill. mx & TT 2:15am. WSPT-1000 Hickory, N.C. 2:20am w/old records of ten-12 years back. KTTT-1510 Columbus, Neb. TEST 3 am. KNBI-1530 Norton, Kansas Test 3:30am. Radio Aeropuerto, 1527-8, ex-1507-8, ex-1500, still on the move.

DX has been slow here, but it really began to pick up about two weeks ago. Since we are back to TEST the SSS stations have begun to come in over the 50kw. stations like WCPS o/WJR. Other recent DX here has been: Senegal 10/26, WCAR 10/29, CBY 10/29, and CHEI 10/30. Recent veries include: WHO WSYB WHAS WWNH and KSL (my farthest U.S. verie to date). In answer to a question in a recent DX NEWS, does ZEM1 send our veries? Yes - it does. I heard and sent them a report last April and they verified within two weeks. However, IRCs should be sent. Well, that's it for now from here but I hope to have a lot more during this top DX season. Let's all take advantage of it! (Glad to have you aboard, Jay, and let's hear from you often! -ERC)

Andy Rugg - 16 Lake Breeze - Pointe Claire, Quebec

The recent DX and verie situation here has been ungood. The only addition to the totals has been the logging of EAJ15-1124 from 4:50-4:57pm on 11/1. On 11/2: Unn CFCH-600 good on DX; needed CBNE-1370 had ID killed by CFOX slopover and the local 1470 mercenary also drowned out any vestiges of KTTT/KNBI TESTs. 11/6- Unn BBC-647 surprisingly strong after 5pm w/Third Programme ID & highbrow mx. There has been a strong het on 773 kc/s. or so all week at SSS but no signal as yet; is this Egypt? Symphony mx occasionally breaks through on 818 w/WOSU slopover but never any talk to give hints on Warsaw or Andoo, darn. Joe Fela: CKGM-980 still NSP with crummy-sounding cl mx. 73.

Tom Walsh - 53 Neponset Road - Quincy, Massachusetts - 02169

During the past week, CX have been fairly good. New loggings here are, 10/25- WBAX-1240 at 6:15pm, WCIW-1240 at 6:18. 10/26- Radio Senegal on 764 at 5:20pm for first TA. I was very pleased about this. I noted them with very good signal also. 10/28- CBY-990 at 8pm (can't understand why I never heard them before). 11/3- WEGP-1390 at 12:05 am s/off. ZEM2-1340 at 12:15. Pleased to get them also. I have been looking for them for quite a while, ever since getting ZEM1-1235 last April. Guess that's it for this week. 73.

Allen L. Nissen - 265 Beverly Hills Road - Fort Lee, New Jersey - 07024

Hi again. Not too much DXing done lately, mainly due to work, school, and "outside activities." I am now a studio engineer at my school's radio station WPDU (Fairleigh Dickinson University) in Teaneck, N.J. We broadcast with all of ten mighty watts on 860 kc/s., with a coverage area of about five to ten blocks. Ronald Schatz: The XR behind WNCW is WJRZ - both in Kearney, N.J. WPAT's XR is next to the Garden State Parkway in Clifton. ERC- You were right - WPAT does not have a telephone listing in the phone book for Passaic County. Russ Edmunds: Try mailing the stencils before 12 noon- it should make connections much sooner. Mail will slow down to a crawl soon, with the Christmas season coming up. That's about it for now. Ernie, tentatively count me in for the 11/28 get-together. 73.

Reports out to XEG WPLO WALA WKBN WIBC KLCN WSAI KIMN WNDR & KMBC. Veries received: XEG WIBC KLCN and one from mid-August, KSTP-1500. I hope everyone is having good DXing. 73

11/9, I added WDCJ-1220, Jacksonville, Fla., and WYNS-1050 Lehighton, Pa., both with good signals. No new veries, though!

Hi, again! This one will be short because I've only gotten a few new stations. They were: On 11/1, at SSS, WFRB-560 s/off at 5pm; KIMN-950 on 11/2, MM, and WSGN-610 also on the MM of 11/2. On 11/3, I got these at SSS: WADE-1210 WKNX-1210 WSGW-790 WRSL-1520. On 11/4, I bagged WHHH-1440 and WVOE-1590 at SSS, and at 9pm heard WIMA-1150 for the first time. For above on 11/2, I forgot that I also logged CKWS-960. What's Jerry Bond saying about CKWS being poor? I think they're OK! Good rr from new stations above - WSGN CKWS WKNX & WIMA. I didn't hear rr on KIMN (I hear they're rr), just some public service trash.. WSGN is one of my Top Five favorites - complete list: 1-WMCA tied w/WDRG 2-WFUN tied w/WTRY, 3-WMEX 4-WSGN 5-WIFE. I have SCs and traders from all these except for WIFE. Not too many WIFEs (or is it "WIVES?") around - wish I could get one! Here's a tip - WTCN no longer is such - now is WWTC. Today (Sunday 11/8) I heard either WAVA (probably this) or maybe WBEM right through WABC FB game at about 1:30pm. Heard WJJD at noon, also listened to WGGO (Go Radio)-1590 around noon. Anyone who wants taped samples of area stations, write and we'll make arrangements. I forgot to say I still have reports out to WVLK KGBS KFH KSO WOKY WSGN & WAAY. My verie total is 86 with newies from KOIL WIFE & KXLF of late. I have 32 states veried out of the 86. Current SC total, 226. Will say 57 plus 136 with a Big Hi to San Diego's Surfin' Bird!

Chris Lucas - 89 Round Hill Road - Fairfield, Connecticut - 06431

Hi! This week I logged only 11 new stations, but a lot of them were good ones, so I'm not complaining. However, no veries at all, and it sure looks discouraging verie-wise. This includes no replies from KJWA WFMG KISM KTTT & KNBI TESTs. This week's loggings as follows: 11/2- WZUM-1590 Carnegie, Pa. @ 4:30pm. 11/3- WDKD-1300 Kingstree, S.C. in through the mess for S.C. #12. 11/4- SSS, WDLA-1270 Walton, N.Y. with longwire, at 4:30; and then using loop, WHLD-1270 Niagara Falls, at 4:37pm. 11/5- WMMN-920 Fairmont, W.Va. in briefly at 5:48pm. 11/7- KWMT-540 o/two others, probably VDAK & CBT at 5:59pm s/off. 11/8- CKBS-1240 in w/ a beautiful signal in FF @ lam. They were stronger than WRYT-1250 by ten db at 1:05, and had less interference, also KARK-920 at 1:43 during test for Arkansas #2, WPDW-1470 (I think) s/off 4:30pm from Potsdam, N.Y. for N.Y. #83. 11/9 was pretty bad! No WAGM DX heard here, so I suppose the test is 11/16 as Andy Rugg says in today's (11/7) DX NEWS. I logged KIMN-950 with a very good signal at 3am, after trying to null them out for 25 minutes in a vain attempt to hear WAGM. There was another station way in the background with some rr, anyone know who? KIMN is Colorado #2 for me. WDCJ-1220 Arlington, Fla. in quite well with no QRM @ 3:12. I heard very weak station w/rr on 1520 around 3:20 but static much too high. Do either KCON or KXKW play rr? Heavy static also spoiled chance of IDing station on 650, maybe much-wanted KORL. This static was not continuous as in Summer, but loud static crashes. Totals now 724/93, states 41/39, provinces 9/8. I also noted WDOV-1410 TEST at 3:44, but they have been previously logged on RS at SSS. Didn't bother staying up for um WYNS-1150, which comes in semi-regularly at SS. That's it. 73s. I probably wico be at the get-together on 11/28, but I am not certain yet.

Roy H. Miller - Box 91 - Marysville, Washington - 98270

Hello! Evening of 10/30 saw the broadest TA opening I have ever seen; I would judge that at least 15 channels showed a TA between 10pm & 1:30am the following AM. Details are in IDXD section, but I'll just say here the lower frequencies were HOT for the first time in years, w/647 656 665 being quite good. I've hears stronger TA signals, but never so many; had to be careful though in ID as several IA splits were also showing, which is most unusual here during a TA opening. 10/31 again found TAs showing quite early, but disappearing around 10pm. 11/2- KNBI-1530 Norton, Kans. DD-TEST logged 4:05-4:30am, very heavy fading noted; KTTT-1510 Columbus, Neb. TEST logged 3-3:30am, quite wazy, although mx was at better level than announcements. Veries- BBC-1214 WIRE-1430. Foreign reports number 14 at the moment, to 14 different countries on five continents, so wuality OK if not quantity! Unverified domestic reports of 9/64 reception include CERN-940 KGAR-1550 WRSL-1520 KFEQ-680. For the same period, ~~w/only one such verie~~ domestic reports have been verified. Four foreign reports remain unverified for same period w/only one such verified. A couple late veries just in: CERN-740 North Bend BC (resulting from f/up to letter reported on herein last week); 11th low-powered Canadian verie & VOA-760 Vietnam (doesn't specify any more exact location, indeed welcome!). Vietnam thus becomes tenth Asian country verified, with North Korea and Sakhalin remaining logged but unverified. Primary targets in Asia now are Malaya and Thailand (P9

Rich Heald - 733 Arbor Drive - San Leandro, California - 94577

Well, I heard another station behind local KPAT and not enough to send a report. Station was KONG-1400. Other DX as follows: 11/2- KTTT-1510 DX TEST, KAWT-1450 w/TT, re-logged & sent f/up to CJOB-940, CJAD-800, KOWN-1450 (apparently NSP) VOA-1180 Marathon, Fla., VOA-760 South Vietnam, Radio Peking relay-760. 11/4- ER night. Due to the ERs, I didn't feel much like DXing. What DX I did, was done while I occasionally wiped away the tears, hi. Oh well, the Senatorial race went the way I wanted it to. Many stations on late for ER. Did log KWYL-990 (ex-KWIL), KONG-1400 (behind local KPAT). The preceding political views expressed were entirely mine and do not reflect the opinions of the staff of the NRC, or somethin', hi. 11/7- KCJH-1280 @ s/off, KSDO-1130 @ 3:30 in the afternoon!, 1.5 hours before sunset. Also relogged rarely heard KEEY-1150 @ s/off. Veries from: WOKO KYMN KCUL. Totals: 595/407. I was really shocked to hear KSDO so early and so close to KFAX. I know they were coming in on a skip because every so often KFAX would suddenly cut in and wipe out KSDO, then KSDO would return a few seconds later. What I can't understand is that KSDO is 500 miles away, and KRDU only 170 miles. Why didn't I hear KRDU? New antenna system seems to work much better. Before I had two antennas connected together, then one leadin coming to the radio. Well, I separated the antennas, there are now two leadins. One goes to the antenna clamp of the RX. The other lead goes to the ground clamp. The ground wire goes to the antenna clamp, and a short wire goes from there to the ground clamp. ~~Thaxgroundwire~~ Confused? So am I, hi. (So was Im Rich, hi -ERC)- But it really works wonders. KFAX used to take up 1070-1160. KSCO-1080 topped KFAX, but KRAK-1140 was just barely audible u/ KFAX. Now it's just the reverse. I can even hear KPLS-1150 and KRDU-1130, but u/ KFAX. KS O is just as strong as ever. WX - it's raining again, 11/8. Day temperatures are way above norm, but it really cools off at night. Less static now. Bet every Wcer got the notice of the KDWA TEST on MM, hours after the test. I did & so did Bill Wilson, Gene Allen, Bob Pietsch, and others. Got an airmail postal card from Len Kruse about the TEST on Sat., so I was prepared for the test. If this is an Extra Service of the NRC, then I think it should be dropped. Don't forget the Gabfest at my place, Sunday 12/6. Write me for directions. Until next week, 73s, good DX.

John Jackson - 14603 Rayfield Drive - La Mirada, California

First, KHJ-930 in Los Angeles has gone 24 hours. I don't know their silent period, probably MIs. Thanks to Ed Satterthwaite for his specials. They're tops with me and I think I might learn from them. I don't see why you 1360 Haters hate 1360. I hate 1360 Haters! You're all a bunch of nuts and I forbid any 1360 Haters to use any info contained in any of my Musings! All those opposed to 1360 Haters join with me in this action - You with me, Ernie C. and Jerry Peterson? How many of you out there can get 13 TV stations on your indoor antenna? I get all VHF save Ch. 3 plus 28 and 34. They are from L.A., San Diego, and Tijuana. To DX: 10/25- KSRO-1350 10/26. Tried for WMGO but didn't get it, instead I got a faint station playing cl mx and piano mx. 3:17, KGEN came on with an OC/TT for ETs. 10/27- KLOK-1270 o/KVOO/KCBQ. They gave EE ID, then went into Chinese. 10/28- CKOK-800 completely had the frequency, CKBI-900. 10/30- KFIF-1550. 10/31- KTOT-1050. 11/1- KFRM-550, KHAT-1480, KYND-1580 KRUX-1360 KSYO-1480 KSTN-1420 KYNO-1300 CBR-1010 & KVNU-810 o/KERC. 11/4- KSCO-1080 KSBW-1380 & KFIV-1360 all at SSS. 11/7- KLZ-560 KEABC-760 HJBI-840, Santa Marta, Colombia, KCLS-600/KBY KEYE-890 KEZF-850 TGJ-880 in Guatemala, but what city? (Guatemala City, John -ERC) I heard Orientals on 750 785 & 840. Didn't get any IDs that I could understand but I think they were KOIB, Sapporo Japan, Radio Pyongyang, North Korea, and JOQK, Niigata, Japan. I am now at 12 countries, 30 states, and four provinces. With 237 heard, I got veries from CKOK & KGEN and have a report to Belize. You NRCers who haven't supported your Club by musing frequently - do it - or you won't get anything from Santa Claus! See you in two-three weeks. Best of everything.

Dave Doswell - 6420 Rolling Hills - Fort Wayne, Indiana

KLCN Blytheville Ark. sent their QSL, making 16 states verified. I don't send too many reports but did write to KDWA after their TEST. Ray Parker didn't get KDWA, but he did hear KISM and probably WMGO. 10/24- WREQ-970 at 5am s/on, WWST-960 at 5:11, WTOP at 5:30, then Big George's WPLO-590 at 5:55, covered by KBHS-590 at 6am s/on, WLIV-920 at 6:30, and in the evening, WJRC-1510 at 7pm s/off from a DX NEWS tip. 10/26- (Page 10)

(Dave Doswell) WIDY-1340 Ladysmith Wis. TT @ 1:50 while trying for KGPC, Grafton, N.D. fourth MM f/c. I was all ready to write'em down but it was Ladysmith. CMJC-1270 Camaguey at 2:06 w/regular Havana programming, XEBS-1410 @ 2:45 w/"Radio Sinfonía" ID, & the KDWA TEST 3:02-3:30. Ernie, what is Collingwood, Ont.'s call on 1270 kc/s.? (I have no listing for such a station, Dave -ERC) Also, does anyone know which station is operated by Cannon Broadcasting Co. on 1540, and by Bell Labs on 940? It's sorta hard to find enough DX to tell about in DX NEWS each week, so till next time, good DXing.

Hi guys. It's been kind of warm around here so DX hasn't been too good. Recent ver-ies are Radio Trinidad, real nice letter saying that they are the most powerful radio station in the Carribean with 20,000w. Is this true? (Bonaire has 500,000w. Mike, if you can consider them in the Carribean area-ERC) Also WRIS v/1, and FWIL v/c. Reports are out to KTTT KNBI CFCH WLMJ WNRG KFBK WHEW WKWF WITN WRIT KCHA. Now to DX: On 11/2 first of all, got the KTTT Special in good but lots of static from 3:01 to 3:18. Then got WRIT-1340 at 3:25 w/f/c. Then got the CFCH Special in clear at s/on but then WICC clobbered them most of the time. KNBI in clear most of time. 11/3, no school for me because of Election Day. 12:30am, WKWF-1600 ID in EE at 12:30. Then, got one ID from WHEW-1600, was lucky to get that w/WKWF and Cuban jammer in strong. Finally got CKWS-960 in at 12:45. Then got WJBO-1150 at 12:55 to s/off. 11/4- Unn WCRL-1570 in real strong to s/off at 5:47pm. Then got WTTN-1580 s/off at 5:59. 11/5- WSPF-1000 in good until 5:15pm s/off. Unn WCBL-1290 s/off 5:45. KWAM-990 real clear up to 5:58 s/off. Unn KOLS-1570 s/off at 6:15 w/SSB. Herb Papenfuss, Jerry Bond, John Daller, and Russ Edmunds, you guys owe me letters - get the message? New SCs are CTPL KYW WXYZ all w/traders. New CM, KBAT w/traders. Totals on SCs are about 160. Well, that's it from here. BCNU. 73s.

Rev. John E. Sexton - Fox 64 - Lucan, Ontario

Hi. My second year of DX NEWS starts now. DXing my SS on 10/26 was a Radio Aeropuerto on 1515-20 kc/s. Who - any ideas, Ernie? (S. Morss & I are working on IDing it, John - no luck yet -ERC) 11/1- WLAV-1340 5:30pm, WJPF-1340 5:45pm, WSTV-1340 6:15. 11/2- WHTC-1450 s/off midnight, CHUC-1450 s/off 12:15am. WSAY-1370, WJCO-1510 on TT, XEACB or XEABC - VJ doesn't list. They kept saying "ACB" I think. A recent DX NEWS reports it as "ABC" - maybe I'm mixed up - on 760 kc/s., anyway. 11/3- WNYC-830, WORK-1350 at 4:55pm. I heard a Radio Yah-Ta or Ganjo, an SS on 1280 kc/s., who? WFBG-1390, WHBG-1360 on a f/c-TT 12:19-12:15am o/WSAI. On 11/7, a TT w/Morse Code ID. I don't know code, but I gave a crack at it - I believe it was WIXK, frequency, 1590, from 12:05-12:45am. Anybody else hear it? WSHN-1550 TT 12:25am. All for now. 73.

Ralph B. Sperry - 320 Warner Hill Road - Southport, Connecticut

I do very little DXing these days but have added a few here and there. Since my last report I wilt up my foreign collection with Bonaire-800 and finally received a verification from British Honduras-834 for a report of 9/63. The only Summer addition was WEMJ-1490, late evening. In September I had WCFR-1480 WVMT-620 WRKL-910 WPHB-1260. On 9/28, staying up late for the only time, I added CKPM-1440 WNUS-1390 WGIN-1480-test, WISM-1480, WKSX-1340 and WHOT-1330. Since then on s/off, have picked up WERI-1500 WKER-1500, WPDM-1470. I hope to reach 1500 verifications by the end of the year but it looks discouraging as answers from the above batch are slow. Three long outstanding reports were successfully f/up. WFOA-870 WMEG-920 & CKDM-730. I'm glad to note reports from Chris Lucas who sued to be the clutch hitter on a Little League team I coached and I'll look him up if I ever get going in this hobby. I also had a nice visit w/Joe piecmita a few months ago. I'm surprised not to find SS stations as I usually do this time of year.

Hi everyone! This is my first Musing since I got my card a few weeks ago. I am a Senior at Brooklyn Technical High School, and I'm 16 years old. My QTH is only about six miles from Ernie's, and my RX is a Midwest SGT-16 (1947). Now down to some DX: 10/4- KXYZ-1320 AN Hurricane Watch; WPMP-1580 WARB-730 WBGS-1560 WHNY-1250 all AN, hurricane. WACY-1460 w/WACO, WBBR-1580 TT; WLEA-1480 s/on @ 5:30; WASA-1330 u/local WPOW. 10/8- WNDP-1150 @ 7pm. 10/9- WCPC/WYLD-940 @ 7:30pm. 10/10- WKER-1500 3:20pm WERA-1590 3:30-m (long wanted, only 32 miles away). 10/12- WCAM-1310 12:20am s/off; KPRC-950 2:15; KONO-860 2:30; WDXR-1560 s/off @ 2:02, WCOS-1400; WMPJ-1450. 10/15- Bonaire-800 @ 9pm. 10/21- Belize-834 @ 11:30 s/off. 10/24- WGKV-1490 2:26am; KSO-1160 2:45; WFBS-1450; WKWK-1400 3:05; WSSB-1490 4am; CJOC-1220 4:45 (Alta. #1; /P.11/

Another tremendous issue, despite another Tuesday night assignment so a Monday editing date. So to the loggings:

WHAT'S HEARD ...

- 539 HUNGARY. Kossuth Radio, Budapest. Squeezing through at 1855 10/30; strong. (Dangerfield, Pa.) Fair, but easily separable from CBT 11/1, 1709-1730 but alas, not much copy. (Schiller, N.J.)
- 540 MEXICO. Noted again 11/5, at 0645 Spanish station in S8-9, at 0647 gave ID as XEWU, location as Valle de Valles; on 10/15, I heard same anncr say XEXX. (Stone, Ont.)
- 548 UNID. Definitely in German, strong signal but unable to catch ID. Imagine it's Braunschweig. (Hoffman, N.J.)
- 555 NICARAGUA. YNS, R. Tic Tac, Chinandega, good nightly, best around 2200; this is their assigned freq., i.e., the one they announce. (Miller, Fla.)
- 560 CUBA. R. Rebelde, Las Mercedes, strong 0130 11/2; "La Voz de Cuba" La Habana relay. (Musco, Conn.)
- VENEZUELA. YVIX, Villa de Cura, s/off is 2330 with anthem; 50 kw D.A. (Miller)
- 566 IRELAND. Athlone 10/31, light music to 1830, then news in English to 1835 s/off with anthem. (Piechuta, Conn.) Has been strong and easily readable of late from 1800 to 1835 s/off; Over S9 10/30 & 31. (Dangerfield, Pa.) Remarkable S9+5 on 10/31 1650-1755. (Hoffman, N.J.)
- 575 COSTA RICA. TIJC, Radiopolis, San Jose, readable with pop music and ads, 10/31 at 2115. (Piechuta, Conn.)
- UNID. A station heard here under Muchlacker. (Hoffman, N.J.)
- 580 JAMAICA. R. Jamaica, Port Maria, s/on time is 0545, only mentions 3 freqs. at s/on, but four listed. (Miller, Fla.)
- 602 FRANCE. R.T.F., Lyon, logged with fine signal 10/30 0002-0050. (Dangerfield, Pa.)
- 638 CZECHOSLOVAKIA. Prague very strong and clear 2230, 10/29. (Dangerfield, Pa.) IS 2228 nightly at s/on very good; jammer obviously aimed at B.B.C. Cyprus s/on nightly at 2229, but does a good job; no sign of Cyprus audio yet. (Nelson, Mass) Excellent signal here after 2300; San Sebastian in later. (Miller, Fla.)
- SPAIN. R.N.E. San Sebastian, in like a local 1630 11/1; someone behind; not sure if Prague or Cyprus, but Middle East strong then. (Dangerfield, Pa.)
- 647 ENGLAND. B.B.C. European Service, Crowborough. In Polish to 2330 10/30. (Piechuta, Conn.)
- B.B.C. Third Program, Daventry, from 1701-on 11/6 with ID "This is the B.B.C. Third Program," and highbrow music. Surprisingly strong, and giving YVQO-650 trouble. (Rugg, Que.) Heard S8 as early as 1540 10/31. Great afternoon for T.A. Reception. (Hoffman, N.J.) Thanks to question from Joe Piechuta, a check of E.B.U. material shows European Service, Third Pgm from locations shown. (ED)
- 665 LITHUANIA. Vilnius, heard weakly 2210 10/30, 10/31, 11/5; S5-6 on peaks. (Hoffman, N.J.) At 2140 10/31, but others (besides Lisbon) are being heard here; most likely Germans; someone under Lisbon 1845 11/5. (Dangerfield, Pa.)
- PORTUGAL. Em. Nacional, Lisbon, every bit as good as WIBC (audio) 10/31 1845. (Piechuta, Conn.)
- UNID. Someone with Slavic music & songs here, 10/31 2130. Vilnius? (Piechuta)
- 674 FRANCE. R.T.F., Marseille I, 10/30 pop music & French 0030, very good. (Piechuta)
- 685 GUATEMALA. TGRT, R. Fabulosa, Guatemala, logged evening of 10/23 2200-2230 and report to address supplied by J.C. S9 Signals most evenings. (Cooper, N.Y.) Finally got around to reporting this one, mostly because of fine U.S. Pop music 10/31 at 2145. (Piechuta, Conn.)
- 692 ENGLAND. B.B.C. Northern Service, Moorside Edge, fair signal from this previously unhe'd (by me) BBC'er to 1847 close, 10/31. (Schiller, N.J.)
- GERMAN D.R. Deutschlandsender, Suhl, logged S8 s/on 2200 10/29. (Hoffman, N.J.)
- 701 CZECHOSLOVAKIA. Banska Bystrica, probably the one here when 638 was loudest; WGBS a problem. (Miller, Fla.)
- UNID. Strong het on WOR 2200 10/30. Bratislava? (Hoffman, N.J.) Banska Bystrica has 100 kw. here, Bratislava 2 kw., Bob. (Ed.) Unknown T.A. being heard here 2000-2200, possibly German AN'er; pop music. (Dangerfield, Pa.)

- 710 PUERTO RICO. WKJB, Mayaguez, good signals Monday mornings 0500 s/on. (Miller)
- 723 UNID. Near East station in weakly around 2145 11/4 & 5; fades out quickly; I believe this is Saudi Arabia, not Cairo. (Nelson, Mass.)
- 725 UNID. Spanish AN here Sunday 11/1, presumably TILX, unneeded. (Cooper, N.Y.)
- 735 UNID. Noted very weak 11/5 at 2215. (Schatz, Fla.)
- 740 CUBA. CMKJ, Holguin. ERC, this is your AN mystery, Voz de Cuba. (Miller, Fla.)
- 742 GUATEMALA. TGVA, Antigua, R. Progreso relay here: from 740. (Miller, Fla.)
- 746 HOLLAND. Hilversum, good audio level 2304, but QRM from Syria. (Nelson, Mass.)
SYRIA. Damascus, occasionally breaking through Hilversum around 2300, but not enough to take log on; out shortly thereafter; Country #74. (Nelson, Mass.)
UNID. Noted past 2230 with Arabic music. Syria with higher power? (Schatz, Fla.)
 Weak signals being heard after 2100, possibly Syria, as 785 hrd. (Dangerfield)
UNID. S/on 2300 ~ not Arabic; sounds like European, but not Holland. (Hoffman, N.J.) E.B.U. has Plovdiv, Bulgaria, here with 30 kw. (Ed.)
- 755 RUMANIA. Timisoara, excellent nightly past 2200 with much talk; TVI. (Schatz)
- 764 IRAQ. Baghdad, with Arabic chanting & music 10/31 2210 to 2235 fadeout. How to verify? (Piechuta, Conn.) Put on open carrier 2140, bird chirp IS 2155; Man on 2158 said "Itha'at Al-Jemhoriya Al-Iraqiya Fi Baghdad," so you can believe WRH on some matters, hi! Very powerful, perfectly readable, but faded 2240; got excellent log. Country #73, 11/4. (Nelson, Mass.) Roars in several nights each week, 2200-2300; Hits S9+5 on Peaks! Never heard before this season. (Hoffman, N.J.) Good clear signal occasional evenings past 2220; ID's with femme & "Green-sleeves." Reported & anxious. (Schatz, Fla.)
SENEGAL. R. Senegal, Dakar, 0100 s/on to past 0230; until 0200, interference from someone, Sottens, I guess, on 11/6. (Conrad, Ky.)
SWITZERLAND. Sottens, with pop music 10/30 0030-0055 when R. Senegal messes 'em up with s/on I.S. (Piechuta, Conn.)
UNID. T.A. under Baghdad, 11/4 2100-2145, most puzzling; loop said definitely not S.A.B.C., but a Central European; must be Sottens on A.N. (Nelson, Mass.)
- 773 U.A.R. Cairo, s/on with Big Ben type chimes & clock striking six 10/31 at 2300. (Piechuta, Conn.) UNID. T.A. reported last week is not T.A. after all; my face is red! This is apparently a signal of local source, though not traced as yet. (Millar, Wash.)
- 775 COSTA RICA. TIW, R. City, San Jose, L.A. programs 10/31 2245 (while waiting for Cairo. (Piechuta, Conn.)
- 780 CHINA. Apparently a mainland Chinese (possibly Paoting, Hopei province) s/off 11/5 0930; no anthem; this frequency more or less an Oriental "graveyarder" after 4YA s/off and/or WBEM fades out. (Millar, Wash.)
UNID. T.P. 11/3 with twin gongs at 0759½ and 0801; Manila mentioned at 0800, but may have been news item; Language unknown, but not Oriental like Chinese/Japanese; at 0900 six quite musical time pips were noted, followed by drama sounding much more Oriental in nature than at 0800; language at this earlier time appeared to be somewhat allied to Portuguese or Spanish. (Millar, Wash.)
- 782 GERMAN D.R. Deutschlandsender, Burg, puts short TT on around 2145, then off; IS & s/on w/choral singing 2158. Bad QRM from Kiev on 11/6. (Nelson, Mass.)
PORTUGAL. CSE2, R. Clube Port., Miramar, s/on 0200 past 0230 11/6. (Conrad, Ky.)
 In sporadically 1700-1800 w/fluctuating WBEM QRM. (Rugg, Que.)
UKRAINE. Kiev has to be Russian speaker here with fair signals 2145-2215 11/6, but Burg took out ID when s/on 2158; Only Russian listed here is Kiev, and loop bearing right, so logged as such. (Nelson, Mass.)
- 784.6 SYRIA. Damascus good level here 1757 w/closing anncet in Arabic by man; off 1800; much stronger than 746, but got here too late 11/6 to get good log. (Nelson, Mass.) Loud & clear 1700 11/1 to after 1730; I have long tape; sounds as if they've increased power. (Dangerfield, Pa.) Who lists freq. 785. (ed.)
- 791 UNID. Great frustration here; another T.A. with R.T.F. every night; s/off with the Frenchman at 1800, and s/on with him 0000; have heard audio, but not enough to ID language; has gotta be VOA GREECE as fits sked exactly, but not enough to log. (Nelson, Mass.) /heard. (Millar, Wash.)
- 795 BARBADOS. Black Rock, 11/3 2100 had U.S. ER; as good an evening signal as ever/

- 800 NETH. ANTILLES. PJD, Bonaire, ID in English 10/31 0530, then into English language programming. Strong! (Miller, Wash.)
- 818 ANDORRA. R. des Valles, Andorra, from 0100 WFAA s/off past 0230 11/6. (Conrad)
- 827 BULGARIA. Sofia, logged 10/31 1630-1710; alone and quite strong; clinched ID when they swung into Italian at 1700. (Dangerfield, Pa.)
GERMAN F.R. Sudwestfunk, Freiburg, in fair early AM's. (Schatz, Fla.)
- 836 FRANCE. R.T.F., Nancy, good copy 10/31 0037-0117 fadeout. (Freeman, Calif.)
 Quite good here 1645 onwards. (Nelson, Mass.) From 0030 s/on past 0230 11/6. (Conrad, Ky.)
LEBANON. Beirut, in like a ton of bricks 1645 11/1, topping Nancy at times, and otherwise heard clearly in background; also 10/31. (Dangerfield, Pa.) Thanks to Dangerfield tip, Arabic chanting, news 1647-1729 s/off; pretty good signal thru R.T.F. Nancy at times 11/1. (Schiller, N.J.)
SPAIN. R.N.E. Huelva after s/off 1730 of station below, this Spaniard is audible under R.T.F. Noted 11/6. (Nelson, Mass.)
UNID. T.A. also here until s/off 1730 is almost certainly Beirut, but no ID yet. (Nelson, Mass.)
- 840 CUBA. At 0315, I just tuned a Cuban testing with a good bit of power; S/off 0320; gave the "Libre Territorio de America" bit; Said "La Habana." Who? 11/6. (Conrad, Ky.)
- 845 ITALY. R.A.I., Rome, a fantastic S7 signal 11/1 1505. (Hoffman, N.J.)
UNID. Suspect Rome, until 0100 11/6, very weak. (Conrad, Ky.)
- 854 RUMANIA. Bucharest good signal 2205 11/4, parallel, of course, to 755. (Dangerfield, Pa.)
- 863 ARMENIA. Yerevan, just barely audible 11/4 from time to time between 2100 and 2200; also at 2240 on 11/5; very hard going. (Dangerfield, Pa.)
- 872 SPAIN. EAJ101, R. Zaragoza, lately the most consistent Spaniard evenings; 10/28 Andalusian music and songs; ID by male at 2135. (Piechuta, Conn.)
- 905-6 GERMAN D.R. Magdeburg, anncs. Neun Hundert Vier, but not on 904; Very strong; Can be identified easily prior to 2230 s/on by repeated ID's. (Hoffman, N.J.)
- 908 ENGLAND. B.B.C. Brookmans Park plays with OC's & TT's often around 2100-2200, no ID's, so must be taking cue from U.S. stations, hi! (Nelson, Mass.)
- 917 UNID. HELP! Heard with I.S. prior to 2300 s/on 10/30 with cuckoo bird ID. WRH does not show anyone with this interval signal. Who? (Hoffman, N.J.)
- 926 BELGIUM. Brussels, very good signal 0045 10/31. (Dangerfield, Pa.)
- 935 GERMAN D.R. Deutscher Soldatensender, Burg, clandestine, heard some evenings 1900-1930 w/pop music; ID's with "V" on drum (like the B.B.C.) and "Hier ist der Deutscher Soldatensender." Seems to s/off at 1930. (Dangerfield, Pa.)
UKRAINE. Lvov quite strong at times 10/29 after 2200. (Dangerfield, Pa.) Clock strikes 0600 at 2200 as signal peaks in at S7 11/5. (Hoffman, N.J.)
- 944 FRANCE. R.T.F. Toulouse stopped here briefly 11/6 0100, very weak. (Conrad, Ky.)
- 953 CZECHOSLOVAKIA. Brno, in well nightly past 2230 s/on, parallel 638, 701, 1097, and 1286. (Schatz, Fla.)
UNID. S/on 2230 NOT Prague (no fanfare). Uses guitar or harp interval signal from 2225 on. Six time pips (at 2230!) (Hoffman, N.J.)
- 980 BRAZIL. PRE8, R. Nacional, Rio de Janeiro, heard well here over & under WRC 10/27 1900-1920. ID'ing "Ouvem Radio Nacional, Rio de Janeiro." (Burket, Pa.)
- 998 ANDORRA. R. Andorra s/on with open carrier 0020; audio on 0045. Good. (Nelson, Mass.) Logged solid at 0000 10/31, almost like a local at times, and using Spanish. (Dangerfield, Pa.)
UNID. S/off 2000 nightly; homme et femme with Slavic language. (Schatz, Fla.)
- 1005 HAITI. 4VCPS, Les Cayes, this is station being heard here; "Radio Cacique"; listed as Port-au-Prince in F.B.I.S. (Miller, Fla.)
- 1007 SPAIN. R.N.E., Malaga, noted 2130 11/3, possible special with U.S. Election Returns. (Dangerfield, Pa.)
- 1035 HAITI. 4VEF, Cap-Haitien, s/off 11/4 at about 0005 after U.S. Election Returns broadcast; as good as has ever been heard. (Miller, Wash.)
PANAMA. Panama City heard 11/2 to 2203 s/off; Report to Radio Mia, but that slogan not heard. (Freeman, Calif.)

- 1043 GERMAN D.R. R. DDR, Dresden, dandy signals 10/31 with pop music, copied 1721-1800. Second DDR here, think 692 had one too after B.B.C. s/off. (Schiller, N.J.)
- 1052 UNID. T.A. comes on here at 2340 nightly, but can't get audio past 1050; Bears watching as LIBYA is sked to s/on at this time. (Nelson, Mass.)
- 1061 PORTUGAL. Norte, parallel to 755 and in English 1800-1830 overriding WRCV 75 miles away 11/1. (Schiller, N.J.)
- 1088 ALBANIA. Tirana, amazing signal for 50 kw. 2230, concert music, woman anncr. (Miller, Fla.)
- 1115 ITALY. R.A.I., Bologna, caught ID - 11/1 at 1640 S6; always thought it was Bari. (Hoffman, N.J.)
- 1124 SPAIN. EAJ15, R. Espana de Barcelona, in fairly 1650-1659 11/1 with discussion program. Barcelona was mentioned several times. Report out. (Rugg, Que.)
- 1135 UNID. The unid. here is WBT, Charlotte, N.C., which has spurious radiations on 1085 & 1135, widely reported in the East. (Piechuta, Dangerfield, Schiller, Nelson) Apologies to Joe Piechuta for assumption incorrect I made last week (Ed)
- 1170A MEXICO. Unid. 0230-0300 11/2; steam engine whistle between selections; "Nacional" as ID. Any ideas? S-4 with no interference. (Musco, Conn.)
- 1187 HUNGARY. Petoefi Radio, Szolnok, solid 2340 10/29. (Dangerfield, Pa.) Excellent signals; s/on is 2300. (Miller, Fla.) Bombing in with classical music 1730 11/1 (Schiller, N.J.) UNID. Believe Szolnok s/on 2200 10/28 S5. (Hoffman, N.J.)
- 1196 GERMAN F.R. VO4, Munich, with Breakfast show in English 0000-0130+, long, excellent copy for report here. (Conrad, Ky.) Good generally all evening 2150 on 10/30. (Freeman, Calif.) Very strong 1600 11/1 in Polish. (Dangerfield, Pa.)
- 1200 UNID. ID as R. Tiempo in SS 1920 11/1; Was it YVOZ? (Burket, Pa.) Probably. (Ed)
- 1205 FRANCE. R.T.F., Bordeaux 0000-0130, this one very strong 11/6, especially at 0115, when 10 db/S9. (Conrad, Ky.) Very loud around 1715 11/2. (Rugg, Que.)
- POLAND. Krakow/Rzescow (who knows which?) beautiful clear signals, parallel to 1304 with pop music 1907-1930 10/31, a Saturday evening; think perhaps only runs late on that night; never heard before, not on 11/1. (Schiller, N.J.)
- UNID. Who is hearing a weak signal here from 2200 on? (Hoffman, N.J.)
- 1214 ENGLAND. B.B.C. Light Program 10/30 to 2102 s/off & later 10/31 0126-0210 fade out after coming back on the air. Thrill to hear weather forecast for Wales, Northern Ireland, etc. (Freeman, Calif.) Clearest I have ever heard it 0045 w/ good music. (Conrad, Ky.)
- 1223 SWEDEN. Falun definitely logged 0030-0115; only station coming through on this freq. at this time 11/6; fairly good signal at times, but very bad and deep fade. Would have had enough for report, but for high storm QRN. Country #76. (Nelson, Mass.) UNID. Several Spanish stations jumbled together around 1800; Measurements show Falun also there, but no chance for audio from Swede at this time of night. (Nelson, Mass.)
- UNID. Latin American heard evenings. Equatorian music. (Schatz, Fla.)
- 1304 POLAND. Szcecin, parallel to 1205, had plenty of company on 1304 earlier (Circa 1700-1800) but pretty clear 1900 on 10/31. (Schiller, N.J.)
- 1313 UNID. Faded in briefly 1640 10/31. Stavanger? (Hoffman, N.J.)
- 1349 FRANCE. R.T.F. Common wave 1630 10/31, impossible to log. (Hoffman, N.J.)
- 1358 UNID. German in here 10/25 0002 w/woman anncr w/news in German; tremendous S9 signal; report in inquiry to Bremen; if not, must be East Berlin. (Cooper, N.Y.) At 2340 10/29, I counted three stations here, all quite distinct. (Dangerfield)
- 1376 FRANCE. R.T.F. Lille, 0100-0200 11/6, tuned in at 0100. (Conrad, Ky.)
- 1457 ENGLAND. B.B.C., Clevedon, in for BBC ID at 0130 11/6. Clear. (Conrad, Ky.)
- 1466 MONACO. 3AM2, R. Monte Carlo, very strong for 1st time this year 10/26 at 2330 s/on. (Burket, Pa.) From 2330 s/on past 0200 11/6, very strong & Clear. (Conrad)

 Sentiment on separation of Unidentifieds from regular frequency list runs about 50-50 pro and con. In many instances, it would seem to me, such as on 1527, 836, 746 this issue, integrated unidentifieds would seem more useful. Whoops -- didn't mean to be repetitiously redundant! Sentiment so far has been unanimous that repeat listings are helpful to all ... so unless space gets exceedingly cramped, I'll run what I get. Ron Schatz asks if we might separate our listings by frequency into separate "By-continent" listings as well, as Pete Taylor experimented with briefly last year. I believe, if I recall correctly, IDXD reporters indicated the present manner was more useful ... that is, a majority of same. However, will ask for opinions on this, also. This is YOUR section, not mine, and any suggestions to better serve you will be thoroughly entertained.

R A D I O N E W Y O R K W O R L D W I D E continues to provide some five minutes time for us during their DX'ing Worldwide show at 1400-1430 Saturdays. Give a listen and report, huh? The frequencies are 11940, 15135, 15440, and 17760.

By the way, I'm looking for great things from the WRTM people for their next edition of Medium Wave Guide. About a month ago, we received at KPDM a questionnaire from Denmark concerning facilities, ownership, schedule, etc. They are also requesting that all DX'ers send lists of local m.w. stations, local news broadcasts, with frequencies, hours of transmissions, etc. I would like to suggest that all NRC'ers check as many stations as possible in their surrounding area for schedule details and forward, for MEDIUM WAVE GUIDE, to World Publications, 1, Lindorffsallee, Hellerup, DENMARK. If everyone sends complete skeds, etc., it ought to be very useful.

THEY DID IT:
