Address for WORX reports: Me. Eugene P. McAvoy, C.E.

Veries depend on your report of WORDING of the various IDs! This is WORX's regular last Monday morning of the month f/c & ET.
Radio Station WORX TTs, OCs, & announcements.
405 Jefferson Street
Madison, Indiana, 47250. Arranged by Larry Colton

COMING TO THE CONVENTION?

If you haven't already done so, please drop Andy Rugg a line immediately to let him know that you are coming. The number of people at the Saturday Night Banquet has to be finalized by Saturday noon at the latest. If you plan to arrive at that approximate time or later you won't be included in the Saturday Night Banquet arrangements unless Andy has prior notice of your attendance.
It would be extremely convenient for Ardy to have as accurate as possible knowledge of the number of people who will attend the Convention so please let him know you are coming! ADDRESS: Andy Rugg - 16 Lake Breeze Avenue - Pointe Claire, Quebec, Canada.

-Andy Rugg

And, Andy postcards that, contrary to what he said several months ago, men CAN wear shorts in downtown Montreal! This is good news to Your Editor, hi!
There is more Montreal Convention news on a separate page in this issue, along with travel instructions, and also in Andy Rugg's Musing, on Page 17, this issue.

This one looms as a very important NRC Convention, boys, and we would like as many NRCers as possible to be there.

JULY ANARC CONVENTION A SUCCESS!

This is a crowded issue, so not much space to tell you about this hoped-to-be first of annual ANARC Conventions. The ASWLC, CDXC, NASA, NRC, NNRC & WIDXA were represented at Kansas City. Co-Chairmen were Don Jensen, Executive Secretary of the ANARC (Association of North American Radio Clubs) & James J. Howard, Editor of SWL News. Richard Wood of NRC gave a talk on LA stations, and since he is going to be in Montreal too, and he may repeat it for us. More later on this Convention.

NEXT ISSUE SEPTEMBER 17

And this one will be the first of Volume 34, and will also be the first one after our big Montreal Convention, and it will tell the story of the big doings there. This is our last chance to invite you to it, and remember, it is the first one ever held by the NRC outside of the U.S.A., and we are very happy to converse in the great Canadian city of Montreal. So, come one, come all, and join your friends in Montreal!

WE WANT TO REMIND A COUPLE OF YOU AGAIN - PLEASE DOUBLE SPACE YOUR MUSINGS REPORTS!
IT MAKES IT MUCH EASIER TO COPY YOUR WORDS ONTO THE STENCILS IF YOU DO THIS LITTLE BIT!

CHANGES IN STATION DATA * F. C. C.

(Purchased from Scoper-Trent, Inc., 1130 19th Street, Washington, D.C.)

1490	W S I B Beaufort, S.C. to 500/100 U-1, from 100 U-1.
1510	K I F G Iowa Falls, Iowa, 500 D-1. Move XR NW; taller antenna (230' fr. 130').
	C - - - Sherbrooke, Que. to 10,000 U-4, from 1480k, 10,000 U-3.
	W A U K Waukesha, Wis., 10,000 D-3. Cancel XR move; minor DA changes.
1560	W A G L Lancaster, S.C. to 10,000 D-1, from 1,000 D-1.
	T N S Coshocton, O., 1,000 D-1. Move XR SE; taller antenna (300' fr. 220').

You may wonder why we list a station when it is merely changing its antenna or moving locally a mile or two, since its listing will not change. Well, it is to alert you that perhaps this station may be on during the wee hours to test the new facilities! All USA stations have one year from the date of the construction permit to activate its new facilities. REMEMBER - ALL ROADS LEAD TO MONTREAL EXCEPT THOSE THAT DON'T!

Jerry Starr - WHOT Radio - Youngstown, Ohio

Well, here I am again, group. (I'll give you time to, run & hide, hi). DX here is slow - would you believe nil? Would you believe ECHH? A check of my records shows my last report was dated 4/18/66. CX since then have yielded nothing worth reporting. Some of the locals are even pretty poor at times. Veries since last Muse as follows: v/q- WOOD KVOO WLEX (after two reports & a f/up). v/1- KBEW WTYN KWYO WOLO WVCG KDON WKDE WSGO KXEO KAPB WZKY WJCO WJAR WBBF WKWU KIMN. Last month seemed like NRC Month at WHOT w/visits from NRCers Dave Schmidt, Joe Fela, Tim Davisson & John Dyckman. Why don't we see your smiling typewriter in these pages, John? It was great to sit & chat DX & radio in general w/these NRCers. We sat around the studio Sunday afternoon while I was doing my show & had a great time. Like I've said before, NRC visitors are always welcome at WHOT. If you're ever in Youngstown just call & ask for Wes Boy or myself. On the subject of what makes a good report, I disagree w/anybody who evaluates the merit of a report on the length of time reported as some people have stated. I have seen excellent reports of five or six minutes & half-hour reports that stunk. Personally, I do not have a minimum time but rather a minimum of five verifiable items. These could be commercials, station promos, station slogan lines, announcer's or newscaster's name, local news items, contests, mentions of local community activities. Some of the "popular" items in reports which I receive here which I consider useless are record titles, WX reports, temperature, national NX items. These do not really ID the station & records of these are rarely kept. Most v/s I know welcome reports that are concise and "meaty", not "wordy." By the way, a usually reliable source in the broadcasting business which I cannot reveal stated flatly that Radio Americas is located "near" Swan Island on a ship. Tapes are flown from Florida studios to a landing strip in Mexico & transported to the floating studios by boat. I have just finished two weeks of vacation during which I had the best intentions of visiting some of the area NRC members. However my 14 days were spent rebuilding a stock car & getting to enough racing action to last for a year. All I've got to show for it are a few sore places (guess where?) & a few dollars in the hole. Ernie, give my regards to Islip Speedway. Their pits are filthy! Echh! I see I'm several hundred lines over 30 so I'll leave you w/this parting thought: Can you imagine Wes Boy driving a stock car? (It's gonna happen soon). Or, can you imagine Wes Boy married? Nuf said? Hoo Hee Haw! 73s & good Summer DX & don't forget to Muse & please double-space your reports for poor ol' Ernie's eyeballs.

Wayne Heinen - 126 Linwood Avenue - Orchard Park, New York - 14127

Hi all, from the Lord of N.Y.S. Regents. My apologies to Frank Merrill, George Greene, Dave Schmidt etc. for letting my correspondence lapse, but school took all of May and June. DX is as follows: 6/17- CKWS-960 @ 11:29pm. 6/20- WNAE-1310 semi-local copied @ 6:57pm. 6/22- CHIQ-1280 w/WROC mulled out w/new loop @ 2:40pm. WWOD-1390 on ET @ 12:53-1am s/off. MM 6/27 (& 6/26)- WOL-1450 on ET 11:34pm, 12:02am & on. WKBO-1230 on ET (or f/c) early @ 12:56am. 6/30- I copied ERC's favorite WWRL-1600 around 11:45pm. 7/1- KFVS-960 on r/c @ 1-1:15am. MM 7/4- What I believe was an ID from WHWH-1350 on ET, tentative sent, anyone know? Time was 1:20am. 7/7- WHBG-1360 on f/c 11-11:15pm, w/TT & IDs on quarter hour. WWBZ-1360 f/c @ 11:15-11:30pm, w/IDs every 3-5 minutes. WFRB-560 copied 11:46-11:52pm very poor w/very weak IDs. 7/9- WLBR-1270 copied 4:30-4:43am when WHLD put on OC. Veries back as follows: TIRICA-625 v/q after four months. v/c from WUZE-1260 after four months. v/q- CBH-860 WDBJ-960 WNAE-1310 CJET-630. KTYM sent PP card w/"thanks for your report" on back, & CM. WWRL-1600 v/f w/40th anniversary sticker, CM & SC. And finally KFVS-960 w/CM. Myself, J. Neff, & C. Maslen to be in Montreal - do you? All visitors are welcome here, so stop in. 73s, all.

Ken Butterfield - 624 Arthur Street - Plymouth, Michigan - 48170

Very little DX, but here it is: 6/28- XEOY-1000, 12:04am. YNWI-875, 12:10. 7/8- WIVE-1430, 12:48am. 7/10- WROZ-1400, 5:56am. Veries: v/pennant: HJGY. v/1- KWRF WFIG WCLO WCNC KSUD & CHIN. v/q- DDR-1342 WVKO WCNE & WAYK. Totals: 1,432/1,165. Countries: 79/68. I have been concentrating on TV DX the last 2-3 weeks w/30 plus new pres logged. Best tropes o/that period was Timmins, Ont. on Ch6 & 9. Emuf! Can anyone tell me if they've received veries with v/s for any of the following stations? CIAN YVLX WWNC WELO CKML WWRN CKAR HIAT XEN Cairo-707 WDSM TILX KPCN WENW WPDY KEABC WETB YSAX HJED R. Azouss TGKL WVPO PJC2 WMAG EAJ101 TGJ WCNS KVEC WFMD WMGR WSEV KIOA KFSA Tunis-9627 Well, 73.

EVER DRINK CANADA DRY? WELL, COME TO MONTREAL - AND TRY! SEPT. 3-4-5! C U THERE!

WDOD-1310 @ 9:32pm. WSAI-1360 strong @ 10:04pm. 6/28- KCUL-1540 @ power change 8:45pm. Favorite station was by far WLCY. All stations on way down were unm as heard on last vacation. Dennis Waters, no visit could be arranged, but I'll try next time. Back home: 7/8- WILD-1090 7:06pm. 7/9- WBNR-1260 u/WNDR @ 11 am. 7/13- WWYN-1260 @ 8:05pm. 7/18- WTAE-1250 @ 9:19am. 7/19- WKAP-1320 @ 11:35pm. WGBB-1240 @ 12:01, WISL-1480 @ 12:10 f/c, WFIG-1290 f/c- TT ending @ 12:30, good catch through all the QRM. 7/19- CKCH-970 @ 12:39, WWCO-1240 @ 1:02am AN. 7/21- WEEZ-1300 5:33pm. XEOY-1000 S-9 @ 8:55pm o/KTOK/WCFL. To all new members, Muse often, double space, & don't write any Muses as long as this one, hi. 73 & good DX to all.

August 20, 1966

John Sampson - 20088 Las Ondas Court - Cupertino, California - 95014

Greetings. I figure I'd better write this tonight or I'll probably not be able to for several months. We are all set to move in tomorrow to the above address. Rest of the family is still in NJ, due in part to planning & in part to the airplane strike. So I have had some chance to DX here (a break from room painting). Only have an old Halli-crafters S-53-A here; 129-X is still on the van, but I have heard some, including KPER *-1290 KWG-1230 KMBY*-1240 KRML-1410 KRDU-1130 KCVR-1570 & a host of San Francisco & San Jose stations. (*- verified). I woke up last night (MM) & turned the transistor on to hear KEEN-1370 KSOL-1450 & KKRX-1500 on AN. I thought they were off Mt. Other AN pests include KSFO-560 KFRC-610 KNBR-680 KCBS-740 KEWB-910 KABL-960 KYA-1260 KDIA-1310 KPAT-1400 KLIV-1590. Contrary to the CX of Frequencies List, KKHI is not AN (yet hi). Also, KEWB has not changed calls yet, although I saw it mentioned in the paper last week & there are "Radio Free Oakland" signs all over town - their call change gimmick. On the NJ scene, before moving, a verie received from WML0-1570, uses an SASE & got a letter back. V/s was CE, but the letter is packed now, so I don't have his name. I guess that's all for now - have a ball in Montreal & drive avec soin. 73. (We'll miss you here in the East, John - good luck in the Wild West! -ERC)

Mike Northam - 1840 Agate Street - Apt. 2 - Eugene, Oregon - 97403

Hi all. I thought it was about time I put in my two bits' worth, although no DX activities to speak of recently. Correspondents: Note new address above - that's right - I'm in "Big Town" again. DX: MM 6/26- WBEM testing @ 1:50, still going @ 2:27 & beyond; KOB s/off @ 2:05; KOGO-600 on late w/San Diego Padres BB (2:45 bottom of sixth); CJOR s/off 2:33 GSQ; unID TTer o/CFCN-1060 @ 2:48, probably KPAY from signal strength. Recent veries: v/q- KXEL. (Whee!) Lynn Brooks: Your unID station giving ohne # Chestnut 1-6000 on 1600kHz (or is it kc?) (It's just plain 'K' here, hi -ERC) is KATZ St. Louis (per Broadcasting Yearbook). QTH is 273 Arcade Bldg. Ron Hays: KXOK's QTH is 1600 No. Kingshighway Blvd. For anyone interested, Broadcasting Yearbook lists all stations, their addresses, phone numbers, etc. p/ys all station personnel (CE, etc.) Also included are lists by location, call letters, & by frequenc6. Costs \$5, issued in January each year. No, I'm not getting a commission! I'll second Bart Cronin's motion for 1967 Convention in Eugene (or at least on WC). Totals practically stationary at 311/132 w/states 37/31, provinces 5/5, Mexican states 6/4. I need to get busy once the apartment is set up & fill up a few of these holes (Where have I heard that before? * 73s.

Ron Hays - Route 3 - Versailles, Kentucky - 40383

Howdy from the "Heart of the Bluegrass." Not much DX as I went to Killeen, Texas to see my baby brother. I noted quite a few stations but won't mention any here. A few of my catches before I left include: 7/5- WHBN-1420 4:56pm w/c/w mx. 7/6- WBRT-1320 10:52am. WRVK-1460 11:40am. 7/7- WAIN-1270 11:08am. 7/8- KATZ-1600 11:35pm. KIOA* 940 11:40pm w/rr mx. 7/9- WKY-930 4:49am w/rr. WTOD-1560 5:16am. Veries are really rolling in at this QTH with v/q- WSPD WKBN WGY KXEL WMC KSL KPRC KAYC. v/1- WMT WHBN KFI KOMA WMTL WVJS KOSY KSPL KGAS WCBL KTRE KTBC, two v/QSL report: WPKY, KMHT. Two corrections to Dave Schmidt on VJ Log corrections. First, WSTL-1600 Eminence, Ky. w/ 500w daytime (I've got a verie w/owner signing, can't figure out his name, & second, WCBL-1290 Benton, Ky. is now at 5,000w daytime. Now an SC trader w/a few WAKY SCs & plenty of WVLKs for trade. I can use anything & everything, hi. Let's see everybody get ready NOW & have a GREAT DX season this Winter. 73s & Yea Ron Riley.

Ron Sibbitt - 139 Floradale Drive - Cooksville, Ontario

Several veries since last report2 v/q- CFOS WZKY WNEW CKOY WGR WJBK CHOK. v/1- WQTE CFPL WINU w/CM WWOW CJSP CHCS WMMJ CHIN WNIA KDON WJCO & CKLY. CHOK-1070 sent v/1, v/q, CM & their "Sound Survey Sheet." That's a real friendly station. How do you get a verie from CFRS-1560? I've sent them two reports w/SASEs but still no reply. I now have 30 states, seven provinces, & nine countries verified, also exactly 99 veries, I wonder who'll be #100? I should know in a couple of days. DX of late: 5/22- WCHB-140 am w/ID L&C, CHUC-1450 o/WWGO @ 3:32pm. MM 5/23- WGNS-1450 s/off f=SSB 1:01am. KSTT-1170 r/c 1:18. 5/30- CHIN-1540 ET/M until 7pm s/off-GSQ. 6/20- I tried for CKDA-1380 TEST but nothing heard except WENX L&C 1:03. KDON-1460 w/surprisingly good signals at 2:08, my second WCer & my best catch ever. Also WCLS-1580 4am. 6/27- KENO-1450 LF @ 2:05 but I don't know if test or RS. 7/8- CKOX-1340 c/w mx 1:45pm, much better signal than they had on their test of 2/7/66. I finally received my 20-state award from Pop-tronica, it took six months. Thanks to Bill Stone for letter informing me of CKDA-1380 test on 6/30. I also thank Duane Deise & Michael Gikow for their letters. I'm sure looking forward to the coming DX season. 73 & best DX.

Norm Shacat - 200 Bainbridge Street - Malden, Massachusetts - 02148

I'm sure I'm going to make many people sick, because I logged 39 stations so far this month & I haven't DXed recently. Reports have gone out to: WFBL WTLB WPRW WBT WTOP WMNS WHDH WDEA WAVZ WOND WRUM & WFAD. Veries coming in very fast. New veries from: WXTR WMCA WPTR KXEL (in 84 days) ABM1 CFNB WFBL WBT WTOP WHDH & WOND, all v/q. v/l- KOMA in 89 days WGBB in 77, WHOM WORL WBEN WIP w/CM in 18 days, hi Dave Schmidt, WMNS & WDEA. Recent DX: 6/27- WFAD-1490 was the new middlebury, Vt. station, thanks to Middlebury Chamber of Commerce & Len Kruse. 7/7- CHRL-910 @ 9:03, HJCN-1100 @ 9:49, thanks Randy. 7/8- WWJ-950 @ 1:06. 7/9- WLOF-950 @ 2:50 & WRAD-1460 @ 4am s/on. 7/10- WTLB-1310 @ 3:25, HELP- either WKLC or WKSC-1300 @ 4am s/on w/Dixie on a flute, WPRW-1460 @ 4:05 w/ET/M, & WFAU-1340 @ 4:57 s/on, & PRG9-1100 @ 11:30pm. 7/14- WMNS-1360 @ 11:45pm w/f/c-TT u/WDRG. 7/16- WKAT-1360 @ 2:15, WIRY-1340 @ 3am, & WRNY-1350 @ 4:50. 7/17- CKPT-1420 @ 2:30, WKMC-1370 @ 4:30 u/WDEA, CFOX-1470 @ 4:55 s/on, WSNO-1450 @ 4:58 s/on, WWSR-1430 @ 5am s/on-SSB, WNRI-1380 @ 5:02 s/on, WKFD-1370 @ 5:06 u/WDEA/WKMC. WKMC really pushes a great signal. It was still coming in fair 45 minutes after local sunrise & w/two semi-locals on. Also that morning CM---1470 @ 4:02 & CM--1440 @ 4:12 & that night WBAR-1460 @ 11:22pm. 7/18- CBD-1110 @ 1:15 w/WBT off & WRUM-790 @ 2:20 w/ET/M. WX has been very warm & then a cold front pushes through & it gets very cool. On 7/21 the high was 71 & the low was 42. In the Cranberry Bogs the low was 34. That made had beach WX & good DX CX, but my brother took the alarm clock away. That is why I haven't DXed lately. I need help w/these: TT-800 @ 9:19 on 7/7. 7/9, TT-1390 @ 3:03 & TT-1460 @ 3:15. TT-1090 @ 4:10 on 7/10. 7/14- TT-1350 @ 11:00 & TT-900 @ 11:30. 7/15- TT-1190 @ 10:35. 7/16- TT-1350 @ 2:10 & again @ 4:50 & TT-1330 @ 2:20. 7/17- TT-1120 @ 7:45, SSB-1320 @ 11:01, TT-1190 @ 11:02, SSB-920 @ 11:03:30 to return @ 6am, TT-920 @ 11:40, TT-1380 @ 12:12 on 7/18, TT-1260 @ 12:35, TT-1510 @ 12:47, & TT-860 @ 12:55. I'll be in Miami on 8/12 for about a week & I'll try to drop in on some of our members, but only after the plane lands, hi. 73.

Roger Winsor - 230 Juniper Drive - Valparaiso, Indiana - 46383

Howdy everyone! Not too much DX on the old RX as of late, but I should get into support these Summer months. DX as of late is: 7/16- KXGI-1360 f/c 6:10-6:25, WRTH-590 RS 6:35-6:40 when WKZO s/on covered all. WOCO-1260 ET 2-2:15 7/21, WTCA-1050 RS 9:50-10am. Their manager is a good friend of ours at WNIWI. 7/22- KSUD-730 s/off @ 9:15, WFMW-730 s/off 9:16, KWRE unnn s/off 9:30, as was WXMT s/off 9:45. 730 was really hoping that night. Only verie this month was WRTH back in a couple of days. F/up to WKER has netted exactly nothing. Last 7/23 I had my first tragedy in broadcasting, that of broadcasting live the tragic air crash of Bill Adams while he was performing an air show out at the airport. It is something that all newsmen know they have to witness, but never want to. A recent letter from Ev Johnson mentions he will be visiting me soon, & this opportunity goes out to all who might be travelling in the area; you're all more than welcome. TV has really been something this year, as I have increased my totals from 89 to 123, my best lowpchannel catch being 5kw. CKOS-TV in Yorkton, Sask. on Ch 3, & my best high channel catch KTHI-TV Fargo, ND on 11. Enough of that, as this is a BCB column. A question. Is WGST the one I might have heard s/on @ 6:30 w/SSB & mention of FM? Their SSB was L&C, but audio way down u/CFRB/WINS. A careful tune on 790 has revealed WAKY#790 is heard RS all day long - good catch as they don't really come this way w/a strong signal. Oh yes, back on 7/12 I heard WMLD-1340 & also WKNY-1490. Bye, all.

Dale Dawson - 4100 Milford Mill Road - Baltimore, Maryland - 21208

Hello again. DX has been very poor here of late. It must be this record-breaking heat. I recently vacationed in Ocean City, NJ & began a separate log composed of those stations received while there. Only 68 so far but I will continue it next Summer. During my week-long stay in Ocean City, I began touring stations starting w/WSLT & later including WFPG. I plan to add many more to my list soon. I just started collecting SCs & already I have 26 from 18 states, thanks to Dave Schmidt & Rick Marr. If anyone would be interested in trading SCs I have plenty of WWINs, WHOTs, & a few extras from WAMS WYSL WIBG & WMCA. I am particularly interested in obtaining a KWFB SC. Only two recent veries in the form of v/cs: WPRO & KXEL. This brings my total to 25 states verified. Since CX are so bad, I have logged only three new stations: WWYO CKCY & CBA. That's about all for now. 73s & KTSCC!

LAST CALL FOR MONTREAL! IT IS LESS THAN TWO WEEKS AWAY, LADS! COME ON - IF YOU'VE BEEN TRYING TO DECIDE, SAY 'YES' RIGHT NOW & GET IT OVER WITH! FUN FOR ALL! 9/3-5!

William K. Alisaukas Jr. - S.R. B10-83-16 - Co. #375 - R.T.C. - Great Lakes, Ill.

Hi gang! No, contrary to what must be popular belief, I'm not dead, although/ 60088 I'm rapidly approaching it, hi! This constant grind of drilling, etc. really has me beat. Nevertheless, my chin's up because in another month I'll be the neck out of this place, yay yay! Hi! Well, enough of that for right now - you people probably wonder what CX are like here at Great Lakes. Honestly, I'm not sure, hi! I have no radio here as yet, but I'm expecting that my nine transistor AM/FM pocket radio will be here during the week, so I'll be getting back in the swing of things. Even without a radio, I've managed to catch a few local stations here, & here's what they are: WIND-560 WMAQ-670 WGN-720 WBEM-780 WAIT-820 WLS-890 WCFL-1000 WMBI-1110 WISN-1130 (Milwaukee) WJJD-1160 WKRS-1220 (Waukegan) WNUS-1390 & WRJN-1400 (Racine, Wis.). As you can see, the majority are Chicago stations, which make it here quite well, but this should soon be changed when I get that radio here. I know it won't be anything like the good ol' 86T but it'll be a start, anyhow, hi. Well, I guess I'm nowhere near 30 yet, but I'll close here as time is a little short. Once again, I send out a request for all members who feel like writing to drop me a line at the above address. Any new correspondents besides my regulars will be greatly appreciated because mail's the thing that keeps us going. So, I've said about enough, & I'll be going. Thanks to Dave Schmidt for forwarding this; I forgot your address, Ernie, hi! Take care, good DX, & enjoy the Convention! 73s. (Good luck to you too, William! -ERC)

John & Rick Haneiko - 4667 Country Club Drive - Pittsburgh, Penna. 15236

After two months of all but no DXing, we finally have shaken off laziness & are back in action. From 7/22 to 7/25 we sent out reports to 25 stations, most of them locals or semi-locals we had never sent to. In these past four days 13 veries from this batch have already come back. Percentage returns were 81% before this latest endeavor. About the only non-local station veried lately besides KXEL is CJET-630 which came in today, 7/29. Totals are now at 246/87 w/17 reports out. Accidentally we logged WOND-1400 NJ @ 1:30am on MM 7/18 on the car radio coming home from a picnic, hi. New Jersey stations are rare here, probably because of our poor antenna setup. We were surprised to hear WTOD-1560 o/WQXR for ten minutes before 8:17pm s/off on 7/23. We logged our first Manitoba station, CKRC-630 @ 10:07pm also on 7/23. We tried 7/25 MI for some new stations but WCOP-1150 @ 1:16am was the only new logging. Glad to see there are plenty of c/w fans around as John is one himself. Rick is strictly rr though. By the way, we are willing to swap WPE cards or SCs & have KQV & KDKA available for the latter. 73s for now.

Clarence H. Freeman - 1338 Lincoln Way - Auburn, California - 95603

Having gotten somewhat settled after moving here in late June I have cranked up the rig to see what receiving CX are like at the new location. So far the static level has been too high for any foreign reception but some domestic notes are in order. First there is the strong station on 770k testing w/TT during the day. It is now ID-ing on the hour (at least) as an experimental station AL7XD w/50kw. located at the Sacramento Army Depot, Sacramento, Cal. The call is analogous to the MARS call system which is a variant of the amateur system & would suggest that the final destination of the XR is Alaska where the KL7/AL7 prefix is used. Maybe AFRS is to get a high powered key station at Elmendorf, or maybe it is to be a VOA outlet beaming to Asia or over the Pole. Also new is KBLC-1270 in Lakeport, Cal. now on RS. The local here in Auburn, KAHL-930 talks about their 5kw signal but I believe this power change occurred some time back. They seem to go off long before local sunset here in the Summer. The station that splatters the worst here is KXOA-1470. It is farther away & has lower power than many other stations, but it plays the most raucous mx & splatters 30k each way when the records are on. There ought to be a law! (There is, Clarence, hi -ERC) Thanks for another great year for the NRC. 73s.

Ken Butterfield - 624 Arthur Street - Plymouth, Michigan - 48170

Due to certain circumstances, this will be the last Musing I'll ever send in. I just got a new receiver, a surplus BC-348 LW RX. Does anyone have any old or new radio logs covering the 200-500k band? Even a few pages would help, regardless of age. Also, when you write to an FAA, DO T station/beacon, how do you address it? Some DX lately, but I won't list it. Well, 73 & good DX this coming season.

AS THEY SAY IN MONTREAL, CBF & CEM - "COME BE FRIENDLY - COME, BE MERRY." THE DATES ARE UPON US, AND REMEMBER THAT THIS WILL BE A VERY IMPORTANT CONVENTION. BE SURE TO DECIDE IN THE AFFIRMATIVE AND JOIN THE NRCERS IN MONTREAL. SEE YOU THERE! 9/3-4-5!

August 20, 1968

DX NEWS

8

Jerry Starr - WHOT Radio - Youngstown, Ohio

Only two veries this month. Reason: Only two reports this month. v/1 from WGGO-1590 & v/f from WFEC-1400 w/f/c @ lam 7/25. Enclosed w/the WFEC verie was a note from former NRC'er Ron Fowler who is now an account executive w/the station. He says he dropped out in 1962 because of work but may get back into it soon. Ron says hello to all his old NRC buddies. ERC, thanks for the card. It's surprising to find you can hear WHOT through WPOW after their s/on. The slight het you noticed w/our signal is from ZYE25 in Belem, Brazil believe it or not. On a few rare nights they have been known to cause a slight het on the outer edges of our primary coverage area. They are usually measured five or six hundred cycles off frequency. They operate w/10kw. The only other SS station we've ever experienced interference from is YSJM in El Salvador but, as far as I know, they have never caused a het w/out signal. By the way, do you need any post cards from Youngstown, the arm-pit of the world? 73s. (Yes, Jerry - I'll spray them, hi! I believe there's an AN Colombian on 1330, & possibly a Cuban too -ERC)

Bob Zwier - 383 West 17 Street - Holland, Michigan - 49423

Hi gang! I don't recall seeing the deadline in the last issue, so I hope this gets in. I'll send it airmail to speed it up a little. DXhasn't been much at all the last month. Here's what I did manage to get: 7/6- CFGM-1310 @ 3:03am w/the end of the NX. 7/21- I just flipped on the RX to see what I could get & I got these: WDEC-680 @ 7pm & WGOR-910 @ 7:05pm. Totals now 477/169. I got one verie back since the last report in the form of a letter from KFYR. It had two of the neatest verie stickers no bigger than a stamp. I never saw anything like it before. My antenna blew down in a light storm last week, so here I go again. I got a tape recorder last week, a Star Light Steno-Corder 970 w/up to five inch reels. I sure hope it helps. It was real nice to see Rick Evans up here in Holland on the Fourth of July. I hope to see you again some time, Rick, & maybe at Milwaukee. I will be going to part of the IRCA Milwaukee Convention later this month, so I hope to meet a lot of good guys. I can't make it to Montreal because of \$\$ & the dates. We always start school the day after Labor Day. I hope all you attenders will have a good time. Does anyone know the address of the magazine SWL NEWS? I was thinking about a subscription to some magazine. That does it for this time, so see you in September, just like the song of the same name. 73 & good DX WX is just around the corner.

John Hunt - 251 West Bruceton Road - Pittsburgh, Pennsylvania - 15236

Just a short one to keep things alive. Everybody have a great Convention. Has anyone had any luck adding a vertical w/a loop antenna to give sense (direction) also? I suppose the wave length makes this impractical, but it would be a help at times. I want to get a copy of the "Electronic Experimenters Handbook" for '57 '58 '62 & '63. Anyone having any of them to sell or knows of a source please drop me a card. Listening has gotten curtailed due to Summer work, but here is what's new since last mailing: 5/26- WMAL-630 @ 9:05pm, WOAI-100 @ 9:22, WRBC-1300 @ 9:2pm. 5/28- WCLG-1300 @ 10:15 am, WAJR-1440 @ 10:30, WELD-690 @ 11:30, WSLR-850 11am, WCAR-1130 @ 12:02pm. 5/29- WABZ-1010 @ 7:30pm, WEOL-930 @ 8pm, CMHQ-640 @ 11:15pm, WPTF-680 @ 11:45. 5/30- WBAL-1090 @ 10pm, WNOX-990 @ 10:18. 6/1- WSPA-950 @ 9pm. Maybe this will ease the pain for some of you. I was reading last night about a number of TV viewers in England a few years ago who got the call letters of a Texas transmitter; one even photographed it. When someone checked, the station had gone off the air some three years previously! The only explanation anyone had was the signals had been bouncing around in space until an advantageous time to come back. Granted it doesn't hold up well scientifically, but maybe this is a little consolation for some reports the stations won't acknowledge.

SP/4 David E. Pope - Gd. Co. - Box 53 - 4th USASAFS - APO NY 09843

Greetings from the Land of 13 months of Sunshine. It's rainy season now, hi. But the sun does shine every day. I'm located in Asmara, Ethiopia, Eastern Africa. I thought I would have hea my 180 over here, but the lightning hit my antenna. Well, what can I say, no more 180. I should get a new one from the insurance people. New station in Addis Ababa now testing w/US rr on 870k w/a 100kw. So some of you on the EC might have a chance at this one. The only RX I have at present is a small light transistor. I've managed to hear Tunisia, Egypt, Sudan, Kenya, VOA Rhodes, French Somaliland, plus many many more unIDs. I'm taking a leave in Oct. for Lebanon & Jordan. And next July to Kenya & Tanganyika. So I guess I'll keep my camera busy. Only two more years & I'll be out of the Army. And I will be back at the dials. 73s. (Good to hear from you, David, & the best to you! Please supply our IDXD w/much data on some rare ones! -ERC)

Pete Taylor - KFOG - 900 North Point - San Francisco, California - 94109

It's pretty hard to miss a 1,000 cycle tone on 770k in midday, but one was there 7/20 as I was demonstrating my Nordmende portable at the station. It turned out to be AL7XD, Sacramento Army Depot, 50kw. Verie in 8/4 from Major Albert G. Stratton, indicating that "The purpose of the test was to evaluate, on a one-time basis, the performance of a 250-foot series, top-fed antenna & associated tuning equipment that had been built for use w/the XR complex." I walked w/him on the phone 8/2 & he indicated that two dozen reports had been received, nearly all from the West, but that he kicked the tone on & off a couple of times while talking to someone in Washington, DC about 8 pm EST (just before s/off) & that they said they heard it. Anyway, it is one of those nutty catches. I hope some of you noticed it. I hope to move to Marin County (the next one up - the other side of the Golden Gate) next month toward Mount Tamalpais. This will put me about 1,000 feet higher than I am now, & should be a rather formidable DX location for AM FM & TV. And lots of KCBS images. Bob Pietsch & Bob Katchevski dropped up during the past two weeks, & KFOG received a good DX report from Stuart Grade in Iowa. Perhaps the new location will spur me back to the dials. 73. (We all hope so, Pete! Give it a real try! --ERC)

Lynn D. Brooks - 1910 62 Street - Lubbock, Texas - 79412

Several new stations have been logged & reported recently. I have added three new states & one province. Also several semi-locals that I would like to get verified before I move. New stations received since last month's report are as follows: 7/9- KPGH-1130 9:11am. 7/10- KTSA-550 5:30am, KCIJ-980 6:03am, KTKT-990 6:10am (Ariz. #1). 7/11- KGBS-1020 3:34am, WFLA-970 4am (Fla. #1). WSAI-1360 4:59am, WACO-1460 9:37pm, KSO-1460 9:43pm. 7/12- KNNN-1070 7:58am, KJBC-1150 8:35am, WDSU-1280 10:29pm. 7/16- KYOK-1590 2:28am, WLAC-1510 3:17, KRYS-1360 3:38, & KXYZ-1320 3:43am. 7/17- WREN-1250 1:23am. KXOL-1360 1:28, WNUS-1390 2am. 7/19- KSWs-1020 12:36am. 7/20- KNOW-1490 1:32am. 7/23- KFDA-1440 1:04am. 7/24- KOIL-1290 2:12am. 7/31- KDKA-1020 4:07am (Pa. #1), CBR-1010 4:24am (Alta. #1). I was very glad to see the VJ corrections. Thanks to you, Dave, for compiling this list. Maybe this has come up in the past, but why doesn't the NRC have some kind of membership certificate? I, for one, would like to have one to put above my receivers. I was just wondering if this had been talked about & vetoed by the members. (It would need a VOLUNTEER to handle the work, Lynn - ERC) To J. Callaman: Thanks for the RX info, & I have had a report out for o/two months to KILT, who answer. Latest veries: v/q- KFWS KBGH XEG KTKT WMOE WFLA KGBS CBR. v/l- KPAN KEBB KNIN KHOB KECK KLIF KRIG WDSU KHEM KJBC KXOL KNOW KSWs KRAN KXYZ. v/m- WACO KTUE. A semi-local verified & said they would use my report of signal strength in the selling of advertising. I don't know the deadline, so I hope this report reaches in time, Ernie. 73s. (It did - a week early, hi -ERC)

Tim Davisson - 1504 First Street - Lakemore, Ohio - 44250

All Times EST. Hi everybody! Little DXing since May, but the following veries have made it to my home: v/l- WFGT WPAT WKBA WAFC. v/f- WINX. v/q- WSPD ZBML WKDY WJBK CFRA WKNR CHUM WEEP. Some DXing done lately: 7/30- WHYH-560 Springfield, Mass. for report from 3:28-3:35am; WHAR-1340 Clarksburg, W.VA. 3:34-3:42am w/Top 40 mx for report; WHIS-1440 WVa. for report 4:30-4:33am at s/on; WPGC-1580 Md. 4:03-5:08am for report. 7/31- WKMC-1370 Pa. @ 4:31-4:35am. All were reported. DX here is porr, CXpoor. I will not make it to Montreal. I was glad to have seen Wayne Plunkett, who stopped in 7/31. I also saw Gene Woo & Jim Clark again. WINW-1520 Canton apparently doesn't verify. I'm afraid the DXer who sent in the poor WKNT report has done it again, over a month after he was warned. Come on, cut it out! When will this thing (poor reports by NRCers) end? I hope the '66-'67 season will be fruitful. I will say 73s, & leave my remaining space for some one else.

Roy H. Millar - Box 6 - Marysville, Washington - 98270

Hello! Only new logging in July on was the 4th, being CBRU-1350 Squamish, BC, ID at 3:29am as a CBU LPRT. Veries: CBRU-1350 WMOO-1550 2XB-840. The latter was indeed welcome as one I've tried for for ages. Also, eighth country verified on 840k, two from each of four continents. I will be up in "LPRT-land" for a while, but I don't suppose I'll pick up much on the little transistor "Sportomatic" that I have in the GMC. Have a good time in Montreal! 73.

WE HOPE TO SEE A BIG GATHERING IN MONTREAL, AND WE HOPE THAT YOU WILL BE THERE, TOO. MAKE THOSE RESERVATIONS IMMEDIATELY, AND LET ANDY RUGG KNOW IF YOU ARE COMING SO THAT HE CAN PLAN THE DINNER ARRANGEMENTS. A BIG TIME IS GUARANTEED TO ALL! Sept. 3-4-5!

DX NEWS

10

Wayne Heinen - 126 Linwood Avenue - Orchard Park, New York - 14127

Hi all. DX has been fair w/my logged total up to 340. DX as follows: 7/10- WWSW-970 @ 1:21-1:35am w WJRZ off AN. 7/11- WTAE-1250 @ 11:25pm, from WRYT. WHVW-950 w/weird ET 12:14-12:55am s/off right after lam, WMAJ-1450 12:58-1:05am s/off, CKLY-920 2:58pm for a new daytime log. 7/18- WOKO-1460 10:55-11:04pm s/off. 7/20- WENG-1220 on ET 1:02-1:05am. They were only on for the three minutes. 7/21- WHRN-1440 on ET 11:25-11:35pm & on. 7/22- WCVI-1340 w/BB 12:47-1:07am s/off (Pirates' Net), WTVN-610 S-8 through CKTB/WIP w/Columbus Jets BB. WIP & CKTB make 610 my worst channel for DX other than locals. 7/23- WORK-1350 w/Phillies game 12:08-12:30am. 7/29- XEUN-860 o/all on the channel 11:58pm-12:30am. 7/31- Semi-locals CKBB-950 and CKNX-920 in late afternoon. 8/1- WFTC-960 on r/c 12-12:15am, WEVA-860 on r/c 12:45-1am. 8/2- WRNY-1350 on 3 am s/on. 8/3- WKRT-920 w/Yankees BB 1:13-1:30am s/off, WGVA-1240 by nullin WJTN-1240 late afternoon, WKAZ-950 w/rr request show. That's dat. Veries for the period: v/2- WHBG-1360 WWSW-970 WLBR-1270 WTVN-610 w/6Ms. v/1- CHIC-790 CKLY-910 WMAJ-1450 WFRB-560 WWBZ-1360. v/f- WBRN-1460 (seven months) WHVW-950 WHWH-1350 CM, WTAE-1250. Totals: 340/264. I hope to see many people up in Montreal. Plans are made at this end - I hope you've made yours. For all interested, D. Whatmough was out in the West for a vacation, says DX is good for ground wave only in Wyo., S.D. etc. Ralph, buy a ladder for the next time. Geo. J. in Calif., how about a letter? Does anyone have a WYSL-1400 verie? (I do -ERC) If so let me know. I am working on their new PD (DJ Larry Vance) to do something about the situation. For FM, Bob Allen or Ken Kiedrowski, co-PDs will verie but only for FM. WWOL-1120 has been printing cards since 12/65. And who knows about WUFO-1080 (NN affiliate of WAMO). I shall have WKBW Chackerman's Stickers at Montreal, bring your trades. Anyone passing through Gouverneur, NY, stop at WIGS if possible as the NX D would like to meet some NRCers after his TEST of 12/27. No word on 1,000w. yet. As they say at KRMG-740 "Turn off your receiver and fade into silence" Right, Ralph? 73s.

Janette Edge - 156 Suffolk Street - Buffalo, New York - 14215

I hope that everyone is fine. I regret that I will not be in Montreal over Labor Day because of our plant being on strike for a week & now the NFT has been out on strike for over a week, so no work again. I do hope that there is a good crowd on hand for the Convention as this is the best way of getting to know the members whose names you read in the bulletin. I know the lads in Canada will show you a good time. I really miss not seeing them here in Buffalo as they often stopped over to the house while they were in Buffalo. If there is any chance of making the Convention please do so as you will want to go year after year. As the new year is beginning I would like to thank each & every member for helping keep the Club up on top where it belongs. I will be looking forward to reading about the Convention. PLEASE DRIVE CAREFULLY going and coming to the Convention. (Congrats on your 201 game, Janette! -ERC)

Bruce Reynolds - Route 2 O Warrensburg, Missouri - 64093

Greetings! Well, July was a very enjoyable month, as I had a nice visit in St. Louis w/Walt Breville & others & had a fine time at the ANARC convention. Nice to meet you, Bob Grubbs. I didn't know when you left so I didn't get a chance to say 73s. DX should be pepped up here when CX get better. I bought a Heath "Q" Multiplier which I have already affectionately named my "Slopover Stopper." It really helps out in the daytime, as I can now get many I couldn't hear before. Examples: WMT-600 WGH-720 KAKC-970 WCAZ-990 WHO-1040 KLTI-1560 & KCGM-1580. DX(?) - 7/26- KLEM-1410 @ 5:50am s/on-SSB, KIFG-1510 @ 8:45pm s/off & KTTT-1510 @ 9pm for a couple of seconds. My first year in the NRC is rapidly drawing to a close, so perhaps it would be good to re-introduce myself. I'm 19 years old & a sophomore at Central Missouri State College. I live on a farm ten miles NE of Warrensburg. My ambition is to get into the broadcasting business in some capacity. My RX is a Heathkit GR-64 & the antenna is a 200' longwire. I have a Lafayette RK-137A recorder. My two latest veries (v/ls from WMT & KLEM) bring the totals to 675/209, states 42/41, provinces 7/6 & countries 8/5. I also like SWLing, c/w mx, & listening to the Cards & As lose, hi. My offer stands to trade pictures w/ anyone. This has been a great year for me DX-wise, mainly thanks to the NRC. Sorry I couldn't make it to Omaha this year, E^rnie W., & I hope all have fun in Montreal. I wish I could be there. 73s & good DX in the upcoming season,

Gregg Calkin - (visiting in) - Jerusalem!

Great trip so far in England, Germany, Italy, Greece, UAR, Jordan & Israel. 8/8 I fly back to Ireland & civilization, hi! BBC-Cyprus & Perrin Is. -701 come in here well in Israel. I hope you are having a nice Summer, & good DX. 73s.

Ronald F. Schatz - 321 Sinkler Road - Wyncote, Pennsylvania - 19095

Greetings from RFS of Fla! By the time you read this I should be beginning a month's stay at the above address, but I'm composing this at my home in the unincorporated paradise of Uleta, Fla. Also by the time you read this I should have made my reservations at the Downtown Holiday Inn in person - yes, I will definitely attend the Montreal Convention, even if I have to thumb to get there, though I'll probably take a plane. Wyncote, by the way, is located about 1.5 miles SSW of Abington, a suburb of Philadelphia. Phone calls will be welcome at 215-885-2179; ask for "Ronnie" for my relatives call me that, hi. I'll be in Wyncote through September, & will have my HE-30 with me, but without the loop. So, Ben Dangerfield, Dave Schmidt, & other NRCers in the area, please get in touch. Still want the PRF? Well, since this is my first Musing in six months, it's only natural that I have news for you: I have been foreign editor of the IRCA since last February, & if you haven't had the opportunity to see my "DX World-wide" column yet, you just don't know what you're missing - very logical, hi. Also, I am now on inactive duty in the Naval Reserve, but will join the regular forces in late October. Sounds like they want to teach me radar & anti-sub warfare, among other things; at least they're giving me a Seaman's rate to entice me. Speaking of Service in Viet-Nam, Lt. Tom Arko, wherever you are, please let me know your present QTH so I can get in touch - OK, amigo? Now for some DX that makes the non-DX above worthwhile: I got a tentative on Lourenco Marques, Mozambique, on 917k this past 7/3. Loop pointed ESE, & had definitely a woman speaking at about 11:25pm in unID lingo, probably the local vernacular or Pg. dialect. Gone by 11:40 & not heard since; not even a trace. Also I had a signal about the same time on 926k, loop pointing in same direction, & howling TILS-925, but no audio & weaker than 9171. It had to be to 50kw or in Bechuanaland, unless something new popped up there we don't know about. Signal gone by 11:45pm, never to be heard again. No tentative on this one! 17C-880 in Auckland w/concert & pause, re t ID 7/4 @ 2:43am. Weak, but still covered the Brazilian at times. Speaking of Brasil, I heard unID 7/3 in Portuguese on 1210k past LV3's 2am s/off. Too weak for ID. My Cuban List will be out in September, & RFS will be IN Montreal on Labour Day. Will I see you there? 73s & 100 watt Brazilians to all!

Gene DeLorenzo - 35 Sylvan Drive - Hyannis, Massachusetts

Hi. DX had been quite good w/little Summer static noticed. Although only 14 new stations were added to the log, many seldom-heard stations came in quite frequently. Bill Caldwell, I noticed you found Cape Cod's DXing interesting. WMID WFFG & WLDB always come in quite well here in the daytime among many other over-the-water skips. Now on to DX. 7/12- Unn WAVY-1350 @ 12:10, WPAZ-1370 f/c @ 12:15. Unn WSPD-1370 @ 12:30. 7/15- Unn WKIX-850 @ midnight. HJKC-850 @ 12:01, also unn. XEOY-1000 @ 11:18pm, unn ZBML-1235 @ 11:20. 7/17- Unn WORK-1350 @ 11:06, WCTC-1450 s/off @ 12:11. Unn WSAY-1370 s/off @ 12:33. Unn WING-1410 @ 11:51 w/rr mx. 7/19- Unn WLOF-950 @ 1am w/rr. WAKR-1590 @ 1:00, unn. 7/20- WADO-1280 noyed @ 3:15am in SS. WKXR-1540 @ 3:22pm, new station in Exeter, NH. 7/26- Unn WTMC-1290 w/f/c @ 12:39. 7/27- UnID s/off on 1470k u/WSAN @ 11:03 w/Oh Canada, CHOW? Help! 7/28- WNPV-1440 f/c-TT @ 12:25. ZFB1-960 noted relaying VOA. WSWW-1590 w/f/c-TT @ 1:25. Unn WWSC-1450 @ 1:30. Unn WLOF again @ 1:37 in for third time. Unn CKPM-1440 u/WHHY @ 1:37. 8/1- WMMB-1240 @ 12:07. 8/3- WSKI-1240 @ 12:03 w/Yankee BB, unn WOL-1450 @ 12:09, WYPR-970 f/c @ 12:18, WLEE-1480 @ 1:06, unn WSAI-1360 @ 1:11, unn WEAV-960 @ 1:24 w/Yankee BB. 8/4- WTID-1270 @ 3:59, WWHI-1370 @ 4:04, WLBR-1270 @ 4:10, WHKY-1290 @ 4:27. 8/7- Unn WEEZ-1590 @ 10:48, WCTC-1450 @ 11:11 s/off, also unn. Unn HJFF-1210 @ 11:15, unn XEQR-1030 11:16, WAME-1260 @ 11:55 after a long battle. 8/8- Unn WCSC-1390 midnight s/off. After WTOP went off, an SSer w/weak signals came in. It seemed to be slightly off frequency (possibly 1499) & played all pop mx w/female vocalists. DJ came on @ 12:35 in SS but sudden fadeout prevented ID from being heard. Ideas? Unn WHOM-1480 w/ET @ 12:23. WKNY-1490 @ 12:30. Unn CKPM-1440 12:49. TGJ-880 (country #20) s/off @ 12:59. CMJC-1270 @ 1:14, unn WTAR-790 @ 1:30, unn WKAT-1360 @ 1:35, 6MDE-1200 @ 1:55 w/Reloj net, unn CBH-860 w/CBC met. 73s, & go PHILLIES. (The cigars, Gene? -ERC)

Andy Rugg - 16 Lake Breeze - Pointe Claire, Quebec

Results of July 1966 hearings of Canada's Board of Broadcast Governors: 1- Ste. Agathe des Monts, Que. gets a new station, frequency unknown. 2- CHRD, Drummondville, Que. vacates 1340k, 250w. for 1480k, 10,600w. 73. SAM SIMMONS & ANDY RUGG WILL ROLL OUT THE RED CARPET FOR ALL NRCERS SEPT. 3-4-5. WE WONDER IF SAM WILL PUT HIS SHOES TO BED THIS YEAR A LA BUFFALO? C U ALL IN MONTREAL!

Ben Dangerfield - 202 Governor's Drive - Chester, Pennsylvania - 19013

Hello again to the NRC gang. A new DX season beckons after a vacation camping trip into the NW into areas whose radio stations were quite exotic to Easterners like me. The Pontiac car radio supplied all the listening power. We passed through Iowa & Nebraska en route to Wyoming, & I was impressed by the daytime coverage, even to the extent of running out of gas while tuning for BB stations in Iowa. In the Teton & Yellowstone areas, KID-590 seemed to be the dominant daytime signal, though KRXX-1230 wasn't bad. At night the Canadians were very strong, especially CKWX-1130, which had Vancouver BB. KNX was strong at SSS. Our next move was Northward to Glacier Park, Mont. where I looked up Bob Feulner, & got Bob to hike up to Grinnel Glacier w/us. Bob did a good job of covering the Glacier reception story in his July Musing. Out of Glacier, we cut through B.C. on the way to Jasper, Alta. In that part of B.C., the dominant station is CKEK-870 (Cranbrook), until nightfall, when CJLG-730 becomes a powerhouse. I also heard BC relays CBRR & CBUQ, passing through. At Jasper, relay (LPRT) CBXJ-860 was a local, & at one point we were parked under the antenna, & their 40watts covered most of my radio dial. It was at Jasper that I hoped to at least hear some Alaskans, with that state being only several hundred miles distant at the closer points, but I had no luck. There, in the early evening, the dial is dominated by stations from Alberta & B.C. & later, they are joined by many from Idaho, Wash. & Oregon. Some of the best were KIRO-710 KJRB-790 (Spokane) KSEI-930 KOOK-970 & both KBOI & KJR-950. KFI was very weak up there. KXL-750 was noted w/s/off @ 8pm, EST. After Jasper we camped at Lake Louise, 150 miles SE. On 7/30 I enjoyed excellent reception from the E, & impressed the other campers w/clear signals from WBZ WCAU WSB WCBS WNBC & the like. Still, not a peep from any Alaskan. To get home, we crossed the prairie provinces of Sask. & Man., where the ground wave signals are tremendous. CFRG-710 is everywhere. CJME-1300 was like a local from Swift Current to Brandon. Many from N.D. heard, but KFYZ-550 was best; We left Canada via Fort Frances-International Falls, but CFOB-800 was not audible until within a few miles of Ft. Frances. Home via Duluth Northern Mich., the Soo, Georgian Bay, Toronto, & Niagara Falls (where we got a lovely picture of some peace-creeps picketing). Total mileage, 7,513, in 22 days. Now to log some of those stations from here!

Ralph H. Johans - 11 East Chippewa Street - Buffalo, New York - 14203

Skitch Henderson (ending his J. Carson Show) & a group are trying to buy WSNY-1240 in Schenectady for \$400,000. "Wrong-doers, beware! Protected by WKBW's Chickerman." This is a bumper sticker given out by a Submarine-Sandwicher & I'll trade w/youse. Wayne H. Rader visited twice & friend Rader this time had five Buffalo Convention ('64) pictures for me. J. Dallar, did you save those 15 bumper stickers you had on your car? And is that you next to Superman (Andy R.?) I decided against going to the '66 NRC Convention, as I'm going to the Exposition-'67, when Canada has its 100th Anniversary & will have new coins & even a new dollar bill made for that date; all Canada is working toward this World Exhibition & many many nations will be represented there. But I do wish you all the best for the '66 Montreal Convention & I'm sure you'll enjoy it meeting your fellow NRCers. Be cautioned: Canadian Beer is cery much 'peppy' et les femmes sent tres jollie! DX WX had only a few good periods & I got no enthusiasm, due to this being the POOREST reply year of my 20 years of DXing. A f/up to WHEAN-790, Providence R.I. Journal station, w/additonal report to the Mgr. made the CE send me a v/l. The only other v/l & the best, was from ZFB Radio & TV, Capital Broadcasting Ltd. Box 652, Hamilton, Bermuda by the CE; when ZFB-960 was on to give the Yacht Racers (Norfolk to Bermuda) assistance, 6/21-23. The info went to JAC's FDX. Have Fun, but DRIVE SAFELY. 73. (Come on Ralphie, change your mind & be there! -ERC)

Wayne Plunkett - 124 John Street - Weston, Ontario

Holidaytime & Conventions are both fast approaching. It now appears quite certain Richard Wood & I'll be driving out the Trans-Canada Highway to interior B.C. at least, & perhaps the coast, & then diverse route back encompassing the Snake River Canyon for sure, & lilely Yellowstone. Dumno at this time what will happen re IRCA Convention, but I have no doubts at all re Montreal - we're all going to converge at Rockhead's Paradise, eh what, Andy? Say, Larry Lekmer, whatever happened to this season's Domestic Contest? A deep dive into oblivion, or what? I know several NRCers including myself were not in agreement w/disallowing certain of the TESTS & DXes mainly because of the lack of programs arranged by the IRCA, at least, that were publicized in DX NEWS. Briefly, that's how I see it, although I may be way off base. CHIC-790 is now (p.13)

August 20, 1966

DX NEWS

14

(Wayne Plunkett) "where the girls are" - recently switched to all-female on-the-air personalities except for NXcasters - a glamorous group if the picture in the Tely was true - always was one of the friendlier stations in these parts & really deserves another visit now, hi. So all you guys, give a listen for the "CHIC Chicks." More ancient DX: 4/27- Another log on KQWB-1550 from 8:06-8:18 s/off on Chuck Dan Show, but still no verie. 4/30- KOUR-1220 TEST logged 1:09-1:24 w/some great songs. Later WHIS-1440 ET ID @ 4:45 & SSB s/on @ 4:50, no answer from them either. MM 5/2- CHFI-680 must have gone off RS @ lam, as TT for few minutes around 1:10 & right off leaving CBOB quite strong w/KNBR uunder - plugging Winnipeg as site of 1967 Pan-American Games. I listened to XAG-1050 w/CHUM still off & wrote to address heard - Box 1808, Bakersfield, Cal. I received a lovely packet of junk including latest from Dan Snoot Society. 5/3- WSER-1550 @ 6:30pm; WKVK-1550 s/off 6:59. 5/6- WYSI-1480 u/WHBC @ 6:30am w/c/w mx, first time on RS; ran TEST back in about '52; in evening, 1350 had mixture of Ishawna hockey on CKLB & Cleveland BB on WSLR. 5/7- CKFH-1430 noted of f @ 12:23 when I arrived home, so I went to work logging WIRE & WNJR simultaneously until 12:30. WIRE slightly stronger most of the time. CKFH OC back @ 12:45. Surprise new catch, WADM-1540 weak on virtually clear channel @ 7:01am, one minute before WMRR/KXEL were mixing it, then WMRR back atop 7:02. WABQ-1540 few minutes to 7:46pm s/off, Tiger Radio. ZNS-1540 @ 8pm. 5/8- CJLR-1060 quite good @ lam but @ 1:05 EE on 1060 w/44°, so likely rarely heard CBCN; WSAZ-930 u/WPAT @ 1:19; WSHP-1480 on before most on SM, very readable @ 5:22; WINX-1600 through CJRN OC; WILA-1580 5:30am for seldom heard one. Somebody fighting WHN-1050 again @ 5:36.

Charles Reh - 34 Garrison Avenue - Leamington, Ontario

Long time, no report, but I thought I had better get one in for the last issue before the new season. Not much DX is being done because of a Summer job in Quality Control at the H.J.Heing Plant here in Leamington but there were some good results: Going back to March: 3/8- WSAL-1230 6:35pm. 3/14- WTTT-1430 ET 12:32am, many new Cubans heard this AM on 840 710 920 900 990 1000 1020 1190 1310 1390 1420 1470 1460 & 1520. YSAX-800 2:08; HJLQ-1515 2:30; KFOX-1480 2:45. 3/19- CMGB-1560 2:10am. 3/21- WFIF-1500 1:02am. 3/26- HOJ2-1045 12:30am. 3/28- WING-1400 1:01am s/off. 4/4- CHFI-680 1:02am way u/KNBR; WLYV-1450 1:52. 4/16- KAMD-910 1:01am, KRRV-910 1:01. 4/19- KRIH-990 r/c 1:35am. 4/25- WAMM-1420 ET 1:01am. 5/1- WKBR-1250 2:13am. 5/2- WUST-1120 6:39pm. 5/6- TICA-1195 11:55pm. 5/14- WLFH-1230 midnight. 5/16- WMRR-1540 7:59pm s/off. 5/23- WUNI-1410 12:59am w/WING off for a change. 6/7- CHIN-1540 7:05pm. 6/11- WHYZ-1070 ET 12:33am. 6/21- WJKE-1170 8:07pm. 6/27- WTAE (ex-WRYT) 12:01am; HJHK-1510 1:02am. 7/1- KLIZ-1380 1:31am; KFCB-1380 r/c 1:33; KCAK-1330 2:15. 7/4- WOIO (ex-WHOF) 4pm. 7/29- HIUA-860 11:30pm. 7/30- WJMW-730 f/c 1:03am; WLBI-1220 f/c 1:50 WTAP-1230 2am. 7/31- WKNY-1490 12:55am; WIDG-940 8:10pm. 8/1- WPLK-1220 ET/M 12:33am WINF-1230 4am s/on; WKWS-1290 4:15 s/pm; WKDE-1000 5am s/pm. 8/6- WNDU-1490 12:09am s/off; WBBR-1580 ET/M 1:33am. 8/7- WLAV-1340 1:57am. That about gets everything up to date. I deleted quite a few to do it. So until next issue (I hope) 73 & good DX.

Dennis Waters - 1324 Hunter Lane - Clearwater, Florida - 33516

Greetings to all steadfast knob-turners. First off, it seems a little clarification needed on my 7/13 info on WVMG. In my musing, frequency was listed as 1400k. This was a mistake on the part of mine or ERC's flying fingers. They are on 1440. Also, my verie is on a WVOH card, but WVMG is a new station, w/new CCA XR & 190' antenna. As far as I know, WVOH is still on the air. Best DX of the Summer on MM 8/8- WRGA-1470 Ga. s/off @ midnight, WACO-1460 Tex. @ 12:12 u/WBNS, KTOK-1000 Okla. @ 12:52, WKGN-1340 Tenn. w/rr @ 2:07, WIST-1240 SC @ 2:30 rr, WRNL-910 Va. s/on @ 4:05 w/SSB, WHYE-910 Va. @ 4:15 w/c/w, WGUS-1380 SC @ 4:25 w/c/w, all but WHYE new. Many varies in while I was on vacation, though not as many as I would have liked. v/c- WQAM PJB. v/f- KOMA. v/l- WMTM WQNN WHYZ w/CM. I don't collect CMs, so I'm willing to trade this one of a brand new station to a CM/SC collector for SCs. I got a R. Nederland verie from PJB for reporting R. Nederland programs. How do you get a Trans World Radio verie? (I can guess). Or do you? I finally got accepted at New College in Sarasota on early admissions (skipping my senior year in high school) so I'll be moving down there though I'll be home for the weekends so my RX won't be moving w/me. Speaking of my RX, I need a schematic for it so I can maybe boost the selectivity. Again, it's a Radio Craftman RC-10. You send the schematic along, & I'll send a beautifully engraved green picture of George Washington in a very ornate frame to you. Thanks to George Greene for the SCs. 73s & again, CWIAP.

Alan Merriman - Box 6 - Fairfax, Virginia - 22030

Well, it's been some time since I have been represented in these pages, First, I will definitely be at Montreal. Reservations are already made & I am looking forward very much to my second Convention. I hope I'll see you there. If anyone needs a ride they are welcome to go w/me. I will be driving up the Thursday before Convention. Now to DX: 4/3- KCH-1380 1:02-1:15 r/c. 4/4- KROB-1510 @ 1:11 ET. 4/5- WSPF-1000 @ 6:45pm. 4/8- WINW-1520 @ 2:15, ET. KFJB-1230 way on top ending f/c @ 2:30. 4/9- WEMC-960 w/ET @ 2:07. 4/12- WNAC-680 ET @ 1:30. WSAZ-930 @ 1:45, AN. WOA-1220 w/ET @ 3am. Ev Johnson - 504 16 Street - Mendota, Illinois - 61342

Nothing much to report as I have not DXed but a couple of times since March. I was happy to meet Bill Stone & his wife & son in early July. We also made a visit to Rog Winsor's last part of July in Valparaiso, Ind. & saw WNWI. As of late, WENE-1220 Wisconsin Rapids, was coming in @ 8pm, also WECL-1050 in Eau Claire. WYNX-1550 Smyrna, Ga. on ET but no veri after two reports. Only one veri since 6/1, KUPK-105, to make 2,681. I hope for 2,700 by 1/1/67. Twelve failed to reply from this past season's DXing, 63 reports sent. KLPW-1220 Union, Mo. s/off in August is 8pm. WECL-1050 s/off 8:15. WGLC-1090s/on 6:30am & off 8pm, all in August. WMRO-1280 s/off 12:13am & back @ 6am. I hope to get back to the dials come 9/1. Sorry I cannot make Montreal. I know all will have a great DX-fest. Vacation is over & now back to the old grind. Rog says WPOK-1080 Pontiac Ill. has been testinf daytime, but not heard here. Nothing on WRHL-1060 Rochelle Ill. yet. I hope I can make the pages of DX NEWS more often this coming season, just too lazy I guess. All for now & good DX to all. 73s.

Dave Schmidt - 44 Green Lane - Green Ridge - Chester, Pennsylvania - 19014

Hi there! First off, new DX: 7/9- WBUY-1440 @ 7:35pm. 7/10- WPRW-1460 on ET @ 3:35am WLOF-950 @ 3:55am, WDAE-1250 @ 4:38, & WNNJ-1360 @ 5am s/on. MM 7/18- WHIO-1290 @ 11:44pm, WPAY-1400 f/c @ 12:30am, WJCO-1510 @ 12:55am on f/c, & WNBS-1340 @ 1:06am w/ "Flash Gordon" type IDs on f/c. New veries in from: v/q- WNNJ-1360 & WHIO-1290. v/m- WGBB-1240 (seven months) WDAE-1250 & WINX-16000. v/w- WPAY-1400. v/f- WRYT-1250 & WTAE-1250. v/l- WRAC-1400 WSVS-800 WLOF-950 WJCO-1510 (four days) WNBS-1340. Total: 349. I was in Ocean City, Md. for one week & the only great thing was WGBB-1240 was listenable all day. At night, ZNS-1540 was alone & very listenable. Also, I was down to Bob Binau's hang-out & we had a real neat chat. He took us on a tour of the Washington Co. Educational TV Center - very interesting. Coming back, my dad & I came through a good-sized thunderstorm & I saw lightning bolt WCBG-1590 off the air for 25 minutes! They said the winds were recorded at 40MPH! Now a little SOUND OFF. I got hold of a WNJH-1580 report sent by the same person as the WKNT report printed in DX NEWS. It said "As I tuned in, I heard the SSB followed by your s/on. You said you operate on 1580 w/1,000w. Then an ID, then to NX. Please QSL." DXers, take time to send out decent reports! THIS IS HURTING YOU & SOMETHING SHOULD BE DONE. I'd appreciate any comments via letter. TAKE A PEEK - IT'S LESS THAN A WEEK! THE N.R.C. MONTREAL CONVENTION, OF COURSE!

August 23, 1966

Mike Tilbrook - 261 Hoodridge Drive - Pittsburgh, Pennsylvania - 15234

Hi everyone. I haven't reported in a good while so I figured it's time for a Musing. Veries haven't been too bad: v/q- CFRA-560. v/l- KPIK-1580, WODI-1230 w/CM, WHHV-1400 w/CM. WWXL-1450 w/CM. WAJR-1440, WGHN-1370 w/CM, WSOM-600, KWVY-1470 w/CM, WENC-1220, WMAX-1480 CJOY-1460, WHRN-1440. WMMH-1460 w/CM, this verie on my own letter. Now down to DX. Finally after about a two month lapse since the last time I DXed I decided to start again on 7/2. WGHN-1370 2:45am r/c. WMAX-1480 3:15am r/c. WIABR-1440 noted 4:15am on AN sked. WWXL-1450 4:25am r/c. WODI-1230 4:31 s/on. 7/3- WKOY-1240 11pm s/off. 7/10- WBOY-1400 7:20am. WWML-1470 7:30am. 7/15- WCUE-1150 12:15am. CFRA-560 1:30am. KWVY-1470 1:45 r/c. WOL-1450 2am. WKIC-1390 2:25am. CKY-580 3am. 7/15- WINW-1520 2:15pm. WVAM-1430 3:18pm. WAJR-1440 3:25pm. WTCS-1490 3:30pm. WSOM-600 4pm. 7/16- WCHL-1360 12:48 testing. WEED-1390 1am testing. CJOY-1460 1:55am. WMMI-920 2:15am. 7/21- WENC-1220 12:30am testing. WNDB-1150 12:43 testing. WJZM-1400 1:15am concluding f/c. 7/22- WHRN-1440 12:34am testing. WGOE-1590 12:37am testing. WMMH-1460 12:40 testing. New station perhaps just on the air in WTPS-1560 testing 1am. 7/23- WMSJ-1480 2:03am testing. WEAU-960 1:26am concluding NY Yankee game. I also had the game on 1490 1340 1460 & 1450, who? WCHB-1440 2:10am on RS. CJOC-1220 2:20am. WBOL-1560 r/c, 2:40am. 8/5- WBNT-1310 3:35am r/c. WGOK-900 4:45 r/c. 8/6- KYOK-1590 1:44am. 8/9- WTRX-1330 1:44am. KCHR-1350 1:45am r/c. 8/11- CHFI-680 2:30 am. WKXV-900 3:30 on r/c. CKCW-1220 3:55am s/on. 8/12- WXVA-1550 5:55am. WTNS-1560 5:59am s/on. WDAD-1450 2:36pm u/local WJPA. WHUN-1150 2:40pm u/local WKPA. That's about it for now in DX. By the way, if anybody is driving up to the Montreal Convention from somewhere around this area & has room for two passengers (Steve Weinstein & myself) please let me know. Thanks a lot. 73.

Jeff Kadet - 8047 Park Overlook Drive - Bethesda, Maryland - 20034

I hope that Montreal is a rousing success & that everybody has a real fine time there.

Allen L. Nissen - 265 Beverly Hills Road - Fort Lee, New Jersey - 07024

Hi there again! Mail service really messed up here since the airline strike. I noticed my last Musing took FOUR DAYS to get to Brooklyn (15 miles) but my 7/16 DX NEWS arrived here from Kittanning on 7/16 (postmarked 7/15 PM). Since Eastern Air Lines is still on strike as of this date (8/13), here is the AIR CANADA schedule from Kennedy Airport to Montreal (as of 8/1). Planes leave Kennedy at 7:40am, 9:10am, 11:40am, 1:55pm, 4:35pm, 7:35pm (no Saturdays), 9:15pm, & 10:25pm. I hope this helps some of you. I will definitely be coming to Montreal, arriving w/Joe Fela on Friday afternoon 9/2. We will leave here around 9am, as soon as I can get my check cashed into Canadian money, hi! So, I'm looking forward to seeing many of you in Montreal for the greatest NRC Convention ever! Drive SAFELY, please! 73 until 9/2. (Postmarked 8/13 PM, received 8/15 -ERC) (Allen sent in the CBM-CBF line on Page 7-ERC)

MONTREAL IS CALLING! WILL YOU BE PART OF THE FESTIVITIES? WE HOPE SO! STPT. 3-4-5!

Andy Rugg - 16 Lake Breeze - Pointe Claire, Quebec

There are several important points I would like to bring up about the Convention. Firstly, it is very important that I have an accurate advance knowledge of the attendance, so please let me know if you will be here. Secondly, highway directions in the publicity sheet found elsewhere in this issue should have been more complete. The Downtown Holiday Inn is located on Route 2 at 420 Sherbrooke Street West. Should you enter Montreal by the Jacques Cartier Bridge ("Pont Jacques Cartier" in FF) then head West on Route 2 to get there. Use the Champlain, Victoria or Mercier Bridges ('Pont') in FF, & go East when you get onto Route 2. Thirdly, problems of distance, car and delays at Customs, coupled w/those of finding single NRCers in the large Montreal Airport, make it impossible for me to pick up anyone who flies in; however, there are regularly scheduled limousines to the downtown area, & I will be able to drive you to the airport upon departure. Number four, because of Dick Cooper's pending retirement as NRC Executive Secretary in the not-too-distant future, NRC reorganization during the Montreal Convention will be crucial for our Club. I do hope that this important matter will encourage any borderline cases to come along. In addition, Richard Wood will be bringing his friend Brother Leo Labute to the Convention. Brother Leo works at "Radio Pio XII" CP50-1550, & has some interesting tales to narrate. The Convention will also witness the first presentation of the Ray Edge Memorial Award, an NRC institution suggested by many DXers, to the NRCer coming from the greatest distance to attend the annual Convention. As it is possible to accomodate five or six people in a room at the hotel, & a number of those present will be willing to share rooms, unannounced DXers who show up because of a favorable last minute opportunity to attend will be able to find accomodation. If such is your case, please let me know in advance if you will be here. I hope many DXers will attend Montreal '66. 73.

Stephen McIntire - 2225 Searle Street - Des Moines, Iowa - 50317

Hi all. I have just gotten a job at KDMI-FM after waiting for about a month. By the time you read this I will have a 6-9pm show on Sat. & also the 9-12pm engineering shift. All FM DXers in the area can get KDMI verified if they send a correct report & a PPC to me at the station. ~~Sorry but I fear that v/4 or v/1 is not possible.~~ Sorry but I fear that v/4 or v/1 is not possible. On 7/16, I got KCNI-1280 on r/c. V/f: WBRN. v/1: KWRF KWOA. That veris from KWOA was obtained on a visit to the station. On 8/9 I had a nice visit from Walt Breville. On our visits to stations, we found that most were quite friendly to us. At KIOA-940 studios, we were given the brush-off. We were told that the XR was in Swan, Iowa, but at the time it sounded like Swan Island. We were given a grand tour of the KRNT AM/TV studios which were quite nice. Then a trip out to Mitchellville brought us a tour of WHO's XR. They run AM, FM, & TV all into the same tower. The electronic "bug killer" is really something else. At the ultra-modern KSO studios & XR we noticed wall-to-wall carpeting throughout & a swimming pool just outside. We got to look through their reject records & we found many many rr & c/w hits discarded because of the adult format. All the records I got almost made up for the DX I lost because of KSO spurs. Next was a trip to the KWKY Country Coral which really has to be seen to be believed, hi. I'm sure it would/really shock you, Ernie. (Who's their v/s?? -ERC) Over at KCBC we encountered rickety steps, a steep driveway & one turntable operation. Quite a surprise because KCBC is making money. As Walt discovered Des Moines stations are real "winners." I have heard about the move of John Callarman to Houston. I hope that Houston bidg for the Convention because I could probably make it to there. If not, Des Moines in '67 which doesn't sound so bad after all, but Houston sounds better. 73s from the newest Bat Guy.

Russ Edmunds - 24 Rosslyn Court - Little Silver, New Jersey - 07739

DX is almost nil. 8/5- Heard WTAE-1250, ex-WRYT, 9:30pm (EST, obviously). 8/7- WTOR-610 Torrington, Conn. u/WIP @ 12:11am. 12:16, a rr w/a W call on 620, who? It was o/v WTMJ, Milwaukee (state #42 here). At 12:35-12:40 TTs on 920, 960. 8/14- 4:10pm, WILD-1090 u/WBAL. Total 572 here, 824 overall. Looks like I'll not be adding to NJ totals much in the future, as I'll be home only on occasional holidays starting Sept. Then I'll be working while at school. Next Summer will be spent at SU working & picking up extra credits. CHEX-980 is announcing "soon 10,000w." WLAD-800 is Yankee BB. No more to add here. Bill Bens, Greg Jones, others, w/SCs who have given this this into in DX NEWS please write - I haven't addresses here. 73 & C U all in Montreal! Hey, it rhym^{es!} A FINAL REMINDER - PLEASE DRIVE WITH THE UTMOST CARE TO AND FROM MONTREAL. AND WE'LL BE LOOKING FORWARD TO MEETING MANY NEW & OLD NRCERS, SO PLAN NOW TO BE THERE!

YOU BE AMONG THEM!

Chris Lucas - 89 Round Hill Road - Fairfield, Connecticut - 06430

Hi. Very little to report, but here I am. DX since last issue: 7/17- WFNC-940 ET/M @ 3:56am. They sent copy of entire XR log for that AMBs tests w/verie. They were on intermittantly that AM between 2:39 & 4:01, alternately using 1kw. & 10kw. non-DA. They are normally 10,000/1,000 U-2, directional SE at night. WESO-970 Southbridge, Mass. logged 7/29 @ 7:29pm (odd?) This AM 8/14, CHLO-680 I think w/rr o/WCBM/CHFI for a short while @ 3:53am. WCBM way on top @ 4 & CHLO gone. I just recently discovered that semi-local WNLK-1350 Norwalk goes off early on Sundays. Tonight I've been monitoring 1350k & WNLK was off before Ittuned in a few minutes before 6pm. WINY Putnam, Conn. was on top w/previously hard-to-hear WHWH Princeton, NJ running a good second. WINY s/off 6:30, WLNH s/off 6:45. NBCer on top @ 7:05, probably WORK. As it looks now I will be at Montreal, & I hope to see many of you others there also. Locally, WOVV-860 is still there, WNJZ-1590 still isn't, hi. One of the more remarkable daytime stations audible here is 250w. WMBT Shenendoah, Pa. about 160 miles away on 1530k. It appears two new stations will be on 1530 soon, both doser & in the same general direction so that will be another distant daytimer gone. Similar fates have happened to WTOP-1500 WKER-1500 WLDB-1490 WDEW-1570 & WBOF/WKVK-1550 in recent years. That's it for now, so 73 & see you at Montreal.

Ernest R. Cooper - 438 East 21 Street - Brooklyn, New York - 11226

My friend & ex-NRCer Ben Patch is interested in finding out what stations are mostly "talk" stations, a la WOR, WNBC, etc. - not all-news like KYW. Would you guys let me know of any in this category? Thank you. No veries - what are they? I'll C U in Montreal, lest I forget to say it at the end. A little DX: MM 7/25- WFEZ-1400 r/c-TT @ 1-1:15 u/WOND/WJET although running 1kw. That CBC LPRT on 1190 again, but too much WHAM-1180 slop to get the ID, whether Maritime or Newfoundland. 7/26- WANV-970 on r/c-tt 12:15-12:30 u/WWSW/CKCH. MM 8/1- SS mentioning Colombia on 620 w/WSUN off, 1:22. Looking for WJIC-1510, & a testat there, but it was only WLAC. SS-1170 was AN, giving TX in SS in EST after every selection, sounded Colombian to me, unID. 8/4- 1:55am, CJOC-1220 S-5 w/rr, fine signal for August! TTer on 800 quitti @ 2am w/no ID, who? MM 8/8- TTer on 1340 @ 12:38, I couldn't get the ID. WYPR-970 on ET/TT 1:20-1:31, & also WJMX-970 Tting, w/WWSW AN. Religious organ mx on 950 2:02-2:07 & on, no IDs. 8/12- WPAW-1540 logged on RS 7-7:15pm s/off, is c/w. MM 8/15- r/c-TT WMYB-1450 logged 12:25-12:40. WHN-1050 off @ lam, an SS-970 u/WWSW today. WKVA-1550 ET/TT really giving it to CBE. OC-1500 2:30-2:45. Dixieland tester on 1360, 1:12-1:31 o/the ANS. 73.

We are happy to extend a most sincere welcome to NEW MEMBERS as follows:

- WILLIAM BROOKS, MOUNT MORRIS, PENNA. 15349
- GENE CAPENER, 1663 JUANITA, SAN JOSE, CALIF. 95125
- EDWARD JUDD, MANITOOK DRIVE, OXFORD, CONN. 06483
- LON J. BERMAN, 1511 DIEMAN LANE, EAST MEADOW, N. Y. 11554
- KENNETH BEHRENS, 2307 W. 74TH PLACE, CHICAGO, ILL. 60609
- THOMAS BEHRENS, 2307 W. 74TH PLACE, CHICAGO, ILL. ~~60609~~

and we have received the "long green" as renewals for
 MIKE TILBROOK RICHARD D. PALMER ADOLPH RATTAY PARK BARTON BRUCE REYNOLDS
 JACK L. KEENE JOSEPH W. JONES DAVID HASTINGS RICK JOHNSON EDWARD GREB*LASKEY
 and DAVID E. POPE. Dave Pope sends airmail dues so the bulletin can be speeded to
 him in Asmara, Ethiopia. Also we have a former member rejoining:

CHARLES BLUHM, D-57 BROOK DRIVE, CHESTER, NEW JERSEY 07930

Amon the many changes of address we have received this month is one for Steve Bohac. Steve is returning from TAIWAN and threatens to tear up the dials in a DX spree. Welcome home, fellow! STEVE BOHAC, 97 SHALER AVE., FAIRVIEW, NEW JERSEY 07022

MARTY BRAUNER telephones with late data received from LEN KRUSE (who advises that he will be in Montreal along with BOB GORSUCH). Kruse says WRHL 1060 Rochelle, Ill. now testing daytime w/250w non-directional. QRM from KFIL and WHFB. Also reports WPOK 1080 Pontiac, Ill. now testing daytime, having difficulty getting directional pattern set. (Information from Roger Winsor). WYSE Rockford, Ill. on 1150 kcs is now operating and was formerly WJRL. WDBQ 1490 Dubuque, Iowa now 24 hours and silent period is Mondays. (Hope I got this all correct. My notes got cold and a telephone message is sometimes easy to mess up. RHC).

NEW ZEALAND is to get a "Pirate" off-shore station according to word received here from "down under". Plans are that it will be a 24-hour operation patterned after the English pirates, and further details will be forthcoming shortly.

Terrible

A tone is such a pretty thing;
 A high or low one AM's bring.
 But why, when I want who it be,
 The stupid tone just won't ID?!

An Abbreviated Poem

(Written at the End of the Season)

TA-TA to TA's.

The Advent of Summer

or

When You Know It's Time to Turn Off the Radio and Turn On the Fan

Atmospheric interference
 Makes a sudden-type appearance.

When the Swallows Come Back to My Throat

or

This Really Has Me All Choked Up

My DX'ing days are no longer;
 Over veries I'll never make fuss.
 My remarkable tiny transistor
 Went down my esophagus.

QRM

The Bearded One, that Cuban man,
 Has authorized a radio ban
 On U.S. stations in the South.
 I'd rather have him close his mouth!

Hey Clyde---That's 5249 in Two Weeks!

There was a DX'er called Vernon
 Who decided to go on a journon.
 He logged every old call;
 In fact he got them all;
 Now there's nothing new for him to turn on.

LAST CALL FOR MONTREAL

Come along to Montreal's 1966 NRC Convention! Don't be bashful! We would like to meet you, and we know you would like to meet the DXers you've been reading about. We ask all DXers, former DXers, wives, relatives and friends to come to Montreal's Downtown Holiday Inn for our 1966 NRC Convention.

PLEASE READ ALL OF THE FOLLOWING CAREFULLY.

TIMETABLES: Montreal is on EDT, so plan accordingly.

ARRIVALS: For various reasons it will not be possible for us to pick up arriving NRCers at local public transportation facilities, as has been done in the past. However, the railroad stations and bus terminals are only 10 blocks and a 15-20 minute walk from the Downtown Holiday Inn. If you want to stretch your legs after a long trip, just walk the several blocks north to Sherbrooke St., and then several block east to the hotel. Or else you can easily take a taxi to the hotel. Limousines leave the airport for downtown on a regular schedule (every 15 minutes until 12:30 a.m. and one for each flight thereafter). These will let you off downtown within a half mile of the hotel.

DEPARTURES: Convention host Andy Rugg will do his utmost to provide transportation to public transportation terminals if you will just let him know your needs when you register.

CONVENTION SITE is the Downtown Holiday Inn, 420 Sherbrooke St. W., Montreal. It is a 21-story hotel with free parking and swimming pool and many other facilities. Rates range from \$14. for one in a room to \$23. for four in a room, CANADIAN CURRENCY. You probably won't get a room without an advance reservation. Since it is probably too late to reserve by mail I suggest you try to reserve by "Holidex" at any Holiday Inn (and in doing so, reserve the Downtown Holiday Inn, as there is another Holiday Inn elsewhere in town). Should you arrive without accommodations we will probably be able to fit you in with other NRCers but try to reserve or make your own room-sharing arrangements wherever possible.

JACKET AND TIE are required for Saturday and Sunday banquets. Tuxedo is way too formal.

RAY EDGE MEMORIAL AWARD will be issued for the first time to the NRCer coming from the greatest distance to attend the Montreal convention!

HIGHWAY DIRECTIONS: The Downtown Holiday Inn is located in the central downtown area on the south side of Rte. 2 (Sherbrooke St.) about six blocks west of St. Laurent Blvd. When you drive into the downtown area you will notice two 40-story skyscrapers three blocks south of Sherbrooke St.; the hotel is just a few blocks to the north-east of them.

QUEBEC ROAD SIGNS are mostly bilingual, but if you run into some all-French ones, just remember that "est" is east, "ouest" is west, "sud" is south, "nord" is north and "pont" is bridge.

CANADIAN CURRENCY is denominated in dollars. If prices seem higher remember that the US dollar is worth \$1.07 Canadian. Inconveniences in handling foreign exchange mean that your US money will be handled locally at a discounted premium or no premium at all. So, it's advisable to convert to Canadian money. (Local banks close at 3:00 p.m. Friday).

CANADIAN GASOLINE PRICES are noticeably higher than U.S. because of foreign exchange differentials and the added fact that Canada's Imperial Gallon is one-fifth larger than the U.S. gallon. (5 qts.)

CUSTOMS REGULATIONS: U.S. citizens do not need a passport to enter Canada. Identification such as a Social Security card or birth certificate is the most that you will need. Check with customs if you bring items such as cameras, tape recorders or receivers into Canada.

EVENTS: The convention opens Friday night with an informal 8:00 to 11:30 PM gathering in Salon F (on the first level above the hotel lobby). Registration starts then. Registration continues in Salon C from 9:00 AM to 1 PM Saturday, after which we will tour the CBC (also may be another tour if arrangements can be completed). NRC's annual business meeting BANQUET begins between 6:30 and 8:00 in Salon C, with jacket and tie necessary. On Sunday there will be a period for worship, swimming and gab, followed by CFOX tour, banquet and convention quiz. We will show slides of radio stations and past conventions if able to obtain them (please bring yours along!!!) A more detailed event schedule will be distributed at registration.

REGISTRATION FEE will be \$11 or \$12. Canadian, depending upon the size of the turnout. This includes the Broiled Chicken and Ham Steak Hawaiian banquets which, with gratuities included, will cost about \$8.55 per person. The remaining fee will cover costs of the meeting room and any incidental expenses. Registration for children will be solely the cost of banquets. It will be \$10. for wives.

Remember that these prices are in Canadian money; considering foreign exchange and recent inflation factors they closely approximate the fees charges at past conventions.

COLOR SLIDES: We will show slides of past conventions and radio stations should anyone be willing to bring them along. If you could, please do! (and please let Andy Rugg know in advance).

ATTENDANCE FORECAST: Final arrangements for the Saturday Business Meeting Banquet must be made by Saturday noon at the latest. If you plan on arriving anytime Saturday and have not yet notified Andy Rugg of this, please drop him a line to assure your inclusion in this very important banquet. Otherwise an unexpectedly late or unannounced Saturday afternoon arrival will mean your exclusion therefrom.

In fact, no matter when you plan to arrive, please advise Andy Rugg of your attendance, so that an accurate forecast thereof will facilitate establishment of a reasonable registration fee. If you haven't done so already, do so NOW! Drop a line to

ANDY RUGG
16 LAKE BREEZE AVE.
POINTE CLAIRE, QUEBEC

CONCLUSION: For many years Canadians have supported the NRC and traveled far and wide to attend NRC conventions. Now we finally have a Canadian NRC convention. Won't you please attend? An important NRC reorganization will be dealt with at the Montreal convention, making Montreal '66 a crucial meeting for our club. The plans that have been made for it are doomed to failure unless we have a good turnout.
PLEASE COME!

1966 CONVENTION CHECK LIST: Please do the following:

- (1) Reserve accomodations.
- (2) Buy Canadian money.
- (3) Write Andy Rugg.
- (4) Bring your veries.
- (5) Bring slides.

IT IS ALSO RECOMMENDED THAT THOSE PLANNING TO ATTEND MONTREAL '66 BRING THIS SHEET ALONG WITH THEM, AS THERE IS MUCH VALUABLE INFORMATION IN IT.

IF COMING-LET US KNOW

EDITOR: John A. Callarman, 1006 Partlett #4, Houston, Texas 77006

BULLETIN DELAY for this issue can be laid at my feet. I'm typing these IEXD stencils three days late, holding out for forwarded mail from Pampa. I'm afraid some of the "goodies" are stuck between there and here ... for example ... the Foreign contest standings ... so my apologies to all for missing out on a few items that would have appeared had my timing been better. I am now with the news department of KILT-610, as the "outside man." Those of you who've enjoyed (?) K.P. duty in the military: "outside man" isn't the same thing! Among the many interesting items I've covered in the first four days here is the Obscenity trial of four publishers and seven individuals, which featured some very clever cross-examination of prosecution witness David Westheimer, novelist who wrote "Von Ryan Express" and "Days of Wine and Roses" by Attorney Percy Foreman, second in fame to the currently operating courtroom lawyers only to Melvin Belli. Great fun! Has little to do with DX, though, hi! I have not yet set up my DX den here ... all (Callarman, Texas) items are from Pampa. The station will allow me to have Friday through Monday, Labor Day weekend, off ... but the problem is -- 1) will the airlines be flying, and 2) can I afford a ticket. My two-week excursion to Montreal, obviously, is OUT.

.....
 W H A T ' S H E A R D ...

- 570 COLOMBIA. HJND, Rdfa. Nacional de Colombia, Bogota, is the only M.W. RNC outlet now operating. (IRCA)
- 610 SC. VIETNAM. Saigon heard with English news at dictation speed 0850. S/off at 0855, but this varies. (Keith Robinson, Kapuka, No. 7 R.D., Invercargill, N.Z.)
- 640 NEW ZEALAND. 4YX, Alexandria, was probably the English station that seemed parallel to 4YA-780 MM 8/1 at 0525. Signal generally weak. (Larry B. Godwin, P.O. Box 1048, Berkeley, Calif. 94701)
- 660 NEW ZEALAND. Wellington's 2YC was probably the strong station with classical music 0515-0545 MM 8/1. (Godwin)
- 670 MEXICO. XE-"Ser", R.C.N. de La Laguna, logged 7/18 0702 to 0718 fadeout; and again 7/19 0700 s/on and beyond. Call given as "Equis ay Ser" and location as La Laguna, no state. I find no La Laguna on any map of Mexico. Assume call is XESER. Callarman, Texas)
- 677 JORDAN. Jerusalem (20 kW) on this channel has interesting all-day ENGLISH programs. Arabic here in early AM E.S.T., then English from 0500. This is only English MW transmitter in Jordan. English transmission closes 1930. (Gregg Calkin, staying in Jerusalem, Jordan)
- 700 AUSTRALIA. 2NR, Grafton, N.S.W. Station heard 7/18 0624 to around 0645 with speech by Aussie Prime Minister after WLMK and Jamaica had faded out. No ID heard, but no doubt as to identify. Very good, readable signal for surprising length of time. My first example of the summer DU DX principle. (Callarman, Texas)
- 740 AUSTRALIA. 2BL, Sydney, N.S.W. was atop the channel parallel to 2NR-700.0651 MM 8/1. (Godwin, California)
- 760 MEXICO. XEADG, Radio A.B.C., Los Reyes, Mex. ID at 0545 7/18: "Radio A-B-C, una estacion potente, desde Los Reyes, Mexico." First time heard the location ID'd on the air. (Callarman, Texas)
- NEW ZEALAND. 2YA's all-nite program is now also carried by 1YA (760); 4YX (640); 3YA (690); 4YA (780). Silent Sunday night. I hope the rabbits in the wasteland of Central Otago served by 4YX enjoy the program as I can't imagine anyone else listening to it. (Robinson, N.Z.) 1YA, Auckland, was unbelievably strong MM 8/1 with news at 0615. (Godwin, Calif.) Cal announcer 0657 7/18??? (Callarman, Texas)
- 770 AUSTRALIA. 3LØ, Melbourne, Vic. Assumed to be the station playing jazz music, with Aussie announcer, 7/18 to 0700. WABC had faded out, KOB not on. (Callarman, Texas)
- 780 NEW ZEALAND. 4YA, Dunedin. S/off regular programming with GSW 0618 MM 8/1, then began AN show. There was a discussion program beginning at 0700. (Godwin, Calif.)
- 791 GREECE. Salonika. At 1630 EST the VOA broadcasts a relay in Greek over Thessalonika A (50 kW) for the National Ec Institute of Greece. Good reception in Rome. (Calkin, Italy)
- 795 GUATEMALA. TGC, La Voz de las Americas, Guatemala, good with ranchero (or norteña) music 0612-0622 7/18. (Callarman, Texas)
- 800 EL SALVADOR. YSAX, R. Panamericana, San Salvador, assumed to be the station with "Cigarillos Nacionales" commercial between each record 0611-0622 7/18. ID'd with this format last summer. Mixed with WSHC after 0615. (Callarman, Texas)
- NETH. ANTILLES. PJB, Trans World Radio, Kralendijk, Donaire. S-9 100% readable at 0428 s/on 7/18. (Callarman)
- 818 EGYPT. Another report sent to Cairo, this time a tape. (Robinson, N.Z.)
- 820 GUATEMALA. TGTG, R. Internacional, Guatemala. Logged at good level 0501-0525 7/18 when S7 carrier came on, with program called "Alborado Nortena," featuring the Latin equivalent of C&W music. Before 0500, a different Latin was on the channel, but not strong enough to ID. (Callarman, Texas)
- 840 AUSTRALIA. 6ED, Esperance, W.A., logged and verified, a new station. (Robinson, N.Z.)
- CHILE. CE84, Valparaiso, ID'd weakly as "Radio Portales 0603 7/11. (Godwin, Calif.)
- COLOMBIA. HJMI, Ondas del Caribe, Santa Marta. Appeared to be AN MM 7/18. (Callarman, Texas)
- 870 UNID. S.S. Sun AM 7/31 0505-0529. Any ideas, John? Mentioned "La Habana." (Godwin, Calif.)
- 880 PERU. CEZ4N, R. Union, Lima. Is definitely the station with the four-chime interval signal over and over from 0556 tune-in 7/18. program at 0600 is "Alborada" with weird native music. (Callarman, Texas)

- 890 AUSTRALIA. 5AN, Adelaide, S.A. was surely the ADC station parallel 2NR-700 0651 MM 8/1, with 6 pips at 0700. (Godwin, Calif.)
- FIJI. VRH3, Lautoka, was very possibly the station with chanting 0230-0532 MM 8/1. Rather strong despite WLS OC and regular programming. Taped tentative sent. (Godwin, Calif.)
- 899A CYPRUS. British Forces Bestig. Service heard well with lite music program, EIC News, , then Henry Mancini music. Good signals. Referred to frequency as Channel 2. Is it a new frequency? Time of reception was from 0750 to 0830 EST. (Calkin, Jordan)
- 900 ALASKA. KFRD, Fairbanks, s/off MM 8/1 at 0500 under OC; readable signal. (Godwin, Calif.)
- 910 INDIA. Rajkot logged here at 0840 with English news. (Robinson, N.Z.)
- 946 ECUADOR. HCBE2, R. Ifesa, Guayaquil. Heard well evenings in Miami Beach with local WINZ-940 nulled out. Must be stronger than listed 200 watts. (IRCA)
- 960 PHILIPPINES. DZXL Manila, logged for the umpteenth time and tape sent at s/off at 0900. (Robinson, N.Z.)
- 980 INDIA. Raipur very good here with five-minute English news at 1000. (Robinson, N.Z.)
- 1000 NEW ZEALAND. 1ZD, Tauranga, fair strength and steady, but noise level too high for good listening, 0400-0500 on 8/1. (K.G. Scrimgeour, 1105 Virginia Way, La Jolla, Calif. 92037)
- 1010 MEXICO. XEEB, Esperanza, Sonora, heard in the clear on 7/15 from CHR s/off until 0333 XEEB close down. Often heard under interference. (Scrimgeour, Calif.)
- 1040 AUSTRALIA. 2UH, Mussweellbrook. After straining my ears many times trying to log 2UH through 5PI, I discovered they are in the clear after 5PI s/off at 0645 until 2UH s/off at 0705... Except for Peking and KHVH, that is. (Robinson, N.Z.)
- 1055 COLOMBIA. HJFJ, Transmisora Caldas, Manizales, seems to be the HJ here evenin s. (IRCA)
- 1175 ECUADOR. HCAP5, R. Tribuna del Sur, Cuenca, is probably the one with 0030 daily s/off. (IRCA)
- EL SALVADOR. YSCB, La Voz del Pacifico, Sonsonate, ID'd at 0559 8/1, perhaps just after s/on. (Godwin, Calif.)
- 1180 MEXICO. XEPR, R. Felicidad, Mexico, D.F. heard with ID at 0333 EST on 7/1. Faded out under WHAM at once. (Scrimgeour, Calif.)
- 1205 ISRAEL. Kol y Israel in Haifa heard with fairly good signals around 1400 with news program parallel to all other outlets. (Calkin, Jordan)
- 1250 INDIA. Sangli also logged 1000 with English news. (Robinson, N.Z.)
- 1310 HAWAII. KNUI, Makawao, s/off MM 8/1 0301 with fair signals. Report sent. (Godwin, Calif.)
- 1358 W. GERMANY. R. Bremen here and relayed by Bremerhaven (1079) parallel until 1900 EST s/off with light polyglot music announced in German. Delightful program. (Calkin, Bremen, W. Germany)
- 1420 NEW ZEALAND. 120, Tokorea is using this freq. and slogan is "Voice of the Timberlands." (Robinson, N.Z.)
- 1421 CYPRUS. EBC East Mediterranean Relay in English with World Service and the World Cup actuality program at 0830 onwards. Very good signals, much better than EPI S-899A. (Calkin, Jordan)
- 1430 E. GERMANY. R. Berlin International Spanish program 1730-1800 to Spain and So. Europe, very good signals in Bremen. (Calkin). A station calling itself "CPS-Berlin" heard here on RDI's frequency. Mentioned RDI once, but not an ID. Program in English, with DJ trying to mimic U.S. Slang, etc. Address given as Box 60, Berlin, W3. (Calkin, W. Berlin)
- 1439 LUXEMBURG. Luxembourg announcing its station of the stars programme with British hit parade and ads. (Calkin, W. Germany)
- 1450 MEXICO. XEEB, San Luis, Sonora. "San Luis" and "CMB" IB's heard under other graveyarders on 7/8 from 0100-0202 s/off. Sounds about 100 cycles low. (Scrimgeour, Calif.)
- 1460 CHILE. CC146, R. El Puerto de Talcahuano, Talcahuano, is a new station that will open soon. (IRCA)
- 1366 M. M. CO. Monte Carlo heard very well with light music program about 1500, and on. (Calkin, Rome)
- 1475 U.S.S.R. For some time, I have been hearing a Moscow relay here, but suspected it was an image from Shortwave. However, other DX'ers from this area are hearing it too. It carries English at 0630 and 0730, same as 548 and 629, but is not mentioned in the annot of frequencies. (Robinson, N.Z.)
- 1490 HAWAII. KTCH, Lihue, lod and clear much of the time from 0207 local s/off's on 7/1 until about 0250. Annog. "music by request until midnight." Sked change? (Scrimgeour, Calif.)
- 1493 U.S.S.R.R. Moscow heard here with English programmes to Europe. Fairly good signals. English news at 1600. What transmits is this? & where? (Calkin, Jordan) Medium Wave News says 150 kW in Leningrad.
- 1520 NEW ZEALAND. 1ZU Taurarunui has been testing and is due on this month. (NZ EX Times/Robinson, N.Z.)
- 1547 CAMBODIA. Australina DX'er Robert Ronal reports hearing IRhw No. one broadcasting station transmitting through Radio Phnom Penh, The Voice of Cambodia." All in French and poor modulation. Has wandered here from 1540. S/off between 0900 and 1000. (NZ EX Times/Robinson.)
- 1560 MEXICO. XEVIP, Mexico, D.F. Ex-XERMK, Cd. Satellite. 500 watts. Owned by Radio Programas de Mexico, S.A. Has signed contract with CDS for limited program service. Is scheduled 24 hours, in English. Station Director and Genl. Mgr. is Clemente Serna Alvear. Station Mgr. is E. Keith Larkin. (Broadcasting Magazine)
- 1600 CHILE. CC166, R. Reloj, Concepcion, is a new station here, operating from 0530-2300 w/automatic equipment. V/s is Enrique Sanchez Matte. (IRCA)
