

**IRONW DEPT.:**

No sooner is the dues increase annod than JAC, GPN & RHC suffer from time-demands and flu. Is reason for front-page holdup from Kittanning. And for holding down size of last three bulletins. Back up to snuff next week!

DX CALENDAR ...

Tuesday, February 6	0230-0300 EST	860	WSON	Henderson, Kentucky	500 watts	NRC/test
Thursday, February 8	0200-0300	1270	WTSN	Dover, New Hampshire	5000	EMEX NRC
Monday, February 12	0400-0500	590	KGLE	Glendive, Montana	500	IRCA/test
	0400-0500	1400	KATI	Casper, Wyoming	1000/250	IRCA
Tuesday, February 13	0230-0300	1340	WSAJ	Grove City, Pennsylvania	100	NRC
Monday, February 19	0115-0130	1440	WDOW	Dowagiac, Michigan	1000	IRCA/test
	0300-0500	1300	KMMO	Marshall, Missouri	1000	NRC/test
	0400-0500	1290	KOWB	Laramie, Whoming	5000/1000	IRCA
	0400-0500	950	KMER	Kemmerer, Wyoming	1000	IRCA/test
	0400-0500 *	1340	KGPC	Grafton, North Dakota	1000/250	IRCA
Monday, March 11	0400-0500	1400	KEHM	Lemmon, South Dakota	1000/250	IRCA
Monday, March 25	0430-0500	570	WNAX	Yankton, South Dakota	5000	NRC/IRCA

\* IRCA DX Calendar says 0245-0330; IRCA CPC Chairman lists as above...

WSON informs NRC CPC-er Artie Krass, "We were unable to run the Test Broadcast on January 16, due to illness and deep snow, to which we are not accostomed. If it will be of help to you, we will be happy to try again on Tuesday Morning, February 6th, etc. If this date is satisfactory to you, please reply." The letter from Chief Engineer Jerry Kissinger was dated 1/17, but the xerox copy did not arrive at NRC headquarters until after last weeks bulletin had gone into the mail. Some of you will receive your bulletins on Monday, and have a chance to try for WSON. Their address, P.O. Box 418, Henderson, Ky. 42420.

WTSN reports go to Walter E. Quimby, WTSN, Dover, N.H. 03820.

KGLE reports to Dale A. Heidner, C.E., KGLE, P.O. Box 913, Glendive, Montana 59330. Modulation will be music, tones and IDs, according to IRCA's Percy Kesteven.

KATI reports to Steve Broomwell, C.E., KATI, P.O. Box 2006, Casper, Wyoming, 82601. Test material will consist of a 1 kHz tone, with ID's every three mintues, says Kesteven.

WSAJ is on the air only five hours a week on regular schedule, so this is a terrific and rare opportunity to log this one. The station is owned by Grove City College, and will have march music, announcements, and possibly tone during the broadcast. The station still uses its original antenna, built in 1922, a longwire strung between the buildings on the campus. We're told the ammeter on the terminals of the feed line is read with a spy glass ... but the station has new, modern studbols and a brand new General Electric transmitter. This is the second station licensed in the United States, after KDKA, and its schedule is two hours on the air Tuesdays and Thursdays and an additional hour on Sunday. Reports to Mr. Fred T. Uverrey, General Manager, WSAJ, Grove City College, Grove City, Pa. 16127. This test was arranged by Jerry Starr.

N R C LOG ...

A comment elsewhere in the NRC bulletin gives indication there are some who believe the ECB listing business is already adequately done. To give an idea of the kind of log we're building, let's run a bit of a sample here:

WRMA	Montgomery, Ala. 36104	D1	1000	PSA:500	135 Commerce St.	
KIEH	Seward, Alaska 99664	SH1	1000	1000	CBS Box 575	1700-0300
KXJK	Forrest City, Ark. 72335	D1	5000	PSA:500	Washington St.	
KFSA	Fort Smith, Ark. 72901	U2	1000	500	ABC Box 569	24 hrs.
KAHI	Auburn, Calif. 95603	D3	5000	PSA:300	Box 950	
KIMN	Denver, Colo. 80214	U3	5000	5000	Box 14008	24 hrs.

DX NEWS

3

EDITOR: ERNEST R. COOPER - 438 EAST 21 STREET - BROOKLYN, NEW YORK - 11226

DEADLINE DAY IS TUESDAY. PLEASE DOUBLE SPACE. 30 LINE LIMIT PER MUSE.

Don Kasko - Hotel El Rancho - Box 235 - West Sacramento, Cal. - 95691

Judging from the lack of WC Musings this season I would imagine Easterners really feel that everything W of the Rockies is just a vast uninhabited wasteland. While this may be true this Musing is meant to show that some type of specie (vague as it may be) still exists out here. Gene Mattocks, Dave Prather, Bob Pietsch?? Why doesn't the latter stay home once in a while? No veries in, no reports out, but some DX. 1/19. Former NSP KMAK-1340 Fresno noted s/off @ 3pm & some next three days but I heard them about 4am today (1/25), I hope just an ET. KRDR-1230 Gresham, Ore. AM 3:44 u/KLAV same day & KFH-1330 for Contest #2 @ 4:08. Sat. 1/20 found KUDL-1380 Kans. somehow getting through KRKO @ 4:38 & 12 minutes later while on same frequency an HI show in for a few minutes. Anyone else carry HI on 1380 besides WTVR? 1430. Found KBRC Wash. w/ET @ 5:05 u/KARM w/mx. SS on 1353 @ 6:25 & on 1445 @ 6:45 both fairly readable signals but no IDs I could make out. On MM 1/22 f/c TT-690 from 2:2:15 u/XETRN/CBU IDing every three minutes but I couldn't make out either. KYCN-1340 Wheatland, Wyo. f/c TT 2:15-2:30 amazingly making it in here through KMAK (I don't use a loop either) KRZY-1450 NM stop & alone after 3:30 so KHIP probably no longer AN-7; KAPS-1470 Wash. w/one of their many IRCA TESTS after 3:00. WPNX-1460 Al. good signal all AM; KQEN-1240 Roseburg, Ore. ETing 4:21-4:28 s/off w/mx o/CFVR/KMBY; WMDD-1480 Pinaro, PR surprised me @ 4:30 w/EE ID & remained in well until 6. UnID ETing on 1340 w/IDs x/@ 5:19½ & 5:45½ using TT varying pitches throughout but I couldn't understand IDs. Boh! WWJ-950 Mich. ID @ 6:00½. KTRH-740 stop @ 6:15; KFLP 690 Tex. s/on 7:01 after SSB; KTIWO-1470 great signal 7:30-8; KOLD-1450 Tucson ditto s-on time 1/24. I got WIRE-1430 through KALI, c/w mx, ID 3:49 w/KARM off Wed. AM, & KALF-1510 Ariz/ s/on 9:30 through KGA. Don't forget ERBA Executive session Feb. 22-25 in West Sacto. 73. I'm saving quarters for BOSTON!

Richard L. Coday - Box 5584 - Oildale, California - 93308

Hi! RX HQ-140X w/100! LW. Four recent report sent as follows: 1/15- 6am WQXR-1560 NY w/s/on. 7:04am; KEYZ-1360 Williston, ND w/RS. 8:25am, KHQ-590 Spokane w/RS. 1/21- 9:13am, KGHO-1560 Hoquiam, Wash. w/pop mx. I finally broke ice w/KFAR-660 Fairbanks w/verie after f/uO of 10/17/67 report. They said they were still disorganized after the Flood. I received reply from WQXR in four days for 1/15 report. They enclosed WQXR News w/list of technical equipment & card welcoming me as a new WQXR listener. Nothing mentioned in regard to report. Someone please advise me if this is their standard way of confirming reports. I am just now starting to send reports to Cal. stations as logged. I have ignored them for past ten years during night, w/occasional day reports. Looking over points in Contest #1, it would appear I'm already out of it. Score of 220 would seem tops for me from this QTH. At present I am sticking to loggings of new stations heard only, but will turn concentration to contest as season bogs down. I plan to try for the Ky. TEST on 1560 tonight, so I will close for now. 73s.

Fred Nordquist - 411 Dart - W. S. M. R. - New Mexico - 88002

Greetings. I'm still kicking myself for missing the WPHN-1560 TEST due to alarm clock trouble. Totals at 394/11. The WX is nice now, w/snow only on the mountains. DX is fair as of late: Here's rundown of new ones heard. 1/13- KPHO-910 Ariz. MD ad 7:35pm. 1/14- KABH-1510 TX & 20-20 NX ad 8am, KCLE-1120 TX & Church of Christ program 9am, KFAX-1100 Cal. organ mx 9:14, KDRY-1110 TX & "Gospel Voice of Great SW" @ 9:16, KACE-1530 Cal. s/on NX 10am, KRYT-1530 Colo. o/KFBK ID 10:09, KCTX-1510 w/KALF/KABH QRM, Lifeline program 6:30pm, KWBL-1600 "Your Contemporary Mx station in Midland 6:48. 1/15- KNAB-1140 Colo. "The Intermountain Radio Network" 6:30pm, KNMN-1070 TX o/u KNX w/very inexperienced DJ-rrr, s/off @ 6:59 by DJ's dad, hi. 1/16- KSYN-1460 Colo. rr 1:09am, KPLC-1470 La/ f/c, ID @ 1:14, KLBK-1340 TX/NX Headlines @ 1:21, KBEE-970 Cal. Percy Faith 1:36, also DAY-970 ND NX 1:55, WDXN-540 TT 2:15-2:22, KERN-1410 MBS NX 2:30. 1/18- KBLT-1290 TX, 6:50pm s/off. 1/20- KPIN-1260 Ariz. Sports 7:18pm s/off w/SSB 7:46, KWHK-1260 Kans. 7:46pm Coffee ad, then KWSH-1260 in briefly w/ID & NX 8pm. 1/21- KBGH-1130 TX, "Gospel Mx Station" 9:44am, KAPR-930 Ariz. SID 9:54. MM 1/22- Slept to 4am & missed WPHN-1560 TEST "sob." KUDU-1590 o/storm QRM @ 4:10; KORL-650 weak 4:40, KBLA-1500 "K-Blah" Cal 5:11, WFLA-970 Fla. Agriculture NX 5:35am. It'll be GREAT to get rid of this 1917 typewriter & buy one of those new electric jobs. Keep the loops spinning & good luck at the dials. 73.

Mike Tannery - 1205 14th - South Houston, Texas - 77037

Hi! Not much DX to report, but I'll must anyway. My only new station is Radio Pacifico-1025, Cali, Colombia @ 12:23-1am s/off on 1/17. Anyone know its call or power? (HJER, 10kw, listed 1030k -ERC) Now down to other things. Along w/some others I think all domestic DX should be sent to Randy. However, we can keep Ernie happy if we have more people send in more Musings. Like about the other 300! What you say guys, Houstonites, let's have some Musings! Like John Callerman, I enjoy reading say Bill Stone's Musing, however the thing that interests me most is a Musing from someone close so I can compare DX w/him. I think the simultaneous logging contests are great & I am sure the Houston Dozen will participate. For you guys who need selectivity, like me, I have found plans for a Q-Multiplier in Amateurs' Handbook. I think the CPC is doing great work, but I think tests should be on regional channels, only. I say this because clear channel TESTs ruin foreign DXing & graveyard TESTs are too localized. I also think that the foreign CPC TESTs are great on any channel. Well, I've put in my 2¢ worth so I'll s/off, but remember, HOUSTON'S FINE for '69!- Good DX!

Lynn Brooks - 2109 Mary Street - Ponca City, Oklahoma - 74601

DX continues to be good when I have the time to spin the dials. Bulletin of 1/6 was the best I've ever seen it. Re dues increase, I'm all for it, & the expansion of the bulletin will make it worth twice the \$10. Several comments to make, but I will send them to JAC for his DIALOG. DX is as follows: 12/18- WDGX-1130 Minn. 2am w/brief fade-in. 12/30- WSHO-800 Ia. 5:59pm u/KJEM briefly. 12/31- KHHT-790 Texas @ 12:28am w/Houston Cougar BKB; KORK-1340 Nev. 6:39pm brief fade-in (first Nevada heard here); KRYS-1360 Tex. 6:48pm. 1/1- CBW-990 Man. 2 01 finally took a log for report. I spent the rest of 1/1 AM hearing the big 50kw. stations, so it was almost a wasted morning. MM 1/8- KLEO-1480 Kan. 1am s/off w/SSB; WCC-1420 Ia. 1:03am s/off-SSB & said would return @ 5:55am; WQCH-1370 Ky. fair signal on INCA TEST 1:13am; WCAZ-990 Ill. 1:27-1:30am r/c-TT per NRC r/c list; WQMF-1600 Fla. 1:55-NX until 2:03 s/off-SSB (are they still 500w as VJ says?) (Yes -ERC) KEOS-1290 r/c-TT; KROV-1290 2:31am o/u WIRL (many WX reports for people in Tex valley; probably on late for WX); KOYN-910 Mont. 2:47 r/c-TT until I tuned out @ 2:57; WQGN-1430 Ill. 3:02 w/several spots; WNFL-1440 Wis. 3:05-3:28 w/NRC DX in w/good signal (a welcome catch); WPLO-590 Ga. 3:49am barely audible; KHDW-630 Colo. 3:55. 1/13- KOMM-860 Kans. s/on-SSB 6:10am; KBBB-1600 Tex. 6:39 fading in/out; unID-1600 Tex. 6:45pm s/off w/"Eyes of Texas" (who is this, KYAL? KWEL?) WAPX-1600 Ala. 7:11 o/u KATZ; KLAJ-1600 Colo. @ 11:03pm w/KATZ looped; KBOR-1600 Tex. 11:09 w/KATZ looped (lots of WX reports). Several varies in, but I am already o/the limit. I would welcome correspondence w/any NRCers who have the time. Best of DX to everyone! 73.

Rick Evans - Box 718 - Vary, Indiana - 46401

Greetings. DX here lately: 1/20- WIRJ-740 Humboldt, Tenn. heard on PoP from 2-2:15 on tip from Roger Winsor, who called up later on that Sat. AM & told me that WBSG-1560 Slidell, La. was on w/ET, heard by me from 3:50 to 4:15am. 1/22- While trying for WPHN-1560 TEST, I came up w/WVAK-1560 Paoli, Ind. ET/TT. Beautiful catch; 250w 40 miles from Louisville, but I heard them on SR3 last Nov. & they v/1. 1/25- I was home all night from work, sick. I got up @ 3am w/eleven hours' sleep so a little DX. KTAR-620 Phoenix, w/HT 3:50-4:00am w/WSUN-620 Fla. looped; WRGS-1370 Rogersville Tenn. r/c 4:30-4:45am w/march mx u/WSPD Toledo, sure glad that WSPD had a talk program for five minutes; WBCM-1440 Bay City, Mich. s/on 5am to 5:17 for wanted one from my home state; WJAS-1320 Pittsburgh, w/NBC NX @ 6:30, an odd time. Varies are slow although 30 reports are still out since 12/1, not counting five out today. Varies: WNFL KTOK WMAZ WSM WKMK KCTA; all for reports this year. Most wanted stations here are WJPG-810 Rockford & WBRN-1460 Big Rapids, both Mich. 73.

Carl Staley - Route 6 - Box 1123 - Eugene, Oregon - 97402

A recent trip (1/22) to new XR of KPNW got no word as to their exact starting date on 1120, but according to one of their engineers, they have a good month of testing coming up before they actually go on the air, so a good guess for RS is around the first of March. They have four towers w/a big null on the E. They will beam approximately 34kw. directly N, 12kw S, 2kw E & W w/a 10kw. AXR, at least that's what my guide said. Tentative plans are to go NSP but using the 10kw. XR MM's. Look for them to start testing soon. Only recent DX: KAAA-1230 CKXL-1140, YPX-750. 73. AS THEY SAY IN MONTEREY, CALIFORNIA, "KMEY." "KEEP ME BUSY, Y'ALL!" MUSE OFTEN!

Alan Farley - 263 South Tenth Avenue - Highland Park, New Jersey - 08904  
 Bueñas Dias, Amigos! The last few months have found me in a DX rut. Vatches coming in at a trickle and school is no help. By the way, put me down in favor of a dues increase as long as those issues get bigger & bigger. My only problem is how I'm going to dig up \$7.50 when dues time rolls around. Well, everyone's got problems, hi. Now, down to DX. 11/17- WHEN-620 @ 11:50pm. I'd been trying to get relatively easy catch from u/local WVNJ-620 for weeks. 11/18- ZBML-1235 lan topping mess on either side. 11/19- CHSJ-1150 3:45am in NB, Canada, the only result of a four-hour listening session. 11/25- WPMX ETing w/c/w mx @ 4am, ny #1 Ala. but I have a feeling that they are poor verifiers. WMDD-1480 in PR w/typical SS programming & a fairly strong signal @ 4:25am. I got out the ole tape recorder to put it on but was hit instead by WWOK-1480 s/on @ 4:30am. Other DX: 11/23- WKLN-800 9:45am. 11/27- KSTP-1500 following WTOP s/off @ 12:10am. 12/17- WRCK-1440 Ill. s/off @ 3am, a mere 500w. 12/18- WWDC-1260 @ 2:30am. 12/25- CKEC-1320 NS s/off @ 12:12am. Veries in: WJNH (w/return postage returned) WISM ZBML CHSJ CFNB WRCK WIP (seven months) CHNS.73.

Peter A. Clarius - 1583 Castleton Avenue - Staten Island, New York  
 The new stations heard this season so far are WLIX WRBK WOTW USRS WHWB WINF WMBB WRYT WESA CFJR CKSM WEAV CHIN CKCN & WMBB. This brings my log to 1,656 w/1,107 verified. I was shocked to read in the latest bulletin where the cost of a year's membership is going up to \$7/50. It is true the cost of postage has risen but it has not gone up this much. And what in Heaven's name do we have to put out a listing of stations for when Jones Log, Radio Guide put out by the World Radio-TV book & others print a radio log listing? And furthermore if the members' reports were held strictly to RX & only DX information we could cut the number of pages & keep the price at no more than \$5. Believe me this increase is not going to break me but it will hit our young members a sock in the pocketbook & these are the ones we have to look to to keep up our hobby. And further still why wasn't the general membership consulted about this, or at least it could have waited until the '68 Convention, and then go by the majority, not the minority. Keep the bulletin strictly for DX & cut out all this personal hogwash and we can keep the cost at \$5 per year. Yes, God willing, I will be at BOSTON in '68.

Tom Hartloff - 179 Depew Avenue - Nyack, New York - 10960  
 Hi all. Heard: WGOH WNFL WRBB TESTS. 1/8- WCAZ-990, Carthage, Ill. r/c on clear channel (?) A-9 anyhow. 1/15- WRNC-1240 Raleigh, NC @ 1:55am. ZBML-1235 also that AM for first time heard here. Zedder gave one real good ID but I didn't tape it so no report. 1/22- No WILL here or were they? From 1:30 on I got WYSL-1400 Buffalo, a second station on RS, & a TT. No ID on the TT as they were u/everything but loud & steady. All on tape, too. Verified: Totals up to 214 w/CBZ WCAZ WAWZ WRNC WBCM veries. CBZ was the blue v/q, v/r from WAWZ, WRNC & a second verie from WRRC. v/1- WCAZ & v/1 & two v/rs on a f/up from WBCM, very friendly, too. WRRC may have a v/s to rival WGBB's Alan C. Lush - ne's new CE Chris Christ. WRRC DID change call on 1/15; now WKQW. It's best to try to verie WAWZ w/PP. The only other verie from WAWZ I saw was a v/r at Brooklyn. I logged their whole RS one day - all 1 1/2 hours from 6-7:30pm w/WBNX off. Cy veh, but all the noise they had to go through to get here.

Stone, thanks for the research. CHRL verie received here via Ottawa. Good DX.

Jeff Ross - 125-12 Cronston Avenue - Rockaway Park, New York - 11694  
 Hello again. Not too much to report this time, but here goes: 1/8- WAMI-860 Ala. from 5:49-6pm s/off. 1/9- WLBG-860 SC 5:40-5:44 s/off, then for a surprise, KOAM-860 Kans. from 5:59 until 6:30 fadeout. I'd imagine that this is unusual for a night w/Auroral CX. Veries: v/r- WGAF-Ga., WAMI (also CM). v/1-CM-Decal (bdautiful) from WGOK-Ala., v/1 KCTA Tex. v/q- KOAM. Jerry Starr, I didn't stral your typewriter, hi. Does anyone have a solution for a person who wants a loop, but doesn't have the space for a 4' job? Any help would be appreciated. (How about the 'Apartments for Rent' section of the NY Times, Jeff? -ERC) A belated thanks to Artie Krass re KWPC. 1967 not too bad w/96 new stations & 70 veries. Well, that's about it so C U N 7.

Walter A. Rogers - 118 NW 24 Street - Miami, Florida - 33127  
 CX good MM 1/22. Reports to WAAO-1530 ET, WARB-1480 WSAI-1360 KLCU-1580 WGH-1310 all 1/22. No new veries this week, 25 reports out now. If anyone needs a SS verie translated, my wife is a native Peruvian, & helps me w/ty SS reports, & is a great help in listening. I'm trying to get my sister-in-law to provide a listing of Peruvian MW stations for IDXD. 73s & good hunting (for DX).

February 3, 1968

Roger W. Winsor - 739 North Juniper Road - Valparaiso, Indiana - 46383  
 DX has suddenly taken a turn back up again, especially after receiving several veries lately. Since I was last in here, the following: 1/20- WIRJ, Humboldt, Tenn. on for PoP & logged from 2:34-3am w/two clear IDs heard i/CBL nulled. Later that afternoon WHOS-800 Ala. heard @ 6pm s/off mentioning 102.1 FM, but no log, as too short, darn it. I did log KNEA-970 I&C o.WAVE/WMAV combo 6:03-6:15 s/off. MM 1/22, very poor. TT on 730 12:30-12:35; then off. WNAK? Q LCS-910 noted @ 1:03 s/off I&C. Other unnn stations were KFSA-950 Ark. on for f/c-TT 1:06-1:13. KIMS-1480 heard beginning r/c @ 1:20, mentioning on the air for next 15 minutes, so maybe 1:20-1:35 now. Also WSPF-1000 NC ET w/rr nx w/ID @ 1:30 & WCVS-1450 Ill. f/c I&C o/all others, 1:35-1:45 & on w/IDs every five minutes. 1/25- Strong SS on 875 turned out to be LV de Cuba: Who is this? WJAS-1320 noted. AN this MM, so add one more, I hope NSP! (You DO?? -ERC) TAS in well, w/hets all over the place, along w/good audio from WDR-1586 & Monaco-1466. Then into some neat end potatoes w/WMSL-1400 Ala. on for f/c-TT 1:30-1:45. TT on 1170 2:06-2:50 ID; but I couldn't make it out. WCOV? WJAK-1460 Tenn. on one day late w/r/c-DT 2:15-2:30. Good catch in KLOL weekly, & I do mean WEAKLY, u/WCKY w/TT & IDs every five minutes 1:30-1:46 when WLCB came on like a ton of bricks. To end that AM, WTCB-990 Ala. r/c-TT heard in/out w/CBW 3:04-3:14:30 & IDs every five minutes. 1/26- WDR noted again @ 1:30 w/good audio in GG. Up for KIBE TEST, not there, but CKDA was, ever so faintly w/nucho nx. WX forecast @ 3:30 for HE clinched it. I seem to remember from somewhere where they don't verify readily. I'm sending a report anyway, hi. Faint nx on 1560A, in EE @ 3:45, XEVIP? 1/27- KBIZ-1240 r/c logged 1:15-1:30, easily, IDs every five minutes again. WFSP-1560 noted w/instrumental nx 1:40-1:56 ID o/unk TT & Cof WDXR. As I am typing this I'm listening to two TTs on 1550 - what a combination that ish hi. Veries from KSWV v/1, also v/ls from WMAG WEEB (thanks, Joe) WLOC KNEA. Big v/c from WMAZ. That's it.

Ev Johnson - 504 16th Street - Mendota, Illinois - 61342

Hello again. DX has picked up in Jan. for this DXer, w/12 new needed ones. Fine job being done on Club bulletins by all. I have even sent Randy some info for his column. Plenty of TT and a few ID but unable to hear due to so many Apers. MM 1/22-Sked TEST from WPHN not heard - someone on 1560 at time of TEST but after half hour of listening & no IDs I gave up - c/w nx & TT. DX for Jan., all needed: 1/3- KFMO-1240 r/c. 1/9- WAAC-1300 on test. 1/13- KNLV-1060 r/c, also heard 12/9 so is r/c. KDCE-970 r/c. WNAE-1310 test. 1/14- KNOP-1410 r/c. KALO-1250 r/c. 1/21- WYNA-1550 1/22- WSPF-1000 test. WFIL-560 AN, & WEBC-560 test. EEBC reported before, no verie. Seven new veries in Jan. WBOO-740 CURS-1510 WRNY-1350 after over a year. KFMO-1240 WAAC-1300 who wrote on report "verified." WNAE-1310 nice v/q & KNOP-1410, total now 2,736. Watch out, Bill S., I'm after you. Please check Randy's column for time & dates on these. All for now. 73s.

Joe Skurzewski - 172 Lathrop Street - Buffalo, New York - 14212

Hi gang! I had nothing to do, so I decided to send in a Muse. So here it goes: 1/9- CKOX-1340 @ 12:05am. 1/13- WTAD-930 @ 1:30am. WVLK-590 @ 1:57. 1/14- WEBC-1330 @ 7:30am s/on. CFTJ-1110 @ 7:56am. This is my second station on 1110. WEAW-1330 @ 8:15am. 1/18- WDVA-1250 @ 11:58pm. 1/19- WGBA-1310 @ 4 59pm, WHRN-1440 @ 5:02 w/c/w fix. 1/20- WAVZ-1300 @ 1:05am, WSBA-910 @ 1:29, WATS-960 @ 2:21am TT & giving IDs about every four minutes. 1/21- WYNA-1550 @ 12:24 also TT & giving frequent IDs. I had a heck of a time logging them due to CBE & had to use a recorder to see if it was WYNA or not. WKBA-1550 @ 12:33am. At this time I was listening to CBE & WYNA fight it out when out of nowhere I heard "WCHA, Vinton, Va." & that's the last I heard of them. WKST-1280 @ 7:10am s/on-SSB. WPKO-1380 @ 7am s/on. Here's a mystery somebody can solve. On 1/18 I was listening to WCCO. I turned the loop NW/SE and heard someone. This was at 11pm. Then at 11:04, some sort of anthem was played. At 11:05 the station s/off. Who is it? (Belize -ERC) In December '67 I sent a letter to the Mutual Broadcasting System for a list of the MBS stations. Well, I received it. There are four MBS stations in Canada, one in Guan, and one in St. Thomas. Also 12 FMs, plus too many to count in the U.S. If somebody wants to try to get this list, send a letter to: Mutual Broadcasting System, 135 West 50 Street, New York NY 10020. And ask for Mutual's program folio for the month of February. I almost forgot, send the letter c/o Miss Grace Bulzoni. Would you believe one verie in? It's from WRIE-1330, a v/1. Well, 73s till next Muse.

AB THEY SAY IN COLUMBIA, SOUTH CAROLINA, "WCCU." "WE COUNT ON YOU"- to fill MUSINGS!

February 3, 1968

DX NEWS

7

Russ Brown - 4100 Lake Shore Drive - St. Joseph, Michigan - 49085

Hi! I've been a member for quite some time so I thought I'd better Muse. For an introduction, I'm 20 years old & a sophomore at Lake Michigan College. I've DXed for about a year & my totals are 289/190, 402/8 and 5/5. Latest DX: MM 1/15- WEEB-990 w/CBW @ 12:58am, KDCN-1460 w/rr @ 1:30am. 1/16- WBCA-1110 w/NX @ 6:04pm, KJOE-1480 w/c/w rx @ 6:20pm. KTER-1570 w/NX @ 6:31pm. 1/20- KOOL-960 @ 1:58am w/NX, KOSE-860 @ 6:10pm, w/c/w rx. MM 1/22- WXCO-1230 f/c from 1:14am tune-in to 1:30 ended, WUBE-1230 @ 1:45am w/rr rx, WPMX-1460 testing @ 3:48am; KMIS-1050 all alone @ 5:48pm on 1/22 w/c/w rx. 1/23- WKGN-1340 @ 2:04am w/rr rx, WSUN-620 S-9 signal @ 3am w/NX, WGKV-1490 @ 3:25am w/c/w rx. KTER-690 5:52pm w/c/w rx, KWOA-730 w/markets @ 6:04pm, KGFX-1060 great signal @ 6:25pm. 1/24- WMTS-810 w/c/w rx @ 7:30am. WMAZ-940 @ 5:40pm, WMGR-930 a surprise @ 5:52pm. 1/25- WESC-660 @ 5:20pm w/c/w rx, WRNG-680 @ 5:34pm w/Sports Ring, KVSH-940 w/WX @ 6:10pm, & finally on 1/26, KRVN-1010 @ 6:16pm w/markets. Veries: v/1- WEEB KOSE KRAE (they said nine is probably their most distant report) KNIN WMPS KOLS KIXL KCSR KEYR KUSD KIMM KFDI w/CM. v/q- WBAM KSCJ KDNT. Also I believe KGLC-910 is now AN as I've heard them 1/23, 1/24 & 1/25 1/26 between 1-3am. That about does it. I really enjoy the bulletin & I will try to Muse more often. 73 and good DX. (Welcome to Musings, Russ, & we hope to read you often - I hate to be a killjoy, but I have a KRAE verie from about four years ago.)

Tom Mann - 1805 East Elmdale Court - Milwaukee, Wisconsin - 53211

Today WLKE-1170 in Waupun, Wis. 1/22 is now 1kw. daytime only. The QTH for Beacon Radio Inc. c/o Mrs. Jeanne P. Donald, 107 Green Bay, Shawano, Wis. 54166, is the owner of the new Berlin, Wis. station on 1090k w/500w daytime only. WAGO-690 in Oshkosh, Wis., 250w. will probably go on the air this coming Spring according to the Oshkosh Daily North-Western newspaper. What is the QTH of Fox River Broadcasting Co.? If anyone knows please write me. Thanks. 73.

Dave Schmidt - 44 Green Lane - Green Ridge - Chester, Pennsylvania - 19014

Greetings from the Wonderful Land of Green Ridge. DX has taken a back seat once again after the long haul. Of recent: 1/12- WTWB-1570 5:20-5:33pm, w/WEEZ spread, WAKE-1370 5:37-5:45pm w/good rx, & WENG-1530 5:54-6pm's/off. MM 1/15 brought WEEB-990 TEST in 50/50 w/WIBG, 20 miles away. Veries: v/q- WJAX-930. v/m- WNFL-1440-DX & v/l's from WXIN-1000 WYOU-1550 w/CM, WKMK-1000 TEST w/CM & sticker, KWAM-990, WENG-1530 & WEEB-990-TEST w/SCs. Total: 492. Greetings to Glenn Jacobs in Philly who was here on 1/19. I was glad to see him & I hope he will call again. 1/20 showed me up at WSJR-540 at St. Joseph's College & did a 1½ hour show on the air. They went off on 1/20 at midnight due to the fact that they were running 10w into a longwire strung up between two towers of a church, about 150' up. They were perfectly clear on the car RX about two miles away! Not a very bit set-up, just a board, two turnables, and a mike, hi! I got to hand it to them, though - they just set it up the Thursday night I heard them! The dues hike is FINE, anything to keep DX NEWS like it is, all the guys are doing a fine job! KWAM's CE mentioned that WIBG puts 2 to 9 watts toward CBW at night! I guess that'll do it, so best of DX & seventy-trees!

Ronald J. Musco - 16 Chestnut Drive - Windsor, Connecticut - C6095

Two reports verified since last time: WNFL-1440 w/v/f for State #35 and v/1 from WDEL-1150 for State #36 verified. New DX: 1/15- WEEB-990 Southern Pines, NC in from 1:15 to 1:45 at S-8 on their TEST. I separated this one from WIBG. 1/20- I tried for WMCS-1400 Machias, Me. but nothing heard until 12:10 when TT & ID heard, then fade-out at 12:12. No report sent - would have been a good verie on that graveyard frequency. 1/22- I tried for WPHN, Liberty, Ky. 1560 but not a trace of them. Noted a Canadian on 1410 w/ah S-8 at 3:30 w/FF NX & ad for fried chicken. Vane Jones shows a station in Sherbrooke but no call letters as they are noted as being off the air. Obviously they aren't. Ernie, do you have their call letters? (CJRS, Ron, but just about EVERYBODY has been mentioning them since September -ERC) I dropped down to 1370 and heard two TTs and someone in SS @ 3:45. Who is the SS? Well, I'm back at the dial after a long absence. 73. (XESM-1470-ERC)

We would like to remind you all that with this raise in dues, we plan to keep Musings as they always have been - BUT - we can't very well do it unless we get those MUSINGS in here at our Brooklyn address - so please, don't let the other guys do it all - let's hear from YOU and help to keep these pages fat and newsy with many good DX tips for all, and much interesting reading as well. Remember the 30-line limit, & please don't forget to help Ye Ed's eyes out a little by double-spacing. Thank you!

Ralph M. Johanns - Buffalo, New York - 14203

v/1- KWRP-860 for TEST, serving the land of Tall Pines & Pink Tomatoes (DXers also).  
 v/1- WAKY-790, says lkw-N directional (5k2.D) & run AN w/12-5am MM off & some ETing.  
 v/1- WDEL-1150 DX & he spoiled my reply stamps. Nice v/1, CM, & 20th anniversary  
 by NRC's Joe Kureth who got some 40 reports for 1/15 TEST. Among the heard were:  
 1/27- r/c-TT WABD-1370 w/strong WFEA/WSPD AN QRM; 1560 had WSMD Ia Plata Md. TT/OT-  
 ing @ 1:52-2:50 s/off; 1550 again a short TT @ 3:20-3:22 s/off (Is WNTN getting  
 ready?) & @ 3:31 "This is CBO Ottawa, your CBC station, then gave a CBE 9:30pm item  
 & bac, to CBC program. Oh boy, wait till papa CBC hears about that mistake! 1/26-  
 WSAO-1550 Miss. nix, but r/c-TT w/SSB start & end; KCHA-1580 Ia. nix, but rr mx r/c;  
 CBM-940 off 3:05-3:55 & Ch. 94, CJGX AN w/one-below-zero temperature. CKDA-1220  
 fair 4:08-4:58 & Castro then. CFOR-1570 now s/off @ 1am. XEIM-1580 does @ 3am.  
 1/24- Heard WINS-1560 RS through WQXR/WTOD @ 6:30am NX. 1/21 WYNA-1550 TTing 2:30-  
 3:15am etc.; WOKJ Miss. RS s/off-SSB @ 2:01am & WHIP-1350 had a f/c-TT heard 2:55-  
 3:30 off. 1/20- KYW-1060 testing & CJLR s/off 4am in FF to return RS @ 6. 1/19-  
 r/c-TT WKCW-1350 ended @ 2:51am. 1/23- Rader-Heinen-Maslen visited & heard 4VEF-EE  
 1035 @ 9pm nicely. Maslen's Broadcasting issue had: Brownsville Pa. CP requesting  
 WASP call and WAVY (Va.) wants WSBD. Monticello NY 990 250w. D, Allenenchen (heh,  
 All-Men) Corp. (CP). Sold were KRAL-1240 KIFT-1270 KTR-1490 WOIB-1290 WIDE-1400.  
 Granted: KBRB to KBR Bg. Co. Ainsworth, Neb.; KZIA (Albuquerque) from KLOS; WJBE  
 Knoxville from WGYW, WPHM (Mich) from WTHH. Wesley N. Burk got appointed CE @ WMBD  
 AM/FM/TV; Mike Steele became PM of WNEF, & J.B. Burton of WFOR became GM of WIID AM/  
 FM, Newport News. MM 1/29 (by phone from here on -ERC) CJRN-1600 off. XIMO-860  
 s/off 3:23 in EE to return @ 5:30, then CBH cl mx & a second one, probably KCNO.  
 v/q- CBJ-1580, says often test Fridays 1-6am. v/1, CHER-950, Box 950, who says the  
 CBC-950 is from CKNB, which should settle this question asked by many. CHER says  
 they are beamed to Nfld. & Europe which is where most of their reports come from.  
 They are off MMs 1-6am. V/1s from WEEB WAKY & KWRP-TEST. 1/27- WBOS-1600 RS 1:20  
 am. KRAK-1600 AN @ 4:30. 2:05-3:33 OC & mx WCPX, Chesapeake, Va. ETing, new.  
 WWRL OC off/on, off RS. No WWRL after 3:30 & @ 3:39, call from WAVC, Warner Robins  
 Ga. & @ 3:45, CJRN back on w/no call to after 4am. 1/22, WVAK-1560 ETing 3:10am.

Wayne Heinen - 126 Linwood Avenue - Orchard Park, New York - 14127

Hi! from one of the BAD guys (Buffalo Area DXers). Latest DX: 1/1- WIGT-1000 2:01-  
 2:30pm on RS, WRIE-1330 (ex-WICU, 5kw. U-4) 2:31-2:45pm, WWOL-1120, fourth report  
 4 10-4:30, WHHH-1440 7:03-7:30pm. 1/8- WKMK-1000 TEST 1:05-1:15am w/xevere QRM  
 from WCFL's OC. WGCH-1370 TEST 1:16-1:30 L&C w/no QRM. WDAK-540 ET/mx 1:35-1:49am.  
 WEAW-1330 w/ET/mx 2:45-2:50am off, QRM, WHOT. WNFL-1440 DX 3:12-3:30am, no QRM, but  
 still weak. CBR-1010 (v/q said w/35kw. non-DA at time I heard them) u/CFRB 2:51-  
 3:05. WDEL-1150 w/DX weak but copiable 4-4:10am. A most productive MM in a long  
 while. 1/9- WACK-1380 w/AN-R&B 1:47-2:05am. 1/15- WEEB-990 TEST (although DX NEWS  
 didn't reach me in time, I stumbled across it) using old rr & many NRC mentions.  
 KWLA-1530 1:45-2 r/c. WAAO-1530 2-2:10 on r/c. 1/16- WDXN-540 on r/c 2:18-2:30am.  
 1/17- WKYE-1550 ET/mx/TT 12:06-12:25 & on. WIKI-1410 ET/TT/mx 12:23-12:35am. WKYC-  
 1100 fourth report 11:40pm-midnight. 1/20- WJAR-920 on AN 1:45-2:01am. 1/21- CKOY-  
 1310 on AN 12:13-12:30am. MM 1/22- WSPF-1000 on ET/mx 1:40-1:53am off, not bad, huh?  
 All foreign in IDX. Thanks to Gordie etc. for ID on 1562 & correct frequency - so  
 loud I thought it was WQXR in GG! Latest veries in: v/1- WGBI-910 w/SC & CM, KVOL-  
 1330 w/CM, WKMK-1000 w/CM & sticker, WRIE-1330, KWLA-1530 w/CM, ZFB-960, WDEL-1150-  
 DX, State #44, & HRH6-1335 (pennant too!) v/q- WRVA-1140 WDAK-540 WCVA-1490 CBR-  
 1010 WREL-1450 WKYC-1100. v/f- WWOL-1120 WNFL-1440-DX. v/r- WEAW-1330. v/pp-  
 WSME-1220 (Me. #2). I'm now standing at 468/377, states 35/44, provinces 8/8.  
 Countries now 17/11. I added four countries in last two weeks! About dues hike,  
 after talking w/GPN & local guys, I'm in favor, seems maybe we will be able to keep  
 our hobby on the move and possibly convert those "postcard reporters" (I was one in  
 '65!) into NRC-type DXers. We can use an LA verie log (address especially as it  
 takes three days to find one for YNKW-885!). I sure hope that more public relations  
 will result in better understanding w/both LA & US stations. Speaking of same, CAP/  
 JAC on WKBW-1520 will send a v/1 & info to all who report -send report to me, c/O  
 CAPJAC, WKEW. We are in need of correspondents & comments on our programs (all Teen-  
 produced), all w/return postage will get v/ls. Please report it if possible. 73s &  
 the best of luck.

Robert H. Hostettler - 417 Irving Street - Lake City, Minnesota - 55041  
Howdy! DX here has diminished lately due to work, school, but here's what I've got to report: 1/7- KRYS-1360, Corpus Christi @ 1:48am w/HL. 1/8- WKMK-1000 TEST good @ 1:10am through KTOK/KCMO & WCFL-OC; WGCH-1370 @ 1:31 w/TEST u/WSPD; KCON-1460, Salinas, Cal. @ 2:12 o/u KENO; WNFL-1440 DX solid @ 3am; HON-1502A, Panama @ 4:20 till KSTP came on w/TF @ 4:23 reducing it to rubble, hi. WDEL-1150 @ 4:26 till 4:43 fadeout (Del. #1); KSVP-990 Artesia, NM @ 7:01pm w/no XBW. 1/12- KOKX-1310, Keokuk, Ia. 1:15am r/c. 1/13- WKID-1580, Urbana, Ill. @ 1:16am w/r/c; KOWB-1290 Laramie, Wyo. @ 2:51 w/r/c, very messy; WKBN-570, Youngstown, @ 3:20pm w/WNAX looped; CHYR-710 @ 3:26pm w/WDSM/WHB looped; WBZ-1030 in already @ 3:49pm, readable. 1/15- WABB-1480, Mobile @ 3:31am. WLS-890 ETing w/march rx & old instrumentals that AM. 1/16- KVI-570, Seattle @ 2:06am o/what I suppose was WFAA; WGEN-1500, Geneseo, Ill. @ 2:31 w/r/c o/u KSTP; KFGO-790 Fargo @ 2:46 w/r/c. MM 1/22- WVAK-1560, Paoli, Ind @ 3:10 w/no WPHN heard at that time; WVAK testing. 1/23- KPIK-1580, Colorado Springs @ 6:42pm for second report to them. 1/26- No KIBE-1220 TEST heard, just CKDA. 1/27- WCAZ-990, Carthage, Ill. like a local @ 8:35am. That's all for DX. Now, veries: CJOE v1-CM; v/q- KXIC CHEX WPTF CHYR. v/1- KWPC WBEV WNFL WDEL (State #10) KDKO. CKRM v/1 & CM & area promo; WTIK v/1, CM, SCs; KDWB v/f, KUPK v/q, KITT CMs, v/q, SC, WIRV v/f, CM; thanks, Dave White; WGHM (handwritten v/1), CJBC v/1, v/q, sked; KWIJA v/1 & CM, KRYS v/1 & CM; WKMK v/1, CM, bumper sticker); WGEN v/1, CM, KOKX v/1 & CM; Regarding that CKIM splatter, mine might have been from WKBT-TV, Ch. 8, La Crosse, Wis. as programming seemed to match that of the TV, even to the extent that it was slightly behind another ABC net station, KMSP-9, Minneapolis, so maybe no CKIM here at all; I've not heard the splatter lately, nor have I tried to. Gotta go, so 73!

Bob Foxworth - 69 Elm Street - Summit, New Jersey - 07901

I guess most of those who read the bulletin know that I've had a bit of hard luck recently. I'd like to thank Dave Fischer for his generous offer of help, the only one received here. My HQ-129-X upon which many hours of T.L.C. were lavished may yield a few parts. The HQ-150 is still clean u/the chassis, however a letter from Hammarlund advises replacement parts are no longer inventoried although they do have most of what I need. Cost of same is o/\$100. I'll try to restore the HQ-150 as best I can & what I can salvage from the 129 will go into a brand new job which will be 100% homebrew. Rather upsetting when one considers it could outperform anything the US Government has available, however it is consoling to know the new one will be better yet. I'll pass on a couple of tips to anyone else who has an equipment loss due to fire. Remove all enclosed parts or delicate mechanisms such as the S-meter & all transformers. Thoroughly wash the chassis in the bathtub using a generous helping of detergent & then dry out in the oven, using minimum heat. Beware of the IF transformers & other parts leaking wax in addition to deformation and/or melting of plastic-insulated wire. Be sure to rinse thoroughly in plenty of water before the baking-out, to remove all the detergent, or else corrosion may set in. Be sure to remove the crystal filter assembly also. Some judicious care is called for when renovating smoke-damaged gear. Point Two: If your particular RX model is discontinued by the manufacturer, & you plan on keeping it, it may pay to investigate obtaining spare parts such as dial plates & impedance assemblies which are unique to your RX model. For instance Hammarlund informs that the HQ-150 was discontinued in 1958 and their policy is to inventory spare parts for five years after such discontinuance. Caveat emptor; hi. 73 for now. (Certainly sorry to hear of your fire loss, Bob -ERC)

Richard L. Coday - Box 5584 - Oildale, California - 93308

Hi! RX HQ140X w/100! LW. DX as follows: 1/22- 3:45am, KARK-920 Little Rock w/frequency clear. KAPS-1470 Mt. Vernon, Wash. w/IRCA TEST in o/Mexican QRM @ 4:15am. I called station & talked over air, but so far, no fan mail. 4:30am, KAIR-1490 Tucson in w/local KWAC off. Tip- in 1/20/68 issue for KTWO-1470 should be for 4:30am PST, not PM. Verie back from KAIR-1490 Tucson, & several Calif. veries in recently, but I will not list since most are easy for Southlanders. Ilogged KMBY-1240 Monterey, Cal. on 1/15, & wuld like some info on this station in regard to ownership, purpose, & program content if anyone knows. Still no luck on KFQD-740 Alaska since listing of v/s, but maybe they will break through before season's end. Last report to then was in 1960 or 1961. 73s.

AS THEY ASK IN BETHESDA, MARYLAND, "WUST?" "WON'T U STOP at THIRTY?" (Lines!)  
PLEASE ALSO CON'T FORGET TO DOUBLE SPACE. THANK YOU!

February 3, 1968

John Gifford - 1408 South Grove - Urbana, Illinois - 61801

If the bulletins will be unlimited, why is the 30-line limit still going to be invoked, even if someone has something relevant to say (not that I ever do, hi)? On strongly southern nights, SS stations have been noted on 971 or 972 & on about 1242: I heard Mexico mentioned on 1242, but no ID heard. Has anyone IDed then? I'll finish up my graveyard catches like I was listing them, & then go to a day-by-day resume. 12/12- WDUZ-1400 Wis. 1:28 $\frac{1}{2}$ am. 11/6- KBTA-1340 Ark. 2:45am r/c. 11/20- WMID-1340 NJ 2:45am. 11/22- WJOL-1340 Ill. 2pm w/WSOY looped. 11/23- WKBC-1340 Ind. 12:59pm w/WSOY looped. 11/27- WJGN-1340 Tenn. 2:48 $\frac{1}{2}$ am, WLOK-1340 Tenn. 4:00 $\frac{1}{2}$ am. 12/4- WRIT-1340 Wis. 12:09am. 12/14- WJPF-1340 Ill. 7:30pm. 12/18- KXEO-1340 Mo. r/c. 10/2- KAKE-1240 Kans. 1am s/off, returns @ 5am local time, ROV-1240 Va. 1:24am. 10/4- WFIM-1240 Ky. 10:00:15pm s/off-SSB. 11/23- WEAX-1240 Ill. 1:53 $\frac{1}{2}$ pm (really tough log, hi!) Lon J. Berman - 1511 Dieman Lane - East Meadow, New York - 11554

Hi y'all. DX down the week is as follows: MM 1/22- CHOO-1390 Ont. @ 1:05am u/WFBL; unID Colombian on 1460 w/request for reports followed by 2am s/off, in SS of course. I missed their call letters - beans in the ears, hi. A CBC AN noted all AM on 1430, about 2am // to CBL, is this CJNR? Also a strong OC noted all AM on 1440, almost HAS to be WBAB, does anyone know for sure? SM 1/28- WMSM-1320 Va. 6am s/on, PSA. They went into Gospel mx after s/on, & were heard u/WJAS until about 6:45. WRYP-950X Mass. o/WPEN @ 6:09. WINC-1400 Va. s/on 7am, mentioning WRFL-FM. Who had TT on 1060 from about 5:45-6:45 this AM? It was not strong, but noticeably interfered w/KYW. Going back to MM 1/22, WPHN was not heard on their TEST, nor was WILL. One verie this week, WVAM-1430 Pa. who sent v/1 & CM. This week, I plan to visit several local stations looking for a Sunner job. I will also ask WHLI-1100 and WTBE-1520 if they would be interested in a TEST. If WKEW ever decides to go off a MM, the WTBE TEST would prove interesting, what w/their "anti-skywave radiation system." If you have anything bugging you that you want to get off your chest, call WTBE's Gripe Line, MA7-9488, between 8:25 & 8:55am. 73s & C U N 7:

Ernest R. Cooper - 438 East 21 Street - Brooklyn, New York - 11226

Like Lon, one verie here; v/f from WMCS-1400-TEST, saying they broke down @ 12:12am, after s/on @ 12:06. Heard here 12:06-12:12, hi. DX: 1/24- KMTT-1560 r/c-TT logged on a very noisy AM. 1/25- WSEW-1240 heard briefly @ 5:57pm, nothing reprobable, though 1/26- Odd evening, no Aurora, but not much oomph to signals either, but it yielded a long-soughtie, WXTR-550, 7:16-8:03pm in/cut w/WHIM, nothing else at all on 550. SM 1/28- Finally, CHSC-1220, 1:07-1:12 s/off. An unID SS-860 w/Ranthero mx, might have been XENL? Heard 1:33-2:18 & on: WAYE-860 also testing at the same time, for a report. MM 1/29- SS-1020, Enisora-somebody, no other IDs, man/woman announcers, AN. Loud TT w/CKFR-1430 couldn't have been 500w. KALV, but who was it? UnID TT-1090 2:53-3:02 & on. WHN & WURL, locals, off today. Report on CHOO-1390 AN almost even w/WFBL. Guitar mx on 1060 @ 3:06-3:12, weak - who was this one? 1/30- Probably XEUN-860 w/the vilin sonatas till WIBC's 2am s/on-TEST, for report; a very welcome one thanks to Doug Lamerson! They played mostly cl mx, too, odd. TT-1420 @ 2:16, unID. C U N 7.

CONTRIBUTORS: Mail deadline is Tuesday AM, phone deadline is Tuesday night. Please submit information in IDXD format, preferably on standard 8½" x 11" paper, one side of the paper only. Take care to qualify assumed and tentative loggings as such to reduce the chance of errors of identification.

DX conditions during the past two weeks have included both periods of enhanced LA and TA reception. 1/15 saw a good high-band TA opening, with improved reception also noted on 1/16 and 1/17; some signs of TA activity also noted on 1/30. LA's generally good during the entire period - no obvious correlation between LA reception conditions and the scattered high-band TA openings experienced during the period. DeLorenzo, Mass. says, "I was really surprised by that good TA opening on the high band on 1/15!" Pete Taylor, Mass. noted "a lot of hets as well as very readable signals on 1/16." In Pennsylvania, Ben Dangerfield notes, "CX still very much LA here except for a brief period between 2300 on 1/15 into the AM of 1/16 when the dial from 1187 to 1602 was alive with TA's, and signals from some of the regulars were tremendous. Signals from 1187 to about mid-dial were spotty, and were weak the rest of the band, mostly non-existent." Starr, in Ohio, experienced "a relatively decent TA night 1/15 altho unseasonable noise level prevailed." In Kentuck, Conrad happily reports, "DX conditions have done a rapid and very welcome about face... TA's first noted AM of 1/15, fantastic (among the best if the best noted here) on 1/16, and 1/17 - ? I needed sleep by then!" The TA "opening" did not seem to extend to the West Coast; Kenney in California merely noted "Cx this week good to C/S America, fair to ECNA; no TP's or TA's but a couple of New Zealanders noted for a pleasant change." In Hawaii, Wood reports "generally sub-average, noisy conditions." The forecast - continued good LA conditions and sporadic TA/TP receptions, occasionally quite good at times; cx should begin to return to "normal" early in March.

\*On Reciprocal Paths. European DX'ers generally experienced very poor TA reception during the Xmas and New Year periods; major exception was ARC's Yngve Mattson, located in the very far North - above both the Arctic Circle and the auroral ring. He reports receptions including: CKSA-1080, WDGY-1130, CKXL-1140, KSL-1160, WOWO-1190, CKDA-1220, KTLN-1280, KOL-1300, and KCPX-1320. In addition, he reports many Alaskan receptions, including the new station at North Pole, KJNP-1170.

\*Spanish Sahara. I've managed to locate the original press release for the new stations of this country. According to Madrid's newspaper Pueblo, July 18, 1967, two new stations were inaugurated on July 19, 1967: a 50 kw operation at El Aiun, and a 10 kw rig at Villa Cisneros. The announced plan was to employ RNE technicians while local personnel were being trained and to transmit "public information, cultural and pure entertainment programs." It would therefore seem that the unit on 656 which is so well heard in Europe is the 50 kw unit, and that 998 is the 10 kw station at Villa Cisneros, relaying RNE and 656. (Ed)

\*St. Helena, the remote island in the South Atlantic (SE of Ascension) where Napoleon was exiled, is now conducting experimental broadcasts for educational purposes. According to an item that we discovered while reading that well-known publication, The St. Helena News Review, the transmissions are being carried on 1511 from a 500 watt transmitter. If reception is satisfactory throughout the island, the station will go into regular service later in the year. A great, but possible, catch from North America. (Ed)

\*Iran plans to complete their new 2 million watt MW transmitter by March 31 and to inaugurate tests at that time; RS is not expected until September. The station is located on the Kazvin Plain and draws power from the Rasht high tension powerline; future plans call for a power increase to 3 million watts. No freqs known yet. (FBIS)

\*Liechtenstein's plans to initiate a commercial broadcasting station have fallen through; the government there has decided against such an operation and has no plans for government-sponsored broadcasting. (ARC, Benelux)

\*Masirah Island in the Arabian Sea will be the site of a new BBC relay station, perhaps to replace the Perim Island station which recently closed down. This will count as Aden, I believe. (ARC)

\*Trucial Emirate of Sharja. This small semi-independent shiekdom near Qatar now operates two stations: Sawt as-sahil min al-imat al-mutasalihah, with 1 kw on 1250, and a 50 watt Air Force stn on 1480. (FBIS) Counts as a new country. (Ed)

\*The Pirate Situation. So many Pirates in operation throughout the world now that we'd better survey the situation by country:

**BELGIUM:** Radio Atlantis has operated on 1539 but is only on FM at the moment. This Pirate has found the best legal loophole to date, according to F. van Acker of Benelux: "On Friday May 12th, the 'boss' of the station asked to meet ... listeners at a certain restaurant at Ghent (where the transmitter is located) at 2345. I went and met the engineers and talked with them... It may sound mysterious, but there is nothing mysterious about this pirate station... (it is) owned by a Radio and TV repair shop with the name Radio Atlantis. How is it possible to broadcast for more than 4 years in Belgium without a license? Well the officials of R. Atlantis told me this: the Belgian law prohibits house-search after 2100 GMT. Therefore the station comes on the air at 2200 and the transmitter is moved after signoff at 2330. The Belgian Radio Investigation Department has already searched the house 8 times (during the hours allowed) but has found nothing." (Benelux)

**INTERNATIONAL WATERS:** "Two Dutchmen, Jacques Soudan and Pieter van Dijk, disk-jockeys of Radio 227, Britian Radio and Radio Caroline, have purchased the 75 kw transmitter of ex-Radio London, and they hope to come on the air from a fort 12½ miles off the British coast in May or June. The new station will be called Radio Swinging Holland. HQ in Utrecht. Tests on 1502, 1034, or 773." (SCDX)

**INTERNATIONAL WATERS (Ireland):** Radio Jacquelin is operating with an ERP of about 45 watts on 1385, apparently as a protest against the closing of the English pirate outlets; is using Caroline's slogan of "Freedom on the Air." Hrd around 2130. (ARC)

**NEW ZEALAND:** Radio Pegasus has been testing on 1235 with low power recently, according to newspaper accounts, but apparently has not been hrd on mainland; was operating off the coast of Christchurch (4½ miles). Says NZDXT: "Coast where it is indented to broadcast from is very exposed and I doubt that this stn will last long if it ever gets on the air."

:Radio Hauraki has been sunk, according to a UPI item sent along by Richard Mall: "New Zealanders were electrified to hear Hauraki's usual rock mx interrupted by an announcement that rough seas had forced the 160 ton vessel to up anchor and flee. The water cooler failed, resulting in an overheated engine, and the ship, the Tiri, was left drifting helplessly. The DJ's, deciding airwaves should prevail over seawaves, kept up a running account of the saga of the sea to thousands of listeners ashore. 'We are a bit frightened that the hull is going to cave in,' Paul Lineham shouted. 'Sending up flares... anchor being dropped... engine stopped completely... drifting on rocks... we have gone aground... abandon ship!' There was a loud crash. 'I love you mum and dad,' Lineham's voice was hrd as the water gurgled over the records and microphones. The crew of 7 scrambled to safety ashore Great Barrier Island and huddled around a fire throughout the night until rescued early yesterday."

\*Eskimos given used icebox! Dave Bennett has done a very fine job of tracking down the reported Eskimo broadcasting operations mentioned in past issues of IDXD. Dave's been in contact with Bud Orange, the M.P. from the NWT who first brought this story into the national press; Orange has supplied the following press release, dated December 22, 1967:

"An Arctic community got a Christmas present today when Transport Minister Paul Hellyer announced that arrangements have been made with the Department of Indian Affairs and Northern Development to provide temporary radio broadcasting service for the community of Pond Inlet on the northern coast of Baffin Island.

"Working with the Canadian Broadcasting Corporation a used short-range 20-watt standard broadcast transmitter has been made available. Overhauled by Transport technicians, the transmitter will be air-lifted to Pond Inlet by a Canadian Forces aircraft on a normal supply mission.

"On an experimental basis, the transmitter will be used to broadcast volunteer community operations on a 'pilot project' basis. Recently, Pond Inlet had its unlicensed station, which was in operation on amateur frequencies, closed down because northern commercial radio users complained that it was interfering with their operations."

No freq given, but with only 20 watts on Baffin Island (no relation to CHOAX, hi) don't get too worried about that. (Ed)

SINGLETON-ELIMINATOR FOREIGN CONTEST STANDINGS

\*As of January 15, 1968\*

1. Reynolds (Calif.) S: BEC27-1560, CX16-850, HCEW2-995, YSC-1015, KIMC-850, Vladivostok-1475, HJBW-812, Tahiti-1400, HJDA-1260, JOPB-760, JOUC-820, KORL-650, JOPC-1070, KFQD-750, HJKC-850, FEN-810, JOZB-1510, Vladivostok-1550, KIKI-830, JOCG-660, JOQC-1220, JORK-990, JOQB-1190, HJED-820, TIRS-975, JOIG-650. 12. Raczko (Ohio) S: HON-1500..... 14

No entries yet from Seaver or Rugg.

DEAD STATIONS (now ineligible): HCEW2, YNX, HJBW, PJB, Senegal, JOQG, JOKB, Montserrat, BEC27, and Tahiti.

NOTE: Where both S and E are newly awarded for a station, reception date is shown also. Those stns underlined have been awarded 10 BONUS POINTS for remaining as Singletons for 3 months. (Wood's entry for BEC27 was postmarked four days too late to prevent the bonus award to Reynolds; however, it is now eliminated.) More Bonus Points next month unless some of the earliest entries are eliminated.

REMEMBER: This contest runs until Sept. 1, 1968 so there is still time for lots of action. Just a few stations could really put you in the running. Receptions must be since 9/1/67 and stations must be at least 2000 miles distant.

FIRST PRIZE will be a 16 inch illuminated WORLD GLOBE with plastic cap for all sorts of measurements and a walnut stand. This is the National Geographic Society Globe which costs \$54.00. Many other prizes also. Contest Manager: Don Reynolds, 19055 Hollyvale St., Glendora, Calif. 91740

| 14. Venezuela (650, 910, 1020, 1080) | Panama (1045, 1501)               |
| 15. Bahamas (1540)                   | Brazil (1040)                     |
| 16. Jamaica (750)                    |                                   |

\* \* \* \* \*

How to Identify the Oceania Stations.

Australia: The ABC identifies on the hour thusly: three gongs (C-F-A), time announcement, 6 pips, short music and into news. On the half hour, "This is the ABC, broadcasting from ..." (The key station in the network is announced; e.g., on 2NR, 2CY-Canberra is the key and is announced. The commercial stns ID with the call letters.

New Zealand: The NZBC uses time pips on the hour and identifies as "1YC, Auckland, the time is ..." for example. Programming varies from the classical mx of 2YC and 1YC to the sports often hrd on the ZB's and the rock on some NZBC commercials. GSTQ at signoff is used.

Tonga: ZCO, Nuku'alofa identifies with chimes, a polynesian ID, then ~~EE~~ "this is the call of the Friendly Islands, ZCO, Nuku'alofa of the Tonga Broadcasting Corporation."

Western Samoa: 2AP, Apia Identifies thusly: Chimes, "You are tuned to 2AP, the Samoa Broadcasting Commission, the time is..."

(Randy Seaver, IRCA)

MONITOR REPORTS . . .

The editor calls your attention to the wandering Mexican, XECC, now on 998A.

- 560 Venezuela. YVLX 1/10 0410 in SS giving CA and Caribbean broadcast information. (Kilroy, Wash. DC)
- 584 Spain/France. Stayed up late trying for the Faroe Islands during the Danish elections but RNE pretty well covered channel; also a FF speaker u/RNE at 1915; who is this? (van Delft, Holland) ORTF, Paris, 5 kw. (Ed)
- \*\*620 China. Peking hrd w/Foreign Service RR in Sweden. (ARC)
- \*\*647 Botswana. BBC Relay now here ex-602; // 926 is still in operation. (ARC)
- 656 Spanish Sahara. Well hrd in Europe to s/off 1900. (van Delft, Holland) See IDXD feature item on Spanish Sahara this issue, Maartin. (Ed)
- \*\*665 Reunion Island. ORTF has a new high power outlet now on this channel; is currently being hrd in South Africa. (ARC) Just barely possible ECNA in mid-summer; fortunately this one is AN. (Ed)
- 680 Unid. Try for Bolivia found odd mx down u/CJOB around 0405 but nothing definite on 1/22. (Reynolds, Mo.) Got a tape, Bruce? (Ed)
- 695 Guatemala. TGHR, R. Mundial ID at 2135; fairly good but TVI. (Heinen, N.Y.)
- 730 Guatemala. TGN? Religious pgms in SS 0610-0630 1/15; good signal; bungled tape recording but definitely Guatemalan, announced MW and SW relay. (Kenney) TGN is definitely a missionary stn, Don, but all of my lists say 720. Check again, please. (Ed)
- 760 Guyana. Hrd w/woman announcer ending newscast 1815 1/10; faded rapidly after 1818. (Lamerson, N.Y.)
- \*\*771 Colombia. HJJK Bogota noted here 2315 1/29 w/ID. (Conrad, Ky.)
- 790 Colombia. HJDC, R. Quince (15), ID at 0451, pop songs. (Objfo, D.R.)
- 780 Barbados. R. Barbados noted with (guess what) "Money Can't Buy Me Love" 0520 1/15. Next time you use an example for the Simultaneous Listening Contest, could you pick something a little less mundane? (Kenney, Calif.) (OK, Don, how 'bout: Radio Hauraki, the Shipwreck Program?)
- 793.4 Unid LA. SS mx, no announcements through TVI 1/6 and 1/7. Who? (Heinen, N.Y.) See IDXD 10/28 - 11/18 for last go-around on this one, Wayne. (Ed)
- 800 Mexico. XELO, Ciudad Juárez, Chih. w/Cielito Lindo, ads 0454. (Objfo, D.R.)
- 820 Unid SS. SS under the Colombian, HJED, on MM 1/22 playing US pop oldies and Latin mx; first noted at 0350 and held until 0430 f/out; gave stn ID at 0421 and I believe I caught the words "Altiplano" & "La Paz" but can't be positive due to HJED and a HNL that AM; will keep trying. CP35, L.V. de Altiplano is listed only 1 kw. (Reynolds, Calif.)
- 825.0 Unid SS. TIOS believed to be the one hrd around 2120 1/7 w/U.S. type good mx. (Heinen, N.Y.)
- 836 Azores. This 1 kw stn is very strong here in Madiera. (Ericson, Madiera)
- \*\*845 Italy. RAI AN program is still here according to latest RAI sked. Checked 1331 and found nothing there; must have moved back to 845. (Ed)
- 860 Dominican Republic. Hoffman's unid in 1/13 IDXD isn't HISD since this stn usually s/on 1100 (will be 1200 when time changes) and s/off 2000. (Objfo, D.R.)
- 875 Cuba. Very weak w/nx 0410 1/7; strong 1/8 MM but more QRM. (Kilroy, Wash. DC)
- 880 Dominican Republic. HIOR, R. Santa Cruz finally logged on 1/22 0402-0428; Rosary until 0417½, then mx and many ads; good signal but bad WJW (!) TT QRM. (Krejny) HIOR hrd 0414 1/7 w/children chanting Rosary; bad WCBS QRM. (Kilroy, Wash. DC)
- New Zealand? Classical mx 0430-0500 1/19 probably 1YC; 2YC-660 fair earlier the same morning. (Kenney, Calif.)
- Unid LA. Noted 4 note IS 0256 1/20; killed by TGJ s/on but I believe this one is OBZ4N, Peru. (Kenney, Calif.)
- 885 Nicaragua. YNKW sounds a lot stronger than last year; copied 1/6 - 1/7 for report; not R&R any more. (Heinen, N.Y.)
- Unid LA. AN on 1/8; may have been YNKW but ID sounded more like R. Universal than R. Libertad. (Heinen, N.Y.) Possibly the new Cuban, Wayne. (Ed)
- 890 Dominican Republic. HIJP, R. Continental nicely on top of channel on 1/22 at 0503 w/R. Reloj Nacional pgm; ID listed 3 other affiliates, HIAM-660, HIF-960 and HIBO-1450. (Reynolds, Mo.) HIJP logged 1/22 w/nice signal 0516-0536 w/nx pgm named R. Reloj Nacional (!) and many ads. (Krejny, O.)

- 890 Unid SS. S/on 0530 on MM 1/8 w/"R. Nacional de Portas a porto" announcement. (Kilroy, Wash. DC)  
Colombia. HJCE noted at various times w/LA mx and ID's as HJCE and L.V. de Bogota. NSP? (Kenney, Calif.)
- 911 Honduras. HRVS, R. Catolica, L.V. de Suyapa hrd w/amazing signal strength, clobbering U.S. stations at 0505 and past 0530 1/22. (Reynolds, Mo.)
- \*\*926 USSR. Ivano is the Soviet stn here. (Tepilov, USSR, ARC)
- \*\*998 Spanish Sahara. Believed to be 10 kw outlet at Villa Cisneros on this channel; cf IDXD feature item this issue. (Ed)
- \*\*998A Mexico. In an obvious move to ruin my chances for Moldavia and Spanish Sahara, XECC-960 spur was here, down from 1002A on 1/23 around 2200 w/prerecorded TC's; audio readable only by detuning Q multiplier. (Hauser, N.M.) Probably has something to do with R. Americas, Glenn. (Ed)
- 1000 Virgin Islands. WBNB s/on 0505 w/SSB and ID, then mx; unid carrier (not WCFL) on freq making SAH w/XEOY; this on MM. (Kilroy, Wash. DC)  
Nicaragua. R. Mil s/off 0105 w/anthem; way over WCFL carrier and WKMK-DX. (Heinen, N.Y.)
- 1020 Venezuela. YVMX noted 0457 s/on 1/21 w/NA followed by LA mx thru 0530; chimes noted during commercials very similiar to R. Rumbos relays. Bet they're going to wonder why everybody's hearing them all of a sudden. (Kenney, Calif.)
- 1024A Nicaragua. YNVOZ, R. Reloj de Nicaragua, "YN voz" was noted here on 1/25 2334-2359 s/off; nice signal but heavy US QRM and deep fade hurt. (Krejny, O.)
- 1030 Mexico. XEQR over WBZ and almost loggable 1/6 about 2230. (Heinen, N.Y.)
- 1035 Haiti. 4VEF on RS 1/23 at 2100. (Johanns, N.Y.)
- \*\*1040 Dominican Republic. New stn in Santo Domingo testing; ID as HION and are asking listeners to select a name for this station. (Objfo, D.R.) How 'bout R. Mil? Ed  
Colombia. Regarding an ad mentioned on this freq on IDXD 1/13: "Costeña" ('Costal female' or something from the 'coast', feminine gender) is a beer, not "sleeping pills". Bavaria is another beer. (Objfo, D.R.)
- 1045 Panama. HOJ2 audible but no copy due to TVI; hrd good 1/7 2055-2110. (Heinen, NY)
- 1070 Colombia. Emisora Atlántico, HJAN, Barranquilla (La Onda de la Alegría) now hrd very strong; formerly not hrd so well. 10 kw. (Objfo, D.R.) HJCG is the dominant HJ- here at 0400 1/15; LA mx w/ID's and TC's between songs; no sign of (a) Argentina, or (b) French Guiana, or even (c) another Colombian. (Kenney)
- 109 Unid LA. Hrd quite well at 0530 s/on MM 1/22; announced call and "Radio Exigo" or (Exito) which he spelled out; the last letter of the call seemed to be "O". Help. (Reynolds, Calif.)
- 1180 Dominican Republic. HIBE, R. Mil, now s/off 2300 local time (2200)EST). (Objfo)
- 1200 Dominican Republic. HIDV, R. Santa Maria, nice signal around 0435 1/22. (Reynolds, Mo.) HIDV very loud 0421-0426 1/9 w/nx and mx. (Kilroy, Wash. DC)
- 1235 Bermuda. ZBM1 regular by nulling local on 1230; especially good this last week during nights of good LA reception. (Heinen, N.Y.)
- 1295 Ukraine. Vinnitsa is operating on this channel. (Tepilov, USSR, ARC)
- \*\*1331 Madiera. Emisora Reginal da Madiera is on this channel on an experimental basis 1400-1800. (Ericson, vacationing in Madiera)
- 1335 Honduras. HRH6, R. Mundial split well 1/7 0109-0143 for nice report; LA mx, slower than most, SS announcements and 1 commercial noted. (Heinen, N.Y.)
- \*\*1358 European USSR. Moscow program III is operating on this channel. (Tepilov, USSR)
- \*\*1394 Georgia. Tbilisi is on this channel and s/on 2200. (Tepilov, USSR, ARC)
- \*\*1420 Guadeloupe. According to a recent QSL letter, this 4 kw outlet is not yet on the air. (Foxworth, N.J.)
- \*\*1439 European USSR. The Soviet stn on this channel is Syktyvkar in the Komi ASSR (1000 km NE of Moscow). (Tepilov, USSR, ARC)
- 1457 England. Clevedon, et al. noted w/fair-good signal 1/26 around 0214 (Krejny, O.)
- 1466 Monaco. Good signal on 1/12 in FF playing pop tunes w/a few US tunes mixed in at 0136; male announcer. (Lamerson, N.Y.)
- 1480 Puerto Rico. WMDD s/on w/ID in EE and SS 0410 1/8; hrd until 0444 although WABB after 0420. (Kilroy, Wash. DC)
- 1484 Unid TA. Stn definitely in Italian noted 0000 1/30. (Conrad, Ky.) About 8 kw of RAI outlets on this channel, Jerry. (Ed)  
Madiera. Estacao Radio da Madiera on this channel has best programming. (Ericson)

- 1520 Unid SS. Stn in 1/20 IDX D could not be HIBL; s/off 2300 EST. (Objfo, D.R.)
- \*\*1529 Madiera. R. Funchal is a very Portugese stn and they have lots of fados in the record library. (Ericson, vacationing in Madiera)
- 1538 Germany. Mainflingen either AN or on early; definite ID 2330 1/29. (Conrad, Ky.)
- 1546 Unid TA. Frustration-ville! Noted strong OC here on 1/26 0156-0158; TT for about a minute, then OC until 0200; time pips on the hour but only very very weak audio thereafter; perhaps man w/nx. Sound like BBC Third Service? (Krejny, Ohio) Yes. (Ed)
- 1554 France. ORTF, Nice like a ton of bricks 12/21 at 0131 w/man in FF; even better 0117 on 1/12 w/same format. (Lamerson, N.Y.)
- \*\*1560 Dominican Republic. R. El Mundo de Los Minas, new stn has been operating some time now; Los Minas is a suburb of Santo Domingo across the Ozama River and far to the north east; 3 or 4 miles from the commercial district. No other information yet. (Objfo, D.R.)
- Mexico? EE stn playing American records from 0408-0502; no ID's hrd however mentioned "Music in Mexico every Sunday night at 10 pm"; looped SW - XEVIP? (Lamerson, N.Y.) Almost certainly, Doug. (Ed)
- \*\*1562 USSR. Moscow program III is operating on this channel. (Tepilov, USSR, ARC)
- International Waters? R. Veronica hrd here on several occasions in DD or GG w/ both man and woman and occasional record of pop variety; first hrd on 12/23 at 0130 and also on 12/27 at 0147 and 1/5 at 0123; seems to fade rapidly beyond 0200. (Lamerson, N.Y.) See last week's IDX D, Doug. (Ed)
- \*\*1570 Crete. AFRTS, Heraklion logged 2100 in Sweden. (ARC) Sigh. (Ed)
- 1575 Unid SS. Stn listed in IDX D 1/20 could be R. Columbia, TICA; is hrd very strong here; no QRM. (Objfo, D.R.)
- Costa Rica. ID's as R. Columbia canal dos (not seis as listed) and is // 1175 and 725; is it a new one or have they switched around again? All 3 channels audible here early evenings. (Conrad, Ky.)
- \*\*1578 Italy. Probably the RAI stns hrd 1/16 from 0030 through about 0105, off and on, w/EE lessons the first half hour; time pips, some dead air, short spot at 0100 and an ID that sounded like "Jovnal Radio" about 0101½; something readable u/it; probably the Portugese. (Taylor, Mass.) From listening to your tape, Pete, and my own reception 1/30, it's definitely RAI. The program following the EE lesson is called "Giornale Radio" (Radio Newspaper); got an RAI ID after the nx 0115 on 1/30. The second stn on the tape was PP. (Ed) Krejny, Scrimgeour, Conrad: your recent loggings on this channel probably RAI also. DXWW: note that there is listed a total of 20.4 kw of RAI // outlets on this channel. (Ed)
- \*\*1580 Dominican Republic. HIWJ, R. Samaná is back on this freq. (Objfo, D.R.)
- 1594 Unid. Stn w/mx 2245; who? (Conrad, Ky.) Exact freq, Jerry? See next item. (Ed)
- 1594.3 Unid SS. New stn here w/mx similiar to HJAC and two announcers, a woman and a man; very poor copy due to QRM; noted 0035-0105 1/18; may be new Cuban freq. (Heinen, N.Y.)

\* \* \* \* \*

V E R I F I C A T I O N S . . .

- 570 COLOMBIA. HJND, v/l from Inst. Nacional de Radio y Television; reply in 3 weeks with "your information is exact and agrees with our log" in SS, but no mention of date, time, or freq. V/s German Pinzon M. (Kilroy)
- 640 GUADELOUPE. V/l in FF in two weeks from Pierre Salaun, Chef du Centre d'Arnouville; gives power on 640 as 20 kw and indicates that 1420 is not yet in operation; QTH: B.P. 402, Pointe-a-Pitre. (Foxworth, N.J.)
- VENEZUELA. YVQO, Cndas Portañas sent v/l from Ezequiel Bellorin A.; QTH is still Apartado 4123. (Krejny, O.)
- 810 AUSTRALIA. 2BA sent standard v/q. (Reynolds, Calif.)
- 840 AUSTRALIA. 4RK, new ABC card, all details, from Brisbane. (Wood) Standard ABC v/q. (Reynolds, Calif.)
- 843 THAILAND. V/q showing date, time, and freq and my name; printing reads: "With thanks we beg to verify correct your report on 2nd. November 1967." Signature of v/s seems to be in Thai alphabet; postmarked 11/23 and received here 1/26 via surface mail; power given as 50 kw. Verified country #68 and my greatest distance, 8455 miles. (Reynolds, Calif.)

- 855 NETHERLANDS ANTILLES. PJC2, R. Curom sent v/1 in EE explaining the Papiamento language which is a mixture of PP, SS, and EE; v/s is Carlos Evertsz. (Reynolds, Calif.)
- 860 AUSTRALIA. 4GR, friendly v/1 from R.J. Stevenson, Manager, P.O. Box 111, Toowoomba, Qld. (Wood)
- 885 MONTSEERRAT. Plymouth w/air v/1 in 25 days; positive QSL by Joyce M. Roach, Sec. My 67th country and 3000 th QSL. (Reynolds, Calif.) Lengthy v/1; QTH: P.O. Box 51, Plymouth. (Starr, O.)
- 890 HAITI. 4VEH, v/q w/date, time and freq for reports on 4VEF-1035 and 4VEC-890; transmitters are in the salt flats and are powered by diesel generators. (Johanns)
- 910 AUSTRALIA. 4QB sent v/q on standard ABC card. (Reynolds, Calif.)
- 920 MIDWAY I. KMTN, v/1 from Jerald H. Riggs, JO2, USN, Station Manager; QTH: Public Affairs Office, U.S. Naval Station, Box 2, FPO San Francisco 96614. (Wood)
- 960 BERMUDA. ZFB1; v/s Barry J. Roche, C.E.; QTH: Box 652, Hamilton. (Heinen)
- 975 COSTA RICA. TIRS sent v/1 from Apartado 2208, San Jose from Gerente. (Reynolds, C)
- 1000 VIRGIN ISLANDS. WBNB sent v/1 from Mrs. Karen Steers; QTH: Island Teleradio Service, Inc., P.O. Box 1947, St. Thomas. (Johanns, N.Y.) V/1 promptly; returned my postage; v/s Frederick P. Kunzmann, CE. (Kilroy, Wash. DC)
- 1040 VENEZUELA. YVLB, L.V. de Carabobo sent thank you note which I am counting for a QSL; v/s illegible but address is Av. Bolivar, Edif. Degwitz. Interesting to note that their letterhead proclaims YVLA as MW and YVLB as SW; all lists have the reverse, however. (Krejny)
- 1220 MEXICO. XEB sent multicolored v/q, initialed; QTH: is Rio de la Loza 212; card for XEDF, XERPM, and (circled) XEB. Veried in past? (Floden) Yes. (Ed)
- 1050 MEXICO. XEG, usual v/q in 2 weeks; one of which was spent from Monterrey to Ottawa; metered in Mexico. (Floden)
- 1075 COSTA RICA. TIFC, v/q in EE; v/s Jerry Frost. (Kilroy, Wash. DC) TIFC, specific v/q; address is Box 2710; power is 5 kw; will accept reports in EE. (Starr)
- 1130 JAPAN. JOQR sent attractive but inspecific card; returned for completion. (Wood)
- 1196 GERMANY. VOA, standard v/q from Washington in 5 days. (DeLorenzo)
- 1330 AUSTRALIA. 4BU, attractive card, all details. (Wood)
- 1335 HONDURAS. HRH6, R. El Mundo, v/1 from Federico Battistello S. Gerente Prop; mentioned Stan Morss' 1/1 report; QTH: Apt. Postal - 210, San Pedro Sula; country #11 here. (Heinen)
- 1394 AUSTRIA? Received QSL from Vienna even though report sent to Tirana! (Conrad)
- 1400 TAHITI. ORTF, Papeete; mermaid card w/date and time but no freq; returned for completion and back already so completed. (Wood)
- 1480 PUERTO RICO. WMDD v/q from C. Soto Perez, CE. (Kilroy) WMDD, P.O. Box 387, Fajardo, sent v/q. (DeLorenzo)
- 1550 ASIATIC RUSSIA. Airmail v/1 and v/q; freq is shown but no location; card from R. Moscow w/wording as specific QSL but no location given. (Reynolds, Calif.)
- 1586 GERMANY. Langenberg, specific EE v/q and returned tape; power is 600 kw but will be raised to 800 kw. (DeLorenzo)
- 1590 AUSTRALIA. 5MV, Renmark; older style ABC v/q, direct from Renmark. (Wood)

\* \* \* \* \*

T H E C R E W . . . Special greetings this issue to Doug Lamerson, N.Y. & M. van Delft, Holland. And tnx to the regulars: Bengt Ericson, vacationing in Madiera; Paul Kilroy, Wash. Credits to Arctic, IRCA, RNYWW, Benelux, SADXC, ARDXC, CDXC, NZDXRA, WZDXRL, FBIS.

Good DX,

Admiral Nelson

- A** (After hours: Midnight to sunrise DX)
- 600 WCAO-Md 1/21 @ 0245 noted off, usually NSP. (Paul Kilroy, DC)  
620 WVNJ-NJ Intermittent TT hrd 0013-0015 MM 1/22, OC noted at 0033.  
(Lon Berman, East Meadow, NY)
- 630 WMAL-DC OC/TT hrd 1/22 0510-0521 & on. (John Javetski, Richmond Hill, NY)
- \* 650 WMUC-Md 1/29 0230 w/ID U. of Md campus limited, much lower than usual. Veried my 11/20 rpt, about 15 miles away. (Kilroy R/c 1/16 w/TT weak, 0244-0259, IDs every 5. (Javetski)
- 790 KFGO-ND TT at 0354 1/29-- heard from 855-910! (Jeff Ross, NY)
- 880 WCBS-NY Had F/C TT 4th SM- 0145-0200. (Ev Johnson, Mendota, Ill)
- 900 KTIS-Minn Had F/C TT 2nd SM 0255-0315. (Johnson, Ill)
- 960 KNEB-Neb S/off w/SSB at 0158. (Tom Hartloff, Nyack, NY)
- 970 WJRZ-NJ Had R/C TT 2nd Sat 0200-0215- (Johnson, Ill)
- KDCE-NM R/c 1/8 clear channel. So loud I thought it was WCFL. (TH)
- 990 WCAZ-Ill Hrd on test 4th MM 0115-0153 s/off. (Johnson, Ill)
- 1000 WSPF-NC Had ET/mx-old rr 0122-0134 on 1/22. (Javetski, NY)
- 1010 WINS-NY On 0324 1/22. (Bob Karchevski, Watertown, Mass) Has anyone been able to notice a definite MM sked for him? (rk)
- 1050 WHN -NY Hrd on R/C 12/9- 1/13- 0110-0120. (Johnson, Ill)
- 1060 KNLV-Neb MM s/off S9 1/22 0101 w/SSB. (Javetski, NY)
- 1150 WJBO-La Hrd R/c 1st WED (Johnson, Ill)
- 1220 WCLB-Ga Had f/c, ET/mx 1/25 0050-0120. (Javetski, NY)
- WLSA-Va RS s/off:0116:1/27. (Ralph Johanss, Buffalo, NY)
- CHSC-Ont Was on f/c TT 2nd SAT 0230-0245. (Johnson, Ill)
- 1230 KLWT-Mo Wx for Kingston hrd 1/25 @ 0040. (Javetski) Hmmm... (rk)
- WISP-NC
- 1240 KAKE-Kans 1/28 0430 w/HI way over all. (Kilroy, DC)
- KFMO-Mo Has R/C 1st WED, per verie 0130-0145. (Johnson, Ill)
- 1250 KALO-Ark Had F/C-TT 2nd SM 0200-0215- (Johnson, Ill)
- 1270 KIML-Wyo Had f/c TT 4th SAT 0115-0130- (Johnson, Ill)
- 1310 WNAE-Pa Hrd on test TT 2nd SAT 0215-0220. (Johnson, Ill)
- 1320 WJAS-Pa Noted AN 1/18. (Wayne Heinen, Buffalo, NY)
- 1340 WKSJ-NY On top 0155-0205 1/16 w/rr. (Javetski, NY)
- 1350 WKCU-Miss r/TT/c 1/19 0240-0251/off. (Johanss, NY)
- WHIP-NC 1/21 doing TT & Mx/c 0256-0331/off. (Ralphie)
- 1370 KDTH-Iowa Had TT 2nd Tues 0130-0145- (Johnson, Ill)
- 1380 KCII-Iowa Hrd on R/C 1st SM (Johnson, Ill)
- 1400 WMCS-Me DX 1/20 hrd w/TT/OC 0006-0011, good level. Who had TJB mx 0012-0025, WMCS? (Javetski, NY) R/c: Third Sat at 00-00, per test verie. (Berman, NY)
- N11 No WILI-DX unless they were the TT u/unID RS station & Bflo's #\$\$&(%) #1-WYSL. (C'mon, Tom, the language in this column is getting atrocious -rk) If they went off I could hear WILI and KOMA-1520 to boot. (Hartloff, NY)
- 1410 KNOP-Neb Had F/C TT 2nd SM, verie says not reg. (Johnson, Ill)
- 1440 KEWI-Kans Heard w/ET/MX 0300 1/29. (Jerry Starr, Youngstown, O)
- WBAB-NY Hrd ID @ 0110 1/22, had OC all AM. (Javetski, NY)

 KGMO-Mo F/C TT 4th SAT 0100-0115. (Johnson, Ill)  
 WYNA-NC Had test SM 1/21 0120-0214, mx, TT. (Johnson, Kilroy)  
 WKYE-Tenn ET 1/17 0013-0031. (Javetski, NY)  
 1560 WSMD-Md TT/Oc/Tst'g hrd: 1/27 0152-0249 $\frac{1}{2}$ /off. (Johanns, NY)  
 WTNS-Ohio TT/c 0445-0454 (thru: WRSJ PR on RS) on: 1/17. (Ralphie)  
 WBOL-Tenn Hrd R/C TT mx 1st WED (Johnson, Ill)  
 WFSP-WVa ET/TT/mx 0145-0200 & on, 1/27. (Javetski, NY)  
 1580 KCHA-Iowa r/c: rock/roll: not: OC, 1/26 hrd: 0133-0158 $\frac{1}{2}$ /off.- (Ralphie)  
 UnID Just tuned in time to hear "...This concludes the test."  
 Great signal. Who? This at 0246 on 1/29. (Starr, Ohio)  
 1600 WAVC-Ga 1 faint Test call at 0339 W(AVC) Warner Robins Ga- (RMJ)  
 \* WWRL-NY Was OFF RS from 0000 1/29, had TT on/off until about  
 0100, then OC. CJRN also apparently off. (Javetski, Ber-  
 man, NY)  
 \* WCPK-Va New, Chesapeake. Had ET/mx/OC 0205-0333 1/29. New VJ  
 lists call incorrectly as WSJT. WWRL, KLAQ/AN etc. (Jo-  
 hanns, NY; Starr, Ohio)  
 WCWC-Wis 0105 MM s/off hrd thru WWRL OC 1/29. (Berman, NY)

B (Sunrise s/ons, PSAs, daytime DX)

- 1150 CKOC-Ont S/on 0504 1/8. (Johanns, NY)  
 1290 WHKY-NC 1/26 0405 s/on. (Kilroy, DC)  
 1320 WDMS-Va SM 0600 s/on hrd 1/28. (Berman, NY)  
 1380 WFSR-NY SM s/on is 0730, hrd 1/28. (Javetski, NY)  
 \*1395A WNJL-Pa On the air 1/26 and 1/28 1200-1630 w/typical outlaw rr  
 format, looped due north. Seems to be in Overbrook Hills  
 area of Philly as 1/28 was spent there and perfect sig-  
 nal over most of area checked. Next step: accurate map  
 of Philly, ruler & pencil, Heathkit GR-24 portable and  
 car, will take up by the WPEN XR site. Hope I can get  
 them before the FCC does, guesstimated running close to  
 10 watts. (Dave Schmidt, Chester, Pa)  
 1400 WINC-Va SM 0700 s/on hrd 1/28. (Berman, NY)  
 1480 WHBC-Ohio SM s/on is 0655, hrd 1/28. (Javetski, NY)

C (Sunset s/off's &amp; DX until midnight)

- \* 540 WSJR-Pa (St. Joseph's College, Philadelphia) Noted on 1/12-13,  
 call to them confirmed it was they. Noted 1805 after  
 WGTO s/off at 1800, solid S6 here until HICM takes over,  
 all rr. (Schmidt, Pa)  
 860 WKKO-Fla 1745 s/off hrd 1/17. (Berman, NY)  
 1440 WNPV-Pa 1700 s/off hrd 1/17. (Berman, NY)  
 WHIS-WVa 0007 s/off hrd 1/20. (Berman, NY)  
 1540 UnID Hope nobody tried to ID OC here 1/17. Noted at 1800 on  
 1/17, evidently a daytimer forgetting to shut down XR  
 after s/off. From signal strength here suspect local  
 WNIO. Was not a test. (Starr, Ohio)  
 1580 WPKY-Ky 1/22 1800 s/off. (Kilroy, DC)

PLEASE REMEMBER: ALL YOUR GRAVEYARD DX, PSAs, ETs, S/ONS, S/OFFS, ICE-  
 BOX (LPRT), PIRATE, COLLEGE STATIONS, AN & F/C CHANGES ARE SOLICITED.
