WLUX-1550 - P.O. BOX 2550, Baton Rouge, LA 70821-2550 will present a Special DX Test on October 13, 1990 beginning at 0630 ELT. The test will contain Morse Code ID's. Address reports to Mr. Ted Sauceman, General Manager, WLUX-1550. Both tests arranged for the NRC by the Colorado CPC Machine.

WFAW-940 - P.O. BOX 94, Fort Atkinson, WI 53538 will present a unique DX TEST on October 14, 1990 from 0500 to 0600 ELT. A special announcement for the National Radio Club will be aired using their daytime mode as a TEST from 0500-0530. This announcement will contain a morse code ID. This will be mixed with WFAW's normal music programming. WFAW will be using its nighttime facility from 0530-0600. If this test works well, other tests from other Goetz Broadcasting stations may be forthcoming. Our thanks to Mr. Clifford J. Groth VP Engineering for this fine opportunity! Arranged by the Colorado CPC Machine for the National Radio Club.

KVOX-1280 - P.O. BOX 97, Moorhead, MN 56561 will present a unique DX TEST on November 4, 1990 from 0600 to 0630 ELT. A special announcement for the National Radio Club will be aired during this time period. This announcement will contain a morse code ID. This will be mixed with KVOX's normal music programming. KVOX will be using its nighttime facility. Our thanks to

Mr. Bob Holtan General Manager for this fine opportunity! Arranged by the Colorado CPC Machine for the National Radio Club.

KLEY-1130 - KLEY Drive - Wellington, KS 67152 will conduct a special DX TEST at 6:30 am EST with tones, march music, Morse code ID's. Arranged with Vernon Napier, Chief Operator, by the Colorado CPC Machine for the National Radio Club.

WITZ-990 - P. O. Box 167 - Jasper IN 47547 will conduct a special DX test November 5 from 5:30-6:00 am EST. Arranged with Gary Lee, who would like any NRC member close to Jasper to contact him and tell him more about the NRC. Arranged by the Colorado CPC Machine for the National Radio Club.

WSYB-1380 - P.O. BOX 249, Rutland VT 05701 will conduct a special DX TEST on November 11, 1990 from 0530 to 0600 EST. This test will consist of normal AdCon music program with interspersed voice and morse code ID's. Our thanks to Mr. Tom Elmore for this test. Arranged by the Colorado CPC Machine for the National Radio Club.

WARU-1600 - P.O. BOX A, Peru, IN 46970 will conduct a DX TEST on November 12, 1990 from 0200 to 0230 EST. This test will consist of Voice ID's, Code ID's and March music. We would like to thank Chief Engineer Mr. James L. Swearingen for this test. Arranged by the Colorado CPC Machine for the National Radio Club.

KRXY-1600 - 7075 W. Hampden Ave. Denver, CO 80227 will conduct a SPECIAL DX TEST on November 12, 1990 from 0230-0300 EST using 5000 non-directional. The test will contain both Morse Code and Voice ID's. KRXY will be silent for the preceding 1/2 hour and will be conducting routine maintenance. Our thanks to Girard M. Westerberg Chief Engineer. radio CPC Machine for the National Radio Club.
KOJM 610 - P. O. Box 700 - Havre, MT 59501
 will conduct a DX test from 2:00-2:30 am EST.
 Arranged with Rob Yaw, CEO, by the Colorado CPC
 Machine for the NRC.

From the Editor ... Wayne not only has the
 audacity to push me off the front page this early
 in the season ... but then he calls and adds three
 more tests to the list! Will he never cease, hi?!

At least two key contributors did not show up
 by deadline time, so what I had planned to be a 48-
 pager during a short weekend turned into a 24-
 pager. On hold are several columns and articles,
 including the Vol. 37 Index (yep!) and John
 Mallick's account of the Pittsburgh convention,
 which attracted, officially, 63 to the banquet and
 79 overall, including visitors. It was a fine one,
 John, and hats off to you and your convention
 committee for putting it on. Next year's conven-
 tion will travel about 100 miles south to Bridge-
 port, WV, where Bill Swiger (and family) will host
 NRC'ers. And before you ask, "Where in %&%\$#@ is
 Bridgeport, WV and how do I get there? ... this
 little city has better air connections to the rest of
 the world than does Topeka, the capital of the fine
 state of Kansas. And, no, it won't be a sleeping bag
 convention, as Bill has his pick of several hotels in
 town.

The National Radio Club is looking ahead to

what the state of AM DX will be, not only next year,
 but in the next century, and if you read the article
 on digital broadcasting in #29, you probably real-
 ize now that DX'ing as we now know it will not
 exist in the next century. Accordingly, don't be
 surprised at changes and additions to DXN in the
 next year, and don't listen to rumors, either. We'll
 announce them all as we nail down plans for each.

A reminder for contributors ... please be care-
 ful as to where you send your contributions and
 clippings. Any clippings or loggings dealing with
 format changes, not DX, should go to Tony Fitzher-
 bert. If you're in doubt, send
 clippings to Topeka and I'll
 forward them, but there will
 be a delay of several weeks
 before the information sees
 print.

They joined ... Joe Dilco,
 Waterbury, CT ... James
 Gannon, Gallinburg, TN ...
 Clyde Halliday, Scarborough,
 ON ... Fred Tankersley, Glen-
 dale, AZ ... and rejoining is
 Page Taylor, Butler, NJ.

DXChange ... Ernie Weso-
 lowski again is offering a vide-
 o-tape of the convention ... see
 below for details.

Facts About NRC's DX Audio Service

The DX Audio Service, now in its third year of operation, provides the ONLY monthly broadcast news cassette service to the DX community.

The DX Audio Service, available to anyone anywhere, is designed to inform the radio listener in a way that is pleasing and informative. Many of the announcers on the service are professional broadcasters giving their free time to give the listener the finest service available.

DXAS was started to provide broadcast information, both AM and FM to the blind DX listener. It has evolved into a service which provides useful material to all types of listeners. Many of our subscribers listen to the tape to and from their place of work while driving down the road.

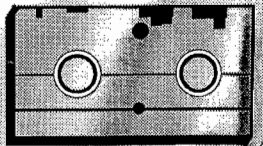

One-year subscription, subscriber keeps the cassette each month: \$25

One-year subscription, subscriber returns the cassette each month by the 18th of the month for reduplication: \$12
 Sample copy, back issues of DXAS: \$3

Cassettes are mailed by First Class mail, on or about the 20th of the month. Information, subscriptions, renewals, sample copies, write to NRC DX Audio Service - P. O. Box 24 - Cambridge, WI 53523-0024. For back issues: NRC Publications Center.

Highlights of the 1990 Convention

Now available on VHS videotape ... four hours of what really happened at Pittsburgh '90! \$20.00, postpaid; \$5 will be donated to the NRC. Order from Ernie J. Wesolowski - 13312 Westwood Lane - Omaha, NE 68144-3543

OTHERNESS

560 *New NF Marytown: allocation DELETED
 700 WREH VA Reston: although this new station was granted, the FCC has remanded it back into hearing with the previously unsuccessful applicant for this frequency in Walkersville, MD. The Reston station grant was partially based on the FCC decision that the city of Reston had a greater need for a first local service. Now the dismissed applicant for Walkersville has convinced the Commission that both facilities could be expected to serve the metro Washington, DC area, therefore the application with the better coverage of the market should be the one granted. WREH was granted 250 D1 while the Walkersville application was for 5000 D3. More on this later after the cumbersome process of hearings is concluded.

730 WDKT AL Madison: station is SILENT
 740 CHCM NF Marystown: station is here with 10000/1000 U2, ex-560 kHz
 760 *New BC Abbotsford: allocation DELETED
 810 KMIX NM Santa Fe: station went SILENT 8-1 and will remain so until new owner locates a new XR site. Presently the state capital of New Mexico has only one operating AM station

910 WBNI VA Roanoke: station is SILENT
 990 WKXC SC Aiken: station is SILENT
 1070 *New AB St. Albert: allocation DELETED
 1110 KHEI HI Kihei: silent station is back ON THE AIR
 1120 WYNO OH Nelsonville: station is SILENT pending sale
 1130 WVEF SC Camden: station is SILENT
 1160 WAMB TN Donelson: in another precedent setting move, the FCC has granted this station relief from Cuban interference by broadcasting their night programming on a low power (75 watts) FM repeater at 106.7 MHz. FCC engineers have determined that this power level will provide WAMB with the same night coverage that they could expect from their 1000 watt night signal if the Cuban interference was not present. The night AM operation will continue as normal.

1230 KLIC LA Monroe: silent station has been sold, expected to return soon
 KSBN WA Spokane: silent as KRSS, station is back ON THE AIR
 *New BC Castlegar: allocation has been DELETED
 1240 WJDQ MS Marion: application to move to Meridian, MS has been DISMISSED
 1330 WDLZ MI Flint: station went SILENT 8-20-90, owner claims station will return with new format but no target date is being mentioned

KENU WA Enumclaw: station is SILENT
 1350 WCHI OH Chillicothe: station is SILENT
 1360 WHBG VA Bridgewater: application to decrease power to 2000 DISMISSED
 1400 WXXY GA Alpharetta: after an unsuccessful attempt to find a buyer for this facility, owner has surrendered his license to the FCC, facility and call has been DELETED

1410 WRNB AL Prattville: station is SILENT
 1440 WIRE IL Normal: station has been SILENT, now has surrendered license to the FCC, facility and call DELETED

WRPZ KY Paris: station license has been revoked by the FCC, had been silent for more than a year, facility and call DELETED

1500 WDPG GA Dallas: silent station is back ON THE AIR
 1510 KM00 TX Mineola: silent station is back ON THE AIR
 1520 WQMA MS Marks: station is SILENT
 KYND TX Cypress: new station is ON THE AIR with REL format

1530 KCTT AR Yellville: in response to a request by the CPC Machine for a DX Test from this station, GM Monty Davenport replied that "we broadcast on FM only" so this AM must be SILENT

1580 KLVU LA Haynesville: silent station is back ON THE AIR
 1590 WABV SC Abbeville: station is SILENT

FCC ACTIONS

The Commission, in revoking the license of WRPZ-1440 (as noted above in the Otherness column) has stated that all stations remaining silent for 12 months or more are subject to license revocation. While mitigating circumstances are usually taken into consideration before revocation takes place, there are a number of stations silent for much longer than a year which may now be in jeopardy of cancellation. The Commission evidently intends to begin a more strict enforcement of its licensing policies. You may expect to see more of the long-standing silent stations being revoked in the future.

THANKS

To the following for their contributions to Otherness this issue: DAVE SCHMIDT, JOHN BOWKER, TOM SANDERS, PETE TAYLOR, WAYNE HEINEN and M STREET JOURNAL!

73 and Good DX, *Jerry & BKF* Jerry Starr & Buffalo K. Foonman

PS: It was a real pleasure to meet many of you at the Pittsburgh Convention. Buffalo apologizes since she wasn't able to make it this year, maybe in 1991!

Contests

George Sherman
 104 Pinewood Circle
 Apple Valley, MN 55124

Promotion of the DX hobby through competitive listening.

While earning points for relogs, you'll hear lots of stations you thought were impossible to hear from your location. Boost your totals - enter the contests!

Yes, there is more than one contest this season! The contest of last season has some changes, plus there are new, shorter contests - something for everyone!

CONTEST #1 rules: A: Log up to 5 stations from each US state, province & territory of Canada, plus DC. First from each worth 2 points; 2nd, 4 points; 3rd, 6 points; 4th, 8 points; 5th, 10 points. May be backdated (to 10/1/1990) for late joiners. Deadline for joining is 11/25 postmark. B: Bonus points: 3 for regional, 10 for graveyarder, only for state and province loggings (including unlimited graveyarders). State & providence loggings may be changed to increase regional & graveyard bonus points.

C: Handicap points: Total all state & province loggings, including bonus points, THEN multiply as follows: If you're in Pacific Time Zone, 1.6; Mountain, 1.1; Central, 1.0; Eastern, 1.2; Exceptions AL/LA/MS/TX, 1.4; FL, 1.6; AK, 1.8; HI, 2.0; New England, 1.3; NE/NF/NS/PET, 1.6; YT/NWT, 1.7; outside USA & Canada, 3.0

CONTEST #2 Most Likely Stations (guess what you'll hear contest). Send list by 9/30 of 25 stations on the air but unheard by you. Each heard counts 25 points, & late joiners may log Most Likely stations starting one day after postmark. Loggings new for you, and not on your Most Likely list count 5 points.

CONTEST #3 Tests heard contest: log the most testers: CPC/DX tests, frequency checks, & others such as maintenance, repairs, adjustments, etc. Each logging of test worth ten pts plus 15 more pts if reported to DDXD with some details, if possible.

CONTEST #1A If you hear for contest #1 5 graveyarders from any state or province, you may continue to log for 10 pts each as many more as you can hear. Your total # of graveyarders will be listed for contest #1, & this can be a separate contest (#1A) if you send only graveyard loggings.

CONTEST DATES: All of above October 1 to March 31. Also for contest #4 & contest #7

RULES FOR ALL: Loggings within 25 miles of home will count. Must be 530-1610 KHZ range. Call changes don't count; frequency changes do IF station moves to a frequency not used in that area within the last year. Please indicate time zone you're in &/or using.

CONTEST #4 First contestant to report (& hear) a station coming on air for first time from 9/1 to 3/31 gets 50 pts, 2nd contestant, 25 pts. First contestant to report & hear a station returning to air after silence of 3+ months gets 10 points.

CONTEST #5 Log as many stations as you can from 10/1 to 10/7, report by 11/15 postmark

CONTEST #6 Log every frequency contest, up to 3 on each, 10/1-10/31 report by 11/15

CONTEST #7 Low power contest: Many former daytimers on clears & regionals have been given low night powers. Some use it, some don't - lets find out! Loggings for this contest must be over 2 hours after station sunset & over 2 hours before station sunrise. NRC Log will be considered power authority. Score as follows: One to nine watts, 25pts; 10-19W, 20 pts; 20-49W, 15pts; 50-99W, 10pts; 100-249W, 5pts.

CONTEST #8 "Letterama" (60s rerun). Log stns that have different 2nd letter from A-Z: KAAY, CEF, WCBS, etc. You can't proceed to 2nd tier (KABC, WBBM, etc) till you've gone through entire alphabet. 1st tier 2pts each; 2nd 4pts each, etc. 10/1-3/31. Unlimited tiers.

PLEASE NOTE: all logs must have calls, frequency, location, date, time. Enter as many contests as you want, logs can be used for all & I'll list contests grand total points.

IDEAS WANTED for future contests. Thanks for your interest. 73 & good DX!

REPORT BY 11/15 postmark your contest logs for 10/1-11/10.

MEDIUM WAVE ramblings

■ Since the deadline for last Issue's column was three days earlier than normal (notice was given!), several letters didn't make it in time for Issue 29. But all Specials, unIDs, etc. appear from those letters in this Issue. The 30-day deadline will be strictly enforced beginning with Volume 58 Issue 1! Don't delay getting your loggings in on time.

■ Next issue will begin Volume 58 for **DX News**. For the benefit of our newer members, and to jog the memories of our veteran reporters, here are the few groundrules we have for reporting your loggings to this column. Rule number **ONE**, the data must be no older than 30 days by my deadline, always one week prior to the Topeka deadline which is published regularly. **TWO**, divide your loggings into the time and other divisions seen here, and keep them in order. First by frequency, then by state/province, then city. Include Date and Time. Loggings missing either will not be printed. Use Eastern Time (Standard or Daylight, whichever is in effect) as the criterion. **Do not report in GMT/UTC/whatever.** **THREE**, since we are a medium-wave club, we don't normally think in terms of most Ham/SWL abbreviations, so please limit yours to the few we have below. **FOUR**, type or print neatly on ONE side of the paper. If I can't read your writing after making an honest attempt, I will not enter the logging(s) into the column. **FIVE**. This column is for loggings of members who are DXing in the Atlantic, Eastern and Central Time Zones (and points east). Of course, anyone can contribute help for unIDs which have appeared here. **SIX**. Remember, this column is for real DX. Bandscans and other stuff go elsewhere. **Seven**. Observe all rules. Rules two and four are for my

convenience. When we get into the big Winter editions, I frankly am bogged down by loggings, and don't need the extra work of wading through reports that are formatted other than what I can enter directly into my word processor. My thanks to everyone who follows all these guidelines. Remember the new time divisions. Good DX!!

■ On the Graveyard front...don't forget to send in your Graveyard Frequency Totals for the forthcoming "Grand Totals" column. See issue 26's DDXD-E for details on this. And...I've scanned all issues through 29 and a GY update appears after the reporter recognition section this issue.

■ Welcome aboard to new reporter **David Evans** of Brossard, Quebec who checks in with an interesting logging of CHIX, on both 980 and 990 in preparation of their frequency switch. Plus a couple of other of Stereo notes. See Special.

■ If you were wondering what the name for CHOG-640's format is, wonder no more. It is called "Rock 40", a rock-oriented CHR format, taking most of it's playlist from **Billboard's Radio & Records' Rock Singles Charts** instead of Pop Singles. This per **Eric Bueneman**.

■ Time is getting short for your contribution for the "My Greatest MW DX Catch of Alltime" column coming in November. Remember, this is a 'one-timer' and due here by October 15th. I've gotten several at this writing, and all are excellent loggings. Don't be left out!!

■ Ordered your new new **NRC AM Radio** Log yet? DXing is a lot more fun and reporting is more accurate when you've got a current Log in your DX den. I've got mine!!

- WOGL PA PHILADELPHIA** - 8/15 1623 noted with these calls, w/OLD mx, "Oldies 1210" slogan, high-profile DJs, mention of FM simulcast during morning drive; ex: **68-year-old WCAU (BN-NJ)**
- WOGL PA PHILADELPHIA** - 8/15 2037 with **Phillies-Giants** BB; 1st day with new CLs as BB announcers were lamenting the end of WCAU and listing names of personalities who had been canned; said despite format change to OLD, **Phillies would stay on 1210**; legal ID @ 2102; "The greatest oldies of all time together on AM & FM. Oldies-1210 and Oldies-98.1, WOGL Philadelphia (REH-ON)"
- WOGL PA PHILADELPHIA** - 8/21 0600 legal ID: "WOGL & WOGL-FM Philadelphia"; now OLD # FM; according to reports on **Compuserve**, this change occurred earlier this week; still carrying WCAU's sports coverage (DS-WI)
- WOGL PA PHILADELPHIA** - 8/16 0402 good with fair \$ over WCMQ, with OLD, "Oldies 98 WOGL" slogans; some dayparts are separate from WOGL-FM 98.1 with "Oldies 1210" slogans, and are still the flagship station for the **Phillies** net; ex:WCAU/newstalk (EB-GA)
- WOGL PA PHILADELPHIA** - 8/30 0655-0705 noted with these CLs carrying WOGL-FM programming (HX-MD)
- WOGL PA PHILADELPHIA** - 9/3 0838 with "Oldies 98" ID (PC-UA)
- 1280 CJMS PQ MONTREAL** - stereo lights have been out here for two months (DE-PQ)
- 1330 WOL2 MI FLINT** - as of 8/20 station is SILENT indefinitely; dropped Z-Rock due to offensive content; current owners bought the old WIRX at auction in May '89, changed CLs and switched from full-serve MOR to Z-Rock, and hope to return with a new format, possibly some simulcasting of FM, soon (TS-MI)
- 1350 KMAN KS MANHATTAN** - adds "The Larry King Show" per pgm (DP-HI)
- 1400 CBOD ON MAYNOOTH** - 7/26 noted on caradio while passing thru Maynooth simulcasting with the new **CBOD-FM 89.3**; the AM (a 40 watt LPRT) is scheduled to go silent within the next few months (MS-ON)
- 1410 WSKN AL PRATTVILLE** - 8/22 0643 with station mail-in promo to a Montgomery address; call IDd as "Oldies-1410, WSKN; FCC has listed this as WRNB for close to a year but I believe these calls were set aside and never used; station has been hrd several times in past year and if WRNB call was never used, it must've lasted only a few weeks (REH-ON)
- 1500 WBFN MS QUITMAN** - 8/22 0235 with SMN C&W; 'legal' ID @ 0300: "98.3 on your FM dial, this is WYKK Quitman Mississippi" - SNN Nx; someone apparently forgot to pull the AM's plug; poor, probably on PSSA power; unn (REH-ON)

1530 **KWUB TX GEORGETOWN-AUSTIN-ROUND ROCK** - is now programming C&W and has dropped its BRN affiliation after only about a month; these guys just don't seem like they know what they want to do; slogan is the original (hi) "Radio Ranch" [Ed.-TX]

1660 **WMAX MI KENTWOOD** - 8/15 0648 with GOS mx; before ID, thought KA2XXB had gotten religion; also noted on 1480 so not drifting; was smack dab on 1660 with no distortion; possibly a mixing spur with their Grand Rapids neighbor WFUR-1570; 1570+(1570-1480)=1660; any other ideas? (REH-DN)

Russ (The Answer Man) Edmunds-WB2BJH/3, 753 Valley Rd., Blue Bell, PA 19422: July is beginning to bring some more openings, and fortunately, I'm able to take a bit more advantage than usual, as I'm doing some training at our conference center, which allows a later start. New logs are underlined. July 12: finally pulled WASH-97.1 Washington, DC way under WOHT New York, NY with promo in DC news at 0702. July 14: 0725 unID over and under WCXY on 103.7, with "Z-Rock" or "C-Rock" and calls sounding like "WMCR" or "WMZR". (Z-Rock is primarily an AM format, if your 103.7 is the case, that would only make the third Z-Rock station on FM [with the other two FMers in TX]-eb). July 15: another unID at 2100 on 90.5 saying "also on 103.9", nothing listed. July 17: band up North and South, WCRH-90.5 Williamsport, MD (calls stand for "Where Christ Reaches Hearts"-rje) with REL and USA Network news, 0650-0700; 0723 WCVT-89.7 Towson, MD finally way under WDVR over and under WDVR with Alternative Rock and promo; WCBC-FM 96.1 Red Lion, PA (part of the WCBC/WLNB AM/FM/TV/SW combo-eb) finally under WLEV with REL and ID at 0730. July 19: band open again North and South, shifting more northerly later; 0740 WCRH and WPKT fighting each other on 90.5; 0745 brought an ID, concert promos and CLA from WMNR-88.1 Monroe, CT also mentioning Connecticut Public Radio; 0755 briefly had an unID SS on 88.7 briefly atop WRSU and others (Sounds like a GY!-eb), no ideas; 0830 WESB-104.3 Baltimore, MD with CHR, ads, and numerous "B-104" slogans and promos; 0843 WRCH-100.5 New Britain, CT with light AC, "Light 100.5" slogan, promo and traffic report, very strong; 0853 WHFM-95.3 Southampton, NY with light AC, ID and weather; 0900 WJMG-FM 92.1 Sag Harbor, NY with "America's Original Oldies Station" slogan (sounded like it was Unistar's Oldies Channel or SMN Pure Gold-eb) with ID mentioning WJMG-1600. July 24: 0700 unID on 88.5 over WFRC with Family Life Radio feed, IDed as "WCII in Spencer", into USA Radio Network News (The Rand McNally Road Atlas lists no Spencer in NY or CT, but lists a Spencerville in MD-eb). Otherness: WAMU-88.5 Washington, DC seems to be running a lot more CWM lately (Actually, it's Bluegrass, one of the roots of CWM. If it was CWM, WAMU would have a difficult time with the Country heavyweights, WMZQ-1390 and WMZQ-FM 98.7-eb). Anybody have net lists for "Family Radio" or "Family Life Network"? Again, I get tired of listening thirty minutes only to find out it's an unneeded station who carries one of these, but I didn't realize it...73s.

Don Trelford, 3 Muirbank Blvd., Scarborough, ON M1C 4R8: I am new to FM DXing, but I thought I would give you a bandscan of the FM received here. This was done over a period of two days (June 12-13, 1990), some early evening, and some done in early morning. Dial is jammed here, as we get Metro Toronto and Buffalo, and some of the big ones spread over several channels! (Underlined stations are locals-eb.) CKLN-88.1 Toronto, ON; WBFO-88.7 Buffalo, NY; WCVF-88.9 Fredonia, NY; CIUT-89.5 Toronto, ON; 90.1 unID Greek; CFRC-90.3 Toronto, ON (new station-eb); 90.7 harmonic from WNED-94.5 Buffalo, NY; WXI-91.5 Rochester, NY; WSEN-FM 92.1 Baldwinsville, NY; WBEE-FM 92.5 Rochester, NY; WBUF-92.9 Buffalo, NY; CHAY-93.1 Barrie, ON; WVSE-93.3 Jamestown, NY; WBLK-93.7 Depew, NY; CBL-FM 94.1 Toronto, ON; WNED-94.5 Buffalo, NY; CKQT-94.9 Oshawa, ON; CKDS-95.3 Hamilton, ON; WPIG-95.7 Olean, NY; WJYE-96.1 Buffalo, NY; CFMX-96.3 Cobourg, ON; WRLT-96.9 Buffalo, NY; CJEU-97.3 Toronto, ON; CHTZ-97.7 St. Catharines, ON; CHFI-98.1 Toronto, ON; WKSE-98.5 Niagara Falls, NY; WRLX-98.9 Rochester, NY; WDCX-99.5 Buffalo, NY; CFEM-99.9 Toronto, ON; WVOR-100.5 Rochester, NY; CHIN-FM 100.7 Toronto, ON; WRM-101.3 Rochester, NY; CFMP-101.5 Peterborough, ON; CFNY-102.1 Brampton, ON; WMJQ-102.5 Buffalo, NY; CKLH-102.9 Hamilton, ON; CFMX-103.1 Cobourg, ON; WUFX-103.3 Buffalo, NY; CIBC-103.5 Orangeville, ON; unlisted CBC on 103.7; WHTT-FM 104.1 Buffalo, NY; CHUM-FM 104.5 Toronto, ON; CKOM-105.1 Peterborough, ON; CFCA-105.3 Kitchener, ON; CHRY-105.5 Toronto, ON; CHRE-105.7 St. Catharines, ON; CKLA-106.1 Guelph, ON; unlisted French station on 106.3; WYRK-106.5 Buffalo, NY; CILQ-107.1 Toronto, ON; WEMW-107.7 Weathersfield Township, NY; CTNG-107.9 Burlington, ON. 73, Don Trelford.

Russ Edmunds-WB2BJH/3, 753 Valley Rd., Blue Bell, PA 19422: Hello again. Decent conditions on August 15-17, probably to make up for two weeks of blech (You said it!-eb)...8/15: finally got more on my WCII-88.5 mystery, with several mentions of 607 area code and of Johnson City, puts it in Spencer, NY, a bit West of Binghamton. It's a frequent visitor on the frequency, under either WAMU or WFRC, whichever's dominant. Also on August 15, WFDU-89.1 Teaneck, NJ-a surprise atop WVFM with Alternative Rock and promos at 0718; 0729 WGRG-91.3 Lewisburg, PA with REL and ID; 0719 on August 16 WJTL-90.3 Lancaster, PA with REL and ID; 0645-0700 88.7 with Family Life Radio feed, turned out to be the translator at York, PA for WRKN-106.9. 8/19 0900 WESH-91.1 Fairfield, CT with promo for it's "award-winning CLA music programming" and ID under WHYV sloop and WPMU news during a let-up of both. The unID CLA music station on 8/16 at 0720-0755 was finally IDed on August 23 at 0701 as WKTV-91.1 Dover Township, NJ, with "WKTV, FM 91.1, community-supported classical radio August 26; 0925 on 88.3, a syndicated REL program way under WBGO, simulcasting several locals which are normally NPR on weekdays, but it disappeared again. Conditions back to poor through August 31. 73.

(The following reports for FMDX were received between August 23 and September 7, 1990-eb)

Joseph Fela, 150 Robert Place, South Plainfield, NJ 07080: (I would like to apologize to Joe for misplacing his report, as he filed a one-page complaint to this column-eb.) Greetings. It's no mystery that there has been little support for this column during April and May. (In 1991, there will not be an April or May FMDX, as mentioned earlier in the column. From 1991 onwards, FMDX will only be presented from June through September-eb). Let's get in sync with the FM DX! (In reply to the necessity of the "-FM" suffix to those stations on FM with known AM, TV or SW outlets bearing the same calls, it is necessary because the NRC is primarily an AM club. The suffix is not necessary in the WFDFA, but it is necessary in the NRC because of it's status as an AM club. For instance, most NRCers would associate the KVOO calls [Tulsa, OK] as being on 1170, thus the station on 98.5 in Tulsa is KVOO-FM, because most NRCers wouldn't associate KVOO as being on 98.5. So, for FMDX, the "-FM" suffix is required if an FM station has a known AM, TV or SW affiliate. NO EXCEPTIONS EVER!!!!!!-eb) Recent DX has been good. If you want K-calls on the East Coast, this is the band to DX. (Depends on location-eb). All times ELT, May 26 tropics: 1730 WOUR-96.9 Utica, NY with calls and "The Rock of Central NY" slogans. (Fela, continued): Also, I think that listing the "basic" call is all that's needed. Adding an "-FM" suffix seems unnecessary, especially when one isn't always aware of the calls on the AM side. (I strongly disagree on that, Joe. Most NRCers are AM DXers as well as FM DXers, see above-eb) 73's until next time.

Walt Breville, P.O. Box 13008, St. Louis, MO 63119: These are FM's I have heard from my country cabin near Wright City, MO. (For you mapheads, Wright City is about 50 miles west of St. Louis, in eastern Warren County-eb) Equipment there is a Harmon-Karden TU-920 tuner fed from a Radio Shack 6-element antenna in the second story loft, hand-rotated on boxes. I quit using outdoor antennae as wind-driven tree branches take them down in short order. On August 24 at 0100, I finally hit a decent trop opening when three stations from Macomb, IL (Frank Merrill Tom-wb) were in better than usual from this 120-mile distant check point. WJEO-102.7 (ex-103.1-eb) rocking in Stereo, saying they are on the "Westwood 1" network (Maybe Scott Shannon's "Pirate Radio USA". Speaking of WJEO, former KCFV-89.5 personality Dan Hornick once worked there when they were on 103.1-eb), WKAI-100.1 with up-tempo CWM, at 2106 WIUM-FM 91.3 (TV affiliate on UHF Channel 22-eb) asking for reception reports! Then, I started digging into the Chicago area opening, starting with famed album rocker WXRT-93.1, at 2120 WLIT-93.9 "Lite FM", WFYR-103.5 playing "40 minutes of love songs" (have seen commercials for WXRT, WLIT and WFYR over WGN-TV-eb). 2130-40 caught WYLL-106.7, then WMMK-104.3 with OLD and "Majic 104" slogan, WSPY-107.1 Plano, IL. 2200 CLT brought WGCI-FM "Club 107.5" with UC and a local-like signal, WYSY-FM 107.9 "Y-108" Aurora, IL. 2230-2300 brought WJMK-99.3 LaSalle, IL (FM side of WLPO-1220-eb), WCKG-105.9 Elmwood Park, IL. I've seen other openings from Chi-Town over the past 20 years of off and on FM DXing from St. Louis, but this was the best one yet, probably could have had more if I didn't spend so much time trying for Milwaukee stations, not a peep from any of them was heard. (I one-upped you on that during Hurricane Elena in 1985, hearing WMBI-FM 90.1, WXRT-93.1, WRXR (now WNIA)-95.5, WFMT-98.7, WMMX-FM (now WVAZ) 102.7, and WCKG-105.9 from Chicagoland, plus WJLM-102.1 from Milwaukee while living in Hazelwood, MO-eb) 73, Walt.

William C. Moser, P.O. Box 6, Lake Preston, SD 57249: The FM DX season in Dakota Territory began with spectacular E-Skip in May, and ended with spectacular trop the last week in August. In between, little to brag about. Veries in are from WSGY-100.3 Tifton, GA received on May 27; KUIC-95.3 Vacaville, CA received on May 28; WJST-94.5 Port St. Joe/Panama City, FL received on May 31; KIRK-103.7 Lebanon, MO received on July 2; KINI-96.1 St. Francis, SD received on July 18 over local KIXX. The latest report has been sent to WNUI-89.5 DeKalb, IL for reception on August 27. A huge blanket of fog created GIANT trop conditions throughout the day! The newest addition to my log is the brand new KARL-105.1 Tracy, MN, first noted on August 29. Totals now stand at 427 heard in South Dakota in the last four years, and 552 verified since starting FM DXing. Here is the story behind the WJST verie. After IDing them, I called to report my reception. The announcer had me make a tape greeting their listeners from Dakota Territory. After ending our phone conversation, I recorded and reported WJST's playing back my own words! (KPNW-1120 sent one California NRCer a tape, read a prepared script on that tape and returned it to KPNW! So, that was something! Reminds me of the time I called WBT-1110 from Hazelwood, MO!-eb) That was 100% copy! 73s for another season.

Hank Holbrook, 407 Arunde1 Rd., Fair Haven Cliffs, Dunkirk, MD 20754: Receiver used was a Pioneer SX-50 tuner with Winegard CS-6065 single-bay ten-element yagi and Channel Master rotor. August 18 (trop): 0716-0804 WLQE-98.7 Villas, NJ with CWM, "Lucky 99" slogans, plenty of ads, good atop WMZQ-FM most of the time, with WRKS noted when turning rotor. WSBY-98.9 Salisbury, MD (ex-960) with "Y-99, The Oldies Station" slogan, OLD, ads and CBS News, strong signal noted.

Rick Dau, R.R. 2, Box 64, Oakland, IA 51560: July 8 trop: 0005 KBCR-88.5 Sioux Center, IA with sign-off, and mention of Dordt College. July 9 trop: 1330 KFXR-97.5 Rochester, MN with ID and MBS News; 1958 KKMA-99.5 LeMars, IA with AC and "Magic 99.5 KKMA" slogan. July 10 trop: 0023 KGRC-92.9 Hannibal, MO with ID and AC. August 26 trop: 1301 KLQL-101.1 Luverne, MN with "K-101" slogan during Minnesota Vikings FB. August 28 trop: 2335 KIDA-92.9 Ida Grove, IA with ID during Kansas City Royals baseball.

Morris Sorensen, 777 Sammon Ave, Toronto, ON M4C 2E6: Not much to report on the FM this summer. On July 25-26, I was in Barry's Bay, a relatively unpopulated area of SE ON, and heard the following. July 25 ground wave and trop: 1649 CBCD-96.7 Pembroke, ON //CBO-920; 1657 CBCW-98.5 Whitney, ON (160 watts) //CBO-920; 1658 CBOD-89.3 Maynooth, ON //CBL-740; 2041 CFMP-101.5 Peterborough, ON along with traces of other Peterborough FMs, but no IDs. (Aw, drat!-eb) July 26 around 0900 on car radio: CFMX-103.1 Cobourg, ON, CFJB-95.7 "Rock 95" Barrie, ON and CHAY-93.1 Barrie, ON. No DX here in Toronto. I live in a basement apartment, have no outside antenna and get all kinds of images from the Toronto locals, most of which have transmitters on the CN Tower. 73, Morris Sorensen.

Your Outgoing Editor, Woodstock, GA: DX has still been limited to trop from Columbus/Phenix City, Macon, Montgomery, Birmingham, Huntsville/Decatur, and Nashville as of late. On August 19 at 2000 ELT, driving along Jimmy Carter Blvd. in Norcross, I finally got a call and city of license for my mystery "Magic 102" station on 102.1, serving Athens, GA. It is WGMG, licensed to Crawford, GA, E of Athens. Other than that, nothing new in the way of DX.

RAY ARRUDA - 47 BURT STREET - ACUSHNET, MA 02743

Except for a few random FM listening sessions, things have been very quiet here this summer. No BCB DX to speak of as New Englanders are enjoying very tranquil weather in comparison with many other parts of the country. Very glad to see Dave Schmidt back editing a column once again. Sorry to see Chuck Hutton leave his post as IBDX editor. He was one of the most dependable editors the NRC has had. We are/were unable to attend Pittsburgh for the convention because of one reason we'd rather not mention, but is important to us. 1990 has been a good year for veries thanks largely in part to Wayne Heinen's fine CPC operation. Following veries have come in from WFAN-660, WNYC-820, WADN-1120-Test, all v/g. One ppc was received from WEZO-990, and letters from WHTB-1400, WNRX-910, WRSW-1480 Test, CHTN-720, WBIU-1210-Test, WQBQ-1410-Test, WFLW-1390-Test, WVVW-630, WCCR-720-Test, WWMO-830, & WHJM-1180. It's early, but you might want to think about attending our Thanksgiving GTG here in "The Lower Deck" after recuperating from "The Main Event" in Pittsburgh. As always, it's the Saturday after Thanksgiving, November 24th from Noon til ???'. Bob & Patti Stonier, thanks for stopping by while in the neighborhood! 73's

PETE KEMP - KZ1Z - P O BOX 73 - BETHEL, CT 06801

Greetings all. WRNC has changed its format to religion and it's calls to WPJL, We Proclaim Jesus Lord. From the I don't believe it dept., Radio Liberte in Haiti was stolen. That's right! On March 10th, taking 2 transmitters and a 160 foot antenna. The thieves then took the ground radial system, all within 3 hours. Denon has announced plans to market a "Super-Radio", one capable of AM/FM reception, using all modes, e.g.: C-QUAM AM Stereo, FMX Stereo, etc. This is an outgrowth of a program that was begun jointly between the NAB in '87. This SuperRadio isn't expected to hit the streets until '91 and will have a projected price tag of just under \$500. WQAM in Miami is now on a Goldies Format, du wop. WFTL has gone back to its Big Band Format after a disappointing try with News-Talk. Dick Lutsk is the new host of SportsCall Sox Talk Show on WRKO. WCOL has joined the ranks of the du woppers now playing goldies fulltime. Here's one for the Boy Are They Stupid Department: Tim Lennox on WERC in Binghamton, NY was upset because another station employee's car was broken into and her purse was stolen by a black man. Lennox then decided that he would refuse to put on the air anyone who was black. When callers phoned in, he would ask them their race then decide to put them on the air! That station manager was evidently not impressed by this childish act and told Lennox to apologize. He still may be suspended or fired. WGGT Westbrock ME has changed it's calls to WLPZ. Veteran talk show host Ron Hunter recently got the ax from WSMB after his wife committed suicide. He was chastised for letting his wife detail their marital problems on the air during his phone in show. This is a truly sad story. Hunter appeared a few days later on the CBS Morning News explaining what had happened, clarifying a number of points which had been blown out of proportion in the media. I believe he also appeared on A Current Affair. The latest Big Apple "book" shows the top AM's as WINS, WOR, WCBS, WFAN, WABC, WNEW, WSKQ, & WLIB. Barry Gray will be back on the mike at WOR shortly, only he'll be doing the show from the bedroom of his CT home, recuperating from hip surgery. WCNX-1150 has switched format to carry the Sun Radio Network. Steve Kane was given his walking papers at WABC. The morning spot will be taken over by fellow staffers Kathleen Mahoney & Rodger Skibenes. So much for now.

TODD BRANDENBURG - KAOKAN - 9720 NW 31st - SILVER LAKE, KS 66539

Greetings from the land of sunflowers. Not much new for medium wave DX since spring, as I have been chasing E-Skip and tropo openings on the FM band and 144 mhz. The bulk of my time has been putting together a hamfest with the radio club at Washburn Univ., Topeka. Rick Dau came down from Hawk-eyeland last weekend and we both went to KC for the Steve Miller Band concert. He left for home right after we got back to my house (2 AM) to catch what he could of Monday AM silent periods. Hope he caught some new ones. I won't make the convention, classes have a habit of starting in late August around here and by showtim, I'll have enough homework to prohibit a 1000 mile road trip, maybe next year, we'll see. Since I haven't mused for close to a year, a short reintro: I'm 26, single, am taking night classes toward a Computer Science degree. When not chasing DX or the books, I work for the state of KS. 73's.

KEN ONYSCHUK - 13612 WENTWORTH AVE - RIVERDALE, IL 60627

Hello again, note the new address. We moved here 7/10 after a long wait. I'm just 1/2 mile W of Chicago's South Limits. 1200-WOPA is just a few miles N and I can still hear WOWO-1190 at 90 degrees null E. Tonight, 7/20 on a hunch, I was able to get a null on WLS-890, heard a weak UNID'd in the background around 8:15 PM, didn't try for any ID's, not ready for it yet. But using the Select-A-Tenna, I was able to loop WLS and hear talk on 880, ID'd as WMEQ at 8:30 PM, thru storm static. One upper midwest clear I'd like to get is WMIN-1030 despite all the other stations in the area. I enjoy doing the sports tapes for the DX AUDIO SERVICE but have lost some interest in the baseball network department. Back in April, I stopped by a Montgomery Ward store, visiting the Audio-Video department. I was surprised to see the GE Superadio II in stock, in fact they had some 30 available! So next pay check, I decided to check one out for 24 hours, same nice price, \$49.95. I took it and my 10 year old set to a quiet spot in the forest preserve Saturday morning and did a nice AM bandscan. The II is a fine portable to own and I recommend it but I can't afford it now and got my money back. I'll own it eventually. A few changes: WAIT-850 drops oldies for BFL music. WAUR-930 drops CW for oldies. A Sun-Times radio item mentioned that the Mokena, IL office of the SMN was being reduced greatly to cut costs, being consolidated with the Dallas studio/offices. Shut down date is scheduled for 9/15. I talked with some area people and they don't even know where the Mokena offices are! Good DX!

DOUG BEARD - 604 7th ST N - SPRINGVILLE, IA 52336

Greetings from eastern IA, home of the hitherto excellent WMT-600, which now sullenly the airwaves with 2 hours of Rush Limbaugh 2-4 PM weekdays. Yuck! Much happier news is that the owners of KLSS-1010 want to donate the station to the Univ. of Northern IA. The 1010 facility would relay KHKE-89.5. The FCC rules on the AM band expansion look good to me except I wonder how much sunset QRM the 1000 watters are going to receive from stations further west still using their daytime 10000 watts. As I recall, the was the reason the FCC had to boost Class IV night power to 1000 watts years ago. Perhaps on 1610-1700 khz, the day power should be reduced to 1000 watts during critical hours. I discovered last winter that if I carefully null KUSA-550 on my wife's Superadio like Motorola, I can dig out a little audio from KFYR, 550 miles groundwave. Can't do it now that summer is here. Does the appearance of the TIS on 530 in Sault Ste. Marie, ON mean that CKCY-920's move to 540 is dead?

BILL TOWNSHEAD - 4500 CT. AVE NW #901 - WASHINGTON, DC 20008

Greetings from the home of the allegedly drug using & womanizing Mayor Barry! I'm coming to Pittsburgh over Labor Day weekend for the NRC convention when August is done and I may come to ANARCON 90 in VA Beach two weeks later. There was a WADXA GTG on 7/21 at Arlene Luskin's pad in Silver Spring, MD with a record 42 attending, including Greg Monti & yours truly. WADXA is mainly SWL oriented, reflecting the fact that 75% of the DX hobbyists are SWL'ers. In early May, I hiked from DC to Ocean City, MD, 150 miles in 4 days (the annual Bay Bridge walk over the Chesapeake Bay was the second day). I passed thru WAAI-100.9 country, Hurlock, MD on the 3rd day. When I got to Ocean City, local oldies station WETT-1590 was off. The big NYC stations were coming in like locals while coming in fair here in DC. Time for SP,8x8+3x3.

RICK DAU - RR2, BOX 64 - OAKLAND, IA 51560-9630

Greetings again from the Hawkeye State. Not many new stations at this QTH yet this summer but I have logged a few surprises. I knocked off WSWV-1570 on it's monthly frequency check in May and caught WKFR-1360 (ex-WKMI) on it's night pattern in June. I had the pleasure of meeting Skip Dabelstein at his Overland Park, KS location on June 16th. The best part was Skip's playing a tape of distant DX that was caught on a beverage set up at the U. of NE-Lincoln Field Labs near Mead, NE back in the 70's. Made ID & MT sound like locals! Anyway, it was nice seeing Skip again, hadn't talked to him since last years gathering in Topeka. I've also enjoyed recent phone chats with Wayne Heinen, Mike Hawk, George Sherman, Shawn Axelrod, David Reitz, Dave Hascall, and John Malicky. I also talked with ex-NRC'er Paul A. LaFreniere on July 8th. Paul is doing well, although inactive for the last 5 years. August DX highlights, from 2 years back, best catches were WSJP-1130, KBMR-1130, KDJS-1590, WABB-1480, & KGLC-910. From 1 year ago, new catches included KSTR-620, WTAW-1150, WBEL-1380, & KIOX-1270, my 800th logging. Back to the present, I will be hosting a GTG for ALL MW DX'ers (not just NRC'ers) on Saturday, November 3 at the Best Western Canterbury Inn in Coralville, IA (next to Iowa City). More on this in two weeks in DXN. I just received my 2nd tape from the DX Audio Service, and it's great! That's it from "The Farm". 73's.

BEN DANGERFIELD - 202 GOVERNORS DRIVE - WALLINGFORD, PA 19086

It's great news that you've taken over Musings, I'm sure you'll do a splendid job and I hope to make some contributions. (Always glad!-DWS) For starters, here's a little on our June trip to the South Seas. We started Hawaii and stayed in Fiji (two islands), Western Samoa, and Tonga. Also touched down briefly on American Samoa and we wound things back up in Hawaii. My wife and I were travelling with an Elderhostel group, the trip being part recreational and part educational, and I DX'ed with my tiny but sensitive Sony 4910. We had to travel at a maximum of 36 pounds per person as we had to fly on some small planes. On Oahu Island, the situation is mostly local, but at just about any point you can pick up every station in the state, although stations on the big island (Hawaii) are weak. KIPA's two synchronized transmitters on 620 create an interesting flutter. In the July 2nd DX NEWS, I see that KIPO, Pearl City is back on the air with full power. I can't believe they are using 5 kw as I could barely get them atop our hotel in Waikiki, about 10 miles away. The one I heard on 1380 sounded like 50-100 watts and their signal was strong only near the Pearl Harbor area. That was late June. The only good overseas signal I heard from the Honolulu area was 2AP, Apia, Western Samoa, on 540 khz on the evening of June 26th. While spending two nights on the NE coast, I was able to pick up some West Coast signals. So much for Hawaii. In Fiji, most of my listening was done on the Vanua Levu island, the more remote of the two large islands. There are 12 stations in Fiji, broadcasting in Fijian, Hindi, and English, and they can all be picked up at any point, day & night. The only station I could log outside Fiji during the day was Nukualofa-1017, Tonga, several hundred miles away and their antenna is less than 100 feet tall! At night, the signals from Australia and New Zealand are quite strong, especially on the lower/middle parts of the dial. The best Aussies are in Brisbane and Queensland, although I heard Sydney, and the best Zedders are in Auckland and Wellington. In the Pacific area, Tuvalu-621 was good as was Apia, Western Samoa on 540 and 747 and New Caledonia-666. I also heard Raratonga-630. At Apia, Western Samoa the daytime fare is limited to the locals on 540 & 747 and a fair signal from WVUV, American Samoa on 648. There is also an FM station but no TV. At night, there are Aussies & Zedders but weaker than from Fiji, plus Tonga and several Hawaiians. The best Hawaiian by far is KAIM-870, very strong, followed by KIKI-830 & KGU-760. 2AP on both 540 & 747 uses the same new, quite high, tower. 540 broadcasts in Samoan while 747 broadcasts in English. Reception was good at Tonga where around sunrise, there are Aussies & Zedders all over the dial. One morning, I picked up 2KY, Sydney on 1017 before local Nukualofa had signed on. It was a cold morning in Sydney (winter) and they were playing "Baby, It's Cold Outside". There is only one AM local in Tonga, reception from Samoa is good at night, as well as NZ and Australia. This was a fascinating trip in every respect.

HARRY HAYES - 9 HENRY STREET - WILKES-BARRE, PA 18702

Welcome back to you, Dave, it is nice to see you back in the editorship position. Before I do anything else, I must share with everyone some early Sunday AM wisdom expressed by the owner/announcer Mr. Neilsen of local WNAR-730 a few weeks back, and I quote: "WNAR, America's top nostalgia station. If you like what you hear, tell others. If you don't tell us, it won't make any difference in what we play but we like to hear from you anyway". It's nice to know that listener input makes a difference! If anyone is wondering, all the DX is on AM this summer. Except for a few good openings this year, the VHF-FM season was another bummer. I am noticing the slight ripples of some AM stations going after teen audiences again with 1480 in NYC being one example. Another is WJDY-1470 Salisbury, MD with "Jam" and/or "Rap" music. Slogan: "The Station you Hear Everywhere". I am DX'ing with a Superadio and SM2. I also have one of those Superloops which looks somewhat like the SM2 but looks much nicer on a dresser or wherever. It also seems to perform slightly better, the Superloop seems to have deeper nulls on the Superadio than the SM2. One drawback, the Superloop seems to drain a 9 volt battery rather fast. After about 12-14 hours of listening, the battery is about done. Hlite of my DX'ing this past month was a somewhat auroral evening on 7/29. Boston on 1510, which is the normal night dominant here, was gone, replaced by WLAC. Also WDKD-1310 was in all alone on the channel. More details on this and others should be appearing in Mr. Hales' column. It is only because FM DX is so stiko that I'm on AM this early, but really AM CX can be very interesting in July/August. I've experienced Feb.'s, as I'm sure others have, when conditions are not as good as they are in summer. Regretfully, I wasn't able to make Pittsburgh this year, finances this year allow for only one avacation. Hope all had a great time! 73's

ERIC BUENEMAN - 5002 CROSS RIDGE CT.-WOODSTOCK, GA 30188-4380

Sorry that I wasn't able to make Pittsburgh. Much of my DX efforts were focused on bagging KA2XXB-1660 Beltsville, MD, with the closed thing noted was SAH on 1660. WDPC-1500 Dallas, GA is back on the air with a Souther Gospel format. WWXX-1400 Alpharetta ceased operations in Feb.'90 and shows no signs of returning anytime soon. WCNN-680 North Atlanta has adopted CNN's Headline News service on a fulltime basis, the only local programming now being a

sports and traffic segments during drive time. Top 5 AM'ers in Atlanta are WSB, WGST, WAOK, WQXI, And WCNN. WIL-1430 has dropped traditional CW and has gone big bands. WCEO-590 was a no show for the third book in a row, how the mighty have fallen! St Louis' top 5 AM'ers are KMOX, KATZ, WEW, KUSA, & WESL. Atlanta's no shows include all the Christian stations (except WAFS-920) & WFOM-1230 with BRN. As for my on-air activities, WGHR-102.5 is now silent so I am out of radio for now, looking for paid broadcast employment, any takers? 73's & Good DX!

BOB McCOY - 4618 COOPER AVE., #6 - LINCOLN, NE 68506

Well, I've procrastinated so much at Musing that an entire year and several editors have passed. I didn't have the opportunity to make Pittsburgh this year, but that is nothing unusual. The nearness of Topeka and some rare time off was the only reason I went to last years convention. This past years DX for me was heavily influenced by the magnificent work of the CPC machine. The tests came at times when I was at work, so I was usually able to find and excuse to get outside, away from shielding and interference. The only problems were the weather (winter nights here aren't conducive to staying outside long and do not treat batteries well) and the fact that I had to keep some of my attention on possible radio calls or alarms (I work as a security guard). I found that I did log the test from Pisgah Forest, NC while standing in an icy parking lot, yet the timer/tape setup back at home didn't catch the test at all. On the local radio scene, the Lincoln Convention and Visitors' Bureau has finally activated the TIS on 1610 that they have been discussing for several years. It ID's as WNQF, has 2 transmitters about 15 miles apart, operates at a maximum 10 watts and has a 30 foot non directional antenna. The purpose of the station is to provide tourist info. about Lincoln and Lancaster County. The message is recorded on a chip and is changed by telephone. There is a plan to connect this with the NOAA weather broadcast in the event of severe weather. I first realized the station was on the air when I saw the signs on I-80. Since then, I have heard it at home, which is about 10 miles from the nearest transmitter, with some slight interference from KNCY-1600. One night I tried but could only hear Antigua! Mr. Dan Quandt, Director, is a former holder of an FCC 3rd Class Ticket and was very helpful in answering my questions. It is not inconceivable that a correct report with return postage could receive a verification. Address: Lincoln Convention and Visitors' Bureau, 1221 N Street, Suite 320, Lincoln, NE 68508, phone # 800-423-8212, 402-476-7511, Fax 402-476-7552. Well, this has given me something to do this summer besides shortwave and FM E-Skip. The "Program Content" is pretty boring, but not really much behind Talk Radio, such as local KLIN-1400 & Omaha's KFAB-1110. Now I'm looking forward to the new season and contemplating targets to send to the CPC machine with some stamps. Any megawatters in Alaska or Maine? 73's & Good DX!

GERRY BISHOP - 126 DYER ST. - NICEVILLE, FL 32578

Hello once again from the Boggy Bayou. Viewers of the Comedy Channel may be surprised to learn that Niceville, FL is a real, if somewhat quiet, place. And we even have our own radio station back! WFSH-1340 had a transmitter failure on July 12th putting them off the air til this evening (8/5) when tests began about 10:13 PM. While they were off, tales of back taxes and other debts came to fore, along with Chapter 11 reorganization. But the biggest surprise was a WFSH Fundraiser, sponsored by WMMK Destin, FL 92.5. These stations are not affiliated in any way except that some employees worked at Fish Radio and vice-versa. While this is not unique in the annals of radio, it's not the type of cooperation seen everyday. Proceeds from the fundraiser were to go to transmitter repair and payment of the station debts. This is a bright spot in NW FL broadcasting but the bad news has come from Crestview. WCNU-1010 signed off on July 31st for good, after 42 years of service. Owner/manager Jerry Milligan citing mounting debts and the inability to meet the operating costs for August as the reason. WCNU was the first station in Okaloosa, Walton & Santa Rosa Counties (the area between Pensacola and Panama City). WJSB-1050 is Crestviews sole AM now. And, yes, I can remember WAMS while living back in the Wilmington area in the late 60's, a well run, daring rock & roll station!

DAVE SCHMIDT - P O BOX 11502 - WILMINGTON, DE 19850

Sorry for not showing in the last issue, there was short of a mix up in my days/deadline (which I've corrected and marked on the calendar). We still have a number of reports on hand including stuff on the WCAU/WOGL change which really stirred up the bee's when that happened. Locally, WWBZ is now ID'ing as WVSJ, The Voice of South Jersey. Remember, deadlines are Saturday, we type this up on Sunday and it's in the mail Sunday PM/Monday AM. 73's
