National Radio Club's A M Radio Log 16th Edition

The 16th Edition of the "AM Radio Log" is dedicated to Ken Chatterton. As the Chairman of the NRC Board of Directors, Ken has been a driving force in keeping the National Radio Club, "DX NEWS" and the "DX AUDIO SERVICE" on the cutting edge of the AM DX hobby. His many hours of work on behalf of the Board of Directors and running the National Radio Club's Publication Center are one of the main reasons that this publication is still in existence today

Wayne Heinen September 23, 1995

Formerly called the "**National Radio Club Domestic Log.**" The first edition of the **National Radio Club Domestic Log** was published by mimeograph and hand typed stencil in Boston in 1968, with John Callarman providing the typing and the original Boston Publishing Committee the hand labor. The second and third editions were published in Boston as the Boston Publishing Committee changed the method of print for **National Radio Club** publications to commercial offset. There was a "mid-term" edition published by the New Jersey Publishing Committee in 1975, and a new edition of the **National Radio Club Log** in the fall of 1976. The log also underwent another technological change when in 1978 the log information went from 3" x 5" cards to a computerized system. In order for us to keep you abreast of the ever changing AM dial scene the logbook is now published annually, just prior to the start of the Fall listening season.

The roots of the **National Radio Club Log**, though, date back to the 1930's when RADEX magazine published a log, and the 40's and 50's when the Newark News Radio Club BCB editor Carroll Weyrich produced an annual medium wave log.

The accuracy of an endeavor like the **National Radio Club AM LOG** cannot be guaranteed, primarily because changes occur daily in the vast amounts of information contained in this publication. Network, format, schedule, and address information is very volatile and since there are no central sources to which all this information must be reported, it requires close monitoring by many people to keep this information up to date. Information from the FCC and from the stations themselves, as well as from you the user of this log help to keep the information current and accurate.

The **National Radio Club** publishes "**DX NEWS**" 32 time a year. By subscribing to "**DX NEWS**" magazine, you will receive important AM station changes within 3 weeks after we first hear of it.

The **National Radio Club** is a non-profit organization beginning our 63rd year, run by radio enthusiasts for radio enthusiasts. The people who publish the **National Radio Club AM RADIO LOG**, **DX NEWS** magazine and **DX AUDIO SERVICE**, some with many years of background in the professional broadcasting field, are as interested as you are in the need for accurate and fast information. We hope you will consider joining us as we explore the ever changing world of AM broadcasting and distant reception.

This edition has received numerous updates by many **National Radio Club** members and other interested AM radio hobbyists. Special thanks go to **Jerry Starr** for an exhaustive effort to correct many errors to the FCC data which appears in the log. Jerry's work on this addition assures you of the most up to date power and antenna information available anywhere. For our Canadian data a special thanks to **Shawn Axlerod** for the CRTC information. Jerry and Shawn were by no means the only participants in

this Club effort to continue to bring you the best and most accurate log. Also **John D. & Linda Bowker** who proofed, corrected and updated numerous address and phone entries in the 16th edition.

It is of great importance to the users of this Log to pass changes to us as they occur. The accuracy of the AM Radio Log's next edition will be from the input of purchasers that helps us keep this publication data base maintained. Your input to the next addition can come to us by mail or by Internet Email:

 NOS USA/SMN NSP "Easy 540"

The call letters of the station, or an indication that it is an American Forces Radio Service (AFRN), American Fores Caribbean Network (AFCN), or a Voice of America (VOA) station. Calls of stations that have not previously operated on a given frequency end with a #. W# C# K# indicate New Not on Air stations with no assigned call letters. (Line 1 Position 1)

City of License is shown or in certain cases, cities of authorized station identification, in the case of two cities located, the primary city is listed first. (Line 1 Position 2)

The postal abbreviations for the state or province is shown. (Line 1 Position 3)

Time Zone (Line 1 Position 4)
 A= Atlantic (E +1) or Alaskan (E -5)
 N= Newfoundland (E +1 1/2)
 E= Eastern
 C= Central (E -1)
 M= Mountain (E -2)
 P= Pacific (E -3)
 H= Hawaiian (E -5)
 (+1)= Does not observe Daylight time

Antenna (Line 1 Position 5)

The symbols and their meanings follow:

- D1** Day time (sunrise to sunset) operation only, nondirectional antenna.
- D3** Day time operation only, directional antenna, same pattern at all times.
- D4** Day time operation only, directional during Critical Hours (CH) (sunrise to two hours after sunrise and two hours before sunset to sunset) only.
- D5** Day time operation only, directional during non-critical hours, non-directional

- during critical hours.
- D6** Day time operation only, different patterns during critical hours and non-critical hours.
 - L1** Limited time operation (usually based upon sunrise or sunset at the dominant station's location on a clear channel), non-directional.
 - L3** Limited time operation, directional antenna.
 - N1** Night time (sunset to sunrise) operation only, non-directional.
 - N2** Night time (sunset to sunrise) operation only, directional.
 - SH** Specified hours, as directed by the station license. Numbers showing pattern correspond to numbers under "U" category. Specified hour stations are those who would normally be unlimited but because of financial or other considerations, have petitioned for a waiver of the minimum schedule of 0600-2200 local time.
 - ST** Shared time operation; broadcasting time shared with a second station on the same channel (or in one case, three station share time). Numbers same as under "U" category.
 - U1** Unlimited time operation, with non-directional antenna.
 - U2** Unlimited time operation. directional at night (sunset to sunrise) only.
 - U3** Unlimited time operation, directional all hours, same pattern day and night.
 - U4** Unlimited time operation, directional, different patterns day and night.
 - U5** Unlimited time operation, directional day, non-directional night.
 - U6** Unlimited time operation, directional night and critical hours, same pattern.
 - U7** Unlimited time operation, directional all hours, but three different patterns (day, night and critical hours).
 - U8** Unlimited time operation, directional critical hours and night(different patterns), non-directional day.
 - U9** Unlimited time operation, directional non-critical day hours and nights (different patterns) but non-directional during critical hours.
 - U10** Non-Directional Day, Directional; Critical Hours, Non-Directional Nights

Day time power in watts (sunrise to sunrise) power, as authorized by the FCC or CRTC. (Line 1 Position 6)

Night time power in watts (sunset to sunrise)power, as authorized by the FCC or CRTC. (Line 1 Position 7)

(Line 1 Position 8)

This column shows powers used in certain special hour categories-Pre-sunrise authority (psra); Post-sunset authority (pssa); Critical Hours (CH); and Canadian Restricted (CR). PSRA powers are used from 0600 local time to sunrise time specified in the license when that sunrise time is later than 0600, with daytime antenna facilities, (On certain clear channels including Canadian clear channels, the PSRA time begins at sunrise of a dominant station located east of the PSRA station.) Some PSRA powers are authorized but not used. Critical Hours are sunrise to two hours after sunrise and two hours before sunset or sunset. Canadian Restricted Powers are used during critical hours. Whenever possible we have listed stations that use their PSSA here.

Application and Construction Permit Codes
Line One (Position 9)

AP=Application the station has applied to the FCC or CRTC for a change to an on-the air station (AP U1 1000/1000). This is the first step in the process, if the FCC agrees, then they will be issued a Construction Permit.

CP= Construction Permit (CP U1 1000/1000) Application was granted and the construction permit issued

New Not on Air; station has been granted permission to operate by the FCC or CRTC but is not yet on the air.

Station Application; An application has been made to the FCC or CRTC to put applied to put a station on the air. Many of these applications are never approved. Next step, if granted to operate, is "New Not on Air".

FROM: station has applied for (AP FROM 700) or has been granted a Construction Permit (CP FROM 700) on this frequency, however it is still currently operating under the frequency listed to the right of the from. The call will end with a # sign.

TO: To another frequency; the station currently operates on this frequency and has either applied for the other frequency (AP TO 700) or has been granted a CP by the FCC for the other frequency (CP TO 700).

The station's mailing address. When a post office box and a studio address are both known they will be shown. (Line 2 Position 1)

Zip or Postal Code (Line 2 Position 2)

The station's daytime office phone is listed. (Line 2 Position 3)

Formats (Line 3 Position 1)

This simplified version should cover most adequately. Every station will use its own version and/or exceptions to any format so all are general at best. Even opinions will differ on the same songs. Please note that only these abbreviation meanings will apply when used with any National Radio Club publication or product.

AC	Adult Contemporary current hits
AC/EZL	Light Adult contemporary
AOR	Album Oriented Rock. Current and Classic Album cuts
BIZ	Business Format
C&W	Country & Western
CHR	Top 40 Rock
CLA	Classical Music
CWM	Country & Western with less "twang"
EDU	Educational Programming
EE	English Programming
ETH	Programming directed at various Ethnic groups
EZL	Also called "Middle of the Road"
FF	French Programming
FLK	Folk
GOS	Gospel
JAZ	Jazz Programming
JJ	Japanesse Programming
KID	All kids programming

NAGE New Age music some current jazz and folk
NOS Nostalgia Music of the 30's 40's, Big bands "standards"
NWS News
OLD Oldies (Anything pertaining to Older Rock Music)
PP Portuguese Programming
PoI Polish Programming
REL Religious Programming

Note: Many network stations do their own newscasts, using only voice cuts from the audio services or the networks. Some will pick up the network commercials and integrate them into their own broadcasts without using network newscasts. Many stations carry specific services from a network. Many stations listed with A for ABC may only carry Paul Harvey.

Hours of Operation (Line 3 Position 4)

Listed in 24 hour format. Hours in () are Sunday or days specified.

24 hr All night operation SP unknown

24 hr M0000-0555 Indicates Monday Morning silent period

NSP No Silent Period

Silent Station was off the air at press time.

LSR Local Sunrise

LSS Local Sunset

Relay stations and slogans (Line 3 Position 5)

r/CBK 540 indicates the station relays CBK which operates on 540khz

//FM indicates the station relays its FM station, and the FM station may or may not have the same call letters as the AM station.

Some stations use a slogan instead of their call signs to identify themselves to their listening public.

SX Synch Xmtr Operates a synchronous transmitter on the same frequency in the location shown.

STA is a Special Operating Authority. The FCC under certain situations will allow a station to operate with facilities other than those show on their license. These include things such as lower power non directional operation in the event of a tower being destroyed.
