Nov. 15, 1961

Mr. David F. Gleason
2520 Wellington Rd.
Cleveland Heights 18
Ohio

Dear Mr. Gleason:

Please excuse the extensive delay in verifying your reception of KPOL. We have been and still are in construction of new 50,000 watt AM facilities and 100,000 watt FM facilities.

During the time of your reception of KPOL, we were operating with 10,000 watts of power and Directional Antenna system.

KPOL operates with 50,000 watts of power daytime only.

Thank you for your reception report and best of DX to you.

Sincerely yours,

Con Spranger, Ch. Engr.

DIAL 960

January 29, 1960

Mr. David F. Gleason
2520 Wellington Road
Cleveland Heights 18, Ohio

Dear Mr. Gleason:

KABL Music is pleased to verify your report of reception on January 22nd beginning at 3:47 AM.

It may be of interest to you that KABL Music received authorization and began using the present call letters on May 11, 1959. In conjunction with the change in call letters, there was a rejuvenation of programming, resulting in "GOOD MUSIC" for an ever-increasing audience, which we are glad includes you.

Our transmitter is a one-kilowatt Collins Model 20 T, operating into a single tower non-directional antenna. The transmitter site is on a small island at the west (Oakland) end of the "Bay Bridge". The studios are located in central Oakland at 464 19th Street and are functioning 24 hours each day.

If in the future you are visiting Oakland, feel welcome to view the studio facilities that comprise KABL Music, THE MEASURE OF QUALITY MUSIC.

Musically yours,

Howard Immekus
Chief Engineer

KDON IS THE ONLY STATION COVERING THE ENTIRE CENTRAL COAST COUNTIES/ 350,000 BUYERS

FACTS TO CONSIDER:

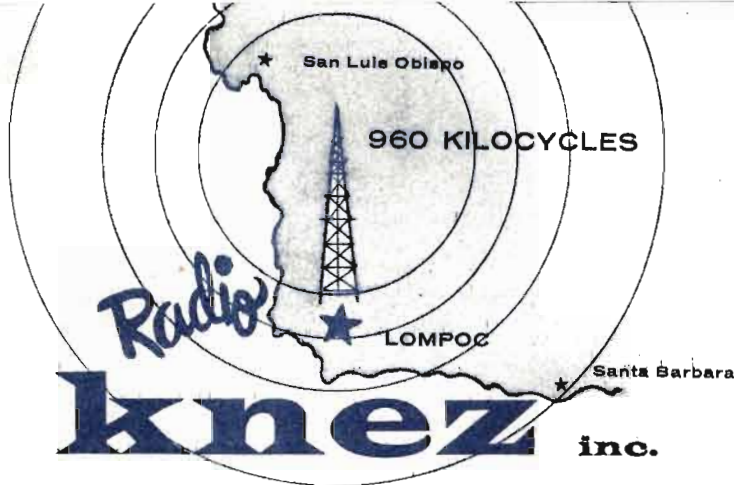

- *1. ONLY KDON has been a part of the Monterey Bay Area and Salinas Valley for 25 years.
- 2. ONLY KDON covers the entire Monterey Bay Area with a 25 MV/M signal.
- 3. ONLY KDON covers the entire Central Coast Counties of California within its .5MV/M signal. (Population, 350,000 Buyers).
- 4. ONLY KDON consistently carries local advertising from all four principal cities.
- 5. ONLY KDON consistently leads in local, regional, and national accounts.
- *6. ONLY KDON leads in size in audience year after year.

As in the same sense the Spanish Dons pioneered the great Salinas Valley and Monterey Bay Area, our call letters signify that K-DON also was a pioneer in developing the area's first broadcasting station over a quarter of a century ago.

Dear Mr. Gleason:

This is a verification of your reception report
from 2:23^{EST} to 2:30.30 dated Sept 11-61

We are always happy to hear from our distant
listeners and we hope you enjoy the programming
on KYOS.

A word about our **equipment**...mostly of RCA manu-
facture. Our transmitter is a BTH-5F, located six
miles North of Merced, and is remotely controlled
from our main studio in downtown Merced. Three
240 ft. towers bring our nighttime directional
pattern to a minimum toward the Northeast.

KYOS starts each weekday's broadcast at 5:00 a.m.,
5:30 a.m. on Sunday. Sign-Off time is 2:00 a.m.
throughout the week.

Again we thank you for your fine report and we
welcome your future comments when atmospheric
conditions cooperate to bring our signal to you.

Sincerely,

RADIO STATION KYOS

This letter is a confirmation of your listener report of February 18. We thank you for your report and confirm its correctness. We will make further tests later on in the year and we will try to inform you of the date in advance so you will be able to tune in. We shall use the National Radio Club of Buffalo as the means of communication.

With best personal regards,

Harold O. Torosian, K6OGX
Chief Engineer KXEX

A RADIOGRAM FROM STAN WOODLAND

December 3, 1960

David F. Gleason
2520 Wellington Road
Cleveland Heights 18, Ohio

Dear Sir:

This to acknowledge your letters of September 6, 1960, and October 8, 1960. I am sorry that we have waited so long to answer, but in the rush of getting our station on the air many things were delayed.

This is to confirm your reception of our signal at 3:02 A.M., EST on September 5, 1960. At that time we were broadcasting experimentally. We began programming officially on September 9 as a daytimer broadcasting on 930 kilocycles at 500 watts of power.

Yours was like a letter from home because several winters ago I lived for a short time at Cleveland Heights. I still get cold chills when I think about the snow and the cold wind off the lake. However, I did enjoy living in Cleveland mery much.

Thank you for your interest.

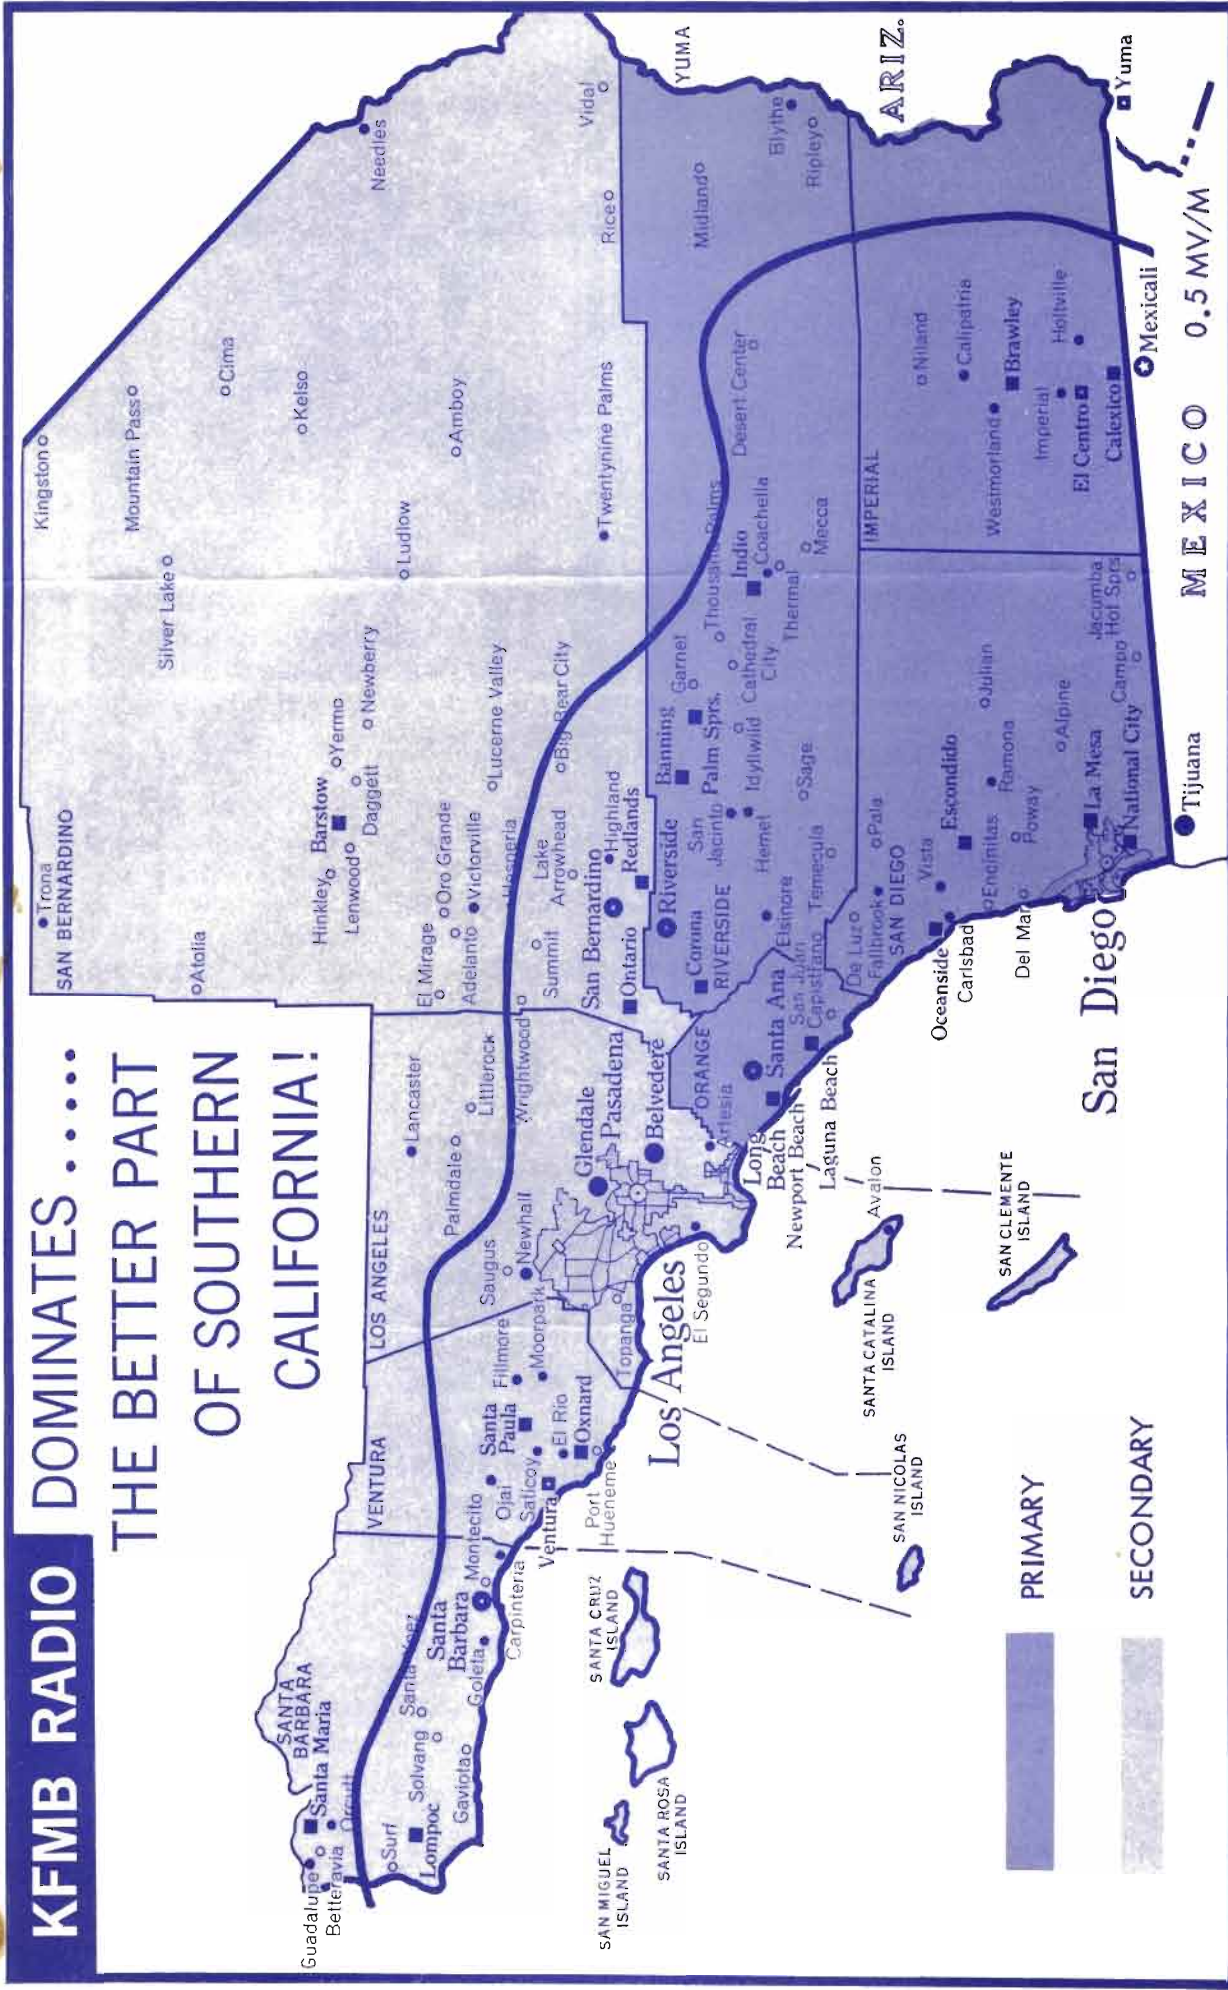

Sincerely,

Stan Woodland

CENTRAL CALIFORNIA'S MOST POWERFUL INDEPENDENT
February 23, 1961

Mr. David Gleason
2520 Wellington Rd.
Cleveland Heights 18, Ohio

Dear Dave,

Just received your letter of February 16, 1961 pertaining to your reception of our station of February 16, at 12:15 A.M. P.S.T. .

I'm pleased to be able to confirm your reception. At that time we had just concluded our normal broadcasting (12 midnight) and we were beginning our maintenance period.

You asked if we had received any other DX letters from the Cleveland area? Yes. I received a letter from Edward Krejny 12904 Ferris AVE. Cleveland 5, Ohio. His reception was at 146 A.M. P.S.T on February 6.

In the last month I have had a rash of letters. The first from Glider Idaho, then New Plymouth, New Zealand, and Mr. Krejny and yours.

We are 1,000 Watts, located in the San Joaquin Valley 30 miles southwest of Fresno. Between Fresno and Bakersfield. Hanford is in the center of California. We are a regional clear station, with KGW Portland, Ore. and KTAR Phoenix, Ariz. the only other western Stations on 620kc. By the way both KGW and KTAR are 5,000 watters

Thank you for your letter, and enclosed please find a copy of our coverage map.

Sincerely yours,

Bob
